

## Remarriage Never And Go Away Chapter 1101

### Chapter 1101 I'm Not Joking

Gloria was dumbfounded after hearing those words.

She froze with shock.

She never thought that Jordy would say such words in such a gentle tone.

“Are you crazy?”

Gloria paused for a long while before saying this.

Jordy gazed at her with a serious look and said in a deep voice, “I’m not joking.”

Gloria was speechless.

She didn’t want to look at him, so she turned her head and then said slowly, “Jordy, we are not right for each other. Our marriage was a mistake. We should put an end to this. Divorce is good for both of

us.”

Jordy didn’t respond, and he still grabbed Gloria’s wrist. Gloria failed to shake his hand off. She paused and looked at him with a frown. Her voice seemed to be tinged with impatience, “I was crazy about you, but you didn’t take a look at me. You hated me so much, and you always hurt me with

what

you said. Jordy, what makes you think I should get back together with you?”

Jordy froze slightly, and the coldness in his eyes seemed to disappear gradually after he heard her

words.

Gloria said with a sneer, as if she had found an outlet for her grievance, “For me, you and Jonathan are the same. Both of you want to use me. You wanted to be with me, just because you wanted to use me. But Jordy, you don’t need to do that. I will cooperate with you for grandma’s sake. I know working with you will do me no harm.’

Gloria’s voice was a little louder, and she sounded upset.

Jordy frowned in an instant, “Do you know what you are talking about?”

His voice was cold and his eyes on Gloria were like an ice blade.

Gloria sneered again, "I'm really a fool. I thought that you might really like me since you tried so hard to get back together with me. However, you wanted to remarry me after you knew that you would not live long, Jordy, you are really smart about things. You wanted me to be widowed just because you were forced to marry me before and you couldn't marry the woman who saved you, didn't you?"

Jordy's eyes suddenly darkened, and the coldness in his eyes seemed to be endless, "I'm such a person in your eyes?"

"You want me to believe that you can live long and that you really love me and want to take care of

me the rest of your life?" Gloria showed an ironic smile. Jordy pursed his lips in silence, and Gloria sneered again, "I won't be that childish and foolish."

The blue veins on Jordy's forehead twitched again, but instead of raising his hand to stroke them, he grabbed Gloria's wrist harder and pulled her into his arms.

The next moment, he directly put his other arm around her slim waist. They were closer but Gloria looked sullen.

"Let go of me! Jordy, let go of me!"

While speaking, she suddenly raised her foot and stepped on Jordy's foot! She was upset that she couldn't do that with her high heels. She changed her shoes when she came in.

But...

## **Chapter 1102 Eavesdrop**

Jordy knew that she was going to do that, so he dodged. Gloria missed the target.

"Let go of me!" Gloria was really angry. She looked coldly at Jordy in front of her. If Jordy looked at her carefully, he could even see the irony in her eyes.

If it were before, Gloria might think twice before she did that for the sake of his stomach cancer.

But now, she could cure him, so she didn't care!

She made him angry, and so what? He indeed wanted to do those things, didn't he? He hurt her like that, didn't he?

Gloria was on the edge of breaking down at the thought of that! It took her a long time to start a new life, and she made great efforts...

That period of time was really the darkest period of her life.

She had a wonderful life now. Why would she get involved with Jordy and cause herself pain again?

She wasn't out of her mind, was she?

She could live a happy life rather than being hurt and bullied by Jordy, couldn't she?

"Gloria, you are still in love with me. You should admit that." Jordy's voice was calm. He looked down at Gloria, as if he had seen through everything-

Gloria sneered, "I will love you as I used to only when I'm out of my mind. Jordy, I have told you that if you wanted to use me, you can say it. I will cooperate with you as long as I can, not only for grandma's sake, but also for our White Group's own good. Since you can take the initiative to ask me to remarry you, you can ask me to work with you without hesitation. If you don't want to, you can ask Harold to talk to me about the cooperation. It's okay."

Gloria said those words with anger, but she gradually calmed down as she spoke.

But she didn't know that every word she said pierced into Jordy's heart accurately like sharp knives.

Jordy took a deep breath, and the blue veins on his forehead became more and more obvious. They were twitching slightly.

"Can you let go of me now?" Jordy didn't respond. Gloria got impatient and repeated these words.

After that, Jordy's arm left her waist.

Gloria suddenly breathed a sigh of relief. She didn't know the complicated look in his eyes but turned around and opened the door without even looking at him.

But...

After she opened the door...

"Oh, shoot!"

Gloria was suddenly startled by the voice. She immediately took a few steps back to avoid the man who staggered in!

The moment she opened the door, she saw George sticking his ear in her direction while bending

down.

He was probably eavesdropping on them at the door!

So, he didn't really leave after he closed the door!

Instead, he eavesdropped on them here!

"It's not what you think..." George smiled embarrassedly and raised his hands as if to surrender

and explain.

Gloria looked sullen. She walked out without looking at George or Jordy who was enveloped by a

cold aura.

George raised his head slightly and saw Gloria running out with a red face.

He was a little surprised, and then he noticed that the air in the room was freezing. Jordy was looking at him with blade-like eyes, as if he were going to cut his head off the next moment.

### **Chapter 1103 He Deserves It!**

When George was thinking about what to say, Jordy's murderous voice suddenly sounded, "How would you like to die?"

George smiled awkwardly, "Trust me... it's really a misunderstanding.

Then he turned around and closed the door. He continued in embarrassment, "I was just... I was afraid you could not handle this. I know girls. If you made a mistake, I could tell you and help you make it right. But I didn't expect that I would be found suddenly. And... Why did you let her go just now? If you hadn't done that, I wouldn't have been found."

Jordy smiled angrily, "Are you serious?"

Sure! He wasn't kidding!

George thought to himself.

He didn't dare to say it but could only cough awkwardly, "You were so proactive today, so you have already decided to make up with her?"

"I've told you I wanted to do that before."

"But she has misunderstood you. She thought that you wanted to remarry her while you knew you couldn't live long just because you wanted to use her. If you can't explain it to her, she would hate

you more.

She would hate him more...

After saying this, George suddenly realized that he said the wrong thing again.

As expected, he felt Jordy's cold eyes again.

He quickly said with a smile, "Come on, I just guessed her thoughts. I know what's what, okay? Neither Corey nor Jonathan are good people, so you choose to protect her in this way, in case she would fall in love with them and be hurt by them."

Jonathan and Corey, in their opinion, might hurt Gloria after they bonded with her.

But Jordy wouldn't. Although he hated Gloria before, he didn't anymore. In the past, someone turned him against Gloria, and he didn't find that Gloria was a good woman.

Now, he had realized that.

Moreover, in Jordy's opinion, Gloria used to care about him so much, and she probably hadn't been over him even though she hated him. If he was more proactive, he might rekindle Gloria's love for him. Even if he could do nothing for her at present, it was better than watching her fall in love with Jonathan or Corey. They might hurt Gloria. Jordy didn't want that to happen.

George looked at Jordy in silence. He sighed helplessly, "Bro, you'd better explain it to her. Otherwise, the misunderstanding between you two couldn't be cleared forever. And..."

At this point, George coughed, as if he was wondering whether to continue.

Jordy stared at him, "Go on."

"Do you really love her? If not, I think you should give up. After all, Gloria is a very smart and rational woman. She divorced you even when she was in deep love with you. So, she will not be easily fooled, obviously."

Jordy looked sullener!

George sneered in his heart. He deserved it! He should say such words to sober him up, so that he would realize how important Gloria was to him!

Then George continued as if to analyze it for him, "Look, she just said it."
