Chapter 281

Chapter 281 How Can You Understand How I Feel?

Bryson's eyes twitched.

If it were Nydia to represent him, he could let her use this opportunity to gain experience. As a friend of Nydia's, he would naturally be willing to let Nydia represent him. However, he would have one less chance to spend time alone with Gloria. He had mixed feelings inside, and Gloria seemed to have no idea what he was thinking. She chuckled and said, "You're my friend, so I won't harm you. And I won't let you do something you're not sure of like that. How about giving Nydia a chance?"

Bryson sighed and nodded, "Okay."

Gloria put the file back in the folder and said in a casual tone, "Okay then. You can give this to Nydia, or you can give her an electronic copy. I'll talk to her about it then."

Bryson pursed his lips. He looked at Gloria and said, "Gloria, Jonathan is a very dangerous man."

Gloria curled her lips and said, "I never wanted to have anything to do with him. It's just that he's always been close to me to get back at the Collins Group. Don't worry. I know what to do."

Bryson let out a soft sigh. It was like he couldn't control his feelings for her at this moment. Then he whispered, "Gloria, I know I'm stressing you out. If I express my feelings for you, you will avoid me, but what I want to say to you today is that I love you more than anything. You are the most important person in my life. If I didn't have you, I'm afraid I wouldn't be able to live."

Gloria's expression changed slightly. She had mixed feelings inside. In fact, she was most afraid of hearing Bryson mention these words to her when she was alone with him. Before she could think of more, Bryson suddenly said again, "Gloria, don't consider my love for you as a burden. I'm not going to force you to be with me. And I'm not going to pressure you all the time. I just want to say that if you ever get really tired and need a shoulder to lean on, you can count on me because my heart belongs to you."

Gloria's eyes showed a more complex look. Then, she shook her head and said, "Bryson, I know how you feel about me. But sometimes, you can't force a person to have feelings for another person. I'd rather be friends with you, and... I don't deserve you right now."

"You deserve me! I'm not good enough for you. I'm way out of your league..." Bryson looked depressed. He even bowed his head slightly as he spoke.

PC

Gloria sighed and said, "Bryson, you deserve better. And I'll never get married again after my last relationship. I wasted all my feelings on Jordy. Bryson, this is not fair to you. And I don't want us to become lovers when we're obviously friends."

Bryson's eyelashes fluttered. Although he knew Gloria would reject him, he was still not prepared for it. At that moment, he felt a sharp pain in his heart.

Bryson took a deep breath. Finally, he nodded and said, "Gloria, no matter when, I am behind you, but I hope you can give me a chance, okay? I don't expect you to be with me now. I hope if you really want to fall in love in the future, can you think of me first?" "Bryson..." There was a look of guilt and helplessness in Gloria's eyes. Before she could say anything, Bryson said, "Gloria, this is the only wish I have left. I don't need you to promise me in the future. Can you think of me first? I am willing to wait for you." "Bryson, I've told you don't wait for me. Don't you..." Before she finished, Bryson looked at her with affectionate eyes and said, "You're not me, so how can you understand how I feel?"

Gloria closed her eyes, leaned back in her chair, and then said in a difficult tone, "Alright."

From now on, she was afraid she would have to avoid Bryson. He was still a very important friend in her heart, but she didn't want to spend so much time with him. If she continued to see him like this, it would only bring him too much hope and disappointment.

Bryson wore a smile on his handsome face. His deep eyes flickered. He gazed at her and said in a soft voice, "Thank you, Gloria."

Gloria's eyelashes fluttered. She paused for a moment, then whispered, "Please give me a ride to the lawyer's office."

"Okay."

Bryson did whatever Gloria said, but Gloria had mixed feelings inside.

If the first person she met was Bryson, would she not be so sad and never have to experience Jordy's cold attitude towards her again?

She wondered if she could have spent the rest of her life with Bryson in peace.

Unfortunately, in a fitting twist of fate, since she was destined to be through that, she was destined to be heartbroken.

On the way, the two did not speak again. When they arrived at the lawyer's office, she got out, smiled at Bryson, and said, "Take care. And don't forget to contact Nydia."

"Okay." Bryson put on a gentle smile. Except for the confession he had just made to her, at that moment, he seemed easygoing and calm.

He was gentle and thoughtful.

Gloria's eyes showed a complicated look. She felt that he deserved a better girl than damaged goods like her.

Gloria got out of the car without looking at Bryson again and left decisively.

Bryson felt a sharp pain in his heart, but he didn't want to make Gloria feel bad, so he

drove away immediately.

Gloria went back to the office. Since Irene had to run some errands, she was not in the office. Then Gloria walked to her seat and sat down. She looked calm, but she had mixed feelings inside.

She rested her head on the back of the chair and closed her eyes.

The rest of the morning passed in a blur. And Nydia called Gloria early the next morning. By then, Gloria had already washed up and picked up the phone.

“Gloria, are you ready? Should I pick you up? I heard your car got hit.” Nydia was full of energy. And her voice sounded a little excited.

It seemed like Bryson and Nydia had communicated. She said, “Well, come on over.”

The car was going to be repaired for a few days, so it would be inconvenient for her to go out for a few days.

“Okay. Do you want to have breakfast? Should I bring you some breakfast?” Nydia said as she took the car keys and headed down the stairs.

Gloria looked at the time on her phone and said, “I’ll cook some breakfast. You can come over and eat with me. It’s still early.”

“Wow! Alright, wait for me! I’ll be there in fifteen minutes!”

Nydia was still relatively close to Gloria’s house, and Gloria hung up after raising her eyebrows and replying to Gloria. As Gloria was just getting ready for breakfast, there was a knock on the door.

Gloria quickly answered the door. Then, Nydia walked in. She started sniffing the food in the air.

“It smells so good! Did you cook porridge?”

“Yes.”

She cooked the porridge in the rice cooker yesterday and set the time.

“Wow! I’m so lucky to have you as my friend!!!”

Her voice sounded excited, and there was a look of excitement in her eyes.

Gloria brought out the porridge and gave her a look. “Are you sure you can win the case that Bryson told you yesterday?”

Chapter 283 He Didn’t Expect Her to Show Up

“Since I have you to instruct me, I’m sure I’ll win this lawsuit! I’ve already asked him to schedule a time. I was just thinking of asking for your guidance after I finish settling the case about Mr.

Harris.”

“Alright.”

After the two of them had finished breakfast, Gloria cleaned up the kitchen. Then, she changed her clothes and left with Nydia.

Nydia drove very steadily. There was a curious look in her eyes. "I was very angry when Mr. Harris tried to trick me. I can get a few hundred million dollars back for him this time, but I don't think he's worth it!"

Gloria curled her lips and said, "Mr. Harris is a typical snob. I wanted to flip a deal for you before,

but I was worried that he'd plot against you, so I was going to make him lose a little money. Then

you earn the rest of the money. That's compensation for you."

Nydia instantly smiled and nodded her head." I thought that if he knew the money he was going to lose later, I was afraid he would want to cry. Even if we can't really do anything to him, we can at least give him a hard time!"

Gloria just laughed and didn't say anything. Soon, Gloria and Nydia arrived at the court. As Justin's

lawyer, Gloria would sit in the plaintiff's seat.

But Nydia was going to be the one to hear the trial.

Irene knew it was not an unimportant case today, so she didn't come here.

As soon as Justin saw Gloria, he walked to her excitedly. He said in a flattery tone, "Miss White, you're here! As long as you're here, I'm not worried at all!"

Gloria smiled and said, "That's all I should do. Given our previous agreement, no matter how much compensation I ask them to pay, you can't interfere. Mr. Harris, you won't back out, will you?"

"How could I! No matter how much compensation you can ask them to pay, it proves that you are

capable. And I won't ask for a single cent!" Mr. Harris assured.

Meanwhile, he also wanted to curry favor with Gloria. Even if she asked him for a few hundred million dollars more, he was willing to give the money to her.

Gloria smiled and nodded her head. Then, she sat down in her seat while Justin smiled and sat beside her.

At this moment, other people were still entering inside one after another. Soon, the defendant also

appeared.

Gloria froze when she saw the man with a big belly.

She had just seen this man yesterday. He had not only rear-ended her car and asked her to pay the compensation. And he even wanted to have sex with her!

Gloria's eyes suddenly became sharp. She felt she could finally get revenge on him this time.

Zayn walked slowly to his seat with his big belly. He looked very energetic. Immediately after, a male lawyer also sat beside him.

Zayn sneered and said, "How dare Justin sue me! If Justin makes unreasonable demands, when you counter-charge them, make them pay a huge price! You have to show them what I'm capable of!"

Then the lawyer nodded and said, "Alright. Mr. Harlow, you can count on me."

Zayn put on a smug smile. He then turned his attention to Justin but was surprised to find a woman sitting next to him. When he saw the woman's beautiful and icy face, Zayn froze. Isn't this the beautiful woman he has tailgated yesterday? Because he didn't manage to have sex with her last night, he could hardly stand it. And he even dreamed of having sex with her. However, he didn't expect her to show up in front of him. Zayn smiled and then immediately looked at the name tag placed in front of her. He would like to see who this woman was! Meanwhile, Zayn's lawyer also looked at that woman. After all, everyone wanted to see who the opponent was. In this way, they could each make a certain judgment during the negotiation.

Then Zayn and his lawyer both saw the name tag in front of her! When they saw her name, it was as if lightning struck them both! It turned out that Justin's lawyer was Gloria! How could it be her? Zayn and his lawyer were frozen! At that moment, Justin, who was sitting next to Gloria, couldn't hold back and burst out laughing. He felt so good! When Zayn came back to his senses, he went crazy! Zayn was glaring at Justin. Even though he didn't say anything, the look in his eyes said what he was thinking!

It was as if he was saying, "Justin, didn't you say that you and Gloria had a bad relationship? Didn't you tell me that Gloria would not represent you in this case at all? How can your lawyer be Gloria?"

At this moment, Zayn kept cursing Justin in his heart.

Justin gloated so much that he smiled as he narrowed his eyes.

He looked at Gloria with a smile and said, "Miss White, thank you so much. If it wasn't for you, I wouldn't have been able to get back at him this time!"

Gloria curled her lips and said, "It's what I should do."

Justin felt speechless.

If it wasn't for the fact that he thought she was very capable, how could he have suffered so many losses?

Forget it!

Given his relationship with Gloria, he felt he could still make more profit. Businessmen were all about profit. And Gloria could bring him countless benefits, so he naturally had

to maintain a relationship with her to please her. The next moment, he hurriedly said with a smile, "You must not say that. It would be a great gift for me if you could help me!!" Gloria simply curled her lip and said nothing. Zayn's lawyer, however, now had a cold sweat on his forehead. He had initially promised Zayn that he would win this case because the plaintiff could not find any loopholes. However, he didn't expect Justin's lawyer to be Gloria! This contract was all drawn up by him before. He wondered if Zayn would come after him for the money Zayn had to pay to Justin! Then the lawyer looked at Zayn in a panic and said in a trembling tone, "Mr. Harlow, I'll try my best... I'll try my best. I..." In fact, even if he didn't say that, Zayn knew he would lose the case today! Zayn's face turned livid. He didn't say a word. At this moment, his eyes were full of anger. It seemed as if his eyes could burn Justin to death in the next moment. Nydia was sitting in the audience. At this moment, she couldn't help but keep exclaiming that she was so happy to have someone like Gloria to rely on! From now on, she could go out with her head held high! Even some of the people in the audience felt that they could see a very dramatic scene today. Moreover, Zayn's people were more or less gloating. After all, they were not related to Zayn. And a few hundred million dollars was not a lot of money to them. Instead, they were more focused on how this case would be solved. And as everyone waited, the judge attended, and then all rose. Zayn's lawyer could not help but wipe the sweat from his forehead with a handkerchief. He was sure he would lose the case. And he was afraid that Zayn would go after him! Damn! How could I manage to run into Gloria? At that moment, the case was officially opened. "Plaintiff, what do you have to state?" Gloria said with a calm face, "In this case, my client has been deceived as well as taken advantage of. In this regard, I have the right to ask the plaintiff to pay 10 times the compensation."

Chapter 285

Chapter 285 He Waited for Her to Say the Words

The crowd instantly widened their eyes.

Gloria had just finished her statement. And everyone knew that the value of the project this time was only 80 million dollars.

If Justin followed his agreement with Gloria, he would have to give Gloria 800 million dollars!

Justin looked at Gloria with wide eyes and disbelief.

He didn't expect she would want Zayn to pay such a large amount of money.
Is that really possible?

And the next moment, he just felt his heart bleeding! If he had known that Gloria and Nydia were so close, he would not have made things so difficult for Nydia. Otherwise, he would have gotten 800 million dollars!

Nydia was also very shocked. Gloria is so dope!

However, when Zayn heard this, his face turned white!

If it was any other lawyer, Zayn would have laughed out loud in disdain. However, she was freaking Gloria!

While the audience was still in shock, Gloria had already started her statement. She was so eloquent that she could not be refuted!

Everything she said was based on contract law and was impeccable!

Justin froze. There was no draft in front of Gloria except for that name tag of hers!

She had already turned over all the evidence to the judge, so the statements she made were all words that came to her mind!

For Zayn's lawyer, he would have been very confident in the first place. However, after listening to Gloria's statement, he couldn't contradict her!

Gloria glanced at him and said calmly, "I have finished speaking."

The staff then immediately turned their attention to Zayn and his attorney. "The defendant, please take the floor."

Zayn took a small breath. He turned to his attorney and whispered, "I know you can't win this case,

but you have to cut our losses! No one can defeat Gloria. And I won't take action against you. You have to do your best!"

The lawyer breathed a sigh of relief at his words. Then he nodded and began to speak into the

microphone, "Objection. The following is my statement."

After all, he was Zayn's personal lawyer. If he was not competent, he could not have gained Zayn's trust. Although he listed many reasons, every word he said seemed to be refuted by Gloria. And Gloria didn't give him any chance to argue at all.

Although Justin was upset, he also raised his eyebrows!

At least, he let everyone know that he had a connection with Gloria through this lawsuit.

If other businessmen wanted to work with him, they wouldn't dare to play tricks on him.

Justin had his business resources. And it was those businessmen who had to come to him for cooperation, but they didn't want to invest so much money and always wanted to take advantage of loopholes. Therefore, Justin had swallowed his anger for a long time.

Nydia was sitting in the audience, her eyes shining brightly.

Justin has to give Gloria 800 million dollars! He has to pay 10 times!

She was so freaking excited!

When the judge made the decision, Zayn had to pay Gloria the amount she said. And the lawsuit had come to an end.

Justin grinned broadly as the judge left the bench. He looked at Gloria with a grateful look and said, "Miss White, thanks to you!"

Gloria smiled and said, "Mr. Harris, you're welcome. Although I won't give you the

money this time, if you have come across any difficulties in the future, I will help you. And I won't ignore you."

Justin grinned because he was waiting for her to say that!

He thought it was worth it to trade 800 million dollars for such an awesome backer!

They were talking while walking out. At that moment, Zayn also came out. He stared at Gloria with his sinister gaze.

"Miss White, you really did a great job this time."

Zayn suppressed his inner anger as he spoke to Gloria.

Gloria turned her head to look at Zayn. When she saw him staring at her with a fierce look, Gloria

said in a calm tone, "Mr. Harlow, thank you."

Justin looked at Zayn with a smile and said, "Mr. Harlow, I'll be waiting to receive your remittance then."

Zayn snorted as he walked away!

Justin smiled and looked at Gloria. "Miss White, all this happened because of me, so I will definitely not let Zayn take action against you. If there is anything you need from me in the future, please feel free to tell me!"

Gloria smiled and said, "Thank you, Mr. Harris."

"You're welcome!" Mr. Harris was in an extremely good mood. Now, he was not as uncomfortable

as he had been at the beginning.

Gloria left with Nydia after just a few words with him.

Nydia was laughing her ass off at this moment!

She looked so happy. "You made Zayn pay so much money!"

Gloria looked calm. "Well, I'll give you all this money."

"Seriously? You're giving the money to me?" Nydia froze. "You're crazy, aren't you? What are you giving me so much money for? I won't even be able to use so much money. And..."

"Just take it. You'll have to think twice."

"No way! Gosh! You're giving me so much money so easily! You're so damn rich!"

Nydia was very envious of Gloria!

Gloria curled her lips. She had never been short of money, so when she had heard Jordy ask her to say a figure earlier, she had felt ridiculous, and he had always thought she was a greedy person from the beginning to the end.

"Gloria, I'm not that short of money either. How about this? I'm not going to pay 200,000 dollars to you. You were supposed to help me this time. If you give me this money, I don't think we should be friends anymore. Let's cut off our friendship!"

She didn't need Gloria to support her. Even if they were friends, she couldn't use Gloria's money like that!

Although she could use Gloria's money for urgent needs, she wouldn't take advantage of Gloria!

When she heard Nydia say this, Gloria nodded and said, "Okay. Then you can always talk to me when you're in trouble."

"Yes!" Nydia was beaming with joy.

Gloria and Nydia kept walking. She looked calm and said, "I'm going back to the White Group."

"You're going back so soon? You'll face all kinds of problems when you go back. And they will definitely try to plot against you in every way. You..." When Nydia said this, she did not say more. There was worry in her eyes.

Gloria nodded and said, "I'll have to go back sooner or later, so I might as well get back to work sooner rather than later. I can't let them go on like this. I must get my group back."

She absolutely cannot let her father's hard work go to waste. And she couldn't hand over her father's company to any of his enemies either!

Nydia sighed helplessly and said, "Be careful. If you have a problem, you can always talk to us. My dad is going to kill me now. I can't help you much, but Bryson and Jennifer can help you!"

Nydia still hoped that Gloria could marry Bryson.

Gloria knew what she was thinking, but Nydia didn't continue. Gloria didn't say anything else and just nodded her head. "I just went to work for the White Group. To keep up appearances, my uncle wouldn't dare give me a hard time."

Nydia frowned, "That's true, but you have to be careful."

Gloria nodded and didn't say anything.

However, the news that she represented Justin in a lawsuit today spread again.

At that moment, Harold was in Jordy's office.

Chapter 287 Her Father's Legacy

"Mr. Collins, Justin and Zayn fought a lawsuit today. Justin won."

Jordy frowned slightly, then looked at Justin. Although Harold did not explain the details to Jordy, Jordy felt Harold did not need to report this to him.

Harold touched the tip of his nose and said again, "The lawyer that represented Justin was Miss White."

Jordy's face suddenly turned cold. He instantly remembered the last time Gloria was interviewed by the media, a man standing behind her was Justin.

Harold read Jordy's mind and hurriedly continued to report to him.

"Justin was trying to blackmail Miss Maguire because if the lawyer didn't win a case, the lawyer

would have to pay him 10 million dollars, which Justin intended to use to cover his losses.

Therefore, Miss White wanted to avenge Miss Maguire. And my information from Mr. Harris is that

all of the 800 million dollars is going to Miss White.”

Jordy’s brow furrowed. Gloria avenged Nydia and left Justin empty-handed in the meantime.

Earlier, he asked Gloria to name a figure, but she could easily make hundreds of millions of dollars.

Jordy lifted his hand and pressed his brow. “I got it.”

Harold nodded. He had already finished reporting to Jordy on this matter, so he had nothing to continue reporting to Jordy. Then he went straight out.

Jordy was the only one left in the office.

He looked calm, but he had a complicated look in his eyes. A few moments later, his cell phone rang.

George: (Dude, your ex-wife always makes big news. Even if she doesn’t want a penny from you,

she’s not short of money. She made 800 million dollars from this lawsuit! .]

Carlos: (Jordy, you really need to reconsider some things.]

Carlos never expressed his thoughts directly to Jordy, but he reminded Jordy three times because of his divorce from Gloria.

Although Carlos did not directly share his thoughts with Jordy every time, he never told Jordy his opinion three times.

It proved how important this matter was.

vas.

Jordy’s brow furrowed. Finally, he replied to Carlos’ text message.

Jordy: (I know what I’m doing.]

After replying to the text message, he put down his phone and picked up a pen to sign a contract, but he couldn’t read the document at all. The scene of Gloria’s eloquent argument in court came back to him.

The memory of that day lingered in his mind.

After Gloria and Nydia parted, Gloria made a phone call to Claude.

Claude picked up the phone with a smile. “Gloria, why did you suddenly call me?”

Gloria smiled and said, “I was afraid that you were busy, so I didn’t dare to disturb you. I am calling you this time because I want to ask you whether I can come to work tomorrow.”

Gloria said those words in a very gentle tone. Claude froze at her words, but the next moment, he laughed out loud. “No problem! Good girl! You’re finally willing to come to work. Then you can come to work tomorrow. Your cousin will instruct you personally.

You two can meet at the office tomorrow.”

“Okay.” Gloria said with some surprise, “How about my cousin’s conditions now? Is she ready to go to the hospital?”

TIF

“Well, your cousin is working so hard. Angela doesn’t want to delay her work, so she’s

working in a wheelchair right now. Her secretary will take care of her.” What he meant was that Angela was working very hard.

Gloria replied, “So that’s it. I’ll come over tomorrow. Thanks to you and Angela.”

“Gloria, don’t mention it. I have some things to take care of here. I’ll contact you tomorrow.”

“Okay.”

After hanging up the phone, Gloria looked at her phone in thought.

The night was very quiet. And Gloria slept extremely well. She woke up in the morning and then washed up. After that, she left home because she was going back to work at the White Group.

This company was her father’s legacy!

Remarriage Never And Go Away Chapter 288

Remarriage Never And Go Away

Chapter 288

Chapter 288 Why Are They Making Such a Big Deal?

On the way, Gloria frowned and seemed to be thinking about something. When she parked the car and arrived at the entrance of the company, she gradually calmed down.

She didn’t regain her

composure, but she wanted to look calm.

As she was about to call Angela, Angela’s soft voice suddenly came from behind her.

“Gloria.”

Gloria turned her head and then saw Angela in her wheelchair looking at her with a smile.

Behind Angela stood a female secretary, who was pushing Angela toward Gloria.

Gloria nodded and said, “Your father said you were working with an injury. Why don’t you wait until you’re completely recovered before coming to work?”

Angela laughed softly and shook her head. “I wasn’t even hurt badly. Besides, I have a lot of things to take care of, so I can’t delay. Let’s go. I’m going to show you the office.”

Gloria had a sarcastic look in her eyes. The reason Angela pretended to have a recurrence was to show that she couldn’t let her injury keep her from working and to show that she was a tough and responsible person.

Gloria nodded and didn’t say anything while the secretary pushed Angela forward.

Every employee in the company greeted Angela warmly when they saw her. “Miss White.”

“Miss White.”

“Miss White! You’re here!”

Gloria knew that no one was greeting her.

Although this was the White Group, it had become her uncle’s company, which had nothing to do

with her.

Many people only looked at her and had no other intention.

Angela kept smiling and greeting people along the way. She did not introduce Gloria to those people.

When they got on the elevator, Angela smiled at Gloria and said, "Gloria, I didn't introduce you to

them. You can't be treated differently because of your identity when you come to this company. You didn't have a problem with that, did you?"

Gloria ridiculed Angela in her heart that what she said was not the same as what she thought. She

also happened to think it was fine that Angela did not introduce her to the other employees, because

she didn't like people flattering her all the time. She found it annoying.

Gloria nodded, "Alright."

A sarcastic look crossed Angela's eye. She liked people like Gloria who kept up appearances. Then, she smiled and nodded, "Okay, given that you are famous, many people probably know what you look like. I will introduce you to everyone in the department, but you must not..."

When she said this, Angela suddenly laughed. "Silly me! How can I instruct you to do things? You're so smart, so you must have thought of all the details."

Gloria raised an eyebrow. She glanced at this secretary behind Angela, who was staring at Angela with an admiring look in her eyes. It seemed that this secretary was not Angela's henchmen. Otherwise, Angela would not pretend to be so warm-hearted.

Soon, the two of them arrived at the department where Gloria was going to join.

Helen Johnson, the manager of the department, was waiting at the door. When Helen saw Angela coming, she walked up as she smiled at Angela and said, "Hello, Miss White."

Angela smiled and nodded her head. "Miss Johnson, this is my sister, Gloria."

Helen looked over to Gloria and nodded at her. "Miss White, hello."

Gloria nodded and said, "Hello."

"Go on in."

After Angela said these words, the secretary pushed her forward. Helen followed Angela, and then

Gloria was the last to walk into the office.

The department was about a hundred square meters. It was divided into three rows on the left, center, and right. There were four computers in each horizontal row. Every two rows were sitting opposite each other. This was a group of eight people.

The sales department currently had a total of twenty-seven groups

When Helen saw that everyone had already started to work, she went in. Then she raised her hands and clapped them twice. "Everyone, let me introduce a new colleague to you."

Everyone looked up with some confusion. Is she going to introduce the new colleague to all of them?

When a new colleague joined their department in the past, the manager would only have Sheila, the team leader, take the newcomer to her seat. Or the manager would let a regular employee take the newcomer to her seat. So, they wondered why the

manager made such a big deal today.
While they are thinking about it, many of them had already looked up.

Chapter 289

Chapter 289 She Has to Pretend to Be More Hypocritical

When everyone saw Gloria, a look of surprise flashed in everyone's eyes. And some people already recognized her.

Isn't this the daughter of the previous CEO?

Gloria was also the ex-wife of Mr. Collins, the CEO of Collins Group, and the woman Mr. Brown was pursuing. In addition, she was also known as Norma, who was a famous and capable elite lawyer!

Her series of titles made her a sensation, and most people knew her.

Everyone dropped what they were doing and looked at Gloria.

Some have already greeted Angela and Helen.

"Miss White, hello."

Angela was the manager of the audit department and happened to be the superior of Helen, the manager of the foreign affairs department.

Angela seemed to be easy-going and didn't like the others to call her with those titles, so she let the others call her Miss White.

Angela just smiled and nodded to the group of people. "Hi, guys! The person who is here to work

with you this time is my sister. I guess you all probably know my sister, but I didn't come here today to talk to you guys about this so you can favor my sister. Instead, I want you guys to treat my sister like a regular employee. You have to treat her like a regular employee. You don't have to treat her specially."

Angela's voice sounded very easy-going, but she seemed very stern. Since she dared to say it in front of so many people, it was enough to prove that she didn't give her sister a hard time. And she wanted her sister to work hard and achieve.

Gloria just stood quietly by Angela's side and didn't say anything.

At this point, the staff nodded their heads. Someone raised a hand and clapped.

"Welcome to the department!"

Others clapped their hands along. After all, Gloria was a White, so they wanted to flatter her.

Gloria nodded to the crowd and said, "Thank you."

Angela smiled and said, "Today is a welcome ceremony, but my sister is very introverted. She usually doesn't like to talk much either. You don't have to pay attention to her. And please remember what I just said. You must not be partial to my sister. My sister needs to gain a lot of

experience. If I find out who is favoring my sister, I may fire that person. My sister will

not hold a grudge against anyone for the way you treat her. On the contrary, I will give some small benefits to the people who tested my sister. Thank you for working with my sister.”

A sarcastic look flashed across Gloria’s eyes. Although Angela seemed tolerant and generous, she was setting a trap for Gloria.

At this moment, Sara, the assistant manager, instantly smiled and nodded her head. “Miss White, don’t worry. We’ll all take note of your words!”

Sara had always been a fence-sitter and a snobbish person.

Helen glanced at Sara and didn’t say anything.

Angela spoke to the group for a while and then looked at Helen. “Helen, thank you for your efforts.”

Helen nodded calmly. “It’s my job.”

Angela just smiled and looked at Gloria. “Gloria, work hard. I believe in you.”

Gloria nodded and said, “Angela, thank you for trusting me.”

Although Gloria did not like to pretend to look hypocritical, she had to. When a person encountered a phony, she had to act more hypocritical to deal with that phony.

Angela was very pleased and nodded her head. “Gloria, you have to work hard. I’m sure you’ll be able to expand your horizons here. I’m waiting for you!”

Although Angela told her so, she sneered at Gloria in her heart. She was sure Gloria couldn’t work here for three months.

Even if Gloria had perseverance, employees working here must be evaluated for their performance, so she would never let Gloria complete every task successfully!

Gloria nodded her head. Then Angela left after talking to her for a few words.

Some people in the office lowered their heads and started working again. Gloria was very easy-going. As Angela said, she was not very talkative.

Helen looked at Gloria and whispered, “Miss White, I know you’re like a celebrity, but since you’re working in my department, I’m not going to treat you differently because of your status. Even if Miss White did not say those words to me just now, I will not favor you. I hope you can understand.”

Helen was very impartial when it came to working. She was very strict with her employees at work. As she said, she does not favor anyone and was not biased against anyone.

Gloria nodded and said, “I understand.”

When Helen saw that Gloria was calm and not arrogant, Helen took a liking to her. Then she looked to the rest of the staff and said, “You guys get back to work.”

The others muttered responses to her. Then Helen left. While Sara was still struggling with what to do with Gloria, she suddenly received a text message, which made her not dare to have any other opinions. Then, she immediately went to Angela's office.

Soon, she arrived at Angela's office. Looking at Angela sitting in front of the office, she hurriedly walked over and put on a flattering smile. "Miss White, what can I do for you?" Angela smiled, nodded, and said softly, "There are indeed some things I want you to do."

Sara hastily said in a respectful tone, "Please go ahead. And I will do my best."

Angela smiled softly and said, "It's not that hard. You don't have to be so stressed up."

Sara breathed a sigh of relief, but she was a little thrilled inside.

She had never been to Angela's office. Normally, Angela would talk to Helen, the manager, if she had some instructions. Thus, Angela would not come to her at all.

Today, she was lucky enough to curry favor with the CEO's daughter, so she must be very excited!

"Yes, please," Sara said in a respectful tone.

Angela nodded and said, "My sister is here to gain experience, but I'm afraid some of the employees will try to fawn over her and take over her work. After all, she is going to manage the White Group in the future. If she doesn't have the ability, she won't be able to shoulder the heavy responsibility."

She said the latter words in a rather meaningful tone.

Sara had worked here for many years, so she immediately read Angela's mind!

She quickly smiled and nodded and said, "That's fine! Recently, I happen to have a few difficult collaborative projects, and I need her to go out and contact those partners. Don't worry. I promise I will take care of your sister!"

Sara had always been calculating inside and only wanted to be promoted by fawning over her superior. She had some strength, but she could never match Helen.

Angela knew what was on Sara's mind, so she chuckled and said, "Keep working hard. Maybe you will be the manager of the department of the Foreign Affairs in the future.

Let's keep this between us."

Sara's eyes lit up. She nodded with a quick smile. "Alright! Okay! Thank you so much! Then I'll go find your sister and communicate with her right now!"

Angela smiled and said, "Go ahead. Thank you for all your hard work."

"It's what I'm supposed to do!"

Then, Sara walked out of the office. She could see that Angela was trying to make things difficult for Gloria to keep her out of the White Group in the future.
