Chapter 311 You Don't Need To Share

"But..."

Before Sheila could finish her sentence, Gloria interrupted her with a smile, "Don't worry, I'll be fine."

Sheila opened his mouth and did not know what to say for a moment. She could only sigh helplessly, "Then... be careful."

"Okay."

Just like that, while waiting, the time was coming.

After Gloria was done with her preparations, she headed to the location Mr. Waydell had sent her.

When she arrived, Mr. Waydell was already there. Gloria was a little surprised.

When Mr. Waydell saw Gloria's impressive figure in a formal suit, excitement appeared in his eyes. He immediately stood up and smiled at Gloria. "Hello, Miss White. I am really honored to be invited by you for dinner."

Gloria smiled, "Mr. Waydell, you're exaggerated. I'm very grateful that you can come."

Mr. Waydell smiled. "Come, have a seat. What would you like to eat?"

Hunter extended a hand and gestured for Gloria to sit at the dining table.

At that moment, Mr. Waydell looked quite graceful. However, his greasy look and the fact that his body was not so good made his complexion not very good.

At first glance, Gloria could tell that he was a person with a fine appearance but a bad body.

Gloria nodded with a smile and walked to the dining table to sit down.

Mr. Waydell directly handed the menu over to Gloria, "Order what you want to eat. It's my honor to

be invited by you today. So it's not good to let you pay the bill. Just order whatever you want, and it's all on me."

"Mr. Waydell, you're so polite. It is I who makes an appointment with you. How can I let you pay?"

"Well, since we know each other today, we will be friends in the future. Miss White, please feel free to tell me if you have any difficulties or troubles in the future."

Gloria smiled, "Thank you, we..."

Just as she was about to mention the contract, Mr. Waydell immediately said with a smile, "Miss White, there is a dish that is very authentic in this restaurant. Do you want to try it?"

Gloria could only pause the topic and nod, "Sure."

Gloria could only pause the topic and nod, "Sure."

"Then Miss White, what do you want to have?"

Gloria smiled, "Anything is okay. Mr. Waydell, it's up to you."

Mr. Waydell smiled and nodded. "Okay, I often come to this restaurant. There are a lot of delicious dishes. Miss White, please try them."

Gloria nodded and did not say anything.

At that moment, Mr. Waydell was very normal and there was nothing he could do to cross the line.

However, Gloria did not dare to relax at all.

At the same time...

In the next door.

A few rich gentlemen were sitting together. They didn't eat but just sat on the sofa. They chatted and drank with each other.

At the same time, the room was filled with the clamor of music.

George seemed to be in a very good mood. Carlos roved over him and turned down the music. Otherwise, they couldn't hear each other.

Carlos looked at George and said, "What happened to you today that made you insist on asking us to come over?"

"Hey, let me tell you, I found my dream lover! I must share our story with you!"

Jordy's handsome face darkened.

Even Carlos said with a gloomy face, "You can even change 30 girlfriends in a month. You don't need to share with us every time."

"Fuck!" George slammed the beer onto the table and roared, "I'm serious this time! Can't I be?"

However...

None of the other two believed his words. Their eyes were filled with mockery.

Ever since George had been injured by his parents, he had never believed in so-called true love. He was even obsessively prejudiced against women...

Carlos and Jordy had tried to persuade him, but it was of no use.

Just as George was about to say something, his phone suddenly rang.

Chapter 312 Gloria Being In Danger

Both the other two looked at his mobile phone.

When George saw the number, he immediately said with a smile, "Look, my dream lover is calling. I really like this girl. Would you like me to introduce her to you?"

"No need."

The other two spoke at the same time. Apparently, they didn't want to waste time meeting a woman who would have nothing to do with George in the future.

George's face darkened. "Damn!"

George stood up and walked out. "I'm going out to answer the call. I'll be back soon."

The other two did not make a sound as George walked out with large strides.

George was on the phone and he paced back and forth in the corridor. When he saw a group of waiters carrying dishes, he touched his stomach. Tsk, he was a little hungry.

The door of a private room was opened.
George's expression changed a little when he saw those two familiar figures!
He immediately said to the person on the other end of the line, "Babe, I suddenly have an important matter to deal with. I'll call you later."
When George heard the woman's reply, he hurriedly walked toward his private room. Seeing Jordy and Carlos drinking, George looked at Jordy and said, "I just saw a woman! You must be interested in her."
Jordy frowned and looked at him impatiently.
Carlos obviously guessed something and immediately asked, "Gloria?"
Jordy's face suddenly turned a little cold, and he looked at the words George again. George nodded. "I saw her and a man in the private room next door. The server had just served the dishes and I saw there were only them. They are alone. And do you know who the man is?"
OV
In the end, George seemed to be excited. "I saw them clearly just now..."
SON
Carlos frowned slightly. If it was an ordinary man, George might not be like that, but the person must be a threat to Jordy or a threat to Gloria.
Could it be... Jonathan?
Seeing that Jordy's face was getting darker and darker, Carlos asked on behalf of Jordy, "Who is him?"
Jordy's face darkened as he stared at George.
"He is Hunter," George tutted.
Carlos' face changed slightly, and he instantly looked at Jordy. The atmosphere in the room was obviously colder than before!
Carlos immediately opened his mouth, "Jordy, you know very well what kind of person Hunter is. If it was only them together, Gloria would be in danger."
George immediately laughed out loud, "You can't put it like that. Anyway, Gloria is already divorced. As a single person, she has the freedom to do whatever she wants. By the way, Gloria is not a fool."
Carlos furrowed his brows, but before he could say anything, George spoke again, "Moreover, Gloria is famous now. She is even more famous than before. A top-notch lawyer is already enough to make many people panic. A person might be accused by her if he is not careful. Furthermore, she's currently under grandma's protection. Hunter should at least think about it."
Jordy's face was extremely gloomy, and he just sat in his seat without moving.
On the contrary, George looked at Jordy with a faint smile and said, "Why does your face look so pale? You can flirt with Angela. It's natural for her to find a new lover. You're not going to break up a couple, are you?"
Jordy's sharp eyes instantly fell on George, who was laughing in his heart.

Chapter 313 Differentiate Between Public And Private Matters

George knew that Jordy couldn't let go but that he pretended not to care about Gloria. George wanted to see how Jordy would deal with it.

George crossed his legs and had a smile on his face as if he was watching a show. Carlos looked at Jordy and persuaded him, "There is nothing that Hunter can't do. This person is bold. Besides, you are divorced with Gloria. In his eyes, Gloria is no longer a threat."

George laughed and crossed his legs leisurely, "You can't say that. Doesn't Jonathan quite like Gloria right now? With him around, I'm afraid Hunter wouldn't dare to do something to Gloria. I saw them sitting together and Hunter was in a good manner. I'm afraid Hunter is willing to sign the contract with Gloria."

Jordy was speechless.

Seeing that Jordy was still indifferent and his face was cold, George laughed and said, "All right, I am just gossiping with you. Let's continue to play. Come on, let's have a drink. Let's celebrate that I meet my dream lover."

With that, George poured wine for Jordy and Carlos

Jordy all of a sudden glanced at George coldly.

George was a little chilled by Jordy's gaze. George frowned. "Why are you looking at me like that?"

At that moment, Gloria was served dishes on the table.

Gloria turned to look at Hunter, who was with a smile on the corner of his mouth. He looked

scheming. Gloria noticed that he looked at her figure from time to time.

Hunter said with a smile, "Miss White, please have a taste. These dishes taste good."

Gloria smiled and nodded. She picked up his chopsticks and picked up the food.

However, the

moment she took it to her lips, she could smell a strange taste. She slowly put down her chopsticks

and smiled, "Mr. Waydell, I made an appointment with you..."

"Miss White, how about we eat first?" Hunter interrupted Gloria again with a slightly unhappy

voice.

Gloria's eyes narrowed slightly, "I will be unconscious after the meal. Won't I come here for nothing today?"

Hunter immediately retorted with a smile. "How will you come for nothing?"

Would it be in vain to sleep with Gloria?

Every woman who slept with him would be excited.

They all praised how great he was. It would be Gloria's fortune to sleep with him.

Gloria was calm as she looked at Hunter with a smile, "Mr. Waydell, I came with sincerity today. If you don't take a look at my plans, I can guarantee that you will lose at least hundreds of millions of pounds."

Hunter frowned and immediately looked at her. "Miss White, what do you mean? Are

you going to cooperate with my enemy to sue my company?"
At that moment, his voice was filled with displeasure.
If he wanted to rape Gloria, he naturally had to check her background. Furthermore, Gloria's reputation was so great, how could he not know?
Merely, the more difficult she was to be dealt with, the more desiring he became.
He would rather take the risk to have a taste of sleeping with her.
Gloria smiled, "How could that be? What I said was that the contract would make you earn at least hundreds of millions of pounds."
Hunter was a little surprised. "Hundreds of millions of pounds?"
Gloria nodded and said with a normal expression, "Yes, why don't I take it out first and show it to you? It won't be too late to eat after we have decided on our plans, right? After that, we would be in a different mood. I heard that you have always been a decisive person who knows how to differentiate between public and private matters."

Chapter 314

Chapter 314 Are You Really Not Going to Think About It?

Hunter was not in a hurry to speak. Instead, he looked at Gloria as if he was deep in thought.

Gloria's expression had always been calm and did not show much emotion.

As expected, something was added to the dishes.

However, since there were only them in the room, Gloria was not afraid.

Hunter smiled and said, "Your words make sense, but as you know, many things are not done in vain. I think you, who have been working so hard, must understand the ways of the world very well, don't you?"

As Hunter spoke, he had already raised his hand.

Seeing that his hand was about to touch hers, Gloria easily avoided it, completely ignoring his hand in the air.

The smile at the corner of Hunter's mouth was a little stiff, but in the next moment, he regained his composure. Looking at Gloria, Hunter smiled and said, "Miss White, the current society is just like this. You should know what I want and what you should pay. I heard that you would train hard after you returned to the company this time. You are distributed with such an important task. If you can't sign the contract with me, how can you keep a foothold in the White Family?"

Gloria squinted her eyes. Hunter was probably used to that kind of method, so he could speak so accurately.

Seeing that Gloria did not say anything, Hunter chuckled and said, "Look, signing this

contract with me is actually not a loss for you. You are already married, so if you spend a night with me, it won't affect you much. Also, through me, you can get a lot of profit, right? If we have deeper intercourse this time, you can ask me to help with your plans in the future, right?"

cana

Gloria immediately sneered, "Since I'm here, I've already investigated your history. You're good at capturing people's hearts and promising to give them some benefits. However, you wouldn't fulfill your promise after that, right?"

Hunter frowned immediately. He put down his chopsticks and said unhappily, "It seems that you don't intend to sign the cooperation today. In that case, I don't think we can have deeper intercourse. You can leave."

Gloria did not mind what Hunter had said at all. She only said with a faint smile, "Your company is currently in a bad state. You must have been worried a lot about these things, right?"

Hunter looked at her unhappily. "What do you mean by that? Are you mocking our company?"

Although his company was not as good as the White Group, it had entered the top 100 in the world, and many people envied it.

But Gloria was mocking him?

Gloria smiled and said, "Although there is only a profit of a few hundred million in this cooperation, it can help your company advance more than ten places. Do you believe it?"

Hunter's expression suddenly became serious. He looked at Gloria. At that moment, he was no longer thinking about sleeping with her as before.

"What do you want to say?"

Gloria was not in a hurry to tell him the whole plan. Instead, she smiled at him again, "Sometimes, you can't just look at the immediate benefits. The plan in my hands is beneficial to the White Group, but compared to your company, it's much less. Are you really not going to reconsider?"

Hunter was stunned by her words. He felt that something was wrong, but... he was really curious about what Gloria's plan was.

Remarriage Never And Go Away

Chapter 315

Chapter 315 Can Be Found Everywhere

"Since you are so confident, let me see what your plan is."

Gloria smiled and took out her documents.

When Hunter talked about cooperation with others before, he had never been bullied like that,

especially by women.

But he was being manipulated by Gloria and he was really in a passive position.

However, if it was really as Gloria had said, even if he was being manipulated, it would

be good.

Hunter took over the plan provided by Gloria. At that moment, he was not in a hurry to expect something to happen with Gloria. Instead, he started to read the documents seriously.

III

The more he read, the more frightened he became. However, he was sly, so he didn't show it on his face at all.

When Hunter was done reading, he put down the proposal.

However...

Before that, Gloria had already checked.

If Hunter wasn't interested, he would never finish reading the plan. That was how disrespectful Hunter was to others.

After he finished reading it and became serious, Gloria was completely certain that he was totally interested in the plan.

Gloria was not in a hurry to speak, but Hunter said with a faint smile, "I have to say that the plan is not bad. However, the plan is uniform in the market. What makes you think that this plan can definitely help my group to make a meteoric rise?"

Gloria replied calmly, "I've shown you the plan, but since you've investigated me, you should know that I won't be fired by the company even if you don't sign the contract with me."

Hunter suddenly laughed. "You can't say that. Miss White, you should know that if you have my help, you can really have a meteoric rise. But without my help, those people may not cooperate with you because I didn't agree to cooperate with you. They may be afraid of me and won't cooperate with you."

Gloria was not a fool. She could tell that Hunter was threatening her.

If she did not obey Hunter, he would definitely intervene in her affairs in the future, making it impossible for her to sign a contract.

Gloria lightly smiled, "If you insist, then we have nothing to talk about. As for me, I can only return to the lawyer industry and play my part as a lawyer to get justice for others." She spoke the last four words with emphasis, stressing each word.

Obviously, she was also threatening Hunter that if he dared to do anything to her, he should not blame her for being cruel.

Hunter's face darkened instantly.

"It seems that Miss White is going to deadlock with me until the end."

Gloria smiled, "Mr. Waydell, you're treating me like an outsider. It's fate that brought us together, but if we become strangers in the future, we can't forget the fate that brought us together today, right? Becoming an enemy will only cause both sides to suffer."

The corners of Hunter's mouth twitched. "Lawyers are really different. Miss White, you're really sharp-tongued."

Gloria's lips curled up slightly, "That's my business. Mr. Waydell, why don't you consider this plan carefully? If you want to make a name for yourself, you'll have to rely on your luck and methods. You know very well that if you miss this opportunity, I'll find someone else. You should know that the same enterprise as White Group is one in a million, but I'm afraid that the same company as yours can be found everywhere, right?"

“You...!” Hunter’s expression seemed bad. However, Gloria had already retracted her proposal and smiled, “That’s all I have to say. Mr. Waydell, you should think about it. I’ll be waiting for your call at any time.” As saying that, Gloria was about to get up, but Hunter suddenly got up and stood in front of her to stop her.

Chapter 316 Being Angry

No matter who it was and no matter what, there would always be times when people were unwilling to accept it.

Furthermore, Hunter had spent a lot of time and effort on such a beautiful woman as Gloria. He was

not willing to let Gloria leave just like that.

Gloria hurriedly took a step back and looked at Hunter, “Does Mr. Waydell have any advice for me?”

Hunter smiled at Gloria, “Miss White, everything can be discussed, right?”

USS

“Why don’t we sit down and have a drink and eat? I am satisfied with the contract. As long as we eat this meal, I will cooperate with the White Group.”

Gloria furrowed her brows slightly. Hunter, on the other hand, smiled and said, “But if Miss White

really doesn’t respect me, then... it’s fine if we don’t cooperate.”

Gloria looked at Hunter meaningfully. “How much of this food hasn’t been spiked?”

Hunter was speechless.

“Miss White, are you determined to embarrass me?”

Gloria did not say anything.

But the next moment, the door of their private room was suddenly opened.

Hunter immediately turned back unhappily. “Who is it? Don’t you know that we have something

important to do now?”

But when Hunter saw that it was a man with an extraordinary temperament, his expression changed slightly. The next moment, Hunter hurriedly smiled and said, “Oh, George, why do you have time to come here? Did you come to the wrong room or come to find me? Hah, your presence brings light to this room.”

Gloria furrowed her brows slightly. She did not expect to meet George there.

George was not in a hurry to close the door. He walked over and looked at the table full of wine and dishes. He sat down leisurely and said, “Mr. Waydell and Miss White are having a meal together. Do you mind having one more person? I’m hungry.”

Hunter’s brows furrowed.

Hunter might not really care if George was just a lawyer, but the point was that Hunter

could not afford to offend George because of his background.
George was different from Gloria.
The difference was too great.
Hunter immediately started chuckling. "What a coincidence! It's my honor that you are willing to come!"
George smiled. "I've wanted to have a meal with Mr. Waydell for a long time but it's not a good thing to be disturbed by a woman, is it?"
Hunter's expression changed slightly. He looked at George unhappily.
He knew that there was no way George would eat with him for no reason. So it turned out that George was there to protect Gloria?
Hunter had spent a lot of effort, but in the end, he had to let this woman go?
How could he be willing to give up!
Gloria stood at the same spot and did not move. Her cooperation had yet to be completed, so George's behavior may make her fail.
"Does Mr. Waydell mind?" George had already picked up a pair of chopsticks.
Seeing that George was already picking up food, Gloria furrowed her brows, "George, some dishes may not be that good."
George looked at Gloria with anger!
However, he couldn't express it. He had to protect her!
He was supposed to have fun, but Jordy wanted him to deal with the trouble for Gloria!
Jordy was acting like he doesn't care about Gloria, stubborn! And Jordy asked George to protect Gloria.
Damn!
When George saw Gloria, he was full of anger!
George couldn't win Jordy in racing and lawsuit. And he was so useless in front of a woman!
Looking at the anger in George's eyes, Gloria was confused.

Chapter 317 Interested in Men?

With a smile, George said, "Miss White, you don't have to worry about it."

After that, George ate the food directly.

Hunter's face changed!

By the time Gloria tried to stop them, it was already too late.

Gloria's expression changed slightly. Just as she was about to say something, George spoke again, "Mr. Waydell, I'll say it again. Let her go. Otherwise, I'm afraid we'll have some misunderstanding in the future."

Hunter knew best if there was anything added to the dishes. Hunter saw that George was eating, he

did not dare to keep Gloria there as he was afraid that there would be trouble in the future. Hunter

quickly looked at Gloria and said, "You can leave first. We can discuss the cooperation later."

George immediately frowned. "Cooperation? What is the meaning to cooperate? You can cooperate with my family in the future, Mr. Waydell."

As George spoke, he continued to eat.

He was really hungry.

However, George did not drink. Generally speaking, the means used by people were usually adding things to the wine.

Gloria squinted her eyes and walked out of the room without saying a word.

There must be some reasons for George's appearance. Perhaps... he was to help her out of the predicament.

But she had no relationship with George at all..

After hesitating for a moment, Gloria walked out. She took out her phone and dialed Jordy's assistant's number.

Harold felt a little strange when he saw Gloria calling. However, he answered the phone and asked, "Miss White, are you looking for Mr. Collins?"

Gloria calmly replied, "Please give Jordy a call and tell him that George was drugged by philter. He may not know it, and I will send you a position later."

Harold was a little shocked, but he replied, "Okay, I'll call Mr. Collins."

Gloria left after giving her instructions.

At that moment, Jordy was still in the private room when he suddenly saw the call from Harold. He

answered it without hesitation.

"Mr. Collins, Miss White called me earlier and she said..."

Next, Harold explained everything.

Jordy immediately frowned. "I see."

After hanging up, Jordy immediately looked at Carlos.

"George is drugged. You go to help him."

Carlos's expression froze. He immediately got up and ran straight to the private room next door.

At that moment, George no longer intended to chat with Hunter. When George was about to leave, the door of their private room was suddenly opened.

Hunter was already in a bad mood. He didn't expect someone else to break in, but when he saw Carlos and Jordy, his face instantly changed...

Could it be..... did they notice something?

Carlos was a doctor!

Before Hunter could greet them, Carlos had already walked over with a gloomy face.

George was slightly confused as he looked at them, "Why are you here? Gloria has already left."

Hunter's heart skipped a beat!

Could it be?

Did Jordy ask George to come over?

They... they!

Hunter was extremely nervous, but before he could continue to think about it, Carlos

had already raised his hand and felt George's pulse. George was stunned. "It can't be, right? I only ate two mouthfuls of food." Carlos gave him a cold look and said, "Don't you know what should be eaten and what shouldn't be eaten?" If Hunter hadn't been there, Carlos would have said Gloria hadn't eaten or drunk. And it was Gloria that told Harold that George was drugged. How could George be so stupid? Carlos took back his hand and looked at Hunter with a faint smile. "What's happened? Not only do you like women, but you're also interested in men now?"

Remarriage Never And Go Away Chapter 318

Chapter 318

Chapter 318 This Is a Misunderstanding!

Hunter's eyelids twitched, and his face changed completely. He shook his head hurriedly. "No, Mr. Green, this is a misunderstanding!"

He really wanted to cry!

Everyone knew that George and the other two were as close as real brothers.

But...

The drug he added was eaten by George!

The face of George darkened. "Are you crazy? You're not even going to let go of the groceries?!"

Hunter quickly shook his head. "No... It's not like that. I..."

Jordy's face grew darker and darker.

"Damn, I've really been drugged. Where's the antidote?!" At that moment, George felt slightly hot and dry.

Hunter was about to cry...

Everyone knew what was going on and Hunter couldn't refute it at all.

Carlos casually tapped on George's body twice and made a call.

ca

Jordy slowly walked over and pulled out a chair. He sat down.

Jordy didn't say a word, but his gloomy face showed that he was in a very bad mood. It was very likely that he would lose his temper in the next moment and turn the Waydell Group bankrupt.

Carlos had obviously sensed something. He hung up and looked coldly at Hunter.

"Mr. Waydell, it's your freedom to like women, but it's not your freedom to force someone."

George recovered and he immediately glared at Hunter in anger, "Are you a fool? How dare you want to touch Gloria? Don't you know that she is now the most important person for Jordy?"

Jordy's face suddenly darkened!

But at that moment, he didn't refute.
Hunter's body trembled. He was stunned.
He looked at Jordy in disbelief, but his eyes were full of displeasure. Was... was it really like what George said?
But if that was the case, why did they divorce?
Hunter quickly shook his head and said, "No... it's a misunderstanding! It's Miss White who invited me and wanted to cooperate with me. I'm used to being here, so I booked this place with her. Maybe the waiter knows my usual habits, so he didn't say to me this time. I... I really didn't do it on purpose, Mr. Collins, please don't misunderstand me. Even if she has nothing to do with you, she is Norma. How dare I..."
George was so angry he laughed. "Who doesn't know that you're bold? How could you say you didn't do it on purpose?"
Hunter cried and explained, "I didn't, I didn't... I promise I won't! I won't ever! Mr. Collins, as long as you are willing to give me a chance and let me go, I will do anything! George, this is a misunderstanding. Please give me a chance..."
Although Hunter was lecherous, he did not dare delay. He could only explain in panic.
At that moment, Gloria had already returned. She was unsure about her cooperation with Hunter.
However, before she could think further, her cell phone rang. She frowned slightly when she saw that it was a call from Hunter's assistant. Could it be that Hunter wanted her to go back?
But the contract was still there, so she had to pick it up. "Hello."
ILL
The assistant hurriedly said, "Hello, Miss White. Mr. Waydell asked me to tell you that he is very satisfied with your plan. Next, there will be special staff members to discuss it with you. When you are free, you can ask the person in charge of the project to sign the contract with us. Mr. Waydell has no opinion on the requirements you have proposed. When do you have time?"

Chapter 319 Good Means

Gloria raised her eyebrows in surprise. She had only contacted Hunter's assistant a few times. Although the assistant had been very polite before, at that time, Gloria could feel the flattery in her voice.

What had happened between George and Hunter?

George helped her?

Gloria pursed her lips and finally replied, "Okay, I will get the staff to contact you. Let's cooperate happily."

"Happy cooperation. Miss White, do you have any other instructions?"

Instructions?

Gloria tutted.

George must have done something to get Hunter to compromise so readily. It seemed that she was going to owe him a favor.

“No more, goodbye.”

“Okay, Miss White, goodbye.”

Just like that, Gloria hung up.

Out of five contracts, she had settled two of them. Jordy would definitely not fail for Angela’s sake, and Hunter would not dare to fail either.

As for Jonathan... Gloria squinted her eyes. If he did not respond in a few days, she would call him.

Then there were two more projects to deal with.

One of the projects was to discuss with a woman.

It was said that the woman was the most patient hunter.

She was proud and aloof, but her eyes were sharp. She knew best what the market price was.

If Gloria wanted to sign the contract with her, she would have to spend a lot of effort.

Just as she was thinking about it, her cell phone suddenly rang.

Seeing that it was a call from Martha, Gloria answered it.

“Aunt, what’s the matter?”

“Gloria, your uncle has bought a villa elsewhere. We’ve checked the date and plan to move in

tomorrow. If you miss this place, you can move back.”

“I see, Aunt.”

“Gloria. Come to my house tomorrow. I will make your favorite food.”

There was ridicule in Gloria’s eyes. Martha had killed her father and robbed her father’s property. And Martha was trying to act civil with her. They are really good at performance.

Gloria didn’t want to pay too much attention to it, so she said calmly, “No need, Aunt. I have a meeting tomorrow. Maybe next time.”

“Oh, so that’s how it is. Well, after all, the company belongs to our White Family.

Although your uncle has high expectations of you, to put it bluntly, you are just a girl.

You will have to get married in the future, so you don’t have to work so hard. Or I will

feel sorry for you. You should take good care of yourself in daily life, understand?”

Gloria sneered in her heart. Claude and his daughter had been making things difficult for her to prevent her from gaining a foothold in the company.

pre

VP

Martha, on the other hand, said that she was sorry, but in reality, she was advising her not to work hard.

That was so ironic.

The family really had good means.

“I see. Thank you, Aunt.”

Sooner or later, she would take revenge for her father’s death!

None of those who plotted against her father would have a good time!

“Well, then good night. I need to clean up, so I won’t talk to you. Come and chat with me when you have time.”

“Okay.”

They said nothing more and hung up.

Gloria looked at the phone screen with her eyes full of sarcasm.

She stopped hesitating and went home.

In the blink of an eye, another two days passed.

Gloria had already sent someone to sign the contract with Hunter.

After the department members found out that Gloria had dealt with Hunter, they seemed curious.

Everyone knew what kind of person Hunter was. He signed the contract so quickly.

Could it be...

Chapter 320 Stirring up Trouble

Had Hunter slept with her?

Hunter was a sly old fox. Not only did he sleep with some girls, but he would go back on his word after sex

Many girls had been humiliated by him in vain, but they had not been able to cooperate.

But... it could not be ruled out that Hunter really liked a woman, or he liked a project and signed it.

In any case, he had never been the type to take a loss.

Even if he wanted a project, he would not sign it directly. He would take advantage of the person

first.

But Gloria...

Many people have begun to talk about it.

“Has Gloria gotten f*cked already?”

“No way, her identity is too special. Even if Hunter is bold, he wouldn’t dare to do anything to Gloria. Maybe her plan is good.”

“You must be out of your mind. This time, the manager had clearly stated that he wanted to make things difficult for Gloria. How could he possibly make things simple for Gloria? The plan might not even work, then...”

“Then maybe she had been...”

Sheila was very worried about Gloria. She looked at Gloria and said with a complicated expression, “Gloria, Hunter agreed so quickly. He... Did he already...”

Gloria smiled, “No.”

Sheila was a little surprised. “Really?”

“Yes.”

Gloria’s lips curled into a smile.

It wasn't that she hadn't seen the strange looks of the people in the company, but wasn't the time to clarify.

In fact, she didn't care about those opinions, but she was in the company now and she couldn't let that happen.

If she had a weakness, Angela would make a big deal out of nothing. At that time, everyone would think that she had sex with others and the high-level management would not vote for her.

Claude was the owner of the White Group. If she wanted to take back the White Group and torture Claude and his family, she had to follow the rules.

But...

Without expectation, before Gloria could prove it, someone had already impatiently tried to prove that she had been insulted by Hunter.

Three days later.

Angela was pushed by Brenda and arrived at Gloria's office,

In the past two days, Gloria's negative comments had increased instead of decreasing.

Of course, only Angela herself knew how much trouble she had stirred up.

Everyone was particularly curious when they saw the arrival of Angela.

Was it to clarify for Gloria? Or to punish Gloria?

Everyone was paying attention to them.

Gloria looked up and squinted her eyes slightly.

Angela looked at the crowd with a smile. "Everyone, are you free tonight? I want to hear my cousin holds a celebration party. In just a few days, she has completed two major projects."

Everyone was shocked.

"Two?"

Gloria looked at Angela in silence.

Gloria wanted to see what tricks Angela was up to.

Angela looked at everyone with a smile and said, "Yes, she also made it with the Collins Group."

Everyone was surprised. "The Collins Group?"

Everyone thought that she was most unlikely to succeed in the task of the Collis Group.

After all, Jordy was personally responsible for it.

Who would have thought...

Could it be that Jordy's grandma forced Jordy to agree?

"Yes, just two days ago. Gloria signed the agreement with Mr. Collins. At that time, I also advised Mr. Collins not to give anyone face in this matter. He said that Gloria had done a good job."

Hearing that, everyone's expression seemed to be more complicated.

Therefore, Mr. Collins signed the contract on account of Angela?

Everyone looked at Gloria with a different expression.
