

Remarriage? Never and Go Away! Chapter 5

Chapter 5 He Doesn't Know How to Cherish You!

He didn't like the watch back then and smashed it on the ground. She pieced it together with glue

It was already broken, but she didn't want to throw it away.

Jordy noticed that someone was watching him. He turned his head and looked into her indifferent eyes. He

snorted coldly and threw the watch onto the dressing table casually

"Why did you put such a broken thing here? Is my villa a junkyard?"

The corner of Gloria's mouth twitched, "Then throw it away." With that, she bypassed him to find her necklace

Jordy's pupils shrank!

She cared about this watch so much back then, but she said that as if she didn't care at all.

Right!

She didn't love him anymore!

Otherwise, how could she date other men and talk cheerfully with them?

The blue veins on his forehead stood out, and he said with a gloomy face, "Gloria! You agreed to divorce so readily because you have already hooked up with other men, right?"

Gloria smiled, "whatever you think."

With that, she went directly to the dressing table, opened the drawer and took out a necklace box. They were so close, but she didn't even look at him. She took the box and headed outside directly

Jordy turned livid with rage, and clasped her wrist, "You think you can come back and leave at will?"

Gloria couldn't shake off his hand. She looked at him with a confused face, "What the hell do you want?"

This man was simply irrational! Why didn't she find he was so moody before?

Seeing that she was still struggling, Jordy grabbed her hand tightly and said in a menacing voice, "Grandma wants to see you. Go to the old mansion with me tonight!"

Gloria frowned and looked at Jordy as if she were looking at a fool, "Mr. Collins, are you out of your mind? Even if you want to take someone there, it should be Angela."

Hearing her harsh words, Jordy looked sullen, "Grandma wants to see you! You think I want to spend time alone with you?"

Gloria snorted coldly. "In the past, when grandma wanted to see me, you always stopped her with all kinds of excuses and didn't want me to see her. Why do you have to take me to her this time?"

Jordy smiled sarcastically. "Gloria, you know how much grandma care about you in the past. How can you forget her kindness after our divorce?"

Gloria pursed her lips. In the Collins family these years, only grandma was kind to her and cared about her feelings. Grandma felt sorry for her for Jordy didn't love her and did everything she could to make it up for

her

Sometimes, grandma made her feel like she was her granddaughter. So, she could not refuse grandma's

request

"You cared about grandma so much, and you could be so indifferent to her in such a short time. Gloria, why didn't I find you are such a snob? Kick away the people who love you when they can't be used?"

"I am not that kind of person!" Gloria raised her eyes and glared at him.

Jordy snorted coldly, "Then go with me

When Gloria got in the car, she was in a mixed mood. Their failed marriage made grandma worry about them.

If she hadn't insisted on marrying Jordy...

The old mansion of the Collins family.

As soon as they entered, an excited voice came from the sofa, "Gloria, my sweetheart, oh, you are here! Come on and sit here! I was so anxious to see you. You finally came to see me!"

Gloria's eyelashes fluttered slightly, and the complicated mood in her eyes was too strong to be hidden. She forced a smile, "Grandma, I'm sorry, I was..."

Karen patted her hand kindly and said softly, "It's okay. I know what happened.'

Gloria subconsciously raised her eyes to Karen and said tentatively with a surprised look, "You... know what happened?"

No, if grandma knew they were divorced, she couldn't talk to her in this way...

Jordy also looked at Karen in surprise.

Karen glared at Jordy sulkily, looked at Gloria with heartache and said softly. Yes, this brat is really ignorant. I chose the best wife for him! But he doesn't know how to cherish you!"
