### Remarriage Never And Go Away

Chapter 571

**Chapter 571** None of Their Business

Claude was suddenly silent with a ghastly expression.

At this time, he didn't know how to respond.

Ted looked at Claude coldly. "Mr. White, the best way now is to apologize to the Collins Group with

your wife."

After he finished speaking, no one objected.

Even the people on Claude's side didn't want to help Claude anymore.

At this stage, benefits were the most important. Without benefits, Claude was nothing.

One of the shareholders, a supporter of Claude, said coldly, "If it was a small company, we wouldn't have to care about them at all, but this is Collins Group, our company's main partner and revenue

generator. If we lose them, who will want to work with us in the future? Working with us is standing against Collins Group, isn't it?"

Another guy nodded. "Yes. The Brown Group is against the Collins Group, but they are not in the business we do. Also, there is no way that the Tamah Group can work with us. At this point, what can you do other than apologies to the Collins Group?"

Claude's expression grew gloomier. He also knew this was the best way, but he had said many tough words, so the apology would make him a laughing stock.

He was getting more and more irritable, but he couldn't refute it. Now, even Claude himself knew

he was wrong, but at the time, he didn't expect Collins Group to do it.

He was even angrier now.

Moreover, he could not vent his anger.

“Mr. White, do you think an apology would make you a shame?” Yvonne continued.

There were still some people speaking for Claude. One of the shareholders immediately roared,

“Yvonne, watch your attitude!”

Yvonne laughed. “My attitude?”

The shareholder said angrily again, “Yes. Do you think Mr. White wants the company to get worse? Would you apologize or flatter them if you were him?”

Claude’s gloomy expression softened a bit, but Ted laughed. “We’re a team, so we need to consult

each other when we do anything, or the company is of no use. When something happens, your reluctance can’t be an excuse. If you do something wrong, you should be held accountable. Mr. White, do you agree?”

For a moment, Claude’s expression darkened even more.

“Mr. White, you haven’t spoken. What do you think about this?” Yvonne looked at him coldly. Many people were dissatisfied with their behavior, but because Claude was the boss, no one dared to say anything

Claude took a deep breath. This time, I’m being too careless, but I hope you could understand me, I’m a big gun in a way. The Collins family did so much to my daughter. If you were me, you’d be angry too, right?”

Claude tried to convince them with emotion.

However, this had nothing to do with them. No one would care about his family affairs, so they couldn’t put themselves in his shoes.

**Chapter 572 Core**

Ted said again, "So, Mr. White, are you going to do what we say? Now that it's happened, we have to do our best to fix it. I think you will lower your head for the company."

Claude didn't know what to say.

These people seemed to be persecuting him!

Yvonne said calmly, "It's important, and Mr. White might really be embarrassed, so I'll go to the Collins Group with him."

She seemed to be helping Claude, but in fact, she wanted to supervise Claude to avoid negotiation failure out of his pride.

After Yvonne finished speaking, everyone agreed.

Among Ted's supporters, Yvonne was the core.

Claude's supporters also didn't want Claude to change his mind. Therefore, it would be great if Yvonne, who always talked harshly, could supervise him.

Claude's expression was gloomy. "Do you have any objections?"

No one spoke.

This meant that there was no objection.

Claude resented them even more.

But he still said with a cold expression, "Then that's it. Three days later, Yvonne and I will go

there."

"Three days?" Yvonne sneered. "Mr. White, do you think it will allow us to wait three days?"

Claude was shocked

He needed to do some preparation. Besides, he had to watch how things were going. If he did this

today, he would be a total laughing stock.

Ted nodded in agreement. "That's right. Three days is too long. I think you should go to day. Yvonne can contact Collins Group for you."

Claude frowned. "You..."

Before he could finish, Ted continued in a low voice, "Mr. White, you have caused much loss to the company this time. Now, everyone in the White Group is waiting for your response. And, when seeking reconciliation with the Collins Group, we have to be humble. So don't you still think you're wrong? If the former chairman were still here, it would never be like this."

Claude was so angry he didn't know what to say

However, he always claimed that he was inferior to Gloria's father, so at this moment, he could not refute it at all!

Before, he could persuade others by self-deprecation, but now, because of his pride, he didn't know what to say.

Claude took a deep breath. At this time, he had no right to refute.

Everyone was waiting for his response.

With a blush, Claude finally said, "Yvonne, make some arrangements."

Yvonne nodded in satisfaction.

Claude needed to explain what happened.

But in order to avoid embarrassment, Claude wouldn't explain too much, so he could only do so after calming down for some days. After all, everyone was now focused on solving the problem, so no one would blame him.

At this moment, Gloria was resting in the room. Suddenly, her cell phone rang.

"Mr. Maguire."

Ted smiled softly. "Gloria, how are you now?"

"I'm fine. Don't worry about me." Gloria's voice was very soft.

Ted asked with concern, "Do you have time? I want to go to you."

"Yes, but are you busy now?"

“No. I want to tell you something about the company. Give me your address.”

“Okay, right now.” With that, Gloria sent Ted her address.

Ted smiled. “Okay. I’ll go now.”

“Ok.”

After hanging up, Gloria walked out of the room and saw Nydia get up. Obviously, she heard Gloria’s

words.

“What happened? Is my uncle coming?”

Gloria

nodded. “He wanted to visit me and tell me something about the company. *Maybe the company’s meeting ended with new decisions being made.*”

“This time, Claude may have been criticized. A chairman was criticized by all shareholders. What a bloody scene! I want to see Claude’s ghastly expression!”

Gloria just smiled. After they chatted for a while, Ted came with a lot of fruit.

amo

Nydia took it over casually with a natural gaze. “I like most of the fruit.”

Ted

laughed. “Really? I don’t know what you guys like, so I bought some at random. Gloria, do you like these?”

Gloria smiled and nodded: “Yes, but you don’t need to buy these.”

“No, I have to. You’re still recovering, so you’ll need supplements.”

They chatted for a while and sat down on the sofa. After asking about Gloria's health, Ted told her about the company.

Nydia suddenly laughed and looked at Gloria. "I didn't guess wrong, right? Claude must be criticized by everyone. Still, I don't think it's enough. Many people dare not say too much."

"Yes. After all, he's the boss. Usually, they can't say much. But this time, Claude will lose trust in the company, which is good news for us."

Gloria just smiled and said nothing.

Seeming to realize something suddenly, Nydia looked at Ted in shock. "You expected what they were thinking at first, didn't you? Did you deliberately not stop him?"

Ted raised his eyebrows and patted her on the shoulder. "I'm glad my niece got smarter."

"I'm always!" Nydia had a proud look.

Ted couldn't help laughing and looked at Gloria. "I've discussed it with them. They all want you to be chairman, so we didn't stop Claude from doing stupid things. Also, sooner or later, the Collins

Group will cancel the partnership with us, so I secretly started a company in my wife's name. It is in its infancy and cannot be separated from Collins Group for the time being."

Gloria was a little surprised. "Are you fully ready?"

Actually, she had been thinking about it recently, but it would take a lot of time to start a company on her own.

Before, it was delayed because of being married to Jordy. Now, she didn't want it to be wasted, but Mr. Maguire had done it, which helped her a lot and saved her a lot of trouble.

Ted smiled and nodded. "Of course. Now that you're back, I'll hand this company over to you."

"No. You should be the one who runs this company. And, that's not my mission at the moment."

Gloria said with carnosiness. It seemed that she really meant it Ted made the offer several times

but now found that Iorta had her point. Sole waved his proposal and nodded. "Well, you may focus on your business for now and I'll keep running the company for you."

Gloria smiled and didn't say anything more, but she appeared to be in complete command of herself. Nydia, sitting aside and staring at the two of them talking the whole time, had a look of incomprehension on her face,

Was she too simple minded to understand their conversation?

Why could Ted and Gloria be good anticipators while Nydia could only listen to them in silence in confusion?

It took Nydia a long time to figure out what the two of them were talking about. Seeing that they were still planning something, Nydia took a breath. "Hold on, so *you two* still decide to continue the cooperation with the Collins group? And you'll agree to his requirements?"

With her eyes flashing a bit, Gloria said nothing.

Ted nodded. "Yes. Now we are not strong enough to spin off the Collins Group. What they want the most now is Gloria's proposal. Only by cooperating with the Collins can we keep our company alive."

"But this... We may make a loss on the deal. We had no intention of working with Jordy before."

Ted put on a smile. "No, we won't lose anything, Claude has a bad reputation in the company. However, since he holds the shares and still is the chairman of the company, people dare not to speak anything ill of him. But now the whole incident crushed him to rock bottom and he is never as powerful as before. At the meeting today, there was only one person in his group taking his side. He is making way for Gloria."

Nydia's eyes brightened immediately!

"Are you saying that Gloria is going to be promoted soon?" Her voice was full of excitement.

"Yes." Ted smiled from ear to ear. He was happy that things finally did Gloria a good turn.

Was

Gloria turned to Ted with an apologetic look and said, "Mr. Maguire, it might harm your interests..."

Ted chuckled and replied, "Never mind. If Claude keeps running the company like this, it may go bankrupt sooner or later, Gloria, you are just like your father, yet even more capable than him. So I believe that you'll be a good leader and get the company on a better path."

Gloria's eyes flashed with some mixed feelings, but she still nodded with seriousness. "Our company will prosper someday! I promise!" Chapter 574 *Are You Afraid?*

Ted showed a relieved smiling look. "I believe in you, and so does everyone else."

Gloria gave him a faint smile.

She was happy that people had faith in her. But at the same time, she knew that she needed to take on the heavy responsibility.

"Gloria, are you... afraid?" Nydia looked at her anxiously.

Gloria smiled back at her. "No, not at all. I'll never back off. There is a long way forward."

"But... Then you'll have to work with Jordy."

Gloria pursed her lips, her eyes glinting with traces of dislike.

"It's our only chance. If I refuse him, he'll never work with us again."

Ted nodded with a smile. "Yes. Besides, this partnership will only last for one year then we can break off relations with the Collins Group. All Collins wants is your plan anyway."

Feeling a little worried, Nydia finally agreed in the end.

After sitting for a long while, Ted got up with a smile. "It's getting late. I'll go home first."

#### Chapter 575 Don't Have All Day

Ted turned to her, looking a bit puzzled. Gloria got up and said to him, "Mr. Maguire, you are a rare visitor here. Please have a meal before leaving."

"Ha, you haven't recovered yet. Maybe some other time. Your aunt is still waiting for me at home. I told her that I'll be home tonight for dinner. You two can go to my place whenever you are free."

Nydia smiled and replied, "Sure thing. We won't keep you longer. We should get together sometime."

Ted touched her head fondly. "Nydia, learn from Gloria. Don't waste your time for nothing."

"I'm really hard working now!" Nydia said in a proud voice while raising her arm to flex her muscles. "Look at my arm. I'm Gloria's bodyguard and nanny!"

Ted couldn't help breaking out into laughter and shook his head with resignation. "Way to go! I'm hitting the road. You two go to bed early."

"OK. Mr. Maguire, drive safe."

Ted didn't say anything and left.

There were only Gloria and Nydia left in the room. Nydia gazed at Gloria with her bright, innocent eyes, and said, "Congratulations, Gloria! You can finally take back the White Group!"

Gloria curved her lips into a faint smile. "Not yet. There are a lot of things waiting for me."

"Alas! What a pity that you are injured. Or I'll have you cook some good food for me, Natally, and Bryson. We can have a big celebration!"

Gloria couldn't help laughing. "Would you like some roast beef? You can cut the beef. And I can still roast it for you".

Nydia shook her head immediately.

"No, no, no... You need to have a good rest. We'll do it when you get better."

The next day.

Claude and Yvonne had left for Collins group.

Yesterday, they called Harold, who said that Jordy could only have a short meeting with them today.

In fact, Jordy dropped a hint that this was their only opportunity to seek connections with the

Collins. If they missed this chance, they would never get another one.

After arriving at the Collins Group, Claude and Yvonne waited in the reception room for a long time, but never saw Jordy. Claude turned gloomier and was on the verge of losing his temper.

Jordy used to be very respectful and polite to Claude for the sake of Angela. But now he even dared turn a cold shoulder to Claude and keep him waiting for such a long time.

Claude felt embarrassed.

*How can he be so childish and ignorant to treat me like this? What son of a bitch!*

Yvonne said nothing but cast a meaningful glance at him.

Claude seemed to calm down again. Now that the situation was getting worse, he must be here to apologize to Jordy.

Claude took a deep breath and tried to suppress his anger.

The door was finally opened after another half an hour.

The two fixed their eyes on the opened door and found Harold standing there. Smiling and nodding, Harold turned sideways, making way for Jordy. A moment later, Jordy appeared before them, his face cold and gloomy, keeping people at a distance. His strong aura even scared all Claude's anger

away.

Facing Jordy, Claude lost all his courage, let alone his arrogance at the dinner party before.

Subconsciously, Claude stood up with Yvonne, who smiled at Jordy. "Hello, Mr. Collins."

Jordy nodded slightly and sat down on the sofa. Without even shooting a glance at Claude, Jordy said in a cold voice, "I don't have all day."
