Chapter 761 The First Husband was the Best

Jordy said with a calm look, "Well, I'm going to prepare the surprise for her. Grandina, get ready and clarify it for her on Twitter."

Karen immediately nodded, "OK! Prepare It carefully! Otherwise, I'll teach you a good lesson!"

Gloria was speechless.

Jordy had finished eating. He put down his chopsticks and got up.

"No! Jordy, stop!" Gloria said anxiously, afraid that he would really go.

But Jordy didn't stop. Karen went to the bathroom and washed her hands with a smile. She sat down at the table again, "Come on, just leave him alone."

Gloria's expression became weird, and she immediately ate all the food in her plate up. Then she said, "Grandma, it's late. I have a lot of work to deal with, so I'm leaving."

Karen watched Gloria get up with a frown. She grabbed her hand quickly and said, "No, stay."

Gloria was speechless.

She seemed to be in a dilemma and hurriedly said, "Grandma, I really need to deal with some work"

Karen sighed helplessly, "Look, leave after I finish my meal, okay?"

Gloria hesitated and sat back.

Karen immediately said with a smile, "Good. Work is endless. After you get off work, you should leave your work behind. If Jordy forces you to work overtime, I'll kiss his ass!"

Gloria was speechless.

Karen had already picked up her chopsticks. She said to the servant, "Get Gloria some more rice."

Gloria was stunned slightly, "Grandma, I'm full."

“You usually eat too little, and you only had half a bowl of rice. Eat some more with me.”

The servant had brought a bowl of rice from the kitchen. He put it in front of Gloria, and then left.

Gloria looked at the big bowl of rice in front of her with a headache.

Karen said with a smile, “I know you don’t love him anymore, and your grief has turned into disappointment and despair. But if he is willing to turn over a new leaf, you should reconsider him. Jonathan is a dandy, and he’s really not suitable for you. You know. As the old going says, the first husband is the best.”

Light flickered in Gloria’s eyes. Grandma was still thinking about getting them back together.

But how could she and Jordy get back together?

She had been over him, and Jordy had never loved her.

Even if they wanted to be together again, it was for interests, which didn’t belong to her, and she didn’t care.

She definitely wouldn’t get back together with Jordy.

After dealing with the project with the Collins Group, she would never contact and see Jordy again.

Gloria kept silent with a complicated look. Karen was worried seeing this, “Are you... already in love with someone else?”

Gloria smiled and only said decisively, “Grandma, I will not remarry him.”

Karen’s look was a little complicated and she sighed helplessly, “Alas... but you should feel some things with your heart.”

Chapter 762 I Knew You Were Going to Fawn Over Her

Gloria’s eyes turned slightly, and she didn’t say anything.

She wanted to leave.

But she couldn’t Outside.

Jordy had driven out of the mansion.

But... he wasn't far from the old mansion. He just could not be seen by the people in there.

He parked the car and slowly took out a delicate blue box from the trunk.

Then he put it on the co-driver's seat and sat down on the driver's seat.

He didn't drive immediately, as if he were waiting.

And he still looked cold as usual.

His mobile phone suddenly rang, which attracted his attention. He picked it up.

"What are you doing? Come to me. Let's have fun together." George's tone was playful.

Jordy said calmly, "I'm in the middle of something."

George smiled, "What is it? I saw you get in the car but you didn't drive. What are you doing?"

Jordy was speechless.

The next moment, George said with a smile, "You finally took the initiative to pursue her. You have found that you are in love with her?"

"I never had any feelings for her." Jordy sounded very indifferent.

"Tut." George held his mobile phone, staring at the black Rolls Royce in front of him, and walked to it with great interest, "You are still denying it. If you don't like her, why did you send roses to her? Oh! It was so romantic!"

George deliberately intoned, "You want everyone to see it, so you spread flowers all over the ground, so that others didn't dare to step on it and destroy your roses. They had to wait in the hall for Gloria to show up. Then they could see your surprise for her. Wow, you did a great job."

Jordy's face suddenly darkened, "You seem to be very bored?"

"Of course not!" Then he appeared in front of the Rolls Royce driver's seat. He raised his hand and knocked on the window.

The car window slowly rolled down, and a cool handsome face appeared in front of him.

George supported himself leaning on the car window with one hand, and said with a grin, "Let's go out for some fun?"

"Why are you here?"

"I came here to deal with something. I just get it done. Why are you here?"

Then he suddenly saw the box on the co-driver's seat. He said with a surprised look, "Shoot, you've really got a surprise in your old mansion?"

He saw that trending topic.

He also heard what Jordy said to the public.

Jordy looked sullen.

He didn't say anything. His silence was obviously a yes.

George wasn't scared by the cold air around him, but he had already stepped to the co-driver's seat.

But...

When he just raised his hand and touched the door handle...

Click!

George suddenly turned sullen.

"Damn it! I just want to have a look I'm not going to break it, and you locked the door? Seriously? Open it!"

Jordy didn't respond.

George looked sullen!

He stepped to the driver's seat, as if he were going to drag Jordy out of the car, "Come on, get out of the car!"

Jordy looked calm, "I said I have something to do."

"Damn it! I knew you were going to please her! You like her but refuse to admit it. You will completely lose her soon or later!"

His words were exceptionally harsh.

Jordy looked gloomier.

Chapter 763 Jordy's Surprise (1)

George's words were like a kind of poison that could penetrate people's hearts, corroding their minds.

Jordy never felt that he liked Gloria. She was just suitable for him.

That was all.

Then he said in a deep voice, "If you are bored, pay more attention to Nydia."

"Shoot!" George was playful a moment ago. When he heard this, he looked like a freaking-out chicken.

"That's a little insensitive, don't you think?"

Jordy sneered. He ignored George and rolled up the window.

The glass kept going up, so George had to retract his arm. He said with a dark face, "Screw you! You are going to leave here like this? My car broke down! Give me a ride!"

Jordy frowned and looked irritated.

But George still saw him move his hand, and then the door was unlocked.

When he was about to go to the co-driver's seat, Jordy said in a deep voice, "Back seat."

George stopped and sat on the back seat with a sullen face.

But his eyes were still on the refined gift box on the co-driver's seat.

Knowing that Jordy would not let him touch it, he gave up and asked tentatively, "What's it? You don't know girls as I do, do you? Why don't you tell me? Maybe I can give you some advice."

Jordy started the car and ignored him.

George was eager to know what Jordy had prepared for Gloria.

But...

Jordy didn't tell anything about it to him no matter how he tried.

The Brown Group.

At the moment, Jonathan was still in the company.

He was reading a post on Twitter on his mobile phone with a deep frown.

Twitter collapsed because of the heated discussion, and the technicians worked overtime to fix it again and again. They were almost exhausted.

Jonathan saw the trending topic just after they fixed it.

Henry was standing aside with a confused look, "The onlookers don't know the inside story. The two people didn't get along, did they? In addition, Miss White helped you give a blow to the Collins Group a while ago. Why did Mr. Collins still want to be with her?"

Jonathan squinted and said with a smile, "He regretted it."

Henry looked stunned, "Well..."

Jonathan put down his mobile phone and didn't mean to call Gloria at once.

He just calmly asked, "Where are they now?"

"At the Collins family's old mansion." Henry answered truthfully, but he was worried, "If this goes on, it would be unfavorable to you."

"I know." Jonathan raised his eyes at Henry, "Here are two things I want you to do."

"Yes."

At this moment, Jordy had gone back to the old mansion with George.

George immediately extended his hand to the co-driver's seat, "Let me take this for you."

But before he could touch the box, Jordy had already picked it up.

"You cheapskate. I won't ruin it."

Jordy ignored George and got out of the car with the gift box.

George immediately followed him, murmuring something.

At the moment, Gloria was still chatting with Karen. She wanted to leave, but Karen detained her and didn't let her go.

When they were chatting, Jordy and George came in tandem.

Karen and Gloria saw the gift box in Jordy's hand.

Chapter 764 Jordy's Surprise (2)

George followed Jordy carelessly. When he saw Karen, he immediately greeted her warmly, "Hi, Mrs. Collins."

Karen then noticed him who was behind Jordy. She quickly nodded at him with a smile, "Oh, you are also here."

"Yes, I missed you. So I'm here to see you."

But after that, George felt a little embarrassed. He came here with no gifts.

Unconsciously, George looked at Jordy and saw the irony in his eyes and the disdainful smile on his lips.

George coughed and touched the tip of his nose. It was OK as long as he didn't feel embarrassed.

Karen suddenly chuckled. She didn't mind that at all, "You should have come earlier, so we could have had dinner together."

"It's all right. I'm satisfied to see you. We still have a lot of chances to have dinner together."

Gloria frowned slightly. She didn't care if George was here. She was just upset. Jordy really brought something back, and there was a monitor in the living room. She was worried that grandma would release the monitor video clip again. Then everyone would know that Jordy really prepared a surprise for her.

And grandma had made her attitude very clear. She was going to tweet the monitor video clip.

Before she could say anything, Karen had already looked at Jordy with a smile, "What are you waiting for? Give Gloria the gift!"

Jordy glanced at Gloria, walked to her and handed her the exquisite gift box.

Gloria frowned. She didn't want to touch the gift box at all. Karen went forward and grabbed her arm and brought it to the box, "Silly girl, open it and see if it's a surprise."

Then she looked at Jordy again and said suspiciously, "Did you prepare it with care?"

Karen wanted to ask Jordy if he prepared it casually. After all, he came back so quickly. She felt it was weird.

Jordy responded calmly, "Sure, I don't dare to disobey you."

Karen snorted, "Good."

Gloria was forced to take the gift box, and she still didn't want it. Karen smiled at her and said quietly, "Come on, open it. I want to know what surprise he has prepared for you."

"Yes, yes, me too!" George didn't feel embarrassed. He walked over and said this.

He had been thinking about what this gift was for a long time.

Jordy had walked to the sofa in the living room and sat down. He showed no intention of watching Gloria open the gift. He took out his mobile phone as if to deal with something while Gloria looked down at the blue exquisite gift box in her hand with a light frown. Obviously, she was torn, but she had to listen to Karen.

This gift box was neither heavy nor light.

It was rectangular, about the same size as the shoe box.

It was exquisite with a light blue ribbon tied into a bow.

Blue stripes alternated with white ones. It was neither luxurious nor simple but looked very high-end.

Gloria paused and Karen urged her again. Gloria slowly untied the ribbon on the gift box

Karen and George fixed their eyes on this gift box.

Chapter 765 Do You Think You Are Worthy of Them?

Jordy didn't seem to pay attention to them while sitting on the sofa, but he could see them from the corner of his eye.

“Come on, open it.”

Gloria removed the lid of the gift box slowly.

When she saw the thing inside, she was shocked and her eyes gradually fixed on it.

Jordy didn't say anything, but he was looking at Gloria from the corner of his eye.

As if he couldn't see her clearly, he subconsciously turned to look at her and pursed his lips tightly.

Maybe even he himself didn't know whether he was nervous at the moment.

Gloria's turned pale gradually.

Jordy was really good at this.

She never thought that he would humiliate her in such a way.

What happened two years ago appeared in her mind.

On that day, they attended the banquet together and pretended to be a sweet couple in front of others.

The high-heeled shoes she wore were very uncomfortable, and Jordy deliberately got her those low-quality shoes.

Her beautiful feet were red and swollen. Gloria took off her shoes when she was in the lounge.

When Jordy walked in, he saw Gloria's red and swollen feet. He didn't feel distressed for her, but sneered, “You can't even bear this? Are other women as fragile as you?”

Gloria slightly frowned. She pursed her lips and said softly to Jordy, “I feel uncomfortable wearing these shoes. Can you get me crystal shoes?”

Only crystal shoes could match the dress she wore that day.

Jordy suddenly sneered, “Crystal shoes?”

He said these two words ironically. Gloria suddenly turned pale, and Jordy continued, “Do you think you are worthy of them?”

Gloria turned pale instantly.

After hesitating for a moment, she bit her lip and said, "I just want to change a pair of shoes. I'm afraid my feet will hurt and I can't walk. Then you'll be embarrassed."

Jordy sneered, "Crystal shoes are noble things. Only noble people can wear them, but you are not noble at all."

Jordy turned around to leave after saying that, but when he got to the door, he suddenly stopped and said to Gloria with strong irony, "Don't covet things that you don't deserve. Remember your identity."

Jordy left after saying that. Gloria sat on the sofa, trembling uncontrollably.

Yes, she was always a clown. In Jordy's eyes, she was worthy of nothing. She was a sinner and did not deserve anything

"These shoes are really beautiful. You are so sweet." Karen was still staring at the shoes in Gloria's hands with joy. She

thought Jordy had finally done a good job, but she didn't notice Gloria's expression.

George looked away, and he was amused, "You sent shoes to a girl? Do you know what it means to give shoes to girls?"

Jordy frowned slightly.

George did not notice Karen's puzzled eyes, but he saw that Jordy wanted to know what it meant. He grinned at Jordy, "You want to know?"

Jordy kept silent with a cold face, but George opened his mouth with great interest, "I won't tell you!"

In fact, there was a rumor that if a man gave shoes to a girl, the girl would run away from the man with the shoes.

Jordy looked sullen, but the next moment he looked at Gloria, and found that something was wrong with her.

She was shaking uncontrollably.
