Chapter 771 Why Did You Have Such a Reaction?

She knew what she was.

She was suitable for being his wife, but she wasn't worthy of him.

She was no longer interested in that anymore.

George was speechless.

He thought that he was always good at comforting girls. Why did he fail today...

He forgot one thing. He was good at that because all the girls he comforted before liked him, and some of them liked his handsome face, his money or having sex with him.

So countless women would throw themselves to him after he just flirted with them and pleased them.

"Don't... be angry. I know you are unhappy now, but I think you could tell me about it, so I can help you clear the misunderstanding between you two."

"It is not necessary to do that, and there has never been any misunderstanding between me and him."

He had clearly told her that she was not worthy of those things. How could it be a misunderstanding?

George was speechless.

He suddenly felt that he was stuck for words.

He was eloquent. Few people could be as eloquent as him, but some people were more eloquent than him, such as the woman beside him.

He just felt that he couldn't bring a word out of his mouth.

It suddenly became quiet in the car.

George concentrated on driving and didn't speak.

Gloria was in no mood to speak

However, after two blocks, George's mobile phone rang.

Seeing that it was Karen, he directly put her on the speaker.

"Mrs. Collins."

Because this wasn't his car, the on-board Bluetooth was not connected.

Then Karen's worried voice came into their ears, "George, have you found Gloria?"

Gloria pursed her lips in silence.

George smiled, "Yes, you are on the speaker. You can talk to her directly."

Then he looked at Gloria, "Say something to her?"

At the moment, Jordy was still with Karen, so he could also hear them.

Karen gripped her cell phone and said anxiously, "Gloria, why did you leave suddenly? Are you feeling better? Did Jordy bully you? Tell me, and I'll back you up."

Gloria could hear the concern in Karen's voice.

||

Gloria whispered, "Grandma, I'm fine. You don't have to worry about me."

"You've never been like that before. How could I not worry about you?"

"I know... I was impulsive just now." Gloria said quietly with a complicated expression.

She really shouldn't have behaved like that in front of grandma.

But at that time, she was shaken up and couldn't control herself.

Karen hurriedly said, "I know people could be impulsive. But I'm worried about you now. You will come to see me when Jordy's not around, right? I'm flustered. Can you tell me why you had such a reaction?"

Gloria pursed her lips and said helplessly, "Grandma, it's nothing big. You don't need to worry about me. I will visit you again."

Chapter 772 She Would Force Him to Prepare It?

Jordy pursed his lips in silence.

But the cold aura around him and his cold eyes were telling others that he was in a bad mood.

Karen was even more worried, "Gloria, you..."

She only said these two words.

Gloria calmed down at this moment. She said with a smile, "Grandma, you don't have to worry about me."

"Alas, how can I not worry about you? You ran out with such a pale face. Gloria, let George take you back, okay? Jordy will leave here. Only the two of us will be at home."

Gloria whispered, "Grandma, I'm really fine, and I have work to deal with. I'll come to see you another day, okay?"

George knew that Gloria wouldn't go back in this mood. He quickly said, "Mrs. Collins, I'm taking her to her friend. She will feel much better after she sees her friend. Don't worry. I'm here. She will be okay."

Gloria pursed her lips and said nothing.

Karen sighed helplessly. She didn't expect that things would become like this.

"Alas... If I had known this earlier, I wouldn't have asked him to prepare any surprise for you. It's my fault!"

Gloria quickly said, "Grandma, don't say that. I'm fine. Don't worry about me."

"Well... that's a relief." Karen was obviously lying.

Gloria pursed her lips and didn't know what to say.

George knew that they had nothing to say, so he said with a smile, "Mrs. Collins, I'm here with her. Don't worry. I'll make sure she's okay!"

Karen knew that George couldn't bring Gloria back, so she said, "Then take care of Gloria. George, you really helped us a lot. Thank you."

"Oh, don't mention it. Don't worry. She will be fine."

"Okay, Gloria, come to see me when you are free. I'll be waiting for you at home."

The sober look in Gloria's eyes became complicated, and she did not know what to say. After a moment, she said, "OK."

Then they hung up the phone after saying something else.

George looked at Gloria and sighed helplessly, "I know you don't like Jordy and he did many stupid things to hurt you. He was a moron back then! But don't you see that he has changed? Even if he says harsh words, he doesn't mean it."

Gloria turned her head and looked to the right. They had been miles away from the Collins family's old mansion and gradually approaching the downtown area.

Looking at the pedestrians and vehicles on the road, she was calmer.

When George saw that she kept silent, he continued, "I know you're not happy, but I met Jordy on the way just now. He pulled over and seemed to be waiting. After I went to him, I saw the gift he put on the co-driver's seat for you."

Gloria's eyes froze slightly.

Jordy came back not long after he went out. So he might have prepared the gift in advance.

He knew that grandma would force him to prepare a surprise for her?

Even if she didn't mention the surprise at the table, he would try to mention it, right?

Or grandma would force him to prepare it when she saw the post on Twitter?

Chapter 773 He's Disgusting!

George continued, "I was very curious about the gift, and it wasn't sealed. I wanted to open it and see what it was, he didn't allow me to touch it at all."

but

Then George told Gloria how he tried his best to get his hands on the gift but failed in the end.

But the irony in Gloria's eyes was getting stronger.

How could he let George touch it? He wanted to show her the perfect shoes, so that she could know how unworthy she was of such a perfect thing. Otherwise, she might think she was worthy of such things even if they had a flaw.

In an instant, Gloria was in a greater fret.

“Gloria, I...” George wanted to say something else, but Gloria frowned and said in a cold voice, “Enough.”

George was speechless.

Shoot, he said the wrong thing again.

Just now she was quite calm, and would respond occasionally.

George felt helpless. He could only tell Jordy that he had done his best to help them. Whether they could be together depended on their fate.

It was quiet in the car again, and George stopped talking. He sent a message to Nydia on the way. Although Nydia did not believe it, she couldn't just ignore it. When George arrived at Gloria's home with her, Nydia was waiting for Gloria

at the door.

She walked back and forth at the door with her purse in both hands, and she looked anxious.

The Rolls Royce came over and Gloria was in the co-driver's seat. Seeing this, Nydia immediately walked up to it, and then Gloria got out of the car. Nydia looked at her with a worried look, “Gloria, are you okay?”

George was here. She didn't ask what had happened.

Gloria smiled at her, indicating that she was OK.

Then Gloria looked at George, and Nydia also looked at him.

George didn't get out of the car. He knew he would be the third wheel here, so he rolled down the window and said.

calmly, “Nydia, stay here with her tonight. I'm leaving. Bye.”

He knew that the two women didn't want to see him. After that, he closed the window and drove away.

Nydia then looked at Gloria, took her hand, and said in a soft voice, "What's the matter? What happened?"

Gloria's eyes turned slightly. She should have stopped George from contacting Nydia. When he was on his mobile

phone, she thought that he was looking for Jordy or someone else to talk to.

He told grandma that he would take her to Nydia, and she thought it was George's excuse to put grandma at ease.

She should have stopped him. Then Nydia wouldn't have to worry about her.

Gloria whispered, "I'm fine. What did George tell you?"

Nydia frowned. She was afraid that Gloria would lie to her according to her answer, so she said, "Tell me what happened."

Gloria did not want to hide it from Nydia. She took her into the villa and told her all the things that had happened.

Nydia turned angry instantly!

"What a jerk! Jordy actually did that?"

Gloria curled her lip and said nothing.

They sat on the sofa. Nydia said, gnashing her teeth, "Screw him! He's so disgusting! What a jerk! Men are all douchebags!"

Chapter 774 I Love Him So Much

Gloria was amused by her words, "No, there are good men."

Nydia sighed, "Alas, you think there are really many good men like Bryson?"

Gloria's eyes suddenly became more complicated. She pursed her lips without speaking,

Nydia saw Gloria's silent look, and immediately reacted that she shouldn't have mentioned Bryson. After all, Gloria was very guilty of him.

“All right, forget about them. Do you want to watch ‘TV?’”

Gloria nodded, “Yes.”

In fact, she was not interested in that, but Nydia was good at livening things up. Gloria felt much better.

The trending topic was still under discussion, but Twitter returned to normal after technicians fixed it several times.

Some people still got stuck when they entered it.

There were many different topics about Gloria. Some people thought that Gloria was just an ordinary person, but was more famous than those movie queens and movie kings.

Many directors hoped that Gloria could be the heroin of their movies!

She didn't need to be good at acting. She just needed to be herself in the dramas and movies they made for her.

But...

They dare not ask her if she wanted to be in showbiz. Her own identity was already daunting, not to mention that she knew Jordy and Jonathan.

Some women in showbiz were very pure, but showbiz was a big dying vat. Therefore, many people would think that the women in showbiz were unchaste.

SO... how could Jordy and Jonathan allow their women to work in such a place?

At this moment, many people were reading the trending topic.

Rachel was one of them.

She was busy all day. When she came back, she heard the servants talking about the trending topic. It seemed that it had something to do with Jordy and Gloria. She clicked into Twitter.

She thought it might be a gossip. But when she saw Jordy and Gloria interact so intimately, and Jordy took the initiative to approach Gloria, she was shocked and sad.

She gripped her phone, tightly pursed her lips in silence, and her eyes were filled with tears.

Rachel's mother, Kathy, also heard the servants talk about that, and she immediately went to Rachel's room.

She saw Rachel sitting alone on the sofa with her head down.

Rachel's tears suddenly rolled down. She immediately lifted her hand to wipe it, sniffed, and turned her head. She didn't want Kathy to see her cry.

Kathy still saw it. She walked in, closed the door, walked to her and sat down.

"I know you feel bad. Go ahead. Let it out."

These words seemed to trigger her tears. Rachel shed tears again.

Rachel took a quick breath. She didn't want to cry in front of her mom. She had to restrain herself.

She couldn't be defeated by such a thing, and she didn't believe what she had seen!

Kathy sighed, "In fact, Jordy might not be right for you. Do you have to be with him?"

Rachel sniffed and choked, "I love him so much. I can't control myself."

### **Chapter 775 What We Saw Isn't the Truth**

Kathy opened her mouth but didn't know what to say. She knew how strong her daughter was.

Her daughter could solve things calmly. Their family would be at ease if her daughter took over the family business in the future. So, she was obviously excellent and had good self-control.

But...

Jordy could affect her emotions easily.

He could always break her bottom line and make her break down.

Otherwise, her daughter would not cry. She never cried.

Kathy took Rachel's hand and snatched the phone from her hand, "Don't look at it anymore. It's enough to know it."

Rachel sat on the sofa, motionless, and let Kathy snatch her phone.

At this moment, she had controlled her tears, but she had a great heartache. Even though she did not want to believe it, she saw that Jordy took the initiative to do those things and take Gloria away. Gloria had been passive from beginning to end.

If Gloria was her rival, she could still compete with her.

But...

Gloria didn't care about Jordy at all, and Jordy took the initiative to approach her. She felt that she had been lost to Gloria completely. This wasn't the result she wanted.

But...

What could she do?

What could she do?

She didn't even have the opportunity to talk to Jordy. She didn't want to pursue him, but if she went to him for cooperation, they wouldn't have too much intersection. Neither of these two choices was good.

She really felt bad.

She didn't know what to do, but became more and more upset.

"There is something wrong with the video. They were like completing a task." Kathy looked at her daughter and said in a soft voice.

Rachel's eyelashes fluttered slightly. She saw someone saying that in the comments. She was also trying to convince herself that they were just completing a task.

But... she couldn't forget the picture of Jordy picking roses for Gloria before, and he spread the roses on the ground in front of the company.

He must have bought more roses. After all, it was a large ground.

He prepared that for Gloria himself and picked those roses for Gloria. She felt worse at the thought of that.

"Think about it. If he wasn't taking it as a task, why did they leave quickly after saying a few words? Everyone was

he was sincere. he should show his love to Gloria in front of those people to gratify her vanity. But

his attitude was perfunctory, wasn't it?"

Rachel's eyelashes fluttered, and she kept silent. The next moment, Kathy's mobile phone suddenly beeped.

Kathy took a look at the message and then handed it to Rachel, "Come on, take a look."

Rachel took it with a confused look.

When she saw the message, a surprised look flashed across her eyes. Karen forced Jordy to prepare a surprise for Gloria, and then Gloria left in despair after seeing the surprise?

"Well..."

Kathy said with a calm look, "So, what we saw is not the truth."

Rachel pursed her lips in silence, but her eyes were filled with expectation, "Really?"
