Chapter 921 I'm So Thrilled!

Jonathan smiled softly, looking at Gloria with tender eyes, as if the whole world were quiet, and he could only see her.

Gloria raised her eyes slightly and saw the love in his eyes. Then her heart trembled slightly. She had seen such a tender look in Bryson's eyes, even more than once, and she was familiar with it.

Jonathan was really good at acting.

Jonathan looked down at her, "Gloria, life is long. I have enough time to melt your heart. Thank you for giving me this opportunity."

Gloria's eyelashes quivered slightly.

"Ah! How romantic it is! Ah, Mr. Brown is so handsome! I really want to marry him! Oh! I'm so thrilled!"

"Come on, Mr. Brown won't even take a look at you."

"My God! They are romantics! When will I meet my prince charming?"

Many people were still talking about this excitedly, and they were so envious. When could they be in love with such a powerful man?

Even if the other side was far less excellent than Mr. Brown, they were willing to be with him!

While they were discussing it crazily, someone suddenly said, "Wait, they are gone. Then how should we get out of this sea of flowers?"

Many people stopped stiffly.

Right, they hadn't left the company yet!

This was the flower sea arranged by Mr. Brown. Should they leave it as it was? What should they do?

At this moment, someone rested his eyes on Ted who had just come out.

Ted smiled. Obviously, he had seen what happened.

"Mr. Maguire, how should we get out of here?"

Chapter 923 A New Identity

The look in Gloria's eyes changed slightly, but she didn't say anything.

She really didn't want to say too much in this situation. If she did, she would only feel bad in the following conversation.

The car was moving forward.

Jonathan acted as usual. He stopped talking about the topic he just mentioned but talked about something else.

Soon, they arrived at the restaurant. After ordering the food, they talked about something serious.

Jonathan never urged her. Gloria spoke whenever she wanted to. It was her freedom.

He was like that. He had a strong aura, but he could adjust it according to the situation. Sometimes, he could scare people with his aura, while he could also be an elegant gentleman like now.

Chapter 924 Jordy Was Jealous

Jonathan was rational, but he was still in a state of shock. Gloria's excellence stunned him.

He looked at her in silence as if he didn't know what to say.

If it were someone else, he might feel closer to her after knowing her new identity, but...

He felt that he was more unfamiliar with her every time he knew her new identity.

After all, she didn't want to tell him her stories, which would only build up estrangement.

Jonathan said quietly, "You want me to talk to the White Group?"

"No." Gloria took a look at him and said quietly, "I will tell the company about my new identity, and I will cooperate with your Brown Group. Moreover, I intend to take back my shares. The cooperation with you is a chip."

But Harold didn't dare to ask like that.

Jordy put down his mobile phone coldly with a loud clang.

Mr. Collins was seldom so irritable. He seldom broke things to vent his anger, unless he was... extremely furious.

Harold touched the tip of his nose. Right, Mr. Collins didn't care. He didn't smash the phone intentionally. He lowered his head and planned to wait here a little longer. If Jordy didn't want him to do other things, he could leave.

But...

He took two breaths and then suddenly heard Jordy's cold voice, "Get Gloria here and let her solve the problem in the cooperation with the White Group."

Harold was speechless. He said okay and left. He summoned up courage and called Gloria. It was better than staying with Jordy in the office. At least Miss White wouldn't roar at him.

Soon, Gloria picked the phone up.

They hoped that such famous people could appear together more often, so that they would have news to report.

It would be perfect if Jordy could be involved in this.

After they followed Jonathan to the White Group, they started to imagine what would happen and even write tomorrow's reports

Gloria got out of the car after she got to the Collins Group, and Jonathan followed her out and smiled at her, "I'll wait for you here."

Gloria immediately said, "No, just go back."

"Hmm?" Jonathan squinted, "You want Jordy to send you back?"

Gloria frowned, "No, I won't take his car. Moreover, I don't know when I can finish this. Go back."

Jonathan smiled and fixed his charming eyes on her, "Do you think I will leave?"

Chapter 927 She Only Wanted to Stay Away from Him

The air was gloomy in the office. Gloria felt uncomfortable, but she still walked to Jordy's desk, gazed at him, and asked in a flat tone, "What's wrong with the project?"

Jordy looked sullen, and he didn't even look at Gloria. He clicked the mouse with his right hand, and the computer screen that had gone out lit up again. Gloria could see the data displayed on the screen through the glass behind Jordy, but she couldn't see it clearly.

"Just come here and see it."

Jordy's voice was cold. He sat on the chair and stayed in front of the computer.

Gloria found that there was indeed a problem with the project. She frowned slightly. She had spent a lot of time studying the project, and it was operating. She would never allow anything to happen to the project!

She immediately walked to the computer, and stood on Jordy's left side. They were very close, but Gloria's all attention was on the computer.

The moment when the faint fragrance on her came into Jordy's nose, Jordy's face darkened slightly.

Gloria carefully looked at the data on the computer, but after only reading two lines, she suddenly felt an arm around her waist, and before she could struggle, she was pulled to

Gloria knew she couldn't struggle out of his arms, so she gave up. She was tired.

She looked at Jordy with disbelief. How could he say such words?

Jordy was upset under her gaze.

After a pause, she shook her head and said, "Jordy, why did you become like this?"

Jordy's eyes were filled with coldness.

"You could even compromise like this for interests? Your Collins Group is like a successful business empire, and you are still not satisfied? And you still want to control me? Jordy, where are your pride and dignity?"

Jordy just felt it was difficult to breathe.

“You think everything I do is for interests?”

Gloria immediately sneered, “You said that, didn’t you? You thought I am suitable for marriage.”

“Gloria... I know that you don’t like Jordy anymore. You are young and should remarry.”

Jordy looked sullener, and his eyes were even sterner than before. But Karen didn’t know that. She continued anxiously, “But Jonathan isn’t good enough for you.

He is a playboy. He had so many flings. I’m afraid that he is just playing with you! Gloria, you should marry someone who will love you all his life, not playboys like Jonathan.”

Although Karen hoped that Gloria could continue to be Jordy, Jordy couldn’t get Gloria back!

So she could only help Gloria choose a qualified husband in case Gloria would be deceived by some playboys.

Gloria pursed her lips and noticed that Jordy was going to fly into a rage. She whispered, “Grandma, don’t worry. That won’t happen.”

Jordy didn't let her go but looked at her coldly, "What are you up to?"

Gloria frowned and said in a deep voice, "It will not hurt you, and it has nothing to do with you."

Jordy laughed angrily, "Fine, keep it a secret. I'll see how long you can keep doing this with me."

Gloria was confused.

She immediately looked at Jordy in disbelief, "Are you serious?" He meant that if she didn't tell him, he would keep holding her like this?

Jordy didn't answer. Gloria laughed angrily, "When did you become so shameless? You are actually doing this like a rascal? Where are your pride and ego?"

Jordy sneered, "If you lay down with dogs, you get up with fleas. My pride and ego would be gone if you are around me."
