Chapter 991 Feeling Good

Gloria unconsciously bit her lips as if she could not hold back her sadness anymore. Every time she thought of her father, she found it hard to calm down because she believed that she owed him a lot. If she had not been obsessed with that undeserved man, her father would not have ended up like this. If she had paid close attention to Claude, Angela, and Martha, many things would not have developed to such a point!

The recording was continuing.

Seeing Gloria suffering from sadness, Angela finally felt a little relieved. Gloria was always leading a freewheeling life as if she did not care about anything, so Angela had never found her pain point. But now, she finally saw her sad! So, she took a shallow breath and kept staring at her, not wanting to miss the slightest bit of her emotions.

“Gloria, I didn’t plan to leave the recording to you, but I am afraid that you will be sad when you miss me. I will give this recording to your uncle. And he may give it to you when the time comes. I know if I die, you will suspect. But my health has been bad for a long time, so I can’t live a long life for sure. I have never told you about it because I don’t want you to be sad or worried. But I can’t...”

Seeing this, Nydia felt a little disgusted and couldn’t help snorting.

“Sweetheart, goodbye. I love you.”

These were his last words.

Gloria felt extremely heartbroken, but she tried her best to restrain her emotions and maintain a calm look.

Seeing Gloria keep silent for a long time, Martha hesitatingly said in a soft voice, “Gloria, I know you’re sad. And I’m sorry for your loss. But you...”

She immediately got up and walked toward Gloria with anxiety in her eyes. Seeing her holding the doorknob, she immediately grabbed her hand and said, "Gloria, where are you going? Are you going to the lavatory? You don't need so many people to accompany you there. I can go with you!"

Gloria shook her hand away and opened the door, ignoring her words.

"Gloria!!" Angela instantly widened her eyes and said with an anxious look, "You are not allowed to leave! We haven't finished talking yet! We have already played the recording for you and shown our sincerity. You must give us a clear answer!"

She almost cursed Gloria out loud because she was really mad at her. But Gloria turned a deaf ear to her words. Soon, Martha and Claude also came over. Angela held Gloria's arm tightly and didn't let her go, not caring whether people outside would hear them. After all, they were not talking about anything secret now.

Chapter 994 I Want the Truth

Martha was a little anxious and said, "What should we do?"

She had never said such words in the past because she would always try to figure out a way out of the trouble. But now, she felt helpless. She was flustered because Gloria had refused them even though they had used their last straw to clutch at. And after listening to the recording, she had become even angrier! So, Martha was at a loss for what to do next.

Angela bit her lower lip and then said, "We should not have played the recording for her!"

Claude started the car, gritted his teeth, and said, "Shut up! We've already played it for her, so there is no point talking about it now!"

Angela said with a sudden face, "I must call that mysterious person!"

Hearing this, Claude kept silent with a frown.

Although Martha did not think it was a good idea either, they seemed to have no other choice now. So, she sighed, "You can give it a try. Since she wants to use you, you must be valuable in her eyes. I don't think she will watch you die. If the White group goes bankrupt, she may suffer a loss too."

"Hello?" Angela said unwillingly, but the phone had been hung up, so she got even more anxious!

“What should I do? She insists on me telling the truth. If I refuse, she will not help us!”

Martha’s face was particularly gloomy, but she didn’t say a word. She had no idea now. Claude was driving annoyedly, and he even wished he could knock people down to vent his anger.

Angela said through gritted teeth, “What about we tell her the truth? After all, she can’t do anything to us for the time being.”

He was not lustful, but he knew every time she took the initiative to lean into his arms, she wanted to have sex. The woman closed her eyes and groaned softly, feeling satisfied with his skills.

When the man was trying to please her, she said, “Now, Angela and her parents have not surrendered to me completely. When I let them do things, they always think about their interests first and can’t seek revenge wholeheartedly. But if I refuse to help them this time, they will hate Gloria more.”

The man was a little surprised and asked, “Are you going to help them in the end?”

“I have seen the evidence submitted by Gloria. Only one person will be convicted by the court. And I guess it is Martha who will go to jail.”

Nydia and Irene in the back both leaned over and watched the codes on the screen keep changing lines.
They only felt dazzled.

"My God! I'm dizzy just looking at it! She's so awesome!" Nydia said to Irene, and she didn't dare to use
her vocal cords to make a sound for fear of delaying Gloria.

Irene nodded with admiration in her eyes.

Although she had been in contact with Gloria, it only involved legal issues. She had never known that
Gloria was the legendary hacker Black Rose.

During this period since she knew it, she had been stunned. Now, it was the first time she had seen
Gloria dealing with these things in front of her.

George was driving the car, and his gloomy face just now had completely disappeared. He was attracted
by the laptop in the hands of the woman next to him. Later, he simply found a place to stop the car.

This was a parking space on the side of the road. George said, "When we were driving on the road, the

No one spoke, acquiescing to his decision. He started the car again.

Gloria was calm as usual. Even if she didn't find anything, she didn't think it mattered.

Although this clue had never been found accurately, Gloria believed that sooner or later, she would follow Angela and find the person behind her. As long as she was not dead, the person behind Angela would be unable to hold back one day.

After all, her existence affected the person behind Angela, so he kept trying his best to get rid of her.

They did not speak again. George drove them to their home or company directly.

The last stop was Nydia.

When Nydia saw George, she somehow felt irritated and said directly, "You don't have to take me. I'll just take a taxi to the company by myself."

Controlling her like this made him feel pretty good.

“You!” Nydia took a deep breath to calm herself down and said coldly, “You bastard, even if you take me back, you won’t get anything! I would not be grateful to you!”

George snorted coldly, “When do I ever need you to thank me? Do you have the conscience?”

After saying this, George felt angry again.

Nydia was also so angry that she immediately refuted, “My conscience is never for a bastard like you!!”

George gritted his teeth and said, “Damn woman! No wonder you can’t get married!”

When he said that, he stepped on the accelerator harder, and the car accelerated significantly.

George didn’t want to keep Jordy in suspense but wanted to let Jordy know his heart through it.

Now Gloria was getting better and better. Many men were paying attention to her, eager to get close to her.

Jonathan was the first one, and there might be more young talents in the future. If Jordy didn't cherish her and was even trying to piss Gloria off, he might fail in chasing Gloria.
