Remarriage Never And Go Away Chapter 737

Suffering Wrongs

Gloria went over, smiled, and acted as if nothing had happened during the day. She seemed to be in a good mood.

The old lady smiled at Gloria but frowned at the man standing behind her. Even her smile faded a little.

She couldn't help but ask, "What brings you here again?"

There was a tinge of displeasure and resentment in her voice.

Jordy was speechless.

The smile on Grace's face became broader.

Following a glance at the man, she turned to Karen and mumbled, "I also find his presence here disturbing. Karen, why don't you drive him away?"

Karen was surprised. Gloria had never talked like this before.

She wondered if this brat had offended Gloria again.

Her face turned more livid.

“Kid, did you do anything wrong again?”

He didn't know what to say.

Without looking at him, Gloria smiled at Karen, took the latter's hand in hers, and said in a soft voice, “Karen, there is no such a thing.”

“Really?” Karen's brows were knitted together. Gloria has never talked this way. There should be something

She turned to Jordy and asked, “Did you bully her?”

Jordy narrowed his eyes and looked at Gloria. “Tell Grandma how I bullied you today.”

He said how he bullied her.

The look in Karen's eyes changed. There was something fishy about it.

She turned back to Gloria and found the latter's face flushed.

She was stunned.

Gloria gave Jordy a cold look as a warning.

He was not interested in revealing it.

Even more curious, Karen looked at her and asked, “What did he do to you?”

Gloria was lost for words.

Jordy curled his lips, but his eyes were tinted with sarcasm. If Harold were there to see it, he would have reason to believe that his boss was in a good mood.

Gloria took a breath, grabbed Karen's hand, and said in a helpless tone, "It's not like that. I'm just troubled by the gossip in the office. It's about him and me, so I kind of don't want to see him."

Jordy frowned, came up, and sat down across from them. He was pulling a long face, but his vibe didn't feel that cold.

Karen frowned at once. "People are gossiping again?"

Remarriage Never And Go Away Chapter 737

"Yeah." Gloria nodded without hesitation.

Jordy's brows were locked in a frown. In fact, he had heard some gossip in the office, but those versions might be better than those heard by Gloria.

So, did she suffer any wrongs?

While he was lost in thought, Gloria raised her eyes and smirked at him. His eyes flickered.

Karen sulked, "What did they say?"

"They said..." Gloria sighed and shook her head, "Forget it, I'd rather not tell. That would be a damper. I should just ignore it instead of getting annoyed and venting it on Jordy."

Jordy wrinkled his brows as he smelled a rat.

When Did the Discipline of the Company Become So Slack?

“Tell me! I’ll back you up! I’ll teach the guy who spread the rumor a good lesson! Nobody can slander you!” Karen’s voice was very firm, and her eyes were cold. She always looked benign and kind, but

she could actually have such a cold aura.

Gloria was a little surprised.

Maybe she had never seen grandma like this, so she didn’t expect that grandma would be so tough.

She usually just thought that grandma was the old lady of a rich family, noble and elegant.

But she... could actually be so tough.

Gloria felt warm. She was really moved by Karen’s action.

After a pause, she sighed, “Forget it, we can’t shut their mouths, so just let it be.”

“No! Tell me what was the rumor that they spread!”

Gloria’s eyes turned slightly, and she didn’t speak, as if she was torn.

Jordy looked at her. She was fishy.

She never cared about others’ opinions of her, otherwise... she wouldn’t have remained indifferent

after he had done so many things.

But Karen only wanted to stand up for Gloria. She didn't know those things but just looked at Gloria, clenching her fists, "Come on, just tell me what the hell is going on!"

Gloria hesitated for a moment and said quietly, "They said that I came to the Collins Group with a purpose. I wanted to remarry, but I wasn't worthy of the Collins family, and I was nothing in Jordy's eyes. It was all because of you that I could work here."

Karen was furious. She slapped on the tea table.

Bang!

Gloria was startled. She quickly took up Karen's hand, looked at her palm, and found it was a little red. When she opened her mouth to say something, Karen said angrily, "Nonsense! You are perfect for our Collins family! My grandson is not worthy of you! He doesn't know how to cherish you!"

Jordy was speechless.

He also glanced at Karen's palm and found it was okay. Then he remained silent.

Gloria quickly said, "Grandma, don't be angry. Many people just like gossiping."

Karen gnashed her teeth, "Come on! What else did they say?"

Gloria coughed, looked at Jordy, and said helplessly, "They thought that I came here shamelessly, and I was cocky and bossed them around in the company, and Jordy gave me some power for the sake of you. They even made a bet."

## Remarriage Never And Go Away Chapter 738

Karen bit her teeth, "Oh my god! Those sons of bitches!"

Jordy's frown deepened. When did the discipline of the company become so slack?

How come Harold never told him about the bet?

He took out his cell phone and sent a message to Harold.

Gloria lowered her eyes and said nothing.

"What bet?" Jordy looked at her and said these words calmly.

Karen raised her hand and patted her forehead, then looked at Gloria and said in a deep voice, "Oh, right, tell us what was the bet they made."

## Chapter 739 Nine Hundred and Ninety-Nine Flowers

Gloria pursed her lips and then said, "Some people said that Jordy hasn't been over me, so he let me come to the Collins Group and gave me supreme power. But some people said that Jordy didn't care about me at all and he treated me like that because of you. They argued about this."

"So? What was the bet?" Karen laughed angrily.

Gloria's eyes turned slightly, "Money, and some difficult things."

“They said that I...” Sadness crossed Gloria’s eyes, and she looked a little overwhelmed, “Sometimes I wondered if I was a failure, or maybe I shouldn’t have had a past with Jordy. Then they would not talk about me like that. Sometimes, they gossiped before me. I...”

A frustrated look clearly crossed Gloria’s eyes.

At this moment, Jordy received the reply from Harold.

Harold, [Well, I don’t know about that. I’ll send someone to check it.]

Jordy put down his mobile phone and said nothing.

Gloria pursed her lips and continued, “They said that I was an eye candy who liked to make waves. They thought that I would ruin the Collins Group

soon or later, and that I would be the sinner of the Collins Group. When someone proved that I wasn’t that kind of person, they would only sneer and turn a blind eye to it. They said that they would have had given me a hard time if it weren’t for your sake.”

“Bastards!”

Gloria smiled bitterly, “Yes, they were just some bored people. They said that Jordy didn’t care about me at all. If he did, he should pick roses for me personally.”

He should pick roses for her?

Jordy’s deep eyes suddenly rested on her face. What the hell was she up to?

Karen was also surprised, "Pick roses?"

Gloria sighed helplessly, "Yes, I was thinking that Jordy might pick some roses for me, so that I could hold my head high in front of those people. Some of them said that Jordy should pick nine hundred and ninety-nine roses for me in your backyard if he really cared about me."

Jordy suddenly showed an ironic smile.

He knew that there was no such thing.

Gloria was doing this on purpose!

She didn't mean to complain at all, nor would she

tell grandma what had happened between them.

Gloria specially told him that she would come to see grandma because she knew that he was afraid that she would make up some stories and that he would come. She was glad to see him do this. Heh.

Nine hundred and ninety-nine flowers.

She was simply dreaming.

Remarriage Never And Go Away Chapter 739

"Nine hundred and ninety-nine flowers?" Karen's eyes were filled with surprise, and she raised her voice involuntarily, as if she also thought it was something hard to do.

Gloria shook her head helplessly, "That's why I didn't want to tell you about it, and I shouldn't have taken it out on him just now. Just take it as a joke, and forget about it."

“A joke?” Karen smiled with a very expectant look, “How can it be a joke! There are so many flowers in our backyard! Jordy will pick nine hundred and ninety-nine roses for you! Gloria, you’ll record it yourself! Then you can show it to them tomorrow!”

Gloria was embarrassed. Jordy looked so sullen. She said awkwardly, “Ah? I don’t think it’s a good idea.”

### **Chapter 740 Will You Go or Not?**

Jordy laughed with anger, “Really?”

Wasn’t this what she wanted?

She came here for it, didn’t she?

Gloria rested her eyes on Jordy’s face. She didn’t feel embarrassed but nodded to him naturally.

“You think it’s a good idea? How could you pocket your pride and pick nine hundred and ninety-nine roses for me? You are not willing to pick one or two for me. How could you pick so many?”

Jordy laughed angrily at Gloria’s words, gashing his teeth.

“No. It’s just nine hundred and ninety-nine roses! He could do that. Take it as exercise, you brat! Go and pick them now!”

Gloria bowed her head slightly and did not say anything else. She came here for this. Since Jordy made her suffer, he must bear the consequences.

Jordy looked more and more sullen. He didn't say anything or mean to pick roses.

Karen turned sullen at the sight of this, "What do you mean? You don't want to do that? Wouldn't you feel guilty for getting Gloria slandered like that?"

Jordy looked extremely sullen, "She was lying. She made up those stories."

"Oh, save it. Don't argue! How could she lie? She had been suffering over the years. You should do this even if for compensation!" Karen insisted. If Jordy didn't pick roses, she would never let the matter go.

And she didn't believe every word he said.

Jordy was speechless.

A trace of sarcasm flashed across Gloria's eyes, but she felt very warm. grandma was helping her all the time. How could she not be grateful?

As for Jordy, he was helpless.

But before he could say anything, Gloria looked at Karen and said with a smile.

"Grandma, forget about it. Jordy doesn't want to do that, and I can't make it hard for him, can I? I don't care how the people in the company will slander me. They talk about me, which means I'll still be useful. Useless people couldn't even get a chance to be talked about." Gloria had a sad smile on her face.

It was pitiful.

Karen quickly grabbed Gloria's hand, and sounded more determined than before.

"No, you must do it! You brat, are you going to it or

not?" Karen looked at Jordy with red eyes. Gloria didn't know whether it was because of anger or determination.

Jordy froze slightly. Once grandma had such a look, it meant that she wouldn't give up. If he did not do it, she would fall ill with anger.

Jordy glanced at Gloria with fierce eyes. Even if he didn't say a word, Gloria understood what he meant.

Jordy must be saying, are yo Remarriage Never And Go Away Chapter 740u satisfied now?

Gloria smiled at him, "No, just forget about it. I won't force you to do anything you don't like."

"Really?" Jordy suddenly smiled, but the coldness in his eyes was about to spill and almost froze the whole villa.

He sounded like asking her, but if one listened to his voice carefully, he could find the blades in his words.

Gloria was fearless and nodded calmly.

"Yes."

"Come on!" Karen sounded discontented. She looked at Jordy with firm eyes and said in a threatening tone, "One last time. Will you go or not?"

## **Chapter 741 He Deserves It!**

Jordy was speechless. He didn't want to say anything.

But grandma insisted on it. If he said no, she might feel uncomfortable the next moment.

Gloria pretended to speak, but Karen stopped her.

"No. I only want him to make the decision. Will you go or not?"

Karen looked at Jordy again.

Jordy pulled his tie irritably. Gloria's eyes turned slightly at the sight of this, because she suddenly remembered the scene that Jordy pulled his tie in his office.

She looked away quickly, as if she dared not look at him anymore.

Then Jordy's fretful and helpless voice came to her ears, "Fine, I'll do it."

Gloria looked at Jordy. Although her eyes were calm, the sarcasm and the pride in them were obvious.

Jordy's face darkened.

Karen was instantly satisfied. She pulled Gloria to get up and walked outside. When she passed by Jordy, she grabbed his hand, "Go to the backyard now! Gloria, you'll record it yourself!"

Jordy had to stand up. Although he could easily shake off Karen's hand, he was afraid that she would fall down.

He looked away and saw Gloria looking at him with a triumphant smile.

Jordy gnashed his teeth. Good! Good for you!

Gloria naturally knew that he was mad, but he should be punished for what he did to her! He deserved it! He asked for it!

Led by Karen, both of them came to the flower sea in the backyard.

The roses were so brilliant that people couldn't even take their eyes off them, and each flower was carefully raised by the servants here. They looked more perfect than those in the flower shop.

Gloria just stood where she was and didn't mean to take her mobile phone to record it. Karen immediately said to her with a confused look, "Come on, film it. If you don't do that, how could you prove that they were wrong? You need to play it in front of the people in the company."

Karen helped Gloria again and again, and she had a plan. If Gloria and Jordy kept being entangled, they might have a chance to get back together.

She couldn't wait to ask Jordy to pick flowers.

Gloria hurriedly nodded and took out her mobile phone from her purse.

"OK, I'll start recording it."

In fact, she just wanted to punish Jordy, but if she didn't do this, grandma would have doubts.

Jordy stood where he was and didn't mean to move.

Karen walked up to him and punched him in the chest.

"Come on, go and pick those roses! You want me to help you with this?"

Jordy was speechless.

Gloria couldn't help laughing. She had obediently unlocked her mobile phone and clicked into the video recording function. She clicked on her phone and it started recording the scene.

Gloria's smile widened. You jerk. You asked for this!

She was going to watch Jordy pick nine hundred and ninety-nine roses and let him know what would happen if he pissed her off!

### **Remarriage Never And Go Away Chapter 742 I Will Watch Him Pick Them!**

Jordy didn't want to pick roses at all, but Karen urged him again and again. He had no choice but to walk forward.

He bent slightly and picked a rose with his slender fingers.

Karen felt much better and said happily, "Come on, good boy. You only have nine hundred and ninety-eight flowers to pick now!"

Jordy was speechless.

So was Gloria.

Her hand held the mobile phone shook, and she couldn't help laughing.

Grandma was so humorous.

Jordy had no other choices but continued to pick.

One, two, three, four...

Time was passing, and Jordy was still picking those roses. Although it was dark, the lights illuminated the whole backyard, and they could see every corner of it clearly.

Gloria felt a little tired holding her cell phone.

Jordy picked about three hundred flowers without sweating. His breathing was still even, and he did not look tired.

She turned her head and looked around. Then she went to the stone table and put her mobile phone on its side on the table. It was facing in the direction of Jordy. She didn't need to move it during the time when Jordy picked another two hundred roses.

Karen stared at Jordy and kept cheering on him, but Jordy was only pissed off by what she said. Gloria laughed.

She burst into laughter after hearing what Karen said next.

“Good boy, you are much faster than your grandpa.

When your grandpa pursued me, he complained

while picking flowers slowly for me. You are much more sincere than him.”

Gloria could not hide the smile in her eyes.

Her trick was perfect.

When Jordy turned his head with a dark face, he suddenly fixed his eyes on Gloria’s beautiful face.

It was the first time he had seen her smile so innocently.

The next moment, Jordy looked away with a sullen look. She did such an evil thing and forced him to pick flowers here, but she could actually smile so innocently. Damn woman!

Jordy bit his teeth and suppressed his anger.

He couldn’t embarrass Gloria in front of grandma, not for Gloria’s sake, but to keep grandma from worrying.

Remarriage Never And Go Away Chapter 742

Then he continued to pick roses.

Roses piled up on the table beside.

In fact, even if Jordy did the manual labor that he had never done before, people wouldn't think he was a boor.

Gloria turned to Karen, "Grandma, you must be tired. Why don't you go back for a rest?"

"No! I'll watch him finish picking the roses! He owes you! It's nothing hard to pick nine hundred and ninety-nine roses! It can't even make up for one ten thousandths of what he owes to you!"

Gloria couldn't help laughing, "Grandma, you don't need to do this. There is a monitor here. You can check the monitor video clip. Moreover, I have been recording it all the time."

Karen said in a deep voice, "No! I can't go! I'll watch him pick all the roses!"

Jordy's face was darker, but he didn't say anything.
