

SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 3 TO STUDY WELL

She, Shi Qi, was reborn at the age of twenty-three when she attended a high school classmate party and had a car accident.

"Classmate?"

"Classmate? Are you okay?"

Shi Qi looked up and met the impressionable class president from Wenliang's caring gaze.

"I'm fine." She propped herself up on the floor and stood up.

The teacher next to her looked at her hand and frowned, "Classmate, take her to the infirmary for treatment."

For a moment, Shi Qi couldn't digest what was happening to her now, but at that moment, she finally heard Si Eucalyptus' voice on the stage.

On this day, it was the opening ceremony of the first year of high school.

On the stage, it was Si Eucalyptus who was speaking as the representative of the new students.

In the infirmary, the school doctor was also the gentle, somewhat heroic-looking Dr. Lin she remembered.

According to what she heard at the class reunion that day, this school doctor later married a math teacher who taught the senior class.

"Classmate, you look as if you are not in good spirits, and today is also a variety of meetings, or I will help you take a leave of absence?" Wen Congliang asked caringly.

Time Qi hesitated for a moment or nodded, she now needed some time to digest what had happened to her.

When she returned home, she rushed into the bathroom, washed her face and stared at herself in the mirror, her tender face, full of collagen...

Pinching her face, Shi Qi sighed, how so tender, look how good this skin is!

"This is youth..."

I'm not sure what I was thinking before, but I let my hair go because of the TV show's phrase, "the body's hair and skin is the parent"...

The first thing you need to do is to take a look at your face, your big eyes are moist, your tiny red lips are delicate, and your hair is completely ruined by this.

Her eyes stopped at the glasses on the sink, well, and these glasses.

The actual fact is that you can find a lot of people who have been in the market for a long time, and you can't even find a lot of people who have been in the market for a long time.

When the mother of the former is also a few years of fire actor, holding the old capital opened a small company, although not very rich, but the mother of the time to the time seven prepared, but also enough for her to mix food and drink to graduate from college.

In the words of his mother, when you graduate from college, you starve to death or whatever, it has nothing to do with me.

But what she didn't expect was that Shi Qi got into the film school and eventually took the road of acting...

When Qi retracted his thoughts, grabbed a few hundred dollars and ran out of the house.

The things that happened before are the things that happened before.

What happens in the future, is what happens in the future.

Now that she is back in high school, she is going to be a brand-new version of herself.

Study hard and get better every day!

Yes...and Si Eucalyptus.

After she transferred to another school, Xu Future and Zhou Yi said those, and the day of the party, classmates mentioned the past, Si Eucalyptus's default...

The long-silent little heart of Shi Qi was beating wildly...

At this moment, she wanted to look up to the sky and laugh, the ancients did not deceive me, kindness is good reward.

The Lord must have heard her heart and sent her back to high school.

This time, she must study well every day and get into the same university as him.

Then tell him that she likes him too.

The first thing you need to do is to try to be as radiant as Si Eucalyptus, and stand on the altar of God with him.

The corners of Timothy's lips hooked up slightly and he took a step into the barber store...

"Hey yo yo, your hair is really a bit difficult to get."

When Qi looked at the barber through the mirror, "Is it possible to get it or not?"

"Of course I can, in my hands as Tony with such deep hairdressing experience, I guarantee to make you a new look!" The barber smiled and narrowed his eyes.

The little girl in front of me, obviously her features are quite good, her skin is also quite good, why does she look like this, well, the hair is not very good...

And the glasses.

When Dicky yawned, lazily squinted his eyes, "Then you get it, call me when you're done with the potion to wash your hair, I'll take a nap..."

She has been in a daze all morning, and now when she sits down, she can't help but want to sleep.
