

God Of Medicine 131

The God Of Medicine Son-in-law Chapter 131

Suddenly, a big hole opened in the belly of the fish man monster.

It can be seen that all kinds of organs are wriggling.

The fish man monster still shouted in the direction of Xiao Chen, as if to swallow him.

The armour sent out several lasers again, directly beating the fishman to the tail, and all other parts were broken down.

But the tail was still like a living creature, constantly swinging on the ground.

Then the armored man flew over and cut a small part of his tail directly and held it directly in his hand.

“Who are you?” Xiao Chen stood not far away asking questions.

But Zhan Jia seemed to not understand his language at all, but he gave Xiao Chen a gesture.

Xiao Chen didn't understand. But then the armor flew away.

Only the remaining half of the Merman monster's tail is left.

“Young sect leader, how's it going?”

Behind you. Ning Wangshu's voice came.

Xiao Chen shook his head. He didn't know where the fish man monster came from, but it didn't look like a creature on earth.

“That monster was destroyed by you?” Ning Wangshu asked.

Xiao Chen shook her head and said:

“It wasn’t me. It was a man in armor who suddenly appeared and destroyed it.”

“Battle armor?” Ning Wangshu was a little surprised. It seemed that he had heard about it for the first time.

“In addition to this high-tech organization, there are many other dangerous organizations in the world.” Xiao Chen began to explain.

“What? God? What’s that?” Ning Wangshu asked in surprise.

“If we must define God, it is another life form. You said that you can become a god of medicine by practicing disease Qi to the extreme. That should be similar.” Xiao Chen thought and said.

“The God of medicine just exists in the legend. After so many years, I have never seen anyone succeed in cultivation. Although you have this talent, young sect leader, whether you can succeed in cultivation depends on a lot of things, but you say that there is a real God in the world now, which is too shocking!” Ning Wangshu was still shocked to hear about the existence of God.

“In fact, I was also a God.” Xiao Chen said faintly.

“What did you say? You used to be?” Ning Wangshu was even more surprised.

In his eyes, Xiao Chen is already a great man now. Unexpectedly, he was once a God.

“Yes, I was the leader of the organization I mentioned earlier.” Having said that, Xiao Chen simply told Ning Wangshu about the extermination organization.

“Do you mean that the task you accepted at that time was to kill the gods of all countries in the world?” Ning Wangshu seems unable to close his mouth after hearing these things.

“Yes, until one day my power disappeared. So our whole organization is now in a dilemma.” Xiao Chen said, a little dejected.

“Disappear? Why? Isn't your strength still so strong? And your cultivation has reached this level.” Ning Wangshu was puzzled when he heard that Xiao Chen's strength had disappeared.

“To this extent, in front of my original strength, it's not even as good as mole ants.” Xiao Chen sighed.

“Hiss -“

Ning Wangshu took a breath of cool air, how powerful it is.

However, the existence of God is really beyond the imagination of ordinary people. Even medical practitioners may not be able to imagine what that level should be like.

“Well, don't say that. It's all in the past. Now the fish man monster suddenly appears. I always feel something wrong.” Xiao Chen then looked at the tail of the fishman monster left on the ground.

The man in the armour seemed to stay on purpose. There was the last gesture. He didn't understand what it meant.

So Xiao Chen called ah Ling first and asked her to come to the East China Sea to take the fish man monster's tail back for inspection.

After a while, ah Ling came to the seaside in her last spaceship. Received the tail directly into the ship.

Originally, Xiao Chen wanted to talk to ah Ling, but somehow she took away the tail of the fish man monster and left immediately.

See her as usual. Xiao Chen immediately felt relieved.

Then Xiao Chen planned to go to the Eyu sect first and find the legendary female leader. Now about the fish man monster, Xiao Chen estimated that his ability was really not enough.

Or first solve what you can solve.

Just as they were about to leave, Ren Yajun suddenly called again and informed Ning Wangshu to go to the hospital first.

Xiao Chen and Ning Wangshu thought it was Ren Aoguang. What happened there, so they hurried over.

When he came to the hospital, he saw Ren Yajun sitting in front of Ren Aoguang's hospital bed, cutting apples for him.

Seeing that Ren Aoguang had no accident, they both breathed a sigh of relief.

Ren Yajun greeted them with a smile.

She doesn't know Xiao Chen anymore.

Now that she knew Xiao Chen, she had an inexplicable feeling.

Ren Aoguang saw them coming and sat up quickly.

"Dad, you'd better lie down. Your body is still very weak." Ren Yajun looked at him with great concern and said.

"Nothing." Ren Aoguang's voice was a little hoarse, obviously because he had just recovered from his serious illness and was still very weak.

“Two. Please sit down!” Ren Aoguang motioned Xiao Chen to sit down.

Ren Yajun hurriedly took the stool on the side.

Seeing Xiao Chen sitting down, she sat beside Xiao Chen.

Xiao Chen didn't care so much. He was more concerned about what Ren Aoguang would say next.

“I'm sorry to let you two come to see my patient in your busy schedule.” Ren Aoguang is obviously a little guilty.

“Well, uncle Ren, you don't have to be polite to us. Please talk about business.” Xiao Chen obviously didn't like his politeness and wanted to cut into the subject directly.

“Yes, just get down to business.” Ning Wangshu also nodded.

He nodded proudly.

“In fact, I was ready for this. I just didn't know it would be here. I thought I was dead. Unexpectedly, I met doctor Xiao Chen and pulled me back.”

Then he paused and continued:

“I want you to come here today to tell you one of my biggest secrets.”

Then he looked at Ren Yajun and said, “Yajun, you should listen carefully. This is about you.”

Ren Yajun was still staring at Xiao Chen. Hearing Ren Aoguang's voice, he quickly turned back and promised:

“Oh, good.”

The God Of Medicine Son-in-law Chapter 132

“Twenty two years ago, my wife and I had a quarrel because we couldn’t conceive a child. That night, there was a thunderstorm and heavy rain outside. Suddenly, there was a quick knock on the door. I opened the door and saw a baby girl lying on the ground.”

Speaking of this, Ren Aoguang took a deep look at Ren Yajun.

Ren Yajun was still thinking about how to let Xiao Chen stay and have a chat with her later. Hearing this, he suddenly looked at Ren Aoguang.

“I fell in love with my wife very much, and I didn’t want to break up our relationship because of the child, so I took the abandoned baby girl and raised her later.” Ren Aoguang coughed twice.

Ren Yajun hurriedly went up and patted him on the back.

“Yajun. You have grown up now. When you were a child, your mother and I have always spoiled you. Now I tell you the truth. I hope you will be more careful in the future and don’t mess with people you shouldn’t mess with.” Ren Aoguang grabbed her hand.

Ren Yajun held back his tears and choked out a few words: “I know, Dad.”

But Xiao Chen and Ning Wangshu on one side didn’t catch a cold about the family affair between them, although their faces didn’t change.

But Ning Wangshu still cast his eyes out of the window.

Ren Aoguang also knew that what he said now had nothing to do with Xiao Chen and Ning Wangshu. He hurriedly continued: "next is the focus on this matter. In fact, I found out the true identity of Yajun as early as five years ago, and her mother is now in this world."

Then Ning Wangshu turned his attention to Ren Aoguang.

"Her biological mother's identity is quite mysterious in my investigation, and my wife was poisoned by Yajun's biological mother before. The method is similar to this one. At that time, I haven't met Dr. Ning and Dr. Xiao Chen, so this time I was saved by Dr. Xiao Chen, and I'm going to tell you about it." The more Ren Aoguang said, the lower his voice was.

"Why, how? Didn't you say mom died in a car accident?" Ren Yajun immediately knelt down on the ground.

"Silly boy, you were in the critical period of college entrance examination. If you learned the complete truth of the matter, you might not have any mind at all. Moreover, Wan'er asked me not to say before she died. In fact, I am against her will to say it now. However, I still hope the two miracle doctors will pay attention to this matter."

Ren Aoguang said and looked at Xiao Chen and Ning Wangshu.

They both nodded, and Xiao Chen said, "don't worry, uncle Ren. We are also preparing to investigate this matter."

"That's great. I have some information about Yajun's biological mother. I'll ask my housekeeper to bring it at that time. I hope I can provide you with some help." Then Ren Aoguang coughed again.

"OK, when can we get this information?" Xiao Chen stood up after listening.

"Soon. I've sent someone to pick it up. It should be here soon. But there's one more thing for you." Ren Aoguang raised his hand slightly.

Ren Yajun quickly caught his hand.

“Although Yajun’s biological mother is guilty, she gave our family hope. If I choose again, I will still adopt Yajun, so I hope you won’t kill her.”

After listening, they both nodded.

Then an old man in Tang costume came to the ward.

In his hand, he is holding a piece of white paper, which is obviously the information about Ren Yajun’s biological mother.

Xiao Chen and Ning Wangshu took the information and read it again.

It also mentioned a mysterious mountain gate, but I don’t know what sect it is.

It seems that it should be the Eyu sect.

At the same time, the above report also shows that the last death of Ren Aoguang’s wife was also related to a mysterious poison.

After reading carefully, Xiao Chen found that it was really the ingredient of Zhu Yinghua.

As for the mysterious Ren Yajun’s biological mother, there is still very little information.

However, there is a more practical and reliable clue, so that you won’t know which direction to ask in the sect at that time.

“Now that we have the information, we’ll leave first.” Xiao Chen said and retreated out with Ning Wangshu.

Seeing that Xiao Chen was leaving, Ren Yajun began to come to the door and said goodbye: “doctor Xiao Chen, you must be careful!”

Xiao Chen compared her thumb with her back.

All this was seen by Ren Aoguang.

So he said to Ren Yajun lightly, “Yajun, doctor Xiao Chen is not someone we can climb up. Besides, people already have a family, so you’d better not have too many ideas.”

Ren Yajun shook his head and said, “these are the opinions of outsiders. I just appreciate him. I’ll try anyway.”

Ren Aoguang could only sigh slightly.

Xiao Chen and Ning Wangshu are driving to Eyu gate.

Ning Wangshu couldn’t help asking, “young sect leader, what if Ren Yajun’s biological mother would rather die than come out with us?”

“We’ll talk about this at that time. In fact, I don’t think it’s a pity to destroy a sect like them.” Xiao Chen’s voice has no feelings.

“Young sect leader, I’m afraid it’s still a little inappropriate. After all, it’s also one of the five major sects. It’s morally unreasonable for us to kill the door directly.” Ning Wangshu was a little embarrassed.

He didn’t expect Xiao Chen to suddenly become so cold and fierce, but he didn’t dare to oppose him for a moment.

In fact, Xiao Chen had no feeling at all. Even after listening to Ren Aoguang, he didn’t have much ideas.

But the information mentioned that this sect once dealt with other people.

Xiao Chen remembered that when he first went out for training, his physique had not fully awakened at that time, and he was just struggling in some small villages with a little knowledge of medical skills.

But there was a village that treated him very well. Overnight, the whole village suddenly got a strange disease and then died one after another.

At that time, Xiao Chen awakened a trace of the power of the God of war to avoid its difficulty.

Afterwards, I heard that there was a problem with the well water in that village, which was purified and solved after many years.

Xiao Chen kept that poison firmly in mind. The name of the poison also appeared on the data, which was also about the means used by Eyu sect.

In Xiao Chen's opinion, there is no need for this sect to exist.

For whatever reason, he killed people in a village directly for his own purpose.

The God Of Medicine Son-in-law Chapter 133

For anyone, it is an unforgivable sin.

Although medical practitioners are a group of people who can completely break away from the secular life.

However, in Xiao Chen's view, this practice of treating other people's lives like grass is a capital crime.

Thinking like this, Xiao Chen's feet accelerated again, and BMW sped away towards the mountain range where e Yumen is located.

Came to the foot of the mountain. Xiao Chen and Ning Wangshu immediately felt a unique breath of medical cultivation.

Obviously, there must be a medical school on the mountain.

So they directly carried the Qi in their bodies and flew up.

Soon I saw the part near the peak. There are all kinds of buildings standing in disorder.

It looks antique and has an ancient style.

But at this time, two women directly stopped in front of them.

“Who are you? Do you know this is the important place of Eyu sect? Get back quickly!” One of the young women snapped.

Xiao Chen raised her eyes slightly. Their accomplishments were just doctor three and doctor five. He was so disrespectful to their two predecessors with advanced cultivation.

The momentum of the body rose abruptly, and the huge pressure directly pressed on the two people.

The two of them were immediately difficult to parry and were about to fall from the air.

“Who dares to be presumptuous outside the gate of Eyu!” Behind him was another scream.

An iron whip came straight at Xiao Chen and Ning Wangshu.

Xiao Chen just pointed faintly, and the iron whip stayed in the air and couldn't move.

And its owner roared fiercely, “you dare to go wild outside the Eyu sect. When our ancestors come out, you will die!”

“Noisy!” Xiao Chen’s eyes were suddenly cold, and his sick Qi was flowing, which directly shook all the three women away in the air.

The three people immediately screamed. Just as they were about to fall to the ground, a force suddenly appeared to lift the three people up.

“Lao Zu!” The three quickly saluted respectfully.

“You two, we never know each other. Why do you want to make trouble outside our Eyu Mountain Gate?” A crisp voice came.

It makes people feel as refreshing as drinking manna.

“We are members of the medical immortal sect. This is our sect leader Xiao Chen. Please show up!” Ning wangshulang said.

His voice seemed to reverberate all over the mountain.

“Oh? Medical immortal gate?” The crisp voice seemed a little surprised.

Then a red streamer flickered, and a woman wearing a light pink ancient dress appeared in front of them.

A pair of white cloud silk embroidered shoes outline the perfect and slender leg curve. The concave convex figure and crystal white skin are looming in the gauze clothes, and the peerless face is like an angel. A little vermilion embellishment makes it even more wonderful.

Xiao Chen’s mind suddenly thought of what the poem described:

She walks softly, her beauty and charm so unrivalled.

That's what this woman looks like now.

Even an old man like Ning Wangshu was stunned.

Xiao Chen responded quickly and said, "I've heard that the leader of the Yu sect has great demeanor. When I see him today, it's really more beautiful than the legend."

Han Yiqiao smiled faintly: "the sect leader praised me wrongly. I'm just a flower in the world."

"Han sect leader is too self deprecating. No, Xiao came here today and wanted to ask Han sect leader for some advice." Xiao Chen still didn't forget his purpose.

Ning Wangshu also took back his eyes and came to Xiao Chen.

"This is not a place to talk. If you two appreciate it, why don't you come with me to the hall for a chat?" Han Yiqiao threw a wink at Xiao Chen.

I felt a tingle on my scalp. But the thought that this woman may be an old monster who has lived for hundreds of years calmed down again.

"Then I'd like you to lead the way." Xiao Chen arched his hand slightly.

Then they came to the main hall of Eyu gate.

Han Yiqiao sat opposite the two and said softly:

"What's the matter with you two coming all the way to visit my little sect?"

“For poisoning.” Xiao Chen came straight to the point.

“Poison?” Han Yiqiao’s look changed slightly, but there was still no change in the movement of his hand. He picked up the tea cup and took a sip.

Then she looked at Xiao Chen and Ning Wangshu and said:

“Why don’t you two try the most authentic spring water and tea on Mount Emei?”

“I’m sorry. Sect leader Han, we’re here to investigate today. As for tea drinking, our sect leader still hopes that after the matter is clear, we can drink such good tea again.” Ning Wangshu said calmly.

“I don’t know what you suspect is related to the poison in our door?” Han Yiqiao corrects his own color way.

“Does the Han sect leader know Zhu Yinghua?” Xiao Chen directly said the name of the poison, which was the poison in Ren Aoguang.

“Of course I know. This is the unique poison of our Eyu sect.” Han Yiqiao didn’t hide it.

“That’s easier. It seems that some of your disciples have used this poison in the secular world recently, and it’s not just once.” Xiao Chen said, his face cold.

“You two shouldn’t come to me for such a thing. You should find the rebel who stole the poison of our sect.” Han Yiqiao is obviously a little unhappy.

“What? Treason?” Ning Wangshu was surprised.

Xiao Chen was very calm and said, “since the sect leader said it was treason, we might as well tell us her name and birth. We didn’t make this trip in vain.”

“I know the name, Wang Cuilan. As for birth, we don’t look at these when recruiting disciples. We only look at our qualifications. Those who can pass our selection are our disciples.” Han Yiqiao played with the lid of the tea cup in his hand.

“Then please show me the notice of chasing and killing rebels. I want to confirm it.” Xiao Chen held his head with one hand.

“Notice? The whole sect knows that she is rebellious. You can ask my disciples at will. Even if I post the notice, no one will see it.” Han Yiqiao looked a little lazy, obviously thinking that these things are small things.

There’s nothing to take care of.

“Oh? But I’ve heard that our leader Han does everything himself. If there is a rebellion in the door, I don’t think leader Han will sit here and drink tea with us.” Xiao Chen said and put his hand on the tea table.

“Xiaochen sect leader, you seem to be interested in Yiqiao. I think you are still young, but your cultivation is so high, and you are also the head of the sect. Since you want to know more, why don’t you stay in our sect for a few days? I’ll tell you well.”

Han Yiqiao said and threw some eyes at Xiao Chen.

The God Of Medicine Son-in-law Chapter 134

But Xiao Chen was obviously immune to her attack, and Xiao Chen had already seen that Han Yiqiao was shielding Wang Cuilan.

Although the name is correct, her meaning is clearly not in line with what is described in the information from the investigation.

Han Yiqiao described in the investigation is a very stingy person, let alone a traitor in the sect. Even if anyone wants to take advantage of any disciple of their sect, it is estimated that she will not let go.

It is estimated that there is another plot to deal with Xiao Chen here.

However, according to the truth, she doesn't know the details of Xiao Chen and Ning Wangshu. She shouldn't play any tricks.

"Han sect leader, please don't go around with us any more. This matter is very important, so please be sure to hand over your disciples." Xiao Chen slightly sat upright and said.

"Doesn't sect leader Xiao Chen believe me? As I said, this is really a rebel in our sect. If you want to find it, find it yourself. She's not one of our sect for a long time."

Han Yiqiao's face became cold.

"Since sect leader Han still wants to hide, why don't you let Xiao explore this sect?" Xiao Chen's face was full of confidence.

Han Yiqiao heard him say so and immediately became interested.

"OK, sect leader Xiao, clear your bowels. I, Han Yiqiao, make an oath here. If sect leader Xiao can find the one you are looking for in our sect, you can handle the next thing, but if you can't find it."

Han Yiqiao said with a smile, and came to Xiao Chen.

"Master Xiao, then you have to promise me a request. What do you think?"

Ning Wangshu was furious: "our sect leader is just doing things impartially. You should have made such a rude request!"

"Grandpa Wangshu, don't worry." Xiao Chen looked at Han Yiqiao and said, "tell me, what are your requirements?"

Han Yiqiao wants to sit on Xiao Chen's leg, but Xiao Chen reacts quickly and immediately avoids and stands aside.

But I still smelled a gust of fragrance.

However, he was not intoxicated at all. Instead, the disease gas in his body kept running, and a black sweat came out of his palm.

Obviously, Han Yiqiao's fragrance also contains toxins.

This kind of woman is actually the most terrible. It's like the red rose. Although it's charming, it's very dangerous with barbs.

"If sect leader Xiao doesn't find it, of course he will stay and spend the night with Han Yiqiao. Yiqiao has just learned some zither sounds recently. I hope sect leader Xiao can stay and enjoy it." With that, Han Yiqiao showed a coquettish appearance.

Ning Wangshu can only refuse to see her. Because this woman is too flirtatious. No matter which man sees it, he will be swayed.

After hearing this, Xiao Chen smiled calmly: "since sect leader Han has such elegant interest, I won't suffer any loss in what Xiao does. Please lead us the way and let us find your rebellious disciple."

Ning Wangshu also stood up after listening. When passing by Han Yiqiao, he also smelled the faint fragrance and immediately felt very wrong.

"Young sect leader, the aroma is poisonous!" He spoke immediately.

"I've already solved it. You can solve it after using the Hualiu formula and working with the meridians Dantian for two weeks. It's just some charm poison. Then you act like you're poisoned and let the people in here relax their vigilance." Xiao Chen's voice came.

Ning Wangshu nodded secretly. There was also a small stream of black sweat in his hand, but he also disposed of it without trace.

They followed Han Yiqiao to the martial arts field outside the hall.

Han Yiqiao introduced Xiao Chen and Ning Wangshu one by one:

“This is our usual meeting place, here is the Sutra Pavilion, here is the bedroom...”

Xiao Chen probably felt that the layout here was actually the same as that of the medical immortal gate.

Only the three checkpoints in front of the mountain gate are missing. Instead, it was directly replaced by several doctors with relatively high accomplishments.

After the introduction, Han Yiqiao left in the name of cultivation. She also announced to all her disciples that Xiao Chen and Ning Wangshu should go in for inspection.

So Ning Wangshu followed Xiao Chen to search everywhere. At first, it was OK. At the back, Xiao Chen seemed to be perfunctory. He didn't really want to search.

This made Ning Wangshu a little strange, so the voice said, “young sect leader, do you really want to stay here for the night? Han Yiqiao is a prickly woman in the United States and China, although she is obsequious. She is not a good thing to provoke.”

“You'll know later.” Xiao Chen's face didn't change at all. As before, they also looked at the bedroom, and then they finally came to the Sutra Pavilion.

Xiao Chen looked at it casually and left with Ning Wangshu.

Then Xiao Chen said goodbye to an elder of the sect.

Then they walked in the direction of the mountain gate.

Han Yiqiao had already waited in front of the mountain gate.

“What’s up, sect leader Xiao? You didn’t find her, did you? I didn’t lie to you!” Then she stroked her long hair back and forth with her hands.

“Han sect leader, since you are so dishonest, there will be no trust between us. Now we are ready to attack Eyu sect again until you hand over Wang Cuilan.” Xiao Chen frowned slightly.

“What are you talking about?” Suddenly, Han Yiqiao’s face changed dramatically. The original gentle smile was transformed into a violent look.

Xiao Chen saw that she was exposed, and immediately smiled faintly: “Han sect leader, you see which sect has no secret way or dark Pavilion. You just told us a few places you can see. Do you really think we are fools?”

“Hum! That’s good. Xiao Chen, I didn’t expect you to be so young and mature, but no matter how smart you are, you’ll be poisoned by my bones. Once you get poisoned, if you can’t get a woman to detoxify you, you’ll be possessed and die! And you, old man!” Han Yiqiao looks like a trick has succeeded.

Xiao Chen and Ning Wangshu suddenly stumbled under their feet. Xiao Chen knelt on one knee and said, “Damn, you woman is so beautiful and so insidious!”

“Ha ha, insidious? None of you men is a good thing. Today I’m going to let you taste what life is better than death! Chang Yu and Chang Huan, bring these two things without eyes to me!” When Han Yiqiao saw that both of them were poisoned, he immediately laughed and ordered people to catch them.

The God Of Medicine Son-in-law Chapter 135

“Yes!” Two women in purple immediately appeared from behind Xiao Chen and Ning Wangshu. One man, with a whip in his hand, pulled it directly at the two men.

Just when Han Yiqiao thought it was so easy to succeed, Xiao Chen and Ning Wangshu suddenly stood up.

He caught the whip, then pulled it, and directly controlled the two female disciples in his hand.

“What?” Han Yiqiao’s pretty face was full of incredible look.

Then she reacted immediately.

“You two haven’t been poisoned. You’re all pretending!”

“I can only see it now. It’s too late, sect leader Han!” Xiao Chen said, and a black ball flew out of her right hand and hit Han Yiqiao.

But Han Yiqiao is obviously the cultivation of the medical emperor. It’s not that easy to deal with.

Even if he was attacked by Xiao Chen out of guard, he immediately hit a palm and detonated the black ball less than two meters away from her.

The violent turbulence shook her away.

“As like as two peas!” Han Yiqiao suddenly seemed to be many years old when he was shocked.

His face was covered with all kinds of wrinkles, and his dark and beautiful hair turned white. It looked like an old monster who had lived for hundreds of years.

But she has lived for hundreds of years. Because she founded the Eyu sect, she accidentally obtained a set of skill method named “nine Yin xuandian”.

It's a set of skills most suitable for women's cultivation. Later, with the continuous improvement of cultivation, they know more and more about the use of poison, so they have the title that Eyu sect is good at using poison.

It's just that Jiuyin xuandian is not just as simple as using poison.

Han Yiqiao's whole body exuded a terrible murderous spirit, and his face changed into a monster, so he rushed directly towards Xiao Chen.

Xiao Chen was not flustered when he saw the potential. With one palm, he directly handed the female disciple in his hand to Ning Wangshu.

At this time, other disciples of the whole Eyu sect also gathered around.

The cultivation of one of the elders also reached the level of healing spirit.

He shouted at Ning Wangshu, “old man, let my two disciples go!”

“Young people, respect the old people. You will all grow old like your sect leader!” Ning Wangshu said faintly.

Han Yiqiao originally flew towards Xiao Chen. Hearing this sentence, a red smell appeared in his hand, which directly turned his hand into a claw, and a claw flew towards Ning Wangshu.

Ning Wangshu hurriedly prepared to parry.

But Xiao Chen also shot at the same time. He was sick and began to swim away. He kicked him directly.

Han Yiqiao had to stop his attack first.

After forcing Han Yiqiao away with one foot, Xiao Chen said to Ning Wangshu, "Grandpa Wangshu. They are numerous. I'll help you create opportunities first. You take these two female disciples out first!"

"What do you do?" Ning Wangshu asked hurriedly.

"Don't worry about me. I have a pulse of disease. These people can't help me. OK. Stop talking nonsense and pay attention. Just run away now!"

Xiao Chen roared, and the whole body was shocked in an instant. Directly shake away all the female disciples of Eyu sect.

Ning Wangshu also seized the opportunity and fled directly.

"Chase!" Seeing Ning Wangshu running away, the elder quickly ordered people to catch up.

But as soon as the black smell came, it directly stopped them halfway.

"Your opponent is me!" Xiao Chen said faintly.

"Good boy, how dare you beat us all by yourself. Listen to the order and line up!" Han Yiqiao flew in front of everyone.

After a low drink. All the female disciples of Eyu sect immediately listed a strange array.

All the strength seems to have been transmitted to Han Yiqiao.

Han Yiqiao's accomplishments have improved a lot in an instant, and it seems that he is about to reach the medical Saint level.

But I stayed at the Ninth Section of Yihuang.

After all, the breakthrough of medical cultivation depends on the understanding of medical skills and skills. Not pure vitality.

But now Han Yiqiao is also very terrible. Even Xiao Chen can feel the pressure from her at a distance.

He didn't expect that there was such a strange array in the Eyu sect, which could instill all the power from top to bottom into a person's body.

Han Yiqiao didn't rush to attack Xiao Chen directly, but looked at him very calmly and said, "Xiao Chen, a man surnamed Xiao once came to my mountain. Originally, I wanted to create a beautiful home with him, but the heartless man didn't know why he fled here. I want to ask you. Do you know his whereabouts?"

Ungrateful person? Xiao Chen just remembered that Han Yiqiao was talking about a heartless person before.

After hearing this, he nodded and said, "OK, you say, I'll see if this man is the former disciple of my medical immortal sect."

"His name is Xiao Linhan." Han Yiqiao is authentic word by word.

"What? Xiao Linhan?" Xiao Chen was slightly surprised when she heard the name.

Because this is his grandfather's uncle, which is equivalent to his great grandfather.

And now the woman in front of him had a past with him.

After thinking about it, Xiao Chen suddenly got goose bumps all over. Fortunately, I didn't have any idea about the Korean sect leader before.

No matter how beautiful a woman is, her actual age is more than 200 years old. Any man can't stand it.

"Yes, it's him. I ask you, where has he gone now and how is it?" Han Yiqiao's eyes twinkled and seemed to want to know about Xiao Linhan.

Xiao Chen couldn't help but be ashamed. How does this person of great grandmother generation feel that IQ is a little useless.

Obviously, after all these years, where else can this man go and settle down.

But Xiao Chen straightened his face and said, "I heard from my grandfather that he had a strange disease since he came home. At that time, all the experts in the medical immortal sect tried, but they didn't cure it, so he traveled around alone, as if to find a cure. I don't know whether he found it or not."

"What, you said he had a strange disease?" Han Yiqiao is very strange.

"Yes, my ancestral home says so. That kind of disease is very strange, like poisoning but not poisoning. The medical skills at that time were completely incurable." Xiao Chen nodded slightly.

"How could this be possible? When he was with me, he was very strong. He carried water on the mountain every day and couldn't see any signs of illness." Han Yiqiao seems to be trapped in memories.

Xiao Chen suddenly felt speechless. When people are in their twenties, everyone's body is strong. When they are old, they will naturally die.

“I said to sect leader Han, I have told you all these things truthfully. Just hand over this disciple of your sect. I really have something very important to find her.” Xiao Chen doesn’t want to entangle with Han Yiqiao on this matter anymore.

Hearing this, Han Yiqiao’s murderous face showed.

“It’s no use telling me that. I’ve hated the heartless man in those years. There’s nothing good in your Xiao family. I’ll kill you!”

As she spoke, she was shocked. He immediately came to kill Xiao Chen.

Xiao Chen was a little helpless. He asked in a circle, which was equal to asking in vain. Then why did he play such a game?

No, he can only fight hard.

Obviously, the strength of the other party is now above Xiao Chen.

Xiao Chen was only able to resist for a while because he was cultivating the disease pulse and had strong skills.

But Han Yiqiao’s fierce attack made him feel that it was very difficult to defend.

So if you fight like this, you will be defeated.

Xiao Chen hurriedly made a look of trying hard. All the ill Qi in his body worked to the extreme, and a huge black ball appeared between his hands.

“Go to me!” He gave a low roar.

Suddenly, the black ball flew towards Han Yiqiao.

Han Yiqiao is not a vegetarian either. He immediately condensed a red force on his hand and directly blocked the black ball.

It didn't take long to shake the black ball back directly.

While Xiao Chen took advantage of her time to deal with the black ball, she had disappeared.

"Sect leader, the thief has escaped!"

The old road behind him.

"Escape? He can never escape. In the battle just now, I have planted the poison of Zhu Yinghua on him. Before half of it disappears, he will be killed by poison hair. Only I can save him!" Han Yiqiao's face looks like a bamboo in the chest.

"The sect leader is really clever. With such rats, he is not your opponent at all, but Chang Yu and Chang Huan..." the elder seems to be worried.

"Don't be afraid. How big waves the old man can turn alone. When I fix it a little, I'll go out and catch him back." Han Yiqiao said coldly.

"The sect leader really has no choice! Then we'll wait for the good news from the sect leader here!" The elder quickly knelt down.

Han Yiqiao chuckled.

Just when they relaxed, Xiao Chen suddenly drilled out directly from the ground.

One punch directly knocked Han Yiqiao out.

Then the disease wound directly around her. Just hang him in the air.

“No, protect the door owner!” The elder shouted hurriedly.

But it is useless. Han Yiqiao has been firmly grasped by Xiao Chen.

“Don’t waste your energy. You are not my opponent together.” Xiao Chen stood on the green pine and smiled faintly.

“Well, sect leader Han, can you take me to see the rebel in your sect now?” Xiao Chen looked at her with a smile.

As like as two peas in the same old man, he is such a fool! Han Yiqiao’s wrinkled face is full of grievances.

Seems to be about to cry.

If she were a young girl, Xiao Chen might change her heart a little.

At least there will be a feeling of pity.

Now that this old monster is known to be over 200 years old, there is no need to sympathize.

“OK. Sect leader Han, don’t play tricks in front of me. Hurry up. I don’t have much patience to spend time with you here. If I accidentally drop you from the Eyu mountain, I won’t be responsible.” Xiao Chen joked.

“Hum! I’ve lived enough anyway. If you want to kill me, kill me. I’m afraid no one in the world can get rid of the poison on you.” Han Yiqiao suddenly showed a strange smile on his face.

“Oh. You mean this?” Xiao Chen said that a bright red flower appeared on her hand.

“What? Zhu Yinghua, except me, melts directly into the body when meeting people’s skin. Why can you hold it in your hand without any effect? Are you not a man, but a daughter, who has also practiced the nine Yin xuandian?” Han Yiqiao looked at the flowers in Xiao Chen’s hand in shock.

“What and what? I’m a man. How can I be a daughter? Why? You’re allowed to use this Zhu Yinghua. No one else is allowed to use it?” Xiao Chen smiled faintly.

“Well, since you don’t tell me, the elder, tell me, or your sect leader will die. It’s probably a very troublesome thing. I don’t care, but it seems that no one in your whole sect can take advantage of his cultivation. If your sect leader is gone, it’s difficult to do it at that time.” Xiao Chen looked indifferent.

If there is no disease in his hand, it seems that he can’t hold it. Let Han Yiqiao fall directly from the high mountain.

“Gong Yue, don’t believe him. I have divine skill to protect my body. I can’t fall to death!” Han Yiqiao quickly said to the elder’s palace.

“Oh? You have divine skill to protect your body? How about this?” Xiao Chen said, flashing a few silver lights in his hand.

Directly pierced on each acupoint of Han Yiqiao.

“Now your meridians are sealed by me, and any vitality can’t work. I don’t know if your Divine skill can protect you?”

Xiao Chen gave Han Yiqiao a faint look.

“What a quick way!” Gong Yue was stunned by Xiao Chen’s silver needle technique.

“You stinky boy, you will die!” Han Yiqiao began to curse.

“Well, elder Gong, what’s up? Don’t you hand over the man now?” Xiao Chen ignored Han Yiqiao.

“Gong Yue, you can’t hand it over. If you hand it over, the reputation of our Eyu sect will be ruined!” Han Yiqiao clenched her teeth.

“Hand it in or not?” Xiao Chen said and loosened the ill Qi in his hand again. Han Yiqiao was only a little close to falling down.

“I’ll pay!” Gong Yue’s forehead has exuded cold sweat.

“Gong Yue! You don’t listen to me, do you? How can that rebel be handed over? She is a rebel and should live underground forever!” Han Yiqiao suddenly burst into a rage.

But now she can speak with only one mouth. Her body is completely controlled by Xiao Chen and can’t do anything else.

“Bring Wang Cuilan up!” Gong Yue ordered him to go down.

Then several female disciples entered the hall. After a while, a skinny woman who had been tortured was brought up.

There are heavy shackles on hands, feet and head, and there is no freedom at all.

The God Of Medicine Son-in-law Chapter 137

Seeing that Han Yiqiao was caught by Xiao Chen, her eyes immediately revealed a look of disbelief, but she immediately lowered her head.

Xiao Chen looked at the wounds all over her and felt heartache for a moment.

“Are you still human? What did she do to the sect and be treated like this?” Xiao Chen asked.

“Treason! Treason should be treated like this!” Han Yiqiao saw her as if he had seen his father murderer.

“Then tell me what crime she committed!” Xiao Chen mentions Han Yiqiao. Threw it on a branch.

“She turned over the most serious crime of our sect!” Han Yiqiao’s eyes were burning with anger.

“She dared to have an affair with a man outside and gave birth to a baby. This is absolutely forbidden in Eyu gate!”

“What?” Xiao Chen didn’t know what to say for a moment.

“Can this also be called sin?”

“What do you know? None of you smelly men is good. I’m protecting them from the so-called emotional suffering!” Han Yiqiao put on a rebellious look.

Xiao Chen really doesn’t know how to describe such a person. If you can’t pursue happiness, you won’t allow others to pursue happiness?

What kind of truth is this? And there are so many disciples who are really willing to worship under her door.

“Oh, I see. It turns out that the Eyu sect is a sect founded by an old nun, and then a group of young women have been nuns all their lives.” Xiao Chen sneered.

“What are you talking about? I’ll kill you!” Han Yiqiao kept struggling and seemed to be about to eat Xiao Chen.

“Well, well, I say you, don’t be a merchant here as soon as you get old. You like to die alone. That’s your freedom. Why do you have to suffer with a group of little girls? Look at Wang Cuilan. It’s not easy to realize what a woman should experience most in her life. You’ve made it like this.” Xiao Chen can’t see it anymore.

Then he pointed to one of the female disciples below and said, “no, I said, you really want to be a nun all your life? What’s the advantage of being a nun? Finally, just like her. Become an old monster?”

“Don’t insult our sect leader like that!” Then several female disciples came to kill Xiao Chen with swords in their hands.

With a wave of Xiao Chen’s big hand, he suddenly felt sick and knocked several people off the ground.

Of course, he didn’t lay a heavy hand. Several women were only slightly injured.

“Well, if you guys are stubborn, there’s nothing I can do. Wang Cuilan, give it to me!” Xiao Chen doesn’t want to interfere too much in other people’s sects.

There are so many things in this world that people dare to be angry. If you do everything, you can’t do it all your life.

Seeing this, Gong Yue ordered Wang Cuilan to be brought to her.

“You give me the sect leader and we’ll change one for another!” She held Wang Cuilan’s chain in her hand.

“Bring it, so much nonsense!” Xiao Chen didn’t want to reason with her any more.

Now he has completely lost his mind about this sect.

It’s a pity that there are so many female disciples with good bones.

One move. Then Wang Cuilan flew directly to Xiao Chen.

Now we can see that she is too old to look like. Han Yiqiao must have poisoned her.

A path of disease gas poured into her body, and Wang Cuilan immediately felt her spirit rise.

Then Xiao Chen untied all her shackles.

It's just that my clothes are a little dirty. Now I look like a normal person.

Han Yiqiao was also surprised to see Xiao Chen's means.

Wang Cuilan has been tortured by her for so many years. He was already a dying man. Unexpectedly, Xiao Chen treated him casually. On the contrary, it also made her show a young attitude.

It's a little weird.

"You've got all the people, and you haven't handed over our sect leader yet!" There was a chill on Gong Yue's face.

Obviously they were fooled again. Xiao Chen obviously can control the overall situation, and pretends to be talking about conditions with them.

Hearing this, Xiao Chen smiled.

"I said, elder Gong, you're not young this year. What chips do you have in your hand to let me hand over your sect leader? Besides, this old witch endangers the world. I'll help you deal with her in the future. Change all your broken rules!"

Xiao Chen said and took Han Yiqiao and Wang Cuilan away.

"You! A villain who has broken his word!" Gong Yue is angry but helpless now.

People with high cultivation and profound skills can do whatever they want. Their cultivation is low, so they can only watch their sect leader be taken away.

Ning Wangshu tied two female disciples and came to the Mountain Gate early.

When Xiao Chen came, he was anxiously watching the situation above.

But his eyesight was not enough. He could only see Xiao Chen standing on a green pine, and there were all the people of the Yu sect below.

I don't know what the specific situation is.

This is to see Xiao Chen holding a woman to come over, immediately overjoyed.

"Young sect leader, you're back. I'll go up to you in a while."

"Well, you take both of them to the car first. Han Yiqiao puts them in the trunk and saves them. Wang Cuilan sits in the back seat. Let's go to the hotel first." Xiao Chen came and explained immediately.

Ning Wangshu then pointed to the two women on one side and said, "what about them?"

"You dare to kidnap our sect leader, you will die!" When the two women saw that Xiao Chen tied Han Yiqiao, they immediately looked very ugly, but they still didn't forget to threaten them.

"Leave them to me!" Xiao Chen said and threw the two women in her hand into Ning Wangshu's hand.

So he went to one side of the two female disciples.

"What are you doing? Don't come here. I tell you, we are all highly toxic!"

One of the female disciples who looked a little beautiful quickly warned.

Xiao Chen ignored them, picked them up from the ground, threw them halfway up the mountain and was ready to go down the mountain.

But suddenly he felt something bad. Something seemed to be staring at him.

So he clapped his hands and pretended to leave. At this time, several vines suddenly appeared and twined towards him.

Xiao Chen was not in a hurry. The diseased pulse worked, and the diseased Qi was directly attached to his hand.

He turned back and clapped two palms directly, and all the vines were broken immediately.

Then a legged tree appeared from a small forest behind him, waving vines and rushing towards him.

The God Of Medicine Son-in-law Chapter 138

Seeing this, Xiao Chen was still slightly surprised. I've seen all kinds of monsters when I'm training outside, which is nothing to him.

But the two female disciples seemed to see that the tree could grow legs for the first time, and they were scared to death.

But they are now tied up and can only watch the tree demon run in their direction.

One of the female disciples fainted directly.

“Chang Yu! Chang Yu! Wake up!” Another female disciple began to shout wildly at the female disciple who fainted nearby.

But it’s obviously useless.

Seeing the tree demon getting closer and closer to her, I suddenly. She also rolled her eyes and fainted.

Xiao Chen looked at the tree demon calmly. It seems that the other party is completely aimed at himself.

The vines on the tree demon were thrown out in an instant and all wound towards Xiao Chen.

Xiao Chen was carrying the disease pulse, and the disease Qi on his hand circulated, breaking all the tangled vines into fragments.

So the tree demon flew directly. Want to crush Xiao Chen directly with its huge size.

But Xiao Chen dodged at random.

Then the tree demon suddenly grew a hand, and that hand was very similar to that of human beings.

One man and one demon fought on the middle of the mountain.

After several rounds, Xiao Chen found that the skill used by the tree demon seemed strange, which made him feel a little familiar.

Then he showed his fist and palm skills.

Suddenly, the tree demon was also slightly shocked.

“Are you from the medical immortal gate?” The tree demon spits out words, but the sound is like metal friction.

“Are you too?” Xiao Chen was stunned.

The skill of the medical immortal sect has never been spread, so only the disciples of the medical immortal sect have used it.

“How many generations are you the descendant of the medical immortal family?” The tree demon didn’t answer Xiao Chen’s question, but asked him instead.

“I’m the thirty ninth generation leader of the medical immortal sect, Xiao Chen!” Xiao Chen doesn’t hide it either, because he knows that there are absolutely few people who have learned the skill of the medical immortal sect in the world, and they must be people who have something to do with the medical immortal sect.

“Thirty nine generations? Is it so fast? Two hundred years have passed at once?” The tree demon seemed a little decadent.

“Two hundred years?” Xiao Chen seemed to think of something.

“No, are you my great grandfather who disappeared? Isn’t Xiao Linhan?”

“Exactly!” After the tree demon answered, he changed into a person in an instant.

Then I took out a blue suit and put it on myself.

Xiao Chen was stunned when he saw it. The one standing in front of him was really Zeng Zu Xiao Linhan who disappeared that year.

Although Xiao Chen only saw his portrait once in Xiao Qingyuan’s room, he never forgot it. The portrait is still deep in his mind. I didn’t expect him to appear here.

“No, Xiao... Linhan, why did you become a tree demon?” Xiao Chen wondered that the medicine immortal sect has many skills that can be practiced. Can it be said that the other party has been possessed?

But it doesn't look like this. People who are possessed by evil can't keep such reason. I've been killed up the mountain for a long time.

Xiao Linhan shook his head, as if he were very sad.

“The past cannot be recalled!”

“What happened, what happened?” Xiao Chen went up and asked.

“According to coincidence, is she all right now?” Suddenly, Xiao Linhan asked about Han Yiqiao.

“You say that old witch. I've caught her. Now I'm going to send her to prison.” Xiao Chen said faintly.

“What are you talking about!” Immediately, Xiao Linhan directly turned back and grabbed Xiao Chen's neck.

But Xiao Chen reacted so quickly that he broke free with his backhand and caught him instead.

“Great grandfather, I'm giving you this face, but your current cultivation is not my opponent at all. So you'd better respect me!” Xiao Chen said and threw him away.

“Well, my Xiao family has an expert like you. God has eyes, but coincidentally, where did she annoy you? Why did you catch her?” Xiao Linhan didn't seem to have any hostility to Xiao Chen.

Xiao Chen also heard something about Xiao Linhan, and knew that he was very enthusiastic, so he was a relatively easy-going person.

To deal with such a person, we must be tough. The other party will certainly not be tough with himself, because now only he and Xiao Qingyuan are alive in the Xiao family, and there is no need for the other party to make the relationship stiff.

“She? She has done too many bad things. She can’t count them. Her hands are full of crime debts. I’ll give you face if I don’t directly sentence her to death.” Xiao chenbai glanced at him and said.

Xiao Linhan felt a little uncomfortable when he saw that Xiao Chen was so arrogant in front of his elders.

But he has also been on the Eyu mountain for a long time. I know something about Han Yiqiao’s strength.

Even if she has been solved, it is estimated that her old bone is not Xiao Chen’s opponent.

“My great great grandson, please take me to meet Yiqiao first. What can we do then?” Xiao Linhan immediately compromised.

“No problem. Let’s go. I’ll take you down.” Xiao Chen didn’t hesitate and waved to him to follow him.

“Great grandson, are you the first expert in the medical immortal sect?” Asked Xiao Linhan.

When he left, the door owner was his brother, Xiao Chen’s real great grandfather.

At that time, his accomplishments only reached the eighth paragraph of the medical king, and then disappeared because of an unknown battle.

Xiao Qingyuan’s cultivation is not high, but he has a deep understanding of medical ethics, so he can be the Lord of the door.

At that time, several elders in the medical immortal sect were all at the level of medical king.

Shen Qianshan, who was seriously injured and saved by Xiao Chen at that time, reached the cultivation level of the Ninth Section of the medical king. Only because he was highly poisonous, he failed to save his life in the end.

“Sort of.” Xiao Chen answered lightly.

Now there are few people in the whole medical immortal sect. It doesn't matter whether they are high or not.

Taking Xiao Linhan down the mountain, Ning Wangshu saw Xiao Linhan from a distance.

Suddenly I was stupid.

“Xiao Laozu... Why are you here, and now it seems that there is no change from that time!”

Ning Wangshu has been with Xiao Qingyuan for so many years. He still knows a lot about the Xiao family. Just like Xiao Linhan now, he knows no less than Xiao Chen.

However, seeing that he was still young in the portrait, Ning Wangshu was also quite shocked.

After all, he is an old man in his twenties.

The God Of Medicine Son-in-law Chapter 139

“Who is this?” Xiao Linhan obviously doesn't know Ning Wangshu.

When he disappeared, even Xiao Qingyuan was very small, and it was impossible for Ning Wangshu to appear in the medical immortal gate.

“Oh, great grandfather, I’m your nephew Xiao Qingyuan’s subordinate. Now I’m the subordinate of sect leader Xiao Chen. My name is Ning Wangshu.” Ning Wangshu quickly introduced himself.

“Oh. So it is. Hello, Ning Wangshu, little friend.” Xiao Linhan hurriedly packed his luggage with Ning Wangshu.

“Oh, that’s very kind of you. You’re so kind!” Ning Wangshu quickly bowed back.

“Let me see Yiqiao!” Xiao Linhan was still thinking about Han Yiqiao.

So Ning Wangshu hurriedly took Han Yiqiao out of the trunk of the car.

“You... How can you treat Yiqiao like that?” Xiao Linhan said angrily.

“This... Is what sect leader Xiao Chen asked me to do.” Ning Wangshu felt guilty.

“Yes, I asked him to do so.” Xiao Chen answered.

Xiao Linhan only looked at Xiao Chen and didn’t say anything. Directly untied the rope on Han Yiqiao.

“Hey, great grandfather, this can’t work. She’s quite dangerous now!” Ning Wangshu hurried up to stop.

“It’s all right. Let him untie it!” Xiao Chen said with both hands in his arms.

Ning Wangshu saw that Xiao Chen said so, so he didn’t say anything. He watched Xiao Linhan untie Han Yiqiao.

“Yiqiao, wake up! Yiqiao!” Xiao Linhan looked at her lovingly.

If he had a teenage girl in his arms now, the scene might seem passable.

But now lying in his arms is a drooping old woman. The wrinkles on her face are as ugly as bark. Seeing such a picture, Xiao Chen and Ning Wangshu can't help feeling goose bumps all over the ground.

But in Xiao Linhan's view, this has nothing to do with it. Because lying in his arms is the woman he loves deeply.

Han Yiqiao woke up in the shaking of Xiao Linhan. He opened his eyes slightly and saw Xiao Linhan's face. He immediately widened his eyes in shock.

"Xiao Linhan!"

"It's me, it's me, Yiqiao!" Xiao Linhan nodded and agreed.

"Well, you're a heartless man. You finally showed up. Look, I'll kill you!" As she spoke, a red breath came out of her hand.

"No, great grandfather, be careful!" Ning Wangshu quickly screamed out.

Xiao Chen was also surprised, but with such a distance, he had no time to shoot.

Han Yiqiao's hand directly pierced Xiao Linhan's clothes and penetrated his body. Straight through the chest.

"Witch, don't be crazy!" Ning Wangshu immediately wanted to rush up.

But Xiao Chen stopped him. Han Yiqiao was poisoned all over. It's too dangerous to get close now.

Anyway, both of them are old monsters who have lived for hundreds of years. It shouldn't be so easy for him to die.

Sure enough, under this attack, Xiao Linhan directly became the previous tree demon.

It's just a little human on his face.

"Yiqiao, I have become like this now, just to protect you on this mountain."

Han Yiqiao is an old monster. But seeing that Xiao Linhan suddenly became a tree demon in front of him, he was also shocked. Straight out of his arms.

Then he looked at him firmly: "are you really Xiao Linhan? You can't be a liar who doesn't know where to find this smelly boy?"

Xiao Linhan didn't speak, but took out a strange black stone from himself.

"Black scale jade!" Han Yiqiao was immediately shocked.

Then he took out a similar one from himself.

A comparison between the two. Just fit together.

"You... You are really that heartless man!" Han Yiqiao looked at the half tree and half man monster in front of him in disbelief.

Xiao Linhan nodded.

"No, no, he was so handsome in those days. How, how could he become like this? No!" Han Yiqiao doesn't seem to want to believe that all this is true.

"I said, old woman, you are also a person who has lived for more than 200 years. Don't you know what skill you practice? Don't you know how harmful this skill is to people?" Xiao Chen's voice came.

“What’s your ability to teach me this time? We’ve played again!” Han Yiqiao said he was going to make a move.

But Xiao Linhan stopped her when he went up.

“Yiqiao, how did you become like this? You were gentle and dignified in those days.” Xiao Linhan looked very painful.

“Go away and don’t touch me!” Han Yiqiao now seems to feel very disgusted when he sees Xiao Linhan.

“I know. I look terrible now, but all this is thanks to you. Do you know? Do you know how I have lived for more than 100 years?” Xiao Linhan suddenly became angry.

The branches all over the body stood up.

Suddenly it seemed more strange and terrible.

“When I was with you, I heard that you were going to practice the nine Yin xuandian, but after my verification, it was just a poison classic, which was not a magical skill at all.”

He roared like a real monster.

“Don’t come here. If you come near me again, I’ll kill you!” Han Yiqiao didn’t seem to have any mind to listen to him, so he gathered his strength in his hand directly.

“Do you still have to be stubborn? Do you know why I became like this? In order to see you today, I practiced a secret method of access control. I became a monster of half man and half demon, so that I could get rid of the toxin from my body in those years and live to the present, do you know?”

Without the slightest fear, Xiao Linhan pushed Han Yiqiao step by step.

Han Yiqiao was so frightened that he fell down directly.

“Is everything you say... True?”

“What I said is true! And I’ve always been sincere to you! But I’m like this. Look, even if you see me now, you think I’m a monster, don’t you?”

Xiao Linhan is obviously in great pain. He doesn’t know what kind of skill he has practiced to make him like this today.

“Young sect leader, do we want to help the great grandfather? I’m afraid he will be secretly plotted by the old woman if he’s not careful.” Ning Wangshu seems to be worried about the situation of the two people.

“No, our ancestors won’t die so easily, and you see, the old woman seems a little moved. She should be aware of something.” Xiao Chen pointed to Han Yiqiao.

“Is it really all my fault?” Han Yiqiao’s eyes were immediately confused.

The God Of Medicine Son-in-law Chapter 140

At the moment when Han Yiqiao was confused, Xiao Linhan suddenly took out a dagger from his hand and stabbed it directly at Han Yiqiao’s head.

Ning Wangshu and Xiao Chen were surprised to see this scene.

But the dagger stabbed Han Yiqiao’s forehead and didn’t seem to cut her head directly.

And no blood stains came out.

“Spirit dagger!” Xiao Chen suddenly realized something.

“Spirit dagger?” Ning Wangshu looked puzzled.

“Don’t worry, take your time!” Xiao Chen pointed to Han Yiqiao’s direction.

Then I saw a strange shadow on Han Yiqiao, struggling constantly.

“Damn... Ah... Why? How could you find this!” The strange shadow seemed to be very painful.

But seeing this. Xiao Linhan looked relieved.

“Yiqiao, I hurt you. At first, I shouldn’t be eager for quick success and instant benefit and let you practice this mysterious skill. Now, we are both free.”

Say. Xiao Linhan also fell down.

“Great grandfather!” Ning Wangshu and Xiao Chen both shouted and jumped over.

They helped Xiao Linhan up and immediately saw that Xiao Linhan’s whole body had completely turned into wood.

“Great grandson of Xiao Chen, your cultivation is very good. You must carry forward the medical immortal sect in the future...”

After saying that, Xiao Linhan completely became a tree and had no vitality.

“Master door less.” Ning Wangshu glanced at Xiao Chen.

Xiao Chen just shook his head. Obviously, Xiao Linhan didn’t know what strange skill he had practiced.

Now it should have come to an end, so it is completely transformed into a tree.

Han Yiqiao over there seemed to have lost his life and lay on the ground very calmly.

Unexpectedly, the final outcome turned out to be like this. Although Xiao Chen previously felt that Han Yiqiao was not quite right, she didn't know that she was possessed by evil spirits.

No wonder it's like this. When facing the enemy before, I felt that the style before and after was somewhat different.

Death may really be a relief for her.

Xiao Chen looked at the sky. It seemed that a pair of young handsome men and women walked hand in hand to the other end of the sun.

"Young sect leader, do you know what happened to them?" Ning Wangshu still doesn't quite understand why the dagger just disappeared.

Why did Han Yiqiao die though he wasn't hurt.

"Have you heard of reincarnation?" Xiao Chen said faintly.

"Resurrect the soul with the corpse?" Ning Wangshu stared wide.

He has only seen this kind of thing in books, which is feasible in theory. But in fact, it is quite difficult to operate, even if it is their medical repair estimation.

"Yes, Han Yiqiao should have been revived by evil spirits. The soul that should have died long ago has been in his body for more than 200 years." Xiao Chen glanced at Han Yiqiao.

Sure enough, after a while, her flesh and skin disappeared. There was only a pile of white bones left.

Ning Wangshu was startled when he saw it and leaned towards Xiao Chen.

“Now she is free, and the evil spirit has disappeared into the whole world.” Xiao Chen looked at the sun overhead.

“Is this evil spirit so powerful?” Ning Wangshu was still surprised.

For him, it was like a arabian night.

“This kind of evil spirit should be placed in that skill. It must be the first person to open it, and I don’t know where they found this skill.” Xiao Chen thought and said.

During his previous training outside, he once met an uninhabited village in the extremely cold place in the north.

There was no one in the whole village. Xiao Chen stayed there that night, so there were many local people like zombies at night.

At first, Xiao Chen thought it was just some unconscious zombies, but he didn’t find it until later. It turned out to be possessed by evil spirits.

Later, after he founded the organization, some people in it devoted themselves to these strange phenomena. Someone told him that this is generally possessed by evil spirits.

Evil spirits are also quite mysterious. In short, some powerful people, especially those with high spiritual cultivation, died.

But for some things in the world, the soul can’t leave the body for a long time.

So soon after they die, their souls will find an object to live in.

Originally there was no harm, but if it was opened unconsciously.

Entering the brain without any precautions is likely to have a very serious impact on a person's behavior.

Like Han Yiqiao, it looks like two people live in one body, but it's actually possessed by evil spirits.

All the way. Xiao Chen talked a lot with Wang Cuilan.

Wang Cuilan also knows everything about her life-saving benefactor.

When Xiao Chen said that Ren Yajun's mother died of poisoning a few years ago, Wang Cuilan burst into tears.

"It is said that good people have good returns. If they hadn't saved Yajun, Yajun would have been poisoned by Han Yiqiao, but I didn't expect that the hostess was not spared in the end."

"It doesn't matter. These things have passed. Uncle Ren Aoguang also said that he forgave this matter. I just don't know how you should deal with this relationship. Let's meet again." Xiao Chen said, stepping on the accelerator. Soon after, the three of them came to the hospital.

Previously, Wang Cuilan's clothes were like prisoners, and there were holes in many places. It was not elegant to walk outside.

So Xiao Chen went by and bought her two sets of clothes.

Because her concept is still more traditional, she finally chose two sets of cheongsam, one set of blue broken flowers and the other set of yellow.

Wearing it also has a bit of the flavor of those famous ladies in the old times.

Of course, she also wore modern silk stockings, which still looked a little tempting.

Originally, she was tortured in the dungeon of eyumen, and there were a lot of toxins on her.

But they were all ruled out by Xiao Chen with ill Qi.

She is also a beauty herself. With a little dressing up, she looks like a first-class beauty. Of course, the subtle wrinkles on her face can still tell her age.

“Xiaochen sect leader, will I show too little respect for them if I go like this?”

Looking at her dress like this, Wang Cuilan seems a little too enchanting. The key is that this is the first time she has seen her daughter and benefactor in so many years.
