The God Of Medicine Son-in-law Chapter 151

The commentator seemed to see Xiao Chen's idea.

Then I saw that Xiao Chen's car had passed three consecutive corners at a strange angle and had come behind Kanas.

"There are still two corners. Should Xiao Chen surpass in the remaining two corners?"

The atmosphere became tense gradually. I didn't expect that the competition would be so fierce at the beginning.

However, at the moment when Xiao Chen wanted to overtake.

Su Yanran shouted, "there's a car behind you!"

Xiao Chen quickly hit the steering wheel, and the car almost hit the guardrail on one side.

Shen Shao's car suddenly appeared beside Xiao Chen.

"Hey hey, smelly boy. You still want to overtake. You don't want to overtake in your life!" Shen Shao's face showed a very proud smile.

This is his most habitual technique. Once the other party suddenly appears at the moment when he wants to overtake, the other party's rhythm will be disrupted, and then it is impossible to catch up.

"That's Shen Wentao's car. It's really a dangerous move. It unexpectedly grabbed the second position of Xiao Chen's player. Now it's closely behind Kanas."

The commentary seems to have seen this scene.

Because of the interference just now, Xiao Chen's car slowed down a lot, and all the cars behind him overtook him.

"Brother, don't worry. Take your time. There's still a chance." Su Yanran comforted Xiao Chen.

But Xiao Chen didn't feel depressed. Instead, a smile appeared on her face.

"I thought this race car would be boring, but I didn't expect it to be interesting. The one just called Shen Wentao, right? I think he will never see him again after going up the mountain today."

"Brother, what are you doing? Don't do anything dangerous." Su Yanran was afraid to see Xiao Chen say so.

After all, people who like racing cars are a little crazy.

But Xiao Chen said calmly, "OK. Next, just watch me perform."

On the other side, Lin Shihao sat next to a man in purple and black. He looked older, but he was really heroic.

"Well, Mayor Lin, the third in my family is still good. It seems that the Xiao Chen Racer you invited is not very good either." Then he picked up his tea cup and took a sip.

"Oh, don't worry. The game is still going on. Let's just look at the final result." Lin Shihao believes Xiao Chen very much.

"Oh? Is mayor Lin so confident?" Shen Hongtu smiled.

"Of course." Lin shihaosi made no secret of her self-confidence.

“Well, I appreciate people like mayor Lin. let’s continue to watch.” Shen Hongtu crossed his hands and fingers on his thighs.

Xiao Chen is a miracle doctor who can bring people back to life. It’s definitely not that easy to be defeated.

Lin Shihao felt Xiao Chen more clearly.

In fact, he specially sent someone to investigate Xiao Chen’s situation.

But the more the investigation, the more it is found that the power behind Xiao Chen is very strong, and he is quite low-key.

In the end, he didn’t dare to check it out. This time, he felt that he must have won the game by inviting Xiao Chen.

A mistake made by Xiao Chen just now made him feel a little worried. But now he saw Xiao Chen’s action, and his confidence came back.

“Xiaochen contestant! Xiaochen contestant surpassed again and has already caught up with the third place. It’s incredible. In just 30 seconds, Xiaochen contestant surpassed seven cars and directly pulled back the ranking!”

The commentator was a little excited when he saw Xiao Chen’s performance.

“Then next. Xiao Chen’s contestant will face Shen jiasanshao and Shen Wentao who have surpassed him before. Let’s see if he can surpass him.”

Su Yanran looked at the man beside her in disbelief. That’s right. He just passed seven cars in 30 seconds. No matter how the other party got stuck or whether it was straight or curved, he did not hesitate to pass them all.

Although she is not a professional driver, she is also a person who has loved racing since childhood. She is not ignorant of this concept.

Not to mention whether Xiao Chen can win the championship in the end. With such an operation, no second person in the world can do it.

Only Xiao Chen can create such a myth.

And now Xiao Chen has to create another myth. Overtake the vehicle in front in a large U-turn.

This should be something that has never happened in the whole history of racing.

U-turn must slow down when entering the corner, and the tire wear is the largest. Professional racing drivers will choose to minimize the wear, because generally, there will be continuous s-turns before the end of the track.

That's where the showdown takes place. If the front tire is worn too seriously, it will lead to failure in the final s-turn sprint.

Sure enough, Shen Wentao's car in front began to slow down.

Because Kanas also began to slow down.

And Xiao Chen's speed did not decrease at all.

"Is this boy crazy?" Shen Wentao saw that the ac36 was still accelerating.

Su Yanran didn't worry at all this time, because she knew that Xiao Chen would do it with absolute certainty.

"To enter the U-turn, Xiao Chen's ac36 is still accelerating. Isn't he ready to slow down?"

The voice of the commentator seemed very surprised.

“Hum, I think this guy is crazy. He doesn’t choose to slow down here. The tire is too worn. I don’t think he has to enter the final stage. The car can’t run.” Shen Wentao smiled.

Seeing Xiao Chen passing by him, he didn’t feel a little nervous.

“Super, he’s super! Now Xiao Chen is in the first place!” The explanation is a little excited.

“Does Xiao Chen understand racing? It’s still accelerating here. It’s useless to be one fart ahead now!” One of the audience commented.

“I haven’t seen this man before. He seems to be a newcomer. It’s estimated that he’s trying so hard to be in the limelight.” Another spectator also said.

“Mayor Lin, it seems that the racing driver you invited is not very good. He doesn’t even understand some of the most basic things.” Shen Hongtu smiled.

Lin Shihao’s face is also very ugly now.

“Next is the last continuous S-bend. Now the leader is still Xiao Chen. Can he hold on to the end?”

“Can you fart? The tires are worn like this and want to enter the corner.”

“What’s that? He’s right on the inside of the curve!”

“What?”

The camera gives a close-up of Xiao Chen's car. It seems that Xiao Chen's car is walking close to the guardrail on the corner.

"It's a drainage bend! It's the strongest bend technology in the world!" The commentary seemed shocked.

The God Of Medicine Son-in-law Chapter 152

All the audience were shocked. Unexpectedly, Xiao Chen still had this skill in the end.

"What's that? Shen Shao even caught up. He didn't slow down when he entered the corner!"

The commentary was excited again.

Shen Wentao's car directly followed Xiao Chen, and seemed to want to learn Xiao Chen's speed of entering the corner.

However, seeing this scene, the corners of Xiao Chen's mouth bent slightly.

This is the moment.

He suddenly slowed down.

Su Yanran didn't react at once. Almost hit his head directly on the front window.

"What are you doing?" She didn't understand why Xiao Chen suddenly slowed down.

"You'll know later." Xiao Chen smiled mysteriously.

"Ac36 suddenly decelerated! Did the tire wear to the limit?"

Seeing Xiao Chen's car decelerating, everyone paid attention.

The car behind Shen Wentao is catching up.

The other side. Lin Shihao also stood up nervously.

Shen Hongtu on one side looked carefree and complacent.

"Shen sanshao's car will overtake Xiao Chen. Now it is the last corner. If it is overtaken, Xiao Chen may miss the champion!"

The commentator shouted.

The whole audience also paid attention.

Turn!

Xiao Chen turned sideways directly. Seal all the roads.

"That's a perfect road closure!"

The commentary was excited again.

Shen Wentao sped up all the way and saw Xiao Chen's car just sealed in the middle of the road.

However, the distance between the two sides is not enough for one car to pass.

"Xiao Chen's contestant unexpectedly used the perfect road closure, no! Flaw, flaw!"

The camera was shown on the side of Xiao Chen's body. It seemed that it could pass through a car.

"OK! This is the chance God gave me. Your driving skills are just like this!" Shen Wentao stepped on the accelerator in an instant.

His car rushed directly towards the vacant position given by Xiao Chen like a black lightning.

"Shen Wentao is about to overtake! Can he succeed in the last corner?" The commentary was excited again.

Lin Shihao had seen Xiao Chen perfectly close the road and sat down.

When he heard the flaw, he was nervous again and held his hands tightly.

This is a battle related to the dignity of the whole East China Sea.

There are also many eyes staring at it. If they lose, it's not so easy for him to sit firmly in this position.

"What's the matter? Mayor Lin, relax a little. How did you become such a small scene? There will be more of these things in the future." Shen Hongtu laughed.

In fact, he was also very nervous, but he was more resourceful. There was no performance at the scene.

Lin Shihao's experience is obviously not as good as him. That's why I'm a little nervous and excited.

Hearing what Shen Hongtu said, Lin Shihao slowly said, "master Shen, you don't know. This is the fun of watching the car. I need to devote myself to it. Only in this way can I feel like I'm racing. This is the character of Donghai people."

“Oh? I’ve learned a lot today. In that case, Mayor Lin will be free.” Shen Hongtu glanced at Lin Shihao with some contempt.

No matter how he explained it, the tension in his heart could not be concealed.

“The champion belongs to me!” The winner’s smile appeared on Shen Wentao’s face, and the accelerator under his feet was also pressed to death.

“Sweet. You can see now that I’m much better than this boy!”

However, at the moment when he was about to overtake, Xiao Chen’s tail suddenly swung.

“Bad!” Shen Wentao realized that this was Xiao Chen’s trick.

The purpose is to let him be fooled to overtake. As long as he wants to overtake, he is doomed to failure.

And you’ll lose miserably.

“What’s the matter? There seems to be something wrong with Shen sanshao’s car. He failed to surpass Xiao Chen’s car. It seems that his car is going to hit a guardrail on one side!” The commentary was shocked.

I didn’t expect the situation to reverse again.

All the audience also stood up.

“What!”

Shen Hongtu couldn’t sit still this time. Just stood up.

“Lord Shen, it seems that you have come to the East China Sea to learn very quickly. You have learned the essence of the people of the East China Sea at once.” Lin Shihao smiled proudly.

“Hum! Go and have a look at Wen Tao!” Shen Hongtu waved his sleeves fiercely, and then took people to the direction of the field.

Sure enough, Shen Wentao’s car was disturbed by Xiao Chen’s car at the moment of surpassing Xiao Chen’s car, and directly hit the guardrail and flew out.

Then Xiao Chen immediately accelerated and crossed the finish line.

“Xiao Chen, the dark horse of this competition! He is the champion!” The commentator seems to have to shout his throat hoarse.

“Wow! That’s great!” Su Yanran hugged Xiao Chen excitedly.

Originally, Xiao Chen didn’t feel anything, but suddenly there was a strange feeling when she held her.

It’s like the achievements now seem to be obtained for her.

But immediately he threw Su Yanran’s hand off his body.

“Don’t get so close to me.” Xiao Chen is a little indifferent.

“Hum, I don’t believe you’re not interested at all.” Su Yanran stamped her feet in anger.

Then he was very happy to keep up with Xiao Chen.

“Xiao Chen. Which professional racing team are you from? Why haven’t we seen you before?”

“Xiao Chen, did you just act on purpose? Why?”

“Xiao Chen player...”

Xiao Chen had just left the racetrack when a large group of paparazzi surrounded him.

But he declined them one by one.

“Miss Su Yanran, are you Xiao Chen’s girlfriend now? Why did he use your car to compete?”

A reporter ran over and asked Su Yanran.

Su Yanran replied with a smile: “he is my good friend, and I know his driving skills, so let him compete on behalf of us in the East China Sea!”

Xiao Chen came to his car, and Lin Shihao hurried over.

“Doctor Xiao Chen, well done!” He patted Xiao Chen on the shoulder.

“Well, the matter here is settled. Don’t come to me for this kind of thing in the future. I don’t like to appear in public.” Xiao Chen took a drink.

“In fact, I wonder, doctor Xiao Chen, where talents like you are at the top, why should you stoop to our small East China Sea.” Lin Shihao seems to be puzzled by some of Xiao Chen’s behaviors.

“Don’t ask about this. Everyone has their own aspirations. Also, pay attention to the situation of the whole East China Sea recently.” Xiao Chen said faintly.

“Well, I see. You should also note that the Shen family just now is not a fuel-efficient lamp.” Lin Shihao nodded.

The God Of Medicine Son-in-law Chapter 153

Xiao Chen just smiled faintly and didn't answer. No matter how strong the Shen family is, it's just an ordinary aristocratic family in his eyes.

The truly powerful enemy is now lurking in the dark.

While they were chatting, a man in black came to the suspension bridge not far away. Followed by several people dressed like him.

“Is Xiao Chen the one we're looking for?” The man's voice is a little low and hoarse.

If Xiao Chen was on the side, he would be very surprised, because this man was the desert God of war he saw outside the huichuntang medical school that day.

“Master. This man looks a little like him, but his breath is wrong.” A man behind him came up and said.

“You go and check carefully. Be sure to make sure that you can't let go of any suspicious person.” The man ordered.

“Yes!” Several people in black promised and disappeared in an instant.

The man stared at Xiao Chen's direction for a long time. Finally disappeared.

Xiao Chen was originally chatting with Lin Shihao, but felt the eyes from a distance. He immediately looked back, but he didn't find anyone staring at him.

“Well, it’s getting late. I should go back. You can arrange someone to receive this award.” Xiao Chen said and was ready to get on the bus and close the door.

“Don’t you accept the award? This trophy is world-class and has considerable weight.” Lin Shihao opened the door of the co pilot.

“You arrange someone to take it, I’ll go!” Xiao Chen said and drove away directly.

Lin Shihao didn’t know where Xiao Chen’s purpose was, so he didn’t say anything.

Su Yanran escaped the siege of the reporter and came out. She was angry when she saw that Xiao Chen’s car had left. That’s a world-class trophy. How dare you leave like this? You’re too lazy to receive the award?

So she immediately called Xiao Chen, but Xiao Chen hung up directly, so she had to give up temporarily.

Xiao Chen’s driving skills are so good, but her temper is too strange.

Then Lin Shihao had to arrange for Su Yanran to receive the trophy.

According to Xiao Chen’s requirements. There could be no news about him or his name, so he arranged to let those newspapers and the like not mention Xiao Chen.

If you have to say, it’s the mystery driver.

Some people are happy and others are sad.

On the other side, Shen Wentao lies in the intensive care unit of the central hospital.

Shen Hongtu sat in front of him.

"It's the first time you've made such a mistake after driving for so many years. You almost died. You'd better pay attention to it in the future." Shen Hongtu spoke slowly.

"Dad, I want revenge!" Shen Wentao gnashed his teeth and said four words.

"Revenge?" Shen Hongtu was surprised.

"Xiao Chen was intentional, and no one could see it on the court. But I know that he affected my car with the airflow of his body at that time, which led me to fly out at last."

Shen Wentao's face was full of anger.

After a while, a well-dressed woman and another young man also came in.

"They told you not to engage in this racing car. Look at you. Now you're hurt like this." As soon as the woman came in, she began to chatter.

"Mom." Shen Wentao gave a soft cry.

"How's the third brother?" Asked the young man with great concern.

"Not bad. I just broke a leg, at least half a year. But I may not touch the car in the future." Shen Hong said.

"Great, I said it was dangerous long ago. It's best not to touch it." The woman immediately agreed.

"Mom, what are you talking about? Racing is my lifeblood. If I can't race, I might as well die directly." Shen Wentao was a little unhappy.

“Qiao Xiu, don’t get involved here. Go out first.” Shen Hongtu also said.

After hearing this, Yuan Qiaoxiu was also angry. He looked like he cared about everything and said, “OK, you are all men. Anyway, it’s your responsibility to have something happen, so I won’t say anything.”

Then she opened the door and went out.

“I heard that the third brother’s thing was deliberately designed by the driver at that time?” Shen Wuhua.

“Second brother, you must avenge me!” Shen Wentao looked expectantly at Shen Wuhua.

“Well, Xiao Chen is not an ordinary person. We can’t start in the East China Sea until when he leaves the East China Sea.” Shen Hongtu stood in front of the ward window with his back to his hands.

“Is he so big?” Shen Wuhua was also a little surprised.

“It’s not about the origin. After all, Lin Shihao is still working in the East China Sea. This boy is a famous hard bone. If we move Xiao Chen in the East China Sea, it’s estimated that he will thoroughly investigate everything. It’s very troublesome to explain at that time.” Shen Hongtu’s eyes narrowed slightly.

“Dad, I have a plan. Let me take him out of the East China Sea!” When Shen Wentao heard that his father was going to start targeting Xiao Chen, he came to the spirit immediately.

“Third brother, you are like this. Don’t you have a good rest in the hospital?” Shen Wuhua wondered.

“What’s my little injury? Don’t we still have that? Just cure me at that time.” Shen Wentao said.

“That’s not easy to use. It’s a secret means of our family. It’s not good if someone finds out.” Shen Wuhua seems to be in awe of what Shen Wentao said.

“Dad, look...” Shen Wentao immediately looked at Shen Hongtu.

“Well, I need to use it. My Shen family hasn’t used Liwei for a long time. Now I need to use this Xiao chenliwei.” Shen Hongtu seems to have made up his mind.

“Dad, do you really want to use that? That’s our last resort. It hasn’t reached that point yet. Why don’t I find a way to lead out Xiao Chen?” Shen Wuhua.

“Well, Wu Hua, needless to say, I’ve made a decision. After all, Wen Tao’s injury is not light. We should use what we should use. We can’t save it all the time.” Shen Hongtu waved his hand.

Then Shen Wuhua didn’t say anything more and walked out of the ward with Shen Hongtu.

As soon as Xiao Chen returned to the hotel, he immediately received a call from Lin Shihao and came to ask about his safety.

Xiao Chen immediately realized that his actions seemed to be under his eyes.

So he said he didn’t have any problems, but then he began to think about how to avoid his surveillance.

After all, there is always a pair of eyes around you, which still makes people feel a little uncomfortable.

Ning Wangshu also told Xiao Chen that now they have returned to Kyoto, and now the whole Kyoto is on alert.

Although Xiao Chen had known about it for a long time, he was more convinced when he heard Ning Wangshu talking about it.

The God Of Medicine Son-in-law Chapter 154

After su Yanran got the trophy, she didn't want to send it to Xiao Chen all the time.
But I'm afraid he's unhappy. The key is that now she doesn't dare to call Xiao Chen.

In case Xiao Chen gets annoyed, he will directly pull a blacklist for her at that time, and it may be difficult to find him again.

In fact, her own circle is not particularly large, and her family comes from the countryside.

Just went to high school in the county. Her figure and appearance were admired, and then she was recommended as a model.

So the trajectory of her life changed at that moment. To a completely different path from ordinary people.

Because of her perfect figure and beautiful face, she is favored by many magazines.

In addition, she was born very clean, and personally adhere to her own principles, no matter how difficult it is. She has never betrayed her body. Up to now, she has come all by her own efforts and talents.

Two years ago, she liked racing cars, but every car was so expensive that she had to pick up some private lists that were relatively inappropriate.

The last time Huang Shengxian saw her at an auto show.

At first, she was just surprised that Huang Shengxian was her loyal fan, but later she learned that men are the same, and they will lose their ability to think when they see beautiful women.

So the scene of meeting Xiao Chen happened later.

Xiao Chen was avoiding the pursuit of the enemy, while she was avoiding the pursuit of Huang Shengxian.

The two were destined to meet each other.

Seeing Xiao Chen's good driving skills, she quickly fell in love with her, but Xiao Chen was so low-key, and the key was that she didn't feel anything about her. It was recognized that Donghai was the first beauty to be interested in this.

So now she doesn't want to lose the chance to get close to Xiao Chen.

If you want to find Xiao Chen, you have to rely on herself.

So in the next few days, she was looking for the trace of Xiao Chen, because she spent some money and got some harvest.

Finally, I found Liu Nianxin and went there.

But after seeing Liu Nianxin's lustful eyes, she quickly withdrew.

The East China Sea is so big that it's really difficult to find someone.

The key is Xiao Chen. Now Xiao Chen is hiding himself.

Because I was instructed by the mysterious old man last time. Xiao Chen then practiced in the hotel for several days, and her accomplishments were consolidated.

Although he knows that his strength is far from enough, if he can be strong, he will have a better chance of winning at the moment of crisis.

Because I haven't called Wu Yaqing for a long time, and the last thing hasn't been explained clearly.

Therefore, Wu Yaqing also thought that Xiao Chen was now empathic and not in love.

After all, the last time I saw Su Yanran, even she felt very amazing. What's more, Xiao Chen is a man, and it's normal to fall.

But she didn't know that Xiao Chen didn't contact her just because he didn't want her to be implicated.

The enemy coming this time is not an ordinary enemy. He may be killed directly if he shoots.

There can be no relaxation.

Xiao Chen is worried now. But I can only hide my trace as much as possible, and then find a way to find my grandfather and see if there is any way to improve my cultivation rapidly.

Reach the level of the God of medicine that Ning Wangshu said last time.

After completing the cultivation, Xiao Chen plans to go out in disguise again.

But as soon as I was ready to go out, I saw my mobile phone ring again.

Seeing that it was su Yanran calling again, he was ready to hang up.

But somehow, he always had a hunch. Put him on the phone.

So he pressed the listen button.

"Is Xiao Chen?" There came the voice of a feminine man.

Xiao Chen reconfirmed that it was su Yanran's number.

“Don’t look. This is Su Yanran’s cell phone. She’s been looking for you these days. If you don’t come to save her now, the biggest beauty in the East China Sea may lose her life.” The voice at that end suddenly became a little obscene.

“What do you want?” Xiao Chen immediately felt that Su Yanran was a troublemaker and could have her in everything.

“If you come to Kunshan, you will understand. We are waiting for you here.” Then the other party hung up.

Although she and Su Yanran just met by chance, Xiao Chen still won’t see such a thing happen and let it go.

The so-called first beauty in the East China Sea has no interest in him, but it is obvious that the other party is coming for him.

Kunshan is in the west of the East China Sea, and it can be reached beyond the boundary of the East China Sea.

Although I don’t know what the other party’s intention is. But Xiao Chen hurried to Kunshan.

Just arrived, I saw Shen Wentao’s black modified racing car.

There is a cabin next to it. It is estimated that Su Yanran is locked in it.

“Your boy finally appeared.” Shen Wentao looked at Xiao Chen with a joking face.

Seeing that Shen Wentao’s injury was all right, Xiao Chen immediately guessed that the other party estimated that his subordinates also had several medical repairs with some means.

But now in front of him, even the medical experts in the five sects can’t do anything.

“Yes. I’m here. What do you want?” Xiao Chen spoke faintly.

“What do I want? Your boy deliberately calculated my account in the game. It’s time to do it!” Shen Wentao’s eyes were full of murderous spirit.

“Your poor driving skills and wrong judgment have nothing to do with me.” Xiao Chen sneered.

“Brother Xiao Chen, don’t come! This is the trap they set!” Su Yanran’s voice suddenly came.

“Hahaha, it’s too late for you to tell him now, boy. Now I’ll give you a choice. Kneel down and knock my head three times, and then break my arm. I’ll let you go, otherwise, you’ll have to be buried under Kunshan mountain.” Shen Wentao laughed wildly.

“Really? Then I choose the third one?” Xiao Chen showed a confident smile.

“Kill him!” Shen Wentao roared.

Suddenly, dozens of strong men appeared around and directly surrounded Xiao Chen.

Xiao Chen didn’t want to entangle with these people for too long. Several silver lights suddenly flew out of his hand.

Before the big men could react, they were all stabbed into acupoints and fell to the ground.

“What!” Shen Wentao was surprised. Unexpectedly, Xiao Chen immediately knocked down so many big men.

“Don’t you mean to kowtow to me? Just these smelly fish and rotten shrimp dare to be arrogant.” Xiao Chen walked in the direction of Shen Wentao step by step.

“Oh, I’m sorry, brother Xiao Chen. It was all a misunderstanding just now.” Shen Wentao quickly piled up a smile on his face and rubbed his hands.

“Then kowtow to me!” Xiao Chen said he was going to do it.

The God Of Medicine Son-in-law Chapter 155

“Kneel down?” Shen Wentao’s face suddenly looked a little ugly.

“Since you can’t kneel down by yourself, I’ll help you!” Xiao Chen said and then flashed to Shen Wentao.

Just ready to kick a kick, I suddenly felt a trace of murderous spirit coming from behind.

He immediately leaned over his body and a bullet rubbed past him.

Shen Wentao was surprised to see that Xiao Chen could escape.

But then he immediately took out a left wheel from his waist and directly aimed at Xiao Chen’s head.

“Go to hell!” He gave a loud roar.

Xiao Chen reacted very quickly. The internal circulation of the diseased pulse is surrounded by the diseased Qi on the hand. He stopped all the bullets he shot.

Then he quickly retreated to a relatively safe position. Behind him were two big trees with a dead corner.

Then he felt the sound of a sniper gun coming from behind him, dodged and flew a silver needle in the direction of the call.

“Ah -” a scream came not far away. A figure fell directly from the tree.

Xiao Chen snorted coldly and wanted to come up again to get Shen Wentao.

Shen Wentao was so frightened that he roared, “Uncle Li, uncle Biao, come and save me!”

Two people suddenly appeared from behind him. They were very fast. One made a fist and one made a leg and went straight to Xiao Chen.

Xiao Chen was not flustered. His illness was surrounded in his hands. He clapped his hands and collided with them.

Both sides were shaken open, and Xiao Chen stood still. He looked coldly at the two strong middle-aged people standing opposite.

“Warrior?” Xiao Chen slowly spit out two words.

“Boy, you know what we are. Now that you know our depth, you’d better surrender.” Zhang Biao is very arrogant.

“Surrender?” The corners of Xiao Chen’s mouth rose slightly.

Then the disease was transported within the pulse and shot again.

Zhang Biao and Zhuang Li also rushed to fight.

Shen Wentao quickly stepped aside and called a little brother.

“Bring Su Yanran to me. I don’t believe this boy doesn’t care about her!”

“Yes!” The little brother hurried to the side of the cabin.

Originally, Zhang Biao and Zhuang Li fought back and forth with Xiao Chen.

But suddenly, two black lights broke out in Xiao Chen’s hands. They were caught off guard and fell down.

“Uncle Biao, Uncle Li!” Shen Wentao didn’t expect Xiao Chen to solve both of them so soon.

He was really flustered now and hurriedly knelt down. Begged:

“Great Xia Xiao Chen, spare me. I know I’m wrong.”

“You didn’t kneel when you were asked to kneel. It’s no use kneeling now!” Xiao Chen’s eyes are full of killing intention.

Shen Wentao quickly backed back in fear.

But Xiao Chen’s speed is much faster than him. It was in front of him in an instant.

“Don’t be arrogant, little thief!” A soft voice came.

Two men in purple, dressed strangely, came to Shen Wentao’s side.

Shen Wentao was delighted to see them.

“Great, both dry grandfathers are here!”

“Well, Wentao, go aside first.” One of the men said.

Xiao Chen looked at their clothes and seemed to see them for the first time.

But he can feel the breath fluctuation in each other's Dantian. It should be two medical practices.

I just don't know their cultivation level.

"Are you also medical practitioners?" Xiao Chen asked.

"There's no need to know so much about a dying man!"

The man on the right said there was a cold wave on his hand.

The man on the left also ejected a fireball from his mouth. All flew towards Xiao Chen.

"Is the medical emperor strong?" Xiao Chen sneered.

If it had been before, he might have been afraid, but last time he got the old man's advice.

His cultivation is more than twice as strong as before. Not to mention the medical emperor, even the current medical sage is not necessarily his opponent.

The hand is full of disease. Directly push out two black balls.

"Bang -"

The attacks on both sides collided together and produced a huge explosion in an instant.

The waves of air current blew the surrounding weeds to the side.

“This person’s skill is very deep. It seems that we should use that move!” The man on the left said that a dark red pill suddenly appeared on his hand.

The man on the right also took it out quickly, and they took it at the same time.

Their breath suddenly soared several times.

The fireball and cold ice flew out again. Xiao Chen could only temporarily avoid the edge and constantly avoid their attack.

The two populations suddenly spewed out green gas at the same time.

Xiao Chen couldn’t see the surrounding situation for a moment.

“Boy, you’re very good. You forced us to use the most powerful toad poison. You can also say that you died without regret.”

The man’s voice came.

Then Xiao Chen felt that his reaction seemed to have become a lot slower.

“We must escape from their poisonous fog array first!”

Xiao Chen hurriedly tried to fly out.

But I immediately felt that my feet were cold, and I was frozen by the other party. I couldn’t get away for a while.

“No matter how high your cultivation is, it’s impossible to escape in the hands of our five poisons and two elders. Die!”

The man's voice came out again.

"Good job, Grandpa Leng, Grandpa Huang, kill him!" Shen Wentao shouted excitedly.

"Brother Xiao Chen, be careful!" Su Yanran's voice suddenly came.

Xiao Chen heard the voice outside and immediately judged the position. He immediately broke the cold ice under his feet and jumped out directly.

"No, someone outside has provided him with a position. The boy is so flexible!" Waste yuan Dao with fire poison.

"Killing that woman for me disrupted our plan!" Lengnian is very angry.

If Su Yanran didn't speak just now, Xiao Chen would surely die under their attack.

Now Xiao Chen has jumped out of the poison array. It's quite difficult to get him in the trap again.

"Brother Xiao Chen, don't worry about me. They just want to kill you. Go quickly!" Su Yanran was still shouting.

"That who! How do you do things? Stop her mouth!" Shen Wentao is also very angry now.

But if he kills Su Yanran, he will be reluctant to give up. After all, Su Yanran is the goddess in his mind. If he wants to kill her, he must get her body before killing her.

Several subordinates quickly took out rags to block Su Yanran's mouth.

But Su Yanran tried her best to resist and failed to block it for a time.

But Xiao Chen had already left the poison array and jumped in her direction.

“Want to save people? Dream!” Lengnian’s hand is full of cold ice. The target is Xiao Chen flying in the air.

Several of his subordinates were flustered when they saw lengnian’s hand in their direction. Even Su Yanran couldn’t grasp it firmly.

The God Of Medicine Son-in-law Chapter 156

When Su Yanran saw that Xiao Chen was about to be hit by lengnian’s attack, she rushed up immediately.

In fact, Xiao Chen has calculated everything. He just can escape the attack of lengnian.

But seeing Su Yanran rush up, his plan was immediately disrupted.

“What are you doing?”

Xiao Chen quickly got sick and hit a round ball to resist the other party’s attack.

“Elder brother Xiao Chen, go quickly! I’m blocking here!” Su Yan looked anxiously at Xiao Chen.

Xiao Chen’s sweat face, you block. What’s your block?

“Get out of the way!” Xiao Chen couldn’t resist the attack of the other party for a moment.

After all, lengnian and Huang Yuan both took strange pills. Now their skills are stronger than Xiao Chen.

Su Yanran is not stupid. Immediately hid to one side.

Originally, Xiao Chen wanted to teach Shen Wentao a lesson, but seeing the current situation, he decided to leave first. The other party's strength is very strong now. If you hit hard, you must lose yourself at that time.

This kind of medicine that can forcibly improve skills in battle must have strong side effects. When he comes to trouble these people again, they won't have much room to resist.

Having figured out his own strategy, now Xiao Chen wants to save Su Yanran first.

But his car stopped outside and didn't come inside. It's not easy to carry a living man for ten miles.

After a battle just now, Xiao Chen's strength also consumed some, leaving less than 60%.

Lengnian and Huangyuan didn't give Xiao Chen much time to think.

Instead, they hit ice and fireballs again in his direction.

Xiao Chen can only dodge again and again. She can also be too close to Su Yanran.

"You try to get out of here first. It's too dangerous here!" Xiao Chen dodged and said.

"Good!" Su Yan nodded.

But Su Yanran is still tied, and her hands and feet are quite inflexible. He ran out and fell to the ground with an "ah" after a few steps.

Seeing this, Xiao Chen could only find a way to draw a gap, and a silver light flew out of her hand to untie the rope on her body.

But as soon as she untied it, Shen Wentao had brought people to Su Yanran.

“Want to go? It’s not that easy. I want you to watch this smelly boy be killed alive!” Shen Wentao said and picked up Su Yanran.

“You shameless little man, you will be punished!” Su Yanran kept cursing Shen Wentao with anger on her face.

“OK. It seems that you are ready to die rather than surrender? Well, I will deal with you here today!”

Shen Wentao said and directly held Su Yanran to the grass.

Began to pick off her clothes.

Originally, Su Yanran didn’t wear a few clothes, and suddenly saw her white and smooth body.

“You bastard, you are inferior to pigs and dogs. Don’t give me a chance, or I will castrate you!” Su Yanran’s pretty face was full of resentment.

But she is helpless now. Shen Wentao’s power is completely above her.

And her hands and feet were tied again.

Shen Wentao could only touch her like a beast.

“How fragrant! How fragrant!” Shen Wentao seems more and more excited.

This is the body of the goddess he dreamed of.

The younger brothers on one side didn't come to look sideways.

I heard Su Yanran's shrill cry.

Xiao Chen suddenly felt that there was an unknown fire burning in his heart.

So he prepared to save Su Yanran first.

"If you fight with us, you still have the mind to care about others. Go to hell!" A fireball flew out of Huang Yuan's hand again.

Directly hit Xiao Chen in the chest.

Xiao Chen fell to the ground and looked at Shen Wentao not far away, constantly picking off Su Yanran's clothes, and then untied his belt.

In a trance. He seems to have seen the scene that a Ling was almost humiliated on the spot in a mission many years ago.

Suddenly, he was extremely angry.

Then he lost some consciousness, and Xiao Chen was burning a raging fire, which was not an ordinary flame.

It is not the poisonous fire in Huang Yuan's hand, but the pure and pure flame in the world.

Now Xiao Chen has become the original Oriental God of war. The whole body's breath is no longer human.

But God, beyond the advanced state of human life.

“What’s the matter with this boy?”

Lengnian and Huang Yuan stopped and observed.

Shen Wentao at the other end is still continuing his evil deeds.

But Xiao Chen made a big move. Caught him directly across the air.

“Ah ~ help me, help me, Grandpa Leng niangan...” Shen Wentao kept struggling.

But directly thrown out by Xiao Chen, I don’t know how far. Hit the mountain in the distance and disappeared.

“Wen Tao!” Lengnian and Huang Yuan were very surprised.

“We can’t deal with this boy now. Let’s go first!” Lengnian is quite calm.

He immediately mobilized his strength and retreated rapidly.

He suddenly appeared in front of him when he was not far away.

One punch straight out.

He was also directly beaten out and crashed into the rocks on one side.

Huang Yuan hurriedly fled in another direction.

However, he was still not spared, and was directly hit by Xiao Chen.

The others present were immediately scared and fled in all directions.

“Master. Let’s go. This boy doesn’t know what’s going on now. He’s becoming too strong!” The housekeeper, uncle Xuan, pulled Shen Hongtu into the car.

Shen Hongtu is completely stupid now. It seems that his whole body has been evacuated.

He was watching. Although what Shen Wentao does is really a beast.

He also plans to go back and teach a good lesson at that time, but after all, Shen Wentao is his favorite little son.

Now, he was beaten by Xiao Chen.

The two strongest elders of the five poisons sect behind him were also killed by Xiao Chen.

In the future, not only do you have no biggest dependence, you are likely to be retaliated by the five poisons sect.

“Driver, drive faster!” Uncle Xuan kept urging.

“I want Xiao Chen to die! I want him to die!” Shen Hongtu suddenly shouted hysterically.

On the other side, Su Yanran thought she could not escape Shen Wentao.

But I didn’t expect that before the last layer of protection was taken off, Shen Wentao suddenly flew up and then disappeared directly.

Now the whole scene is left with her and Xiao Chen who is burning all over.

“Elder brother Xiao Chen.....” Su Yanran looked at Xiao Chen.

She did not recognize him at all, but she knew that it was this man who had just redeemed the scene in an instant. No matter who he was now, in her heart, he would always be Xiao Chen.

The God Of Medicine Son-in-law Chapter 157

“Brother Xiao Chen!” Su Yanran tidied up her clothes a little and ran directly in the direction of Xiao Chen.

But as soon as she was close to Xiao Chen, she was stopped by an inexplicable force.

Xiao Chen looked at her as if she was remembering something. After a while, all the flames on him disappeared.

Xiao Chen knelt on one knee. Put one hand on your chest.

He was hit by a fireball of Huang Yuan. Now he is healing for himself.

What just happened. Xiao Chen only has some fragmentary memories, which are not complete.

Finding that the power of the barrier had disappeared, Su Yanran hurried to Xiao Chen’s side.

He looked at him with great concern.

“Brother Xiao Chen, are you okay?”

“It’s all right. I just hurt a little and I’ll recover right away.” Xiao Chen said faintly,

“Brother Xiao Chen, you are just so handsome!” Su Yanran recalled the scene just now.

Although Xiao Chen seemed to be transformed, he immediately killed the five poisons and two elders and threw Shen Wentao out directly.

From Su Yanran’s point of view, she is just like a hero.

“What power did you use just now? It feels so magical, just like watching superheroes in movies.” Su Yanran helped Xiao Chen up.

Xiao Chen didn’t speak, but smiled faintly.

Suddenly he seemed to notice something.

She picked up Su Yanran directly.

Flew out towards the outside.

“Brother Xiao Chen... What are you doing?” Su Yanran didn’t react for a while.

But she suddenly found that her clothes had been torn by Shen Wentao, and the snow-white on her chest was directly exposed to the outside.

Now as long as Xiao Chen lowered her head slightly, she could see the spring light.

So she quickly covered her chest.

But Xiao Chen didn’t look at her, but hurried ahead.

After a while, he came to Xiao Chen’s BMW.

Xiao Chen threw Su Yanran directly on the back seat, and then came to the front to drive.

Su Yanran saw that he didn't feel the slightest about his current situation. Suddenly, she was a little unhappy in her heart.

What do you say, she is also the woman who was rated as the first beauty in the East China Sea. A man like Xiao Chen is not interested in himself at all.

So she quickly got up and came to Xiao Chen's ear.

Just wanted to speak, Xiao Chen directly stepped on the accelerator, and the car immediately ran away.

Su Yanran fell directly on the seat with an "ah".

"What's the matter? Is it all right? I forgot to tell you to fasten your seat belt." Xiao Chen said faintly.

"Why are you driving so fast? Those people are finished." Su Yanran was puzzled.

"You don't understand." Xiao Chen kept stepping on the accelerator and soon entered the East China Sea.

Not long after the two left, several people in black came to the place just now.

With several bodies in his hands.

"Boss, I just confirmed that he killed him. The smell on it is still fresh." One of the men in black threw his body on the ground.

No one else. It was Shen Wentao who had just been thrown out by Xiao Chen.

On the other side are the bodies of Lengnian and Huang Yuan.

“It only appeared for a while and disappeared immediately. What’s the situation?” The desert God of war in front felt very confused.

“It’s really strange, even if he seems to be avoiding us.” A man in black behind him.

“Hide? The God of war is never afraid. I think it’s for another reason. Check it here.” The desert God of war ordered it.

“Yes!” Several people searched everywhere.

Xiao Chen drove into the East China Sea and felt that the breath didn’t follow, so he slowly slowed down.

“You can’t tell anyone about today, you know?” Xiao Chen said to Su Yanran.

“Are you threatening me?” Su Yanran’s voice suddenly became a little charming.

Xiao Chen suddenly felt a little strange and looked back at her. Then he noticed that her clothes had been damaged.

All the fair skin was exposed.

“Sorry, it was urgent just now. So I didn’t pay attention.” Xiao Chen apologized.

“No, if you don’t come. I may have been poisoned long ago, and I have to thank you.”

Su Yanran said and hugged Xiao Chen directly from behind.

“What are you doing? I’m driving. Loosen it!” Xiao Chen hurriedly asked her to let go.

But Su Yanran didn’t intend to let go.

She just wants to take this opportunity to have something with Xiao Chen.

“I want to be your woman.” Su Yanran spoke out her inner thoughts directly.

“Ah?” Xiao Chen was surprised.

“Well, let go first. If you have anything to say, wait until I park the car!”

“OK, then promise me. Promise me and let go.” Su Yanran seems to have settled on Xiao Chen.

Xiao Chen sighed softly and then said, “OK, I... Promise for the time being.”

Su Yanran let go of her hand.

Xiao Chen drove to a women’s clothing store, then picked up a few clothes and took them to the car. Threw it to Su Yanran.

“Put it on first and call me when you’re ready.” Xiao Chen said and planned to close the door.

But Su Yanran grabbed him and said in a charming voice, “in fact, it doesn’t matter if you’re in the car.”

Xiao Chen felt that the goose bumps all over her fell to the ground.

He threw her away and said, “you can change your clothes. There are so many things.”

Seeing Xiao Chen's expression, Su Yanran couldn't help laughing.

Then Su Yanran changed her clothes.

Sure enough, she was really beautiful. The clothes Xiao Chen took casually looked so beautiful on her.

Su Yanran got out of the car, came to Xiao Chen, turned around and said, "how's it going, isn't it good? I think you still have a little vision."

Xiao Chen was speechless and ignored her. Instead, she walked straight towards her BMW.

Su Yanran also followed him and got on the co pilot.

"Where is your home? I'll take you back." As soon as Xiao Chen got on the sidewalk.

"Ah? You just promised me. How can you keep your word?" Su Yanran's pretty face suddenly showed the color of injustice.

"That's a delaying tactic. If you do, I can only deceive you first. I'm a family man. I didn't say your conditions. A lot of good men will grab them." Xiao Chen is not angry.

"I don't care. I'll follow you." Su Yanran said she was going to hold Xiao Chen.

Xiao Chen immediately dodged.

Su Yanran then prepared to continue to rush over.

Xiao Chen tied her directly to the co pilot with a seat belt.

“Xiao Chen, why are you doing this!” Su Yanran found that she couldn’t move at all, so she began to act coquettish.

“Where is your home? I’ll throw you directly into the bureau without telling you.” Xiao Chen said calmly.

“I’m afraid. If I go back, what if I’m kidnapped again?” Su Yanran kept blinking at Xiao Chen with a pair of apricot eyes.

The God Of Medicine Son-in-law Chapter 158

“Were you kidnapped in your own home?” Xiao Chen asked strangely.

“That’s not true.” Su Yan naturally replied.

“Then why are you afraid that you will be kidnapped at home? I’ll take you back. It’ll be fine. I’m the one they want to target.” Xiao Chen is very sure.

“Then I can’t go back. What if they come to you again?” Su Yanran looked worried.

“Elder sister, they came to me. What does it have to do with you? Does your presence or absence have any impact?” Xiao Chen was speechless.

“That won’t work. How can I watch you in danger again? Why don’t we inform the law enforcement officers first? Someone will take care of the matter.” Su Yanran thought.

“Come on, didn’t you see anything just now. Is it useful for you to let law enforcement officers do this?” Xiao chenbai looked at Su Yanran and said.

“I don’t care. I just want to follow you and do anything. Don’t leave me, okay? I’m really afraid.” Su Yanran immediately began to act coquettish.

Xiao Chen shook his head helplessly. He felt that the woman in front of him seemed to be hopeless.

So he started the car and was ready to send her to Zhang Xian for help.

Su Yanran thought Xiao Chen had been moved by herself. She was very excited immediately, smiled at him and said:

“Where are we going now? To the hotel first? Or somewhere else first?”

“You’ll know when you get there.” Xiao Chen said faintly.

After a while, Xiao Chen will not take her to the place.

Then he got out of the car and took Su Yanran to walk inside with him.

Su Yanran asked as she walked:

“Where is this? Why did you bring me here?”

But Xiao Chen didn’t speak. Now he can only think of this way to deal with her.

Soon I saw a man in uniform coming out.

“Brother Xiao Chen, long time no see!” Zhang Xian quickly said hello to Xiao Chen.

“Long time no see. I’ll trouble you again this time.” Xiao Chen smiled.

“Where’s the matter? This is Miss Su Yanran?” Zhang Xian looked at Su Yanran.

Su Yanran seldom came to this place. Seeing that there were law enforcement officers everywhere, she suddenly became a little nervous.

“Yes. She can’t find her way home. Please take care of it for a while.” Xiao Chen said and patted Zhang Xian on the shoulder.

“Well, I can still do this little thing.” Zhang Xian also patted Xiao Chen on the shoulder.

“That’s it. I’ll go first. There are other things.”

Xiao Chen said and turned to leave.

Zhang Xian also waved goodbye to him.

Su Yanran saw that Xiao Chen had left like this, so she got up and was ready to go. But two female law enforcement officers suddenly came and asked her to fill in something.

“What are you doing? I’m not lost. I know where I live.” Su Yanran said impatiently.

And Xiao Chen has left here at this time, and the figure has disappeared.

Su Yan was so angry that she stamped her feet. But there is no way.

She knew the power behind Xiao Chen was great, but this time Xiao Chen came to save her regardless of her own safety. She found that she had some dependence on this man.

Although Xiao Chen temporarily fled her, she secretly vowed to find him again and chase him back.

Xiao Chen felt a little relaxed when she saw that she finally got rid of Su Yanran.

At the beginning, his purpose of saving Su Yanran was not really because of Su Yanran. Just because he knew that the Shen family was targeting themselves, Su Yanran was just a bait to be used.

In his heart. Su Yanran is not in a very important position.

I already have Wu Yaqing in my heart, no matter how beautiful other women are. No matter how active he is, he won't move any other thoughts.

The reason why I don't want to contact Wu Yaqing now is entirely for her safety.

When Xiao Chen recalled the feeling of changing again at that time, suddenly a familiar figure on the roadside caught his attention.

"Grandpa?" Xiao Chen was surprised.

This figure he will never admit wrong in his life. It is definitely the old man he hasn't seen for a long time, his grandfather Xiao Qingyuan.

He immediately found a place to stop at the roadside, and then chased the old man in the direction.

But the old man who didn't seem to walk fast in the car, Xiao Chen felt that he couldn't catch up with him.

On the street, he can't directly and high-profile transport the disease pulse and chase it in the air.

So he chased for a long time and ran several blocks later. I finally caught up with the old man.

He went up and patted the old man on the shoulder. The old man turned his head in doubt.

But it's not Xiao Qingyuan's appearance at all, but another person.

“What can I do for you, young man?” Asked the old man.

Xiao Chen smiled awkwardly and said, “this old man. I’m sorry, I made a mistake.”

“Oh, it’s all right. I’ll go first.” The old man smiled, too.

Xiao Chen looked at the old man’s back and felt very puzzled.

Clearly, this figure has been firmly imprinted in his memory when he was a child.

So he ran up again and said, “uncle, wait, I have something to ask you.”

The old man stopped again and then looked at him with kindness in his eyes:

“What’s the problem?”

“Do you know Jingting mountain?” Xiao Chen asked.

“Jingting mountain? Where? Are you talking about qiuting mountain?” The old man’s face was full of confusion.

“No, I’m really sorry. It seems that I really admit my mistake.” Xiao Chen apologized again.

The old man smiled:

“Young man, I think you can ask all your questions, otherwise I’m afraid you won’t be able to sleep tonight.”

Xiao Chen also said with a smile: “thank you for your concern. No, you can go!”

The old man nodded and walked forward again.

Jingting mountain was a small hillside that Xiao Chen and Xiao Qingyuan often went to when they were children. At that time, the hillside had no name, so Xiao Qingyuan named it Jingting mountain.

Just now Xiao Chen deliberately asked this question to see the old man’s reaction, but the old man didn’t have any reaction, just confused.

In this way, Xiao Chen determined that the old man was not his grandfather.

Shortly after Xiao Chen turned and left, the old man slowly stopped and tore off the skin on his face.

He said to himself with a smile: “after so many years, this boy has finally grown up a lot. Unfortunately, he still can’t recognize it finally. His cultivation has improved a little. It’s good.”

With that, the old man shook his head and walked forward.

After a while, several people in black appeared around him, all of whom seemed to be his men.

The God Of Medicine Son-in-law Chapter 159

“Guild leader, shall we help you now?” One of them is a man in black.

“No, he needs experience now. He will have stronger enemies in the future. Just look after his family and don’t appear next to me.” Xiao Qingyuan said and waved his hand.

Then he still walked slowly. But soon disappeared in the street, do not know where to go.

If Xiao Chen was present now, he might be surprised. Xiao Qingyuan was surrounded by every man in black, whose strength exceeded him by a large margin. It seemed that he was no longer a mortal or a medical practitioner, but beyond the existence of a medical practitioner.

Such people are generally called immortals. In the eyes of ordinary people, it is like a fairy.

Refining elixir, flying sword, heaven into the sea, omnipotent.

Xiao Chen's elixir field had been broken before. In order to reach the step of an immortal, he had to wait until his own disease pulse cultivation reached a perfect state to start real cultivation.

Xiao Qingyuan's accomplishments are even more unfathomable.

It seems that if he does it, even the desert God of war may not be able to take advantage of him.

On the way home, Xiao Chen has been recalling the old man's breath. At first, he was still a little vague, but he suddenly recalled that for a few seconds, the breath on each other was very similar to that when he first saw Xiao Qingyuan.

So he stopped the car immediately. He's not sure now. What I just met is really Xiao Qingyuan.

And such an opportunity was missed by myself.

With his memory, Xiao Qingyuan came to the place just now, and had already disappeared.

Then Xiao Chen saw a strange pattern on the ground, but the pattern was familiar to him.

This is his favorite painting of the Seven Star Big Dipper when he was a child.

He was sure that Xiao Qingyuan was right, but he didn't know the purpose of the other party's sudden appearance here.

Took out his cell phone and dialed the strange number again.

The other side picked it up, but didn't speak.

Xiao Chen began to talk to herself:

"Hello, I know. You're Grandpa. Grandpa, I'm chen'er. Now I've repaired the city's pulse. I'm doing well. I hope you don't miss me. I miss you too. I just met a person who is very similar to you. Don't worry, I will inherit your will and carry forward traditional Chinese medicine!"

With that, there was no reaction at the other end. Then he hung up.

Xiao Chen is sure that the other party must have heard it. He just doesn't want to expose himself for some other reason.

But this is enough for him. He only needs Xiao Qingyuan to know his current situation. The rest is not important.

Xiao Qingyuan gently put down the phone in his hand. There was a man sitting opposite him at this time. He couldn't see his appearance because of the light. However, it can be seen that the person opposite is not an immortal or even a medical practitioner.

Just an ordinary person. But he seems to know all these things.

We are discussing some very important issues with Xiao Qingyuan.

"Now there are some strange people on the whole Nuo star, and we have caught two in our territory. It seems that there will be stronger strange people in the future. Can you handle them at that time?" The man's voice was very thick and serious.

After hearing this, Xiao Qingyuan closed his eyes and seemed to be calculating something. Then he nodded and said, “we’ll do it when we need it, but we’re the last resort.”

“Well, it’s a big deal this time. All countries pay more attention to it. You can mention it if you have any needs. But we must ensure that there are no major changes or casualties in our territory.”

Men seem to be giving orders.

After listening, Xiao Qingyuan continued to nod without saying anything.

So the man opened the door and left.

As an immortal like Xiao Qingyuan, and his cultivation is so profound that he is very respectful to this man. It can be seen how important the man’s identity is.

Then Xiao Qingyuan’s eyes were a little complicated, but he seemed to have made a decision and began to take out paper and pen to write.

I’m actually writing a brand-new prescription. I don’t know what it’s used for.

On the other side, Xiao Chen returned to the hotel room and found that Wu Yaqing had arrived at the hotel.

And dinner has been prepared for him.

She was wearing a very seductive pink lace dress.

The crystal white carcass looms.

Xiao Chen was actually a little unhappy at the beginning. After all, this is a special time. He doesn’t want to meet Wu Yaqing.

Not because he doesn't want to, but because the conditions don't allow them to meet at all.

As the saying goes, a little farewell is better than a new marriage.

Xiao Chen can freely control her desire in that area, but Wu Yaqing is only an ordinary person after all. Since last time, Xiao Chen hasn't been intimate with her for a long time.

As a young woman, it's normal to have that demand.

And now she suspects that Xiao Chen is actually looking for other women outside. She felt something wrong when she saw Su Yanran last time.

This time, I also came here, which is equivalent to interrogating him.

"What have you been doing lately?" Wu Yaqing's voice was very delicate when she deliberately spoke.

Xiao Chen heard that her scalp was numb, but it was hard to say anything.

He knew that if he pointed out what Wu Yaqing had done badly, it was estimated that the other party would be angry again.

"There have been a lot of things recently. First I went to the car racing, and then I met someone kidnapped. I met someone who looked like my grandfather outside, but it wasn't, and then I came back here." Xiao Chen said the more important things again.

"Kidnapped? Who was kidnapped?" Wu Yaqing immediately became vigilant.

"It doesn't matter. It's just an outsider anyway. It's mainly someone who wants to target me."

Xiao Chen quickly gave a careless eye.

“Is it the woman who went to the hospital last time?” Wu Yaqing guessed right away.

“Which woman? There were so many people in the hospital last time.” Xiao Chen is still pretending to be confused.

“You’re still pretending. Last time I saw that the relationship between that woman and you was unusual. Do you think I’m bored?”

Wu Yaqing’s E-Mei countdown, apricot eyes wide open, obviously angry.

What Xiao Chen was most afraid of was that she was guessing, so she had to call Zhang Xiandao:

“Brother Zhang, I’d like to trouble you with one more thing. Help me explain the situation to my wife.”

Zhang Xian was very happy and agreed immediately.

The God Of Medicine Son-in-law Chapter 160

Then Xiao Chen handed the mobile phone to Wu Yaqing.

“Take it, elder brother Zhang Xian. You always believe his words.”

Wu Ya was innocent, and Xiao Chen picked it up at a glance.

“Hello, brother Zhang Xian. Yes, I’m Wu Yaqing, Xiao Chen’s wife. I just want to ask him about the model. Oh... That’s good.” Wu Yaqing said and hung up.

Then his eyes looked at Xiao Chen with some guilt.

Then she began to act coquettish.

“I’m wrong about you, husband.”

Xiao Chen looked at her helplessly. She didn’t know whether to be happy or feel wronged.

Wu Yaqing immediately sat next to him and put a big chicken leg to his mouth.

“Come on, open your mouth. It’s specially made for you, ah.”

Xiao Chen ate it very cooperatively.

Wu Yaqing is also very happy.

Then they enjoyed the happy time of their world in the hotel.

I don’t know how long it took, Xiao Chen sat up from the bed.

He has always had an inexplicable sense of crisis recently, which seems to be brought to him by the constitution of the God of war.

It’s just that he doesn’t know what’s going to happen.

While he was thinking, the door suddenly rang.

Xiao Chen quickly came to the door and looked around and found that it was ah Ling.

And she seems to have suffered a lot of injuries.

Xiao Chen hurriedly opened the door and carried her to the sofa. He took the pulse and treated her.

It was not long before her face began to look much better and her breathing became even.

“Why did you come to me at this time?” Xiao Chen was puzzled.

Ling cried after she got up.

Don't say a word to Xiao Chen, just lie on his body and cry all the time.

“What happened?” Xiao Chen immediately felt that something was wrong.

But ah Ling just kept crying. I don't know how long later, under the comfort of Xiao Chen.

Ah Ling just slowed down.

“The organization is gone.” Ling spoke with great difficulty.

Xiao Chen immediately felt a concussion in his brain. It seemed that something was broken in his brain.

Took a deep breath and asked, “no tissue?”

Ling nodded slowly, then shed tears again and again.

Perhaps the noise was too loud, and Wu Yaqing woke up.

Turn on the light and see a Ling lying on Xiao Chen.

However, she saw that there were still some blood stains on ah Ling. She knew what war ah Ling had just experienced.

But when ah Ling saw that Wu Yaqing was only wrapped in a bath towel, she immediately felt a burst of anger in her heart.

Suddenly he pushed Xiao Chen away.

Xiao Chen was still thinking about how to explain to Wu Yaqing, but unexpectedly, ah Ling was upset first.

Afraid of her doing something stupid, he quickly grabbed her.

“Ah Ling, this is not the time to be impulsive. You should calm down, or no one will be able to avenge the organization.”

Xiao Chen held a Ling’s hand tightly.

Ling looked back at him, and then felt a burst of grievance.

But she will not show her weakness in front of people other than Xiao Chen.

So although the tears rolled in her eyes, they still didn’t flow down.

Her voice was hoarse and said, “I won’t bother you here. I’d better go outside and find a way first.”

“If you go outside now, isn’t that tantamount to death?” Xiao Chen knows that ah Ling has an idea now.

But now it’s really not a capricious thing to get angry over a little other thing.

“But I’m here. It’s worse than I’m dead.” A Ling shook Xiao Chen’s hand away.

Then he ran out of the door.

Wu Yaqing tried to stop her, but she knocked her off and fell to the ground.

Xiao Chen hurriedly went up and helped Wu Yaqing up.

“Wife, are you okay?” Xiao Chen hurriedly checked Wu Yaqing’s body.

“I’m fine. You can catch her back quickly. Otherwise, it’s not good if you really encounter any danger outside.” Wu Yaqing was very accessible for the first time.

Xiao Chen nodded, quickly took a set of sportswear and chased out.

But this time it’s still much easier than last time, because a Ling has just been injured and hasn’t recovered yet.

Although her physique is more ordinary, she is still human after all.

So the speed is much slower than Xiao Chen. Xiao Chen found it not far from the hotel.

Xiao Chen hugged her directly.

A Ling is struggling with Xiao Chen.

“Let me go! Let me go!” Ah Ling felt angry when she saw Xiao Chen now.

She doesn’t know the reason why Xiao Chen left the organization. I don’t know why Xiao Chen gave up their ideals at that time.

Most importantly, Xiao Chen now has another woman. And what should have happened happened.

She can't seem to accept this fact at all, but she can't bear to start with Xiao Chen. So I can only hurt myself.

"Ah Ling, calm down, will you calm down? It's not time for us to think about these children's private affairs. Should you think about your comrades in arms!" Xiao Chen seems to be teaching her a lesson.

"My comrades in arms? Isn't it yours? Didn't you bring them to this point with one hand? It's easy for you to shake your hand and quit. What about them? They have no choice but to fight to death!" Ling roared at the top of her voice.

Listening to her words, Xiao Chen felt that her heart was being pounded with a hammer.

But even so. He kept himself as calm as possible and still hugged ah Ling.

Until ah Ling's voice gradually decreased.

This is the first time he has tried so hard to control ling.

Then ah Ling turned and hugged him.

"They are all dead, you know? Even at the last moment, they still think about our ideals at that time." Ah Ling said, tears rolling down from her eyes again.

"I know. I know. It'll be all right. We'll avenge them!" Xiao Chen patted her on the back and comforted her.

It seems that Xiao Chen is enjoying her very much. Ah Ling falls asleep after a while.

Xiao Chen picked her up and was ready to go back to the hotel first.

At this time, suddenly more than ten big men surrounded. A man in purple looked at Xiao Chen with a dark smile and said:

“Why, rob the beauty here in the middle of the night? We saw everything before, and we also took videos. This is the evidence. If you don’t want to go inside the Bureau, hand over the beauty.”

“The thief shouted to catch the thief.” Xiao Chen looked at the man with great disdain.

These people have no threat to him at all, but now there is monitoring in this area. He doesn’t expect to be photographed with something he shouldn’t have.

So he ignored the man and walked straight behind with a Ling in his arms.
