The God Of Medicine Son-in-law Chapter 161

“Brothers, this boy doesn’t cooperate with us. Give it to me! Grab the beauty in his hand!”

The man in purple shouted, and all the big men behind Xiao Chen rushed towards him.

Hearing the sound, Ling, who had just fallen asleep, suddenly woke up.

Xiao Chen saw that she woke up and put her on the ground.

Seeing that all the ten big men rushed up, ah Ling’s eyes were cold. Just want to do it.

But Xiao Chen stopped her.

“Don’t use that here. The East China Sea is not safe now. It may be found at any time.” Xiao Chen said faintly.

Ling then gave up using her power.

Seeing that ah Ling had woken up, the man in purple quickly asked the big men to stop first.

“This beauty, you were just attacked by this shameless smelly man?” The man in purple tried to look like a gentleman.

“Who said that?” Ling’s voice was full of disdain.

“Then why did you shout so bitterly just now? I thought you were forcibly abducted and trafficked here.” The man in purple couldn’t help looking up and down at a Ling Dao.

Ah Ling is still wearing the previous leather clothes and leather pants. But the bottom is wearing shorts, so the slender thighs are completely exposed.

At this distance, the man in purple couldn't help looking down at her jade white thigh.

"Get out!" A Ling felt the man's eyes and felt a burst of nausea.

If Xiao Chen hadn't said she couldn't use her ability here, she would have directly blasted the man in purple into pieces with one punch.

"Beauty, don't be so fierce. Since you're not kidnapped and trafficked, do you want to have a drink with your brothers to make sure you're cool." The man in purple said his thoughts without scruples.

The big men behind them also laughed.

Now they are in large numbers, and there are few people in this place.

The most important thing is that it's still midnight. No one will know what they want to do.

What else does Ah Ling want to say. Xiao Chen directly pulled her aside.

"I just gave you a chance. Since you want to die, I won't be merciful again!"

"Oh, why, I thought you were just a shrinking turtle? Unexpectedly, you dared to speak out. Brothers, beat him!" The man in purple looked at Xiao Chen very contemptuously.

Give an order. More than ten big men behind rushed up immediately.

"Or I'll come." A Ling stands behind Xiao Chen.

“Thirty seconds, I’ll do it right away.” Xiao Chen finished and punched in an instant.

A big man who rushed up was immediately beaten to the ground.

Another big man kicked at Xiao Chen. Xiao Chen grabbed his leg and threw it out directly.

Once again solved the four big men.

Seeing that the situation was a little bad, the man in purple quickly stepped back. Call while returning:

“Brothers, don’t be afraid. Let’s go together and we can handle him!”

Hear his orders. Suddenly, the remaining ten big men surrounded Xiao Chen together.

Xiao Chen swept the hall legs, all ten big men fell down, and silver lights flew out of his hands.

All the big men immediately howled and rolled on the ground.

“What did you do?” A Ling saw that all the big men in the ground were rolling around, and she was a little confused.

“Pierce their pain points. OK. It’s not suitable to stay here for a long time. Go first.” Xiao Chen said and took ah Ling away.

The man in purple got away with it. After Xiao Chen left, they immediately dialed a phone.

Soon after, a Ferrari came, and down came a man in a yellow woolen coat. Seeing all the big men rolling on the ground, he immediately saw the doorway and pulled out all the silver needles on them.

Seeing him coming, the man in purple hurriedly ran out and cried:

“Brother, you see, I’ve been bullied like this outside. You must avenge me!”

The man looked at the silver needle, and there were some changes on his indifferent face. Seems to think of something.

Then he murmured, “did he appear? Didn’t all his meridians have been abolished?”

But seeing the silver needle in his hand, he still remembered the man of that year.

If Xiao Chen were present now, he would know the man.

It was Nangong Lengshan, a young genius who entered the medical immortal gate with him in the same year.

They were very good friends when they were young.

Because the two of them were children. The others are much older than them.

At that time, Xiao Qingyuan trained Nangong Lengshan besides Xiao Chen.

While Xiao Chen and Xiao Qingyuan left successively, Nangong Lengshan didn’t stay in the medical immortal gate, but also went out for a trip.

He also had quite good luck. He met a wandering stranger outside. He not only had excellent medical skills, but also taught him a strange skill: “green wood Changchun decision”

This skill can not only assist him in his medical practice, but also produce a strange gas in the Dantian, which is called true Qi by the wandering scattered people.

Only after practicing this kind of skill can it appear in the Dantian.

Over the years, although he has made little progress in medical cultivation, the amount of genuine Qi in the Dantian has changed.

Moreover, he found that this real Qi can be condensed to smash some very solid objects across the air, or change into any shape he wants. It can be said to be one of the best weapons in the world.

Of course, he doesn't know. In fact, he has become a monk. What the monk cultivates is true Qi. To a certain extent, it will become more powerful vigorous Qi, followed by divine power.

At present, the cultivation of Nangong Lengshan is still too low, so you can't feel the power that really belongs to the immortal.

However, compared with ordinary medical practitioners or ordinary martial artists, his current state is much better.

Over the years, he has only used this skill to be the bodyguard of some important people.

In front of him, the man in purple met him on the way to be a bodyguard. Although his character was very poor, his loyalty was the best, so he was temporarily under his charge.

"Li Han, please don't provoke people outside when you have nothing to do. Now when you meet a hard bone, you know to beg me? You forget everything you usually tell you, don't you?"

Nangong Lengshan looked white and the man in purple said.

"Brother, I haven't done anything outrageous. I'm ready to save people. If you don't believe me, I'll prove guilty." Li Han said and handed his mobile phone to Nangong Lengshan.

Xiao Chen above is trying to hold ah Ling. It looks like he wants to possess a beautiful woman forcibly in the middle of the night.

The God Of Medicine Son-in-law Chapter 162

After watching the video, Nangong Lengshan raised his mouth slightly, threw Li Han's mobile phone back and said to him:

"Send me a copy of the video and I'll check this man."

Seeing that Nangong Lengshan was about to attack, Li Han immediately pounded his head like garlic:

"Of course, it will be sent to you. Thank you, brother!"

"Well, take them to the hospital. Don't be seen at that time. You people are so embarrassed. Go to different hospitals."

Nangong Lengshan explained and drove away.

But his heart was dark and cool. Xiao Chen was always serious when he was a child. Relatively speaking, he is not so serious, so when doing a lot of things, Xiao Chen always points out what he has done wrong and not well.

Now with the "criminal evidence" of Li Han just now, find Xiao Chen and don't let him kneel down and admit his mistake.

When I was a child, I was so arrogant that I wanted to uphold justice and fight for world peace. Now I rob civilian women in the street?

Nangong Lengshan was more and more excited, and stepped on the accelerator to the bottom in an instant.

On Xiao Chen's side, he just took ah Ling back to the hotel.

At this time, Wu Yaqing was already asleep, and Xiao Chen simply opened another room.

Let a Ling take a bath first, and then talk about what happened these days.

Now ah Ling seems to calm down and listen to Xiao Chen's arrangement.

After taking a bath. She was wearing the pajamas equipped in the hotel. Instead, she looked like a little woman, very pure.

If Xiao Chen didn't know she was a female martial god who fought everywhere, she might misunderstand that she was just a little girl next door who was still in school.

"Tell me what happened during this time." Xiao Chen spoke slowly.

He knows that this topic is heavy, but he still needs to understand it clearly.

After all, the whole organization is his work.

Ling didn't seem to know where to start for a moment. After thinking for a long time, he finally said:

"Last time I went back, everything was normal. Each of us was actively participating in every activity. Although you were not there, we also made some breakthroughs. The most important thing is that we know that country m is studying a very powerful weapon, which is more than the G series."

"More than g series?" Xiao Chen was also a little shocked.

G-Series weapons can destroy the existence of sub God level characters like Arlene.

Once hit. Even if Xiao Chen was the God of war, he could drink a pot.

Other people are almost certain to die, and now they have developed weapons beyond the G series. Doesn't that mean that ordinary humans can kill Ares level characters.

This information is really appalling.

There are only 11 people with God of war constitution like Xiao Chen in the world.

There are ten besides him.

Each one is the overlord of the Hegemonic Party, and the reason why Xiao Chen established the extermination organization. The main purpose is to kill all other war gods who like to cause war.

This will ensure that the whole world is relatively peaceful.

Although the whole Chinese territory is so peaceful now, those peaceful countries are only guarded by super weapons or a powerful God of war.

If there were no such conditions, there would be a World War I almost every few days.

The most important thing is that once defeated, there is a risk of being destroyed.

Using this tough means to conquer the so-called weak is not the real strength understood by Xiao Chen.

And they just started the war because of some interests.

Then. A Ling said all the things that happened after that, and the organization's base was exposed for no reason.

Then came the encirclement and killing of several gods of war. With the help of all the team members, she escaped seriously and came to the East China Sea.

Because I entered China. Temporarily sheltered, so the other gods of war stopped temporarily.

But now they should also unite to put pressure on the upper echelons in China. It is estimated that ah Ling will not stay here long.

After listening to a Ling's story, Xiao Chen felt a pang of pain and felt very guilty.

Generally speaking, he killed his former team members. The disappearance of his physique and helpless departure led to today's situation.

And now ah Ling can only stay here for a short time. At that time, it may be a day of exile for the whole world.

He hates so much that his constitution has disappeared and he can't protect the people he loves.

Seeing Xiao Chen's clenched fist, ah Ling suddenly hugged him gently.

She knows that now Xiao Chen has Wu Yaqing. You can't have two people in your heart at the same time.

But she still wants to know Xiao Chen's feelings for her.

So he slowly took off his pajamas.

Xiao Chen was shocked when she saw her action and hurriedly wanted to put her clothes on.

But ah Ling stopped him, still slowly took off his clothes, and then slowly took off Xiao Chen's clothes.

“Xiao Chen, you know what? Now I’m not afraid of death. I’m afraid of one thing.” Ling took it off and her eyes were full of tears.

Now Xiao Chen seems to have no power to stop her from doing all this.

Now he can’t save her in danger, because there is a great threat around him.

“You said.” Xiao Chen’s voice was very light, but he could hear it clearly in such a big room.

“I’m afraid you don’t love me.” Ah Ling said and kissed Xiao Chen’s lips gently.

Then Xiao Chen felt like he was dreaming and spent a night.

When she woke up in the morning, Xiao Chen found that ah Ling had left.

Only a silk scarf was left.

When she was twelve years old, Xiao Chen gave her a birthday present for the first time. She always took it with her. Now she is not sure about her future, so she still returned it.

It seems to have some moral meaning, but Xiao Chen saw it as if he saw the simple and innocent little girl who wanted to realize her ideal with him.

Even if Xiao Chen’s heart has been tempered as iron, tears still fall from the corners of his eyes.

But then he calmed down again. He needs to awaken the power in his body. He can’t let ah Ling be in danger like this.

Wu Yaqing woke up in the morning and found that Xiao Chen didn’t come back, so he hurriedly called.

But Xiao Chen just arrived at the door of this room.

After entering the door, Xiao Chen said nothing.

Wu Yaqing saw what he wanted to say, and finally was swallowed back to his mouth.

Suddenly Xiao Chen knelt in front of Wu Yaqing and said:

“Yaqing, I’m sorry for you. Last night I.....”

The God Of Medicine Son-in-law Chapter 163

Seeing Xiao Chen’s performance, Wu Yaqing thought of a Ling’s coming last night.

I immediately understood what was going on.

Even seeing that Xiao Chen had made a mistake with himself, Wu Yaqing still felt a burst of grievance.

“Hit me and scold me. I’m really not human.” Xiao Chen said, lowering her head.

But Wu Yaqing didn’t do anything, but helped him up and said:

“She should be very important to you. In fact, you treat me like this. I’m quite satisfied. In my opinion, she is really more suitable for you than me.”

“No, it’s just...” Xiao Chen didn’t know how to talk to Wu Yaqing for the first time.

Thinking of the past, they have also experienced many tests and can come to this day. He also cherishes it very much.

“Well, don’t explain so much to me. Where is she? Let her come and have dinner together.” Wu Yaqing seems to really want to open up and is ready to open the door to find a Ling.

“Let’s go.” Xiao Chen said.

“Gone? Isn’t she very dangerous now?” Wu Yaqing remembered seeing a Ling covered with blood yesterday.

Xiao Chen stood up from the sofa, bowed solemnly to Wu Yaqing, then hugged her and kissed her:

“Thank you, wife. You will always be my wife. I’ll go out to find her now. I can’t watch her fall into danger alone.”

Wu Yaqing nodded and said, “I have nothing to help you, but you must all come back safely.”

“Yes.” Xiao Chen gently promised and left the room.

Fortunately, he got the guidance of the mysterious old man last time. Now his medical cultivation has reached an amazing level.

He can still feel the breath of ah Ling. I think I didn’t run too far.

After all, her current situation has not recovered, and she can’t use the power of sub God in the territory.

It’s troublesome in case of being watched.

Xiao Chen looked for it with a weak feeling. After a while, she found that ah Ling's breath went in the direction of a park.

He quickly stepped on the accelerator to the bottom and went to a relatively desolate park in the middle of the East China Sea.

At this time, ah Ling was tied to a tree.

Seeing Xiao Chen coming, he immediately struggled and seemed to want Xiao Chen not to save her.

But Xiao Chen can't manage so much. Feeling that there was no breath of others around, he rushed up directly.

At the moment of approaching ah Ling, a silver light flew out and came straight to his head.

Xiao Chen's reaction was also very fast. In an instant, he leaned over and avoided the silver light.

But then several silver lights continued to fly out.

Xiao Chen hurriedly took out his silver needle.

After a while, dozens of silver lights all collided together, producing a "jingling" sound.

Then a dark shadow appeared in front of Xiao Chen in an instant.

Xiao Chen felt that he was very familiar with the needle method used by the other party. But I'm not sure yet.

And now the other party is covered, and he can't recognize who it is.

“Who are you? Why did you catch her?” Xiao Chen was not in a hurry.

He doubted that the other party was one of his acquaintances.

But the other party didn't explain so much to him. A green idea suddenly appeared in his hand, and then turned into a green sword. Kill Xiao Chen directly.

Xiao Chen felt the threat from the green sword.

He hurriedly carried up the diseased pulse, and the diseased Qi walked upstream of his hands.

When the green sword came, Xiao Chen quickly avoided it, and then hit out a trace of disease on his hand directly.

The man blocked it with his hand, but he directly blocked it, and then refined all the sick Qi.

Xiao Chen was surprised and knew that he had met an expert. He began to deal with him.

But after a few moves, the green sword on the hand suddenly released a sword spirit.

Xiao Chen was caught off guard and almost hit directly. But there was also a blood mark on his chest.

A Ling saw such a situation and kept making a sound, but her mouth was blocked. Neither of them paid attention to her.

Seeing that Xiao Chen was injured, the masked man suddenly stopped, and his eyes seemed full of pride.

Seeing his eyes, Xiao Chen felt more and more familiar and kept searching for such eyes in her memory.

Suddenly, his mind flashed and he shouted directly:

“Nangong Lengshan!”

When the man saw that Xiao Chen recognized him, he immediately took off his mask.

Sure enough, this person is Nangong Lengshan.

“Xiao Chen, it’s been so many years since you’ve been playing against me. Ha ha, you’ve been playing against Xiao Chen for three years. I’ve been playing against you for three years!”

Nangong Lengshan laughed and patted Xiao Chen on the shoulder.

Knowing that it was Nangong Lengshan, Xiao Chen began to transport the sick pulse and repair her wound.

Nangong Lengshan was slightly surprised and said:

“I didn’t expect that your medical training didn’t regress at all, and you could reach this level.”

“Where, what was that trick you just used?” Xiao Chen was very interested in the smell of the green sword he had just condensed.

“This was taught by a wandering individual when I was traveling abroad. I don’t know the specific name, but it’s still very powerful. If you want to learn, please take me as your teacher!”

Nangong Lengshan was proud again as he said.

Now Xiao Chen can’t beat him, which shows that Xiao Chen’s luck in recent years is not as good as him.

This is also a point worth his happiness.

And Xiao Chen didn't pay attention to him, but untied ah Ling first.

"I killed you!" As soon as ah Ling untied, he angrily wanted to go up and beat Nangong Lengshan.

Nangong Lengshan was not afraid at all and put on a posture directly.

"Well, Ling, let me introduce you. This is my good friend when I was a child. We were all at yixianmen. His name was Nangong Lengshan."

Xiao Chen held ah Ling and then introduced her.

Ah Ling was surprised, but she didn't continue her just move.

"This is ah Ling, my comrade in arms." When Xiao Chen said it, a glimmer of evasive brilliance appeared in her eyes.

After all, he was not completely willing to do what happened last night. He just thought of the future of ah Ling. He was really hard hearted to refuse her.

"Comrades in arms?" Nangong Lengshan was surprised after hearing this.

Then he looked at Xiao Chen with an evil smile and said, "I'm afraid it's not an ordinary comrade in arms?"

Hearing Nangong Lengshan say so, ah Ling immediately felt a burst of shame and her ears were red.

After all, really speaking, she took the initiative last night.

Xiao Chen immediately smiled awkwardly: “how can it be? It’s just his comrades in arms. This is not the place to talk.”

The God Of Medicine Son-in-law Chapter 164

Xiao Chen takes a Ling and Nangong Lengshan back to the hotel first.

Just after arriving at Ruihua Hotel, Nangong Lengshan was slightly surprised, touched his chin and said:

“Unexpectedly, unexpectedly, although you can’t beat me, you still earn more than me. I usually don’t dare to live here. It’s too expensive.”

Xiao Chen didn’t feel anything. On the contrary, when ah Ling came to Ruihua, she remembered what happened last night, and her beautiful face turned red unconsciously.

When she came to room 752, Wu Yaqing had left at this time, so Xiao Chen had less consideration. Let two people come in and sit down first.

Ling was a little uneasy because she was thinking about yesterday.

“I said Xiao Chen, you are good. With such a beautiful comrade in arms, you are not lonely every day.” Nangong Lengshan doesn’t seem to want to miss the chance to seize Xiao Chen’s pigtail.

“She came here the day before yesterday. Some things are really not what you think.” Xiao Chen took off his coat and sat on the sofa.

Seeing that ah Ling was a little embarrassed, Nangong Lengshan asked, “Xiao Chen, what’s the matter with your comrade in arms? I just tied her up and didn’t do anything to her. Don’t rely on me if something goes wrong.”

Xiao Chen also felt that ah Ling was a little strange. But thinking of what happened last night, he couldn’t go up and ask directly, so he said:

“Well, Ling, if you’re not feeling well, go to the room and have a rest first.”

Ling nodded slightly. So I went to a room to rest first.

Seeing that ah Ling went in, Nangong Lengshan immediately sat next to Xiao Chen and said:

“Yes, boy, didn’t you start with this girl? My friend has a crush on it. Can you introduce it?”

Hearing this, Xiao Chen almost sprayed out the tea he had just drunk.

“OK. Don’t be so rude. I asked you to come here to talk about business.”

Xiao Chen said positively.

“Talk about business. What I just told you is business.”

Nangong Lengshan deliberately bumped Xiao Chen’s foot with his foot.

Xiao Chen had no choice but to sit on the chair opposite him and said:

“You can fight for it yourself if you want. Don’t mess with these crooked ways. We haven’t seen each other for a long time. I’m still curious about the method you practice now.”

Nangong Lengshan also stopped smiling on his face and said:

“It’s said that a wandering individual gave it to me. If you want to learn, you should learn from the teacher first.”

“Do you belong to medical training?” Xiao Chen asked.

Nangong Lengshan thought a little and tilted his head:

“It shouldn’t count. It can’t be used to cure diseases. It can only be used to fight.”

After hearing this, Xiao Chen had a number in her heart. It seems that this method is not only aimed at curing a disease.

“By the way. Did you find your grandpa?” Nangong Lengshan asked as if he remembered something.

At the beginning, he and Xiao Chen left the medical immortal gate, largely because Xiao Qingyuan disappeared.

“I’ve found it.” Xiao Chen is a little uncertain.

“What does it mean to find it? If you find it, you find it. If you don’t find it, you don’t find it.” Nangong Lengshan frowned slightly.

After hearing this, Xiao Chen changed her mind:

“I didn’t find it.”

“Did you say you found it before?” Nangong Lengshan seems to be dissatisfied with Xiao Chen’s statement.

“How can I say? Not long ago, I saw him, but he didn’t seem to want to see me, so he dressed up, and I didn’t recognize it at that time.” Xiao Chen explained.

So Xiao Chen told Nangong Lengshan about seeing an old man who wanted to see Xiao Qingyuan’s back on the road a few days ago.

“Finally, I left. When I went back, I found that it was Grandpa. At first, I wasn’t sure. And he pretended better.”

Xiao Chen finished and drank a mouthful of tea.

Nangong Lengshan nodded after listening.

“It seems that Grandpa Qingyuan really doesn’t want you to see him so early. As for what purpose, I don’t know.”

“Where do you work now? Are you interested in joining us? Your skill is OK.” Xiao Chen looked at Nangong Lengshan with great interest.

“Why? You want to attract me? It depends on whether our boss Xiao Chen has given enough.” Nangong Lengshan said and made a gesture.

“Don’t worry, I guarantee your satisfaction.” Xiao Chen smiled.

“Well, I’m working as a bodyguard for a mysterious underground leader in the East China Sea. It’s about three million a month.” Nangong Lengshan road.

“I’ll give you ten times, but you have to teach me your cultivation method.” Xiao Chenli Ma Dao.

“Ten times?” Nangong Lengshan doesn’t believe his ears.

He quickly stood up and pointed to Xiao Chen:

“That’s what you said. Don’t go back!”

“A gentleman’s word.”

“Four horses are irretrievable!”

The two hit it off.

Nangong Lengshan said that in order to be safe, he still had to sign a contract for fear that Xiao Chen would default at that time.

Xiao Chen smiled faintly. Now the money can be paid by himself.

Maybe Nangong Lengshan doesn’t know how much wealth he has created with prescriptions.

“Well, we agreed to sign the contract in the evening. I’ll go back and resign now!”

Nangong Lengshan hurried out of the door, as if afraid that Xiao Chen would find a chance to repent at any time.

Xiao Chen feels that if Nangong Lengshan is around him now, maybe he can really ensure the safety of himself and a ling for the time being.

But he actually overestimated the strength of Nangong Lengshan.

After Nangong Lengshan left, ah Ling came out of the room.

Now the tone of her voice in front of Xiao Chen has changed from the original straightforward to a little gentle.

This makes Xiao Chen a little uncomfortable.

“That... What happened last night.” A Ling knows she still has to face it.

Xiao Chen sighed softly and then said to her, “sit down first.”

So ah Ling came to sit on the sofa opposite Xiao Chen, but she still lowered her head and didn't dare to look at him.

Xiao Chen suddenly held her hand and said, “although I Xiao Chen once swore that I would only fall in love with one person in my life, some things happen, and I can't change it, so I can only cherish now.”

A Ling raised her head and saw Xiao Chen's sincere eyes.

“Ling, I hope you will stay with me now. No matter how great the crisis is, we will overcome it together. Until the end of this crisis, if you want to leave again, I will never stop you.”

But Xiao Chen didn't expect that as soon as he finished this sentence, ah Ling rushed up and rushed to his arms.

“I won't leave, I'll never leave!”

The two held each other tightly in this way, and slowly loosened after a long time.

The God Of Medicine Son-in-law Chapter 165

Xiao Chen had already told Wu Yaqing about this in the morning. Indeed, he was also a little hard to give up.

Although in a certain sense, Xiao Chen did not do well this time, Wu Yaqing chose to forgive him.

Because although Wu Yaqing doesn't know what kind of experience they have.

But she can judge from the look in Xiao Chen's eyes at a Ling that Xiao Chen's feelings for a Ling are absolutely extraordinary.

In a sense, they are the later ones. Give them a little tolerance. Although he will feel heartache, at least it will not cause some emotional gap between her and Xiao Chen.

One afternoon will pass soon. Nangong Lengshan brought all his things directly.

Li Han used to follow Nangong Lengshan. Now Nangong Lengshan is leaving. He also wants to follow, but Nangong Lengshan told him. Now his boss is the man he provoked that night.

If he comes here now, it is estimated that he will be directly kicked out and let him think for himself.

After much consideration, Li Han was ready to give up. After all, that night he had a feud with Xiao Chen. He never dreamed that his eldest brother would be bought by his enemies.

Nangong Lengshan had the same relationship with Li Han, so he didn't care about Li Han.

He came to Xiao Chen on his own.

After coming, Xiao Chen directly arranged another suite for Nangong Lengshan.

After so many years, their feelings have remained the same as before. Nangong Lengshan is also a kind of person who attaches great importance to friendship.

Although I'm asking Xiao Chen for money now, it's also forced by life.

Whether you are a god of war or a monk, you can't live in the city without money.

Money seems unimportant. But in fact, more is better.

So Nangong Lengshan came to work with Xiao Chen without saying a word when he heard the price offered by Xiao Chen.

“Well, it’s all sorted out. Tell me, what’s my main job?” Nangong Lengshan took care of everything and came to Xiao Chen’s room.

“It’s very simple. You teach me the cultivation method of your method. By the way, you can protect the safety of both of us during this time.” Xiao Chen said.

Nangong Lengshan nodded after listening.

“That’s a small thing. No problem.”

“Don’t take it lightly. The enemy we face now is not ordinary people, but God like existence.” Xiao Chen said, and his face became serious.

A Ling came over and looked at Nangong Lengshan with some doubt:

“Can he do it? I don’t think he can even beat me.”

Nangong Lengshan was immediately unconvinced.

“Why don’t we have a duel?”

Although he has a crush on ah Ling, if someone doubts his ability in fighting, he must prove it.

“Well, I’ll give you a chance after that. But not now.” Xiao Chen pulls ah Ling aside.

In fact, ah Ling's suspicion is also reasonable. Although Nangong Lengshan's means seem fancy, it is dwarfed by those gods of war or enemies with high-tech weapons.

But now Xiao Chen can meet Nangong Lengshan, which is fate. The strength on his side is not very strong, so it can be strengthened a little, which is Xiao Chen's idea now.

After a Ling entered the room, Xiao Chen continued to chat with Nangong Lengshan.

Nangong Lengshan told him what happened to him that year.

It was mainly because I met a wandering scattered man on the way to be chased and killed. The wandering scattered man told him how to introduce Qi into the body, then refine and liquefy the real gas. Then he broke through to today's state.

As for the specific boundary division, he is not very clear now. I just know that there is a period of body refining and Qi refining, and there are many small stages in the middle. He doesn't know everything.

The wandering man left after telling him this.

He has been trained to this day with this skill, but he has almost never met any enemy when facing the enemy.

Hearing Nangong Lengshan's words, Xiao Chen became more interested, so in the next few days, he followed Nangong Lengshan's method and began to draw air into the body at the beginning.

But every time he introduced the so-called Reiki from the outside into his Dantian, he would find that because his Dantian had been broken, he could not leave those Reiki in it. It will all dissipate in a moment.

Tried for a long time, the results are the same.

Xiao Chen was a little depressed.

Nangong Lengshan patted him on the shoulder and said, "it doesn't matter. With my brother, I can ensure your integrity. Don't worry, my strength is completely worthy of your money!"

Xiao Chen was helpless, but she just smiled bitterly.

Now it seems that Nangong Lengshan is indeed their biggest support except for ah Ling's strength recovery.

I haven't seen Wu Yaqing for several days. Xiao Chen is also worried that this matter makes Wu Yaqing have any superfluous ideas.

So Xiao Chen took a moment to find Wu Yaqing.

But when she came to the hospital to close, she couldn't be found at home.

Xiao Chen immediately worried.

I've been addicted to how to cultivate Qi these days, and I haven't contacted her.

Now Xiao Chen has a special regret.

So he informed Nangong Lengshan to come out and look for Wu Yaqing with him.

When Nangong Lengshan heard that Wu Yaqing was missing, his first reaction was not some worry, but still joking that Xiao Chen had a wife so early. He was looking forward to seeing her and seeing what she looked like.

Xiao Chen drove around looking for her car. After a while, Liu Nianxin called and said that someone had seen Wu Yaqing in a bar last night.

It seems that someone took her away and is now checking the whereabouts of that person.

Xiao Chen came to the bar according to Liu Nianxin. After a while, Liu Nianxin said he had found it. Wu Yaqing was taken to a nearby couple hotel.

So they rushed to the hotel.

Xiao Chen kicked the door open and opened the door. There was indeed a man and a woman lying in bed, but it was not Wu Yaqing and the man in the bar.

After apologizing, Xiao Chen paid some compensation.

Later, he wanted to scold Liu Nianxin.

Now, if anything happens to Wu Yaqing, he will be overwhelmed.

Liu Nianxin also said that he was helpless. The one he saw in the survey was really like Wu Yaqing.

Xiao Chen didn't continue to talk nonsense with him, so he continued to investigate until he found it.

After Liu Nianxin hung up the phone, he looked at Wu Yaqing who was sitting in the chair of his boss in his office looking at the information.

The God Of Medicine Son-in-law Chapter 166

"Well, mistress, now little Lord Xiao Chen is looking for you everywhere. I'm very worried. Otherwise, forget it." Liu Nianxin looked at Wu Yaqing with a flattering face.

It turned out that not long ago, Wu Yaqing went to the bank to withdraw money and found that there had always been an account on Xiao Chen's card to pay him. She had one more heart and followed it.

It is found that Liu Nianxin, a giant in the pharmaceutical business circle, is actually Xiao Chen's subordinate.

So she planned and arranged the disappearance in order to revenge Xiao Chen's infidelity to her. At the same time, come to Liu Nianxin to understand the situation.

Although she doesn't know much about these business operations, she can understand the ingredients contained in many company products.

Almost every drug surprised her.

Because this formula and curative effect she has never seen before, the key is that some difficult and miscellaneous diseases can be cured by traditional Chinese medicine, which has never been in her concept.

So after these days of research. Wu Yaqing felt that he had a new understanding of traditional Chinese medicine.

Originally, traditional Chinese medicine was just some basic diseases, and the treatment effect was better. Now it seems that.

It's not just some basic diseases. Many serious and difficult diseases are treated very effectively.

Liu Nianxin said that these prescriptions were given by Xiao Chen, and her view of Xiao Chen has also changed greatly.

Although I know that there is a special pharmacopoeia in Xiao Chen's body, these prescriptions are really amazing.

She was reluctant to leave for a moment and wanted to study these prescriptions well.

Liu Nianxin also has some helplessness for the hostess. She can go back and ask Xiao Chen about the origin and principle of these prescriptions.

But it's just to study on his side.

Wu Yaqing was the one he didn't dare offend, so she had to study in the company's office.

In the past few days since Wu Yaqing came, there have been many rumors in the company.

Liu Nianxin has found a new lover.

Sure enough, I still couldn't help it or something.

It turned out that after Xiao Chen's prescription treatment and education last time. Liu Nianxin is also a lot more honest. The key is that now he lives in harmony with his wife and husband.

It's not so idle in the company every day. You should always pay attention to the trend of the company's products and report some situations to Xiao Chen at any time.

Although Xiao Chen is not in charge of the company, he always knows the trend of the whole market.

For example, if the raw materials of some medicinal materials are reduced in price, he will call Liu Nianxin to ask him to reduce the price according to the price range of medicinal materials. Accordingly, let some of their company's drugs also reduce prices.

On the contrary, if the price of some medicinal materials increases, Xiao Chen will also ask for the price increase of products, but he will investigate at any time. If Liu Nianxin is greedy, the price increase is not in accordance with the proportion he requires.

I gave him a hard lesson last time.

Now Liu Nianxin runs the whole group, which is no longer as swaggering as before. It's like walking on thin ice. Xiao Chen may find something fishy at any time. It's just a beating.

Now that Wu Yaqing came to him, he was not sure whether Xiao Chen was investigating him again.

However, Wu Yaqing has been asking some technical questions in the past few days, and he is concerned about products and medicinal materials.

He knew that Wu Yaqing should have come without any instructions from Xiao Chen.

But there are rumors in the company. It soon reached his wife's ears.

His wife was the young beauty who first met Xiao Chen.

The figure and appearance are impeccable.

Taking advantage of their good health, Xiao Chen cured Liu Nianxin last time.

So they thought about having a child these years.

But this time is full of rumors about Liu Nianxin and Wu Yaqing. Every time Liu Nianxin comes home, his wife doesn't give him a good face.

They have slept in separate rooms for several days, and his wife doesn't care so much. If Wu Yaqing doesn't go, she won't let Liu Nianxin touch her finger.

This gives Liu Nianxin a headache. But there is no way to take Wu Yaqing.

Today, seeing Xiao Chen finally realized that Wu Yaqing was missing. Liu Nianxin should seize this opportunity anyway. Let Xiao Chen find Wu Yaqing.

And now Xiao Chen is really very anxious. He searched most of the East China Sea and didn't see Wu Yaqing.

He even called Lin Shihao.

Finally, Zhang Xian put forward a hypothesis.

Is it possible that an acquaintance did it. But now Wu Yaqing is actually safe.

When he said this, Xiao Chen reacted. In the past, the information from Liu Nian's new newspaper never went wrong. This time, it went wrong, and it was too wrong.

So he immediately called to ask Liu Nianxin about Wu Yaqing.

"I'll give you a chance and tell me the truth. Is Yaqing on your side?" Xiao Chen's tone was quite severe.

It seems like a father is educating his son who did something wrong.

Liu Nianxin saw that Xiao Chen finally guessed his head. Although he felt sorry for Wu Yaqing, he still told Xiao Chen the situation.

Xiao Chen was relieved.

Nangong Lengshan knew this was the result and couldn't help laughing at Xiao Chen.

"Did you get caught cheating outside? Your wife came up with this idea to fix you."

Xiao Chen was helpless, but in the final analysis, he did something wrong.

So he drove to Liu Nianxin group building.

But not far from the start, Nangong Lengshan asked Xiao Chen to stop.

“What’s going on?” Xiao Chen was puzzled.

“Look carefully ahead.” Nangong Lengshan pointed to the intersection ahead.

Xiao Chen found that the situation in front was really wrong. When that place came over, it was not a crossroads at all.

I also lost my head because I was worried about Wu Yaqing.

“It seems that it’s my turn to show my skill.” Nangong Lengshan pinched his hand.

Then he opened the door and got off.

Now Xiao Chen and their location is a more remote location in the East China Sea. It’s close to the suburbs.

So there are few vehicles and pedestrians on the road.

There was originally a straight road ahead. Now it seems that someone has set up a magic array to kill Xiao Chen and them directly in the magic array after they drive in.

As an immortal, Nangong Lengshan’s Qi works in his body, and he can see something wrong at a glance.

Xiao Chen became ill and found that there was an ambush at the intersection.

Nangong Lengshan didn't say a word. A trace of true Qi turned into a green sword in his hand again and killed him directly at the intersection.

The person who arranged the array saw that they had found out, so they no longer hid, and the figure of the four men immediately appeared in front of them.

The God Of Medicine Son-in-law Chapter 167

Xiao Chen saw from a distance that the four men were uniformly dressed in golden round necked robes, all embroidered with red thread. A dragon rushing upward on its back looked quite powerful.

Nangong Lengshan rushed first. Has been engaged in close combat with four men. Then I saw that four men took out their weapons one after another. Unexpectedly, all of them were fans.

But the next two people use copper fans. The middle two used fans inlaid with jade.

The fan collided with the green wood sword made of genuine Qi in Nangong Lengshan's hand, making a sharp and harsh sound.

Nangong Lengshan thought he could cut off all the men's fans with one sword.

But I didn't expect the other party's fan weapon to be quite strong. Not only was he not cut off, but the four men worked together to push him back.

"How's it going?" Xiao Chen asked immediately when she saw Nangong Lengshan beaten back.

"It's still early!" Nangong Lengshan was pushed back and was very unconvinced.

The real Qi condensed from his hands and directly cut three sword Qi in a row, flying towards the four men again.

Seeing this, the four men were not flustered. They immediately put on an array and all the fans in their hands flew out. Directly blocked the sword Qi of Nangong Lengshan.

Then it flew back into their hands.

“These four people are not simple!” Nangong Lengshan calmed down after his sword Qi was blocked.

Xiao Chen stood side by side with him.

The man with the jade fan in the middle suddenly opened his mouth and said, “hand over Xiao Chen, and others can not kill!”

Nangong Lengshan sneered and waved his sword to kill him. But he was stopped by Xiao Chen.

Xiao Chen accepted his illness and shouted to the opposite side, “I don’t know why you want to trouble me?”

“You don’t need to know. Our task is to take your head.” The man in the middle stared at Xiao Chen.

Xiao Chen thought for a while. In her memory, there should be no sect that offended the use of this weapon.

Last time Ning Wangshu told him that there were five medical schools. It seems that these people in front of us should also be among them.

The last time Shen Wentao invited out were the two strongest experts of the five poisons sect, the two elders of the five poisons sect.

The matter of Han Yiqiao of Eyu sect has been handled by Xiao Chen.

The disciples of Xuanwu sect pay more attention to the strength of the body. Weapons like fans should not be used.

Therefore, the group in front of us can only be one of the remaining disciples of Hualong gate or Xiaoyao gate.

Xiao Chen doesn't know much about these two sects, and in the information given by Ning Wangshu, although the two sects are strong. But they rarely show their strength.

Among the five major doors, they are relatively low-key. So no one knows the real strength.

And these two sects should have no reason to target themselves. The only possibility is that someone paid a heavy price for his head.

Thinking of this, Xiao Chen thought of Shen Hongtu, who had been released before. Nine times out of ten, the people in front of him were invited by him.

Xiao Chen still wanted to say something, but the four men opposite had already started.

In desperation, he had no choice but to get sick. Yes, two men holding copper fans came over.

Nangong Lengshan was right on the two men holding jade fans.

Although Xiao Chen had no weapons, his illness was protected by his hands. As hard as steel hands.

Compared with other weapons, it is more flexible and easy to use.

The two men sometimes fight with Xiao Chen closely, and sometimes fly out of the copper fan in the distance to attack Xiao Chen.

But for a time, there was no way to take Xiao Chen.

But they also seem to have practiced some strange footwork, and Xiao Chen can't catch them.

On the other hand, Nangong Lengshan's situation is better than Xiao Chen, because he also suppressed two men holding jade fans. They are obviously not Nangong Lengshan's opponents.

The leading man also felt the pressure brought by Nangong Lengshan.

So he roared. The two men who had been dealing with him on Xiao Chen's side got together with the two men on the other side again.

Four fans flew out again, all flying towards Nangong Lengshan.

Nangong Lengshan's true Qi condensed on his sword and blocked the fans back one by one.

Xiao Chen saw that he was not idle. He directly condensed two black yuan balloons in his hands, which was his strongest killing move. He threw them directly in the direction of the four men.

The fans of the four men were all blown away by Nangong Lengshan, and there was no way to take them back for a while.

So they began to play all kinds of strange moves, and a virtual shadow of a golden dragon suddenly appeared behind the four people.

"I'll go. Is it really a dragon?" Nangong Lengshan was surprised.

Although he knew that some immortals could turn their true Qi into form when they reached a certain level of cultivation, the four men were obviously not immortals, and he could not feel the existence of each other's true Qi.

The most important thing is medical cultivation. The vitality of medical cultivation is far from that of true Qi.

There is no comparison in quality.

Even if the medical cultivation reaches the level of the strongest medical emperor, it is no match for the immortal who has built the foundation.

Of course, Nangong Lengshan didn't know the concept of medical God.

And Xiao Chen's current situation is still a long way from the real God of medicine.

The virtual shadow of the Dragon directly swallowed the huge yuan balloon thrown by Xiao Chen.

Then he rushed towards Xiao Chen.

Although slightly shocked, Xiao Chen's reaction was quite fast.

Immediately jumped several times and directly avoided the attack of the dragon.

Nangong Lengshan took the opportunity to directly attack the four people gathered together.

In an instant, a sword spirit flew out.

“Poof -“

The four people vomited blood in an instant.

The virtual shadow of the Dragon disappeared immediately.

Nangong Lengshan makes another move to get to know the four people directly, and Xiao Chen quickly stops him.

“Don’t worry, they are injured now. Let’s ask the situation first.”

Xiao Chen said and walked over with Nangong Lengshan.

Although the four men are killing Xiao Chen, at least the skill they use is quite decent, and Xiao Chen wants to determine who bought his life.

Moreover, if Shen Hongtu has the ability to launch two medical repair departments to assassinate himself, he will have to re-examine the strength of the Shen family.

Lin Shihao didn’t take it seriously when he asked himself to pay attention to the Shen family. If this is the case now, he still has to find a way to get rid of this scourge.

Seeing Xiao Chen and Nangong Lengshan come to the front, a man wants to work hard.

The God Of Medicine Son-in-law Chapter 168

But he was stopped by the man who spoke before, because he knew that in this situation, if they fought with Xiao Chen again, they would just die in vain.

“You let them go and I’ll let you do it.” The man covered his chest and stood up.

There was still blood left on the corners of his mouth. It was obvious that he had just been beaten by Nangong Lengshan. He was really hurt.

“You said to let go? When I had a good talk with you, what was your attitude?” When Nangong Lengshan comes up, he has to start.

But Xiao Chen stopped him.

The man didn't say anything, but looked at them quite calmly.

"I know you are just acting under orders. I Xiao Chen is not unreasonable. You just wanted to kill me, but I repay good for evil. Now I can keep your life. But you have to tell me who bought my life."

Xiao Chen's negative hand said faintly.

Hearing Xiao Chen's words, the head man's eyes kept flashing, and he seemed to be hesitating.

"Well, how about I let two of you go first to show my sincerity?" Xiao Chen said, indicating that the two men behind him could leave.

Nangong Lengshan immediately wanted to oppose, but Xiao Chen patted him on the shoulder.

So Nangong Lengshan turned his head and stopped looking at the situation here.

After all, he is still Xiao Chen's man, otherwise he would have killed all four men.

I won't talk so much to them.

Hearing what Xiao Chen said, the man headed by Xiao Chen seemed to be convinced by Xiao Chen's demeanor.

Directly kneeling on one knee, he hugged his fist and said, "brother Xiao Chen is so generous. We came to assassinate a sage like you because we were blind. Please accept Meng's worship!"

I'm going to kowtow.

“Elder martial brother!”

The three disciples behind him were very unwilling. If Nangong Lengshan hadn't been here, Xiao Chen couldn't have been their opponent. They would have taken off his head long ago.

“Well, don't talk. I've already thought about it. I'll take care of anything when I go back.” Meng songran snapped.

Xiao Chen naturally won't let him worship. His goal has been achieved. As long as the other party is willing to say who is instigating, he can find a way to deal with the people behind him.

With strength, Meng songran was directly lifted up.

“Brother Meng's words are too heavy. I know you're just acting under orders. I won't care about these.” Xiao Chen smiled faintly.

Seeing that Xiao Chen was really so generous, the disciples behind him also had a new view of Xiao Chen, and the color of resistance in their eyes was less.

“Dissatisfied with elder brother Xiao Chen, he said. This time, a very powerful family in China wants to buy your life, and the price is too high for our elders to refuse.” Meng songran thought a little and said.

“Which family?” Xiao Chen frowned slightly, just as he thought.

“Shen family.” Meng songran slowly spit out two words.

Xiao Chen heard this and nodded slightly, then waved and said, “OK, you can go.”

Then he took out two small boxes and handed them to Meng songran

“Here are some healing drugs. You can take them later, which will help you a little.”

Meng songran quickly declined:

“How can I still accept the gift from brother Xiao Chen? If you can let us go, you will be very kind to us. You can’t ask for anything.”

Xiao Chen smiled faintly. He didn’t say anything, but still put two small boxes in Meng songran’s hand.

Meng songran wants to push the box back to Xiao Chen’s hand.

But Xiao Chen used a trace of ill Qi to directly force one of the pills into Meng songran’s body.

Meng songran immediately felt a burst of comfort in his body, and his injury recovered a lot in an instant.

“Well, since brother Meng has taken medicine, you can’t let your younger martial brothers just watch.” Xiao Chen said and released her hand.

Meng songran looked at the two boxes in his hand and couldn’t speak for a moment.

“Well, you can go and meet next time. We’ll be friends.” Xiao Chen waved her hand and left with Nangong Lengshan.

“What tricks are you playing?” Nangong Lengshan was puzzled by what Xiao Chen had done.

In his opinion, the world is not only friends, but also enemies. There is no third option.

Since these people are enemies, they should be killed. Why give pills to heal them.

“You will know this at that time. I believe I bought people’s hearts this time and will play a certain role.”
Xiao Chen smiled mysteriously.

“Just blow it. I liked to pretend to be forced when I was a child. Now I still pretend. In case these guys come to you again next time, you don’t ask me to save you.” Nangong Lengshan chuckled.

“Just keep your heart open.” Xiao Chen is confident.

Then they drove away and headed for Liu Nianxin group building.

After Xiao Chen and Nangong Lengshan left, Meng songran checked his body and found no abnormality.

He knew that Xiao Chen sincerely wanted to make friends with them, so he distributed the healing pill to the three disciples behind him.

“Elder martial brother, how can we explain to the elder this time?” A disciple with white skin came up and asked him.

“I have my own way. Although Xiao Chen has some bad intentions, he is still very righteous and generous to his friends. I’ll go back and talk to the elder and the sect leader.” Meng songran said, then stepped on the lightness skill and jumped into the woods.

After several disciples behind them saw this situation, they all followed up.

There was nothing left on the road where the battle had just taken place except a few scratches.

Xiao Chen and Nangong Lengshan quickly came to Liu Nianxin’s group building.

Just arrived, Liu Nianxin was already looking forward to it downstairs.

Seeing that Xiao Chen finally came, he immediately came up happily to meet him.

“Xiao Chen, you are here.” Liu Nianxin’s face was full of flattery.

But Xiao Chen’s face was very ugly.

“You dare not report it. Don’t think I’ll spare you easily this time.”

Hearing what Xiao Chen said, Liu Nianxin immediately showed his bitter gourd face and said, “Xiao Chen, young Lord, I was forced to do this. The hostess won’t let me talk.”

But Xiao Chen didn’t pay attention to him, but walked towards the front.

Liu Nianxin immediately bent over and wanted to follow up, but Nangong Lengshan suddenly snorted behind him.

He immediately noticed that there was a second man in Xiao Chen’s car.

Looking at the dress, he thought it was Xiao Chen’s new driver.

The God Of Medicine Son-in-law Chapter 169

He nodded and bowed in front of Xiao Chen. How could he nod and bow in front of a driver, so he straightened his chest and said to Nangong Lengshan:

“Why? You, a driver, don’t take your share and dare to be so arrogant in front of the directors of the group?”

Nangong Lengshan was immediately upset. What he disliked most was being compared by Xiao Chen in front of others.

Although he is following Xiao Chen now, his strength is not inferior to Xiao Chen.

Liu Nianxin was caught immediately.

Liu Nianxin didn't expect Xiao Chen's drivers to be so powerful. Hurriedly begged for mercy:

"Big brother, big brother. I'm wrong, I really know I'm wrong! You let go, my hand will break!"

Nangong Lengshan felt relieved, so he released him directly.

Came to the office. Xiao Chen really saw Wu Yaqing looking at the product information in the office.

Seeing Xiao Chen coming, Wu Yaqing's face changed slightly. She knew that she had really gone too far.

But Xiao Chen did not do well in her previous work, so she was excusable for doing so.

So she didn't talk to Xiao Chen directly, but waited for Xiao Chen to speak.

Just after Liu Nianxin came to the door of the office, he smelled a smell of gunpowder.

He hurriedly stopped. Nangong Lengshan didn't notice and ran into him directly.

Directly hit Liu Nianxin into it.

Liu Nianxin stumbled and almost fell directly to the door, but he still held the door. Then he hurriedly thought of a way to Xiao Chen and Wu Yaqing:

"Young master Xiao Chen, mistress, would you like tea or something else?"

“Get out!” Xiao Chen and Wu Yaqing spoke in unison.

Liu Nianxin quickly withdrew.

Nangong Lengshan realized that the atmosphere inside was not quite right, so he also withdrew.

He also laughed at Liu Nianxin and said, “you’re so stupid. You still bump into it when you see this.”

Liu Nianxin has suffering words and can only swallow them in his stomach.

But thinking that Xiao Chen came and took Wu Yaqing away today, he was finally able to make out with his wife, so he was not so sad.

Many employees in the company also saw Xiao Chen coming, so they knew that Wu Yaqing was Xiao Chen’s lover.

The previous gossip is also much less.

Seeing this, Liu Nianxin was overjoyed. It seems that you can enjoy your husband and wife’s life when you go home tonight.

In the office, Xiao Chen spoke first after being silent for a long time.

“Are you still angry?”

After hearing this, Wu Yaqing glanced at him without saying anything and continued to look at the information in his hand.

Xiao Chen didn’t know what to do when she saw her performance, and sighed gently.

“Is she gone?” Wu Yaqing suddenly said.

“Not yet, in the hotel.” Xiao Chen answered.

Wu Yaqing heard this. She bit her red lips gently, as if she felt something in her heart.

Xiao Chen was helpless, but he knew that at this time. Only by taking the initiative can we solve the problem.

So he came to Wu Yaqing, took her hand and said, “how can you not be angry?”

Wu Yaqing frowned slightly, her eyes still staring at the product information in front of her.

But my heart has been a little shaken.

“I know it’s all my problem, but ah Ling’s condition is really bad. I can’t sit back, so I have to find a way to keep her that night.”

When Wu Yaqing heard Xiao Chen say this, he felt a little wronged for a moment. But there’s nothing to say.

In love and reason, Xiao Chen really has to find a way to save and protect ah Ling.

But after all. Or Xiao Chen was photographed. She didn’t want to forgive Xiao Chen right away anyway.

Xiao Chen picked her up and took her in his arms.

Wu Yaqing immediately wanted to vent all his grievances and discontent.

Beat Xiao Chen’s chest with his powder fist.

Xiao Chen also felt that every time Wu Yaqing beat him, he was judged.

The heart also seems to be pounded.

I don't know how long it took. Wu Yaqing seemed tired and stopped.

Xiao Chen saw that although she had such reaction and behavior, at least she didn't want to give up the feelings between the two people. She still had some comfort in her heart.

The two people in the office are struggling with emotional problems. Nangong Lengshan feels very bored. He took Liu Nianxin and began to ask about Xiao Chen.

After knowing the identity of Nangong Lengshan, Liu Nianxin became very respectful to Nangong Lengshan.

Nangong Lengshan asked. As long as he knew, he knew everything and said everything.

"You mean. This boy is now a millionaire above the level of 100 billion?" Nangong Lengshan was surprised.

"Xiao Chen's prescriptions can be said to be priceless. Even if the profit is reduced to the lowest, the profitability of several companies of my group are among the top pharmaceutical enterprises in China."

Liu Nianxin nodded.

Nangong Lengshan understands why Xiao Chen is willing to spend so much money to invite him here. Now the money is really just a number for Xiao Chen. As long as he wants to spend 100 million a month to hire him.

However, he is not greedy. He has no place to spend so much money. What he wants most now is to improve his cultivation.

Seeing that Xiao Chen can write so many magical prescriptions, maybe he can refine some powerful pills in the future. It's not impossible to use Xiao Chen's pills to improve his cultivation at that time.

It's true that he thinks so. The disease pulse of Xiao Chen's cultivation now is actually laying the foundation for his future cultivation path.

Xiao Qingyuan planned all this.

And he knows a lot more than Xiao Chen knows now.

So now he doesn't meet Xiao Chen directly. He hopes Xiao Chen can calm down and cultivate his disease pulse. After the disease pulse is completed, the future road will be much smoother.

The relationship between Xiao Chen and Wu Yaqing in the office has eased a lot, so Xiao Chen is ready to take Wu Yaqing back first.

This incident also made him more alert. We should still pay attention to the safety of Wu Yaqing.

Although no one outside knows their relationship with Wu Yaqing.

However, it is inevitable that some people will target Wu Yaqing.

Returning to the hotel, Xiao Chen was relieved to see that ah Ling was also very calm in the hotel waiting for him to come back with Nangong Lengshan.

In fact, when he came out, he was still worried that ah Ling would run out again.

After all, there are still some knots in her heart.

Nangong Lengshan doesn't know the problem Xiao Chen is facing now, so it's the easiest one.

The God Of Medicine Son-in-law Chapter 170

Wu Yaqing and a Ling did not show much special performance when they met.

Xiao Chen thought at first that they would have some conflicts with their emotional relationship.

It seems that both of them are not so serious for the time being.

Nangong Lengshan doesn't know much about the things between men and women, but he guessed something from the eyes of a Ling and Wu Yaqing looking at Xiao Chen.

Immediately pulled Xiao Chen aside and said:

"Didn't you say that it was your comrade in arms? How do you feel that there is something strange between you two? Be honest and tell me if you have done something sorry."

Xiao Chen was speechless. This matter was already embarrassing enough. Now Nangong Lengshan wants him to tell the whole story. He didn't want to think about it at all, so he patted him on the shoulder and said:

"I'll tell you later that you'd better give up on my comrades in arms. Her relationship with me is really a little special."

Nangong Lengshan immediately widened his eyes and said with a smile:

"Good boy, sure enough, you won both of them, didn't you? I know you usually look like five or six, but you're not a good guy. You can't help seeing the beautiful one, can you?"

“Oh, it’s not what you think. Well, I won’t say more. Let’s talk about business.” Xiao Chen pulled Nangong Lengshan to the living room.

Wu Yaqing returned to the room to read medical books, while ah Ling rested in another room.

Now they can talk about the next plan.

Nangong Lengshan was puzzled after being pulled in by Xiao Chen and asked:

“What’s important to talk about? Don’t you just enjoy the happiness of the whole people here? Tell me if someone is bothering you.”

“Brother. After all these years, how can I feel that you still haven’t changed.” Xiao Chen saw that Nangong Lengshan was still the same. There was no city government, so she was still helpless.

“What changes do I need? I think it’s good.” Nangong Lengshan doesn’t know what Xiao Chen means by saying this.

Xiao Chen is ashamed. It seems that this guy is really only suitable for fighting. Too many things to think about still can’t use him.

Xiao Chen corrected her color. Then he said to Nangong Lengshan, “there are three enemies in front of me for the time being. I’ll straighten them out for you.”

Nangong Lengshan saw Xiao Chen talking to him so formally, so he sat upright and nodded.

“First of all, the first enemy we saw was the one we met earlier. I bought that group of people, but there was someone behind me.” Xiao Chen said with a gesture.

Nangong Lengshan stood up and said, “yes, the guy behind the scenes is still there. Let’s go and take his nest.”

Xiao Chen was slightly surprised, but immediately let Nangong Lengshan sit down again.

“Don’t worry. I’m still telling you the situation. This is not our biggest enemy now.”

“Oh.” Nangong Lengshan sat down after listening.

“The second enemy, that is, the enemy of my comrades in arms, should be pursued by a group of killers using high-tech means behind her. This is a more dangerous existence and may appear at any time.” Xiao Chen said and looked at a Ling’s room.

Nangong Lengshan nodded. But he didn’t know how strong those who used high-tech weapons were, so he asked:

“Those high-tech ones. What accomplishments are they probably equivalent to?”

This problem made Xiao Chen suddenly a little difficult. It seems that it can’t be compared.

But after sorting out his thoughts, Xiao Chen said: “the strength of these killers themselves is not strong, even not as good as medical repair, but their weapons are very dangerous. If they are hit, even my current medical skills need to be treated for a long time.”

“Oh, I see. Just be careful not to be hit by their weapons.” Nangong Lengshan said with a completely understood look.

Xiao Chen was a little worried when he saw him like this. He added:

“These high-tech killers are very fierce and sneak attacks, so it is difficult to prevent them completely.”

Nangong Lengshan didn’t care at all and urged Xiao Chen to say, “I know. I have my own discretion. Just trust me. Come on, say the last one.”

When Xiao Chen saw his expression, he knew that he didn't listen to what he had just said, but he also knew that it wouldn't help to go on.

Then he continued: "the third enemy is the most powerful enemy. I don't know how to describe it. I used to have that constitution, so I can give you a specific description."

"Yes." Nangong Lengshan was interested when he heard Xiao Chen say he had such power.

"This situation is called the God of war. I don't know if there is a God in the true Qi you cultivate. Anyway, this is completely beyond the existence of ordinary humans." Xiao Chen said and took a sip of tea.

"To completely surpass ordinary humans is to achieve another form of life?" Nangong Lengshan asked.

"Yes, that's what you said. It's completely another form of life." Xiao Chen nodded.

Hearing this, Nangong Lengshan was a little dignified. He recalled what the wandering scattered people had told him at the beginning.

In this world, there is a kind of person he can't provoke, that is, he has completely surpassed ordinary human beings and become a kind of person who exists in another form of life.

"Tell me something special about this situation." Nangong Lengshan held his chin in his hand.

"This person's strength is immeasurable, and he can take things from space. The speed can't be calculated by normal values, and it's almost impossible for ordinary people to hurt him. The most important thing is that he can use a number of elements existing in nature as his own strength."

Xiao Chen said while recalling his original state.

"What you said is a bit like the high-end immortals described by my master. According to him, the immortals of that degree have understood something called 'the law of space'."

Nangong Lengshan frowned slightly.

“You can understand it any way, but I just want to tell you that such people are almost invincible in the world. We can only escape when we see them.” Xiao Chen said faintly.

“Well, but you said you were, why not now?” Nangong Lengshan asked.

“I’m not sure. I seem to be able to use this power occasionally, but I can hardly control it myself.” Xiao Chen replied.
