

# God Of Medicine 201

The God Of Medicine Son-in-law Chapter 201

“You two have been waiting for a long time.” A slightly magnetic and deep voice came into Xiao Chen’s ears.

This voice makes people feel like they are not angry and powerful.

However, Xiao Chen’s face didn’t change at all. With a faint smile, he said, “not long ago, we just came here for a while.”

Nangong Lengshan smiled and didn’t speak.

It was not that he didn’t want to talk, but that he had no grade as soon as he spoke, so Xiao Chen told him to shut up all the time. Just smile.

“You go out first.” Hua Qiye to several people behind him.

“But... Young commander, sir, he told us. We can’t leave you for half a step.” The man in the coat stooped forward.

“Hmm? My words don’t work now, do they? Are you better than me?” There was a trace of displeasure on Hua Qiye’s face.

“No... no, of course not. Then... We’ll step down right away.” The man waved, and the other men behind him retreated like him.

“Hua Shao is so imposing.” Xiao Chen smiled.

“Where? It’s all empty. I heard that doctor Xiao Chen has excellent medical skills.” Hua Qiye stared at Xiao Chen’s eyes as he said, as if to see through all his thoughts.

“That’s what Mayor Lin praised. I just know some medical skills.” Xiao Chen hurriedly said modestly.

“You and I are both smart people, so let’s get straight to the point. I know that doctor Xiao Chen may have investigated some things, but you know, I did it for a certain reason.”

Hua Qiye’s voice became a little low.

Xiao Chen probably guessed what he meant, so he said, “I’m a doctor, but I’m not an immortal. Doctors can save people and cure diseases, but doctors can’t save lives. Life is determined by heaven. If you want to change your life against heaven, you will be punished.”

“Even if I am punished, I must do so before the crisis of the country.” Hua Qiye said, and his eyes suddenly became sharp.

Xiao Chen can feel that there seems to be some power in his body. It seems that he should not be an ordinary person.

National crisis? When Xiao Chen heard this, he was cluttered in his heart. He hesitated slightly and didn’t speak in a hurry.

Previously, as the God of war, he did not contact anyone at home when dealing with organizations in other countries, but he also knew that some people at home were constantly fighting with the outside world.

Now people throughout China are enjoying the comfortable life brought by the rapid economic development, and forget some of the most basic things, that is, the fundamental foundation of a country – territory.

And defend these territories. What is needed is the development of science and technology and the strength of the army.

It looks like a prosperous China. In fact, there are dangers everywhere. Many big countries outside are eyeing it.

From this point of view, Xiao Chen seems to understand Hua Qiye's practice, but he still won't accept such behavior. Because this has deviated from morality and is not what people should do.

"No matter what it is, this matter still needs to be discussed. If what you said is really important, I think I can try." The expression on Xiao Chen's face was very serious.

"OK! What I'm waiting for is what doctor Xiao Chen said. If doctor Xiao Chen is willing to do it, as long as things are done. I'll stop the experiment here immediately!" Huaqiye is a little excited.

"Well, it's not too late. Let's start now!" Xiao Chen nodded.

"Doctor Xiao Chen is really quick to talk. It seems that I will make friends with you!" A smile appeared on Hua Qiye's face.

This is his first smile after seeing Xiao Chen.

Then he got up and went out, and Xiao Chen followed him.

Nangong Lengshan saw that they had settled one thing like this, and his face was full of a blank look.

"Xiao Chen, where are we going? What are you going to do? Why didn't I understand a word?" Nangong Lengshan came to Xiao Chen and asked in a low voice.

Xiao Chen ignored him. Just walking behind Hua Qiye.

Nangong Lengshan saw that Xiao Chen didn't speak, so he had to be silent again. He knew that the characters he saw this time were terrible. He'd better not talk disorderly and cause trouble.

Soon. A Beijing brand car came to pick them up.

“Doctor Xiao Chen, you haven’t introduced your friend? I can feel that your friend has extraordinary strength in his body.” Hua Qiye asked sitting in the co pilot.

“He’s just my bodyguard, nothing special.” In a word, Xiao Chen took Nangong Lengshan past.

Nangong Lengshan heard someone asking about him and just wanted to introduce him. Unexpectedly, Xiao Chen gave him a simple description in this way.

Immediately wanted to explain something, but Xiao Chen stopped him with a look in his eyes.

So he had to sit aside with his hands in his arms.

“It seems that doctor Xiao Chen doesn’t intend to disclose these things to us, but it’s good. It’s best not to inquire about many things.” Hua Qiye said faintly.

Then they got on the private plane of huaqiye and came to Kyoto.

As the largest city in China and the capital, Kyoto is more prosperous than expected.

Outside the seventh Ring Road, Xiao Chen and Nangong Lengshan feel like they are in the center of the East China Sea. If you go inside, all kinds of hundreds of storey high-rise buildings and all kinds of precious buildings left in ancient times emerge in endlessly and dazzle people.

Nangong Lengshan was surprisingly quiet this time. Although Xiao Chen was a little strange, he didn’t ask anything.

After a while, the car drove into a large quadrangle. The design style of the courtyard in the late Qing Dynasty was that all kinds of flowers and plants were planted everywhere. Looking from the outside to the inside, it was green.

And came inside, it is the sound of birds and flowers, which makes people relaxed and happy.

Just after entering the door, Xiao Chen saw a white haired old man sitting in the pavilion in the middle of the yard with a book in his hand.

A little closer, Xiao Chen saw the old man's face clearly. There were almost no wrinkles on his face. There was a deep light in his slightly opened eyes. It was obvious that he was a knowledgeable old man.

"Back." The old man did not look at Hua Qiye and others.

"Dad, it seems that you are in a good mood today." Hua Qiye took off his coat and came to the old man.

"Well, it's not bad. I can't sleep, so I came out to blow the wind." The old man smiled and said.

"Let me introduce you. This is my father, Hua Wenfeng." Hua Qiye turned to Xiao Chen and Nangong Lengshan road.

The God Of Medicine Son-in-law Chapter 202

"Hello, old Hua. My name is Xiao Chen." Xiao Chen bowed.

Such an old soldier deserves his respect. Xiao Chen heard of his deeds when he was very young.

"Hello, old Hua. My name is Nangong... Lengshan." Nangong Lengshan is a little nervous.

In front of us is the oldest star general in China, which is equivalent to the highest military commander. Although he is a cultivator, he sees such people. There is still some excitement.

Hua Wenfeng looked at them and nodded slightly:

"Now we are all young heroes. Both of us are outstanding talents in China."

Xiao Chen was slightly surprised. He didn't expect that Hua Wenfeng was just an ordinary person. I have never been in contact with myself and Nangong Lengshan, so I can see that I and Nangong Lengshan are different.

"Dad, why don't we go inside and talk? It's a little windy outside today." Hua Qiye said he would hold Hua Wenfeng up.

Hua Wenfeng waved his hand and said, "no, I know the purpose of inviting these two today. Let's start here."

Nangong Lengshan was confused. He felt that the people of the Chinese family were riddlers, and he couldn't understand a word.

Xiao Chen also understood what the other party meant, so he took the pulse of the disease and came to Hua Wenfeng and said:

"You may need to take off your clothes later. I hope you can understand."

Hua Qiye nodded, but Hua Lao stopped talking and seemed to acquiesce.

The moment of reaching out to Hua Wenfeng. Xiao Chen was shocked. This body can't be worse. This is what his grandfather once said. The only person who can't be treated by medical treatment is dead. Unable to return to heaven.

Xiao Chen's heart sank suddenly.

He did not rush to start treatment, but asked softly, "how long has this situation lasted?"

"Three years." Hua Lao replied.

"Three years!" Xiao Chen was surprised again. This sentence "three years" is no small matter. How many panacea have been used to support it until now?

“Little miracle doctor, can I still be saved?” Hua Wenfeng’s voice had no emotion at all. It seemed that the sentence he asked had nothing to do with himself.

“I can only try.” Xiao Chen was really unsure. It’s very difficult to forcibly renew a person’s life. If you don’t do it well, it will kill the other party and lose your life by 20 years.

A trace of disease gas entered Hua Lao’s body. Hua Lao’s organs that were already close to failure began to become active.

The kidney, spleen and stomach, liver, then lungs, and finally reached the heart. Xiao Chen felt that the diseased pulse in his body was under great pressure.

There was no change in Hua Wenfeng’s face. It seemed that Xiao Chen was not treating him, and even he showed a peaceful look.

Nangong Lengshan also felt the tension of the atmosphere and slowly retreated to one side.

Hua seven nights is always staring at Hua Wenfeng’s body. His eyes didn’t seem to blink.

The cardiac function of the heart was repaired, followed by two atria. Then there are several main arteries

A few drops of cold sweat burst out on Xiao Chen’s forehead. After all the internal organs were repaired. Only then did he take back his illness.

“It’s over?” Nangong Lengshan also breathed out a sigh.

“Just started.” Xiao Chen said in a deep voice.

Then he slapped Hua Wenfeng directly, and the two thin clothes he was wearing were torn apart in an instant.

Xiao Chen took out his set of silver needles and stuck them on Hua Wenfeng's body one by one.

First the back, then the lower abdomen, chest, then the face, and finally the head.

Each needle was accurately pierced at the corresponding acupoint, and then Xiao Chen transported the diseased pulse again. As soon as he pointed out, he directly pointed to the center of Hua Wenfeng's eyebrows.

This is the most critical step. Xiao Chen once saw an old medical practitioner succeed in prolonging people's lives.

And what he just used was the method that the old doctor once used.

He doesn't know the specific name, but now he has the help of the pulse. The probability of success has increased a lot.

Soon, the white hair on Hua Wenfeng's head turned black with the naked eye.

Obviously, it is a phenomenon shown by the extension of his life span.

At this time, huaqiye also saw that now is a critical period, and his hands were inadvertently pinched.

"The way of heaven cannot be done. Human life is free to be counted. If you violate the way of heaven and forcibly renew your life, you will be condemned by the way of heaven and suffer endless future trouble!"

Xiao Qingyuan's voice suddenly echoed in Xiao Chen's ear.

Xiao Chen was in a mess, and sweat was seeping out of his hands.

Indeed, what he is doing now is against the law of heaven. After failure, he and Hua Wenfeng will only be injured at the same time, and Hua Wenfeng will be killed directly.

Suddenly, a glimmer of light flashed in Xiao Chen's brain. The power injected into his body by the old man who met on the roadside had not disappeared. Now it overflowed directly and poured into Hua Wenfeng's body.

So Xiao Chen felt that Hua Wenfeng's brain was gradually recovering, and the brain cells that had been rotten to the extreme were also active.

"It worked." Xiao Chen breathed a sigh of relief. Then he felt that he was a little weak and fell down.

At this time, Hua Wenfeng stretched out his powerful hands and directly helped him up.

"Miracle doctor! It's really a miracle doctor in the world!" Hua Wenfeng sighed.

"Dad, your body now..." Hua Qiye heard Hua Wenfeng's voice so loud for the first time in so many years.

Then Hua Wenfeng made a more unexpected move, directly stood up, picked up Xiao Chen and put him on a chair.

"Dad... You... This..." Hua Qiye was surprised and speechless.

Previously, the old man needed someone to feed him even for dinner. He could hardly move his hands, and his legs and feet were quite inflexible.

If he hadn't found the best foot neurologist to treat him, Hua Wenfeng would have to lie in bed every day.

Now, Hua Wenfeng is not only better, but also it seems that it doesn't bother to hold Xiao Chen, a big man of one meter eight.

Hua Wenfeng also looked at his hands with great joy.

“After ten years, I finally came back!” He looked up and laughed.

People who don't know may think the owner of the yard is crazy. Only Hua Qiye understands that Hua Wenfeng's performance is very indifferent now. If it were someone else, it is estimated that he is already ecstatic now.

Xiao Chen woke up after resting for a while. He suddenly found that the five sick veins he had previously cultivated were missing. Now there is a strange thing lying in the Dantian.

The God Of Medicine Son-in-law Chapter 203

The strange thing looked like the fusion of the five diseased veins. Xiao Chen felt it a little and found that he was very smooth after running the Dantian, and a white smell appeared on his hand.

As the master of the white breath, Xiao Chen immediately understood its function. It was a more useful therapeutic breath than disease Qi. If he uses this breath to treat the temperature peak, the effect may be more significant.

But now Hua Wenfeng has been succeeded by Xiao Chen. He looked as if he was over ten years younger and had much less white hair on his head.

“Are you okay?” Nangong Lengshan asked aside.

“Nothing.” Xiao Chen said faintly.

“Thank you, doctor Xiao Chen. Please accept my worship!” Hua Wenfeng knelt down directly in front of Xiao Chen.

Xiao Chen saw this scene, his face still changed a little. And Hua Qiye behind him also knelt down.

“Thank you, doctor Xiao Chen. We will never forget your great achievements!” He was very excited.

“Get up, what are you doing? I’m just a doctor. I can’t do anything except some medical skills. The safety of the whole country still depends on you!” Xiao Chen hurriedly went up and helped them up.

Seeing this scene, Nangong Lengshan couldn’t help admiring Xiao Chen. These two are the heavy weapons of the country. Now they kneel down in front of Xiao Chen.

Is this the power of medicine? He is now beginning to regret that if he could practice medicine well, many things might not be what they are today.

“Doctor Xiao Chen, don’t say anything else. Your business will be ours in the future. If you have any needs, I will guarantee with my head and be on call!” Huaqiye is very sincere.

“No, Hua Shao is also serious. As long as you stop the experiment. You don’t have to worry about other things. Xiao won’t give you any trouble.” Xiao Chen is very modest.

What else does Hua Qiye want to say? Hua Wenfeng reaches out his hand to stop him, and then says to Xiao Chen, “the kindness of doctor Xiao Chen, I Hua Wenfeng will remember here. I won’t say much.”

He pointed to his heart.

Xiao Chen didn’t shirk this time, and then he seemed to be a little procrastinating.

“Hua Lao, your health is better, which is also a happy event for the country!” Xiao Chen smiled.

“Yes! It’s a happy event. I should do it these two days! Hahaha!” Hua Wenfeng laughed again.

Hua Qiye also laughed. The whole yard was filled with hearty laughter.

That night, Hua Qiye ordered to terminate the experiment in Wuling. Sun Libin was a little silly when he learned the news.

Obviously, good experimental research has reached the later stage. Why did it suddenly end?

But no matter what he asked, Hua Qiye didn't give him any unnecessary answers. All things about Hua Wenfeng should be kept confidential.

In addition, Xiao Chen now has such a great kindness to their family. Also in order to ensure the safety of Xiao Chen, he won't reveal anything.

Although sun Libin was very angry. But also helpless, without the support of huaqiye. His experiment is illegal in China. Even if he doesn't want to stop, someone will soon find his head.

What's more, Hua Qiye said it himself. Now he has no choice.

That night, Hua Wenfeng said that he must leave Xiao Chen and Nangong Lengshan for dinner at home.

Although Xiao Chen still wanted to go back to Wuling early to show the centenarians in Huanghai village, Hua Wenfeng was so polite that he agreed.

"There are few people in our family. Just a few. Don't mind, doctor Xiao Chen. They are all our own."  
Hua Wenfeng was flushed.

"It's all because old Hua thinks highly of me Xiao." Xiao Chen said with a smile.

"Doctor Xiao Chen is so young, promising and modest. It's rare among the young generation." Hua Wenfeng couldn't help admiring Xiao Chen.

After a burst of compliments, the dishes were all served. Xiao Chen noticed that there was a vacant position beside him. He knew that someone might come, but he didn't ask anything.

Hua Qiye personally picked up the wine glass and poured wine for Xiao Chen. While pouring wine, he said:

“This is the yumaotai of the Han Emperor, which was awarded by the head of state after my father won the most critical battle of Weihai. Thanks to doctor Xiao Chen, this wine is regarded as a little thought!”

“Is this yumaotai the one mentioned in the news at that time, that a bottle of wine is worth a villa?” Nangong Lengshan asked in shock.

“Ha ha, it seems that this young man still pays attention to these things. They are all external things. Just drink them.” Hua Wenfeng smiled.

Nangong Lengshan swallowed a mouthful of water, stretched out his hands and took the wine cup handed over by Hua Qiye very respectfully. Looking at the wine in front of him, his body trembled slightly.

This one mouthful can be hundreds of thousands, which may be the most expensive wine he can drink in his life.

Xiao Chen was very indifferent. After Hua Qiye poured the wine, he couldn't wait to pick up his glass and said, “come on, for today's wedding and to thank you two, I'll do it first!”

Xiao Chen didn't speak, but smiled and clinked glasses with them, while Nangong Lengshan clinked glasses with them carefully.

“Dad, I said I wouldn't let you drink. Now you drink secretly!” The voice of a woman behind him was crisp with some cadence.

After a while, Xiao Chen saw a young woman in a black suit coming behind huaqiye.

She has willow leaves, curved eyebrows and big eyes, which are very flexible and look forward to life. The small and upright Qiong nose and the small cherry mouth are just right on the jade like pretty face.

The charming curve and proud double peaks highlight the unique charm of mature women.

She quickly walked to the seat next to Xiao Chen. There was a trace of valiant in her steps, which seemed to have a natural military temperament.

“Wan Wan, why are you so late?” After seeing the woman, Hua Wenfeng showed a spoiled look on his face.

Hua Qiye was a little embarrassed to touch his nose and said, “today, it’s not easy for your grandfather to recover, so I drank some wine for a while. Don’t tell your mother.”

“There was a delay on the way. Grandpa, are you really well?” Hua xuwan stared at the beautiful eyes.

“Of course, if you don’t believe it, you can check it!” Hua Wenfeng said, opening his hands.

The God Of Medicine Son-in-law Chapter 204

“Grandpa, you’re not serious.” Hua xuwan said angrily.

“Ha ha! Grandpa, I’m happy. For more than ten years, my body has recovered again!” Hua Wenfeng’s face was still full of happiness.

Hua xuwan also smiled, looked at Xiao Chen on one side and said, “this should be the miracle doctor Xiao Chen that grandpa has been talking about? I’ve heard it all morning. Now my ears are getting cocoons.”

“I’m Xiao Chen. Hello, Miss Hua.” Xiao Chen stretched out his hand.

Hua xuwan shook hands with Xiao Chen perfunctorily and said, “Hua xuwan.”

“Wan Wan, doctor Xiao Chen is a great benefactor of our family. Grandpa is not satisfied with your performance!” Hua Wenfeng said with a slight change in his face.

“Never mind, Miss Hua has her own unique style, which I respect as a young man.” Xiao Chen said faintly.

When Hua xuwan heard Xiao Chen’s words, he gave Xiao Chen a high look. But without speaking, he picked up his glass and poured himself a cup of Han Wang jade Maotai.

“Well, Grandpa, this wine is really good. No wonder you have been reluctant to drink it and want to take it into the coffin.” After a drink, Hua xuwan became a lot more bold and unrestrained.

Nangong Lengshan, who had some fantasies about her, immediately lost interest and whispered in Xiao Chen’s ear, “I thought it was a little beauty, but I didn’t expect it to be a female man.”

Xiao Chen could not laugh or cry after hearing this. Can’t a female man be a beauty?

However, he had already seen that Hua xuwan was acting, but he didn’t know what purpose she had and didn’t say anything. Continue chatting with Hua Wenfeng and Hua Qiye.

“Doctor Xiao Chen, your name reminds me of a very familiar old friend.” After drinking a few cups of Baijiu in China, the topic of conversation was more secretive.

This is the situation Xiao Chen wants to see. Of course, he knows that this is what Hua Qiye deliberately wants to say, but Hua Lao is present. Since he didn’t speak, it was acquiescence.

“What kind of old friend?” Xiao Chen stopped his chopsticks and asked.

“Also surnamed Xiao.” Hua Qiye said and looked at Xiao Chen. Xiao Chen also glanced at him.

“There are many people surnamed Xiao in the world. I don’t know who Hua Shao wants to say?” Xiao Chen had a smile on her face.

In fact, he is quite nervous now. He hopes that Hua Qiye is talking about that person, the person he recognized wrong last time – Xiao Qingyuan.

“The old man surnamed Xiao has a great reputation. Many legends have been left in our capital, but it seems that he finally drove the crane West.” Hua Qiye said and picked up the glass in his hand.

“Impossible!” Xiao Chen suddenly stood up.

Hua Qiye and Hua Wenfeng’s face remained unchanged. Naturally, they knew how important this person was to Xiao Chen.

Hua xuwan was frightened, but she didn’t speak. Waiting for Hua Qiye and Hua Wenfeng to speak.

“Doctor Xiao Chen, don’t worry. We’ll talk about this later.” Hua Wenfeng said.

Xiao Chen calmed down and sat back in his position.

“The old man surnamed Xiao did die, but on the night he died, a strange thing happened. There were dark clouds in the sky. The thunder rolled, and finally his body disappeared in the thunder.”

Hua Wenfeng said as if he were telling a story.

“Thunder? Lightning?” Nangong Lengshan suddenly made a sound. Xiao Chen couldn’t help looking at him.

“Do you know what this means?”

“Well, if you look at it according to the eyes of our immortals, Grandpa Xiao Qingyuan may have succeeded in cultivation. When he goes through the Yuanying robbery, he will need to undergo the baptism of heaven and recast his flesh.”

Nangong Lengshan explained.

Hua Qiye and Hua Wenfeng were stunned. Hua xuwan just looked at Nangong Lengshan like a fool, as if the thing he said didn't exist.

After hearing this, Xiao Chen fell into a deep thought. If Xiao Qingyuan really spent the Yuanying robbery as Hua Qiye said, then to some extent, his cultivation is already very advanced.

But when he left that year, Xiao Chen couldn't see any signs of other breath running on him. In less than ten years, has your grandfather reached such a level of cultivation?

"Doctor Xiao Chen, this thing is actually just a legend, and no one can verify it. So don't worry too much. Your current medical skills have exceeded the level of the old man surnamed Xiao." Hua Wenfeng patted Xiao Chen on the shoulder.

Xiao Chen nodded slightly, his expression became more natural and said, "well, let's talk about something else. We'll stop this topic."

"OK, let's talk about something else." Hua Qiye also nodded.

.....

After eating and drinking, Nangong Lengshan and Xiao Chen both came to stay in a five-star hotel, which was specially arranged by huaqiye.

On the way back, Nangong Lengshan didn't say anything about Xiao Qingyuan except complaining that Hua xuwan's character didn't match her appearance and figure. He was silent most of the time.

Since Xiao Chen came to the capital, he saw that something was wrong with Nangong Lengshan, so when he arrived at the hotel room, he asked:

“Have you ever met anything in the capital?”

Nangong Lengshan was stunned as soon as he heard it. Then he shook his head, put on an indifferent look and said, “forget it, it’s all in the past, there’s nothing to say.”

“Come on, although we are employed now, at least we used to be playmates when we were children. My good friend, your business is my business.” Xiao Chen’s heroic spirit and dry cloud tunnel.

Nangong Lengshan looked up at Xiao Chen, looked at him with unbelievable eyes and said:

“Did you treat that old man Hua today and treat yourself silly?”

“Forget it, I’ve given you a chance. Since you don’t want to say it, forget it.” Seeing this, Xiao Chen had to wave his hand and prepare to go back to his room.

Nangong Lengshan saw that he was leaving. His eyes were full of struggle. When he finally wanted to reach out to stop Xiao Chen, Xiao Chen had disappeared.

He sighed softly, and just turned around, he saw Xiao Chen behind him.

“I’ll go. When did you come behind me? Didn’t you just walk out of the room?” Nangong Lengshan was startled.

“Come on, what is it?” Xiao Chen put her hands on her chest and asked.

Nangong Lengshan sighed again and said, “you can’t laugh at me when I say it.”

Xiao Chen nodded and said, “of course not.”

The God Of Medicine Son-in-law Chapter 205

“It happened on a snowy night. That year I came to the capital alone...” Nangong Lengshan described what he had been like reading a poem.

Although Xiao Chen was full of black lines, he still held back his intention to hit people. I’ve heard it.

“Finally, she left me because I had no money and my last task failed. I lost to that man because I was not good at practice. Otherwise, I would have finished the task, so she would stay with me.”

Nangong Lengshan said, his face full of regret.

After hearing this, Xiao Chen did not speak in a hurry, but meditated for a long time, and then said:

“Do you want to see her now?”

Nangong Lengshan suddenly widened his eyes after hearing this. But he shook his head and said, “forget it, what can I do now to see her? The past is the past after all.”

“If you want to see her, I’ll help you find her.” Xiao Chen said faintly.

“Really?” Nangong Lengshan asked.

“Of course it’s true. If I can’t even finish this little thing, how can I be your boss?” Xiao Chen is serious.

“Well... I’ll think about it again.” Nangong Lengshan hesitated for the first time.

“Don’t think about it. I’ll take you to see her.” Xiao Chen decided directly.

Nangong Lengshan still wants to say something, but Xiao Chen has gone out of his room and disappeared.

In the evening, Xiao Chen dialed Hua Qiye.

“Hua Shao, I need your help...”

When everything was ready, the dawn of the next day soon came.

As soon as Nangong Lengshan came out of the state of cultivation, Xiao Chen knocked on his door.

“Why are you going so early?” Leng Shan asked.

“Of course, I’ll take you to meet your former lover.” Xiao chenbai glanced at him and said.

“Forget it. It’s so early and it’s not seven o’clock. Maybe people are still sleeping now.”

Nangong Lengshan scratched his head.

“Who wants you to meet people like this? You look like a person now, but on this side of the capital, even a stall is better dressed than you.” Xiao Chen is not angry.

Nangong Lengshan was ashamed. You bought this dress for me. Now you’re still scolding me in the end.

However, seeing that Xiao Chen was so interested in his own affairs for the first time, Nangong Lengshan was quite moved, so he prepared a little and went out with Xiao Chen.

Their first goal is the largest shopping mall in China – Wal Mart shopping mall.

When I came to the mall, although I had just opened the door, there were already a lot of people walking in the mall. Some are staff members, while others are poorly dressed.

After all, Wal Mart is a high-end shopping mall. If ordinary people don't have much money, they are still embarrassed to come in when there are many people. For fear of losing face.

Although the suits Xiao Chen and Nangong Lengshan wear are expensive, they are much worse than those in the mall.

Most of the shopping malls are international famous brands. Picking up a shirt on the road may be thousands or even tens of thousands.

The most expensive clothes can range from tens of thousands to millions.

After all, it is also called "the private mall of the rich."

People without money can only have a look. Even if they come to buy some cheap goods, they have to sneak in to buy them.

Xiao Chen and Nangong Lengshan had just walked a few steps before one of them was very short. The man with unique appearance came to them and whispered:

"Guys, do you need a goods? We have a lot of a goods here, which are more than ten times cheaper than the genuine ones."

Xiao Chen looked disgusted as soon as he heard it. Just bypass the man.

The man immediately followed up:

"I know you both care about your face, but the clothes here are very expensive. It's really not affordable for ordinary people. I know you choose this time because of the problem of face. Now there are few people, just follow me and no one will pay attention."

"Sorry, we don't need it." Xiao Chen used cold words to express her feelings.

Then he was ready to go inside. Today, he plans to take Nangong Lengshan to design a set of exclusive clothes, which makes it more stylish.

Seeing Xiao Chen's attitude, the man couldn't help sighing and whispered, "obviously they are all poor. They are still pretending to be rich. The poorer they are, the more they die, the more they want face."

Nangong Lengshan was in a hurry as soon as he heard it. Turning back, he directly grabbed the man and asked, "what are you talking about? Believe it or not, I'll break your leg directly?"

The man himself was short and was directly lifted from the ground by Nangong Lengshan. He quickly struggled and said, "brother, I know I'm wrong. Please forgive me!"

"Speak carefully!" Nangong Lengshan threw him aside after warning.

The man fell to the ground and screamed. He quickly got up from the ground and ran away.

"Forget it, there are too many such people. There's no need to argue with them." Xiao Chen patted Nangong Lengshan on the shoulder.

"This kind of person just owes a dozen!" Nangong Lengshan seems a little angry.

When we arrived at the custom-made area, a waitress in professional dress immediately greeted us and asked:

"Are you two specially customized?"

Xiao Chen nodded and said, "yes, I heard that your materials and design are professional."

After listening, the waitress smiled professionally and said, "of course, there will be no less than hundreds of customers here to customize clothes every day. You can see the style first. Our designer hasn't arrived yet. You can wait there first."

The waiter said and motioned to the specially designed rest area on the side.

“No problem.” Nangong Lengshan smiled and said.

Xiao Chen was speechless. Nangong Lengshan didn't know who he was when he saw a slightly beautiful woman.

When you come to the rest area, all the above are various magazines and introductions about clothing customization.

“What would you like to drink? We offer it for free.” The waitress still kept her smile.

“Can I drink you?” Nangong Lengshan joked.

Xiao Chen immediately kicked Nangong Lengshan and said to the waitress, “just two lattes.”

“Why are you so hard? It hurts so much.” Nangong Lengshan touched his feet.

“You're not here to choose a lady to see clothes. You're a loser who hasn't seen the world in people's eyes, you know?” Xiao Chen taught.

“Look what you said. We can all sit here. Can we still be losers? Even if we are, we are rich losers.” Nangong Lengshan laughed.

The God Of Medicine Son-in-law Chapter 206

Xiao Chen was speechless for a while. He didn't know why Nangong Lengshan's idea was so unpopular.

After a while, the waitress put two lattes in front of them.

Nangong Lengshan looked at her again and laughed. Xiao Chen wanted to escape and didn't want to sit here as his friend.

However, the waitress seemed to be used to such things, and her face was still a professional smile.

"Miss, your smile is the most beautiful smile in the world, I swear. I've never seen a smile more beautiful than your smile in my life." Nangong Lengshan looked at the waitress and said.

"Sir, you are so good at joking. You'd better choose your clothes early. We may be very busy later. If you can't get your clothes and delay your Kung Fu at that time, it will be bad." The waitress said and stood aside.

"Young lady, let's not worry about choosing clothes before we talk..." Nangong Lengshan said brazenly.

The waiter ignored him. Xiao Chen stood up and said, "look at you, you don't want to see your first love."

"No, boss Xiao Chen, can't I take a good look at my clothes?" Nangong Lengshan said and looked at a Book of clothes styles.

"I've chosen. I'll take this." Nangong Lengshan decided after reading a few pages.

Xiao Chen looked suspiciously and then found that Nangong Lengshan chose the most expensive one, nearly two million.

"Hello, we'll customize this one." Xiao Chen said to the waiter.

The waitress came over and was slightly surprised to see that Xiao Chen meant the most expensive one.

Originally, she looked at their clothes. At most, it's amazing to buy a suit of more than 100000. Unexpectedly, they ordered the most expensive one as soon as they came up

“Are you... Sure you want this one?” The waitress asked with some uncertainty.

“Of course, just this one.” Xiao Chen nodded.

“Then I’ll inform the supervisor right away. Please wait a moment.” The waitress said and trotted out all the way. She didn’t know where she had gone.

While they were waiting, a man in leopard print clothes and a woman in a long white dress walked into the custom clothing store.

Because Xiao Chen’s seat is facing the door. So I just saw that men are getting older at first sight, while women wear light makeup and look younger.

This kind of young woman’s affair with big money is very common everywhere, and Xiao Chen doesn’t care much.

“Why does it take so long? I’ll pour another cup of coffee and you can either?” Nangong Lengshan said and picked up his cup.

“I don’t need it. You go.” Xiao Chen waved his hand.

As soon as Nangong Lengshan turned around and saw the woman in white skirt, he was stunned.

Seeing this scene, Xiao Chen went to Nangong Lengshan and asked, “what’s the matter?”

“She... Is my first love.” Nangong Lengshan was very embarrassed and pointed to the white skirt woman.

Before Xiao Chen spoke, the woman had noticed Nangong Lengshan. He wanted to pull the man in leopard print clothes away.

The man seemed to see something and came over directly.

“Boy, aren’t you Qianqian’s ex boyfriend?” The man’s voice was loud and looked very arrogant.

“Ah Jun, let’s stop talking to them and go back.” Bai Qianqian said and took the man’s hand.

But the man hugged her directly in his arms. Said with a cold face:

“Now you’re my wife. You can do whatever I ask you to do. Now I just want to meet this legendary ex boyfriend.”

Nangong Lengshan felt some shame. After all, he has been mixed up until now. There was almost nothing except brute force. As soon as he wanted to lower his head, he felt a force on his chin and raised his head directly.

“Speak!” Xiao Chen whispered on one side.

“Well... Hello, I’m Bai Qianqian’s ex boyfriend.” Nangong Lengshan said and stretched out his hand.

The man looked at Nangong Lengshan with disdain and said, “I won’t shake hands with people like you. I’m too dirty.”

Xiao Chen originally thought Nangong Lengshan should go up and punch the man hard at this time, but unexpectedly, he smiled. He withdrew his hand again.

“Look, is this the ex boyfriend you talk about every day? He was unpromising in those days, but he is still unpromising now. He’s really laughing to death! Ha ha ha!” The man laughed.

Bai Qianqian also lowered her head. No longer go to see Nangong Lengshan.

Xiao Chen didn’t know what was going on, but when he went up, he raised his hand with a fist and shouted directly on the man’s right face. The man immediately flew out for two meters and fell to the ground. Two teeth were knocked out.

“Ah Jun!” Bai Qianqian hurried up to help her.

“Xiao Chen, what are you doing?” Nangong Lengshan was silly when he saw the situation in front of him.

“What do you say about me? Do such people still need to endure?” Xiao Chen asked.

“Stop fighting!” Nangong Lengshan grabbed Xiao Chen’s hand.

Xiao Chen was very puzzled and asked, “why not fight? What’s the matter with you today?”

“Don’t ask, let’s go!” Nangong Lengshan looked at Bai Qianqian with great regret, so he took Xiao Chen outside the mall.

Xiao Chen was totally shocked. He didn’t know why Nangong Lengshan did this.

Outside the shopping mall, Xiao Chen threw Nangong Lengshan’s hand away and said, “did you take the wrong medicine today? You were so brave. How can you be so brave when you see your first love?”

Nangong Lengshan didn’t speak, but lit a cigarette. After a long time, he slowly said, “I can’t give her the life she wants now, and I don’t want to drag her down. If I beat her husband here today, it must be her who will go home and suffer.”

After hearing this, Xiao Chen immediately changed his view of Nangong Lengshan. He thought he was just a hairy boy who wouldn’t think about anything. Unexpectedly, he would think so much when facing his favorite people.

“Go back!” Xiao Chen forcibly pulled Nangong Lengshan back.

As soon as I got to the door of the store, I saw the man venting his anger on Bai Qianqian.

“Look at the people around your so-called ex boyfriend? If you beat me like this, I must make him die hard! If you mention him again in the future, your life will be difficult!”

The man’s voice was loud, but no one dared to persuade him.

Seeing this scene, Nangong Lengshan didn’t have patience this time, so he went up and picked up the man.

“What are you talking about?” His eyes were full of murder.

“Nangong Lengshan, you’re crazy!” Bai Qianqian shouted.

The God Of Medicine Son-in-law Chapter 207

The man was directly lifted up by Nangong Lengshan. The whole person was struggling and shouting: “do you dare to move me? Do you know who I am? As long as you dare to move me again today, I tell you, no matter you escape to the ends of the earth, I will kill you!”

“Let go! Do you want to make another mistake today?” Bai Qianqian shouted as she pulled Nangong Lengshan in her face.

When Nangong Lengshan heard this, his anger gradually disappeared. Calm down.

Let go and let the man down. After the man was released, he directly punched Nangong Lengshan in the face.

Nangong Lengshan took the punch. However, the moment the man hit it, he felt that his skull was about to be broken in half, and quickly took back his hand.

“Ah Jun, are you okay? Let’s go and change.” Bai Qianqian said and took the man to go.

But the man grabbed her directly, held her chin in his hand and said:

“Nangong Lengshan, isn’t it? Now kneel down and admit your mistake. And the boy behind you, apologize to me. That’s all. Otherwise, you two and this woman will be miserable!”

At this time, the waitress came in with the ready-made clothes and screamed when she saw this scene.

“Iron Army childe, why are you here...”

“Oh, Miss Lingling, I haven’t seen you for a long time. Why did you come to work again today?” Zhao Tiejun said with a very obscene smile.

“Are you free tonight? We’re going to play together like that day. Your skills are great!”

As soon as his voice fell, a fist fell firmly on his head again, directly beat him out and hit one side of the wall.

Several waitresses screamed with fright, while Bai Qianqian and Han Ling were stunned.

Look at the current situation. It’s good for Zhao Tiejun to survive, but Nangong Lengshan didn’t stop and kicked him again. This time, he was going to kill him.

Suddenly, a dark shadow flashed and directly blocked Nangong Lengshan. Nangong Lengshan jumped twice in a row and returned to the side of Xiao Chen.

“Sure enough, I came.” He whispered.

Xiao Chen saw at a glance that the other party was also a person with true Qi like Nangong Lengshan.

Moreover, it seems that the opponent’s skill is a little stronger than Nangong Lengshan.

“Nangong Lengshan. I didn’t kill you in those years, but now you come back to die? Then I’ll never be merciful this time!” A man in black appeared in front of everyone, and the waiters around him ran away.

Then several people came, wearing purple robes, helped Zhao Tiejun up and treated him. Zhao Tiejun, who was originally like a dead dog, survived in this way.

“Medical repair!” Xiao Chen’s eyes narrowed slightly and immediately saw the source of the other party.

According to what Ning Wangshu introduced earlier, there are also many medical repairs in the capital. It seems that most of them have gone to some big families.

“Xiao Chen, take Qianqian and them away first. I’ll deal with it here.” Nangong Lengshan gathered his true Qi in his hand and seemed to be ready to fight all the time.

“No, you two, come out!” Xiao Chen suddenly shouted.

Two more figures appeared in the store.

“Four masters in the capital. Tang Kui, Tang Jian!” The man in black suddenly changed his face when he saw them appear.

“Your boy is very arrogant in the capital recently. These two are distinguished guests invited by old Chinese. If any of you dare to touch them, you will wait for the collapse of the family!” Tang Kui said coldly that although his voice was small, it was very penetrating and directed at the hearts of the people.

After hearing this sentence, the man in black and Zhao Tiejun behind him were shocked beyond measure. They didn’t expect that there was Hua Wenfeng behind Xiao Chen and Nangong Lengshan.

“Let’s go!” With a wave of his hand in black, he wanted to take people away.

“I’m afraid it’s not appropriate to leave like this?” Xiao Chen held his chest with both hands.

“What do you want?” The man in black looked at Xiao Chen with killing intention in his eyes.

“Kneel down and apologize!” Xiao Chen said faintly.

“What did you say? Kneel down and apologize?” The anger on the black face seems to be irrepressible.

Tang Kui went up directly and said, “if you want to apologize, you can apologize. Why is there so much nonsense? Kneel down! And you!”

Then suddenly, several blue lights flew out of his hand. The man in black and Zhao Tiejun behind him knelt down.

People in Black feel very ashamed, but now Tang Kui and Tang Jian are present, they have no way. I had to gnash my teeth and say:

“Sorry, two brothers, we shouldn’t mess with you.”

“Not sincere enough!” Xiao Chen looked at several people coldly.

The man in black hated his veins, pressed his anger and said, “I’m sorry, big brothers, we shouldn’t provoke you.”

“The voice is too low to hear!” Xiao Chen’s voice echoed throughout the room.

“Sorry, two brothers...”

Until after saying it ten times, Xiao Chen felt a little satisfied and let them go.

After they all left, Xiao Chen pulled Bai Qianqian to Nangong Lengshan and said:

“I see you two are still in love. Have a good chat.”

Then she went out. Han Ling couldn't help feeling a little good towards Xiao Chen when she saw that Xiao Chen was so powerful. So he followed Xiao Chen and asked, “Sir, do you want this suit?”

Xiao Chen reacted and said, “Oh, I need to swipe my card.”

Then he took out his black card.

Han Ling was stunned at the sight. This is the exclusive card of the world bank. She can't get it until her deposit reaches a certain amount.

I didn't expect Xiao Chen, who was dressed so ordinary, to have such a card. Thinking of the forces behind Xiao Chen just now, she suddenly had a number in her heart.

“Yes, sir. I'll wrap your clothes right away. Please wait a moment.” Han Ling quickly handed the card to the cashier, and she took out the boutique packaging bag to wrap the clothes.

Here, Bai Qianqian and Nangong Lengshan are sitting on the sofa. They haven't spoken for a long time.

Nangong Lengshan took a deep breath:

“Sorry, I shouldn't have been so impulsive. I offended people who shouldn't have offended and hurt your family.”

Bai Qianqian looked at Nangong Lengshan now and thought of the forces behind him. She couldn't help wondering.

“Those two four masters in the capital just now are your men?”

Nangong Lengshan shook his head and said, “where do I have that ability? That’s the face of my brother.”

“It’s not easy for your brother to do this for you.” Bai Qianqian sighed.

The God Of Medicine Son-in-law Chapter 208

“Yes, he is my best brother. I’m the only one.” Nangong Lengshan is very proud.

“Why didn’t your brother show up to help you?” Bai Qianqian asked.

“At the beginning... We were separated, and we met not long ago.” Nangong Lengshan explained.

Bai Qianqian nodded and said nothing more.

“Are you really with that Zhao Tiejun now?” Nangong Lengshan asked.

“What else can I do? Now I’m alone in Kyoto. If I want to survive, I can only please these famous CHILDES.” Bai Qianqian said with a trace of helplessness on her face.

At this time, Nangong Lengshan’s phone rang suddenly. He picked it up and saw that it was Xiao Chen who called him.

Pick up the phone. Xiao Chen’s voice came.

“Boy, tell her now that you love her. And you are willing to protect her and raise her all her life. I’ll pay for it!”

With that, Xiao Chen hung up the phone. Nangong Lengshan was stunned for a long time and didn't know what to do for a while.

He didn't react until Bai Qianqian asked him.

"What's the matter? Is there anything important to do? If so, go." Although Bai Qianqian said so, her eyes were full of reluctance.

"No, how can something happen? Qianqian, I have something very important to tell you." Nangong Lengshan said, and his face began to become serious.

Bai Qianqian seemed to know what he was going to say, but she couldn't help feeling a little nervous. She couldn't help grasping her skirt.

"Qianqian, I still love you now. I believe you still love me now. I promise Nangong Lengshan now that I will raise you and protect you in the future!" Nangong Lengshan spoke loudly as if he had announced his intention at the wedding.

All the waiters arranged by Xiao Chen came over with diamond rings and flowers.

There are still many people booing.

"Marry him! Marry him!"

Bai Qianqian was moved to tears and immediately accepted Nangong Lengshan's proposal.

She had expected Nangong Lengshan to say this five years ago, but after the accident that year, her family was destroyed and Nangong Lengshan disappeared. She thought it would end like this. I didn't expect to realize my dream again today.

Nangong Lengshan hugged her as soon as she went up, and they hugged and kissed together happily.

When he returned to the hotel, Nangong Lengshan was grateful to Xiao Chen for a while. He didn't expect that Xiao Chen could still find these things and help him untie his heart knot for so many years.

"Don't say so much. We were partners in cultivation together. These are what I should do. You helped me. Naturally, I can't treat you badly." Xiao Chen said with a smile.

Bai Qianqian on one side was also very grateful to Xiao Chen, but also reminded Xiao Chen: "that Zhao Tiejun is the son of the underground party in the capital, which is very difficult to deal with. I think we'd better leave here early, and the guard of Hua Lao can't protect us for a lifetime."

After hearing this, Xiao Chen showed a very confident smile and said, "of course, we don't need them to protect us for a lifetime. We have our own ability and don't need to rely on others at all."

Nangong Lengshan nodded and said, "now the black owl is really fighting with me. It's hard to say who wins and who loses."

Although they both looked very confident, Bai Qianqian's face still showed a worried look.

"OK. Don't worry, I assure you that it won't happen again, and we'll leave Kyoto soon." Nangong Lengshan hugged Bai Qianqian's waist.

"Well, old Hua will arrange it then. Let's have a rest here these days. I'll go back to Wuling. If you have any arrangements, Nangong you don't have to go to Wuling with me." Xiao Chen said and glanced at Nangong Lengshan.

"Of course I'm going. My brother helped me so much. As a professional bodyguard, how can I not be with you all the time?" Nangong Lengshan patted his chest.

"Bodyguard? What's the relationship between you two?" Bai Qianqian immediately felt very confused.

"He is my good brother, but he is also my boss. If I didn't have money, our affairs wouldn't have come to this point," Nangong Lengshan explained.

Bai Qianqian nodded silently after listening. It is true that part of what happened in those years was due to lack of money.

Time soon came. In the afternoon of the next day, all three got into the vehicle specially arranged by huawenfeng.

Hua Wenfeng also took some time out of his busy schedule to see them off.

“Doctor Xiao Chen, why don’t I let Tang Kui stay with you? I’ll take care of anything at that time.” Hua Wenfeng seems to be worried about Xiao Chen’s personal safety.

“No, Mr. Hua, I’m still used to being free. It’s always uncomfortable for someone to follow. Besides, isn’t he still around me?” Xiao Chen said and patted Nangong Lengshan on the shoulder.

“Well, that’s right. This Nangong young man has a good physique. If it weren’t for the miracle doctor Xiao Chen, I would like to recruit him into my secret security team.” Hua Wenfeng smiled and said.

“Well, Mr. Hua, let’s say goodbye and see you again in the future. You must ensure your health!” Xiao Chen waved out of the window.

“OK, thank doctor Xiao Chen. Have a nice trip!” Hua Wenfeng also waved to Xiao Chen and them.

After Xiao Chen and them left, several dark shadows appeared behind Hua Wenfeng.

“Sir, do we really not have to protect the miracle doctor Xiao Chen? They offended Zhao Tiejun that day. Maybe now there are killers lying in ambush on the road.” Asked Tang Kui.

“Of course, you should protect my car. Zhao Gangqiang still doesn’t dare to move, but when you get to Wuling, it’s inevitable that those people will make some moths. You’d better follow them to Wuling. If there’s any situation, take action immediately.” Hua Wenfeng then walked to his special car.

Tang Kui and other people also disappeared.

“You follow me to Wuling. What about your wife?” Xiao Chen looked at Nangong Lengshan and asked.

Nangong Lengshan was stunned when he heard this, and then he remembered that he had forgotten this stubble.

Bai Qianqian seemed to be used to it and said to Xiao Chen, “brother Xiao Chen, don’t you have a wife? Let me go to Huizhou and I’ll go there to find them.”

Xiao Chen was slightly stunned, but immediately guessed that Nangong Lengshan told Bai Qianqian about it.

“Well, then go to Huizhou first, and I’ll arrange your itinerary at that time.” Xiao Chen nodded slightly.

Nangong Lengshan was very excited all the way and was singing along with the stereo in the car.

The God Of Medicine Son-in-law Chapter 209

Along the way, Xiao Chen still learned something about her past with Nangong Lengshan from Bai Qianqian, and found that Nangong Lengshan, who had always looked optimistic, had such an unknown secret in her heart.

In order to pursue Bai Qianqian, Nangong Lengshan resolutely gave up his practice in yixianmen and came to Kyoto. At first, he relied on some medical skills he learned in yixianmen. Can also earn tens of thousands of dollars a month.

But Bai Qianqian’s family, as the top family in the capital, will not allow Bai Qianqian to follow such a useless man at all.

Nangong Lengshan really had no experience at that time. The thought was also quite simple. He thought he would run a small medical school in this way and finally marry Bai Qianqian home.

But the reality is very cruel. Soon after, the Bai family asked people to contact the people of the regulatory authority. The doctor of Nanshan has no license for any reason.

His only source of income was destroyed. Nangong Lengshan didn't give up. He tried to work for other hospitals.

At first, seeing Nangong Lengshan's medical skills, an old Chinese doctor named zhishengtang medical school was quite satisfied, and said that if Nangong Lengshan did well, he could finally hand over the medical school to him.

Nangong Lengshan was very happy and thought he had found his own direction again.

Until one day, Bai Qianqian told him that her family arranged Bai Qianqian to marry a grandson of a large family in Kyoto.

However, the other party has just turned 18, which is obviously a transaction between the two families, in order to let Bai Qianqian catch up with a line of the big family.

Bai Qianqian could not help but passively agreed to the marriage.

Nangong Lengshan was not convinced, but Bai Qianqian told him. That's just a cover. She won't have any marital relationship with the child of that family.

In this way, they all endured and waited until Nangong Lengshan came out one day, and then went back to formally propose marriage to the Bai family.

It's not a long time. Nangong Lengshan has just been to that medical school for less than half a year. The old Chinese doctor of the hospital died unfortunately. The original will said to let Nangong Lengshan run the hospital well and give him 50% of the technical shares.

However, the hospital was not owned by Nangong Lengshan after all. Several sons of the old Chinese medicine doctor sold the hospital directly in order to distribute the inheritance evenly. Although Nangong Lengshan received more than 100000 dividends.

But in his opinion, these are simply too few. The bride price money proposed by the Bai family is only a drop in the bucket.

Nangong Lengshan didn't give up. He started a new stove again. With more than 100000, he learned to be smart this time. I got all the licenses and opened a medical school. The business was good at the beginning.

But I don't know who said the emotional things between him and Bai Qianqian to the head of the great aristocratic family in Beijing.

Although everyone knows that they are only married to the Bai family, such a thing directly exposed in broad daylight also makes them feel that they have lost their face.

So he ordered to smash the Nangong Lengshan medical school directly.

At that time, Nangong Lengshan was young and energetic. He didn't think so much, so he directly found the big family to ask for guilt.

Of course, the outcome was terrible. I was beaten for seven days and couldn't get out of bed. If he hadn't been a medical practitioner at that time, he might have been killed on the spot.

But he was not reconciled. Continue to seek revenge from the big family. At that time, Bai Qianqian no matter how persuasive. He can't hear a word.

It happened on that dark and windy night. Nangong Lengshan sneaked into the villa of the owner of the big family.

At that time, the owner of the house was having s\*x with his two little lovers. Seeing the wriggling waist of two women in the room and the enjoyment of the owner's face, Nangong Lengshan was angry from his heart and was evil to the side of his courage. He took out his long prepared dagger and killed the owner on the spot.

Then he was greeted with endless revenge.

Of course, the owner is dead. Naturally, some people are happy and others are sad. Naturally, the happy person is the new owner. For him, Nangong Lengshan can be regarded as his benefactor.

And the way he treats his benefactor is to torture to death.

But Bai Qianqian couldn't bear to see Nangong Lengshan suffer so much for her. So he sold all the assets of his family behind his back and took the money to redeem Nangong Lengshan.

After that, it was obvious that the Bai family fell in an instant and was chased and killed by various enemies.

Bai Qianqian survived because of Nangong Lengshan's protection and did not die at the hands of her enemies.

But she also became an orphan, and there were no relatives in the world.

Originally, they planned to live an ordinary life like this. After these experiences, Nangong Lengshan gradually became mature, but his irritable character defect was still there.

That night, a group of local ruffians fell in love with Bai Qianqian and made moves on her. After Nangong Lengshan found out, he directly beat all the people down and took Bai Qianqian away.

However, it didn't end like this. At that time, the underground party boss in Kyoto inadvertently saw Bai Qianqian's picture. He didn't know what was wrong and just wanted to taste her.

So he kept sending his men to the door to ask for people.

Nangong Lengshan beat back many people, but he was also attacked and injured.

He decided to leave Kyoto with Bai Qianqian, but Bai Qianqian didn't want to open some things at that time. She must stay in Kyoto.

In this way, Bai Qianqian was finally captured by the underground party. While Nangong Lengshan was dying, he suddenly met a wandering expert and taught him his skills.

So he wandered around until he met Xiao Chen in the East China Sea.

"What a sad story." After hearing this, Xiao Chen couldn't help sighing.

"At least the ending is not sad." Bai Qianqian hugged Nangong Lengshan's neck and said.

"You've suffered for so many years." Nangong Lengshan, who was originally excited, suddenly said in a very heavy voice.

"I asked for it. I insisted on staying in Kyoto at the beginning, which caused you to become like this in the end. Fortunately, you didn't die. I think this is the greatest gift from God to me." Bai Qianqian pressed her face to Nangong Lengshan's chest.

Xiao Chen just did it unintentionally. He didn't expect that so many stories had happened between Nangong Lengshan and Bai Qianqian.

However, he is still quite happy now. At least he didn't leave Nangong Lengshan aside. Now such a result can be regarded as making up for the inner regret of his childhood partner.

The God Of Medicine Son-in-law Chapter 210

Because it was specially arranged by huawenfeng, the speed was still quite fast. It took less than three hours to walk nearly 500 kilometers and return to Wuling from Kyoto.

After a short rest, the next day Xiao Chen and Nangong Lengshan set out for Huanghai village again. At this time, there was some fireworks in the whole village. Looks like someone lives in it.

Xiao Chen didn't drive into the village this time, but parked outside. As soon as they entered the village, several men surrounded them and stared at them fiercely: "you dare to come back. Last time you hurt us badly!"

Xiao Chen saw it clearly. These people are the villagers who gathered in the village on the other side of the mountain last time. It seems that most people in the whole village can't get rid of the last theft of Taisui.

As more and more people gathered around, Xiao Chen and Nangong Lengshan frowned.

"Brother, have you solved them now?" Nangong Lengshan asked.

"No, these people are just ordinary villagers. We have no reason not to fight them." Xiao Chen replied.

"What should we do? We can't watch them beat us." Nangong Lengshan asked again.

"Of course we can resist when they do it, but the problem is that they don't want to do it." Xiao Chen looked at the people around him.

"Get out of Huanghai village!"

Several men took the lead in shouting, and then others shouted, echoing throughout the village.

"What are you shouting!" An old man's voice suddenly came.

They all stopped at once. Xiao Chen saw an old man walking slowly with a crutch.

The villagers were very respectful when they saw him. Dare not say anything too extreme.

“Master Gu, these two people are the disaster stars in our village. It was only when they came that our whole village fell into poverty again!” A young man stepped forward very reluctantly.

“Really? Your so-called way to get rich is to dig the Taisui left by our ancestors? Do you know that if you dig the Taisui now, the village will be destroyed?” The ancient master said coldly.

“What?”

“Disaster of destruction?”

“What’s going on?”

All the villagers began to talk.

“Master Gu, we don’t know what you mean. Our village is still well now. Why is there a disaster?” The man who had taken the lead came forward and asked.

“Soon, they’re coming. They’re here to save the village. If you stop them outside like this, there’s nothing wrong with the village. All of you can’t be responsible!” The ancient master then stared at the villagers present very severely.

All the villagers were afraid, so they scattered in a crowd.

When the villagers returned to their homes, the ancient master came to Xiao Chen and Nangong Lengshan.

Nangong Lengshan is very strange. I don’t know why the ancient master said so.

“This... Ancient master. Hello, why do you say we are the saviors of this village?” Nangong Lengshan asked.

Master Gu smiled, pointed to Xiao Chen with his finger and said, "in fact, he is the Savior of our village. Only to ensure the safety of you two, I said you are both. I can see that you two came together."

Xiao Chen nodded. Arched his hand to the ancient master and said, "master, please give me some advice. I really came to Huanghai village to investigate this time."

"Yes." Master Gu looked at Xiao Chen and seemed quite satisfied. So he waved them to follow him into the village.

Xiao Chen and Nangong Lengshan followed the ancient master back and forth for a long time, and finally came to a wooden house on a small hill.

"Master, do you usually live here?" Xiao Chen looked at the humble facilities in the cabin and asked.

"Yes, I usually live here." Master Gu nodded and his face was very peaceful.

"Why didn't we see you when we came earlier?" Nangong Lengshan asked.

"Before? I wasn't at home before. I went on a trip." Master Gu smiled and said.

"What exactly do you mean by the disaster of destruction?" Xiao Chen always thought about the so-called disaster he said earlier.

"This is what we Feng Shui researchers believe in. In fact, it's hard to say what it is. It's just that although the people in their village have always been very poor, they live comfortably here. Now when they move underground, the trouble will come naturally."

Master Gu shook his head.

"Xiao Chen. How do I feel that the old man is jumpy? Isn't he crazy?" Nangong Lengshan whispered in Xiao Chen's ear.

“Don’t talk nonsense!” Xiao Chen stared at him and then turned to ask Master Gu:

“Does the master know when there will be a disaster here? What methods do we need to stop it?”

“Everything is the will of heaven. I can only help you here. Come here. Here is the spell I got from an eminent monk these days. You may have some effect if you take it.”

Master Gu said and put the two yellow symbols in the hands of Xiao Chen and Nangong Lengshan.

There was a strange character written on it. Xiao Chen had little research on these, so he didn’t know what it was written on.

“Well, you go down and find those centenarians. There may be some clues.” Master Gu said and returned to his cabin. The door closed automatically after he entered.

“Cut, I think the guy is a prodigy. I saw many of these things he played tricks on when I was traveling outside. Those charlatans often do this. I think we’d better follow our own ideas.” Nangong Lengshan said with some disdain.

Xiao Chen patted him on the head and said, “I’d rather believe it than not! Strange things have happened in Huanghai village several times. I believe what master Gu said is not unreasonable. Let’s go and find those centenarians first.”

Nangong Lengshan was patted by Xiao Chen, and immediately he was dissatisfied. He thought, wait, and later it will be proved that the old man is a magic stick.

In this way, they both went down the mountain.

Maybe he was just frightened by the words of the ancient master, so the door of the old house in Huanghai village was closed. Xiao Chen and Nangong Lengshan tried to knock on the door, but no one answered.

So they came to the old house again and found that the door was unlocked.

So Xiao Chen went forward.
