The God Of Medicine Son-in-law Chapter 21

After Xiao Chen left, Liu Xue criticized Zhang Xian. Even others' faces were very ugly, which made Zhang Xian embarrassed.

Old Liu saw Zhang Xian's embarrassment and didn't want to embarrass his former subordinates, so he said, "forget it, it's normal to be young and energetic, and it's normal to say arrogant words. But Xiao Zhang, such a mind is not worth making deep friends. Now you're in a high position. It's better to have less contact with such people."

"What Liu taught me is." Zhang Xian looked like he was being taught with an open mind.

Next is the joy of the whole family.

Liu Xue took the opportunity to clarify her relationship with Feng Enron, who knelt down and proposed in public. On the day of celebrating her birthday, there was an unexpected joy. The Liu family cheered one after another, and the atmosphere was high. Even old Liu looked at the scene with a smile.

However, just at that time, old Liu suddenly fell ill. He covered his chest with his hands and showed a painful look on his face. Then he fell on the table with a sound of "Peng".

"Grandpa."

"Liu Lao."

The crowd exclaimed.

"Teach the ambulance."

Feng Enron stood up, "don't panic, I'm a traditional Chinese medicine, I can save Grandpa."

Seeing Feng Enron's calm appearance, the third aunt and seventh wife of the Liu family calmed down their originally flustered mood.

The descendant of the great medical saint and the president of Donghai traditional Chinese Medicine Association, can something happen with him?

At the thought of this, people were full of praise for Feng Enron.

"Fortunately, there is Enron."

"Xiaoxue really made a good boyfriend."

"You see, they are two men and women. They are a perfect match."

In the praise of the public, Feng Enron began to feel the pulse for Liu. However, as the inspection time continued, Feng Enron's face became more and more ugly and refused to accept the ease at the beginning.

Liu Xue saw that the man had a serious expression and said, "Enron, is Grandpa okay?"

Feng Enron didn't speak. He took out acupuncture from his backpack and pricked Liu several needles. However, Liu didn't respond.

Feng Enron was sweating and his face was very ugly. "Sorry, there's nothing I can do. Call an ambulance."

Liu Xue was worried, "don't you even have a way?"

Feng Enron nodded hard. Grandpa's disease is very rare. I can only barely protect grandpa's heart pulse with acupuncture. However, acupuncture is not omnipotent. If I can't get treatment within 20 minutes, I'm afraid

Although Feng Enron didn't say it, the people present could guess more or less.

The ambulance will arrive soon. Liu was sent to Donghai people's hospital.

The red light at the door of the emergency room flickered uneasily. The people of the Liu family were waiting at the door, feeling nervous.

"How can a good person suddenly fall ill?"

"Grandpa was a little sick before, but it was just an ordinary minor illness."

"It must be the guy just now."

Liu Xue suddenly thought of Xiao Chen. Her face showed hatred. "If he hadn't cursed Grandpa, Grandpa would suddenly fall ill."

"We must not let him go." The Liu family was filled with indignation. "I really thought I was bullied by the Liu family?"

The red light at the door of the emergency room suddenly turned green and the door was opened. The doctor came out of it.

"Sorry, we've tried our best." The doctor regretted: "Liu's illness is very difficult. We managed to save him from death, but... We can only last for two days."

"You'd better be grateful for making preparations for the future."

The doctor's words were like the collapse of the sky, which made everyone in the Liu family face collapse.

The reason why the Liu family can have today is entirely due to the influence and contacts of Liu Lao. Once Liu Lao dies, although the Liu family will not be down and out. But the decline is certain.

“Liu Lao is still saved. We can’t give up.” Zhang Xian suddenly said, “Xiao Chen has a way to treat old Liu.

“Do you still have the face to mention him?” Liu Xue’s tears spent her makeup on her face. She choked and scolded Zhang Xian: “if it wasn’t for the curse, how could grandpa die?”

“Murderer.” Liu Xue hissed and cried, “if Grandpa really dies and he wants him to pay for his life, our Liu family will not let him go.”

“You can’t say that.”

Zhang XianMei frowned slightly. He looked around and glanced at the faces of the Liu family one by one. Although Xiao Chen’s speech was not pleasant to hear. But from another point of view, maybe he has already seen the problem of old Liu. It’s not so much a curse as a reminder to us.

Zhang Xian’s words plunged the Liu family into meditation.

Zhang Xian hurriedly added, “didn’t Xiao Chen say he could cure old Liu? Why don’t we invite them to have a try?”

“Isn’t our Liu family disgraced?” Some people objected.

Liu Xue wiped the tears on her face, and her face was firm. “Since the liar said he had a way to heal. There must be someone else in the world who has this ability, I don’t believe I can’t find a second person besides him.”

“Why don’t I ask my master to come and try?” Feng Enron hesitated for a moment and said, “my master has excellent medical skills. Maybe he can save Grandpa.”

“I don’t know where Chang Zhixing’s medical sage is?” Asked the Liu family.

Feng Enron said, "my master is now in Yanjing, but Yanjing is so far from the East China Sea that I'm afraid it's too late in two days."

"Nothing." Liu Xue said, "our Liu family has their own private plane. It only takes half a day from Yanjing to the East China Sea."

"Well, I'll call the master first to make him ready."

Time waits for no man. The Liu family flies fast. A plane flies from the East China Sea to Yanjing.

Because Feng Enron called Chang Zhixing in advance to tell him the details. So before the arrival of the plane, the medical Saint had made all the preparations.

When the plane landed, without a minute's delay, it soon set off for the East China Sea.

Donghai people's Hospital, emergency room.

At this time, the news that Liu Lao fell ill had spread all over the East China Sea. It was said that the doctor was helpless and said that there were only two days left.

Chang Zhixing got off the plane and went directly to see a doctor for old Liu. However, he has no good way.

"Sorry, I have no power to return to heaven."

With Chang Zhixing's words, it seems that Liu has been sentenced to death.

Liu Xue sat powerlessly on the ground, and the others also looked desperate.

Soon, the news that the medical saint was unable to pull the sky spread all over the East China Sea again.

“Liu family, it’s over.”

Some people assert that.

“Inform everyone that once old Liu dies, attack all the political personnel of the Liu family immediately and eat all their industries.”

This is the enemy of the Liu family. He plans to take the opportunity to drop the stone.

Obviously, the Liu family also knows the situation they are about to face. However, under the protection of the old Liu, the Liu family is well respected. The middle-aged and young generation are mediocre, while the young generation has no outstanding people. In the face of such a crisis, everyone has no way but to be frightened and overwhelmed.

“We still have a chance.”

At this time, Liu Xue remembered Xiao Chen’s arrogant words before.

“Don’t blame me for not reminding you that there is something wrong with old Liu’s body, and no one in the world except me saved him. He will die in three days.”

The God Of Medicine Son-in-law Chapter 22

Say back to Xiao Chen.

After coming out of the door of the Liu family, Xiao Chen planned to take a car back to the medical school. As a result, he found sadly that he I forgot my money.

“Fortunately, this is the era of mobile payment.”

Xiao Chen took out his mobile phone and planned to use WeChat Alipay, and he was miserable again.

“Special code, no signal!”

Xiao Chen patted his head and looked regretful, “Damn it. I forgot that I should pay the phone bill today. Now I’m out of service.”

“It’s really unlucky today. Hey. Go back on foot.”

However, he felt a burst of despair at the thought that he was nearly ten kilometers away from the Spring Festival Hall.

Walking alone on the road, with vertical and horizontal vehicles beside him, Xiao Chen’s background looks depressed and lonely. People who don’t know the truth thought it was the poor man who was driven out of the house by his wife.

A violent impact suddenly attracted Xiao Chen’s attention. His eyes looked at him, and his face was on one side.

“There was an accident.”

I saw the middle of the road not far away. A Land Rover suddenly rushed out of the fence and fell into the lake below.

Xiao Chen hurried over.

Standing on the edge of the cracked guardrail, Xiao Chen looked down and saw that the Land Rover had been swallowed up by the lake. The tail of the car sank a little bit and soon fell into the lake.

“No, the owner was still in the car and drowned without being rescued.”

Xiao Chen didn't think much. In order to save others, he didn't care about his own safety, so he jumped directly from it.

Xiao Chen dived into the lake with a standard diver's falling posture.

Fortunately, the lake was still clear. Xiao Chen opened his eyes wide in the water and could barely see the position of the car. He swam past sensitively, like a fish, and soon came to the car body.

At this time, the front of the car had been smashed. Through the window, Xiao Chen saw that the owner inside was a woman. At this time, he was in a coma.

Xiao Chen reached out to open the door, but the door was locked and couldn't be opened at all. The glass of the car was so thick that he couldn't get people out of it.

At this time, Xiao Chen wanted to feel the pulse of his illness.

Speaking of it, he has been cultivating the disease pulse for some time, and has absorbed a lot of disease Qi these days, which makes his strength comparable to the third rate Wulin experts.

If he wanted to be here, Xiao Chen had a bad luck pulse. A powerful force broke the window with one punch and untied the complete belt on the woman. Then she dragged her out of the car.

When Xiao Chen came out of the water with the woman, the shore was full of people, and they gave warm applause.

Dragging the woman to the shore, Xiao Chen squeezed her lower abdomen with her hand and drained a lot of water from her stomach.

I have to say that this woman has a good figure. As an honest man, Xiao Chen maintains the excellent sentiment of not treating others with disrespect.

But the woman didn't wake up for a long time. Xiao Chen had no choice but to lower her head and give her artificial respiration.

Hooligans. What are you up to? The woman just woke up and slapped Xiao Chen in the face.

Xiao Chen covered his face and was wronged. "I see you haven't woke up for a long time. I'm going to give you artificial respiration."

"I think you want to take advantage of it." The woman just woke up and was confused.

The citizen on the side smiled and relieved Xiao Chen, "girl, you misunderstood. We can all prove that he didn't take advantage of you."

"If it hadn't been for this young man, you would have died."

"Yes, you should thank the young man."

"Drive carefully in the future."

The people around her were full of gossip, and the woman woke up completely. She thought that she had just crashed into the guardrail and fell into the lake. Her face changed a lot. However, after reflecting her situation, she had a look of fear for the rest of her life.

"Sorry, sorry, I misunderstood just now. Thank you for saving me. I will repay you." The woman is a little incoherent.

"It's okay, you're okay." Xiao Chen patted the soil on his clothes and turned to leave.

Just then. The sound of the police car sounded. It turned out that enthusiastic citizens reported to the police.

After knowing the situation, the police praised Xiao Chen for helping.

“You are a good man. Our country needs a hero like you who acts bravely.”

“May I go now?” Xiao Chen’s face ached at the thought that he still needed to walk more than ten kilometers to get home.

“That won’t work.” The policeman said, “we need you to go back to the police station and take notes.”

Xiao Chen and the woman were taken away by the police, and the Land Rover that sank to the bottom of the lake also called a crane under the command of the police, picked it up and sent it to the garage for repair.

At the police station, the woman’s family was called.

Hearing that the woman had a car accident, her parents were scared out of a heart attack.

“Thank you for saving Xiaohui. Without you, we would send the white haired man to the black haired man.”

The woman’s parents excitedly took Xiao Chen’s hand.

At the beginning, when taking notes, Xiao Chen already knew the woman’s name, Chen Minhui. His family was engaged in real estate business. One third of the houses in Donghai city belonged to their family, which was really Bai Fumei.

In order to repay Xiao Chen for saving his life, Chen Wen and his wife Bai Wan strongly requested that Xiao Chen be invited to dinner. He couldn’t even push it off. Finally, I can only promise.

At the five-star hotel in Donghai City, Chen Wen booked a large box and ordered countless expensive famous dishes.

Xiao Chen stared at a large table full of dishes and hurriedly stopped Chen Wen from ordering. "Enough, enough, President Chen, you ordered too much. You can't finish it."

I can see what abalone and lobster on the table are only appetizers, as well as roast suckling pigs, dragon and Phoenix, cabbage, bergamot and so on.

"Come to Xiao Chen, I'll give you a toast." Chen Wen gave a warm reception.

Xiao Chen got up flattered. "You're too polite, President Chen."

They clinked glasses and drank.

"Xiao Chen, thank you for saving your life."

Chen Minhui also offered Xiao Chen a glass of wine. At this time, she was not as embarrassed as she had just fallen into the water. She was dressed in a decent white evening dress, which set off her graceful and gorgeous figure.

Xiao Chen said with a wry smile, "you have thanked me just now."

Chen Minhui blinked. "Thank you for saving my life. It's not too much to thank you several times."

"Let's try this cabbage bergamot. This is a famous dish."

Bai Wan took the dishes to Xiao Chen's bowl and asked, "is Xiao Chen married?"

Chen Minhui looked at Xiao Chen curiously.

Xiao Chen smiled and said, "I've been married for three years."

Bai Wan showed a regretful look. Chen Minhui was old and old, but she still had no object and arranged blind dates on weekdays, but she couldn't see any of them. For this reason, she and her husband had a headache.

She saw that Xiao Chenchang was a talented person, kind-hearted and had good medical skills. The reason why she knew this was that when she picked up her daughter at the police station just now, Chen Minhui was more or less injured in a car accident. She originally planned to be sent to the hospital, but the doctor said that her injury had been treated. When she asked, she knew that Xiao Chen did it, Therefore, they began to make do with each other.

"I'll go to the bathroom."

Xiao Chen got up and left.

In the bathroom, Xiao Chen just came out. A man just came in and accidentally hit him.

The man directly scolded Xiao Chen: "you're so blind, aren't you?"

The God Of Medicine Son-in-law Chapter 23

"Do you know how expensive this dress is on me?"

The man patted his clothes, his expression was disgusted, like seeing some kind of garbage, and his mouth kept spitting all kinds of dirty words.

Xiao Chen fixed his mind and looked at him with a frown. Finally, he decided to forget it and don't care about each other. Therefore, he stepped forward and planned to leave.

"Stop." The man stopped Xiao Chen. When he came to him, he was ashamed and arrogant. "Can you leave without losing some money if you dirty my clothes?"

Xiao Chen said faintly, "go away."

"Hey, I think you deserve to be beaten."

The man rolled up his sleeves and punched him.

Xiao Chen has sharp eyes and quick hands. He clasped his wrist with one hand and then turned hard.

Click.

The sound of a dislocated bone.

"Oh, my hand." The man screamed, and a cold sweat the size of soybeans flowed on his forehead.

"Keep your mouth clean next time."

Xiao chensong opened his hand and turned to leave.

The man behind him looked at the background of Xiao Chen's departure and showed vicious eyes.

"Xiao Chen, why did you go so long?"

In the box, the Chenwen family are waiting for Xiao Chen.

Xiao Chen apologized, "sorry to keep you waiting."

Xiao Chen sat down and the atmosphere soon recovered.

"President Chen, you are so polite. Anyone with a conscience will make the same choice as me."

Xiao Chen's repeated humility at the dinner table made him feel that saving Chen Minhui was not always something worth showing off. Everyone should do courageous deeds. Chen Wen thanked him again and again, which made him feel sorry and inexplicably rewarded with gratitude.

Four people ate a full meal for nearly two hours, and after drinking and eating. There is still a lot left on the table.

This makes Xiao Chen sigh in her heart: rich people are luxurious.

The "pa" gate was suddenly kicked open. Xiao Chen and Chen Wen were surprised to see more than 20 muscular men in suits break in.

The man who met Xiao Chen in the bathroom before covered his dislocated arm with one hand and pointed to Xiao Chen, facing the humanity behind him: "brother, he beat me."

"Di Zong, what brings you here?"

Chen Wen recognized each other's identity. Got up and greeted him.

Xiao Chen followed and asked in his ear, "President Chen, do you know him?"

"His name is Dilong, and the Jianghu people call him brother long. His apparent identity is a group boss, but his reality is not as simple as it appears."

Chen Wen nodded. "He's a big man in the underground circle. He takes everything in black and white. It's said that he has a good relationship with a second leader. If you mess with him, you'll be in trouble."

Although Chen Wen said it in a very obscure way, there was something like the deputy bureau hidden in his words. Xiao Chen immediately understood it.

Xiao Chen tells Chen Wen what just happened in the bathroom.

“So President Chen is here.” Dilong also recognized Chen Wen.

“Don’t know what’s the matter with di Zong coming to my box?” Chen Wen took the lead in asking questions. Although he didn’t ask him about kicking the door, the hidden meaning was already in the meaning of asking.

As a real estate boss, he has dealt with Dillon several times, just in terms of contacts. Diwen has a bigger business relationship than Chen. Of course, this business refers to Dillon’s business in the open.

“My brother has been bullied. As a brother, I can’t let my brother be wronged. I didn’t know that President Chen was here another day. I must come to the door and worship.”

Dilong explained faintly, which was also an explanation to Chen Wen.

“I don’t know who the brother around me is President Chen?” Asked Dillon.

Chen Wen said, “he is my woman’s life-saving benefactor. In order to express his gratitude, I specially invited him to this five-star hotel for dinner.”

Dilong nodded clearly. He looked at Xiao Chen, “I don’t know your brother’s surname?”

Xiao Chen smiled and said, “my name is Xiao Chen.”

Dillon repeated one side and couldn’t help admiring. “Good name.”

“Di always praised.”

“Don’t brother Xiao think the means are too vicious?” Dilong’s eyes grew colder and his body exuded the dignity of a high-ranking person, but he had begun to ask questions.

Just now he went to the doctor, but even the doctor couldn't reattach his brother's dislocated arm.

"This is caused by a special technique. Ordinary bone grafting can't make it return to its original position. In vain, bone grafting may cripple the arm. It can only be recovered if the caster is found."

That's what the doctor told him.

"The most vicious means can't compare with your brother's domineering." Xiao Chen's tone was faint and he was not afraid of Dilong's momentum.

More than 20 bodyguards behind Dilong stepped forward, and an invisible pressure forced Xiao Chen.

Chen Wen's face changed slightly and protected Xiao Chen behind him. "Di always wondered if he could give me a face?"

"Since President Chen has spoken, it's not easy for me to investigate. As long as brother Xiao takes my brother's arm back, it's OK."

Hearing Dilong say this, Chen Wencai noticed his brother Dihu's arm and was surprised that Xiao Chen could cause such an effect.

"Brother, I can't let him go." Hearing that his brother said he would let Xiao Chen go, di Hu was unhappy. "He must be abandoned. He broke one of my hands. I'll cut off his two hands."

Xiao Chen glanced at di Hu faintly, took back his eyes and said to Chen Wen, "I feel very much that President Chen came out for me, but this is my private affair, so President Chen will not be involved."

Xiao Chen was very moved by Chen Wengang's move to protect him. However, since he got into trouble with Dilong, he didn't intend to give in, so he said this to Chen Wen in order not to involve him.

Chen Wen doesn't know where Xiao Chen's confidence is. He is preparing to persuade him. As a result, Xiao Chen has come out and faced Dilong directly.

“I heard that di always has a good relationship with a second in command?”

Dilong didn't know why Xiao Chen would say it. For the sake of caution, he said modestly, “I've been lucky to see it several times.”

“What a coincidence.” Xiao Chen said seriously, “I've known director Zhang Xianzhang of the Public Security Bureau for a long time. We just met this morning. How do you know each other another day?”

Dilong's eyes narrowed tightly. He pulled the corners of his mouth. “It seems that my brother is not an ordinary person to know director Zhang Xian.”

Xiao Chen nodded. “I'm really not an ordinary person. There's no problem doing more than 20 of you.”

As soon as this remark came out, everyone present turned pale.

“Boy, what are you talking about?”

“Say it again.”

The bodyguard behind Dillon was immediately angry.

The man in black who was closest to Xiao Chen directly raised his fist the size of a casserole.

Xiao Chen stretched out his hand and grabbed each other's fist.

Click.

Dislocated bone.

This time he didn't use special techniques, just simple force skills.

"Shit, brothers, f*ck him."

All the bodyguards rushed up without help.

The God Of Medicine Son-in-law Chapter 24

In the box, more than 20 bodyguards fell horizontally, and Xiao Chen stood in it like an invincible God of war.

Chen Minhui looked at Xiao Chen, who stood proudly, with a strange color in her beautiful eyes.

Di Hu shrank behind Di long and winced, "brother, what shall we do now?"

Dillon's face changed slightly, but soon returned to normal. "Brother, good martial arts."

"It's just a small skill." Xiao Chen said plainly. In fact, what I'm good at is medicine.

"I'm Dilong this time. I don't know how brother Xiao can help my brother's hand return to its original state?"

"What if I don't?" Xiao Chen asked.

Dilong looked deeply at Xiao Chen and said, "that's my brother. He deserves to hit. He should have this disaster."

"Ten million." Xiao Chen stretched out a finger and said seriously, "ten million to buy your brother an arm."

Dillon's eyes contracted tightly. Just about to open his mouth, Xiao Chen heard a faint tone: "Di always attaches so much importance to brotherhood, should not be stingy with this ten million?"

"As the saying goes, it's inappropriate for brother Xiao to speak so loudly?" Dillon gave a faint warning.

"Di always joked. Ten million is just a sprinkling of water for di. Where can it be regarded as a big mouth?"

"OK, I'll give you this ten million." Dilong answered so, but he didn't say a word, and Liang Zi was finished.

"Happy, Di is always in business."

In this way, Dilong bought one arm of Di Hu for 10 million.

"Green mountains and flowing water, we will meet in the future."

Dillon left a ten million check and left with his men.

Chen Wen looked at the background of Dilong's departure and said with worry. "Dillon is a character. This time he can bear a bad breath, and he will take revenge crazily in the future."

"I know that." Xiao Chen nodded, but he didn't take it to heart. If Dilong is interested, it's best not to provoke him, otherwise it won't be as simple as losing 10 million next time.

Chen Wen is just a kind reminder. Seeing Xiao Chen doesn't think so, he doesn't say anything more.

He had seen that Xiao Chen was not a simple figure. Only from his calm in the face of Dillon and his extraordinary skill, we know that he must have a deep background.

"I don't know where brother Xiao Chen works?" Chen Wen said curiously.

Xiao Chen said with a smile, "it's just doing chores in a small hospital."

Chen Wen was surprised, "brother Xiao Chen, you're just a busboy with such ability?"

"Well..." Xiao Chen smiled awkwardly, "the hospital is opened by my wife's house. She doesn't know my ability."

Chen Wen sighed, "brother Xiao Chen must love your wife very much."

"It's getting late. I'm going back." Xiao Chen looked at it. It was getting late.

"Let me see you off." Chen Minhui suddenly spoke.

Chen Wen and his wife looked at their daughter in surprise. It seemed that they had never seen her take such initiative to a boy.

Chen Minhui blushed and flustered and explained, "I... i... I just saw that brother Xiao didn't replace tools, so I wanted to give it to him."

Chen Wen and his wife drove him out of the police station just now. That's why Chen Minhui knew that Xiao Chen walked.

"Brother Xiao Chen is really keeping a low profile, but we still need to prepare a car to make it easier to travel." Chen Wen sighed.

"All right, Xiao Hui, you'll send Xiao Chen."

Chen Minhui nodded like a chicken pecking rice.

Chen Minhui drives her mother Bai Wan's BMW.

Sitting in the car, Xiao Chen couldn't help worrying and said, "are you safe to drive?"

He didn't forget that the girl crashed the guardrail a few hours ago and drove directly to Huli district.

Chen Minhui blushed and said, "people usually drive very steadily. Today is just an accident."

Xiao Chen was stunned at Chen Minhui's lovely appearance. After a while, he woke up and pretended to cough twice. He quickly straightened his sitting position and looked straight at the road.

A fresh perfume came out of Chen Minhui's body. Filled the whole car.

"Elder brother Xiao, your posture of hitting people just now is so handsome. Have you practiced it?"
Chen Minhui asked as she drove.

Xiao Chen nodded. "I study traditional Chinese medicine. There is no separation between medicine and martial arts, so I'm a little the same."

"Brother Xiao, what kind of person is your wife? Do you have good feelings?"

"Well... How to say..." Xiao Chen thought for a moment and replied, "she is a strong woman with a career. Because some relatives of the family don't think much of her and have a lot of pressure in their hearts, she has been holding back her strength and wants to make a career for them. For the time being, her mind is focused on business."

Chen Minhui tilted her head and looked at Xiao Chen obliquely. "Elder brother Xiao, your medical skills are so good. Will you come to see you when I get sick?"

Xiao Chen said with a smile, "the doctor's parents have a heart. As long as it's a patient, we'll take care of it carefully."

The Spring Festival Hall will arrive soon.

“Stop here.”

Xiao Chen opened the door and told Chen Minhui, “I’ll go back first and pay attention to safety on the way.”

Sitting in the driver’s seat, Chen Minhui suddenly remembered something. She quickly untied her seat belt and ran out of the car.

“Brother Xiao, please wait a minute.”

Xiao Chen turned his head in doubt, and Chen Minhui hurried over.

At this time, a little nurse in the rejuvenation hall just came out and saw this scene.

“Brother Xiao, I haven’t found your phone number yet. What’s your phone number?” Chen Minhui said, “it’s convenient to keep in touch after leaving a phone.”

Xiao Chen patted his head, “ah, look at my head, I forgot.”

“What’s your phone number? I’ll save it.”

Xiao Chen took out her mobile phone and wrote down Chen Minhui’s phone.

“Well, keep in touch when you’re free.”

Chen Minhui put her mobile phone back in her pocket with satisfaction. When she turned back to the treasure carriage, her eyes inadvertently stood in front of the spring hall and looked at her little nurse.

“Tut tut Tut, unexpectedly, Xiao Chen, you have climbed up a rich woman.”

Xiao Chen just passed by the little nurse and heard a strange irony.

“Can you see a man like me?”

Xiao Chen looked at her and explained, “it’s just that I met a rich lady who came out to experience life.”

The little nurse squinted at Xiao Chen, “that’s hard to say. It’s hard to say that the rich women of unknown families are used to the elite rich second generation. They may like you for a change occasionally. It’s not necessarily a waste like you.”

“Yes, that’s good.” Xiao Chen said with a smile, “if I really want this, I don’t need to struggle.”

The little nurse glanced at Xiao Chen with disgust, “I’ve never seen anyone who doesn’t want to face you.”

“Anyway, I will tell sister Yaqing. Go and explain to her yourself later.”

With that, the little nurse raised her chin arrogantly and turned into the rejuvenation hall. The God Of Medicine Son-in-law Chapter 25

The Spring Festival Hall is busy at this time.

Seeing Xiao Chen coming, everyone began to complain:

“Xiao Chen, where have you been?”

“Don’t you know it’s our busiest time?”

“Knowing Xiaojiao’s resignation, we have one less person here. You still ask for leave, don’t you mean it?”

Hearing everyone’s complaints, Wu Yaqing showed a trace of anger on her face: “where are you dead? I’ll call you, you don’t know?”

Xiao Chen took out her mobile phone and said with a bitter smile, “I forgot to bring my wallet when I went out today, and my mobile phone accidentally fell into the water, so I didn’t receive your call.”

Wu Yaqing frowned and wanted to scold. Wang Miaomiao came up and said, “sister Yaqing, I want to report. Xiao Chen cheated. He just got off the BMW and talked and laughed with the beautiful driver. His attitude is very close!”

what?

Hearing this, the people around were stunned!

They all looked at Wu Yaqing eagerly.

“Cheating?” Wu Yaqing was stunned. “Are you right?”

“It’s true, sister Yaqing.” Wang Miaomiao said, “I saw it with my own eyes. Can it be fake?”

Hearing the little nurse’s firm tone, everyone’s eyes turned to Xiao Chen.

“Xiao Chen. What’s going on?”

Wu Yaqing’s tone became colder and colder.

Xiao Chen frowned and explained, "I really came back in a BMW, but..."

Before she finished, the nurse on one side couldn't help scolding.

"What a scum man."

"Garbage."

"Sister Yaqing can see you. It's a blessing you've earned after ten years of cultivation. Even if you don't cherish it, dare you betray her?"

"Yes, yes!"

Not only that, the patient on the side also pointed at Xiao Chen. Wu Yaqing felt as if she was wearing a big green hat on her head, and her face turned red in an instant.

"Wife no... Dr. Wu, it's not what you think, I..."

"Pa!"

Wu Yaqing slapped Xiao Chen in the face. Xiao Chen covered his face with a knife in his heart. Why don't you listen to his explanation!

Isn't he human and without dignity?

She is her husband, but she would rather listen to others than give herself a chance to explain.

"Get out. Now get out and work. What are you doing standing here? Don't be ashamed?"

Xiao Chen clenched his fist and looked at Wang Miaomiao with a proud face and left without saying a word.

Wu Yaqing suddenly felt as if she had gone too far with her determined back!

But on second thought, he has done such a scandal and is still afraid of losing face?

Immediately, her heart hardened and she finally had a good impression. all gone.

Soon, at the closing time, Wu Yaqing left alone with his own golf.

Looking at the car tail light, Xiao Chen looked calm and took a taxi home.

As soon as Wu Yaqing entered the house, he saw Wu Changqing lying on the sofa with his legs lying on the sofa. He was holding a copy of the East China evening newspaper in his hand. He was watching Zhao Sulan closely.

Seeing Wu Yaqing coming back, she asked, "didn't Xiao Chen come back with you?"

"Yes!"

Wu Yaqing's face was not very good and said that he was a little tired. I went back to my room to rest.

Wu Changqing and Zhao Sulan looked at each other. What's going on?

"Xiao Chen must have made her angry." Even through the mask, Wu Changqing could feel her anger.

The voice fell, and Xiao Chen pushed the door and came in: "Xiao Chen, I ask you, did you make Yaqing angry?"

Xiao Chen was silent. Why should we count our own mistakes?

“Are you deaf? Didn’t I hear you?”

Zhao Sulan remembered that her downstairs neighbor had complained to her two days ago and was ready to settle the old account and the new account together.

Wu Changqing hurriedly said, “all right, stop arguing. Xiao Chen, go and cook. I’m a little hungry!”

Hearing the speech, Xiao Chen didn’t speak and went straight to the kitchen without saying a word.

“You... Look at this trash. He’s bold now. He didn’t hear me when I talked to him!” Zhao Sulan was so angry that he asked him to look good. But Wu Changqing stopped him.

He looked at Xiao Chen who was busy in the kitchen. He always felt that there was something wrong with Xiao Chen today.

I don’t know whether this change is good or bad!

Soon, Xiao Chen cooked the meal. Bring the food to the table.

Zhao Sulan sat on the table and looked at four dishes and one soup. He couldn’t help but start to pick on: “look at this soup. It’s so hot. Do you intend to burn me to death? And this pepper, don’t you know I don’t eat spicy? You waste, you can’t do such a small thing well. What can you do?”

Wu Changqing also looked helpless and wanted to dissuade, but Zhao Sulan couldn’t persuade her at all. She was clearly retaliating against Xiao Chen.

Looking at Xiao Chen with his head down and without saying a word. Zhao Sulan felt proud.

Waste, dare you throw your face at yourself?

If I don't teach you a lesson, I don't know my last name!

"I tell you, if you can't do it well again, get out of my house. We don't keep idle people!" Zhao Sulan sneered. Where can this incompetent waste go if he leaves home?

You'll starve to death!

In the past, as long as she offered this sentence, Xiao Chen had to admit her mistake.

However, what she didn't expect was that Xiao Chen nodded and looked at Zhao Sulan calmly: "OK, I'll move out!"

what?

You I beg your pardon?

Zhao Sulan thought she had heard wrong.

"I listen to you, I move out!"

Xiao Chen's tone was very plain, as if he were talking about a trivial matter.

Wu Yaqing frowned, "what else are you going to do? I just slapped you in the face? As for you?"

"You still think you've been wronged. Have you ever thought about my feelings? Do you know how much I've been wronged and ridiculed when you mess around outside and are seen by my colleagues?"

If it had been in the past, Xiao Chen would have comforted her dearly when she heard her words.

But now, Xiao Chen was indifferent and looked at her with indifferent eyes.

Wu Yaqing trembled when she saw Xiao Chen's cold eyes. She had never seen Xiao Chen so indifferent. The cold came from her heart. Was she really wrong?

Hearing her words, Wu Changqing couldn't help asking, "what happened? Is there any misunderstanding?"

"Misunderstanding? What misunderstanding can there be?"

Zhao Sulan slapped the table fiercely: "well, you Xiao Chen, dare to fool around outside behind my daughter's back, you waste. At the beginning, my sister-in-law asked me to guard you. I don't believe it. Now I believe it. You are a white eyed wolf through and through."

"Divorce, must divorce!"

Zhao Sulan was angry: "Yaqing, divorce him early tomorrow morning!" The God Of Medicine Son-in-law Chapter 26

Xiao Chen sneered in her heart. Maybe her marriage to Wu Yaqing was a mistake from beginning to end.

"OK, I agree to divorce." Xiao Chen nodded and looked at her calmly.

"Xiao Chen, I have to cross the boat in ten years and sleep in one hundred years." Wu Changqing said to Xiao Chen, "if there is any misunderstanding, just solve it. Is it necessary to get a divorce?"

"Misunderstanding, what misunderstanding can there be?" Zhao Sulan glared at him. She had long wanted Xiao Chen to divorce Wu Yaqing. Now she finally caught the handle of his cheating. How could she expose it so lightly?

Divorce. Must divorce.

“Look at this loser. He’s been eating and drinking for three years. He won’t do anything but humiliate us. What else can he do? Is he worthy of my daughter?” Zhao Sulan roared at Wu Changqing like an angry tigress. Wu Changqing couldn’t say a word.

“Xiao Chen, if you’re still a little ashamed, remember what you said today and don’t go back on it! Ryanorrow you’ll go through the divorce formalities with Yaqing and set her free.” Zhao Sulan hurriedly complained that she had decided which child to look for for her daughter after divorce.

Xiao Chen nodded. Just about to speak.

The phone rang suddenly. He picked it up and saw that it was Zhang Xian.

“Brother Xiao Chen, I’m downstairs now. Please come down and I’ll wait for you in the car.”

Zhang Xian’s attitude is very sincere. He is the head of the Bureau. Xiao Chen can’t refuse to talk to him in such a low voice.

After hanging up the phone, Xiao Chen hurried out without leaving a word.

“See, it must be his little lover who called him. Do you see that eager look, like a dog seeing shit.” Zhao Sulan sneered at Xiao Chen’s back.

“Mom, stop talking.”

Wu Yaqing’s face is also very ugly. She has determined that Xiao Chen has a woman outside. Originally, she doesn’t like him. Since he cheated, she has reason to divorce.

In this way, it is not against grandpa’s will.

Wu Yaqing was upset and went back to her room.

Zhang Xian's car is downstairs. Xiao Chen got on the bus and drove directly to the central hospital.

"Brother Xiao Chen, if it's really what you said at the beginning, old Liu's illness is really gone." Zhang Xian said to Xiao Chen, "now only you can save old Liu. Instead of looking at the monk's face and the Buddha's face, old Liu will benefit the people all his life. He is a good man. Please help old Liu!"

Zhang Xian's attitude was extremely sincere, but Xiao Chen shook his head: "isn't there a miracle doctor there? If it's bad, there will always be his master."

Of course, he knew that there was nothing Feng Enron could do about Liu's illness, and even Chang Zhixing could not save him. But what Liu Xue and Feng Enron had done before made him very angry.

"Repay the enemy with virtue, why embrace virtue?"

Hearing the speech, Zhang Xian was stunned. Of course he knows what Xiao Tian means.

But old Liu promoted him. He can't help but report his kindness.

"Brother Xiao Chen, I know you have been wronged. Here, I apologize to you instead of Liu Xue!"

Zhang Xian said seriously, "please look at my face and save old Liu!"

Hearing this, Xiao Chen fell into meditation!

After pondering for a moment, Xiao Chen nodded: "go and have a look."

"Good!"

Zhang Xian was overjoyed. He stepped on the accelerator and the car ran out like an arrow.

Soon, he went to the central hospital. Zhang Xian took Xiao Chen and hurried into the hospital. Outside the sterile ward, Liu Xue and Feng Enron were there at this time.

As soon as Xiao Tian entered the door, Liu Xue greeted him: "Xiao... Mr. Xiao, are you here?"

"No, I can go!" Xiao Tian said faintly!

"No, no!"

Liu Xue shook her head like a rattle drum and hurriedly came forward to hold Xiao Tian for fear that he might run away: "Mr. Xiao, don't misunderstand me!"

She took a deep breath. "Mr. Xiao, it's all my fault. Please save my grandfather. I judge people by appearance and look down on people. Don't argue with a woman with long hair and short insight."

Seeing this scene, Feng Enron was very unhappy. In fact, he didn't like Xiao Chen at all. If Liu Xue hadn't insisted that Xiao Chen could save the old man, he would have scolded him.

"Loosen me!" Xiao Tian frowned.

Liu Xue shook her head: "Mr. Xiao, haven't you calmed down yet? Why don't you hit me. Scold me. As long as you can calm down, I can!"

She thought Xiao Chen was leaving, but her hands didn't loosen. On the contrary, he grasped more tightly.

She was so close that he could feel the amazing elasticity through her clothes.

Xiao Chen was speechless and caught so close. How could he treat the old man?

“I said. Let you let go...”

Before Xiao Chen finished speaking, Feng Enron couldn't help but jump out and say, “Xiao Chen, are you finished? Do you really think you're a peerless miracle doctor? Xiaoxue also recognized it wrong. What else do you want?”

“Don't go too far!”

Seeing that Xiao Chen's face was gradually sinking, Zhang Xian nodded in his heart and hurriedly came forward and said, “shut up. Brother Xiao Chen came here specially to treat the old man.”

This thing, which can't accomplish anything but defeat, has worn out his mouth. He invited Xiao Chen back after saying good or bad things. As a result, you him? Unexpectedly, you want to drive him away again?

“Brother Zhang, I can't do anything about Liu's illness. I'm leaving!”

With that, he took his hand out of the soft, turned and left.

“Feng Enron, you idiot!”

Liu Xue is anxious and angry. Now Xiao Chen is the only hope to treat Grandpa. He makes trouble at this juncture. She wants to strangle him.

Seeing that Xiao Chen was going to leave, Liu Xue clenched her teeth and knelt down with a sound of “Putong”!

This scene stunned everyone in the ward.

Zhang Xian was stunned, the Liu family was stupid, and Feng Enron wanted to crack his eyes.

The nurses and doctors who came and went couldn't help taking a breath. Miss Liu, kneel down to this boy!

"Mr. Xiao, I beg you to help my grandfather. I kowtow to you!"

Then she bent down and kowtowed!

At the moment when her smooth forehead was about to contact the cold floor, she was held by a strong hand.

She looked up and saw who Xiao Chen could be!

Xiao Chen sighed: "forget it, you are also a piece of filial piety. I agree to do it."

"But I have one condition."

"Mr. Xiao, please say!"

Liu Xue's heart is happy. As long as Xiao Chen can save her grandfather, not to mention one condition, he wants to be himself She will also agree without hesitation! "I don't like others to watch when I treat. Everyone has to go out. No one can come in and disturb me before I come out!" "OK... I promise you!"

Liu Xue nodded.

"Xiaoxue, I'm a doctor, I..."

"Shut up!"

Liu Xue frowned: "Mr. Xiao said that no one can go in, and you are no exception!" The God Of Medicine Son-in-law Chapter 27

“Xiao Chen, pay attention to me. If something happens to the old man, I will not let you go!”

Feng Enron was angry and had to spread his anger on Xiao Chen.

However, Xiao Chen only regarded him as barking, didn't even look at him, and went straight to the ward.

“This is the important place of the ward, and ordinary people can't enter.” the two doctors in the ward stopped Xiao Chen.

“Let me in. I can save old Liu's illness.”

“Who are you? So loud?!”

“We can't save it. What can you do as an ordinary person? Go and don't make trouble in the house if you have nothing to do.”

The two doctors watched Xiao Chen spread the goods all over. Wave your hand like a fly.

“You two don't have eyes, don't you get out of the way?” Liu Xuee frowned, and her hot temper broke out in an instant.

“Miss Liu, but the hospital has regulations, no...”

“Get out of the way. It's delaying my grandpa's treatment. I can't spare you!”

Seeing this, the attending doctor looked embarrassed: “well... Miss Liu, if this boy can't cure old Liu, you can't blame us.”

“Can he cure old man Liu?” Feng Enron sneered in his heart. This is an impossible thing. The old man is terminally ill. Even if Da Luo Jinxian came, he can’t save him.

Without saying anything, Xiao Chen went straight into the ward, and then Zhang xianshou stood at the door: “sorry, no one is allowed to go in until brother Xiao Chen comes out!”

Entering the ward, Xiao Chen saw old Liu on the hospital bed at a glance.

At this time, Liu Laoqi was like a hairspring, his face was pale and his body was cold.

Xiao Chen went to remove all kinds of instruments from old Liu, and then turned him over.

Then he took out the package he had been carrying with him. In the package were 18 silver needles. Xiao Chen used the 18 needles of Xianmen to stimulate the acupoints on Liu Lao’s back. Then the sick gas in Liu Lao’s body was continuously inhaled into his body.

At this time, if someone is watching, you can see that a steady stream of black gas is inhaled by Xiao Tian from Liu Lao’s body.

This is definitely the patient who has absorbed the most ill Qi in Xiao Tian. He absorbed it for five minutes before he stopped!

At this time, Liu Lao’s originally pale face became a little more ruddy, and his originally weak breath became strong.

The body also gradually regained its temperature!

He took a deep breath and bounced 18 times on the silver needle. Eighteen silver needles trembled together.

“Buzz!”

He is waking up the needle to stimulate Liu's body and stimulate his potential.

"Well, Liu's old disease has been cured." A few minutes later, Xiao Chen slowly walked out of the ward and said to the Liu family in the corridor.

"How could this be possible? Liu is so seriously ill that you only went in for a few minutes and were cured?"

When the Liu family saw Xiao Chen's confident appearance, they were still looking forward to it.

But seeing that Xiao Chen had been in for less than ten minutes, he walked out of the ward. This time, the last hope in their hearts was also dashed. They didn't believe that Xiao Chen could cure Liu in only a few minutes.

"Mr. Xiao, you... You... Let me down!"

Liu Xue's beautiful eyes turned red. She bowed down and knelt down to admit her mistake. In exchange for this result, she How can you stand it?

Seeing this, Feng Enron jumped out angrily, pointed to Xiao Chen's nose and scolded: "you liar, my master, as a medical leader, he failed to save old Liu. How can you save him? Tell me quickly, is there something wrong with old Liu!"

WOW!

When the voice fell, everyone was shocked and immediately swarmed into the ward!

Zhang Xian is also anxious: "brother Xiao Chen. Now is not the time to joke!"

Xiao Chen smiled and didn't speak.

When they entered the ward, they found that the pipe and oxygen mask inserted in old Liu had been removed by Xiao Chen. Suddenly exclaimed!

“Xiao Chen, you murderer, you pulled out Liu Lao’s oxygen. You’re murdering!”

Feng Enron was furious, and the Liu family even shouted to let Xiao Tian pay for his life!

Liu Xue cried loudly, “Grandpa, I’m sorry. It’s all my fault. I hurt you!”

She now blames herself to the extreme.

“Look, this is Xiao Chen’s murder weapon for killing the old man.”

Feng Enron pointed to the silver needle inserted in old Liu: “you murderer, don’t you know that random needles will kill people?”

“Liar, pay for the old man’s life!”

“Call the police, catch the murderer and shoot him!”

Seeing this, the attending doctor hurriedly gestured to the nurse to call the security guard!

Zhang Xian smiled bitterly and called the police? I’m the head of the police!

Xiao Tian looks at Feng Enron. Light way: “ignorance, the old man had asthma before and really needed a ventilator, but now his asthma has been cured by me with 18 needles of Xianmen.”

“Besides, have you ever seen a dead man breathe so strongly?”

Hearing the speech, everyone was stunned and looked at the old man on the hospital bed.

“Snore!”

my god. Is there something wrong with their ears?

Old Liu Snoring?

Just when the people were shocked, Feng Enron angrily scolded: “fart, the 18 needles of Xianmen, this legendary medical skill has long been lost in the world. Even my master can’t. how can you know the 18 needles of Xianmen as a young man? I’ll call my master now and let him expose your lie in person. Just wait for me to go to prison.”

According to Feng Enron, the old man’s snoring is just a reflection.

All the doctors in the hospital looked pale, especially the attending doctor. This is old Liu. If he dies in the hospital, his future will be over.

Feng Enron dialed Chang Zhixing’s phone on the spot, and soon the video phone was dialed.

“Master, Xiao Chen said he could cure old Liu, so I asked him to try. He inserted 18 silver needles into old Liu and said that he used 18 needles of Xianmen. These 18 needles of Xianmen have long been lost in the world, and it is impossible for anyone to use them.”

“What? This careless liar, give him your mobile phone and let me see what kind of immortal he is.”

Chang Zhixing is a medical addict. He treats medicine strictly. He will never allow anyone to cheat with medicine and discredit traditional Chinese medicine.

Feng Enron pushed the phone to Xiao Chen: “liar, dare you answer the phone? I’m really blind. Let you treat old Liu. If old Liu has something to do, I swear, I’ll make you pay a painful price.”

Xiao Chen sneered and answered the phone.

At this time, Chang Zhixing is in his study.

He wanted to see which charlatan he was. He must not let go of such a black sheep who is careless about human life.

He just wanted to open his mouth and scold, but when he saw the familiar face, he was shocked and the whole person was stunned!

“Little, little sect leader, how, how could it be you.” The God Of Medicine Son-in-law Chapter 28

what?

Old doctor Chang Zhixing calls this boy the young sect leader?

Everyone present was stunned. This is a real medical leader. Everyone knows that Xiao Chen is just a waste son-in-law of the Wu family. How did he suddenly become the “little sect leader” in the mouth of the old miracle doctor?

Feng Enron, in particular, was full of amazement and disbelief.

He can hardly believe his ears!

Xiao Chen looked at Chang Zhixing with an expressionless face.

Chang Zhixing followed Xiao Chen in the past years and knew his temperament very well. Xiao Chen’s appearance shows that he is very angry at this time!

“Young sect leader. I... i... how are you!”

Chang Zhixing feels numb on his scalp. In the face of such Xiao Chen, Chang Zhixing doesn't dare to speak at all.

Feng Enron, you dog. What did you do to annoy the young sect leader?

“Chang Zhixing, you can. You've been a doctor outside for several years, saved several patients, and been called an old miracle doctor. You can't find it in the southeast and northwest, can you? Look at the apprentice you teach. Who are you losing face?”

“Young sect leader, it's my fault to calm down!”

Chang Zhixing quickly admitted his mistake and didn't dare to refute. He knew Feng Enron's temper too well. He must have done something and bumped into Xiao Chen, otherwise he would never have said such a thing.

He recalled when he first saw Xiao Chen.

At that time, Xiao Chen was the proud son of the immortal medical sect. He had excellent medical skills. At a young age, he got the true biography of the old sect leader.

An outside disciple like him. It's not worth mentioning in Xiao Chen.

Thanks to Xiao Chen, he spent several years with Xiao Chen and learned some superficial medical knowledge. He also knew that these knowledge was only a drop in the bucket for Xiao Chen.

But these are enough for him to become a medical leader in the world.

There are endless ways of healing. Those who reach it are teachers. He has regarded Xiao Chen as the most respected person in his life.

Although Xiao Chen never admitted that he was his apprentice. He didn't dare to climb high, but he was a teacher one day and a father all his life. Chang Zhixing was in his heart and silently regarded Xiao Chen as his teacher.

"Tell him yourself!"

Xiao Chen took her mobile phone to Feng Enron.

Feng Enron took the phone. His hands were shaking. He felt his throat tight and couldn't speak at all.

"You criminal, do you know who this is in front of you? He is my Chang Zhixing, the most respected person in my life. Without him, I wouldn't be where I am today. If he is a charlatan, you're not even shit!"

"I tell you. No matter what method you use, you must ask less forgiveness from the sect leader, or you will be expelled from the sect."

Hear that. Feng Enron was completely stunned!

He didn't expect that this ugly son-in-law, a waste, should know his master.

Besides, I have to expel myself from the school. Everything about me now is given by Chang Zhixing. Without Chang Zhixing, he is a fart!

"What are you doing there, you evil bastard? Don't apologize!" Chang Zhixing's angry scolding came from the phone.

With a plop, Feng Enron knelt down to Xiao Chen in front of everyone.

At this time, his legs were trembling, his expression was in a trance, and his face was sad. Trembling, he begged Xiao Chen: "Xiao, Mr. Xiao, I have eyes that don't know Taishan. I offended you. Please forgive me. I really know I'm wrong!"

“Bang!”

“Bang!”

As he spoke, he kowtowed and banged.

Feng Enron’s tone was anxious and crying. His intestines were almost green with regret. He knew his master’s temper too well. If Xiao Chen didn’t forgive himself, he would drive himself out of the school.

Xiao Chen stood there, motionless. He could bear it!

However, the Liu family were all stunned. Is this still Feng Enron with excellent medical skills?

This is clearly a poor creature begging for mercy.

Liu Xue looked at Feng Enron with more complicated eyes. For someone like him, she almost married him?

Zhang Xian was surprised. He didn’t expect Xiao Chen to bring him such a big surprise!

Although I don’t know what the little sect leader in the mouth of old doctor Chang means, it can explain everything if he can respect him so much.

Liu Xianmen will save him, really!

“All right, don’t knock!” Xiao Chen looked at Feng Enron and said faintly, “from now on, you are not allowed to practice medicine in the name of disciple Chang Zhixing.”

what?

Hearing this, Feng Enron almost cried.

This Does Xiao Chen want his master to expel him from the school?

He dared to stand up and kept begging: “Mr. Xiao, you have a lot of adults. I really know I’m wrong. Please don’t let the master drive me out of the school!”

Xiao Chen shook her head: “you can practice medicine in the name of a teacher. When you save 10000 patients, I’ll allow you to use it!”

Feng Enron was stunned and the people around him were stunned.

He This is honing Feng Enron’s medical skills!

Only Liu Xue and Zhang Xian saw Xiao Chen’s meaning.

At this time, seeing that Feng Enron was still kneeling on the ground, Zhang Xian couldn’t help but say, “I’m not happy. Thank brother Xiao Chen. Don’t let him down!”

Feng Enron is not stupid. After Zhang Xian’s advice, he also understood!

He looked at Xiao Chen and seriously kowtowed to him three times: “Feng Enron must abide by Mr. Xiao’s advice.”

The three heads he kowtowed were more sincere than any one he had ever kowtowed before. The God Of Medicine Son-in-law Chapter 29

“Villain, it’s a great honor for you to be promoted by the young sect leader!”

Chang Zhixing said, “when you cure thousands of people, it’s when you graduate!”

“Yes, master!”

Feng Enron respectfully said.

“Give me your cell phone“

Xiao Chen took the phone and Chang Zhixing said, “young sect leader, you are in the East China Sea. I’ll come by plane now...”

“No, you’d better stay in Yanjing.” Xiao Chen waved his hand. Refuse directly!

Chang Zhixing knows Xiao Chen’s temper and doesn’t dare to force it.

“Also, I’m in the East China Sea. Don’t tell anyone.” While saying this, Xiao Chen went to the corner where there was no one: “also, don’t call me the little sect leader in the future, just call me Mr. Xiao!”

“Ah, young sect leader, this... How can this be?”

“When did you become so wordy?” Xiao Chen was impatient.

“Yes. Less... Mr. Xiao! I will never tell anyone about you.” Chang Zhixing hurriedly replied that as an external disciple, he knew what happened in Xianyi sect. He secretly looked for Xiao Chen for three years. Now it’s hard to find him. He absolutely doesn’t allow anyone to hurt him!

After hanging up, Chang Zhixing clenched his fist: “young sect leader, this time, let me protect you!”

Xiao Chen returns the phone to Feng Enron. Without alerting Zhang Xian, she leaves the hospital alone.

Xiao Chen just left for a while.

Old Liu's eyes opened slightly. He felt his body was comfortable and unspeakably comfortable, as if he were more than 20 years younger.

Zhang Xian and others outside heard the news of old Liu and hurried to meet him.

Feng Enron didn't go in. He knew that it was impossible for him to stay with Liu Xue. It was humiliating for him to stay!

So. Not long after Xiao Chen left, he also left.

"Xiao Zhang."

"Liu Lao, I'm here!" Zhang Xian hurried over: "what do you think?"

Liu Xue also looked at the old man with an eager face, and her eyes were full of care.

"Comfortable, unprecedented comfortable, I feel like the whole person has unloaded a heavy burden!" Old Liu looked happy. Suddenly, he asked, "who saved my disease?"

Zhang Xian told Liu Lao about everything that had happened since he fainted, while saying that his heart was filled with pride. Who made him familiar with Xiao Chen?

"Well, the younger generation is awesome." Old Liu sighed.

"Xiao Chen is my Savior."

“It’s not only your life-saving benefactor, but also our Liu family’s life-saving benefactor.” Liu Xue said with gratitude. Since Liu was saved by Xiao Chen, his attitude towards Xiao Chen has changed from contempt and ridicule to gratitude and admiration.

“Yes, you’ve worked hard these days, girl!” Liu Lao stroked his granddaughter’s forehead. He doted on her most on weekdays.

I heard that he knelt down and begged Xiao Chen to help him cure his illness. She doted on her granddaughter even more.

“Xiao Zhang, where does Xiao Chen live? I will come to thank him personally.”

“Liu Lao, don’t be so anxious. You just happen to need rest!” Zhang Xian advised, although he also knew that Xiao Chen pulled Liu back from his narrow life. But old Liu is still weak at this time. It’s better to rest for a period of time and wait until he is completely cured.

“Yes, it’s not too late to go when you’re well.” The descendants of the Liu family advised one after another.

At this time, Liu Xue said, “Grandpa, Mr. Xiao specially explained before he left and asked you to rest for two days. Don’t you even listen to him?”

Hear that. Old Liu was stunned and said slowly, “I must listen to what Mr. Xiao said...”

.....

Xiao Chen went to the door of the hospital.

He suddenly didn’t know where to go.

I want to go home. But it suddenly occurred to me that I had drifted away from that family.

Sitting on the park bench, he lit a cigarette.

He hasn't smoked for years. But I really want to smoke today!

Slowly spit out a mouthful of smoke. Xiao Chen felt that it was time to say goodbye to himself in the past.

Looking at the little lovers in the park, Xiao Chen suddenly felt a little envious.

Funny to say, I have been married to Wu Yaqing for three years and haven't even held her hand.

Just then, his mobile phone suddenly vibrated.

When I picked it up, I thought it was Wu Yaqing's call. Unexpectedly, it was the weather forecast!

Forget it, she won't call. For her, she's just a disgrace and a mistake!

Divorce is good. She can also be free, no longer have to be laughed at!

As soon as he was ready to put down his mobile phone, he shook up. It was Chen Huimin!

"Hello, Xiao Chen, where are you?"

"What's the matter?"

Xiao Chen frowned, on the phone. Chen Huimin's tone seems a little impatient!

"Come and drink with me. I'm very upset."

Xiao Chen thought for a moment. He had been in Wu's family for three years and didn't touch any wine. Now hearing her say so, he hooked out the greedy insects in his stomach.

"OK, where are you?" Xiao Chen stopped a taxi while answering.

"OK, I'll wait for you at Qingyun bar."

With that, Chen Huimin hung up the phone.

"Where are you going, sir?"

"Qingyun bar."

The God Of Medicine Son-in-law Chapter 30

Donghai is a famous city that never sleeps!

After 9 pm, it is the home of red men and green women.

At this time, there was a commotion at the door of Qingyun bar. A young man in a silver suit and white trousers came in from the door. He combed a big back head with shiny oil. He was wearing Armani's latest summer suit and Gucci white shoes. With this outfit, he could buy a three bedroom apartment in the Third Ring Road of the East China Sea.

Although the young people behind him are also famous brands. But the grade is a little worse.

As soon as several people got off the bus, they attracted the attention of many girls. People who came to the bar. In addition to recreation, a large part of them come here to catch a golden turtle son-in-law.

Chen Huimin stood at the door and saw these people with an impatient look on her face.

She bowed her head and didn't look at them, however. The young man had already seen Chen Huimin.

"Daughter in law, I'm sorry to keep you waiting"

The young man walked up to Chen Huimin and said affectionately, "Huimin, tonight, I will give you a grand advertisement. You will like it."

Then the young man held out his hand: "Huimin, let's go in. I've opened the box."

This young man, Zhang Shaoyang, is the eldest young master of Zhang Jia, a first-class family in Donghai city. He has been dating Chen Huimin since childhood, but Chen Huimin doesn't like him at all!

Even hate him!

"Zhang Shaoyang, please respect yourself. I said I don't like you, and I already have a boyfriend. Just die." Chen Huimin frowned,

"Boyfriend? Don't joke with me here!" Zhang Shaoyang didn't look very good. His fiancée said she had a boyfriend. He felt green on his head for a moment.

"Who's kidding you?"

"What about him?" Zhang Shaoyang frowned and said, "call him over!"

"I've called. I'll be there in a minute." Chen Huimin said coldly.

Just then, a taxi stopped at the door.

"Here he is." Chen Huimin was delighted and ran over.

what?

Actually have a boyfriend?

Zhang Shaoyang's face turned red. Damn it, his brothers called him to confess. As a result, Chen Huimin put a green hat on himself in front of all of them?

Although they decided to have a baby kiss, in Zhang Shaoyang's heart, Chen Huimin is his fiancée.

"Boss. This..."

They looked confused and forced. Didn't they come to witness the moment of love?

How did it become a rape scene?

As soon as Xiao Chen got out of the taxi, Chen Huimin came over and hugged his hand.

His right hand fell into a soft in an instant.

He was stunned: "what are you doing?"

How long have they known each other? Haven't they reached this level of intimacy yet?

"Honey, you're here at last. I've been waiting for you for a long time!"

After Chen Huimin said this, she lowered her voice and whispered, "there is a nuisance haunting me. I don't like him at all. Please play a play with me!"

Xiao Chen frowned. Chen Huimin thought he was going to refuse and hurriedly said, “please, I know a friend of the opposite s*x. Help me”

“Is the wine tube enough?” Xiao Tian asked with a smile.

“Enough. Enough!” Chen Huimin’s head was like pounding garlic. This scene fell into Zhang Shaoyang’s eyes and became a show of love.

Fuck, this dog man and woman are making out in front of him, which doesn’t pay attention to him!

The most important thing is that the man he held hands was dressed in rags. At a glance, he was selling goods for more than ten yuan.

He is the grand young master of Donghai Zhangjia. Not even a loser?

He was panting, his eyes were angry, and he just wanted to yell. Chen Huimin took Xiao Chen’s hand and said to him, “this is my boyfriend, Xiao Chen. Now you can give up your heart?”

“You... You dogs...”

“Boss, no! I know this boy!”

Before Zhang Shaoyang could say the word “man and woman”, a younger brother behind him said first: “this boy is the most famous son-in-law of the Wu family in the East China Sea!”

It turned out that after Wu Zhongchao spread the reputation of Xiao Chen’s wimpy son-in-law, it spread quickly and became a joke after dinner.

“I’ve seen him in the Wu family medical school before. I heard that he has been in the Wu family for three years. He has been doing chores in the Wu family medical school. He doesn’t have any position in the Wu family, not even a dog!”

“Ha ha, so it is.” Zhang Shaoyang laughed. “I’ve always heard that there’s a son-in-law of waste in the East China Sea, but I’ve never seen him. I see him today. It’s really worthy of its reputation.”

Then he looked at Chen Huimin: “Huimin, even if you don’t like it, you can’t find such a waste material to annoy me. Look at him. I’m afraid he doesn’t even have a hundred yuan up and down. You two stand together like toads and swans. Fools know you’re not lovers!”

“Yes, sister-in-law, this boy is a waste. Only our boss is worthy of you!”

“Waste son-in-law, if you know the truth, you should leave our sister-in-law quickly, otherwise, I want you to look good!”

When Chen Huimin saw that her plan had been exposed, she became angry and said, “who said, I just like Xiao Chen, I just like him, I just like a married man!”

With that, she took a deep breath and, while Xiao Chen was not paying attention, stood on tiptoe in the surprised eyes of the people and leaned towards Xiao Chen’s mouth

“Boo!”

Chen Huimin kisses Xiao Chen heavily.

At that moment, Xiao Chen’s eyes widened!

what the f*ck! This is his first kiss! So she ruthlessly took it away?

But then again, the son’s lips were cool and a sweet lipstick.

With such a close look, he can even see the fine hairs on Chen Huimin’s face.

Under the trembling eyelashes were a pair of big shy eyes, as if they were going to drip water.

After kissing for more than ten seconds, Chen Huimin left!

Her face flushed, her lips swelled slightly, and her breath was like blue. Seriously, her heart would jump out of her throat for more than ten seconds.

“Well, now you should believe it?” Chen Huimin looked at Zhang Shaoyang who was almost angry!

“You... You... What kind of ecstasy did this waste give you?”

Zhang Shaoyang trembled, pointed to Xiao Chen’s nose and scolded: “this waste, no money, no power, no power, is still a waste son-in-law who eats soft food. What’s good about him?”

“Even if he has no money, no money and no power, I like him!” Chen Huimin said firmly.

“You... You’re crazy!”

Suddenly, Zhang Shaoyang thought of a possibility. He hurriedly asked, “did he coerce you to do this? Or did he have a handle on you?”
