

God Of Medicine 211

The God Of Medicine Son-in-law Chapter 211

He shouted inside, "is there anyone there?"

There was no response inside. Nangong Lengshan was impatient and pushed the door in directly.

As soon as I entered the door, I found an old man lying on the ground, twitching and spitting strange things out of his mouth.

"Not good!" Xiao Chen quickly took out the silver needle to protect the old man's heart, and then asked Nangong Lengshan to carry him to a flat place.

"Help me control his hands and feet, and I'll treat him." Xiao Chen said to Nangong Lengshan.

So Nangong Lengshan used a trace of Qi to suppress the old man's hands and feet.

But even so. The old man was still twitching.

Xiao Chen's disease pulse was greatly improved when he continued Hua Wenfeng's life. Now it's like a piece of warm flowing jade in Xiao Chen's Dantian.

So Xiao Chen simply named it jade pulse. The breath flowing out of the jade vein is called Jade Qi.

After a while, the jade Qi had circulated all the meridians of the old man. Xiao Chen found that there was a mysterious force in the old man's body that was taking his life, as if these lives didn't belong to him.

Xiao Chen now fought against this mysterious force. After a while, a few drops of bean sweat came out of his forehead.

Nangong Lengshan saw that Xiao Chen was just treating an ordinary old man. He took so much trouble. I was a little surprised.

After less than a quarter of an hour, Xiao Chen took his jade Qi back from the old man.

The old man stopped pulling out, and the expression on his face became calm and showed a very peaceful look.

“Done?” Nangong Lengshan asked.

Xiao Chen didn't speak, but kept staring at the old man's body.

“Not done?” Nangong Lengshan asked again.

“It's hard to say. It's not so much a disease as a fixed number.” Xiao Chen spoke slowly.

“What do you mean?” Nangong Lengshan is now confused by some zhanger monks.

“It's troublesome to explain now. I'd better wait until the old man wakes up.” Xiao Chen said faintly.

Nangong Lengshan was puzzled, but he had to nod.

After a while, the old man coughed and woke up. He seemed at a loss to see Xiao Chen and Nangong Lengshan around him.

“Am I in... Hell? Are you an ox head and horse face?” The old man's voice was so weak that he couldn't hear it clearly even around him.

“Find something to eat.” Xiao Chen said to Nangong Lengshan.

“Oh.” Nangong Lengshan rose at the sound. Began to find it in the house.

Soon he found two cool dens.

“Won’t you heat it up?” Xiao Chen’s face showed a trace of displeasure.

Nangong Lengshan began to express his true Qi. After a while, the two dens sent out the most primitive aroma of sorghum.

“Come on, have one first.” Xiao Chen put the Wotou to the old man’s mouth.

The old man is still conscious now. He also knows that his stomach is empty, so he began to bite.

After eating two buns, the old man’s breathing is much more obvious. His face is much better.

Xiao Chen helped him up.

The old man reacted and said to Xiao Chen, “I’m not dead, I’m still alive!”

Xiao Chen nodded and said, “of course you’re still alive, but I don’t know why you were just like that?”

After hearing this, the old man thought for a while and said, “since I got home from there, I always felt that my mind was a little confused, so I lay in bed and didn’t know how long I slept. When I woke up again, I felt pain all over, like being burned by fire.”

“And then?” Xiao Chen asked.

“Then I don’t know. I wake up and see you.” The old man looked up at them.

“Don’t you have children or something?” Xiao Chen asked again.

When the old man heard Xiao Chen's words, he seemed to want to say something. Then he shook his head and said:

"I only have my wife. She went a few years ago, and I'm the only one left in the world." The old man said, his face full of sadness.

"How do you live here alone? No one takes care of you?" Xiao Chen continued to ask.

"I live by the care of my neighbors. Recently, I was released, but they haven't come back. So no one cares about me as an old man." The old man said with a slight sigh.

"What?" Xiao Chen suddenly changed her face.

Hua Qiye clearly said that the experiment had stopped. Why did many old people not return to the village.

It still looks fishy. Xiao Chen naturally knows that people who do such experiments are usually crazy characters. It may be that Sun Litao is desperate to continue his experiment.

So on the surface, a group of old people were released, but in fact, the experiment is still continuing.

The old man wanted to struggle to stand up, but his bones were too weak. Even if he stood up, it was a very difficult thing now.

"You have a rest first. I'll contact you to take care of you these two days." Xiao Chen comforted him.

"No, young man, you're a good man. I've lived 108 years in my life. I should be satisfied. I know my body, so you don't have to waste any money on me." The old man waved his hand slightly.

Xiao Chen didn't say anything when he heard this. Just when he treated the old man, he felt that the old man's life was really over.

Unless it's to renew his life. Otherwise, it won't last for a few days, but his current disease is abnormal. Xiao Chen originally wanted to investigate, but now he knows that the situation in the laboratory over there is still going on, so he has to stop it first.

Taking Nangong Lengshan out of Huanghai village, Xiao Chen went straight to sun Libin's laboratory.

But they searched around for a long time and didn't find any way to enter.

Nangong Lengshan simply came to a violent solution. He directly took real Qi and shot a big hole in the ground.

They jumped in along the big hole and did come to the laboratory, but the building was empty and there was nothing left in it.

So Xiao Chen immediately called Hua Qiye.

"Hua Shao? I'm Xiao Chen. Yes, the experiment you said has not ended. It's still going on now. You may need to investigate. Yes, OK, no problem."

Xiao Chen hung up the arc, and Nangong Lengshan came up.

"What do you say over there?"

"Let's wait. Someone will connect with us soon. Let's go back to the hotel first." Xiao Chen thought for a while.

Nangong Lengshan had to nod.

Back to the hotel, Nangong Lengshan couldn't wait to run back to his room.

The God Of Medicine Son-in-law Chapter 212

Naturally, Xiao Chen knew what he was going to do. He returned to his room and began to practice and study his jade pulse.

He was surprised to find that the therapeutic effect of the breath produced by the jade pulse was several grades stronger than the original disease pulse. Now even some diseases that are difficult to cure can be completely cured with the help of his jade pulse.

This is a big difference from the original disease pulse. Although the disease pulse can cure diseases, it can treat some more serious diseases. For example, heart disease and cancer cannot be cured. Only temporary relief.

Now, if a patient with a very serious heart disease is in front of Xiao Chen, he can completely cure the other person's heart disease in less than ten minutes.

Knowing his current medical skills, Xiao Chen was surprised. At first, he didn't pay much attention. Now I found the magic of jade pulse.

Moreover, the benefits of jade pulse are more than that. Xiao Chen feels that his cultivation is more than twice as strong as before. If he was not necessarily the opponent of Nangong Lengshan before, he has surpassed Nangong Lengshan now.

Xiao Chen ran a little, and a light blue jade gas flowed in his hands. He could obviously feel that if he played this jade gas now, Nangong Lengshan would have to do his best to defend.

Holding a more excited mood, Xiao Chen immersed himself in cultivation. He slowly found that the cultivation of jade pulse was very different from that of the original disease pulse. Now what he needs is not the disease Qi of patients, but the understanding of medical ethics in treatment.

Once you understand it, you will break through instantly, and your cultivation will advance by leaps and bounds.

The root cause of all this is a magical smell left by the mysterious old man in his body.

Think of it here. Xiao Chen couldn't help sighing. It's a pity that he didn't leave the old man at the beginning. If he was around to give advice now, maybe his cultivation speed would be faster.

It may be closer to the day when you really practice to the God of medicine.

The next morning, the door of Xiao Chen's room was knocked. After opening the door, a man in black leather stood outside the door.

"Is that Mr. Xiao Chen?" The man is very polite.

"It's me." Xiao Chen nodded.

"Oh. Hello, I'm sent by Hua Shao. Now we've found the location of the laboratory, and we're waiting for your instructions." The man said.

After hearing this, Xiao Chen still had to admire the efficiency of huaqiye. What he said last night had already worked out in one night.

"Wait a minute. I'll go to the scene with you right away." Xiao Chen said, went back, took his mobile phone and went out with the man.

"I don't know what to call it?" Xiao Chen asked.

"I forgot to introduce myself. My last name is Jane, and my single name is stone. Most people call me black boss. Just call me little black." Jane stone road.

"Xiao Hei? Forget it. It doesn't sound right. I'll call you brother Jane." Xiao Chen smiled and said.

"You can come as convenient as you think." Jane stone nodded.

As soon as I got out of the hotel, there was a Ferrari waiting for them. When I saw Jian Shi and Xiao Chen, the driver immediately came down and opened the door for them.

Xiao Chen felt that the identity of this Jianshi should be extraordinary. But think about it, the identity of those who can be found in huaqiye must be not simple.

But Xiao Chen doesn't need his identity. His main purpose is to rescue the old people who were pulled to do human experiments. This should be one of the tasks given to him by the mysterious man this time.

Soon. The party came to a suburb of Wuling and could see a place that looked like a factory garden from a distance. However, Xiao Chen had his own laboratory and naturally knew that it was a laboratory.

The paint on many buildings is newly painted. At first glance, we know that this laboratory should not have been open for long.

Seeing Ferrari approaching, the security guard outside the door quickly bowed to let them in.

As soon as he came inside, Xiao Chen smelled a special smell, which was the smell of a special nutrient solution. He had a lot of contact with it. So special familiarity.

Jianshi suddenly received a phone call, so Xiao Chen followed the taste and looked for it.

When she came to the door of a locked house, Xiao Chen shouted twice.

“Is anyone there?”

But no one answered him, just then. A man in a white suit followed two bodyguards.

Seeing that Xiao Chen's dress was very ordinary, he asked, “where did you come from? Do you know this is a private laboratory? You will be fined for breaking in like this, do you know?”

Xiao Chen glanced at the man and probably guessed that the man might be the owner of the whole laboratory or relatives.

However, he was not in a hurry to identify himself, but asked, "Sir, I want to ask you what experiments are you doing? Are there any violations?"

The man gave a sneer.

"Where are you crazy? You dare to run wild in my territory. What experiment I do is none of your business? Do you know who ordered us to do this experiment? You dare to meddle with rats? Catch him and drive him out!"

The man in white immediately roared.

"Yes!" The two bodyguards in black behind him rushed towards Xiao Chen immediately.

Xiao Chen gently shook his head: "since you are so unreasonable, no wonder I am."

While talking, he had shot, and the jade pulse was transported. He immediately came behind the two security guards, one with a knife. They all fainted before they even screamed.

"This... Are you a warrior?" The man in white turned a little pale, and then shouted:

"I tell you, even if you are a martial artist, you are not arrogant. We Wuling experts are like clouds. You dare to offend my poor family. You will feel uncomfortable in the future!"

"Ask you again, what kind of experiment is being done here?" Xiao Chen came to the man's back like a ghost.

The man in white knew that Xiao Chen was probably a ruthless man, so he begged for mercy: "brother, you have a lot of adults. Don't kill me. I'm just an errand runner. This laboratory is not owned by my family, but entrusted by someone."

“Who?” Xiao Chen’s voice has no feelings.

“Yes... Vice mayor Xu Da.” The white man’s voice trembled.

Deputy mayor? Xiao Chen’s eyes narrowed slightly, and his hands still didn’t stay. At once, he directly knocked the man in white unconscious on the ground.

Now he needs to find a way to open the door. After checking it, it should be an automatic door.

The God Of Medicine Son-in-law Chapter 213

Automatic doors are usually controlled. It’s hard to open them from the outside. If the door is blown open with violence, Xiao Chen is afraid to hurt the old people inside.

At this time, Jianshi rushed over.

“Mr. Xiao Chen, have you found a place?” Jian Shi came to Xiao Chen and asked.

“Right here. It’s just that the door won’t open.” Xiao Chen pointed to the house in front of him.

“I’ll have the door opened right away.” Jianshi said and dialed another phone.

Soon a man in lab clothes came to the house with a remote control and pressed the button.

With the opening of the door, Xiao Chen saw the instruments previously stacked underground for experiments. It seems that it hasn’t been long since it was moved.

But people didn’t see it. Only some machines were placed in it.

“Guys, this is the machine we just shipped back. It’s ready for some biological experiments.” The man in the lab coat said.

“Biological experiments? Are you sure they’re not for human experiments?” Xiao Chen smiled rather than smirked.

“You’re so funny. We have regular experiments here. How can we do that illegal thing?” The man in the lab suit smirked.

Xiao Chen checked back and forth in the house. He really didn’t find any abnormal conditions, so he had to shake his head.

“Mr. Xiao Chen, you don’t know. Xu Da is famous for his caution. Although we are visiting suddenly this time, they are already on guard, so we must find the right time to catch them.”

Out of the door, Jane Stone said in Xiao Chen’s ear.

Xiao Chen was still thinking. Suddenly he seemed to find something wrong.

The man in the lab coat was closing the door. He walked over and said, “wait a minute. I’ll check it again.”

The man in the lab suit was relieved to see that Xiao Chen didn’t find any clues, but now Xiao Chen came back, making him feel a sense of crisis again.

But seeing Jianshi here, he didn’t dare to refuse Xiao Chen and opened the door again.

After Xiao Chen went in, he carefully checked every experimental instrument.

Seeing him, he didn’t find much. The man in the lab suit was relieved again.

However, Xiao Chen suddenly saw a very secret button on one side.

The button is painted in the same color as the wall. Even normal people can't find it when they stick to the wall.

But after Xiao Chen became a jade pulse, all aspects of his body were improved, and his eyesight was beyond ordinary people. He soon found the hidden button.

Seeing that Xiao Chen found the secret button, the man in the experimental suit slowly moved his hand to his waist. At the moment when Xiao Chen was ready to press the button, the man in the experimental suit directly took out a pistol and hit Xiao Chen on the back of the head.

"Bang!"

Jian Shi's attention was also on Xiao Chen's side, so he didn't pay much attention to the situation here. The driver standing next to him saw it. But there was no time to stop it. Just after shooting, he kicked the man in the experimental clothes out.

"Mr. Xiao Chen, be careful!" Jianshi shouted, his eyes full of panic.

However, Xiao Chen didn't look back, but immediately raised his hand and caught the bullet directly.

Both the driver and Jianshi were stunned.

Although we know that some martial artists are very fast, few martial artists can react quickly under a sneak attack. The key is that Xiao Chen didn't even look back. All rely on the sound to determine the location of the bullet, so he grabbed the bullet in his hand.

At first, Jianshi thought Xiao Chen was just a nobody who could only rely on huaqiye.

Now it seems. Things are far from as simple as he thought.

He wiped the cold sweat on his forehead, some of which were worried about Xiao Chen earlier. The rest were frightened after seeing Xiao Chen's skill.

The driver's eyes at Xiao Chen have changed at this time. If the previous compliment was only pretended, now his respect for Xiao Chen is very real.

"Mr. Xiao Chen, your martial arts are really excellent. I'm afraid even the first expert in Wuling is not your opponent." Jian Shi went up to flatter Xiao Chen.

"I'm not an expert. I'm just here to finish my own business. These people are all left to you. I'll go down and have a look." Xiao Chen said and pressed the button. So a hole immediately appeared on the ground.

From this small hole, Xiao Chen immediately smelled the strong smell of nutrient solution.

He can be sure that the following is to continue the previous experiment.

Sure enough, after arriving at the underground floor, Xiao Chen saw the same facilities as before.

Even the lab is as like as two peas.

"Who?" Two blonde men pointed pistols at Xiao Chen's head.

"Where has your doctor sun gone?" Xiao Chen was not flustered. He asked directly.

"Xiao Chen, how dare you find this place, don't think how great you are. In Wuling, we still have our own has the final say. Then Hua Hua's hands are longer. Can he reach us?" Sun Libin came to Xiao Chen with a sneer on his face.

"What's up? Doctor Xiao Chen, isn't it good for you and me to cooperate to develop the latest and most important drugs belonging to mankind? In this way, we can directly create our own era, and each of us can live indefinitely, even forever!"

Xiao Chen just felt funny when he heard sun Libin's words. For a science madman like him, nothing is as real as giving him a heavy fist.

So Xiao Chen didn't talk nonsense. He quickly came to sun Libin's face, and several remnants of him were left in the air.

Sun Libin didn't guess that Xiao Chen's speed was so fast. Before he could give an order, Xiao Chen's fist had hit him in the face.

He flew out directly, and two blonde men quickly wanted to shoot.

But Xiao Chen had already unloaded all their guns before them, and all became parts scattered on the ground.

The two blonde men looked at the scene in front of them in disbelief. Then they felt that their eyes were dark and were directly knocked out by Xiao Chen.

The rest of the experimenters found the situation here and surrounded Xiao Chen.

It also includes the two blonde women I saw before, and they seem to be a lot younger now. Xiao chenleng snorted, quickly solved everyone present, came to the room where the old people were detained, released all the old people and took them outside.

The God Of Medicine Son-in-law Chapter 214

"Thank you, young man. If you hadn't come, our old guys would have died here."

On the way to send the old people back, they all thanked Xiao Chen constantly.

Xiao Chen was just very modest and said, "it's not just me, it's the result of everyone's efforts."

“Young man, you see what you need. As long as you can find it in our Huanghai village, even those too old. We’ll give it to you.” An old man came up and said to Xiao Chen.

“No, I only have one request, that is to stay in Huanghai village for a few days.” Xiao Chen said faintly.

“That’s great. You’re our hero. We have to thank you.” Another old man was very happy to hear this.

“No, as long as your health is the best thanks to me.” Xiao Chen waved his hand.

No matter how Xiao Chen refused, these old people must thank Xiao Chen. But Xiao Chen had to accept it.

The reason why Xiao Chen wants to stay is that after saving all the old people, Xiao Chen found an abnormal situation: Although these old people are centenarians one by one, they have no problem with their bodies, but there is not much left in their life span.

This is not a disease, but it is more terrible than a disease, because life expectancy is largely determined at birth, and there will be all kinds of consumption in the whole process of life.

The reason why some old people can live beyond the age of 100 is that their natural life expectancy is much longer than that of ordinary people.

Although the centenarians in front of us live longer than 100 years, most of them will eventually die within a year.

Because life has reached its limit. It can also be like the kind of destiny that some religions say.

This made Xiao Chen very suspicious, and he thought that the mysterious man’s task to himself was to come to Huanghai village to investigate, which should be what he said.

Since he became a jade pulse, Xiao Chen's perception of life has been very strong. Now if a person stands in front of him, he can immediately judge how old he can live without any disease.

This is a good phenomenon. It shows that Xiao Chen has a deeper understanding of medical ethics and a more comprehensive understanding of life.

When they came to the village, many villagers were not particularly happy or even disgusted to see their parents back.

Xiao Chen saw all these things, even so. Xiao Chen will not meddle in other people's families. Saving these old people is one thing he wants to accomplish, but it is themselves who can really save them.

When you get back. The old man who was rescued with Nangong Lengshan has been buried. Obviously, his life has come to an end.

Xiao Chen sighed slightly, but soon calmed down her mood.

"Young man, I don't know your name yet. Why don't you come to my house?" An old man's voice came.

Xiao Chen looked back at the old man who had first talked to him.

"My name is Xiao Chen. I don't know what you call me?" Xiao Chen turned back and replied

"Xiao Chen, good name. My name is Hao Jin. Just call me Lao Jin." Hao Jin smiled.

"Lao Jin, how old are you this year?" Xiao Chen is also welcome. I said all the polite things I should say on my way here.

"I'm just 101 years old this year, which is a blessing for the rest of our village." Hao Jin smiled.

Xiao Chen nodded. Indeed, as a famous longevity village, Huanghai village is very suitable for people to live in the environment and conditions in all aspects. Therefore, although their village is poor, everyone's health is quite healthy.

But now most young people always want to go out of the mountain village and go to the city. Xiao Chen doesn't know when such a treasure can be preserved.

Suddenly Xiao Chen seemed to think of something.

"Environment!" He murmured.

Hao Jin saw that Xiao Chen seemed to suddenly realize something. He smiled and asked, "Xiao Chen hero. What good thing do you think of?"

"It's all right. By the way, Lao Jin, there's something about Taisui in your village. Do most people in your village know it?" Xiao Chen looked up and asked.

"Too old?" Hao Jin was surprised, shook his head and said, "this has never been said in our village. We have always been the poorest village. Now the upper reaches of the water we drink have been polluted, and there are no good crops and vegetables in the soil."

He seemed a little depressed.

"Upstream of the river?" Xiao Chen put her hand on her chin and whirled.

"Hero Xiao Chen, I just said casually that you'd better not take care of these things. There was a young man like you who had to take care of this thing. Now his whereabouts are unknown." Seeing that Xiao Chen is very interested, Hao Jin quickly persuades Xiao Chen to say.

"It doesn't matter. I won't do anything stupid, but what you said may be the key." Xiao Chen's eyebrows stretched out.

It turned out that the source of what he had been thinking for a long time was here. The disaster of destruction mentioned by the Taoist priest earlier can also be solved.

If the upstream water source is polluted, naturally the whole village will suffer from some strange diseases. The reason why these old people look so healthy, but in fact their life expectancy has been shortened, is likely to be caused by water pollution.

In the evening, all the old people took out some of their most natural vegetables and fruits to Xiao Chen. He made Xiao Chen a sumptuous dinner.

Xiao Chen was in a good mood. He didn't be polite to them that night and almost finished all the food he sent.

Nangong Lengshan didn't call Xiao Chen until midnight.

"Brother, where have you been today? I've been looking for you." Nangong Lengshan's voice sounded slightly weak.

After hearing this, Xiao Chen couldn't help mocking:

"Still looking for me? I'm afraid I haven't been with your wife. They can't find the north in the world."

"Anywhere, I've been looking for you all day." Nangong Lengshan continued to lie.

"I've been looking for me all day and now I remember to call me. I really want to thank you." Xiao Chen directly exposed his lie.

"Well, if you're all right, that's it. I'll hang up first." Nangong Lengshan cow's head didn't talk to the horse, and then hung up the phone.

Xiao Chen couldn't help smiling bitterly after she put away her mobile phone. She really forgot her brother when she had a woman.

But now that he has determined his direction and is in a good mood, he doesn't care about it.

The God Of Medicine Son-in-law Chapter 215

That night, Xiao Chen returned to the hotel and just ran into Nangong Lengshan who went out with Bai Qianqian.

Nangong Lengshan's face was a little embarrassed, because he had lied that he had gone out to find Xiao Chen. Bai Qianqian had no doubt, but he didn't expect to meet him here.

"Brother Xiao Chen, didn't you just come back with him? Why did you go down again?" Bai Qianqian came forward and asked.

"Ah? I....." Xiao Chen just wanted to answer the question truthfully.

Nangong Lengshan pulled over Xiao Chen and said with a smile, "Xiao Chen is easy to lose things. So maybe he just went down to get things."

While talking, he looked at Xiao Chen with pleading eyes, as if he was signaling him to lie with himself.

Xiao Chen has some helplessness, but it's not easy for them to be together. Xiao Chen doesn't want any gap between them. So he nodded and said, "ah, yes, I just forgot something in the car. I went back and took it."

Seeing Xiao Chen's performance, Nangong Lengshan hurried up and took Bai Qianqian away. "Yes, Qianqian, let's go quickly, otherwise we won't be able to catch up with the performance."

When I left, I didn't forget to turn back and give Xiao Chen a thumbs up.

Xiao Chen smiled, shook her head and went back to her room.

The night passed quickly. As soon as Xiao Chen was ready to move, he heard a knock outside the door.

As soon as I opened the door, it was no one else but Nangong Lengshan.

“What’s the matter? What’s the matter?” Xiao Chen asked.

“Brother Xiao Chen. Boss, there’s something I need to discuss with you first.” Nangong Lengshan hugged Xiao Chen with his hand as soon as he came in.

Xiao Chen struggled for a long time before he pulled his head out of his hand.

“Just say something directly. How many years of our relationship have we used this set?”

“Yes, I took Qianqian to buy something yesterday, and now my credit card is overdrawn. So, you know, I’ve been working on your side for so long, and all parties are fine, right?” Nangong Lengshan smiled flatteringly.

Xiao Chen immediately understood what he wanted. The most important thing for a man in front of a woman is to be willing to spend money. The more willing to spend money, the stronger the man’s love.

According to Nangong Lengshan’s character. It’s estimated that you can’t lose face when you go out with Bai Qianqian, so you must be very willing to spend money.

“Take it. You have a holiday these days. I didn’t want you to accompany your wife. Now it’s not true. I’ll just take care of the things here.” Xiao Chen took out a gold card and said.

“Thank you! Thank you, boss!” Nangong Lengshan took the card excitedly.

But then he turned back and was very worried and said, “well, I still don’t think it’s right. Otherwise, I’d better follow you outside. We can come back in the evening.”

Xiao Chen saw at a glance that he was acting, so he deliberately nodded and said, "that's good. Then you can go with me. As for whether you can come back in the evening, I don't know."

Nangong Lengshan immediately changed his face and said, "Oh, boss Xiao Chen. Look, I've only met Qianqian for two or three days now. Are you willing to let me not spend the night with her? I know you're the kindest."

Xiao Chen looked at him contemptuously and said, "you, since you want to say something in your heart, you're still showing off your acting skills in front of me. At the beginning, your acting skills didn't all depend on me to teach. When your ass pouted, I knew what you want."

Nangong Lengshan said with a smile, "I'm still a brother. I won't say more."

After leaving the hotel, Xiao Chen rushed upstream along the river beside Huanghai village.

Sure enough, we found several large factories in production.

After patrolling around all morning, Xiao Chen didn't find the phenomenon of randomly discharging waste water.

But apart from the factories here, he couldn't think of any place that could cause so much pollution.

So he must be the factory here that caused the pollution.

Since I can't see it. So we have to ask people one by one.

Although it was a waste of time, the results were already asked by almost the evening.

Most of the people who work here are poor people from mountainous areas. The bosses of these factories call them the wealth engine to help the people in poor mountainous areas. In fact, they make use of some policies and rules of Wuling city.

Now his factories hardly use their own money. If the factory loses money, it is the bank that gives him the loan, because it is supported by the policy. When it makes a profit, the natural money will enter his pocket.

As for the people affected by the pollution caused by the factory and the harm it will cause, he doesn't know at all and doesn't care at all.

I've been out in the countryside for a few years. I only know that my boss has been out in the countryside for a long time.

And now it is also rated as one of the top ten outstanding young people in Wuling city.

Most of the factories here are light industries, so the pollution caused is not obvious. Although the environmental protection bureau came and warned several times, they didn't come again because they didn't know what reason.

Xiao Chen now has the evidence in his hand, but he also faces a problem. If these things are reported, many people in poor mountainous areas will lose their jobs, which will cause new problems at that time.

So Xiao Chen continued to investigate in this mountain area for several days, and finally let him find a way to make all the mountain residents get rich and not to damage the environment in the mountain area.

After everything was ready, Xiao Chen drove to Wuling municipal government.

"Hello, sir. Can I help you?" The receptionist was a sweet young woman with a crisp voice.

"Hello, that's right. I have some important things to report to the government, mainly about the light chemical plants in the upper reaches of the Lianhe river." Xiao Chen replied politely.

"Oh, just a moment, please. I'll arrange it for you." The receptionist said that after inputting some information into the computer, he gave Xiao Chen a note.

“Sir, you can go up. Now vice mayor Xu Da should be in the office building.” The reception woman smiled and said.

Xu Da? After hearing the name, Xiao Chen remembered that he was the supporter of human experiment here. Although he didn't know what it was for, it seemed that he should also have received a lot of money from the man in white.

However, Xiao Chen will not shrink back. If this matter is not solved one day, his heart will not feel well.

The God Of Medicine Son-in-law Chapter 216

On the third floor of the municipal building, two security guards stood at the entrance. Seeing that Xiao Chen was wearing very ordinary clothes, he asked arrogantly:

“Who are you looking for?”

“Find vice mayor Xu Da.” Xiao Chen replied.

“Vice Mayor Xu? Who are you? Where's the reservation note?” The security guard kept looking up and down at Xiao Chen.

He did find that he didn't know the man in front of him, and his dress was too simple. It doesn't seem to be everyone's children. There are many such people every day. They naturally classified Xiao Chen as the lowest person in their hearts.

“Is this the reservation note?” Xiao Chen took out the note just given to him by the reception lady.

The security guard took a look and immediately showed a contemptuous smile on his face.

“Well, we know. Wait there first!” The security guard said and pointed to the rest area over there.

Xiao Chen knows that Xu Da should be inside. So he asked, "I saw Xu Dagang just go in. Why don't you let me in and explain my situation to him?"

"Mayor Xu's name is what you, a small civilian, can call?" The guard's face immediately showed anger.

"Civilians?" A trace of displeasure flashed across Xiao Chen's face.

He did not expect that the situation in Wuling was so bad that ordinary people were called civilians in the municipal hall.

Can it be said that these senior cadres such as mayors are local local emperors?

"You're not a civilian. What are you? I don't think you're the son of a rich family. For things like you, hundreds of people come to Vice Mayor Xu Da every day. He doesn't have time to mind your business. You'd better leave early." The security guard is not angry.

"That's how your municipal government works, isn't it? I've seen it today." Xiao Chen said coldly.

The security guard originally wanted to teach Xiao Chen a lesson, but was held by another security guard.

"Xiao Qin, pay attention. There are a lot of plain clothes reporters recently. Don't ruin the vice mayor." After another security guard whispered. He said to Xiao Chen with a smile:

"Don't get me wrong, sir. This is our new security guard. Some things are unfamiliar. We will tell the vice mayor what you just want to report to Vice Mayor Xu Da. But he is really too busy these days and doesn't have much time to deal with it."

"Wouldn't you just let me go in and meet him?" Xiao Chen will not let go.

Seeing Xiao Chen's insistence like a second Leng, the smile on the security guard's face also couldn't hang up.

"Brother Hu, you don't have to have the same experience with such grass-roots people. It's good to drive such people away." Qin Lei came up and said in a threatening way:

"Boy. We've told you that if you make trouble here again, you'll hinder official business. You need to know how serious it is to hinder official business."

Xiao Chen knows that he may not see the vice mayor Xu Da today. He takes out his mobile phone and is ready to contact Hua Qiye. See if he can find someone who can handle affairs here in Wuling.

At this time, a familiar figure suddenly came down from upstairs.

"Mr. Xiao Chen, why are you here?" Jianshi was a little surprised.

"Brother Jian, why are you here? Did you come to report to the government like me and be stopped?" Xiao Chen was also surprised.

"Report to the government? What can you do directly to me?" Jianshi quickly took out a box of cigarettes from his pocket.

Xiao Chen waved his hand and said, "I don't smoke. You're too polite. Listen to you, you also work in the municipal government?"

"Yes. I just finished a project with a developer. I didn't expect to meet you here." Jian Shi put his hand directly on Xiao Chen's shoulder.

Two security guards are stupid. Wang Hu asked haltingly, "Jane... Mayor Jane, who is this... Your man?"

"He is a VIP of Wuling city. He should be treated to the highest standard wherever he goes." Jian Shi uses a condescending language.

Then he looked at them and asked:

“You can’t just be Mr. Xiao Chen who is hard for us?”

They were so frightened that they were sweating and could not say a word for a long time.

“Mr. Xiao Chen, why don’t you go to the top first? I’ll have someone serve you tea. It’s the best Biluochun we have. You must try it.” Jianshi changed a smiling face and said to Xiao Chen.

“OK.” Xiao Chen nodded and then took a meaningful look at the two security guards. Go upstairs.

The two security guards were so scared that their legs softened that they almost knelt on the ground and kowtowed to Xiao Chen to make amends.

“Since you have offended Mr. Xiao Chen, go back and clean up quickly. It’s not suitable for you to stay here.” Jane stone’s expression is cold and tunnel.

“Mayor Jane. You give us another chance. We have no eyes. We’ve just been kicked in the head by a donkey. You have a lot of adults. Let us go!” Wang Hu begged quickly.

“Don’t tell me. Ask Mr. Xiao Chen if you want.” Jianshi said, just ready to turn and leave.

Suddenly, a middle-aged man’s voice came from inside.

“You two don’t have to come tomorrow. You have offended our guest of honor, Mr. Xiao Chen. What else to say.”

Then a slightly fat man in a dark blue suit came to the two security guards.

“Vice Mayor Xu Da!” The two security guards saluted quickly.

In fact, he told him to do everything just now. Now the two security guards are mute and eat *Coptis chinensis*. They can't tell the pain. They can only blame their own eyes for offending the ancestor Xiao Chen.

“Mayor Jane, the rules of our municipal administration should be stricter, don't you think?” Xu Da did not look at the two security guards, but stared at Jian Shi like a sword.

Jianshi naturally wouldn't be afraid. He gave Xu Da a wink and said, “of course. Since Vice Mayor Xu Da said so, these two should be your gatekeepers. You can let them go through the formalities.”

“OK, I'll do what mayor Jane said right away.” Although Xu Da said so, his voice was full of resistance.

Jianshi certainly heard Xu Da's meaning, but he was eager to meet Xiao Chen now, so he didn't bother with him any more. After nodding, he hurried downstairs.

“Cousin brother-in-law, you won't really open me like this? I've worked hard without credit for so many years!” Seeing Jianshi gone, Wang Hu hurriedly ran to Xu Da and cried.

“Don't worry, you can't stay here. There's a better place to go. I won't treat you badly.” Xu Da shook his sleeves and walked back to his office.

The God Of Medicine Son-in-law Chapter 217

Xiao Chen came to the fourth floor of the municipal building and found that the whole floor was a Jianshi office.

As soon as he came up, two very beautiful women greeted him.

One was wearing a white lace coat, and the lower body was exposed with the whole smooth and white thighs. Xiao Chen doubted whether she was wearing pants, but he could still see a trace of black hidden between the white gauze clothes. It was estimated that she was wearing super shorts.

The other is to dress up relatively dignified. He looks a little older, wearing a light yellow coat and tight blue jeans. There is a relatively mature charm flowing from her.

“Sir, did you get up from mayor Jianshi?” Asked the woman in a white coat on the left. Her voice was very sweet and sweet, compared with the reception lady downstairs. go beyond.

“Yes.” Xiao Chen nodded, but glanced at them faintly.

The two women saw that Xiao Chen was dressed in ordinary clothes, but they didn’t have much reaction, and their hearts were slightly shocked.

In addition, the person invited by Jian Shi is never a simple person. The identity of the person who can come to his office on the fourth floor must be more noble.

“Sir, please sit down and we’ll make you tea. Mayor Jane will be back in a minute.” The voice of the woman in light yellow clothes is more soft and beautiful, which makes people feel very comfortable after listening to it.

“OK.” Xiao Chen nodded slightly.

After a while, they made a good bubble and brought the superior Biluochun to Xiao Chen.

Having nothing to do, Xiao Chen inquired about Jian Shi with the two women.

“When was your mayor Jane transferred to Wuling?”

“Mayor Jane has only been here for more than a year, but he is a special envoy from Kyoto, so he has established a certain prestige here.” The woman in white replied.

“By the way, I haven’t asked your names yet.” Xiao Chen suddenly asked.

“My name is Ziyun. Her name is Xueer. That’s what mayor Jane usually calls us. That’s what you call it. I don’t know your name, sir?” Purple rhyme in white.

“My name is Xiao Chen.” Xiao Chen said, taking a pen and writing his name on the paper.

“Xiao Chen, that’s a good name. You’ve seen the world from the way you look.” Xueer is surprisingly lively.

Instead, it looks more stable than the young purple rhyme.

But from time to time in her beautiful eyes, she still gives Xiao Chen dark eyes. Seems to be particularly interested in him.

“Where, where, I’m just a civilian. I haven’t seen a big scene. You two praise me too much.” Xiao Chen smiled faintly.

When he said this, the two women became more interested in him.

“Most real big people are as modest as you. In fact, we don’t have any plans tonight. I wonder if you are free tonight, Mr. Xiao Chen?” Xueer is very bold.

Xiao Chen’s eyelids jumped when he heard this. If the surrounding facilities were not full of official atmosphere, he doubted whether he had gone wrong. I came to the senior club.

These two are too active, but then again, if Xiao Chen didn’t have someone in his heart now, another man, such as Nangong Lengshan, might not be able to control it.

But Xiao Chen didn’t think so simple. These two women are under Jianshi’s hands, and it is estimated that he specially arranged to test himself.

“You two are really joking. You are both civil servants. Please be more self-respect.” Xiao Chen said and drank a mouthful of tea.

“Mr. Xiao Chen is really annoying. People just want to have dinner with you. Mayor Jane said that to do a good job, we must first understand what kind of people we are facing. Don’t you just want to know us?”

Xueer said and approached Xiao Chen again.

The perfume, which was filled with some charming flavor, went directly into the nostrils of Xiao Chen.

Xiao Chen has indeed been out for so many days. There are two beautiful women who throw themselves into their arms. Ordinary men can’t control it. Now he also slightly feels that his blood pressure is rising.

But after thinking of the cold and gorgeous faces of Wu Yaqing and a Ling. Xiao Chen felt that some of his boiling blood slowly changed back to the original temperature.

“Miss Xueer, if you do this again, I will complain to you. This is not the behavior that a public servant should have.” Xiao Chen’s voice was still flat, even with a trace of reprimand.

Xueer saw that she was so active, and Xiao Chen was not moved at all. Even began to doubt whether Xiao Chen was a man.

Ziyun hurriedly pulled her away. When she just opened her mouth and said something, Jianshi’s voice came.

“Yes, Mr. Xiao kechen?”

“Mayor Jane, your Biluochun is really unusual. I’m a little drunk.” Xiao Chen said with a smile.

“Hahaha, Mr. Xiao Chen is really humorous. Where can anyone drink tea and get drunk?” Jian Shi also laughed.

Seeing Jane stone coming, the two women put away the charming posture just now, and their faces became particularly cold.

“Well, you two go and be busy.” Jane stone waved his hand.

“Yes!” The two women bowed and returned to their desks.

“Mayor Jane is really a good mood. You and two such beautiful women are on the whole fourth floor. Will you be a little overwhelmed?” Xiao Chen deliberately showed a meaningful expression.

“Where, Mr. Xiao Chen is so good at joking. These two are just the secretaries arranged for me by the top. They can’t say a few words at ordinary times.” Jianshi’s face remained unchanged.

Xiao Chen had to admire Jianshi for hiding well without revealing any flaws.

However, he knows that this Jianshi is not entirely on his side, and his mind still needs to be verified.

“That’s my mistake. I’m really sorry.” Xiao Chen apologized quickly.

“Don’t say that, Mr. Xiao Chen. Did they just say something they shouldn’t say to you?” Jane stone showed a very confused expression.

Xiao Chen knew that this was the meaning of a drunken man, not the wine, so he shook his head and said, “no, no, it’s all said. Your tea is so intoxicating that I’m hallucinating.”

“Hahaha, OK, in that case, let’s just have more drinks, so that we can chat when we’re both drunk.” Jane stone smiled again.

“That’s not good. I have important things to do this time. How can I say it when I’m drunk? Let me say it now.” Xiao Chen quickly waved his hand.

“All right, please.” Jian Shi said, sitting on the chair opposite Xiao Chen and looking at him very solemnly.

The God Of Medicine Son-in-law Chapter 218

Xiao Chen took out a piece of paper with all the information he collected.

“Here is the information I collected. You can have a look. Several factories on the Lianhe River still pollute the land and water sources to a certain extent, and dirty people may lead to some diseases of heavy metal poisoning.”

Xiao Chen said and scratched twice on the white paper.

“Well, indeed, I have long wanted these factories to be rectified.” Jian Shi narrowed his eyes slightly and nodded.

“Then why not issue a rectification order?” Xiao Chen asked.

“There are too many things involved, but if you want to deal with it, Mr. Xiao Chen, I’ll do it right away!” Jane stone agreed.

“Too much involved? Tell me.” Xiao Chen said in a deep voice.

“Well, it’s a long story. I believe Mr. Xiao Chen should have investigated the details of the factory. The most important thing is that if the factory is rectified, it will cause the workers in that area to lose their jobs. At that time, tens of thousands of unemployed people will really be a big problem.”

Jian Shi truthfully told his difficulties.

“That’s the only question?” Xiao Chen continued to ask.

“Well, the other problems are all minor ones, which are easy to solve. This one is the only one. Even our government is difficult to handle, but I won’t embarrass Mr. Xiao Chen. Since you have said it, I’ll issue a rectification order immediately.” Jian Shi said and was ready to get up and explain the matter to the two secretaries.

“Brother Jian, don’t worry. I have a plan here. You can have a look. If you think it’s feasible, it’s not too late to issue a rectification order.” Xiao Chen said and took out another piece of paper.

Jian Shi took the note and read it again. Suddenly, his face showed a happy look.

“Mr. Xiao Chen is indeed a God and man. You want to be high in this way. It’s high!” Jian Shi couldn’t help giving Xiao Chen a thumbs up.

“Well, since brother Jian thinks there’s nothing wrong with my plan, let’s arrange it.” Xiao Chen smiled.

“OK, I’ll arrange it right away!” Jian Shi was a little excited when he spoke.

Hurriedly and quickly walked to the previous two women, explained their affairs, and then turned back.

“Mr. Xiao Chen, you haven’t received any special reception when you come to Wuling. I’m not very busy today. You see, the rectification of this factory is not a day or two. It’s a huge project. Why don’t I take you to enjoy the scenery of Wuling? What do you think?”

Jianshi warmly invited him.

Xiao Chen wants to come. He really has nothing to do during this period of time. Moreover, after the upstream rectification, I went to check the situation of the centenarians in Huanghai village, so I nodded and said:

“OK, then follow brother Jian, the mayor, to enjoy his happiness.”

“Where, you see what you said, I’m just an errand runner. What mayor or not, it’s just a false name.”
Jane stone immediately said modestly.

Xiao Chen knows what kind of person Jian Shi is through his previous contact. So he didn’t bother with him more, so Jianshi quickly arranged a day’s itinerary.

It seems to be specially prepared for Xiao Chen. Before leaving, the two secretaries came up very enchanting and asked to go with Xiao Chen, but Xiao Chen refused.

He always felt that there was something wrong with the two women. If he took them with him, he probably didn’t even want to enjoy the scenery.

The first stop is a martyr park, where a red army who made great contributions during the war is buried.

Xiao Chen is full of awe for such a hero. Along the way, Jianshi also talked about it.

“The great hero once bravely rushed into danger on the battlefield for the interests of our nation and the whole country. He blew up an armored vehicle in Japan with his own body holding a bomb, which created opportunities for other comrades in arms at that time. It was also that battle that made the whole war win.”

Looking at the statue of the Red Army, Xiao Chen couldn’t help sighing when he remembered the tragedy on the battlefield.

“The motherland can have today’s great rivers and mountains, all thanks to you!”

With that, he knelt down directly to the statue.

Jianshi also knelt down, so everyone behind him knelt down.

Of course, Xiao Chen is very sincere, and the intentions of others need to be investigated.

But Xiao Chen didn't care about these. He is still thinking about his unfinished dream. In order to ensure real peace, unstable factors must be eliminated.

Now the biggest enemies in front of him are the gods of war who want to rule the world with violence.

He must not let this happen. Whether for their own ideals or for these heroes who once fought on the battlefield.

Xiao Chen felt that his will to practice was strengthened a lot. He felt that the power of the God of war seemed to come back slowly.

However, he is still sober. Now he still has a long way to go before he really rises. It is the so-called heavy task and long way to go. What he said is the situation of Xiao Chen now.

After visiting the scenic spot of Xiaochen, Jianchen didn't feel so relaxed after taking a lot of martyrs to the park for a long time.

And the jade vein in the Dantian also seems to have a sense of growth.

"Mr. Xiao Chen, I was invited to an antique auction in the evening. Could you join me?" Asked Jane stone.

He is now sitting on Xiao Chen's right hand. He is already on his way back.

"Antique auction? Forget it. I'm not very interested." Xiao Chen waved his hand.

"Mr. Xiao Chen, don't have any pressure. You just need to play. If you like something, you can take it down without paying." Jane stone smiled.

Although Jianshi's smile is very natural now, Xiao Chen still sees Jianshi's intention if he doesn't go. That means you're afraid and you're still not up to grade.

If he goes, he is not familiar with antiques and so on. If he loses money in buying things at that time, he will hit himself in the face and make an embarrassment in front of Jianshi.

Xiao Chen's previous performance was really brilliant. Even if Jian Shi is now the mayor of a big city like Wuling, he can't help being jealous. He doesn't believe Ye Yu is a versatile person and wants to try his knowledge in other aspects.

And antiques can best reflect a person's elegance in personal interests. It is said that those who like antiques are elegant people.

The God Of Medicine Son-in-law Chapter 219

Jian Shi concluded that Xiao Chen was so young and certainly didn't have much insight. No matter how excellent he was in other aspects, he must be inferior to himself in this aspect.

As the mayor of a big city, I can't always bow my head in front of Xiao Chen.

In fact, Xiao Chen didn't care about identity or fame and wealth at all, so she refused.

But the more he refused, the more Jianshi hoped he could attend.

Xiao Chen had no choice but to agree, or refuse again. He thought the mayor might turn against him.

"Mr. Xiao Chen, this antique auction is also a feature of Wuling, so you come here. I really hope you can see it. That's why I asked. Don't mind."

When Jianshi saw Xiao Chen's promise, he didn't forget to show that he was a very legitimate idea.

"Of course, since mayor Jane has invited me so, I won't go again. That really doesn't make sense, and I can have a long experience." Xiao Chen nodded.

“Mr. Xiao Chen, I don’t know how much you know about antiques. If you don’t know very well, I can ask my assistant to send you some information at that time. You can have a look before you go. It’s also more convenient.”

Jane stone pretended to be very kind.

“Oh, I still know something about this antique. Although it’s not much, it should be enough.” Xiao Chen said faintly.

“In that case, we look forward to having a good time at the antique auction in the evening!” Jian Shi said with a very sincere smile.

“Of course.” Xiao Chen also responded.

After returning to the hotel, Xiao Chen found that Nangong Lengshan had even returned his room. He couldn’t help shaking his head. It seems that the goods took the money. It’s estimated that he really went on his honeymoon with his first love. However, his cultivation has soared and his strength has improved. There are not many things for the time being.

Therefore, Nangong Lengshan doesn’t need to be with him all the time.

He didn’t have much interest in the antique auction at night. The key is that in his opinion, although these antiques can really cultivate sentiment. However, if such an auction house is held, it is a phenomenon of comparison.

This is contrary to the idea of playing antiques at the beginning. Originally, it was just to have nothing to enjoy and improve your sense of art.

Now it has become to fight for life and death at the auction. Xiao Chen doesn’t catch a cold at all.

The time soon came. In the evening, according to the agreed time, Jianshi specially arranged a vehicle to pick up Xiao Chen.

He also specially prepared a high-end suit for Xiao Chen. Xiao Chen doesn't like to dress too formally.

He was still dressed in very casual clothes.

When Jianshi asked, Xiao Chen replied:

"I'm just a spectator. There's no need to dress so grandly. I'll just go and have a look."

Jian Shi was a little helpless. All the people at the antique auction came from Wuling. Xiao Chen dressed like this. He didn't have a good idea to walk with Xiao Chen.

Naturally, Xiao Chen knew Jian Shi's concerns, so he said to Jian Shi, "brother Jian doesn't have to accompany me all the time. Just play with your own. I just look around. I won't buy it either."

Hearing this, Jianshi immediately objected:

"Hey, how can Mr. Xiao Chen say that? Since I've brought you here, it's necessary to accompany you. Otherwise, I'm sorry for my identity as a boss."

"Brother Jian, you're serious. It's not easy to refute your face if I dress like this. Why don't you let your assistant follow me." Xiao Chen suggested.

Jian Shi pondered for a moment, nodded slightly and said, "Mr. Xiao Chen is still considerate. In fact, I don't think it doesn't matter. But since Mr. Xiao Chen asked so, I'll follow your instructions."

In this way, Xiao Chen successfully reached an agreement with Jian Shi. After arriving at the auction venue, the scene was unprecedented.

Because it is a specially open venue, the auction was held in a very large palace like building.

The whole palace is similar to the architectural style of the Ming Dynasty. Majestic atmosphere, towering, the main hall is also hung with all kinds of neon lights connected together. From a distance at night, this hall is the most shining existence.

Xiao Chen thought there was only one auction table. When she arrived at the scene, she found that there were three auction tables. Each auction table was of different categories, mainly divided into calligraphy and painting, jade and porcelain.

Some other niche varieties have not been subdivided. Xiao Chen guessed that they should also appear at the auction later.

Because they are the first batch, the auction will be held before the exhibition.

All tourists can watch at will. Of course, some more valuable items will stand next to fully armed security guards.

After all, some antiques may be worth tens of millions, or even hundreds of millions. It is also necessary to be cautious.

When he came to the auction venue, Wang Han, the assistant arranged by Jian Shi for Xiao Chen, introduced him to Xiao Chen.

“Mr. Xiao Chen, you can now see the display of all auction items in the whole auction. From the outside to the inside, they are in the same order according to the classification of the auction desk above, so if you are interested in anything, you can go to which area.”

“OK. I see.” Xiao Chen nodded and walked slowly on the red carpet with his back and hands.

From time to time, someone will yell on the side.

“Come on, come and have a look. The painting of summer resort, the painstaking work of master lengmu, a famous court painter in the Qing Dynasty, is absolutely authentic. Friends who like it can

come and have a look. The seller is in urgent need of funds. Now it's asking for \$5 million. It's a direct loss sale!"

"Don't miss it when you pass by! The famous work of Tang Yin, the first painter of the Ming Dynasty, the picture of white birds facing the Phoenix, is absolutely authentic. I took it away for \$8 million!"

.....

Hearing that it was Tang Yin's painting, Xiao Chen walked over and looked at it with great interest.

He couldn't help laughing, shook his head and walked away.

The painting seller noticed Xiao Chen's expression and immediately became a little unhappy. He pointed to Xiao Chen and said, "the one over there dressed like a beggar, right, say you! Do you have any opinion on my painting?"

Xiao Chen didn't expect this person to be so sensitive, but think about it, only thieves will feel guilty.

"I have no opinion of your painting. It's just a fake." Xiao Chen said faintly.

The painting seller was not surprised. Wang Han behind Xiao Chen was very frightened.

Ran to Xiao Chen's ear and whispered:

"Mr. Xiao Chen, you can't talk nonsense. All the antiques here have been tested by several national treasure masters. If something goes wrong, you should be held accountable."

The God Of Medicine Son-in-law Chapter 220

The painting seller immediately jumped out of the counter and came to Xiao Chen. He grabbed him and said, "since you say my painting is a fake, you can show the evidence. If you're wrong today, you have to pay ten times the price for this painting!"

The noise here immediately attracted many people to watch. Seeing that Xiao Chen's clothes were not up to grade, other painting sellers came up and advised:

"Brother Xu, this man doesn't have much money. He wants to come to this auction to pretend to be a rich man. He wants to attract people's attention. In fact, he's just a poor man. Ignore him. Can he understand the paintings of masters like Tang Yin?"

After hearing this, Xu Bowen's anger remained unabated. He came up and pulled Xiao Chen's collar and said, "if you dare to say such a thing today, you have to bear this responsibility, okay? If you don't have enough money, you'll make me a servant all your life!"

When the people around heard that it was the Xu family, they immediately sighed.

"It turns out that he is Xu Bowen, who is known as the 'collection King'!"

"Relying on some calligraphy and painting collection, the Xu family can rank fourth in Wuling and become one of the four families in Wuling. Their background is quite complicated!"

"This boy doesn't know what's going on. He offended the Xu family. It's miserable."

Many people seem to have seen the fate of Xiao Chen. They can't pretend to be forced this time. They have been reduced to the Xu family as servants all their life. In modern times, such a life is almost miserable.

Xiao Chen was not in any panic. He stretched out his hand and pushed Xu Bowen away. "You look like a collector. You don't have such a bearing. You dare to say you are a 'collection King'? I think you're just a little punk."

Xu Bowen stumbled and almost fell to the ground. Fortunately, someone around helped him.

As soon as he pushed it, he felt that Xiao Chen's skill was extraordinary. Others didn't know it, but he knew it in his heart. He went down the mountain after practicing martial arts for ten years. His body and bones were more than twice as strong as ordinary people.

However, Xiao Chen just pushed so lightly that he almost fell to the ground. It is obvious that the other party's background is not small.

For all that. He was still full of anger, because Xiao Chen mocked his paintings.

As the saying goes, a scholar can be killed but not humiliated. Now Xiao Chen says that his paintings are fake, which is tantamount to insulting himself and his personality.

"Well, I won't argue with you. If you say my painting is a fake, you can tell the reason, otherwise. 80 million, don't think less!" Xu Bowen shouted.

Xiao Chen didn't want to have the same experience with Xu Bowen. He just came to visit. No, Xu Bowen didn't seem to see the coffin and shed tears. He had to walk in the direction of the painting with his back.

Wang Han behind was frightened by Xiao Chen's move, so he quickly called Jianshi.

Besides, the 80 million is not a small amount, and Xu Bowen is a very stubborn person. If he doesn't buy Jianshi, the mayor's face who has just come here. It's hard.

Xiao Chen noticed Wang Han's action and turned to him and said, "don't bother him. I can handle things here."

After hearing this, Wang Han immediately felt that Xiao Chen was really afraid of death. He could only meditate in his heart that they would not be killed later.

Now Wang Han's heart is complaining incessantly. What kind of thing is this? He just came to work and was arranged to accompany such an ancestor soon.

There are more and more people around. Soon, there were almost hundreds of people gathered here. There were amateurs, most of whom were spectators, but there were also a few who knew painting. Now of course, they all wanted to see the performances of Xiao Chen and Xu Bowen.

It mainly depends on how Xiao Chen talks about the painting. Most people still think Xiao Chen must be beaten in the face soon.

After all, any antique in it has been verified by those national treasure masters. He is just a man who seems to have no culture. To dare to say such nonsense is to seek death.

Wang Han stood behind Xiao Chen in a cold sweat. Seeing so many people around him, he knew that this matter was probably making a big deal today.

Xiao Chen slowly came to the painting and glanced at it casually. With a faint smile:

“Tang Yin is a painter. I believe you all know that he has many calligraphy and painting works in his later years, and this picture of a hundred birds facing a phoenix is a rare work of his youth.”

“Hurry up and talk about painting. The three-year-old knows what you say.” Xu Bowen urged.

In his opinion, Xiao Chen is deliberately delaying time. He just saw Wang Han calling. It is estimated that he moved to save the soldiers.

However, he made up his mind today. It's hard to use anyone who comes. His reputation has been affected by Xiao Chen's fake sentence. Even if it's not 80 million, 10 million is certainly indispensable.

“What I'm talking about is the key to the problem. Since this is the painting of master Tang Yin in his youth, what was his state of mind at that time? Ink painting is generally freehand. Freehand is his state of mind, and painting is a portrayal of his state of mind at that time.”

Xiao Chen analyzed it slowly.

Someone in the crowd immediately replied:

“At that time, he was young and vigorous, and he scored three points in the imperial examination. Of course, he was in high spirits!”

Xu Bowen nodded and said yes.

“So? Are you saying that the edge of the painting is not enough? It is obvious that every stroke of the painting is in line with his mood at that time.” When Xu Bowen said it, he didn’t forget to take the painting and observe it himself.

“You just saw the appearance. This picture is not the authentic work of Tang Yin at all!” Xiao Chen said and turned the picture directly.

The onlookers, even those who did not understand the painting, were surprised.

“This... This is... Phoenix!” Xu Bowen also opened his mouth in surprise.

“Yes, this is a phoenix painting. This is not Tang Yin’s painting when he was young. Under the control at that time, if he dared to draw a Phoenix, he would be looking for death. Do you think a master like Tang Yin would make such a mistake?”

Xiao Chen’s voice immediately echoed in everyone’s ears, and this time it was Xu Bowen’s turn to sweat all over. He didn’t know what to say now.

However, Xiao Chen’s next words made him immediately find the steps.

“But this disguise is really a rare masterpiece. Since it’s a fake, not the authentic work of Tang Yin, I’ll try my best to accept it. What do you think of my one million?” Xiao Chen stretched out a finger and compared with Xu Bowen.
