The God Of Medicine Son-in-law Chapter 221

“One million...” Xu Bowen was still dissatisfied with the price.

When he was traveling abroad, he spent more than two million to buy this painting.

Now it is pointed out by Xiao Chen that it is a fake, not the authentic work of Tang Yin. Although he feels that he has been cheated, he has lost more than one million yuan.

What he said is a little distressed.

“If you don’t want to, forget it.” Xiao Chen said and went away with his hands on his back.

“Deal!” Xu Bowen bit his teeth and said.

After hearing this, Xiao Chen immediately took out a bank card and handed it to Xu Bowen.

“There’s a million in it. You can brush it with the machine. There’s no password.”

After receiving the card, Xu Bowen wrapped up the painting and handed it to Xiao Chen. Xiao Chen let Wang Han take it, but he walked in front and continued to look around.

Just a few steps after going out, a man with a beard came to Xiao Chen and said, “brother, you are so divine. Your eyes are so accurate. I have collected some collections here. Would you please go and have a look? I’ll give you 100000 for one identification.”

Xiao Chen smiled and said, “do you think I’m short of money?”

“Of course not. Brother, you see, since you have such a unique vision and have come to this antique auction, don’t waste it. I’m not an unidentified person. I’m the vice president of this auction. I’ve been collecting some antiques for so many years, and I still hope to be identified by experts.”

With that, the beard took out his business card and handed it to Xiao Chen.

Xiao Chen glanced at the words “vice president of Wuling antique auction”.

He felt that he had just come to stroll around. Since the other party had such a sincere invitation, he would no longer refuse, so he said to his beard, “then lead the way.”

When the beard heard Xiao Chen promise, his face immediately showed a happy look.

“OK, brother. This way, please!”

Under the leadership of his beard, Xiao Chen and Wang Han walked a long way, and then came to a small room beside the auction house.

As soon as he entered, Xiao Chen saw all kinds of ancient calligraphy and paintings, jade and porcelain piled up on the ground.

It seems that this beard is indeed a collection of good things.

“Brother, I forgot to introduce myself to you. My name is Tang Taihao. I’m the vice president of the auction. This is our special invitation membership card. You take this card. After you buy something at the auction, you can get some subsidies, which is also a small benefit of our auction.”

Tang Taihao said, and then put a card plated with thin gold into Xiao Chen’s hand.

“Take it.” Xiao Chen put the card in Wang Han’s hand.

He doesn’t care about such petty profits, but he can’t show that he seems to be a local tyrant with special money. Taking it is also a kind of respect for the auction.

Wang Han never dreamed that he was followed by such an unusual person. The original task given to him by Jianshi was to let him see Xiao Chen make an embarrassment. Call him over when necessary.

But now Xiao Chen's performance, where still needs Jian Shi to appear? He can play around the whole auction venue by himself, but he is as comfortable as a fish in water.

"You these things. If I guess right, you should have picked up all the leaks." Xiao Chen made a conclusion after observing Tang Taihao's collection.

"Ha ha, you can see it. Yes, I picked up all the things here. There are a lot of things left over at each auction. I bought some that I saw too much." Tang Taihao smiled a little embarrassed.

"Well, this bottle is not bad. It should be a high imitation and worth tens of thousands. How much did you buy it?" Xiao Chen picked up a very delicate blue and white porcelain bottle in front of him and said.

"What? Gao imitation? It's impossible. Are you wrong? I bought it for 200000. At that time, the seller said that it was celadon from the Yuan Dynasty." Tang Taihao took the bottle with a face of flesh pain and said.

"Yuan Dynasty?" Xiao Chen smiled.

"The celadon produced in the Yuan Dynasty is not so delicate. Look at the pattern and the base, including the internal lines, are quite smooth. How can people in that period be able to make it?"

"Ho!" Tang Taihao couldn't help sighing.

"There's also this Buddha bead. The relic is imitated. How about it on the market? You can buy it for thousands of yuan." Xiao Chen said and picked up a string of crystal clear Buddha beads.

"What? You... You said this was only a few thousand dollars?" Tang Taihao opened his mouth wide.

“That’s right. Look, how can the real relic be so smooth and there are no impurities in it. Although the relic was burned by the eminent monk after his death, the eminent monk is also human. The small beads produced after his death will also have impurities.”

Xiao Chen said and threw the Buddha beads to him.

Tang Taihao just checked up.

“This... This is a fraud. It cost me more than 100000, but only a few thousand!” Don felt his heart bleeding when he was too Haughton.

“Oh, and these paintings. Look, even the words printed on them are engraved incorrectly. Now there is still a gap between the level of these imitators and the original.” Xiao Chen said and shook his head.

After hearing this, Tang Taihao immediately felt the darkness in front of him. Just fall down.

“Ah! Mr. Xiao Chen, vice president Tang fainted!” Wang Han hurriedly shouted.

Xiao Chen looked back at Tang Taihao, so she took out two silver needles and stabbed Tang Taihao twice on his head.

In fact, he injected a trace of jade into Tang Taihao’s body.

After a while, Tang Taihao woke up.

Seeing Xiao Chen in front of him, a big man burst into tears.

“It’s over, it’s all over! My collection is all fake! How can I live for the rest of my life!”

Xiao Chen was helpless. So I took another look at the things in the room, and then I found a porcelain Guanyin in the corner.

So he carefully picked up the porcelain Guanyin and put it in front of Tang Taihao and said, “vice president, you should not lose this, and you should make a lot of money. How much did you buy it?”

After taking a look at the porcelain Guanyin, Tang Taihao thought for a long time before he remembered: “this was a seller in rags. He was in urgent need of money and sold it to me in tens of thousands. At that time, I suspected that he had been cheated.”

“Congratulations. It’s worth tens of millions.” Xiao Chen smiled.

The God Of Medicine Son-in-law Chapter 222

“You... What did you say? Ten million? Just such a small porcelain Guanyin?” Don Tai Haughton had a feeling of coming back from the dead.

Without even being helped, he stood up directly.

He took the porcelain Guanyin in Xiao Chen’s hand with great care.

“This is not from our country. It should be the statue of Manjusri Bodhisattva in ancient Thailand, that is, Siam. It is of high collection value. If it is seen by knowledgeable people, it is estimated that it will give a higher price.” Xiao Chen is very indifferent.

It seems that even tens of millions of babies have nothing special in his eyes.

“Great! Great! Big brother is so divine. Please come and have a look at my collection. It’s true that there’s nothing wrong. Can you see if there’s anything else genuine?” Tang Taihao is not in the least flustered now.

I didn’t expect that a porcelain Guanyin I bought by mistake was so valuable.

Now, even if he lost the rest, he still made a net profit of several million. This is not a small amount.

Xiao Chen carefully observed the collections inside again. In Tang Taihao's expectant eyes, he shook his head and said:

"No, only this porcelain Guanyin is genuine, and all the others are fake. In addition to this celadon bottle and the two pieces of jade over there are worth some money. Everything else is almost like waste."

"Well." Tang Taihao was slightly disappointed, but he still held the porcelain Guanyin like a baby.

"Well, after reading it, I'll go." Xiao Chen said and was ready to turn and leave.

Tang Taihao hurriedly stopped Xiao Chen and said, "brother, it was agreed to see one hundred thousand. There are almost ten here. I'll give you 1.5 million. What do you think?"

Seeing his insistence, Xiao Chen still felt that this man was quite honest, so he nodded and refused.

Tang Taihao quickly took out two cards and said, "it adds up to just 1.5 million. The password is six eights. Thank you, brother."

Then he put the card in Xiao Chen's hand.

Xiao Chen received the money and felt a little uncomfortable in his heart, so he pointed to the distance and said, "the picture over there is quite valuable for collection. If you have money this year, you can buy it. The bottom can rise by millions next year."

Tang Taihao quickly looked back and found that Xiao Chen was referring to the "map of summer resort" that someone had been shouting before.

"Thank you, brother. Are you a native of Wuling? Where do you live? I'll visit your house in person someday!" Tang Taihao quickly thanked him.

“That’s not necessary. I’m not from Wuling. I’ll meet you on this one side. I won’t say much else. See you in the Jianghu!” Xiao Chen said and left with Wang Hanyang.

Tang Taihao looked respectfully at Xiao Chen’s leaving figure. I couldn’t help muttering, “I’m really an expert in the world! I’m lucky to meet this time in my life!”

With that, he quickly wrapped the porcelain Guanyin, put it back in its place, and then trotted all the way to the direction of the map of summer resort over there.

“Mr. Xiao Chen, since you know that the price of this painting will rise next year, why don’t you buy it yourself?” On the way, Wang Han asked curiously.

“The most important thing in collecting antiques is the state of mind. What I need is not to exchange antiques for money, but to buy the antiques I really want. For example, although this painting is not the authentic work of Tang Yin, it is the authentic work of another painter of the Ming Dynasty, and its value is not less than ten million.”

Xiao Chen’s tone was quite plain, as if he were talking about something that had nothing to do with himself.

“You said that this painting is worth tens of millions of dollars? Didn’t you deceive the seller by saying that earlier?” Wang Han was shocked.

“I said it at that time. What I said was that the painting is not the authentic work of Tang Yin. I didn’t say there is any problem with the quality of the painting itself. I offered one million, and the other party was willing to sell it to me. What’s the problem?” Xiao Chen asked.

Hearing Xiao Chen say this, Wang Han feels that he can’t find any problem, but he always feels that there is something wrong. Since he knows the original value of the painting, he will kill each other once.

In case the other party reacts. It’s likely to come after the painting with a machete.

After all, this is a price difference of as much as nine million. What is the concept of nine million?

Even buying a house in the center of Wuling doesn't cost so much money.

And now it's gone by Xiao Chen.

"Mr. Xiao Chen, since you don't like collecting, why did you buy this painting?" Wang Han asked again.

Xiao Chen was a little impatient. How did he feel that Jianshi arranged a curious baby around him?

So he said in a cold voice, "there are some things you don't understand. Don't keep asking. Look more and talk less, you know?"

Wang Han immediately shivered and knew what he said that should not be said, which annoyed Xiao Chen.

"I'm sorry, Mr. Xiao Chen. I really haven't seen anything in the world. Please forgive me if I say something wrong."

"Well, I'm not an expert. I just read more books. You don't have to look at me too high. Just chat with me normally." Xiao Chen said and walked to the front again.

Although Xiao Chen said so, Wang Han didn't dare to talk casually now. Otherwise, it may annoy people again later.

At that time, if Jianshi comes to trouble himself, it will be miserable.

After visiting the calligraphy and painting area, Xiao Chen came to the jade area. Originally, he had no idea. Suddenly, he remembered that he had been out for so long and should bring some gifts back to his two women.

So they began to choose in the jade area.

Soon he found a pair of jade Guanyin, which was quite good. Just walked in front of the seller, a fat body pushed him away.

Xiao Chen turned around and found that it was no one else who pushed him away. It happened to be Yuan Jia who met in the clothing mall that day. Behind him was still the beautiful woman.

As the saying goes, the enemy's road is narrow. Xiao Chen didn't expect to meet these two people here.

After Yuan Jia glanced at Xiao Chen, her eyelids jumped.

"Oh, your boy is here? Why, come and pretend to be rich? Are you qualified?"

"It's a little better than some rich second generation who can only gnaw at the old." Xiao Chen snorted coldly.

"What are you talking about!" Yuan Jia immediately became angry and wanted to catch Xiao Chen's collar.

Of course, Xiao Chen wouldn't let him succeed so easily. He stretched out his left hand and clapped it at a very fast speed. Yuan Jia immediately felt a force clapping on his body and retreated for several steps before stopping.

The God Of Medicine Son-in-law Chapter 223

"Young master Yuan Jia, this is not a place to fight. We'd better not have the same experience with this boy." The woman helped Yuan Jia up and said.

Although Yuan Jia can't swallow the evil spirit in his chest, he also knows to be flexible. This is really not a place to fight. If there is a conflict with Xiao Chen here. Their yuan family's business will be affected.

“Hum, you’re just a local rich man from the countryside. There’s nothing comparable to a child of a big family like me. Talking to you is insulting my identity.” Yuan Jia said, tidying up her clothes.

Xiao Chen thought it was funny. It was like a child fighting when he was a child. If you can’t fight, it’s the same as suppressing the other party with a sense of superiority in other aspects.

But now neither of them is a child. Yuan Jia is afraid of causing any trouble in this game. Xiao Chen is not afraid. He dodges and comes to Yuan Jia again. With one punch, he directly hits him into the air.

The woman immediately attacked Xiao Chen.

She is wearing a dress now, so as soon as she raises her feet, Xiao Chen can see the spring light on the inner side of her thigh. Suddenly, his face is a little unnatural.

However, he avoided the woman’s attack by siding, and then said to the woman, “I don’t know what your relationship with this waste is, but I advise you not to work hard for him, otherwise there will be no good end after all.”

But the woman didn’t seem to hear her. Keep jerking your feet.

Xiao Chen had no choice but to order a few times on her leg. The woman immediately felt her leg numb, and then her center of gravity was unstable and fell directly into Xiao Chen’s arms.

She continued to want to do it again. Who knows, a burst of jade Qi on Xiao Chen directly controlled her.

The two held each other in an extremely ambiguous position. Or Xiao Chen hugged the woman.

Now as long as Xiao Chen lowers his head at will, he can see the snow white exposed by the woman at a glance, so Xiao Chen quickly pushed her away, then put his clothes on the woman and said, “Miss, we have no grievances and hatred, I don’t want to be bad for you. Please take care of yourself.”

Then he left with Wang Han.

Yuan Jia struggled to get up from the ground at this time, while the woman stood in place and stared at the direction Xiao Chen left.

“Butterfly, how are you? Didn’t that beast hit you hard?” Yuan Jia said and came to the butterfly.

The butterfly quickly took Xiao Chen’s clothes down, held them in her hand and said:

“I’m fine. Young master, are you okay?”

“I’m fine. This guy doesn’t know what martial arts he’s practicing. He’s fast, but I’ve also practiced. I won’t be hurt by him so easily.” Yuan Jia said and patted himself on the chest.

But immediately he cried out in pain, and then he looked at Xiao Chen’s back.

“I must make you die!” Yuan Jia secretly made up his mind.

“Let’s get out of here first. Find a place to heal you.” Butterfly said and held Yuan Jia.

Hearing “healing”, Yuan Jia’s face suddenly showed an obscene smile.

“OK. Let’s find a place to heal.”

When leaving, the butterfly also took a look at the direction Xiao Chen left. His eyes are full of complexity.

“Mr. Xiao Chen, it’s good that you didn’t really fight there just now, otherwise you’ll be in trouble.” Wang Han was very glad to see Xiao Chen stop soon.

“Oh? Are there any rules here?” Xiao Chen looked at him and asked.

“Yes, this rule is unwritten. You can’t do it here. Even the people of the largest family in Wuling dare not do it here. Doing it means disrespect to all others, and the consequences are very serious.” Wang Han nodded.

After listening to him. Xiao Chen didn’t feel much about it, but she understood why Yuan Jia didn’t dare to do it with herself.

Xiaoyin went to the jade auction and didn’t buy any other jade objects.

When I came to a stall. Many people gathered there. Wang Han was very curious and gathered around.

Just then, a small ball suddenly flew out of the crowd and fell into Wang Han’s hand.

He was surprised and threw the ball away like an electric shock.

But as soon as he threw away the crowd, he turned around.

Seeing that he threw the ball away, everyone looked at him with a strange look, just like looking at a fool.

Wang Han was very flustered. He didn’t know what to do now.

Xiao Chen stepped in front of Wang Han, stood with his hands down and asked, “what’s going on?”

Out of the crowd came a woman in a cheongsam.

Her hair is like a waterfall, her breath is like orchid, her eyes are looking forward to it, her face is like peach blossom, her neck is beautiful, her skin is like curd, her steps are like stepping on a swallow.

Xiao Chen was slightly stunned after seeing it, but he immediately recovered his face and coughed twice: "Miss, what do you need us to do when this little ball fell on my friend?"

"Of course, you are very lucky. You are qualified to buy these two treasures at a 20% discount." The woman stretched out her jade finger and pointed to the two pearls on the counter over there.

After seeing the Pearl, Xiao Chen's first reaction was: when did the Pearl become an antique?

The second reaction was not him, but the jade pulse in the Dantian reacted. He felt the powerful power contained in the Pearl and was immediately excited.

Xiao Chen suppressed the excitement of Yu Mai and slowly approached the two pearls.

"These two pearls were obtained from the palace of the king of Loulan after the collapse of the ancient city of Loulan. They are invaluable. Now you are lucky to get a 20% discount and can consider buying them." The woman's voice is charming and charming. It seems that she wants to directly drill into Xiao Chen's heart and occupy an area belonging to her.

Xiao Chen secretly said that this woman is extraordinary. Even if he has become a jade pulse and can completely control his mind, he still feels that he can't control it after meeting her.

However, his performance was quite natural and didn't look at the woman more.

Other men around had already swept the woman back and forth.

Although the pearl is indeed precious, it can't be compared with the great beauty. The Pearl will be bored one day. If the beauty can be accompanied by her, she won't feel any regret even if she wants to see the king of hell tomorrow.

Wang Han was also stunned at this time and involuntarily walked to the woman's face.

“Miss, how much is this pearl? If the price is right, I’ll buy it.” Wang Han asked while wiping his saliva.

The God Of Medicine Son-in-law Chapter 224

The woman couldn’t hide her smile on her face and gave Wang Han a pretty wink.

“This gentleman has the right of 20% discount. The original price of these two pearls is 50 million. If you want to buy them, you only need to pay 40 million.”

Wang Han now felt that his bones were soft under her eyes, but he could only be daunted to hear that the two pearls were so expensive.

“Well, sir, do you want to buy it?” The woman still smiled at Wang Han.

Wang Han didn’t know how to answer her for a moment. He didn’t have so much money. But in front of so many people, it was really difficult for him to speak, just when he hesitated. Someone has spoken behind him.

“Miss mengruo has already started. I’ll pay \$60 million to buy these two pearls. What do you think?” A slightly feminine man came out.

“Childe Chu you!” There was a sigh in the crowd.

The visitor is no one else, but Chu you, the eldest son of the second largest aristocratic family in Wuling city.

The industry of the Chu family occupies almost half of the whole Wuling city. Many people in Wuling city know that among the people living in Wuling, half of their jobs are given by the Chu family.

From this sentence, we can see how big the whole industrial chain of Chu family is. More importantly, the background of the Chu family is also quite deep. Even Kyoto has some of their forces.

Now that Childe Chu you comes forward to bid, it means that the Chu family has a crush on the Pearl. Of course, it may be that the drunken man's intention is not wine, but that this Yimeng is not impossible.

Hearing Chu you's bid so high, Yi mengruo giggled and laughed.

"Childe Chu you is really generous. He added ten million to my family at once. My boss can't give me a good reward when I go back?"

"Miss mengruo, I have been chasing you for two days. You have been avoiding me. Today, I just take this opportunity to buy this pearl and let Miss mengruo have two drinks with me, isn't it too much?"

Chu you said, his eyes constantly scanning the snow-white part of Yi mengruo, and he was also secretly swallowing his saliva.

When the crowd around heard this, someone immediately sighed.

"Rich people are good. Spend \$60 million just to have a drink with beautiful women. Hey, if I have money, I'll do the same!"

"60 million, what kind of woman do you want? Childe Chu you can really play!"

.....

"Childe Chu you is really funny. Everyone knows that I've always been a performer but not a prostitute, and Childe Chu you can't help but take risks. I'm a black widow who once killed three husbands."

Yi mengruo said and looked at Chu you with a smile.

Hearing this, the people around took another breath. Of course, some of those present knew Yi mengruo, but some didn't know. Now some people still sigh when they heard her say so.

How can a beautiful woman become a black widow?

However, some people still don't believe it and think it's yimengruo's deliberate deception. In this way, most men can only stay away.

"I'm just drinking, chatting and talking about life with Miss mengruo. I won't disturb miss mengruo's life. In this way, I won't be able to kill me. Moreover, Chu you's been hard since I was a child and I'm not afraid of these."

Chu you patted his chest and said.

"It turns out that you are just a frivolous person, childe Chu you. In that case, if I would rather not have this ten million yuan, I would also be willing to find a man with true feelings."

Yimengruo suddenly has a cold face.

"This..." Chu you didn't expect that Yi Meng would come to this hand. He was speechless and didn't know how to take up the conversation.

Just then, a figure stood up and said to Yi mengruo, "miss mengruo. I'll pay 100 million for these two pearls."

"One hundred million!"

Everyone looked at the source of the voice and saw Xiao Chen standing in front of Wang Han, just in the middle of the whole crowd.

"Isn't this boy a bad brain? Look at his dress. He doesn't seem to be able to make a hundred million people."

"I can see he's crazy. I guess I saw a beauty like miss mengruo trying to force him up."

“100 million, if he can give 100 million. Then I can give a billion!”

A contemptuous comment came from the crowd. Xiao Chen didn't care, but stared straight at the two pearls.

“This gentleman, you and that gentleman should be together. Even if you want to buy, you can give a 20% discount. The valuation of this pearl is only 50 million, and you pay 100 million. Doesn't it seem that I'm blackmailing you?” Yimengruo persuasively.

“I'll give 100 million. Since it's a 20% discount, it's 100 million after the 20% discount.” Xiao Chen stretched out his finger and waved.

“Mr. Xiao Chen, are you all right? What you're talking about now. But 100 million! That's not a small amount!” Wang Han reminded Xiao Chen behind his back.

Xiao Chen looked back at him with a slight smile and said, “do you think I'm like someone who has something to do? You don't have to talk. Just wait on one side.”

What else did Wang Han want to say, but he thought that he had annoyed Xiao Chen before, so he had to step aside.

“I said, Mr. rag, have you loaded enough? You think your family is printing money? Casually, it's 100 million. Do you know the concept of 100 million?” Chu you goes up to question Xiao Chen.

“What does it have to do with you if I give my money?” Xiao Chen glanced at him faintly, and then looked at Yi mengruo, as if waiting for her reply.

“You!” Chu you was a little angry, but he couldn't lose his demeanor in front of Yi mengruo, so he held his hands and said, “well, since you pay 100 million, take the money and I'll help Miss mengruo test it.”

“The money is not yours. Why should I give it to you?” Xiao Chen said coldly.

“What are you talking about? Boy, don’t give you a shameless face!” Chu you clenched his teeth.

“If you want to compete, you’ll bid. If you don’t compete, get out!” Xiao Chen stopped looking at him.

Hearing what Xiao Chen said, Chu you was really angry this time. He didn’t expect that Xiao Chen dared to be so arrogant in front of him.

The ashes of a man who was so arrogant in front of him last time don’t know which piece of land they were scattered on.

Today, he didn’t bring enough money. He bought a very important calligraphy and painting with 200 million in his hand according to the order of his family. Now he can only use 80 million.

Xiao Chen came up and asked for a price of 100 million, and it was after a 20% discount. This is equivalent to paying more than 120 million to depress his price.

Obviously, it is impossible for anyone present to shout a higher price.

The God Of Medicine Son-in-law Chapter 225

“Well, you’re fine. I remember you, boy. I’ll watch you give the money now. If you can’t get so much money, you’ll wait to be beaten into meat!” Chu you retreated into the crowd.

Yimengruo was also worried now. She looked at Xiao Chen and was quite calm. She didn’t expect to do things so recklessly, so she confirmed again: “sir... Are you sure you want 100 million to buy these two pearls? Don’t think about it any more?”

“No one’s asking. Then swipe your card.” Xiao Chen took out his black card from the world bank.

Originally, he didn’t want to use this card, but for such a large amount, only this card can be swiped out. He found it troublesome to take too many other cards at once.

Hearing Xiao Chen's words, people around him were all tucking up. They wanted to make complaints about it, but what did you mean by "one hundred million"? Or a 100 million discount.

Who dares to call? Even Chu you can't call now.

As the daughter of the president of the antique auction, yimengruo has seen hundreds of millions of transactions. But in general, hundreds of millions of things will not pass through her hand.

After all, things that can sell for hundreds of millions of dollars are treasures among treasures, which are unparalleled in the world. Now it's not easy for her to put out the 50 million pearls. She didn't expect that the amount of her life transaction would be refreshed by Xiao Chen here.

a hundred million! This number is the pursuit of many people all over the world. In this way, Xiao Chen easily said it, and it seems that it can be easily taken out.

Yi mengruo trembled slightly and took the card in Xiao Chen's hand. When she saw the unique gold sign on the card, she was dumbfounded. This is the world bank's supreme card with less than ten in the whole territory of China.

Although the breath revealed by Xiao Chen in front of him is some extraordinary, he is not the one who can have such a card.

Took the card and brushed it on the special machine.

The machine immediately broadcast a number: "collection, 100 million yuan!"

The sound was not loud, but the eardrums of those present were slightly painful.

Chu you is even included. Of course, he is not envious of Xiao Chen's money, but can't believe that Xiao Chen can come up with so much money.

After swiping the card, Yi mengruo quickly wrapped the two pearls in a very exquisite box, and then walked to Xiao Chen's face, holding the pearls in one hand. Holding a black card in one hand, he smiled at Xiao Chen and said:

"Please take your things, sir."

Xiao Chen nodded, quietly put away the card and box, and then turned to leave.

"Are you leaving like this, sir?" Yi Ruo didn't look at her for the first time.

"After the transaction is completed, if I don't go, do I still stay for dinner?" Xiao Chen stopped and asked.

Hearing this, the surrounding crowd suddenly became angry. This is simply insulting their goddess, yimengruo. It's really unbearable!

"Boy, if Miss mengruo talks to you, please take a good attitude to me. Don't think it's great to have two stinky money!" A big man immediately stood in front of Xiao Chen and said.

Seeing this, Xiao Chen couldn't help laughing: "Oh, I thought Wuling antique auction was a high-end and high-grade activity. It's just so at first sight. When I bought something, someone stopped me. What's the reason?"

Although Xiao Chen was telling the truth, Yi Meng felt a little weak when she heard it, but her cultivation was also excellent, so she said to the five big and three thick man:

"That eldest brother, please make way for this gentleman. We can leave the antique auction in Wuling after buying something."

"Yes. I listen to miss mengruo." When the man saw that Yi mengruo had a conversation with himself, he couldn't help showing a happy face and immediately made way for Xiao Chen.

“Well, everyone, my pearls have been sold. I should go and prepare things there. I hope to see you at the jade auction at 9 o’clock.” Yi mengruo once again threw a wink at the people, and then left with lotus steps.

“Hey, miss mengruo...” Chu you still wanted to say something, but yimengruo left without looking back.

“Mr. Xiao Chen, you are really an expert in the world. You’re so secretive that you didn’t expect to be able to stand up to 100 million. It’s really high! You didn’t see the expressions on the faces around you when you paid. It’s much better than watching a movie.”

Wang Han kept patting Xiao Chen’s Rainbow fart.

“Well, I still need you to keep this secret. Don’t talk to anyone. I’ll give you benefits later.” Xiao Chen said to Wang Han very calmly.

“Of course. This is your private affair, Mr. Xiao Chen. I will keep my mouth shut and don’t need any benefits.” Wang Han pounded his head like garlic.

“Yes.” Xiao Chen nodded and saw that there was a jade necklace in front of him, so she went over and had a look. It is found that these necklaces are extraordinary. They are all treasures of the Tang Dynasty.

There are two necklaces with strange energy fluctuations.

“You two, do you want to see our necklaces? Our necklaces are absolutely authentic. They are treasures left over from the Imperial Palace during the Tang Dynasty. They are priced at 10 million and 1. The one with the highest price is preferred.” The shopkeeper of the counter immediately introduced it.

“Baby is a good baby, but is the price a little high?” Xiao Chen whirled his chin.

“Sir, you are a knowledgeable person. These necklaces are worth more than 10 million yuan. Go and see other treasures of the Tang Dynasty. Which one doesn’t start with tens of millions of yuan. If you like it, I’ll suffer a loss and give you a 10% discount?”

The shopkeeper seemed to have made a great determination.

“In my opinion, it’s very good for you to buy these for 10 million yuan. I think it’s expensive for one more point.” Xiao Chen shook his head slightly.

“What are you talking about? Ten million necklaces? Why don’t you grab them? If you don’t sell them, do you want to love them?” The shopkeeper immediately turned his face. Obviously, Xiao Chen pressed the price too hard.

Just when the shopkeeper turned his face, Xiao Chen said again: “shopkeeper, I know it’s not easy for you to get these things. However, should you also consider clearly the origin of these things? I paid 10 million and took the risk for you. Isn’t it worth it?”

Hearing this, the shopkeeper was stunned, immediately recovered his face and said, “what are you talking about? I’m doing serious business.”

The God Of Medicine Son-in-law Chapter 226

“Shopkeeper, if you put out calligraphy and paintings of the Tang Dynasty, or porcelain of the Tang Dynasty, I wouldn’t think it’s strange, but what you put out is a jade necklace of the Tang Dynasty. Do you know it’s very rare in our country.”

Xiao Chen deliberately amplified his voice, and someone around him immediately looked at him.

The shopkeeper was a little out of his pocket, so he came to Xiao Chen and whispered, “brother, stop talking. How about five hundred thousand necklaces for you?”

“As I said earlier, 10 million, I’ll buy it all.” Xiao Chen’s voice is still very flat.

“Brother, don’t be too good at being a man and doing things. You will be punished.” There seems to be a threat between the shopkeeper’s words.

“I’ve given you a lot of face. If I tell the truth, I won’t get the necklace, but you may have bad luck.” Xiao Chen ignored the shopkeeper’s threat and remained calm.

The shopkeeper knew that Xiao Chen saw some doorways at a glance. So he bit his teeth and said, “ten million is ten million!”

Xiao Chen took out the card, and then the shopkeeper forced out a smile and wrapped it for him.

Seeing the shopkeeper’s very dissatisfied expression, Wang Han was still worried. After walking away, he asked Xiao Chen, “Mr. Xiao Chen, what way did you just see coming?”

Xiao Chen put his back on his hands and said in a very casual tone, “have you ever been in contact with someone who is fighting upside down? Or is it called tomb robbing on your side?”

“I haven’t touched it. Is there anyone else doing this job now?” Wang Han is a little strange.

“Of course, no matter in which dynasty or generation, someone will do it. The necklace seller just fell down.” Xiao Chen explained.

“Ah? You can also see that I don’t feel any difference between that person and others.” Wang Han couldn’t help admiring Xiao Chen. He could even see this kind of thing.

“Of course, there are many factions fighting upside down. The one who just moved the mountain should belong to the faction. All his hand joints have been deformed, and his thumb is thicker than ordinary people. It is obvious that he has been trained since childhood.” Xiao Chen seemed to be telling a story.

“So it is, or do you observe carefully? I just focused on those treasures.” Wang Han sighed.

“And don’t touch those necklaces. There are some unclean things on them.” Xiao Chen reminded.

“Ah? Mr. Xiao Chen, why didn’t you say it earlier? Then I’ve met it now. What should I do?” Wang Han was so frightened that his face became a little pale.

Xiao Chen turned to look at him and said faintly, "you're all right now, as long as you don't directly touch those necklaces."

Hearing what Xiao Chen said, Wang Han was relieved, but he quickly wrapped the jade necklace to make sure he wouldn't touch them.

I've bought everything I should buy now. Xiao Chen began to wander aimlessly around the whole venue and unknowingly came to the porcelain area. There were obviously fewer people here than in the jade, calligraphy and painting area.

Xiao Chen looked at it casually and found that there seemed to be a lot more fakes here than in the first two areas. He couldn't help frowning slightly and asked Wang Han, "didn't you say that the things on the whole auction were verified by several masters? Why are there so many fakes here?"

"I don't know the specific situation. If Mr. Xiao Chen finds out about it, you can go to the previous Vice President or president to respond. I think it should have a certain effect." Wang Han finished, and his expression was also strange.

Xiao Chen knew this thing after reading it. He may not know it. Asking him doesn't have much effect.

So I stopped shopping in porcelain and went back to the calligraphy and painting area.

Soon came the formal auction link, and the time seemed to be different in each region. So almost everyone can see the whole auction process.

Xiao Chen looked at the time and estimated it. He knew that he would stay here all night.

Being idle is also idle. Just go to the auction.

At the edge of the venue, those dignitaries were seated in front.

Those who have no seats will solve it by themselves. A circle around the venue is OK as long as they can see the venue, because everyone knows that they can't afford the things to be auctioned next.

Because of what can go to the auction venue. At least 10 million starting price.

Xiao Chen just came to the side of the meeting, Jianshi saw him, so he quickly asked someone to arrange a seat for him.

Those present naturally know Jianshi. Seeing that Jian Shi was very respectful to a man dressed so ordinary, they all took a high look at Xiao Chen.

Chu you is also in his seat and sees that Xiao Chen has something to do with Jian Shi. Only then did I understand the reason why Xiao Chen dared to be so arrogant.

However, it is impossible for Xiao Chen to forget the fact that he threw his face in front of so many people. Even if he has a good relationship with Jian Shi, the Chu family, as the second largest family in Wuling, still has a way to make Xiao Chen live better than die.

Just as Xiao Chen was sitting down, Chu you had arranged for someone to secretly take a picture of him. Tonight, he would let Xiao Chen kneel in front of him and shed the shame of being insulted in public.

Xiao Chen naturally noticed that someone was staring at him in the dark, but he didn't care. Now he already had the jade pulse. When he went back, he absorbed the power of the two pearls. Maybe the jade pulse could grow a lot again.

In this way, as long as it's not the God of war level character. Xiao Chen didn't have to be afraid at all.

"Mr. Xiao Chen, how do you like it? Do you like anything good? I have prepared something I think is good for you." Jian Shi smiled and said to Xiao Chen.

Although he is laughing, he is actually demonstrating with Xiao Chen, which means: I have vision and can understand goods, but you have no vision. I don't know the goods, so I prepared something for you, but you didn't prepare. That's the gap.

Then Jian Shi snapped his fingers. The driver who had followed them to the laboratory took out a gift box and put it in front of Xiao Chen.

“Mr. Xiao Chen, open it and have a look!” Jian Shi looked confident and authentic. He was still very sure of his vision, and he thought this treasure would surprise Xiao Chen.

Xiao Chen didn't speak after listening, so he opened the gift box directly.

Suddenly, a burst of color light came out, and then a jade Buddha appeared in Xiao Chen's hand.

“Mr. Xiao Chen, you see this is not bad. I've traveled all over the audience to choose it for you.” The smile on Jianshi's face became stronger.

The God Of Medicine Son-in-law Chapter 227

Xiao Chen looked at the Jade Buddha and nodded slightly.

Although the Jade Buddha is quite exquisite, it is only cast in modern times, so the value of collection is not high. It is quite good to have a million.

“I wonder how much brother Jian spent on this jade Buddha?” Xiao Chen asked.

“This is a little of my heart. How vulgar it is to talk about money.” Jane stone smiled. But then he said, “it's not too much, just two million.”

“Two million. Brother Jian bought it at a loss.” Xiao Chen said calmly.

“Lost money?” Jian Shi was a little surprised. In his opinion, the Jade Buddha was worth more than its value. He spent two million to buy it. In the future, it will not be sold at this price, but now Xiao Chen even says that he has lost money.

"I wonder what you think, Mr. Xiao Chen?" The smile on Jane stone's face is still there.

He felt that Xiao Chen was just playing a fat face. Xiao Chen didn't understand how to estimate the value of these antiques.

However, Xiao Chen's words immediately changed his mind.

"Brother Jian, although the Jade Buddha is exquisite in quality and exquisite in carving, it's a pity that it's not made by a master, and the color of the jade on the outer layer is not deep enough. It's estimated that it's a modern collection, which is not well preserved and has been worn out, so the value of the collection is really not high."

Xiao Chen then put the Jade Buddha in front of Jianshi and said:

"If brother Jian doesn't believe what I just said, you can check it. Or let a professional person do the appraisal."

Jianshi looked at the Jade Buddha in front of him and was speechless. He didn't expect Xiao Chen to see so delicate that he could see the age and wear and tear.

However, he didn't really believe what Xiao Chen said, so he snapped his fingers at the former driver:

"A Qiang, help me find master Zhao Yuankun to have an inspection and see if it's what Mr. Xiao Chen said. If so, get the Jade Buddha seller back for me."

"Yes!" Ah Qiang in black picked up the Jade Buddha and went down.

Jianshi then smiled and said to Xiao Chen, "I didn't expect that Mr. Xiao Chen is not only so superb in martial arts, but also has a lot of research on these antiques."

Xiao Chen smiled and said, "just know something."

Xiao Chen has been with Xiao Qingyuan since childhood. Xiao Qingyuan has this hobby, so the ink about antiques in his stomach may even exceed medical skills.

Xiao Chen never mentioned these things to anyone. Because he didn't think it was a particularly boastful thing.

And Xiao Qingyuan told him to do things with a high profile and be a low-key man since he was a child, so he didn't think how great he was and kept his low-key attitude all the time.

But this simple stone seems to have some competitive mind. So I always want to find some weakness of Xiao Chen and let him make a fool of himself.

But now it seems that Jianshi's heart also whispered. If the Jade Buddha thing Xiao Chen just said is really the same, he would have miscalculated. Instead, Xiao Chen gave him another limelight.

In a short while as like as two peas, he came running over the Jade Buddha and gasped and breathed, "the mayor is really the same as Xiao Chen's, and Zhao seems to think that this jade Buddha's value is very low. Maybe eight hundred thousand is high."

Jian Shi's face sank immediately after hearing this. He said to a Qiang, "then hurry down and send someone to catch the man who just sold the Jade Buddha. How dare you sell fake goods at the antique auction!"

Xiao Chen was quietly watching Jian Shi give orders and didn't say anything.

But now he is very clear in his heart that there should be more than one person selling fake goods at this antique auction. Many of them are fakes and imitations.

It's just that there are fewer jades, calligraphy and painting, while there are many porcelain.

Although he didn't understand why there were so many fakes at such a serious auction, he wasn't very interested in it, so he didn't go into it.

After Jianshi finished his command. He quickly showed a flattering smile and said to Xiao Chen:

“I’m really sorry, Mr. Xiao Chen. You see, I just wanted to give you a better gift in good faith. I didn’t expect to meet a liar. Fortunately, you have golden eyes, or we’ll lose money.”

Xiao Chen waved his hand and said, “it’s nothing. Thanks to brother Jian’s care when I come to Wuling, there may be more things in the future. Sometimes brother Jian needs to solve them. It’s good if you don’t mind the trouble. I bought a painting for brother Jian this time.”

Then Xiao Chen motioned Wang Han to bring up the picture.

Wang Han carefully handed the painting to Xiao Chen.

Xiao Chen opened the painting directly and put it in front of Jian Shi.

“This is the authentic work of Tang Yin, the picture of a hundred birds facing a phoenix?” Jianshi was shocked.

Although he didn’t quite understand the painting, he could still recognize Tang Yin’s name in the corner of the painting.

Xiao Chen couldn’t help shaking his head and laughing when he heard him say this: “brother Jian is afraid he is wrong. You are looking carefully.”

With that, he turned the picture upside down.

“This... Isn’t this the Phoenix? It’s really the authentic work of master Tang Yin. There’s something else.” Jane stone’s face showed a very excited look.

“No, it’s not the authentic work of Tang Yin. It’s a painting left by a not famous court painter in the Ming Dynasty, but his artistic conception is far beyond Tang Yin.” Xiao Chen said faintly.

“You said, beyond master Tang Yin’s paintings?” Jianshi was surprised again.

So he picked up the painting and looked at it carefully. Then he nodded in shock:

“Indeed, the artistic conception of this painting has reached an unprecedented height. It’s not too much to be called the first painting of the Ming Dynasty. It was painted by an unknown court painter. Fortunately, it has been preserved.”

“Well, it’s really a miracle to be preserved, but this is also the artist’s intelligence. The reason why he didn’t use his own seal, but Tang Yin’s seal, is to preserve his paintings as much as possible so that future generations can see his efforts.” Xiao Chen also nodded.

“How much did Mr. Xiao Chen spend on this painting?” Jian Shi took the painting for a moment and couldn’t put it down.

Hearing this, Xiao Chen smiled faintly and stretched out his right index finger.

“Ten million? Even ten million is worth it.” Jianshi was slightly surprised.

But Xiao Chen shook his head.

He immediately wondered, then widened his eyes and said, “did Mr. Xiao Chen spend 100 million?”

The God Of Medicine Son-in-law Chapter 228

Jianshi immediately put the painting away and said, “it’s too valuable. Mr. Xiao Chen should take it by himself. I can’t afford it.”

Xiao Chen still shook his head and said, “brother Jian thinks too much. How can I spend so much money on this painting? Although it is really precious, it is not the hand of a famous master after all, and it is estimated that it will not reach this level in the outside market.”

Hear Xiao Chen's words. Jianshi immediately had some doubts, and then he thought of a number. The voice was uncontrollable and said, "did Mr. Xiao Chen only spend a million?"

"Exactly." Xiao Chen nodded and replied.

"High! It's really high!" Jian Shi couldn't help giving Xiao Chen a thumbs up.

This time he was completely convinced. Unexpectedly, Xiao Chen could pick up such a big bargain.

This is equivalent to making at least millions, and the other party may not know it.

While Jianshi was talking, someone below noticed him. Seeing the words in their hands, they immediately muttered.

"Isn't this a good picture of a hundred birds and a phoenix called by shopkeeper ma? It's said that one million yuan was sold to an unknown boy. Now it seems that it's not the case."

The speaker is the good friend of shopkeeper Ma, shopkeeper Chen. They and shopkeeper Zhu, who sells antiques in the porcelain area, are called the "three old auctioneers" of the antique auction.

Of course, this does not mean that they are old. Although they are all a little bald, their age is around 50, which is still a distance from the real elderly.

Mainly because they have been selling things at the auction house for the longest time, so this title is given to them by other players.

Of course, they also have a certain reputation. Most people dare not pit them here, and they have never sold fake goods for so many years.

Now shopkeeper Chen was filled with indignation when he heard that someone seems to have cheated his good friend here, so he quickly left his seat and went to shopkeeper Ma, who prepared his collection under the stage.

Shopkeeper Ma is actually angry about his painting. Of course, he didn't know the real value of the painting. He just felt that the painting had ruined his reputation that he had never sold fakes.

Next, he has two more paintings to be auctioned on the stage. Now he doubts whether his paintings can be sold. After all, the previous event still has a great impact on his reputation.

"Shopkeeper Ma! Shopkeeper Ma! I have something very important to tell you!" Shopkeeper Chen shouted as he ran.

Shopkeeper Ma saw him coming. Then he greeted him and said, "what's the matter with shopkeeper Chen

"Shopkeeper Ma, you've been fooled. Do you remember your previous picture of birds facing the Phoenix? The boy can see the way inside. In fact, it's also a famous painting, and its value may rise compared with the original." Shopkeeper Chen said.

After hearing this, the horseshoe cupboard patted his thigh and said, "I knew there could be no problem with the painting. Indeed, I was cheated by this boy. Let's take me to him!"

Seeing this, shopkeeper Chen hurriedly went up and advised, "you can't go, you can't go! The boy doesn't know where he came from. He sent the painting to mayor Jane. Now mayor Jane is estimated to have accepted it."

Shopkeeper Ma was immediately angry. He said with hate: "this boy can even offer flowers to Buddha. I'll go to deputy mayor Xu Da to comment tomorrow!"

"Yes, that's what I mean. When we invite vice mayor Xu Da to come forward, we'll take care of it, so we don't believe that the boy doesn't recognize it. Then let him pay for some mental loss, and my brothers can have another drink." Shopkeeper Chen said with a smile.

“Well said. Well said, that’s it. I’ll go to see vice mayor Xu Da early tomorrow morning.” Shopkeeper Ma is also happy.

Now the burden in my heart has been put down, and the painting can not only be taken back, but also make a small profit. It is estimated that anyone who puts this thing on will be happy. Now shopkeeper Ma is almost singing in a minor tune.

Jian Shi took the painting and didn’t like it for a while. After all, the value is there. Although his wealth is also very rich. However, this ten million yuan is also a lot. Xiao Chen gave it to him directly. He felt that he still didn’t dare to ask for such a big gift.

Xiao Chen saw him hesitate. So he pushed again and said, “brother Jian doesn’t have to have too much psychological pressure. I only spent a million dollars on this painting. I’ll just send a million dollars. Take it.”

Hearing what Xiao Chen said, Jian Shi knew that if he refused again, it would be hypocritical, so he nodded and said, “well, I’ll take this painting first. Of course, if Mr. Xiao Chen wants to take it back at any time, I can give it back to you.”

“Brother Jian is really funny. What’s the reason for returning the things sent out? Unless it’s brother Jian, you despise me Xiao Chen and don’t want this painting.” Xiao Chen smiled softly.

“Since Mr. Xiao Chen has such a good eye, let me broaden my horizons in the next auction.” Jian Shi said and looked at the stage.

Xiao Chen touched his nose and said, “I dare not say something like opening my eyes, but I can recognize some things.”

“Don’t be modest, Mr. Xiao Chen. I’ll wait and see!” Jane stone sat upright.

The next two hours are calligraphy and painting auctions.

The whole process is quite simple. The above sellers show their collections and then give the price. There are two treasure masters who give a market price. As long as someone likes it, they will buy it.

During this period, Xiao Chen asked Jian Shi to buy two works, one is painting and the other is calligraphy.

The painting I bought is not a famous one. It is not very meaningful for commemoration and collection. According to Xiao Chen's estimation, it is absolutely possible to more than triple the price in five years.

Jianshi quite believed Xiao Chen's eyes, and the word seemed nothing special. Even many people in the presence secretly laughed at Jianshi.

"What's the matter with Mayor Jane? Why does he even collect such bad words? These words are just written by a small person. They are useless no matter how long they are collected!"

"Yes, I don't know what he thinks."

"Anyway, he's not our local. If he loses, he'll lose."

.....

Hearing the people below say so, Jian Shi's heart is still somewhat uncomfortable. However, Xiao Chen asked him to buy it, so he bought it. Now Xiao Chen didn't speak.

So he had to wait for Xiao Chen to explain to him later.

The God Of Medicine Son-in-law Chapter 229

Xiao Chen saw what was on Jian Shi's mind, so she said, "brother Jian, don't worry. You'll definitely make a lot of money if you buy this pair of words. Let someone have a glass of water. Just cold water."

Jianshi saw Xiao Chen talking and ordered someone to bring some large glasses of water.

“Mr. Xiao Chen, here comes the water. What do you want to do?” Jane stone stood up and handed him the water cup.

Because Jianshi also belongs to the VIP at the auction. Therefore, the position where he and Xiao Chen are located is quite spacious, and there are various wooden platforms in front of them.

So basically, you can do anything here.

Of course, they are all serious things. No one wants to do anything improper at the auction venue.

In this way, Xiao Chen took the words in his hand. Then he took out a glass of water and poured it directly on the words.

It’s not just Jane stone who is stupid, but other onlookers are stupid.

Chu you laughed and said sarcastically:

“This man is really crazy. He buys a picture and then destroys it. I appreciate it, but I think this behavior is still very stupid.”

Although other people didn’t say anything, it was because they wanted to give Jane stone face.

Jian Shi is also confused now. He doesn’t know what medicine Xiao Chen sells in the gourd.

But Xiao Chen didn’t speak. Then he took another glass of water and threw it all on the paper.

“Mr. Xiao Chen. What are you doing?” Jianshi stared at him with wide eyes.

Although Xiao Chen generally doesn't play cards according to the routine, and Jian Shi has seen it, now it seems that he still can't understand Xiao Chen's behavior.

A good picture. Even if it is more valuable, it will be destroyed?

Just when everyone was ready to see Xiao Chen's jokes. Xiao Chen spoke to Jian Shi.

"Brother Jane, have you ever heard of the power through the back of paper?" Xiao Chen looked at him with a smile.

"Through the back of a paper? Isn't this an allusion from the famous calligrapher Yan Zhenqing?" Jane stone nodded.

"This picture is the work of master Yan Zhenqing in his later years. It is only because it has been destroyed by various kinds for many years, so later generations want to keep it, but it is self defeating. The ink on it is not the original work of master Yan Zhenqing, but his technique is left in the paper!"

Xiao Chen said and handed the paper to Jianshi.

"This... This is really true. Sure enough, there are some handwriting!" Jane stone picked it up and looked at the moonlight.

"The genuine work of Yan Zhenqing! How much is it worth!"

"Great!"

"This man's eyesight is too good! You can see it!"

.....

The following immediately discussed again.

“Mayor Jane! Mayor Jane!” Suddenly, an old man’s voice came from behind.

As soon as Jian Shi looked back, it turned out that it was Luo Zhongyang, the treasure master who had just been on the stage.

“What’s the matter with Luo Lao?” Jianshi put away his smile and asked.

“Well, I have no pursuit in my life. I especially like Yan Zhenqing’s calligraphy. Can you transfer the one in your hand to me? I’ll pay a high price!” Luo Zhongyang said.

Jian Shi listens. Suddenly I had an idea in my heart.

Luo Zhongyang is a famous treasure appraiser in Wuling and a rare national treasure appraiser in Wuling. In the antique world of Wuling, it can be said that he is a leading figure. If we can get some relationship with him. Some of the things I have to deal with next in Wuling are much simpler.

“Look what you said. Since it’s a word that Luo likes, how can I take advantage of others’ danger as a younger generation? Well, I’ll give it to you at the original price. What do you think?” Then he motioned to Luo Zhong to take away his words.

Many people are surprised to see that Jianshi is so generous. People in Wuling like bold and generous people.

Jian Shi is the mayor transferred from the capital. In many ways, it is incompatible with the customs of Wuling. Now it seems that Jianshi is not as stingy as they think.

On the contrary, he was very generous. The authentic work of Yan Zhenqing was identified if it was true. Then it’s worth tens of millions at least.

When they bought it, the price was 500000, but now they sell it back at the original price. In the face of such a big temptation, Jian Shi can even keep his expression unchanged and give it to Luo Zhongyang.

After receiving the words, Luo Zhongyang couldn't wait to open it and have a look. He was so excited that he said, "it's true, it's true! And it may be the one lost!"

Hiss~

Once this sentence came out, everyone was in an uproar. If it was the lost word, the value should at least double.

"Mayor Jane, do you really resell it to me at the original price? It's too expensive. Why don't I give you a market price?" Luo Zhongyang was almost excited to cry.

For a man who has been obsessed with Yan Zhenqing's calligraphy all his life, such a picture is almost unexpected to come to his own hand. Now, take it in his own hand.

What a feeling is this? What could have only appeared in a dream has now come true. What could not have been obtained in a lifetime has now been obtained, and it still doesn't cost much.

It's like those people who go to buy lottery tickets every day and suddenly find that they won five million in the lottery for two yuan yesterday. It's hard to say!

"No, this word has no value in my hand. Only in Luo Lao's hand can we give full play to his value and carry forward our excellent culture!" Jian Shi has the style of instructing the country and mountains when he speaks.

He is an excellent mayor and knows that it is most appropriate to say such words at this time, because everyone will think he is particularly righteous, so his reputation will be improved a lot.

Seeing that Jian Shi was so proficient in these weights, Xiao Chen was a little disgusted. However, this was the reason why he followed Xiao Qingyuan to practice in the mountains. He was not very cold about these secular things.

However, although he was disgusted with Jian Shi's behavior in his position, he felt it was understandable. After all, he is now the mayor of Wuling, so it is necessary to take the opportunity to win over the people.

Luo Zhongyang heard Jian Shi's words and immediately bowed respectfully to him.

Jianshi smiled when he saw his performance. He knew that his strategy was very successful this time.

Even if Luo Zhongyang knows that he is trying to win over people, he can only do so. After all, it is his lifelong pursuit and he has no choice.

After everything was over, Jianshi threw a grateful look at Xiao Chen.

The God Of Medicine Son-in-law Chapter 230

Xiao Chen's face was very calm. These things didn't mean much to him.

So no matter what Jian Shi's mind is, he just wants to do his own thing well. Now he comes to the auction and takes part in it seriously. He has no other ideas.

At this time, Jianshi was completely in awe of Xiao Chen from his heart. It can also be said that he was conquered by Xiao Chen's talent and bearing.

At first, when Hua Qiye gave him orders to follow Xiao Chen, he was still somewhat unconvinced. Because he has never heard of Xiao Chen's name.

Although it was the person named by major general Hua Qiye himself, in his opinion. They are just people who rely on the prestige of the Chinese family to dominate Wuling.

Xiao Chen was really surprised when he showed his skills, but it's not strange to think that the Hua family was originally a general's family and that there were several martial arts friends.

Later, Xiao Chen came to the government building to work with him. In fact, he is also testing Xiao Chen. Unexpectedly, Xiao Chen won't become a female at a young age and is not interested in his two secretaries.

He also paid close attention to the people's livelihood in the development of Wuling. Next, when traveling outside, Xiao Chen showed the kind of respect for the heroes of his ancestors that he had never seen before.

And that kind of expression can't be pretended. If Xiao Chen really pretended, it also shows that Xiao Chen's acting skills are very exquisite. At least he didn't show any flaws in front of the countless mayor.

He came to the auction to embarrass Xiao Chen. Unexpectedly, Xiao Chen was so proficient in antiques, which really surprised him.

But now Xiao Chen has done him another big favor. If he is still dissatisfied with Xiao Chen, he will feel that he is not a person.

"Mr. Xiao Chen, I'm here to solemnly apologize for the previous incident. I'm really a gentleman's belly with a villain's heart. If you're unhappy, I'll do whatever you want. I'll never frown!" Jian Shi said to Xiao Chen very sincerely.

A Qiang on one side came up and said, "Mr. Xiao Chen, I had other views on you before. Please punish me!"

Xiao Chen didn't speak in a hurry, and then said with a faint smile:

"I know all this. It's human nature that you will have some ideas about me. Now you all realize your mistakes. That's enough. In fact, I came here to experience, so I'm glad you can make trouble for me."

Hear Xiao Chen say experience. Jian Shi and a Qiang looked at each other and could probably guess that Xiao Chen was probably a top expert and a disciple of an unborn strong man, so they quickly apologized again and said, "I'm so sorry, Mr. Xiao Chen, we misunderstood you because we have no eyes!"

“Well, needless to say, it’s over. Don’t mention it again in the future.” Xiao Chen said goodbye to his hand.

Jian Shi and a Qiang nodded quickly and stopped the topic.

At this time, it’s also the time for jade display.

The show hasn’t started yet. There are many people who are already boiling with blood.

Some people even shouted out like going to the live concert of some movie stars: “miss mengruo, I love you! Just like mice Love Rice!”

“Miss mengruo, you are an angel coming down to earth! I love you so much that I want to cry!”

“Miss mengruo...”

Xiao Chen felt goose bumps on the ground when he heard these numb words. He found that yimengruo’s popularity was so prosperous.

But isn’t this an antique auction? Together, these people don’t come to see antiques, but beauty?

When Xiao Chen thought of this, he couldn’t help being a little unhappy. Such a person without awe came to such a scene, which somehow tarnished the meaning of these antiques.

However, all this can not be controlled by him. He is not a saint, and there is no need to ask others to be saints.

So this mood was soon calmed down by Xiao Chen.

With three beauties in cheongsam on the stage, the atmosphere of the whole auction house seemed to be ignited in an instant. It seems to have reached a climax.

Among them, the most eye-catching and gorgeous is naturally yimengruo.

Xiao Chen couldn't help looking at her while sitting in the stand. Of course, he just saw that Yi mengruo's legs and feet seemed to be a little abnormal. Slightly tilted.

However, this matter seems to be well covered up by her, so ordinary people still can't see it.

Just as Xiao Chen stared at her legs, Yi mengruo's eyes also stayed on Xiao Chen's face.

Now seeing Xiao Chen staring at himself, Yimeng couldn't help laughing.

Secretly, Xiao Chen is still a man. He will still be moved when he sees himself. He was just covering up when he bought pearls there.

With her smile, the crowd below suddenly boils again.

"Miss Mengru smiled!"

"She must have smiled at me!"

"Fuck you! She's smiling at me!" The man who stopped Xiao Chen said loudly.

Because he was so strong, no one dared to go on when people heard him speak.

After discovering the disease of yimengruo, Xiao Chen took back his eyes. He suddenly felt a little strange. There seemed to be some special breath on yimengruo that attracted him. Why did he stand so far and notice that her legs and feet were uncomfortable?

But then Xiao Chen didn't think much anymore. He always followed the belief of letting nature take its course. No matter how much he thought, it was not as good as the development of everything.

Fate and destiny, if you don't believe it, is false. There is a saying that planning depends on man and success depends on heaven.
