The God Of Medicine Son-in-law Chapter 231

If Yi Meng glanced at the whole audience, of course, his attention was still on Xiao Chen's side.

She found that Xiao Chen didn't look at her at this time. Instead, he looked at several jade articles on the field.

Yimeng ruoton began to doubt whether his charm was not enough, and Xiao Chen stopped looking at her.

But once she didn't do anything else, her clothes didn't change, and her expression didn't change.

But she doesn't worry so much anymore. After all, antique auctions are held only once every three years, and the valuation of two auctions on the field is more than 100 million. So she dared not neglect it and immediately began to announce the first auction.

"Now it's the first piece of jade. It's the jade sweat BMW in my hand. The master's valuation is 12 million. The reserve price of the on-site auction is 5 million, and each increase should not be less than 500000. I hope you can increase the price more." Yi mengruo said and threw a wink at the audience.

Suddenly, the whole audience was jubilant, but when it came to the real price, most people were still more rational. After all, the money was their own. If Yimeng wasn't, it would be good to have a look.

On the contrary, those cheering people have little purchasing power, and the main auction objects of these jades are these Wuling celebrities sitting in the stands. Of course, several are from other places.

"Five and a half million!" A middle-aged man in a black coat raised his card.

"Six million!" In addition, the Yellow robed old man who leaned aside also raised his card.

In this way, the price of this jade sweat BMW has been asking for 11.5 million. Bought by an old man in a green shirt.

Jian Shi saw that Xiao Chen had been silent, and his heart was more or less anxious.

In the previous auction of calligraphy and painting, he was in accordance with Xiao Chen's statement, so he made money and human feelings.

Now he still wants to continue what he just did.

After all, people's hearts are not enough. Snakes swallow elephants. No one will feel that they have received too few benefits.

Now Jianshi is completely loyal to Xiao Chen. Naturally, I want him to give me more benefits.

"Mr. Xiao Chen, these jade articles are all good treasures. If we can be the same as before, I really want to thank you again." Jane stone showed a flattering expression and said to Xiao Chen.

Who knows, Xiao Chen waved his hand and said, "this jade is still different from other antiques. There are few identification errors, and the general identification errors are that the price is too high. So you hardly need to shoot this."

When Jianshi heard this, the hope in his heart was dispelled. Since there is nothing to shoot, just look at the beauty.

But Jian Shi didn't have much interest after reading it, of course not because he is not a normal man. But he knew that imoro's nickname was "black widow".

He still doesn't dare to provoke such a woman, and the man behind her is not a very easy to provoke.

In this way, the jade articles on the stage are photographed one by one, and the price is generally similar to the valuation. Of course, it is also a little floating.

“Now is the penultimate auction. Please look here!” Yi mengruo made a very delicate gesture, and what she was referring to was a jade wrench.

“The origin of this jade trigger is unknown. However, the jade used is a rare green purple jade, and the specific year is unknown. The master estimates it at 80 million, the starting price is 50 million, and the price increase each time shall not be less than 2 million!”

After yimengruo’s introduction, someone immediately raised the card.

“Childe Chu you’s offer: 52 million!”

Chu you holds his hands confidently. This is the treasure the old man told him to take. Although he can’t see any way, since his grandfather told him, he is bound to win.

He investigated everyone present. Except for Xiao Chen, no one’s family power can match him, and Xiao Chen has spent 100 million to buy two pearls before, so it’s impossible to have money to compete with him.

He was thinking. A voice rang through his ears.

“Non Wuling, Xiao Chen, bid: 100 million!”

“What? 100 million?”

“Who is Xiao Chen?”

“Is he crazy? The market valuation of this jade trigger is only \$80 million. If you pay \$100 million to buy it, you won’t lose a lot?”

.....

Suddenly, most celebrities turned their eyes to Xiao Chen.

Jianshi and others were also very shocked at this time. Unexpectedly, Xiao Chen would suddenly bid.

However, there was no expression change on their faces. Most people saw Jian Shi beside Xiao Chen and turned back their heads one after another.

Know that Xiao Chen's background should be unusual, otherwise he won't attend the auction with Jian Shi.

As soon as Xiao Chen called out the price, she paid attention to his nature and Yi mengruo on the stage. This is the second time she heard this number tonight.

The first time was when the previous two pearls were photographed.

She knows that Xiao Chen has the financial resources. The black card deposit of the world bank is at least 10 billion yuan, but she doesn't know what Xiao Chen wants. Whether it's the pearl or the jade trigger, it's the person behind her who has been identified by famous appraisers in the north and south of the river.

The price can't go wrong, and Xiao Chen's two shouts are 100 million. She still doesn't understand this kind of rich and willful behavior.

According to Xiao Chen's spending method, the money in the world bank's black card will be spent in less than ten years.

But what she doesn't know is that now, not counting others, Liu Nian's novice group pays more than 100 million dividends to Xiao Chen every month. Of course, Xiao Chen won't aim at nothing. He feels the same breath in these jades.

The breath of jade veins, if you buy them back, you can absorb them by yourself at that time. Maybe your accomplishments will break through again, and you can get further away from the legendary god of medicine.

“100 million once!”

“One hundred million two times!”

The host’s voice is long, but there is silence below. No one’s money is scraped by Dafeng. Even if it is, no one will spend money like this. This is simply wasting their own money.

Who can’t get along with money? A thing worth 80 million, who will call 100 million to buy it?

But what everyone didn’t expect was that there was.

“Childe Chu you’s offer: 102 million!”

WOW~

Everyone’s eyes looked over.

Chu Yi’s face doesn’t look good. He doesn’t have enough money to shoot the last one. Now he doesn’t have much money in his hand.

This still includes his own personal money.

Originally, his grandfather estimated that the combined price of the two treasures could not exceed 400 million, so he gave him 400 million directly.

The God Of Medicine Son-in-law Chapter 232

According to his own survey, there will be at least 30 million to 40 million left of the 400 million. Then he can enjoy it for a while.

Now, let alone leave money, even his old capital has to be built in. Now he can't wait to cut Xiao Chen thousands of times. How can such a stupid goods appear? Most importantly, such a stupid goods are so rich.

I'm so angry that I don't know what to say.

Although it's only an increase of \$2 million. But this meaning is already very obvious. I want the jade trigger. If you still rob, you'll have trouble with my Chu family. If something happens at that time, don't blame me for not warning you.

But just when everyone thought Xiao Chen would shrink back because of considering the Chu family behind Chu you.

One voice shocked the whole audience again.

"Non Wuling, Xiao Chen bid: 150 million!"

Hiss~

It's not just money, it's inhuman!

Now in the audience. Someone wanted to take off his clothes and come to Xiao Chen. He showed off his beauty to him and said, "brother Xiao Chen, please, smash me with your money. It's OK to bury me!"

However, no one will really do so, but Xiao Chen shouted out the 150 million yuan. No one will doubt that Xiao Chen is just a nouveau riche. Even if so, such nouveau riche is estimated to be unique in the world.

150 million. What's that concept? I can't imagine that it may be given to an ordinary person to let him be free and easy all day, big fish and meat, young models in the club and so on, crippling people, and it is estimated that there will be tens of millions left.

Now, Xiao Chen said a word. For a little jade wrench, I went out like this.

Looking at his face, he seems to think it's worth it.

Most people now have a conclusion in their mind that Xiao Chen is a madman, a madman obsessed with antiques.

Although Jianshi's face hasn't changed now, he has turned up a storm in his heart.

As the mayor of a second tier city, he has only a fortune of more than 100 million, and Xiao Chen directly paid more money than his fortune for a jade.

How rich is Xiao Chen? Is the family mining?

no Even if it is mining, at least dozens or even hundreds of large and small mines are needed to support Xiao Chen's extravagance.

It's really inhumane. Jian Shi now has an impulse to lose his job and follow Xiao Chen.

Of course, he held back. After all, he is a hard won mayor, and people with money don't necessarily give money to himself. After all, money is someone else's money. It's someone else's until it's in your pocket.

However, no matter how shocked the people present are and how they have all kinds of thoughts and feelings for Xiao Chen, if someone knows that Xiao Chen spent hundreds of millions this night and usually deducted his 30 million salary, it is estimated that he will want to work hard with Xiao Chen now.

That person is Nangong Lengshan. But now he doesn't know where to travel with Bai Qianqian, so he doesn't know anything that happens here.

Yimengruo is no longer surprised, but curious. She has a strong interest in Xiao Chen, not only because he has money, but also because she wants to know why he is so willing to spend money on jade.

She has seen some people who are obsessed with antiques, but they are only obsessed with certain economic conditions, and they are not as crazy as Xiao Chen. You know, real rich people know the truth of small water flowing.

Use up all the money at once, when there is no money. You know how painful it is.

And among the people she knows, Xiao Chen is too strange. He doesn't appear on the domestic rich list. Nor did it appear on the world's richest list.

Even if it is a hidden local tyrant, some people will know some news when they come. Although Xiao Chen came with Jianshi, it doesn't look like Jianshi's attitude towards him.

At first, she could even feel Jianshi's dislike for Xiao Chen.

However, she doesn't know the relationship between Xiao Chen and Jian Shi, and she won't speculate anymore. Now the facts are here. Xiao Chen bought the jade trigger with 150 million yuan.

Of course, he also successfully won a glory: "the number one enemy of the Chu family".

Now everyone knows that Xiao Chen is rich and very rich, but no one will be willing to get close to him. Obviously, I offended Chu you here today. Will the Chu family let him have a good life?

At this time, smart people usually choose to book tickets for tonight immediately and rush to the airport as soon as the auction is over. Then fly away from Wuling. Where are you going? It doesn't matter where you go. The farther you go, the better. It's best to go to places where people surnamed Chu can't find Wuling.

However, after Xiao Chen paid the money and took the jade trigger, he still calmly took his place.

Jianshi and others are a little uncomfortable now. They all sit there with a painful face and say nothing.

In Wuling, offending the Chu family is almost like being sentenced to death.

The reason why the Chu family can be so strong is that in addition to doing business well, it goes without saying how many forces there are underground. Everyone knows that serious people can't do so much in China.

There are few brothers on the road. They dare not shout their names.

"Mr. Xiao Chen, why don't you book a ticket and leave Wuling tonight? You can go anywhere. Don't stay here. I'll get things done at the factory. Do you think so?" Jane turned to Xiao Chen.

Xiao Chen's reaction made Jianshi doubt whether his brain had just been blown out by the wind.

"Leave? Why leave? I have to stay in Wuling for some time." Xiao Chen replied calmly.

"Mr. Xiao Chen, as your friend, I must remind you that if I stay in Wuling, even if I am the mayor of Wuling, I may not be able to protect you. The power of the Chu family is not what you think. They are not just doing business."

Jianshi is very solemn again.

The people around also nodded one after another, persuading Xiao Chen to leave quickly after the auction, otherwise he won't have a chance to go.

Xiao Chen nodded and said, "Oh, I know, but I still have something to do when I stay in Wuling. It's just a small Chu family. It's not enough to be afraid."

Hiss~

Crazy, must be crazy! Jianshi and others were silent. It seemed that Xiao Chen was hopeless.

The God Of Medicine Son-in-law Chapter 233

Compared with Xiao Chen thought by Jian Shi and others, there is still a person who is closer to madness.

That's Chu you.

Chu you never dreamed that Xiao Chen dared to quarrel with him, and this move directly added another \$50 million.

"150 million, what a big pen, Xiao Chen." Chu you smiled angrily and said to Xiao Chen in a strange way.

"It's nothing." Xiao Chen still has a light face. It seems that all this is normal and should happen.

"OK, you're fine!" Chu you can't wait to take out a knife and cut Xiao Chen off. That's what makes him happy.

This boy is too special to pretend. It's still installed up to now, but it's true that the knife is not on his neck now.

If the auction is over, you must know what it is called! Chu you thought so. No longer go to see Xiao Chen.

Now the penultimate item in the auction is over, and the rest is the finale of tonight's show, the Ming Wang jade!

It is said that the Ming King Jade was given by a mysterious Taoist before the death of the king Yan of the Ming Dynasty, and then gave the king Yan another life for 20 years. Only then did the later King Yan win the throne.

The Ming Wang jade appears here, and almost everyone wants it.

Although the jade may not be as magical as it was then, it is also the supreme treasure to put it on yourself and add a few more years of life to yourself.

Chu you stared at the Ming Wang Yu. This time he had to buy it back, no matter how much it cost. This is what the old man asked for.

“Finally, I believe everyone should know this treasure. It’s Ming Wang Yu. I don’t need to say more about its value. The starting price is 200 million. You can increase the price at will.” Yimeng Ruo naturally knows the importance of the jade, although she doesn’t know why the owner of the jade wants to auction it.

But it’s not what she should do. It’s what she has to do. Is to auction the jade. The higher the price, the better.

“Mr. Xu’s bid: 210 million!”

“Wang’s bid: 220 million!”

“Vice Mayor Xu Da’s bid: 250 million!”

WOW~

The audience below was shocked again. Unexpectedly, Xu Da, as a vice mayor, had such financial resources.

Xu Da quickly stood up and said, “don’t get me wrong. I’m just helping the people above. I don’t have this blessing.”

“Chu family, childe Chu you bid: 300 million!”

This price comes out. Xu Da could only sit down quietly. Although the source above him was very big, he still didn’t see enough compared with the Chu family. 300 million is his limit.

Chu you looked at the crowd with a gloomy face, and his eyes still stayed on Xiao Chen's face.

At this time, Xiao Chen also kept staring at the Ming Wang Yu, not because of anything else, but the smell on the jade made him a little uncertain. If he was wrong at such a long distance. If you buy it yourself, you'll lose a lot.

After all, you can't spend money like that. Take it easy.

"300 million twice ~"

The host's voice grew old again. Chu you's eyes kept staring at Xiao Chen's face.

"300 million ~" is at the moment when the host is about to drop the hammer.

Suddenly, an old voice came from a corner: "350 million!"

Boom!

The whole audience became a sensation. This time it was not Xiao Chen, but another person. Everyone turned their heads and looked at the old man, but the old man was not a figure in the VIP seat.

So immediately a staff member went up and asked, "old Sir, do you have this money? If you bid maliciously here, you will be legally responsible!"

The old man quietly took out a black card, just like Xiao Chen's, but there was no golden dragon on it. It's printed with a strange pattern.

After receiving the card and checking it, the staff respectfully handed it to the old man.

Then the voice of the host sounded on the stage.

“Non Wuling, qianguanghan, 350 million!”

“The surname Qian? This surname is still very rare. It can’t be someone from a big family in other urban areas or in the capital?”

“It should be. Otherwise, where can I get so much money?”

“It’s really a good play to see. It’s really worth coming to this auction. I can see so many interesting things.”

.....

There are many discussions below. Most people don’t think it’s too big to watch the excitement.

However, after seeing the old man, Xiao Chen immediately made up his mind to buy the Mingwang jade, because he was too familiar with the old man’s breath. It must be his grandfather Xiao Qingyuan. As for why he wanted to change his identity, Xiao Chen now has no time to think about it.

So just as the host’s voice fell and Chu you was ready to raise his card.

Xiao Chen gave his price.

“Non Wuling, Xiao Chen bid: 500 million!”

“Ah? What?”

“500 million! This man is really not an ordinary madman!”

“Cut, people are rich, but Ming Wang Yu can increase life expectancy. If money is gone, you can earn more, and if life is gone, you have nothing. I think it’s worth it!”

.....

The people’s eyes gathered towards Xiao Chen again, and the sign in Chu you’s hand stopped in mid air. If someone noticed him now, he might still feel a little funny.

But now everyone is shocked by Xiao Chen’s \$500 million.

No one, no one will give a high price. What is the concept of 500 million? I can’t imagine it, and no one can imagine it.

Now, the man in front of me, who seems to be only in his twenties, has done so.

“500 million once!”

“Five hundred million twice!”

“503 million times! Deal!”

The falling sound of the hammer was fixed, and the Ming Wang Yu was wrapped and sent to Xiao Chen’s hand.

This time, Yi mengruo sent it down in person. When he came over, Yi mengruo’s face was full of smiles. His eyes at Xiao Chen were like the rising tide of autumn water, and his eyes kept looking at him.

Even so, Xiao Chen still calmly took over Ming Wang Yu, and then carefully put it away.

When Xiao Chen released his breath again to explore Xiao Qingyuan’s figure, he had disappeared without a trace, even if there was no trace of breath left.

It was as if this man had never appeared on the whole field.

But Xiao Chen was very sure that Xiao Qingyuan appeared to strengthen Xiao Chen's determination to win Ming Wang Yu.

However, Xiao Qingyuan has always been unpredictable. Even Xiao Chen can't guess what he wants.

At the end of the jade auction here, the old man in black robe who just appeared outside stood in the air.

The God Of Medicine Son-in-law Chapter 234

He said faintly to the void, "old evil, come out. I know you're here. Xiao Chen is my grandson. You'd better leave quickly. I won't let you do it to him."

The voice fell, and there was no response. After a while, a little light suddenly appeared from behind the old man in black robe. Then it became an infinite white light, which seemed to be full of the breath of killing, and seemed to be going directly through his body.

However, the old man in black just smiled. The momentum of the whole body suddenly shook, and the scattered white light suddenly turned into powder. One of the white light suddenly changed into a human shape, also wearing a black robe.

But he still wears a black veil.

"Kongming Dacheng! It's really yours, you old man!" Evil Haoyue family, his voice is very hoarse, which makes people feel uncomfortable.

"I said. I won't let you touch my grandson. You'd better go. At least you're also a member of the country. Killing you won't do us any good." Xiao Qingyuan said with his hands on his back.

“OK! For your sake today, spare this boy, but he has offended too many people. Now your own affairs have not been solved, I’m afraid you can’t protect him for life!”

Then the evil bright moon disappeared into the night, as if it had never appeared.

Xiao Qingyuan glanced in the direction of shooting the store and murmured, “child, you are not mature enough now. I hope you can go through these hardships safely.”

After that, his figure disappeared.

After the jade auction, there are not many highlights in the remaining porcelain auction. They are all small competitions. Although there are 30 million vases at the highest price, they are compared with those on the jade side. Still far from it.

At three o’clock in the middle of the night, the whole auction came to an end very smoothly, and Chu you had been waiting for a long time. He informed Master Chu early in the morning. However, Master Chu didn’t make him hurry, but was ready to invite Xiao Chen to talk to them.

“Mr. Xiao Chen, will you go straight back next...?” Asked Jane stone.

He also knew that what he asked was nonsense.

Originally thought Xiao Chen would nod, but unexpectedly, Xiao Chen just smiled and said, “I just offended some people, you go first. There is not much relationship between us, and they won’t embarrass you.”

“Mr. Xiao Chen...” Jian Shi didn’t know what to say for a moment. Although Xiao Chen said nothing wrong, if they did so, they would have some uneasy conscience.

“It’s all right. I won’t have a problem. I promise you.” Xiao Chen patted Jianshi on the shoulder and said.

Jian Shi just remembered that Xiao Chen was the person that Hua would cover for seven nights, so he nodded, and then came to Chu you when he left the stage and said, "this Mr. Xiao Chen. But he is an important person appointed by the oldest star in the country. I advise you to be careful."

Hearing this, Chu you just smiled coldly: "the mountain is high and the emperor is far away. Do you think he Hua can manage to come here? Even if he does, does he dare to brazenly swallow our Chu family?"

Jianshi realized how stupid his behavior was. Didn't it push Xiao Chen to a more sinister point.

So he looked at Xiao Chen very sorry, shook his head and left the meeting.

Xiao Chen didn't rush away. The reason why he didn't rush away was that he was constantly absorbing the power of the Ming Wang jade.

Because he found that the power on Mingwang jade could be absorbed into his body without any refining and guidance.

Moreover, he was even more surprised to find that Dantian, who had not responded for nearly five years, had a reaction at this time. It seemed that he was slowly reunited under the warm care of Ming Wang Yu.

In this way, he not only became a jade pulse, but also could practice another period like Nangong Lengshan after Dantian recovered.

Just when he was happy. A gentle and soft voice came into his ears.

"Mr. Xiao Chen, our president wants to see you." Yimeng came to Xiao Chen with jade steps.

The eyes twinkled with autumn water, which seemed to drown Xiao Chen directly.

Xiao Chen was a little uneasy to be stared at by this woman. "I don't know where the president is now?" he said with a slight smile

“The president is waiting for Mr. Xiao Chen in the Shixiang Pavilion in front. Please follow me.” Yi mengruo wanted to go up and directly take Xiao Chen’s hand.

Xiao Chen quickly dodged, then put his hand behind his back and said, “then miss Lao mengruo will lead the way.”

Xiao Chen’s action made Yi mengruo slightly unhappy. However, she has been wandering outside for so many years. Naturally, her face will not show any flaws, revealing her white shell teeth. She smiled and said, “then please Mr. Xiao Chen follow me.”

As soon as he took two steps, Chu you stopped in front of them.

“Miss mengruo, what do you mean? Don’t you know that I’m inviting Mr. Xiao Chen to our house to talk?” Chu you looked unhappy and said.

“Childe Chu, do you Chu family want to have a conflict with our president? Our president just asks Mr. Xiao Chen to have a chat. After talking, he will naturally let Mr. Xiao Chen out.” Yimengruo’s face was slightly cold.

Chu you looks at Yi mengruo in front of her, remembers the man behind her, bites his teeth and says, “OK. We’ll wait here. I hope Miss mengruo and President Gu can talk faster.”

In this way, Yimeng successfully took Xiao Chen away.

However, it didn’t go far, because Shixiang Pavilion is not far away from the auction venue.

The ten fragrance pavilion was antique. As soon as he entered the door, Xiao Chen saw a woman with big white legs bowing to him in a unified red phoenix pattern cheongsam.

“Welcome Mr. Xiao Chen to Shixiang Pavilion.”

A strange smell immediately penetrated into Xiao Chen's nostrils. Fresh and elegant, making him feel refreshed.

"Xuanlan grass, I didn't expect you Shixiang pavilion to be so big. This one is not cheap." Xiao Chen sighed.

"Compared with Mr. Xiao Chen's purchase of Mingwang jade with 500 million yuan, our small Shixiang Pavilion is just a joke." Yimeng smiled.

Xiao Chen always felt a little unnatural when she saw her charming appearance. The woman was really born with a beautiful bone. Even a man with a firm heart like him couldn't help but be moved.

"When you arrive, our president is waiting for you in front. I won't go in and disturb you." Yimengruo is a little disappointed, if lost.

This woman is so charming. Even an individual can behave like this. A man will fall! Xiao Chen sighed secretly.

The God Of Medicine Son-in-law Chapter 235

After Yi mengruo left, Xiao Chen went to a room in front of him. As soon as he came to the door, the door automatically opened, and there were still two beautiful women in cheongsam to meet him.

"Welcome, Mr. Xiao Chen. President Gu is waiting for you." The two beauties bowed to Xiao Chen one after another. Xiao Chen saw the snow white on his chest clearly.

Xiao Chen immediately felt whether the ten fragrance pavilion was a romantic place. Otherwise, how could there be so many beauties.

There is a slight gap between the interior decoration and the exterior. The paint used on both the wall and the ground seems to be darker. It gives people a deeper feeling.

When Xiao Chen entered the room, he could see a man in dark red sitting on the sofa over there.

“Is Mr. Xiao Chen here?” The voice of a man is very ordinary.

“Yes. Hello, President Gu.” Xiao Chen took the lead in asking a good question.

This is the most basic courtesy. After all, I can buy these jades here tonight. The most important thing is that the ancient president provided the venue.

Generally speaking, the ancient president can be regarded as the real owner here. He can have such a large auction site, and so many upper class people in Wuling abide by his rules to buy the antiques they want. The background estimation of this ancient president is also quite not simple.

“Mr. Xiao Chen, you’re welcome. In terms of seniority, I think I should call you big brother.” There was a slight smile in President Gu’s voice.

Xiao Chen slowly came to him and found that his appearance was also very ordinary. He seemed to be among ordinary people. It was estimated that no one would recognize him.

But there was a unique smell on him. Xiao Chen could feel it as soon as he came in.

Murderous Qi is a very cold murderous Qi. This murderous Qi can only be formed after at least I don’t know how many life and death battles I have experienced outside.

The ancient president in front of us seems to be such a person – an absolutely cold-blooded killer.

“Is Mr. Xiao Chen surprised that an ordinary person like me can control such a large auction and be respected by so many people?” Gu asked.

“A little, but I’m not particularly surprised.” Xiao Chen said with a faint smile, and then asked, “why do you say you want to call me big brother according to seniority? In my impression, I don’t seem to have seen you. This is our first meeting.”

Gu Chensheng nodded and said, "this is indeed our first meeting, but you and I all have the same master. I entered late, and I don't have the title of senior brother and junior brother on this road, so I just call you big brother. It's more practical."

"The same master? You mean..." a trace of doubt flashed in Xiao Chen's eyes.

"Elder Xiao." Gu Qisheng spit out four words.

"What? Are you in touch with my grandfather?" Xiao Chen was a little excited.

He saw Xiao Qingyuan's figure tonight. Unfortunately, he didn't seize the opportunity to stop him.

However, with Xiao Qingyuan's strength now, Xiao Chen is estimated to be difficult to stop.

"Mr. Xiao Chen, don't get excited. I've only met elder Xiao twice. One time, he saved me when my life was in danger. The other time, a week ago, he told me to protect you." Ancient life is very indifferent.

"He showed up tonight, too." Xiao Chen said, with a trace of memory on his face.

"Mr. Xiao Chen, although I don't know the specific strength of elder Xiao, from your current situation, there is still a long way to go to find him." Gu Xiangsheng road.

"Yes." Xiao Chen nodded. He knew that he was still far from Xiao Qingyuan, but there was no way.

After all, the main function of the jade vein he cultivated is medical skill. In terms of force value, it is still not as fast as Nangong Lengshan.

But tonight, my Dantian was repaired by the Ming Wang Yu. After that, I may be able to practice continuously and make up for my defect in the value of force.

“Mr. Xiao Chen bought those three treasures with a lot of money tonight. It is estimated that they are all for cultivation?” Gu asked.

It seems that he should have been with Xiao Qingyuan for some time and still know something about cultivation.

“You can say so. Many of the things I bought tonight are for cultivation.” Xiao Chen nodded again.

“Well, it’s a pity that the price of these auctions has nothing to do with me. We just lose some venue fees, otherwise Mr. Xiao Chen can save a lot of money.” Gu Beisheng seems to have a trace of guilt.

“Are you just here to tell me?” Xiao Chen asked.

“Of course not. I have one thing to ask.” Gu Qisheng said and untied his clothes.

Then Xiao Chen was surprised.

Because there was a very deep knife mark on Gu Beisheng’s body from his chest to his abdomen and then to his lower abdomen. And now Xiao Chen can almost see the internal organs of ancient dead people and so on.

He can’t believe it. Like this, Gu Qisheng is still alive. But connected, he met his grandfather and understood a little.

“Elder Xiao saved my life, but he can’t help it. I heard that Mr. Xiao Chen’s medical skill is quite superb, and may even surpass that of elder Xiao. Therefore, please come here this time. I hope you can treat it. If it is cured, I will thank you again!”

Gu Qisheng said, his eyes shining.

It can be seen that he really valued his injury, and Xiao Chen didn’t care much about what the thank-you gift was.

During the treatment of Banghua Wenfeng last time. He has a deeper understanding of the way of medicine. The benevolence of doctors lies in saving the world without asking for return.

This is what a real doctor should do, not to save people in pursuit of fame and wealth.

“My medical skills and my grandfather have their own merits. Please don’t believe the rumors from the outside world. My medical skills have not reached the so-called state of perfection, and there is still a long way to go.” Xiao Che smiled.

“Sure enough, he is the grandson of elder Xiao. With such a bearing, I believe you can create your own world!” Gu Xiangsheng was a little excited.

“Well, no more nonsense. Let’s start.” Xiao Chen came to Gu Qisheng.

Looking at the shocking wound, he immediately turned the jade pulse and slapped Gu Beisheng on the chest.

“Now I’m helping president Gu improve his regeneration ability. There may be some pain. I hope you can bear it.” Xiao Chen said that the jade Qi of the jade pulse was directly injected into the ancient life.

The God Of Medicine Son-in-law Chapter 236

With the injection of jade gas, a look of pain suddenly appeared on Gu Beisheng’s face.

But he still clenched his teeth. At first, he even endured such pain. Now such pain is nothing to him.

The wound was repaired at a speed visible to the naked eye. Half an hour later, Xiao Chen took back his jade Qi. Gu Chensheng was numb with pain, and his back was wet with cold sweat.

“Well, President Gu. Your old wound has been completely repaired. There will be no more problems in the future.” Xiao Chen said.

“Thank you, brother Xiao Chen!” Gu Qinsheng said that he knelt down and kowtowed to Xiao Chen.

“President Gu, why? I just did what a doctor should do. Xiao can’t bear such a big gift.” Xiao Chen hurriedly went up and helped him up.

“Elder brother Xiao Chen’s words are bad. If the wound is not repaired, I don’t think I will live long. Now you are my lifesaver!” Gu Qinsheng’s ordinary face also showed an expression of gratitude.

“Since you used to be grandpa’s apprentice, we don’t have to say that.” Xiao Chen smiled faintly.

“OK. Brother Xiao Chen, I don’t know what you’re going to do next. The Chu family outside are all staring at you.” Ancient life followed the way.

“How else can I count? I’m going step by step. Now the Chu family really won’t spare me, but I’m not afraid of them. If I really want to start, I don’t know whether it’s me or them.” Xiao Chen said with a flash of murder in her eyes.

Indeed, if the Chu family really wants to annoy him, don’t blame him for being rude. Now his cultivation is not what it used to be. As long as there are no extremely powerful experts here, Xiao Chen is fully confident of defeating each other.

“Elder brother Xiao Chen, I have a secret passage here, which was originally reserved for me. Otherwise, you’d better avoid the edge of the Chu family first. After all, they are numerous and powerful. I’m afraid you’ll suffer at that time.” Gu Qusheng had a worried look on his face.

“Don’t worry. Although I don’t have the profound cultivation as my grandfather, it’s enough to deal with these people. President Gu, you’d better do your own thing. You don’t have to offend the Chu family for me. After all, I’m only here for a short time, and you want to stay for a long time.”

Xiao Chen waved his hand.

“Elder brother Xiao Chen, you’re a little out of touch when you say this. You and I are all the same. No matter what it is, I’ll help you. Since you want to face the Chu family directly, I won’t be a shrinking turtle in ancient life. I’ll go with you!” Ancient life is very heroic.

Although Xiao Chen admires Gu Beisheng’s righteousness and courage, Gu Beisheng is just an ordinary person who has not cultivated anything. Even if he has been instructed by Xiao Qingyuan, he can’t escape alive under the siege of many people.

So Xiao Chen shook his head. Patted Gu on the shoulder and said:

“President Gu, you’d better stay. It’s too dangerous to go here. To be honest, your ability is not enough to face so many enemies. So since I saved your life, I hope you can cherish it. I’ll be fine. We’ll have a long time.”

Hearing this, Gu Wansheng wanted to say something, but seeing the confident smile on Xiao Chen’s face, he nodded and said:

“That’s really a great thanks to brother Xiao Chen. I’ll make an oath here today. In the future, brother Xiao Chen’s business is my business. I’m duty bound to go up the knife mountain or down the oil pot!”

“OK. I remember this. If there is any need in the future, I will come to you!” Xiao Chen also laughed.

The two became good friends at first sight. After chatting a few words, Xiao Chen said goodbye to Gu Qisheng.

When going out, Yimeng Ruo came to Xiao Chen with great concern and said, “Mr. Xiao Chen, why don’t you escape from the secret way arranged by our ancient society? The Chu family here dare not touch us. Isn’t it a sheep’s mouth to go out alone?”

Xiao Chen didn’t know why Yimeng was worried about herself. If she was only interested in her money, she wouldn’t have such a performance. Xiao Chen then smiled faintly:

“Miss mengruo’s kindness was appreciated by Xiao, but I still have important things to do here in Wuling, so I’m really not afraid of a small Chu family.”

Then he strode out of the Shixiang Pavilion.

As soon as I stepped out of Shixiang Pavilion, several strong men in black immediately surrounded me.

“Mr. Xiao Chen, please come to Chu’s house with us!” Headed by a man with sunglasses.

“OK.” Xiao Chen nodded. So under the leadership of several big men, he sat on a Rolls Royce and left the venue of the auction.

Yimengruo looked at Xiao Chen’s back, and her heart, which had never felt anything for so many years, seemed to be a little loose. She didn’t know why. She always felt that she had a familiar feeling when she saw Xiao Chen.

“Mr. Xiao Chen will be fine.” Gu Qisheng suddenly appeared beside her.

“Are you so sure? Why? That’s the Chu family.” Yimeng asked a little puzzled.

“He is not an ordinary person, he is an expert outside the world!” Gu turned and went back to the room.

“An expert outside the world.” Yimeng chewed these four words carefully. Then he turned and went back to his room.

Along the way, everyone beside Xiao Chen kept silent, while Xiao Chen was constantly absorbing the energy from the Ming Wang jade. Every second, he could feel that his strength had increased.

When he was about to arrive at Chu’s house, Ming Wang Yu was almost absorbed. Xiao Chen felt the unprecedented filling of strength in his body. Now he is almost in the strongest state since the disappearance of Ares constitution.

Outside the courtyard of the Chu family, it is more like those palaces of dignitaries and dignitaries in ancient times than the courtyard.

As soon as the gate was opened, Xiao Chen saw that there were more than ten buildings, large and small, all in European style, which looked elegant.

The car soon came to the castle like building in the middle.

Chu you stood outside the castle and seemed to have been waiting for a long time.

Seeing Xiao Chen coming, he immediately showed a smile on his face. There was a cruel light in his eyes. It was obvious that he was dissatisfied with Xiao Chen.

However, this is also very normal, because Xiao Chen not only stole his limelight before Yi mengruo, but also bought what he wanted to buy at the later jade auction.

The God Of Medicine Son-in-law Chapter 237

Clay figurines have three points of anger, not to mention Chu you, a dandy, who has enjoyed superior treatment since childhood. Almost everyone gives him everything for fear that he won't enjoy it.

This is the first time he has been robbed for so many years. He robbed three times in one grab, and he can't attack on the spot. He has to bear it. Now he sees Xiao Chen coming to his house. He has thousands of means to let Xiao Chen lie down and go out of the Chu house.

Xiao Chen didn't show any fear and walked to the castle under the leadership of two big men.

"Wait, search!" Chu you's face was expressionless.

So the big man searched Xiao Chen twice. No other things were found except those jades.

Chu you nodded and took Xiao Chen into the castle.

First, it was a dark road, but Xiao Chen's eyesight was excellent. He could see that all around him were all kinds of small holes and small spaces that could ambush people. At first, it was to prevent someone from sneaking out. Or someone wants to break into the castle.

Xiao Chen had no doubt that if someone wanted to run out of this tunnel like road, he would be directly screened.

After crossing the path, it suddenly opened up. In front of him was a very spacious lawn. Xiao Chen took a general look and determined that this was a golf course, nothing special.

Then I went to a main hall and said it was a main hall. In fact, it was not too big. It just looked magnificent from the outside. After entering, it was still not as spacious as expected.

After Xiao Chen was taken to the hall, an old man with white beard in a high-end red suit appeared in front of him.

The old man has no airs, but gives people a sense of approachability.

"Are you Xiao Chen?" The old man asked.

"You should be master Chu?" Xiao Chen asked.

"You!" Chu you sees that Xiao Chen dares to be so disrespectful to his grandfather, and is about to get angry immediately.

Master Chu waved his hand, motioned him to step down, then looked at Xiao Chen and said:

"You're not old. But you have great courage and financial resources. But you should know the status of our Chu family in Wuling. I have to get those two treasures. Are you provoking our Chu family by buying them at a high price?"

“It’s not that, but that I’m really useful.” Xiao Chen shook his head.

“Oh? You’re useful. What’s your use?” Master Chu looked at Xiao Chen with great interest.

So Xiao Chen directly took out the Mingwang jade whose energy had been absorbed almost. At this time, the Mingwang jade had lost its original luster. In addition to looking like a piece of jade. The original strange smell has disappeared.

“This is... Ming Wang Yu, what have you done to it? Why can’t I feel any difference?” Master Chu was shocked.

“That’s what I’m talking about.” Xiao Chen said and put away the Mingwang jade.

Seeing that the thing he dreamed of had been ruined by Xiao Chen, old man Chu’s face was uncertain at this time. He knew that even killing Xiao Chen now was meaningless.

Ming Wang Yu can’t come back, and if you don’t kill Xiao Chen, where should their Chu family face go? Can someone from outside be able to bully them in front of the Chu family in Wuling?

“I know what you’re thinking. Now if you deal with me, it doesn’t make any sense. If you don’t deal with me, you will lose the face of the Chu family. Am I right? Master Chu?” Xiao Chen said with a very proud smile on her face.

“You are very smart, but smart people don’t live long. Do you think you can get out when you come here today?” Master Chu smiled faintly.

“It’s a matter of saying whether you can go out or not. But now, I have another surprise for you.” Xiao Chen said, suddenly his big hand stretched out, and old man Chu’s body couldn’t help moving in his direction.

“What is this? Are you a cultivator?” Old Chu was shocked.

Seeing this, Chu you immediately shouted, “protect grandpa!”

Suddenly, a lot of people in black appeared around, and Xiao Chen could feel a strange smell flowing on several people. It was obvious that they were martial artists such as cultivators.

People in black are very fast, but no matter how fast they are, they are not as fast as Xiao Chen. Old man Chu was directly carried in his hand by him. Originally, old man Chu also took a gun with him for self-defense.

But after he found himself caught by Xiao Chen. The whole body seemed to be fixed and couldn't move at all.

It is a truth that almost everyone who often takes part in fighting knows that catching a thief first catches a king.

Especially when there are many people on the other side. If you catch the leader of the other party first, most of your men will throw a rat repellent. There is no way for a time.

However, Xiao Chen still underestimated the power of the Chu family.

He had just caught Master Chu. Soon after, he suddenly felt a sense of crisis in his heart.

Hurriedly carried the jade pulse and flew towards the air, but it was still late. An invisible knife light suddenly flashed out and went straight to Xiao Chen with old man Chu's right hand.

Xiao Chen had no choice but to loosen Master Chu first. As soon as Master Chu was loosened, he felt that he could move, and immediately took out his enhanced pistol hidden in his sleeve.

Shoot Xiao Chen directly.

At the same time, several other martial artists and friars also shot together. Suddenly, the position of Xiao Chen was locked by all kinds of breath, swords and snipers.

If it weren't for Xiao Chen's sharp rise in cultivation, it would still be like the original. I guess it's really dangerous this time.

With a few gunshots and a few strange lights flashing, a small explosion occurred at the position of Xiao Chen.

Chu you felt very comfortable when he saw this scene. His grandmother's clothes forced him to be killed at last, which made you arrogant in our Chu family. It's a good death, a wonderful death!

However, the next second, he felt a chill on his neck.

Then Xiao Chen's figure appeared behind him. Xiao Chen directly held Chu you's trachea. As long as he exerted force at any time, Chu you would instantly lose his breathing function and die immediately.

"Don't move! I'm kidnapped now, don't move!" Chu you's legs softened with fear.

This is no joke. He is still young and has so many luxuries that he can't just die.

This time, the invisible swordsman also appeared and stared at Xiao Chen.

The God Of Medicine Son-in-law Chapter 238

"Xiao Chen, you are now in the courtyard of our Chu family. Even if you kill him, you can't run away. Our Chu family just lost a grandson, and you have completely explained it here. You have to consider it clearly." Old man Chu carried his hands on his back and was very indifferent.

"Grandpa, how can you say that? I'm your own grandson. You... You're too ruthless." Chu you looked incredible.

“I don’t want a grandson like you. I can’t do a little thing well. Anyway, I have many grandchildren, and I don’t want you.” Master Chu’s face was still very cold.

Nevertheless, Xiao Chen still saw the deep worry in his eyes, so his hand suddenly tightened, and Chu you immediately screamed like a pig.

“Brother Xiao Chen! Uncle Xiao Chen! Please spare me. I’m just a waste. Please spare me!” Chu you hurriedly begged for mercy.

When you see this scene, you have the courage to put your hand on me. Let me go

“Grandpa, I knew you wouldn’t give up on me!” Chu you immediately felt that he had hope to live.

Xiao Chen, who had been silent for a long time, said:

“I know there are many experts in your Chu family, and your forces are all over Wuling, but I have only one person. Barefoot people are not afraid of wearing shoes. You can kill one by one, so if you really want to deal with me, you’d better consider it clearly.”

After hearing this, old man Chu fell into a long silence. The moves just made by Xiao Chen were actually for demonstration. Now that he has kidnapped Chu you, he is still warning him that if Xiao Chen wants to really start, their Chu family really won’t have a good life.

Compared with them, although the Chu family has a big family and great business, they are just ordinary people. Obviously, Xiao Chen is not very afraid of these pistols, otherwise Xiao Chen has been killed by himself just now.

“Well, what you said is really reasonable. Let’s sign a contract. Our Chu family will never trouble you again, and you won’t be an enemy of our Chu family. How about it?” Master Chu said.

“I’m not interested in the contract. Now let’s make a deal. I know what you want to do with Mingwang Yu. Don’t you just want to live a few more years? You’re suffering from cancer now. It won’t be long before I can cure your disease. The price is one billion and don’t bother me anymore. How about it?”

Xiao Chen was very calm.

“One billion? Are you crazy about money? Even if the Chu family is rich, they won’t give you one billion for no reason!” Chu you immediately shouted.

“If you want to die, just say it!” Xiao Chen said he began to work hard.

Chu you felt that his windpipe was about to break after another minute of strength. He was scared to pee and his face turned a little white.

“OK! I promise you!” Master Chu quickly promised Xiao Chen.

Xiao Chen loosened some of her fingers and said, “you can arrange a room for me. Go first and I’ll treat you, but you have to get ready first.”

“No problem. I’ll arrange it now. Don’t hurt you.” Master Chu said and made a phone call.

Then I saw a housekeeper dressed in black and white robes hurried to Master Chu.

He handed the ten cards in his hand to Master Chu.

“Xiao Chen, there are billions here. We have professional machines here. You can check them.” With that, Master Chu brushed the machine stuck aside. It immediately showed eight digits.

It’s exactly 100 million, which is the upper limit of general savings card storage.

After seeing this, Xiao Chen nodded and said, “I still believe you Chu family can take it out. Now arrange a room for me. You will be a hostage at that time.”

“No problem.” Master Chu nodded.

Then he came to a room. The door was open and the situation inside was at a glance. Indeed, I didn't see any traps or the like. Master Chu went in first and sat down in a chair.

Xiao Chen releases Chu you, then instantly enters the room and closes the door directly.

Chu you sees that he is wet below. He quickly finds an excuse to change a pair of trousers in the house.

At this time, Xiao Chen and old man Chu sat opposite each other in the room.

Master Chu smiled faintly and said, “let's start. You don't want to play any tricks. If I don't go out within an hour, people outside will come in. At that time, you will die without burial.”

Xiao Chen didn't say much, but the running jade pulse was directly injected into the body of old man Chu. Now several parts of old man Chu's body have been cancerous.

Naturally, he knew that his life was not long. The reason why I want to buy Mingwang jade is that I hope to save my life.

Now hearing what Xiao Chen said, coupled with his previous inquiry that Xiao Chen really succeeded in renewing Hua Wenfeng's life in Kyoto, he can only believe Xiao Chen's statement now.

If Xiao Chen can't save him, no one in the world can save him.

As for one billion, that's nothing to him. After he succeeds in renewing his life, he can make more money. If people like Xiao Chen become their own enemies, it's really difficult to deal with. Even the Chu family, who has a great cause, will have a headache.

It's better to make friends with him than this. Maybe you can get other benefits at that time.

Xiao Chen was able to treat all kinds of difficult and miscellaneous diseases when he was still ill. Now he has built a jade pulse, and his medical skills have improved to a higher level. He can almost get rid of the cancer in old Chu's body.

Within half an hour, Xiao Chen received his jade pulse.

Master Chu also slowly opened his eyes.

"Your cancerous parts have been repaired, and now your body is much stronger than before. It's no problem to live for ten or eight years." Xiao Chen looked calm.

Hearing this, Master Chu quickly got up and felt it. He found that his original painful parts were really not painful, and his whole body felt lighter. Even his old cold legs for many years now feel gone.

"Doctor Xiao Chen, I have an unkind request. If you are willing to do it, how about I give you another 2 billion?" Master Chu was not anxious and happy, but arched his hands to Xiao Chen.

"I know what you think. It's impossible for me now. It's not easy to live so long. If I can prolong my life in recent years, I'll talk about it then." Xiao Chen said faintly.

The God Of Medicine Son-in-law Chapter 239

Hearing what Xiao Chen said, Master Chu was also a smart man. Naturally, he understood what he meant.

So he nodded and said, "then wait for the good news of doctor Xiao Chen. If you can really renew my life, the future reward will not disappoint you!"

Xiao Chen didn't feel excited. The Chu family didn't have much value for him. Although there were many experts, Xiao Chen really wanted to escape, and these people couldn't stop him.

Now he does. It's just to reduce their own troubles. The people of the Chu family don't necessarily act decently, but the whole Chu family still supports a lot of workers in Wuling. Xiao Chen also recognized this point.

Without them providing so many jobs, many people will be laid off and unemployed, causing a lot of social problems. In a sense, they have done a good thing.

"Well, the treatment is over. I think old Chu will keep his promise. Give me what he should give me and don't bother me anymore?" Xiao Chen asked.

"Of course, doctor Xiao Chen is now a benefactor of our Chu family. How can I disrespect my benefactor?" Master Chu immediately smiled.

In fact, what he cares about is not Xiao Chen, but what Xiao Chen said. There may be a way to renew his life in a few years. This is another fatal temptation for him. Who would think his life is long?

Of course, the longer he lives, the better. Master Chu enjoys his sense of power and power. He doesn't need to bow to many people in the whole country. On the contrary, he can't help feeling sad at the thought that he will soon come to the end of his life.

Now Xiao Chen has a way to renew his life. He must try his best to please Xiao Chen. Besides, Xiao Chen's background is very unusual. If he pleases Xiao Chen, he may have a relationship with a big man behind him.

Is this a good strategy to kill two birds with one stone?

Old man Chu took Xiao Chen out of the room with a smile on his face.

Chu you, who had been waiting outside for a long time, saw Xiao Chen coming out and immediately waved his hand and issued an order: "kill Xiao Chen! There is a reward!"

So a group of snipers, experts and various bodyguards were ready to shoot Xiao Chen.

Seeing this appearance, Master Chu immediately flew into a rage. Roared: "what do you want? Hmm? Now Mr. Xiao Chen is my great benefactor. If you dare to touch him, I'd better not see you again in Wuling!"

Hearing this, everyone was stunned. After all, old Chu is the main master of the Chu family. Although Chu you is the second-largest grandson, his power and prestige are not as big as old Chu.

So almost instantly, everyone put down their weapons and looked at Xiao Chen very respectfully.

Now it's Chu you's turn to look blankly. Looking at old man Chu, he asked, "Grandpa, did you shake hands with Xiao Chen and make peace? But he stole your two precious jade articles."

"You fart! Mr. Xiao Chen, is that robbery? That's reasonable competition. You usually like to play around. If you don't have enough money that night and lose, blame Xiao Chen? I'll punish you for five days of confinement and lock him up now!" Master Chu immediately ordered.

"Yes!" Several bodyguards on one side immediately came up.

Chu you immediately begged: "Grandpa, I'm wrong. Please don't lock me up! I really know I'm wrong!"

But now Master Chu is really angry. He thinks that Chu you is not enough to succeed but more than fail. He must teach a good lesson.

After Chu you was taken away, Master Chu quickly squeezed out another smile and looked at Xiao Chen and said, "doctor Xiao Chen, do you want to stay at home for a few days? I will make you comfortable here!"

Xiao Chen waved his hand and said, "I have other things to do, so I won't stop. Please give me the money."

Seeing Xiao Chen's indifference, Master Chu was more or less lost. He cursed Chu you in his heart. How could he offend such a living Bodhisattva? I'm still waiting for help!

However, since Xiao Chen has made a request, the old man of Chu will not refuse. He quickly said to the housekeeper: "hurry up, send those ten cards to Mr. Xiao Chen, and in addition, send us the VIP business cards of the Chu family."

"Yes!" The housekeeper nodded quickly. Then he came to Xiao Chen with broken steps.

"Mr. Xiao Chen, here are ten cards. Please keep them. Here are the VIP business cards of our Chu family. Please keep them, too." The housekeeper said and handed a total of one card to Xiao Chen.

Xiao Chen nodded and accepted it, then said, "please send me out."

"OK. I'll send doctor Xiao Chen myself!" Master Chu came to Xiao Chen, made a "please" gesture and said:

"Mr. Xiao Chen, this way, please."

Xiao Chen went out of Chu's house smoothly. At this time, shopkeeper Ma, who had previously suffered losses at the auction, secretly checked outside with his two good friends and found that Xiao Chen was unharmed, and Chu seemed to be very respectful to him.

Suddenly there was some doubt.

"Who is Xiao Chen sacred? I think there was a son of a great aristocratic family in Kyoto who was domineering in Wuling, but he was cleaned up by the Chu family. In the end, the matter was settled. Now Xiao Chen has sinned against the Chu family and came out like a man who has nothing to do?"

Shopkeeper Ma can't believe what he sees now.

"I think this boy is really not easy. Let's forget it. If we offend him, it may be difficult for us to get along in the future." When shopkeeper Zhu saw this situation, he began to retreat.

“In fact, I think the bigger his background is, the more opportunities we have. Don’t you know that elephants can step on lions. But can mice kill elephants? If we succeed this time, we’ll be angry.”

Shopkeeper Chen’s eyes are full of Madness at this time.

“Yes, the boy also cheated my painting. Anyway, we are barefoot and not afraid of wearing shoes. Now he is powerful, but it is a good opportunity for us to start. I agree with shopkeeper Chen.” Shopkeeper Ma nodded.

After listening to this, shopkeeper Zhu also bowed his heart and nodded: “well, we’ll follow the original plan. After everything is done, we’ll leave Wuling immediately!”

“OK.” Shopkeeper Chen said happily.

It is no coincidence that these three people can get together. It is precisely because their personalities are relatively similar that they can finally become three good friends today, but they will regret today’s decision.

The God Of Medicine Son-in-law Chapter 240

Xiao Chen is still thinking about the handling of the factory over there. After all, this is the most important thing he needs to do when he comes to Wuling city.

But now he is ready to go back and absorb the strange smell contained in the jade finger and the two pearls. Now he feels that he has reached a bottleneck after absorbing the power of the Ming King’s jade.

Further up, there seems to be signs of a breakthrough.

Master Chu is also very polite to Xiao Chen now. He learned that Xiao Chen lives in the seven-star hotel in Wuling. It happened to be one of the industries under their Chu family, so they hurriedly called the manager there. Let him treat Xiao Chen well.

After Xiao Chen was sent back to the hotel, the former supervisor suddenly came to receive Xiao Chen with a group of women dressed quite coquettish. Xiao Chen didn't know what had happened, but he refused the supervisor's request to let these women follow him upstairs.

The supervisor saw that Xiao Chen was not interested in these women. He began to doubt whether Xiao Chen was a normal man, so he called back and asked the manager how to do it, because the above meant that we must find someone to arrange with Xiao Chen.

So the manager of the hotel reported the news to Master Chu. Master Chu didn't expect that Xiao Chen was not interested in these beauties. He was a little worried. Now he can't control Xiao Chen. If Xiao Chen leaves Wuling one day, where will he go to find Xiao Chen?

Are you going to ask Hua Qiye?

However, thinking of this, old man Chu calmed down. Everyone will have different hobbies. He believed that Xiao Chen will also have them, so he ordered the supervisor to pay attention to other aspects of Xiao Chen's trends.

At this time, the former housekeeper suddenly said to old man Chu, "didn't Xiao Chen seem to be particularly interested in that Yimeng at the auction? Why don't we pull her over?"

Master Chu was furious and said, "are you crazy? Don't you know we can't provoke that woman? She can socialize with celebrities from all walks of life here in Wuling. Do you really think she just depends on her own face?"

Knowing that he had said something wrong, the housekeeper quickly shut his mouth.

However, after he said that, old man Chu was a little interested. After all, if Yi Meng came to Wuling, there have been constant rumors of affairs with all kinds of big people outside in recent years, but no one can really tell who she has an affair with.

Maybe Xiao Chen really likes it, and it's not necessarily. But this woman is really too dangerous. Master Chu really doesn't want Xiao Chen to touch her.

If you don't have a dream, you might as well find Xiao Ruochen instead.

The night Xiao Chen returned, he received the news from Gu Qisheng. The first thing was to congratulate him on his safe return after entering the Chu family. The second thing was that Yi mengruo wanted to meet him. It is said that there is something important to ask for. What's the specific matter? We still have to wait until Xiao Chen comes.

Gu Chensheng, as Xiao Chen's former classmate, has no reason not to agree to this simple request. It's just that this thing is still a little strange, although Xiao Chen had two contacts with Yi mengruo.

But in fact, it was all unconscious contact, and it was not mainly aimed at her. Although he paid very generously, he could see that Yimeng if the woman's desire for money was not high, and although she had always been quite charming.

But there is always a sense of sadness in his eyes. It feels like I was once broken by someone. Now I no longer believe that there is true love in the world.

She has no need for either. Did you know you saw her sick?

However, Xiao Chen should not have thought about it, although she is beautiful. But she was just an ordinary person. At that time, she only paid a little attention to her legs under the stage. She could not infer that she could see her illness.

As for the matter of helping Gu Qisheng heal the wound, Gu Qisheng should not say it outside. No matter if this Yimeng is not the person around him, he will not say it.

This is Xiao Chen's intuition, because at the moment of entering the Shixiang Pavilion, Xiao Chen can feel that the whole Shixiang Pavilion is actually separated. The reason why Gu Jisheng Yimeng doesn't follow him into Gu Jisheng's room is not just because he is afraid to disturb.

And there is a deeper reason. Xiao Chen doesn't know what it is now. But he didn't want to spend so much time speculating about it.

That night, Xiao Chen still wanted to try to absorb the power of the jade trigger.

However, the power in the jade finger is not as easy to absorb as that in the Ming King's jade. On the contrary, the power in the jade finger is like a sense of fear. Whenever Xiao Chen transports his jade pulse and then probes into it to absorb the power.

A strange thing similar to a protective film will suddenly appear in the jade wrench to stop Xiao Chen's jade Qi from entering and absorb the force.

In this way, Xiao Chen tried all night. Whether it was a jade wrench or a pearl, or the power in two necklaces, Xiao Chen didn't absorb a trace.

On the contrary, he also made himself suffer all night. Although he didn't sleep for a long time as a medical practitioner, he is now running the jade pulse all night, and his jade Qi is also consumed greatly. The whole person's state is not particularly good the next morning.

However, he had promised Gu to die yesterday, so Xiao Chen went out early in the morning. When he came to Shixiang Pavilion again, all the things here had been cleaned up, and all the previous stages, cabinets and all kinds of seats outside had been taken away.

On the contrary, it seems very quiet. Now it's just the morning, and almost no one will come here.

However, when Xiao Chen didn't think of it, Yi mengruo got up early and was waiting for him at the door of Shixiang Pavilion.

Seeing him coming, I couldn't help but show a charming smile.

Xiao Chen was not quite clear-minded because of last night's consumption, and his firm will was slightly loosened at this moment, but he still tried to keep himself calm and didn't think about things he shouldn't think about.

"Mr. Xiao Chen, I didn't expect you to come so early. I thought I would wait here for an hour." Yi mengruo smiled and came to Xiao Chen.

A fragrant wind immediately blew on Xiao Chen's face, making him feel like wandering in the sea of flowers.

Xiao Chen immediately shook his head and said with a smile, "I can't sleep, so I came earlier."
