The God Of Medicine Son-in-law Chapter 251

Although what they said is true, Xiao Chen can still feel that they don't want the factory to be demolished. Otherwise, Xiao Chen wouldn't be invited to talk here today.

"I know what you said. In fact, I came here today to ask about some things. Since child Yuan Feng is also here, I happen to ask together." Xiao Chen thought deeply.

"Of course, no problem. Mr. Xiao Chen, you can raise any doubts. We must know everything and say everything!" Fang Yuchun made a very cooperative expression.

"Yes. As long as we know, we will certainly say it. Mr. Xiao Chen, just say hello." Yuan Feng also replied.

Xiao Chen nodded. Just ready to speak, suddenly came the sound of knocking at the door.

"Excuse me, is president Fang Yuchun there?" Outside was the voice of a middle-aged man.

As soon as Xiao Chen heard it, he knew the voice, not someone else. It was Xu Da, the vice captain of the guard, who had heard the conversation between the two at Jianshi's side before. Suddenly, he wondered why he came here at this time.

"Xu Da, deputy director of the guard, is here!" Fang Yuchun seemed a little surprised, but then he immediately recovered his expression, then hurried to the door of the office, opened the door, looked at Xu Da with a smile and said:

"I don't know the arrival of the vice captain of the guard. It's far from welcome. I hope the vice captain of the guard won't be surprised!"

"President Fang also said that you are an excellent entrepreneur in our city. We praised some of your contributions at the meeting yesterday." Xu Da smiled and said.

Although Fang Yuchun's performance was very good, and even didn't show any flaws, the problem was that he performed too well. Xiao Chen could see at a glance that all this was collusion.

Yuan Feng on one side obviously looked a little bad. Xiao Chen was sure that Yuan Feng didn't come to play with Fang Yuchun. Now it seems that things are going on here in the factory. Xu Da already knows all about it.

Now Xu Da's purpose is very simple. It is estimated that he came for the unemployment caused by the demolition of the factory. If Xiao Chen can't pass this barrier, the demolition of the factory will be in the distant future.

"Oh! Mr. Xiao Chen! Why are you free to come here? It seems that our boss Fang Yuchun still has some thin noodles. But I can't invite Mr. Xiao Chen. Now that you can invite Mr. Xiao Chen." Xu Da was shocked.

"No, I came to learn something from president Fang today, not from president Fang. Besides, I work for Xiao Chen. I always seek truth from facts. If I have any needs, I will find someone who can meet my needs." Xiao Chen glanced at Xu Da and said.

As soon as this sentence came out, it was obvious that he hit Xu Da in the face on the spot. It can also prove that Xiao Chen didn't have a good impression of Xu Da.

Hearing what Xiao Chen said, Xu Da's smile stiffened slightly, but he still maintained an easy-going expression and said, "that's really my problem. I misunderstood what Mr. Xiao Chen meant. I apologize here."

Said unexpectedly to bow to Xiao Chen, Fang Yuchun's eyes also showed some shocked colors.

Since Jianshi took office, Xu Da has never bowed to Jianshi, even if Xu Da made a serious mistake or angered Jianshi.

Xu Da has always been straight in front of the Wei Chang transferred from Kyoto.

Although Xiao Chen in front of him said he had some money, Fang Yuchun didn't find out what kind of power was behind him. Especially on the government side, there are few relations.

He knows Xu Da's temper very well. Unless it's something beneficial to himself, he won't have any idea of bowing his head at all. Sometimes even if someone makes him unhappy, no matter it has nothing to do with him, he will finally punish that person.

Now Xiao Chen is just a newcomer to Wuling. Although he can be regarded as the number one figure, he may also have the support of Jian Shi behind him. But Xu Da's move is enough to prove that the forces behind Xiao Chen are more than that.

Thinking of this, Fang Yuchun's eyes on Xiao Chen have changed. If at first he only admired Xiao Chen, now he is respected and even afraid.

"No, I don't need it. Xu Da, deputy director of the guard, it's a little funny for me to say that. I just do my own thing. If it really affects Xu Da, deputy director of the guard, please tell me."

Xiao Chen said faintly.

"This..." Xu Da bent half and froze again, but his eyes were burning with an invisible anger.

Xiao Chen didn't give him face twice in a row, which has violated his inverse scale, although he knows that there are people like Hua Qiye behind Xiao Chen.

But after all, the mountain is high and the emperor is far away. If his young commander wants to take charge of Wuling, he still has to ask about the meaning of the upper echelons in Kyoto.

Xiao Chen is so arrogant now and doesn't give face. Xu Da has been asked to give him a kill order in his heart.

Xu Da has been in officialdom for so many years. Naturally, he knows that it will be futile to show kindness to Xiao Chen again, so he immediately straightened up:

"Since Mr. Xiao Chen has some prejudice against Mr. Xu, I don't insist. It's a blessing to have a friend like Mr. Xiao Chen. Since I don't have that blessing, that's all."

There is also a sense of loss between his words. If this is a woman, Xiao Chen's mind may change a little.

However, this sentence came out of Xu Da's mouth. There was no fluctuation in his heart. He just looked at Xu Da coldly.

Fang Yuchun also noticed that there was something wrong with the atmosphere and hurriedly made a round of the tunnel: "what's the purpose of Xu Da's deputy guard coming here to find me today?"

After hearing his question, Xu Da immediately took out a document from his briefcase and said:

"This is the document I wrote down with the above instructions. Some of them have problems with some of your industries, and your factory park has been determined to be demolished. Now we are trying to solve the problem of unemployment."

"Really?" Fang Yuchun was not surprised but happy. He hurriedly said, "look, you can come whatever you say. We happen to be discussing this issue."

As soon as Yuan Feng heard this, his face became worse, but he still squeezed out a smile and said, "since there is the above approval, I think it should be demolished soon?"

"No, this time it means that although the factory is to be demolished, it is actually rebuilt and changed into a more environmentally friendly factory." Xu Da looked calm and authentic.

The God Of Medicine Son-in-law Chapter 252

"Into a more environmentally friendly factory? But our factory is actually the least polluted now. What can it be changed into?" Fang Yuchun seems to wonder.

"The main meaning of the above is that your sewage pipe needs to be improved. In fact, the discharged water has reached the international standard, but you also know that Wuling, as a key tourist destination, has high requirements for environmental protection."

Xu Da is very serious.

“Well, since Vice President Xu has said so, I must think of ways to improve more.” Fang Yuchun quickly nodded.

“Just dismantle it.” Xiao Chen suddenly said.

“Demolish it? Mr. Xiao Chen, didn’t you hear what Xu Da, deputy health guard, just said? It can’t be demolished for the time being. How can those workers be resettled?” Fang Yuchun’s face showed an ugly tunnel.

Xu Da didn’t speak. He wanted to see what Xiao Chen thought.

“President Fang, I’m here today. I originally wanted to know what the purpose of the factory was at the beginning of its establishment, but today, it seems that you don’t have this sincerity, and I’m afraid deputy director Xu Da has another intention to come at this time?”

Xiao Chen said and glanced at Xu Da again.

“Xiao Chen, don’t push an inch!” Xu Da was already a little impatient at this time.

He didn’t expect that Xiao Chen wouldn’t give him any face. The whole process was deliberately making trouble for him, as if he looked down on him from the bottom of his heart.

“Has it been revealed?” Xiao Chen smiled faintly.

“What’s the truth? As the deputy health director of Wuling City, although I really don’t want any face, Xiao Chen’s attitude makes me feel that you despise us Wuling people. You don’t respect me, which means you don’t have special respect for Wuling.”

Xu Da immediately said a set of high sounding words, which directly raised the contradiction to a higher level.

As soon as Xiao Chen heard this, he couldn't help laughing. He looked at Xu Da with a joking face and said, "Xu Da, Xu Da, I really didn't expect that you can say what such a child can say after you have been the deputy head of the guard for so many years. It's really surprising."

As soon as Xu Da heard this, his lungs were going to explode. He sat in the position of deputy chief guard for more than ten years. When did he suffer such anger? And still get such anger from a young man.

He clenched his fist, and his veins burst on his forehead, and his face was uncertain. After a long time, he suppressed his anger, and then Yuchun said:

"Well, let me know today that I have brought it here. The rest will be handled by Mr. Fang himself. Goodbye!"

With that, he threw open the door of the office without looking back.

Fang Yuchun saw that Xiao Chen dared to be so brazen against Xu Da, and some other ideas came into his mind.

However, he hurriedly caught up with Xu Da and said, "Xu Da, deputy director of the guard. Please slow down. How about sitting down and having a cup of tea?"

Seeing that both Xu Da and Fang Yuchun had gone out, Yuan Feng couldn't help saying to Xiao Chen with some admiration:

"Mr. Xiao Chen, you are said to have great courage and insight. I didn't see it before. I still don't believe it. It's true when I see it today. I'm really willing to bow down to the disadvantage. Do you know the consequences of angering Xu Da?"

"I never care about the consequences. All I care about is doing what I want to do." Xiao Chen is still very insipid.

“Good! I Yuan Feng was really conquered by Mr. Xiao Chen’s spirit today. If you need anything in the future, Mr. Xiao Chen, my yuan family will help you.” Yuan Feng laughed.

Xiao Chen looked at Yuan Feng, shook his head and said, “no, you can do your own thing well. I don’t like to get into too much trouble, but I won’t give any face if someone stops me from doing things.”

Hearing what Xiao Chen said, Yuan Feng felt that Xiao Chen was brave and foolhardy, which meant a bit of a reckless man, so he said again:

“Mr. Xiao Chen, you are now in Wuling. I know you have a deep background, but people in Wuling can do everything. As a local, I still want to advise you that it’s better to be careful. Today you offended Xu Da. It’s better to leave Wuling as soon as possible.”

As soon as he finished, Fang Yuchun came in from outside the office. The moment he came in. He glanced at Yuan Feng without trace, then smiled at Xiao Chen and said:

“Mr. Xiao Chen, just now I thought you misunderstood Xu Da, deputy director of health. In fact, he also meant well. You see, the reform plan has been brought.”

“Well, I don’t want to say more if it’s superfluous. Now you can make a price directly and tear it down. I think the final solution is to compensate for unemployment benefits. I’ll pay 300000 for each worker!” Xiao Chen suddenly said something amazing.

“Ah?” Fang Yuchun was suddenly confused. Then he stared at Xiao Chen and said, “Mr. Xiao Chen, what are you doing? Do I have any hatred with you? You are so willing to spend money to tear it down?”

“I don’t want to talk so much nonsense. I do what I say. I hope Fang can always figure it out. That’s all for today. I’ll go first.” Xiao Chen said. Just got up and left the office.

“We also say goodbye.” Yuan Feng said and walked out with the mantis.

Only Fang Yuchun stood in the same place with fog and water. He didn't know what had happened, so Xiao Chen made such a decision.

Mingming hasn't started talking about anything yet. Xiao Chen suddenly made this decision.

In fact, Xiao Chen was just thinking during the conversation. According to Feng Shui, the upstream direction of Huanghai village is indeed gold, but those factories do not produce metals.

On the contrary, it is still some light industries, such as cotton processing or other cloth processing.

From the inside, it still belongs to the category of wood attribute. How can such a factory support too many workers if it is opened in this area?

Every time Xiao Chen went there, he could see a large number of workers coming out of the factory.

Some areas of the factory are not allowed to enter on the grounds of serious pollution and harm to human body, which has attracted Xiao Chen's attention.

However, the anti detection work over there seemed to be done well. Xiao Chen stared over there for several times and didn't find anything.

Now he suddenly realized that the sewage system Xu Da said inspired him.

Now that Fang Yuchun's factory sewage system is so advanced, how can the whole river be so polluted? This can only explain one problem, that is, there is still something fishy in the factory.

The God Of Medicine Son-in-law Chapter 253

After walking outside, Yuan Feng caught up with Xiao Chen and asked, "Mr. Xiao Chen, why did you dare to say that just now? Is there any basis?"

“I don’t have much basis, but I expect that if a worker can get 300000 after knowing that he is unemployed, he will certainly agree to be unemployed. After all, who can think that unemployment can make money, and no one will refuse such money.” Xiao Chen replied.

Yuan Feng listened. Slightly stunned, but felt that Xiao Chen was really reasonable.

But think about it, only people like Xiao Chen can afford such money. All the factories there add up to nearly 3000 people. If each person pays 300000, it will cost 900 million, which is equivalent to the income of the whole yuan family for the whole year.

And Xiao Chen went out without even thinking about it.

However, this is only his proposal. Whether to agree or not depends on Fang Yuchun’s statement. Although Xiao Chen’s tone is very firm, in fact, factory demolition is not a bad thing for Fang Yuchun. He can get the corresponding subsidy.

You can make a lot of money. It is estimated that the combined annual income of these factories is not much. If they close down naturally at that time, the unemployed workers will be in trouble.

Now that such a person has helped him solve this matter, he should thank Xiao Chen.

However, what Xiao Chen doesn’t know is that Fang Yuchun is full of sadness in the office, and seems to be very resistant to the matter put forward by Xiao Chen.

After thinking about it, Fang Yuchun dialed a phone.

“Hey, yes, he said he would give each worker a subsidy of 300000. Does it seem strange to refuse? OK, I see.” Fang Yuchun hung up the phone heavily.

At the following parking lot, Yuan Feng said to Xiao Chen at the exit:

“Mr. Xiao Chen, if this thing is done, I will come to thank you specially. In fact, our yuan family has long wanted to get back the investment in this factory. But the factory has not been demolished, so it has been delayed until now.”

“No need to thank you. I didn’t expect your yuan family to be so optimistic about these factories.” Xiao Chen was a little surprised. Previously, Yuan Feng said they agreed to tear down the factory. Xiao Chen thought that their yuan family was also with Fang Yuchun.

“It’s a long story. This is not the place to talk. If Mr. Xiao Chen wants to know, he can come to me at any time.” Yuan Feng said and handed over his business card.

Xiao Chen took the card, nodded and said, “well, if I have time, I’ll go and find out some other problems of the factory.”

“Mr. Xiao Chen is always welcome.” Yuan Feng said respectfully to Xiao Chen.

After Xiao Chen returned to the hotel, he received a call from Jian Shi. He seemed very satisfied with Xiao Chen’s shriveling of Xu Da this morning, and his tone of voice was much lighter.

Xiao Chen was surprised that the news of this simple stone was so well-informed. He had just come back from Fang Yuchun. He could receive the news in less than half an hour.

Jianshi told him that he didn’t send someone to check it, but that he heard him lose his temper when he just passed Xu Da’s office. However, Jianshi also reminded Xiao Chen that he would not give up if he offended Xu Da now.

Xiao Chen told Jian Shi what he thought. In addition to marveling at Xiao Chen’s financial resources, Jian Shi thought that this method was 100% feasible. After all, 300000 was not a small number for those workers.

After losing their jobs, they can find another job. The whole Wuling is so big, and now the transportation is so developed. The factories near my home fell down. There are many factories to look for.

However, Xiao Chen feels that things are not so simple. If they can be solved in one sentence, they will not be delayed until now. The so-called problem of workers' unemployment is actually just a cover. What is hidden behind it still needs to be explored slowly.

Xiao Chen was ready to go to the factory again the next morning. Halfway through, she was stopped by the traffic police. Xiao Chen got out of the car and asked, "is there anything wrong with my car?"

"I'm sorry, sir. Your car belongs to a foreign car. Foreign cars can't leave the city these two days." A traffic policeman came up the road.

"Why can't you get out of the city? What happened?" Xiao Chen asked again.

"That's right. Recently, there have been several fraud gangs from other places in Wuling, so we have been asked to conduct strict investigation, so now all foreign vehicles are not allowed to leave the city." The traffic policeman explained.

"What if I want to go out?" Xiao Chen has some doubts.

"You can go out by car. At that time, we will have someone check you. You can go out as long as your identity is not forged. Please understand the inconvenience." The traffic policeman said and saluted Xiao Chen.

At this time, the roar of the motor suddenly came from one side. A group of drag racing parties were racing on the road in broad daylight, and the speed was very fast.

An old traffic policeman stood in the middle of the road and kept blowing his whistle, but the speed of the racing party was too fast. He directly ignored the interception of the traffic policeman and rushed out.

The old traffic policeman dodged left and right, but he was still slow. His clothes were scratched by one of the cars. Then he was directly taken to fly a few, and then fell to the ground, flesh and blood blurred.

Seeing this, Xiao Chen immediately ran to see the situation of the old traffic police. At this time, the old traffic police still pointed to the direction of the racing party and said, "stop... Them."

With that, he lost consciousness. Xiao Chen quickly pierced a silver needle into his body, then transported the jade pulse and saved the heart pulse of the traffic police with a trace of jade gas.

Then other traffic policemen came. Xiao Chen hurriedly explained: "you call an ambulance quickly, and I'll catch up with those drag racing people!"

Then he got into the car directly regardless of the obstruction of the traffic police. He hated these people who liked racing on the road most. In particular, this group of people even bumped into an old traffic police. Xiao Chen couldn't bear it.

As soon as he got on the bus, Xiao Chen immediately started the vehicle and chased out. Before several traffic policemen reacted, Xiao Chen rushed out of the checkpoint they set.

The racing party in front didn't realize that Xiao Chen was chasing them and was still racing wildly. When passing a lot, suddenly two female policemen received a call and told them that someone was racing on Hualing Avenue and asked them to go out and stop them.

So two policewomen immediately set out and drove the car to catch up.

Xiao Chen caught up with the Huajiang bridge in Wuling all the way. The drag racing party drove faster and faster. Xiao Chen had to accelerate again, rushed over the fork road and soon surpassed the drag racing party.

The God Of Medicine Son-in-law Chapter 254

Xiao Chen turned the car horizontally and directly stopped in the middle of the road that the drag racing party had to go through. The gap left was not enough to pass through a motorcycle.

The drag racing Party saw Xiao Chen's car from a distance. It was a one-way street, and there was no fork on the side. They had no choice but to stop in front of Ye Yu's car.

“What’s your boy doing? He stopped grandpa’s racing.” The leading Huang Mao came up and looked at Xiao Chen with disdain.

“You hit someone, you know?” Xiao Chen said coldly.

“Hit someone? Just hit someone. Young man, I’m not comfortable if I don’t hit two people all day. Where’s your boy from? Pacific police? Should you take care of these things?” Huang Mao looked at Xiao Chen very contemptuously.

Hearing Huang Mao’s words, the chill in Xiao Chen’s eyes was even stronger. “I’ll take care of it today!” he said in a deep voice

“Oh, well, I’ll see. What are you going to do?” Huang Mao finished. All the drag racing gangs behind them got off the car, and some took out wrenches from their cars, which seemed to be ready to be used as weapons.

“Hey, boy, I advise you to get out early. Look at your license plate number and you know you’re not local to Wuling. Do you know who we are? You’ve provoked us. You have to consider your future affairs.” A cock behind Huang Mao squinted at Xiao Chen.

“The boy is in debt. Chicken, we don’t have to talk nonsense to him. Just teach him a lesson and let him know the dangers of society. Brothers, go!” Huang Mao shouted loudly, and the racing parties rushed up one after another.

Xiao Chen took his time and moved in place. This time he came to Wuling, he almost didn’t fight with anyone. The group of racing parties in front of him had violated his bottom line.

Such people are rich but unkind, and they don’t take other people’s lives seriously. In Xiao Chen’s opinion, there are only four words left to them: death deserves more than death!

“Ah!” Huang Mao rushed to the front, came to Xiao Chen and directly raised his foot and kicked Xiao Chen.

Xiao Chen didn't even use jade pulse. He grabbed his ankle directly, and then squeezed it hard. In an instant, Huang Mao felt the pain of his foot like an electric shock.

Just as he was about to scream. Xiao Chen directly pulled his feet, rotated in situ and threw them at the people of the racing party over there.

The person who rushed up was caught off guard and directly hit the yellow hair thrown back.

When the yellow hair was pushed out by three people, they couldn't breathe easily. They were almost pushed out by the yellow hair.

Suddenly, a dark shadow flew over again, "bang" and put heavy pressure on several people again.

In an instant, all eight drag racing parties were brought down by Xiao Chen. He didn't even use the jade pulse. Xiao Chen felt his strength and felt a sense of pride.

With a cold face, he looked at the eight people lying on the ground over there and walked over step by step.

The cock didn't suffer any serious injury to his head, but one of his leg bones was broken. Now he was struggling to get up on the ground and begged for mercy:

"Elder brother! Elder brother! Spare my life! We are all blind. I admit defeat! I admit defeat!"

Xiao Chen ignored him and went straight up. Raised her feet. At this time, the police car also rushed to the scene. After two female policemen got off the bus, they were slightly surprised when they found a mess and the previous eight drag racing parties were still lying on the ground.

However, one of the female policemen reacted quickly. Immediately raised his gun and said to Xiao Chen, "Sir, please cooperate with us and stop fighting!"

However, Xiao Chen did not hesitate. He stepped directly on the belly of the chicken head. The chicken head felt a burst of colic and fainted after a scream.

When the policewoman saw that Xiao Chen was so arrogant, she couldn't help biting her lips and fired two shots directly into the sky. Then he yelled again, "again, don't fight!"

Xiao Chen raised his hand and indicated that he would not do it again.

Come closer. Xiao Chen saw the policewoman's face clearly. It was a very beautiful face, and Xiao Chen remembered that he had seen it. But after observing for a while, Xiao Chen felt something was wrong.

Later, it was found that the policewoman was different from the woman she had seen around Yuan Jia before. There seemed to be a mole on her neck, but that one didn't.

Xiao Chen probably knew it was a pair of twin sisters.

"Take them all away and he handcuffed me." Wu Zimei said to the policewoman.

"Yes! Captain Wu!" The policewoman took out a pair of handcuffs and put them on Xiao Chen's hand.

After the police who came later dealt with the drag racing party and others, Xiao Chen was taken into his car by Wu Zimei.

"This beautiful policeman, why did you take me personally? Is it an attempt on me?" Xiao Chen deliberately showed a bad expression and said.

In fact, he just wanted to tease her, because Wu Zimei was too serious from beginning to end, so it was inconvenient to communicate at that time.

"I think you're afraid you won't have enough food in prison." Wu Zimei did not look at him, but was very serious.

“It doesn’t matter whether I eat prison food or not. In fact, I think a beauty like Captain Wu should smile more, or it will waste your natural beauty?” Xiao Chen continued to say with a bad smile.

“Laugh? Why should I laugh?” Wu Zimei glanced at Xiao Chen.

Although there is nothing wrong with that. But Xiao Chen doubted that Wu Zimei didn’t like men, so she had a high and cold expression.

“I’m a policeman. I laugh too much. Won’t that make people misunderstand me? I’m easy to talk? Also, don’t use your little tricks in front of me. Don’t think I don’t know what you’re thinking. In your case, you can’t come out for ten days and a half months.”

Wu Zimei is still serious.

“No, Captain Wu, you are unreasonable. I want to catch bad talents. You really make me feel very cold.” Xiao Chen is a little lonely.

“We will give you a lighter punishment only if we are reasonable. Otherwise, you are still from other places. You rush through customs and drag racing in broad daylight and fight with people. It’s none of your business for a year.” Wu Zimei said with a white look at Xiao Chen.

Xiao Chen immediately felt a little helpless.

The God Of Medicine Son-in-law Chapter 255

Originally, Xiao Chen didn’t intend to tell Wu Zimei about seeing Wu Zimei’s twin sister or sister. Instead, Wu Zimei suddenly said to Xiao Chen:

“I know who you are. You should be called Xiao Chen, right?”

“How do you know?” Xiao Chen immediately had some doubts.

“My sister told me that you bought two jades at a sky high price at the last auction. It’s really spread all over the Wuling.” Wu Zimei said and smiled.

At this time, ten thousand grass and mud horses have galloped through Xiao Chen’s heart. It turns out that this woman has always been pretending. I knew myself from the beginning.

“But one yard to one yard. Since you have committed something in my hand, you can do whatever you want, okay?” Wu Zimei resumed her cold expression.

Xiao Chen couldn’t help looking at her strangely. What does this woman want? For a while, it was cold and hot. It made him feel unspeakable pain.

However, Xiao Chen was interested in her sister and asked, “why does your sister want to stay with such a rich second generation? Is it really purely for money?”

In fact, such things are not uncommon. Many women are born beautiful. In order to pursue material satisfaction, they go with those rich people, even some in their twenties, 40 or even 50.

It’s actually good to follow Yuan Jia like Wu Zimei’s sister.

However, it was obviously not what Xiao Chen thought. Wu Zimei was a little unhappy when she heard so much about Xiao Chen, and deliberately stepped on the accelerator suddenly.

Xiao Chen really didn’t expect that she would do so. Her body suddenly leaned forward and her head hit the car glass directly.

Seeing Xiao Chen’s appearance, the corners of Wu Zimei’s mouth couldn’t help rising.

“Tell you to slander my sister!” She snorted coldly.

Xiao Chen rubbed his forehead. Frowning, he said, “Captain Wu seems to like this child’s trick.”

“As long as you can punish criminals, you can use any means. Didn’t a great man once say: whether white cats or black cats, catching mice is a good cat? That’s the same for me, no matter what means. As long as you can catch criminals, that’s a good means.”

Wu Zimei said and looked at Xiao Chen again.

Now Xiao Chen’s face hurt, which made her feel very happy, because this guy was upset and kind-hearted. He insulted his sister before. He also taught him a lesson.

“It seems that there should be something wrong with the yuan family, so your sister is lying in ambush in the yuan family, right?” Xiao Chen suddenly chuckled.

Hear that. Wu Zimei suddenly stepped on the brake and stopped directly in the middle of the main road, looking at Xiao Chen very vigilantly.

“What on earth are you?” She can’t believe that Xiao Chen guessed the identity of her sister just with a few words. Now she suspects that Xiao Chen may have stolen some important information.

“Captain Wu. It’s not my identity. I’m my identity. If you don’t believe it, you can check it and find out my other identity. How about my name written upside down? I analyzed it in combination with the situation I met your sister. I’ve seen her more than once.”

Xiao Chen explained.

“What? Have you seen her many times? What did she tell you?” Wu Zimei asked excitedly.

In fact, Wu Zimei and Wu Zijiao had the ability to do this when the task was arranged above.

But at that time, Wu Zijiao had not been designated as the captain of the Criminal Police Brigade, and Wu Zimei’s file was transferred first. So her identity has been confirmed, that’s all. Wu Zijiao succeeded in taking over the task.

Wu Zimei had to be her vice captain of the criminal police in the Bureau. In fact, she was very unwilling. She would rather do it than her sister.

“She didn’t say anything to me. We were two people we didn’t know. We just met twice by fate. But I can see that she is different from ordinary women. Combined with your statement, I guess what things are like.”

Xiao Chen said.

Hear that. Wu Zimei started the vehicle again.

“I thought you were such a great man. It seems so. Since you don’t know, don’t guess. We’re absolutely confidential. You’d better not talk nonsense about it, or you’ll be wanted by the top. I can’t blame you.” Wu Zimei reminded.

“In fact, I have been doubting some things. After seeing you today, you said this thing again. I think I have the answer.” Xiao Chen suddenly said a few words.

“What are you talking about? It’s strange. Forget it. You’d better go back with me and wait until someone comes to redeem you.” Wu Zimei couldn’t help looking at Xiao Chen.

However, as soon as her voice fell, her work phone rang.

When I picked it up, it was a call from director Huang, my immediate boss.

“Hello, Huang Ju, what’s up?” Wu Zimei resumed her very serious voice.

After hearing the words at the other end, Wu Zimei’s face suddenly looked a little ugly.

But he replied, “yes, I see.”

Seeing the change of her face, Xiao Chen knew that someone had bailed herself.

“Where do you live?” Wu Zimei asked very unhappily.

“Ah?” Xiao Chen doesn’t know why.

“I don’t want to say it again.” Wu Zimei was obviously impatient.

“Oh, it’s at the Dragon Hotel.” Xiao Chen hurriedly replied.

The woman is not old and has a good temper. Xiao Chen doesn’t want to touch her scales. At that time, she really gets angry. Xiao Chen can’t guarantee whether she can go back safely.

Before arriving at a turn around traffic light, Wu Zimei patted the steering wheel angrily. At first, she was going to take Xiao Chen back to the Bureau for interrogation. It’s good. Instead, she became his full-time driver.

Or the police car bag. I’m afraid only people above the mayor can have such a service? What level is Xiao Chen? Such a good thing can happen.

Seeing Wu Zimei’s unhappy face, Xiao Chen couldn’t help feeling cool, but the expression on her face still didn’t change.

Suddenly Xiao Chen seemed to think of something and said to Wu Zimei, “Captain Wu, take me to the central hospital first. I’ll see the injured traffic policeman.”

“Ah?” Wu Zimei was a little surprised. She turned her head and looked at Xiao Chen and said, “Why are you going to the hospital? Are you still the victim’s family?”

The God Of Medicine Son-in-law Chapter 256

"I'm a doctor." Xiao Chen replied.

"Ha? Doctor? Don't tease me. Just call me a doctor if you're so careless?" Wu Zimei made no secret of her disdain.

"Does it mean that a doctor must be polite, and then write two words on his face to be a doctor?" Xiao Chen is not angry.

"That's not true, but a qualified doctor at least won't be like you. You're racing and fighting. You don't beat people too much, so you're forced to learn some medical skills?" Wu Zimei suddenly laughed.

Xiao Chen didn't go on. He knows that everything can only be proved to Wu Zimei when he goes to the hospital.

"Are you really going?" Wu Zimei saw that Xiao Chen didn't speak, so she confirmed it again.

"What else?" Xiao Chen is a little impatient.

"You have a big temper. I want to see if your medical skills are the same as your temper." Wu Zimei no longer gave Xiao Chen a good face.

Xiao Chen was not a good citizen in her eyes, like him. Wu Zimei didn't know how much she had caught.

Wuling is a central hospital. At this time, the old traffic policeman stuck to his post. Even at the critical moment, he didn't forget to let people catch the racing party. The story has been widely spread in Wuling.

Various organs, units and the government have attracted great attention. They specially invited several of the best internal medicine doctors in Wuling to treat him. After a period of rescue, the official answer is that he has been out of danger.

But the specific situation has not been reported.

At this time, in the operating room where the old traffic policeman is located, several doctors are sweating to operate on him.

“How is the patient’s heart rate?” Cried a doctor.

“The heart rate is declining, and the blood pressure has also decreased significantly in all aspects. It has lost too much blood and needs to stop bleeding immediately!” Another doctor reported.

“No, Mr. Wei, I’m afraid we won’t last long. If these two silver needles hadn’t saved our lives, the patient would have died long ago.” The doctor standing on the left side of the traffic police said.

Wei Huanxian was also at a loss at this time. Indeed, as the doctor opposite him said, the current situation can last up to half an hour.

If the traffic policeman really dies, I’m afraid their names will not be guaranteed. At that time, the whole Wuling will spit on them.

Even so. He can’t think of any way to keep the traffic police for the time being.

Wei Huan stopped first, then said to the doctor over there, “forget it, let’s sew up the wound, and leave the rest to God.”

Hearing this, several other doctors also put down their surgical tools, and then sewed up with Wei Huanxian to the traffic police.

They all know. Now it’s really powerless to return to heaven, unless it’s a miracle.

Just as they were stitched up, there was a hurried knock on the door outside the operating room.

Wu Zimei rushed to the operating room with Xiao Chen in great urgency.

In fact, many policemen had planned to stop Xiao Chen along the way, but they saw Wu Zimei following him. So he didn't stop him.

Xiao Chen and Wu Zimei rushed all the way to the operating room.

"Are you really sure it's only half an hour?" Wu Zimei looked suspiciously at Xiao Chen.

"Of course, I saved people. Now my needle is still on the old traffic policeman. I don't believe you can go in with me." Xiao Chen is very determined.

In fact, Wu Zimei didn't intend to believe Xiao Chen, but she saw Xiao Chen's very serious eyes and what Xiao Chen said. She felt that something was really serious, so she simply believed it. Some took Xiao Chen all the way to the operating room.

A nurse inside opened the door. Seeing Xiao Chen and Wu Zimei standing outside, the doctors were a little surprised.

But Xiao Chen had no time to explain. Just came in and pulled out the silver needle.

All doctors, including Wei Huanxian, were foolish. They knew the importance of the silver needle. Although it was only half an hour, it would take half an hour before the patient died.

Now Xiao Chen pulled out the silver needle as soon as she came in. Doesn't that make all hope empty?

People are like this. It is obvious that things are coming, and they still hold some unrealistic fantasies. I hope miracles can happen. I'd rather wait than make a final attempt.

Just when all the doctors thought Xiao Chen was crazy and wanted to go up and open him, they were stupid again.

Not because of anything else. But I don't know what Xiao Chen did. The old traffic policeman woke up and sat up.

This can only be described in two words: miracle.

"God opened his eyes. He woke up!" Wei Huanxian almost fell to his knees. Fortunately, there were two doctors nearby.

Xiao Chen gave him a cold look. He hated such a doctor. Obviously, there was room to save the old traffic policeman just now, but he obviously gave up.

That's why the old traffic policeman almost didn't make it to Xiao Chen.

After saving people, Xiao Chen went directly to the operating room. This time it was Wu Zimei's turn to be a little silly. She just saw what Xiao Chen had done on the old traffic policeman, and the old traffic policeman woke up.

But she didn't expect Xiao Chen to leave like this. Doesn't he care about these fame and wealth at all? At least stay and show your face. It's kind of polite.

But Xiao Chen left without looking back.

"Hey! Slow down, Xiao Chen!" Wu Zimei hurried to catch up.

The policemen guarding the post on the road were stunned. Unexpectedly, an iceberg beauty like Wu Zimei would take the initiative to chase a man, and it seemed that the man's dress was not very good, like a stall in clothes.

"Why are you walking so fast!" Wu Zimei gasped slightly.

Seeing that Wu Zimei unexpectedly caught up, Xiao Chen was also slightly shocked, smiled and said, "what's the matter? Captain Wu? Are you crazy about me?"

“Bah! It’s shameless!” Wu Zimei couldn’t help laughing.

Seeing her smile, Xiao Chen said, “I said you look good when you smile. It’s good to smile more.”

“I do believe you are a doctor now, but what did you do just now? You cured such a seriously injured patient two or three times.” Wu Zimei asked in some doubt.

“This is absolutely confidential.” Xiao Chen imitated Wu Zimei’s serious appearance and said.

“Cut, play tricks, it must be some way out of the stream.” Wu Zimei immediately looked disdainful.

“It’s really out of class. Ordinary people can’t learn it yet.” Xiao Chen said.

The God Of Medicine Son-in-law Chapter 257

“Although you don’t look like a doctor, you are more or less a good man. At least you saved the traffic policeman.” Wu Zimei’s face changed and smiled at Xiao Chen again.

Xiao Chen immediately felt that this woman was really elusive, but he didn’t think too much. Now that people have been saved and those drag racing parties have been caught, he has a worry.

Suddenly Xiao Chen seemed to think of something, and then asked Wu Zimei, “Captain Wu. Can you do me a favor?”

Wu Zimei was more or less fond of Xiao Chen at this time, so she simply said, “if you have anything to say, just say it.”

“Well, I’ve been checking some things related to Huanghai village recently. But aren’t foreign vehicles not allowed to leave the city today? So I wonder if captain Wu can give me another ride. You think we’re familiar with it, right? I don’t look like a terrorist?”

Xiao Chen said that Wu Zimei showed a smile, which seemed to be flattering.

In fact, Xiao Chen is also very helpless. If the aunt doesn't please, in case she doesn't want to help herself. It's really hard to find someone to help you temporarily.

"Do you need me for such a small matter? Although your appearance is still somewhat suspicious, and your various behaviors are also somewhat abnormal, I saw you save people with my own eyes. Naturally, I won't treat you as a controller. I can send you." Wu Zimei nodded.

"Thank you, Captain Wu." Xiao Chen still kept a smile on her face.

"Why are you going to Huanghai village? Although there are many centenarians there, there are no fun in the wild mountains, and it's not like a place that young people like you like to go." Wu Zimei asked in some doubt.

"Well, I still want to keep it a secret." Xiao Chen imitated her previous appearance again.

"Well, keep it a secret. Keep it a secret. You're almost out of the Bureau." Wu Zimei rolled her eyes.

She suddenly felt that she seemed to have some interest in this seemingly foolhardy young man, perhaps because he had bid 500 million at the auction, perhaps because of his medical skills, and because his identity seemed particularly mysterious.

Seeing the expression on Wu Zimei's face, Xiao Chen knew that the woman was probably aroused some curiosity by herself, and couldn't help smiling on her face.

In fact, Xiao Chen had a plan early in the morning and wanted Wu Zimei to help him investigate together. Seeing her curious appearance now is just in line with his design arrangement.

Wu Zimei was driving the car wholeheartedly and soon reached the checkpoint set by the traffic police team.

“Do you really want to know what I’m doing in Huanghai village?” Xiao Chen suddenly said.

Wu Zimei suddenly looked at Xiao Chen strangely. She didn’t know what medicine was sold in his gourd. She didn’t care about the tunnel: “it’s not really want to know. Anyway, it’s your personal business. It’s really not good for me to inquire like this.”

At this time, the car had reached the checkpoint set by the traffic police. A traffic police came up and said hello to Wu Zimei: “Captain Wu. Go out to handle the case again?”

Then he looked inside and found that Xiao Chen was sitting next to her. Suddenly, the look on his face changed.

Because the traffic policeman was the one who stopped Xiao Chen before. He saw Xiao Chen rush through the customs with his own eyes. Now he is somewhat surprised to see Xiao Chen sitting so leisurely in Wu Zimei’s car.

“No, go out and send a friend.” Wu Zimei said faintly.

“Friends?” The traffic policeman said and looked at Xiao Chen again. He and Wu Zimei were the only two people in the car. Wu Zimei said that her friend could only be Xiao Chen.

But Wu Zimei is notoriously indifferent in the whole police station. Most policemen know that she is an iceberg beauty. She usually does everything by herself. She rarely sees others around her. Now Xiao Chen is a traffic criminal and has become her friend?

Although my mind is full of question marks, the traffic police dare not ask more. Because Wu Zimei is famous for her big temper, and she will report her vengeance. After provoking her, she will suffer in the police station.

The traffic policeman quickly saluted and said, “I wish captain Wu a pleasant journey!”

Wu Zimei didn’t speak. She stepped on the accelerator and drove away.

“It seems that you still have some prestige in the police station. Look at the face of the traffic policeman just now. It’s not normal to see you.” Xiao Chen joked again.

“If it’s not your business, don’t worry. I work in the police station and never engage in these things. It doesn’t matter. My sister is the same, so we rise quickly. In this era, people need to do more things. Those who talk big every day are angry at it.”

Wu Zimei is not angry.

Xiao Chen didn’t expect Wu Zimei’s thought to be so advanced. Many people enter the civil service system, either thinking about being a senior official in the future or trying to make a living. They wonder whether they can solve the following problems. People have no interest in how they live.

Wu Zimei obviously belongs to the kind of person who works for her government in her position. However, such a person can’t go far. It’s easy to be used as a sword. Seeing that her temperament is so strong, Xiao Chen is not easy to say anything for the time being. He just smiled and nodded:

“If all public servants can focus on their own affairs like you, I believe the whole country will be more prosperous.”

“Don’t flatter me. I know what you’re thinking. People like me haven’t been around long in these places, right? And it’s easy to be shot by others, but that’s my principle and my sister’s original intention to be a policeman with me. So I don’t want to give up.”

Wu Zimei said, and suddenly there was a trace of loss in her eyes. Although it was a flash, Xiao Chen still saw it.

This made Xiao Chen feel some pity in her heart. Even a strong woman like Wu Zimei has a weak side. In the final analysis, she is still a woman. In fact, she still hopes that someone can stand in front of her and protect her from the wind and rain.

The reason why Xiao Chen has such an idea in his heart is that he has seen such eyes in ah Ling’s body. He is not only pity, but also special admiration for such a woman.

They have their own beliefs and will not be controlled by some meaningless desires. They are more rational than any man, but they will inadvertently show their warmth as a woman.

Such a woman can't be rejected by any man who works hard outside, just like ah Ling was deeply in love with Xiao Chen at the beginning. The God Of Medicine Son-in-law Chapter 258

Although Xiao Chen knows that a Ling has special feelings for herself, in fact, in his heart, a Ling is just a sister who can love her all her life.

However, he didn't say no at that time, but also to protect the tenderness in ah Ling's heart.

Finally, Ling lost his hope for love.

What happened that night was not what Xiao Chen really thought. There's just no way if you don't do that. Xiao Chen estimated that ah Ling might disappear the next day.

She went out and was chased and killed by people from other organizations in the world. Her injury had not recovered at that time. It was estimated that she might come to an end soon, which Xiao Chen didn't want to see.

Think of it here. Xiao Chen suddenly remembered that he hadn't asked about Wu Yaqing and a ling for a long time. He had been out for nearly 20 days and didn't know how they were.

Seeing Xiao Chen's appearance, Wu Zimei suddenly said with a bad smile: "I didn't expect that your boy is young and has a girlfriend. How do you miss her?"

girl friend? Xiao Chen couldn't help laughing. If she said that she was two women now, Wu Zimei estimated that she would stop and kill herself immediately?

So Xiao Chen shook his head and said, "I have a wife. I'm really thinking, but I'm also thinking about my own home."

"Where are you from?" Wu Zimei asked.

"East China Sea." Xiao Chen answered.

"Donghai? It's really far enough. It's thousands of kilometers. You're going to work here? But why do you go to the auction?" Wu Zimei asked two questions in succession.

"It's a long story. Anyway, it's not my intention to go to the auction. I just happened to meet what I wanted." Xiao Chen said and touched his nose.

At the beginning, I wanted to go to the auction completely because of Jianshi's strong request. Who knows that I can meet the treasure of Ming Wang Yu by mistake. I just built a jade vein. Isn't it too wasteful not to buy it.

"Well, it seems that you need to keep it a secret again." Wu Zimei sighed softly.

"There's nothing to keep secret about this matter. I said it. It's not my own will. I was dragged away." Xiao Chen explained.

"By whom?" Wu Zimei seems like a curious baby.

But it is also in line with her characteristics as a criminal policeman.

"Who else can there be, your mayor?" Xiao Chen said.

"You mean mayor Jianshi?" Wu Zimei was slightly shocked.

“Yes, when I came here, someone helped me contact him. Then he took me to enjoy the scenery of Wuling. Then I went to the auction house.” Xiao Chen nodded again.

“It seems that you are really a great man. You were personally received by Mayor Jane.” Wu Zimei seems to have changed her view of Xiao Chen.

“What big man? I’m just an idle man.” Xiao Chen said modestly.

“I heard that mayor Jianshi didn’t see anyone easily. Last time, a director of supervision was sent down from Kyoto. Mayor Jianshi didn’t meet him because he had official business. Instead, vice mayor Xu Da went.” Wu Zimei said.

“Another thing?” Xiao Chen felt a little curious.

“That’s right. Mayor Jianshi is actually a good mayor. It’s just a pity to hear that he seems to be transferred from Wuling recently because of his political achievements.” Wu Zimei said, with some pity on her face.

“Doesn’t it mean that people in Wuling prefer the vice mayor of Xu Da? Why did captain Wu start to support mayor Jianshi?” Xiao Chen asked with great interest.

“It’s just that some people blindly follow the trend. Who really does things, who really makes contributions. In fact, some people know that mayor Jianshi sometimes doesn’t talk about human feelings. So he offended some people.” Wu Zimei said.

“So it is.” Xiao Chen nodded.

Between the two people chatting, Wu Zimei had brought Xiao Chen to Huanghai village. As soon as Xiao Chen walked to the edge of Huanghai village, he saw a breath of death coming.

Suddenly I felt bad and shouted “no!”

Then he hurried into the village and saw two police cars parked in the village.

It seems that something serious has happened.

Wu Zimei didn't expect Xiao Chen to run so fast and catch up with her.

Xiao Chen walked to the two police cars and found that the room on one side seemed to be full of people.

Because there were too many people, Xiao Chen couldn't get in. I can't see what's going on inside.

So Xiao Chen patted a villager on the shoulder and asked:

"What happened?"

The villager looked back like an electric shock. When he saw Xiao Chen, he was shocked and shouted, "the murderer is coming!"

Suddenly, everyone in the whole room looked back at Xiao Chen.

Xiao Chen was immediately confused. He had just arrived here. How could he become a murderer?

A crowd of villagers dispersed. Several people in police uniforms looked at him with very vigilant eyes, then took out a picture for comparison, and then gave an order: "it's him! Catch him!"

In an instant, several policemen came up with guns pointing at Xiao Chen and shouted, "don't move! Don't want to run!"

Naturally, Xiao Chen didn't plan to run. Now he found two bodies lying on the stone Kang in the house, a woman and a child.

The two Xiao Chen knew each other. One was Tang Kaihui, who had been in contact with him before, and the other was the woman who had been knocked out by Nangong Lengshan before.

Now they have lost their vitality. Xiao Chen can feel that even now he can't save them.

Several policemen surrounded, and a policeman on one side immediately took out handcuffs and handcuffed Xiao Chen.

Xiao Chen didn't resist. In fact, the people in front of him now didn't pose any threat to him. He just wanted to know exactly what happened.

"Can you tell me what happened?" Xiao Chen asked.

"Don't you know best what happened?" Led by the police, Xiao Chen saw that his chest was also inlaid with a star sign. It seemed that he should be a policeman who had made contributions.

"Then what have I done? Are you going to catch me?" Xiao Chen asked again.

"You killed people, but also women and children. Do you want to catch you?" The policeman looked at Xiao Chen very seriously.

"What's going on here?" Wu Zimei, who caught up behind, couldn't help but be surprised to see the situation in front of her.

"Captain Wu!" When the policeman saw Wu Zimei, his face suddenly changed.

All this change was seen by Xiao Chen.

The God Of Medicine Son-in-law Chapter 259

“Let him go!” Wu Zimei gave orders at thirty, seventy and twenty.

“This...” the policeman was obviously embarrassed.

“Can’t let go! This man can’t let go! He’s a murderer!” Suddenly a villager came up.

“He killed people? Please tell me, when did he kill people? What weapons did he use? Where did he kill people?” Wu Zimei suddenly coldly lowered her face and said.

The villager was so asked that he was speechless immediately.

Seeing this, Wu Zimei looked at another villager and the police and said, “when did he kill the man? I’m the vice captain of Wuling Criminal Investigation Brigade. Here’s my certificate.”

Wu Zimei said and was ready to show her certificate. At this time, Xiao Chen suddenly felt a murderous spirit. He hurriedly carried the jade pulse, and then shouted, “Captain Wu, be careful!”

Then there was a gunshot from the mountain.

Xiao Chen directly broke free from the shackles of the two policemen. Then she stood in front of Wu Zimei.

A bullet was caught by Xiao Chen.

The sniper over there saw that one shot was successful and immediately fired another shot.

Xiao Chen would not give the man another chance at this time. He took out a silver needle from his bag and flew directly in the direction of the bullet.

Immediately I heard a scream. Xiao Chen immediately ran to the direction of the mountain.

“Don’t let him run away! Catch him!”

The villagers didn’t know what had happened. They thought Xiao Chen was going to take the opportunity to escape. Wu Zimei didn’t explain anything, so she ran directly with Xiao Chen.

Several policemen behind him did not move. One of them walked up to the leading policeman and said, “Captain Jiang, why don’t we kill them all, or the task may not be completed.”

“Are you stupid? Can’t you see that the man just now has martial arts? That’s a sniper gun. He caught the bullets. Can we kill him with these broken guns?” Jiang Lianshan denounced.

“What can I do? This man is so powerful that he can’t finish the task assigned to us. My parents are still waiting for me to get the money to help.” The policeman immediately said with a sad face.

“Don’t worry. We still have a chance. Just try to trap the man. It’s almost done there. We’ll get the money by then. I’m tired of staying in this damn place!” Jiang Lianshan said and spit.

“OK, let’s follow the captain’s instructions!” The previous policeman heard Jiang Lianshan say so. Suddenly I had confidence again.

“Follow up first. They can’t find any Mingtang.” Jiang Lianshan said and followed up with several policemen.

At this time, Xiao Chen has come to the top of the mountain, but he is still late. There is only a sniper gun and a silver needle left.

Xiao Chen can see that the owner of the sniper gun seems to know at least some martial arts, otherwise Xiao Chen has just hit one of his fixed acupoints. He can’t escape so soon.

After observing nearby for a long time, Xiao Chen immediately fell into meditation after finding no other valuable clues.

He wondered who was calculating himself, and the means were so cruel that he directly killed a woman and a child.

There must be some connection.

While Xiao Chen was thinking. Wu Zimei was already panting, and Xiang sweat ran here. Before she had time to rest, she asked, "where are people?"

"Ran away." Xiao Chen answered.

"Run away? Let's chase." Wu Zimei said.

"Where are you going?" Xiao Chen said and motioned to the grassland they were facing. Xiao Chen didn't find any traces of walking here. The man seemed to come out of thin air and disappeared out of thin air.

Besides being able to use lightness skills. Only by using some very advanced technology can you stay in the air temporarily.

Wu Zimei saw the scene. Quickly looked around, and then looked at the sniper gun. Also shook his head.

Indeed, as Xiao Chen said, they didn't even know the direction of the other party's escape, and there was no trace on the sniper gun.

It seems that this kind of sniper gun is not a domestic product, but from abroad. It may be used in many countries. It will be very difficult to locate criminals at that time.

At this time, several policemen had followed.

"Did you catch someone?" Jiang Lianshan asked.

Xiao Chen and Wu Zimei didn't answer. They both saw that Jiang Lianshan didn't seem to be a good policeman. Now it's in Xiao Chen's heart. These policemen may have something to do with the shooter, but there is a lack of evidence now.

"Now you at least know that he didn't kill people. The criminal just wanted to frame Mr. Xiao Chen." Wu Zimei said to several policemen.

"Yes. We made a wrong judgment. I'm sorry, Mr. Xiao Chen!" Jiang Lianshan apologized quickly.

"No, Captain Wu, take me to the factory upstream." Xiao Chen stood up and said.

"OK." Wu Zimei didn't know what Xiao Chen was going to do, but she nodded very cooperatively.

Hearing what Xiao Chen said, Jiang Lianshan's face changed again. He hurriedly stopped Xiao Chen and said, "Mr. Xiao Chen, didn't you just take the murderer's bullet? We want to know the situation with you, which may be helpful for us to solve the case."

Hearing this, Xiao Chen couldn't help laughing. The reason why he received the bullet can be related to solving the case is too far fetched.

"I advise you not to stop me, or none of you will escape." Xiao Chen suddenly said in a cold voice.

"What are you talking about?" A policeman came up angrily as soon as he heard it.

"I warn you now that you are interfering with official business. If you still want to wear this police uniform, don't make trouble for Mr. Xiao Chen!" Wu Zimei immediately reprimanded.

Who knows that the policeman has a good temper. He immediately threw away his police cap and took off his police uniform: "if I don't do it, I'll stop you today. This man's identity is not clear yet. We can't just let him go!"

Several other policemen also stopped one after another. Only Jiang Lianshan didn't move.

"Well, you dare to disobey orders. I'll dismiss you now!" Wu Zimei suddenly opened her apricot eyes.

"I'll come, Captain Wu. Your move doesn't work anymore." Xiao Chen pushed Wu Zimei away and asked several policemen in front of her with her back: "do you want to let or not?"

Several policemen all straightened their chests very tacitly.

"I thought you would go astray, but now it seems that you are just a group of lost lambs." Xiao Chen sighed.

The God Of Medicine Son-in-law Chapter 260

Several policemen didn't know what Xiao Chen meant by this. The policeman who took off his police uniform still straightened his chest and stared at Xiao Chen and said, "if you know the truth, be honest with me and come to the Institute with us. There's no specific statement about your affairs. You have to find out first!"

As soon as the voice fell, the policeman felt a fist blow across his face, and then he felt a sharp pain in his abdomen.

Xiao Chen punched him directly and flew out for several meters.

The policeman just fell to the ground and foamed at his mouth.

Several policemen behind him were somewhat surprised to see this scene, but they immediately recovered. Another policeman pointed to Xiao Chen and said, "you dare attack the police! Look, I won't catch you back!"

He just finished. Xiao Chen kicked out again. The policeman also flew into the air and fell heavily to the ground. A dull hum.

"I just heard that if you don't become a policeman, you won't be attacking a policeman." Xiao Chen looked coldly at the remaining two policemen in front of him.

Because of their temporary anger, they took off their police uniforms and threw away their police hats. It's really not the police.

"Grandma, I fought with you!" The rough looking policeman rushed directly at Xiao Chen, and another policeman didn't hesitate to shoot Xiao Chen.

Xiao Chen didn't look at it. He waved his fist quickly again. The two policemen flew out a long way like a kite with a broken line. They were all knocked out.

"Xiao Chen, it's illegal for you to beat the police like this!" Wu Zimei also reminded behind her at this time.

"Captain Wu, it's time for you to take care of this. Don't you see that these people have deviated from the duty of the police? Catching people indiscriminately is actually doing things for their own interests." Xiao Chen said faintly.

Wu Zimei frowned when she heard that although Xiao Chen was telling the truth, the police were the police anyway. Now even if Xiao Chen had 10000 reasons, she would be convicted if she beat the police. She had to stop thinking about it for the time being, and then looked at Jiang Lianshan Road:

"Do you still want to try?"

In fact, she hopes to threaten Jiang Lianshan. Also let Xiao Chen make fewer mistakes.

Jiang Lianshan was very witty and said, "of course I won't. In fact, I always believe in this gentleman, but my police officers are not obedient. Just now, my husband cleaned them up for me."

Said, his face also showed a very kind smile.

Wu Zimei looked back and said to Xiao Chen, "let's go quickly!"

Xiao Chen also nodded and walked past Jiang Lianshan.

At the moment they left, Jiang Lianshan showed a cruel smile on his face, directly took out his pistol, aimed at Wu Zimei's head, and directly pulled the trigger.

"Bang!" There was a gunshot. Jiang Lianshan said with a ferocious and crazy smile on his face:

"If you want to block my way to get rich, don't even think about it!"

However, he just smiled and froze, because Xiao Chen didn't know when he had come to Wu Zimei's back and directly caught the bullet.

Jiang Lianshan looked like a ghost. He widened his eyes and said, "how is it possible? It's so close, and I'm aiming at her. How can you..."

But before his words were finished, Xiao Chen had sentenced him to death at the bottom of his heart, and a silver needle flew out. A white light was drawn in the air.

Jiang Lianshan immediately felt a tingling pain in his neck. Then he felt that he couldn't breathe at all. His whole face turned red, and then began to turn purple.

"Help... Me" Jiang Lianshan stretched out his hand to catch Xiao Chen, but it seemed that he had reached the limit, and the whole person lay down on the ground. After two twitches, there was no movement. It was like death.

Wu Zimei was slightly frightened at the moment when she heard the gunshot, but then she found that she was still alive. She immediately felt a sense of survival. Looking back, she found that Xiao Chen was already behind her.

On another look, I found that Jiang Lianshan had been lying on the ground without any reaction.

“Xiao Chen. You... You killed him?” Wu Zimei’s beautiful eyes stared at the boss. Although she said that Jiang Lianshan was just attacking them, she directly killed a police captain. This is a serious matter.

“If I don’t kill him, he will kill us. What do you think?” Xiao Chen asked.

In Xiao Chen’s opinion, such a person is worthy of death. Kill and kill. Although he didn’t know what his motive was, Xiao Chen was sure whether it was a good thing.

“Well, don’t think about this first. Let’s hurry to the factory above. Maybe the answer is there.” Xiao Chen said and strode towards the direction of Wu Zimei’s police car.

Now the whole Huanghai village has lost the shelter of the police. All the villagers hide in their houses. All the doors are closed and the windows are closed. When Xiao Chen comes back, the streets of the whole Huanghai village are empty.

Wu Zimei first informed herself of the Wuling Public Security Bureau and asked someone to clean up the situation here. Otherwise, it would be appalling if the villagers saw it at that time.

After explaining everything, Wu Zimei got on the bus.

Looking at Xiao Chen with a cold face, Wu Zimei suddenly found that there seemed to be a long distance between herself and Xiao Chen.

This young man, who seems to be foolhardy and harmless to humans and animals, is particularly fierce when he starts. And leave no room for anyone.

Although Wu Zimei drives fast, she lacks some domineering spirit, while Xiao Chen drives very fast and overbearing. Almost no one dares to seize his Lane on the road.

Wu Zimei looked on the side and was a little frightened. Suddenly, she wondered if Xiao Chen was really a terrorist. She just hid her identity and lurked over.

However, seeing Xiao Chen's serious appearance, she denied the idea. If Xiao Chen was really a terrorist, how many opportunities did he have to kidnap or even kill her, the vice captain of the criminal police, but he didn't do that. Instead, he protected her.

This is enough to prove that Xiao Chen is not a bad person, but his means are a little cruel.

When he came to the factory area, Xiao Chen rushed down without saying a word and began to explore everywhere.

Because this area is still relatively large, Xiao Chen runs a jade pulse, and the speed at his feet is more than ten times faster than usual. He quickly explored all areas and found that there are not too many differences.

Wu Zimei was stunned to see Xiao Chen's speed.
