The God Of Medicine Son-in-law Chapter 261

Wu Zimei never thought that a person's speed could reach this level. If Xiao Chen went to participate in the world's running competition, wouldn't he casually break all records and then come back with several trophies?

But seeing that Ye Yu had come back and thought in situ, Wu Zimei went up and asked, "what's the matter? What's the major discovery?"

"No. everything is normal." Xiao Chen replied.

"That means we're in the wrong direction, or we'd better go back to the village first." Wu Zimei said without thinking.

"No. everything is normal is the biggest problem." Xiao Chen whirled his chin.

"Everything is normal. What else can we find out?" Wu Zimei felt that Xiao Chen spoke strangely.

Xiao Chen can't say what went wrong now, but judging from the reaction of the police just now, there must be a reason to stop himself from coming here. And they all have to fight their lives to stop it. There must be something quite big behind it.

In addition to huge interests, Xiao Chen can't think of another reason, and all these normal factories at present make Xiao Chen feel very wrong.

While Xiao Chen was thinking, suddenly the mobile phone rang. When he took it out, Fang Yuchun called him.

"Hello." Xiao Chen answered the phone.

"Hello, Mr. Xiao Chen. Is it convenient to speak now?" The voice at the other end is still very respectful.

“Speak up.” Xiao Chen is concise and comprehensive.

“Well, last time you promised to pay 300000 for dismantling the factory, many workers still didn’t agree.” Fang Yuchun is a little embarrassed.

“What?” Xiao Chen immediately raised her eyebrows. 300000 is not a small number. For these workers who have lived in the mountains for most of their lives, they can completely change their living conditions.

Still promise?

“Why?” Xiao Chen asked.

“They say that if they dismantle the factory, they will not have long-term meal tickets. In fact, this is not good for them.” Fang Yuchun replied.

This reason should not be too far fetched. Even if these workers have no culture, won’t the most basic calculations? How long do they need to earn 300000? Now give it to them for nothing, and they can find their next job. A normal person wouldn’t be unwilling.

“Well, I see. I’ll deal with this matter.” Xiao Chen hung up the phone.

Besides, it’s just futile. Xiao Chen knows that all this is estimated to be the idea of Xu Da and Fang Yuchun, which has nothing to do with the workers.

The factory has the final say, and the workers do not love to dismiss the workers. Now his intuition told him that the secret was hidden in the factory, but he never found it.

Suddenly Xiao Chen seemed to think of something, so he said to Wu Zimei, “Captain Wu. This time I may need your help again.”

Wu Zimei saw Xiao Chen thinking and answering the phone for a while, so she didn't mean to disturb him. She knew that what Xiao Chen needed now was to think quietly.

She often has this feeling, because as the vice captain of the criminal police team, she sometimes thinks about what case to do for a long time.

Hearing that Xiao Chen suddenly put forward a request to himself. Wu Zimei hurriedly got out of the car and said, "what can I do for you?"

"Just come with me. What will I say later? Just follow your words." Xiao Chen smiled.

Wu Zimei didn't know what Xiao Chen had in mind, so she said, "what you said must conform to morality and law. Otherwise, I won't help you."

"Of course." Xiao Chen nodded, then took Wu Zimei and walked towards a factory building.

Several times before, Xiao Chen was told by workers that there was poison gas in some factories, which was harmful to people's health, and some were not allowed to see because they were not open to the outside world.

Now the more Xiao Chen thinks about it, the more he feels that something is wrong. A normal factory can't have places that people can't see. There must be some unknown secrets in it.

Now Wu Zimei's police uniform is Xiao Chen's best cover.

Came to the factory. Xiao Chen walked towards those so-called "restricted areas" again.

As soon as they came outside the restricted area, two workers immediately stopped Xiao Chen and Wu Zimei and said, "two, outsiders are not allowed to enter."

“Oh, we’re from Wuling criminal police team. This is our vice captain. You know about the terrorists in the city recently? We’re here to investigate. We need to see all the places so that the terrorists don’t hide in places we haven’t checked.”

Xiao Chen was very angry and gave Wu Zimei a wink.

Wu Zimei quickly nodded and said, “yes, we came to investigate the case. Please cooperate. This is my certificate.”

Then she took out her police certificate and showed it to the two workers.

“This...” the two workers were embarrassed for a while. This is the place their boss told no one to enter. Now the police are here. Is that for you or not?

In fact, they didn’t go in, because no one was allowed to enter, so even the outside workers didn’t go in. Many people wondered whether there was any gold or black money in it.

Just before the two workers hesitated, a fat man came up with his big stomach and asked, “what’s the matter? What happened?”

As soon as the two workers saw it, they immediately seemed to have found a Savior and said to the fat man, “supervisor, these two policemen want to go in and check the situation inside.”

As soon as the fat supervisor heard that it was a policeman, a look of vigilance suddenly appeared on his face, so he said to the two workers, “you go to work first and leave it to me here.”

The two workers quickly nodded and left.

Seeing the workers leave, the fat supervisor found a bag of huazi in his pocket, then handed one to Xiao Chen and said, “come on, officer, smoke first.”

In the fat supervisor's opinion, generally, the police who don't wear police uniforms are bigger than the police officers who wear police uniforms, so he decided to please Xiao Chen first.

But Xiao Chen didn't smoke. Even if he did, he wouldn't pick him up, so he waved his hand and said, "I don't need it. Since you're the supervisor here, please open the door for us."

"Hey hey, officer, don't embarrass me. This is what our boss told me. Don't let people see it. Why don't you wait a minute and I'll call my boss?" The fat supervisor smiled flatteringly.

The God Of Medicine Son-in-law Chapter 262

"We have to go in now, otherwise, if those terrorists escape, you will be responsible?" Xiao Chen snapped.

Hearing this, the fat supervisor's face changed slightly, and then said with a smile, "guys, I think you may have made a mistake. We can't hide any terrorists here. If there were, we would have reported it."

"What you said doesn't count. Now open the door quickly, or we'll be forced to enter." Xiao Chen doesn't give fat supervisor any face.

The fat supervisor felt as if he had been insulted. Suddenly, I was a little unhappy and said, "you two, I have a good voice and good spirit to communicate with you. You have such an attitude. Don't you know which leader takes care of this factory?"

"Oh?" Xiao Chen was interested when she heard this, so she asked, "which leader took care of it?"

"Xu Da, does vice mayor Xu know?" The fat supervisor's voice was suddenly too high.

It seems that his own identity has improved a lot by saying the name.

"It's vice mayor Xu, so we have to check it all the more." Xiao Chen said coldly.

“What are you talking about?” The fat supervisor was stunned for a moment. He thought Xiao Chen would be a little afraid because he heard Xu Da’s name. Unexpectedly, he was not afraid and said he needed to check.

This made the fat supervisor take a high look at Xiao Chen, but he still threatened: “two police officers. I don’t think you’re confused? I’m talking about the vice mayor Xu Da. He will be the mayor in a while. Are you sure you want to check it?”

“Of course.” Xiao Chen didn’t have any hesitation. He said he would go up and unlock the lock.

The fat supervisor hurriedly went up to stop Xiao Chen, but the moment his fat body hit Xiao Chen, he felt that he was bumping into a heavy tripod. Directly, the center of gravity was unstable, fell down towards the back, and immediately lay on the ground on all fours.

Xiao Chen opened the door and went inside. Wu Zimei didn’t say anything and followed in.

She is a smart person, except that she added two sentences when Xiao Chen spoke at the beginning. At other times, she didn’t say anything. This is to let the above find out when she has reason to say something, so as not to hurt Xiao Chen.

Xiao Chen didn’t think so much. When he came to the inside of the restricted area, he began to look around. After a while, he found a strange mechanism. After pressing the button on the wooden column, he felt a shock on the ground.

Then suddenly a wooden frame hung by wire appeared.

At this time, the fat supervisor outside has run in, followed by several workers. He yelled at Xiao Chen and Wu Zimei: “you are breaking into the restricted area of the factory without authorization, which is illegal, you know? You are still law enforcement officers!”

Xiao Chen ignored him. Pulling Wu Zimei, she stood on the wooden frame and pressed the button on the wooden column.

They went straight into a dark hole.

Xiao Chen moves the jade pulse. A round ball similar to the Pearl of the night was made directly in the hand, and the situation in the whole cave can be seen immediately.

Wu Zimei is very curious about the night pearl in Xiao Chen's hand. "Do you have this with you?" he asked

She didn't know that Xiao Chen had just changed it with a jade pulse. In order to avoid Wu Zimei asking, Xiao Chen replied, "well."

Then he looked around and found that there were all kinds of strange minerals around.

Xiao Chen knew most of these ores. He even saw a lot of rare iron ore and alkene iron ore, all of which were of high value.

While they were observing, there was a loud noise behind them. It turned out that the fat supervisor came down with people. Now all the workers have steel sticks on their hands, and hoes, shovel and so on. One of them is like to stand up against Xiao Chen and Wu Zimei.

"You two don't listen to advice. You know the secret of the factory, so you have to be buried here!" The fat supervisor's eyes are full of fierce light now, and there is no previous fear at all.

It seems that this is not the first time he has done such a thing.

"What are you doing? We're the police!" Wu Zimei did not expect that the other party would dare to despise the dignity of the police.

"Police? What about the police? Even if the current mayor comes here, he has to die!" The fat supervisor said with a big hand: "give it to me! Kill them both!"

Wu Zimei is ready to start. She is not the vice captain of the criminal police team in vain. Only her sister is her opponent in the whole police station, and no one else has ever won her.

Xiao Chen found that Wu Zimei was actually a martial artist. Although her skill was not deep, it was more than enough to deal with ordinary minions. No wonder she became the vice captain of the criminal police at such a young age.

Seeing Wu Zimei on, Xiao Chen didn't have any hesitation.

Two people with extraordinary skills, facing these workers who have not learned any martial arts, they are like a tiger into a flock of sheep. They clean up casually.

Wu Zimei clapped her hands and looked coldly at the fat supervisor. Previously, she didn't speak, which made the fat supervisor think she was just a weak policewoman. Now it seems that things are not what he thought.

"Now I'll give you two choices. Either take us to the mine or try this." Xiao Chen said and squeezed his fist again.

The fat supervisor has long been stunned by their skills. He didn't dare to have the slightest idea of resistance. He quickly smashed his head like garlic tunnel: "I'll take you two to see the mine!"

Therefore, under the leadership of the fat supervisor, Xiao Chen and Wu Zimei learned about the whole mine cave and found that there were indeed many unknown secrets in it.

This is not just about mining. There have also been two mining accidents here, in which many workers died. In order to avoid compensation, the boss covered up the matter, paid off a lot of law enforcement personnel and officials, and even Xu Da participated in it in the end.

Once the matter about this mine cave is revealed, the whole Wuling does not know how many law enforcement officers and senior officials will be sacked.

Xiao Chen then understood why the factory could not be dismantled for a long time. It was not because of the work problems of the workers, but because the big secret buried below involved too many people, so it must not be exposed.

This also explains why several outsiders died inexplicably after seeing Fang Yuchun.

“What shall we do now?” Wu Zimei asked. She was also aware of the seriousness of the whole thing.

The God Of Medicine Son-in-law Chapter 263

“Do as you should.” Xiao Chen’s tone was very decisive.

Hearing Xiao Chen’s words, Wu Zimei also remembered her original intention. She was working with a business and realistic attitude. Now that she has reached this stage, what else does she want to think about.

Previously, just because she knew that so many big people were involved in the mining area, she was still somewhat shaken in her heart. Now she was awakened by Xiao Chen’s words.

So Wu Zimei nodded and said, “OK, let’s go back to the bureau now. Report this matter.”

Xiao Chen was stunned. He didn’t say what to do. He meant his own idea. Finding that there seems to be something wrong with his statement, Xiao Chen hurriedly said to Wu Zimei:

“Captain Wu, you may have misunderstood. What I said is according to my idea. Now this matter can’t be reported.”

Wu Zimei immediately blushed. Originally, she thought Xiao Chen’s statement was to let her go back to the Bureau and report the matter. It doesn’t look like what she thought.

“What about that?” Wu Zimei asked.

“I can’t tell you this for the time being. You just need to look at it. Besides, you can’t let outsiders know about it. No one can say it, okay?” Xiao Chen told me.

“Of course, I’m not a fool. Who else can I tell about such a thing?” Wu Zimei rolled her eyes.

“Yes.” Xiao Chen nodded and then said to the fat main pipe, “is there only these situations here? Is there anything else you didn’t take us?”

The fat supervisor bowed his waist; “You two, this is all I know. If there is still a place to take it, it has either collapsed or I really don’t know. I hope you can spare me. I’m just an errand runner.”

Looking at the appearance of the fat supervisor, Wu Zimei felt a burst of anger. Such a person is actually the most shameful and can be bossed around in front of the workers. Pretend to be honest like a grandson in front of the boss, but try every means to get rid of your relationship after things happen.

But let’s not say that such a person is the best one to live, because most people don’t care about such a villain in case investigation, so they let him do whatever he wants.

However, the fat supervisor was very unlucky. She met Wu Zimei. She hated such a person since she was a child. Now when she saw the fat supervisor, she couldn’t wait to go up and beat him up first. If it weren’t for his residual value. Wu Zimei has already started.

Xiao Chen thought a little, and then said to the fat main pipe, “then take us up. You don’t want to play any tricks, otherwise you know the consequences.”

Naturally, the fat supervisor knew that Xiao Chen and Wu Zimei were powerful. He didn’t dare to play any tricks. He quickly nodded and said, “I’ll take two police officers out now.”

Back on the ground, but it was not the place where he had just come down. After a little observation, Xiao Chen remembered that this was also a factory building and a forbidden area. It turns out that all under the restricted area are due to hidden mines.

That's why he didn't let anyone in. Xiao Chen probably guessed that some people had also investigated, and even someone accidentally entered the mine, but there was no good result in the end.

"Two police officers... I've brought you up now. Can I go now?" The fat supervisor's face was full of begging.

"Go? Where?" Wu Zimei's pretty face was full of cold.

"Ah... Haven't I introduced the situation here to the two police officers? I'm just an errand runner. It's not very useful for them to catch me back." The fat supervisor was a little flustered.

"Yes. It has nothing to do with you, but you should pay it back." Wu Zimei walked to the fat supervisor step by step.

"Police... Officer, what are you doing?" The fat supervisor quickly retreated and even tried to escape.

But Wu Zimei's speed was much faster than him. As soon as her legs were lifted, she kicked directly on the belly of the fat supervisor.

Before the fat supervisor could escape, he felt a pain in his stomach and fell on the cement floor of the factory, raising some dust.

Gasping for mercy, he said, "officer, i... I know what I did wrong before, but I'm really just an errand runner. You don't have to compete with me here."

Wu Zimei didn't hesitate, but still walked quickly. She didn't wear high heels. Otherwise, the kick just kicked out, and now the fat supervisor may have internal bleeding.

After kicking the fat supervisor several times, the fat supervisor froth and fainted.

Xiao Chen didn't expect Wu Zimei to be so cruel. Smiled and said, "there's no need to do this to an irrelevant person. Although he doesn't deserve to be beaten, Captain Wu seems to lose his image."

Seeing that the fat supervisor fainted, Wu Zimei clapped her hands with satisfaction, turned back to Xiao Chen and said, "this is my business. What image is not important. Such a person should fight!"

After hearing this, Xiao Chen didn't say much, then clapped his hands and said, "Captain Wu still has his own character. It seems that it's right that I didn't annoy you before."

"Hum, you've provoked me for a long time, but I think you're a little human. You didn't do it." Wu Zimei snorted coldly.

"Er..." Xiao Chen was speechless at once. He didn't know when he got into trouble with this woman, but the most important thing now is to tell Jian Shi about it first and see how to solve it.

However, when Xiao Chen was ready to take Wu Zimei back to the city to find Jianshi first, a familiar voice suddenly came from behind them.

"Mr. Xiao Chen, vice captain Wu Zimei. I'm far from welcoming you when you two come!"

After hearing the sound, Xiao Chen and Wu Zimei turned their heads and looked in the direction of the sound.

It's Fang Yuchun, not someone else.

At this time, his face had long lost the kind smile when he saw Xiao Chen for the first time. Instead, he had a cruel face. He was looking at them with sinister eyes.

"Fang Yuchun, you really didn't do anything good. No wonder you can have such a big industry so young." Wu Zimei said coldly.

"Oh, vice captain Wu Zimei, why did you come here alone this time? Where are your companions? Can't they be in ambush?" Fang Yuchun's face showed a smile, but it made people feel a trace of murderous floating.

“Without them, I can catch you!” Wu Zimei said and was ready to do it.

The God Of Medicine Son-in-law Chapter 264

“Slow down!” Xiao Chen reached out and stopped Wu Zimei.

“What’s the matter?” Wu Zimei was already angry. Dantian was ready to go up and clean up Fang Yuchun. Suddenly, she was stopped by Xiao Chen. For a moment, she felt very uncomfortable that there was no breath in her chest.

Xiao Chen naturally noticed this, so he stretched out his hand and clicked on her chest.

Wu Zimei was caught off guard when she saw Xiao Chen point directly on her chest with her hand. She almost touched the soft place. She was very angry and slapped Xiao Chen in the face.

Xiao Chen didn’t expect Wu Zimei’s reaction to be so violent. In fact, he just wanted to help her straighten out the tone just now.

With a crisp sound. A red palm print appeared on Xiao Chen’s face, which was just hit by Wu Zimei.

After the fight, Wu Zimei suddenly regretted. In fact, she was not sure what Xiao Chen was just doing. It’s just her habit.

Since childhood, she only gets along with her sister. She has few friends and has never been in love. Now she is 24 years old and has not touched a man. Of course, she has not been touched by a man.

So Xiao Chen’s move just now is simply offending her innocence. Is there any reason not to fight?

“Captain Wu, can you ask before you hit someone next time? I was just helping you straighten out that tone, otherwise you may be in a hurry and cause more serious consequences.” Xiao Chen looked helplessly at Wu Zimei.

“Yes... Sorry.” Wu Zimei found that the sullen air in her chest seemed to have disappeared.

But at the same time, he was also amazed at Xiao Chen’s exquisite technique.

When Fang Yuchun saw Wu Zimei suddenly slap Xiao Chen, he immediately felt a little funny and said again:

“I said to you guys, if you have any emotional problems, it’s better not to solve them here, because now you should think about how to solve the problems you are facing.”

His voice fell, and suddenly several dark shadows appeared, surrounding Xiao Chen and Wu Zimei.

Xiao Chen obviously could feel that the breath of these people was not ordinary, at least they were middle-level martial artists, there were several high-level martial artists, and two seemed to have a strange breath like Nangong Lengshan. It seemed that they should be monks.

The appearance of these people made Xiao Chen’s face more dignified. The other party had an advantage in the number of people, and he didn’t know whether there was a sneak attack in the dark.

In this way, although he may not have too much danger, Wu Zimei is different. Wu Zimei is at most a medium-level martial artist. In the face of so many experts, the probability of her survival is almost zero.

After the rapid rotation of the brain, Xiao Chen determined his battle plan, leaned against Wu Zimei and said, “I’ll attract their attention in a moment. Then you’ll find a chance to escape first. You can’t fight these people.”

Although Wu Zimei was not convinced, Xiao Chen was telling the truth, but she was also worried about Xiao Chen. After all, she didn’t know the details of Xiao Chen, so she asked, “what do you do? Can you escape?”

Xiao Chen said with a mysterious smile: “Captain Wu is so concerned about me. How can I be willing to die in a place where birds don’t shit?”

“Cut, I don’t care about you!” Wu Zimei rolled her eyes.

“Get ready. I’m going to do it right away. You must take out your fastest speed and run with milk strength, you know?” Xiao Chen said, and his breath began to rise.

But how does Wu Zimei listen and feel that Xiao Chen’s words are very strange. Does she talk like that? Still sucking. Running is about speed, not strength.

The two monks over there seemed to feel the change of Xiao Chen’s breath and began to do it one after another.

One man has a stick like weapon in his hand, and the other is holding a big knife.

“Go!” Fang Yuchun gave an order. All the warriors and two monks rushed up.

“Go!” Xiao Chen drank loudly, and a huge jade lotus flower burst out in his hand.

Wu Zimei seized the best opportunity and ran directly to the workshop on one side.

“No! Get back!” The two friars reacted in an instant. They found that the jade lotus in Xiao Chen’s hand contained a destructive and violent atmosphere.

But it was too late for them to say that.

The jade lotus exploded in an instant. All the martial artists around were directly blown to pieces, and the two monks were not easy. Although they reacted quickly, they could not withstand the destructive power of the jade lotus, and were affected.

Both of them vomited blood wildly. They were shaking in place and were about to fall down.

Xiao Chen also felt that his jade Qi was empty at the moment, and there was almost nothing left

Fang Yuchun was shocked. Today he was determined to kill Xiao Chen and brought so many experts. Now there are only two strongest monks left in one move, and the others don't even have bodies left.

Xiao Chen looked at Fang Yuchun and seemed to kill him with his eyes. The two monks stood up reluctantly.

"Crazy knife, do you have any strength left?" Asked the friar with a stick weapon in his hand.

"Bin tie, if you want to go up, go up. Don't talk nonsense!" Crazy knife raises his big knife again.

"OK! That boy must be at the end of a powerful crossbow. Kill him and everything will be over!" Bin tie said and drank loudly. The stick in his hand suddenly produced light. The next moment he appeared above Xiao Chen.

When a stick knocked down, Xiao Chen instantly felt that it was like a huge tripod falling from his head, but he still turned the jade pulse and resisted his attack.

"Crazy knife, come on!" Bintie seemed to feel that he couldn't support it for too long, so he roared.

"What's the rush? I'll come right away!" Crazy Dao's face is full of impatience, condensing Qi. When a knife was wielded, the brilliance flickered. The light of the knife came directly at Xiao Chen. It was very fast. Now Xiao Chen was pressed by wrought iron and had no spare power to escape.

Are you going to fall here?

Xiao Chen is a little unwilling. Although he guessed that the other party might come to calculate him, he didn't expect to bring so many experts, and even two monks with unknown accomplishments.

I wonder if Wu Zimei has escaped now.

For a moment, thousands of thoughts came into Xiao Chen's mind, but it seemed that the knife light was destined to cut him. At this time, a beautiful shadow suddenly appeared. Although the speed was not fast in front of the knife light, she was relatively close to Xiao Chen.

Wu Zimei quickly grabbed Xiao Chen's right hand, and then threw Xiao Chen out with the help of impulse.

The God Of Medicine Son-in-law Chapter 265

At the moment when Xiao Chen was thrown out, Xiao Chen saw the stick on Wu Zimei's head and the knife light behind her. In this case, as Wu Zimei's middle-level martial artist, he will die without doubt.

Time seems to have solidified at this moment. Xiao Chen didn't expect that Wu Zimei would fight to die and save himself, but he was too late and had no strength to return to save Wu Zimei.

"Dang!" A crisp sound seemed to ring in Xiao Chen's ear. The knife light also crossed Wu Zimei's body. Wu Zimei, who was originally flying in mid air, fell to the ground like a broken kite.

At this time, her beautiful eyes were closed, and there was a trace of blood on the corner of her mouth. There was no blood on her pretty face. The police cap on her head fell off, and the originally coiled hair scattered like a peacock.

Xiao Chen and Wu Zimei fell to the ground at the same time, but Xiao Chen opened his eyes while Wu Zimei closed them.

"Bah, this damned woman is out of the way. Crazy knife, come and solve this man!" Bin tie glanced at Wu Zimei who fell to the ground, and his face was full of disgust.

The crazy Dao over there is ready to accumulate strength again. Although they were injured, they haven't used any real Qi after all. Now, although their strength has been weakened a lot, they can release their unique skills several times.

Fang Yuchun, who was not far away, immediately felt that things were in some trouble. Wu Zimei was the vice captain of Wuling criminal police team. Now she died here. It would be difficult to deal with the aftermath at that time.

Originally, I just wanted to catch Xiao Chen and her. I didn't expect things to be so big.

However, he has no choice now. After all, Xiao Chen's strength is really shocking.

However, just as Kuangdao and bintie were preparing for their last attack, Xiao Chen stood up again.

His whole person seems to have changed into a person, his hair has turned red, and there is a raging fire in his eyes, just like the God in charge of the fire in the world from ancient times. The soul of the God of war in his body awakens again. Now there are only two words in his mind: killing.

Kill all the enemies in front of you.

Crazy Dao and bin tie also noticed the strange smell on Xiao Chen at this moment.

"No... impossible. How can such people really exist in this world?" Bintie was so shocked that he forgot to resist.

As soon as his voice fell, he felt a terrible force attacking him, and his position and even the whole space were shaking.

Bintie was instantly beaten into dust before he could scream. Xiao Chen turned his head and looked at the crazy knife. At the moment, the crazy knife seems to have some reason and runs Zhenqi to escape.

If a normal person sees the action of crazy knife, he will be very surprised, because he can overcome gravity and fly directly into the air, and the speed is not slow.

But even so, in front of Xiao Chen who has changed, it is not enough to see. Xiao Chen directly stretched out his hand and grabbed it in the air. Suddenly, he felt that he was caught by the irresistible force. The next moment, he also turned into powder.

Fang Yuchun didn't know what had happened, but he could feel the terrible murderous spirit emanating from Xiao Chen and fell directly to the ground.

He, Xu Da and some senior officials in Wuling city made a mistake. They didn't guess that Xiao Chen had such a hidden means. Now all he has in front of him is despair.

At this time, the power of the God of war on Xiao Chen also slowly faded after killing two friars. Finally, Xiao Chen returned to normal. He didn't have time to rest, so he ran directly to Wu Zimei and began to examine and treat her.

Serious damage to the head, lungs, liver and heart. Without treatment within half an hour, Wu Zimei had no hope of surviving.

At this time, Xiao Chen almost ran out of oil and the lamp was dry. There was no more jade Qi to treat Wu Zimei.

Even strong as Xiao Chen, he couldn't help crying at this time.

"Why are you so stupid!" He looked at Wu Zimei, who closed her eyes peacefully like a sleeping beauty.

The two have known each other for less than a day. Although sometimes they don't fit in, many of their ideas are the same. Wu Zimei is also struggling with her dream in her own post.

However, she died here. At this flower age, she hasn't even begun to experience her life.

Fang Yuchun saw Xiao Chen return to the original state. Suddenly felt the opportunity, he quickly got up from the ground and ran outside the factory area with his tail like a lost dog.

Xiao Chen holds Wu Zimei. The brain kept thinking about what kind of method could cure her, but the answer was – no, there was no way. In the current situation, it is difficult to renew her life.

In desperation, Xiao Chen had to take Wu Zimei into the police car first, and then rush back to the city.

He knew that he could not tell anyone about the current situation, because once he said it, he was likely to be framed. At that time, he bit back and said that he had done evil to Wu Zimei, and then wanted to kill people.

So Xiao Chen first took Wu Zimei to a relatively remote barren mountain and stopped. After confirming that no one was following, she first restored the vitality of Wu Zimei's heart with the only jade gas, but this can only temporarily ensure that she will not die immediately.

Now Xiao Chen has no way. He has to take out the jade Guanyin hanging around his neck, which Xiao Qingyuan left a long time ago. Although Xiao Chen has tried many times, this jade Guanyin seems to have nothing strange.

But now he can only place his hope on the jade Guanyin. He only hopes to contact Xiao Qingyuan with the help of the power of jade Guanyin, even if he shows him a way to save Wu Zimei's life.

Xiao Chen got rid of all the distractions. Like a very devout believer, he put his hands together and began to pray for jade Guanyin.

I don't know how long it took. Xiao opened his eyes again, but no miracle happened. There was nothing in front of him except a wild mountain.

Wu Zimei's breath has been weak to the extreme. In less than ten minutes, she will die.

Xiao Chen suddenly began to hate himself. Why should Wu Zimei take such dangerous actions with him? He would rather die now.

But everything is irreparable. At this time, the strong wind seems to be mocking Xiao Chen's medical skills are not enough to bring people back to life, and it seems that God is constantly calling Wu Zimei's soul and urging her to embark on the road of the yellow spring.

Xiao Chen stood up slowly. He could only expose the evil deeds of Xu Da and others with the spirit of Wu Zimei.

The God Of Medicine Son-in-law Chapter 266

Just when Xiao Chen was almost desperate, suddenly he felt his back cold, and then he seemed to see a shadow flash, but when he was ready to run the jade pulse to resist, there was a pain in the back of his neck, and then he fell unconscious.

Wait until Xiao Chen wakes up again. I found myself lying on the hospital bed.

"Mr. Xiao Chen is awake! Mayor Jane! Mr. Xiao Chen is awake!" A voice reached his ears.

When ah Qiang saw Xiao Chen wake up, he immediately ran outside to inform Jian Shi.

Jianshi also hurried into the ward and saw that Xiao Chen really woke up. Suddenly his face was full of joy.

"Mr. Xiao Chen, you are waking up and scared us to death." Jian Shi seems to be very worried about Xiao Chen's coma.

Xiao Chen took a look at them and pondered for a moment. He still remembered the scene before he fainted. So he asked:

"Why am I here? Captain Wu?"

Hearing this, a Qiang and Jian Shi's smiles solidified in an instant.

“Is she gone?” Xiao Chen’s tone is very indifferent. Although he doesn’t want to say so, the fact is that it doesn’t make any sense to escape.

“That’s not true. Thanks to Mr. Xiao Chen, Captain Wu has been out of danger now, but...” Jian Shi seemed to hesitate.

Hearing that Wu Zimei was out of danger, Xiao Chen looked at Jian Shi in disbelief and said, “you said Captain Wu is still alive?”

Jian Shi was stunned when he saw that Xiao Chen was so excited, and then nodded and said, “indeed, she is still alive. She is just a vegetable.”

vegetative? A vegetative person means that there is still hope to be saved. With his own medical skills, he may be able to try. Xiao Chen immediately felt his mind active.

It seems that a mysterious man saved Wu Zimei. Although Xiao Chen didn’t see who the person was, he is 80% sure that it must be his grandfather Xiao Qingyuan, because he can’t think of anyone else in the world who can save Wu Zimei’s life in that situation.

“Take me to see her.” Xiao Chen supported herself directly from the bed and said.

“Mr. Xiao Chen, don’t worry. Now captain Wu is out of danger. You are extremely weak. The doctor’s suggestion is to rest for at least a few days before you move. Otherwise, you’d better lie down. If you have another accident, we can’t afford it.”

Jane stone looked worried.

Xiao Chen roughly felt his physical condition. Although a little weak, there is already a trace of jade gas flowing in the Dantian. There will be no problem supporting your normal activities.

“I said take me to have a look. Just take me to have a look. I’ll be fine. I promise I’ll be responsible for anything.” Xiao Chen said and was ready to get out of bed.

Jianshi and a Qiang hurried up to help him.

“Mr. Xiao Chen, please slow down!” Along the way, Jian Shi was particularly worried about Xiao Chen’s sudden fainting and so on.

When Wu Zimei was about to arrive in the ward, a figure suddenly appeared in front of the three. When Xiao Chen saw the man, his face was full of cold.

“Mr. Xiao Chen. Why are you so badly hurt? I don’t know who did such a cruel blow to you, mayor Jane. Why don’t you send someone to protect our Mr. Xiao Chen? Fortunately, Mr. Xiao Chen has good means, otherwise, who can afford something!”

Xu Da’s face was full of cat and mouse crying, and he was hypocritical and compassionate.

Jian Shi’s expression on his face at this time is also very ugly, because Xu Da will be appointed mayor of Wuling soon, and he will be transferred from here soon. This time, he failed completely and fell into the trap designed by Xu Da.

Now it is not easy for him to be transferred to other places as vice mayor, and he may even be demoted.

“Don’t bother mayor Xu about these things. I’m not from Wuling. Even if there’s something wrong, I can only blame myself.” Xiao Chen said coldly.

“Look at what you said, Mr. Xiao Chen. I know something happened to you. Young Marshal Hua Qiye called me personally. Can I not be in a hurry?” Xu Da still pretends to be apologetic.

“Let’s go.” Xiao Chen doesn’t want to talk to Xu Da any more. Now Xiao Chen is extremely alert to Xu Da. This person is more terrible in his heart than any terrorist.

In order to achieve their own goals, such people at all costs, and there is no principle and bottom line. It is difficult for Xiao Chen to guess to what extent their means can be cruel and cruel.

Now people in the whole Wuling city may still be in the dark. Being fooled by such a person with a snake heart, they have completely lost their subjective thinking ability.

Jian Shi and a Qiang naturally understood Xiao Chen's meaning, so they immediately helped Xiao Chen to Wu Zimei's ward.

As soon as she came in, Xiao Chen saw a familiar figure standing in front of Wu Zimei.

"Captain Wu Zijiao..." Jianshi was stunned when she saw the man. Unexpectedly, she would also appear here.

Hearing Jianshi's voice, Wu Zijiao turned her head and looked at the three.

When she saw Xiao Chen, her pupils contracted slightly, but immediately turned back and looked at Wu Zimei who was lying in bed without any movement.

Xiao Chen stepped forward and wanted to reach out to check Wu Zimei's pulse, but Wu Zijiao immediately opened his hand and said in a harsh voice, "take away your dirty hand!"

Jianshi immediately wanted to explain, but Xiao Chen reached out and motioned him not to speak. Jianshi had to retreat first.

"Captain Wu Zijiao, I know you hate me very much and I hate myself very much, but your sister may still be saved now. Can I have a try?" Xiao Chen's tone was slightly gentle.

This is not only the respect for Wu Zijiao, but also the respect for Wu Zimei, but also the respect of a man for a woman who dares to give her life for herself.

"My sister, she became like this. You did it all. You know? I knew a lot of things, but I didn't do it because I knew the consequences of doing it. It's good for you to take her directly to such a dangerous place." Wu Zimei seems to have a huge hatred for Xiao Chen.

Xiao Chen knew that it was futile to say anything now, but he really wanted to know about Wu Zimei, so he still said to Wu Zijiao in a good voice:

“Captain Wu Zijiao, just trust me once. Mayor Jianshi can testify. I promise I won’t do anything to your sister. I just want to see her physical condition.”

“Yes, Captain Wu Zijiao, let Mr. Xiao Chen show you.” Jane stone nodded.

The God Of Medicine Son-in-law Chapter 267

After listening to Jianshi’s words, Wu Zijiao had a glimmer of brilliance in her eyes, which seemed to be thinking about something, so she nodded heavily and said, “look, don’t touch anywhere except your hands!”

After hearing this, Xiao Chen reached out and touched Wu Zimei’s pulse. Suddenly, the sword eyebrow frowned slightly, and the expression on his face became very dignified.

Wu Zimei did save her life, but her internal organs were still injured. Moreover, the pulse is disordered, and there may be some abnormal dangers at any time, which is not completely out of the danger of life. It will take some time for treatment.

Seeing that Xiao Chen had been holding his pulse for so long and the expression on his face was still so dignified, Wu Zijiao immediately felt something wrong, so she pushed away Xiao Chen’s hand and said, “don’t look, I don’t think you can see anything like this.”

Xiao Chen withdrew her hand and gave Wu Zijiao an apologetic look. Then they walked out of the ward. Jian Shi and a Qiang were stunned, but they immediately followed out.

“Mr. Xiao Chen, how is the situation you just saw?” Jane stone asked carefully.

“Back to the sky is weak.” Xiao Chen spit out four words, and a trace of bitterness appeared at the corners of his mouth.

After all, a doctor is just a doctor. He can cure the pain, but he can't bring the dead back to life after all. If he really has the ability to bring the dead back to life, the doctor can't be called a doctor. That's what God can do.

Now the only thing that can make Xiao Chen calm down is to pull Xu Da off his horse and show his true face.

Returning to his ward, Xiao Chen said to Jian Shi, "I need to talk to you alone about something."

Jianshi immediately understood, and then said to a Qiang, "watch out and don't let anyone near here."

"Good!" A Qiang nodded and went out.

After seeing ah Qiang go out, Xiao Chen pondered for a moment, sorted out his thoughts and said, "do you know that there are other industries hidden in the factory above Huanghai village?"

Jian Shi listens. With a slight frown on his brow, he said, "I probably guessed it, but the guard there has been quite strict. Originally, I sent a person to investigate, and finally disappeared. Now I can't find out where the person is."

"It seems that the water here is not generally deep." Xiao Chen sighed.

"Mr. Xiao Chen, what do you mean?" Jianshi seems to think of something terrible.

"I think you've been here for a year. You should still be aware of some things." Xiao Chen's voice was a little heavy. It seemed that talking about it was still a great burden for him.

"Of course I know. I also told you about the situation in Wuling. Many people reject outsiders. Those transferred from Kyoto like me have also been excluded." Jane stone nodded.

"What you see is only a superficial phenomenon. Haven't you thought about the essence behind this series of things?" Xiao Chen seems to be disappointed with Jian Shi's statement.

“Essence?” Jian Shi was slightly stunned. In the past year, he did suspect a lot of things and investigated a lot of things, but they all thought that the people in Wuling were just rejecting outsiders, and didn’t think about why.

Although he thought it was actually a very embarrassing thing for himself. However, in front of Xiao Chen, he didn’t feel ashamed, so he said:

“Please give me some advice from Mr. Xiao Chen. I really lack consideration here.”

Xiao Chen looked at Jian Shi for a while and found that he really didn’t know what he was referring to, so he said:

“People just want to see what they want to see. The reason why you think that people here in Wuling are somewhat exclusive is that you recognize this thing in your heart, in addition to the influence of objective factors. Am I right?”

After listening to this, Jian Shi was silent for a while and seemed to have an epiphany: “I see. Mr. Xiao Chen means that I need to change my state of mind so that I can see the essence of some things clearly.”

After hearing this, Xiao Chen shook his head and said, “I mean, have you ever thought about why the people here in Wuling are so exclusive in front of you? Is it really because they are born to exclude outsiders?”

This made Jianshi a little confused. His face was also full of puzzles.

Xiao Chen felt a little helpless, so he said directly: “the reason why the people here reject you is not because they really have the idea of rejecting outsiders. It’s someone who manipulates behind your back, you can’t see it.”

“So it is!” Jianshi immediately felt enlightened. Previously, he always wanted to make a lot of achievements. Let the majority of the people see their credit and hope to change their views on themselves.

Now that Xiao Chen said this, he realized that in fact, someone was operating behind all this, because only in this way can everything be explained. Otherwise, why didn't all people, even those who received some benefits from his work, give him any thanks.

Sometimes people really feel that they can't see Mount Tai. If Xiao Chen, an outsider, hadn't seen the essence of these things after investigation, Jian Shi would have been transferred and didn't know where he lost.

"What are we going to do now? I'll be transferred next month, and there's less than a week left."  
Jianshi's face suddenly looked a little ugly.

Although Xiao Chen woke him up, he seemed to come a little late. Now he felt very weak. Wuling will soon be controlled by Xu Da.

Xiao Chen also knew that the matter was quite urgent and difficult to deal with. Without thunder, it would be difficult to end the incident.

At this time, all Xiao Chen can think of is that Hua Wenfeng Hua is old. Although others are in Kyoto, as the first star of the Empire, his energy is enough to affect the situation in Wuling.

Xiao Chen knows that if you ask the old general to do it. It is likely to bring more trouble, but this is also a helpless thing. Now Xiao Chen is almost out of his wits. He never thought that there would be so many corrupt officials in Wuling.

And all of them are linked together. One catch can only catch a nest. We must have enough strength to catch all corrupt officials.

"I'll tell Mr. Hua about it then. I hope he can solve it as soon as possible. I can't say how long it will take. I can only look at fate." Xiao Chen thought and said.

The God Of Medicine Son-in-law Chapter 268

Jian Shi saw that Xiao Chen was ready to invite Hua Wenfeng and knew what would happen, so he closed his mouth and said nothing more.

"I'll be out of the hospital in the afternoon. You can help me with half the formalities. I won't go to the hotel for the time being. You can arrange a place for me. I need a completely confidential place to talk to HuaLao." Xiao Chen explained Jianshi road.

"OK, I will arrange a good place." Jane stone nodded.

Just then. A refreshing aroma suddenly came, and there was a woman's voice outside. Ah Qiang seemed to be blocking someone.

"Go out and have a look." Xiao Chen suddenly felt that the fragrance was familiar. But I didn't remember who it was for a while.

As soon as he opened the door, Yi mengruo had come to the door of Xiao Chen's ward and poked his upper body in, next to ah Qiang's body.

Facing the temptation of such a beautiful woman, ah Qiang also couldn't resist, so he let Yi mengruo almost enter the ward.

"Is Mr. Xiao Chen in there?" Yi Meng ruo's gentle and delicate voice came.

After listening to this, Jian Shi felt that his legs were soft. Xiao Chen feels a little strange. He doesn't know why Yimeng Ruo came here.

"Miss Yi, mayor Jane has explained that no one is allowed in here." A Qiang tried to say to Yi mengruo in a more serious voice.

Jane stone didn't know what to do, so she looked at Xiao Chen, who nodded and said, "let her in."

Jane stone hurriedly said to a Qiang at the door, "let Miss Yi in."

Ah Qiang was relieved, made a “please” gesture and said to Yi mengruo, “Miss Yi, please come in.”

Yi mengruo walked into the ward with her enchanting body twisted in Lotus steps. Jian Shi was a little stunned to see her dress today.

Although Yimeng is usually charming, it is relatively conservative to wear it. In addition to seeing her slender jade legs, other parts are covered tightly.

Today, the skirt that Yi mengruo is wearing not only reveals her slender thighs, but also almost half of her upper body is exposed. In particular, the snow-white peaks are like two big honey peaches, which makes men unable to open their eyes.

“Mayor Jane. Does he look good?” Yi mengruo asked with a giggle.

Jianshi immediately took back his eyes, coughed softly and said, “what are you doing here?”

Xiao Chen doesn’t have much mind to appreciate Yi mengruo who is specially dressed up at this time. Now, in addition to his guilt for Wu Zimei, he just wants to think about how to bring Xu Da and others to justice.

“I’m looking for Mr. Xiao Chen. There are some important things I want to talk to Mr. Xiao Chen.” Yi mengruo said and threw two eyes at Jane stone.

Jianshi suddenly felt a little out of control. Such a woman, if any man came, would have the same idea as Jianshi. Who can stand it.

But Jian Shi still looked back at Xiao Chen and said, “Mr. Xiao Chen, look at this...”

Xiao Chen glanced at Yi mengruo and said, “go ahead. What’s important?”

Yimeng glanced at Jianshi, and then said in a very delicate voice, "Mr. Xiao Chen, people are looking for you alone. Mayor Jianshi is here. People are very shy."

"Brother Jian, go out first." Xiao Chen didn't want to talk to her, so she ordered Jian Shi.

Jian Shi looked at Yi mengruo and Xiao Chen. He seemed to understand something. Nodded and backed out immediately.

Now Jian Shi understands that Xiao Chen is not a woman, but a woman is not beautiful enough. If she meets Yimeng like this, she will take the initiative, and Xiao Chen will show her true colors.

Xiao Chen didn't know what Jian Shi thought first. He just thought that if Yimeng really had something important to discuss with him, after all, she was very close to Gu Qisheng and might have found some amazing secrets.

It is estimated that some women sent by Gu Chen are too suspicious. On the contrary, it may appear that they are not safe to have a relationship with Gu Chen.

After all, Xiao Chen had a big boss of nearly one billion at the auction. Even if Yi mengruo really wanted to follow him, it was understandable.

Who makes Xiao Chen so rich? Money really means you can do whatever you want. This truth has always been believed to be the truth.

After Jane stone went out. Yimengruo's face immediately showed a sad color, looking very sad and painful, as if he had been seriously hurt. She wriggled her snake waist and came to Xiao Chen's hospital bed.

He threw himself directly at Xiao Chen, looked at Xiao Chen and said, "Mr. Xiao Chen, it's good you're all right. Hearing that you're in hospital, my sisters and I are worried to death."

Xiao Chen is not what jade is in the body, and is quite weak. If he is so angry, if he has such a rush, there is no strength to push her away. All of his nose is pure and fresh perfume.

Although the fragrance is really not disgusting, Xiao Chen has no idea to appreciate it now. Yi mengruo's current behavior is a kind of torture for him.

"Miss Yi, would you please get up first? Don't you have something important to say?" Xiao Chen turned her head away and tried not to breathe the fragrance on her body.

Hearing this, Yimeng hugged Xiao Chen more tightly, and Xiao Chen could immediately feel that the softness in her chest had completely touched her body.

"Miss Yi, if you do this again, I'll be angry." Xiao Chen's voice was a little angry.

He is really disgusted with imoro's behavior now.

"Mr. Xiao Chen." Yimengruo suddenly opened his mouth.

Xiao Chen didn't look at her. Yi mengruo continued to cry, "Mr. Xiao Chen, turn around. I really have something important to tell you."

Xiao Chen was helpless, so he turned his head slightly, just when he saw Yi mengruo. Suddenly I felt a burst of heat on my lips, and Yi mengruo kissed directly.

So Xiaochen wants to resist, but yimengruo suddenly hugs his head, and now Xiaochen has little power to avoid. In this way, Xiaochen feels a burst of warmth in her mouth, and yimengruo directly extends her soft tongue into Xiaochen's mouth.

Xiao Chen immediately felt an unprecedented pleasure, and even gave up resistance.

Suddenly, he felt a faint smell coming out of his mouth, and then his tongue was numb. Then he found that his strength was recovering rapidly.

Yimengruo seemed to have achieved her goal, so she reluctantly retracted her tongue, and the spittle in her mouth was pulled into a thread on their lips at the moment she retracted her tongue.

The God Of Medicine Son-in-law Chapter 269

"I hope Mr. Gu Chen can bring this to me, but I can't use it." Yi Meng said if she leaned against Xiao Chen's ear.

At this time, Xiao Chen is still feeling the power of the strange pill brought by yimengruo. He will not feel that he is full of power and has completely recovered his state before the war.

"Thank President Gu for helping me." Xiao Chen nodded.

"Don't you have to thank me?" Yi Meng looked at Xiao Chen and asked if her eyes were like running water.

Xiao Chen just remembered what he had just done between them, and suddenly his face showed a trace of apology.

He was not shy, but understood this way of yimengruo, but also knew that he was in addition to thanking him. There is nothing else that can give yimengruo.

"Thank you, of course." Xiao Chen said after a little meditation.

Hearing Xiao Chen's words, Yimeng straightened up his body with satisfaction, and still hung a beautiful smile on his face. But there was a trace of sadness in his eyes.

Xiao Chen was very strange at once, but he didn't ask if Yi Meng turned and left.

"Miss Yi, go slowly!" The voices of Jian Shi and a Qiang came from outside.

Xiao Chen understood at the moment that Yimeng was like a dream. He couldn't touch it and see it clearly. For this woman, there was a deep psychedelic feeling in his heart. It seemed that her appearance was very unreal, and he couldn't guess what was thinking in her heart.

Xiao Chen doesn't know whether the sadness in Yi mengruo's eyes was revealed intentionally or inadvertently. After thinking about it, he always feels that Shixiang Pavilion seems to know something about some behaviors of Xu Da and others.

But Jianshi interrupted his thought after entering the door.

Jianshi and a Qiang don't know what happened just now, but seeing the delicate and moving appearance of Yimeng when she went out, a man would have compassion. Jianshi guessed that Yimeng wanted to have an ambiguous relationship with Xiao Chen, but was rejected by Xiao Chen, so she would have that kind of expression.

As for why she can come to see Xiao Chen at this time and whether there is anything important, they both don't know.

"Mr. Xiao Chen, what time are you going to leave the hospital in the afternoon? I have informed someone to help you go through the discharge formalities." Jian Shi smiled and said to Xiao Chen.

"No afternoon. I can leave the hospital now. Everything should be kept secret, you know?" Xiao Chen said and walked out of bed.

Earlier, when Xiao Chen wanted to get out of bed, Jian Shi and a Qiang could see that his action was somewhat inconvenient. Now Xiao Chen is like a changed person. He gets out of bed very fluently without any feeling of weakness or injury.

They had to guess that yimengruo had just sent some healing medicine?

But she is obviously empty handed, and as an ordinary citizen, she has to be searched to enter this area. It is impossible to bring anything.

Although strange, their faces were full of joy. Now Xiao Chen has recovered, which is a good thing for them. At least Xiao Chen can work early and inform Hua Wenfeng.

“Mr. Xiao Chen, I’ll go through the discharge formalities now.” Jianshi immediately turned to go through the discharge formalities.

But Xiao Chen stopped him and said, “no, you can go through the formalities in the afternoon. I’ll go out first.”

Jian Shi was stunned, and then reacted and said, “OK, I see, Mr. Xiao Chen.”

Xiao Chen can probably guess what elixir yimengruo gave him now. This is the unique bailing turning pill of the medical immortal sect. After using it, he can quickly recover his vitality. In those days, there were only three pills in the whole sect.

Xiao Qingyuan used one and left two missing. It is said that one was taken out by Xiao Qingyuan, so Xiao Chen dares to conclude that this time is not an idea from ancient times, and he listened to the arrangement of his grandfather Xiao Qingyuan.

As for why he arranged it like this. Xiao Chen doesn’t know. He is still in a hurry to inform Kyoto as soon as possible, otherwise many people here may be in danger.

In addition, if Yimeng had a trace of sadness on his face earlier, it is likely that their Shixiang pavilion has been involved in this incident.

At this time, in another unknown room, several people were watching the surveillance video in the middle of the room. Xu Da sat in the middle and saw Xiao Chen leave the hospital. He quickly dialed a phone.

“Hello. Now the target appears. Find a way to do it!”

After hanging up the phone, Xu Da looked at the two people aside. One of them has a white beard and looks old, but his eyes are surprisingly sharp, as if he had a sword in his eyes.

The other is a middle-aged man with ordinary appearance. It looks ordinary, but it's definitely not ordinary to sit here.

They both looked at Xu Da with a smile, as if they were waiting for him to speak first.

Sure enough, Xu Da spoke to them first.

"Sect leader Guang, I will find resources to make up for the two disciples who died in Cangjian Mountain Villa this time. I will give you a satisfactory answer." Xu Da said and looked at the old man with white beard.

Guanghuojia stroked his beard and said with a slight smile, "Mayor Xu Da doesn't have to worry about it. My two disciples are dead if they die. They can only blame them for their poor learning and their attempt to achieve great cause. Some sacrifices are inevitable."

"Well, I appreciate people like Guangmen Master, who have a good view of pattern." Xu Da laughed loudly.

"Vice Mayor Xu Da, no, I should call you Mayor Xu Da. When you go up, can I be promoted to the position of vice mayor?" A middle-aged man with ordinary appearance on one side.

"That's the natural brother Situ. I just don't understand one thing. Your Situ family's power in Wuling is unmatched. Why have you been hiding underground for so many years and let the little Chu family steal the limelight?"

Xu Da smiled and looked at Situ Shoudao.

Situ Shou gently put his hand on Xu Da's shoulder. Xu Da felt a chill, but his face didn't change much, so he heard Situ Shou say:

“Mayor Xu Da, our situ family started with the mind reading skill of yin and Yang family. This ancient secret method has a history of nearly 3000 years. If our behavior is so easy for you to guess, isn't it a false reputation for our largest family in Wuling?”

Xu Da couldn't help feeling a little frightened when he heard this. Knowing what he just seemed to say, he quickly showed an apologetic smile.

The God Of Medicine Son-in-law Chapter 270

About three thousand years ago, there was an era when various theories and arts were in full bloom, and the theory of yin and Yang was one of them, but it did not spread widely.

It can even be said to be handed down in one continuous line. Many historians believe that some of the core contents of this theory may have been lost. After all, there are too few successors and not many historical materials can be queried.

However, situ Shou's family seems to be one of the heirs of the yin-yang theory, and it seems to inherit the strong mind reading skills of the yin-yang family.

In this world. Some people have enough money he can't spend all his life, some have the power to look down on the world, and some can call the wind and rain in an area. But no one can guess what the other person is thinking.

Their enemies, friends, relatives and even lovers cannot understand each other's thoughts. Even if they have language for communication, there will still be a lot of contradictions and incomprehension.

If the people of situ family can read their minds, it means that their whole family is almost superior to others.

This ability is many times stronger than money, power, status or other foreign things.

Imagine. If you walk in the desert and face a desperate situation, you will die of thirst, even if you are a rich man, a senior official or an accomplished scholar.

You can't let others give up their lives to save you, because they have to work hard for their own lives.

But if you can read your mind, the result will be very different. You can understand other people's ideas, then seduce them, and finally convince them. They may give up their life and help you live.

This is the horror of mind reading. Now Situ Shou has such ability. Even Guang Huojia, who has some accomplishments, should be afraid of him, because the other party may have seen through all his thoughts inadvertently.

And constantly give yourself a psychological hint in some small details, and may eventually become his victim.

Xu Da is actually walking on thin ice when dealing with such people. However, the purpose of the Situ family was to control the whole Wuling first, then infiltrate all officials in a region of the Central Plains, and then continue to develop towards the north and South until the whole empire was controlled.

Therefore, Xu Da is just a pawn of them. Xu Da knows this very well, so he can be qualified to constantly deal with various forces.

In addition to mind reading, the strongest academic skill of Yin-Yang school is imperial mind skill, which is something that the emperor can be qualified to understand in ancient times.

Now it has been inherited by Situ family, which is enough to prove. They must have a mind to take charge of and dominate the Empire.

Tibetan sword mountain villa is the strongest but most secret sect in Wuling. Few people in the whole Wuling know their existence, and Guanghuojia has trained four disciples with excellent cultivation in recent years.

The previous crazy Dao and Bin Iron were just the two behind.

And there are two others, whose accomplishments are even higher than those of them. One of them even got the true biography “Dugu Yijian” by Guang Huojia

Between a sword, the sun and the moon are shining, and between heaven and earth, there is only loneliness!

Among the killers sent by Xu Da. Including these two, they went with the determination to kill Xiao Chen, because Xiao Chen’s appearance did attract the attention of many people, and there was Kyoto Huajia behind him.

If you really poke things out, everyone’s life will be difficult, so now no matter how much it costs. All want to cut off Xiao Chen.

In this way, everyone can be happy and everyone can rest easy.

As soon as Xiao Chen got out of the hospital, he immediately understood why Yimeng wanted to send the bailing rotary pill, because Xu Da and others didn’t intend to let him go. Just out of the hospital, he could feel that several strong breath locked him.

Xiao Chen didn’t hesitate, pretended not to know, and drove quickly away from the hospital.

Several black Mercedes Benzes came quickly behind him, obviously trying to intercept Xiao Chen on the way.

It’s another time to test your driving skills. Xiao Chen knew that the opponent he was facing was unusual. He had to find a way around the other party’s unexpected way before he had a certain chance to escape.

However, Xiao Chen has just figured out his own route. He found that he had no choice, because there were several Mercedes Benzes parked in the middle of the road ahead, which seemed to have been waiting here for a long time.

To wait for Xiao Chen to come out when. Xiao Chen realized that he was doomed to escape from the moment he was admitted to the hospital.

Since there was no way to escape, Xiao Chen had to stop the car. At this time, his front and rear were Mercedes Benz and had been surrounded by people.

“Mr. Xiao Chen, if you want to avoid the pain of flesh and blood, please cooperate with us, and we won’t embarrass you.” A voice came. It was Wu Feng, the eldest disciple of Tibetan sword mountain villa, who was awe inspiring with sword bones.

“Yes, Xiao Chen just needs to come with us now. We’ll let bygones be bygones for what you’ve done before.” A man in a suit also came out.

This man is Wang Mao, Xu Da’s right-hand assistant. Now he is the director of the Municipal Supervision Bureau. It can almost be said that he is the largest official under Xu Da and Jian Shi.

Xiao Chen looked coldly at the crowd surrounding him. The expression on his face was unusually calm and said calmly, “if I go with you, will you really let me go? Do you think this is a family affair?”

“In that case, we have nothing to say, so please ask Mr. Xiao Chen for advice!” As Wu Feng said, his eyes were full of murderous opportunities, and his true Qi condensed into a sword. The sword was full of yellow brilliance and didn’t seem to have any lethality.

However, Xiao Chen could feel that the breath of the other side was stronger than any friar he had met before. If Nangong Lengshan was here, he could not figure out three moves, he might be hurt or even die by the other side.

And Wu Feng’s breath gave Xiao Chen a very dangerous feeling. It was like he had been locked by a falcon hovering in the air. He had no way out.

“Qiang” the sword in Wu Feng’s hand gave out a sword sound, and Xiao Chen saw an invisible sword Qi flying towards him. The speed was amazing. Even he had to try his best to run the jade pulse to resist.

Xiao Chen condensed all the jade Qi in his two hands, and his hands quickly changed into a light cyan similar to jade.
