The God Of Medicine Son-in-law Chapter 271

Xiao Chen stretched out his hands to catch the sword Qi played by Wu Feng. For a moment, he felt the impulse from the sword Qi. The whole person was pushed back by half a meter, but he still gave the sword Qi to him.

Seeing that Xiao Chen could take over his sword Qi empty handed, Wu Feng's face flashed a look of surprise, but it was also fleeting. He immediately made another move again. This time he didn't use the sword Qi. It was he who rushed over.

Prepare to have a close fight with Xiao Chen. Xiao Chen silently moves jade Qi, while his eyes are observing the situation around him.

He found that everyone around him now seemed not ready to do it. But watching him fight with Wu Feng alone.

Xiao Chen immediately understood that this should be Wu Feng's own request, or that others are not allowed to intervene when he makes a move.

This became an opportunity for Xiao Chen. He was thinking about how to escape unexpectedly.

In addition to Wu Feng, there is only one monk who has not shown up. His accomplishments seem to be not much different from Wu Feng. It seems that he is waiting for an opportunity.

Thinking, Wu Feng has killed him. The sword made of genuine Qi bloomed with a trace of light yellow brilliance. When he was in the head, he directly cleaved down at Xiao Chen. Xiao Chen was not in a hurry and hid on his side.

But at the moment when he turned sideways, he suddenly saw the smile on the corners of Wu Feng's mouth. A chill came from behind. He quickly poured all the jade gas into his back.

"Dang!" It was as if Wu Feng felt that what he had just cut was not Xiao Chen, but steel.

His hands were shocked a little numb, but he still tried to cut Xiao Chen directly, but Xiao Chen had flown into the air with the help of his sword.

At this time, a pang of pain came from his waist, but fortunately now he can condense the jade Qi into a solid body, otherwise he might be cut by Wu Feng.

Wu Feng's move just now was also taught by Guanghuo Jiasuo. It's called: full moon chop.

It seems to be cut straight. In fact, it will rotate slightly on the wrist, which will make the sword seem to draw a circle in the air.

As long as it is the first contact with this move, few people can guard against it, even if they find it. If you don't have time to stop, you will be hurt.

As for Xiao Chen's reaction and the texture Wu Feng felt at the moment when he cut it down, he suspected that Xiao Chen had some treasure armor hidden in him. Otherwise, Xiao Chen could not be intact with his sword, and now he flew into the air.

However, his cultivation now is in the period of Dan knot. The Dan became a body and his true Qi was released, so he immediately shouted. Without any external force, and without the need to run Qi like the previous crazy knife, he flew in public.

Some ordinary martial artists below looked with envy. This is the real power they pursue, the power beyond nature.

His speed is much faster than that of Xiao Chen. Although Xiao Chen is already the cultivation of the medical sect, he is a medical practitioner after all and is not good at fighting. He only flies by relying on the power of Wu Feng's sword.

When I see Wu Feng, I will catch up with myself. Xiao Chen didn't hesitate at all. A jade lotus flower suddenly appeared in her hand and flew out in an instant. The destructive power contained in it surprised Wu Feng who flew quickly and quickly ran Zhenqi to resist.

“Boom!” It seemed as if a heavy bomb had exploded in the air. The aftershock caused a group of people below to fall to the ground one after another.

Only a few high-level warriors and the mysterious monk were not affected much.

At this time, Wu Feng also fell to the ground and suffered some minor injuries.

The result Xiao Chen wants is like this. Now Wu Feng can't catch up with him, and he can fly to the nearby hillside with the power of the explosion. At that time, he enters the barren mountain. It's more convenient for him to hide with his keen sense of spirit.

However, just when Xiao Chen thought everything was as he expected, another friar moved.

He suddenly squeezed out several strange printing formulas in his hand, and then a huge stone appeared out of thin air on Xiao Chen's head. He hit him impartially.

The huge stone looked at least more than a kilogram. Out of guard, Xiao Chen was also smashed. Fortunately, he ran quickly in the just moment, and the jade Qi protected his chest. Then I saw that Xiao Chen was like a kite with a broken line and was hit by a boulder from the sky.

Fell to the ground.

At this time, Wu Feng seemed to be brewing a decision, and he kept silently reciting a spell. The white robe he was wearing automatically rose without wind, and several strange marks appeared on the light yellow sword.

“Lonely sword!” Wu Feng instantly flew the light yellow sword out of his hand at an amazing speed. Even now, Xiao Chen's eyesight can only barely see the flying track, but he didn't expect that the other party would fly the sword out. In the face of the sudden attack, Xiao Chen can only take this move.

The jade Qi poured into his hand, and the pale yellow sword seemed to be one second away from touching Xiao Chen's hand. At this time, the huge stone in the sky was also pressed down.

Xiao Chen wants to mobilize the soul of the God of war in his body, but the soul of the God of war is not what Xiao Chen wants. It seems that every time Xiao Chen is angry to the extreme, it can appear, and the current situation. Xiao Chen was not angered. Even if he was directly angry now, it seemed that the effect was not good.

The moment the pale yellow sword touched Xiao Chen's hands, Xiao Chen felt that the strength of the other party was completely beyond his ability to resist. Immediately, a trace of blood appeared on his hands, and the pain came from it. The pale yellow sword had passed through the palms of his hands and flew directly towards his head.

The boulder on his head also seems to be about to be pressed down. Now what is left to Xiao Chen seems to be only despair. Under the joint blow of the two people, he has no resistance.

At this moment, all the past appeared in front of me like a running lantern. It seems that it is coming to an end. Is this your destiny?

Xiao Chen was unwilling, and his jade Qi began to burn. Even if he died, he would take all the people who helped the tyranny in front of him to hell!

Wu Feng and the friar also felt something wrong with Xiao Chen at this time. It seemed that something terrible was about to explode.

As friars, they understand this. Some friars with high accomplishments will choose to stir up Qi riots in their bodies in desperate situations, and then explode and die with each other.

The God Of Medicine Son-in-law Chapter 272

Wu Feng retreated violently. He reacted with him in time. There was another monk who wanted to escape.

Their speed is so fast that ordinary people can hardly see his trajectory with their naked eyes.

At this critical moment, Xiao Chen suddenly felt a force behind him, then lost consciousness again, and the jade pulse that was supposed to detonate was silent.

The people present did not return to their senses, nor did they know why Wu Feng and others suddenly retreated, but they saw that the pale yellow sword and the boulder had hit Xiao Chen at the same time.

Because the boulder directly crushed Xiao Chen, all the martial artists present stepped back. The boulder fell on the road with a bang.

Seeing that there was no imagined big bang here, Wu Feng and the friar also stopped, after confirming that nothing unexpected would happen here. Just slowly approached.

Because the boulder was made of genuine Qi, it soon disappeared on the spot, leaving only a huge dent on the road, but I didn't see Xiao Chen's body.

"Master Wu Fengxian, master Ling Yunxian, where is Xiao Chen?" Wang Mao asked suspiciously.

Wu Feng and Ling Yun are also releasing their spiritual senses. But I didn't find any trace of Xiao Chen. It seems that he disappeared out of thin air in a moment.

Because both of them just backed away, they didn't see the specific situation here.

After all, facing the threat of Xiao Chen's self explosion, they had to choose to retreat first. Their cultivation is not easy. They don't want to die or be seriously injured under such circumstances.

"Although I don't know what kind of magic Xiao Chen used, he shouldn't run far. We'll go after him separately. In addition, we can only search in the whole city and block all the traffic arteries!" Wu Feng said and flew in one direction.

Lingyun then soared into the air and flew out in another direction. Wang Mao immediately ordered: "inform all field personnel, block the main traffic roads in the city, and send all forces to find Xiao Chen!"

Then these black Mercedes Benzes also left the scene one after another, leaving only a huge dent in the middle that was hit by a boulder.

In the next few days, the whole Wuling became a sensation. Xiao Chen was wanted by the whole city for stealing important documents from the municipal government. They have even sent wanted notices to several adjacent urban areas.

Be sure to find Xiao Chen. As a dangerous person, he can't believe all his words. Now his wanted bonus has risen to 500000 yuan.

Almost half of the people in Wuling know that Xiao Chen, a dangerous wanted criminal, is now at large. Everyone always pays attention to the situation around him.

No matter in primary school, junior middle school or senior high school, even universities and companies have begun to take various protective measures for fear that Xiao Chen will suddenly appear and hurt them.

In the general office of the municipal government, Jian Shi used to be relatively calm. Now his face is full of anxiety and his hair is messy. Obviously, I haven't washed it for days.

Dark circles under his eyes are even more serious and frightening. Zixuan and Xueer on one side are worried about his body and advise him to have a rest first.

But Jian Shi said with a bitter smile: "I also want to rest, but as soon as I close my eyes and think of Mr. Xiao Chen's current situation, I can't sleep at all. I'm really useless. In this situation, I can't help at all, and I have to be monitored by Xu Da."

Zixuan and Xueer also had sad expressions on their faces.

Xiao Chen has been missing for three days. Three days ago, Xu Da put Jianshi under house arrest on the grounds that Jianshi had intensive contact with terrorist criminals.

Jianshi originally wanted to resist, but Xu Da has got the document order issued by Kyoto, with the seal of the imperial manager on it. All his powers have been temporarily taken back. Now he is no different from ordinary people.

If Xiao Chen is really dead. Then everything will be over. He Jianshi will not only be transferred from Wuling, but will probably never enter politics again for a lifetime. It is lucky to be able to save his family and life.

At the same time, the situation in Shixiang Pavilion is not optimistic, because if Yimeng's meeting with Xiao Chen was monitored and photographed, although he doesn't know what they did in the ward, it's definitely not a good thing. That's it. The whole Shixiang pavilion was locked up.

In the north of Wuling City, the largest prison in cangbei is in Mahuangshan prison. At this time, the warden is sitting in the interrogation room with Xu Da. In front of him was a woman with an angel face and a figure comparable to the world's top models.

Although she was wearing the Yellow mandarin jacket that criminals must wear, she still couldn't hide her proud figure and beautiful face.

"Miss Yi, you'd better honestly tell me what happened that day. Warden Zheng and I are both merciful to each other. You are the most beautiful woman in Wuling. As long as you say it, we won't embarrass you."

Xu Da's face at this time was full of obscene laughter.

Although he is not addicted to female s*x, it is a kind of enjoyment to have such a beauty if he can stay with him. After all, it is the dream lover pursued by millions of people. It's hard to describe if he can sleep with her for a few days.

Just when Xu Da was flirting. If Yimeng is cold, his dream is completely broken.

"Scum like you don't deserve to talk to me." If Yimeng accepts his usual flattery, he is particularly heartless in the face of Xu Da. There is no emotional expression on his pretty face, so he is very indifferent.

“You!” Xu Daden was furious at that time. If she hadn’t been fully convicted now. He wanted to kill yimengruo in front of everyone. Such a woman is what he hates most. Xu Da usually likes docile women most, because such a woman can give him a sense of security.

I didn’t expect that if Yimeng usually looks obsequious and winks at many men, he is still hard in prison.

“I’ve seen a lot of such little girls. She’s just a temporary temper. Let me tell you how to slowly kill their spirit.” Zheng guangqiao on one side looked calm and impatient.

After that, he waved to the outside, and two strong men came in, with nothing on them except a fig leaf.

Both of them stared at the high peaks of Yimeng, and the desire in their eyes was exposed.

Xu Da was also surprised to see this.

The God Of Medicine Son-in-law Chapter 273

“Warden Zheng, I’m afraid it’s inappropriate.” Xu Da looked at Zheng guangqiao road.

Although he is really dissatisfied with Yi mengruo’s attitude, and even wants to torture this ignorant woman, it seems that Zheng guangqiao is going to come for real. It’s a pity that such a beautiful woman has been ruined by such two people.

“Mayor Xu, just look at it. To deal with such women, we must use such means to loosen them both!” Zheng guangqiao ordered.

Then. The handcuffs of the two men were released, and they couldn’t wait to come to yimengruo.

Even if the current Yimeng wears a yellow jacket, the charming posture can still fascinate all normal men. These two strong men have committed serious crimes and have been imprisoned in prison for more than ten years.

Today, Zheng guangqiao even gave them this opportunity. Why didn't they grasp it well. Immediately, regardless of the crowd of so many people around, he directly took away his piece of shame cloth and went up to take off Yi mengruo's clothes.

When the prison guards around saw this scene, they couldn't help getting a little excited.

Is this the most beautiful woman in Wuling going to be insulted like this? Although it's a pity, everyone is ready to watch the performance without blinking.

After seeing this situation, yimengruo flashed a trace of helplessness and pain on her face. Then she directly bit off her tongue. Unexpectedly, she wanted to bite her tongue and commit suicide.

After reading it, Xu Da immediately stood up and shouted, "stop now! If the prisoner dies, all his previous achievements will be wasted!"

Zheng guangqiao also found that he seemed to have played too much. He didn't expect Yi mengruo's temperament to be so strong.

But the two big men can't manage so much. This is the first beauty in Wuling. Even if it's dead, it's also the first beauty who's dead. It's not white.

Continue to prepare to take off Yi mengruo's clothes, the snow-white on her chest has long been exposed, and her pants are almost torn off.

The two big men are scrambling to pick up yimengruo directly.

Just then, two prison guards rushed in with electric batons. A stick was given to each of the two big men, and they stopped their movements.

The prison guard dragged the man out, but yimengruo's spring was almost all exposed. Even Xu Da couldn't help swallowing a mouthful of water after watching it.

However, he immediately ordered people to tidy up imoro's clothes and let the doctor come in to have a look.

"Warden Zheng, mayor Xu, this... Miss Yi may not have much time." The doctor came to this conclusion after examining yimengruo.

Xu Da immediately became angry and scolded Zheng guangqiao. "Who asked you to interrogate in such an exciting way? What do you think to do now? It's small that she died and big that she lost Xiao Chen. Do you know?"

Zheng guangqiao also realized that he seemed to have gone too far, but he patted Xu Da on the shoulder and said:

"Mayor Xu, don't be too angry. Aren't there her sisters now? They don't know the situation of their eldest sister now. As long as we use a little trick, they will recruit truthfully."

Xu Da no longer believed Zheng guangqiao this time. He waved his hand and said, "I don't care about this matter. You can't finish it by yourself. You can do it by yourself."

Then he walked out with his hands on his back.

Zheng guangqiao nodded repeatedly until he saw that Xu Da had left. In fact, he didn't want to give in to anyone. To today's position, it is all the result of his own efforts.

If Xu Da's current Wuling was not too powerful, he would not have given Xu Da this face.

After glancing at Yi mengruo, who was dying in bed, Zheng guangqiao turned back and said, "go down and interrogate her sisters separately. You must talk to me, okay?"

Several wardens behind him immediately nodded and replied, "yes, sir!"

Then he hurried out of the infirmary.

But the moment they just walked out of the infirmary. A figure suddenly appeared in front of them. Before the three had time to respond, several silver needles had all been stuck on them.

In an instant, all three fell to the ground and twitched constantly.

The visitor walked directly into the infirmary, and his steps were quite light, but Zheng guangqiao found him. He practiced martial arts since childhood, so the six senses are more sensitive than ordinary people. Otherwise, it is impossible to do this step by relying on his own ability.

“Who!” Zheng guangqiao didn’t look either. A whip leg directly kicked towards the source of the sound.

What he didn’t expect was that he was confident that this foot was enough to break a boulder, but it was like kicking on an extremely hard metal. He immediately felt a wave of pain in his feet.

But without hesitation, he was ready to take back his feet and touch the pistol pinned to his waist.

But it’s too late. He didn’t see each other’s movements clearly. The next moment, he felt that his head seemed to be hit directly by something hard. Suddenly, he felt the earth spinning, and then the whole person fainted.

“Miss Yi!” Xiao Chen saw Yi mengruo lying on the hospital bed. At this time, she was dying.

One side of the prison doctor was scared and shrank in the corner. Xiao Chen looked at him and still didn’t do it. After all, he is masked now, and the doctor doesn’t know who he is.

Holding up yimengruo, Xiao Chen evaded all the monitoring according to the path when he came, and escaped from the high wall behind the prison.

Not far away. Xiao Chen directly ran the jade pulse and repaired all the injuries on Yi mengruo. Yi mengruo's long eyelashes trembled twice, and then slowly opened his beautiful eyes like crescent moon.

At this time, the two of them are on a barren mountain. In order to avoid being found, Xiao Chen is ready to take yimengruo to hide in the mountain for two days. Then go out.

When she opened her eyes and saw that it was Xiao Chen, Yimeng ruoton was happy, but she immediately recalled what had happened in prison and immediately wanted to push Xiao Chen away.

But of course Xiao Chen will not let go, because if Yimeng recovers from a serious illness, he is too weak. He must protect her.

So Xiao Chen hugged Yi mengruo tightly and said, "Miss Yi, I have no malice, but your current situation is not optimistic, so I must ensure your safety."

Hearing this, Yimeng stopped resisting, but his eyes were still dim and had no style of the past.

At this time, she seems to have lost the confidence to live.

The God Of Medicine Son-in-law Chapter 274

Xiao Chen felt something wrong with Yi Meng, so he asked, "Miss Yi, why did you bite your tongue and commit suicide when you were in prison?"

Yimengruo didn't seem to hear Xiao Chen's question, but looked at the sky dully.

Seeing her performance like this, Xiao Chen knew that this was not a good time to ask these questions, so he gently put Yi mengruo on the grass and pricked her acupoints with a silver needle.

“This helps your blood flow. Although I don’t know what bad things you have experienced in prison, now that you have survived, you must live and there will be hope and a turn for the better.” Xiao Chen showed a brilliant smile.

Yimengruo’s eyes changed slightly after seeing his smile, but he still didn’t say a word.

After the placement of imoro. Xiao Chen ordered one of her acupoints, mainly to temporarily seal the meridians of her hands and feet to prevent her from doing some extreme things.

While Xiao Chen started to operate not far away. The jade vein cut down several trees, and then after working all morning, he built a small wooden house on the barren mountain, which was their temporary shelter.

Now Xiao Chen is wanted in the whole city. As soon as he shows up in Wuling, someone will probably call the police and so on. In order to avoid unnecessary trouble, he can only do so.

After the wooden house was built, Xiao Chen also went to find some thick straw to cushion it on the board. Now it’s autumn. The temperature in the mountains is still very low at night. Xiao Chen is not afraid, but Yi mengruo’s body is already weak.

Now we should pay more attention to keeping warm. In addition to straw, Xiao Chen had no choice but to “borrow” some simple sheets, cotton wadding and other things from some nearby farmers’ homes.

Every time he took one, he left his mark and left a handwriting to show that he would return it.

In this way, some cotton quilts were lost in the homes of several farmers around Mahuang mountain, but no other things were moved, and there were not many lost, so no one paid special attention.

After collecting all this, Xiao Chen went out to pick some wild fruits and caught some pheasants on the mountain. After roasting, he gave them to yimengruo.

At first, if Yimeng refused. But what Xiao Chen ate on one side was called a fragrance. At last, she couldn’t help it. She ate it in a big gulp, completely regardless of her identity as a woman.

When Xiao Chen saw that she was willing to eat, she was happy at once, but her face still pretended to dislike the tunnel: “don’t you eat? I’m not full yet. Now that you eat, I have to catch some more.”

If Yi Meng listens to it, he suddenly seems to be angry with Xiao Chen. Speed up eating and keep sending chicken pieces to your mouth.

Xiao Chen didn’t expect that he was just joking. Yimengruo suddenly showed such a performance. He hurriedly went up and patted yimengruo on the back and said, “well, I’m kidding. You eat slowly. There are many on the mountain. I can catch many at will.”

Originally, Yimeng Ruo was still frantically biting the roast chicken in her hand, but suddenly she threw away the roast chicken in her hand and asked, “why do you want to save me? Why don’t you let me die?”

This sentence made Xiao Chen a little confused. After a little stunned, he adjusted his mood and said to Yi mengruo:

“Because you can’t die, you saved me, so I want to save you, and your sisters are still in prison. We must expose Xu Da’s evil deeds, so you must not die!”

Hearing Xiao Chen’s words, Yi mengruo wiped away the tears from the corners of his eyes and said firmly, “yes! I can’t die. If I want to die, these animals will die first!”

“Miss Yi, I really don’t know you very well now.” Xiao Chen had a bitter smile on her face.

Originally, Yimeng’s impression in his heart was that she was a woman with all kinds of customs and killing power for all men, and she was absolutely noble. An extraordinary woman.

Now, it seems that yimengruo is also an ordinary woman, except for her appearance. Others are even similar to housewives, but her temperament is still there.

Even just swearing can make Xiao Chen feel a different charm.

“You don’t know there are many things.” Yimengruo also found that he had just lost his attitude. But now she doesn’t seem to care much about her image in front of Xiao Chen.

Before Xiao Chen came, she never cared about her image in front of any man. She pretended to be elegant only to cater to those men on the auction ground. The reason why she was called “black widow” was not just because she had died so simple as several husbands.

But Xiao Chen didn’t know all this. When he knew it, things were out of control, but these were later words.

Now Xiao Chen is waiting for an opportunity. Three days ago, he was rescued from Wu Feng and Ling Yun by a mysterious old man. The old man is wearing a mask. Xiao Chen can’t feel his breath, although it is speculated that it may be his grandfather Xiao Qingyuan. But there seems to be something wrong with the other party’s style.

After the old man saved Xiao Chen, he left a note to Xiao Chen, and then Xiao Chen couldn’t find the old man again.

The note left by the old man said: look for situ family, situ Nian.

Xiao Chen has been in Wuling for so long that he hasn’t even seen the situ family and doesn’t know what kind of status the situ family is. Now Jian Shi is under house arrest. He was wanted and could not appear in public. He originally planned to turn to Shixiang Pavilion for help.

But now it seems that Shixiang Pavilion is also very miserable.

Looking at Xiao Chen’s thoughtful appearance, Yi mengruo came to him and asked, “have you figured out what to do? Don’t you want to save my sisters.”

Although at this time, if Yimeng didn’t dress up, her hair was a little messy, and she didn’t pretend to pose, the charm engraved in her bones remained in her words and deeds.

So Xiao Chen also tried not to think about other things and didn't look at Yi mengruo. She said behind her back, "the situation is more complicated now. I've informed Kyoto. As for when people will come, it can only depend on their arrangement."

"Then we can't wait here. At least save my sisters and take me back to Shixiang Pavilion." Yi mengruo said.

"Well, I'll find a way as soon as possible. We're not familiar with the current situation in Shixiang Pavilion, so you may have to wait for some time if you want to go back." Xiao Chen nodded very solemnly.

The God Of Medicine Son-in-law Chapter 275

Two days later, the news that yimengruo was robbed in prison spread widely.

Xu Da was furious in the office at this time.

"How do you do things one by one? I haven't found any news about Xiao Chen yet? If there's no more whereabouts of Xiao Chen, you don't have to do it. Pack up for me and leave!"

The following managers, soldiers and some of Xu Da's confidants all look like earth. Although they know that Xu Da is angry about Yimeng if he is rescued, they also know that Xu Da always keeps his word. Maybe they can't find Xiao Chen again.

If it's true, Xu Da will fire them all.

Normally, you can't be fired when you work in the municipal government, because it's an official position given by the Empire. If you want to stir fry, the leading officials in Kyoto will stir fry, but Xu Da has such great power and influence in Wuling. You can't leave. He naturally has a way to let you go.

Xu Da has worked hard in Wuling city for 20 years. If he can't even do this little thing, he really doesn't have to be confused as the deputy head of the guard.

However, the main purpose of his speech this time is to hope that the following people will work harder. The whole Wuling is so big. These people don't fight alone in Wuling. They all have the support of the forces behind them.

As long as everyone goes all out to mobilize their people, they can turn over Wuling in almost three days. If they really pay attention to the disappearance of Xiao Chen, there will be a result long ago, rather than three days like now, without any rest.

Unless Xiao Chen can fly, he can appear in different areas of Wuling every day. And it can also monitor the situation of the whole city. Otherwise, Xu Da fully believes that his men will find Xiao Chen.

Of course, during this period, someone once put forward the argument that Xiao Chen might not be in Wuling City, but this was immediately denied by Xu Da.

The person who can rob the prison can only be Xiao Chen, not others. There may be some hidden connection between him and Yi mengruo. Now Xu Da believes that if Xiao Chen is with Yi mengruo, this is the biggest hidden danger in his future.

Yimengruo, a woman who seems to like to hook up with men at ordinary times, has a certain communication with people from all walks of life, but there has never been any comment about her relationship with a high-level in the city.

This makes Xu Da quite concerned about this woman. He vaguely felt that this woman was not simple, and if Yimeng had come to Wuling for five years, he would be more low-key after being recognized as the first beauty of Wuling.

Xu Da, who is very sensitive to human nature, clearly realizes that the woman's purpose is not simple. Definitely not an ordinary woman who just depends on her appearance to mix the society.

Now she is with Xiao Chen. Although Xiao Chen has been seriously injured, Xiao Chen has the support of Kyoto behind him. If Yi mengruo says some unspeakable secrets and goes out, he will be caught by the one in Kyoto, and Xu Da and the following group will be finished.

The more Xu Da thought about it, the more he felt his cold sweat. Looking at the group of directors and cadres in front of him, he felt powerless for the first time.

Although only Xiao Chen appeared this time. But it was enough to stir up the whole Wuling, which Xu Da didn't guess. The biggest opponent in his life is a person who has no threat at all at the beginning.

Xiao Chen's performance at the auction last time really surprised many people, but Xu Da didn't think much of him. He just thought it was a top rich second generation with money and nowhere to spend to show off.

In addition, knowing that Xiao Chen has power behind the capital, it may be that he is the son of a big family in the capital, but I didn't expect that the purpose of Xiao Chen's coming to Wuling was not just to show off his wealth.

Moreover, Xiao Chen is not the son of a big family who only relies on the forces behind him to show off in Xu Da's eyes, because Xiao Chen can also do medicine and has high martial arts, which is very difficult to deal with.

It's thanks to Master Chu to know Xiao Chen's medical skills. Although it is obvious that the Chu family has no contact with anyone in the municipal government, as a big family like the Chu family, it must know that there is no airtight wall.

Moreover, in order to ensure the long-term interests of his family, old Chu was very careful in his contact with Xu Da. Every time, he sent a message to Xu Da without leaving a trace, and asked Xu Da to do so.

Although Xu Da was very angry about the Chu family's practice, he had no way. After all, the Chu family's industry is related to the life and death of the whole Wuling. If you want the Chu family to completely surrender, you can only spend huge efforts to trip up their industry.

But Xu Da didn't have so much free time to deal with these things. He didn't pay attention to the Chu family. The whole Wuling was his primary goal, so he let the Chu family do what they wanted to do.

As long as Xu Da's interests are not violated, Xu Da will turn a blind eye and ignore some things.

However, for so many years, Master Chu is also quite trustworthy. Every time Xu Da gives any news to his family, he must reply to a relatively equal news within a period of time.

So this is why Xu Da has been arranging various forces to promote some things in Wuling for so many years, but there is no resistance.

In addition to the help of the situ family, the information provided by the Chu family is also very important.

“I want to find a place to take a bath.” Yi mengruo looked at Xiao Chen who had just set up a fire on one side.

They have been in the mountains for three days. Xiao Chen once disguised a little this morning and went down for a turn. He found that the whole Wuling was still searching for the traces of the two of them, and it had intensified.

In desperation, Xiao Chen can only temporarily decide to stay in the mountains for two days. When she comes back, Yimeng can't stand some smell on her body.

In fact, it seems to Xiao Chen that it's still good. Now the weather is not hot, so there will be a lot less sweating. However, if yimengruo does have some smell now, it's like a child who hasn't taken a bath for a few days.

“I'll find out if there's a water source nearby. I'll make a fire to burn a pot of water for you.” Xiao Chen said that although he wanted to refuse this request, because of the barren mountains, if he wanted to find a way to boil water, he had to “borrow” from the farmer's house again.

I haven't returned the bedding I borrowed last time.

The God Of Medicine Son-in-law Chapter 276

However, if Yimeng falls into this field today, it is more or less inseparable from his Xiao Chen, and the bailing turning pill brought by Yimeng that day can be said to be quite key.

Although he knew it was arranged by his grandfather, after all, if Yimeng was willing to take such a big risk to deliver medicine to himself, he knew that Xiao Chen was in a very bad situation.

Therefore, Xiao Chen's request for yimengruo is almost responsive.

In fact, Yimeng has made two requests for so many days. The first is to ask Xiao Chen to find her a suitable suit of clothes. Wearing a yellow jacket made her feel uncomfortable all over.

The second one is about bathing.

After Xiao Chen baked the dinner, she embarked on her own journey of "borrowing" things again.

He can guarantee it this time. It will be returned after it is used up, because this time it's just a pot for boiling water. Although Wuling is in autumn, the water temperature in the river is still very cold.

So Xiao Chen still wants Yi mengruo to take a hot bath.

Come to the village under this barren mountain. Xiao Chen once again bowed to all the village households, expressed his regret, and then walked in with light hands and feet.

Everything was going well. He soon found an old looking kettle. After he got the kettle, Xiao Chen suddenly thought that they didn't drink much water these days and ate wild fruits when they were thirsty. He simply cut two bamboos on his way back and made two bamboo cups.

Although there was a slight smell inside, it could be regarded as drinking water. It was better than eating wild fruits before. After all, Xiao Chen was worried that if Yimeng ate so many wild fruits, he might have diarrhea and so on.

I saw Xiao Chen come back with a kettle. Yi mengruo is somewhat moved in her heart.

If there is such a man around her to protect herself from the wind and rain, she doesn't need to be reduced to opening a Shixiang pavilion to make a living.

Xiao Chen put the kettle on the fire rack and burned it. When he came back, he had already filled the water on the road. Now he is going to boil a pot of boiling water first. Two people will drink some first, and then build a wooden bucket for Yi mengruo to take a bath.

"Xiao Chen. Do you want to hear my story?" Yimengruo suddenly said.

Xiao Chen was stunned. They lived here for three times and rarely talked. Yimeng was very sad because he had been invaded by two criminals two days ago, but things would always pass. Under the influence of Xiao Chen's positive attitude. Yimengruo also slowly opened the chatterbox.

"If you want to say, I'll listen." Xiao Chen smiled.

Seeing Xiao Chen's smile, Yimeng wants to jump up and hold him now, because Xiao Chen has been for so many years. The only man who didn't abandon her.

Even if she was caught in prison, even if she knew she was a famous "black widow".

But if Yimeng still has reason now, he knows that he is dirty now and that there is little possibility between himself and Xiao Chen.

After a slight sigh, Yi mengruo slowly said, "my first husband is a public official. We are all from bianzhou. But he was transferred to Wuling because of the need of work."

"Bianzhou? Isn't it thousands of miles away from Wuling? It's almost catching up with my hometown Donghai." Xiao Chen was slightly surprised.

Bianzhou and the East China Sea are in the opposite direction of the Empire, and the East China Sea faces the sea. In the area close to the south, while bianzhou city is in the area close to the north. Moreover, it is said that there is loess everywhere, which is also known as the "hometown of loess".

“Do you want to listen?” Yi mengruo seems a little angry. It seems that she doesn’t like to be interrupted when she is talking.

“Oh, well, I won’t say it, you say.” Xiao Chen had to touch the back of his head.

“He was transferred to Wuling, and I followed him. At that time, I was not familiar with my life. It was difficult for me to find a job...” Yi mengruo said what he had experienced like watching a movie.

After listening, Xiao Chen took a deep breath, and only one word appeared in his mind: miserable!

Originally, he thought that if Yimeng had been hurt by a man, he would become what he is today, but he didn’t expect that there were so many reasons.

After arriving at Wuling. She was liked by the curator of Wuling cultural center. She was asked to go there to work. She hardly had to do anything. She could get a salary of 5000 yuan a month, and various shopping vouchers and allowances were issued from time to time.

This is a pretty good job for a woman who has just entered the society.

Yimengruo immediately agreed, but the beauty will provoke a group of unscrupulous coyotes wherever she goes, and the cultural curator is one. After yimengruo entered the cultural museum, she kept harassing her.

At first, Yimeng didn’t say it clearly because of her face. Until one day she was disturbed when she answered the phone at work, she couldn’t bear it and offered to resign.

Although the cultural curator made repeated promises later, Yimeng didn’t promise.

At that time, his boyfriend worked in the criminal police team, and his monthly salary was not high. It seemed that they were a little tight.

If Yimeng has to go out to find other jobs, but goes around, she can meet people who covet her beauty everywhere.

As a graduate student of a famous university, her knowledge does not allow Yimeng to engage in those jobs with relatively low technical level. She has no choice but to ask her boyfriend to go back to her hometown.

But her boyfriend said that if she went back, it would be better to break up, and she began to suspect that she had another man outside. After all, her appearance was too charming.

At that time, if Yimeng had not been selected as the first beauty of Wuling, it was because she had not been in public often, and it was because she was really green at that time.

According to Yi mengruo, she never thought that she would wear cheongsam to go in and out of the so-called upper class people in her life.

The more Xiao Chen listened, the more interested he was, and some of his anxiety was relieved a lot.

"In fact, whether you are a simple beauty or such a charming beauty now, I think it's all your own." Xiao Chen smiled at Yi mengruo.

"What you said is true?" Yi Meng's beautiful eyes stare at the boss.

For so many years, she thought she had lost her original soul and had long been not the yimengruo who simply wanted to live an ordinary life. But when she heard Xiao Chen say so, she suddenly felt that her heart was full of strength and moistened her whole body. The God Of Medicine Son-in-law Chapter 277

"Although I know that many things have happened in the past five years. You were betrayed by your first boyfriend and had to do that, I know that you haven't changed, but the way you pursue your ultimate goal has changed." Xiao Chen nodded.

"Thank you. Xiao Chen." Yimengruo thanked a man from his heart for the first time.

If Xiao Chen saved rose earlier, Yi mengruo's gratitude is only a basic level of gratitude. Now, she is really grateful from the inside out.

There is a saying called: a scholar dies for a bosom friend. This sentence has the same effect on women. If Yimeng doesn't regret the sacrifice he made for Xiao Chen. Because Xiao Chen is the one who really understands her.

"But miss Yi, I really admire you." Xiao Chen's conversation turned.

"Admire me?" Yimengruo's pretty face suddenly appeared a trace of doubt.

"If you are a woman in the traditional sense, I admire you very much because of your courage and determination. Even a man may not have it, or even most men don't have it." Xiao Chen said with a look of admiration on her face.

"It's all forced and helpless. If you are betrayed again and again by the person you love, you will rise up and resist." Yi mengruo seems to be a little distracted.

It seemed to be a shadow that she couldn't erase in her life.

"It doesn't matter. You've come out now." Xiao Chen said and patted Yi mengruo on the shoulder.

"Me?" Yimeng smiled bitterly and said, "forget it. I'm not coming out like this, and now the culprit Xu Da is still there. It's not now to come out."

As soon as Xiao Chen heard this, he immediately nodded and said, "yes, Xu Da is still there now. This is something we must solve. When Xu Da is solved, I think Miss Yi can really put down some things."

"Probably." Yimengruo looked at the flame beating in the fire rack, as if it was her heart now, very unstable.

“Well, when the water boils, you can drink it right away.” Xiao Chen also looked at the kettle on the fire rack.

“Actually, I’ve always had a question for you.” Yimengruo suddenly looked at Xiao Chen again.

“Say it. It’s just the two of us. Just say what you have.” Xiao Chen took down the kettle from the fire rack and said.

“How does your roast chicken smell of salt? I didn’t see what seasoning you put in the roast chicken?” Yi mengruo said and gathered in the direction of Xiao Chen.

Xiao Chen just turned around with a kettle. Suddenly I saw that if Yimeng appeared behind me, I was startled. Then I stepped back two steps, and the water on the kettle spilled out, some directly on my thighs.

Xiao Chen immediately felt a tingling pain on his thigh, and then immediately ran the jade pulse to repair his wound. Then he put the kettle on the ground.

“Are you okay? I didn’t mean to.” Yi mengruo looked anxiously at Xiao Chen.

She really didn’t expect such an accident when she just wanted to lean over there.

“Nothing.” Xiao Chen’s face was calm.

But this is really nothing for him. After all, he is a doctor, and now he has become a jade pulse. Don’t mention this scald, even if it was cut by the sword. As long as it’s not a fatal injury, he can recover quickly.

However, Xiao Chen knows he’s okay, but if Yimeng doesn’t know, he must check Xiao Chen’s leg condition when he comes up. Generally, if he is scalded, he should always wash it with cold water, otherwise he will leave a scar.

Seeing that Xiao Chen's thigh was wet by hot water, if Yimeng felt a burst of heartache, he stepped forward and said anything to see Xiao Chen's legs.

Xiao Chen had no choice but to protect his pants.

If Yimeng finds that Xiao Chen speaks with a sophisticated appearance. But in fact, it's a little like a little virgin who hasn't touched a woman. After being entangled by her twice, his face turned a little red.

"Don't you have a girlfriend yet?" Yi mengruo suddenly smiled and said.

Xiao Chen knew something was going to go wrong at a glance. Yi mengruo seemed to enter that kind of charming state again.

She quickly took her hand away and said, "I have a wife. Really, Miss Yi, my injury is really all right. I can cure it. Have you forgotten who saved you by biting your tongue before?"

"Do you have a wife?" Yimeng ruo's eyes glittered with lost brilliance, but her body didn't step back at all and still picked up Xiao Chen's pants.

Because Xiao Chen has found that she looks like such a big boy.

Since her first boyfriend, she has never really looked for a loved one again. Later, several terms were just fun. Of course, her later boyfriends died, which is why she has the name of "black widow".

Now she can't extricate herself after feeling the masculinity of Xiao Chen. The passion that hasn't burned for many years seems to be ignited at this moment and will burst out soon.

"Miss Yi, I really have a wife, and I'm very playful. Not only one, but also two. Don't pester me anymore. I'm just like your first boyfriend." Xiao Chen wants to stop Yi mengruo's idea of danger now.

But yimengruo was already a little indifferent at this time, and pushed Xiao Chen directly under a big tree step by step.

To be honest, Xiao Chen may not have any panic in the face of thousands of troops and horses, but he doesn't understand what's going on if he's in a mess in front of Yimeng.

However, he is a young and strong man after all. He hasn't contacted women in Wuling for so many days, but his instinct as a man is still there. Now the beauty is so active.

Although he really wanted to learn from Liu Xiahui, who used to sit still, he was not allowed physically. Bursts of fire also made him feel uncomfortable.

"Xiao Chen, I know what you're thinking, but no one will know what's going on here, and I won't tell anyone. Just take it as a comfort to me, okay?" If Yi Meng said this, he jumped on Xiao Chen.

Those jade hands were also quite skilled and began to swim on Xiao Chen.

Xiao Chen immediately felt an excitement all over her, and her hair stood up. Of course, it was caused by too much comfort.

The God Of Medicine Son-in-law Chapter 278

"Miss Yi, wake up!" Xiao Chen is still struggling to resist. Although his comfort constantly stimulates his nerves and wants him to give up resistance, the shadow of Wu Yaqing and a Ling in his heart always lingers.

This also became the last line of defense that Xiao Chen could hold on to not being knocked down by the attack of Yi mengruo.

However, if Yimeng touched Xiao Chen, it was not enough. She took back her other hand and took off her clothes.

Xiao Chen quickly stretched out his hand to stop it. But as soon as he reached out, he immediately met the soft part of yimengruo, which made his heart a mess. The fire was completely overwhelmed.

At this time, Xiao Chen was almost completely reduced to a beast controlled by desire. Originally, he wanted to stretch out his hands to stop Yi mengruo. At this time, he also became a helper to help the tyranny.

Xiao Chen hurriedly took off Yi mengruo's clothes, and the whole person seemed to have fallen into madness.

Yimengruo sees that Xiao Chen turns passivity into initiative. Giggling laughter came from the throat, and the sound became particularly clear with the expansion on the barren mountain.

Although Yi mengruo hasn't touched a man for so many years, she still has a good control over the man's mood. She took the initiative to hold Xiao Chen's pants, but suddenly put them on Xiao Chen's back. It seems that she is waiting for Xiao Chen to untie his pants.

Xiao Chen, who was already full of primitive desire, thought that yimengruo had untied his pants, so he pushed yimengruo down on the lawn and wanted to take the next step.

But at this time, Xiao Chen found that his pants were still on him. No wonder he didn't feel liberated from just now, so he quickly untied his pants.

However, because of his inner impulse, Xiao Chen almost lost his reason and found that he couldn't untie his pants for a long time. Suddenly he roared like a beast.

Seeing Xiao Chen's anxious appearance, Yi Meng couldn't help laughing again, then stretched out his smooth and jade hand again, took away Xiao Chen's flustered hands and whispered, "sister, come and help you."

Then I saw that Xiao Chen's trousers and belts were pulled open by Yi mengruo like magic.

At this time, Xiao Chen was like a beast just out of the cage. He immediately threw himself on Yi mengruo and began to suck her unique fragrance.

For a while. The whole barren mountain is a pleasant sound made by the two people.

If someone hears it nearby, they may think it's something like wanghong looking for excitement in the mountains.

After a long time, the sky gradually darkened. Xiao Chen and Yi mengruo, who had been through clouds and rain for more than three hours, lay quietly on the bedding of the cabin.

Although it is dark, if Yimeng can feel the infinite passion for her in Xiao Chen, they are both men and women released in this nature. She gently stroked Xiao Chen's strong abdominal muscles and enjoyed the feeling of a man sleeping next to her.

"Take a bath." Xiao Chen suddenly said.

"Now?" If Yimeng was surprised, now the outside has completely entered the night, and they are in the mountain. Without any lighting tools, even with torches, it is difficult to see the situation outside.

"Well, you wait for me. I'll boil water." Xiao Chen said and stood up.

"Be careful this big night." Yi mengruo looked worried and said.

"Don't worry." Xiao Chen said and came back and kissed her.

After seeing Xiao Chen go out. Yi mengruo suddenly feels a trace of sadness in her heart. She knows that Xiao Chen doesn't belong to her own man. And Xiao Chen has too many secrets. Even now she may not be able to control them.

After thinking about it. Yi mengruo seemed to have made a decision, and then lay down very quietly.

In fact, the main reason why Xiao Chen said he wanted to take a bath now was to make Yi mengruo more comfortable.

Because both of them do have a little taste now. As a man, he can't make his woman can't even take a bath. The key is such a charming woman.

Xiao Chen's eyesight now, even at night, as long as there is a little light, he can see things within five meters. So the difference between night and day is that the visibility is reduced.

At night, Xiao Chen will not be a "blind man".

When they came outside, they had drunk half of the water in the kettle and the other half was cold, so Mr. Xiao Chen heated the water for a while. Then he filled a cup and sent it to Yi mengruo.

Seeing Xiao Chen's meticulous care for himself, Yi mengruo seemed to waver in his new idea, but finally insisted.

Xiao Chen didn't notice the change of Yi mengruo's face. She just wanted to boil the water first, and then cut down a few trees to make a barrel and let Yi mengruo take a bath.

After working for nearly half an hour, Xiao Chen finally made the barrel, and then burned about three pots of water, plus some cold water. At the same time, the temperature in the barrel was about more than 50 degrees, which was very suitable for bathing.

Xiao Chen returned to the cabin and whispered, "if you dream, are you asleep?"

Yimengruo was a little sleepy, and there was no influence from anyone. Indeed, he had entered sleep, but when he heard Xiao Chen's voice outside, his bright eyes opened immediately. Xiao Chen saw yimengruo's open eyes with the light.

So he went up and picked her up directly as a princess, and then went to the outside barrel to put her down.

At this time, Yi mengruo is still wearing her own inner show, so Xiao Chen asks her to take it off first.

“Let’s wash together.” Yimengruo suddenly put forward a request.

“Ah? But this bucket is not big.” Xiao Chen was a little stunned. In fact, he wanted to take a bath and go to the river for a dip, because his body was strong enough. Even in winter, more than ten degrees below zero was no different from normal temperature for him.

“I don’t care. I’ll wash it together.” Yimeng said angrily like a little woman.

Xiao Chen was a little helpless. The barrel was originally specially made by him for yimengruo. Although he made it a little bigger, it seemed a little crowded when they went in.

But now Xiao Chen can’t go against Yi mengruo’s meaning, so she takes off all her clothes, and then puts her in the barrel first, and then enters it slowly.

It happened that they could only sit in the barrel in a hug.

At this time, Xiao Chen understood why Yimeng asked so.

The God Of Medicine Son-in-law Chapter 279

Because if Yimeng had just slept for a while, it seemed that her physical strength had recovered a little. Unexpectedly, she “went to war” with Xiao Chen in the barrel.

If Yimeng is a rare beauty in the world, besides being obsequious, she also has a good grasp of men’s psychology, sometimes cold and gorgeous, sometimes charming, sometimes s*xy and sometimes cute.

Even Xiao Chen may fall under her attack under normal circumstances, not to mention the current situation. They are almost completely integrated into one. Now Xiao Chen understands what is called true harmony.

After loving her again, Xiao Chen felt that she was a little weak. I can’t help sighing that if Yimeng is really powerful, if Xiao Chen is an ordinary man, it is estimated that she may have drained her now.

After taking a bath, Xiao Chen runs the jade Qi to evaporate the water on Yi mengruo, and all the water vapor on himself evaporates with Yungong.

Feeling Xiao Chen's warm hands and the happy feeling of jade gas flowing through his body, Yi mengruo is obsessed with Xiao Chen again. Unexpectedly, he directly bit Xiao Chen's fingers and looked at him with a smile.

Xiao Chen saw a burst of scalp numbness, and then felt that yimengruo's slender jade hand began to be dishonest. He quickly took his hand back, and then blocked yimengruo and said, "mengruo, let's forget it today and talk about it later."

If Yimeng didn't expect that Xiao Chen would take the lead in recognizing counseling, she just felt that Xiao Chen still had spare power.

But Xiao Chen said so. It was too difficult for her to tease him again, so she nodded and said very meekly: "OK, let's continue later."

After listening to this sentence, Xiao Chen found that he seemed to have done something terrible. After that, if he didn't have time to make love with Yimeng for too long, what would he look like?

Xiao Chen can't imagine, he can't imagine, and he can't imagine. Wu Yaqing and a Ling know that they have the expression of other women outside.

I was speechless all night.

This is the fourth day that Xiao Chen disappeared and the third day that Jian Shi was under house arrest. Jianshi could hardly leave the municipal government for the past three days. The meals were sent by people specially arranged by Xu Da.

Zixuan and Xueer are naturally inseparable from Jianshi.

The news of Xiao Chen didn't appear. Many people outside are saying that Xiao Chen is dead or has left Wuling. Jian Shi inquired through internal news and learned that Xiao Chen hasn't been found yet, and the person is probably still in Wuling.

Jianshi's only hope for persistence now is Xiao Chen. As long as he is still alive, he may turn over, so Jianshi does almost nothing every day. In addition to paying attention to the news trends of the whole Wuling, he arranged two close friends to help inquire about Xiao Chen.

On the other side, Xu Da met Situ Shou and Guang Huojia again.

"I've been saved by the three disciples of Wuling, but why did I have to go with you?" Xu Da is a little overwhelmed now.

"Didn't I say that? My two disciples said that Xiao Chen was saved by a mysterious man. He will not die. And wasn't someone robbed the prison two days ago? That man is estimated to be Xiao Chen." Guanghuojia was a little impatient.

"Captain Xu Dawei, don't worry. Our family has finished the next step. Even if Xiao Chen called the one from Kyoto, there will be no big waves on our Wuling side." Situ Shou was very indifferent.

"Brother Situ, you mean your family has invited people in Kyoto?" Xu Daton asked with a bright look in his eyes.

"Of course, now Captain Xu Da can put 10000 hearts into it. This man will definitely give us protection, but the benefits are also to be given. I'll discuss it with you later." Situ Shou looked like he was in control of everything.

"Yes! Yes!" Xu Daton felt the stone in his heart fall down.

The reason why he is so anxious to find Xiao Chen is that Xiao Chen knows what's going on here and will report it to the Huawenfeng family in Kyoto. Now if Situ Shou is telling the truth. Then if someone in Kyoto supports them, they have nothing to fear.

“But Xiao Chen still needs to be caught. After all, he has disturbed the whole Wuling. Moreover, his identity is quite not simple. If he is not controlled by us, he can’t shake us now. There may be some moths in the future.”

Situ Shou added another sentence.

“Of course. In the next period of time, I will ask everyone to strictly guard any entry and exit personnel in the whole Wuling area. I don’t believe this boy can fly with wings. Even if he can fly, he can’t escape from my Wuzhishan!”

Xu Da said firmly.

“Well, that’s it. Sect leader Guang, the pill our ancestors asked for from you last time. I hope you can hand it in to us this month.” Situ Shou said and looked at Guang Huojia. There seemed to be some sense of coercion in his eyes.

It seems that Guang Huojia may owe them something, so situ Shou’s tone is slightly threatening.

“I see. I will give the pill within this month.” Guanghuo Jia seemed to have a perfunctory meaning on his face, and his eyes also twinkled with cunning light.

But most people didn’t notice it, but he forgot that situ family is the inheritance family of yin and Yang family, and situ Shou, as the leader of situ family, is proficient in mind reading.

All the expressions of Guang Huojia had been seen by situ Shou.

But situ Shou didn’t reveal it. But he smiled calmly and said, “we have cooperated for so many years. I believe guangmen leader will not break his promise.”

“Don’t worry.” Guanghuojia once again emphasized one sentence.

Although Xu Da can't read his mind, he can see that there seems to be some estrangement between the two. He quickly roundly said: "we have cooperated for so many years. There's no need to hurt the harmony for some things. If there's anything, let's put it out and solve it together."

Hearing Xu Da's words, Guang Huojia was slightly moved, but he still didn't speak. Situ code snorted lukewarm, then said goodbye to them and left sadly.

Seeing situ Shou's performance, Guang Huojia immediately felt a trace of displeasure on his face. He also snorted coldly: "what's so great about the situ family? It's not a group of nerds who can only move their mouths!"

The God Of Medicine Son-in-law Chapter 280

"Guangmen leader can't say that. Mr. situ Shou and situ family are our loyal partners. We can discuss anything we have." Xu Dali showed a flattering smile.

"Go!" Guanghuojia didn't seem to be in love with Xu Da. He left the hotel room with a big hand.

Xu Da was left sitting alone in the room, looking a little embarrassed.

However, shortly after guanghuojia left, Xu Da showed a cruel smile on his face and said, "guanghuojia, since you don't listen to advice, don't blame me for being cruel and cruel."

Stay away from him. I've been secretly angry with situ Shou for a long time. I've been arrogant about Guang Huojia's behavior in front of them. The forces on both sides have some opinions.

However, because he is a monk and has advanced cultivation, Guang Huojia thinks he is an expert in the world. Although we are now conspiring with them for some things, it is just to get a place to practice.

As long as Xu Da takes the position of Captain Wei, he will naturally be transferred to a good mountain area for him to practice, and he will never be disturbed by any outsiders.

This is why Guanghuojia is willing to help them.

In fact, Guang Huo Jia is the most worthless one, because his two disciples were killed by Xiao Chen, and the other two disciples were sent as thugs. On the surface, everyone calls them immortal masters. In fact, they just make them contribute.

It's just that Guanghuojia wants to practice, so he doesn't care so much.

So Guanghuojia never thought that in the end, he would be jointly dealt with by the two.

Just as Xu Da was about to return to the municipal government building, his phone rang. It said that someone had found the trace of Xiao Chen's yimengruo, which was on a barren mountain called qingluan mountain near the prison of Mahuang mountain.

Xu Da immediately asked someone to arrange him to go there. Under the escort of two police cars, Xu Da rushed to qingluan mountain where Xiao Chen and Yi mengruo were located. Before arriving at the cabin, Xu Da looked at the scene in front of him and immediately determined that this was Xiao Chen and Yi mengruo.

Then he immediately launched all the police forces and all the manpower he could use to start a carpet search in the whole barren mountain area. It is necessary to find Xiao Chen and Yi mengruo.

What Xu Da doesn't know is that Xiao Chen and Yi mengruo are rushing to Shixiang Pavilion at this time.

"Thank you so much, brother Qiang!" Xiao Chen sat on the Honda driven by a Qiang and walked down the road.

"Mr. Xiao Chen is our distinguished guest. I should do all this." Ah Qiang smiled.

The reason why Xiao Chen and Yi Meng are in ah Qiang's car now. We'll start that morning.

Now it is close to September, so the dawn of the whole Wuling is relatively late. Generally, the brightness can be clearly seen in the whole sky around 7 o'clock.

Xiao Chen gets up to practice at about five o'clock every morning. In order not to disturb Yi mengruo, he specially comes outside to practice.

While Xiao Chen was practicing, he suddenly heard a sound of footsteps, so he immediately became vigilant, thinking that Xu Da had sent someone to check here.

Just when Xiao Chen Ran the jade pulse and the silver needle in his hand was ready to go. He saw clearly that the visitor was not someone else, but a Qiang, a trusted driver beside Jian Shi.

However, Xiao Chen didn't immediately relax his vigilance, because he knew that Jianshi might have been controlled by Xu Da, so now a Qiang might be Xu Da's man.

So when ah Qiang was ready to open the wooden door, Xiao Chen appeared behind him, put a silver needle against his neck and said, "are you here to catch us?"

As soon as a Qiang heard Xiao Chen's voice, he immediately shed tears and said, "Mr. Xiao Chen, I knew you weren't dead!"

Seeing his appearance, Xiao Chen slowly took back his silver needle.

Later, ah Qiang explained. It turns out that a Qiang has always been a double agent. On the surface, he is Jianshi's driver, but in fact, he is an insider arranged by Xu Da to monitor Jianshi's every move.

Because he was moved by some of Jianshi's behaviors, he finally told the whole story. Now it's Jianshi's traitor who planted around Xu Da and specially reported some false news. Because it is well hidden, and Jianshi will give Xu Da some sweets from time to time.

Therefore, his identity has not been exposed, and the reason why he found this place is entirely based on a moment of fantasy. He thinks that Xiao Chen is an unusual person and will certainly take an unusual road.

So I took a chance on this barren mountain. Unexpectedly, Xiao Chen was really here.

A Qiang takes Xiao Chen and Yi mengruo to a rented house he rented temporarily. Because some things need to be discussed in some unknown places, he and Jian Shi often rent one or two such remote houses outside. Almost absolutely safe.

Entering the rental house, Xiao Chen could see that it was an old house for more than 20 years, and the walls around the house were almost beyond recognition. But the good thing is that the floor is still wooden. Although the conditions are a little worse, it is always much better than on the mountain.

Originally, if Yimeng wanted to go to Shixiang Pavilion first. Because there are very important things in it, but Xiao Chen first asked ah Qiang to bring them here. After all, the Shixiang Pavilion is definitely under Xu Da's surveillance. If they go so rashly, they will certainly scare the snake.

"Mr. Xiao Chen, what do you think we should do now?" A Qiang looked at Xiao Chen with expectation.

"It's not urgent. I'll wait until the people in Kyoto come and make plans. You're very careful these days. I'll try to disguise and go out to inquire about some news. Go back quickly. If there's nothing to do, don't meet for the time being. Don't tell Jianshi about my business!"

Xiao Chen told me.

"OK, it's all arranged by Mr. Xiao Chen!" Ah Qiang said and left the rental house.

At this time, Xiao Chen and Yi mengruo are left in the whole room. Xiao Chen tries to turn his back and think about the problem, because as soon as he sees Yi mengruo, Xiao Chen will inevitably think of what happened between them last night.

It's hard for him to concentrate.

Yi mengruo also knows that Xiao Chen needs to be quiet now. So he sat on the old leather sofa and didn't speak. He just looked at Xiao Chen's back quietly.

Just between Xiao Chen's thoughts, his mobile phone suddenly rang.

This is the first time that his mobile phone rings in recent days. Previously, there was no electricity. As soon as he returned to the rental house, he took out his mobile phone and began to charge it.

When he picked up his mobile phone, it was Hua Wenfeng who called, so Xiao Chen pressed the answer button very quietly.
