The God Of Medicine Son-in-law Chapter 281

“Doctor Xiao Chen, are you all right now?” Hua Wenfeng’s condolences came from the other end.

Xiao Chen couldn’t help laughing bitterly when he heard this. At this moment, where is there a good idea? His purpose is only to trip Xu Da. If it’s not for this purpose, he can leave Wuling first after being rescued by a mysterious man.

However, Xiao Chen returned to Fuhua Wenfeng politely and said, “thank you for your concern. I’m in good condition now, but I don’t know how your arrangement is now?”

“That’s good. I asked someone to call doctor Xiao Chen yesterday, but I couldn’t get through. I thought there was something wrong with you. But I’m so worried.” Hua Wenfeng seemed relieved, and then turned and said:

“It’s really bad this time. I’ve sent someone down to deal with it. There should be results in these two days. If doctor Xiao Chen needs anything, just put it forward, and I’ll let the people below cooperate!”

“It’s all arranged. This time, Hua Lao is in trouble. You have to worry about things that didn’t belong to you.” Xiao Chen said with a smile.

“Where, I said that the matter of doctor Xiao Chen is mine, and if the situation here in Wuling is really as Mr. Xiao Chen said, it should be managed. The same is what the above gives me. We can’t let such a big city get out of control, can’t we?”

Hua Wenfeng’s tone was quite kind.

“Without thanking him for his great kindness, Xiao remembered what Hua Lao had done.” Xiao Chen once again expressed her inner gratitude.

“You’re welcome. Doctor Xiao Chen should take care. If you have any questions, you can contact me at any time.” Hua Wenfeng warned again.

“Definitely!” Xiao Chen replied.

The two exchanged greetings again. Hua Wenfeng also asked Xiao Chen to go to Kyoto when he had time. He could bring his family members and so on.

When it comes to family members, Xiao Chen can't help looking at Yi mengruo. Now the relationship between the two has developed to such a point. What should he do with Yi mengruo in the future?

Thinking of this, Xiao Chen suddenly felt a sense of regret and guilt. Of course, this is not to regret what happened with Yimeng, but it is unfair for Wu Yaqing and a Ling.

After a burst of confusion in his mind, Xiao Chen calmed himself down.

If Yimeng sees Xiao Chen's eyes on her from time to time, she can probably guess what Xiao Chen is thinking. In fact, when they care about entering the last step, Yimeng has considered everything.

She is not a woman who likes to pester others. Even Xiao Chen really intoxicates her. But she still knew clearly that it was just a dream, and Xiao Chen was going to leave after all.

And she will also leave Wuling after Xu Da is pulled off his horse and sentenced. She doesn't think about where to go. Maybe wandering around is more suitable for her current mood.

“Mengruo, there's something I have to discuss with you.” After thinking over and over again, Xiao Chen still decides to have a good talk with Yi mengruo about the future.

“Needless to say, I know. The meeting between us is like a dream. When I wake up, I will leave myself.” When Yi mengruo said this, her eyes flashed. It seemed that for her, this was the best result.

“No.” Xiao Chen totally disagreed with her.

Hearing that Xiao Chen denied himself. If Yimeng couldn't help being stunned, he immediately lowered his eyes and said:

“Xiao Chen, I know what you think of me. I’m really happy to meet you, but things change. You and I are destined to have a bad relationship. You have a family. I can’t affect your family relationship.”

“No.” Xiao Chen still shook his head. Then he came to Yi mengruo, took her in his arms and said, “you are my Xiaochen’s woman, now and in the future. I will make it clear on my wife’s side. In the future, as long as I am here, no one dares to bully you!”

“Xiao Chen...” Yi Meng didn’t know what to say for a moment. It seemed that something was stuck in his throat and choked a few times.

“I won’t let you suffer any more.” Xiao Chen said and pasted his lips on the red lips of yimengruo, and the love seemed to pass on to yimengruo.

After a long time, the two talents reluctantly separated. Now Xiao Chen still has important things to do, that is to go to the Shixiang Pavilion and take back the criminal evidence of Xu Da collected by Yi mengruo for so many years as the last weapon.

Although Hua Wenfeng said he sent someone down to investigate, after all, he didn’t come down by himself. Who came? Hua Wenfeng didn’t explain, which also made Xiao Chen alert.

In case the supervisor sent from Kyoto is plotted by Xu Da and others in Wuling. That’s even more troublesome to deal with.

So Xiao Chen still needs to have his own guarantee.

“If you dream, you can rest here first. Now I’ll get back the evidence you left.” Xiao Chen turned around and was ready to leave.

Yi Meng ran to the door, looked at Xiao Chen affectionately and said, “you must pay attention to safety. Even if you can’t get the evidence, you have to come back.”

“Don’t worry. I’ll be back!” Xiao Chen gave her a firm look.

Under the gaze of Yi mengruo's eyes, Xiao Chen left the community.

Now Xiao Chen can't go in and out of any public places. Fortunately, at that time, he asked ah Qiang to leave a small electric donkey for himself, although now Xiao Chen can't cover up.

However, because of the jade pulse, you can still change some of your appearance slightly. In this way, even if you are walking outside, you can't recognize his breath as long as there is no expert present, and you can't be sure that he is Xiao Chen himself.

In this way, Xiao Chen set out. This community is quite far from Shixiang Pavilion. In addition, the speed of the small electric donkey can only reach 60 miles, so Xiao Chen simply pretended to be an ordinary citizen and drove very slowly along the way.

When crossing the Wuling bridge, Xiao Chen was stopped and checked for a while. Although two policemen were very suspicious of Xiao Chen, after all, Xiao Chen's appearance still changed a little.

So they finally let Xiao Chen go.

After successfully passing the police investigation, Xiao Chen is not proud. Now Wu Feng and Ling Yun are likely to search in the whole urban area. If he is exposed, he will be surrounded by all Xuda people in the whole urban area.

It will be a waste of previous efforts.

The God Of Medicine Son-in-law Chapter 282

After riding for nearly an hour and a half, Xiao Chen finally arrived near Shixiang Pavilion safely.

At this time, there are also many people watching in the dark. As soon as Xiao Chen came in, he felt that at least four or five eyes had noticed him. His spiritual sense has been particularly sensitive. Now if ordinary people don't cover up their breath, as long as they are within a radius of 100 meters. Xiao Chen could almost hear his breathing.

Pretending nothing had happened, Xiao Chen stopped the electric donkey at a charging place and walked into a chain store. At first, the clerk was startled at the first sight of Xiao Chen and thought it was Xiao Chen himself.

Now the whole Wuling treats Xiao Chen as the most terrorist in the world, so if Xiao Chen really appears, the shop staff will be scared out of their wits.

But fortunately, he didn't rush to a conclusion. After seeing Xiao Chen clearly, he patted himself on the chest and said, "Sir, you look at least six or seven points similar to a recent wanted criminal. It's really scary."

Hearing this, Xiao Chen smiled and said, "I'm also very upset. When I first came, the police were investigating me. You said why this guy named Xiao Chen is so hateful. Now I have to wear sunglasses when I come out to buy vegetables."

After hearing this, the clerk laughed and said, "you are really unlucky. Xiao Chen is not a good thing. He has done all the bad things in Wuling. I hope he will be arrested as soon as possible."

"Oh? Is Xiao Chen really so hateful? I just read the news casually. I don't know what bad things he did." Xiao Chen pretended to be interested and asked.

"If you want to say this, you're asking the right person. Don't look at me. I'm just a clerk in a small shop. In fact, I've been particularly interested in detective books since I was a child. Xiao Chen is really hateful..."

Seeing that Xiao Chen was so interested, the clerk immediately gushed about his views on Xiao Chen after being vilified by Xu Da.

It is said that Xiao Chen is not as good as animals. Even ancient sinners are not as terrible and hateful as Xiao Chen now.

After hearing this, Xiao Chen smiled bitterly. He didn't know why those stars wanted to jump off a building because of some gossip. Now he understands. The power of spreading false information is simply beyond the endurance of ordinary people.

Not to mention what kind of person Xiao Chen is, even if he was once a great good man, he can still become an unforgivable villain under the exaggeration of rumors, and everyone can be punished.

I talked with the clerk in the store for nearly an hour. Time soon came to noon. Xiao Chen was apparently chatting with the clerk, but he was actually waiting for an opportunity. He was observing the movements of the surrounding surveillance personnel.

Soon he found out. There is a gap of several minutes between the shifts of these supervisors, and the frequency is about once an hour and a half.

So as long as he takes advantage of the gap in the middle to enter the Shixiang Pavilion, and then wait until the next gap comes out, the matter can be handled completely.

"This gentleman, seeing that we have such a congenial conversation, why don't we leave a contact information? It's OK to add a micro. What do you think?" The clerk didn't check Xiao Chen's appearance of pretending to chat, but thought Xiao Chen was destined to be with him.

Xiao Chen didn't notice what the clerk said. And just answered his words "well", "Oh" and "OK".

Hearing what Xiao Chen said, the clerk took out his mobile phone and shook it in front of Xiao Chen. "Sir, are you sweeping me or am I sweeping you?"

At this time, it was the best time to enter, so Xiao Chen didn't answer him. Without saying a word, he walked towards Shixiang pavilion with the drink he had just bought in the store.

"Hello! Sir, where are you going? We haven't added friends yet!" The clerk shouted at Xiao Chen's back. Seeing that Xiao Chen left without looking back, he was a little angry. Unexpectedly, Xiao Chen suddenly left without saying a word.

Xiao Chen walked forward with even steps. It seemed that he was walking. But in fact, his speed is quite fast, even a few points faster than some people may run.

Suddenly came to the gate of Shixiang Pavilion.

Now there are all seals on the gate. Xiao Chen directly runs the jade pulse to push the gate open, and then the gate closes automatically. It's like no one's ever moved.

After entering it, Xiao Chen immediately felt the darkness around him. Because there were all kinds of antiques in the Shixiang Pavilion, many of which could not see the light for a long time, almost all the windows of the Shixiang Pavilion were covered with a layer of gauze, and the weather is not particularly bright now.

Moreover, the doors and windows were closed, so Xiao Chen felt like walking into the darkness as soon as he came in, but fortunately, his eyesight was quite good and he adapted to the dark environment at once.

After all, there are still some lights outside into the pavilion, so Xiao Chen relies on these lights to move forward in the pavilion.

Soon, Xiao Chen came to the rest room where yimengruo first brought him last time. As soon as he opened the door, he smelled a fragrance. Xiao Chen immediately remembered the scene that yimengruo and her sisters flirted with him last time.

However, the idea just flashed in his mind. At the moment when Xiao Chen stepped into the lounge, a small sound came into his ears, and Xiao Chen immediately became vigilant.

It seems that there are others in the pavilion. Xiao Chen didn't make any noise in a hurry, but hid in the corner of the lounge with light hands and feet, and then began to listen to the source of the sound.

Soon he noticed bursts of slight breathing, which came from within the wall of the lounge.

Is there anyone else in the secret room? Xiao Chen was surprised, and then came to the switch mentioned by Yi mengruo. The jade Qi in his hand was also ready to play at any time.

“Click!” Xiao Chen pressed the switch, the mechanism on the wall immediately opened, and then everything in the secret room was displayed in front of Xiao Chen.

The slight breathing sound also became a little hasty at the moment when Xiao Chen opened the mechanism. It seems that he should also be preparing to sneak attack Xiao Chen.

Xiao Chenyi was brave. He stepped directly into the secret room with one step. He immediately heard a soft drink, and then a sharp knife came straight into his chest.

But Xiao Chen was not in a hurry. He directly raised his hand and caught the other party. Then the jade gas gushed out of his hand. In an instant, the other party screamed and the sharp knife fell to the ground.

The God Of Medicine Son-in-law Chapter 283

Xiao Chen saw clearly that the other party was actually a woman, dressed up, that is, the dress of the etiquette ladies in the Shixiang Pavilion. However, it seemed that she was not old enough and might not even be 20 years old.

“Why are you here?” Xiao Chen asked softly.

The woman didn't know that Xiao Chen was coming. Now there was no light in the house. She could only rely on her intuition to determine that Xiao Chen was a man, so she was very unwilling to say, “you shameless people, wait until Mr. Xiao Chen comes back. You will not let go!”

Xiao Chen felt a little funny. Isn't he right in front of her? But think about it and know that the woman didn't know she was Xiao Chen, so Xiao Chen pressed the button and closed the door of the secret room.

Then directly turned on the light in the secret room. Because she suddenly came into contact with the light, the woman instantly felt a tingling in her eyes, so she closed her eyes and shouted, "you don't want to take advantage of me. Even if I die today, I won't let you touch me!"

It seems that the woman misunderstood and thought she was a bad man, so Xiao chensong opened her hand. Then the voice was a little heavier and said, "I'm Xiao Chen."

As soon as the woman heard it, it seemed that it was Xiao Chen's voice. She quickly opened her eyes and confirmed that it was Xiao Chen. She immediately cried with pear blossoms and rain, and threw herself on Xiao Chen and said, "Mr. Xiao Chen, I knew you would come back!"

Xiao Chen was a little embarrassed, but the woman was so young that he had to reach out and pat her on the back, and then comforted:

"Okay, it's okay, it's okay."

The woman cried for a while before she calmed down. Then she said to Xiao Chen, "Mr. Xiao Chen, my name is Wang Jiao. You can't forget me."

Xiao Chen smiled helplessly as soon as she heard it. When she met Wang Jiaocai for the first time, how did she feel that the other party had treated herself as a relative?

However, he doesn't want to disappoint Wang Jiao. The most important thing is that the current situation is urgent. So Xiao Chen nodded and said, "I won't forget. What are you doing here?"

"Sister mengruo asked me to stay here. She said that no one can enter the secret room, so I've been here all the time." Wang Jiao said.

"Ah?" Xiao Chen was slightly surprised. It was at least four or five days since Yimeng was caught. Did Wang Jiao stay in the secret room all the time?

"Are you just guarding the secret room without eating, drinking or sleeping in here these days?" Xiao Chen asked.

“Of course not. There’s food in the secret room. It’s OK to live here for half a month.” Wang Jiao said, pointing to some food on the table over there.

Xiao Chen found that the secret room was actually a small room, just like a sparrow. Although small, everything is available.

No wonder if Yimeng didn’t let himself in last time, it turned out that there was heaven and earth in it.

Xiao Chen also had to sigh that Yi mengruo’s mind was delicate and cautious. He even thought of the possibility that someone might live in the secret room. However, Xiao Chen didn’t know what Yi mengruo had done before. If he knew, he might not have any good feelings.

“Where is the evidence?” Xiao Chen asked again.

“I have it.” Wang Jiao said and came to the head of the small bed. Then she lifted the bedding and mattress, and there was a document bag under it.

Took out the file bag. Wang Jiao directly handed it to Xiao Chen.

After checking, Xiao Chen found that it was indeed the evidence mentioned by Yi mengruo, so he was very satisfied and said, “well, now that the evidence has been found, let’s go out.”

With that, he pressed the button in the secret room.

However, at the moment when the stone door opened, a figure appeared in front of Xiao Chen. He is quite familiar with this figure, but at this moment, it looks strange.

“President gu!” Xiao Chen was surprised. He didn’t expect Gu Shengsheng to sneak into the Shixiang Pavilion at this time.

Gu Qisheng didn’t speak, but his eyes were staring at the file bag in Xiao Chen’s hand.

Feeling something wrong with Gu Beisheng, Xiao Chen immediately protected Wang Jiao behind her, and then put the file bag in her hand.

“President Gu, this is an extraordinary time. I think you should know how to do some things?” Xiao Chen’s voice was a little heavy. It seems to be warning the ancient past.

“Leave the papers and you can go.” Gu Qisheng’s face was very cold.

“What do you want the file for?” Xiao Chen also said coldly.

“Of course I have my use. Don’t worry about it.” Gu Chensheng seems a little impatient. His breath began to rise.

Xiao Chen suddenly found that Gu’s strength seemed to be much stronger than when he saw him before. It seems that he met some expert advice during this period of time.

But Xiao Chen was not afraid to fight with him. However, in the current situation, first, we should ensure the safety of Wang Jiao, and second, we should ensure that there is not too much noise in the house, otherwise it will attract the attention of external surveillance personnel.

So Xiao Chen is not in a hurry to start, but still tries to negotiate with Gu Qisheng.

“President Gu, although there is not much love between you and me, and I know there is nothing to ask you, but being a man is more or less a Thanksgiving. At least you should remember that my grandfather saved you. Won’t your conscience hurt when you do such a thing now?”

Xiao Chen said, looking at the change of Gu Beisheng’s face.

Hear Xiao Chen’s words. Gu Qisheng’s face changed, but his eyes still fell on the document in Wang Jiao’s hand. It seems that this is all of his life now.

“Hand over the documents!” Gu stressed again.

Seeing the determination in Gu Beisheng’s eyes, Xiao Chen knew that it was inevitable to fight with Gu Beisheng now.

In desperation, he only turned his jade pulse with good luck. Then the next moment, Xiao Chen had appeared in front of Gu Beisheng. The jade gas in his hand flowed and he clapped it directly.

And Gu Chensheng’s reaction was beyond Xiao Chen’s expectation. It was quite rapid. He also slapped Xiao Chen directly and beat Xiao Chen directly.

Feeling his power, Xiao Chen was secretly frightened. This was no other power. It was the life yuan power that burst out when he was burning his life.

What is worth giving up one’s life to do? Has ancient life always been Xu Da’s person?

Xiao Chen looked at Gu Beisheng in disbelief, but Gu Beisheng had moved quickly towards Wang Jiao at the moment.

“Give him the papers!” Xiao Chen knew he had no time to stop it, so he yelled at Wang Jiao.

The God Of Medicine Son-in-law Chapter 284

Hearing Xiao Chen’s roar, Wang Jiao didn’t hand over the document in her hand, but protected the document in her hand.

In a hurry, Xiao Chen had to run the jade pulse and fly out dozens of silver needles, all of which were stuck on the acupoints of the operation of various forces in ancient life. In order to limit the explosion of his power to the greatest extent.

Rao is like this. The power of ancient life to use its own life is still surprisingly great. At the moment of contact with Wang Jiao, Wang Jiao was shocked by this force and spewed out a mouthful of blood.

The whole person also fell directly on his back to the ground.

Although Gu Qisheng flashed a trace of guilt in his eyes, he still robbed the documents in Wang Jiao's hand, and then quickly fled the scene.

Xiao Chen wants to stop him. However, the power burned by the other party at the cost of his life is too strong. Now he is not an opponent at all.

This kind of life burning skill is also very rare. Even Xiao Chen has only heard of it from Xiao Qingyuan, but he has never seen it. Unexpectedly, he saw it in Gu Beisheng.

Although he didn't know why Gu Beisheng would come to rob documents at the expense of burning his life, Xiao Chen vaguely felt that he didn't look like a person who could do such a thing.

He probably has his own difficulties in doing so.

Now Xiao Chen can't think so much. He hurriedly went down to check the situation of Wang Jiao. As soon as he felt the pulse, Xiao Chen immediately felt the seriousness of the matter. After all, Wang Jiao is only a weak woman. After a while, there has been a disorder in her meridians, and her life is also in danger.

Xiao Chen tried to calm herself down, running the jade pulse and constantly repairing the disordered meridians for Wang Jiao. Half an hour later, Xiao Chen slowly took back her jade Qi, and Wang Jiao slowly woke up at the moment.

"Xiao Chen... Sir..." Wang Jiao looked at Xiao Chen weakly.

"You need to rest now." Xiao Chen said in a deep voice.

Hearing Xiao Chen's words, Wang Jiao was silent and said nothing more.

She is a person who knows how to look at the situation. Under the current situation. No matter how much she said, it didn't make much sense. She had to rely on Xiao Chen to find a way to take her out first.

Xiao Chen walked in the direction of Gu Qusheng's escape and immediately found that there was also a mechanism in Gu Qusheng's room, and there was a secret way below.

Although he didn't know where to connect the outside, it should be not far from here, so Xiao Chen told Wang Jiao to recite it without saying a word. Then he took her from the dark path in the ancient death room.

After winding around for a long time, Xiao Chen finally saw the light ahead and escaped from the Shixiang pavilion with Wang Jiao. As soon as he appeared. A familiar figure stood in front of him.

"Long time no see, Mr. Xiao Chen." Xu Da looked at Xiao Chen proudly.

Xiao Chen was not flustered, but said to Xu Da, "this girl is innocent. Can you let her leave first?"

"Of course. As long as Mr. Xiao Chen is willing to believe me, I will arrange someone to send her to the central hospital immediately." Xu Da smiled.

Things have come to this point. After all, Xiao Chen doesn't believe that you are a good man. Although you don't have such a good hand, you won't believe me

With that, Xiao Chen put Wang Jiao down from his back.

Xu Da heard Xiao Chen's words. The expression on his face didn't change much. Instead, he said to the man in Black: "take this woman to the hospital."

"Yes!" The man in black on one side immediately took orders.

Looking at Wang Jiao being taken away, Xiao Chen turned her eyes to Xu Da.

At this time, he did not find Gu Beisheng present. It seems that Gu Beisheng is not with him, but why did Gu Beisheng take the evidence? Xiao Chen had some doubts in her heart, but she didn't show it.

"Mr. Xiao Chen, hand over your things. We can discuss everything we have." Xu Da stretched out his hand and said to Xiao Chen.

"I don't have it." Xiao Chen said truthfully.

"What?" Xu Da looked at Xiao Chen incredulously.

He believed that Xiao Chen came to Shixiang pavilion to find the evidence collected by Yi mengruo. But Xiao Chen now said he didn't have it. Where's the evidence?

Seeing Xu Da's performance, Xiao Chen can probably guess that there are other forces behind Gu's death, or that he came to the Shixiang pavilion to grab evidence for some other special reason.

"No evidence? You're lying!" Xu Da stares at Xiao Chen's way fiercely.

"You can search me. When you find the evidence, I'll give it to you and remind you that the evidence is not on the girl just now. If you want to do something to her, I Xiao Chen will not let any of you go!" Xiao Chen said coldly.

Although he was really threatening, it also meant that there was no silver 300 Liang here.

Xu Da immediately felt a move in his heart, and then ordered his men to say, "the woman just showed me tight, and see if the evidence is there."

After listening to Xu Da's order, the men on one side immediately withdrew.

Xiao Chen suddenly found that Xu Da didn't seem to bring any experts this time. If he wants to win Xu Da now, it must be the best chance. But Xiao Chen knows that Xu Da is resourceful, so he's ready to see what he wants to do first.

"Mr. Xiao Chen, it's not good to stand down all the time. How about we come up and talk?" Xu Da said with a kind smile.

"Whoosh!" With a sound, Xiao Chen jumped directly from the underground exit to Xu Da's side.

Seeing Xiao Chen coming to his side, Xu Da was still a little flustered and unconsciously stepped back two steps.

"Captain Xu Dawei, are you still afraid that I will kill you now?" Xiao Chen looked at Xu Dadao with a smile.

"If I dare to come alone today, I'm not afraid of Mr. Xiao Chen killing me." Xu Da laughed to hide his inner panic.

Xu Da should cherish his life more than anyone else, because everything about him is hard won. Although in Xiao Chen's mind, Xu Da is a heinous person, from his own point of view, his life is really too hard.

Finally, when he was ready to have fun, a Xiao Chen came out on the way and messed up all his plans.

Originally, the whole Wuling was under his control. Although it seems that Wuling is still under his control, there are many internal contradictions on Xu Da's side.

The God Of Medicine Son-in-law Chapter 285

Now Xu Da is allied with the situ family and is ready to plot against Guang Huojia. The joint hands are his two disciples.

As a monk, Guang Huojia's accomplishments are naturally higher than his two disciples, but if Wu Feng and Ling Yun unite to attack him unprepared, the probability of success is still high.

Guanghuojia never dreamed of it. I have paid so much for my disciples all my life, and even taught Wu Feng his strongest Dugu Yijian.

Finally, he died under the hands of his two proud disciples. Of course, this is all later. The current situation is that Xu Da is allied with the situ family, and Guang Huojia is dissatisfied with their practice. Now he has returned to the mountains to practice. It may come out again after a while.

That's why Wu Feng and Ling Yun didn't appear around Xu Da now, because they were taken away by Guang Huojia.

Without the support of Guang Huojia, it is still difficult for Xu Da and situ family to suppress Xiao Chen for the time being, so they plan to take a slow strategy. After Guang Huojia's affairs are handled, they will take Xiao Chen again.

Today, Xu Da also received a call inexplicably, saying that a person who looks like Xiao Chen appeared near Shixiang Pavilion.

He also took a picture of him. Xu Da immediately recognized that this was Xiao Chen, and he probably went to Shixiang pavilion to find something. Recently, Xu Da found the identity of Yi mengruo.

It turned out that she was the girlfriend of the criminal police transferred from other places five years ago. At that time, he and Fang Yuchun were preparing to dig the mine above Huanghai village.

Few people knew about the secret at that time, but it was discovered by yimengruo's Criminal Police boyfriend at that time. But the criminal policeman is not smart. He thought he had the handle of Xu Da, so he took it as a threat and wanted to sit in the position of senior police officer in Wuling all the way.

Xu Da ostensibly obeyed the criminal policeman's meaning, but secretly he was already trying to figure out how to convict him. As long as he became a sinner, he would say anything at that time. No one will believe him.

In this way, when the criminal policeman was still happily thinking that he was about to be promoted and embarked on the broad road, two killers came one night and directly assassinated him.

Then Xu Da used his own means to quell the incident.

At that time, when the criminal policeman broke up with Yi mengruo, Xiao Chen also listened to Yi mengruo's story. In fact, the criminal policeman at that time didn't break up just because he suspected that Yi mengruo had someone outside.

But he felt that his future was promising. If his own woman didn't have a job, it would only be a disgrace to him, so what he thought at that time was to change his girlfriend and go to climb up the eldest ladies of Wuling's famous family.

Frustrated. Yimengruo left him. At that time, yimengruo thought she might never come to Wuling again, but after she learned the sudden bad news the next day, she suddenly felt a strong sense of revenge.

She instantly transferred all her hatred to Xu Da. Although she was not very aware of some political struggles, she knew that her boyfriend had some quite secret evidence.

So just before everyone found the evidence. With her solitary courage, she sneaked into the criminal policeman's home. She knew his habits, so she smoothly found the wrapped documents in the dark bricks in the bathroom.

When you get it. She started the antique business anonymously in Wuling, which developed slowly from small to large. Later, she was favored by the antique chamber of Commerce here, and then there was today's Shixiang Pavilion.

At this time, Xiao Chen and Xu Da had come to a teahouse beside Shixiang Pavilion and had a chat.

"Mr. Xiao Chen, in fact, I have difficulties in doing all this. I don't really want to make things like this." Xu Da's face was full of pain.

“Tell me about it.” Xiao Chen is also not in a hurry. His purpose is to understand why Xu Da is willing to make peace with him.

“In fact, I was very poor when I was a child. My parents didn’t approve of me studying in the county. It was my good life. I met a good teacher and he appreciated me. So I made an exception and gave me a chance to study in the county for free...”

Xu Da talked endlessly, all about his past.

Of course, he tried to say as much as he could, mainly to show his involuntariness, and finally sublimated his ideals and beliefs, saying that he would go all out for the development of Wuling to repay the kindness of this land and the people.

Xiao Chen was playing with the teacup in front of her while listening, but she kept sneering in her heart.

Although Xu Da said it vividly, and even the plot may be watertight, it seems to him that it is just a joke.

Xiao Chen has been an owl and even delusions that someone will treat him as a hero. Xiao Chen has seen more than one such person.

After all, people are afraid of death.

However, Xiao Chen naturally wouldn’t expose it to her face, but nodded and said, “since you know your mission and that you grew up on the food of the people, haven’t your actions gone against your original heart?”

“Yes, Mr. Xiao Chen said yes. In fact, I have been repenting about this. I wake up full of guilt every morning and can’t sleep for a long time at night.” Xu Da’s expression was quite sad and he nodded.

It looks like the confession of those who committed a crime in prison.

But Xiao Chen did see through his disguise at a glance, because a person who really repented would reveal a breath of regret all over his body.

Xu Dagang is obviously just pretending to win his trust.

Xiao Chen said:

“In fact, I’ve done so much for the better development of Wuling. It’s really not easy for you to work here for so many years. I don’t want to make everyone unhappy in the end. If you hadn’t pressed too hard, I wouldn’t have made a fish die and caught a net.”

If Xu Da just spoke like a new actor who has just entered the deductive circle, Xiao Chen’s words can be regarded as the acting skills of the movie emperor. No matter from which perspective, his words are true from the bottom of his heart.

It seems that they all want to shake hands with Xu Da and make peace. There is nothing deliberately pretended.

The God Of Medicine Son-in-law Chapter 286

“Xiao Da Chen’s hand has been held by Xu Da Chen. Is it Xiao Da Chen’s heart?”

“That’s great. Mr. Xiao Chen has such a great idea. Why didn’t you say earlier? In fact, you and I are the same. It’s just that we pursue our goals in different ways.”

Xiao Chen saw Xu Da so excited and held his hand. Suddenly, the corners of his mouth twitched slightly. He didn’t expect Xu Da to be so disgusting.

However, in order to continue the performance, Xiao Chen tried to make himself smile and said, “that’s, if captain Xu Da told me about these past things earlier, why do we have to face each other again?”

“Yes, yes, it’s all my problem.” Xu Da looked relaxed.

“Then I don’t know what plans captain Xu Da Wei has next?” Xiao Chen asked.

“Of course, I can’t say anything particularly noble in front of Mr. Xiao Chen. I don’t have any long-term plans for the time being. I’m mainly going to solve the problem of the mine here first. I’m going to make it public. I don’t know what Mr. Xiao Chen thinks?”

Xu Da looked modest and authentic.

“Of course, that’s the best. Since captain Xu Dawei has such awareness and tells the story, everyone will feel better.” Xiao Chen nodded.

This sentence is Xiao Chen’s heart, but of course he knows that Xu Da can’t say it.

Don’t you break your career by saying it? Although Xu Da likes to dress. But it’s not really that stupid.

“That’s, that’s, I’ll do it well in the near future. During this time, I still hope to treat Mr. Xiao Chen well. After all, I’ve brought you so much trouble.” Xu Da said with a guilty expression on his face.

“That’s a thing of the past, but I still hope captain Xu Da can do it.” Xiao Chen smiled calmly.

“What’s the matter? As long as Mr. Xiao Chen speaks, I’ll do it right away!” Xu Daton looked eager to try.

“Those who put the ten incense Pavilion.” When Xiao Chen said this, his face suddenly cooled down.

Indeed, the women in Shixiang Pavilion suffered because of themselves. Xiao Chen can only save yimengruo temporarily with his own ability. The others don’t know what kind of torture they are suffering in prison now.

Although she is acting with Xu Da now, Xiao Chen also wants to win some benefits for herself.

Hear that. Xu Da really hesitated. It's not big to let those women go, but the problem is that he won't have any chips to threaten Xiao Chen at that time.

Wu Feng said it at the beginning. Although Xiao Chen is not the opponent of his alliance with Lingyun, it is still possible to escape in their hands with Xiao Chen's skill.

The key is that there seems to be a mysterious master behind Xiao Chen, but looking at Xiao Chen's situation, they roughly guessed that Xiao Chen had no way to contact the mysterious master.

Therefore, everything can only see when the mysterious master appears, which will pose a certain threat to them.

Now if you let people go. Then Xiao Chen will leave at that time. They really can't stop him.

"It seems that Xu Dawei is just talking. Then we don't need to talk." Xiao Chen said, and his breath began to become cold.

Obviously, we're ready to do it. This can frighten Xu Da, but Xu Da still tries to keep himself calm. The reason why he takes risks is to win Xiao Chen's trust.

As an old fox who has been in politics for more than 20 years, he would not expect that Xiao Chen in front of him could see through everything. Xu Da still believes that Xiao Chen is just a young rich child without any experience.

Although he has cultivated some martial arts, his mind must not be particularly developed. Xu Da only took a fancy to this point before he dared to venture to make peace with Xiao Chen.

From Xiao Chen's previous performance, Xu Da determined that Xiao Chen should have the idea of making peace with them in his heart. It is also an impulsive behavior of young people to release people now.

Because Xu Da knows from so many years of experience in dealing with people that generally young people want to see the results they want quickly.

And Xiao Chen's performance is just like this.

"OK! I'll let people go!" Xu Da immediately agreed.

"Then let it go now. I'll watch you let it go!" Xiao Chen didn't give up. Instead, he continued to make his own demands.

"Good!" Xu Da bit his teeth, then took out his mobile phone and dialed the prison.

"Hey, it's me, Xu Da. Let your boss release all the people to me!"

"No reason, someone sent it to me near Shixiang Pavilion!"

After that, Xu Da hung up the phone, then looked at Xiao Chen with a flattering smile and said, "Mr. Xiao Chen, wait a moment, and they will all be sent in a minute."

Xiao Chen restrained some of his breath, and then continued to play with the teacup in front of him.

"Mr. Xiao Chen, if you have any more requirements, just put them forward. As long as I can meet them, I will do it. This is also to show my sincerity of cooperation." When Xu Da saw Xiao Chen's breath, he immediately struck while the iron was hot.

In Xu Da's opinion, now is the best time to win Xiao Chen's trust.

"It's gone for the time being. I won't be held responsible for this matter after the people are released, but Captain Xu Dawei should do what he says. Otherwise, I still have the ability to make you uncomfortable for a while." Xiao Chen said calmly.

"Of course not. Since we want to cooperate, I will naturally show my greatest sincerity. Since Mr. Xiao Chen has no other requirements, I will arrange Mr. Xiao Chen to go to our largest leisure resort in Wuling now. How about it?"

Xu Da looked at Xiao Chen with an inquiring attitude and asked.

“The largest leisure resort?” After hearing this, Xiao Chen showed a trace of insight on his face. He suddenly guessed what kind of abacus Xu Da played, and then said with a slight smile: “then go, just I’m tired this time.”

He also stretched his waist and showed a tired look.

“That’s good. I’ll send someone to arrange it right away!” Xu Da’s face suddenly showed a happy look.

As long as Xiao Chen obeys his arrangement and enters the so-called leisure villa, it will be impossible for Xiao Chen to come out of the villa at that time, because all of them are all kinds of killing mechanisms.

The villa was originally a assembly camp of the situ family, but later the situ family moved their family territory, so it was empty.

The God Of Medicine Son-in-law Chapter 288

Hearing Yi Meng’s words, Hua xuwan coughed awkwardly. I don’t know why. At the thought of Xiao Chen with such a beautiful woman, Hua xuwan had a strange feeling.

As the granddaughter of Hua Wenfeng and the daughter of Hua Qiye. The education she received from childhood is quite strict, so when she reaches adulthood. When the family introduced her to someone, her requirements were ridiculously high.

But in fact, she only has one requirement, that is, a man can treat her sincerely, not because of her identity or her family background, but simply like her.

So although she is not old now. But the Chinese family are also somewhat worried that she will become an older leftover woman in the future.

However, Xiao Chen's performance at the Hua family last time more or less stirred up the girl's heart of Hua xuwan.

Because of nothing else, the sentence "young people should have their own ideas" directed at Xiao Chen made Hua xuwan curious about the man.

Moreover, Xiao Chen's medical skills are so high that he appears very low-key at the dinner of the whole Chinese family, and the kind of eyes that look at people are quite plain also makes Hua xuwan feel that Xiao Chen is not a person who advocates power.

So originally, Hua Wenfeng wanted to send his right-hand assistant to Wuling to investigate, but Hua xuwan wanted to come down privately.

In desperation, Hua Wenfeng had to let her investigate secretly, so there was the scene that Hua xuwan found a rental house.

"Is there anything important in Shixiang pavilion?" Hua xuwan turned and asked.

After hearing her words, yimengruo was still slightly shocked. Unexpectedly, Hua xuwan could understand the key of the matter in a few words.

"Yes, the evidence of Xu Da's case is there." Yimeng answered truthfully if he didn't sell the key.

"How long have you been there?" Hua xuwan asked again.

"At least five hours." Yi mengruo replied.

"Five hours?" When Hua xuwan heard this, she frowned slightly.

"Yes, it starts at more than nine in the morning. It's only an hour's drive from here to there at most." Yi mengruo continued.

“You stay here and don’t walk around. I’ll investigate.” Hua xuwan said and untied the handcuffs of yimengruo.

“Hey...” Yimeng wants to say something to Hua xuwan, but Hua xuwan has disappeared into the room and the door has been closed.

Yi mengruo couldn’t help smiling bitterly. Now she was in aimless waiting.

Xiao Chen followed Xu Da’s hand down to shuibi villa.

Xiao Chen made a special observation along the way. It is found that all around the shuibi villa are equipped with some mechanisms no less than that of the Chu family castle, which is fatal to ordinary martial artists.

Even some friars with low accomplishments may not be able to go out, but fortunately, he is a medical practitioner. His spiritual sense is much more sensitive than ordinary friars. All kinds of mechanisms here are not a problem for him.

After getting off the bus, one of his men immediately called Xu Da.

“Hello. Boss, Mr. Xiao Chen has been sent to the villa.”

“Good!” Xu Da is very happy.

He was still worried about whether Xiao Chen would play tricks on the road. Unexpectedly, Xiao Chen cooperated so well and directly followed his men into the villa.

“Mr. Xiao Chen, just have a good rest here. When the time comes, we’ll pick you up!” A man in Black said respectfully to Xiao Chen.

“I see.” Xiao Chen didn’t look back. He seemed to be checking the whole villa.

With that, the man in black was ready to turn and leave, but at this time. A silver light flew by, and the man in black suddenly fell to the ground.

“Dick. What’s going on?” Several people in black on the bus were puzzled after seeing this situation. They quickly got out of the car to check the situation of the man in black.

But they just came to the man in black. A few silver lights flew out of Xiao Chen’s hand again, and all the people in black fell to the ground in an instant.

Xiao Chen drove out of the villa according to the original road when he came. Xu Da would never have thought that Xiao Chen had such a good memory and the road to the villa was very complicated. Xiao Chen had long seen that the man in black was deliberately sparing some organs.

Along the way, two people in black also deliberately chat with Xiao Chen, trying to disrupt Xiao Chen’s thinking.

But even so, Xiao Chen completely wrote down the way to avoid the mechanism.

Xu Da just confirmed that Xiao Chen had entered the villa. At least in a short time, he will not confirm Xiao Chen’s news, and Xiao Chen rushed to Mahuangshan prison immediately after leaving the villa.

At this time, rose and others were just escorted into the police car by the prison guard of Mahuangshan prison. Although Xu Da asked Zheng guangqiao to release them, they all knew it. It’s just a gesture to show Xiao Chen. It’s impossible to really let people go.

“Sister Rose, you haven’t been bullied in there, have you?” Peony asked as soon as he got on the bus.

This is the first time they have met since they entered the prison. Usually, they are almost directly imprisoned without any communication.

“I’m fine, and you?” Rose looked at peony and white lotus and asked.

“We’re fine, too. It’s just that no one speaks.” The peony smiled.

The next three people were silent for a while. They heard that if Yimeng was robbed, they hoped that if Yimeng didn’t encounter any danger now.

“Several beauties, you will be sent to a very interesting place by us soon.” Suddenly, the fat three came to the prison guard.

All three were cold faced and didn’t speak.

“Hum, you are horizontal now. I want to see how you can be horizontal there.” The fat guard closed the door with a smile.

This time they are going to a temporary prison in the city, which is actually an uncontrolled prison. As long as there is no evidence, it doesn’t matter what they have done to the prisoners there.

Because after the last yimengruo incident, Zheng guangqiao prohibited any prison guards from doing those illegal actions against other women in Shixiang Pavilion.

This can make all the prison guards here feel uncomfortable for a long time. They can’t even touch the three beautiful flowers when they are in the prison. Now they have been escorted to the temporary prison in the city, which makes these escorted prison guards very happy.

After enduring for so long, I can finally taste some sweets. Think about it, several prison guards are a little excited.

The other guards could only look at the three guards with envy.

Although the three women, including rose, lost some weight in prison and looked very haggard, the foundation was there after all, and each one belonged to one in a hundred beauties.

The God Of Medicine Son-in-law Chapter 289

Feeling the lustful eyes of these prison guards, rose, peony and white lotus all saw the will to die rather than surrender in each other's eyes.

When they came in, they agreed that once these shameless men wanted to do anything obscene to them, they would bite their tongue and kill themselves.

The practice of yimengruo last time is a good proof.

The prison guards who drove all the way were also very excited, and the speed unconsciously increased a lot.

On a section of rural road after leaving Mahuangshan, the prison guard suddenly saw a man blocking in the middle of the road.

The C.O. slammed on the brakes.

"Special! Is it not fatal?" He angrily scolded and directly opened the door.

If this man is not crazy, he is a fool. In the view of the prison guard, this is a police car, and someone dared to stop it openly.

Just got out of the car. I saw the man standing in the middle of the road wearing a black suit, a coat or a kind of Hooded suit. The prison guard came forward while cursing and said, "are you f\*cking crazy? Don't you know if this is a police car?"

When he came near and saw each other's face clearly, the prison guard was shocked. He hurriedly wanted to escape, because the man in black was no one else. It was Xiao Chen who just came from shuibi villa.

Where would Xiao Chen give him a chance to escape? He kicked it out directly and kicked it up to the back of the prison guard.

“Ah!” With a scream, the prison guard fell directly to the ground and fainted.

Seeing this, the prison guard in the car hurriedly came down with his rifle, pointed the gun at Xiao Chen and said, “who are you? Do you know that robbing a police car is a felony?”

As soon as the voice fell, a silver light flew out, and the prison guard immediately lay on the ground.

The prison guard guarding the three women in the back felt something wrong and found that the car had stopped for a long time, so he looked at the cab. Found that the two prison guards in front were missing.

So he took his gun and went out. As soon as he opened the door, he saw a huge fist hit him.

With a stuffy hum, the fat prison guard also fell to the ground. Xiao Chen threw the three people to the roadside, tied up their, and then put on a prison guard’s dress and sat in the cab.

“How are the three sisters?” Xiao Chen asked the rose behind him.

I heard Xiao Chen’s voice. The three of them suddenly woke up a lot.

“Xiao Chen!” Rose immediately brightened her eyes, and then immediately asked, “how’s sister mengruo now? We heard that she seems to bite her tongue.”

“She’s fine and safe now. I’ll send you there now.” Xiao Chen whispered.

“OK! Thank you so much!” Rose is a little excited.

“No, I’m the one who thanks all my sisters. With your support, the truth will come out in the end!” Xiao Chen said and started the vehicle.

There were all kinds of checkpoints and inspections along the way. Until she came to Wuling City, Xiao Chen found an empty corner, stopped the police car, took off her police uniform and untied the handcuffs and shackles of the three women, including Rose. Then he took them quietly to the rental house.

At this time, it was almost dark. After Hua Xuwan left, Yi Mengruo watched TV for a while and found that there was no news about Xiao Chen, so he unconsciously fell asleep on the sofa.

With a "click", the door was opened and Emmerton woke up from the sofa. I looked up and found that it was Xiao Chen. He hurriedly ran over and hugged him.

"I thought something had happened to you." Yi Mengruo sobbed softly.

"Sister Meng Ruo." Rose and other three people behind her said hello to her.

Yimengruo gently pushed away Xiao Chen, and then went up with excitement to hold three women together.

"You've all lost a lot of weight. It's really tiring for you to follow me." If Yimeng was heartache and joy at this time, tears also flowed on his face for a time.

"It doesn't matter. We swore at that time that our sisters will always be one heart. We will share weal and woe." Peony is also full of tears.

Seeing several people get together, Xiao Chen sighed in her heart. Isn't it a great blessing in life to have such a friend around her?

After a long time, Yimengruo, Rose and other talents slowed down.

"By the way, I want to thank Mr. Xiao Chen for all this. He saved us." Bai Lian suddenly said.

As soon as these words came out, rose and peony quickly nodded and said, “yes. Mr. Xiao Chen saved us, otherwise we might have to make the last choice.”

“Several sisters are too polite. We help each other. We can’t talk about who saved who.” Xiao Chen smiled faintly.

“Xiao Chen.” Yimengruo suddenly walked up and took his hand, and then said, “thank you very much. I think the luckiest thing in my life is to meet you.”

“If I can see the weight of the dream, I can see how much I am lucky to meet Xiao Ruochen,” he said

“Eh ~” the rose and others behind him gave out a burst of jealousy.

After all, the conversation they had just had was really too sarcastic.

Hearing the voice of his sisters behind him, yimengruo quickly picked up his emotions and said, “you all take a bath and change your clothes. I’ll make you something to eat.”

“Good!” Several people immediately promised loudly.

“Keep your voice down! There are others living here.” Yimengruo immediately shouted.

“Oh, the boss with a man is different. He was never afraid to influence others.” White lotus sour tunnel.

“What are you talking about? It’s an extraordinary time!” Emmeroton blushed.

Bai Lian is not ashamed to be blamed. Instead, she makes a face at Yi mengruo.

Xiao Chen couldn’t help laughing as she watched. Yi mengruo felt that she had lost some prestige after she followed Xiao Chen. After staring at Xiao Chen, she went to the kitchen.

Seeing Yi mengruo's expression, Xiao Chen immediately felt a little helpless. Considering that it was Yi mengruo's own initiative at that time, now it seems that he has to carry the pot by himself.

Because the ingredients are all prepared by ah Qiang, Yi mengruo quickly made a table full of dishes, five meat and two vegetables.

"Wow, I'm so lucky today. I haven't eaten sister mengruo's craft for many years!" Rose saw that the dishes on the table were almost drooling. She quickly filled a bowl of rice and ate it recklessly.

The white lotus and peony that came out from behind also competed with each other. They almost ignored their reserve as a woman and came up with a big meal.

The God Of Medicine Son-in-law Chapter 290

"What did you say? Ran away? How did you run?" Xu Da widened his eyes and patted his desk. The whole person was a little manic.

"Old... Boss, Xiao Chen doesn't know what magic he can do. We just sent him to the villa, and then he attacked him. We don't know what happened later. But he did drive our car out of the villa." A man in black trembled and said to Xu Da.

"Bullshit! You bullshit!" Xu Da's nose is almost crooked.

Xu Da doesn't want to believe that Xiao Chen can run out of shuibi villa.

Not to mention anything else, it is quite difficult for Xiao Chen to remember the back and forth route. He has been there for more than three times. Each time, he has to rely on the map to take the right road, because there are many confusing forks and don't follow the map. Basically, I can't get out.

Xiao Chen only entered for the first time, and when there was interference from others on the road, Xu Da specially told him to try not to see the outside situation, so that he could fully remember the back and forth route.

Just when Xu Da was angry about Xiao Chen's escape, another man in black hurried over and reported: "boss, no, the three female suspects were intercepted during the escort."

Xu Da was surprised again. If Xiao Chen escaped, he was very angry. Now after hearing the news, he had panic in his heart.

How powerful is Xiao Chen, or what kind of support is behind him. It is a very serious crime to rob even the escort vehicles in the prison. Once found, the sentence will start in ten years.

"You all go down and keep an eye on Xiao Chen's movements all the time." Xu Da was no longer angry. At this time, he was unusually calm. Because he knows that anger has no effect now.

"Yes!" The two men in black withdrew quickly. They were all sweating. The news let Xu Da know. Normally, Xu Da may peel off their skin to vent his hatred, but now it seems that Xu Da is not as fierce as they thought.

Even so. The two men also withdrew quickly to avoid Xu Da's repentance and catching them and scolding them.

After the man went out, Xu Da quickly took out his mobile phone and dialed situ Shou's phone.

"Hello, Mr. situ. It's Xu Da."

"What's up?" Asked the other end.

"Mr. situ, Xiao Chen ran away, and he saved all the women in the Shixiang Pavilion." Xu Da slightly worried.

"I see. How are the other things you're asked to do?" The other side asked again.

“The factory has been rebuilt. The mine is also buried, and the policeman is now under our control.” Xu Da replied.

“That’s good. Xiao Chen is not enough now. The matter will be over soon.” Then he hung up the phone.

Xu Da slowly put down his mobile phone. After a long silence, he got up from his chair again and walked out.

On the other side, in a hotel room, Situ Shouzheng sat with two other people, as if talking about something.

One of them looks dark, but his eyes are unusually firm, not others. It was Gu Beisheng who had robbed Xiao Chen of the relevant evidence documents in the Shixiang Pavilion, and there was a man sitting opposite him at this time.

The man’s figure looks a little strong, with a trace of light yellow in his black hair, and the man’s face is quite handsome. The corners of the mouth rose slightly, as if they were smiling all the time.

“Hua Shao, this time you came to Wuling according to the old prince’s intention, not just for the political power seizure?” Situ Shouzheng smiled.

“Yes and No.” Hua Ling Kangman replied carelessly.

“I heard that there seems to be another talented boy in your family recently. He won the honor of the top judge of the Empire at the age of 19.” Situ Shou still smiled.

“That boy is just lucky. His strength is not necessarily above me.” Hua Ling Kang’s face was slightly unhappy.

“Also, according to the talent of less spending, you should soon be able to enter the judicial group at the top of the Empire?” Situ Shou was a little proud to see that his words had had an effect.

“Well, you don’t have to emphasize to me the strength of your situ family. Isn’t it that a famous figure came out not long ago? All the slightly famous families in Kyoto know this.” Hua Lingkang was a little impatient.

“That’s right. Just spend less and know.” Situ Shou smiled.

“Now that we’re all here, let’s get to the point right away.” Gu Xiangsheng Road on one side.

Hearing his words, situ Shou nodded and then said, “this time there will be a treasure in Wuling. It is said that it will appear once a thousand years, and the place of appearance is Huanghai village. My situ family promised that as long as you two help our family get this treasure, you will be greatly appreciated!”

“I’m actually curious about what kind of treasure can make so many big families come to Wuling to compete. I’ve inquired about it. This time, seven of the top ten aristocratic families in Kyoto and several heavyweights were present.”

Hua Lingkang looked at situ Shoudao with a smile.

“Taichu Baolu.” Situ Shou didn’t hide it and spit out four words directly.

“Taichu Baolu!” Gu Qisheng and hualingkang were shocked. They didn’t expect such a treasure to appear here in Wuling.

It’s a treasure that can completely change a person’s root and bone. It’s said that the expert who got the treasure last time seems to be still alive in the world, and his cultivation is unfathomable. Even turning his hand may cause the shock of the whole empire.

But now this treasure is going to appear again. Who won’t be excited? Who won’t try to compete?

Hua Lingkang, who had a light face, also showed a very dignified expression at this time, and Gu Beisheng’s face also appeared a very struggling appearance, as if he was weighing something.

“If what Mr. Situ Shou said is true, how can we win this Taichu treasure in front of so many big families? It’s the treasure among the treasures?” Gu asked.

“This mountain man has his own clever plan. What you need to do is to prepare according to my plan. Moreover, our Situ family has always been grateful, so you don’t have to worry that our return will be lighter than this time.”

Situ Shou said with a confident look.

“I have to think about it.” Hualingkang said.
