The God Of Medicine Son-in-law Chapter 291

“Of course, I’ll give you less time to think about it, but before that, I can show you this first.” Situ Shou took out his mobile phone and opened a video in front of them.

After seeing the video, Hua Linggang’s expression changed again, while Gu Chensheng nodded as if he had made a decision at the moment of seeing it:

“Mr. situ, needless to say, I’ll follow the arrangement.”

“Very good.” Situ Shou smiled. Then he looked at hualinggang.

“Your situ family is really unfathomable. You even have this.” Hua Linggang frowned.

“So you have to think about spending less.” Situ Shou said and took back his mobile phone.

“There’s nothing else to consider. I’ll just promise.” Hualing is a little helpless.

“Hahaha, Hua Shao is really a person who knows current affairs. I said I didn’t see the wrong person.” Situ Shou laughed.

“Will everything follow the plan?” Gu Xiangsheng asked with his fingers crossed on his chest.

“Of course, we still have to do what we should do. We also have to do what we should do well.” Situ Shou suddenly said with a cold look on his face.

“Then I’ll go first.” Gu Qisheng stood up and prepared to leave.

“No.” Situ Shou nodded slightly.

Seeing that the ancient Chinese gave birth to the door, Hua lingshao asked, "this man obviously didn't cooperate sincerely. Why did Mr. situ let him participate in the plan?"

"Because he is the person who has been saved, and now the variable of this plan is that person, so we need a person who can have a certain impact on that person. Now that his parents, wife and daughter are in our hands, he won't risk resisting."

Situ Shou replied.

"I didn't expect that you, the situ family, would still use the indiscriminate means of kidnapping people's parents, wives and children." Hua Linggang sneered.

"This is also a helpless move. This treasure is too important." Situ Shou was indifferent and didn't seem to care about Hua Linggang's intentional ridicule.

"Well, it seems that there should be a good play to see next. Come on, tell me what I want to do." Hua Linggang sat up straight and said.

"OK, this is our plan. Please spend less time on it." Situ Shou took out his mobile phone again.

Gu Qisheng just walked out of the hotel, suddenly felt a pain on his back neck, and then lost his consciousness.

Wake up again. Gu Xiangsheng found that his hands and feet were handcuffed. He kept struggling, and the iron chains on his hands and feet made bursts of metal collision.

Lights suddenly lit up all around. Gu Chensheng saw clearly that he was in a small room close to being closed, and there was a young woman sitting in front of him, dressed in black. The appearance looks a little delicate, but the look is very dignified.

"Are you Gu Qisheng? President of Wuling chamber of Commerce?" Hua xuwan asked seriously.

Gu Chensheng didn't speak, just stared at her silently.

"We have got what you have. Now we suspect you are Xu Da's accomplice in the Wuling incident. If you don't speak, we'll take it as your default." Hua xuwan continued.

Ancient past life is still silent.

Seeing Gu Chensheng's attitude, Hua xuwan naturally won't give him a good face. He clapped his hands and said, "now look after this man. When things are all clear, judge him."

"Yes!" The two guards behind Hua xuwan revered the tunnel.

When Hua xuwan is about to leave. Gu Qinsheng suddenly scratched something on the table in front of him, while the two guards on one side observed it carefully.

"You mean Hua xuwan once came to you?" Xiao Chen asked with a slight frown.

"Yes. She didn't bring anyone when she came. She should want to find you alone to understand the situation of this incident." Yi mengruo replied.

In the rental house at this time. Rose and other three women are already sleeping in the room. Fortunately, ah Qiang is looking for a house with four bedrooms and two living rooms. It happens that the three of them can sleep in one room respectively.

After being locked up in prison for nearly a week, they almost didn't sleep well. They can sleep peacefully when they return here today. Naturally, they won't miss this opportunity.

Xiao Chen sat in the hall and talked with Yi mengruo about what happened today.

"Did you have any trouble today, that's why you went so long." Yi mengruo was lying on Xiao Chen and asked.

“Well, there were some accidents. The evidence was taken away by Gu Zengsheng.” Xiao Chen nodded.

“What?” Yimeng was a little surprised.

“I don’t know why. Oh, by the way, Wang Jiao is still in the hospital. I’m still worried about her.” Xiao Chen seemed to think of something.

“Wang Jiao? Is that child really still in Shixiang pavilion?” Yi mengruo was surprised again.

She originally told Wang Jiao to protect the evidence documents, but she didn’t let her keep it all the time. After all, she was just a student. Although Yi mengruo was still very optimistic about her, she was still unwilling to let her take risks.

“I don’t know why she insisted. It’s all my fault for not taking good care of her.” Xiao Chen sighed softly.

“I don’t know how she is now. I hope nothing will happen.” Yi mengruo looked worried and said.

“It doesn’t matter. I’ll find a chance to see it tomorrow. Has Hua xuwan left anything?” Xiao Chen asked again.

“No, he left when he found you were away. At that time, I was afraid of something wrong with you, so I told her your whereabouts.” Yi mengruo said.

“OK, I know. She should come to me again. You can settle down here for two days. Now that she comes, I believe things will come to an end soon.” Xiao Chen touched Yi mengruo’s hair.

“Yes.” Yi mengruo buried his head in Xiao Chen’s arms.

The night soon sank, everything was silent, and all life fell into sleep.

“You two, did you have a good time last night?” Rose looked at Yi mengruo and Xiao Chen with a smile.

After hearing the sound, Xiao Chen immediately woke up. Last night, because the bed in the room was too small, they simply slept on the sofa all night.

Seeing rose smiling at herself and Yi mengruo, Xiao Chen simply responded with a smile and didn't say anything to her.

For so many days, last night was also the most reassuring night for him. Although he was a medical practitioner, he was still human in essence, so he still needed a certain rest.

The God Of Medicine Son-in-law Chapter 292

Feeling Xiao Chen's slight movement, Yi mengruo also slowly raised his head, opened his bleary eyes, looked at the roses in front of him, and then tightened up in Xiao Chen's arms like a coquettish.

Seeing Yimeng like this, rose couldn't help laughing again. It's been so many years. For the first time, she saw such a little woman in her eldest sister's head.

Now she can also be said to be some envy, jealousy and hatred. It is indeed the blessing of yimengruo that a man like Xiao Chen can be met by yimengruo.

To thank yimengruo for his hospitality last night. The three sisters rose, peony and white lotus got up and cooked a very beautiful and rich breakfast.

Xiao Chen was also a bit of an eye opener after watching it. He didn't expect that breakfast could be so good. The simple ingredients in the hands of the three sisters were like magic to make a table of breakfast.

Yi mengruo ate it as usual.

Xiao Chen also needs to replenish energy. In addition, she ate less last night. So I didn't be polite to them any more and ate in a big gulp.

“This egg roll is the best I’ve ever eaten. And this, why does this dumpling taste different from the outside? It’s obviously the same packaged dumpling.” While eating, Xiao Chen kept praising.

Yimengruo and others looked at him like this, smiling all over his face, but didn’t say anything.

“If you like to eat, then stay at Wuling. My sisters make it for you every day.” Said the rose with a smile.

Hearing this, Xiao Chen didn’t say anything more, because Yimeng would be sad if he mentioned that he was leaving Wuling.

After breakfast. Xiao Chen also felt that his whole body was full of strength, and the whole person’s thinking was a lot sober in an instant.

“Why don’t you wait? I believe Wang Jiao is a girl in the hospital. No one will treat her like that.” Yi mengruo took Xiao Chen’s hand and said.

Although she is worried about Wang Jiao’s situation, she is also afraid that Xiao Chen will encounter trouble after going out again. In case Xiao Chen has any accident again. Their current situation doesn’t know how long it will last.

The most important thing is that Xiao Chen will be in danger. This is a situation that Yi mengruo doesn’t want to see.

“Well, I know everything. Don’t worry. Last time it was because the situation changed. This time I’ve thought it all over. I’ll come back when I see her.” Xiao Chen touched Yi mengruo’s cheek and said.

Seeing that Xiao Chen has made up his mind, if Yimeng knows he can’t stop it, he has to lower his eyes and nod his head and say, “be careful.”

Just as Xiao Chengang just opened the door, Hua xuwan just stood outside the door.

Two people face each other with four eyes. There was a second of slowness. Xiao Chen took the lead in reacting, directly pulled Hua xuwan into the house, and then closed the door.

“Why are you here again?” Xiao Chen frowned and asked.

“What do you mean again?” Hua xuwan was a little unhappy. Then she saw the four women in the room and was surprised.

Found that Xiao Chen was still holding his hand at this time. Hurriedly threw Xiao Chen’s hand away, looked disgusted and said, “I thought you were a gentleman. Unexpectedly, you are so disgusting!”

Although the four women in front of us can be said to be superior. But Hua xuwan inevitably thought of some ugly scenes. Originally, Xiao Chen was an honest and good young man in her heart. Now it seems that she still likes to engage in some “multiplayer sports”.

In addition to nausea, Hua xuwan has no other thoughts in his heart now.

After seeing Hua xuwan, Yi mengruo and other four women were also a little surprised, but Yi mengruo immediately gave rose and others a look, then stood up and asked, “Miss Hua, what’s important about you coming so early?”

“There was.” Hua xuwan said, staring at Xiao Chen with wide beautiful eyes, and then said, “it seems that you enjoy it now. I don’t think there’s any need to discuss this case with you.”

“What do you mean?” Xiao Chen was a little strange.

This is such an important moment. If Hua xuwan doesn’t cooperate with them because of something, Xiao Chen and Yi mengruo will fall into a very difficult situation again.

“What do I mean? Mr. Xiao Chen, although I’m not a man, you still have the mind to do such a thing under such circumstances, and I admire you very much.” Hua xuwan looked at Xiao Chen with disdain.

“What’s the matter?” Xiao Chen is still confused at the moment.

Yi mengruo seemed to see something, so he smiled and said, “I think Miss Hua should have misunderstood Xiao Chen.”

“Misunderstanding?” Hua xuwan was a little angry and said, “you are all here now. Is it still a misunderstanding?”

“Ah?” Xiao Chen was even more confused. He didn’t understand what Hua xuwan meant.

“Miss Hua, Xiao Chen slept with me last night. It has nothing to do with others.” Yi mengruo is still smiling.

At this time, her kind of flattery appeared again. Xiao Chen could immediately feel the special breath emitted by yimengruo. She couldn’t help looking back at yimengruo. She didn’t know why she had to show such a posture in front of a woman.

Hearing this, Hua xuwan was a little stunned. Then he seemed to understand something. His pretty face was slightly red, and then he snorted coldly: “now let’s get down to business.”

Then she went to the sofa in the living room and sat down.

If Yimeng giggled, he also sat back in his position.

“Aren’t you coming yet?” Hua xuwan said to Xiao Chen impatiently.

“OK.” Xiao Chen touched his head. Although he didn’t know what caused Hua xuwan’s attitude to change 180 degrees, Xiao Chen’s mind is still on Xu Da’s affairs.

“You all know something. Tell me everything. We’re going to catch Xu Da tomorrow.” Hua xuwan has a serious face.

“In fact, the most important thing is the evidence I collected, which has now fallen into the hands of Gu Beisheng.” Yi mengruo said.

Xiao Chen nodded.

“Is that the man?” Hua xuwan said and took out his mobile phone. It was the picture of Gu Qisheng when he was caught.

“Yes! That’s him.” Yimengruo was a little excited.

“That’s it. The thing is now in our hands. Is there anything else crucial?” Hua xuwan continued to ask.

“Yes.” Xiao Chen seemed to think of something: “a person.”

“Who?” Asked Hua xuwan.

“My name is Wu Zijiao, policewoman.” Xiao Chen replied.

“I said you’re a big man. Why do you want women to do everything for you?” Hua xuwan is a little angry.

The God Of Medicine Son-in-law Chapter 293

“What do you mean all depends on women? I just happened to meet them.” Xiao Chen was a little angry at once.

He felt that Hua xuwan’s words always made him feel a little angry, but he clearly didn’t annoy the young lady. He was targeted for no reason, and his heart was not a taste.

Seeing Xiao Chen’s reaction, Hua xuwan immediately raised his eyebrows and said, “I don’t care whether you are just right or what. Now that’s what I see. Facts speak louder than words!”

Xiao Chen is not a bully. Hua xuwan's tone made him a little unhappy even if he had a certain tolerance, so he was ready to argue with Hua xuwan.

But yimengruo gently pulled his clothes. Gave him a look.

Xiao Chen was a little relieved. The current situation is really not the time to quarrel over some trivial things, so he stopped talking and waited for Yimeng to communicate with Hua xuwan.

"Miss Hua, we're here to solve problems now, not to quarrel, right?" Yi mengruo smiled and said.

"Yes." Hua xuwan replied reluctantly.

"That's the key evidence we need to provide. Please ask Miss Hua to punish those who break the law early." Yi mengruo is still smiling, but her eyebrows also reveal a murderous spirit, which is obviously caused by her hatred for Xu Da.

Hua xuwan can get the recognition certificate of the special envoy of Kyoto at such an age. Naturally, it is not in vain. Although she feels so unhappy when she sees so many women around Xiao Chen, she also knows that she should focus on the overall situation now.

"Now that you have all the evidence you need to provide, I can issue an order to arrest those who bend the law for personal gain." Hua xuwan stood up and was ready to walk outside the door.

"I'll go with you." Xiao Chen also followed up.

Now he not only wants to see Wang Jiao's situation, but also needs to understand other situations outside. So he must go out with Hua xuwan now.

"What are you doing? You're still wanted now. Although you're wronged, it's inconvenient for me to stay with me. Just wait for me at home with your women." Hua xuwan glanced at Xiao Chen obliquely.

“Women?” Xiao Chen was speechless and then explained, “Miss Hua xuwan, I think you have some misunderstanding. Now only mengruo has a relationship with me, and the relationship between the other three sisters and me is very ordinary.”

“That’s not true. If Mr. Xiao Chen needs it, we can serve Mr. Xiao Chen together.” The rose joked about the tunnel.

“Rose!” Yi mengruo glared at her.

Rose then put away her playful smile and said, “I think the atmosphere is too tense. Be active.”

Hearing Xiao Chen’s words, Hua xuwan felt a little more relaxed in his heart, but he personally said his relationship with Yi mengruo from Xiao Chen’s mouth. Hua xuwan still had some strange emotions about Yi mengruo.

After a moment of silence. Hua xuwan still drove this never before emotion away from his mind, and then still insisted: “just wait here. When the matter is finished, I will naturally call you.”

Xiao Chen knew that he was wasting time with Hua xuwan, so he nodded and agreed, pretending to be very cooperative and sat back in his position.

See Xiao Chen sit back. Hua xuwan opened the door and said, “let’s go!” Then he slammed the door shut.

“I think there’s something wrong with Hua xuwan. Why is it so gunpowder without talking to us? Who provoked her?” Rose was a little unhappy when she saw that Hua xuwan had gone.

“It’s all right. Don’t talk about Miss Hua any more. Xiao Chen, do you want to go out again? Why don’t you wait until she catches someone?” Xiao Ruochen turned his head and looked at Xiao Ruochen.

“I still want to go out. Now there are still many things I haven’t figured out, and I just remembered that Miss Wu Zijiao may be in a dangerous situation. I haven’t been able to come to the city before, so I can’t contact her. Now I have to go and have a look.”

Xiao Chen was very determined.

If Yimeng knew what she said to admonish Xiao Chen now, it would appear to be a bit of a woman's benevolence. So he nodded and said, "then you should be careful in everything. If there is any news, I will send you a message as soon as possible."

"Good!" Xiao Chen said and kissed Yi mengruo's cheek.

Seeing this scene, the three women over there couldn't help sighing:

"Women with men's pain are different!"

After hearing this, Xiao Chen had to show a guilty expression on his face. But Yi mengruo's whole mind was almost on Xiao Chen. He seemed afraid that he would encounter any accident outside, so he gently hugged him and said in his ear, "you must be careful!"

"Well, sure!" Xiao Chen nodded again very solemnly.

Hua xuwan walked for about 20 minutes. Xiao Chen also took his hat turned out from the room and walked out of the community.

Because the little electric donkey was thrown by Xiao Chen on the other side of Ma Huangshan, and now there is no vehicle in his hand, Xiao Chen had to take a little risk to take a taxi for the time being. After all, his appearance has changed a little.

So ordinary people still can't recognize him.

"Hello, sir, where are you going?" A green taxi stopped in front of Xiao Chen.

"Central Hospital." Xiao Chen is concise and comprehensive, of course, because he is not suitable to talk more now.

After that, Xiao Chen directly handed the driver two hundred yuan bills and said, "don't change it."

The driver took the money and said happily, "Sir, you are so generous!"

Then he stepped on the accelerator and sped away in the direction of Wuling central hospital.

Xiao Chen wants this effect. The driver is also a person who knows the current affairs. He knows that the money is not taken in vain, so it was supposed to take half an hour. He sent Xiao Chen to the Central Hospital in less than 20 minutes.

"Thank you, sir! Welcome to come again next time!" The driver greeted Xiao Chen politely after Xiao Chen got off the bus.

This is the power of money. In such a peaceful and prosperous era, the treatment difference between the rich and the poor is so obvious.

However, Xiao Chen would not think more about these, but walked straight towards the central hospital. Just a few steps, suddenly two familiar figures appeared in front of him.

"Good morning, Mr. Xiao Chen!" Wu Feng sneered

The God Of Medicine Son-in-law Chapter 294

Xiao Chen was shocked and immediately guessed that Xu Da must have arranged it here. Wu Feng and Ling Yun appeared together in front of him. It was hard for him to get away for a while.

So he simply didn't retreat but went forward and said, "it seems that you two have been waiting for us here for a long time?"

"That's not true, but there are some things to discuss with Mr. Xiao Chen." Wu Feng held his chest with both hands. It seems that he doesn't intend to start with Xiao Chen.

Lingyun on one side is also holding a folding fan and gently fanning it in his hand. His face is also very comfortable. It seems that he is not prepared to fight with Xiao Chen.

Now Xiao Chen is a little puzzled. According to the truth, if Xu Da catches himself this time, he should be eager to peel off his skin and bones immediately. But judging from the performance of Wu Feng and Ling Yun, it seems that he has no hostility to himself.

What's going on? However, although Xiao Chen was confused. But his face didn't show it. His face was as calm as water. "I want to go in and see some of my friends. I don't know if you agree?"

"Of course. We'll just wait for Mr. Xiao Chen outside the door." Wu Feng smiled faintly.

Seeing him talking like this, Xiao Chen was a little uncomfortable. After all, he was opposite to him last time. Now he suddenly met such politeness. Anyone would doubt it.

However, since Wu Feng said he could go in, Xiao Chen naturally wouldn't be polite to the two of them. After a few steps out, he had come to the emergency building of the central hospital.

Now the whole Wuling has not changed anything except the arrest of Xiao Chen, so the whole hospital is just running.

Now Xiao Chen's appearance has changed. So he went up directly and asked a female medical staff at the reception desk, "is there a 20-year-old girl named Wang Jiao hospitalized here?"

"Just a moment, sir. Which King and which Jiao are you?" Asked the receptionist.

"This is Wang Jiao." Xiao Chen took out his mobile phone and typed Wang Jiao's name on it.

"OK, wait a minute." The receptionist quickly tapped Wang Jiao's name on the keyboard.

“There is indeed a patient Wang Jiao. Are you her family member or friend?” The receptionist asked again.

“Oh, I’m a friend.” Xiao Chen answered.

“Please sign.” The receptionist said and handed Xiao Chen a personnel registration form and a neutral pen.

After completing the filling, Xiao Chen handed the pen to the receptionist. After taking a casual look, the receptionist said to Xiao Chen, “Sir, Ms. Wang Jiao you are looking for is now in the intensive care unit of the hospital. You can see it on the eighth floor of the inpatient building. She is ward 3.”

“Thank you.” Xiao Chen immediately walked towards the inpatient building of the central hospital after thanking him.

After arriving at the intensive care unit, Xiao Chen soon found the ward where Wang Jiao was.

“Who are you?” Wang Jiao saw Xiao Chen who came to her ward. His face was full of doubts.

“I’m Xiao Chen.” Xiao Chen explained softly.

“Mr. Xiao Chen?” Wang Jiao can’t believe it, because the appearance of Xiao Chen has changed, so she hasn’t distinguished it for a while.

“My appearance has changed a little. How is your situation now? No one has threatened you these days, right?” Xiao Chen didn’t seem to intend to explain too much.

“I’m in good health. But they didn’t allow me to leave the hospital. When I first came that day, someone came to ask me for evidence, but later they found that I really didn’t know anything, so they didn’t care about me anymore.” Wang Jiao smiled.

“You haven’t been to school these days, and your classmates and teachers haven’t contacted you?” Xiao Chen asked again.

“I’m still on holiday now. Our school will start in two days. I just work in sister mengruo to make money during the summer vacation.” Wang Jiao replied.

“So.” Xiao Chen nodded slightly, and then told, “maybe you can leave the hospital in these two days. Don’t run around and go back to school early.”

“OK. I see, Mr. Xiao Chen. How’s sister mengruo now? And sister rose. I heard they were all caught.” Wang Jiao suddenly showed a worried expression and said.

Xiao Chen was a little strange. Why should such a student be so obsessed with Yimeng? If they were so obsessed, he said to Wang Jiao, “they are all very good. Now they are very safe. Just rest assured.”

“That’s good.” Wang Jiao felt relieved after hearing this.

“OK. Since you have nothing to do, take a good rest in the hospital for two days. This is my contact information. If you have anything, you can contact me.” Xiao Chen said and showed her mobile phone number to Wang Jiao.

Wang Jiao immediately took out her mobile phone and wrote it down, smiling and saying, “OK, I’ll write it down. If there’s any news, I’ll inform Mr. Xiao Chen.”

Seeing that Wang Jiao had nothing to do, Xiao Chen put down a big stone in her heart, and then he went to the ward where Wu Zimei had previously been. The woman who almost died for herself is now a pity in Xiao Chen’s heart.

But to Xiao Chen’s surprise, he came to Wu Zimei’s previous ward and was told that she had long been transferred to Kyoto. It seems that there is some advanced medical technology to treat her.

“Doctor, what about the patient’s sister?” Xiao Chen asked.

“Oh, you mean captain Wu Zijiao? She seems to have been here a few days ago. She hasn’t come back to the hospital since captain Wu Zimei was sent away.” The doctor replied.

“Do you have her contact information? I’m their good friend. I have something important to find her. I hope you can help me.” Xiao Chen said to the doctor very politely.

“This...” the doctor obviously hesitated. The hospital kept all the information of the patient confidential, while Xiao Chen said that he was the other party’s friend, but there was no contact information, which could not help but arouse some doubts.

Xiao Chen saw the doctor’s hesitation and knew that it was not appropriate to ask again, so she had to say to the doctor, “I know you have your difficulties, I’ll think of another way.”

With that, Xiao Chen was ready to leave, but he was stopped by the doctor after two steps: “young man, I believe you. Captain Wu Zijiao’s contact information is here. Come and have a look!”

Xiao Chen didn’t expect that the doctor would believe him. He happily looked back at the information table in the doctor’s hand, and then wrote down Wu Zijiao’s telephone number.

The God Of Medicine Son-in-law Chapter 295

“Thank you, doctor!” Xiao Chen expressed his gratitude to the doctor.

“You’re welcome. I don’t think you’re a bad person. Besides, the situation of the two captains is really not optimistic, so I still hope you can help them.” The doctor smiled.

Hearing this, Xiao Chen felt a little strange. Why would a doctor think that Wu Zijiao and Wu Zimei were in a bad situation? What happened to Wu Zijiao?

So Xiao Chen continued to ask, “doctor, you said the two captains were in bad condition. Why?”

The doctor sighed and said, "since captain Wu Zimei had an accident, Captain Wu Zijiao has become very decadent. She is often out of her mind. After the hospital examined her, she found that she has been moderately depressed."

"What!" Xiao Chen's eyes widened in disbelief, although he didn't know Wu Zijiao's character. But after several contacts, he can be sure that Wu Zijiao is not the kind of person who will give up easily. Moderate depression can't happen to anyone.

"Hey, both are good girls. They are so young and have done so many things to punish evil and eliminate evil for the people. But the final result is like this." The doctor looked pathetic.

"You can rest assured that I will find them and understand the situation clearly." Xiao Chen patted the doctor firmly on the shoulder.

"That's good, that's good!" The doctor seems to see hope from Xiao Chen.

After leaving the hospital, Xiao Chen made a call to Wu Zijiao without hesitation, but the other party didn't seem to want to answer. It was the same result to call again. Helpless, Xiao Chen had to deal with the matter at hand first.

"Mr. Xiao Chen, now that things are finished, come with us!" Wu Feng and Ling Yun saw Xiao Chen coming out, so they came forward to meet him.

"Where are you going?" Xiao Chen asked with great vigilance.

Although he is not the opponent of Wu Feng and Ling Yun, if he wants to run, these two people can't stop him. If the place he is taken to is a trap, he will be really dangerous.

"Mr. Xiao Chen, you can rest assured that we are not in a hostile relationship with you now. What kind of relationship depends on your attitude towards us. Now we sincerely want to cooperate with you." Wu Feng said with a harmless smile.

But the more he behaves like this, the more uneasy Xiao Chen is. Talking about cooperation with them is like trying to hide from a tiger. Xiao Chen doesn't want to believe that Xu Da will be willing to cooperate with him. He has deceived him once before.

An old fox like Xu Da can be fooled for the first time, but he will never be fooled for the second time. However, Xiao Chen also wants to know something now, so he continued to talk with Wu Feng and Ling Yun.

"How can I judge whether you want to cooperate with me sincerely or falsely? In fact, you want to kill me?" Xiao Chen looked calm and authentic.

He is telling the truth. Anyone in his current situation will ask such a question.

"We have long thought of this problem. Mr. Xiao Chen might as well take a look at this first!" Wu Feng said and threw a mobile phone to Xiao Chen, which happened to be playing a video.

Xiao Chen took a very careful look at the video. He was shocked at the first sight, because the character in the video was not someone else, it was Xu Da. He has now been arrested and is still wearing a yellow jacket.

"Video can be manipulated. It doesn't seem to make much sense for you to show me this." Xiao Chen said and threw the mobile phone back.

He really doesn't believe that Xu Da has been arrested now, because Hua xuwan hasn't shot yet. Does anyone else have the right to arrest Xu Da?

"We also guessed that you would not believe Mr. Xiao Chen. But now there is no wanted person for Mr. Xiao Chen in Wuling, and there is one person you will believe." Wu Feng said and dialed a phone.

"Hey, let that one come here for a minute. Mr. Xiao Chen is right here."

Wu Feng hung up the phone, then smiled at Xiao Chen and said, "Mr. Xiao Chen, please wait a moment. The man will come right away."

“The man?” Xiao Chen was puzzled. She didn’t know what medicine Wu Feng was selling in the gourd. However, since the two of them didn’t intend to do it to themselves, Xiao Chen planned to wait and see the change temporarily. If there was any unreasonable situation. He is also 100% sure to escape.

In this way, the three stood at the door of the hospital and waited.

Within ten minutes, a BMW familiar to Xiao Chen appeared at the door of the hospital. Two people came down from above, not others, but Jianshi and a Qiang.

“Mr. Xiao Chen!” Jian Shi came up very excited and held Xiao Chen’s hand. Ah Qiang’s face was also full of a smile.

“Mr. Xiao Chen! It’s finally vindicated. Xu Da has suffered for himself and finally buried himself!” Jane stone held Xiao Chen’s hand tightly.

Now it’s Xiao Chen’s turn. I don’t know what happened, but his trust in Jian Shi is still quite high, and now ah Qiang is here. It doesn’t look like they’re pretending.

So Xiao Chen asked, “what happened recently?”

“Come on! Mr. Xiao Chen, I’ll take you to the office. It’s not a place to talk outside.” Jane Stone said and took Xiao Chen to the car.

“Mayor Jane. Remember to ask Mr. Xiao Chen to come to us at that time.” Wu Feng over there didn’t stop him when he saw this scene, but shouted to Jian Shi.

“OK! No problem. Wu Feng and Lingyun, two immortal masters, go back first. I will definitely send Mr. Xiao Chen over.” Wu Feng smiled at the stone.

Seeing Jian Shi’s attitude towards Wu Feng and Ling Yun, Xiao Chen was at a loss again, but the situation has indeed changed. Moreover, everything Jian Shi showed was quite natural. If it was acting, Xiao Chen would certainly see the uncoordinated brilliance at the bottom of his eyes.

But now Xiao Chen doesn't feel any other emotion in Jianshi's eyes, which can only show that what's happening now is true. As for what's causing all this, Xiao Chen has to talk to Jianshi before he knows.

"Mr. Xiao Chen, these innocent days have made you suffer! It is you who make us today!" As Jianshi said, tears seemed to fall down.

It can be seen how shocked Jianshi was this time. It seems that everything is really completely reversed. Now Jianshi should also be the mayor of Wuling city.

The God Of Medicine Son-in-law Chapter 296

However, Xiao Chen knows that things are not so simple, because Hua xuwan just said today that he was going to arrest Xu Da, and the evidence has just been collected with them, so Xu Da must not have been caught by Hua xuwan, so it can only be someone else.

Seeing Jianshi sighing, Xiao Chen couldn't bear to expose the lie. At least now Jianshi has a feeling of vindicating her wrongs.

"Brother Jian, I have to tell you something." Xiao Chen suddenly looked deep and deep.

Seeing that Xiao Chen's face changed, Jian Shi was surprised for a moment. However, he immediately reacted. As soon as he received the previous sigh, he looked at Xiao Chen very solemnly and said:

"Mr. Xiao Chen has something to tell me. Or tell me. I Jianshi will do my best, whether it's going up the knife mountain or down the oil pot, I will die forever!"

Xiao Chen was slightly stunned. He didn't expect Jianshi's response to be so enthusiastic, but he didn't ask for Jianshi. So he shook his head and said:

"What I want is not brother Jian's help. Now there are only three of us here. I have to tell you bad news."

“Bad news?” Jian Shi was stunned. In his opinion, now that Xu Da has been arrested, what bad news can there be? Is it the murderer or someone else?

At the thought of this, Jian Shi couldn't help getting cold on his back. If the murderer was someone else, it would be too suspense.

Seeing Jianshi's reaction, Xiao Chen coughed twice, and then slowly said:

“Xu Da, it was not caught by someone I know.”

As soon as they said this, Jianshi and a Qiang immediately felt that something seemed to explode in their ears, and there was a buzzing sound in their minds.

This is a more unacceptable thing than the murderer is others.

“Drive carefully!” Xiao Chen reminds ah Qiang in front of him.

A Qiang reacted and focused on driving again.

Seeing the stone, there was no response for a long time. I don't know whether I was frightened or thinking about something.

“Brother Jian, you don't have to behave like this. In fact, things still need to be verified. It's not impossible if the man who caught Xu Da is also our friend.” Xiao Chen patted Jianshi on the shoulder to express his comfort.

Jian Shi felt the power of Xiao Chen, and then came back from thinking. Then he looked at Xiao Chen and asked, “Mr. Xiao Chen, do you know the special envoy of Kyoto?”

“Special envoy to Kyoto?” Xiao Chen was slightly stunned, then nodded and said, “you know, there are only ten special envoys in the country now.”

“Yes, this time a special envoy from Kyoto caught Xu Da. We’ll see him later.” Jane stone nodded.

“OK, then wait until after the meeting.” Xiao Chen also nodded slightly.

Although special envoy Xiao Chen has never seen it before, he still knows something about this title. It is a title specially granted by the head of the Empire. In essence, it has no power and status.

But the problem is that when the special envoy finds enough evidence to prove something, his power will almost override all the officials of the whole empire. Even in history, a special envoy once accused the head of state of his mistakes, and finally the head of state apologized in public.

It can be seen that the title of special envoy has considerable weight in the whole empire.

Especially for some officials who want to go up high. This special envoy is a group of people who must be flattered, because they also have the ability to recommend. In case that special envoy is in a good mood and wanders around some cities or counties below.

I just saw an official’s excellent performance and felt that he should not be overqualified. I recommended him to the head of state. Maybe the official will receive an invitation from Kyoto one day. Invite him to Kyoto for an important position.

This is the equivalent of a sparrow becoming a Phoenix, and many officials dream of getting treatment.

Of course, the premise is that the official’s talent is really excellent and his insight is beyond ordinary people. In this way, there is a very small probability of being selected.

Because special envoys in Kyoto don’t have so much spare time to stare at the talents of which officials every day. They often stare at whether there are any problems with senior officials and if there are some serious problems.

Naturally, they should be directly arrested and handed over to Kyoto for trial.

Now Xu Da is already on the way to Kyoto, sitting in a police car escorting felons. Xu Da couldn't understand why he had done a seamless and watertight thing. It was all seen through by a special envoy in Kyoto.

Before he was arrested, he didn't even hear any news, not even rumors. When he was arrested, he was still handling government affairs in his office. Somehow, he was beaten by two guards from Kyoto, and then he was arrested.

The charge is: abuse of power. Of course, this abuse has a wide range, so it is almost a capital crime. Now it is time to go to Kyoto and let the imperial Supreme Court make a corresponding ruling, and then expose his affairs in front of the people all over the country.

Although he was arrested for some reason, Xu Da is almost disillusioned now, because he knows that no one can save him now, even if he knows a lot of dignitaries and dignitaries in Kyoto. But no one is willing to touch the head of a special envoy in Kyoto.

Jian Shi, Xiao Chen and a Qiang came to the Wuling municipal government building again. This is Xiao Chen's third time here. Thinking about all his experiences these days, he suddenly felt like an isolated world. It seems that it has been a long time since he last came here.

However, this is just a moment's feeling. Jianshi can't wait to let Xiao Chen meet the special envoy in Kyoto.

First, he wanted to confirm whether Xiao Chen knew the special envoy. Second, of course, it is also to enable Xiao Chen to get on a line with such characters. At that time, if he has the opportunity, he can be recommended once.

Even if it is not successful, at least his Jianshi name can appear in Kyoto once, which is also a great honor for him.

"Mr. Xiao Chen, I'm a little worried. Please don't be surprised." Jian Shi also knew that his steps were a little fast, and said to Xiao Chen with an apologetic face.

“It doesn’t matter. I can understand your mind now.” Xiao Chen smiled calmly.

Soon, the three of them came to Jian Shi’s usual office. Before reaching the fourth floor, Xiao Chen heard Zixuan and Xueer’s beautiful voice. As soon as they heard it, they knew who they were entertaining.

The God Of Medicine Son-in-law Chapter 297

“Spend three less. You are the most admired person in my life.” Xueer’s smiling face kept trying to lean against an old man who looked quite young on the sofa.

The man was dressed in a very simple green shirt with a flat head and full of heroism between his eyebrows. A pair of deep eyes were inlaid on his jade like face. The eagle’s hooked nose stands tall, and it doesn’t look like a pure domestic person.

See Xueer leaning against herself. He dodged a little, then put his hand around Xueer’s shoulder and said, “sister Xueer is really flattered. I’m just a little lucky.”

It seems that the distance between them is very close, but in fact, there is a few centimeters between the man and Xueer. And it is this interval that makes Xueer feel uneasy even though she is held.

Zixuan on one side also wanted to come up, but at this time, the noise outside the door immediately made the two women converge a lot. The man didn’t know when to take back the hand that was originally on Xueer’s shoulder.

“Mr. Xiao Chen, please!” When Jianshi came to the office, he quickly saluted Xiao Chen respectfully again.

Xiao Chen knew that this was Jian Shi’s own attitude towards etiquette, so he didn’t say anything. He nodded slightly again, and then walked in.

At this time, Zixuan and Xueer came to the door. Seeing Xiao Chen coming, they quickly bowed and said, “Mr. Xiao Chen, welcome back!”

“OK.” Xiao Chen nodded to the two women.

The man inside saw that people all over the room respected Xiao Chen so much. I also looked at the door curiously, and my eyes locked on Xiao Chen’s face.

But after looking around, the man couldn’t help but have a trace of contempt for Xiao Chen.

Nothing else, because the clothes Xiao Chen is wearing are what ah Qiang prepared earlier. It can be said to be quite simple, and in his opinion. Only some people who can’t afford clothes will wear such a dress.

The upper body is a long sleeved pure blue cloth, and the lower body is a pair of black pants that look dull.

If you walk to the streets of Kyoto in such a dress, children may know that this is a beggar.

Seeing that Xueer, Zixuan and others have such respect for Xiao Chen, the man’s heart is more interested in Xiao Chen.

“Who is this?” Xiao Chen also saw the man at this time, so he turned to ask Jian Shi.

“Oh, let me introduce you.” Jianshi changed his shoes. As he walked towards the tea table, he pointed to the man and said, “this is the special envoy of Kyoto I mentioned before. It’s full of flowers.”

Then Jane stone saluted the flowers all over the sky. Then he pointed to Xiao Chen and said, “this is Mr. Xiao Chen, who is also an important guest in Kyoto.”

“Important guests?” Flowers chewed these words with interest all over the sky, but there was still a contemptuous smile on the corners of their mouth.

Although he didn't know the flowers all over the sky, Xiao Chen still noticed his subtle expression and made a preliminary conclusion to the so-called special envoy to Kyoto in his heart.

Although I don't feel much about Xiao Chen in my heart, I still need to do enough face work. So the flowers all over the sky still stretched out their hands with a smile and said to Xiao Chen, "Mr. Xiao Chen, I've heard of it for a long time."

His hands were held high. This is obviously deliberately showing my identity, which means that my identity is much higher than you. So I offered to shake hands with you. It's your honor.

However, something unexpected happened to everyone. Xiao Chen didn't shake hands with Hua Mantian, but answered with his hands on his back: "Oh."

Then he sat on the sofa beside him, as if he hadn't seen the action he had just spent all over the sky.

"Mr. Xiao Chen, this..." Jian Shi is almost scared silly now. He didn't expect that Xiao Chen dared to offend even a special envoy in Kyoto. Xiao Chen's just action can be regarded as a great insult to huamantian.

Sure enough. The flowers were all over the sky. At this time, his face was full of anger and even a trace of killing intention. The breath around the whole person was as cold as ice, almost falling to the freezing point.

"Spend three less... That. Mr. Xiao Chen may have another reason. Don't be angry first." Jianshi quickly opened his mouth to persuade the flowers to cover the sky.

However, Hua Mantian didn't pay attention to him. Of course, he wouldn't really get angry on the spot because of this little thing. Although he was very young, he could be in the top position that only ten people in the whole empire could sit on. His mind was beyond ordinary people in all aspects.

"It's true that some Dalits don't have any right to shake hands with me. They dirty my hands. I don't know how many times to wash them when I go back." The flowers were warm and cold all over the sky, and he took back his raised hand.

“Why did you catch Xu Da?” Xiao Chen asked directly.

At this moment, all the people present were surprised again. Unexpectedly, Xiao Chen came up and asked such a serious matter.

“Why should I tell you?” Flowers are all over the sky. At this time, the state of mind is calm, and the look on his face has changed back to the calm at the beginning.

He now understood that Xiao Chen came to deliberately smash his court to make him angry and make him embarrassed in public.

As a special envoy to Kyoto, if he gets angry with a person without any identity, it really hurts his face, so he simply responds to changes with constancy.

No matter what Xiao Chen said, he was ready to reject it directly.

“Then you can go.” Xiao Chen suddenly said coldly.

“What are you talking about?” Flower almost jumped up. He didn’t expect Xiao Chen to be so arrogant.

“Mr. Xiao Chen... Hua sanshao is our distinguished guest...” Jian Shi was shocked at this time. Xiao Chen’s series of operations were completely frightening him to death.

“If he doesn’t go, I’ll go.” Xiao Chen said and stood up.

“Well, people and dogs really can’t get along.” Flowers gnash their teeth all over the sky.

“That’s right. It seems that you have a lot of self-knowledge.” There was no wave on Xiao Chen’s face. It seemed that he had already thought of saying so.

“You!” Hua man didn’t expect that Xiao Chen came with him to retreat, but then sneered: “I’m also dizzy. The dog bit me. Do I want to bite back? Maybe I’ll be coquettish at that time.”

“Don’t insult the dog. You don’t deserve it.” Xiao Chen was still calm and clear. With that, he paced to leave.

Jian Shi looked very ugly.

The God Of Medicine Son-in-law Chapter 298

He never thought that Xiao Chen was at war with Hua Mantian when they met for the first time. They seemed to have a deep blood feud.

Seeing that Xiao Chen was leaving, Jian Shi went up and stopped him and said, “Mr. Xiao Chen, didn’t we come to celebrate today? There’s no need to say such a thing.”

After hearing this, Xiao Chen glanced at Jian Shi and said nothing. The reason why he didn’t have a good first impression of this flower is that Hua Mantian thinks highly of himself. So the kind of domineering between every move is fully displayed.

In addition, Xiao Chen found that the flowers all over the sky seemed to have a trace of death. Recently, he may have haunted some cemeteries and other places. Generally speaking, the people who can be contaminated with these things are not good people.

The test was just started by Xiao manchen. He also found that he actually despised the so-called Dalits from his bones.

In Xiao Chen’s opinion, such a person is not worth making friends even if he is an emperor. Even sitting with him, Xiao Chen will feel a little uncomfortable all over.

Therefore, in order to cut off the unnecessary relationship, Xiao Chen is simply ready to leave, so that some more unpleasant things will not happen again.

As the saying goes: if you don't talk much, say half a step more.

Now Xiao Chen has spoken more than half a step with the flower all over the sky. There is no need to stay any longer.

"Brother Jian, I respect you. But some people don't deserve my contact, so I don't need to stay here for a long time. If there's anything left, you can contact me at any time." Xiao Chen said and walked towards the door without looking back.

Jianshi also wanted to go up to persuade Xiao Chen, but the flowers behind him said, "just go. Don't I still lack a friend like him?"

"Hey." Jianshi sighed. He doesn't understand why things are like this.

Nevertheless, what should be said and done still had to continue, so he changed his mind, showed a smiling face, sat on the sofa beside the flowers, and was just ready to speak.

Suddenly, a woman's sharp voice came from outside: "come out of the sky with flowers!"

Xiao Chen was stunned when she heard the voice. Because this is no one else, it is Hua xuwan.

Xiao Chen had just walked out of the door of the fourth floor when she saw Hua xuwan coming up from downstairs with an angry face. Her high-heeled shoes made the stairs "clatter".

It seems to be annoyed by something.

"Flowers all over the sky!" Hua xuwan still shouted loudly. Completely disregarding the reserve you should keep as a young woman.

However, Xiao Chen still appreciated it. Last time he met in Kyoto, he felt that this woman had her own characteristics, unlike some other women who pretended to pose to please men.

Hearing the voice of Hua xuwan, the flower filled the sky, and the corners of his mouth aroused a smile. He immediately stood up from his position.

“Spend three little. You are...” Jian Shi was a little confused, and he just sat down. Are you leaving with flowers all over the sky?

But Jian Shi’s words haven’t finished yet. The flowers are all over the sky and have reached the door of the office.

“Xu Wan. I knew you would come, too.” Hua looked at Hua xuwan with a spring breeze all over the sky. She seemed to forget that Hua xuwan was roaring before.

“Bah, don’t make me cry so disgusting, will you? I ask you, did you catch Xu Da?” Hua xuwan’s pretty face was full of cold, and she seemed very dissatisfied with the flowers all over the sky.

“Yes, he did something. Of course I want to catch him.” Flowers all over the sky, with a face that should be taken for granted.

“You have overstepped your authority. You know what? The matter on Wuling side was approved by the head of state after I applied with him specially. What do you mean by stepping in?” Hua xuwan’s beautiful eyes are wide open. It seems that I can’t wait to beat up the fat flowers all over the sky now.

“I said Xu Wan, don’t be angry first. Look, what’s this?” Hua Mantian said and took out a palm sized sign. This brand is pure gold. Xiao Chen can see at a glance that it is made of pure gold.

Being able to make a token with pure gold shows that the weight of the token is definitely not light, and Xiao Chen also saw that it was inlaid with several very precious gemstones, with a traditional word “emperor” engraved in the middle.

“Imperial General envoy order!” When Hua xuwan saw the token, his face immediately sank.

Then he turned his head decisively and said to his two guards, “go!”

“Hey! Xu Wan, in fact, I can give you the credit you want this time. I came to Wuling because I knew you wanted to come. Don’t you understand my mind after so many years?” Flowers all over the sky quickly followed up.

“Flowers are all over the sky. I admit that your ability is much better than me, but I warn you that it is impossible between you and me. What your flower family did in Kyoto is no longer in line with what an imperial family should do. I advise you to talk to the elders of your family and terminate their plans, otherwise you will not come to a good end.”

Hua xuwan snapped and then turned his head again. After a little look at Xiao Chen, he strode towards the bottom of the stairs.

Hearing that Hua xuwan was teaching himself a lesson, Hua Mantian’s face became ugly, but he didn’t say anything. Xiao Chen, including the people present, didn’t know what Hua xuwan said Hua family was doing.

But Xiao Chen knew that the flower family must have done nothing good.

Seeing Hua xuwan gone, Xiao Chen also smiled contemptuously at the flowers, and then walked downstairs slowly with his hands on his back.

“Die!” The flowers are all over the sky. At this time, there is no intention to endure.

If Hua xuwan dared to treat him like this because of her identity and her love for her, Xiao Chen had no reason to laugh at him at this time. Looking at the whole empire, few people dared to laugh at him.

Now the flowers are all over the sky. He wants Xiao Chen to know what life is better than death.

At this age, Hua Mantian can get the special envoy certificate of the Empire. Of course, he is not in vain. His skill is several times stronger than that of ordinary armed police. It can be said that some senior martial artists are not his opponents in close combat.

As a medical practitioner, Xiao Chen won't have any real Qi fluctuation. Therefore, from the view of flowers all over the sky, Xiao Chen is just an ordinary person. If an ordinary person dares to be so presumptuous to him, he must let Xiao Chen remember the end of treating him like this.

After shouting angrily, he kicked Xiao Chen with a kick all over the sky.

The God Of Medicine Son-in-law Chapter 299

"Spend three less!" Jian Shi looked frightened behind him. Unexpectedly, Hua Mantian would get angry on the spot and have to start with Xiao Chen.

Although Jianshi's reaction has been very fast, ah Qiang on one side also quickly wants to come forward to block it.

But they are still slow. After all, huamantian is also born into a military family, and their family has passed on for many generations. There are some skills to cultivate yourself. Although it is full of flowers, there is no real Qi in the body. But his skill is much better than that of ordinary martial killer.

As soon as the roar came out, he was about to kick Xiao Chen.

Xiao Chen gave him a cold look and spit out four words: "overestimate yourself!"

Then there was a smell on his hand. Between raising his hand, he directly locked the feet kicked by flowers all over the sky.

"What!" Hua Mantian looked at Xiao Chen in disbelief. The man who didn't have any real Qi fluctuation looked very ordinary and even a little thin.

Although the height seems to be relatively high, Hua Mantian can't imagine that Xiao Chen can take his foot with his bare hands. For fear that Xiao Chen is too weak and is kicked to death by himself, Hua Mantian still uses only about 70% of his strength.

But even with 70% strength, he is fully confident that few people in the whole empire can beat him.

However, Xiao Chen not only did it, but also locked his feet with one hand.

Jian Shi and a Qiang guessed the end. After all, although they don't know much about Xiao Chen's strength, they also know about it. At present, it is estimated that the only person who can threaten Xiao Chen in Wuling is their master Guang Huojia, except Wu Feng and Ling Yun.

However, Guanghuojia seldom appears in the city, and his cultivation is profound. Even if it appears, it is estimated that few people know.

Therefore, Xiao Chen can now be said to be difficult to meet an enemy in the whole Wuling city. An ordinary martial artist can't be his opponent.

The reason why Gu Qisheng was able to take the evidence document from him last time was that Xiao Chen wanted to protect Wang Jiao at that time, and Gu Qisheng was using his own life.

The next thing was very clear. After Xiao Chen locked the feet of flowers all over the sky, he directly lifted his whole person upside down.

"Why do you want to hurt me?" Xiao Chen sneered at the flowers being carried upside down all over the sky. His face was full of contempt.

"Good Xiao Chen, do you know who I am? I'm the youngest special envoy in Kyoto, the youngest Imperial General envoy and the third young master of the flower family, one of the best aristocratic families in the Empire. You dare to treat me like this! You'll regret it!" The flowers are all over the sky. At this time, it's angry and urgent.

Although there are not many people present, if this matter gets out, where will his face go? It's inevitable that someone will take this as a laughing stock in the future. Now he can't wait to find a hole in the ground.

“Regret?” As soon as Xiao Chen heard this, the sarcasm on his face became more prosperous, and he directly threw the flowers all over the sky under the stairs. Then he said, “then I’ll see how you make me regret!”

Caught off guard, the whole person didn’t react. There was a free fall movement and fell on the corridor.

But spending all over the sky is also practicing family. So this injury was nothing to him. After falling, he stood up immediately.

But as he stood up, his face looked strange.

Jianshi and a Qiang above have completely frozen. Xiao Chen has really and thoroughly offended the special envoy in Kyoto. Apart from anything else, Jianshi originally wanted to let flowers fill the sky and help himself in front of the head of state. Now all of them have come to naught.

Seeing the face of flowers all over the sky, Xiao Chen was also curious. What made him not angry at himself immediately, but staring at the corridor.

At this time, the sound of high heels “dada” came again, and the beautiful shadow of Hua xuwan appeared on the corridor again. She looked at Xiao Chen and said, “Xiao Chen, come with me. I have something for you.”

As soon as Xiao Chen saw that it was Hua xuwan, he immediately understood why Hua Mantian’s face was so strange. Which man wanted to make a fool of himself in front of the woman he liked? Just when he fell, he fell to the ground on all fours.

This posture is usually only made by some kind of aquatic creature with shell, but that creature may be a little cute, while it is very ugly and ugly when made with flowers all over the sky.

So this scene was seen by Hua xuwan. Now he even has the heart of death. Previously, he was still thinking about his face. Now his sweetheart saw this scene, and he was completely hopeless.

After a burst of embarrassment, there was endless anger. If it was just a moment's anger that just spent all over the sky, then now it is the kind of malice that has produced malice towards Xiao Chen from the bottom of my heart. I wish I could directly peel off the skin and bones of Xiao Chen now.

Xiao Chen looked light and cloudless. He didn't know what huaxuwan wanted from him. He walked in the direction of huaxuwan without hurry or slow. He didn't care about the ferocious eyes of huaxuwan now.

At this time, Hua xuwan also noticed that the eyes of Hua Mantian looking at Xiao Chen were vicious. In fact, she didn't see what just happened and didn't know how Hua Mantian was humiliated by Xiao Chen, but she didn't have much idea about this flower Mantian, so she basically chose to ignore his existence.

"What's up, Miss Hua?" Xiao Chen smiled politely.

It looks like a modest gentleman, without the ferocity of just playing with flowers all over the sky.

Hua Mantian is now itching with anger. If at first he just feels that Xiao Chen is like a rude Dalit, he is now an out and out shameless man.

Xiao Chen naturally doesn't care what huamantian thinks of himself, because from the beginning of contact, he knew that huamantian was just an immature boy who was arrogant after making some achievements.

Just now, he actually left his hand between his moves, otherwise the flowers could not stand here intact.

"There are many people here. Let's go to a quiet place." Hua xuwan said and was ready to turn and leave.

Xiao Chen suddenly reached up and took her hand. Hua xuwan immediately felt his body stagnant, then looked back at Xiao Chen with a puzzled face and said, "what are you doing?"

The God Of Medicine Son-in-law Chapter 300

“Didn’t you mean to take me to a place with few people?” Xiao Chen said with a harmless smile on her face.

“You!” Hua xuwan tried to break away from Xiao Chen’s hand, but found that his hand was like a machine, firmly clamped her hand and couldn’t break away.

“Let go!” Hua xuwan snapped and scolded.

But Xiao Chen seemed not to hear, and took her downstairs.

Go back and forth:

“Let’s go and talk in a quiet place.”

Although Hua xuwan is still struggling. But Xiao Chen’s strength is obviously much greater than her, so she can’t get rid of it. Xiao Chen could only lead her downstairs.

Seeing this, Hua was furious and wanted to catch up. However, just when he took two steps, suddenly he saw a golden light flying in the direction of Huaxu aster.

“Xu Wan, be careful!” Flowers all over the sky immediately warned loudly.

Hua xuwan also felt a crisis coming, just at this time. Xiao Chen gently pulled her, and immediately Hua xuwan rushed to Xiao Chen’s arms.

While Xiao Chen was running jade Qi. A silver needle flew out of his hand and directly cut off the golden light.

Just listen to “jingle!” A strange looking golden ball appeared in Xiao Chen’s hand. Looking closely, Xiao Chen found that a small traditional word “sword” was written on it.

Although he had some doubts, he put the ball away.

“Miss Hua, can you loosen it?” Xiao Chen looked at Hua xuwan with a smile.

At this time, Hua xuwan was already lying on Xiao Chen’s body, especially her hands were already on Xiao Chen’s strong chest muscles.

Just at that moment, Xiao Chen tried a little too hard to protect her. Although Hua xuwan was born in the army, she is still an ordinary person after all. Xiao Chen’s strength is too much greater than her. Just that moment, Hua xuwan felt confused for a moment.

Hearing Xiao Chen’s words, Hua xuwan reacted and hurriedly pushed away from Xiao Chen. She blushed and said, “you... What are you doing?”

“What am I doing?” Xiao Chen couldn’t help laughing bitterly and said, “I protect you. What am I doing?”

Hua xuwan remembered the dangerous situation just now, but her eyes were still full of shyness. After all, in front of so many people, she even hugged Xiao Chen. What’s the matter. Besides, she has never touched a man since she was born.

He spent most of his time running for his career. Looking back on the feeling he had just felt in Xiao Chen, Hua xuwan felt a sense of comfort in the bottom of his heart.

However, she immediately put away her posture as a woman, and her originally shy face turned into an iceberg of indifference. Looking at Xiao Chen faintly, he said:

“Next time you want to save me, just say it. There’s no need to do it now, you know?”

“Yes.” Xiao Chen nodded helplessly.

In the just contact, Xiao Chen found that Hua xuwan was not as healthy as it looked, or even unhealthy. If it goes on like this for a long time. It is likely to lead to some serious diseases.

However, he can only choose a more appropriate time to explain to Hua xuwan. At present, he'd better see what kind of things Hua xuwan has to find himself.

“Go!” Hua xuwan didn't really have any other ideas about Xiao Chen. So he turned around again and walked downstairs.

Xiao Chen followed up silently.

The flowers behind him were at a loss. He felt that Xiao Chen had just deliberately taken advantage of Hua xuwan. If there's something wrong with Huaxu just now, it's not that WanChen wants to save Huaxu.

Tangled, the figures of Hua xuwan and Xiao Chen have long disappeared.

“Three little flowers...” Jian Shi whispered beside the flowers.

In fact, Jian Shi and a Qiang are the most uncomfortable at present. Xiao Chen has offended Hua Mantian. Hua Mantian is embarrassed and has no place to vent his anger. He is likely to operate on them.

However, despite this, Jianshi decided to try his best to please huamantian. After all, huamantian didn't know what kind of relationship Xiao Chen had with them.

However, Hua Mantian's sentence completely eliminated Jian Shi's idea of pleasing Hua Mantian.

“From now on, with me, there will be no Xiao Chen. With Xiao Chen, there will be no me!” It took a long time to say such a sentence.

This also represents all his anger at Xiao Chen.

Outside, Xiao Chen has followed Hua xuwan to her Bentley.

“You just treated the flowers all over the sky like this. It’s hard to live in the future. You can’t imagine the power of their family in Kyoto. I advise you to see him in the future.” Hua xuwan warned as soon as he got on the bus.

“Is Miss Hua concerned about me? It really flatters me.” Xiao Chen said with a bad smile.

“Shameless!” Hua xuwan spat. His face suddenly cooled down.

“Well, it’s just a joke.” Xiao Chen restrained her smile and looked serious.

“Let me tell you the bad news first. Although Xu Da was arrested, your image in Wuling has not been completely rehabilitated, and the situation in the mine cave you investigated has been blocked. I suspect that someone conspired with Hua Mantian to frame Xu Da, which is the practice of abandoning the car to protect the commander.”

Hua xuwan also told the truth of Xu Da’s arrest very seriously.

“I know something about this after seeing the flowers all over the sky, but I don’t know what kind of person can have so much energy to make a special envoy in Kyoto and the aristocratic son of the Empire give him face.” Xiao Chen was puzzled.

“Situ family.” Hua xuwan gently spit out three words, but Xiao Chen can feel the weight of these three words in her heart.

“Situ family? Is it the mysterious Wuling’s largest aristocratic family?” Xiao Chen asked with great interest.

“Yes, they are not only the largest aristocratic family in Wuling, but also a great hidden danger in the future of the Empire.” Hua xuwan said in a deep voice.

“Yes.” Xiao Chen crossed his hands with ten fingers and made an appearance of thinking.

He knows too little about the situ family. He only heard Jianshi talk about it by chance, but Jianshi doesn't know much about this mysterious family, so the situ family can be said to be a mysterious family.

“Well, that's bad news, and good news.” Hua xuwan looked sad and said, “now that Xu Da has been arrested, the whole Wuling will really operate normally. You can also let your lover come back and work normally.”

Speaking of the word “lover”, Hua xuwan glanced at Xiao Chen secretly.
