

God Of Medicine 301

The God Of Medicine Son-in-law Chapter 301

“Well, I’ll inform Monroe right away.” Xiao Chen doesn’t have any hesitation. Now in his heart, Yi mengruo can’t be too much even if he is his own love.

After all, they have shared joys and sorrows. The character of yimengruo also makes Xiao Chen feel that it is too late to meet each other.

Seeing Xiao Chen’s performance like this, Hua xuwan still has some small losses in his heart. She didn’t expect Xiao Chen to come to Wuling, but she could know such a beauty as yimengruo in more than a month, and the last two were still together.

For Hua xuwan who has a good impression on a man for the first time. This is a rather painful blow.

However, she covered it up very well. After a little hesitation, Hua xuwan gently relaxed her airway: “now it’s time to prevent flowers from becoming demons all over the sky.”

“We should not only guard against the young young childe, but also against the people behind us.” Xiao Chen said and took out the golden ball that had just been hit. Wan put it on Hua Xu’s hand.

Hua xuwan was stunned. He remembered that he had almost been attacked, so he nodded and said, “I also need to find out about this matter.”

“Well, since Miss Hua is so powerful, I don’t have much to say about Xiao. Let’s see you in the Jianghu. You handle your affairs, and I have my affairs to deal with.”

Xiao Chen said and opened the door.

“Hey...” although Hua xuwan thought the matter was over, she didn’t know why. She just wanted to say two more words to Xiao Chen, so she wanted to stop him.

Hearing the cry of Hua xuwan, Xiao Chen turned back and asked, “what’s the matter?”

“That... Nothing.” There was a trace of entanglement in the beautiful eyes of Hua xuwan. Then he hung his head.

“If it’s all right, I’ll go first. We should have a chance to see each other again.” Xiao Chen said and waved to Hua xuwan.

This little girl won’t have some ideas about me just for a while, will she? While walking, Xiao Chen also muttered in her heart, but as the eldest lady of the Chinese family, Hua xuwan should be able to get any kind of man, and Xiao Chen didn’t want to touch the heartstrings of this little sister who is so much younger than him.

When Xiao Chen just got off Hua xuwan’s car. It’s full of flowers outside, just coming out of the municipal building.

Jianshi and a Qiang followed.

Hua Mantian looked unhappy. It was obvious that he was bitter about what Xiao Chen had done before. When he found that Xiao Chen had just got out of Hua xuwan’s car, Hua Mantian was a little jealous.

It was a goddess who he had pursued for nearly ten years. Even the peerless beauty who could rank in Kyoto got on the bus with a man who looked like a beggar like Xiao Chen.

Although Xiao Chen finally came down. But for Hua Mantian, who didn’t even have a chance to talk to Hua xuwan alone, it was a great blow to him.

But even so, the flowers will not show up at this time. After he got on his Rolls Royce, he started it quickly. Deliberately rubbed Xiao Chen’s side and drove past, as if to warn Xiao Chen.

But Xiao Chen didn’t care at all. Seeing Xiao Chen coming this way, Jian Shi and a Qiang quickly said respectfully: “Mr. Xiao Chen, are you going back?”

“What? Aren’t you trying to please the special envoy of Kyoto?” Xiao Chen is very casual.

“How can it be? Mr. Xiao Chen is the eternal guest of Wuling.” Jane stone quickly replied.

In fact, he is also very helpless. It's not that he doesn't want to please flowers all over the sky. Xiao Chen provoked him like this. The probability of being able to please back is too small. Instead of chasing an inaccurate future. It's better to treat Xiao Chen who has some contacts with him.

Xiao Chen naturally knows what Jian Shi is thinking, but it's understandable. After all, it has something to do with him when things come to this stage.

However, Xiao Chen knew very well that if he didn't do so today, Jianshi would sooner or later become a victim of huamantian or situ family.

“Well, don't say any more polite words. I'll pick them up now. Brother Jian needs to arrange someone to protect their safety during this time.” Xiao Chen waved his hand.

“That's for sure!” Jane stone nodded.

Then ah Qiang drove Jianshi's luxury Mercedes Benz to take yimengruo and others to Shixiang Pavilion.

Returning to Shixiang Pavilion again, Yimeng really feels like having a dream.

“Are you really leaving for a while?” Yimeng looked at Xiao Chen with his eyes like water.

They can be said to be men and women who have just entered the period of love, but now they have to separate because of other things.

“I will definitely come back. During this time, you try not to go to some strange places or meet strange people.” Xiao Chen gently stroked Yi mengruo's beautiful hair path like a waterfall.

“Can you stay with me for two days?” Yimeng uses a very charming language.

Hearing this, Xiao Chen was trembling in his heart. He couldn't help thinking of the passion between them that night, but then he calmed down. Now there is a bigger conspiracy brewing.

The purpose of his coming to Wuling is still in Huanghai village. Now the whole upstream factory has been shut down, and all pollution sources are gone. Then Huanghai village is bound to change.

He must find out what kind of treasure is buried in Huanghai village, which may be the key to the mysterious man's task.

"Shall I accompany you today?" Xiao Chen patted his face with Yi mengruo's face very gently.

At this time, they were in the separate room of yimengruo. Although it was broad daylight outside, it didn't affect anything they wanted to do.

After hearing that Xiao Chen said he could accompany himself, Yi mengruo's hand had begun to swim back and forth on Xiao Chen's back.

After feeling the difference of yimengruo, Xiao Chen looked at yimengruo and saw that she was already flirting and spitting out like orchid. Xiao Chen didn't have to think about what to do next.

He gently carried yimengruo to the soft bed on one side, and the two immediately began to linger.

After a cloud and rain, Yi mengruo lay beside Xiao Chen and looked at him with eyes full of infatuation. After Xiao Chen had a short rest, he was ready to "fight" again, but Yi mengruo stopped him and said:

"You said you would come back, so save it for the next time we come back."

"OK." Xiao Chen nodded and said that he understood the meaning of Yi mengruo.

Gently embracing the jade body of Yi mengruo, Xiao Chen suddenly appeared the appearance of Wu Yaqing and a Ling in her heart. I don't know how they are now. It seems that she should find a chance to go back.

The God Of Medicine Son-in-law Chapter 302

At this time, far away in a building on the other side of the East China Sea, Liu Nianxin was sitting on his boss's chair with a sad face, staring at the text message sent by Xiao Chen on his mobile phone without saying a word.

Xiao Chen thought of Wu Yaqing and a Ling, but he might have to stay in Wuling for a while. So let Liu Nianxin prepare a surprise for the two women. After all, they haven't gone out for so long.

Originally, this is a simple look for Liu Nianxin with countless assets. But the problem is that the surprise is easy to prepare, but the Lord is gone.

Just after Xiao Chen went out for less than half a month, Wu Yaqing and a Ling couldn't bear to stay in the hotel every day. Xiao Chen said it would take some time to come back. So they feel lonely.

Then Wu Yaqing proposed to go to work in the medical school first. Although a Ling doesn't know medical skills, it's OK to do some simple things. In addition, people are beautiful. After arriving at the medical school, they are still very popular.

I thought things were going on like this, but there was always an unexpected situation. Just because the appearance of a Ling was really amazing, it immediately attracted the attention of many upper class people in the whole East China Sea.

One of them is the boss of a listed group. He harasses the hospital every three or five times. Although he doesn't force a Ling to do anything, this continuous harassment also annoys a Ling.

So I was ready to end with that man. I just wanted to teach him a little lesson. Who knows that the boss of this group happened to know a little brother of the desert God of war. And hired him as his bodyguard.

In this way, ah Ling wounded the little brother of the desert God of war, but the man still ran away. Then the outcome was obvious. The desert God of war suddenly appeared and took all the two women away.

It was too late for Liu Nianxin to know about it. Up to now, there is no news from Wu Yaqing and a Ling.

“Mr. Liu... Are you busy now?” A new department manager came in. Smiling at Liu Nianxin.

“Didn’t I say that now everything is left to the secretary? Don’t you want to do it?” A flash of anger flashed across Liu Nianxin’s face.

Originally, he was not in a good mood. The newcomer didn’t have eyes to touch him. Now he really wants to fire the Department Manager.

“Mr. Liu, no, there is an important guest to see you.” The Department Manager suddenly felt a little frightened.

“Who?” Liu Nianxin was a little impatient.

“Me!” A loud voice came from outside. A man in a high-end suit, accompanied by a woman in a long white dress, came to the door of Liu Nianxin’s office.

“Nan... Nangong childe!” Liu Nianxin was shocked and got up from his chair. He bumped up to them.

It was Nangong Lengshan and Bai Qianqian who came.

Some time ago, with the approval of Xiao Chen, Nangong Lengshan and Bai Qianqian went out for a very pleasant honeymoon.

If you look carefully now, Bai Qianqian’s stomach is actually slightly raised, and the blush on her face is also very strong. At first glance, it is a sign that she is pregnant.

“Nangong childe, Mr. Xiao Chen, is he... Back?” Liu Nianxin looked around and found that there was no other person behind Nangong Lengshan. The inner uneasiness eased a little.

“Xiao Chen is still investigating in Wuling, but it’s you. How has the situation been handled in the East China Sea these days? Have you been lazy or raised the price of medicine without permission?” Nangong Lengshan asked very seriously.

“How dare you? Mr. Xiao Chen told me not to change the drug price casually. Now the operation of the whole group can be found out by Mr. Xiao Chen.” Liu Nianxin quickly replied.

“Yes.” Nangong Lengshan pretended to be thoughtful, nodded and said, “good, good, continue to work hard. My wife and I have just come back and are going to meet my siblings later. Well, first prepare some decent gifts for me and I’ll take them.”

“See your sister-in-law!” Liu Nianxin was a little flustered.

“What’s the matter? Can’t you see it yet?” Nangong Lengshan looked puzzled.

“No, I can. Of course I can. I’ll have someone prepare the gift in a minute.” Liu Nianxin was sweating in cold sweat.

“Something’s wrong. Why are you sweating so much? Isn’t it not hot now? What are you doing?” Nangong Lengshan, as a monk, can still detect these.

“Ah? No... No. am I sweating?” Liu Nianxin tried to cover it up, but Nangong Lengshan directly clamped him down and said:

“Say, is something wrong with my brothers and sisters?”

“This...” Liu Nianxin suddenly seemed mute. He just opened his mouth, but couldn’t speak.

“I’ll check it myself. If I find someone missing, you’ll wait!” Nangong Lengshan threw Liu Nianxin away and prepared to walk out of the office.

“Nangong childe! No, I said, I said it all. I can’t blame me for this!” Liu Nianxin came up from behind and cried.

Then, Liu Nianxin told the story of how Wu Yaqing and a Ling got into trouble with the desert God of war and were finally taken away by the desert God of war. Nangong Lengshan and Bai Qianqian were surprised.

“Now that you know this, why didn’t you inform Xiao Chen earlier?” Nangong Lengshan asked.

“I just... Dare not!” Liu Nianxin looked very frightened.

“Don’t dare? Now that people have been lost for more than half a month, you can say again. If there is something wrong between them, do you think Xiao Chen can let you go?” Nangong Lengshan was angry.

He originally thought Liu Nianxin was a reliable person, but now it seems that Liu Nianxin’s ability to sit in his current position completely depends on the prescription provided by Xiao Chen.

Without this prescription, Liu Nianxin is expected to accomplish nothing.

“I’ll call Xiao Chen first.” Nangong Lengshan took out his mobile phone.

“Lengshan, wait first.” Bai Qianqian suddenly stopped him.

“What are you waiting for? This is a very important thing. I must let Xiao Chen know!” Nangong Lengshan seems to ignore Bai Qianqian’s obstruction and just want to dial out.

“Leng Shan, think about it carefully. Now even if he told Xiao Chen about it, what could he do? Now he is in Wuling. If there are still some things he hasn’t handled well, didn’t you call him like this affect his thinking?”

Bai Qianqian asked.

The God Of Medicine Son-in-law Chapter 303

Hearing this, Nangong Lengshan calmed down a little. He knew that Wu Yaqing and a Ling had an accident. He was still a little worried. After all, he knew Xiao Chen's character. If his two important people were caught.

Xiao Chen is now estimated to be desperate to come back from Wuling. But what Bai Qianqian said is also quite reasonable. After all, people are taken away by a very powerful God of war. Even if Xiao Chen came back, it couldn't change the result.

"But I can't watch them being taken away. Don't be indifferent!" Nangong Lengshan is also very anxious now. He even hates why he is lack of ability. The current construction has not reached the point of building a foundation.

"It's no use worrying now. We have to find a way to investigate the position of the person. I think according to the strength of the other party, they should not do anything for the two siblings for the time being, so we should still have a certain reaction time."

Bai Qianqian calmly analyzed.

"Yes! This beautiful lady, you have a reasonable distraction!" Liu Nianxin echoed.

"For you big head ghost, you can't see two women. You should take full responsibility for such a situation." Nangong Lengshan hates tunnels.

"Yes, yes, I know it's my responsibility, Mr. Nangong, but we're not looking for responsibility now. I investigated these days. It seems that the assembly place of the God of war is somewhere in the East China Sea, so it shouldn't be difficult to find the location of the two ladies. It's just that there may be some trouble to save people."

Liu Nianxin's face slowly calmed down and said.

"Is it in the East China Sea? Do you know the specific location?" Nangong Lengshan asked.

"We are still investigating the specific location. After all, that person is not ordinary and may still take some time." Liu Nianxin replied.

"Well, find out earlier." Nangong Lengshan calmed down and nodded.

At this time, Xiao Chen really didn't know that such a big thing had happened in the East China Sea. As Nangong Lengshan thought, Xiao Chen really knew the situation here. It's estimated that he won't take care of anything that happened in Wuling. He went all out to go back and find Wu Yaqing and a Ling.

Because I promised Yimeng to accompany her. So Xiao Chen strolled around Wuling with Yi mengruo for a while, and then went to several art galleries. According to Yi mengruo, she likes the style of some oil paintings very much. It makes her feel calm.

In this way, they spent a very beautiful and plain day in Wuling.

"It hasn't been like this for many years. The last time I could walk aimlessly in the street was when I was in college. At that time, I was still in love with a male classmate in my class." Yi mengruo smiled and said that he seemed to fall into a good memory.

"What a pity, what a pity." Xiao Chen suddenly sighed.

"What's a pity? What's a pity?" Emmeroton was a little puzzled.

"Unfortunately, I'm not your first." Xiao Chen smiled and said.

"Fuck you. Do you men have that complex?" Yi mengruo's pretty face blushed slightly.

“What complex?” Xiao Chen asked.

“Is... Want a woman’s first night, that kind of complex.” Yi mengruo said. His face is redder.

“Ah?” Xiao Chen couldn’t help laughing and said, “you think what I said is a pity?”

“Isn’t it?” Yi Meng’s eyes widened.

“Of course not. I think it’s a pity that you didn’t meet me at that time. Maybe there wouldn’t be so many tragedies.” Xiao Chen looked relaxed.

“Yes, but fortunately I finally met you.” Yimengruo suddenly came to Xiao Chen’s ear and said.

Xiao Chen immediately felt that the unique charm of Yi mengruo affected his mind.

Who wouldn’t like such a woman?

Taking yimengruo into his arms, Xiao Chen smiled with great satisfaction and said, “yes, at least I’m your last one.”

After going back in the evening, perhaps tired, or perhaps because of the company of Xiao Chen, yimengruo soon fell asleep. Xiao Chen keeps running the jade pulse to help Yi mengruo repair her old leg injury.

In fact, Xiao Chen wanted to treat her for a long time, but she didn’t find a chance for this period of time, and she just fell asleep. Xiao Chen tried to cure her leg without disturbing her.

When the next day was just bright, Yi mengruo slowly opened her eyes and found that Xiao Chen had disappeared. Suddenly, she felt a strange feeling, and the sense of powerlessness on her legs disappeared.

After standing up, she found that the injury on her leg seemed to be completely cured.

Immediately, Yimeng seemed to understand something, then smiled and prayed, "Xiao Chen, you must come back!"

At this time, Xiao Chen had already arrived outside Huanghai village. Just coming, he could feel the strange power breath spreading outward.

"Sure enough, after the factories and mines in the upper reaches have changed, the whole Huanghai village has regained its original appearance." Xiao Chen murmured and stepped into the situation of Huanghai village step by step.

At this time, Huanghai village has no previous decline, but is full of all kinds of vitality. It is like a paradise. The villagers are walking and Hawking in the streets of the whole village.

The old man's face was filled with a happy smile, while the child's face was also full of innocence.

It's a living scene of a prosperous village. If someone wants to make a documentary, it's probably the best place to take the view.

"What can I do for you, young man?" Not far away, an old man asked in the direction of Xiao Chen.

"It's all right. I'm here to play." Xiao Chen replied with a smile.

"Well, a lot of changes have taken place in Huanghai village recently. Now you can look around. It's all beautiful scenery!" The boss smiled and said.

"OK!" Xiao Chen still answered with a smile.

Looking at the scenery in front of him, Xiao Chen couldn't help thinking of Nangong Lengshan who came with him at the beginning and Wu Zimei who came with him later. Now he is the only one left. The situation of Wu Zimei and Wu Zijiao doesn't know how.

Thinking of this, Xiao Chen put away his mind and began to look for the unusual smell in the whole Huanghai village.

This is the breath that Xiao Chen can feel as soon as he gets close to Huanghai village after it is restored. The magnificent and mighty breath seems to exist around him all the time, but it seems to be in a deep place that can't be found.

But relying on the spirit of the jade pulse, Xiao Chen could slowly find the source of the breath.

The God Of Medicine Son-in-law Chapter 304

Soon, Xiao Chen slowly followed the strange smell to the top of a hill in Huanghai village. This is the top of the hill where the Taoist priest met earlier. Now Xiao Chen seems to have found no trace of anyone else on the mountain.

Following the guidance of that special breath, Xiao Chen soon came to a cave on the mountain, which was a little special. It looks like it was dug manually, but it seems that it has been abandoned for a long time and has not been used.

"Young man. You're here at last." A voice suddenly sounded in the cave.

"Who!" Xiao Chen immediately looked around.

"Don't look for it, young man. I'm the hole." The sound sounded again.

"Are you a hole?" Xiao Chen was stunned. It was the first time he encountered such a situation.

The so-called big world is full of wonders. Meeting a talking hole, Xiao Chen's heart also had some strange feelings at this time.

“Yes, I’ve been waiting here for nearly a thousand years. Finally, someone found me.” The voice continued.

“Wait? What are you waiting for?” Xiao Chen asked.

“I’m the second stone that Nuwa missed when she mended the sky in ancient times, but the world hasn’t found it. That’s why I’ve been buried here. Next, as long as you follow my instructions, you can get the supreme treasure and become the master of the world!”

The voice suddenly rose high.

“Really? What am I going to do?” Xiao Chen continued to ask.

“Do you see a beam of light in the cave now? As long as you enter the light, you can see the treasure. As long as you use your ability, you can take out the treasure and become the peak existence of all mankind.” The voice was full of temptation.

“Good!” Xiao Chen said and went straight to the light in the middle of the hole.

At the moment when he was about to step into the light, a burst of silver light flew out of Xiao Chen’s hand and flew to an unknown corner in the cave.

“Ah!” With a scream, a man rolled out of the corner with a huge bead in his hand. Hold it tightly in front of your chest.

Because the man fell from above, he now showed his teeth in pain, and his eyes were staring at Xiao Chen.

“Please be professional next time and return the second stone left by Nuwa mending the sky. Why don’t you say you are a hill flying out of Buzhou mountain broken by Gonggong?” Xiao Chen smiled and looked at the man who had been unable to move on the ground.

“This baby belongs to Huanghai village. You are not qualified to take it. I advise you to get out now, or you will die when the mountain god of Huanghai village is angry!” Men seem unwilling. On one side, he shrugged and listened.

“Mountain God?” Xiao Chen smiled again and came to the man step by step and said, “then I’ll see if your mountain god will help you, a thief!”

With that, he leaned over and picked up the huge pearl held tightly in the man’s hand.

“No! No!” The man cried as if he had lost his parents.

Xiao Chen didn’t pay attention to him. He always held a disdainful attitude towards such people.

The man who only pretends to be greedy can see it here, and he can’t see it.

“Hahaha. Sure enough, you are the one who is destined for you.” Another voice rang.

This time, his voice was full of spirit. It really sounded like the words of an expert from outside the world.

Xiao Chen stepped out of the cave. At this time, the Taoist priest who met on the hillside had meditated on the top of the mountain.

“Master.” Xiao Chen used a honorific name, not because of anything else. But he felt a very familiar breath from the Taoist.

The last time I was surrounded and killed by Wu Feng and Ling Yun, it was the emergence of this breath that resolved the crisis and let him escape.

Originally, Xiao Chen had been wondering whether his grandfather had shot, but after he had the jade pulse, he recognized the breath quite accurately. His grandfather’s breath was somewhat similar to his own, but the Taoist’s breath was completely different.

So when Xiao Chen saw him again, he determined that the Taoist saved himself.

“You don’t need to call me a master. I’m just a wild crane. Mayflies are between heaven and earth. Things in the world, ancient and modern, life and death, are only a moment. Why do you do it?”

The Taoist priest suddenly seemed to have asked Xiao Chen a question, and seemed to have asked himself a question.

“I don’t understand the realm of a master, but all I know is to do a good job in front of me.” Xiao Chen replied very calmly.

“Unity of knowledge and practice, worthy of heart, high realm! High realm!” A enlightened smile appeared on the Taoist’s face, and then a golden brilliance suddenly appeared on his hand.

Jin Guang flew into the Pearl in Xiao Chen’s hand. Immediately, Xiao Chen felt that the Pearl had a burning feeling. He hurriedly threw the Pearl out.

In an instant, something seemed to be activated in the Pearl, producing a huge light. Xiao Chen couldn’t even open his eyes.

I don’t know how long later, Xiao Chen opened his eyes again and found that he appeared in the cave again. The previous man also disappeared, and there was no trace of Baozhu. Everything seemed to be calm.

At the moment when Xiao Chen was ready to get up, he suddenly felt a warm current surging in his Dantian. He closed his eyes and felt it. Only then did he find that the jade vein in his Dantian had disappeared at this time. Now there was a precious pearl suspended in it, which seemed to contain two forces, one Yin and one Yang, which complement each other.

What do you mean? Xiao Chen suddenly thought of something, and then ran the jewel in his Dantian.

In an instant, he felt that his whole body was full of power, and the two forces of yin and Yang continued to intersect and separate in his body, which made Xiao Chen feel that something had been broken through by himself.

“The gas of chaos! It’s the gas of chaos!” Xiao Chen suddenly laughed.

This is what Xiao Qingyuan once called the highest state of medical Cultivation – the God of medicine, who has the Qi of chaos and saves the world from fire and water.

“Grandpa, I succeeded! I was successful!” Xiao Chen shouted into the sky above his head.

Although I don’t know why, Xiao Chen can really feel the full chaotic gas in his body now. Now he is not as simple as medical repair. Even if he meets those war gods who used to be his opponents, he also has the power of a war.

“Thief, steal Taichu Baolu. Take my life!” Suddenly a voice sounded from behind Xiao Chen.

The God Of Medicine Son-in-law Chapter 305

The “Qiang” sound of the sword came out, and Xiao Chen immediately felt that there was a sense of killing behind him, so he turned around and raised his hand. In this way, he caught a long golden sword blooming with light.

“What!” The attacker was surprised. He never thought that Xiao Chen was so strong that he could catch his flying sword with his bare hands.

I saw Xiao Chen running the Qi of chaos again. The power in his hand suddenly broke out, and the long golden sword was directly thrown back by his backhand and was flying in the direction of the sneak attacker, which seemed to be faster than when it came.

At this time, the sneak attack showed its face. Dressed in a purple robe, he looks a bit like a fairy. Although he looks very old, he has dark and thick hair. At a glance, he knows that he is not an ordinary person.

This person is the guanghuojia who was previously guarded by Xu Da and situ.

Seeing that his flying sword was flying towards him, and the speed was so fast, guanghuojia was also extremely shocked at this time. He kept holding FA Jue in his hand and wanted to forcibly control his flying sword, but no matter how he wanted to control the flying sword.

The flying sword flew in his direction without any interference. It was very fast.

In all desperation, Guang Huojia had to avoid the edge first. He dodged the attack of the flying sword, but his previous attention was on the flying sword, and he didn't notice that Xiao Chen had already moved in front of him.

When he just dodged the killing of flying sword, the iron fist with great chaotic power came in front of him.

"Bang!" With one blow, the world seems to change color, and ghosts and gods seem to praise it.

Guanghuojia felt that his body was about to separate in an instant. The internal organs have been completely misplaced.

After flying backwards for tens of meters, guanghuojia directly smashed a large humanoid pit on the ground. At this time, he was full of Venus and might faint soon.

But at the moment of crisis, he suddenly bit the tip of his tongue and suddenly woke up. Then he immediately made a decision, fled in one direction, and disappeared in a moment.

Xiao Chen didn't chase deeply. He was feeling the power improvement brought to him by the Qi of chaos. Bursts of ecstasy in my heart. I didn't expect that after breaking through the realm of the God of medicine, the fighting ability of the whole person has been greatly improved.

While Xiao Chen was enjoying the pleasure of strength improvement, many uninvited guests suddenly appeared near Huanghai village.

High-end luxury cars all stopped near Huanghai village, and then you can see a lot of extraordinary people get off the car. They are roughly divided into five teams. The number of people in each team is about seven, and the leader of one team happens to be full of flowers.

Wu Feng and Ling Yun were also involved. But it's in another team.

A group of people came to Huanghai village, inquired about it, and then walked up the back mountain of Huanghai village.

"Xiao Chen?" Flowers all over the sky, eyebrows a pick. I didn't expect to meet Xiao Chen here.

Xiao Chen was quite calm, and then asked suspiciously, "Why are so many of you here?"

As soon as Xiao Chen said this, the other people who were hostile to him immediately restrained some of their breath, and the flowers were arrogant and said, "what do you care about me here? What are you doing here?"

"No comment!" Xiao Chen said and walked down the mountain.

"You!" Hua Mantian was refuted by Xiao Chen in public. He was so angry that he wanted to jump, but after two men with unusual breath pulled him, he calmed down.

"Wait!" Suddenly, a mysterious man in the team stood up and stopped Xiao Chen.

"What's up?" Xiao chensi is not afraid or guilty. Stopped and turned to ask.

"Boy, did you just find anything strange here?" The mysterious man looked at Xiao Chen coldly.

"I'm just here to meet a friend. I'm sorry about something strange. I didn't see it." Xiao Chen replied very calmly.

“Really?” The mysterious man was still full of doubts about Xiao Chen at this time.

“Since you believe it, why do you ask again?” Xiao Chen didn’t intend to give him a good face and stared at the man.

“Die!” The man was immediately angry, and his breath suddenly rose.

“Old three! Stop!” Behind him another mysterious man growled.

When the third heard the man’s voice, he immediately looked unwilling, then took back his breath, and the power on his body disappeared in an instant.

Xiao Chen’s face didn’t change, so he went straight down the mountain.

In this way, although the people suspected Xiao Chen, no one still shot Xiao Chen.

“Brother, the boy has a problem just now. Why don’t you let me try him?” The third whispered in the ear of the leading mysterious man.

“We have treasures that can detect the breath of Taichu Baolu. If that boy really carries Baolu just now, do you think people from other families will pestle here and not fight against him? How strong do you think our family is, trying to be a leading bird?”

The mysterious man in charge rebuked.

“Yes.” Although the third is not satisfied, his eldest brother’s words are indeed reasonable. If everyone is indifferent, it shows that Xiao Chen really didn’t get the Taichu Baolu. He may just happen to be here.

However, what this group of people can’t dream of is that Xiao Chen has not only got Taichu Baolu, but also absorbed it into his own Dantian, which is why their detection treasure can’t detect Taichu Baolu on Xiao Chen.

Now the Taichu treasure dew has become a chaotic ball in Xiao Chen's body. How it will change in the future depends on what kind of skill Xiao Chen will practice.

At the moment when he got the Taichu Baolu, Xiao Chen knew that the trip to Huanghai village was over. The ultimate purpose of the mysterious man's task was to get the Taichu Baolu. After he got it, his cultivation soared. When he went back, he didn't have the strength to fight against the desert God of war who came to China.

Xiao Chen was in a good mood, so he drove a lot faster, and soon returned to the Shixiang Pavilion.

At this time, yimengruo seemed to be receiving an important guest and a VIP from abroad, so Xiao Chen chose not to disturb her for the time being and found a quiet place to contact Jian Shi.

The God Of Medicine Son-in-law Chapter 306

"Mr. Xiao Chen, you finally called me!" The voice of the simple stone seemed a little excited.

"I've only been out for a day. Shouldn't something big happen here in Wuling?" Xiao Chen asked.

"There's really no big thing, but there are still a few happy things to tell Mr. Xiao Chen. First, all your wanted people in Wuling have been cancelled. Second, I've received the above notice. A very important person wants to see you. This is a once-in-a-lifetime opportunity!"

Jianshi seems to be looking forward to it.

After hearing this, Xiao Chen was a little suspicious. Some people wanted to see him, and he was a very important person. Although he knew Hua Wenfeng in Kyoto, Ning Wangshu was in charge of Kyoto. The importance of these two people is very high, but according to Jian Shi's tone, this time should be a happy event.

What kind of person can give him a wedding? After thinking about it, Xiao Chen didn't come up with any results, but now he is different from the past. After waking up to the Qi of chaos, even if he meets some experts in Kyoto, he has the power of a war.

Just as the so-called art experts are brave, Xiao Chen naturally won't think too much about who is sacred.

"Well, when is the appointment with me?" Xiao Chen asked.

"The specific time is still uncertain, but the adult has come to Wuling, so you should not be far from that good day!" Jian Shi was still quite happy, as if he was going to be promoted.

"All right. I'll wait for your notice first." Xiao Chen cut off the phone.

Just hung up the phone, the mobile phone rang again. Xiao Chen picked it up and saw that it was yimengruo who called him.

"Hey, mengruo, what's the matter?" Xiao Chen raised her mobile phone and asked.

"Xiao Chen, you're back, aren't you?" Yimengruo's tone seemed a little anxious.

"Yes. I'm back." Xiao Chen replied.

"Then come to Shixiang Pavilion quickly. My foreign guest suddenly fainted. Come and have a look." Yi mengruo's tone was a little hasty.

"OK." Xiao Chen didn't hesitate. Anyway, he was near the Shixiang Pavilion and immediately walked in the direction of the Shixiang Pavilion.

Two minutes later, Xiao Chen came to Shixiang Pavilion. At this time, a man with brown hair and white skin was lying on the sofa in the hall of Shixiang Pavilion. The look on his face was very painful.

Several people who looked like doctors were already surrounded. Someone was giving him medicine and the other two were massaging the man.

“Xiao Chen, here you are. Show me!” Yimengruo saw Xiao Chen coming and hurriedly came up and led him to the man.

“What’s going on now?” Xiao Chen sensed the man’s situation with his chaotic Qi a little, and immediately found that there were many swelling in the other party’s body at this time.

This is a very serious allergic symptom. If effective treatment is not made as soon as possible, it may take less than ten minutes. The man is dying.

“Just now our foreign guest was visiting inside, and I don’t know what happened. Suddenly he fainted on the ground, and the doctor accompanying him was helpless. I’ve never seen him have such symptoms.” Yi mengruo was talking about the previous situation.

“Well, I see. Give it to me and let them all get out of the way.” Xiao Chen nodded.

So if Yimeng hurried up to communicate with the accompanying doctors from abroad, Xiao Chen didn’t understand their language, but from the expression of the doctors, it seemed that he didn’t have special trust in himself.

“Xiao Chen, they won’t let you touch foreign guests. Just let you see a doctor and write a prescription for you.” Yi mengruo’s face is also a little ugly at this time, although she knows some customs of these foreigners.

But such a statement obviously despises Xiao Chen’s medical skills, and this is also a disdain for the Empire. If anyone hears such words, they will feel a little uncomfortable.

But this foreign guest is an important guest of the Empire. He is a prince from state R. state R is a country rich in oil. Now 80% of the oil resources of the Empire are provided by state R, so they dare to be so arrogant in the Empire.

“The world-class first aid expert Wei Siyuan is here!”

Suddenly there was a cry outside. A blonde man hurried from outside with a medicine box.

Seeing the man entering, almost everyone consciously gave way to him, but Xiao Chen stood in the middle of the road as if he hadn't seen him. Wei Siyuan immediately had a prejudice against Xiao Chen, so he deliberately wanted to hit Xiao Chen.

But who knows that Xiao Chen is like a steel plate. After he hit it, he found that his shoulder hurt, and then fell to the ground. His appearance is still a little funny.

The surrounding atmosphere was originally very serious, and everyone's eyes were on him, but under this collision, he made a big embarrassment.

“Why don't you Chinese understand any manners? Do you know I'm here to see the Prince now?” Wei Siyuan said angrily.

“If you see a doctor, you don't have to look at the road?” Xiao Chen disdained the tunnel.

“Xiao Chen...” Yi mengruo came up to pull Xiao Chen and motioned him not to fight with Wei Siyuan here.

Xiao Chen knew that if Yimeng was for his own good, he stopped talking and stepped aside.

Weisiyuan knew that the most important thing now was to see a doctor for the prince of r country, so he didn't get too entangled with Xiao Chen. After getting up from the ground, he immediately came to the prince of r country. After opening his box, a pile of medical instruments and drugs were displayed in front of everyone.

Xiao Chen checked a little and found that there were indeed many professional first-aid drugs and first-aid equipment, but he just shook his head. Although these things have a certain effect on general fainting patients, the problem is that the prince of r country is allergic.

These things are not only useless, but also likely to lead to the accelerated death of the prince of R.

Sure enough, in the expectation of all the people, Dr. weisiyuan used several first-aid pills and first-aid instruments. The prince of country R twitched slightly twice. Then a frightening scene happened. All kinds of abscesses began to appear on the prince of country R.

It was small at first, but it is increasing at a speed visible to the naked eye.

Suddenly, everyone felt a little frightened, and the welcoming ladies in Shixiang Pavilion on one side were also scared to lose some color.

The God Of Medicine Son-in-law Chapter 307

“What’s going on? I obviously use two drugs with minimal side effects.” Weisiyuan was also a little flustered at this time. He could see that the situation of the prince of r country was becoming more and more serious.

If there is no effective treatment, when these abscesses compress some main nerves or trachea, the prince of r country is estimated to have lost his life.

“Get out of the way, I’ll come!” At this time, a loud voice sounded from behind.

No one else, it’s Xiao Chen. Holding a bag of silver needles, he came up and glanced at the accompanying doctors and attendants of r country. It’s like saying:

If you don’t let me touch your prince, he will die.

The entourage and the accompanying doctor had no choice but to acquiesce in Xiao Chen’s action.

While gathering together, Xiao Chen deliberately knocked away Wei Siyuan, and then quickly pierced the silver needle into the body of the prince of r country. This time he did both. The silver needle had a certain effect. At the same time, the Qi of chaos ran quietly into the prince of r country.

In this way, still in full view of the public, all the abscesses on the prince of R disappeared, and his originally painful face became reconciled and happy.

Then Xiao Chen pulled out the silver needle and saw a lot of pus flowing out of his body, which came out after the swelling in his body disappeared.

After a while, the prince of R also slowly opened his eyes.

Several attendants and accompanying doctors hurried up and asked about the situation.

After finding that the prince was really nothing different, they all cast a grateful look at Xiao Chen.

“Are you Xiao Chen?” The prince of R stood up and asked.

“Exactly.” Xiao Chen replied very calmly.

“Thank you so much. Thanks to you, I can survive. There are a large number of talents in your country!” The prince of r country said with a kind smile.

“I’m just a little doctor. I’m not a talent.” Xiao Chen said modestly.

“Ha ha, Dr. Xiao Chen is so modest. Can you have dinner in the evening?” The prince of r country directly offered an invitation to Xiao Chen.

“No, Prince, I have other things to do.” Xiao Chen shook his head and refused.

The onlookers were shocked again. Unexpectedly, Xiao Chen even refused the invitation of the prince of r country.

“That’s a pity.” The prince of R was not angry. Just some lost tunnels.

After that, he whispered a few words to his entourage, and then the entourage suddenly came up and gave the box in his hand directly to Xiao Chen.

Xiao Chen didn’t know why. After Yi mengruo translated for him, Xiao Chen took the box with some hesitation.

The box seemed quite heavy, so Xiao Chen had to take it by himself first.

“This is a courtesy to their country. If you help them, they will repay you. This box of gifts represents the gratitude of the prince of r country.” Yi mengruo whispered and translated.

“Thank you, Prince!” Xiao Chen quickly thanked him.

No matter what position you are in, how much ability you have. Some of the most basic etiquette and things still need to be done. Xiao Qingyuan gave it to Xiao Chen when Xiao Chen was very young. Xiao Chen hasn’t forgotten it until now.

After greeting for a while, Xiao Chen left the scene with Yi mengruo.

Weisiyuan was greatly insulted on the court and ran away early. After all, he was from country M. Prince of the r country knew he was almost killed by him, but he did not pursue his responsibility.

Weisiyuan escaped like this. But he didn’t seem particularly satisfied with the matter. Then he wanted to revenge Xiao Chen. But he never thought that it was because of such an idea that he ruined his life.

He returned to yimengruo’s room with the box. When he opened it, he found that it was filled with very pure gold. Although yimengruo had seen a lot of money, he was surprised to see so much gold on the first day.

“They say that the people in r country are very rich. I didn’t believe it at first, but now it seems that it’s true. They always carry gold with them when they go out.” Yi mengruo sighed softly.

“Isn’t this the prince of R? Isn’t it strange to have gold around you?” Xiao Chen asked curiously.

“This was given to you by the attendant himself. The prince of R didn’t give any orders. He wanted to thank you personally. If you refuse the invitation to dinner today, one day he will find a way to let you have dinner with him.” Imony explained.

“Is that so? Then they are really rich. Even an attendant is so rich.” Xiao Chen couldn’t help sighing.

“But it’s not given to you by one person. It’s given to you by several of them together. If you share it, everyone is equivalent to taking millions, which is not a small amount.” Yi mengruo continued to explain.

“I heard that the language of r country is very difficult to learn. How did you learn it?” Xiao Chen has some interest in the hospital that Yimeng will visit.

“People in our business always need to understand something. I don’t fully understand it. I’ve learned some commonly used ones. Generally speaking, it’s enough to understand each other’s words.” Yi mengruo smiled.

“It’s the first time I’ve seen a versatile widow like you.” Xiao Chen suddenly said with a bad smile.

“Who is a widow?” Yimengruo heard Xiao Chen say so, and immediately her apricot eyes opened wide and angry.

“Forget, forget, you are not now, and you will not be in the future!” Xiao Chen said and threw Yi mengruo directly on the fragrant soft bed.

At this time, on the back mountain of Huanghai mountain, the seven teams just seen by Xiao Chen almost turned over the whole mountain, but there was no trace of Taichu Baolu.

“Clearly, what we said according to the instructions of the celestial phenomena is today. Is there any mistake?” Flowers all over the sky. At this time, I looked at the sky above me in great doubt.

“The boy must have taken it!” At this time, the voice of the old three came from the cave.

As soon as this sentence came out, people in other teams began to doubt Xiao Chen. It was indeed he who entered the barren mountain before them, and only he could get Taichu Baolu and leave.

But the problem is why there is no breath of Taichu Baolu on his body. In the records of ancient books, Taichu Baolu is not so easy to use. Many great families and even emperors of some dynasties in history get it and don't know how to use it in the end.

We can only let it drown in the long river of history. This time, they also knew after many investigations.

The God Of Medicine Son-in-law Chapter 308

“Madder is gone!” The leader of the team lost patience first. The whole back mountain of Huanghai village has been turned over. Even the fossils of ancient times should be turned out, but after looking for a long time, there is nothing.

That can only prove that either the information is wrong, Taichu Baolu will not appear in Wuling at all, or someone got there first. Xiao Chen became the biggest suspect.

“Young master, let's hurry to find the guy who left here before. I doubt it's really on him.” A man in the line stepped forward.

“That's what I'm going to do!” The man called Childe immediately replied.

Then he took a group of people down the mountain quickly.

This team is the team of the cloud family in Kyoto. The cloud family's influence in Kyoto is not particularly strong, but it has its own family layout all over the country, so there is the news of strange treasure in Wuling this time. Their family heard about it early in the morning.

It is Yunfeng, the second son of the cloud family, who leads the team. Since he was a child, he has less talent than other children in the family, so he needs special care from the family in many aspects, but the fight of the family will not depend on your talent when he grows up.

If you can't, you will be suppressed. Yunfeng has rarely returned to Kyoto for so many years because he has been suppressed by other brothers and sisters. Recently, the old man of the cloud family is about to celebrate his 70th birthday. He thinks he can find Taichu Baolu to offer.

Then his position in the cloud family will rise steadily. Maybe the old man will leave the cloud family to him as soon as he is happy.

Originally, he thought the news was very hidden. So I thought God took it away unconsciously.

Who knows, I met the team of Kyoto flower family just now, and then other people from six families, including Chen family, Wu family and Lei family, came, and their strength was no worse than him.

At first, the seven families fought their own battles. After all, who doesn't want a baby like Taichu Baolu?

But later, the major families began to form an alliance in private. In the end, the seven families even became teammates of the United Front. Only then did the seven teams appear in Huanghai village in harmony.

However, it seems that the significance of alliance and non alliance is not significant now. People with a clear eye can see that there are no treasures except loess and gravel here. It's futile to keep looking.

Seeing Yunfeng taking people away, the Lei family, Chen family, Gao family and other five families behind him were disappointed and left slowly with their own people.

The rest of the flowers stayed with Wu Feng, Ling Yun and several experts from his family.

Wu Feng and Ling Yun were instructed by Situ Shou. Situ Shou promised them that Taichu Baolu would appear in this place, so they were willing to follow the flowers all over the sky.

Otherwise, even if they are full of flowers, in fact, they are too lazy to follow, because although they are in Wuling, their accomplishments can be said to be quite good. Even if it's in Kyoto, it's on the number.

So they also think highly of themselves, and many people invite them to join the team. They all refused in order to get Taichu Baolu. Let the two of them take the lead in understanding the secret of this treasure.

However, what they didn't expect was that the information given by Situ Shou, who had never failed in calculation, was not so accurate. They came here for a long time and didn't find any trace of Taichu Baolu.

"I suspect that Xiao Chen took it away. The boy is unusual. He can't come here without a purpose. Even if he wants to see any friends, we almost turned over the mountain and didn't see anyone on it." Flowers all over the sky at this time also began to doubt Xiao Chen.

"I did see a small wooden house on the top of the hill over there. It looks like a Taoist's house." Wu Feng said.

"Taoist? Isn't it strange to have a Taoist in the wild mountains?" The flowers all over the sky seem to smell something strange right away.

"It's strange, but now there's no one in the house, and we can't find out how it's strange." Wu Feng also seemed a little helpless.

At first, everyone was in high spirits. Now after tossing and turning for so long, they didn't even see a hair, and their mood was also very low. Since the last time Wu Feng and Ling Yun cooperated against guanghuojia, guanghuojia escaped smoothly.

Now both of them are a little nervous. After all, they are their own masters. They are better than them in cultivation. If they can get this Taichu treasure dew this time, if guanghuojia comes to the door again in the future, there will at least be a way to protect their lives.

Taichu Baolu is not a simple treasure in the legend. When the cultivator gets it, he can break through his accomplishments, or he may change his life against the sky and achieve the supreme mysterious method.

This is also one of their expectations for Taichu Baolu.

But now that things are gone, they are inevitably worried.

"I can only find Xiao Chen first!" Hua Mantian finally came to a conclusion. In his intuition, Xiao Chen must know the whereabouts of Taichu Baolu even if he didn't get Taichu Baolu.

"Good!" Wu Feng and Ling Yun also nodded. Now all their hopes are on Xiao Chen.

On the other side, after making out with Yi mengruo, Xiao Chen continued to contact Hua xuwan. He still wanted to know the situation in Wuling.

Since Hua Mantian has been involved, this matter may not be so simple, and he has always had an intuition that this event may involve a bigger thing.

Wu Zijiao and Wu Zimei seemed to be forced to send them to Kyoto, but Xiao Chen thought later that someone wanted to protect the sisters behind their back, and someone should have a murderous heart for the two sisters.

There is also why the previous ancient past life suddenly rebelled against himself, but later he was caught by Hua xuwan and handed over the evidence without any resistance. This is what makes Xiao Chen have some doubts.

Hua xuwan is also investigating in Wuling these days, so she may not be free every day.

When Xiao Chen contacted her, she was checking in the previous Factory mining area and seemed to be looking for something special.

Because the mysterious man from Kyoto will not come to see him until tomorrow, Xiao Chen has nothing to do this afternoon and evening.

The God Of Medicine Son-in-law Chapter 309

In the afternoon, after practicing his chaotic Qi, Xiao Chen was idle. There were still people coming and going in the Shixiang Pavilion, most of them came to visit, and only a few guests came to be interested in antiques.

In the evening, Yi mengruo also rested, because too many things happened during this time. Before she established a relationship with Xiao Chen, neither of them had a good life.

So Yi mengruo proposed to go to the night market with Xiao Chen in the evening to experience the ordinary life. This is also the first time in nearly five years since she came to Wuling that she has been so relaxed. Now the biggest enemy has been caught and she has been rehabilitated.

The most important thing is to find your right husband.

However, Xiao Chen always vaguely felt that there seemed to be a layer of haze on Yi mengruo's face on the road.

Although I don't know why. But Xiao Chen didn't deliberately ask her. He knew that the relationship between the two was actually very delicate. One was a black widow who had never been a man for a long time, and the other was a mysterious man who came to Wuling from outside to investigate, and Xiao Chen was already married.

If Wu Yaqing knew about it, Xiao Chen couldn't imagine what Wu Yaqing would do.

Fundamentally speaking. I'm really sorry for her.

“When will you leave Wuling?” Yi mengruo, who was walking with her head down, suddenly asked.

“When will you leave?” After hearing this question, Xiao Chen’s eyelids jumped, then smiled and said, “this time the matter is not over yet. After the investigation, I still want to go back to the East China Sea.”

“Then just go back and I’ll stay in Wuling. If you have time, come to Wuling and see me.” Yimengruo suddenly looked at Xiao Chen very seriously.

“Why?” Xiao Che looked puzzled. They had agreed before. If Yimeng would follow Xiao Chen all the time, he didn’t expect to change his mind in less than a day.

“I think about it. I don’t think I can leave Wuling. You have your life to live. I cherish the relationship between us, but I know that you and I just have such a fate. Instead of forcing this originally not profound fate, it’s better to get together and disperse, so that everyone’s heart is more comfortable.”

Yi mengruo said and looked at Xiao Chen very affectionately. Xiao Chen could feel the glitter in her eyes.

That is the brilliance that can only be shown in front of the beloved.

After pondering for a moment, Xiao Chen nodded and said, “I know.”

Seeing Xiao Chen’s reaction, Yimeng ruoton smiled and said, “I know you can’t give up me now, and I can’t give up you. Since you’re here now, let’s be together!”

Then he came up and took Xiao Chen’s hand and strode towards the night market.

Living in the present moment, Xiao Chen suddenly understood Yi mengruo’s idea, indeed. He may have cared too much about gain and loss in the past. In fact, it is already very beautiful to cherish some people or things in front of him. Why force those so-called things that will last forever?

Thinking like this, Xiao Chen became a lot more cheerful, and took a brisk step with Yi mengruo’s mood.

“Boss, give us a roast fish, a leek and two bottles of wine!” Come to a time-honored grilled fish shop. Yimengruo is like a young girl who tells her boss her order.

“It seems that you are quite familiar here.” Xiao Chen couldn’t help laughing when she saw that Yimeng was so familiar.

“Familiarity is familiarity, but this is my second time in four years.” If Yi Meng nodded slightly, he seemed to recall something sad in the past.

“It seems that this should be the place where you and your ex boyfriend often come?” Xiao Chen saw Yimengruo’s expression and understood what was going on.

“It’s not often, but when there was little money at that time. The grilled fish here was very cheap and full. Every time he ordered two bottles of wine. We didn’t have enough wine, so we finished it. Sometimes we couldn’t even find the way home.”

Yimengruo said and smiled, but the smile was so pathetic.

“You wait here first.” Xiao Chen said and left his seat.

Yimengruo was stunned. She didn’t know what Xiao Chen was going to do.

Xiao Chen hurried to the kitchen in the store. As soon as he came in, Xiao Chen also stayed for a while, because he found that the boss and the landlady in the kitchen were disabled. The two were cooking with each other in the kitchen.

“Well, boss, I have something I want to discuss with you.” Xiao Chen tried to use a more respectful language.

The boss was still cooking. Hearing Xiao Chen’s words, he quickly instructed his wife to put down the work in hand, and then came to Xiao Chen and said, “young man, what’s the matter?”

“Well, can I fry our table by myself? The money will not be less than you.” Xiao Chen smiled and said to the boss.

After hearing this, the boss was stunned. It was the first time he had heard that he had to cook his own vegetables when he came to the hotel for so many years.

However, both he and his wife are disabled. They can live tenaciously today and open a shop for so long. Naturally, it is also because they have a very good mentality.

So after listening to Xiao Chen’s words, the boss didn’t hesitate. He went up and took his wife on his back, and then smiled and said to Xiao Chen, “come on, just put the dishes casually. We don’t charge much money.”

Then he walked towards the lounge.

“Thank you!” Xiao Chen quickly thanked politely.

The boss and his wife lost both hands and legs. When they first came in, Xiao Chen saw the boss cooking with his wife on his back.

No wonder after he came in, he found that the cleaning here didn’t seem particularly clean, and many dishes on the table were not taken away.

Two people can run a store to this day. It’s really not easy.

Xiao Chen sighed lightly. He is just a doctor. After all, doctors can only treat diseases. For people with disabilities like this, he has no way to help each other. If so, he also gives some help in money.

But if you give alms directly, it seems to be an insult to them. After cleaning up his mood, Xiao Chen began to stir fry vegetables seriously.

If Yimeng saw Xiao Chen entering the kitchen for such a long time and didn't see it, he also came to the kitchen and observed it. FA Xiao Chen was cooking in person and couldn't help but chuckle:

"I said you were doing something mysterious. You came to be a cook."

"Go out and wait. Chef Xiao can serve you a perfect dish in a moment!" Xiao Chen was also inside, laughing and answering.

The God Of Medicine Son-in-law Chapter 310

Soon after, Xiao Chen personally fried a fried fish, and then came to the table with two bottles of wine.

"Chef Xiao is so fast!" Yimeng ruojiao smiled and took the plate in Xiao Chen's hand.

"Ah!" Yimengruo screamed when she saw the grilled fish, because it was full of pepper. What she couldn't eat in her life was pepper, but they didn't eat together. The last time we had dinner together was the pheasant baked by Xiao Chen on the mountain.

"What's the matter?" Xiao Chen asked hurriedly when she saw the expression of Yi mengruo.

"I can't eat spicy food." Yimengruo is a little embarrassed.

"Don't worry, I promise the fish is not spicy at all." Xiao Chen smiled mysteriously.

"Really?" Yimengruo is a little unbelievable.

"Of course it's true. If you don't believe it, just try it yourself." Xiao Chen nodded.

Yimengruo looked at this plate full of red and green peppers, and couldn't help feeling numb. However, Xiao Chen would never cheat, so she gave up. He picked up a piece of fish and put it into his cherry mouth.

After chewing for a while, Yimeng stares at meimou and says, "it's really not spicy at all!"

"I didn't lie to you." Xiao Chen smiled.

"But why? So many peppers." Yi mengruo asked suspiciously.

"This is a secret." Xiao Chen is mysterious again.

"Forget it." Yimengruo pretended to be angry, and then continued to eat roast fish.

"In fact, many things are not invariable. Just like you think pepper will be very hot, our days are moving forward. In fact, after so many years, you have become a new yourself." Xiao Chen suddenly began to say a lot of truth.

"Yes." Yimengruo responded from his nose while eating roast fish.

In fact, she understands Xiao Chen's intentions. She doesn't want to put down many things herself, so no one can let her put down. The so-called person who unties the bell must tie the bell. That's the truth.

After eating the grilled fish, Xiao Chen gave his boss a bank card with 500000 yuan in it. This money is nothing for Xiao Chen, but it is a wealth enough to change their living conditions for the couple.

Xiao Chen lied that there were only five thousand in it. He was too lazy to withdraw the money, so he gave the card to the boss. But even so, the boss thanked Xiao Chen thousands of times.

"Thank you, Xiao Chen." After coming out, Yi mengruo suddenly thanked Xiao Chen.

"There's nothing to thank you for." Xiao Chen smiled very calmly.

“Nothing. I want to thank you, too.” Yi mengruo said and took Xiao Chen’s hand.

“OK.” Xiao Chen also knew that he would be puzzled if he denied it again.

They are just like a couple who have just fallen in love walking in the night market. Xiao Chen will find a stall to buy something for Yi mengruo in a short time. Yimeng doesn’t refuse anyone, but she usually takes a bite or two and gives it back to Xiao Chen.

Because she needs to keep in shape.

While they were walking in the night market at will, Xiao Chen suddenly saw a figure he was somewhat familiar with, sitting on a night stand with another strange man.

“Mengruo. I have something to do. Why don’t you go back first.” Xiao Chen gently pulled Yi mengruo’s way.

Seeing Xiao Chen’s solemn expression, Yi mengruo probably knows what Xiao Chen may have found or met some acquaintances.

“OK.” Yi mengruo doesn’t play with her temper. She understands that Xiao Chen still wants to find the final answer to so many things happening in Wuling.

In this way, Xiao Chen came to the roadside and asked Yi mengruo to drive back to Shixiang Pavilion first, while he returned to the night market again. Came to the very familiar figure.

“Long time no see, young master Yuan Jia.” Xiao Chen’s voice came from behind.

Now Yuan Jia’s dress is not as bright as before. He is like a common people, wearing a T-shirt because he is too fat. Some fat is still exposed.

Hearing Xiao Chen’s voice, Yuan Jia was stunned, and the man in a suit opposite him was also stunned.

“Mr. Xiao Chen!” Yuan Jia looked at Xiao Chen in disbelief.

When the man over there heard that it was Xiao Chen, his face suddenly changed and seemed to want to escape.

But under Xiao Chen’s gaze, he had to harden his head and say hello to Xiao Chen: “Hello, Mr. Xiao Chen!”

“It’s really strange. How did the second son of the yuan family fall to this point today?” Xiao Chen tunneled in a lukewarm way.

But his eyes have been staring at the man opposite. As long as he has any action, Xiao Chen will take him down immediately.

There must be something hidden in the man’s face, but it must be from his face. And it must have something to do with yourself.

Otherwise, you won’t be so nervous after seeing yourself.

“Mr. Xiao Chen is really joking. I’m still the second son of the yuan family. I’ve been kicked out long ago.” Yuan Jia could only smile bitterly at this time.

“Out? What big mistake does childe Yuan Jia seem to have made?” Xiao Chen continued to ask.

“It’s hard to say.” Yuan Jia then picked up the beer bottle on one side and took a swig.

“Well, don’t beat around the bush. Tell me what’s going on this time. As the second son of the yuan family, you can be expelled. It may be more serious. Tell me, maybe I can help you rehabilitate.” Xiao Chen no longer grinds.

“Help me rehabilitate?” Yuan Jia’s eyes lit up after hearing this.

“Yes.” Xiao Chen is very confident.

“This...” Yuan Jia obviously hesitated and glanced at the man in suit and shoes opposite.

This look was immediately noticed by Xiao Chen, so he pointed to the man over there and said, “you, sit here.”

“No... no, Mr. Xiao Chen. Actually, I’m fine here.” The man was a little frightened.

“Then you won’t give me face.” Xiao Chen’s eyes were cold.

“No... No.” The man looked helpless and had to lean towards Xiao Chen.

“Now you can say it. I promise, only the three of us know about it.” Xiao Chen turned and looked at Yuan Jiadao.

Yuan Jia saw that Xiao Chen controlled the man in the suit. After hesitating for a while, he seemed to have made up his mind. Then he nodded and said, “I said, in fact, the black hand behind this incident is the situ family!”

“Situ family?” Xiao Chen looked at Yuan Jia suspiciously.

“Now our yuan family is also in crisis, so I had no choice but to escape with money first.” Yuan Jia was a little unwilling.
