

God Of Medicine 31

The God Of Medicine Son-in-law Chapter 31

It's only possible for him to think about it. How can anyone like him?

He felt as if he had found the right answer and hurriedly said to Xiao Chen, "I don't care what your purpose is, now leave my girlfriend right away!"

Xiao Chen looked at Zhang Shaoyang like a fool.

"This is your home? Why did you let me go?" Xiao Chen said faintly!

"You..."

"Hum!"

Zhang Shaoyang snorted coldly, "it seems that you just want to cheat Huimin from her? I'll give you money. You must have never seen so much as a loser."

Zhang Shaoyang took out a bank card from his pocket.

"The bank card has 200000 yuan. The password is written on the back of the card. You can't earn this money in your life. Take this money and get out. It's enough for you to be happy for a long time."

Zhang Shaoyang directly smashed the bank card on Xiao Chen.

Xiao Chen's face was cold. The murderous spirit in the body is ready to move!

Zhang Shaoyang only felt that he was stared at by a fierce beast.

"What are you staring at?"

When Zhang Shaoyang thought of his brother behind him, he suddenly felt confident: “boy, you and Minhui are impossible. You are people from two worlds. Today, I let you understand. A toad will always be a toad!”

Zhang Shaoyang snapped his fingers and the bartender on one side immediately came over.

“Bring up all the most expensive wines you have here.”

Seeing that 200000 Xiao Chen still didn't leave, Zhang Shaoyang decided to start from other places to let him understand how far he was from himself!

In fact, he should not have done so, but he said that he would give Chen Huimin a grand confession today, so he didn't want to be rough, let alone see blood.

After a while, the bartender brought the wine. Zhang Shaoyang whispered in the bartender's ear. The bartender looked happy and quickly said, “yes, Zhang Shao!”

Looking at Zhang Shaoyang, Chen Huimin always has a bad hunch.

Suddenly, the noisy music in the bar stopped. The DJ of the bar held the microphone and said, “gentlemen and ladies, Zhang Shao will pay for the consumption of the whole audience this evening. Let's congratulate Zhang Shao and Miss Chen and wish them a lover and get married!”

Brush!

The light of the whole audience was suddenly dim. A spotlight hit Zhang Shaoyang and Chen Huimin, and then the avatars of Zhang Shaoyang and Chen Huimin also appeared on the big screen of the bar!

“Have a nice night, now... Have a good time!”

“Long live!”

The whole audience was a sensation, and everyone shouted in unison: "Zhang Shaowei, Wu!"

Hearing this, Zhang Shaoyang opened his hands. At this moment, he was the brightest boy in the audience.

"Xiao Chen. See, this is the gap between you and me!"

Chen Huimin blushed and said, "Zhang Shaoyang, you son of a b*tch, who wants to get married with your lover? Don't talk nonsense here!"

In the past, she was just annoyed by Zhang Shaoyang. Now, she has only antipathy to Zhang Shaoyang.

Soon, the bartender came with a pair of beautiful women in bikinis carrying wine. He used all kinds of wine.

Lafite. Latu, Mutong, Margo Martell, and even Roman Nikon!

They are all world famous wines, ranging from hundreds of thousands to millions!

Zhang Shaoyang kept toasting Chen Huimin, but Chen Huimin ignored him at all. Instead, he kept chatting with Xiao Chen.

It made him angry.

Xiao Chen, I will show you what a gap is.

After drinking a cup of wine, Zhang Shaoyang was also slightly drunk.

“Bartender, check out.” Zhang Shaoyang can’t wait to see Xiao Chen’s surprised and frustrated expression.

“Sir, you spend 20.5 million here. Because you are a respected VIP member of our store, you can erase the change and pay 20 million!”

Zhang Shaoyang was stunned: “what did you say to him? I’ll pack a field and spend 20 million?”

It’s not like he didn’t pack before. Three or four million. Why so much?

“It’s not expensive, sir. But you ordered the most expensive wine here. One bottle costs millions. You ordered 15 bottles!” The bartender explained patiently.

“Lying trough.” Zhang Shaoyang’s heart is dripping blood. Why do you order so much wine!

He took out a gold card. “Go and get it from the POS machine. I’ll brush it in front of this waste.”

The bartender smiled and went to get the POS machine.

“Waste, watch it. I can spend 20 million to buy someone a drink today, and 20 million to find someone to kill you tomorrow. If you don’t want to die, just get out of Huimin!” Isn’t it 20 million? As long as Chen Huimin can recognize Xiao Chen’s true face and return to his arms, all this is worth it.

Wen Yan. Xiao Chen smiled coldly and threatened him?

Those who threatened him before are three feet tall!

The POS machine was brought over, and Zhang Shaoyang handed his bank card to the bartender.

“I’m sorry, sir, the balance in your card is not enough.”

what?

Zhang Shaoyang was almost choked by his saliva.

He suddenly remembered that his father had not given him pocket money this quarter!

however. Fortunately, he still has some savings.

“And this.” Zhang Shaoyang took out another card.

“I’m sorry, sir, but the balance is still insufficient.”

what?

This How is this possible?

Zhang Shaoyang’s expression was frozen. He didn’t bring enough money!

What should I do?

The previous 200000 yuan bank card fell on the ground. If it was picked up, wouldn’t it hit him in the face?

But even with that 200000 yuan, I’m afraid it’s not enough to pay for this table of wine.

When he saw Xiao Chen’s smiling expression, a stream of blood rushed to his forehead.

Shit, he was laughed at by a waste!

“You guys, do you have any money?” Zhang Shaoyang asked.

“My mother is ill.”

“My grandpa cut hemorrhoids...”

Hearing this, Zhang Shaoyang almost didn't spit blood. These bastards are unreliable at the critical time!

He made a round of phone calls and no one was willing to lend him money!

What should I do?

At this time, the bartender looked disdainfully at Zhang Yang.

How dare a poor bully come here to pretend to be a bully?

There was no way. He walked over with a stiff head: “Huimin, can you lend me some and I'll pay you back tomorrow!”

Chen Huimin sneered: “I can give you the money, but you must promise me that you can't harass me again from now on!”

“Huimin, I...”

“No promise, no money.”

Zhang Shaoyang wants to refuse, but the bartender has called the security guard. Many people have noticed here. He is a dignified young master of Zhang Jia and can't afford to pay the bill. If this is spread, he won't hang around in the East China Sea in the future.

“OK... I promise you!” He gritted his teeth and said this.

Chen Huimin took out her bank card and handed it to the bartender.

“Sorry, miss, your card balance is insufficient.”

Chen Huimin was suddenly a little embarrassed. She only took this bank card when she went out, and her money had been invested in the fund, and her mobile phone didn't have so much money.

“Xiao Chen, can you lend me some money?”

Chen Huimin suddenly thought that Xiao Chen had received Dilong 10 million before. “I'll pay you back tomorrow.”

“OK.” Xiao Chen nodded: “I'll pay!”

Hearing this, Zhang Shaoyang couldn't help laughing: “you're a waste son-in-law. Where did you get so much money? Don't be ashamed. You can deceive Huimin and me?”

How much money can he have on his poor son-in-law? Even if the Wu family has more money, how much can they give him Xiao Chen.

The little brother behind Zhang Shaoyang and the bartender on one side couldn't help laughing.

The God Of Medicine Son-in-law Chapter 32

Xiao Chen didn't say anything. She shook her head silently and took out a black bank card from her pocket.

“20 million, a lot?” Xiao Chen said faintly.

Zhang Shaoyang’s face turned red. He was ridiculed by Xiao Chen again!

Suddenly, he saw the card in Xiao Chen’s hand: “what card is this? It’s dark and there’s no sign!”

Said, he snatched the card from Xiao Chen’s hand, and then looked carefully. He found that there was no sign before and after the card, not even the card number.

“Xiao Chen, you’re so funny. You took a broken card you didn’t know where to pick it up and pretended to be a bank card. Do you think we’re all fools?”

“This is the world bank’s black card. Only the supreme VIP can own it.”

For three years, there’s no need to hide this card.

He doesn’t want to talk nonsense with Zhang Shaoyang now. Just want to check out and leave the bar!

“Joke, if you are the supreme VIP, I am the president of the world bank.” Zhang Shaoyang sneered.

“Don’t talk nonsense. Don’t you know by brushing?” Xiao Chen frowned and said impatiently.

Chen Huimin looked at the black card in Zhang Shaoyang’s hand and frowned. This is it really a world bank black card?

She pulled Xiao Chen’s clothes: “Xiao Chen, if it doesn’t matter. I can call my best friend to borrow it.”

Xiao Chen smiled and shook his head: “don’t worry, have money.”

People on one side came to see what was used to pretend to be a black card when they heard what Zhang Shaoyang said. Even the bartender working on the other side couldn't help coming to have a look.

I saw that the card was dark and almost nothing. A series of things such as bank identification, card number and magnetic stripe on the general bank card could not be found on this card. The whole card was just a mass of black.

"Hahaha, in order to pretend to be rich, this waste son-in-law picked up a card from the outside and pretended to be a bank card."

"Yes, Xiao Chen, you should know yourself clearly. What are you wearing?"

Everyone mocked Xiao Chen one after another.

The bartender on one side twisted his eyebrows into Sichuan characters: "Hey, do you pay or not?"

His tone was not good, and several big men behind him stared at them covetously.

"Bartender, take this card and brush it to see how much he can pay." Zhang Shaoyang said suddenly.

Isn't Xiao Chen going to pretend to be forced?

Let him make a fool of himself in front of so many people. He doesn't believe that this bank card is rich or even that it is a bank card!

The bartender frowned. He always felt fooled.

He stared at Xiao Chen. If he couldn't pay, he must teach this boy a lesson.

Under the gaze of the crowd, the bartender inserted the result card into the POS machine.

“Drop”

POS rang and immediately began to issue tickets.

“Consumption success!”

The bartender was stupid. It really came out.

Everyone was stunned when they heard the sound.

what?

This Is this really a bank card?

Did you really brush 20 million out of it?

Shocked, how can this face be full of Yang?

“No... it’s impossible. He’s a waste son-in-law. How can he have so much money? Is your machine broken?”

The bartender was stunned and quickly looked at the ticket.

Because of the particularity of the world bank, the balance will be displayed when swiping the card.

It shows the balance 9998!

More than 90 billion?

How is this possible?

The bartender swallowed his saliva and hurriedly made a gesture to ask the security guard to bring a machine again.

Insert the card again!

“Drop, consumption success!”

Balance 9996!

99.96 billion?

What’s in this card is actually true!

my god. The bartender’s legs softened with fear.

Trembling, he returned the black card to Xiao Chen, “I’m sorry, sir, i... I accidentally brushed 20 million more!”

He almost cried out. He was a billionaire. He accidentally painted 20 million more. He couldn’t afford to sell him.

Even their boss can’t afford to offend!

Originally thought Xiao Chen would be furious, but he just waved his hand: “forget it, save the card and spend the expenses next time.”

Hearing this, the bartender 'poop' knelt on the ground: "thank you, Mr. Xiao. Thank you, Mr. Xiao. I'll do it for you now."

See this!

Zhang Shaoyang couldn't say a word. He slumped on the sofa and couldn't believe what was happening in front of him.

Four 40 million! The boy brushed \$40 million!

How could he have so much money?

Chen Huimin looked at Xiao Chen, and a trace of curiosity flashed in her eyes. This man is really mysterious. His whole person seems to be wrapped in fog, which makes people want to find out.

Xiao Chen looked at the crowd. Everyone lowered their heads and didn't dare to look at them!

Soon. The bartender came over with a top membership card of Qingyun bar in his hand: "Mr. Xiao, our boss is on the way to dare to come. He said he wants to invite you..."

Xiao Chen waved his hand: "I don't have time, and I rot what I see in my stomach!"

With that, he strode out of the bar. The slightly drunk Chen Huimin was stunned and hurriedly followed up.

Thousands of kilometers away in Africa, in an underground secret base, a red coordinate is displayed on the big screen, which is Qingyun tavern.

"Report, God's position has been locked."

This base is where the exterminator is. They have been looking for Xiao Chen's position for so long. The bill of the black card makes them directly lock Xiao Chen, which is also the reason why Xiao Chen never uses the black card, because he doesn't want the exterminator to know where he is, although these people are all his men. And loyal to him.

But he doesn't want them to get involved in this vortex.

They left the bar, and Chen Huimin's car just stopped at the door of the pub.

Just now, because of Zhang Shaoyang, he didn't drink. At the sight of the wind, Chen Huimin immediately vomited, and Xiao Chen had to go over and pat her on the back.

Then, he put the rickety Chen Huimin in the co driver's seat and sat in the driver's seat.

Fortunately, Xiao Chen asked Chen Huimin's address before she went to sleep, otherwise she would have to take her to the hotel today.

Start the car and drive Chen Huimin's car to her house.

The car drove to Chen Huimin's home. It was already one o'clock in the morning.

Chen Huimin's family is empty. Chen Wen and Bai WAN are not at home because of business.

Xiao Chen can only send Chen Huimin, who is drunk and unconscious, to her room and put her directly on the bed.

Just as Xiao Chen was getting ready to get up, Chen Huimin suddenly opened her eyes and put her white and tender hands around his neck. Different from her lovely look before, after drinking the wine, her eyes were full of spring, her pretty face was slightly red, and her skin was tinged with pink. Unspeakable temptation.

Xiao Chen wants to get rid of her hand, but Chen Huimin hugs him tightly.

Accidentally, Xiao Chen was pulled down by her, his chest was pasted on the soft, and one hand was attached to one of them.

The amazing elasticity made Xiao Chen's heart tremble!

The girl's body is sensitive, and Xiao Chen struggles to get up. As soon as the hand made a force, it immediately gave a cry, and the Pink Jade neck was raised.

A gentle cry.

She opened her mouth slightly, and the warm breath sprayed on his face. The wine smell was mixed with the girl's body fragrance, just like a seductive poppy.

Thinking of the sweet kiss in the bar, the flame in Xiao Chen's lower abdomen was burning more and more vigorously, but he was still suppressing it.

"Xiao... Xiao Chen, don't go, don't go..."

Xiao Chen sighed. If she wasn't married, maybe Chen Huimin was a good choice.

His mind flashed across Wu Yaqing's quiet and cold face, and all his thoughts faded like a tide.

Just let Chen Huimin hold her, but there was no dirty mind. Slowly, she couldn't stop sleepiness and fell asleep.

The God Of Medicine Son-in-law Chapter 33

Late at night, Wu Yaqing lay in bed tossing and turning, unable to sleep.

Every five minutes, she looks at her mobile phone to see if Xiao Chen has sent a message and called her!

“It’s early morning. Why doesn’t he come back? Does he really want to move out?”

She is angry and angry. She has been married for three years. She has never been so stubborn. It is clear that she made a mistake, but she still refuses to admit it!

Maybe he’s lying in another woman’s bed now?

At the thought of this, she trembled uncontrollably.

Bursts of pain in my heart, what’s the matter with me? He said he was divorced. Shouldn’t he be happy?

I can finally get rid of this loser. Why do I feel sad?

She thought for a moment, although she didn’t like Xiao Chen. But I’ve been together for three years. I’m just a dog. After a long time, I will have feelings, not to mention people?

Although I think so, this night. She has insomnia.

.....

In the morning, the sun shines in from the window of Chen Huimin’s room.

One night’s alcohol has been dissipated, and Chen Huimin wakes up from a hangover.

However, I saw a familiar and slightly strange face in front of me.

“Ah!”

Chen Huimin couldn't help screaming. She hurriedly pushed Xiao Chen away and checked her clothes. She was relieved to find that her clothes were still neat.

She still vaguely remembered what happened last night.

What a shame. How can I do that?

If Xiao Chen really does anything to herself, she has nothing to do!

Thinking of this, she couldn't help thinking: "it seems that he is not only excellent in medicine, but also a gentleman."

The scream just now woke Xiao Chen.

Seeing his eyelids twitching, she hurried out of the room.

When she came out, Xiao Chen opened his eyes. In fact, he would have woken up. If Chen Huimin hadn't hugged him like an octopus, he would have left!

Chen Huimin's body fragrance is all on the bed sheets. It smells very good!

After staying for more than ten minutes, he walked out of the room.

When she came to the living room, Chen Huimin just sat there waiting for him.

A freshly prepared breakfast was set on the table.

The smell of fresh wheat bread and milk filled the air.

“You wake up. Come and have breakfast.”

Seeing Xiao Chen, Chen Huimin blushed. In order to avoid embarrassment, she had to pretend that nothing had happened!

“Good!”

Xiao Chen didn't break it either. She went over and picked up the bread and ate it.

“Where are you going later? I'll see you off!” Chen Huimin said.

Xiao Chen was stunned. Where are you going?

He's asking himself.

Now that she has decided to divorce, let's make a clean break, and then give her some compensation. She has indeed received a lot of grievances in the past three years!

“Take me to the hospital later!”

“Well, good.” Chen Huimin nodded.

.....

Wu Yaqing is a little haggard. After all, he hasn't slept all night.

When she drove to the hospital, she found that the scene in front of her was dilapidated. The flying medicinal powder and scattered table and chair sawdust in the hospital almost made it impossible for people to get a foothold in it. The huge medicine cabinet had been tripped on the ground, and the traditional Chinese medicine in it was scattered everywhere in the hospital. The table of the attending

doctor was split into several parts, and the air was filled with the smell of herbal medicine, sawdust and dust, It looks like ruins.

At this time, she had already been waiting there, and several medical staff ran to her one after another.

“Dr. Wu. Dr. Wu, it’s not good. Our hospital doesn’t know who smashed it.” Wang Miaomiao first came to Wu Yaqing and said to her anxiously and wrongly.

“Who did it?” Wu Yaqing was very worried. Her grandfather gave her the medical school. She put all her energy and efforts into the medical school. Her and grandpa’s efforts were wasted. She was very distressed.

“We don’t know. The hospital has become like this since we first came here this morning.”

Wu Ya’s whole body trembled, and other medical staff came forward to comfort her when they saw her like this.

“Dr. Wu, don’t be angry. There are surveillance around here. The police will bring the criminals to justice!”

“Yes. Doctor, if the old one doesn’t go and the new one doesn’t come, it will get better.”

Hearing these people’s comfort, Wu Yaqing waved his hand: “go back, today’s holiday, you wait for notice!”

Hearing the speech, they didn’t say anything, nodded, greeted Wu Yaqing and left!

At this time, a pink car in the distance came and stopped in the parking space not far from the medical center. It was Chen Huimin’s car.

After stopping the car, Xiao Chen and Chen Huimin got out of the car.

Wu Yaqing just saw this scene. She could hardly believe her eyes.

Although she has determined that Xiao Chen has a woman outside, in fact, she still holds a trace of hope in her heart that Xiao Chen has not cheated!

Now, however, her inner hope was dashed!

“What did he bring this woman for? Did he come to have a showdown with me?”

Wu Yaqing’s eyes gradually turned red, very angry, sad and wronged in his heart.

No wonder he didn’t go home last night. It turned out that he really slept with other women!

This loser really cheated and betrayed her!

Not to mention whether Xiao Chen cheated. If he knew Wu Yaqing’s inner thoughts, he would sigh: I’m also a normal man. I’ve been alone in an empty house for three years and I’ve seen pigs like sissy!

Looking at the two people talking and laughing, Wu Yaqing was sad from the bottom of her heart. She stood in the ruins.

Finally, I couldn’t help crying.

Xiao Chen in the distance heard Wu Yaqing’s cry, and his face suddenly changed. This is Wu Yaqing’s cry.

She was so strong that she cried. Something must have happened.

He hurried to Wu Yaqing and saw that the hospital was in ruins. His heart thumped!

Then, a rage rose from the bottom of my heart, who did it and who did it!

He looked at Wu Yaqing standing in the ruins of the hospital crying, heartache!

She knew how much effort Wu Yaqing had invested in the hospital. Now that the hospital has been destroyed like this, she must be in extreme pain.

Looking at Wu Yaqing's back, Xiao Chen couldn't help walking up.

"It's okay, it's okay. It's a big deal. Let's build another one. Don't worry. I'll find out the murderer."

Xiao Chen gently comforted Wu Yaqing.

Echo down!

"Pa", Wu Yaqing slapped Xiao Chen heavily in the face.

Xiao Chen was blindfolded by this slap!

He didn't understand why Wu Yaqing suddenly hit himself. Chen Huimin in the back also saw this scene.

I can't help but frown and show my eyebrows. However, this is a matter between their husband and wife. It's hard for her to get involved.

"What are you doing back? You brought your mistress just to come and see me laugh?"

Wu Yaqing said loudly to Xiao Chen, his tone full of hate!

"That's what you think of me?"

Xiao Chen was a little angry. This slap made his heart completely cool.

“What? I’m right?”

Wu Yaqing wiped her tears and sneered, “you are a waste. Because you can’t stand my anger, you run out and hook up with other women. You are a beast that can’t control your lower body!”

“You want to see my joke? I won’t let you see it. Now, get out of my hospital with that b*tch!” Wu Yaqing pointed to the door, his voice determined and sad.

“Well, you seem to have misunderstood. My relationship with Xiao Chen is not what you think!”

Chen Huimin knew that if she didn’t speak out again, she really became dissipated.

“Shut up! There’s no place for you to talk!” Wu Yaqing looked at Chen Huimin and was furious. For this reason, she said it had nothing to do with Xiao Chen. Is she a fool?

She raised her hand and was about to hit Chen Huimin in the face.

Caught off guard. Chen Huimin couldn’t react at all. Seeing that her palm was about to fall, Chen Huimin was so frightened that she closed her eyes.

At this critical moment, her hand was held by a strong big hand.

It’s Xiao Chen.

“Let go of me quickly. Why, I beat your little lover. Do you feel distressed?” Wu Yaqing sneered.

“I don’t give you a chance to explain, that’s it.”

Xiao Chen was surprisingly calm, looked into her eyes and said, “yes. I admit that I love you for three years. No matter how you scold me, ridicule me and command me, I don’t care, but Huimin is right. You can’t beat her!”

“Well said, don’t you love her?”

Xiao Tian shook his head and sighed: “in the past three years, even a stone can warm up, but I still don’t warm up your heart. That’s it. Our marriage was a mistake at the beginning.”

Then Xiao Chen took out a card: “there are 10 million in it. It’s a little of my heart. You’ve been wronged a lot with me in the past three years. When you deal with the hospital, call me and go through the formalities at any time!”

With that, he left the hospital without looking back. The God Of Medicine Son-in-law Chapter 34

It’s windy.

The sudden cool wind made the air slightly cold at the turn of spring and summer. Wu Yaqing stood alone in the cool wind.

She stood there blankly, holding the bank card in her hand, watching Xiao Tian get on the pink car and leave.

Her heart was firmly clenched together.

As if something important had left her.

Xiao Chen’s cold and resolute words made Wu Yaqing miserable.

How do you know my heart is not hot?

Can't you be more patient and tolerant of her?

So far. She still doesn't think she did something wrong!

For a long time, she dialed the police. The police took notes and told Wu Yaqing to go back and wait for the news. They will tell her the result!

Wu Yaqing was silent. Nodded, drove her car and went home.

Zhao Sulan was putting on the mask on the semi nest sofa.

Wu Yaqing pushed the door and came in. Zhao Sulan was surprised: "good daughter, didn't you go to the medical school? Why did you come back so soon!" Then she looked up and saw Wu Yaqing's red and swollen eyes, and her face changed instantly: "Why are your eyes swollen? Who made you cry!

"No, just a little tired, so I came back to hear the news." Wu Yaqing pretended to be relaxed and said.

"You were born to me. Can you hide it from me?" Zhao Sulan didn't even have enough mask. He walked over. Holding her hand, "tell mom what happened."

"Nothing, really nothing." Wu Yaqing shook her head. She didn't want Zhao Sulan to worry about it.

However, after Zhao Sulan asked again and again, Wu Yaqing still couldn't help but say what happened this morning.

Zhao Sulan automatically ignored the smashing of the hospital. Yelled: "white eyed wolf, this is a shameless white eyed wolf. I just keep a dog and know Yao tail."

Zhao Sulan frowned: "I told you to divorce that loser, but you didn't listen. What's the result? This shameless thing. Unexpectedly, I brought a junior to the door to show off!"

“The old man was blind before he promised you to him. He was blind at that time. Now he’s fine. Life ruined your happiness!”

Zhao Sulan scolded for more than half an hour and dried up her saliva. Wu Yaqing just shed tears and didn’t speak.

“It’s better for this waste to have a showdown with you. Now it’s his infidelity. Even if you divorce, I can’t blame you for your knowledge.”

Zhao Sulan hugged Wu Yaqing: “don’t be sad. Mom will find you a husband who is 100 times and 1000 times better than that waste in two days.”

Logically speaking, Wu Yaqing should be happy to hear this.

However, she heard that Zhao Sulan wanted to introduce herself to a man. I have a lot of resistance in my heart.

“Mom, I don’t think about this for the time being.” Wu Yaqing shook his head. Now that the hospital is smashed like this, she still has the heart to think about men.

“Dong Dong Dong!”

Then there was a knock on the door.

Who?

Zhao Sulan frowned. Isn’t it because the next door neighbor came to sue Xiao Chen again?

Now that loser is about to divorce his daughter. Tell her not to come in the future.

Zhao Sulan walked over and opened the door.

Standing at the door is a man and a woman, seemingly a couple!

The two men are of the same age. About forty or fifty!

They wear ordinary clothes, and they don't show much noble spirit from their bodies.

The woman's face is kind, and the man seems to be a little weak and looks sick.

Zhao Sulan was stunned. Not a neighbor, but two strangers I've never seen before.

"Who are you? What are you doing knocking on our door?"

At this time, Wu Yaqing came over: "Mom, who?"

"Are you Yaqing?" The woman saw Wu Yaqing and asked with a smile.

Wu Yaqing was a little stunned. She had never seen the woman in front of her.

Is it the patient she once treated? Look at the men around her. It's possible that they are sick.

But the patient doesn't know her home address.

"Hello, we are Xiao Chen's parents."

"Sure enough, it's more beautiful to see the picture," said Liu daili with a smile

Seeing Wu Yaqing's first face, Liu Dailan couldn't stop praising, and Xiao Jianming, Xiao's father, nodded.

Wu Yaqing has an extraordinary temperament. Although she does not apply powder, she produces lotus in clear water. She looks quiet and elegant.

“Is this your in laws next to you?”

Xiao Jianming carried two bags of fruit in his hand: “sorry, we didn’t say hello when we came from the countryside this time. These two bags of fruit are our little intention...”

Before he finished, Zhao Sulan hurriedly interrupted, “bah, who is your in laws? Don’t climb relatives!”

Xiao Jianming and Liu Dailan looked at each other.

“Are we looking for the wrong one?”

“No mistake. Xiao Chen lived here before!”

Zhao Sulan scolded, “you came here just in time today. I want to ask you, your son did something inferior to animals. Do you two old people still have the face to come to our house?”

“In laws, what are you talking about? Xiao... Xiao Chen, what did he do?” When Liu Dailan heard Zhao Sulan scold her son, she couldn’t help asking.

“You still have the face to ask me? What has your son done? Don’t you count it in your heart?” Zhao Sulan was not angry: “it’s not that a family doesn’t enter a house. Your son is an animal, and you two are not good things! You have what kind of parents have what kind of sons. You two Hicks, get out now.”

Zhao Sulan scolded mercilessly.

“Mom, stop talking.”

Wu Yaqing couldn't hear it anymore. He scolded too hard: "they are elders anyway!"

"Elders? Are they fart elders?"

Zhao Sulan hated iron and steel and said, "you're about to divorce that loser. What are you afraid of doing so much?"

Hearing the speech, Wu Yaqing was silent. Yes, they will terminate the relationship soon. They will never have a relationship again in the future.

When you hear this, you two are going to divorce

The God Of Medicine Son-in-law Chapter 35

Xiao Jianming, who had never spoken, finally couldn't bear it. "It's impossible. My son can't do such a thing at all!"

"Fart! What kind of son and father, I don't think you are a good thing!" With the increasing emotional excitement, Zhao Sulan spoke more freely.

"Please pay attention to your discretion and have some quality!" Xiao Jianming blushed. It was obvious that Zhao Sulan had gone too far.

"Quality? I'm sorry for my daughter's cheating on other fox spirits. How dare you stand in my house and tell me about quality?"

"I'm afraid I'll dirty my mouth when I talk about quality with social scum like you!" Zhao Sulan yelled and scolded, while Wu Yaqing pulled it several times, but it was useless.

"Well, mom, stop talking." Wu Yaqing frowned slightly. Turning to Xiao Jianming and his wife, he whispered, "you leave first. Xiao Chen and I are about to divorce."

To avoid further conflict. Wu Yaqing had to let them leave first.

When Xiao Jianming and Liu Dailan, who were already angry, heard this, their hearts were cold again.

Before they came, they were full of longing for this daughter-in-law, but now she is the first to speak and drive herself away?

Unexpectedly, sandwiched between the elders of the two sides, as a party, Wu Yaqing is the most difficult one.

“They can’t go! Xiao Chen, that waste beast, has occupied my daughter’s three years. You must be responsible for wasting three years of youth and cheating first!” Zhao Sulan looked like a madman at this time.

With these words, he rushed forward and grabbed Liu Dailan’s arm. Seeing this, Xiao Jianming naturally stretched out his hand to stop him. After several pushing and shoving, Xiao Jianming was in a hurry. Xiao Jianming, who was very angry, suddenly turned white, covered his chest and fell straight to the ground.

“Jianming!” Seeing this, Liu Dailan suddenly changed her face and fell to her knees.

Since Xiao Jianming’s cultivation was abandoned, he has been in poor health. Thanks to their hiding in the deep Village, they have nothing to worry about. Now they have just arrived, but they have caused such a thing. In a hurry, Xiao Jianming finally had a heart attack.

This scene immediately frightened everyone. Zhao Sulan was stunned and at a loss. Wu Yaqing, after all, studied medicine and saw the symptoms of a heart attack at a glance. Quickly dialed the emergency call.

The ambulance didn’t arrive for a long time. The doctor took Xiao Jianming into the ambulance. Liu Dailan followed up nervously.

Wu Yaqing bit her lips and planned to follow her. After all, she was Xiao Chen’s father. If someone died in her own house, she was afraid that things would be big.

Who knows, Zhao Sulan grabbed Wu Yaqing, “what are you doing?”

“I’ll go and have a look.”

“No! As long as people don’t die in our house, it has nothing to do with us. Don’t go!” Zhao Sulan’s attitude is very tough, but she can’t beat her mother’s Wu Yaqing. I had to give it up.

When he came to the hospital, Xiao Jianming was pushed into the emergency room. Liu Dailan sat in the corridor waiting in tears.

I recalled the scenes that had just happened in my mind. Zhao Sulan’s ferocity and ferocity, and Wu Yaqing’s indifference made me feel very uncomfortable.

When Xiao Chen got married, they didn’t come. They just saw a picture of Wu Yaqing and were quite satisfied with the daughter-in-law.

But now, Wu Yaqing’s indifference has really chilled her heart.

Most importantly, Wu Yaqing drove them away. He also said that he would divorce his son Xiao Chen in a short time. Just came to this strange place and didn’t even see his son’s face, he met this kind of thing.

If she hadn’t experienced many storms and waves in her early years, I’m afraid Liu Dailan would have been unable to support it.

The operation has been going on all the time. However, the current medical technology has no problem with ordinary heart disease. An hour later, the attending doctor came out of the emergency room.

“It was delivered in time. The patient has been out of danger, but his body is very weak, which is not ideal for him to fight his illness in the future. Pay attention to supplementary nutrition.”

“Good doctor, I see.” Liu Dailan nodded.

“Well, this is the list of expenses. Go and pay. The patient needs to be hospitalized for observation for a period of time and rely on infusion to maintain nutrition.” The bill was handed over to Liu Dailan and the attending doctor left.

Take the bill to the payment window, where the service is a young nurse, who looks quite unruly. At least the mask is not worn properly. It shows a standing jade nose, but covers the mouth.

The beauty is good, but it seems that after leaving this post. Nor is he a lord of peace.

“Operation fee, hospitalization fee, treatment fee and nutrition fee. The total is 258000. Scan code, transfer and swipe card cash?” The voice is also nice, but the speaking attitude is too arrogant.

However, Liu Dailan could find this in her mind. She was stunned by the high cost.

“Little girl, how much...?” As if she had heard wrong, Liu Dailan asked again in a trembling voice.

“258000! Hurry up, will you? There are still many people waiting in line behind.” The little nurse glanced at Liu Dailan’s clothes, glanced a touch of contempt at the bottom of her eyes, and said impatiently.

Bang!

Liu Dailan, who nearly fell, thanks to holding the table aside. Seeing this, the little nurse couldn’t help but say sarcastically, “you’d better not have an accident here. Even if it happens, it doesn’t matter. This is a hospital and will definitely help you with treatment as soon as possible.”

“But you have to pay.”

“Little girl, I don’t have that much money...” Liu Dailan’s voice was like a mosquito, and her face was very ugly.

“No? Then I can’t help you. According to the regulations, if you can’t pay the fee before today, the hospital will not be responsible for the patient’s accident.” The little nurse sneered, as if she were used to such things.

“It’s ridiculous that steamed stuffed buns from the countryside still learn from others to come to senior hospitals in big cities.” Liu Dailan stepped out of the payment window, took the payment form and looked at it clearly with 258000 written on it. I couldn’t help crying again.

And the people waiting in line behind Liu Dailan did not have any pity. Even many people had indifference on their faces and a bit of ridicule. They had no sympathy at all.

Finally, there was no one to pay. The little nurse was also happy. When she was bored, she saw Liu Dailan squatting outside the window, and a sneer reappeared at the corners of her mouth.

“Is there any way to pay the fee? If not, I’ll explain to the hospital now. We won’t interfere with the danger of the patient at that time.”

“No! No!” Hearing this, Liu Dailan rushed to the payment window in panic. Looking at the little nurse with sarcastic eyes inside, she had to take out her mobile phone and call Xiao Chen.

The God Of Medicine Son-in-law Chapter 36

“Hey, son, your father has a heart attack and is now in the hospital! They want me to pay more than 200000! If I don’t pay, I don’t care about your father!” Liu Dailan’s voice was full of haggard and despair. At this time, Xiao Chen seemed to be her last straw.

Seeing Liu Dailan’s performance, the little nurse on one side couldn’t help but despise her more. At first glance, she was a poor family. Finally, you can only wait for your son to collect the body!

“Mom, don’t worry. Which hospital are you in now? I’ll come right away.” Xiao Chen received the call and was very calm.

“In... In this Guanghua hospital!” Liu Dailan looked at the scarlet letter above the cashier.

At this time, Xiao Chen is at Chen's house. Now only Chen Huimin and he are at home. Just now, they are still talking about Wu Yaqing. Now Xiao Chen received the call and hurriedly got up to go to Guanghua hospital.

"Brother Xiao Chen, what happened?" Chen Huimin asked as she ran behind him.

"My dad, my dad, he's in the hospital. I have to save him right away!" Although Xiao Chen was calm on the surface, she was already in a panic. She was even ready to run from the Chen family to the hospital.

"Brother Xiao Chen, we have a car!" Chen Huimin reminded.

"Hey, hey, the aunt over there, are you sure? Does your son have money? If not, I'll inform the doctor!" The little nurse didn't respond for half a day when she saw Liu Dailan hang up the phone.

"Well... Nurse, can you wait a minute? My son will be here in a minute. He has money!" Liu Dailan begged.

"Oh, this is a private hospital. If we take one more patient, we will waste one more bed. And who is responsible for what happens to the patient? We can't use the medicine in vain?" The nurse doesn't seem to have any sympathy.

"What's the matter with you nurse? Are you a little compassionate? It's a human life! You know what? You still study medicine?" Liu Dailan was irritated by the nurse's words.

"Do I have compassion? This is a private hospital, not a welfare home. You need to see a doctor for free? Go out. You'll be there a few kilometers ahead!" The nurse wouldn't let it go at all.

"You!" Liu Dailan was in a hurry and fainted.

"Oh, you little nurse, look how popular it is!"

“How do you become a nurse?”

.....

Some people behind also began to blame her.

Who knows she cried.

“Is it wrong for me to act according to the hospital system? You are really unreasonable!”

“Mom? Mom! How are you?” Xiao Chen hurried to the hospital, but she saw her mother fall to the ground.

The crowd stepped aside, and Xiao Chen quickly picked her up. I felt it on my hand. Fortunately, I was just angry and attacked my heart. For a time, my blood was not smooth and fainted.

After a trace of illness entered her body, Liu Dailan woke up.

“Son! Come on. Pay the money quickly. If they don’t pay the money, they’ll throw your father out!” That’s the first thing she said when she woke up.

“Pay?” Xiao Chen’s face turned black.

It is the existence of such a hospital that makes the whole Chinese atmosphere so bad. It is mercenary and forgetful!

He went straight to his father’s hospital bed.

He stretched out his hand and felt his pulse. It seemed that the old injury had recurred. It looks like a heart disease in the secular world. In fact, it was hurt in Dantian. It leads to the backflow of blood and becomes the illusion of heart disease.

He helped his father up. It seems that yunshou was used, but in fact, it injected his ill Qi into his body.

After a while, Xiao Ming and Jianming wake up with their eyelids closed.

“Cough!” He coughed twice, raised his eyes and saw Xiao Chen, and slapped him in the face.

“You unfilial son! How can you cheat! How can you divorce!”

“Old man! It’s your son who saved you. How can you beat him!” Liu Dailan still loves Xiao Chen.

“Let go, I don’t have a son like you. I’ve really lost the face of our Xiao family!” Xiao Jianming seems totally unwilling to forgive Xiao Chen.

“Dad, you just got better. Don’t be angry any more. I’ll explain it to you slowly, okay?” Although one side of Xiao Chen’s face was beaten red. But still very calm.

Xiao Jianming turned his head to one side and didn’t want to listen to him.

“Dad, I did go to Uncle Chen’s house these two days, but I really have nothing to do with Miss Chen Huimin. We are just friends.” Xiao Chen pointed to Chen Huimin.

Hearing that “we are just friends”, Chen Huimin was still a little disappointed. She bit her red lips slightly, but she still said, “yes, uncle Xiao, you all misunderstood brother Xiao Chen. I guarantee with personality that there is absolutely nothing between me and brother Xiao Chen.”

“You even brought this little fox spirit to me. It’s a sin!” Xiao Jianming seems to be more angry after seeing Chen Huimin. Beating his chest constantly.

“Chen’er, you go out first. I’ll deal with it here!” Liu Dailan winked at Xiao Chen.

They had to retreat first.

“Uncle Xiao, is he all right?” Chen Huimin is still worried about Xiao Jianming’s condition at this time.

“It’s all right. It’s just the recurrence of the old injury. It’s almost recovered now.” Xiao Chen said, but there was some loss in his eyes.

Have you done so much, but you can’t get a trace of pity from the Wu family? Obviously, the second old man must have gone to see the Wu Yaqing family today.

Now there is an accident, but none of the Wu family has come.

“Brother Xiao Chen, it will be all right. Sister Yaqing must be angry for a while. Now as long as Uncle Xiao is well, let’s go back and explain clearly.” Behind her, Chen Huimin deliberately used a brisk language.

Looking at Chen Huimin with a simple and lovely face, Xiao Chen seems to have some changes in her heart. Wu Yaqing, who has been guarding for so long, doesn’t care about herself as much as a little girl who has just met for a few days?

At this time, the mobile phone rang and took it out to see that it was Wu Yaqing.

“Hello? Where are you?”

This is the first time in three years that she took the initiative to call herself, using her mother-in-law’s mobile phone.

“I’m in the hospital. My father fell ill.” Xiao Chen felt some bitterness in her throat when she spoke.

It seems that I have been wronged too much over the years.

“Is your father... Okay?” The voice at the other end hesitated.

“Fortunately, I arrived in time.” Xiao Chen answered.

“You’ve been lying to me, haven’t you?” Wu Yaqing said, his voice inserted into Xiao Chen’s heart like a sharp sword.

Cheat? I’ve worked hard for so many years. Recently, my skill recovery has also helped the medical school and my family. Is this a lie? What did you cheat? Is it hard to cheat yourself?

“What did I... Lie to you?” Xiao Chen asked.

The God Of Medicine Son-in-law Chapter 37

The other end was silent after hearing this sentence, but then said, “I think we should have a good talk and fix a place!”

“OK, I’ll see you at Fenlan Cafe this Sunday!” Xiao Chen thought of the place where they first met.

“Yes.” The man promised and hung up.

“What else is there for that smelly boy to meet? You don’t think the disaster he brought to this family is enough. He’s cheating now! Such a waste still dare to cheat!” Zhao Sulan is still reluctant.

“Mom! Can you say less? I want to be quiet!” This is the first time that Wu Yaqing spoke so loudly to his mother.

For a moment, Zhao Sulan was speechless. Wu Changqing on one side couldn’t get in. It was the first time he had seen his daughter talk back to his wife.

“Well, it’s turned upside down. When I grow up and my wings are hard, I don’t care what I say. Who am I doing so much for?” Zhao Sulan saw Wu Yaqing run into his room. I even feel wronged.

“Well, everything will pass.” Wu Changqing hugged her and comforted her.

“It’s all your dead father’s fault. When he dies, he doesn’t forget to harm our family!” Zhao Sulan beat Zhao Changqing on the back.

“All right, all right.” Wu Changqing still comforted in a soft voice.

“Brother Xiao Chen, why don’t I ask my father to arrange for my uncle and aunt to live in my house tonight?” Chen Huimin on one side saw that Xiao Chen had been lowering her head, so she said something.

“No, Miss Chen, why don’t you go back first? I have something to talk to my parents.” Xiao Chencai found that Chen Huimin had been following him.

“Well... Call me whenever you need anything!” Chen Huimin couldn’t find any good reason to stay, so she had to make a phone gesture.

“OK, be careful on the way.” Xiao Chen whispered.

“It doesn’t matter. I have a driver! Remember to contact me if you have anything!” Chen Huimin seems reluctant to give up.

“Well, see you next time!” Xiao Chen said and went to Xiao Jianming’s ward.

“Da! Da! Da!” There was a quick knock on the door outside.

A fat female doctor in a white coat came to the ward. Looking at the Xiaochen family like a hick.

“Xiao Jianming, on the 28th, the medical expenses have not been paid yet? Is the operation done?”

“People are all right.” Liu Dailan replied.

“It’s all right? Can you recover from heart disease?” The fat woman doctor was a little surprised, but she didn’t want to know so much.

“The patient’s nursing fee, nutrition fee and other miscellaneous expenses are 85000 in total. Please pay there!”

“This... Is it still so expensive after getting well?” Liu Dailan looked at the fat woman doctor in disbelief.

Xiao Jianming turned his head and looked at her. His eyes were full of doubts and dissatisfaction.

“Please show me the bill.” Xiao Chen directly reached out and took the bill in her hand.

“12000 for nursing”

“Ten thousand for nutrition”

“Thirteen thousand for first aid”

.....

Xiao Chen can’t see it anymore. It’s almost dark.

“What are you looking at? Go and pay. It’s illegal to default on the public funds of the hospital!” The fat woman doctor said and walked away.

“Son, what should I do?” Liu Dailan’s eyes were full of helplessness.

“Mom and dad. You wait here a little while. I’ll pay the money.” Xiao Chen said in a deep voice.

“Where did you get the money? Don’t do anything stupid, son!” Liu Dailan’s eyes were red and seemed to be about to cry.

She is the one who knows Xiao Chen best. From small to large, the calmer he is, the more serious it will erupt next.

“Don’t worry, mom. I won’t do anything to worry you.” Xiao Chen smiled.

He closed the door of the ward and went to the payment counter. It was already noon. Most of the doctors, nurses and staff are off duty.

Only the little nurse who had previously been crying remained at the window while eating takeout. While brushing his cell phone.

“Hello, pay the fee.” Xiao Chen’s voice was slightly magnetic.

The little nurse saw that the visitor was still a little handsome. In an instant, his attention turned to him and wiped the oil on his face.

But when I saw that I was wearing some ground goods, my face changed.

“A total of 128000, cash card or mobile phone?” The little nurse didn’t look at him and was still chewing rice.

“I’d like to ask what kind of care you have done and what nutritional drugs you have? What kind of high-end car is it? It’s so expensive at one time?” Xiao Chen didn’t play cards according to common sense, but threw a lot of problems first.

The little nurse was still paying attention to the handsome man on the mobile phone. Suddenly asked by such a series of questions, his eyes glanced at Xiao Chen. Then he said:

“Why? No money? Don’t live in such an expensive hospital without money. People are here and worry about money? Is life important or money important?”

“I’m sorry. Did your hospital take the responsibility to treat my father?” Xiao Chen continued.

“How can you treat it if you don’t pay? You can change a hospital at will. You can treat it as a welfare home!” The little nurse’s voice was very sharp.

The rest of the hospital heard it, too.

Liu Dailan also helped Xiao Jianming out of the ward. When she saw Xiao Chen arguing with the little nurse, she hurriedly said, “son, let’s borrow some from the Wu family first, and then try to return it.”

Xiao Jianming on one side was silent. Now the scene was more painful for him than death.

Poor! Everything is because of poverty!

“Mom, didn’t you agree to wait for me in the room?” Xiao Chen took his mobile phone. He recorded everything that had just happened.

Then it was sent directly to the Internet.

Then immediately, some netizens began to comment on the hospital.

“I’ve been there before, so I took a look by the way. I was knocked out for thousands!”

“Why is such a hospital still there?”

“Where is this? Why is the hospitalization fee so expensive?”

.....

The little nurse doesn't know that now she has become the "Internet celebrity" of Donghai city. On the other side, he mocked: "call your relatives to borrow money! The family is poor!"

Xiao Chen was not angered, but took out his mobile phone and brushed it at will.

"Di! Pay to the account, 120000 yuan!"

The little nurse was still filling the water dispenser on one side. After hearing the sound, she almost didn't even hold her own kettle steady.

"Well, let's go." Xiao Chen helped the second old man out of the hospital.

When she found it, she came to the famous Ruyi hotel in Donghai city. Xiao Chen arranged for the second old man to stay, while she called Zhang Xian.

"Hello! Brother Xiao Chen, what can I do for you?"

"Nothing. I just took a short video. I hope you can forward it." Xiao Chen said with a smile.

The God Of Medicine Son-in-law Chapter 38

"Oh, right away, I was busy before and haven't noticed." There seems to be some guilt in Zhang Xian's tone.

"It's all right, it's all right. I'm in trouble. I wish I didn't disturb your work." Xiao Chen said.

"Where, where. Brother Xiao Chen's business is my business!" Zhang Xiandao.

They exchanged greetings for a while and hung up.

Seeing that Xiao Chen specifically called himself, Zhang Xian still attached great importance to this matter.

Open it. I knew it was the case of arbitrary charges by the hospital. It seems that he still recognizes it. It's Guanghua hospital.

Because there are some relationships in the city behind this hospital, no one has dared to check it.

Now it has been exposed by Xiao Chen, and Zhang Xian has long been dissatisfied with this matter. It was also very expensive for my children to see a doctor there.

So he directly forwarded it to the group of the police station and asked everyone to forward it.

Overnight, Guanghua hospital became the most popular hospital, but not because of medical skills, but because of its high cost.

Cao Hua, President of Guanghua hospital, was scratching his head in the office at this time. He didn't know what kind of solution to think of.

"Call me the little nurse on duty yesterday!"

"Dean... What can I do for you?" The little nurse's voice trembled with fear.

"Look, look for yourself. You have become a 'net red' nurse in our hospital!" The Dean was so angry that he smashed his mobile phone on the table.

The little nurse clicked on the video.

"Ah! This..." the little nurse instantly recognized that one of them was herself.

“Do you know who you got into trouble with?” Cao Hua looked at her straight with gold wire glasses.

“He, isn’t that boy a poor family? He’s still procrastinating in settling accounts...”

“Poor? Ah? You have a good eye! People don’t know how hard their relationship with the city is. How many times have I said it. I don’t understand the truth that you should be low-key, high-key and low-key?” Cao Hua was so angry that his nose was crooked.

“Take this man away from me. Don’t come to work in the future. Pack up your own things and go away!” Cao Hua kicked the little nurse out.

“Dean, this... Although it was brought out by nurse Tan, it didn’t have much to do with her...” a deputy dean came forward to say good words to Cao Hua.

“Pa!” Cao Hua slapped the case and shouted, “she doesn’t matter? Our hospital is going to be finished, you know? The top is going to start the investigation, you know? She doesn’t matter, you take the responsibility? Or you? You? You?”

Cao Hua pointed to the other directors and vice presidents one by one.

Everyone got up from their seats in fear.

“Pack up and go!” Cao Hua is now like a crazy lion.

Soon news broke out that Guanghua hospital was closed for investigation because it was suspected of illegal business in many aspects.

The other side. The time agreed between Xiao Chen and Wu Yaqing is also up. Xiao Chen still arrives at Fenlan cafe in advance.

But I didn’t expect Wu Yaqing to arrive earlier.

Both of them smiled awkwardly when they met, and no one spoke first.

“Actually.”

“Actually.”

“Say it first!”

“Say it first!”

“Then I say!”

“Then I say!”

The words they said were surprisingly consistent, and they fell into silence again in an instant.

“In fact, over the past few years, my family has been a little too... Harsh on you.” Wu Yaqing looked at the coffee in front of her, and her voice became smaller and smaller. Finally, it was like the cry of mosquitoes.

“In fact, I did something wrong.” Xiao Chen also lowered his head.

“Well... Did nothing happen between you and Miss Chen?” Wu Yaqing spoke with difficulty.

“I don’t believe it. I can call Uncle Chen Wen directly. If I do something about his daughter, he will come to the door now!” Xiao Chen seemed to want to prove it to her immediately.

“OK, OK. I believe you!” Wu Yaqing stopped Xiao Chen’s way, then blushed and said:

“I shouldn’t have hit you.”

“Clay figurines have three points of fire. No one can have a temper yet.” Xiao Chen smiled.

Wu Yaqing looked at Xiao Chen so close for the first time. Now he felt that there was a trace of heroism between his eyebrows and eyes.

I was fascinated for a moment.

“Er... What’s the matter with you?” Xiao Chen shook his hand in front of her.

“Oh, I’m fine. Where do you live now?” Wu Yaqing asked.

“I live in a hotel. My parents are there, too.” Xiao Chen took a sip of coffee.

This is the first time for the two to sit opposite each other in a cafe in this capacity. Xiao Chen likes this feeling very much.

Now he feels that he and the other party are equal.

“Oh, uncle and aunt, are they all right?” Wu Yaqing road.

“Very good. Where are your parents?” Xiao Chen also asked back.

“Well, not bad.” Wu Yaqing stirred the coffee with a spoon. Look at the ripples in one circle.

Both fell into silence.

“How’s the hospital?” Xiao Chen thought of the shabby scene he saw when he returned to the hospital.

“Well, it’s already under repair. It’ll be back to work soon.” Wu Yaqing replied, but remembered the appearance of Xiao Chen sent back by Chen Huimin.

His hands were unconsciously tight.

“Do you still mind me and Miss Chen?” Xiao Chen seemed to see her mind.

“Ah? No... No.” Wu Yaqing hurriedly covered up.

“If you can’t stand it, let’s divorce!” Xiao Chen didn’t seem to want to spend any more. He suddenly felt very boring.

When it comes to divorce, Wu Yaqing’s whole body trembled.

Although Xiao Chen saw it in her eyes, she didn’t break it.

“I’ll clean up and leave the house. I’ll give you the car and the money on my card. There should be no problem for the rest of my life.” Xiao Chen stood up and seemed to be leaving.

“What car?” Wu Yaqing suddenly raised his eyes and asked.

“It’s the rexa phantom. You always thought I borrowed it from someone else. In fact, it was given to me.” Xiao Chen said.

Wu Yaqing’s Apricot eyes widened in an instant. Unexpectedly, what he didn’t believe all the time turned out to be true.

“Why didn’t you tell me all the time?”

“You didn’t give me a chance, and you don’t believe me.” Xiao Chen had some helplessness on her face.

Indeed, he has been proving his strength all the time, and none of the Wu family believed him.

And he has endured it all the time, which is why this situation was finally caused.

“Is there really no room for redemption?” Wu Yaqing drooped down her face and couldn’t see her expression clearly.

“I may not really deserve it. After I leave, I don’t take care of my family. I have to eat on time. It’s really not good. I can hire a nanny with the money I leave.” Xiao Chen seems to have made up his mind.

The God Of Medicine Son-in-law Chapter 39

Three years of love, three years of being a cow and a horse, finally got such a result. Xiao Chen has a clear conscience. He doesn’t know how to go next. At least take care of his parents first.

“That bastard is really cheating! Is it not enough to prove that he is guilty?” Zhao Sulan reached this conclusion immediately after hearing Wu Yaqing’s statement.

Wu Yaqing, who had no feelings for Xiao Chen, now found that he was missing such a “follower”.

Without the “waste wood” who has been riding a small electric donkey to help himself with chores.

Her heart suddenly felt empty. I don’t know what to do. I often lose my mind even at work.

She had to be reminded by others.

Wu Changqing and Zhao Sulan learned that Xiao Chen had left Wu Yaqing a huge fortune and a limited edition car worth tens of millions. I was shocked.

Zhao Sulan, who had a very bad attitude towards Xiao Chen, even said a good word about him.

“As a man, it’s actually very good to do housework to this extent.”

Now they even began to regret that they had missed a real “golden turtle son-in-law”.

But fortunately, the property left behind is enough for them to spend their whole life.

Back to the hotel, Xiao Chen now has only a few thousand yuan left, which is only enough for his parents to stay in the hotel for a few more days.

“Mom and dad. I’m clean and out of the house. I’m sorry for Yaqing.” He knelt before Xiao Jianming.

Liu Dailan covered her face and wept, and Xiao Jianming was also very silent.

“Xiao Chen, you answer me honestly. Are you really cheating?” Xiao Jianming asked solemnly.

“Dad, I’m here. I swear to God, I didn’t do anything sorry for her. If I did, I would be hit by five thunders!” Xiao Chen’s eyes are very firm.

“Well, I believe you, get up!” Xiao Jianming pulled up his son.

“Have you recovered your skills?” Xiao Jianming said in Xiao Chen’s ear.

“Sort of, another kind of recovery.” Xiao Chen answered softly.

“Well, we two old people can’t stay here all the time. Although you’re out of the house now, you still have some money in your hand. Work hard here! You must not disgrace my Xiao family again!” Xiao Jianming patted Xiao Chen on the shoulder.

Looking at his father's expectant eyes, Xiao Chen secretly made up her mind. Be sure to recapture everything that belongs to you again, return to the medical immortal gate and take charge of it.

After the two left, Xiao Chen couldn't find a good place for the time being. Suddenly, a strange phone came to her mobile phone.

After picking up, old Liu's voice came from inside: "Xiao Chen, little miracle doctor, you are free now. Let's make an appointment and I'll treat you well."

"Ah? Mr. Liu, I'm so sorry. In fact, I haven't done much. It's right for doctors to save people." Xiao Chen said modestly.

"How can this work? We agreed last time, but we can't break our promise, otherwise I can't hang on the old man's face!" Old Liu seems unwilling to give up.

"This....." Xiao Chen still hesitated.

"Oh, it's all right. I won't delay my kung fu. Does the little miracle doctor have an appointment in the evening?" Old Liu has some fun with tunnel.

"Where, where, then. Obedience is better than respect!" Xiao Chen has nowhere to go now, and it's not good to refuse any more.

"Well, where are you now? I'll send someone to pick you up!" Liu Laodao.

"Yes, under the Longmen Hotel." Xiao Chen looked at the hotel road behind him.

"OK, just a moment. I'll come in a minute." Old Liu hung up the phone.

After a while, a Maserati appeared in front of Xiao Chen. Liu Xue, who was dressed quite brightly, wore sunglasses, smiled at him and said, "miracle doctor, get in the car!"

Arriving at the five-star Dragon Hotel in the East China Sea, Liu lao Zheng stood at the door waiting for Xiao Chen's arrival.

Some of the other descendants of the Liu family stood aside, all respectful to Xiao Chen.

The hotel staff who greeted the guests saw that Xiao Chen was wearing ground stall goods, so they couldn't help but despise him.

Liu Xue is intentionally or unintentionally close to Xiao Chen, which makes him feel a little uncomfortable.

"Come on. Sit down. This time, you've invited the miracle doctor out!" As soon as old Liu sat down, he began to praise Xiao Chen.

"Where? I just know a little bit of medicine." Xiao Chen remained modest.

"Doctor Xiao Chen, I seem to have heard recently that you divorced Miss Wu." Liu Guanghong said on one side. He is Liu Xue's father. Now he is also a senior cadre in the organ.

"Well, it's true." Xiao Chen didn't hide it.

"Oh, without a good son-in-law like doctor Xiao, if it were my son-in-law of the Liu family, it would be too late for our family to love." Liu Guanghong said and gave Xiao Chen a chicken leg.

"Uncle joked. I'm not worthy of Miss Liu Xue. I'm also highly educated. I'm beautiful and still making contributions to the country. I'm just a bastard who knows a little about medicine." Xiao Chen shook his head and said.

"Dad, what do you say?" Liu Xue's beautiful face also produced a trace of blush.

"Don't know where Doctor Xiao is?" Liu Lao asked a more realistic question.

“This... Has no place to go for the time being.” Xiao Chen also smiled awkwardly.

“That’s good. Didn’t our two hospitals say they still lack an attending doctor? I think it’s OK to introduce Dr. Xiao to be an attending doctor and vice president.” Liu Lao immediately said.

“Yes, that unit is still close to Xueer’s unit. At that time, young people can still communicate more.” Liu Guanghong also gave Liu Xue several eyes.

“I hate it. It’s not for people to eat.” Liu Xue said angrily.

“Ha ha! Xiaoxue of our family has been spoiled since childhood. Forgive me, doctor Xiao.” Old Liu laughed.

Xiao Chen felt as if he had come to the wrong place. I just got divorced. The news of this family is so well-informed. Now I start to set myself up to match myself and Liu Xue.

“Well, in fact, I’m still very emotional. I’ve just experienced some things. Personally, I still think I need to slow down.” Xiao Chen thought of a speech to divert other people’s attention.

“Well, Mr. Liu, I think your situation may still need some medicine for conditioning. I’ll prescribe some for you at that time. There are also some kidney yang deficiency for these people. I can prescribe some medicine for everyone by the way.”

As soon as the Liu family listened, Xiao Chen saw the problems of everyone. Instead of feeling that there was anything inappropriate, they all gathered to listen.

Then everyone left behind the matter of matching Xiao Chen and Liu Xue.

The God Of Medicine Son-in-law Chapter 40

During this period, Xiao Chen went to the toilet and happened to be bumped into by the waiter who welcomed the guests. Xiao Chen ignored him.

But the waiter who greeted the guest was a man, but he had some gossip, so he chatted with other waiters about Xiao Chen.

“Hey, I said. This man dressed like a beggar, how can he be liked by senior officials in the city. He also invited him to dinner here.”

“I don’t know. People may be capable.”

“I think this guy looks like a magic stick. He’s probably fooling others. Why don’t we find a way to expose it?”

“Forget it, this kind of thing is not authentic!”

“Hahaha, really, I’m kidding.”

They left laughing and joking.

All this was heard by Xiao Chen.

From the moment he entered the door, he found that the welcome waiter had AIDS and was seriously infected.

But I don’t know it yet.

But he didn’t take it to heart.

Back in the box, old Liu’s family were a little drunk. Old Liu was happy to come out for dinner because of Xiao Chen’s honor.

After a few more drinks, Xiao Chen was hardly drunk.

Because he just drove the alcohol out of his body.

Liu Xue also had a little drink. Now she is also pretty and has some good luck. She looks at Xiao Chen with eyes like silk.

“Doctor Xiao, thanks to you. I can see feng Enron’s face clearly. Come on, I’ll give you another toast!” She put her hand on Xiao Chen’s shoulder.

The Liu family saw it, but they didn’t say anything to stop it.

Xiao Chen gently pushed her hand away, and suddenly the smell of female perfume came to her, so that Xiao Chen was also somewhat enchanted.

But the good thing is that he has enough concentration. She returned a glass of wine and helped her back to the chair.

“Does doctor Xiao think I’m old and have an ex boyfriend, so I’m not clean?” Liu Xue suddenly showed some grievances.

“Of course not. As I said before, please don’t speculate too much about Miss Liu Xue.” Xiao Chen is still smiling.

But Xiao Chenyue is like this. The more unconvinced Liu Xue felt in her heart, she didn’t understand where she lost compared with Wu Yaqing.

But she didn’t know that the feelings Xiao Chen yearned for were different from the so-called love in their eyes.

After dinner, he was sent to the bottom of Longmen Hotel.

Xiao Chen felt the few hundred dollars left in his pocket, and suddenly felt a trace of sadness.

It seems that I'm going to find a small hotel tonight.

As the saying goes, it's not that the enemy's road is narrow.

Just a few steps. Almost hit by a speeding BMW.

The driver inside also leaned out his head and scolded, "you stinky beggar, touch porcelain!"

Xiao Chen recognized at a glance that this was Dilong's hand. He was one of the people whose bones were broken last time.

Then a man came down from the car. He was really Dilong's brother. Di Hu, a face full of flesh. Holding two coquettish women.

Discerning people can see what they're going to do next.

But Xiao Chen suddenly remembered that Wu Yaqing's hospital was smashed.

Nine times out of ten, Di Hu asked someone to do it.

Although I divorced, it happened before marriage. And the responsibility lies with yourself.

He walked up quickly.

"Stinky beggar, do you really want to touch porcelain! Will grandpa kill you!" The tall and thin man looked vicious.

But after seeing Xiao Chen's face clearly, the whole person was stunned in an instant, and then he was scared out of his wits. While running, he shouted, "brother tiger, run!"

"Run? Run what run?" Di Hu drank some wine and now it's right on top.

"Oh, brother Hu is in the East China Sea. Who doesn't know how powerful it is? Does anyone dare to provoke brother Hu?" A woman flattered me.

"Well, I like to hear that. Come on, give me a kiss." Then Di Hu kissed the woman on the face.

"Brother tiger. I want it too!" The woman on the other side said angrily.

"Don't worry, you too!" Di hu wants to eat these two goblins now.

"Di Hu, do you remember me?" Xiao Chen's voice came.

"Who are you? If you know it's brother Hu, how dare you provoke it?" The woman on di Hu's right, relying on di Hu's presence, directly threw her face at Xiao Chen.

Di Hu pushed the two women away and staggered to Xiao Chen.

"Who are you? Hmm? Dare to provoke me? Do you know who I am?"

Originally, he was relatively tall and became more arrogant when he was drunk. Looking at Xiao Chen proudly.

"Hum! It doesn't matter who you are, but I only know that in the next second, you will be disabled!" The corners of Xiao Chen's mouth aroused a sneer.

The seven segments were broken in a thunderbolt, and the bone on di Hu's right hand was instantly broken into seven sections.

“Ah!” He let out a scream and fainted with pain.

The two women behind hurried to escape.

One of them ran and shouted, “kill! Call the police!”

After a while, the tall and thin man who ran away earlier rushed over with a team of people.

“Protect brother tiger! Take that boy down!”

There were no fewer than thirty people. They were all strong men with weapons in their hands.

But Xiao Chen was not in any panic and waited for them to come up.

“Give it to me! Who beat this boy down? Brother Hu has a reward!” The tall man gave a loud roar.

“Go!”

More than 30 strong men rushed directly at Xiao Chen and waved iron bars on their hands.

“Click!” “Click!”

The continuous sound of broken bones sounded again and again. There were only a few left of more than 30 strong men, and the others fell to the ground and wailed.

The rest threw away their iron bars and ran away.

“You losers, so many people can’t beat one!” The tall man looked at the defeated soldiers on the ground and looked like he hated iron and didn’t make steel.

But then I saw Xiao Chen come to him.

He hurriedly knelt on the ground and kowtowed: “Grandpa Xiao Chen, please, I also work. Let me go!”

“Ah!” A scream cut through the night sky.

The next day, there were many orthopedic patients in the Municipal First People’s hospital.

But most of them are only slight bone dislocation. Only Di Hu and the tall man have comminuted fractures in their hands, which need to be repaired for a long time.

Moreover, di Hu’s hand was wrongly boned by special manipulation and could not recover completely.

In a small bungalow.

“It’s too deceptive!” Dilong threw away the China in his hand.

“Boss, I’ll tie up his wife!” A strong bald head stood up and said.

“Kidnapping! You know kidnapping? You can’t fight. Do you know what kidnapping is?” Dillon wanted to kick the bald head to death.
