

# God Of Medicine 311

The God Of Medicine Son-in-law Chapter 311

After hearing Yuan Jia say all the things about the situ family, the man's face became more ugly, but Xiao Chen's hand was always on his shoulder, and he didn't dare to act rashly now.

The man didn't know Xiao Chen originally. He was just an employee of a newly rising enterprise in Wuling, but he was favored by the situ family, so he became a dog leg. This time, he came to Yuan Jia for the shares of the yuan family.

Before coming out, situ Shou told him not to offend Xiao Chen after meeting him. They also need to find a way to lure Xiao Chen back to their company. After stabilizing Xiao Chen, they will naturally find a way to catch Xiao Chen.

So the man was so frightened after seeing Xiao Chen. Even figures like situ Shou issued a warning, which shows how terrible the forces behind Xiao Chen are.

However, what he doesn't know is that the current Xiao Chen is more terrible than the forces behind him, because if Xiao Chen wants to kill an ordinary person after he has obtained Taichu Baolu and became a god of medicine. It's like crushing an ant to death. It's effortless.

"Now that your yuan family is in crisis, why are you still staying in Wuling? Do you still have any backhand to find a certain opportunity to fight back?" Xiao Chen asked.

"No, because our family adopted a temporary absolute equity system in order to prevent the family business from getting completely out of control one day. Now 50% of the equity of the whole yuan family is in my hands, and I have to get my own consent to receive the legacy capital of the yuan family."

Yuan Jia quickly explained.

"In other words, are you safe for the time being?" Xiao Chen continued to ask.

"He, he just came to ask me for equity. I had a good meal here. He came to threaten me!" Yuan Jia seemed to have found an opportunity and stared at the man over there.

“I... I’m not, Mr. Xiao Chen. Don’t listen to him easily!” The man immediately panicked.

Naturally, Xiao Chen will not completely believe Yuan Jia’s words. Although he can just feel that Yuan Jia’s words are very natural, he has little contact with the Yuan family. Except that he met Yuan Feng last time, others just met Yuan Jia.

The two brothers feel the opposite to Xiao Chen. Yuan Feng is a very pragmatic person, at least in the construction of the factory, which makes Xiao Chen feel so, while Yuan Jia is a dandy of an aristocratic family who only spends all day drinking.

Therefore, the credibility of what Yuan Jia said is not so high on Xiao Chen’s side.

Hearing the man say so, Xiao Chen looked at him with a smile and said, “then tell me, what are you doing here? Now Yuan Jia wants money but no money and no status. What are you looking for him for?”

When the man heard this, he suddenly lost his mind. His face was very ugly, right. Why did he come to Yuan Jia? It’s not the shares in Yuan Jia’s hand. In fact, he is the only one who knows this. He originally wanted to force and persuade Yuan Jia, and then he can take the credit alone.

But now it seems that things are not what he wants. Just taking the first step, he encountered such hard stubble as Xiao Chen.

“Mr. Xiao Chen, you must believe me. I’m just an employee under the Gulf Group, because their Yuan family owed us money. Then they left the account and ran away. Today, I also met Yuan Jia on the street, and I came up to ask for the account. Don’t believe you, this is the account details!”

The man said and took out several pieces of white paper from his briefcase, all of which were printed out.

There are a few big words on the top, which really looks like a contract term sheet.

Yuan Jia didn't expect that the man actually had a contract with him. As soon as the man came up, he threatened himself. He concluded that the man wanted to force himself to return and hand over the equity of the yuan family, but now it seems that he thought too simple.

He is usually a dissolute second son of the yuan family, so when facing such things, his reaction is slower, so he has to blush and say:

"You lied. You threatened me as soon as you came here. You obviously want the equity of the yuan family. Mr. Xiao Chen, you must not believe him!"

Seeing their poor acting skills, Xiao Chen couldn't help sighing, then pulled them up and said, "now you take us to your group. Find out this matter for me."

Xiao Chen said and pushed the man in black to the front.

The man was overjoyed when he heard this. He was still thinking about how to take Xiao Chen to his group. Now I didn't expect that Xiao Chen chose to follow him.

Since you choose to go to hell, I'm not to blame!

The man was quite proud at this time. This time, he not only found Yuan Jia, but also brought back Xiao Chen that situ Shou wanted to catch. What kind of reward will he get at that time?

Thinking about the man's heart, he was very excited, but after he tried his best to cover it up, he showed a poor look and said, "Mr. Xiao Chen, you must tell me about your feelings after you go there. It's not that I'm bad, but your appearance led me to ask for accounts or come back."

"Well, there's so much nonsense. Lead the way quickly!" Xiao Chen said impatiently.

"Yes! Yes!" The man nodded quickly, and then walked quickly with the two towards the outside.

“Mr. Xiao Chen, you have to believe me. I really didn’t lie. The situ family is really behind the scenes. Now you’re a sheep into a tiger!” Yuan Jia was held by Xiao Chen. The whole face turned pig liver.

He knew what would happen to the next two people. Although the situ family didn’t have many experts in Wuling, there were Wu Feng and Ling Yun, as well as the remaining strong ones. They were no different from dying in the past.

Yuan Jia could not imagine that Xiao Chen was such a stunned person. Last time, his brother said Xiao Chen was very smart. Now it seems that his brother’s eyes on people are really not good.

“Mr. Xiao Chen! Mr. Xiao Chen! Will you believe me once? This is our first cooperation! This man is definitely sent by situ family. He just lied. He’s really lying. We’ll follow him. It’s more or less dangerous!”

Yuan Jia is still explaining that he should try his best to say anything in front of his small life.

“Real noise, how can you be like a woman.” Xiao Chen was a little helpless. She felt two silver needles in her hand and pierced Yuan Jia’s throat.

The God Of Medicine Son-in-law Chapter 312

In this way, no matter how hard Yuan Jia tried to open his mouth next, he couldn’t speak.

“You’d better not pull out the silver needle yourself. I just temporarily sealed your vocal cords. If you pull out the silver needle yourself, if you really become mute, no wonder others.” Xiao Chen warned yuan Jiadao.

Yuan Jia is really dumb to eat *Coptis chinensis* now. There is no way to say if she has pain. Xiao Chen’s strength is stronger than him and controls him to death. Now Xiao Chen can only let him be dragged into the man’s company.

After a while, the three came to a Jetta.

The man was embarrassed and said, "I don't have much money at home. I can only wronged Mr. Xiao Chen to follow me in an old car."

"Stop talking nonsense." Xiao Chen found that these two people are really the best. They have to say everything again. No wonder they can't achieve great things.

Driving the Jetta, I soon came to the downstairs of Jinsheng Group building.

Led by the man, Xiao Chen and Yuan Jia soon came to the VIP reception room on the 13th floor of the building.

"Please wait here for a moment. I'll ask our manager to come right away." The man arranged Xiao Chen and Yuan Jia with a smile and explained to them.

"Go." Xiao Chen didn't say much to him. The answer he was looking for this time should be in the company.

"Good!" The man hurried out of the office. After leaving the office, a cruel smile immediately appeared on his face.

It depends on how you run this time. I'll be developed this time!

The man thought like this and walked faster and faster. I didn't stop the car before I came to the elevator. I immediately collided with the person coming out.

Then he saw a charming beauty appeared in front of him, but it seemed that the beauty had a special identity because she was wearing the police uniform of the provincial public security team.

The man ran into a policeman and was embarrassed. He apologized and said, "I'm sorry. I'm really sorry!"

However, the other party didn't care about him, but walked straight to the room where Xiao Chen was before.

Although the man doesn't know what's going on, his main task now is to ask someone to come and solve Yuan Jia and Xiao Chen as soon as possible. When he makes a contribution and takes the money, he can live the life he wants!

Thinking this way, the man quickly came to the manager's office at the lower level. As soon as I got to the office, I saw the general manager, Fu Tao, rubbing his temples constantly. It seemed that he was worrying about something.

"Dong Dong Dong!" The man knocked gently at the door.

"Come in!" Li Tao still closed his eyes and shouted casually.

"Mr. Li Tao. I'm a new little Nie from the Sales Department of the company. I have something important to tell you!" The man came to the office and whispered.

"Say!" I don't want to go straight to the road.

"Yes, you remember the second son of the yuan family? I brought him back today!" Nie bin still whispered for fear that someone else would hear him and take his credit.

"Oh?" When Quangtao heard Yuan Jia's name, he immediately became interested, opened his eyes, looked at Nie bin and said:

"Where is he now?"

"In the VIP office above." Nie bin smiled and said to himself, seeing his reaction. He knew that it was definitely a great credit for bringing people here this time.

“HMM. VIP office, good. Well done. I’ll come back to you then.” As soon as Tao said this, he was ready to get up.

But Nie bin continued to gather together and said, “Mr. Li Tao, I have a bigger happy event to tell you!”

He was stunned. Unexpectedly, Nie bin was just a small salesperson who could do so many things. He immediately gave him a higher position in his heart.

“Come on, there’s something else.” He asked calmly with a look on his face.

“Yes, Mr. Xiao Chen, who was once wanted by the whole city, was also brought back by me!” Nie bin snickered.

“Xiao Chen!” He was shocked, then frowned and said, “why did you call him back?”

Nie bin was stunned. He didn’t expect that after knowing that Xiao Chen was brought back, he didn’t have any surprise, but was surprised on his face. Then some doubts said:

“Isn’t this the task given to us by Mr. situ? When he saw Xiao Chen, he tried to bring it back to the company, and then...” Nie Bin said and made a movement of wiping his neck.

“Bastard!” As soon as he heard this, he was furious: “who told you that we should treat our guests like this? Do you know who Mr. Xiao Chen is? People like you are not worthy to be employees of Jinsheng. Ryanorrow, go and get your salary this month and get out!”

“Ah?” Nie binmeng, didn’t situ Shou say that at the beginning? Why did Xiao Chen become a real VIP when he came to quangtao?

“Mr. Li Tao, are you mistaken? Xiao Chen, the most wanted Xiao Chen in the city, is now in our building. As long as you contact Mr. situ, he will send someone to deal with him!” Nie bin also tried to explain.

“Get out! Get out now!” Li Tao roared at Nie bin as if he were roaring.

At this time, it was evening, and there was no one on the whole floor, so the roar of the full force was particularly loud.

“Yes... Yes.” Nie bin was frightened and quickly withdrew from the office.

He couldn't figure out why Xiao Chen was the man situ Shou said before. Why has the attitude of Xintao towards Xiao Chen changed 180 degrees? Can it be said that situ Shou has changed his mind again?

With a bellyful of questions, Nie bin was successfully fired, or because he thought he could make great achievements.

At this time, Hua xuwan happened to pass by the office of Xiao Chen and Yuan Jia under the leadership of several of his guards.

It turned out that the charming police flower that Nie bin just bumped into was Hua xuwan. Today, Hua xuwan wore the provincial police uniform to cover up her identity, but she was so beautiful that many big people wrote her down as soon as they met.

Even if she disguised again, she would still be recognized. Therefore, at the moment of seeing her coming, Fantao also had a headache. This policewoman is not so easy to provoke. She not only has a large background, but also has never been merciful in the judgment. Today, they came to Jinsheng.

Quantao feels a lot of pressure. After all, he does have a certain connection with situ Shou. Now the other directors of the whole company are absent, and he is the only general manager here.

Nie bin just brought Yuan Jia back. It's OK to deal with it at that time. I didn't expect to bring Xiao Chen.

The God Of Medicine Son-in-law Chapter 313

At this time, he really gathered a table of people to play mahjong, but the problem is that he is in a small position now. It's not good to please Xiao Chen and Hua xuwan, and it's bad not to please.

This really made him feel that his head was big for a while. He wanted to beat Nie bin, a blind thing.

Although there was some resentment, what should be done still had to be done. He had no choice but to walk towards the 13th floor.

"Xiao Chen, why are you here?" Hua xuwan's eyes caught a glimpse of Xiao Chen and then stopped. Entered the office where he and Yuan Jia were located.

Xiao Chen was also surprised, but his expression was calm. He smiled and said, "yes. I just came here. Why is Miss Hua investigating the case here?"

At first, Hua xuwan felt a little surprised, but then she found that Xiao Chen's purpose here was not simple. After many investigations, she found that the situ family had close contacts with the senior management of Jinsheng Group. After checking it during the day.

In the evening, she also came for a surprise inspection, and Xiao Chen came here without investigating anything. This made Hua xuwan feel a little surprised.

"What are you doing here? Why are you here?" Hua xuwan asked, sitting on the sofa opposite Xiao Chen.

"Now that everyone is here, don't hide. As I said earlier, I know this thing is not so simple. Xu Da can be just the tip of the iceberg, and there may be more forces behind it. So I'm also here to investigate. But I'm lucky to meet this son yuan and an employee of the group, so I came here 。”

Xiao Chen directly said his situation in the evening.

"Your luck is really good. It's faster than my investigation day." After hearing this, Hua xuwan was a little unwilling.

“It’s nothing. Now that everyone has arrived, let’s say what we have. I think the senior management of the group should come soon.” Xiao Chen said calmly.

“Well, let’s wait here.” Hua xuwan said and sat on the sofa. He didn’t seem to be ready to leave again.

After a while, with a little stomach, Tao sorted out his clothes and came to the 13th floor. Seeing the guards of Hua xuwan not far away at the door of a room, he tried to keep a professional smile and walked towards the room.

When he came to the door of the room, he saw Xiao Chen and Hua xuwan at once. He was stunned. Then he immediately recovered the smile on his face and said, “all three are here.”

“Are you alone? Didn’t you say there were other shareholders?” Hua xuwan was still dissatisfied when he saw that Quantao had been alone. At least three shareholders had agreed to come.

“I’m really sorry, Miss Hua. I’ve contacted the other three. They’re all busy, so they can’t leave. Please forgive me.” With this, Li Tao bowed to Hua xuwan.

“Hum, is this the attitude of your group?” Of course, Hua xuwan won’t eat this set. She always asks for seeking truth from facts. She says that if there are several people, they are several people. If there are fewer people, she won’t buy it, let alone in Wuling.

Even when handling the case in Kyoto, she never gave anyone face.

“This...” Li Tao was embarrassed immediately. But I don’t know what to say.

“Sir, sit down and talk to us first.” Xiao Chen over there saw that the atmosphere was wrong, so he spoke.

“Thank you! Thank you, Mr. Xiao Chen!” He hurriedly prepared to enter the office.

“Who said to let you in? If no one is found, don’t go back tonight. We’ll talk when we find someone!” Hua xuwan snapped aside.

Obviously here. Hua xuwan’s words are words, and what Xiao Chen just said can only ease the atmosphere.

Seeing that Hua xuwan was so overbearing, Xiao Chen had to smile on the side. After all, she was sent down because of her own business. If she didn’t give Hua xuwan face here, she might not be easy to get along with in the future.

But at present, Quantao is estimated to be unable to find other senior managers. It is not a way to keep deadlocked. While Xiao Chen is constantly thinking, Quantao is also constantly thinking about which shareholder can get up at this point.

Just when both sides are in trouble. Suddenly a voice came from outside:

“Mr. Xiao Chen and miss Hua are here. Naturally, I’m indispensable.”

The sound fell and a hand-held folding fan. A man dressed as a young man of the Republic of China came in.

“Flowers all over the sky?” Xiao Chen and Hua xuwan were surprised at the same time. Unexpectedly, he would also appear here.

“It’s great that both of you are here. I happen to be here to investigate. Why don’t you join us?” Hua Mantian said and came to Hua xuwan to sit down.

But Hua xuwan immediately shouted, “where do you sit? Do you have eyes?”

The flower smiled twice and said, “I think I’m familiar with Miss Hua, so I’m casual.”

“Who knows you better?” Hua xuwan glanced at him angrily.

“Yes...” flowers all over the sky, with an embarrassed face.

Xiao Chen couldn't help laughing when she saw this scene. It seems that the flowers all over the sky still have the tendency to be abused. Hua xuwan has treated him like this. He is still trying to please Hua xuwan. It's really cheap.

“Master Hua, it seems that you can't invite so many shareholders tonight, and miss Hua doesn't agree with me to talk alone. What should I do?” Tao Tao asked cautiously.

He could see that Hua xuwan was now forced to spend all over the sky. But in terms of official position, huamantian's official position is actually higher than huaxuwan, so huamantian's words count as long as he thinks about it.

After hearing this, Hua Mantian also seemed a little embarrassed, but then he made a decision and said, “why don't we talk to the general manager tonight? After all, we can't come in vain. What do you think? Sister Xu Wan.”

“I think so.” Xiao Chen suddenly echoed.

This scene is somewhat unfavorable to huaxuwan. Huaxuwan originally thought Xiao Chen was on his side. Unexpectedly, Xiao Chen agreed with the opinion of flowers all over the sky, and immediately felt unhappy.

Immediately stood up and said, “if you want to talk, you talk well, I won't talk!”

Then he walked out angrily.

“Hey, sister Xu Wan, don't go. There's something to discuss...” Hua Mantian still wants to keep Hua Xu Wan.

The God Of Medicine Son-in-law Chapter 314

But Hua xuwan walked out without looking back, and the two guards behind him hurriedly followed up.

Hua xuwan's character has always been like this. When doing things, she will replace her feelings, but it is because of this that sometimes her feelings help her find the truth of some things.

But this time she didn't for any other reason, just because Xiao Chen agreed with the words of flowers all over the sky. That's why she looks so angry.

Of course, Xiao Chen didn't know that Hua xuwan was angry because of his words. After all, since the appearance of flowers all over the sky. She was a little angry, so just after Hua xuwan left, Xiao Chen thought it was because flowers were all over the sky here.

Seeing Hua xuwan gone, the interest of flowers all over the sky was also reduced by half. He was thinking that he didn't seem to have said anything else except what he just said to talk to Fantao first. Could this sentence irritate Hua xuwan?

Although he was full of doubts, he still came with a task today. The situ family noticed Xiao Chen's trend, so they asked him to come to the rescue site first. Hua Mantian ran here in a hurry because he knew that Hua xuwan was there.

Who knows that he just came here and drove away the LORD he wanted to see. This is really something unacceptable.

Seeing that Hua xuwan was gone, Quantao breathed a sigh. The aunt finally left. Look at the situation just now. It seems that he can't contact anyone tonight. It's estimated that Hua xuwan can't let him go.

All of a sudden, he encountered a surprise inspection. All of a sudden, he was arranged by his superior to receive Hua xuwan. Then the short eyed Nie bin brought Xiao Chen here.

Fortunately, huamantian also came. Although it is indeed a table of mahjong, it is good that huamantian is on his own side. At least you can handle it.

Now that Hua xuwan is gone, he has some advantages on his side.

“Let’s go when Miss Hua is gone. Let’s talk about the subject now.” Xiao Chen took the lead in speaking.

Hearing this, Li Tao, who was a hundred willing, quickly nodded and sat down in a chair on one side and said, “what kind of thing does Mr. Xiao Chen need to find me today?”

When they heard that they were talking, the flowers were all over the sky and they were sad. Looking back, I looked in the direction of the two.

“What about the man who brought me before?” Xiao Chen suddenly asked curiously.

“Ah? He...” Quantao was stunned. He just opened Nie bin, and Nie Bin’s position is too low. It is estimated that he can’t find anyone now.

“You won’t fire him, will you?” Xiao Chen hit the nail on the head.

“No... how could it be. He is a salesperson of our company. He should have left work long ago. After bringing you two back, he hurried to tell me that he was going home. It is estimated that his wife is urging him. Everyone knows this.”

He said with a meaningful smile.

“OK. What’s the use of that little man? Today we’re here to talk about the abandoned factory over there.” Flowers all over the sky, suddenly serious.

“What Hua Shao said was the new Dongcheng Industrial Zone above Huanghai village, which had been stormy before?” He pretended to be surprised. It seems to be the first time I heard about it.

“That’s it.” Flowers all over the sky nodded.

“Oh, the whole Wuling knows about that. It turns out that Xu Da and a group of senior officials secretly opened a mine under the factory in order to make money. Many people in front came to investigate. Finally, their whereabouts were unknown. Fortunately, you came this time, otherwise we don’t know when the matter will be found out. Xu Da is really a devil!”

The more he spoke, the more excited he became, as if Xu Da were in front of him now. He can’t wait to go up and beat Xu Da up.

Seeing such an exaggerated performance, Xiao Chen couldn’t help sneering at one side.

All-out Tao seemed to notice Xiao Chen’s smile, so he looked at Xiao Chen and asked, “Mr. Xiao Chen doesn’t know why he’s smiling?”

“Oh, I think of something happy.” Xiao Chen found a reason very casually.

“Happy things? What happy things?” Flowers on one side asked suspiciously.

“I picked up a treasure in the mountains two days ago. The value is quite high.” Xiao Chen couldn’t help laughing.

People with a clear eye can see that this is the reason made up by Xiao Chen casually, but the speaker has no intention, but the listener has an idea.

Found a baby in the mountains? Isn’t that the Taichu Baolu on the back mountain of Huanghai village? Did Xiao Chen really get it? The more flowers filled the sky, the more they began to doubt Xiao Chen.

“I don’t know what it is, baby?” Flowers filled the sky and asked from the head.

“What baby?” Xiao Chen was still smiling. Unexpectedly, the flowers all over the sky really came to the bottom. After being stunned, Xiao Chen said, “it’s a baby like a crystal ball, with a sun like jewelry in it. It looks quite valuable for collection.”

After hearing Xiao Chen's description, Hua Mantian immediately stood up and asked, "where is that thing now?"

Xiao Chen didn't expect that Hua Mantian would react so much, and the full force Tao on one side was also startled. Yuan Jia was already scared to shrink aside. He didn't intend to get involved in tonight's affairs, but he was brought by Xiao Chen in desperation.

"Mr. Hua, why are you so excited?" Xiao Chen drank the tea in front of her very calmly.

"Say! Where is the thing!" Hua Mantian didn't seem to hear Xiao Chen's words and continued to question.

"What? Why should I tell you where the baby I found is?" Xiao Chen suddenly looked cold.

After feeling a little cold, Hua Mantian realized that he had just lost his manners. Now his relationship with Xiao Chen is not particularly close, and Xiao Chen's skill is not general, so it's no good for him to challenge Xiao Chen here.

So Hua Mantian calmed down, sat back in his position, and then said, "I just want to verify whether what Mr. Xiao Chen said is true. After all, there is no funny element in what the manager just said."

"It's my freedom to laugh or not. I'll laugh if I want. Do you have to take care of such things as Mr. Hua? Do you have to take care of people all over the world eating, drinking and sleeping every day?" Xiao Chen sneered.

"You!" The flower was a little angry, but he immediately thought of something and said, "let's talk about the matter."

The God Of Medicine Son-in-law Chapter 315

"OK, let's talk about it." Xiao Chen didn't tangle with him too much, but turned to the full Tao and asked, "I heard that your group is going to buy the yuan family. Is there such a thing?"

“The acquisition of the yuan family may be more important. Although I am the general manager, there are more than ten vice presidents and dozens of shareholders in our group. I don’t know much about this.” He replied quickly.

He’s telling the truth. Because in his position, he has no ability to understand such a big thing, and the only thing he knows is that the group really wants to bring yuan into its own pocket.

But he can say he knows or doesn’t know this. Even Xiao Chen suspects it. He also has reason to state that no matter whether Xiao Chen asks anyone else in the group, whether he knows it or not, there is no threat to him.

After hearing the answer of Quantao, Xiao Chen knew that it was a vain trip here tonight, so he suddenly pulled up Yuan Jia and said, “since the whole manager doesn’t know these things, I don’t need to talk about it tonight. I have something to do with this young master yuan. I’ll leave first.”

“Ah? Just go?” Tao was stunned. He didn’t expect Xiao Chen to be so decisive. When he didn’t agree, he was directly ready to pull people away.

“If you don’t go, will your group provide us with a accommodation tonight?” Xiao chenbai glanced at Tao, then took Yuan Jia and went outside.

“Wait a minute. Why is Mr. Xiao Chen in such a hurry? Is there any secret?” Flowers all over the sky suddenly said.

“Secrets? What secrets can I have? I think Mr. Hua should have made it clear before he came. Even if I really have any secrets, don’t you know?” Xiao Chen said coldly.

Then he took Yuan Jia and walked towards the elevator without looking back.

Seeing that Xiao Chen is about to leave, Quantao is really worried. He makes eye contact with Hua Mantian, but Hua Mantian knows that Wu Feng and Ling Yun are on their way. It’s too short for them to delay now.

But if he goes up and forcibly holds Xiao Chen now, he is likely to be noticed by the other party. Originally, he thought Xiao Chen came with the determination that he had to investigate something before he left.

Unexpectedly, Xiao Chen walked away without a word, and spent all day in silence.

At this time, Xiao Chen has taken Yuan Jia to the elevator.

When Xiao Chen came, he already knew the other party's thoughts. Now he is an art expert and brave. Even if someone set up some traps in the group building, he can guarantee to leave here unharmed with Yuan Jia.

Now that he has been on guard, and spent all over the sky, there is something wrong with his performance from the beginning. Xiao Chen is more sure that Hua Mantian may have allied with situ family privately now.

In this way, the significance of staying here is even less. Since you can't find anything you want, you just don't check it and leave with Yuan Jia first.

That's it. Hua Mantian and Quantao can only watch Xiao Chen leave with Yuan Jia, and Quantao doesn't dare to go up and leave Yuan Jia. After all, Xiao Chen asked about this matter as soon as he came up. If he wants to keep Yuan Jia, isn't he just proving that he wants to buy the yuan family as Xiao Chen said.

I saw that I could come out of Jinsheng Group Building unharmed. At this time, Yuan Jia also felt like he had survived the disaster.

"Mr. Xiao Chen, where are we going now? Why don't we come here for the time being. How about we contact again then?" Yuan Jia suddenly flattered Xiao Chen with a smile.

"OK. You can go. That's your freedom, but don't blame me for not reminding you. There are many people staring at you now. If you show up here tonight, someone may be ready to follow you." Xiao Chen said calmly.

“Well... I’d better follow you, Mr. Xiao Chen.” Yuan Jia was scared to death, as Xiao Chen said. If Yuan Jia acts alone now, it is estimated that someone will come to him soon.

Now Xiao Chen has found the line of Yuan’s family. If he continues to follow it, he is likely to approach a certain truth. At that time, situ Shou had to try again to stop the progress of Xiao Chen, or to buy Xiao Chen off.

However, this is obviously unlikely, because if Xiao Chen was a person who would fear their power, he would have chosen to compromise when he fought against Xu Da.

The main reason for the current situation is that Xiao Chen has never compromised with anyone. He has been looking for some truth about the events in Wuling.

Apart from the truth, he has never believed anyone, and this is what situ family is most afraid of now. Their family has spent nearly 20 years preparing some projects. If they fail in this way under the intervention of a small Xiao Chen, no one can accept it.

So now situ Shou’s goal is to minimize Xiao Chen’s exposure to people or things that can find the relevant truth.

But Yuan Jia has been found by Xiao Chen. Although the child who usually only eats, drinks and plays may not know the plan of the situ family, after all, some people in the yuan family have been involved. If Xiao Chen goes down this line and finds the cause and effect of the matter, the problem will be more serious.

Shortly after Xiao Chen left, Wu Feng and Ling Yun both came to the Jinsheng Group building.

Just met Hua Mantian who was leaving. Because they still didn’t know each other in the open, they exchanged eyes with each other. After that, Wu Feng and Ling Yun went upstairs first.

And the flowers all over the sky left here first, and I don’t know where they went.

After a while, Xiao Chen returned to Shixiang pavilion with Yuan Jia. It was not open today. Therefore, except for yimengruo, several other sisters of yimengruo were absent.

Seeing Xiao Chen coming back, Yi mengruo hurriedly went up to meet him.

“Xiao Chen, you are back at last!” As soon as I opened the door, I saw that Yimeng was wearing a thin gauze Pajama, and the exquisite jade body could be seen faintly under the irradiation of the moonlight and the light exposed in the house.

Yuan Jia was stunned when she saw that such a beautiful woman was still wearing such a “thin” dress. The whole person was stunned, and bright red liquid flowed out of her nose.

The God Of Medicine Son-in-law Chapter 316

“Ah!” If Yimeng screamed, she just wanted to wear it to Xiao Chen. Unexpectedly, Xiao Chen brought a man back.

So she hurriedly covered the snow-white with her hands and stepped back.

“Close your eyes!” Xiao Chen also hurriedly shouted at this time.

Although Yuan Jia was greedy for beauty, she also knew Xiao Chen’s means, so she had to close her eyes.

frankly speaking. As the second son of the yuan family, he has never seen any kind of women. Just like yimengruo, the goddess in everyone’s mind, when he is so charming at ordinary times, he can’t help but let him have some fantasies.

But for a long time, yimengruo has always been the type of “can be viewed from a distance but not blasphemous”, let alone him. Even the original Chu Nantian couldn’t touch Yi mengruo’s finger.

It can be seen that Yimeng is still very different from some other dusty women or women who live a happy life by relying on their appearance. She is not afraid of power and can easily deal with the upper class. In addition, some leading brothers of the underground party once wanted to possess her.

But they were frightened by some means.

That's why she became known as the "black widow", not only because the men she dated died, but also because she seemed like a character that many men couldn't afford.

"Go in!" Xiao Chen pulled Yuan Jia into a room, pushed him in and closed the door.

"Mr. Xiao Chen, don't lock me. I have a friend outside!" Yuan Jia inside found something wrong and knocked on the doorway.

"I'll let you out then. Stay inside now." Xiao Chen raised his voice slightly.

"Xiao Chen, you are so annoying." Back to the room, Yi mengruo came up and patted it on Xiao Chen. The powder fist kept beating Xiao Chen's chest gently.

Xiao Chen is a little helpless. He doesn't know that if Yimeng comes out to meet him like this tonight, he just takes Yuan Jia to sleep here for one night. After all, he has released Yuan Jia now. It will be more difficult to find him then.

Now it's too late. Xiao Chen is not used to asking Yuan Jia about some things in the evening, so he brought him back first.

"It's all right. It's just dark outside. He can't see it. I can see it." Xiao Chen said with a smile.

"You are so annoying!" Yi mengruo is still coquettish and angry, but Xiao Chen seems to be unable to help starting the next thing.

After the clouds and rain, if Yimeng is very calm, he will soon fall asleep.

Xiao Chen quietly left the room after seeing that yimengruo was asleep. Came to Yuan Jia's room.

At this time, the light in Yuan Jia's room was still on, and Yuan Jia's voice came from time to time. It seemed that he was talking to someone.

"I said, don't come to me again about equity. It's no use looking for me. What? What have you done to my parents? Ok..."

Because of the absorption of Taichu Baolu, now Xiao Chen can hear what Yuan Jia said inside through the wall.

It sounds like he should be threatened, and this is the breakthrough Xiao Chen needs.

After Yuan Jia hung up the phone, he lit a cigarette. Although the room arranged by Xiao Chen for him was not large, there should still be some. After all, shixiangge is a high-end club integrating entertainment and antiques for high-class people.

Any room inside can basically compare with the grade of a five-star hotel room.

While Yuan Jia was meditating, Xiao Chen suddenly opened the door from the outside. Yuan Jia was startled, but she was a little relieved after seeing that the visitor was Xiao Chen.

"Mr. Xiao Chen. Why do you come to me so late?" Yuan Jia put out the cigarette in his hand and put it into the ashtray.

"Who just called you?" Xiao Chen asked directly.

"You watch me!" Yuan Jia was a little angry.

“Do you think there’s any reason to lie to me about your current situation? If you don’t care about your own life and the life of your family, you can do so.” Xiao Chen didn’t explain, but explained the actual situation with Yuan Jia.

After listening to Xiao Chen’s words, Yuan Jia also understood that there was really no need for him to hide anything now. Although he was an illiterate aristocratic son, a person with a little knowledge could understand these things, not to mention that Yuan Jia grew up in such an environment.

Even if he didn’t learn, he didn’t want to, but he also knew how to deal with some big things.

“The person who just called is the chairman of Jinsheng Group. His name is Liang HANGHUI. He also came to me for the matter of equity. This is not the first time. He has been threatening me a few days ago. My parents are abroad and they have been caught. Now our yuan family really has no way out.”

Yuan Jia is a little lost.

“Can you ask this man out to meet?” Xiao Chen asked.

“Ask him out?” Yuan Jia couldn’t help laughing: “this man is no easier to deal with than Xu Da. This guy is resourceful. I’ve never seen this man’s true face except listening to his voice on the phone.”

“It seems that this guy has a strong sense of prevention.” Xiao Chen whirled her chin, thinking and saying.

“He’s not guarding against anything. He won’t appear in Wuling at all.” Yuan Jia suddenly told a secret fact.

“Not in Wuling? Isn’t Jinsheng Group your local group in Wuling?” Xiao Chen asked in some doubt.

“Of course, but their chairman is a very mysterious figure, otherwise my parents would not have been caught by him in such a hidden place.” Yuan Jia explained.

“He said he would catch it if he caught it? Why do you believe him so much?” Xiao Chen was full of doubts about Liang HANGHUI.

“He said that if he caught it, he must have caught it. I said that Liang HANGHUI is not an ordinary person. The reason why he was able to set up such a large group in Wuling without coming forward is because he has a very cruel way of doing things.”

Yuan Jia looked helpless.

“Then he always needs someone to find you before he gets the equity? Otherwise, it doesn’t make any sense to arrest your family and threaten you.” Xiao Chen asked.

“It’s true, but you can see that such a big building of Jinsheng Group is right here in Wuling. Important people can’t come out at any time.” Yuan Jia sighed.

The God Of Medicine Son-in-law Chapter 317

Although what Yuan Jia said is reasonable, Xiao Chen is still very suspicious of a boss who can handle everything without coming forward.

If a group is regarded as a whole, the biggest leader of the group, now Liang HANGHUI, should be the control center of all decision-making, which is equivalent to a person’s brain.

Imagine. If a person is separated from his brain, let the brain continuously give various instructions in the distance before taking action. Then the effect and reaction speed of all actions will be much worse than that of a normal person.

Although Xiao Chen did not investigate the status of Jinsheng Group in Wuling, from the perspective of its building, we can see that it is not a small group, such a behemoth. Can it be like the leader built it under the remote guidance?

Moreover, Yuan Jia is just a cynical family disciple. Xiao Chen couldn't completely believe his words, so now Xiao Chen still thinks that Liang HANGHUI is in Wuling, but he has always been very low-key and hidden, so he hasn't been found.

"Besides Liang HANGHUI, do you know anything else or people?" Xiao Chen turned to ask.

"Well... There are rumors outside that the person behind the scenes of Jinsheng Group is actually a member of situ family, but there has never been any evidence to prove it, so it's just a lot of people's speculation." Yuan Jia hesitated for a while before he said some news he knew.

The situ family is also the situ family. It seems that the biggest behind the scenes accomplice and even the behind the scenes manipulator of the whole Wuling may be the situ family.

But the other party hasn't appeared yet. Now Xiao Chen doesn't have a special understanding of the overall situation of the family.

"Well, you have a rest first. Find a way to make an appointment with Jinsheng Group tomorrow. We need to investigate some things." Xiao Chen said and was ready to leave.

"Hey, Mr. Xiao Chen, don't blame me for not reminding you that the people in Jinsheng Group are crouching tigers, hidden dragons, and they can gain a foothold in Wuling. A large part of the credit lies in the fact that there are some powerful characters in their men. If the other party ambushes first, we will be miserable."

Yuan Jia was a little timid.

"Since I asked you to make an appointment, you can rest assured and leave everything else to me." Xiao Chen said faintly.

"OK..." Yuan Jia could only nod helplessly.

Now he can't beat Xiao Chen, and the power behind him is not as good as Xiao Chen. So there's really nothing to say. Xiao Chen can take in the second son of the Yuan family who can't help the mud to the wall at this time. What he sees is his final role.

If you hesitate about this, you will lose Xiao Chen's protection and be caught by the Situ family soon.

Think about it. Yuan Jia still plans to believe Xiao Chen once, because now there is no better choice for him.

Later, when Yuan Jia thought of this moment, he would be proud of the right decision he made at that time.

Because it was his decision that finally ensured that the Yuan family was not destroyed and was saved by Xiao Chen from the crisis. Of course, this is all later.

Because Xiao Chen had to meet the mysterious figure from Kyoto first the next morning, he still asked Yuan Jiaxian to have a rest in Shixiang Pavilion.

Of course, he knew that the other party might come to Shixiang Pavilion for trouble while he was away. But if Yimeng told Xiao Chen, if the other party really didn't open his eyes, he would come to trouble. Then she will give each other some color to see.

If you want to be a VIP in Shixiang Pavilion, you still have to weigh your weight.

It was the first time for Xiao Chen to see such Yimengruo. If it wasn't for knowing the root and the bottom, Xiao Chen thought that the other party was a female killer sent from somewhere, and her whole body was full of murderous spirit.

"I have learned all these things in these years. We Shixiang Pavilion once didn't know how many black-and-white forces have pushed us out. We can live to this day not only by our beauty, but also by the sharp barbs that grow with the brighter roses."

Yi mengruo said solemnly.

Xiao Chen was stunned. Finally, he clapped his hands and said, "well, well, it turns out that our Miss Yi is really not just so simple on the surface. She looks soft and weak. In fact, she is also a very cruel and wonderful flower!"

"If you want to survive in an extraordinary place, you must have some extraordinary means." Yi mengruo said, and the fundus of his eyes also revealed a trace of helplessness.

Seeing this, Xiao Chen directly went up and hugged her and said, "I promise I won't let you need any special means in the future, and I can live well here in Wuling."

This kind of words that are not love words but better than love words make Yimeng feel a warm current flowing in her heart after listening to them. Compared with the eternal vows of other men, every word Xiao Chen said will basically be fulfilled.

Only such a man can make her as a great beauty. If she is so infatuated, indulge in it.

"Well, I have to meet someone. Today, we may temporarily need to be managed by our Iraqi boss. I will be back soon." Xiao Chen said and loosened Yi mengruo's thin waist.

"Be careful all the way." If Yi Meng's eyes were moving, he just whispered an instruction around Xiao Chen.

"I see." Xiao Chen nodded. The two people now have quite a tacit understanding, so many words are silent. Xiao Chen knows that these simple four words have completely expressed Yi mengruo's worry about himself.

Because Jianshi told herself last time that a mysterious man from Kyoto wanted to see him, Xiao Chen contacted Jianshi when he came out of Shixiang Pavilion.

"Hello, Mr. Xiao Chen, what can I do for you?" Jian Shi's voice is very respectful and high pitched. As soon as you hear it, you know that his mood is very high now.

“Didn’t you say last time that a mysterious man from Kyoto was coming to see me? Where is the specific location? I’ll go now.” Xiao Chen replied.

Hearing this, Jian Shi patted his head and said, “Oh, look, it’s all my fault, Mr. Xiao Chen. I was so excited last time, so I forgot this crop. Where are you? I’ll ask ah Qiang to pick you up now.”

“I’m on the side of Shixiang Pavilion.” Xiao Chen continued to answer.

“No problem. Just a moment. I’ll be right here. Ten minutes at most.” Jianshi quickly gave a guarantee.

“It’s all right. It’s just a moment away. Let a Qiang slow down.” Xiao Chen is not in a hurry.

The God Of Medicine Son-in-law Chapter 318

“OK!” After Jianshi said that, he ordered to go down there.

Xiao Chen could hear that Jianshi’s office seemed very busy today. Although he didn’t know why, he felt more or less happy for him.

After all, according to Jian Shi, Xu Da was always depressed when he was here, although as mayor. But in fact, Xu Da, who is familiar with the situation here, has been suppressed in many aspects. Now Xu Da has been arrested.

Although it was not properly taken away. But there are still many benefits for Jianshi. The biggest advantage is that Jianshi now doesn’t need to be constrained by anyone. In the next period of time, he can show his strength to build a Wuling in his heart.

After a while, Jianshi’s Mercedes Benz soon came to Shixiang Pavilion. After seeing Xiao Chen, ah Qiang inside immediately opened the window and greeted Xiao Chen:

“Hello, Mr. Xiao Chen. I haven’t seen you for a long time!”

Xiao Chen looked at ah Qiang and seemed to be in high spirits. He guessed that after Jian Shi got a lot of delicious food, ah Qiang probably got a lot of benefits, but it's understandable.

In ancient times, there was a saying called: a man can rise to heaven.

Now Jianshi is also in this situation, but there are few people behind him. The most beneficial nature is the driver a Qiang in front of him.

"It didn't take long, just a day or two." Xiao Chen said and got into the car.

"Mr. Xiao Chen heard that the person he wants to see today seems to be a big man from Kyoto. If Mr. Xiao Chen wants to, he still hopes you can give us a lot of good words in front of him." As soon as Xiao Chen got on the bus, ah Qiang said to Xiao Chen without taboo.

Xiao Chen immediately knew that this was what Jane Shi asked ah Qiang to say. It is estimated that Jianshi asked ah Qiang to express it a little tactfully. If he knew that ah Qiang was so straightforward as soon as he came up, he didn't know whether he would beat the board and swear there.

However, Xiao Chen likes this way of communication very much. He is not a politician or a man who mingles in officialdom. It has always been his character to open the skylight and tell the truth.

So immediately Xiao Chen nodded and said, "I know this. I will say it when I have a chance."

"Then thank you, Mr. Xiao Chen. I won't say much. Mr. Xiao Chen is so familiar with us. As long as you have any requirements here in Wuling, you can put forward them." A Qiang is also very righteous.

"When you say that, I really need your help." Xiao Chen immediately smiled and said with a smile.

"That's nice. Mr. Xiao Chen can say anything." Ah Qiang hurried.

“That’s right. Brother Jian and you both know the relationship between me and Shixiang Pavilion, so I hope that if I leave Wuling in the future, you can protect Shixiang Pavilion more. Of course, don’t violate morality and law.”

Xiao Chen also immediately put forward his request.

“This is too simple. I will react with my boss when I go back. I promise that no one will dare to do anything to Shixiang Pavilion and miss Yi as long as my boss is here in the future!” Ah Qiang agreed.

“Ha ha, I still want to thank you both. It’s really not easy if she can persist until now.” Xiao Chen laughed.

“No problem, we will do it well!” A Qiang emphasized again.

“Yes.” Xiao Chen answered.

For this matter, he still believes in Jianshi’s ability and credibility. At least since their cooperation, Jianshi has never let Xiao Chen down. Now Xiao Chen believes that Jianshi will not let him down.

A Qiang drives very fast. And as the mayor’s special car, there are still many people outside. So seeing him driving over, many cars gave way to him one after another, so Xiao Chen was taken to the door of a big hotel by ah Qiang in less than ten minutes.

“Longdeng hotel!” As soon as Xiao Chen came out, he saw the five big characters hanging on the top floor of the hotel. It looked like a dragon flying and a phoenix dancing, very domineering.

“This is our time-honored five-star hotel. Many business guests and leaders from above are arranged here. All aspects here are the top standards of Wuling, and the specific situation. You still need to go in and feel it yourself.”

Ah Qiang also got off and introduced to Xiao Chen.

“Well, let’s stop talking. Let’s go!” Xiao Chen said and walked towards the hotel.

Ah Qiang didn't hesitate. He immediately followed Xiao Chen.

Come to the door of the hotel. It is still a traditional automatic door, but the difference is that the middle of the hotel is not a triple automatic revolving door, but a double-layer automatic door.

This made Xiao Chen take a more curious look.

"Mr. Xiao Chen may be curious about this door. Why is it designed like this, right?" A Qiang also saw Xiao Chen's doubts on one side.

"Yes." Xiao Chen didn't avoid it, and nodded directly.

"In fact, the design itself does not have much meaning, but there was such a situation when the hotel was built at the beginning. The boss originally planned to replace this with that kind of triple revolving door, but something happened before it was replaced." A Qiang talked with assurance.

"One thing?" As Xiao Chen walked forward, there were many welcoming ladies in front to introduce and guide Xiao Chen. After a while, they came to the reception area.

"Hello, two. Do you want to meet the appointment or come to the house?" The receptionist had a professional smile on her face, and her voice was a little sweet. It seemed that she was not old.

However, seeing this, Xiao Chen inevitably thought that when she stayed in the hotel over there, some young ladies below were young ladies with some special jobs.

Perhaps seeing the special brilliance in Xiao Che's eyes, the smile on the receptionist's face immediately weakened a lot.

"Mr. Xiao Chen, the staff here are regular. Please don't look at these people differently, otherwise there will be a misunderstanding. It will be more troublesome to solve it at that time." Seeing this situation, a Qiang hurried and whispered in the back.

After hearing this, Xiao Chen was stunned, and then took back his strange eyes. The receptionist's face looked better.

"Sorry." Xiao Chen also realized that he had just made some preconceptions. After apologizing, he said, "we're here to meet the appointment. The specific room is..."

Xiao Chen said and looked at ah Qiang.

"Room 49." A Qiang stepped forward two steps.

The God Of Medicine Son-in-law Chapter 319

"OK, this is your appointment card. Please go to the real elevator area and take elevator No. 2 to the 40th floor." The receptionist said and motioned to the elevator area.

"Thank you." Xiao Chen thanked politely.

Then they came to the elevator area.

"Are the staff here so good? Although I was a little wrong just now, it should be normal for the hotel to have such services?" Xiao Chen asked before she came to the elevator.

"This may be possible in other hotels, but this hotel can't. The owner's father is a very famous old soldier, even in Kyoto. So few people dare to make trouble in this hotel." Ah Qiang whispered aside.

"Oh." Xiao Chen nodded slightly. He appreciated such behavior very much. At least in the current turbid industry atmosphere, Longdeng hotel is a clear stream.

"I haven't explained to Mr. Xiao Chen why I keep this double open automatic door." Ah Qiang suddenly returned to the previous topic.

“Yes.” Xiao Chen also nodded and continued to listen.

“It was the day before the door was to be demolished. That was nearly 20 years ago. At that time, a nationally wanted fugitive political prisoner came here. He used false identity information to stay in the hotel. After being found, he wanted to escape. It was the design of the double door that finally caught him.”

Ah Qiang said and smiled.

After hearing this, Xiao Chen smiled and said, “there is still such a period of history. This is a very rare thing.”

“That’s why this matter caused great repercussions in the whole Wuling. Many hotels followed suit one after another. Only 30 years have passed and generations have changed. After all, only this Longdeng hotel has remained until now.” Ah Qiang sighed a little.

“Times always move forward, and so do people. Look forward.” Xiao Chen patted ah Qiang on the shoulder and said.

“Yes, yes!” Ah Qiang nodded and smiled.

Between the two chatting, the elevator had reached the 40th floor. After arriving at the door of room 49, ah Qiang said to Xiao Chen, “Mr. Xiao Chen, I’ll see you here today. If you have anything to do, please feel free to contact me.”

He also made a phone gesture.

“Anytime!” Xiao Chen also nodded.

After ah Qiang left, Xiao Chen rang the doorbell.

Just press it, the door opens automatically.

So Xiao Chen didn't hesitate to push the door directly. The decoration inside the room is completely different from that outside the room. The decoration outside is quite elegant and luxurious western style.

But walking into it has become a relatively simple Oriental style. The floor is no longer like a pile of red carpets outside, but a seamless wooden floor. The decoration on the four walls is also quite simple. There is no superfluous decoration except for a few lotus flowers.

Walking inside, you can see a huge French window. There are no beds in the whole room, just some simple living utensils.

Walking inside again, Xiao Chen saw a man with his back to him, as if he were meditating in situ.

"Hello." Xiao Chen took the lead in saying hello.

"Sit down." The man opened his mouth and heard his voice like an old man. His voice was a little turbid, but Xiao Chen could feel the breath driven by each other's speech.

That's not the breath of ordinary people. At least he is also a martial artist and may even be an immortal.

Although the old man said sit down. But Xiao Chen observed the room and found that except for the position where the old man sat. There seems to be no specially designed seat for people, or you can sit anywhere.

However, Xiao Chen knew that things were not so simple. After running the Taichu treasure dew in his body, Xiao Chen found that there was a cyclone less than two meters behind the old man. There seemed to be the place where the old man wanted Xiao Chen to sit down.

After seeing through the secret, Xiao Chen didn't hesitate to go up and sat down directly.

As soon as he sat down, Xiao Chen felt that his body seemed to be connected by something. In an instant, I felt the power pouring into my body.

“This is... So strong!” Xiao Chen hurriedly ran, and Taichu Baolu kept absorbing it.

The more he absorbed Xiao Chen, the more terrible he felt, because the vitality emitted by the other party seemed to be flowing in general. If he went on like this, he might die because he couldn't bear so much vitality.

But the other party didn't mean to stop. He was still pouring vitality in the direction of Xiao Chen.

Xiao Chen wants to leave. But I found that the cyclone I was in seemed to have undergone some mysterious design, and I couldn't get out of its control anyway.

“No, I'll die if it goes on like this!” Xiao Chen struggled violently.

“Meditate and realize that the power you can bear is as big as your heart!” Suddenly a voice sounded in Xiao Chen's ear.

After hearing this sound, Xiao Chen instantly felt that all his thoughts had settled down, and all the vitality that he could no longer accept was absorbed into his body, and the speed was getting faster and faster.

I don't know how long later, Xiao Chen felt that he was happy all over. His whole body was full of strength. He wanted to find someone to fight right now.

Then the old man turned and found that he had turned.

“Grandpa!” Xiao Chen was shocked when she saw the man in front of her.

This person's face is not others, but his grandfather Xiao Qingyuan.

"I'm not your grandfather. I'm just a clone of your grandfather." Xiao Qingyuan over there didn't open his eyes and said calmly.

"Clone? Has our country's technology reached this level now?" Xiao Chen was surprised.

"This is not cloned by technology. It's troublesome to explain to you now. Your grandfather asked me to come here this time. Just now, in the process of absorbing vitality, I have taught you my strongest skill Jidao divine formula. This formula has no attack and no defense. You need to understand all the mysteries yourself and take care of yourself!"

The old man's voice suddenly began to become illusory, and then his whole person dissipated slowly like smoke and dust.

"Grandpa! I still have many questions to ask! When can you really come to see me? What are you involved in now?" Xiao Chen wants to come forward and catch the old man.

But the other party has dissipated, leaving only an empty room.

For a long time, Xiao Chen stabilized his mood.

The God Of Medicine Son-in-law Chapter 320

After sorting out the vitality just absorbed, Xiao Chen feels that his random movements now seem to coincide with some mysterious power. If the original Xiao Chen is just a simple medical training and has no special combat ability, he is completely different now.

Every move has a strange momentum. It seems that he can directly kill any ordinary martial artist or ordinary person with just one punch. If he uses the power in his body, it is even more important.

It's just that Xiao Chen doesn't understand the Jue of the extreme way God just said by his grandfather's clone. The vitality in the body is like a mass of loose sand. It has no other function except to be used actively in battle.

Nor can it be turned into real objects, just like Nangong Lengshan. Turn the vitality in your body into a sword.

But Rao is so. Xiao Chen is quite satisfied. Now, combined with the chaotic gas in his body, his combat effectiveness has almost climbed to a terrible level. Originally, it may take some effort to fight Lingyun and Wu Feng, but now he can win them almost instantly.

The other party won't even have a chance to escape when he is unprepared.

Although my grandfather didn't give any guidance, the infusion of power may prove that I must be of great use in the next time.

That's it. Xiao Chen withdrew from the room and returned downstairs like nothing.

Originally, he thought that ah Qiang should have left long ago, but he didn't expect to see ah Qiang standing in the hall as soon as he came downstairs, as if he was waiting for someone.

Seeing that Xiao Chen came down so soon, ah Qiang hurried up:

"Mr. Xiao Chen, have you met that big man so soon?"

"Yes." Xiao Chen nodded.

"It seems that you should be quite familiar with it." Ah Qiang smiled and said.

"Sort of." Xiao Chen smiled reluctantly.

The one above is a clone of his grandfather. It's also familiar to say it's unfamiliar. It seems that it can't be said that it's familiar. After all, the other party doesn't seem to have much emotion towards himself. Under the ambiguity, Xiao Chen can only answer in this way.

Otherwise, he can't tell ah Qiang the truth of the matter. This is an incredible thing. He doesn't want many people to know some unknown secrets.

"That... The thing I told you earlier..." ah Qiang suddenly looked at Xiao Chen with profound meaning.

"Oh, that thing..." Xiao Chen suddenly understood why ah Qiang had to guard himself below. It seems that this Jianshi should have given a dead order.

But I just saw my grandfather's clone in less than a few minutes. Most of it was used to absorb vitality, and the other party disappeared before I said two words. What do you say.

"I mentioned it to the man a little, but he didn't seem to pay much attention to it." Xiao Chen had to tell a lie for a while. After all, the other party still has expectations for herself. In the future, Yi mengruo's things still need to be managed by Jian Shi.

Xiao Che was also helpless. He can only hope that Jianshi can understand himself even when he knows the truth.

"That doesn't matter. As long as you say this in front of that person, that's what my boss means." A Qiang was very happy after listening to it.

Seeing ah Qiang's appearance, Xiao Chen immediately wondered. In fact, his meaning was more obvious just now, which showed that he didn't take the other party to heart. What's the difference between this and not mentioning it?

However, ah Qiang's response shows that Jianshi's purpose seems to be to make his name appear in the big man's ear once. What is the purpose?

Now Xiao Chen can't guess. When she went to Kyoto, Xiao Chen found that Jianshi had paid so much attention to this conversation in order to return to Kyoto as soon as possible.

But that's all later. Now Xiao Chen's main goal is to find the real murderer and evidence behind the scenes. Now most of the clues point to the situ family, and the people of the situ family can turn the whole Wuling upside down without appearing. Xiao Chen is more or less afraid of this mysterious family.

Compared with what Yuan Jia said earlier, Liang HANGHUI can run a group so well without being in the enterprise. This situ family is even more terrible. Almost no one in Wuling knows what they are doing.

But it seems that everything that happened in Wuling has something to do with them.

Sitting in a Qiang's car, Xiao Chen was constantly thinking about the next step and took Yuan Jia to see how the people of Jinsheng Group would deal with it. Suddenly a Qiang came to a sudden brake. It turned out that a Bentley was forcibly overtaking, which almost caused a rear end collision.

"How do you drive? Do you know how to look at the road?"

A Qiang immediately became angry. He has done a lot in his business. His boss was one of the best people in the whole city. He is also a driver all the year round. What he dislikes most is this kind of person who drives in the urban area and has to forcibly occupy the road to overtake.

The driver of the Bentley in front didn't get down either. Suddenly someone threw out a pile of the banknotes, or dollars, which immediately attracted a lot of the onlookers.

"Hey! You!" A Qiang felt humiliated and immediately wanted to rush up to argue with the other party, but the other party didn't seem to care. As soon as he stepped on the accelerator, the smoke and dust all over the ground disappeared into everyone's vision.

Many vehicles stopped one after another and began to pick up the money on the ground.

"Shit!" A Qiang stamped his feet angrily. He didn't expect to meet such an unreasonable and high-profile person today after so many years of working as a driver.

"I wrote down the license plate number. Go back and check it." Xiao Chen poked out his head and said to ah Qiang.

“Cha? Mr. Xiao Chen, forget it. It’s not a big deal, but the other party is too arrogant.” When a Qiang heard Xiao Chen’s words, he quickly changed his face and showed a smiling face.

In his opinion, this matter is only an insult to himself, and has nothing to do with Xiao Chen.

“We must go back and check. There is a problem with the people in the car.” Xiao Chen suddenly said in a deep voice.

Ah Qiang realized what Xiao Chen meant, so he nodded and hurried to get on the bus.

There were also people who stopped in the middle of the road and kept picking up the money on the ground. After a while, the road law enforcement officers arrived and evacuated all the people. A Qiang started the vehicle.
