

# God Of Medicine 321

The God Of Medicine Son-in-law Chapter 321

After flying to the traffic monitoring and management office, Xiao Chen reported the vehicle license plate just written down to the staff. Soon, a female staff member came to Xiao Chen and a Qiang with a printed document:

“Here you are, gentlemen. Please check your license plates.”

“Can’t we take this away?” Ah Qiang is a little strange.

“That’s right. Now we don’t allow any relevant information to be leaked, and the other party hasn’t caused any accidents in violation of regulations. In fact, it’s unreasonable for you to check the other party’s vehicles. We’ve only relaxed it because of your relationship.”

The female staff member smiled very kindly.

“OK, OK, I see. We’ll give it back to you after reading it.” A Qiang waved his hand impatiently.

It turned out that in his impression, these things were unnecessary. Now there are so many rules and regulations, which still makes him feel a little uncomfortable.

However, Xiao Chen didn’t pay attention to what ah Qiang was saying here, but carefully checked the formation of Bentley cars and the places where they often haunt.

“Well, thank you. Take it back.” Xiao Chen said and handed the document to the female staff member.

A Qiang was silly: “Mr. Xiao Chen, there are so many records on it. Have you finished reading it?”

Xiao Chen did not explain, but directly said to a Qiang, “go to the next place: Li Yuanchun.”

“Li Yuanchun?” A Qiang stuck his tongue after listening to it. This place is a good place. It is a famous senior club in Wuling, which is essentially similar to Shixiang Pavilion. But the main business here is entertainment.

Although there are still some antiques, most of the people who come to Liyuanchun are for entertainment. In addition to some serious entertainment items, such as bars, golf, massage and bathing hot springs, of course, there are some items that will not be put in the open.

That’s why it attracts so many upper class people, but most people still don’t talk about it. Because it still needs to give the boss a face. How much such things are said still has some impact on the store.

It’s OK for everyone to know. The boss doesn’t make money mainly by this. It’s just that we can win over some big families or forces in this way.

When hearing that Xiao Chen said he was going to Liyuanchun, a Qiang’s first reaction was some unknown projects, but then he found that his idea was too vulgar. Xiao Chen didn’t know what kind of place Li Yuanchun was.

The reason why he asked ah Qiang to go there was only because he saw that Bentley often went there.

The identity of Bentley must be quite complicated. Few people dared to be so arrogant in Wuling. At that time, ah Qiang was driving a license plate, which should be familiar to almost every ordinary people in Wuling. The fact that the other party dares to provoke openly shows that the other party must have full confidence.

After arriving at Li Yuanchun, Xiao Chen and a Qiang saw the Bentley at the same time. It quietly stopped in a parking space and looked no different from other cars.

But in the eyes of a Qiang and Xiao Chen, it can appear here. It already represents its unique identity.

After getting off the bus, Xiao Che took the lead and went in. Compared with Shixiang Pavilion, after entering, several beautiful girls in cheongsam will come up to meet them. When they saw that their eyes fell on them, the girls retreated very knowingly.

Because usually such guests don't come to have fun in this aspect. After the girls retired, a man dressed quite elegantly appeared in front of them.

"Hello, you two. What's the matter with Li Yuanchun so early? Or who did you make an appointment with?" The man's voice is very gentle, which makes people feel like a fake mother after listening to it.

But when Xiao Chen looked at the man, he found that there was a special breath flowing on the man, which seemed to attract his eyes.

At this time, ah Qiang's eyes became a little strange when he saw the man, but Xiao Chen didn't pay so much attention. After observing around, he just wanted to open his mouth and saw that ah Qiang had already chatted with each other.

The topic of conversation doesn't seem to stay on the surface. But some questions that look like familiar people will talk about:

"Where do you often go to play recently?"

"There's a new shopping mall over there in Dongcheng District. Have you gone?"

"Wuling is really in a mess recently..."

Xiao Chen looked silly. Did these two people know each other before? But I didn't see a Qiang say hello to the man just now.

Although it was strange, Xiao Chen calmed down and walked over:

"Excuse me, guys. I'm here to find someone."

Hearing Xiao Chen's words, ah Qiang realized that he was looking for someone, so he said to the man, "by the way, I'm looking for someone. I should have just come here. I should be two people."

Seeing ah Qiang's question, the man began to think carefully. After a while, he thought of something like:

"Two of you did come just now. They are in the movie hall now. Do you want to go there? I can show you the way."

"Go." Xiao Chen replied very quickly.

"Then come." Without hesitation, the man took them directly to the cinema.

Just after entering Xiao Chen, I found that there were more than two people, but more than ten people, but they were all men. Now a classic old film is playing on the big screen, which seems to be about some events that happened in the cinema.

At this time, two people just came to the cinema on the screen. I don't know when they took out two weapons from the cinema and killed the people in the cinema on the spot.

The people watching the movie below saw that Xiao Chen and a Qiang suddenly came in at this time. Suddenly, some people were in panic. They unconsciously moved their eyes from the big screen to the two people.

"Second child, these two people came here with us. What should we do?" Suddenly a man sitting in the corner spoke to the young man.

If Xiao Chen and a Qiang were here, they would immediately recognize that the man talking was not someone else, or the driver of a Bentley car that had just been very arrogant on the road.

The God Of Medicine Son-in-law Chapter 322

"Don't worry, just go to the movies." The second child in the man's mouth is very calm.

In this way, Xiao Chen and a Qiang were constantly searching, but the light in the whole movie hall was too dark, so they didn't find anyone they had seen before for a while.

In desperation, ah Qiang just found a position and sat down. Xiao Chen also sat down.

So when the first movie is over and all the lights are on. A Qiang suddenly felt someone holding something against his head.

Just when he wanted to open his mouth and scold the other party, he saw that the other party had a black metal weapon in his hand. Ah Qiang calmed down and didn't speak. And Xiao Chen behind him stared at the young man behind the man.

"Put your weapon down." Xiao Chen spoke first.

"Why are you following us?" Asked the man, still holding the weapon on his head.

"If I guessed right, they should be members of the situ family?" Xiao Chen is very deep.

Hearing Xiao Chen say this, the man couldn't help but shrink his pupils. He didn't expect that Xiao Chen could guess the identity of himself and the young man behind him according to some clues.

"It seems that neither of you need to live any longer!" The man was ready to pull the trigger, but at the moment he was ready to use his weapon, he suddenly felt a chill in his right hand.

Then he found that his right hand lost consciousness in the moment, and the weapon in his hand fell to the ground.

A Qiang is also a martial artist with a certain skill. Seeing that the other party's weapon fell to the ground, he immediately grabbed the man with his hand and fell over his shoulder. The man immediately fainted on the ground.

Xiao Chen gently took back the silver needle he had just flown out, and now with Xiao Chen's strength. In such a close distance, the speed of his silver needle was faster than the nerve reflex of ordinary people, so the man was stabbed into the acupuncture point by Xiao Chen's silver needle at the moment when he didn't use his weapon.

Seeing that the man fell down, the young man behind him did not have any fear, but showed a very happy smile on his face:

"It seems that you are still a medical practitioner. It's good. People like you are rare. But today you followed me for no reason and hurt my men. It's not easy to settle this account. You'll be in bad luck soon!"

The young man said, and his body suddenly turned into a trace of white smoke.

"Not good!" Xiao Chen immediately reacted and chased outside. But it was late and the Bentley had disappeared.

When ah Qiang came out, Xiao Chen just kept exploring each other's breath in situ, but because the breath was too weak. There are still a lot of people in the whole Lichun garden. For a moment, I can't tell which is the breath of the young man.

He could only watch him escape from his own hands.

"Take back the one inside. Let Jianshi ask and try to pry open his mouth." Xiao Chen turned back and said to ah Qiang.

"OK." Ah Qiang nodded. Now he knows that things are not simple and his attitude is dignified.

And ah Qiang took the man back to the relevant interrogation office. Xiao Chen returned to the Shixiang Pavilion first. The Shixiang Pavilion people in the daytime still had nothing as usual. But it can also make Xiao Chen go in and out very easily. Don't worry that someone is staring at him.

Yuan Jia couldn't sleep last night. Instead, he slept late in the morning. He didn't wake up until Xiao Chen knocked on the door, but his brain didn't seem very clear. Xiao Chen had to prick his pain point with a silver needle when he saw him like this.

Yuan Jia was stabbed and had to immediately scream and jump up.

After a long time, he slowly recovered and the whole person really woke up.

"Mr. Xiao Chen, can you wake me up in another way next time? Although the effect is good, I can't bear it." Yuan Jia looked at Xiao Chen with a helpless face.

"Now I'm protecting your safety. Don't mention so many useless requests. If you can really help me find any clues, it will give you some benefits." Xiao Chen said faintly.

"Mr. Xiao Chen, in fact, I'm surprised that you have such good conditions, and now you have beautiful women around you. Why do you have to fight with this situ family and live your own life?"

Yuan Jia asked strangely.

"I finally understand why people outside don't pay attention to you, because your pattern is too small, so it really can't be a big thing." Xiao Chen suddenly looked at Yuan Jia with some pity.

People like him are like those who shouldn't have been born in the imperial family in ancient times. Obviously, they are only a small person, but they are always asked to do great things. In the end, they can only destroy the whole family.

Now, if Xiao Chen hadn't met Yuan Jia, Xiao Chen estimated that Yuan Jia had surrendered to the situ family and gave up his equity.

"I'm not a big person. I like to play since I was a child. When I have money, I go around. I thought my life would be perfect after the emergence of butterflies in my life, but I didn't expect that she lied to me!"

Yuan Jia said, his face full of resentment.

Xiao Chen remembered that when she met Wu Zijiao several times before, she was with Yuan Jia. It seems that according to Wu Zijiao, she stayed with Yuan Jia to investigate something important. However, it seems that her identity should be suspected later, so she was rushed back.

However, such a big thing happened to her sister. If Wu Zijiao knew it, it was really impossible to stay in her position at the beginning.

Now think about it, it seems that he still owes Wu Zimei a life. After becoming chaotic, Xiao Chen has the ability to save people, so after this thing is over, Xiao Chen will immediately rush to Kyoto to save Wu Zimei.

After all, if it weren't for her, she might have been attacked and died at the factory.

Thinking of this, Xiao Chen has another layer of responsibility in her heart. Now it is urgent to find out the real murderer behind the scenes of situ family.

"Well, you're awake, too. It's time for us to start. Did you contact Liang HANGHUI and ask him to call someone out to see you?" Xiao Chen said after sorting out his mood.

The God Of Medicine Son-in-law Chapter 323

Although Yuan Jia was still unwilling in his heart, now he was in Xiao Chen's hands. The so-called person was under the eaves and had to bow his head. He picked up the phone and called Liang HANGHUI again:

"Hello, it's me, Yuan Jia. I'm in Xiangjiang teahouse today. Please send someone to meet me."

When you're done. Yuan Jia hung up.

"The other party agreed?" Asked Xiao Chen.

“Of course, he is very anxious now to want the equity of our yuan family, although he doesn’t know why. Maybe he has something else to do.” Yuan Jia replied.

“Well, now let’s go to the Xiangjiang teahouse. You can find a way to talk outside, and I’ll show up at that time.” Xiao Chen said and walked out.

“Hey, I don’t know what to say when I get there...” Yuan Jia followed up with a sad face.

“Say what you should say. Your main purpose is to ask the people behind you.” Xiao Chen said calmly.

“But...” what else does Yuan Jia want to say.

But Xiao Chen interrupted him and said, “there’s nothing better. As a man, can’t you cope with this little scene?”

“Of course I can handle it!” Yuan Jia immediately stiffened his neck.

“That’s enough. Give play to your specialty. The higher the tone, the better.” Xiao Chen smiled.

“OK...” after Yuan Jia finished his previous words, he felt that he had no confidence, and the whole person’s mood was a little low.

Xiao Chen drove very fast and soon came to Xiangjiang teahouse.

As a well-known teahouse in Wuling, many guests come here to drink tea and chat every day, because the tea here is superior tea. Compared with ordinary teahouses, their tea has an unspeakable charm.

Tea is good, and naturally more people come. Xiao Chen and his colleagues came at exactly 9:00 a.m. close to 10:00 a.m. this time is suitable for many old people to drink morning tea. Therefore, the first floor of the teahouse is basically full of people, and there is hardly any gap.

“Hello, two. Are you here to taste tea or to discuss other affairs?” As soon as I entered the door, a man dressed in ancient decorations greeted me.

Xiao Chen roughly looked at the dress of the Tang Dynasty and couldn't help laughing. I think this teahouse is really unique.

“We're here to talk about things. Just prepare two boxes for us.” Xiao Chen's tone was plain and authentic.

“OK.” The man in ancient costume nodded, then made a “please” gesture and said, “this way, please. The box is upstairs. Please sit wherever you want.”

Xiao Chen nodded at the speech and walked up with Yuan Jia.

After coming up, I found that the decoration style above also belongs to the style of the Tang Dynasty. It looks antique, and there is a large gap between each box, and I can hardly see the inside from the outside. So it's very convenient for Xiao Chen to hide.

“Here you are, room two. I'll go there and have a good talk. I'll come out and help you then.” Xiao Chen said and walked to box 8 closest to the interior, while Yuan Jia sat in box 2, three boxes between them.

Seeing that Xiao Chen is so far away from him, Yuan Jia is still a little nervous. After all, he doesn't know who Liang HANGHUI will send to see him this time.

In case of the one next to him. I may not have a good life.

Yuan Jia looked around and looked at his watch. The whole person seemed a little embarrassed.

After a while, his cell phone rang, and Xiao Chen focused on listening there.

Now his six senses have grown to a rather terrible level. It is the so-called six ways of hearing and seeing. Now he can detect almost any small sound within 100 meters.

So although there were three boxes between them, Xiao Chen heard everything that happened over there clearly.

“Yes... OK, I’ll be in box 2 of Xiangjiang teahouse. No problem!” Yuan Jia hung up the phone carefully.

Xiao Chen immediately felt a little puzzled. At the beginning, he said to make him behave a little high-profile. Now why did Yuan Jia just answer the phone like a grandson?

But Xiao Chen can’t pass now if he exposes his identity too early. Most of the other party will also arouse suspicion. It’s not worth the loss to run away without talking at that time.

Just wait quietly. After a while, two men in suits and sunglasses came to the teahouse and saw Yuan Jia’s position. They quickly came to Yuan Jia.

“Young master yuan, you’re all right.” One of the people in black took off his sunglasses and looked a little mature. There was a very cold smell on his whole body.

Xiao Chen also felt the cold breath of the man in box 8 not far away. It seemed that he had practiced some kind of skill of Xuanyin attribute.

“Old Tang, you’re really kidding. I’m homeless now. How can I be safe?” Yuan Jia tried to keep his tone steady, but the fear on his face could not be hidden.

Tang Shiling was one of the last people Yuan Jia wanted to see. It was rumored that someone had offended Liang HANGHUI before. Liang HANGHUI sent Tang Shiling to find trouble with each other. Who knows that person doesn’t have eyes. Insulted Liang HANGHUI and Tang Shiling in person.

They also brought their ancestors for 18 generations, parents, brothers and sisters and so on.

Tang Shiling was furious on the spot. Later, the whole family received a kind of Kung Fu called “Yin poisonous palm”. The whole family had all kinds of hallucinations within five hours, and it felt like they were in the ice cellar on hot days.

Sent to the hospital, the hospital was also weak. Finally, the whole family was “frozen to death” alive.

After the rumor came out. No one dares to abuse Liang HANGHUI in front of him any more. Even if you want to scold, you will hide in a place where no one can see. Otherwise, if you are known by this teacher Tang, you will be ready for reincarnation.

So now after Yuan Jia saw Tang Shiling, let alone what high-profile, he can speak normally. He thinks he is very good.

“Since you know your situation now, we won’t talk much nonsense. Sign this document and transfer all the shares in your family. At that time, Liang will be kind and arrange a place for you to live.” Tang Shiling said and put a document on the table.

“This...” Yuan Jia hesitated immediately and asked him to sign directly as soon as he came up, which was too fast.

The God Of Medicine Son-in-law Chapter 324

“What? Don’t you want to?” After seeing Yuan Jia’s performance, Tang Shiling suddenly looked cold.

“No... no, I agree, I sign!” Yuan Jia immediately turned pale with fear.

In the face of such a master, Yuan Jia has no luck at all. After all, Tang Shiling’s “sinister palm” is not a joke. In case he annoys the other party. If you slap yourself, you may die suddenly on the spot.

Shakily picked up the pen. Yuan Jia seemed to want to struggle, but after seeing Tang Shiling’s beast like eyes, he immediately took the document and signed it.

“That’s how you Jinsheng talk about business? When you came up, you directly asked someone to sign?” Suddenly, Xiao Chen’s voice came from outside.

“Who?” Tang Shiling immediately looked at the source of the sound outside.

Xiao Chen came to the box without delay. After looking at Yuan Jia with disdain, he looked at Tang Shiling and the man in suit beside him.

Obviously, it can be felt that among the two people who came today, Tang Shiling is the main role, and the man in suit next to him is just an attendant.

“Xiao Chen!” Tang Shiling was stunned when he saw someone. Although he had never seen Xiao Chen, Xiao Chen’s name often appeared in his ears during this period.

After all, he is the one who has stirred up the whole Wuling by himself.

“What? Are you surprised to see me?” Xiao Chen smiled faintly.

“No, I’m not surprised at all. The surprise is true. I didn’t expect that the person we’ve been looking for so long could let me meet here. It’s really heaven. You don’t go. There’s no door to hell. You break in!” Tang Shiling said that he was ready to start without any sign.

But he didn’t know that Xiao Chen had already noticed everything, because now Xiao Chen has become the Qi of chaos. He can see the flow of breath on Tang Shiling clearly.

Just before Tang Shiling spoke, Xiao Chen saw that Tang Shiling was running his strength and preparing to attack himself.

“Up!” Tang Shiling gave a loud drink, and the sinister palm also patted Xiao Chen.

“No!” Yuan Jia was silly when she saw this scene. He didn’t know that Xiao Chen would suddenly appear, nor did he know that Tang Shiling would launch an attack if he didn’t agree.

However, just when everyone present thought Xiao Chen was going to die, Xiao Chen suddenly turned sideways and then slapped it directly on Tang Shiling’s chest.

Xiao Chen hardly used any vitality or chaos in this palm. It was just a simple slap, but even so, after Tang Shiling was hit by this slap, his eyes were about to stare out. The mouth also overflowed with a trace of blood.

“How... How possible!” Tang Shiling looked at Xiao Chen in disbelief.

Although his cultivation is not profound and may not be as good as that of Wu Feng and Ling Yun, at such a close distance, he also sneaked into Xiao Chen with a vicious palm. He thinks he is at least 90% sure to hurt Xiao Chen.

But at present, the other party almost effortlessly avoided his attack, and slapped himself to death.

“Now that you are all here, be honest and tell me where Liang HANGHUI is.” Xiao Chen doesn’t want to talk nonsense with them. Directly began to inquire about the whereabouts of Liang HANGHUI.

“Mr. Tang... Are you all right...” the man in suit went up and held Mr. Tang.

Now, under the palm of Xiao Chen, Tang Shiling has felt something wrong with the whole person, and his chest is stuffy. His mind became more and more confused. He could only reluctantly say, “come on... Help me...”

“I just hit his heart pulse with that palm. Now the palm power hasn’t melted. If he doesn’t get relevant treatment within half an hour, he may die here.” Xiao Chen smiled and sat beside Yuan Jia.

At this time, Yuan Jia was also frightened by Xiao Chen. He didn’t expect Xiao Chen to be so fierce. Tang Shiling was a cold-faced killer in Wuling city. The cultivation of Xuanyin skill has reached a terrible level.

But in front of Xiao Chen, Tang Shiling was like a child playing at home. He was hurt so easily by Xiao Chen, and it looked like what Xiao Chen said. He may die soon.

After listening to Xiao Chen’s words, the man in suit’s face was as ugly as eating a fly. In the past, they said this to their opponents.

Now it's all right. When Xiao Chen came here, he became a victim. Looking at the dying Tang Shiling, the man in suit said slowly after struggling for a long time:

"Our boss's whereabouts are uncertain, but he usually haunts the major and famous shopping malls in Wuling. He said he is looking for his own inspiration there."

"Shopping mall? Inspiration?" Xiao Chen immediately felt a little strange, and then looked suspiciously at the man in the suit and said, "what you said is too strange. How do you let us believe you?"

The man immediately felt insulted, blushed and said, "do you believe it or not?"

Seeing the man's expression, Xiao Chen felt a little funny, so he stretched out his hand and pointed at Tang Shiling's chest. After a while, Tang Shiling slowly straightened up, looked at everything in front of him and asked in some confusion:

"I'm still... Alive?"

"You can live, but when you cultivate this Xuanyin skill yourself, your blood has contracted to a very serious level. In less than a year, I think you should die." Xiao Chen said she was going to leave with Yuan Jia.

"Doctor Xiao Chen! Doctor Xiao Chen! Please help me. You can see my illness at a glance. I'm actually young. I don't want to die!" Behind him, teacher Tang suddenly knelt down in front of Xiao Chen.

The man in suit was a little silly when he saw the scene in front of him. He couldn't believe that Tang Shiling, who looked so cold and arrogant at ordinary times, still had a begging side.

"A villain like you is not worth saving. How many evil debts do you have in your hand? This is also your own sin to pay!" Xiao Chen said and left.

Yuan Jia hurried behind Xiao Chen.

“Damn it! You die!” Tang Shiling felt that his anger was attacking his heart. He made a bold move again and unexpectedly attacked Xiao Chen again.

Yuan Jia heard Tang Shiling’s roar and quickly hid aside, while Xiao Chen didn’t look at it. A silver needle flew out of her hand and directly hit Tang Shiling’s palm.

The God Of Medicine Son-in-law Chapter 325

Tang Shiling immediately screamed.

“Ah... My hand, my hand!” As the scream of Tang Shiling came, the man in suit could see that Tang Shiling’s hand was shrinking at a speed visible to the naked eye. After seeing that, it was creepy.

After bursts of severe pain, Tang Shiling’s spirit completely collapsed and fainted.

Xiao Chen walked out of the teahouse without looking back.

Yuan Jia also hurried to follow up.

“Mr. Xiao Chen, what did you just do to the Tang Shiling? How do I feel that your move is too cruel, and his hands are like that...” Yuan Jia said about the situation just now and felt that the hairs on his body stood up.

“I didn’t do anything. It was just because he practiced his kung fu by improper means. I just let the side effects of his kung fu show up. Doing so saved his life.” Xiao Chen explained.

“Help? But the teacher Tang’s order just now looks like it’s going to hurt to death.” Yuan Jia didn’t dare believe it.

“That’s because of the Yin attack in his body. Now he has lost one hand. But he can live a few more years. Do you want one hand or want to live a few more years?” Xiao Chen gave Yuan Jia a cold look.

"It's better to live a few more years." Yuan Jia thought and said.

"Well, you often play in Wuling. Since the man said that Liang HANGHUI often appears in major shopping malls, take me to the shopping malls in Wuling." Xiao Chen said and looked at Yuan Jia.

"Major shopping malls... There is a woma shopping mall nearby. Let's go there and have a look?" Yuan Jia asked tentatively.

"Just take me. I'm not familiar with these places." Xiao Chen walked behind Yuan Jia with her hands on her back.

Then Yuan Jia drove with Xiao Chen to the nearby woma shopping mall, which is an international shopping mall. It is divided into seven floors, and each floor is a professional mall.

As soon as the staff on the first floor saw Yuan Jia coming, they immediately greeted him:

"Mr. Yuan Jia, are you here again today?"

Xiao Chen immediately felt familiar with Yuan Jia. He remembered that when he first met Yuan Jia, it was because he was in private. It seemed that this boy was really addicted to private bags, not just to show off.

"Not this time." Yuan Jia was a little embarrassed.

He also wants to charter the venue, but now his economic conditions are not allowed.

"Oh. Well, I wish Mr. Yuan Jia a good time." Hearing this, the receptionist opposite was somewhat lost. Every time Yuan Jia came to charter the venue, he paid at least hundreds of thousands of fees to the mall, which almost became one of the huge benefits of many shopping malls.

Now Yuan Jia doesn't charter the venue, and the total monthly income of some large shopping malls in Wuling city is much less.

That's it. Under the leadership of Yuan Jia, Xiao Chen strolled around the whole woma mall and found no trace of Liang HANGHUI.

Yuan Jia knew Liang HANGHUI, so Xiao Chencai trusted him very much. Then they went to other shopping malls. At the end of the day, I showed almost all the shopping malls, but there was still no trace.

Xiao Chen suddenly felt a little strange. At that time, he roughly felt that the man in suit should not have lied to himself, so Liang HANGHUI should appear in major shopping malls.

But after looking for a day, I didn't see any trace, which should be a problem.

Think about it. Xiao Chen suddenly thought of a very serious problem. The chat process between Yuan Jia and himself with each other may have been recorded. Now Liang HANGHUI should know his direction of action.

Then he will never appear in any shopping mall in Wuling again.

The more he thought about it, the more Xiao Chen felt that this was the case. Otherwise, you can't explain why you haven't found any clues all day.

In this way, Xiao Chen took Yuan Jia back to Shixiang Pavilion first.

Just back, Xiao Chen found something wrong inside, so he rushed in quickly.

Only then did I see a dilapidated scene inside, and yimengruo and her sisters disappeared.

Xiao Chen quickly took out her mobile phone and wanted to contact Yi mengruo, but when she answered the phone, there was a man's voice:

“Xiao Chen? You’re very nice. I appreciate you very much. If you want to save your woman, don’t bring anything. Meet on the third floor of Huiyao building tomorrow.”

After that voice finished, it was the voice of Yi mengruo: “Xiao Chen, don’t listen to him, don’t come. All this is...”

The phone hung up before the conversation was over.

Xiao Chen was so angry that he crushed all his mobile phones on the spot.

“Liang HANGHUI, dare to touch my woman, I want you to accept due sanctions!”

Yuan Jia was stunned when she saw this scene. Xiao Chen was angry. It was a hundred times more terrible than any beast.

The next day, Xiao Chen went out early and came under the Huiyao building.

Yuan Jia was very tired after running all day, so he stayed in Shixiang pavilion to sleep in. Anyway, today’s affairs have nothing to do with him.

At the foot of Huiyao building, two men in professional clothes immediately came up to meet Xiao Chen.

Although Yimeng is kidnapped now, Xiao Chen still maintains his state of mind, because he knows he is anxious and can’t know her situation now. The only way is to calmly deal with the things in front of him.

Try to get some words out of each other’s mouth, and then rescue people by surprise.

In this way, Xiao Chen followed them to a large conference hall on the third floor.

As soon as he came up, Xiao Chen saw two familiar people sitting on their seats.

One is the mysterious man who escaped during his chase with ah Qiang yesterday, while the other is Wu Feng.

They just sat in their seats and saw Xiao Chen coming. Their face didn't change. Their eyes just stared at the screen on one side.

Xiao Chen also looked at the big screen. At this time, it was dark on the screen. After Xiao Chen sat down, a person's face was displayed on the screen.

This face is very ordinary, with small eyes, high bridge of nose and a slightly crooked mouth. It looks like it's in its forties.

"Welcome to our meeting, Mr. Xiao Chen." As like as two peas on the screen, the man on the screen spoke.

"If you want to save your lover, you must cooperate with us. You need to inform HuaLao about something." The man continued.

The God Of Medicine Son-in-law Chapter 326

"Now you have no room for thinking, except cooperation."

Over there, Xiao Chen was unmoved and deliberately shouted to remind Xiao Chen.

Xiao Chen's eyes flickered for a moment and asked, "if you say cooperation, why should I trust you? What if I do something. What if you don't fulfill your promise at that time? And you didn't say your conditions at all, just blindly emphasize what I should do."

"I think my condition should be that there is nothing to say. Now your little lover is still in my hand, do you still want to bargain with me?" There was a look of impatience on the face on the screen.

“I really don’t have anything to bargain about, but I still need to know more about what I should know. Well, you said to release people. How to release people, where to release them, where I will see them? And how can you prove that they are in your hand now?”

Xiao Chen threw out a series of questions.

“I said, why are you like a woman? There are so many problems every day? What are our identities? Do you still need to doubt the person who tied you? Didn’t I listen to you on the phone yesterday?”

The mysterious young man in front could not hold his mind.

After listening to the man’s words, Xiao Chen can immediately determine that if they should be locked up in Wuling, the man pretending to play tricks on the screen is estimated to be not far from where they are now.

Thinking of this, Xiao Chen quickly began to run the chaotic Qi in his body and began to feel the sound source on the screen.

Sure enough, the man on the screen immediately changed his face after listening to the mysterious young man’s words, but the degree of change was quite subtle, which ordinary people must not see.

But Xiao Chen still caught this clue. Some information of the other party is leaked, and his heart will fluctuate somewhat.

However, the man was still calm and still looked at Xiao Chen and replied:

“Most of what you ask is nonsense. I don’t need to answer you. All you need to know now is that you must trust us. Otherwise, your lover won’t live tonight.”

“Well, go ahead. What do you want me to do?” Xiao Chen asked.

“Call Hua Wenfeng and ask him to withdraw the troops stationed along the coast of Dongyang!” The man sank his face and said.

“Dongyang’s army?” Xiao Chen whispered.

“Don’t think about it. You can’t know our purpose. Just call quickly.” The man on the screen seemed impatient.

It seems that this matter should not be a trivial matter. And it may be some kind of treasure, but Xiao Chen still said calmly:

“I can’t do this. You should investigate my identity before you come to me. My identity is not so high. As an old star guarding the four directions, do you think he will withdraw his troops because of my words?”

“Then I can’t manage so much. What I want now is the result of troop withdrawal. If you can’t do it, I’ll have to kill people.” The man’s face was gloomy and cruel.

“Then I need to communicate in private.” Xiao Chen immediately responded.

“That won’t work either. I have to hear that Hua say it with my own ears. And I also need to know that he will carry it out.” The man is not willing to give in at all.

“I said, will you negotiate? Under such conditions, who can you invite to succeed?” Xiao Chen was also a little angry at this time.

“Negotiation? Are we negotiating? We’re just a unilateral threat. You need to choose. Only do it or not.” The man smiled coldly.

“If your words are all about this, then I have no other choice. That woman, kill it if you kill it. I can’t do this. Goodbye!” Xiao Chen said, resolutely walking out of the room.

“Want to go?” Wu Feng saw the trend and immediately moved.

His speed was very fast, and the yellowish Jin Jian on his hand was instantly formed, directly killing Xiao Chen.

“Boy, don’t you cry when you don’t see the coffin? Don’t think we really dare not kill your lover if you say so. We just have to play with it before we kill it. It’s a top beauty!”

The mysterious young man suddenly laughed twice.

Xiao Chen was really angered by this sentence, but the Qi of chaos turned. With the Jue given by his grandfather’s clone, he calmed down again.

“As I said, I can’t do what you said. It’s not what I, a small citizen, can do to withdraw the Chinese army. If you really need to do so, the person you should threaten is not me, but the Chinese army.”

Xiao Chen looked coldly at the man on the screen.

The man was just testing Xiao Chen’s bottom line. Seeing Xiao Chen’s determination, he probably guessed the limit that Xiao Chen could bear.

So I put forward my request again:

“Then take your time. Now don’t worry about letting old man Hua withdraw. First try to persuade them and let them have some ideas of withdrawal. Now the situation in Dongyang is very good. We should coexist peacefully, so as to create a better atmosphere of cooperation.”

“It was reported two days ago. I don’t have to say. Will they do the same?” Xiao Chen smiled.

“You talk so much. It seems that you really don’t want to save your little lover!” The young man stood up and seemed to be ready to clean up Xiao Chen.

Wu Feng on one side saw that there was also a trace of true Qi flowing in his hand, and he also entered the state of war preparation.

“Sit down!” There was a roar from the man on the screen.

The conversation should have progressed smoothly, but it was because the mysterious young man said something exciting to Xiao Chen again and again that it became so difficult now.

The man on the screen obviously had no patience with the mysterious young man.

After a roar, the mysterious young man was stunned. He turned to look at the big screen and found that the man on the screen was looking at him with a pair of eyes that wanted to kill. The young man suddenly couldn't hang on his face and had to sit down first.

Seeing the young man sitting down, the man's mouth on the screen began to move again:

“I just ask you to call old man Hua on the spot, tell him about it and see his reaction!”

“OK.” Xiao Chen no longer hesitated at this time. He took out his mobile phone and dialed Hua Wenfeng.

“Hey, doctor Xiao Chen, what's up?” There came the slightly old voice of Huawen peak.

The God Of Medicine Son-in-law Chapter 327

“Hello, old Hua. I haven't seen you for so many days. How are you?” Xiao Chen also pretended to have a very natural voice.

“I'm in good health. After doctor Xiao Chen treated me last time, it was really like rebirth. Now I can drink two or three liang of wine every day. It's very comfortable.”

Hua Wenfeng's voice is very kind.

"That's good. There's something I want to talk to Mr. Hua about recently. It's something about our east sea area. It's on the news. Have you read it?" Xiao Chen continued to maintain a relatively flat tone.

But actually when I said it. He casually used a slight deep voice for a few words, which could not be seen on the surface. If Hua Wenfeng asked people to analyze it at that time, we can know that the meaning of his words is unusual.

"I've seen it. Isn't it to promote our cooperation with Toyo now? So our military strength there has also been greatly reduced. It's also prepared for us to gradually withdraw what should be withdrawn later." Hua Wenfeng also said casually as if he were nagging at home.

After hearing this, a trace of joy flashed on the man's face on the screen, as if their purpose had been achieved.

"Well, Miss Hua has also found many important clues here recently. Maybe she can make new contributions to the Empire soon." There was a slight smile in Xiao Chen's voice.

"Oh, the little girl of our family still needs a lot of patience from doctor Xiao Chen. She has been spoiled since childhood. It's estimated that she will suffer this time. If doctor Xiao Chen is free, she'd better watch her for me and don't let her get angry when handling the case."

Hua Wenfeng also said with a smile.

Hearing what Hua Wenfeng said, Xiao Chen did think that Hua xuwan was a little wayward when handling the case, but generally speaking, the elders are deliberately exposing their shortcomings. In fact, they still love their granddaughter.

"Sure! Sure!" Xiao Chen replied with a smile.

“Well, thanks to the miracle doctor Xiao Chen. The little girl in our family has a bad temper. At that time, if the miracle doctor Xiao Chen wants to, we can come back with her. We haven’t had a good time last time, so we must have more drinks this time!”

Hua Wenfeng once again invited Xiao Chen.

“I will go when I have time!” Xiao Chen also answered politely.

Hung up. Xiao Chen looked at the screen. The man’s face was a little strange. Then he suddenly took out a recording instrument, which constantly repeated the words deliberately stressed by Xiao Chen.

“It seems that you are not honest!” The man smiled coldly.

At this time, the mysterious man in front of Xiao Chen and Wu Feng shot at the same time. Want to take Xiao Chen directly.

Seeing this, Xiao Chen deliberately ran a small amount of chaotic force and got entangled with them.

After a while, the mysterious young man found the gap of Xiao Chen’s defense, and ran Zhenqi slapped Xiao Chen on his chest. Xiao Chen immediately vomited blood, and then fell to the ground unconscious.

“Hum. He’s just a little guy. He thinks he’s great if he has a little ability. The shadowless hand of situ family is not so easy to hide!” After the mysterious man hit the target with one blow, his face will inevitably appear pleased.

Wu Feng on one side saw that Xiao Chen was knocked down so simply. I can’t help but have a little doubt.

At the moment of his doubt, Xiao Chen suddenly burst into a rage, and the chaotic force in his hand condensed and killed the mysterious young man.

“Master situ, be careful!” Wu Feng immediately put the golden light on his hand and patted it directly at Xiao Chen.

Xiao Chen was hit again. This time, he completely fainted.

“Good boy, you want to kill me. Fortunately, brother Wu Feng is here.” A few drops of cold sweat oozed from the mysterious young man’s head.

Wu Feng in order to ensure that Xiao Chen will not wake up again. He also recited a spell and made a prohibition law on Xiao Chen. Only in this way did he feel much safer.

“Father, what should we do now?” The mysterious young man then looked at the big screen.

“Bring him back first. We’ll see what happens then.” The man on the screen murmured.

No wonder the young man didn’t dare to yell after the man on the screen yelled. It turned out that the two were father son relationship, and Wu Feng just called the young man master situ.

It seems that both of them should be members of situ family.

After listening to the man’s command on the screen, the mysterious young man called several men and tied Xiao Chen up and carried him out.

Soon after, Xiao Chen was put in the trunk of a car.

Just before everyone thought Xiao Chen was really caught this time, the chaotic Qi on Xiao Chen lying in the trunk slowly ran up, and the vitality accumulated in his body began to flow all over his body.

Xiao Chen was surprised to find that as long as he was injured, the vitality in his body would automatically help him repair his injury. In this way, as long as he was not killed by a blow, he could almost be said to be invincible in the battle.

Thinking of this, Xiao Chen couldn't help feeling a little excited. Just now he deliberately pretended to be defeated by the mysterious young man and Wu Feng. In fact, they are not his opponents at all. If Xiao Chen really wanted to, it is estimated that he can take them directly between backhands.

Now Xiao Chen is going to use the illusion of fainting to sneak into each other's nest, and then he can directly bring the other out of the pot.

In this way, the vehicle started. After walking for about an hour and a half, the vehicle stopped. Several men opened the trunk, carried out Xiao Chen who was "unconscious" and came to a villa.

This place is somewhat similar to the shuibi villa where Xiao Chen was taken, but the difference is that there seems to be some strange smell here, like a trace of aura.

Besides, there are many swords and bamboos around. It seems that it should be the place where practitioners often haunt.

In fact, Xiao Chen guessed right. This is Cangjian villa, the home of Guanghuojia, the strongest cultivator in Wuling. The reason why there is a trace of aura around is that Guanghuojia found that there is a local vein in Wuling after ten years of exploration.

Therefore, this Tibetan sword mountain villa was built on this vein.

Seeing that Xiao Chen was brought in, Guang Huojia, Situ Shou and the men who had appeared on the screen were all watching it in the lobby.

"We have caught Xiao Chen this time. Next, Lord Situ's plan to go to the Empire and the world can be implemented. We will win a great victory!" Guang Huojia laughed.

The God Of Medicine Son-in-law Chapter 328

"The boy is very cunning. Even if he's caught, it's probably difficult to pry open his mouth. Don't be happy too early." Situ Shou was very calm.

“Situ Shou is right. Now we are just at Wuling, and the family members of other parts of the Empire are working together. If we just catch a Xiao Chen, we can win. Then our situ family won’t have to decorate for so many years.”

Situ Qian, the leader of the situ family in Wuling, was also indifferent.

“Father, this time I hope to give Xiao Chen to me for interrogation. I will live up to your expectations!”  
Below, the young situ tianque arched his hands and asked situ Qian for orders.

“Don’t think it’s your credit this time. Going to see Xiao Chen without authorization almost surprised the snake. If he hadn’t studied this matter deeply, it’s estimated that our plan might have failed this time. You’d better go back and reflect.” Situ Qian looked unhappy.

“Hey, brother, don’t be so angry. Tianque is a little young, but people come from this age. It’s good to let him experience more while he’s young. Anyway, Xiao Chen can’t escape now. Let tianque try it first.”

Situ Shou on one side hurriedly advised.

“No, the boy doesn’t have a city government. At that time, he will kill Xiao Chen in a word. How can we carry out our plan later?” Situ Qian obviously didn’t want to agree.

“That’s it. I’ll go with tianque. If anything happens, I’ll stop him immediately. How about it?” Situ Shou made another suggestion.

Hearing this, situ Qian was silent.

“Father, just give me a chance. I will be able to interrogate a result this time. Believe me!” Situ tianque below also hurriedly hugged boxing.

After much consideration, situ qiancai nodded slightly and said, “then go with this bastard. Remember, we must have a good talk and don’t threaten him like I did before. If you can’t grasp this degree, start with the simplest way of negotiation. Do you hear me?”

“Yes! Thank you, father!” Situ tianque was immediately delighted.

This is really a good performance opportunity. After all, it's the enemy Xiao Chen they've been staring at for a long time.

If he can ask something in Xiao Chen's mouth. Maybe his position in the family will be improved a lot this time. At that time, he may not have to stay in Wuling.

Either go to Kyoto or several developed cities along the coast. Wuling is so boring that there is nothing worth remembering for a young man.

In this way, situ tianque was accompanied by situ Shou. Excitedly came to the prison where Xiao Chen was detained.

“Open the door and I'll go in and talk to him.” Situ tianque is also an expert in art. He is brave. Don't worry that Xiao Chen will sneak into himself at that time.

Besides, if they are still in the hands of their own group, if Xiao Chen dares to fight. Then if Yimeng had their lives, they would not have been saved.

In this way, situ tianque and situ Shou both entered the room.

At this time, Xiao Chen was still pretending to be dizzy. Seeing that Xiao Chen was half dead, situ tianque's eyes were full of contempt. He couldn't believe that such a person without any resistance would waste his father's time for so long.

“Find a way to wake him up!” Situ tianque ordered the servants aside.

After a while, several servants brought a bottle of potion, which seemed to be a compulsory sobering agent.

A big man helped Xiao Chen up, and the other two servants pried Xiao Chen's mouth open. Forced the medicine in.

"Oh!" Xiao Chen immediately felt a strong medicine churning in his stomach, and the whole person immediately woke up.

"Be honest!" The big man behind him directly hugged Xiao Chen to ensure that he could stand where he was and not fall down.

The two servants nearby also withdrew directly.

"Xiao Chen, do you know who I am?" Situ tianque came to Xiao Chen with a sneer.

"You scumbags!" Xiao Chen pretended to be angry at this time. His face was also full of unwilling expression.

"Oh, I have a big temper, but anger doesn't work in the face of absolute strength. You have a dishonest record today, but we are still kind. We didn't start with your lover. I'll give you another chance. Do you cooperate with us well, you know?"

Situ tianque asked the big man to loosen the rope for Xiao Chen.

The medicine he had just drunk contained the poison of scattered skill. Situ tianque was not worried that Xiao Chen would fight back now, because Xiao Chen would feel great pain as long as he exercised his skill a little.

"What if I say I don't cooperate?" Xiao Chen's face suddenly became cold.

Situ Shou suddenly felt a strange smell. It seemed that Xiao Chen in front of him was not the lamb to be slaughtered they imagined, but a fierce tiger that could tear them up at any time.

"Go out first!" Situ Shou hurriedly picked up situ tianque and went out.

As the smartest person in the situ family in Wuling, situ Shou's sixth sense is very sharp and his perception of danger is very rapid.

It's a pity that when he met Xiao Chen today, if someone else might have a chance to respond, but Xiao Chen would never give his enemies any chance to respond.

"Second uncle, why? I asked well. Xiao Chen just ate our poison. He can't be in any danger..." situ tianque looked puzzled at this time. He didn't know why situ Shou was so afraid of Xiao Chen.

But the next second he found that situ Shou's fear was indeed right, because Xiao Chen had cleaned up the servants and strong men behind him and had come to them.

"How could it be? You've just been poisoned. Don't you die?" Situ tianque looked at Xiao Chen, who was like a murderous God, and his eyes were almost staring out.

"Come on, call for help..." situ Shou also shouted at this time, but he just shouted out, a cold light flashed, and a silver needle directly pierced his throat. He couldn't say a word any more.

"You're tired of cheating us!" Situ tianque's breath immediately shook, and the real Qi in his body also worked.

However, what he didn't expect was that Xiao Chen's speed was much faster than him. At the moment when he just ran Zhenqi, a huge force had hit him.

The God Of Medicine Son-in-law Chapter 329

Xiao Chen clapped it with one hand. The violent chaotic Qi rubbed with the air and made a sharp and harsh sound.

Situ tianque was directly patted by this palm, and then fell back to the hard stone slab with a dull sound.

Situ Shou watched all this, and his heart was full of panic at this time. He couldn't believe that Xiao Chen, who was caught, could suddenly burst out such great power.

Although situ tianque's accomplishments are not the highest among the situ family, he is the most gifted one. Everyone believes that situ tianque may create a new history of the situ family in the future. Cultivate to a peak that no one has ever practiced.

But now, just by Xiao Chen's move, he won it directly. He didn't even have any chance to fight back, and even his true Qi didn't work. So he was knocked down to the ground.

Because Xiao Chen blocked situ Shou's voice, situ Shou could only stare at Xiao Chen step by step. Now they were too far away from the main hall of cangjian villa, even if situ Shou could make a sound.

It is estimated that it is also difficult to attract the attention of people over there.

"I'll give you two ways now. Either cooperate with me or die!" Xiao Chen whispered in situ Shou's ear and threatened.

Situ Shou was already scared at this time, but he didn't want to die, so he quickly nodded and said he would cooperate with Xiao Chen.

For such an old fox, Xiao Chen certainly didn't believe what he said. He immediately turned his hand and slapped it on situ Shou's abdomen. Situ Shou immediately opened his mouth with pain, and his face was also in pain.

Xiao Chen didn't hesitate. A pill in his hand suddenly appeared and directly stuffed it into situ Shou's mouth. Out of guard, situ Shou swallowed the pill directly.

"The pill you just took is Jiudu powder. If you don't have my antidote in half a day, your internal organs will slowly melt under the action of the medicine. I don't think you want to experience the pain of plucking out the courage and heart?"

Xiao Chen looked at situ Shou with a sneer.

When Situ Shou heard this, he was so frightened that his hair stood up and shook his head. His face was full of begging.

“Then be honest and take me to Yimengruo!” Xiao Chen said and pushed him, but he showed himself the way.

In desperation, Situ Shou could only walk in front of him honestly. After walking in the villa for a long time, Situ Shou took Xiao Chen to a room outside, and then pointed to the room, meaning Yimeng if they were inside.

After hearing this, Xiao Chen was not in a hurry to open the door, but said to Situ: “open the door first!”

After listening to Xiao Chen, Situ Shou immediately hesitated, but he slowly walked up to the door and opened it slowly.

After opening the door, there was no accident. Situ Shou looked at Xiao Chen with a smile, which meant that it was absolutely safe.

So Xiao Chen approached slowly, and suddenly two dark shadows flashed out, both holding a long sword and chopping down at Xiao Chen.

Xiao Chen reacted very quickly. In an instant, the Qi of chaos protected her and raised her hand. It blocked both of them directly.

The two men in black were surprised. They didn't expect Xiao Chen's reaction to be so fast, but they were not vegetarians. They immediately turned their Qi and wanted to take back their sword.

But where will Xiao Chen give them this opportunity? The Qi of chaos erupts in an instant and shoots it directly with both palms. The two men in black were photographed spitting blood and fell to the ground unconscious.

However, while Xiao Chen was fighting, Situ Shou found an opportunity and disappeared into this small house.

Xiao Chen was a little discouraged. Sure enough, he still calculated, but the old fox opened the door of the room and saw that there was a middle-aged woman and a child inside. They were very afraid when they saw Xiao Chen. It seems that he is afraid that Xiao Chen will kill them all.

“Who are you? I’m here to save people.” Xiao Chen immediately said his identity.

Hearing this, the middle-aged woman looked skeptical.

“Now I don’t have time to explain so much to you. If you believe me, come with me and I can take you away.” Xiao Chen didn’t want to explain too much. She stretched out her hand and looked at the middle-aged woman sincerely.

After a little hesitation, the middle-aged woman held Xiao Chen’s hand.

“Do you know where the others are locked up?” Outside, Xiao Chen asked while exploring Yi Meng ruo’s breath.

“I’m not sure. I’ve been locked up here since I was caught.” The middle-aged woman looked blankly.

“Where are you from? Why did you get caught here?” Xiao Chen asked again.

“I’m Gu Qisheng’s wife. My name is Guan Xiaoli. I don’t know why they want to catch me. My baby and I have been caught here for a long time.” Guan Xiaoli said, and tears of sadness flashed in her eyes.

Gu’s wife? Xiao Chen couldn’t help looking back at Guan Xiaoli, and suddenly felt a burst of surprise. Then, after looking at the child’s appearance, she did find that it was still a little like ancient life.

Is it because his wife and daughter were kidnapped that Gu Shisheng wanted to rob the evidence at the beginning? After Hua Xuwan found it later, he found out his conscience and handed over the evidence?

But now the mother and son are still alive. It shows that the practice of ancient death does not violate the meaning of these people, so what kind of mission does he have?

Xiao Chen couldn't think about it now. He tried to run the Qi of chaos and noticed the breath around him, but he didn't find any Yimeng if their breath around him.

Almost after searching the whole Tibetan sword villa, Xiao Chen still didn't find the trace of Yimeng. Guan Xiaoli's mother and son had been sent to a small mountain without any danger for the time being.

But now the most important thing is to rescue Yimeng if they.

Just when Xiao Chen couldn't understand it. He suddenly thought of a possibility, so he hurriedly continued to check around, and sure enough, he found that the land in one place was higher than the other.

After digging the soil, a small hole appeared in front of Xiao Chen.

Sure enough, as he thought, there was no space on the ground and underground. Many places in Wuling like to make underground space, which is also a feature of their side.

After groping in the cave for a long time, Xiao Chen saw a light not far away, and then leaned over quietly, trying not to make any sound.

The God Of Medicine Son-in-law Chapter 330

"I really don't know when to keep it. The air below is not good and the vision is not good. The whole person feels much depressed." One of the guards inside complained.

"No, you just came here. I've been here for three years. It's no big deal. Just get used to it. At least there are beautiful women to see now." Another older guard comforted.

“It can only be seen, but it can’t be used. What’s the meaning of this? If they stay here for another two days, it’s estimated that they will be like us. Their complexion is waxy yellow, and they’ll fart at that time.” The young guard seemed to feel a little loveless.

“You can’t be positive. Let’s stay here for a while. Maybe we can be valued by Lord Situ Qian when we go out. It’s a deal to give us a high salary and easy position at that time.”

The older guard taught.

“Come on, just like the stingy Situ family. I wouldn’t be too lazy to do it if it wasn’t for the work of guarding people three hundred a day.” The young guard looked indifferent.

While they were chatting, suddenly a gust of wind came out, and they both felt a chill on their backs.

“Sleeping trough, won’t there be anything dirty in this hole?” The young guard immediately began to panic.

“What nonsense are you talking about? I’ve been here for more than three years. I haven’t seen any strange phenomenon. It was just a gust of wind.” The old guard patted the young guard on the head.

“If you say no, you don’t? We’re underground. Where does the wind come from underground?” The more the young guard thought about it, the more frightened he was, and his legs began to tremble.

Suddenly Xiao Chen appeared in front of them like a ghost.

“Ghost! Ghost!” The young guard screamed with fear, but he was knocked unconscious by Xiao Chen before he called twice.

The rest of the old guard looked at Xiao Chen very calmly, and the shotgun in his hand had been loaded. He aimed at him and said, “where are you from? What do you want? I advise you, the gun in my hand doesn’t have eyes. If you make me anxious, I’ll shoot!”

However, as soon as his voice fell, Xiao Chen had flashed behind him, and a hand knife directly knocked him unconscious.

After finding the key from the older guard. Xiao Chen immediately came to the door of the prison room. After opening the door, Yi Meng and Ruo unconsciously leaned together because of the light problem.

Yi mengruo's eyes are full of determination at this time. Holding the only dagger she had hidden when she came in, it seemed that whoever was going to invade them should directly fight with each other.

"If you dream, don't be afraid, it's me." Xiao Chen's voice came.

All the women were stunned when they heard this. Yimeng Ruo threw away the dagger in her hand excitedly. He got up directly from the ground and ran over: "Xiao Chen! Xiao Chen!"

She cried as she ran. Soon he jumped directly into Xiao Chen's arms.

Looking at the haggard Yi mengruo at this time, Xiao Chen felt distressed for a while. Secretly running, the Qi of chaos poured into her body, which made Yimeng feel that the state of the whole person had been restored.

These days, they almost never fell asleep, because they should always be on guard against anyone who has bad ideas about them. Now Xiao Chen is here, and all the women are relieved.

In fact, rose and others in the back also want to go up and hold Xiao Chen, just because Xiao Chen is the man of Yi mengruo, and several sisters are due to their relationship. So I can only look at Xiao Chen with gratitude.

Xiao Chen didn't hesitate for too long, so she took the girls out directly.

On the other side, situ Shou had passed through secret passages and detoured back to the main hall.

At this time, guanghuojia and situ Qian are discussing how to cheat the Taichu Baolu in Xiao Chen's hand.

But when the discussion reached the critical moment, he saw situ Shou running from the outside in a panic. Everyone was a little strange and didn't know what situ Shou meant.

"Second brother, what's the matter with you? You talk, you don't talk, just sign language, how can we understand?" Situ Qian asked suspiciously.

But situ Shou kept dancing, as if his face was full of anxiety.

Guang Huo Jia seemed to see something. When he pointed at situ Shou's throat, situ Shou could make a sound immediately:

"No! Xiao Chen is all pretending. Now tianque is hurt by him, and I have just been kidnapped. He is behind the villa now. I took him there to deceive others. I don't know where he will go now."

"What!" Situ Qian immediately clapped the case.

Guanghuojia and Wu Feng also frowned at this time. It was obvious that Xiao Chen still had this skill, which they didn't expect. Several people turned their Qi one after another and flew directly to the rear of the villa.

When they came to the place where Guan Xiaoli was detained, situ Qian and Guang Huojia were a little angry, because the man had been saved by Xiao Chen, and it might be much harder for them to implement the plan at that time.

"Find it! He can't get out without our people in this villa! Find it for me and mobilize everyone!" Situ Qian immediately shouted.

At this time, Xiao Chen has brought yimengruo and others to the small hillside beside the villa.

“You hide here. Don’t come out. I’ll go down and take down all the people, and then come back to you.”  
Xiao Chen is ready to leave after giving an account.

“You must be careful. If you can’t beat us, we’ll run!” Yi mengruo pulled Xiao Chen’s way very emotionally.

“Don’t worry. I’m fully confident of taking these people below.” Xiao Chen showed a sunny smile, and then jumped to the door of the villa in a few steps.

At this time, the people who were searching everywhere immediately found him, so many thugs of situ family pointed their guns at Xiao Chen.

Situ Qian, Guang Huojia and others also came to the gate of the villa.

“Boy, I thought you would be a shrinking turtle all your life. I didn’t expect you to die so soon?” Situ Qian looked at Xiao Chen at this time, and his eyes were full of evil.

“How do you know if you’re dead without trying?” Xiao Chen smiled faintly.

“You! Kill him!” Situ Qian immediately ordered.

“Slow.” Guanghuojia stopped him: “don’t use bullets. If you break the baby, it’s not worth the loss.”

Hearing guanghuojia’s words, situ Qian calmed down. Indeed, if he shot and killed Xiao Chen now, if Taichu Baolu was broken or missing, they would lose their wife and soldiers.
