The God Of Medicine Son-in-law Chapter 341

“Forget it, just save it. Let’s get down to business.” Nangong Lengshan said and walked upstairs.

Although Xiao Chen was a little strange, he still followed Nangong Lengshan upstairs.

Because the location of the strange signal detected is in the basement, they must go upstairs and then go downstairs, so as to get to the second basement. And the location on the map is still below the second floor underground, so they have to find a way to go down below.

Come to the hall on the first floor of motor city. Many of the luxury cars were put in the exhibition hall for people to watch. Immediately after seeing Nangong Lengshan and Xiao Chen, a sales lady wearing professional clothes came up.

“Gentlemen, are you here to buy a car?” The saleslady asked with a professional smile on her face.

“We are not.....” Nangong Lengshan was stopped by Xiao Chen just when he wanted to deny it.

“Hello, miss, we are here to have a look. Would you like to ask if there is any strange situation in the auto city recently? Especially in the basement?” Xiao Chen asked politely.

Hear Xiao Chen’s words. The sales lady suddenly had a strange look on her face, but she didn’t answer Xiao Chen’s question, and turned coldly to say:

“If you two gentlemen don’t come here to see the car, please watch it by yourself. I won’t accompany you.”

Then the young lady was ready to leave.

Seeing that the sales lady was leaving, Xiao Chen was not in a hurry and slowly took out a card from his pocket.

When she saw the card, the salesgirl stopped.

“Jiuhua jewelry 50% discount card!” She was slightly surprised, although her professionalism told her to maintain her image and make a good impression on anyone who might become a customer.

But this card is too tempting for her, not because of anything else, but she is just getting married recently. Her husband was worried about buying a high-end wedding ring.

Because any diamond ring is at least tens of thousands, and the one they like is limited to 150000.

There is no way to collect so much money in a period of time, and once the diamond ring is bought, there will be no more behind it.

This is their only chance. Up to now, they are still 40000 short of raising money. The card Xiao Chen took out in front of him can be given a 50% discount at Jiuhua jewelry store in the East China Sea.

It’s really random. You can give 50% discount for any commodity. It’s said that the event was held on the fifth anniversary. There are only 50 tickets in the whole East China Sea.

And there was one in front of Xiao Chen.

“Miss, are you sure you don’t want to continue talking with me?” Xiao Chen shook the card in her hand.

The sales lady couldn’t help it, so she stepped back with a pile of smiles on her face:

“Sir, what’s your problem?”

“As long as you answer my question honestly, this card will be yours. How about it?” Xiao Chen showed a playful smile on her face.

“OK, you ask. Whatever you ask, as long as I know, I will answer!” The sales lady nodded again and again. After all, the card was too attractive to her.

“It’s still the question just now. Has anything strange happened in the auto city recently?” Xiao Chen’s face returned to normal.

“Yes, two big things have happened recently. The first is that our boss has suddenly changed into a young man. But he doesn’t know anything and acts recklessly here every day. It’s said that he seems to have attacked a top model here last time.”

The sales lady paused and then continued:

“Later, no one saw the model again. Many people said that the model committed suicide and some were crazy. The second thing is that our customers reported that there seemed to be something strange under the second floor, but our boss didn’t allow any of us to say anything.”

After saying something, she seemed to be out of breath.

“Top model?” Xiao Chen repeated these words, vaguely feeling that it seemed to be related to an acquaintance he had known.

“It seems right. There’s really a problem down here. Let’s go down now.” Nangong Lengshan said and was ready to walk towards the elevator.

“Sir, that card...” the sales lady was still looking at the card in Xiao Chen’s hand.

Xiao Chen remembered and promised to give the card, so he handed the card in his hand.

“Thank you!” The sales lady took the card. He walked away with joy.

I even forgot to say something to them.

“Let’s go?” Nangong Lengshan looked at Xiao Chen

“Don’t worry, you can’t eat hot tofu. Haven’t you learned a lesson last time?” Xiao Chen was very calm at this time.

Nangong Lengshan knew that Xiao Chen was referring to the last time Nangong Lengshan was reckless, so they were almost in danger.

“That was an accident. Haven’t we gone down this time? Let’s go down first.” Nangong Lengshan looked apologetic.

“We need to find the new boss first. The boss is estimated to have some problems. We can get some information from him.” Xiao Chen said and walked towards the reception desk of the auto city.

At this time, because it was the morning, few people came. They came to the front of the reception desk at once.

“Hello, gentlemen. What can I do for you?” The receptionist bowed respectfully to them.

“Hello, I want to ask if your boss is here now?” Xiao Chen asked.

“Boss?” The receptionist suddenly looked a little strange.

Xiao Chen immediately noticed the scene, but he didn’t say anything.

“Boss, his whereabouts are uncertain, and we don’t know where he has gone.” The receptionist replied after a slight hesitation.

“Is that right? Where is your boss usually?” Xiao Chen asked again.

"It's usually in an office over there. It says the chairman's office. Go to the end and turn right to see it." The receptionist pointed to the end of their right hand side.

"I see. Thank you." Xiao Chen thanked him.

"You're welcome." The receptionist answered politely.

"I said you came out to find your wife. How do I feel that you are flirting around all day?" Nangong cold mountain sees Xiao Chen always make complaints about all kinds of girls, and can't help but Tucao a sentence.

"Can't you see that there are only female staff here?" A trace of anger flashed on Xiao Chen's face. He was seriously investigating. When he came to his mouth, he turned into himself flirting. Who can bear it?

The God Of Medicine Son-in-law Chapter 342

"Hey, hey, as you said, I really didn't see a man's staff, not even a man." Nangong Lengshan found that the whole auto city was indeed full of female staff.

Because there are few people to and from, I can hardly see any men.

This is somewhat strange.

Just when I was parking, I could see several men around a woman. Now I can't see a man up there.

Now they are walking in the exhibition hall, and some female staff members give strange eyes all the time. It seems that the two should not appear here, or they are general.

"It's not easy. Don't make random moves." Xiao Chen explained as she walked.

"I see." Nangong Lengshan nodded and then asked as if he remembered something: "how do you know that the sales lady will see the card in your hand just now? What's the use of your card?"

Xiao Chen is a little speechless. Should he tell himself that the sales lady's face belongs to a young woman who is just going to get married?

"Experience." Xiao Chen spit out two words.

"Experience? What experience? Teach me!" Nangong Lengshan suddenly felt a little curious.

"Can you not focus on these unimportant places? Believe it or not, I'll tell Bai Qianqian about it now." Xiao Chen immediately scolded.

"Cut. If you don't say it, don't say it. Anyway, now you're the boss." Nangong Lengshan was a lot more honest when he heard Bai Qianqian's name.

They came to the corridor at the end of the exhibition hall. Suddenly, Xiao Chen seemed to hear something. It was from the chairman's room.

So without saying a word, he stepped out and rushed to the door of the chairman's room, and kicked the door open with one foot.

"Bang!" With a sound, the originally locked anti-theft door was kicked open, and several people inside were surprised.

Then Xiao Chen and Nangong Lengshan appeared at the door.

"Hey, didn't you say not to do it casually?" Nangong Lengshan looked at Xiao Chen helplessly.

"You'll see what's going on inside." Xiao Chen pointed to the room.

Nangong Lengshan found that several men were standing in the door with their clothes in disorder, and there was a woman with scattered hair and almost torn clothes and skirts lying on the sofa in the office.

The woman was sobbing softly.

“Madder, who dares to ruin my son cangbei!” One of the young men, who was not yet dressed, buttoned his shirt and walked towards the outside.

“Beast!” Xiao Chen scolded after seeing the scene.

“Who did the beast scold?” The cangbei childe responded with an evil smile on his face.

“Eat my sword!” Nangong Lengshan broke out completely after seeing the situation clearly. It’s unbearable that such a group of old men should bully a woman here!

“Qiang” a sword roared, and immediately a sword spirit flew straight towards the cangbei childe.

But the cangbei childe didn’t hide. With one finger in hand, a light green protective barrier appeared in an instant, which directly resisted the sword Qi of Nangong Lengshan.

“Cultivator!” Nangong Lengshan was stunned.

“How dare you be arrogant in front of me, a little gas refining monk, who hasn’t even touched the threshold of building a foundation?” Childe cangbei said that he also condensed a sword on his hand, and the whole body of the sword is light blue. There seems to be a smell of cold ice.

The temperature around him dropped a little because of the appearance of his sword.

The woman on one side felt the cold and kept wrapping her clothes tightly, but she couldn’t resist the cold meaning from the sword.

Just then, suddenly a breath came to her. Wrapped her whole person, and the woman felt a burst of warmth around her in an instant.

“I don’t care what kind of Childe you are. If you do such activities in broad daylight, is there any royal law in your eyes?” Xiao Chen waved his hand and held a golden sword in his hand.

“The king’s law? As long as I have money, power and ability, I am the king’s law!” Young master cangbei drank fiercely. The cold ice sword in his hand moves in an instant, and a cold ice sword Qi directly kills Xiao Chen.

Xiao Chen did not move. He rose into a barrier of chaos. The icy sword Qi has no effect on it.

There was not even a ripple.

“What kind of skill is this?” Seeing that his killing move had no effect on Xiao Chen, childe cangbei immediately felt a chill on his back.

He is a pure cold force. Even practitioners with certain accomplishments should be a little afraid of him.

Xiao Chen could not feel the breath of any cultivator in his body, but he was almost immune to his killing moves.

“Now you’re finished, it’s my turn!” Xiao Chen drank lightly, and the golden sword in his hand flew out in an instant. There was a strong sense of killing on the sword body, as if any defense could not stop it.

In this strong sense of extermination. Childe cangbei also felt some panic in his heart, but he still picked up the cold ice sword in his hand and fought hard.

At the same time, several other men in the office were not idle. They first stepped aside. Then he took out some special guns and fired at Xiao Chen and Nangong Lengshan.

“No! It’s armor piercing bullet! Brother, be careful!” Nangong Lengshan shouted loudly, and the green wood sword in his hand kept waving, cutting off all the bullets.

But because there were too many bullets, he couldn’t cut it off for a while.

Just when he was about to resist, he suddenly felt his whole body shake. He was filled with real Qi. He cut countless sword Qi again and cleaned up several men there in a few times.

And the cangbei childe here is not feeling well. He has been suppressed by Xiao Chen and can’t move.

“Who on earth are you? Do you know the power of our Cang family in the East China Sea? Do you want to fight against our whole Cang family?” Young master cangbei roared wildly.

But Xiao Chen didn’t seem to hear what he was talking about at all. The Qi of chaos on his body kept running, and the formula of Jidao God kept running. The golden sword cut back and forth around cangbei childe.

Seeing that childe cangbei is about to be cut into meat sauce.

“Brother! Spare my life! Brother! Please! Spare me!” Childe cangbei finally realized that the threat was of no use to Xiao Chen, so he began to beg for mercy.

The God Of Medicine Son-in-law Chapter 343

Xiao Chen saw that childe cangbei really didn’t have any resistance, so he stopped his attack.

Seeing that Xiao Chen had accepted his offensive, cangbei childe was relieved and fell to the ground as if he had collapsed.

Xiao Chen also waved his hand, and all the chaotic Qi that originally wrapped the woman dispersed.

“Thank you for your help!” The woman quickly kowtowed to Xiao Chen.

“OK. It’s all right. You should leave quickly.” Xiao Chen didn’t look at her.

Although he is a poor man. But now his two wives are still in the hands of others, and he doesn’t have so much mind to care about the situation of other women.

“Say, are you the minion of the desert God of war?” Xiao Chen pointed to Cangbei Childe with a golden sword.

“Desert God of war? Brother, do you know him?” Childe Cangbei immediately raised his head.

“Just tell me the truth.” Xiao Chen said, and the golden sword was close to some Cangbei Childe’s neck.

“Yes... Yes!” Childe Cangbei quickly lowered his head again: “the desert God of war is now the internal manager of the whole East China Sea. Everything in the East China Sea depends on him. If you want to find him, I can recommend someone to you.”

“Alone?” Xiao Chen was curious.

“Yes, this man is very famous in the East China Sea. Although he is not on any road, no one knows him, and he predicted that the desert God of war would come at the beginning.”

Mr. Cangbei began to introduce him.

“Who is it?” Asked Xiao Chen.

“Feng Tianchen, a famous fortune teller in the East China Sea.” Childe Cangbei said the man’s name.

Feng Tianchen? Xiao Chen carefully searched the man’s name in his memory, but he didn’t seem to have any impression of the man.

“The man you’re talking about is really from the East China Sea?” Xiao Chen put the sword against Cangbei Childe’s neck again.

“It’s true! It’s true, big brother!” Young master Cangbei was afraid that Xiao Chen would kill him directly if he was not satisfied.

“Xiao Chen, it seems that there is such a person, but it seems that most people can’t see him. He will appear only when he wants to see someone.” Nangong Lengshan explained.

When he just heard the name, he passed it on to Bai Qianqian. Bai Qianqian did find the person’s information by checking it on the computer.

“Yes, brother, I didn’t lie to you!” Childe Cangbei seems to have grasped the straw.

“Well, I believe you, but you should tell us first. What on earth is hidden under your car city?” Xiao Chen asked again.

“Hiding something?” Cangbei Childe looked blankly: “this auto city is not mine at all. I came here because our Cang family took over the industry in the East China Sea. I really don’t know whether there is something hidden below.”

“Really don’t know?” Xiao Chen’s face was dignified.

“I don’t know!” Cangbei replied very sincerely.

“What should I do?” Nangong Lengshan can see that Cangbei Childe really doesn’t know.

“Trap him here first, and then clean it up!” Xiao Chen said that the Qi of chaos was flowing. Cangbei was directly bound, and he couldn’t move at all.

“Go!” This time Xiao Chen didn’t hesitate. Now everything is a mystery, so they can only investigate the situation under the second floor of the underground according to their intuition.

Two people take the elevator. Soon I came to the second floor of the underground. It was originally a parking lot, but it was temporarily suspended because of various facilities. When I first entered, Xiao Chen and Nangong Lengshan felt a little stuffy inside.

There is almost no light on the second floor of the whole underground, but Xiao Chen and Nangong Lengshan are well prepared. He turned on the flashlight in his hand and explored everywhere.

Not long after coming, Xiao Chen suddenly heard some strange sounds. The sound is very small, but it can still be detected. It’s like something is being hit.

“Did you find anything?” Nangong Lengshan returned to Xiao Chen after checking around.

“Shh!” Xiao Chen made a silent move.

Then he followed the sound of the slightest trace to find the past, and finally found the loudest place near a corner.

Nangong Lengshan can only look at Xiao Chen blankly to see what kind of trend he has.

After coming to this neighborhood, Xiao Chen searched around for any buttons and so on.

But after looking for it for a long time, he didn’t find anything, so he had to give up, and then ran the chaotic spirit to shoot at the open space.

I found that there was indeed a vacuum below, and just after that slap. The sound of the blows below immediately disappeared.

“It seems to scare the snake.” Xiao Chen had a general understanding of the situation.

“What now?” Nangong Lengshan asked.

“They’re coming up soon.” Xiao Chen showed a very confident expression.

“They?” Nangong Lengshan is still a little confused.

Suddenly the ground began to vibrate.

Xiao Chen and Nangong Lengshan jumped up and jumped into the air. After a while, several big men who looked like giants came out of nowhere.

The man at the head of the group also has a tail on his back. It looks like a gorilla with theout degradation.

“I’ll go!” Nangong Lengshan was shocked. These three giant things came out, accounting for almost half of the whole second floor of the underground, and their heads were close to the ceiling.

“You’re here at last!” Suddenly a little man came out of nowhere.

The little man looks like a patient with rickets. His back is completely hunched down, and there are two tentacles on his head, which makes people have to be associated with some insects.

“What’s the matter? Are you wearing props on your head?” Nangong Lengshan was surprised again. In his eyes, these strange things seemed to be seen only in the film. Unexpectedly, they appeared in front of them now.

“You are the prop. I’ll let you taste it today. What’s real power? Three fat, give it to me!” The short man shouted loudly, and the three great apes rushed towards Xiao Chen and Nangong Lengshan.

Because of their huge size, they seem to move much slower than ordinary people. Xiao Chen and Nangong Lengshan quickly escaped the attack of the three great apes.

The three great apes all smashed a huge hole in the ground, slapped themselves on the chest and howled.

“It’s just three silly apes. It’s not easy for us to catch you?” Nangong Lengshan was very contemptuous and prepared to catch the short man.

The God Of Medicine Son-in-law Chapter 344

However, when Nangong Lengshan was ready to catch the short man, the three great apes suddenly burst out blood light in their eyes, as if they were stimulated by something, and roared and rushed towards Nangong Lengshan.

The speed was so fast that Xiao Chen and Nangong Lengshan were surprised.

The short man had a successful smile on his face.

“Jidao shenjue! Retreat!” Xiao Chen shouted loudly, and his vitality burst out in an instant.

The three giant apes who rushed towards Nangong Lengshan were immediately bounced away by an invisible force.

Fell in three different directions. It seems that they all hit the ground and fell into vertigo.

“What!” The short man was surprised to see that Xiao Chen suddenly shot and directly shocked the three great apes.

After all, that’s actually three mutant apes. The power is infinite, and the body is also quite hard. Unexpectedly, Xiao Chen directly shocked him and fainted.

“It seems that there are some errors in the information given above.” Although the short man was shocked, there was no fear on his face. Instead, bursts of fanatical expressions continued to emerge on his face.

“Brother, thanks to your help again.” Nangong Lengshan touched the back of his head and looked at Xiao Chen with some apology.

This time, Xiao Chen helped him out for at least the third time. Every time, he was in danger because he underestimated the enemy.

“It seems that you have forgotten all the lessons you learned in Wuling last time.” Xiao Chen glanced at Nangong Lengshan, and her eyes were also a little lost.

“I can’t help it. I’ve been out for too long. I can’t remember it for a while.” Nangong lengshao is heartless and heartless. Hey, hey, smile.

“Ah -” suddenly there came a harsh cry. Xiao Chen and Nangong Lengshan were unable to resist. They have blocked their ears with the real Qi in their bodies.

It turned out that between the two people talking, the short man over there had suddenly changed dramatically. His whole body was growing taller and taller at a speed visible to the naked eye. At the moment, the original larger head was slowly shrinking.

Finally, he turned out to be a human of normal height, and he looked somewhat handsome.

“Big live?” Nangong Lengshan was stunned.

“Be careful, I think he changes like this. It is estimated that some very powerful abilities will awaken.” At this time, Xiao Chen has felt that the breath of the other party has become unusually strong, which is not the power that a normal human can burst out.

“Hahaha!” The short man made a strange laugh, which made people feel creepy,

“I’m a body that perfectly inherited the power of those great apes! Now I can knock you down with one punch. You can die!” While talking, the short man moved.

“So fast!” Nangong Lengshan and Xiao Chen were surprised.

Because the short man moves surprisingly fast. It can almost be said that it is difficult for the naked eye to capture his moving track.

However, they are not ordinary people and can be seen at a glance.

“Back!” Xiao Chen shouted loudly, and his body kept retreating back.

Nangong Lengshan also retreated together.

But the speed of the other party is too fast.

“Die!” The short man roared again and punched directly at Nangong Lengshan.

“Don’t think I’ll be afraid of you if you grow taller!” Nangong Lengshan said that Qingmu sword appeared on his hand. Directly in front of himself.

“Dang!” A crisp sound, like two metals colliding, swung the short man’s fist directly on the green wood sword of Nangong Lengshan.

For a moment, Nangong Lengshan felt that his green wood sword seemed to be discounted. Generally, he could only keep retreating to reduce the strength of the other party.

But no matter how he stepped back. The strength of the other party is still increasing instead of decreasing. It seems that he wants to break his green wood sword directly.

“Spell it!” Nangong Lengshan runs, and all the Qi of the whole body condenses on the green wood sword.

In an instant, the green light on the green wood sword burst. Unexpectedly, the short man's attack was pushed open.

There Xiao Chen didn't hesitate, and the Qi of chaos turned in his hand. The golden sword appeared in the air and killed the short man directly with the Qi of chaos.

Seeing that he was about to directly pierce the short man's body, the short man suddenly stretched out his right hand and grabbed Xiao Chen's golden sword!

Xiao Chen was slightly surprised. His chaotic Qi was attached to the little sword. Ordinary people may be torn open when they touch it. Generally speaking, the body of normal people is like a thin piece of paper in front of the little sword.

In an instant, he will be directly cut open, and the short man can catch Xiao Chen's fatal blow with his bare hands after he has changed.

It can be imagined that his body is now strong to what extent.

But he is not King Kong's unbreakable body. Xiao Chen could still see that a thin crack had begun to appear on his right hand, which was caused by his own sword.

Facing the pressure of two people, the short man is not stupid. He knows that such an approach is very unwise.

So after he accumulated his strength. Directly shake away all the attacks of Xiao Chen and Nangong Lengshan.

And his body retreated more than tens of meters.

"Interesting!" The short man licked his right hand with a grim smile.

After a while, his right hand healed.

“This is really not a person!” Nangong cold mountain can not help but make complaints about it.

Seeing the man’s ability, Xiao Chen couldn’t help thinking of a member of his team who could infinitely repair his injury. His ability was extracted from a strange insect.

At present, the short man’s can be estimated to be the same.

“I know what to do!” Xiao Chen said to Nangong Lengshan.

“What and how?” Nangong Lengshan has some doubts.

“Wait, you listen to my command. I’ll go up and fight with him first. Then you’ll see the right time, face his position and cut it down.” Xiao Chen said, pointing to a part under his chest.

“Good!” Nangong Lengshan is not in doubt.

After their communication, Xiao Chen rushed up with a golden sword without any hesitation.

This was the first time he fought with people at close range after the awakening of chaotic Qi.

“Well come!” When the short man saw that Xiao Chen was going to fight with him, a ferocious smile appeared on his face.

The two fought together, and Xiao Chen Ran the Jidao shenjue. He found that every time he fought with the short man, the power of the Jidao shenjue in his body seemed to increase by one point.

“Is that what grandpa said?” Xiao Chen thought to herself.

The God Of Medicine Son-in-law Chapter 345

However, he can't think too much. Although the Jidao magic formula is constantly strengthening, it's still a drop in the bucket in the face of the short man. Now we must find a way to solve him.

Nangong Lengshan was also very anxious. Xiao Chen told him to wait until his instructions.

But it's been playing for a long time. How does Xiao Chen feel like he's addicted?

In fact, Xiao Chen didn't expect that a close fight with the short man could trigger some hidden abilities of Jidao divine formula.

Indeed, the more he fought, the more he felt his body getting stronger and stronger.

But for now, we still focus on killing the enemy.

After a few more spells. Xiao Chen took a chance and stabbed the short man's head with a sword.

He immediately reached out to block it.

"This is the chance!" Xiao Chen's voice came.

Nangong Lengshan moved at the sound. The green wood sword Qi in your hand was drawn out in an instant.

"Poof!" The sword Qi crossed and hit the position below the short man's chest.

In an instant, he saw a large amount of black-green liquid flowing out of his body.

Nangong Lengshan and Xiao Chen were numb when they saw this scene.

Now the short man was like a chopped fly, and strange liquid kept coming out of his body.

After a while, the short man changed back to that short appearance. It looks like it's dying.

Xiao Chen could see that his mouth was still moving, but he couldn't hear what he was saying.

"It's over? I thought he was invincible?" Nangong Lengshan couldn't help but sneer.

"His ability is very much like a regenerative insect in Africa. As long as he doesn't cut off its regenerative organs, that is, here, he will never be killed." Xiao Chen explained.

"Eh ~ stop talking. It's disgusting." Nangong Lengshan feels a little sick when he thinks about it.

"Well, now the problem has been solved. Let's go down and see what's going on inside." Xiao Chen said that he was going to drill down from the place where a few giant apes had just come up.

But just before we reached the cave, several giant apes woke up.

Without human control, they became more violent and bloodthirsty. When they saw Xiao Chen and Nangong Lengshan, they rushed frantically.

"Not good!" Nangong Lengshan shouted, and then he was ready to kill with a green wood sword.

But suddenly he found that he had no real anger at all.

"That move almost used up my strength." Nangong Lengshan is helpless. I could only watch a few giant apes rush up and couldn't think of any way to resist for a while.

"Qiang!" A pale gold sword flew out and instantly penetrated the chest of the three great apes.

The three great apes were like kites with broken lines. The body that was rushing forward suddenly lost its support and fell to the ground.

One fell directly in front of Nangong Lengshan.

“Hoo, I’m glad you’re here.” Nangong Lengshan smiled.

The Qi of chaos in Xiao Chen’s hand shot out and instantly added some strength to Nangong Lengshan.

“I hope I’m not killing any protected animals.” Xiao Che also smiled. Then walk towards the huge hole.

Nangong Lengshan shook his head and followed.

When I came down, I immediately smelled a stench.

Xiao Chen soon found that the short man had lived here with the giant ape for a long time. He couldn’t imagine how a person could live in such an environment for a long time.

Sure enough, it’s not ordinary people.

After exploring, Xiao Chen and Nangong Lengshan didn’t find anything valuable. Then they ran up.

“What about these?” Nangong Lengshan asked, looking at several corpses on the ground.

“I’ll just call someone to deal with it. Now we’re going to the next place.” Xiao Chen is still thinking about Wu Yaqing and a Ling.

After a while, they went upstairs. Bai Qianqian had sent them the location of the next place.

But I just got into the exhibition hall of motor city. Xiao Chen and Nangong Lengshan found that there was something wrong with the atmosphere here.

Just now, all the staff who received customers seemed to have disappeared, and the whole hall seemed very quiet.

“You’re here at last!” A young man’s voice came.

Xiao Chen and Nangong Lengshan followed the voice and found that before a group of big men in black, there was a man in a bright red suit. It was no one else, but the cangbei childe who had been taught a lesson by them.

Childe cangbei’s face was full of hostility at this time. It seems that when he saw Xiao Chen and Nangong Lengshan, he felt that he was in a bad mood.

“Why? I haven’t taught enough lessons just now. Now I want to fight?” Nangong Lengshan ignored the people behind him. He looked at cangbei childe with a joking face.

“I made a mistake just now. Now I want you to know. My family is really powerful!”

With a wave of his hand, all the men in black took out their weapons.

It turned out that almost everyone was equipped with guns, and two people seemed to have heavy weapons in their hands.

“How’s it going? Are you scared? If you’re scared, kneel down and kowtow to admit your mistake!” Cangbei childe smiled coldly.

“Don’t you know it’s illegal?” Xiao Chen didn’t seem to care.

“Dharma? As I said, where my family is, I am the king Dharma!” Young master cangbei laughed.

“Hopeless!” Xiao Chen slowly spit out four words, and the breath of chaos in his hand flew out in an instant.

Those big men in black immediately felt the sudden great pressure on their hands.

“What’s going on?” A big man looked at the weapon in his hand.

“Click!” All the weapons were broken into pieces in an instant.

“Magic! Magic!” A big man in black screamed.

The others were frightened by the cry, so they all threw away their weapons and ran away.

The so-called tree falls and the monkeys scatter. Now without the support of weapons, the big man in black ran almost in a moment, and only a few more loyal came to Cangbei Childe:

“Young master, let’s run! This guy is not human!”

Childe Cangbei wants to run. But just now Xiao Chen had scared his legs soft.

“Brother, what do you say? Do you want to...” Nangong Lengshan made a movement to wipe his neck.

“We are not terrorists. Although we have the ability, we can’t ignore human life. Just give him a lesson.” Xiao Chen said faintly.

“All right.” Although Nangong Lengshan thought Xiao Chen was right, he always felt that such a lesson was too light. Cangbei should always remember not to be so arrogant.

The God Of Medicine Son-in-law Chapter 346

“Let’s go to the next place.” Xiao Chen said and walked outside the gate of the auto city.

Nangong Lengshan also followed.

“Young master... They’re coming!” Several big men in black are also somewhat untenable.

“Some waste, I’ll come!” One of the big men in black seemed to think he was a little martial arts, so he came up to stop Xiao Chen and Nangong Lengshan.

“Are you sure you want to stop me?” Xiao Chen’s face was cold.

He didn’t want to have a common understanding with these people, but if the other party must come together to find unhappiness, he won’t have any mercy.

The man in black saw Xiao Chen’s expression. It seems to be sober, and there is a bit of fear in my heart.

But now he’s on it. It would be a shame not to fight, so he punched without saying a word.

“Die!”

With the roar of the big man, the huge fist smashed at Xiao Chen.

But the fist was just about to touch Xiao Chen’s body. He suddenly felt a force blocking him, and then the force erupted again, and even directly bounced his whole person out.

There was no sign at all. Childe cangbei and others saw the man fly out directly, hit the wall not far away, and fainted.

Nangong Lengshan looked at the big man flying out with a trace of pity in his eyes. He wanted to provoke Xiao Chen.

“Brother... I’m wrong! I’m really wrong!” Young master Cangbei was so scared that he almost peed.

Directly knelt down in the direction of Xiao Chen.

Xiao Chen ignored him and just walked out towards the outside.

“Brother, you can. Your trip to Wuling is not in vain. I think your ability now should be comparable to that God of war. You even have to surpass him a lot.” Nangong Lengshan came forward and put his hand on Xiao Chen’s shoulder.

“No, my situation is far from enough.” Xiao Chen shook his head.

“Not enough?” Nangong Lengshan was surprised: “what kind of power does the God of war have?”

“The power of the God of war is not something we humans can understand. Only those who have it know.” Xiao Chen explained faintly.

“What should we do? Aren’t we unable to save our two brothers and sisters now?” Nangong Lengshan was helpless.

He now knows how far he is from Xiao Chen, but even if Xiao Chen is already close to invincible in his opinion, it is not worth mentioning compared with the God of war.

Then even if they really found the location of Wu Yaqing and a Ling. So what?

“Even if I die, I will find them.” Xiao Chen didn’t say much. A simple sentence has explained his determination.

“OK.” Nangong Lengshan also realized that there were some problems in his thought.

You can't stop insisting because it's difficult. It's just because it's difficult that you have to keep insisting.

That's it. The two continued their journey to find Wu Yaqing and a Ling.

The next place is in a huge place of entertainment.

The specific location Bai Qianqian said that because the electromagnetic wave there is very rampant, it needs Xiao Chen and Nangong Lengshan to get close to the location of that thing.

After arriving at the "joyful" entertainment city, the two entered it directly.

The building has a total of one to twenty-one floors, and the last floor is the roof.

From the first floor to the eighth floor are all kinds of video game facilities. Xiao Chen and Nangong Lengshan can see many teenagers playing all kinds of video games in it.

Nangong Lengshan is sometimes fascinated and even stays in front of a game console for a long time.

The higher the level is, the more high-end the game facilities are. After reaching the sixth floor, Nangong Lengshan and Xiao Chen found that there are many virtual reality games here.

It is not only teenagers who play here, but also many adults. Even middle-aged people play here.

"Do people like games so much now? No wonder a game hall can be opened to such a scale."

Nangong Lengshan couldn't help sighing aside.

Xiao Chen doesn't have anything to comment on. After all, it's his freedom to do what others like or don't like. I have no right to interfere.

That's it. The two were just about to leave. Suddenly, a middle-aged man fell to the ground for some reason.

"Dead!" Someone began to shout.

It seems that the middle-aged man was stimulated, so he fell down directly.

"Go and have a look." Someone fell ill, but Xiao Chen still couldn't sit idly by.

After all, they can't rush to what they have to do.

When he came to the crowd, Xiao Chen immediately saw the man lying on the ground, twitching constantly, and foaming constantly in his mouth.

"Make way! The doctor is coming!" Nangong Lengshan shouted.

Hearing that the doctor was coming, everyone stepped aside.

Xiao Chen went forward to check. After touching the man's pulse, he immediately frowned.

Because the man has no pulse, and his hands are very cold.

This man is dead!

Such a conclusion appeared in Xiao Chen's heart. But why is he playing games here and just falling to the ground?

Just when Xiao Chen was puzzled, suddenly there came a cry:

"Here comes the real doctor! Everybody get out of the way!"

After a while, a man with brown hair. It looks like it should be overseas. He came over with a medical box.

“Please get out of the way!” The man’s entourage will push Xiao Chen away when he comes up.

“What are you doing?” Nangong Lengshan immediately stopped it.

“Let the doctor see the patient. You’re not a doctor. Why don’t you take a shit in the manger?” The entourage was very arrogant.

“Doctor? What kind of doctor does this look like?” Nangong Lengshan sneered.

“Listen, this is Dr. Rost, the most famous emergency expert in M. here is his ID. he was personally invited by the owner of this building.” The attendant said and took out the doctor’s certificate.

It is written in the language of country m, but anyone who knows a little can really see it. His certificate has the seal of the authority on it.

“How’s it going? What’s the problem?” The attendant looked at Nangong Lengshan with arrogance.

“You!” Nangong Lengshan was about to get angry, but Xiao Chen came up and stopped him.

“Let’s go.”

“But...” Nangong Lengshan didn’t expect that Xiao Chen didn’t have any temper at all.

“Why go?” After walking to the elevator entrance, Nangong Lengshan still couldn’t figure it out.

He really couldn’t bear to see the follower pretending to be a tiger. He wanted to beat him on the spot.

“Ah!” There was a sudden scream in the hall.

“What’s going on?” Xiao Chen and Nangong Lengshan immediately walked towards the hall.

When I came to the game hall, I saw that the middle-aged man who had just fainted woke up and was biting the doctor’s entourage.

“Help me! Help me!” The attendant kept wailing, but the crowd retreated like a tide. No one paid any attention to him at all. Even his own doctor ran fast at this time. Don’t even want the medical box for eating by yourself.

“Corpse poison.” After seeing the state of the middle-aged man, Xiao Chen confirmed that it was caused by being contaminated with a very evil corpse poison. No wonder people can keep moving without a pulse.

Now the middle-aged man has completely become a zombie. There may have been a dying will before, so he has been immersed in the virtual world.

“Help me! Help me!” The attendant kept shouting after seeing Nangong Lengshan and Xiao Chen. Now he put his hands against the Zombie’s head. But obviously he won’t last long.

“Aren’t you arrogant just now? Where’s your master? We won’t save you.” Nangong Lengshan looked at the attendant with a joking face.

“Please... Help me!” With the cold sweat from his head, he saw that the zombie was about to bite him.

“Well, stop playing.” Xiao Chen whispered.

When Leng Chen heard that the zombie wanted to go up to the palace, he had to go up again.

“It’s cheap for you. I wanted you to buy a lesson. Don’t be so arrogant in your next life, but you’re lucky. You still have a chance in this life.”

With that, Nangong Lengshan kicked away the zombie directly, like kicking a ball.

Seeing that the zombie was kicked away, the attendant immediately felt a light on his body, so he immediately ran towards the outside.

“Impolite. I didn’t even say thank you when I was saved.” Nangong Lengshan muttered.

However, the zombies over there didn’t seem to be hurt at all. They got up from the ground and rushed towards Nangong Lengshan again.

“Ow ~” the Zombie’s mouth still kept shouting.

At the moment when the zombie was about to rush up, a golden sword ran through its body. The zombie fell to the ground and black blood flowed out.

“Eh ~” Nangong Lengshan quickly avoided.

Although he has seen more disgusting scenes than this. But seeing this scene so close still made him unconsciously disgusted.

“The man seems to have been scratched just now.” Xiao Chen suddenly looked at the direction of the follower’s escape.

“Scratched?” Nangong Lengshan was stunned. He didn’t pay special attention.

“Chatter! You’re finally here!” A strange laugh suddenly came from behind.

Xiao Chen and Nangong Lengshan quickly turned around and saw a man standing behind them, but the man seemed a little abnormal.

“Are you a man of the desert God of war?” After careful identification, Xiao Chen found that half of the other party’s skin was black, the other half was yellow, and the Yellow half looked very strange. It’s like it’s swollen.

“You killed my brother. I’ll let you die here today!” The monster didn’t answer Xiao Chen’s question. He moved his hand at the moment he finished speaking.

“So fast!” Nangong Lengshan found that he couldn’t see each other’s movements clearly, which was a little faster than the previous mutated short man.

“Be careful.” Xiao Chen also whispered.

Then they each run their own breath. Nangong Lengshan holds a green wood sword, while Xiao Chen is protected by a small gold sword, and the Qi of chaos surrounds him.

“Kill!” The monster roared and suddenly sprang up with claws like cheetahs.

“Behind!” Xiao Chen was surprised and hurriedly reminded Nangong Lengshan.

Nangong Lengshan also just reacted and waved the green wood sword and turned back.

Xiao Chen also ran the Qi of chaos to resist behind. However, when both of them were attacking behind them, the monster suddenly disappeared. The next moment appeared in front of them.

“Bad!” Xiao Chen reacted very quickly and immediately wanted to block it with a golden sword.

But it’s still a little late. The monster had rushed to Nangong Lengshan’s front, and Nangong Lengshan just reacted at this time.

With a dull hum, Nangong Lengshan was directly slapped by the monster and flew far away, directly hitting a game console not far away.

“Damn it!” Xiao Chen’s anger rose in an instant, and the Qi of chaos turned in his hand. The golden sword ran through the monster quickly.

Seeing that the golden sword was killed, the monster did not dodge, but directly stretched out his swollen left hand. It turns out that you have to block it directly with your hand.

“Qiang!” The golden sword seemed to have cut on some hard steel, and he didn’t even have the ability to leave a trace on his left hand.

“Hardened skin!” Xiao Chen’s eyes narrowed slightly. He didn’t expect that someone in the world would do so and completely harden his skin. In this way, although the ability in battle will be very strong.

However, it will be quite inconvenient in daily life, because his half body is basically completely unconscious, which is equivalent to a half disabled and half of his body is unconscious. Even if he is alive, it is a very painful feeling.

“Hey, hey! I didn’t expect it!” After the monster blocked the golden sword, his face was full of satisfaction, and then attacked Xiao Chen.

His speed seemed to be faster and faster, and Xiao Chen could hardly see his movements.

Xiao Chen didn’t believe that his strength was endless, so he fought and retreated, waiting for the other party’s strength to be consumed.

But even so, he was seized by the monster several times during the battle, rushed directly in front of him and gave him several heavy blows. Fortunately, Xiao Chen dissolved several attacks with the magic formula of the extreme way and the Qi of chaos.

Otherwise, it is possible to be knocked out directly.

“Run around like a bug. You don’t deserve to fight our God!” The monster sneered at Xiao Chen.

Xiao Chen was not angered by his words, but calmly analyzed the current war situation. It was impossible to defeat the monster from the front. Only when he didn’t pay attention to it, could he kill his right half of his body with a small sword, so as to effectively cause damage to him.

While Xiao Chen was fighting, Nangong Lengshan climbed out of the machine slowly.

The God Of Medicine Son-in-law Chapter 348

Just suffered a heavy blow from the monster. Even practitioners like Nangong Lengshan couldn’t bear it. They recovered from the machine for a long time, and now their body can play a little. However, Nangong Lengshan still felt that he was seriously injured on his waist.

It is quite difficult for the whole person to stand up.

Seeing that Xiao Chen and the monster fell into a bitter struggle, he was also constantly trying to find a way to solve the monster.

“People inside! Put down your weapons!” Suddenly, bursts of loud trumpets came from outside.

“Law enforcement team!” Xiao Chen was stunned. He didn’t expect the law enforcement team to come at this time.

But now he is entangled by monsters and has no time to distract himself from telling those people to evacuate.

“People inside! Do you hear me! Otherwise we will use force!” It’s still shouting outside. But the two inside are still fighting.

“Don’t come in!” Nangong Lengshan shouted and waved.

The leader of the law enforcement team outside thought Nangong Lengshan wanted them to save people, so he immediately sent several special warriors to rescue.

However, when they came near, they found that Nangong Lengshan told them not to come in.

“Sir, have you been beaten silly?” A warrior looked at Nangong Lengshan with a puzzled face.

“Go! Get out! Get out! This is not where you should come!” Nangong Lengshan is still persuading.

But the law enforcement team over there didn’t listen to him at all, but ran in groups.

Seeing this, Xiao Chen rushed directly to the upper floor. The monster wanted to follow, but the sound of the big horn behind him suddenly attracted his attention.

“Listen to me! Put down your weapons! Put down your weapons! Otherwise, we will use force!”

The voice of the head of the law enforcement team echoed throughout the floor.

Nangong Lengshan was in the eye and anxious in his heart, but now he was quite weak. After two more words, he fainted directly.

“A group of little ants dare to delay my good deeds!” The monster disappeared in an instant, and appeared in front of the captain of the law enforcement team the next second.

The captain of the law enforcement team instantly felt a chill in his heart. It seemed that he would be directly broken into pieces the next second.

However, just then, a golden sword suddenly appeared in front of him. Blocked an attack from the monster.

“Your opponent is me!” Xiao Chen shouted.

The monster then looked at Xiao Chen: "Hey, hey, want to save people? You and I want to see how many you can save!"

"Fire!" A law enforcer behind shouted, and everyone shot at the monster.

For a time, the eighth floor of the entertainment building was filled with all kinds of gunshots. After a burst of attack, someone shouted stop.

Under such fire, no matter who they are, they have reason to believe that the other party has been screened.

However, something unexpected happened. After being attacked by a burst of fire, the monster was not only unscathed, but also incorporated the bullet into his skin. The original yellow skin is also somewhat black at this time.

"This is... Monster!" A law enforcer had reacted at this time, but it was too late.

All the bullets on the monster suddenly flew back and hit back in the direction it had originally hit.

Seeing this, Xiao Chen hurriedly stopped it, but the scope of the monster's attack was too large. His cultivation of chaotic Qi has not reached that level, so he can only reluctantly protect some people.

In this way, many other law enforcers were directly killed by their own bullets.

"Hahaha! Stupid Xia people!" The monster laughed wildly.

"Go, leave quickly!" Xiao Chen immediately roared after protecting some people.

The law enforcers behind now knew the power of the monster and quickly escaped from the eighth floor.

“Xiao Chen, you are not the Savior. The kingdom of Xia will be ours sooner or later! Just wait and see!”  
The monster laughed wildly again.

“Savior or not. Now I must make you pay with blood!” Xiao Chen was completely angered at this time.

Previously, when fighting with the short man, he found that the magic formula of the extreme Tao can constantly resist the attack of the other party. So he slowly took back the golden sword, and the Qi of chaos was taken back to the Dantian.

At this time, he just simply operated the power of the Jidao divine formula.

The monster looked at Xiao Chen’s performance now. Suddenly it was strange. It seemed that Xiao Chen’s practice was inconsistent.

It was said that he would pay with blood, but why did he even put away his weapons?

“I want to see how you can make me pay back!” The monster didn’t think so much, and rushed to Xiao Chen again.

The huge left hand immediately stretched out a sharp claw and directly wanted to pierce Xiao Chen’s body.

“Jidao shenjue.” Xiao Chen silently operated this skill, and instantly felt that his hands and feet were very light.

Then, when the monster struck, his vitality was rotating like a spiral.

The monster took a slap. It hit Xiao Chen’s hand, but it didn’t have any effect. On the contrary, he felt that Xiao Chen seemed to have some strange power, which almost broke his invincible left hand.

“What is this?” The monster was full of questions. So he clapped it again.

This time, Xiao Chen didn't give it any chance to escape. The spiral on his right hand instantly produced a great attraction and directly sucked the monster's left hand into his own hand, while the spiral of his left hand was full of lethality, and one palm patted on the monster's left hand.

"Poof!"

The original invincible left hand was broken in an instant, just like Xiao Chen broke a window in an instant.

"How is this possible!" The monster was shocked and wanted to take back his hand, but Xiao Chen certainly wouldn't give him this chance and shot it continuously with his left hand.

The monster's arms were constantly broken.

Xiao Chen came to the monster in an instant. At this time, his left and right hands interacted, and a powerful attack broke out in an instant.

The spiral between the hands instantly produced a crisscross, and the huge crushing force was directly generated in front of the monster.

The monster didn't react, and was shocked into pieces by Xiao Chen in an instant.

A seemingly invincible monster was killed by the Jidao divine formula just realized by Xiao Chen.

After killing each other, Xiao Chen didn't stop in a hurry, but continued to look for the feeling and continue to run the Jidao divine formula.

The God Of Medicine Son-in-law Chapter 349

The more it works, the more terrible it is. Even he can't believe the power contained in it. Moreover, at the moment of continuous playing, Xiao Chen found that when the concentrated attack is above one point, the instantaneous power outbreak can even be comparable to the attack of the God of war.

Originally, the God of war's attack was produced by condensing a large number of void forces that do not belong to the world. Now, although the power that Xiao Chen fought is not the power of emptiness, it is more pure than the power of emptiness.

"There is hope!" Xiao Chen now felt a burst of joy in her heart.

Originally, even if they have so many means. He thought that there was still no chance to fight against the desert God of war, but now it seems that it is the turnaround brought by his grandfather.

And he can cultivate such a powerful skill and impart it to himself without reservation. Xiao Chen is wondering what kind of situation his grandfather has reached?

Is it true that as Nangong Lengshan said, he has reached the extreme of cultivation and become an immortal?

All this is just a mystery now. You need to find your grandfather at last to understand.

After receiving his skill, Xiao Chen remembered that Nangong Lengshan was seriously injured and lay aside.

So he immediately ran to check it and found that Nangong Lengshan's kidney was almost broken under the attack of the monster.

"Fortunately, it's the kidney." Xiao Chen breathed a sigh of relief.

I was fascinated by the game just now. If Nangong Lengshan was injured in other aspects, it is likely to be dying now.

The Qi of chaos suddenly entered Nangong Lengshan's body. After a while, Nangong Lengshan slowly opened his eyes.

“Xiao Chen...” he looked around, then suddenly got up from the ground:

“Monsters. What about monsters?”

“It’s right around us.” Xiao Chen smiled faintly.

“Where?” Nangong Lengshan was shocked and immediately became alert.

“Everywhere.” Xiao Chen continued to smile.

“Ah?” Nangong Lengshan was stunned.

“I beat it to pieces.” Xiao Chen explained.

Hearing this, Nangong Lengshan immediately breathed a sigh of relief.

“Brother, when did you become so strong? That guy is not an ordinary monster. It’s much more abnormal than some people I’ve seen who have practiced strange skills.”

Nangong Lengshan remembered that Xiao Chen could solve such a terrible monster.

“I’ll explain this to you then. Let’s find out the origin of the dark information first.” Xiao Chen said and walked towards the elevator.

Soon. They strolled through the whole building, but they didn’t find any special location.

“What’s going on?” Xiao Chen was a little strange. Nangong Lengshan also looked around for a long time and didn’t find any strange traces.

I don't know when the monster appeared. After thinking about it, Xiao Chen thought that the secret might still be on the eighth floor. They came down again and looked for it for a while, but they still didn't find anything.

After walking back and forth twice, Xiao Chen suddenly noticed something, and then walked into the elevator. Found the ninth floor. They haven't been there once.

"That's the problem." Xiao Chen looked at the numbers on the elevator.

Whether it is a single-layer elevator or a double-layer elevator, it can't reach the ninth floor.

So they went straight up the stairs to the ninth floor.

Sure enough, it was dark inside, and there was a stench in it. After a while. Xiao Chen found the key to the problem and kept sending out dark messages on an old game machine.

"OK. After collection, the information here is false again. We need to find the next place." Xiao Chen said and walked out of the room.

At this time, in the underground base of the desert God of war, Xiao Chen and Nangong Lengshan had left the ninth floor of the building on the big screen, and the monster and the machine were destroyed by them.

"God of war, the Kerry brothers died in his hands. We should settle with him!" Asked the woman with spider legs on her back.

"Don't worry, now that I've been there, he can't even eat my moves. I see that he seems to have learned some special moves. When he becomes confident, I'll give him the heaviest blow, so that the effect is the most perfect!"

The desert God of war smiled coldly.

Although the woman on the side had some anxiety on her face, she complimented: “the God of war is wise. The God of war will win!”

“Well, do what you should do. If Xiao Chen finds the neighborhood, you know what to do.” The tone of the desert God of war became very indifferent.

“I see.” The woman immediately withdrew.

“Xiao Chen, I want to see what kind of situation you can reach. I hope you won’t disappoint me then!” With that, the desert God of war turned into a piece of yellow sand and disappeared in place.

After Xiao Chen and Nangong Lengshan went downstairs, there were countless military guards and law enforcers waiting outside.

Seeing Xiao Chen and Nangong Lengshan coming out, the leader was very vigilant.

“Are you normal?”

“Isn’t that right? Just try it?” Nangong Lengshan swaggered forward.

“Don’t come!” When the leader saw Nangong Lengshan coming up, he immediately roared.

“You don’t know me, don’t you even know him?” Nangong Lengshan pointed to Xiao Chen.

“Why should we know him?” The leader’s face was arrogant.

“Forget it, we are normal people. You don’t have to worry. We won’t hurt you.” Xiao Chen doesn’t want to explain so much to these people.

But the leader didn’t know which tendon was wrong. It seemed that he was going to fight with the two people.

“You are not allowed to go. Now we have reason to suspect that you have something to do with the zombie just now. Go back with us for trial!”

The leader said that with a wave of his hand, it seemed that he was going to let the surrounding law enforcers come forward and handcuff Xiao Chen and Nangong Lengshan.

“What’s going on here?” Suddenly a majestic voice came from behind.

“Zhang Xianbing!” After hearing the voice, the leading man immediately looked back at the visitor with great respect.

“Mr. Xiao Chen?” Zhang Xian was stunned when he saw Xiao Chen.

“Commander Zhang Xianbing, we are going to torture these two guys of unknown origin back now!” Wu Wei, the leader, had a flattering smile on his face.

“Bastard!” Zhang Xianli scolded him: “this is a very famous miracle doctor in the East China Sea. Even captain Lin should respect Sanfen. You said he was from an unknown source?”

“Ah? But they just came out here... It may have something to do with the zombie.” Wu Wei, who led the team, panicked instantly.

The God Of Medicine Son-in-law Chapter 350

“I don’t think you want to do it anymore. Someone will pull him down!” Zhang Xian gave an order.

“No, chief soldier! I know I’m wrong!” Wu Wei, who led the team, knew that he had really stepped on a nail, but it was too late and was pulled down by the people who came up.

“Brother Xiao Chen!” After the Wu Wei was taken away, Zhang Xian came up with a smile on his face.

“Brother Zhang Xiange!” Xiao Chen also said hello.

“Who is this?” Zhang Xian looked at Nangong Lengshan.

“Oh. This is my bodyguard.” Xiao Chen answered.

“Nangong Lengshan.” Nangong Lengshan stretched out his hand.

It must be unusual to be Xiao Chen’s bodyguard. Zhang Xian then wiped his hands, and then respectfully shook hands with Nangong Lengshan: “Hello! My name is Zhang Xian, and now I’m the commander of the army in Donghai city.”

“Brother Xian, is the East China Sea not peaceful recently?” Xiao Chen inquired.

As soon as Zhang Xian heard that his face changed slightly, he whispered, “this is not the place to talk.”

Then they got on Zhang Xian’s special bus and came to the municipal general military station.

“The East China Sea is really not peaceful recently. There are always various strange phenomena. Just now a zombie like thing ran out of the game entertainment building, and we took a lot of effort to kill it.”

After entering the door, Zhang Xian opened his words.

“Didn’t it cause panic among the residents?” Xiao Chen asked. After all, the Zombie’s release still has something to do with them.

“It’s better to block the news. Some people there have just been frightened, but Mr. Rost has come forward to clarify that it’s not zombies or zombies, but just a disease, similar to mad cow disease.”

Zhang Xian replied.

“Yes.” Xiao Chen nodded.

“Mr. Xiao Chen, have you received the above order to investigate something?” Zhang Xian suddenly asked about Xiao Chen.

“Not really, but my wife is missing. There is a high probability that she will be captured by a mysterious person.” Xiao Chen explained.

“Mysterious person? Why don’t you come to me? I can help you.” Zhang Xian immediately showed a trace of anxiety on his face.

Obviously, he did treat Xiao Chen as his brother in the bottom of his heart.

Seeing that Zhang Xian was so nervous, Xiao Chen just smiled and said, “brother Xian, don’t be so anxious. This mysterious figure is my original enemy. Now I’m looking for him to revenge me. As for looking for you, I’ll tell you face to face. All the other party’s men are monsters.”

“Monster?” Zhang Xian was slightly stunned: “brother Xiao Chen, I think you may not know that we have set up a special monster Corps recently. Even if it’s really like what you said, I think we can help a little.”

“Monster corps? When was it established?” Xiao Chen was curious.

He knew he was leaving the East China Sea. It is estimated that various changes are taking place in many parts of the Empire, but he hasn’t found out one by one.

The situ family on the other side of Wuling has declined. It is bound to arouse the vigilance of the situ family in other areas, so it is estimated that they are taking active action now.

“It’s the beginning of last month. It hasn’t been a month yet. I can tell you that the people there are the top experts of the whole empire. It’s the first time I’ve met so many experts together. I think the Empire should have a big move this time.”

Zhang Xian said. His face was full of reverence.

After hearing this, Xiao Chen and Nangong Lengshan just smiled faintly, although Zhang Xian described the regiment as relatively strong. But they can also predict what level it is.

It’s estimated that it’s great to have a cultivator like Nangong Lengshan. Most of them are probably the ability of a martial artist. It’s much better than ordinary martial guards.

“I think I’ve said so much, and you don’t want to believe it. Just now, Dr. Rost from country m came to us. He’s going to visit our regiment. Why don’t we go together?”

Zhang Xian suggested.

“OK.” Xiao Chen and Nangong Lengshan nodded.

“Why can people from country m come to visit our imperial corps? Aren’t they afraid that he will divulge these secrets?”

On the bus, Xiao Chen said the questions in her heart.

“No, Dr. Rost signed an agreement when he entered the country. If he leaks any secrets, the Empire will control him immediately, and he is a special doctor of our regiment at present. He can’t go anywhere except within the regiment.”

Zhang Xian explained with a confident expression on his face.

“So it is.” Xiao Chen nodded slightly.

In this way, it sounds that Rost has little chance to reveal some secrets, but in practice, after all, people are alive, and there will be some unexpected things many times.

It seems that some strange things have happened recently. At present, the number of pedestrians and vehicles on the road is very small, so Zhang Xian's special car drove very fast all the way, and soon came to the special Corps camp.

It is said to be a large camp. In fact, it is a combat base temporarily built with some simple sheds and houses.

Seeing Zhang Xian's special car coming, the people outside immediately greeted him, and then let them enter.

Xiao Chen felt that such a practice seemed too casual. He and Nangong Lengshan were all outsiders. They even put them in without inspection, which seemed to have a great hidden danger.

"Is brother Xiao Chen wondering why he let you in without giving you two checks just now?" Zhang Xian seems to have seen through Xiao Chen's thoughts.

"Yes." Xiao Chen also admitted.

"You don't have to worry about this, brother Xiao Chen. All kinds of inspection equipment have been installed before our camp. The moment my car passes by, your information is uploaded, so you know who you are and who you are."

Zhang Xian smiled and explained to Xiao Chen, as if to show off his achievements.

"I see." Xiao Chen nodded again.

However, he also felt that he should have guessed these things. However, after listening to Zhang Xian's explanation, Xiao Chen still felt that the camp was a little reliable.

After a while, the party arrived inside the regiment.

It can be seen that there are very simple houses, but each house seems to have some great weapons and equipment.

“Commander!” Several Wu guards around saw Zhang Xian salute one after another.
