The God Of Medicine Son-in-law Chapter 381

What can I steal? Xiao Chen has a black face, but now he still has to solve Zhao Yuxi first.

“Hey, Miss Zhao, if you do this again, I’ll be rude.” Xiao Chen warned.

“Ah? Mr. Xiao Chen, do you have the heart to be rude to a simple and lovely girl you just met?” Zhao Yuxi suddenly said a witty remark, which immediately confused Xiao Chen and the big man in front of him.

“Little sister, your behavior is wrong. How can you make such a joke in public? Don’t do it next time!” The big man realized that he had misunderstood Xiao Chen and apologized to Xiao Chen.

Xiao Chen quickly responded and said it was no big deal. Then she helped Zhao Yuxi up from her body. When she helped her, Xiao Chen could clearly feel that she deliberately twisted twice with her slender waist and rubbed Xiao Chen.

Xiao Chen immediately felt some scalp numb. Unexpectedly, this woman looks so simple and lovely. In fact, she has a deep mind.

However, Xiao Chen didn’t have any ideas about her. Just picked her up and said, “sorry, I didn’t know what I said to make you sad. If I’m wrong, I’ll take back my words.”

Then he just saw the No. 8 bus coming, so Xiao Chen stood up and said, “my car is coming, I’m going.”

Seeing this, Zhao Yuxi immediately followed up, as if he had settled on Xiao Chen.

“No, I said Miss Zhao, don’t you work in the hospital? You should take bus No. 9. Why are you following me?” Xiao Chen saw that Zhao Yuxi also followed up, and couldn’t help but be speechless again.

But Zhao Yuxi didn’t speak, just followed him silently.

Today's task can't be delayed. Xiao Chen had to stop talking. They got on the car like this. Later, Xiao Chen found that the little girl was still secretly pulling her clothes.

There was only one seat left in the car. Xiao Chen had to let Zhao Yuxi sit down, but Zhao Yuxi shook his head. She pushed Xiao Chen to sit down. Then something unexpected happened. She sat on Xiao Chen's lap without hesitation.

"Miss Zhao!" Xiao Chen almost cried out. He didn't understand what Zhao Yuxi wanted, but now there are many people in the car. He can't have any conflict with each other in the car. In the eyes of the people on the side, they seem to be like a couple, so no one thinks it's a big deal.

On the contrary, several young men cast envious eyes on Xiao Chen. Because Zhao Yuxi's appearance is indeed superior even in Kyoto. Maybe even some star models don't have her charm.

In this way, they came all the way to Cang's house in silence. Xiao Chen finally got through and could get off the bus, but Zhao Yuxi still followed Xiao Chen like a follower.

Xiao Chen was a little helpless. He was on a mission and didn't come out for a stroll. Just when he was a little worried. Suddenly, he found that Zhao Yuxi could be his cover, so he suddenly took her hand and took her to the nearby Cang family courtyard.

After a while, they came to the nearby hotel. This is the location Xiao Chen chose after observing for a long time. The situation of Cang family can be observed from above the hotel. Then find a way to get in first.

After arriving at the hotel, the front desk of the hotel saw that two young people came to the hotel during the day. Suddenly, a disgusting color appeared on their face, as if saying, what's the matter with young people now? I don't work hard every day, so I like to do something for pleasure.

But there was still a smile on her face: "Hello, guys. Do you want to book a room?"

"Yes, please book me the room in the middle of the third floor." Xiao Chen nodded and agreed.

“In the middle of the third floor?” The reception was a little strange: “but this is a double room.”

“Yes. I just want a double room.” Xiao Chen still nodded.

On one side, Zhao Yuxi, who was originally worried, was a little relieved when he heard this, but he was still very nervous. This was the first time she went to a hotel to open a room with a man after she came to Kyoto, and she was a man she had just met for less than an hour.

Now it was Xiao Chen who held her hand tightly. She couldn't run away if she wanted to run.

But if she really wants to resist. She had already resisted. In fact, she had no way to go now, so she relied on Xiao Chen, because she saw that Xiao Chen was determined to save an old man she had never met on the bus, and knew that Xiao Chen was a very kind person.

She believed that such a person would not have any plans against her, so she chose him as her goal, but now she was still a little flustered to see Xiao Chen coming to the hotel with her soon.

“Yes, sir. Here is your ID card. Your room has been opened.” The receptionist said and returned Xiao Chen's ID card to him.

“Thank you.” Xiao Chen responded politely.

Then he took Zhao Yuxi upstairs and was in the process of going upstairs. Zhao Yuxi's heart has been pounding. After all, this is her first time to enter the hotel with a strange man. She can't relax herself anyway.

After entering the room, Xiao Chen quickly pushed her to the bed, then closed the doors and windows, and then paused behind the door for two seconds. Then he said a sentence full of evil spirit: “little beauty, you are mine!”

After that, Zhao Yuxi was about to shout out, but then he saw a finger of Xiao Chen against her lips, which didn't seem to have any intention of plotting against her.

“Don’t talk now. You just need to lie here. If you need to rest in the hotel, I’ll give you the room card later. I’ve paid the money. Then I’ll go and deal with it by yourself, okay?”

Xiao Chen said as he raised his eyes and looked in the direction of Cang’s house outside.

After a while, he saw the situation clearly. It seemed that there were many servants in the Cang family, and those who led the team were those who wore suits and a nameplate on their chest.

Xiao Chen recalled that the Cang family were all enterprises manufacturing large-scale heavy industrial products. Maybe they could start with each other’s enterprises and enter the company first.

But think about it and think it’s too slow. Suddenly, Xiao Chen saw a woman in it. It seems that it should be a lady of the Cang family, so Xiao Chen immediately had a plan.

The God Of Medicine Son-in-law Chapter 382

“Which beauty are you looking at? Do you have a crush on the Cang family?” Zhao Yuxi suddenly sneaked into Xiao Chen’s side.

“Just lie down there. What are you doing here?” Xiao Chen was stunned.

“Let me help you. Do you have a crush on the lady of the Cang family?” Zhao Yuxi suddenly looked determined.

“Can you help me?” Xiao Chen had some doubts: “do you know the Cang family?”

“The Cang family is so famous that you can ask any Kyoto person on the way. They all know.” Zhao Yuxi took it for granted.

“Then how can you help me get in? Are you good friends with the young lady of the Cang family?” Xiao Chen asked again.

“Not really. Anyway, we know each other. She’s so boring. That’s why I met her. Now that we have this fate, I’ll introduce you to her.” Zhao Yuxi smiled and then pulled out his phone.

“What are you doing?” Xiao Chen was stunned.

“Call and tell her that we can meet then.” Zhao Yuxi said and pressed a mobile phone number.

Soon. It seems that he answered the phone at the other end.

“Hello? Xiaocang, yes, it’s me. I have something to discuss with you. I recently met a new friend and wanted to meet you. Yes, it’s a handsome guy. Dress up nicely!”

With that, Zhao Yuxi hung up the phone.

“That’s it?” Xiao Chen was a little surprised.

“What about that? Just say it when you ask someone else’s lady. We girls like men to be more proactive and direct.” Zhao Yuxi has another natural look.

Xiao Chen couldn’t help but look black again. His idea is completely different from what Zhao Yuxi said. But now it’s a good thing to get close to the Cang family first.

After the agreement was made, the two soon came to the agreed place, in a cafe near Cang’s house. Zhao Yuxi was familiar with the road as soon as he came in. After ordering something, he found a seat by the window and sat down.

“Do you often come here?” Xiao Chen was curious about her familiar movements.

“Yes, I often come to school. I seldom come after work.” After coming here, Zhao Yuxi seemed to be more open-minded.

“Hello, Miss chestnut!” The staff of the coffee shop outside suddenly shouted. It was obvious that someone of high status had come.

After a while, Cang chestnut in a long white dress came in.

“Oh, our Miss chestnut has become a lot more beautiful, unlike me. Now she has become a hard-working worker.” After Zhao Yuxi saw Cang chestnut, he boasted for a while. It seems that the relationship between the two people is indeed unusual.

“Look what you said. I’m working in the hospital now, too?” Cang chestnut chuckled, and then saw Xiao Chen sitting aside.

“Come on. Let me introduce you. This is Xiao Chen. I just met him today. How about it? Is he a handsome man?” Zhao Yuxi quickly smiled and said to Cang chestnut.

“Yes.” Cang chestnut nodded, and then gently stretched out his hand and said to Xiao Chen, “hello. My name is Cang chestnut.”

“Xiao Chen.” Xiao Chen simply shook hands with her, but at the moment of holding her. Xiao Chen had a strange feeling. It seemed that there was something strange in Miss Canglizi’s body. For a time, Xiao Chen couldn’t say, so he ran the extreme way divine formula and was ready to find out.

“Mr. Xiao Chen?” Cang Lizi felt a little embarrassed when she saw Xiao Chen holding his hand tightly and unwilling to release it.

Xiao Chen found that his behavior was inappropriate, so she quickly released her hand: “sorry, sorry!”

Zhao Yuxi saw all this in his eyes, and suddenly showed a meaningful smile, but at the same time, he seemed to be unwilling, so he quietly said in Xiao Chen’s ear: “how’s it going? Do you like Miss Cang?”

“How.” Xiao Chen quickly denied that he just felt a little strange when shaking hands with Cang chestnut, as if some of the other party’s meridians were hindered, and Cang Chestnut’s temperature was lower than that of ordinary people.

This makes Xiao Chen feel strange.

Cang chestnut didn’t know what Xiao Chen really thought. So she looked at Xiao Chen with some embarrassment. Although she was the eldest lady of a big family, she was in poor health since childhood, and I don’t know why. Sometimes she would suddenly faint.

Because of this disease, many young men who want to pursue her are scared away. Now she is close to the age of 24. She has never been in love in the real sense, and most of them died prematurely on the way.

As long as someone she feels more suitable appears around her, her disease will attack in less than an hour. In the worst case, the family thought she was dead, but at the last moment, she came back to life.

Later, when she went to the hospital for examination, the doctor couldn’t make a conclusion. She could only calculate a rare disease for her, which was a kind of shock.

Over the years, famous doctors from all over the country have not cured her. Now Xiao Chen doesn’t know that she also has a title called “the living dead”.

Because of her illness, she once frightened her college roommates, classmates and teachers. Every time she thought she was going to die, and finally she came back to life.

People are inexplicably afraid of something that current science can’t explain.

Now when he meets Xiao Chen, Cang chestnut is actually afraid that he will scare away the other party, so he doesn’t dare to have too many ideas in his heart to avoid the phenomenon of pretending to die again.

“Mr. Xiao Chen, which university did you graduate from and what unit do you work in Kyoto now?” Cang chestnut asked a very serious question.

“When I say you, I tell you every time that men don’t like this woman. When they come up, they ask questions like looking up the population. Won’t you talk about interests and hobbies with others?” Zhao Yuxi was dissatisfied after hearing Canglizi’s question.

Then he preached on one side.

Cang chestnut immediately blushed and said, “I’m really sorry, Mr. Xiao Chen. I don’t have any special hobbies at ordinary times, so... So I can’t chat very much...”

Said, also lowered his head, seems to be quite low self-esteem.

“It’s over, it’s over.” Zhao Yuxi patted her face. It was obvious that Canglizi had no taste for what she had just said. She couldn’t see it at all. She could only use this action to express her inner helplessness.

The God Of Medicine Son-in-law Chapter 383

“It doesn’t matter. In fact, Miss Cang is very beautiful. Don’t be so formal, but I want to ask Miss Canglizi about something.” Xiao Chen is very easy-going. At this time, he also wants to ask the feeling just now to see if the situation of Cang chestnut is the same as he thought.

“Ah?” Cang chestnuts immediately blushed. This is the first time I have met a man like Xiao Chen who is not picky, and his speech seems quite gentle. Cang chestnuts instantly felt that he seemed to have a feeling of heart for the man in front of him.

But this feeling was stopped by her, because she knew that once she had any reaction in this regard, she was likely to faint the next second.

“Can I ask you a few questions, Miss Cang?” Xiao Chen smiled brightly and continued to show kindness to Canglizi. Although his purpose is to find out whether the Cang family is involved in some conspiracy. But now I’ve met someone who is likely to be a patient.

Although he has no medical skills now, his original heart as a doctor is still there, so this original heart prompted him to want to know the condition and etiology of Cang chestnut, and he always had a feeling that the disease of Cang chestnut was probably caused by external factors.

“Speak, be pestled here!” Zhao Yuxi was very anxious for Cang chestnut at this time. It was not easy to meet a handsome man and take the initiative to talk. Of course, he should connect it without hesitation.

“Oh... Well, just ask.” Cang chestnuts returned to his senses, nodded slightly, and looked a little embarrassed.

“OK. Miss Cang, don’t be too nervous. Just take it as a conversation between friends. I don’t mean anything else.” Xiao Chen tried to slow down her tone and let the other party feel her heart.

“OK.” Cang chestnut said, slightly adjusting his breathing, and his face gradually returned to normal.

It seems that Xiao Chen’s words have played a certain role.

“Then I want to ask if Miss Canglizi has a feeling since she was a child. She is different from other children?” Xiao Chen raised the first question.

Hearing Xiao Chen’s question, Cang chestnut made an effort to think. It seemed that he was really recalling his experience from childhood to now. After thinking for a long time, Cang chestnut showed his eyebrow and said, “that... Some I forgot.”

Zhao Yuxi, who was drinking coffee on one side, almost didn’t take a sip of coffee. She originally thought that Cang chestnuts should have remembered something after thinking for so long. There are some special results, but everything is blind when Cang chestnut opens his mouth.

What she wants so long is make complaints about her words.

However, Xiao Chen still grabbed in front of her and said, “I don’t think I felt anything special when I was a child. When did it start? Remember? Something strange happened to me.”

In fact, Xiao Chen didn't want Cang chestnut to answer his question soon. On the contrary, the answer after deep thinking is what he wants.

"There were special things when I was a child, but... Mr. Xiao Chen, do you really want to hear?" Suddenly, Cang Chestnut's face began to blush again.

"Ah, if it's something that makes you feel too shy, you can't say it. It's your privacy." Xiao Chen quickly replied with a smile.

"Well... Well." Cang chestnut began to think carefully again. Then he said, "a lot of strange things have really happened to me in recent years."

"Well, what are those things?" Hearing this, Xiao Chen immediately sat upright. This should be the key to the problem.

Hearing this, Zhao Yuxi unconsciously pricked up his ears. I thought Cang chestnut was going to say that he had fainted all of a sudden in recent years.

Who knows, Cang chestnut said, "it's just these years... I suddenly feel that my development is much faster." Then he blushed again and lowered his eyes.

"Poof!" Zhao Yuxi immediately spewed out the coffee in his mouth: "what are you talking about? Isn't the development of women normal at your age? And... Do you want to show off your development on purpose!"

Then Zhao Yuxi looked at the tall twin peaks of Cang chestnuts with an unhappy face, and then looked at himself. Although there were some rudiments, the two were quite different.

"I... I didn't, Zhao Yu, you have to believe me..." Cang chestnut immediately felt a burst of shame.

"My name is Zhao Yuxi! How many times have I said it!" Zhao Yuxi was so angry that his blood pressure was about to explode.

“OK. Miss Zhao, calm down first. Miss Cang is right. Her development... Is indeed abnormal.” Xiao Chen also glanced at Cang Chestnut’s body.

Although it looks like a very eye-catching super perfect figure. But in fact, there are some problems. In fact, it seems that it feels too asymmetric. In fact, this is also a morbid performance.

“Mr. Xiao Chen, can you see that?” Canglizi heard Xiao Chen’s statement and immediately came to the spirit.

“This is not nonsense. Can’t any man see it?” Zhao Yuxi make complaints about it again.

“Do you have any other special circumstances? For example, special bad luck, you will suddenly faint, and sometimes you will be hated inexplicably?” Xiao Chen asked, citing some examples.

“Yes, that’s it. She has been like this since I knew her. It seems that she has been cursed.” Before Cang chestnut spoke, Zhao Yuxi took the lead in answering for her. Maybe he was afraid of Cang Chestnut’s strange answer and led the question to another direction.

“Well, it’s really cursed.” Xiao Chen nodded and said that if this situation didn’t mean that the man had a bad life, he was indeed cursed. When Xiao Chen shook hands with Cang chestnut earlier, he had found that Cang chestnut was somewhat different.

It is likely that a lucky star came to earth, but it seems that her luck has been transferred. If she can do such a thing, there is only a special Taoist skill in Xiao Chen’s impression, which is generally also called head lowering.

However, this kind of head lowering is different from other Taoist techniques. It needs to last for a long time, and the two people who have been lowered must have similar relationships, such as father and son, mother and daughter, brothers and sisters or lovers.

The kind of relationship close to a close relative, and under such a relationship, one party is quite willing to work for the other party, so that this Taoist art can succeed.

## The God Of Medicine Son-in-law Chapter 384

Of course, it will take time, place and people to mix together, and the final success rate will be greatly increased. Once there is any error in it, not only will the head lowering operation of this transit fail, but also the person who is cast will be quite unlucky.

The reason why Xiao Chen would ask Cang Lizi if there were any strange things when she was a child is that this kind of Taoism is generally used as early as possible, and the probability of success will be much lower when she grows up.

Now, according to the chestnut. It is likely that she was bowed when she was about to grow up, so she has been unlucky until now. And Xiao Chen can be sure that the opponent's Taoist ability is not particularly high, so this spell is likely to fail.

"Miss Cang, please put out your hand again. Will you show me?" Xiao Chen said and stretched out his hand first.

"Ah?" Cang chestnut was surprised again.

Xiao Chen is used to the situation of canglizi now. In fact, there is nothing wrong with her performance. After all, if a person has been unlucky for so many years, he will be careful when meeting anyone.

"Mr. Xiao Chen, forget it. Many people are unlucky after touching me. You'd better not contact me. I'm afraid I'll hurt you again." Cang chestnut said, shrinking his hand, as if afraid that Xiao Chen would touch her.

"Hey, what are you afraid of? Xiao Chen is not afraid of anyone. Come on! Stretch out your hand!" Zhao Yuxi said and directly pulled out Cang Chestnut's hand.

Although Cang chestnut is a little reluctant. But in fact, she also wanted to contact Xiao Chen. After all, after Xiao Chen came, she felt that her heart seemed to be much more stable.

After touching her hands, Cang chestnut immediately felt that her hands were like an electric shock. After a while, she found that her heart was pounding and couldn't seem to restrain at all.

No! I'm going to faint! Cang chestnut, you can't faint! You can't scare Mr. Xiao Chen away any more!

Cang chestnut was struggling strongly at this time. If she faints again now, she will really regret it all her life, but in the end, she still finds that her mind is a little dizzy, and the whole person also feels that the world is spinning, so she can't hold on.

But at the moment when she couldn't hold on, a breath of fresh air suddenly poured into her body. Finally, she rushed into her brain, and she felt a burst of soberness. The original heavy mind now seems to have become a lot more flexible.

"How's it going? Miss Cang, do you feel much better?" Xiao Chen smiled at her and asked.

"Much better... Mr. Xiao Chen. How did you do it?" Canglizi was full of shock at this time, and cast an admiring eye on Xiao Chen.

"I just pinched Miss Cang's wrist a little." Xiao Chen said and lifted Cang Chestnut's hand. At this time, his index finger was just pinched at Cang Chestnut's wrist.

"Ah... Mr. Xiao Chen is really... Great." Cang chestnut said, and his pretty face ruddy again.

"It's a miracle doctor!" Zhao Yuxi worshipped Xiao Chen even more at this time.

"Miracle doctor?" Cang Lizi was stunned: "is Mr. Xiao Chen the young miracle doctor of the legendary Xia state? The one who has created countless myths?"

"Ah? What countless myths? What are you talking about?" This time, Xiao Chen felt a little confused.

"Really, I just remembered your appearance and height. And... Your dress, you are the miracle doctor of our empire!" Zhao Yuxi was reminded by Cang Lizi, and his eyes immediately began to shine.

“You’re mistaken. I’m not a miracle doctor. I’m just an ordinary person.” Xiao Chen was helpless. Now he has lost all his medical skills. Even if he wants to admit it, his strength does not allow him to admit it.

However, even if he has medical skills now, Xiao Chen won’t admit it. First, it’s easy to expose his identity. Second, he doesn’t like these high sounding titles. He still needs to be down-to-earth.

“You are! You must be!” Zhao Yuxi immediately made a judgment.

Xiao Chen originally wanted to refute, but he saw such a situation. He is too lazy to argue with the two women. At present, he still wants to find out the situation of Cang chestnuts first, and then try to sneak into Cang’s house.

“Miss Cang chestnut, can you take me to your house? Especially your room.” Xiao Chen is about to change the topic.

“To my house?” Cang chestnut was stunned again. His face was almost red and became a ripe apple.

“Yes, I need to know something.” Xiao Chen nodded, and his expression was very natural, because what he said was the truth, but sneaking into it was his second step, which could be regarded as pushing the boat with the current.

“The miracle doctor said he wanted to see you, wouldn’t he let him? What if he could treat you after reading it?” Zhao Yuxi immediately pulled up Cang chestnuts.

Before Cang chestnuts reacted, they had already run to the outside of the cafe.

Seeing this scene, Xiao Chen couldn’t help but smile again. They were a perfect match, one hot and one quiet, so he also stood up and came to the front desk to check out.

When the receptionist of the coffee shop saw him coming, he immediately smiled and said, “Mr. Xiao Chen, right? You don’t have to pay the bill. This shop is opened by our young lady. You can have free coffee and meals anytime you come.”

“Oh.” Xiao Chen just reacted, but think about it. It’s reasonable to help her daughter open a cafe near her home in such a big industry as the Cang family.

So Xiao Chen went out of the cafe without saying anything. As soon as he went out, the receptionist in the cafe blacked his face.

“Xiao Chen seems to have two brushes. I must report to the master first, or our plan may be screwed up by him this time.”

At this time, Zhao Yuxi and Cang Lizi are playing wantonly on the shady path back to Cang’s house. One is lively, the other is gentle, the other is perfect, and the other is very fresh. For a time, Xiao Chen was slightly obsessed.

These two women have now become a beautiful scenic spot on the path to Cang’s house.

“Hey! What are you looking at, doctor Xiao Chen? We can’t get in if we don’t hurry up!” Zhao Yuxi’s voice suddenly came, interrupting Xiao Chen’s thoughts.

Just seeing the situation of the two women, he couldn’t help thinking of Wu Yaqing and a Ling who are far away in the East China Sea, and Yi mengruo. Are they all okay now?

Although the news of his death was released, he was still alive, and he also hoped that his women would live well.

The God Of Medicine Son-in-law Chapter 385

After pulling back his thoughts, Xiao Chen put his mind on the investigation again. After all, it is related to national security. Since he has such ability, he must shoulder such responsibility.

“Coming!” Xiao Chen said and ran over quickly.

At this time, Cang Lizi and Zhao Yuxi were standing at the gate of Cang's courtyard. Looking inside from the gate, Xiao Chen could see a different scenery from what he had previously seen on the hotel.

"This is Mr. Xiao Chen?" At this time, the security guard guarding the door was so suspicious of Xiao Chen's visit. It seems that Xiao Chen's coming is not a good thing for them. Xiao Chen even found a trace of disgust in each other's eyes.

It seems that this family is not what it looks like. Xiao Chen then politely went up and said hello to the security guard: "Hello, security uncle. I'm miss canglizi's friend. She invited me in."

"Well, Miss already said. Just go in." The security guard was neither hot nor cold to Xiao Chen, and there was no special expression on his face.

"Thank you, brother!" Xiao Chen said and went in. As soon as he entered the door, he saw a tall pine tree. According to the trunk of the pine tree, Xiao Chen can roughly see that the pine tree has been for at least a hundred years.

If it is not cultivated at home, but transplanted, it really needs some money.

Seeing that Xiao Chen seems more interested in the pine tree, Cang Lizi introduced: "the pine tree was here 200 years ago. At first, it was not impressive, but after my grandfather's generation, I found that the pine tree was somewhat similar to the legendary fortune tree, so our ancestors built the house directly in front of the pine tree and now it has become such a big yard."

"When I was a child, I often played under this pine tree. The old people said that this pine tree would bring good luck, but since my grandfather left, this pine tree has rarely been managed. Look, its skin has cracked, and no one has cleaned it around. What a pity."

With that, Cang chestnut stroked the pine tree with great pain.

Xiao Chen saw this scene and immediately understood what. It seemed that everything might have been caused by this tree. However, he still wanted to see Cang Chestnut's room.

“Let’s go and see your house.” Xiao Chen said, reaching out and making a “please” gesture, which means to let Cang chestnut show him the way to see the situation of her room.

“Yes.” Cang chestnuts nodded. Reluctantly bid farewell to the old tree, and then took them to the inside of the courtyard.

In fact, the Cang family courtyard and the yard underestimated it, because as soon as Xiao Chen came in, he found that there was not only one yard in it. There are also many areas. There are three single villas, not counting many high and low buildings.

Those should be for servants and so on. Of course, at the beginning, Xiao Chen could see many people similar to the company staff who seemed to gather in the Cang family courtyard. I don’t know what they came for.

But it’s someone else’s family business for the time being. It seems impolite and suspicious for an outsider to ask. So Xiao Chen didn’t speak, but followed Cang chestnut all the way to her house.

After coming, Xiao Chen was a little surprised. Because Canglizi doesn’t live in a villa, but a three story house. The decoration is quite ordinary. The first floor can be seen directly through the transparent glass door.

Moreover, although it is in the Cang family courtyard, the security attribute of such a building is obviously too low. Basically, as long as someone wants to enter and smashes the door directly with an iron bar, Cang chestnut, as a woman, can hardly resist.

And what surprised Xiao Chen more was. The building is surrounded by land, which just forms a situation in which it is surrounded by soil. This situation is the most taboo situation in architecture. First, the feng shui of such a building is too poor.

Second, such buildings are quite dangerous. Built in such an area, the foundation is not strong enough. It is very unsafe in case of some natural disasters or some ground vibrations.

“Why don’t you change places? Didn’t your uncle let you live with them last time?” Zhao Yuxi came here and said.

"I still like living alone and living with my uncle. I can't sleep." Cang chestnut said with a hint of bitterness on his face.

All these were seen by Xiao Chen, but he didn't say anything.

"Take us in." Xiao Chen said and walked towards the first floor of the house.

"OK." Cang Lizi said, took out the key and opened the door. Xiao Chen immediately felt a damp and moldy smell coming out.

"I'm really sorry. It's just raining these days. It's a little wet inside. I forgot to open the door for ventilation when I went out." Cang chestnut quickly apologized to them.

"I said to you, you don't pay attention to where you live. What should you do if you become a wife and mother in the future?" Zhao Yuxi began to talk on one side again.

"No, it's just an accident this time." Cang chestnut quickly waved his hand and seemed to mind this sentence.

However, in the damp gas, Xiao Chen also smelled another smell, which belonged to a strange smell of flowers.

So he quickly entered the house. Sure enough, he found several snow-white flowers in the interior of the hall. If the light is bad, it looks scary.

"Miss Cang, why do you have such flowers at home? Did you buy them yourself?" Xiao Chen asked, pointing to the flowers in front of him.

"Ah, this is from my uncles and uncles. They gave it to me on my birthday. For several years, the flowers are in good bloom. I take them out to bask in the sun when I'm at home." Cang chestnut smiled.

After hearing this, without saying a word, Xiao Chen directly lifted up all the flowers and threw them outside.

This series of actions stunned both women.

“Hey, although you are a miracle doctor, you can’t break other people’s things? Why throw them away?” Zhao Yuxi was filled with righteous indignation at this time.

Cang Li Zi’s face was a little pale with fear. It seemed that he didn’t expect Xiao Chen, who looked gentle and elegant, to do such a thing.

“Come and see for yourself.” Xiao Chen pointed to several flower paths he had just smashed.

“Just have a look, what else can I do...” Zhao Yuxi said and stepped forward with his waist on his fork.

The God Of Medicine Son-in-law Chapter 386

Zhao Yuxi’s words stopped halfway, because even as a medical student, she felt shocking and even had some nausea and vomiting.

“What’s the matter? Zhao Yu, what do you see...” Cang Lizi also came over and looked back. She threw up immediately.

Originally, there were no unusual white flowers. At this time, they were smashed open by Xiao Chen. After that, they turned into the shape of a human skull. And the red liquid also permeated into the soil. It looks easy to make people think that someone’s head was broken and fell to the ground.

“This kind of flower is called snow-white skeleton, which is a kind of flower from evil to Yin. If it is planted indoors, it will absorb the Yang of the owner of the house every day and let the owner of the house enter a situation that is extremely easy to be invaded by external evil.”

Xiao Chen explained and nodded on the two women. Then Zhao Yuxi and Canglizi felt much more comfortable and thanked Xiao Chen one after another.

“Miss Cang, who gave you this?” Xiao Chen asked again.

“This is many years ago. On one birthday, I remember it was sent by my uncle and uncle.” Cang chestnut made another look of careful thinking, but it seemed that the memory was still quite vague.

Xiao Chen immediately understood that the Cang chestnut should have been influenced by the snow-white skeleton for so many years. That’s why memory becomes so poor. With such poisonous flowers in their own home, Cang chestnuts can’t be in a normal state.

And listen to her tone, it should be that the whole family seems to be targeting her. As for what, I don’t know.

“What about your parents? Haven’t they noticed these things all these years?” Xiao Chen asked again.

This problem is an exit. Cang Lizi immediately became silent, while Zhao Yuxi suddenly pulled the corner of Xiao Chen’s clothes on one side, and his look became severe. His lips moved, but he didn’t say anything after all.

Xiao Chen is not stupid. She sees the reaction of the two women. I guessed what it was, so I quickly changed the topic and said, “Miss Cang, take us upstairs to have a look.”

Then he smiled.

But Cang chestnut remained silent for a long time. She slowly spit out a few words from her mouth: “my parents are dead. They are hard to die because of work.”

“Difficult work?” Xiao Chen heard such words for the first time.

“Don’t you know what the Cang family does?” Zhao Yuxi reminded one side.

Xiao Chen just reacted. Is it when making any large-scale industrial products

He didn't dare to imagine the following things, so he smiled again, comforted Cang chestnut and said, "it doesn't matter. In fact, they have always been by your side."

"Really?" Cang chestnut seemed to cry after thinking of it. But now, when Xiao Chen said so, he immediately stared at Mei Mou. I don't seem to believe what Xiao Chen said.

Although Xiao Chen just said it casually, he had an intuition. This Cang chestnut can live to this day. It must be that someone in the family is secretly protecting her. This may not be a guardian left by her parents.

But at least it also means that after they leave, they still hope that their daughter can grow up happily and not be tortured into a sad appearance by people in their family.

"Mr. Xiao Chen!" Cang chestnut suddenly rushed up and hugged Xiao Chen. A soft feeling spread all over Xiao Chen's body from Xiao Chen's chest in an instant.

Xiao Chen immediately felt a burst of scalp numbness, but the soft feeling made him have a little sense of attachment.

Just as he was about to indulge in it, suddenly a chill spread from his heart, so he immediately grabbed Cang Chestnut's hands. Then he poured some of his strength into her body.

At this time, Zhao Yuxi, who was watching from the sidelines, was stunned, because Xiao Chen took the initiative to closely connect his ten fingers with Cang Chestnut's ten fingers. Their posture was very much like the hug of lovers in love.

Although Zhao Yuxi was a little happy, he also felt a sense of loss at the bottom of his heart. She even had an imagination that it would be better if she were not Cang chestnut at the position of Cang chestnut now.

But then she smiled bitterly. Such a thing would not happen to her.

“Mr. Xiao Chen...” Cang Chestnut’s voice was soft and small. At this time, she was hugged by Xiao Chen, and the waves had turned up in her heart.

Although she knew it was inappropriate, somehow, Xiao Chen’s palm made her feel very warm and close, which made her a little difficult to extricate herself.

In such entanglement, she whispered Xiao Chen.

“Don’t move yet. Now someone is casting a spell. I’m helping you suppress the evil spirit in your body. I’ll believe the explanation later.” Xiao Chen didn’t have any other thoughts at this time.

He did it entirely because he wanted to help Cang chestnut avoid the disaster.

Soon after, Xiao Chen felt that the chill had disappeared, so he slowly released Cang Chestnut’s hand.

Just released, Zhao Yuxi came up and asked, “doctor Xiao Chen, did you just feel something?”

“Yes.” Xiao Chen nodded.

Zhao Yuxi’s mood suddenly got better at this time. Originally, she thought Xiao Chen was like other men. As soon as she hugged Cang chestnuts, a girl with perfect figure would show her true shape and forget herself.

But I didn’t expect that Xiao Chen was just to dispel the evil spirit for Cang chestnuts, which made her look up at Xiao Chen. And most importantly, if Xiao Chen didn’t feel anything about Cang chestnuts now, wouldn’t he have another chance.

Although Cang chestnut is really poor, cute and lovable, Zhao Yuxi is not very poor. In addition to her figure, she is also a pure goddess in the school.

It can be regarded as the lover in the hearts of many young men.

Although this matter is not important to her, she still hopes that her unique charm can attract Xiao Chen.

Thinking like this, Zhao Yuxi suddenly pulled up Xiao Chen's hand and said, "I feel a little uncomfortable recently. Doctor Xiao Chen can also help me get rid of the evil spirit?"

Who knows, Xiao Chen was very indifferent after touching her hand: "Miss Zhao, your body is very good, quite healthy, and there is no evil Qi entering the body."

The God Of Medicine Son-in-law Chapter 387

Although this matter is true, it was said by Xiao Chen so frankly that Zhao Yuxi felt it was not a taste, so he took Xiao Chen's hand and said, "doctor Xiao Chen, please show me carefully! I really feel very uncomfortable."

Xiao Chen was a little helpless. She didn't know what the woman was going to do. No, he still slightly mobilized his strength and checked Zhao Yuxi. He didn't know if he didn't check. Once checked, there were some findings.

Xiao Chen felt that Zhao Yuxi seemed to have some blocked meridians, so she injected a trace of true Qi into her body.

It doesn't matter if you don't need genuine Qi. As soon as you use it, Zhao Yuxi's body immediately emits a stream of gas. Suddenly, the whole hall on the first floor fell into disaster in the package of gas.

"Ah! What thing! It stinks!" Cang chestnut called out first.

And Xiao Chen couldn't help but smile again. Unexpectedly, the vitality he just had had had such an effect on Zhao Yuxi.

As Zhao Yuxi herself, she was extremely ashamed at this time. She didn't expect to have such a big problem just holding hands with Xiao Chen.

This is the shame of shame.

"Ah!" Zhao Yuxi screamed and ran quickly upstairs.

Seeing this, Xiao Chen can only touch his head with some shame. After all, he didn't know it would produce such an effect before, and now he is simply sensing a person's body with the vitality of his body.

Compared with the original use of yin and Yang Qi, vitality can only detect some relatively simple physical conditions, and do not know whether it is a disease or something else.

"Mr. Xiao Chen, did you just take Zhao Yu to her..." Cang Lizi also saw the clue at this time.

"Yes, I didn't know that would happen. I thought she had something wrong." Xiao Chen scratched his head again.

Just between the two people talking, Zhao Yuxi screamed again.

"Zhao Yu!" Cang Lizi immediately became nervous when she heard the cry. Xiao Chen also realized that Zhao Yuxi went upstairs alone. The house was gloomy. If anything happened, it would be bad.

Xiao Chen immediately rushed upstairs and came upstairs. Xiao Chen immediately felt that there were three things that made him feel a little uncomfortable.

The second floor of this building doesn't look as spacious as the first floor. There are only three compartments in total. Outside, there is a bathroom, and inside, Xiao Chen can roughly see a living room and a bedroom, but living alone is very spacious.

Zhao Yuxi, who screamed, was in the bathroom at this time. Xiao Chen leaned up and asked, "what's the matter? What's the matter?"

Zhao Yuxi in the door didn't expect Xiao Chen to come up so soon. I couldn't help feeling a little embarrassed. I still didn't say any questions in it for a long time.

"You say, if you don't, how can I help you?" Xiao Chen was speechless. It was clearly called out by himself, but when people came, they didn't say what it was.

Zhao Yuxi's mind is really elusive.

"You let Cang chestnuts come!" Zhao Yuxi had no choice but to say such a sentence to Xiao Chen across the door.

Xiao Chen realized that it might be related to what had just happened. It was likely that the filth fell on Zhao Yuxi's clothes

At this thought, Xiao Chen immediately felt a little blushing, and then immediately turned back to find Cang chestnut.

Canglizi heard Zhao Yuxi's explanation. She couldn't help laughing, while Xiao Chen sat in the living room. Although I didn't observe what happened here, I still understood that it was exactly what I guessed. At least it's eight, nine and ten.

After a while, Zhao Yuxi changed into a pale blue pleated skirt of canglizi. Although it was slightly unfit and shorter, the positions that were just covered made her give a sense of mystery and appear more s\*xy.

This led to Xiao Chen's eyes slightly stayed for less than a second when he saw her coming out.

Although it was a short time, Zhao Yuxi saw it.

"I look good in this one?" Zhao Yuxi came to Xiao Chen with a pretentious gesture. At this time, Xiao Chen smelled the faint fragrance on her, similar to the smell of jasmine.

"Yes." Xiao Chen didn't deny it, but he didn't pay too much attention to it.

But the speaker is unintentional and the listener is affectionate. Zhao Yuxi smiled. She immediately understood that Xiao Chen seemed to like her type. She looked a little mature, but at the same time she was very pure.

Xiao Chen's reaction to the evil level woman Cang chestnut was very normal.

After comprehensive consideration, Zhao Yuxi is more confident that he can get close to Xiao Chen.

"Wow, this dress is just right for you, Zhao Yu!" Canglizi also treated the bathroom at this time and came over. When she saw Zhao Yuxi wearing her own skirt, she couldn't help but marvel.

"Yes, my name is Zhao Yuxi. There is a word Xi behind it!" Zhao Yuxi is a little helpless. It seems that Cang chestnut doesn't know anyone. She is called Zhao Yu every time.

"Oh, I see." Cang chestnut answered as if he were dealing with it.

Seeing this scene, Xiao Chen felt a little funny, so he bent his mouth, but didn't continue to say anything.

"What are you laughing at!" Zhao Yuxi caught Xiao Chen's flaw in an instant, so he directly came up and questioned him with his waist.

"I didn't laugh." Xiao Chen showed an innocent expression.

"You just laughed. I saw you laugh!" Zhao Yuxi refused to let go, and sat on Xiao Chen's lap.

Originally, Zhao Yuxi stood in front of Xiao Chen. He felt nothing. Sitting on his body, Xiao Chen suddenly felt an unspeakable sweet feeling in his heart.

“You just laughed!” Zhao Yuxi beat Xiao Chen’s chest with a pink fist as if she were being coquettish.

“You get up first.” Xiao Chen reacted quickly and immediately pushed Zhao Yuxi down.

“You push me! Don’t you like me?” Zhao Yuxi suddenly pretended to be pitiful and put her slender jade finger on her red lips.

I have to say that she is still quite attractive. If you change a man now, you may be tempted to hold her in your arms.

It’s a pity that she met Xiao Chen. Although Xiao Chen is not countless reading women, he can control more beautiful women than her. Naturally, he doesn’t feel much about Zhao Yuxi now.

Seeing that his offensive had no effect on Xiao Chen, Zhao Yuxi was a little lost.

The God Of Medicine Son-in-law Chapter 388

Then she put away her expression and seemed to be in a hurry to attack the legendary doctor at one time.

However, she has some confidence in her heart. Given her a certain time, she will be able to take down this man.

“Miss Cang, tell me how you got this thing?” Xiao Chen suddenly solemnly pointed to a statue not far away, which looked like the God of wealth. The color is bronze, but before you touch it. I don’t know what it is made of.

“This one? It’s also given by my uncle. They say it can be used to calm the gas of the house. If you put it at home, it will naturally make the owner of the house lucky.” Cang chestnut said he was going to touch the statue.

“Miss Cang, don’t touch it first!” Xiao Chen immediately warned.

After hearing this, Cang chestnut immediately shook his hand slightly. The statue fell from the high platform to the ground in an instant.

“Bang Dang!” One of them, a big spider climbed out.

Cang chestnut immediately screamed with fear.

“Grimace spider!”

Xiao Chen recognized the spider at a glance. Unexpectedly, it was a very evil thing. He immediately ran his vitality, slapped it to death, and then threw it out of the window.

Now Xiao Chen can be sure that the family should have no kindness to Cang chestnut. I put such a poisonous spell on her and arranged so many mechanisms in her house. It seems that I want to get her luck.

Then Xiao Chen threw out two other items he thought had problems from Cang Chestnut’s room. One was a bear doll and the other was a very strange looking cup.

Under Xiao Chen’s inquiry, Cang chestnut said that the people who gave it to her came from Cang family.

Zhao Yuxi was also a little frightened after seeing all this. She didn’t expect to be a member of a family. The whole family would unite to murder the eldest lady of their own family.

Although Xiao Chen was a little angry, he knew that now was not the time to expose each other. He had to wait until a certain time to ask the matter clearly.

In this way, Xiao Chen is ready to leave after solving everything in Canglizi's house.

But Cang chestnut seemed to rely on Xiao Chen. He didn't want him to go, and even wanted to go back with him.

Xiao Chen said good things and bad things to make her settle down. After all, he is now the groom of the Chinese family. It's just the first day of marriage. If he doesn't go home at night, it's really unreasonable.

Seeing Xiao Chen leaving, Zhao Yuxi also left with him.

"Miss Zhao, I'm married. It's not appropriate for you to follow me like this!" When she came near Washington, Xiao Chen saw that Zhao Yuxi was still following her, so she turned back to stop her action.

"But... I have nowhere to go." Zhao Yuxi kneaded his hands as if he had been wronged.

"No place to go? Don't you work in the traditional Chinese medicine hospital? Don't you rent a house?" Xiao Chen was stunned.

"I quit long ago..." Zhao Yuxi told the truth.

"Quit? Why?" Xiao Chen has some doubts.

"There are many reasons. Anyway, I have no place to go now. Just be kind and take me in for one night." Zhao Yuxi came up and grabbed Xiao Chen's hand. Unexpectedly, she began to act coquettish again.

Xiao Chen was helpless. He didn't know whether Zhao Yuxi was acting or true.

“Oh, here’s the money. Go and find a hotel nearby.” Xiao Chen said and took out hundreds of dollars from his pocket.

“I don’t want money. I want to go home with you.” Zhao Yuxi seems to be a little shameless.

“No, why are you coming home with me? Do you know where I come from?” Xiao Chen was a little unhappy.

“I don’t care. I’m going home with you.” At this time, Zhao Yuxi is like a child and has to cheat.

“Xiao Chen!” Suddenly, a woman’s voice came from behind. Xiao Chen was slightly stunned and immediately saw Hua xuwan standing in front of the door of Washington: “you’re fast enough! You just arrived at my house yesterday and are looking for a woman outside today?”

“No, Xu Wan, you misunderstood!” Xiao Chen quickly explained that he knew that Hua xuwan was acting, so he tried his best to cooperate.

“Misunderstanding? Then tell me why!” Hua xuwan. Then he came up angrily.

Who knows that Zhao Yuxi is really not afraid of tigers. He directly stopped in front of Hua xuwan: “who are you? How can you talk to doctor Xiao Chen like that!”

Hua xuwan originally just wanted to act. Unexpectedly, Zhao Yuxi quarreled with her.

On the contrary, it made her really angry.

“Who are you? How I talk to him is none of your business?”

Hua xuwan pushed Zhao Yuxi away. Zhao Yuxi didn’t know that Hua xuwan had so much strength, so he was pushed to the ground and a skin was worn on his feet.

Seeing this, Xiao Chen immediately felt a little inappropriate, so he wanted to come forward to help her.

But Hua xuwan immediately looked at him coldly and said, "if you dare to help her today, don't go home!"

Xiao Chen was stunned. Isn't this acting? How can you be serious when acting.

"Why are you such a rude woman!" Zhao Yuxi saw that Xiao Chen's action stopped, so he struggled to stand up from the ground.

"Yes, I'm rude. So what? What do you want?" Hua xuwan's hands were on her hips, completely revealing the appearance of a big lady.

"You deserve no one to love you!" Zhao Yuxi spat again.

"You still say!" Hua xuwan said that she would come forward again. At this time, she was very angry and her chest fluctuated constantly.

"Well, well, she's just a student out of school." Xiao Chen went up and grabbed Hua xuwan.

"Oh, I see. You just like it, don't you? Well, you go with her!" Hua xuwan said, throwing his hands, he quickly ran back to the courtyard of Washington.

Looking at the back of her leaving, Xiao Chen looked blankly and said that she was just acting? How do you feel that Hua xuwan seems to be really angry.

"Who is this woman? She's so fierce that she can't find a man in her life!" Zhao Yuxi was still cursing at the back of Hua xuwan.

"She's my wife." Xiao Chen explained.

Hearing this, Zhao Yuxi was stunned.

“Your wife? Are you... The grandson-in-law of Washington?”

“Yes.” Xiao Chen nodded.

Gap, a huge gap suddenly appeared in Zhao Yuxi’s heart. Originally, she thought Xiao Chen came to Kyoto alone, but she didn’t expect that the other party had entered Washington.

The God Of Medicine Son-in-law Chapter 389

Seeing Zhao Yuxi’s face darkened, Xiao Chen knew that such a sense of gap must be unacceptable to the other party.

But who knows that Zhao Yuxi soon sorted out his mood, smiled at Xiao Chen happily and said, “it doesn’t matter. I know you must have difficulties, right? How can a man like you choose to marry such a female tiger?”

“Ah?” Xiao Chen is stunned again. The woman’s imagination is too rich. Although she and Hua xuwan are really fake marriages, according to the acting skills of Hua xuwan just now, isn’t this the performance of a newly married wife treating her outgoing husband?

Does Zhao Yuxi have strong insight. See that the relationship between the two is not what it looks like?

Xiao Chen muttered in his heart, but looking at Zhao Yuxi’s expression, he felt 80% sure that the woman should be comforting herself.

“OK. It’s all right. Go home. I can find a place to live. I can’t. I can go to canglizhi’s house.” Zhao Yuxi smiled.

“Well, pay attention to your own safety.” I saw her decide to go. Xiao Chen also decided not to entangle with her anymore.

At the moment when Xiao Chen said hello to her, Zhao Yuxi suddenly came up and took a sip on Xiao Chen's face with her fragrant lips.

Xiao Chen suddenly seemed to be put on a fixed body spell, and Zhao Yuxi seemed very satisfied with his reaction, so he showed a bright smile and left with a brisk step.

Xiao Chen touched the spot where Zhao Yuxi had just kissed his cheek and couldn't help laughing bitterly. He didn't do anything. Why is this little girl so infatuated with herself?

But now he has no choice but to let it go. After all, his main purpose is to sneak into the Cang family first.

Today, Xiao Chen felt a little surprised to get in touch with Cang chestnuts. According to the development of this situation, Xiao Chen thought that he should find an opportunity to join the Cang family in these two days.

After thinking about all this, Xiao Chen went to the Chinese house with great strides.

Just back in the mansion, I saw Hua Wenfeng sitting in the pavilion outside the mansion, looking at himself with a smile on his face.

"Hua Lao, what's the matter?" Xiao Chen knew that the other party would not laugh at him for no reason. There must be something to ask or explain.

"Oh, it's no big deal. It's just Xiao Chen. You should pay more attention. Although we won't care who you communicate with outside, at least don't bring it home. I'm afraid there will be rumors outside, which will have a bad impact."

Hua Wenfeng looked kind and authentic.

"I see. It won't happen in the future." Xiao Chen nodded.

It seems that Hua Wenfeng should also have noticed Zhao Yuxi's arrival, but he should just see it in his eyes. It's not broken.

"Well, well, go back to your room first." Hua Wenfeng said with a meaningful smile.

Xiao Chen felt a little strange, but didn't ask anything, and then walked into the room.

As soon as he entered the door, Hua xuwan rushed up and beat Xiao Chen's chest. It wasn't that ordinary women didn't have much strength, but they were really beating. At least 80% of the strength was used.

Caught off guard. Xiao Chen coughed twice with a hammer, and then quickly stopped her crazy behavior.

"What's the matter with you? Now you're home and don't have to act. Are you still afraid that you can't be monitored in your own home?" Xiao Chen held Hua xuwan's hands tightly.

But Hua xuwan doesn't seem to enjoy himself. Generally, he has to hammer Xiao Chen.

"Miss Hua, pay attention to your discretion. Although I'm in your family now, my Xiao Chen is not the kind of person who is allowed to be a mermaid, do you understand?" Xiao Chen's tone of voice changed at this time.

Hearing what Xiao Chen said, Hua xuwan suddenly felt angry again on his pretty face, but he didn't say anything. After shaking off Xiao Chen's hand, he lay down on his own bed.

Xiao Chen didn't know what had happened to the other party. Even if he was really angry because of Zhao Yuxi's words, wouldn't he take himself as a vent?

Although apparently they are husband and wife, in fact they don't have much relationship.

Seeing Hua xuwan, he said nothing. Xiao Chen came to the sofa in the room and lay down.

This is what they agreed at the beginning. He sleeps on the sofa and Hua xuwan sleeps in the bed.

After lying down, Xiao Chen is carefully cleaning up the ideas of everything today. Now it seems that the Cang family seems to be targeting Cang chestnuts. Why. Xiao Chen felt that it was not just to seize her luck.

However, the truth can only be known after his investigation. After thinking about it, Xiao Chen may fall asleep on the sofa because she is a little tired.

Suddenly he felt something beating him, so he suddenly woke up and saw Hua xuwan pestling him with an iron bar.

Seeing that Xiao Chen woke up, Hua xuwan reluctantly opened his mouth: "you go out, I want to take a bath!"

"You can take a bath. What am I going out to do?" Xiao Chen was speechless. She slept well. She was suddenly awakened by someone. She was more or less angry in her heart.

Although he seldom slept since he practiced the Jue of the extreme Tao. But if you can sleep over every time, it means that your body really needs a certain rest, so you will fall asleep.

At present, it is obvious that he was awakened by Hua xuwan before his body recovered completely. He is somewhat dissatisfied in his heart.

"You're here. I can't wash stably. Go out!" Hua xuwan's tone is very tough.

Xiao Chen was helpless. Now he is also a man. He has to bow his head under the eaves. He gets up slowly from the sofa. Xiao Chen comes outside the house.

At this time, it was summer, and the moon was bright and the stars were sparse outside. It made Xiao Chen suddenly have some feelings.

When he was ready to exercise the vitality in his body for cultivation, he suddenly found that there seemed to be some power to attract the yin-yang Qi of the exhausted Taichu Baolu.

“Can’t you say...” Xiao Chen looked up at the sky.

So he practiced along this artistic conception and suddenly found that he could communicate a certain atmosphere between heaven and earth, so that he could continuously condense the Qi of yin and Yang in his body.

This situation made Xiao Chen suddenly ecstatic, and then constantly absorbed and condensed.

But soon after, he found that the Qi of yin and Yang in his Dantian soon reached the upper limit.

The God Of Medicine Son-in-law Chapter 390

Xiao Chen roughly felt that with the power of yin and Yang, he could treat some patients twice a day at most. If he encountered more serious diseases or pain, he might be able to use up at one time.

Although few, it is better than nothing. At least if he really encounters a situation similar to that encountered on the bus today, he can at least be able to rescue the old man. Instead of taking out a silver needle and hitting it by mistake.

And Xiao Chen was surprised to find that the Taichu Baolu, which had lost its effectiveness, seemed to rotate slowly under the generation of the Qi of yin and Yang.

This means that Taichu Baolu is likely to be repaired again, so maybe his medical skills will come back again in the future.

Xiao Chen, who was full of joy, sat outside and began to practice. Now his extreme way divine formula has reached the third level of unity.

After reaching this level, Xiao Chen's vitality was condensed. When fighting with people, he could almost use the vitality to release and turn into any posture to launch an attack.

For example, he can release his vitality and turn into a real dragon to fight with his opponent. Although it looks a little fancy, it is actually stronger than some skills of ordinary monks.

In essence, Xiao Chen is actually one of the monks now. After all, the extreme way and divine formula he practiced belongs to a kind of skill for cultivating vitality.

With the vitality in his body constantly running, Xiao Chen felt that the vitality in his body was also growing slowly.

As soon as he entered the state of cultivation, Xiao Chen could not feel the passage of time. When he opened his eyes again, he found that it was the morning of the next day.

So he slowly stood up from the ground.

"Squeak!" The door behind suddenly opened. Hua xuwan still came out of the room in a military uniform. When she saw Xiao Chen, there was only a slightly surprised look on her face, but then she disappeared immediately.

Xiao Chen also felt there was no need to go back to the house at this time, so he directly prepared to go out.

"You leave without breakfast?" Hua xuwan couldn't help asking.

"I don't want to." Xiao Chen waved her back and left.

Seeing Xiao Chen's behavior without scruples about other people's feelings, Hua xuwan was a little angry, but she was also thinking about whether her actions yesterday were too much.

Will Xiao Chen be angry because of this. So I stayed out all night.

If Xiao Chen knew that he was just practicing outside for a night and was thought like this by Hua xuwan, he might feel a little speechless again, but fortunately he didn't know.

When he came to Washington, Xiao Chen was still ready to go to Cang's house. Under the cover of Cang chestnuts, it was quite simple for him to sneak in. Yesterday, because they just met, they simply added a friend to their mobile phone.

Turn on the mobile phone, Xiao Chen is going to send a message to Cang Lizi first and meet her. It's just that the power of yin and Yang has recovered a little. Maybe you can see her a doctor or something.

But turning to the chat records, Xiao Chen found that Zhao Yuxi sent himself a long message last night.

At first, I wanted to chat with myself, but later I began to talk. It probably means that her life was crying and she was cheated by a playboy in college. After that, he wanted to stay in a big city like Kyoto, but in the end, he found that everything was not what he thought.

Work in the hospital is not going well. Because they are interns, they are often scolded. Those who have to be commanded by the director, like animals, don't have their own power.

Of course, she can stand all this. What she can't stand most is that the director's son often comes to the Department to harass her. She has made it clear that she doesn't want to have anything to do with this person, but the other party relies on her mother's power, so she comes to her trouble again and again.

Now she is in a state of resignation, because if she goes to the hospital, she will probably be harassed again. This made her feel very sad. In her heart, she still yearned to be the messenger to treat people one day.

But the reality is too cruel, so she can only choose to retire temporarily, and the situation at home is not good. Not enough to support her other development in such a big city.

It's true that she can't afford to rent a house, but she's still very grateful to meet friends like Xiao Chen and Canglizi.

Seeing the back, Xiao Chen was slightly touched in the bottom of her heart. Yes, if a girl wants to develop in such a big city, she needs to have a strong family background if she doesn't adopt some unseemly means.

Just like Bai Qianqian at the beginning, her family had an accident. If she wanted to stay in Kyoto, she had to be a lover for some rich CHILDES, but she was actually lucky. A graduate student like Zhao Yuxi who had no power, power and money.

She doesn't understand the external rules and wants to stick to herself, but the price of sticking to herself is that she can't stay, because the first rule here is that you can't stick to yourself. You must learn to cater to others.

Thinking, Xiao Chen first made a comforting speech in the past, but he still focused on sneaking into Cang's house, so he sent a text message to Cang chestnut.

Cang chestnut replied to him soon. After a while, he saw a white Maserati coming to Xiao Chen. The driver in it was Cang chestnut instead of others.

"Mr. Xiao Chen, thank you so much. After you came to my house yesterday, I felt much more comfortable and had a safe sleep." As soon as he got on the bus, Canglizi was very happy to thank Xiao Chen.

"It's all small things." Xiao Chen smiled faintly.

"Now I'm going to work. Do you have any plans?" Asked Cang chestnut.

"Where do you work?" Xiao Chen couldn't help being curious.

"Oh, I'm an intern in a district hospital here in Kyoto. It's called Jiangdu hospital. Do you want to have a look?" Cang chestnut smiled.

"Yes." Xiao Chen nodded.

He didn't expect that Canglizi also worked in the hospital, which was the same as Zhao Yuxi's work. She was also an intern, but that was the gap. Even though Zhao Yuxi worked very hard to enter the hospital of traditional Chinese medicine, she was forced to quit now.

Cang chestnut must be because of the identity of Cang family, so even if he is in such a small hospital now, he will be transferred to some large hospitals soon, which is understandable.
