The God Of Medicine Son-in-law Chapter 391

While Xiao Chen was thinking, Canglizi's car had come to the parking lot of Jiangdu hospital.

It has to be said that Xiao Chen underestimated a district level hospital. From the outside, even some larger people's hospitals or private hospitals in the East China Sea or Wuling are not much different, or even bigger.

And there are many luxury cars parked outside the door, almost millions of cars. It can be seen that the staff or some leaders in the hospital are almost free of money.

"Oh, Miss Cang is coming!" After seeing the Cang chestnuts, a guard man outside came up and said hello with a smile.

"Yes. Grandpa Huang." Cang chestnut also responded politely.

Then, the guard uncle stopped his eyes on Xiao Chen. Now Xiao Chen is just wearing short sleeves and five point trousers, which looks very ordinary. So the uncle asked curiously:

"Miss Cang, is this your friend?"

"Yes." Cang chestnut still smiled and nodded.

Uncle couldn't help but be curious about Xiao Chen. Many people know that Cang chestnut has bad luck. Therefore, even if she has such a delicate face and perfect figure, almost no one dares to approach her.

But to get close to her, you also need to weigh your weight. After all, the Cang family is not a small family in the whole Kyoto. At least they must exist in the top 20, or even in the top.

Although Canglizi is not spoiled in the Cang family, and the Cang family is only constantly trying to cultivate two grandchildren, her status is also extraordinary. The family children without some details have no courage to contact her.

Seeing that the old man looked at himself with strange eyes, Xiao Chen couldn't help smiling and said, "old man, what's your problem?"

"No, No." Uncle quickly denied that even if he did, he wouldn't say it here.

In this way, Xiao Chen followed Cang chestnut into the hospital. They talked and laughed all the way. Xiao Chen found that Cang chestnut belongs to a slow and hot character. When we first met yesterday, we were still a little reserved, but today it seems that we are somewhat open-minded, and the topic is getting more and more slowly.

But when I saw them talking and laughing, doctors and nurses all the way looked at them with different eyes.

It seems like seeing some strange new species appear on this earth for the first time.

Xiao Chen doesn't like such eyes very much, but he doesn't have any way. After all, his eyes grow on others. If you don't like it, you can't let others not see it.

In this way, they came to canglizi's office all the way.

As soon as I came in, I saw a young male doctor smiling back and saying to Cang chestnut, "you're late again, Miss Cang."

But after saying this, his smile froze, because he found a man behind Cang chestnut.

"Really, I do this every day. I feel a little embarrassed." Cang chestnut smiled helplessly, but he still hit his own card.

"This is..." after the man froze for a moment, he asked Xiao Chen's identity.

“Oh. This is my friend. I think there may be nothing to do today. I’ll take him to our hospital. Do you mind?” Cang chestnut smiled and said.

“Of course.” The man nodded. But in his eyes, he still had some hostility to Xiao Chen.

The male doctor, Wang Lei, has been in Jiangdu hospital for nearly three years. He belongs to the kind of person whose family has certain conditions in Kyoto. He works here after finishing college. Now he’s old enough to get married. His family keeps urging him.

However, he was not particularly worried, and it happened that a beautiful woman such as Canglizi was arranged in his office every night. Wang Lei will think of Cang Lizi’s frowns and smiles at him during the day, and then do something indescribable according to his imagination.

This Cang chestnut can be said to have become a spiritual pillar of single Wang Lei, although he knows that there is a considerable gap between his identity and the other party. And there’s that curse on Cang chestnuts.

But when such a beauty is placed in front of him, a man can’t help but want to eat some tofu and have s*x.

So after Cang chestnuts came, although Wang Lei was a little unlucky, he was very happy, because he could talk and chat with Cang chestnuts every day, and Cang chestnuts were more lovely than expected, without the social atmosphere of those mature women outside.

On the contrary, it makes Wang Lei feel that he has returned to the innocent age of everyone in the school.

But today, after Cang chestnuts brought Xiao Chen, Wang Lei felt that his dream might be broken, so he immediately made a determination in his heart to find a way to keep Xiao Chen away from Cang chestnuts and protect his goddess.

“Mr. Xiao Chen, what are you doing?” Wang Lei immediately asked as if he were chatting.

“Oh, I just came to Kyoto and haven’t found any job yet.” Xiao Chen answered truthfully, but he didn’t need to find any job, because all his expenses were borne by the Empire.

“Oh ~” Wang Lei deliberately lengthened his voice, then smiled and said, “so Mr. Xiao Chen has no income for the time being?”

“Yes.” Xiao Chen nodded.

“That may really need to find a job or something.” Wang Lei pretended to kindly remind that he actually looked down on Xiao Chen.

A big man has no job outside and no income. He will be looked down upon wherever he goes.

“Thanks for reminding.” Xiao Chen didn’t feel Wang Lei’s hostility, or he disdained to feel his hostility at all, because the gap between them was too big.

“What special ability does Mr. Xiao Chen have?” Wang Lei asked again.

“No.” Xiao Chen’s tone gradually faded down. He didn’t like being questioned by Wang Lei as if he were checking his registered permanent residence.

“Then learn.” Wang Lei raised the corners of his mouth.

“Yes.” Xiao Chen nodded.

“What would Mr. Xiao Chen like to drink? Green tea, coffee and milk.” The chestnut over there interrupted their conversation.

“Green tea. I prefer the traditional one.” Xiao Chen responded with a smile.

“It seems that Mr. Xiao Chen is still a person with feelings.” Cang chestnut also smiled.

Seeing that his goddess was so polite to Xiao Chen, Wang Lei was jealous again.

“Miss Cang, I just need some. Can I have a cup of coffee?”

Wang Lei also smiled.

“OK.” Cang chestnuts will not refuse.

The God Of Medicine Son-in-law Chapter 392

“Come on, this is your green tea!” Cang chestnut came to Xiao Chen with a cup of green tea.

Xiao Chen hurriedly took the green tea in her hand and said, “thank you! Thank you!”

Cang chestnut smiled and said, “no, doctor Xiao Chen has helped me a lot.”

Hearing that Cang chestnut called Xiao Chen as a miracle doctor, Wang Lei was a little strange. How could a idle man be a miracle doctor?

At this time, Cang chestnut also brought the coffee, and Wang Lei hurried forward to catch it. When receiving, he deliberately touched Cang Chestnut’s hand with his own hand.

Naturally, Cang chestnut wouldn’t pay attention to this, and he took advantage of these little things every time. When he had several operations, he took the opportunity to hold Cang Chestnut’s body from behind, in the name of guiding her, of course.

Sometimes when other doctors see it, they just see it. Without saying anything, it seems that everyone has reached a tacit understanding, but Wang Lei also has a possessive desire. If other male doctors tamper with Cang chestnuts, he will try to stop it.

I have to say that he still has some wisdom in this aspect. He can skillfully help Canglizhi avoid the behavior of other male doctors eating tofu every time.

Of course, Cang Lizi didn't know these things. Since she was a child, she was motivated to become a truly qualified doctor, so after entering the hospital, she also focused on the work of the hospital. In order to overcome her fear of blood, Cang Lizi asked to enter the operating room almost once a day.

In order to see the operation, although she vomits every time she comes out, Wang Lei is also very distressed. But I can only silently look at this energetic girl behind my back.

"Is Mr. Xiao Chen still a miracle doctor?" Wang Lei asked along with the stubble of Cang chestnut.

"No, it's just that Miss Cang gave me face." Xiao Chen denied with a faint smile.

"Oh." Wang Lei seemed to be relieved: "but it shouldn't be easy for you to be called a miracle doctor by Miss Cang."

"Everywhere, it's just miss Canglizhi who praises me." Xiao Chen said modestly.

"How could it be? I'm not praising doctor Xiao Chen. He's real..." Cang chestnut showed a serious look on his pretty face, ready to explain.

But Xiao Chen directly interrupted her and said, "Miss Cang chestnut. I'm really not a miracle doctor. Everything yesterday was just right. You have to believe me."

When he said it, he deliberately winked at Cang chestnuts.

Cang Lizi understood why Xiao Chen didn't want to admit it at this time. Maybe it was for his own reason, so she didn't force herself to explain anything.

"Since Mr. Xiao Chen is a miracle doctor, maybe he will show his hands to me later. This is the first time I have seen a miracle doctor." Wang Lei deliberately said.

“Everywhere, I said, I’m not a miracle doctor, treating patients. I’d better leave it to the hospital.” Xiao Chen quickly waved his hand.

The reason why he said this is entirely because he doesn’t want to expose his medical skills here. One is that if some high-level children or friends and relatives in Kyoto find their medical skills in this hospital, they will go back and tell their families.

If you say it well, it may not cause anything. If you say it badly. In case of being noticed by some people, investigate his true identity. It will be more troublesome then.

Second, their current means are too shocking. As long as they use the Qi of yin and yang to enter the patient’s body, they can cure each other. If such a situation is known by another person, there will be doubt.

Even if he won’t investigate his identity, the matter will spread more or less quickly. At that time, there will be an endless stream of people coming to call him for treatment. If he doesn’t want to be noticed, he should be noticed.

And this will also bring a lot of trouble to Washington, so Xiao Chen decided not to show her medical skills outside. Even if she wanted to treat, she had to treat it when no one saw it.

“That’s a pity. I heard Miss Cang say that you are a miracle doctor. I really want to see how powerful a miracle doctor is.” Wang Lei looks lost, but in fact, he feels that Xiao Chen is like a charlatan and can only cheat a simple girl like Canglizi.

“No, no, I don’t have any powerful means.” Xiao Chen still remained calm.

“Did Mr. Xiao Chen know Miss Cang only yesterday?” Wang Lei asked again.

“Yes.” Xiao Chen nodded.

"I've only known you for about a day. I didn't expect Miss Cang to bring you to our hospital." Wang Lei couldn't help looking at Cang chestnuts.

Cang Lizi thought Wang Lei had some opinions about bringing Xiao Chen to the hospital, so he hurriedly said, "I just asked Mr. Xiao Chen to come and have a look. There's nothing else."

Xiao Chen didn't explain anything more. In fact, his main purpose of following Cang chestnut was to see if there were any suspicious behaviors against Cang chestnut in the hospital and if there were any strange people in the hospital.

"Well, Miss Cang, I'm going to work officially soon. Why don't you show me around your hospital." Xiao Chen said and stood up.

"OK." Cang chestnut nodded and agreed.

"Why don't I take Mr. Xiao Chen?" As soon as Wang Lei saw that they were leaving, he immediately wanted to follow them. After all, his purpose was to protect Cang chestnut.

"No, I'll just go with Miss Cang. Don't bother Dr. Wang." Xiao Chen spoke to stop him.

"OK..." Wang Lei heard Xiao Chen's words. Although he still wanted to fight for it, he didn't want to make Cang Lizi unhappy, so he sat down.

The hospital is quite large, but there are only a few main departments, including pediatrics, gynecology, obstetrics, andrology, internal medicine and surgery.

Because it's a district hospital, it usually doesn't contract major operations, such as simple operations like appendicitis.

So the most important departments are pediatrics and gynecology.

This is also the Department with the most common diseases, so Canglizi first took Xiao Chen to the Department of Pediatrics.

There are two departments in total, one director, more than ten doctors and several nurses.

One by one, Xiao Chen didn't find anything special about them, and there was no one who was particularly close to Cang Lizi. It didn't look like the arrangement of Cang family.

Then she went to the Department of gynecology. Because it was troublesome, Xiao Chen simply said hello outside the door, and the doctor director inside rarely came and went with Cang chestnut.

The God Of Medicine Son-in-law Chapter 393

This department also ruled out the possibility. Several other departments are relatively small departments, and there are few people. There are even men's doctors who don't come to work.

However, this is more common in general smaller hospitals. Generally speaking, male diseases will not go to such district hospitals, at least to people's hospitals or professional private hospitals.

After the introduction. Cang Lizi said she was a doctor in internal medicine, and then there were only Wang Lei and her two doctors in the whole internal medicine for the time being.

Xiao Chen couldn't help sighing. Internal medicine is also very chilly, but after all, there are not many things. It is normal to have only such a few people.

After reading the situation of each department, Xiao Chen didn't find anything strange. Just as they had just returned to the office, a strange man caught Xiao Chen's attention. He was wearing casual clothes, which was similar to Xiao Chen's dress.

He didn't seem to be the staff of the hospital. After he came in, his eyes were on Cang chestnut, but when he saw Xiao Chen, his eyes became a little dodgy.

“Miss Cang...” the man said in a very small voice.

“Oh, I forgot. Come on, here’s your medicine.” Cang chestnut took out a box of medicine from the drawer and gave it to him.

“Thank you...” the man reached for the medicine.

“Wait!” Xiao Chen suddenly stopped the man’s behavior, and then grabbed the man’s hand.

The man immediately twitched like an electric shock, then winced and said, “what are you doing?”

“Doctor Xiao Chen, what’s the matter? He’s just one of my patients.” Cang chestnut was also puzzled by Xiao Chen’s sudden behavior.

“Take off your clothes!” Xiao Chen ignored Cang chestnut. Yelled at the man.

“Ah?” The man suddenly turned white with fear.

“Hello, Mr. Xiao Chen, what are you doing? This is our patient here. What are you doing?” Wang Lei immediately stood up and glared at Xiao Chen.

“What’s going on?” Another doctor outside also ran in and seemed to hear the sound inside.

“Director Li...” Cang Lizi was stunned to see the doctor.

“Director. The man didn’t know what was wrong. He grabbed our patient and began to go crazy.” When Wang Lei saw director Li coming in, he immediately complained.

Xiao Chen still ignored the people present, looked coldly at the man and said, “take off your clothes!”

“Are you crazy?” Director Li also found out the situation here. He immediately accused Xiao Chen and wanted to pull the man away from Xiao Chen.

“And you, too.” Xiao Chen suddenly stretched out his left hand and caught director Li.

Director Li immediately felt like he was clamped by pliers. I can't move at all.

“Security guard! Go and call security guard! This man is crazy!” Director Li shouted desperately.

For a time, many doctors outside were shocked. Originally, there were no patients in the whole hospital in the morning. It was quite quiet. Some came to see the excitement, while others wanted to help. For a time, the outside and inside of the whole office were surrounded by doctors.

“Let go of director Li. Are you crazy?”

“Isn't this the man that doctor Cang just brought over? It looks quite normal. I didn't expect to be a madman!”

“You don't let go. Our security guard will arrive in a minute!”

Many of the onlookers seemed indignant because the hospital was so big. Therefore, the relationship in the hospital is not particularly complex, and many people almost love their own hospital.

So when my colleagues are in danger. Many people also want to help. Of course, others want to please their leaders.

“Doctor Xiao Chen... What are you doing?” Cang chestnuts were also frightened.

Wang Lei took the opportunity to quickly go up to protect Cang chestnut and said, “don't look, this guy is crazy.”

“Well, now that everyone is here, I’ll show you what’s going on!” Xiao Chen said, the vitality of his body was shocked, and the clothes of the man and the director became debris in an instant.

Many female doctors and nurses present screamed at this time.

But many male doctors stared at the scene.

The chestnuts were blindfolded after the explosion. The originally noisy crowd quieted down.

Because everyone who opened their eyes saw that both the man and director Li looked like they had been painted with a ghost face. They looked quite disgusting and terrible.

“Director Li, why did you draw this on yourself?” A male doctor finally couldn’t hold back his mouth.

“Yes, what does this mean?” Another male doctor also asked.

Director Li saw his painting exposed. For a moment, the whole face turned red and said loudly, “what do I draw on me? Do I have to report to you? Security guard! Security guard, catch this guy for me!”

Several male doctors closed their mouths after hearing director Li’s reprimand. What he said is also true. What director Li wants to draw is indeed free on himself.

But the strange thing is that the painting on the man seems to have some similarities with that on director Li. It looks like a pair, one is the director of the hospital and the other is the patient of the hospital.

Both of them have such strange paintings at the same time, which inevitably makes people have some ideas.

After a while, two security guards with rubber sticks came over.

“Your boy is making trouble here, isn’t he?” One of the security guards came up and prepared to take Xiao Chen away, but before touching Xiao Chen, he was isolated by Xiao Chen with vitality three meters away.

“What is this?” The security guard was a little strange and tried to move forward, but he found that he seemed to be blocked by the power of what he saw. He couldn’t get close to Xiao Chen at all.

“Everyone has seen that your director Li and this man don’t draw anything else, but Yin and Yang double evils!” Xiao Chen explained calmly.

“Yin and Yang double evils?” The crowd was surprised.

“What are you talking about? You madman! Catch him! Don’t let him talk!” Director Li was worried as soon as he heard Xiao Chen’s words.

“You may not understand the meaning of these two paintings. Let me explain to you that the main function of these paintings is to suppress people’s luck. Generally speaking, it is luck, and these two people should contact Miss Cang every day, right?”

Xiao Chen still said calmly.

The God Of Medicine Son-in-law Chapter 394

“It seems that this is really the case.” Wang Lei, holding Cang chestnuts, was suddenly in a bypass.

“Wang Lei, what are you talking about? What’s the matter?” Director Li immediately pointed to Wang Lei and scolded him, but he was controlled by Xiao Chen, so he could only stand in place and open his mouth, and could not take the next step.

“I.. I didn’t say anything.” Wang Lei was a little nervous. Rubbed his nose with his hand.

“Indeed.” Suddenly someone in the crowd said something, which seemed to agree with Wang Lei.

“Who said that!” After hearing this, director Li looked at the crowd fiercely.

At this time, all the hospital staff had a new view on director Li. He is actually a very helpful person and seems to be quite kind, but he became fierce and furious after being torn off his clothes today. At first glance, I knew there was a ghost in my heart.

“Now what you two have is evidence. Why don’t we send the law enforcers over?” Xiao Chen’s face was a little playful.

Hearing that he was going to call the law enforcer, the man’s legs were soft with fear, and director Li’s face became very ugly.

“If anyone is free, please call the law enforcers for me and let them come.” Xiao Chen said faintly.

“No! I do! I do!” Director Li suddenly shouted again.

He knew that if the law enforcers came and saw the current situation, they would at least take him back for interrogation. If they didn’t make it clear, he might lose his job and his reputation.

The most painful thing must be that his family also knows this thing. Director Li now maintains his due position at home by virtue of being a small director in the hospital.

If this thing is said once. Even if his good days come to an end, his tall image in front of his daughter will be destroyed.

“Master, can you let them all out? I’ll tell you alone!” Director Li said to Xiao Chen in a begging tone.

“I can’t decide this. After all, you called people in and you did it yourself.” Xiao Chen said coldly.

“This...” director Li immediately had some contraindications. I don’t know what to do.

“What’s going on inside? I don’t go to work during working hours!” Suddenly, an old man’s voice came from outside. It sounds a little dignified. It should be the management of the hospital.

“President Hu is coming!” Several doctors quickly withdrew, followed by others, leaving only two security guards here.

President Hu came in and was stunned to see that director Li and the man were painted with strange things. Then he said, “what are you two doing here? You came to the hospital without clothes. Are you worried about waiting for us to operate on you?”

“President Hu... I...” director Li looked at President Hu helplessly.

President Hu was stunned when he saw that it was from his own hospital. Then he coughed twice: “you two don’t hurry to find a dress to put on.”

“Dean. This... Is holding me.” Director Li motioned to Xiao Chen with a sad face.

President Hu looked at Xiao Chen and found that it was Xiao Chen who controlled them.

“Young man, why are you holding director Li of our hospital?” President Hu asked.

“I should ask director Li why I arrested him. He knows very well.” Xiao Chen looked unchanged.

“Xiao Li, why did this young man catch you?” Director Li immediately asked.

“This...” director Li’s eyes kept turning. Seems to be trying to find a good reason.

“Look at the picture on him and you’ll see.” Xiao Chen explained.

At this time, Cang chestnut had put down his hand to cover his eyes. When he saw the painting on them, he couldn't help being surprised: "this painting. I met it when I was a child!"

"Oh?" After hearing this, Xiao Chen immediately turned his head and said, "when is it?"

"I don't remember very clearly. The year my parents left. It seems that someone showed me these two paintings. At that time, I was just afraid and didn't know the meaning of them." Cang chestnut thought and said.

After hearing this, Xiao Chen couldn't help feeling angry. Unexpectedly, the Cang family did so well that they didn't even let go of the dead. They wanted to stop Cang chestnut from all possibilities and kill her alive.

"Xiao Li, what does it mean to draw such a thing on you?" President Hu also asked questions at this time.

"This is... This is what the Cang family asked me to draw." Director Li finally admitted it.

"I... me too." The man on one side quickly trembled.

"Why? My family? What do my family want to do to me?" Cang Lizi realized at this time. Now both of them seem to have been instructed to target themselves.

"Miss Cang, I'm really sorry. We can't help it. They threatened me to do so. Otherwise, they would do something out of line." Director Li explained helplessly.

"Oh? Are you sure the other party threatened you?" Xiao Chen asked coldly.

"Yes..." director Li felt guilty when he saw the change in Xiao Chen's face.

"Really? Then I'll have a good look at how the Cang family threatens you." With that, Xiao Chen ordered several acupoints of director Li, then smiled and said:

“From now on, if you lie once, your blood will flow back to a part of your heart. If you talk too much, your heart will burst with high blood pressure. That taste is not what ordinary people can feel.”

Director Li suddenly burst into a cold sweat.

President Hu on the side was surprised when he saw this scene, because he had seen Xiao Chen’s acupoint pointing technique in a martial arts master. Unexpectedly, Xiao Chen was so young that he could do it.

“Let me ask you, what is this family threatening you? What are you threatening?” Xiao Chen asked director Li seriously at this time.

“I... he, take...” before director Li began to say, he suddenly saw that his face began to turn red, and then a little purple.

“Uncomfortable... So uncomfortable...” he covered his heart with his hand.

“If you lie, your heartbeat will be abnormal and your blood will flow back. Don’t think I’m bluffing you. If you want to die, I can’t help it. Now ask you again, did the Cang family threaten you or did you volunteer?”

Xiao Chen looked at director Li coldly and said.

“No, no! I volunteered! I volunteered!” Director Li quickly replied.

The God Of Medicine Son-in-law Chapter 395

“I... I am also voluntary...” the man on the side also hurriedly replied.

“Do you know that your behavior is damaging Miss Cang’s life? Have the Cang family told you?” Xiao Chen asked sternly.

“Ah?” Director Li was slightly surprised after hearing this, but he still shook his head and said, “I really don’t know this!”

The man on one side also followed director Li’s words and said, “yes, I don’t know...”

Xiao Chen knew that director Li was not lying when he saw that there was no abnormal situation.

After listening for a long time, director Hu didn’t understand what it was, so he had to step back a little and came to Wang Lei. Seems to be asking for something.

“After today, I advise you not to do such things for the Cang family. You should understand that such behavior is equivalent to murder for money. If you don’t understand, I can let you understand.” Xiao Chen said, making a momentum and going forward again to inject vitality into them.

The two men retreated in fear. But director Li was still a little embarrassed and said, “master, if I don’t help the Cang family do such a thing, I’m afraid I won’t live long.”

“Yes, the second child of Cang family is quite cruel.” The man on one side also looked very ugly.

“So?” Xiao Chen stopped his action.

“Yes, master, although we are not threatened, if we don’t obey them, our life will be very sad. We have no choice.” Director Li elongated his face and said.

“Yes, yes!” The man next to him was also on the side.

“Doctor Xiao Chen, I believe them. All this should be arranged by my brother.” Cang chestnut hesitated for a long time before he came up.

“All right.” Xiao Chen nodded. Then he said to the two people in front of him, “when you go back today, wash this thing away for me, and I will help you solve the later things.”

“Thank you, master! Thank you, master!” Director Li almost kowtowed to Xiao Chen.

“Well, you leave first.” Xiao Chen waved his hand.

After hearing this, they left the office as if they were running for their lives.

At this time, President Hu seemed to have understood the reason from Wang Lei, so he said to Xiao Chen and Cang Lizi, “this matter is a private matter of Miss Cang’s family, so our hospital won’t intervene.”

He left the office and saw President Hu leave the office. Xiao Chen looks at Wang Lei. Wang Lei knows that this matter has nothing to do with him, but now Xiao Chen can intervene. He is also unwilling to show weakness, so he comes up and says to Cang Chestnut:

“Miss Cang, I usually treat you as a good friend. And we have been together for so long. Now you are in danger, I should stand up.”

Cang Lizi was quite moved, but then shook his head and said, “Wang Lei. I know you are a kind person, but this thing is really beyond your intervention, so I’m very sorry.”

With that, Cang chestnut bowed to Wang Lei, and then took Xiao Chenchao out of the office.

Wang Lei saw Cang chestnut and directly refused himself. I can’t help feeling a burst of loss in my heart. It seems that my efforts for so long have been in vain.

But he can only watch Cang chestnut and Xiao Chen leave in situ. Because he really can’t help much, and Cang chestnut has refused himself. If you want to follow up with a thick face, it will cause trouble to Cang chestnuts.

After all, they were just friends and colleagues, and they didn’t develop to the next step, and it was impossible, so Wang Lei chose to stand where he was and didn’t keep up.

Cang chestnut took Xiao Chen to her car. After getting on the car, she began to cry.

Seeing this, Xiao Chen also sympathized with Cang chestnut, so he touched her back with his hand, hoping she could cheer up.

But it doesn't matter if you don't touch it. In the first mock exam, chestnut suddenly rushed to Xiao Chen's arms and burst into tears.

It's like the little girl's state after being comforted by her father after she was wronged outside. It seems that Xiao Chen is regarded as his closest person.

Xiao Chen couldn't push the Cang chestnuts away for a moment, so he still patted her on the back and said, "it's okay, it's okay."

Cang chestnut cried more and more fiercely. It seemed that he wanted to vent his grievances for so many years.

I don't know how long it took Canglizi to stop crying, while Xiao Chen obviously felt that her clothes had been completely soaked by her tears.

"I'm really sorry... I just lost my temper." Cang chestnut realized that his behavior was inappropriate at this time.

"It doesn't matter. Are you feeling better?" Xiao Chen smiled.

Seeing Xiao Chen's smile, Cang chestnut quickly wiped away the tears from the corners of his eyes and said gratefully to Xiao Chen, "thank you, doctor Xiao Chen. If you hadn't come, I really don't know how my life would go on."

Xiao Chen smiled after listening. It seemed that the girl was not as stupid as they thought, but she pretended not to know a lot of things.

Sometimes it's really foolish. Smart people don't always boast how smart they are. Only those who are not very smart feel that they are at a high level after completing some things, and then they begin to float.

Often, such a person's intelligence will not last too long and will be seriously hit, while the truly intelligent person will pretend that he doesn't know anything, just like the chestnut in front of him.

Xiao Chen can imagine how she came over so many years. At first, he may be a little strange. After all, in such a family, so many people are targeting her, and even many curses are aimed at her to die.

But she still survived. It's not just pure luck. She must have her own wisdom, and it may be in some places that others can't see.

"Well, now tell me something." Xiao Chen still kept the smile on his face. He thought it could make Cang chestnut feel more friendly and reassuring.

"Yes." Cang chestnut nodded, sorted out his emotions, and then slowly said:

"In fact, when I was very young, I knew that my position in this family was somewhat different from that of others. At the beginning, my parents were the controllers of the Cang family and they laid a good foundation for this family."

The God Of Medicine Son-in-law Chapter 396

"So when I was a child, my life was relatively stable, because my grandfather was still there, and my parents were still there, and they often taught me to be a useful person, not to be ignorant and incompetent. Don't play with things and lose ambition, so I learned a lot of truth when I was a child."

Cang chestnut seems to be recalling his childhood. His eyes were full of brilliance.

Xiao Chen can also feel that her childhood should be the best time she has had so far, because at that time she should really be the apple of the eyes of the Cang family.

After a short pause, Canglizi continued, "but things changed soon. First, Grandpa got seriously ill and soon drove the crane West. Then, I don't know what happened. There was a serious worker riot in a company under our group."

"I don't know the specific reason, but all I know is that my parents were ruthlessly taken away by the riot."

Cang Lizi seemed a little sad when she finished, but then she put away her sad expression and continued: "since then, I have become a redundant person in this family. Whether it's my uncle or my second uncle, they all think I don't need to stay in this family. They want to do everything to drive me away."

"But I've always been the daughter of the former owner of this family, and I'm close to adulthood. So they don't dare to drive me away in the open, so they use Yin moves behind their backs. Over the years, I've been quite clear about the curse on me, but I haven't said it. Because I know that saying it will only accelerate my destruction."

"I want to find out the truth before I get to the end. The worker riot was very strange. I guess it's good. It must be my uncle and uncle who did it together. I want them to pay their debts!"

Cang chestnut said, and his eyes suddenly showed a firm color.

"Yes." Xiao Chen nodded: "I support you very much. Miss Cang, although I don't know about the Cang family, I can really feel your uncle's malice towards you after I went to your house yesterday. You've worked too hard for so many years."

"It's not hard. As long as I can find out the truth and avenge my parents, I don't feel hard for a moment." Cang chestnut said, and even a trace of killing intention appeared on his face.

Xiao Chen didn't expect that the woman who looked soft and weak usually spoke softly. Now there should be such an expression, but I can't completely blame her.

After all, such deep hatred. It's amazing that she can maintain the current situation. Xiao Chen even admires her. After all, Xiao Chen imagined that if he was in such an environment, he might not be as strong as her.

There are also occasional suicides of children of large families on TV or news newspapers. These are behaviors that occur because they can't bear the pressure from the family.

At present, Canglizhi can persist for so many years under such pressure, and can not give up her faith in her heart, and can maintain a good image. It can be said that her mind is indeed a lot beyond ordinary people.

"Then I don't know what Miss Cang plans to do next?" Xiao Chen asked again.

"In fact, I don't know what happened next. For so many years, I have secretly sent someone to investigate my parents. But there are almost no many results, and my influence in the family has been very weak. It is estimated that there will be no more eyebrows in the past year. Then I... May really don't know what to do."

When Cang chestnut said this, a little despair flashed across her face.

"In that case, although I Xiao don't have much ability, I now meet Miss Cang, which is a mission given to me by God. Then I'll try my best to help Miss Cang once!" Xiao Chen said and looked firmly at Cang chestnut.

"Really? Doctor Xiao Chen, thank you so much!" Cang chestnut said and hugged Xiao Chen again.

Xiao Chen instantly felt a burst of softness coming from his body. He couldn't help swallowing a mouthful of saliva. The Cang Chestnut's body must be said to be really good. It's estimated that any man can't resist.

Just as Xiao Chen was a little wandering outside the sky, suddenly a woman appeared in front of the car.

Xiao Chen was a little stunned when she saw each other's face, and then pushed away Cang chestnuts.

Cang Lizi didn't know what had happened, but when she looked up, she found a woman in strong clothes standing in front of her car.

"Get off!" Hua xuwan came to Xiao Chen and knocked on the window.

Xiao Chen quickly opened the door and went down: "Why are you here?"

"Why am I here? How can you ask me? Why are you here?" Hua xuwan's face was full of anger.

"I just came here with my friend Miss Cang. She works here." Xiao Chen explained very calmly.

"Work? Cuddling in the car at work? In such a broad day, are you afraid that no one will see it?" Hua xuwan spoke louder and louder.

"No, we didn't mean it." Xiao Chen is a little helpless. He will go to Cang's house to investigate next. Now he is stopped here by Hua xuwan on the way. Isn't this delaying?

"Hello, miss, who are you?" Canglizi also got out of the car at this time.

"I'm his wife!" Hua xuwan's mouth tooted slightly.

"Ah?" Cang chestnut was stunned and looked at Xiao Chen with very confused eyes.

Xiao Chen was a little helpless and nodded slightly, indicating that this was indeed the case.

"Well... I'm really sorry. I don't know between Mr. Xiao Chen and you... We really didn't have anything just now. I hope you don't think about it." Cang chestnut quickly blushed and apologized.

Although she did have some other meaning for Xiao Chen in the bottom of her heart, now that she knew that Xiao Chen was a married man, she was still a little sorry.

After all, in the Xia state, such things are taboo for many people, and she is a very traditional person. She cares more about such things. If she accidentally makes a junior.

It was also a great psychological blow to her, but fortunately, it didn't start.

"Sorry, it's over? You said nothing, nothing? You're all like this in the daytime. Who can guess if anything else will happen in the future?" Hua xuwan didn't seem willing to forgive them so simply.

"Hey, miss, almost. We're just getting married." Xiao Chen couldn't see it anymore.

The God Of Medicine Son-in-law Chapter 397

"Even if it's a fake marriage, I won't allow you to do this. Do you pay attention to our Chinese family? Do you pay attention to me? If it's spread out, how can I stay in Kyoto in the future?" Hua xuwan still maintained a very cold and fierce face.

"I'm doing my work. This is the young lady of the Cang family. Through her, I can sneak into the Cang family. Originally, things were about to be completed, and you came out. Didn't you completely disrupt my plan?" Xiao Chen was a little worried at this time.

After all, it was such a good opportunity that he didn't want to miss it.

"Then I can't manage so much. You must give me an explanation today." Hua xuwan held his head high.

Xiao Chen is really speechless. He doesn't understand. Why is Hua xuwan so stubborn?

"Then you say, how do you want to solve it?" Xiao Chen asked.

“It’s easy to apologize to me, and then go back with me today!” Hua xuwan’s face was cold.

“What are you talking about? I’ll go back with you? Don’t you understand what I mean? Now miss Cang’s business is very important to me. If you let me go back now, I won’t have such a chance next time. I don’t know when to wait.”

Xiao Chen said, and his face was a little unhappy.

He was seriously carrying out his task, but now Hua xuwan came out to interfere with him. Now such behavior is a little unreasonable.

“I don’t care. The face of our Hua family is here. If I see you, you should go back with me.” Hua xuwan will not let go.

“You’re just fooling around!” Xiao Chen is also a little angry.

“What’s wrong with mischief? You are now our redundant son-in-law of the Chinese family. These things are what you should do.” Hua xuwan is still a natural appearance.

“You two. I’m very sorry that I caused some misunderstanding between you, but I really promise that I have nothing to do with Mr. Xiao Chen, so I hope it won’t have any impact on your relationship between husband and wife.” Cang Lizi saw that they were arguing endlessly, so he came up and explained.

“From now on, you two are not allowed to meet again!” Hua xuwan didn’t give them face at all.

Xiao Chen knew it was useless to say anything now. Now we can only go back to Hua Wenfeng to talk about it.

So he turned and walked towards the bus stop. As he walked, he said to Cang chestnut, “Miss Cang, I’ll go home first and come back to you next time.”

“And next time!” Hua xuwan immediately got angry in his eyes and followed up in the direction of Xiao Chen.

“Xiao Chen, what do you mean? Didn’t I say I wouldn’t let you meet? Are you provoking the majesty of our Chinese family?”

Xiao Chen ignored her and just walked forward.

“You stop!” Hua xuwan directly took Xiao Chen’s hand.

“You let go. I don’t want to quarrel with you here now. I’ll go back and discuss it with your grandfather.” Xiao Chen is quite calm now.

“Xiao Chen. Hello! You’re fine! Don’t regret it!” Hua xuwan said, shaking off Xiao Chen’s hand and walking in another direction.

Seeing her such a big reaction, Xiao Chen can’t tell whether she is acting or really angry, but she makes such a noise, Xiao Chen is really a little annoyed. After all, he has just agreed with canglizhi to help her.

Now being stirred by such a, I don’t know when I will have such a chance.

And Xiao Chen also saw it. Just now, Cang Chestnut’s performance is obviously taboo for being a married man.

In this way, Xiao Chen reluctantly returned to Washington. But after returning, he found that Hua Wenfeng was not at home, so he had to try to contact Zhao Yuxi. See if she has any way to contact Cang chestnut again.

But I haven’t seen the other party’s reply after sending several messages in a row, and the previous message sent to her in the morning also showed that it was unread.

Xiao Chen was a little strange, so she simply called Zhao Yuxi, but no one answered for a long time.

Xiao Chen thought it was Zhao Yuxi who got angry because she didn't reply to her news last night, but when she thought about it, Xiao Chen felt something wrong. After all, the relationship between the two was just friends. Even if she didn't reply to the news, there was no need to be so angry, right?

So Xiao Chen hurriedly made a phone call to Canglizi.

"Hello, Miss Cang. It's me, Xiao Chen."

"Doctor Xiao Chen?" The other end seemed very surprised. After all, they were separated for less than an hour.

"Yes, I have something urgent to tell you now. Can you contact Zhao Yuxi? She hasn't answered her calls for several times." Xiao Chen was straightforward.

"Really? I haven't noticed what you said. It seems that Zhao Yu didn't reply to me today. Wait, I'll call." Cang chestnut said and hung up the phone.

Soon after, she called Xiao Chen again: "doctor Xiao Chen, it's true. She doesn't answer my phone!"

"Well, don't worry now. Tell me about some places she usually goes to, and I'll find them." Xiao Chen was very calm.

"OK, you go and I'll go too. She often goes..." after that, both of them took action.

Xiao Chen went to several libraries first, and then went to several parks. After turning down all morning, she didn't find Zhao Yuxi's figure. So did Cang chestnut. She didn't see her when she went to the hospital.

Her colleagues also said they didn't see anyone today, and she seems to have been absent from work for several days.

“What should I do? Doctor Xiao Chen, Zhao Yu was fine yesterday, but today he just...” Cang Lizi said and wanted to cry again.

“Don’t worry, I’ll think about it again.” Xiao Chen tries to calm down and analyze.

Yesterday, Zhao Yuxi was still texting herself at more than 11 pm, indicating that she should still be safe at that time.

According to her, she didn’t rent a house in Kyoto and didn’t go to work in the hospital, so she could only stay in a hotel. According to the time she left at that time, Xiao Chen roughly guessed that she should stay in some hotels near Washington.

So in the afternoon, he and Canglizi continued to fight in two ways and searched the hotel near Washington.

Finally, Kung Fu pays off. Xiao Chen found Zhao Yuxi’s registration record in a hotel called “fate”, but he checked out at more than seven o’clock this morning.

According to the surveillance video of the hotel, Zhao Yuxi left the hotel alone at this time, and no one followed. It seems that he should still be relatively safe.

The God Of Medicine Son-in-law Chapter 398

Now the most important thing is to find out where Zhao Yuxi went and who he met after he left the hotel.

This matter seems to be difficult to deal with. After all, Xiao Chen and Canglizi are not law enforcement officers in Kyoto. There is no way to get some monitoring or other related things.

“Doctor Xiao Chen, why don’t we report to the law enforcement team? It’s too inefficient for us to find it like this. I’m worried that Zhao Yu’s situation is very dangerous now.” Half way through, Canglizi suddenly called and said what she thought.

“Not yet. First, the time she disappeared is uncertain, and the law enforcement team will not file a case for investigation within 48 hours. Second, if she is in some places we haven’t been to, we will become people who report false information. Let’s find some possible places by ourselves first.”

Xiao Chen said. Although he knows that in fact, finding the law enforcement team is the best way, but the current situation has not reached that level, so they can only find it by themselves first.

Still looking for a long time, Zhao Yuxi still didn’t see the trace. On the contrary, Hua xuwan suddenly called Xiao Chen.

Xiao Chen answered the phone with a little impatience.

“Hello.”

“Where are you?” The voice at the other end seems to have some meaning of questioning.

“I’m outside.” Xiao Chen replied that he couldn’t tell the story of finding Zhao Yuxi for the time being, otherwise it would be bad for Hua xuwan to be angry about it.

Not only will it delay time, but the most important thing is that Xiao Chen is already feeling a little uncomfortable. If he quarrels with Hua xuwan at that time, it will be bad. After all, he came here to perform the task, and now his identity should not be displayed.

“What are you doing outside at this time?” Hua xuwan continued to ask.

“I... Met two friends and came out to get together.” Xiao Chen lied temporarily.

“Friends? Do you still have friends in Kyoto?” Hua xuwan seemed surprised.

“What’s the matter? What’s the matter with you?” Xiao Chen doesn’t want to tangle with this problem for too long.

"I need you to come back now. There's something to say." Hua xuwan's voice seemed to have no foundation.

"I can't go back now." Xiao Chen didn't want to cooperate with her.

"What are you talking about? Why can't you come back? Now there are more important things to discuss with you at home." Hua xuwan's tone began to be a little impatient.

"Just tell me something now. I can't leave." Xiao Chen has made up her mind and can't listen to her now.

And now there is really something urgent. Now Zhao Yuxi's whereabouts are unknown. He must find a way to find people as soon as possible. After all, Zhao Yuxi is also the person who introduced him to Canglizi anyway.

Although the girl has some strange ideas, Xiao Chen will not despise anyone's life. Now that he knows that the other party is in danger of missing, he still needs to find some ways to find her or help her.

"Come back now! I'll make you look good if you don't come back!" Hua xuwan's tone suddenly became very severe.

"Miss Hua, I think you need to find out your identity. We're just a fake marriage. I hope you don't have a deep sense of substitution." Xiao Chen's tone at this time also became a little tough.

After all, he did come to perform secret tasks. Their fake marriage was just a cover up. After all, not many people in Kyoto know their true identity.

Now I am a dead man. Even if I go to check the information, I will finally find out the identity of a person made up by the Empire. There is absolutely no need to worry too much about the adverse effects of current exposure.

Even if Hua xuwan is overbearing, she can't expose her details in public.

“You won’t come back, will you? Try if you don’t come back!” Hua xuwan hung up the phone heavily.

Xiao Chen wondered why Hua xuwan’s behavior and performance in the past two days were so abnormal.

While thinking, Xiao Chen then turned her attention to Zhao Yuxi. Now the hotel she stayed in has been found, so the next thing is to find out how she left the hotel.

Xiao Chen took the lead in finding the hotel reception and asked. The reception was not very clear. Xiao Chen found the security guard again and asked. The security guard didn’t pay much attention.

Just when Xiao Chen was at a loss, there was news from canglizi. It is said that someone saw Zhao Yuxi. It seems that she got into the car of the son of the director of her own hospital yesterday. Now it may be at his home.

After hearing this, Xiao Chen immediately felt relieved, but it was a little strange. Why didn’t Zhao Yuxi call himself up to now? He lost contact after sending a message last night.

After thinking about it, Xiao Chen still felt that Zhao Yuxi’s situation was very dangerous, so he asked canglizi to ask where the man’s home was, and the two rushed to each other’s house.

After coming here. Xiao Chen knocked on the door and saw that a man with messy hair opened the door. Without saying a word, Xiao Chen pushed the door open and startled the man.

“What are you doing!” The man couldn’t help being surprised when he saw Xiao Chen break in directly.

Xiao Chen ignored him. As soon as I entered the door, I smelled a strange smell. Then I saw some ugly things on the sofa and Zhao Yuxi’s clothes.

Xiao Chen rushed into the room and soon found Zhao Yuxi tied by a rope in a very strange posture in a room, and she didn’t have any clothes on her.

“Ah!” Cang Lizi came in and cried out in horror when she saw this scene. She didn’t expect that her good friend would encounter such a thing.

Xiao Chen checked a little and found that Zhao Yuxi seemed to have been drugged. He didn’t care about anything else. He untied the rope first and quickly found the clothes in the living room for her to wear.

Zhao Xi gave his Yin and Yang medicine to relieve his confusion.

The man seemed to know that his actions had been exposed, so he quickly rushed to the kitchen and took a kitchen knife to threaten Xiao Chen and them.

“Be honest with me! If anyone dares to move again, I’ll cut him to death!”

Cang chestnut was afraid again.

The God Of Medicine Son-in-law Chapter 399

Xiao Chen didn’t want to talk to this scum now. He directly ran his vitality and slapped him directly on the wall in the space. The man fainted directly.

After a while, Zhao Yuxi woke up and looked at Xiao Chen very haggardly.

“Xiao Chen? Xiao Cang? Why are you here?” She didn’t seem to realize what had happened to her.

“We... Just met, so we came here.” Xiao Chen didn’t know what reason to tell her at this time.

Soon. Zhao Yuxi suddenly noticed something, then covered his abdomen with his hand and said, “I’m here. How painful? What’s the matter with me?”

Xiao Chen said nothing. When he just entered the room, he found blood on the ground. It should be left by Zhao Yuxi.

“Here... This is Zhang Xian’s home! Why am I here?” Zhao Yuxi suddenly seemed to recall something that made her feel painful, and her face looked ugly.

“Zhao Yu... You...” Cang chestnut didn’t know what to say.

Seeing that the faces of Xiao Chen and Cang chestnut were very ugly, Zhao Yuxi immediately realized something. Then silently shed tears: “beast! Zhang Xian is really an animal!”

Just when several people were angry, the door suddenly opened. A middle-aged man came in and was stunned when he saw the three people in the room: “who are you?”

“Are you Zhang Xian’s father?” Xiao Chen asked with a cold face.

“Yes.” The middle-aged man nodded. He was Zhang Xian’s father, Zhang Xianguang.

“What good did your son do, you know?” Xiao Chen asked again.

“What did you do?” Zhang Xianguang looked suspicious.

“What have you done? Just go to the room and have a look!” Xiao Chen’s voice was very severe.

Zhang Xianguang was slightly shocked by Xiao Chen’s attitude, and then walked slowly towards the house. After a while, he saw his son lying on the ground and seemed to faint.

“Son!” He hurried up and helped the man up.

“You’re a burglar! You knocked my son out?” Zhang Xianguang seems a little angry.

“Burglar.” Hearing this, Xiao Chen sneered: “just wait for your son to go to jail!”

“What the hell do you mean? What happened to my son?” Zhang Xiaguang asked with wide eyes.

“Are you blind? Can’t you see?” Xiao Chen pressed his anger.

Zhang Xiaguang looked at the three people. Except that Zhao Yuxi looked familiar, he didn’t seem to find anything special.

“I’ll let you into the room!” Xiao Chen almost squeezed out a few words between his teeth.

Although the appearance of scum like Zhang Xian may not have anything to do with Zhang Xiaguang and his mother, Xiao Chen doesn’t know why. Now as long as he sees the people in their family, he feels a kind of anger rising from his heart.

It seems that if he doesn’t punish the family well, he will feel that there is always a barrier in his heart.

Soon. The personnel of the law enforcement team rushed over and took Xiao Chen and his party to leave after collecting evidence at Zhang Xian’s home. They said they wanted to register the case.

Originally, Xiao Chen thought that Kyoto was more fair, but he didn’t know until the law enforcement department that everything was too simple.

Zhao Yuxi was found not to be a registered permanent residence in Kyoto. Although she is resident here, she has no actual proof. It will be more difficult to try this case.

In fact, people who are not registered in Kyoto cannot file a case here in essence, but in view of Zhao Yuxi’s special situation, the law enforcement team still filed a case.

It’s just that it’s very troublesome to go to court at that time. First, there may not be a court to accept the case. Second, after receiving it, even the sentencing is more favorable to Zhang Xi.

When seeing this result, Xiao Chen could see that Zhao Yuxi seemed to be dead gray, and the next days were full of despair.

Thinking of the smiling face when he first saw the young girl, Xiao Chen couldn't help a burst of heartache.

"Brother Xiao Chen. You don't have to worry about me anymore. Now this society is such a reality." Zhao Yuxi is still comforting Xiao Chen at this time.

"I'm not worrying about you. I'm thinking about how to bring such scum to justice!" Xiao Chen's eyes glowed with fire.

Hearing Xiao Chen's words, Zhao Yuxi still has some comfort in her heart, but no one can know when she will really get better.

"Thank you." Zhao Yuxi closed his eyes slowly after thanking him.

This is the hotel room that Xiao Chen rented for her near Washington. She can stay here during this time.

Because it's very close. Xiao Chen and Cang Lizi will take turns to look after her in order to prevent her from doing something she shouldn't do during this time.

After dealing with everything. Xiao Chen returned home and just entered the house. He saw Hua xuwan standing at the door with his chest in his hands.

"Your friends are so important? You haven't been home for a day!"

She said and looked at Xiao Chen with a look at her.

Xiao Chen didn't say anything. He went straight to the room. He didn't meet anyone else on the way. He went directly into the house and lay on the sofa. Suddenly, all his opportunities were disrupted.

Now he doesn't know what kind of mood he is. He really sympathizes with Zhao Yuxi's experience, but now he can't do much to change this fact.

Although Canglizi is the eldest lady of Cang family, she has no actual power. And to outsiders, she is just a unlucky woman.

Perhaps he noticed something wrong with Xiao Chen, and Hua xuwan also slightly restrained his spirit. He followed Xiao Chen into the room and asked, "what's the matter with you? Is your friend in trouble?"

Xiao Chen didn't answer. Just quietly thinking about the solution.

Now, if you want to change the situation of Zhao Yuxi, either he wants to find a way to re convict Zhang Xian, or he wants Zhao Yuxi to have a local registered permanent residence in Kyoto.

But obviously he is not able to do this now. As for the Hua family, Xiao Chen doesn't want to have too much relationship with the Hua family now, because he finds that there is something wrong with the Hua xuwan now, which may affect him in his own plan in the future.

Thinking of this temporary knot, Xiao Chen's heart is also full of helplessness.

"If you need anything here in Kyoto, you can tell me. I didn't mean to quarrel with you today." Hua xuwan's tone suddenly eased down.

The God Of Medicine Son-in-law Chapter 400

Hearing what Hua xuwan said, Xiao Chen looked back at her and asked, "what's the matter with you these two days? Why do you bother me when you're free? Don't you know I'm on a mission now?"

"I know, but... I'm under a lot of pressure every day, so I want to talk to you. Who knows you're with such and such women as soon as you go out." Hua xuwan rolled his eyes.

“That’s the eldest lady of the Cang family. I only contacted her to sneak into the Cang family. Nothing else happened as you imagined.” Xiao Chen said what he was holding in his heart.

“Then how can I explain when I saw you cuddling with her?” When Hua xuwan said this, there was a trace of anger on his pretty face.

“I said, I didn’t take the initiative, but her experience was a little tragic... Forget it. To get down to business, why are you so anxious to find me back?” Xiao Chen doesn’t seem to want to tangle with Hua xuwan anymore.

“It’s a recent three in one meeting between our big family. You need to attend it with me. The time starts at noon tomorrow, so I want you to come back and prepare early.”

Hua xuwan road.

“Three in one meeting?” Xiao Chen has some doubts.

“Yes, we hold such a meeting at this time of year, mainly to promote exchanges among major families, but also to discuss some important affairs of major families, and finally about the marriage of some young people.”

Hua xuwan knew Xiao Chen didn’t understand, so he explained to him.

“The main purpose is to have a better communication between the major families in Kyoto. Why did I go? I’m not familiar with Kyoto now.” Xiao Chen spread out her hand and made a helpless move.

“Of course you’re going. You’re now recognized as my husband. If you don’t go, I’ll be forced to attend the meeting with the child of another family. That’s certainly bad and will arouse a lot of doubts.” Hua xuwan quickly denied Xiao Chen’s view.

“The meeting you mentioned is not an important meeting, is it? It’s just a meeting equivalent to a fraternity, isn’t it?” Xiao Chen immediately smelled a strange smell.

“This... That’s what I said. There’s nothing else special. Don’t think too much.” After hearing this, Hua xuwan immediately explained.

“Well, in that case, I’ll try my best to participate. How long will it take?” Xiao Chen thought of Zhao Yuxi’s current situation.

“It didn’t take long. It was finished in about a day.” Hua xuwan replied.

“That’s good. What do I need to prepare for?” Xiao Chen asked again.

“It’s mainly that two dances will be needed at the meeting. Now there’s not much time, so we need to practice immediately.” Hua xuwan said with a slight redness on her pretty face.

“Oh, come on. Show me the dance course.” Xiao Chen said and walked towards Hua xuwan.

Hua xuwan took out his mobile phone, then looked into the room and said to Xiao Chen, “just sit on the sofa and let’s have a look.”

Then he walked towards the sofa.

Hearing the speech, Xiao Chen stopped his steps and sat back on the sofa.

After seeing the dance in the mobile phone, Xiao Chen couldn’t help laughing. The movements inside are too gentle. His movements are not difficult. But Hua xuwan’s action seems to be more difficult.

After reading it, Hua xuwan also seemed to feel the smile on Xiao Chen’s face, so he immediately tooted his mouth and asked Xiao Chen, “what are you laughing at?”

“I didn’t laugh.” Xiao Chen still kept a smile on her face. But now it seems that he didn’t show any smile.

“Let’s start.” Hua xuwan didn’t say anything anymore. They quickly began to practice.

As a cultivator, Xiao Chen can almost learn such dance by watching it once, while Hua xuwan is not good at it. In addition, there are mistakes in many places after just watching it once.

Although Xiao Chen felt a little funny, he still didn't deliberately laugh at her. Instead, he was constantly guiding her carefully.

During the practice, they hardly noticed the time. Soon into the middle of the night, Hua xuwan was also made a little sore all over because of the difficulty of his movements.

Xiao Chen was still very considerate and helped her heal the painful part with her yin-yang Qi.

Hua xuwan was also very grateful for Xiao Chen's behavior, but she didn't say anything. I just feel that some of my previous words are really too much.

Because Xiao Chen can hardly sleep, he asked Hua xuwan to wash and rest first, and he came outside to continue to catch the power of moonlight for cultivation. After all, he still has too little power of yin and Yang.

At least to reach their original level, Xiao Chen will feel more satisfied.

After washing out, Hua xuwan saw that Xiao Chen was out of the room again, so she followed him out. She found that Xiao Chen was sitting outside, as if she was practicing some martial arts. She had to observe it for a while and then went back to the room to sleep.

Time always flies when practicing. After Xiao Chen's teaching last night, Hua xuwan has basically mastered the essentials of the dance. She practiced it several times in the morning, but when she went out, she found that Xiao Chen had disappeared.

According to the agreement, Xiao Chen bought breakfast early in the morning and came to Zhao Yuxi's hotel. When he arrived, Zhao Yuxi had woke up, but he just lay motionless in bed, as if thinking about something.

After seeing Xiao Chen coming, she showed a little smile.

Xiao Chen can see that her smile is very reluctant.

“Xiao Cang just left and you came soon. You two really have a tacit understanding.” Zhao Yuxi said in a husky voice.

“We made an appointment. You should feel better now? Have breakfast first.” Xiao Chen said and put the breakfast she brought on the side of her bedside table.

“I don’t have any appetite right now.” Zhao Yuxi shook his head gently.

“Don’t worry, I will find a way to solve your problem. You must have confidence.” Xiao Chen said and patted Zhao Yuxi on the shoulder.

“What will happen to that thing? In fact, I don’t care so much anymore.” Zhao Yuxi said, gently holding Xiao Chen’s hand with his hand: “I’m very satisfied that I can get such care from you now.”
