

God Of Medicine 401

The God Of Medicine Son-in-law Chapter 401

After hearing Zhao Yuxi's words, Xiao Chen just smiled and didn't say anything more.

Now, as long as she can cross this barrier, it is much more important than anything, so Xiao Chen certainly won't force Zhao Yuxi to understand what he means now. Just stick to it in her own way.

They talked for a long time in the hotel. About Xiao Chen's previous affairs, Xiao Chen also simply revealed some unimportant parts. At least Zhao Yuxi knows that Xiao Chen originally came from the East China Sea. There is a past that can't be said for the time being.

Most of the time, Zhao Yuxi was talking about some of his experiences and situations. It sounded trivial, but Xiao Chen still listened very carefully. After all, the more slowly Zhao can talk about her heart, the more she can talk about it now.

Chatting, it was close to noon. Canglizi also came to the hotel as agreed. After giving Zhao Yuxi to her, Xiao Chen left the hotel at ease.

Back in Washington, Xiao Chen saw that Hua xuwan was dressed up and dressed in a light red dress. She looked a little more charming. The whole person's temperament changed from a green and domineering girl to a mature beauty with a little charm and more quiet.

Seeing such a scene, Xiao Chen couldn't help but hook the corner of his mouth and said, "yes, there's still something a woman should have."

Hua xuwan listens. It was about to happen, but Xiao Chen said that she would run away when she was finished. She couldn't catch up with her in high heels and dress for a time, so she had to watch Xiao Chen leave.

However, when Xiao Chen said this, there was still some happy mood in Hua xuwan's heart. Maybe it was because he had some good feelings for Xiao Chen. Although I know that Xiao Chen is not praising, I still feel like praising.

At least now Xiao Chen can see herself as a woman, which is a very good thing for Hua xuwan.

From childhood, she mostly received the strict education of huaqiye and huawenfeng. Although there are many people chasing her from childhood because of her beautiful appearance, she still doesn't understand the feeling of falling in love with someone.

She also tried to fall in love before. But in the process, she couldn't find any feeling of love at all, so she broke up with the other party quickly. Now when I think of it, it seems to be the last two years. And the object of love is not others, it is the flower family who spends all over the sky.

The reason why I chose him was that in the University at that time, the whole university felt that they were a pair. Whether it was in the family or in the school, there were such rumors and rumors almost every day.

At that time, Hua xuwan didn't care about family affairs. She doesn't want to find someone who is worthy of her family to fall in love. The reason why she chose to spend all over the sky. Just because she seems to be familiar with flowers in school.

Other people almost kept her at arm's length or were full of compliments and flattery, which made her feel very boring.

So Hua xuwan, who has never had any feeling of love, had a strange feeling after seeing Xiao Chen for the first time. She felt that there was a certain breath on Xiao Chen that attracted her to want to be close.

In her opinion, this feeling is a feeling of wanting to fall in love.

So now she can get married with Xiao Chen. In fact, she is quite happy in her heart.

But the problem is that Xiao Chen just came to do the task. She didn't care about her mind at all. One day after she got married, she ran out to do her own things.

In fact, Hua xuwan also felt blameless, but as soon as she came back, she saw a female student like Zhao Yuxi standing next to Xiao Chen. It seems that the relationship between the two is not simple. The most important thing is that she saw the eyes she used to look at Xiao Chen from Zhao Yuxi's eyes.

This look was a symbol of danger to her. It means that now she has another competitor.

Although she knows that Xiao Chen already has yimengruo in Wuling, now that Xiao Chen's people are here and by her side, she has to find a way to seize such an opportunity. Instead of giving up such an opportunity to others.

Then, there was a reason why Hua xuwan was so angry the next day. After all, he would be sorry to see his beloved man cuddling with other women in the car.

The most important thing is that Xiao Chen has almost no feeling about this matter, but he is still thinking about his task.

Hua xuwan sometimes laments that it's too painful to love someone. It's really like what's said on TV, but her experience from childhood to childhood tells him that she can't give up at any time.

So there's the next thing.

While Hua xuwan was thinking, Xiao Chen changed his only suit, which was prepared for him by the Hua family on the wedding day, but everything was too hasty at that time, so Xiao Chen didn't have time to wear it.

This is even the first time he put on this suit. In fact, this suit was personally selected by Hua xuwan. When Hua Wenfeng talked about the fake marriage with Xiao Chen, her heart was quite excited.

But she knew it couldn't be expressed, so she buried the emotion deeply in her heart. Then she heard that she wanted to help Xiao Chen buy a suit. She took it down without hesitation.

On the wedding day, Xiao Chen didn't change into a suit. In fact, she still felt a little pity, but now Hua xuwan felt a little happy to see Xiao Chen put on the suit she had prepared for him.

"Let's go." Xiao Chen came outside and was ready to walk in the direction of huaxuwan's BMW.

“Wait!” Hua xuwan said in as soft a voice as possible.

When Xiao Chen heard Hua xuwan’s voice, she couldn’t help feeling a little strange. She smiled and said, “well... Miss Hua, can your voice be normal?”

After hearing this, Hua xuwan immediately covered his face with black lines. Is it not easy for him to be so difficult for a lady to be accepted?

But she immediately showed a gentle smile and said, “because today is an important meeting, I’d better use this voice.”

Xiao Chen felt more and more uncomfortable, but seeing Hua xuwan’s persistence, he couldn’t say anything. He had to wave his hand and let it go.

“You wait!” Hua xuwan shouted again like a spoiled child.

Xiao Chen immediately felt goose bumps on his body, but then he saw Hua xuwan coming to his body.

The God Of Medicine Son-in-law Chapter 402

Seeing that Hua xuwan suddenly came to his body, Xiao Chen immediately felt a little uncomfortable. Now there are no people here. In fact, they don’t have to act like this at all.

However, Hua xuwan didn’t care so much. He stretched out his hand to tidy up Xiao Chen’s tie, and then walked slowly to Xiao Chen’s side. Caught Xiao Chen’s hand with his hand, leaned against him and smiled: “let’s go!”

Although Xiao Chen was a little confused. But he didn’t care too much. Sometimes he still couldn’t understand the ritual sense of some women. He just regarded all this as a normal phenomenon.

Because he had to arrive at the scene before one o'clock, Xiao Chen drove faster. At first, Hua xuwan wanted to be reserved for a while, but when she found that Xiao Chen's driving skills were very strong, she gradually let go of herself, and her voice returned to the original situation.

"I can't imagine your driving skills are so strong. I knew you would be my driver." Hua xuwan sat aside and sighed.

Xiao Chen smiled helplessly. Even if you want to invite me, I won't go. I still have a task to do. Where can I give you time to be a driver every day.

While Xiao Chen was thinking like this, Hua xuwan suddenly looked at Xiao Chen with a smile: "if you're my driver, just send me to work every morning and pick me up in the afternoon."

"No." Xiao Chen replied decisively.

"Well, OK!" Hua xuwan immediately became coquettish.

Xiao Chen felt her scalp numb again. But he still kept his mind calm. After all, if he agreed to such a thing, it would be difficult for him in the future. On the one hand, the most important thing is in case Hua xuwan calls when he is carrying out his task.

That is likely to delay the key things you need to do at that time.

Seeing that Xiao Chen ignored himself, Hua xuwan intensified on one side and continued to beg Xiao Chen to be his own driver with a whiny voice.

But Xiao Chen seemed to be deaf. There was no expression on his face and he didn't speak. He put all his energy on driving.

Seeing that Xiao Chen was so firm, Hua xuwan had an idea and began to use his own mace.

She suddenly untied the opening of her dress, and then slowly lifted up the corner of her dress.

“Brother Xiao Chen, will you be my driver?” Hua xuwan blushed. This is the first time she has spoken to a man like this.

Xiao Chen naturally saw her action. After a while, the car drove under the Yinhua hotel where the meeting was located. Xiao Chen suddenly laughed and looked in the direction of Hua xuwan.

“If you leave me, I’ll be your driver.” With that, he made a gesture to untie his belt.

Seeing this scene, Hua xuwan immediately got flustered and hurriedly pushed Xiao Chen away: “you rascal. Here is outside!”

After hearing this, Xiao Chen couldn’t help laughing: “it was Miss Hua who moved her hand first. I have to cooperate with you.”

He knew that he had been defeated by Xiao Chen again. Although Hua xuwan was angry, she was also helpless. After finishing his dress, he stormed out of the car.

Xiao Chen also got out of the car.

Just a few steps away, a familiar voice came from behind: “Oh, isn’t this our young master Xiao Chen and miss Hua xuwan?”

Xiao Chen looked back, and sure enough, he was standing behind them with flowers all over the sky. At this time, there was also a woman standing beside him. It seemed that she should also be a lady of a big family, wearing a blue dress.

The figure looks extremely perfect, but the face is a little inferior to Hua xuwan. However, Hua xuwan’s figure is not as good as this woman. They can be regarded as having their own merits.

Hearing the sound of flowers all over the sky, Hua xuwan also turned his head. At this time, the woman took the initiative to come up and say hello to Hua xuwan: “Miss Hua xuwan. I haven’t seen you for a

long time. I just came back from studying in Mona and made an engagement with Hua sanshao a few days ago.”

“Engagement?” Hua xuwan was slightly stunned. Then he looked at the flowers all over the sky. He seemed to want to say something, but he just whispered, “I wish you happiness.”

He took Xiao Chenchao to the hotel.

Xiao Chen originally wanted to have a chat with Hua Mantian. Maybe he could know something from his mouth, because now there are not many people in Kyoto who know his identity. Hua Mantian is one, but he doesn't seem to want to reveal his identity.

Then it is likely that someone above has communicated with him. Xiao Chen guesses that this person is likely to be his grandfather, so he wants to chat with Hua Mantian. Maybe he can know something he didn't know before, which will help him better perform his tasks in the future.

But there is no way. Hua xuwan has too much strength now, and he can't get rid of Hua xuwan's hand in public, because it's easy to be seen by others.

Along the way, many people took the initiative to say hello to Hua xuwan, but Hua xuwan didn't seem to pay much attention and went straight to the elevator.

Soon they came to the banquet hall on the second floor. When they came here, Xiao Chen knew what it was called man Han banquet and what it was really brilliant. Looking up, the second floor of the hotel was just like the Royal Palace in ancient times.

Three rectangular tables run through the whole room, and the chandelier on the top is hanging above everyone's head like a work of art carved by a skilled craftsman.

The surrounding walls are also painted with all kinds of refreshing landscape pictures, and the stalls on the ground are also pure gold color, shining under the light above. Entering here will really give people the illusion that they have entered the real palace.

Looking at the dishes on the table, although Xiao Chen doesn't care about eating, but all kinds of dishes with almost no repetition are placed in front of him in such a subtle way, Xiao Chen will still feel that his appetite seems to be lit.

Hua xuwan seemed to be used to all this, so he just took Xiao Chen to a position and sat down.

Because Xiao Chen drives very fast, they can almost be said to be close to the first person to arrive at the hall on the second floor. Now almost no one else enters the hall. Xiao Chen can still see that there are waiters waiting on both sides of each long table.

The waiter at their table seemed to see them sitting down, so he came up and prepared their tableware in all aspects.

The God Of Medicine Son-in-law Chapter 403

All this was done without saying a word, but Xiao Chen found that the waiter was quite careful. He even prepared the cup he would use to drink tea, drink and drink. It was obvious that he had undergone very professional training.

"Who was that woman before? How did you get so excited when you saw her?" At this time, Xiao Chen inquired about the person who could make Hua xuwan so angry. Most of them are people who have a certain relationship with her.

Xiao Chen guessed more accurately. This woman is no one else. It was LAN Xinfang, a good sister and best friend of Hua xuwan.

As for the matter between the two, Hua xuwan didn't seem to want to say, but came a faint sentence; "Don't inquire about me."

Xiao Chen was speechless after hearing this. Only you can inquire about other people's affairs. It's allowed for others to inquire about your affairs. What's the logic.

But he also knew the lady's character, so he didn't say anything, just carefully studied the food in front of him.

After a while, there were more and more people, and the banquet seemed to be about to begin. Huamantian and lanxinfang seemed to be showing off. They generally sat opposite huaxuwan. It was obvious that today they wanted to come to respond to huaxuwan on purpose.

However, their goal was indeed achieved, because Hua xuwan didn't look very good all the time.

Xiao Chen wanted to fight back, but he didn't know the identity of the other party and couldn't ask directly, so he could only watch. Also did not express some of the their views.

At this meeting, they were showing their love. Hua xuwan seemed to be unable to see it anymore, so he also said to Xiao Chen, "come on, feed me!"

Xiao Chen had been eating well on one side. Suddenly she was stunned to hear that Hua xuwan came.

"Feed me!" Hua xuwan said anxiously.

Xiao Chen had no choice but to put up a piece of chicken and put it into her mouth. Hua xuwan then smiled and said to Xiao Chen, "thank you, husband!"

Hearing this, Xiao Chen almost vomited out all he had just eaten, but he held back and forced out a smile and said to Hua xuwan, "it doesn't matter, it should."

"Husband, ah ~" Hua xuwan opened his mouth again after eating.

Xiao Chen was covered with black lines. I really don't know which tendon the girl pulled, but now he has no choice but to put another piece of fish into her mouth.

Seeing Hua xuwan's satisfied appearance, Xiao Chen just felt that there seemed to be something pressing on her chest. Very uncomfortable.

Perhaps he also noticed Xiao Chen's expression, and Hua xuwan didn't put forward some unreasonable requirements.

This scene obviously stimulated LAN Xinfang and Hua Mantian opposite, and they began to intensify. Feeding is the lowest level, and then they cross fed each other.

LAN Xinfang even brought rice to Hua Mantian, and Hua Mantian also brought his own rice to LAN Xinfang.

Although both of them are not very good. Most of the meal fell to the ground, but they still insisted. Then he even drank Jiaobei wine in public.

After this scene was seen by some people on the side, they couldn't help flattering.

"Hua sanshao and miss LAN are a perfect couple!"

"I wish you success!"

"I think we should get married now!"

.....

Hua Mantian and LAN Xinfang didn't expect that their actions would cause such waves, so they quickly said to the people around them: "thank you for your blessing. We will hurry up."

Then they deliberately pretended to be very intimate.

Seeing their appearance, Hua xuwan couldn't help laughing: "it's hard for you to pretend to be a true couple in front of everyone when you two clearly have no feelings."

After hearing this, LAN Xinfang was not angry, but said in a strange way: “yes, after all, it’s not like some people. They haven’t even slept in a bed when they get married. It’s hard for them to pretend to be husband and wife.”

“What are you talking about?” Hua xuwan was touched by his inverse scale and immediately stood up.

“I’m just telling the truth.” LAN Xinfang is tit for tat with Hua xuwan. She doesn’t seem to be afraid of her.

“OK, you blue heart Fang. Wait for me!” Hua xuwan said and sat back in his seat with great displeasure.

Seeing the two women arguing, Xiao Chen and Hua Mantian didn’t want to interrupt, but Xiao Chen could also see the hostility in Hua Mantian’s eyes, so he took the opportunity to signal Hua Mantian to go out alone with himself.

Hua Mantian also understood Xiao Chen’s meaning. So they went out of the banquet hall and came to the bathroom. Hua Mantian immediately grabbed Xiao Chen’s collar and said, “your boy doesn’t love Xu Wan at all. Why do you want to marry her? What’s your plot?”

Hearing Hua Mantian’s question, Xiao Chen was a little confused. Doesn’t Hua Mantian actually know anything, just because he doesn’t know what happened in the East China Sea?

But Xiao Chen immediately felt that it was impossible. Almost the whole empire knew what had happened in the East China Sea. Unless Hua Mantian was not a member of the Empire, he could not know what he had sacrificed there.

“I love her or not, you can’t has the final say, now I am her husband, so I have the right to stand beside her, and you can only watch it.” Xiao Chen deliberately said with stimulating words.

“Hum, you have rights? Who do you think gave you your rights? Do you think you are so great?” Flowers sneer all over the sky.

“Of course, I don’t think I’m so great. I just think Xu Wan and I are husband and wife, so it’s very normal for us to advance and retreat together. I also hope you won’t disturb our life in the future.”

Xiao Chen’s tone was still very tough.

“Xiao Chen, I thought you were a gentleman, but now it seems that you are not. You are just a dirty villain. I will remove you from xuwan sooner or later!” The flower spoke all over the sky, and her eyes were full of hate.

“OK, I’ll wait for you!” Xiao Chen still smiled calmly.

Seeing Xiao Chen leaving, there was a strange brilliance in the eyes full of flowers.

In fact, he was also testing Xiao Chen’s true identity. During this time, he did know something through some ways and that there were ghosts in the Empire.

In fact, he also regretted the cooperation with situ family, because he just wanted to work with Hua xuwan.

The God Of Medicine Son-in-law Chapter 404

But just watching Xiao Chen’s performance, he didn’t show any flaws, which made him feel a little difficult to figure out. He can only continue to reserve his opinions and see other performances of Xiao Chen.

Back on the hall, because the meal was over. Above the hall stood an old man with a microphone. Seems to be talking to everyone.

When Hua xuwan saw Xiao Chen coming back from outside, he quickly pulled him to his seat.

“Why did you two go? After so long, now our meeting has officially begun.” Hua xuwan said and looked at Xiao Chen.

“Who is that man up there?” Xiao Chen looked at the old man on the stage and asked.

“This is a senior level in Kyoto. He is specially responsible for managing the relationship between major families. We all call him Ling Lao.” Hua xuwan replied.

“Ling Lao, do you still have such a position to manage the relationship between major families?” Xiao Chen felt a little curious.

“Kyoto is no better than other cities. After all, many large and small families gather together, and many things will gather from the whole empire to Kyoto. It is not only the relationship between the major families that needs to be dealt with, but also many unexpected problems that you need to deal with.”

Hua xuwan continued to explain.

“Yes.” Xiao Chen nodded. It’s true. Although he may not have seen it, he still felt a little about the situation in Kyoto after he came here for a few days.

At least in terms of transportation, the situation is very different from other cities, because he sees at least three groups of people in different uniforms on the road every day.

In addition, the management of hotels is also different. It seems that the management of different specifications and locations is also different.

In addition, there are so many other living and other industries in Kyoto. Without a good management, it is estimated that it would have been in a mess.

However, Xiao Chen doesn’t have to pay special attention to these things. He just needs to do his own things normally. Generally speaking, he won’t have too many intersections with these. He just needs to adapt.

“Distinguished guests and friends, good afternoon, everyone. This is the annual Sanhe meeting. I am very grateful to all family friends for coming to join us. I also hope that our major families in Kyoto will become more and more prosperous in the future!”

Ling Laoxian from above made an opening speech and won bursts of applause from below.

Wait until the applause stops. He went on talking again:

“Each of our families is not indispensable in our Kyoto. In every industry and position, we can see the emergence of our family members, which is a good thing in Kyoto.”

“Then next, I will invite the representative figures of all our families, Mr. Xuanyuan Xu of Xuanyuan family, to talk about his feelings of exchange and experience among major families over the past year. Welcome!”

Ling Lao clapped himself after saying that.

The people below applauded.

Hearing these four words of Xuanyuan family, an impression appeared in Xiao Chen’s mind. This is the strongest family outside the imperial family in Kyoto, but their industrial chain is very single. It mainly includes some underground collection industries of the Empire.

That is, minerals, natural gas and oil are almost all profitable industries. And not only in Kyoto, but also in many cities, there are people assigned by them, or their own people of their family.

There are also people from some families they once bought.

It can be said that the Xuanyuan family is the real hidden family with strong hard power in the whole empire, but the people of this family have always been quite low-key, and almost everyone in the family is quite modest.

They do things in the dark and almost never show up.

of course. If it's such a low-key family, it's all right. But Xiao Chen heard the person who introduced the task to him before he came, and asked him to pay more attention to the Xuanyuan family, because they found that many things pointed to the characters in the family. Just because there is no evidence, they have no way to get into trouble with them.

“Dear leaders and guests of the big family, Hello, I'm xuanyuanxu. I'm glad I can stand here and talk to you face to face and talk about some of my feelings. I hope I'll talk about it for a while.”

“Please don't have any pressure and speak freely. Maybe I have a lot of mistakes. Please point them out. Thank you!”

After xuanyuanxu went up, Xiao Chen saw his appearance. He was not particularly tall. Of course, this was compared with people in Kyoto. After all, Xiao Chen did not belong to people in the north. People in the South generally didn't grow up as tall as people in the north because of their diet.

However, Xiao Chen's height is actually relatively high in the south, because his height is close to 1.8 meters now, perhaps because of his cultivation, so his height has increased a little during this period, which was only about 1.75 meters.

But even so, after coming to Kyoto, Xiao Chen can still feel that in addition to having a certain height advantage compared with women, there are not many obvious advantages compared with men. It can almost be regarded as an average height.

However, the tone of xuanyuanxu's speech will make people feel very comfortable. He didn't deliberately compliment anyone, but everyone present felt respect.

Then, he began to talk about the experience of some families who came to Kyoto from the beginning.

“How can he go to so many families to participate in the affairs of other families? Isn't it equivalent to prying into the secrets of other families?” After hearing what xuanyuanxu said, Xiao Chen couldn't help being a little strange.

“This is that we will recommend someone to do such a thing after each meeting, in order to maintain the fair and normal cooperation between each family and avoid some small moves by the family.” Hua xuwan explained again.

“But he just went to see it as a participant and didn’t seem to play a big role?” Xiao Chen still feels very strange.

“Oh, it’s not our business.” Hua xuwan said, looking a little impatient.

The God Of Medicine Son-in-law Chapter 405

“All right.” Xiao Chen knew that it was really inappropriate to ask Hua xuwan too many questions now. So he continued to listen to xuanyuanxu above.

However, what makes Xiao Chen feel strange is that no one seems to point out that xuanyuanxu has something wrong. It seems that he is simply listening to his explanation.

Although he felt strange, Xiao Chen couldn’t say anything. After a while, xuanyuanxu talked about the Cang family.

Xiao Chen also listened carefully.

“About our family. It can be said that it is indeed a major lifeline of our industrial industry in Kyoto, not to mention anything else. The production of tens of thousands of large machinery a year is enough to have the power to change the whole empire...”

Xuanyuanxu said and looked at the direction of the people who came to the Cang family tonight. Xiao Chen also saw it earlier. It was a man and a woman. The man didn’t look similar to Cang chestnut.

The woman is dressed up. But it doesn’t look like the people of Cang family.

Xiao Chen is also a little strange. According to Hua xuwan, this meeting should be more important. For such an important meeting, the Cang family did not choose their own people to attend, but chose two people from their own family to attend.

Although this is possible in theory, does the importance of this meeting not even send a person to attend it once?

But looking at the formation is still quite grand. Is this man and woman another important person in the Cang family?

Although his heart was full of doubts, Xiao Chen didn't even go into the Cang family now, so he couldn't verify anything. If he rashly went up and asked the two people about this, he would still arouse some doubts.

After xuanyuanxu finished. Ling Lao above repeatedly invited representatives of many families to speak. Xiao Chen looked at it. Almost all of them are representatives of the top ten aristocratic families in Kyoto.

However, there are some representatives he doesn't know. These Hua xuwan introduced them. They are all representatives of some important positions in Kyoto. In fact, they are not families. Just because their organization is very important, they sent people to participate.

After everyone had introduced themselves, it was almost five o'clock in the afternoon. Ling Lao let everyone relax and communicate freely for a period of time. It seemed that there was a party in the evening.

Xiao Chen knew as soon as she heard that it was the party that Hua xuwan cared about most and needed to dance.

Come down in the afternoon. Xiao Chen also gained something. At least she fully understood what many big families do. Although she didn't know a few people, she had this information. It is also helpful for the implementation of tasks later.

However, Xiao Chen is also a little strange. It seems that there are some exchanges among other major families. Only Hua xuwan almost sits alone after she comes here. Although someone will occasionally come to ask her about her, he doesn't seem to see a few good friends.

So he asked Hua xuwan, "why don't you like to communicate with other families? Is it because your family is special?"

"No, just don't want to communicate." Hua xuwan is very honest.

However, this reason makes Xiao Chen some don't know what to say. There are people who don't want to communicate. Why are you here? It's really just to cope. Just attending a meeting.

"Oh, isn't this our door-to-door son-in-law of the Hua family?" At this time, a man in a big red suit. A woman in a white dress appeared beside them.

Xiao Chen saw no one else, but Qi Wanqian, the second young master of the Qi family, who ranked fifth in Kyoto, and his partner.

However, seeing that he was unkind to the comer, Xiao Chen didn't intend to pay attention to him. Qi Wanqian saw that Xiao Chen dared to ignore himself, so he stepped forward a few steps and said coldly: "boy, you're very dragged, aren't you? You didn't answer when I said hello to you?"

"Sorry, I won't talk to people with feces in their mouths. Please get out of the way!" Xiao Chen didn't give him any good looks.

"Oh! Boy, how dare you insult me? Don't you know who I am? Do you think a small Chinese family can cover you?" Qi Wanqian said with a cruel look on his face.

"Qi Ershao, our Chinese family has no grievances or enmities with you. I'm afraid it's not appropriate for you to treat my husband like this?" Hua xuwan on the side also saw the situation here, stood up and walked over.

“Yes, Miss Hua, your Chinese family has no grudge against us, but I just want to say hello to your husband. He directly insulted me. How do you calculate this account?” Qi Wanqian seems to have no fear of Hua xuwan.

“How? Do you want to do that?” Hua xuwan said, with a trace of anger on her pretty face.

Xiao Chen’s strength is working. He is waiting for Qi Wanqian to dare to speak unkindly again. He will teach him a good lesson.

But at this time, xuanyuanxu suddenly came out: “don’t make trouble here. We all come here today because harmony is precious, so I hope you can give me a face and don’t have some bad things here, okay?”

“Hum, for the sake of young master Xuanyuan, I’ll go around you once!” Qi Wanqian said and left with his partner.

Hua xuwan also snorted and returned to his seat.

Xiao Chen was not ready to thank xuanyuanxu, but after looking at him, she sat down with Hua xuwan.

Seeing this, xuanyuanxu just looked at Xiao Chen and Hua xuwan with a very meaningful look, but without saying anything, he turned and left here.

“Just now, the Qi family seems to have a premeditated plan to come to trouble us.” After xuanyuanxu left, Xiao Chen whispered to Hua xuwan.

“The main thing we Chinese usually manage is to deal with people outside, but now many big families have a tendency to move out. Not only this family, but many big families have such a situation, so we don’t agree with them.”

Hua xuwan road.

“No wonder, there should be a conflict of interest before the other party will come to pick on us, but I’m not afraid at all. Next time such a person comes, don’t talk and let me teach him a good lesson.” Xiao Chen said.

“No, you can’t beat people here. You’ll have a big problem if you do it here.” Hua xuwan quickly reminded.

The God Of Medicine Son-in-law Chapter 406

“What’s wrong?” Xiao Chen was stunned: “what’s wrong with this? It’s just to teach these people who don’t have long eyes a lesson.”

“Can’t you see that the family has the right to make a big decision here? But if you look at all these things, you must have the right to make a big decision with the family. But I can’t say that all these things are in the hands of the family.”

Hua xuwan said, with a deep color of fear on his face.

This is the first time Xiao Chen has seen that heaven is not afraid. Hua xuwan, who was not afraid of the ground, had such an expression, but he immediately nodded and said, “OK, I see. I won’t be impulsive.”

Just finished. Someone came to the door again. This time it was not the top ten family, but two people from a family Xiao Chen didn’t know.

As soon as the man came up, he also looked provocative: “your name is Xiao Chen, isn’t it? The upper son-in-law of the Hua family? It turned out that he can be a door-to-door son-in-law like this? I really didn’t expect.”

Xiao Chen is wearing a suit now, but in fact he doesn’t dress up much, and his hair is a little longer. He doesn’t have time to deal with it, so he hurried to the meeting in a hurry.

Hua xuwan doesn’t seem to pay special attention to this area at ordinary times, but Xiao Chen is very satisfied when she puts on a suit.

So now Xiao Chen looks really not so energetic.

Hearing the ridicule of others, Xiao Chen just sneered and didn't talk to him.

The man saw that Xiao Chen didn't speak, so he sneered: "Oh, it's really a waste door-to-door son-in-law. He didn't dare to say anything. It's really disappointing to me."

The man shook his head. Hua xuwan wanted to stand up and fight for Xiao Chen's face, but Xiao Chen held him down.

After the man left, Xiao Chen released his hand.

"What are you doing? I can just say a few words. Let that man be less arrogant. If you are like this, our Chinese family will lose their face!" Hua xuwan looked at Xiao Chen angrily.

"Didn't you say that we can't be angry or conflict with others here, but it's different when we go outside?" Xiao Chen said with a smile on her face.

"What do you mean?" Hua xuwan was puzzled.

"You'll see later. Those who dare to challenge me now will come to no good end."

Xiao Chen said, still with a smile on his face, but the smile made people feel cold on his back. I don't know what earth shaking things he would do.

Soon it was evening. After the meal, the tables and chairs in the whole hall were removed, and then the staff put away the carpet in the middle part, and a huge circular dance hall was displayed in front of everyone.

"Well, now it's time to dance. Let's all dance together!" Above, Ling Lao said in a cheerful tone.

Then everyone below began to gather slowly towards the middle of the hall.

Originally, Xiao Chen thought it would be a more orderly dance meeting, but he didn't expect it to be such a casual and messy meeting.

"What else do you have to practice dancing like this? Just jump around." Come to the center. Xiao Chen can't make complaints about China.

"Wait, you'll know. We must dance better." Hua xuwan whispered in Xiao Chen's ear.

Soon. Hua Mantian and LAN Xinfang also came to the field and stood near them. When LAN Xinfang saw Hua xuwan's nervous appearance, she couldn't help laughing and mocked: "you haven't been able to dance since you were a child. Today, you even took the initiative to make a fool of yourself?"

Hua xuwan's face changed as soon as he heard it, but he didn't say anything, but seriously began to jump up with Xiao Chen.

Then, the melodious music began to spread, and all kinds of flashing lights suddenly began to appear in the whole hall, as if they were really in a dance hall.

A beam of light fell from above. Moving back and forth in the crowd seems to be choosing something.

After a while, Xiao Chen felt the white light shining on himself and Hua xuwan, because the light was too strong. So it made him feel a little uncomfortable.

Then Xiao Chen saw his name and Hua xuwan's name appear on the big screen in front of him.

After seeing this scene, Hua xuwan was inexplicably excited and worked harder to pull Xiao Chen to start a dance. There were fewer and fewer people around them. Finally, only she and Xiao Chen were left to dance there.

Until finally, Hua xuwan had no strength, and the two listened.

“Let’s congratulate Miss Hua xuwan and Mr. Xiao Chen on becoming the dance king and queen of our family memories this time!”

The voice of Ling Lao came from above.

Hua xuwan laughed excitedly, and then kissed Xiao Chen in full view of the public.

“Thank you! Thank you so much!” Hua xuwan’s face was full of joy.

Although Xiao Chen didn’t know what she was doing, after a while, he saw that Ling Lao came over with two crystal trophies and presented them to himself and Hua xuwan.

Hua xuwan was extremely happy, as if he had got what he had dreamed of.

Xiao Chen just smiled with her. She couldn’t see how happy she was.

The flowers and lanxinfang below are full of jealousy. They can’t imagine that Hua xuwan’s dance level has suddenly improved so much.

In fact, everything comes from Xiao Chen’s guidance.

If it weren’t for Xiao Chen, Hua xuwan probably couldn’t find the divine marrow of dancing and couldn’t dance so well.

However, Xiao Chen wondered why Hua xuwan was happy that he could win such an award.

It’s just that everyone comes together for entertainment. No one takes it seriously, but she cares so much.

After getting off the stage, Xiao Chen still couldn't help asking, "why do you care so much about winning a prize for your own dance? Aren't you usually dealing with cases? Is there any great significance for you to win a prize for this dance?"

"Of course, you'll know when you go back." Hua xuwan pretends to be a mysterious way.

Xiao Chen saw this and didn't ask any more. When they returned home at night, Hua xuwan impatiently took his trophy to a room Xiao Chen had never been to.

Because of curiosity, Xiao Chen followed up. Unexpectedly, there was nothing else in the room. It was the spirit tablet of Hua xuwan's mother. He remembered that Hua xuwan had said that her mother had disappeared since she was born.

Missing doesn't mean death. Why do you want a holy place?

The God Of Medicine Son-in-law Chapter 407

Holding the inner doubt, Xiao Chen followed Hua xuwan into the very mysterious small room.

At this time, Hua xuwan was standing in front of a strange flower. Xiao Chen looked up and saw that the flower had three colors, which was the legendary three color flower of Acacia representing four years of deep love.

Xiao Chen didn't expect that there was such a spirit grass hidden in Washington. This flower is the best medicine for some patients with amnesia. Of course, it's here now. Xiao Chen can also guess the meaning of the flower.

80% represents some thoughts of the Chinese family about the missing woman.

At this time, Hua xuwan was holding his trophy and murmuring something in front of the Acacia three color flower.

Xiao Chen knew that this was what she wanted to say to her mother, mostly about getting a dance trophy, so he didn't continue to listen. Quietly left the room and returned to their own room.

There was nothing special in the evening, because he had to attend the meeting these two days, so Xiao Chen specially asked Canglizi to take care of Zhao Yuxi.

After returning, Xiao Chen also saw the news of Zhao Yuxi and Cang Lizi. Cang Lizi was something about Zhao Yuxi, and Zhao Yuxi said something from his heart.

Previously, Xiao Chen also took time to read some during the meeting and replied to her. After returning, Zhao Yuxi sent him some more, and Xiao Chen also replied to them one by one.

Hua xuwan came back to the room after finishing his heart. He saw that Xiao Chen was unexpectedly chatting with his mobile phone, so he came close to see who he was chatting with.

But Xiao Chen felt that she had come back early in the morning. Put your cell phone away immediately.

"You are peeping into other people's privacy. This behavior is not good!" Xiao Chen said, taking his mobile phone as a treasure in his hand.

"I'll just look around. Do you need to be so nervous? Are you doing something shady? Even if so, it's no big deal." Hua xuwan looked relaxed.

"Of course I won't do anything shady." Xiao Chen used a very firm language.

"That's the best. By the way, Miss Ben is in a good mood today. I see you helped me get the dancing trophy. Today, you sleep in bed and I sleep on the sofa." Hua xuwan began to pack his things.

"Oh, no, I'll sleep. It's good. It's too troublesome to change back and forth." Xiao Chen quickly waved her hand to stop her.

Hearing Xiao Chen's words, Hua xuwan hesitated, then turned his head and asked, "do you really want to sleep in bed? It must be uncomfortable to sleep on the sofa all the time."

"I'm used to it." Xiao Chen didn't care about the tunnel.

"In that case, I won't insist." Hua xuwan said and put his things back on the bed.

Originally she was thinking about the sofa where Xiao Chen had slept for so many days. And also helped her get a trophy, which was her wish, which made him a little comfortable for a day. These days, she found that Xiao Chen was not in the room at night.

I thought it was because I slept on the sofa, but I didn't expect that I finally gave Xiao Chen a chance, but Xiao Chen didn't seem to want to grasp it. And he refused so decisively.

Although there are still some doubts in my heart, Hua xuwan is also a strong person. I don't intend to think about what happened to Xiao Chen anymore.

"There's something I want to tell you clearly. I may rarely come back later. If you meet me outside, try not to say hello to me. I'm going to perform my task, okay?"

Xiao Chen suddenly opened his mouth and said to Xu Wan.

Hua xuwan was stunned, then disdained and said, "as long as you don't make some scandals outside, what you want to do has nothing to do with me. I also have my things to do."

"That's the best." After hearing this, Xiao Chen felt more at ease. After all, Hua xuwan had intervened before. I also explained to Cang chestnut for a long time before I talked her through and continued to let myself help her.

Seeing Xiao Chen's reassuring look on her face, Hua xuwan immediately remembered the scene when Xiao Chen came to Hua's house with Zhao Yuxi and hugged Cang chestnuts in the car.

Men don't have a good thing! Hua xuwan spat in his heart.

Although her face is ugly now. But Xiao Chen didn't notice that they were just fake marriages. Xiao Chen's ability to stay at home for so many days has given Hua xuwan a lot of face.

And he also attended the meeting with her. Now delaying some time is a waste for Xiao Chen, because now the battle outside is not sure when it may break out, so he must investigate all the things that should be investigated clearly before it happens.

Find out all the rebels that should be found, so as to ensure that when the subsequent battle occurs, the people of the whole empire can fight wholeheartedly without worrying about being stabbed in the back.

In this way, Xiao Chen and Hua xuwan are quite harmonious. After a night, but Xiao Chen got up in the middle of the night and began to practice. Although his cultivation speed is not fast now, and the more he practices, Xiao Chen found that there is little vitality that can be absorbed around him.

It seems that there is not much vitality around him. He heard Nangong Lengshan talk about this before.

The reason why Nangong Lengshan has been practicing for so many years and his cultivation has not increased much is not that his talent is too poor, so he is not suitable for cultivation. It is simply because there is too little energy around him to provide cultivation.

Perhaps it is precisely because of this that human beings are quite vulnerable in the world where Xiao Chen is located. Even if there are some cultivation sects, their cultivation is not very high, and most people are just ordinary people.

However, although the human beings here cannot practice, they are also very smart. At least they have made many powerful weapons. For example, the machine armor used in country M can be said to be close to some practitioners to some extent.

So it seems that all things are always balanced. Without enough strength and cultivation, human beings are still very smart, so it has created the development of science and technology.

One night passed like this. Xiao Chen also took advantage of the time before dawn to cultivate the Qi of yin and Yang in his body every day. The effect of that time was particularly good.

The God Of Medicine Son-in-law Chapter 408

After practicing, Xiao Chen felt that the Qi of yin and Yang in his elixir field had increased by another point. Now it had doubled compared with the beginning, which was equivalent to that he could treat people four times a day with small treatment and two times with large treatment.

At this time, Hua xuwan also woke up. Because there was still half a day to have a meeting today, they arrived at the scene on time. Compared with yesterday's content, there is not much information to collect today.

All of them were family children who went up to talk. Two hours will soon be over.

After the meeting, Xiao Chen rushed to Zhao Yuxi's hotel. When he arrived at the hotel room, Cang chestnut happened to be in the room.

As soon as Xiao Chen entered the door, it was obvious that Zhao Yuxi's face was much better. When chatting with Xiao Chen last night, Zhao Yuxi also said that she would work hard to live next, so it was not a special accident for Xiao Chen to have this performance today.

"Doctor Xiao Chen, take Zhao Yu to a hospital I introduced for an interview today. I believe she will succeed." Cang chestnut smiled and said to Xiao Chen.

"Go to another hospital? Aren't you going to continue at the traditional Chinese medicine hospital?" Xiao Chen asked strangely.

"I still don't have the courage to go back. After all, there is that man there." Zhao Yuxi said, with some lonely brilliance flashing in his eyes.

Xiao Chen also knows that after all, she is just an ordinary woman. It is not easy for her to maintain her state of mind after such great changes. It is really difficult for her to see such a person every day.

But Xiao Chen still felt. Everything should be faced correctly. Although the director's son has done such a thing and the situation in Kyoto has made him be tolerant, Zhao Yuxi's disappearance is actually subdued.

If you simply give up, it will certainly make those outlaws more rampant. Now Zhao Yuxi doesn't have such an idea. But Xiao Chen put this idea in his heart.

"Well, I'll take you to another hospital for an interview later." Xiao Chen nodded and stopped talking about things over there in the traditional Chinese medicine hospital.

When Zhao Yuxi went to wash, canglizi whispered to Xiao Chen about her recent experiences in the Cang family. Previously, because Xiao Chen cracked some special means laid by the Cang family, canglizi's whole life began to return to normal.

The specific performance is that she doesn't seem to be so unlucky after going out. When you're excited, you won't faint again.

Originally, this was a good thing, but it was obvious that the Cang family also found something unusual. Since yesterday afternoon, when Xiao Chen went to the meeting. Cang chestnut felt his body heavy again, as if he was pressed by something.

Xiao Chen quickly pulled up her hand and felt it. He didn't know. As soon as he pulled up her hand, Xiao Chen immediately felt a strong evil spirit attacking his heart.

This evil spirit is a curse. Xiao Chen can't suppress it with his vitality. It can only be suppressed with the Qi of yin and Yang, but compared with this huge curse. Xiao Chen now all the yin-yang Qi can be said to be a drop in the bucket, and it doesn't have much effect.

"How's it going? Doctor Xiao Chen? Do you see anything?" Cang chestnut saw Xiao Chen close his eyes and put his hand on his own. I couldn't help asking.

Zhao Yuxi just came out of the bathroom at this time. Seeing Xiao Chen holding Cang Chestnut's hand, they seemed to be more intimate, so she felt a burst of loss. Thinking of her own experience, she immediately felt that her mood was a little gray.

"Are you out?" At this time, Xiao Chen opened her eyes and saw Zhao Yuxi who had finished washing.

"Yes." Zhao Yuxi quickly made a smiling expression.

"Then let's get ready to go." Xiao Chen said and stood up.

He just didn't tell Cang chestnut about the real situation. After all, it was a stressful thing for her. Xiao Chen still plans to keep it in his heart first, and then think of a way to see if he can find out the source of the curse.

Now he is absolutely sure that this is man-made. And it is likely that the people around her did something bad to her in the dark.

However, at present, we still need to calm Zhao Yuxi's mood and let her come out of such a dilemma.

"Then let's go first." Came to the hotel downstairs, Canglizi stood outside the car, and Zhao Yuxi in the car said hello to her first, and Xiao Chen took her to the hospital.

The hospital I went to this time is also a district level hospital, which is smaller than the Jiangdu hospital where Canglizi was previously located. It is called Qufu hospital. There are almost few doctors. With Zhao Yuxi's ability, it is more than enough to be an attending doctor here.

But she just resigned from the hospital of traditional Chinese medicine and didn't have enough working years, so she had to start as an intern.

After arriving at the hospital, Xiao Chen took a general look. From the outside, it seemed that the environment was quite good. After entering the inside of the hospital, he also found that the sanitation and decoration were relatively reasonable, and everything looked decent.

Take Zhao Yuxi to the introducer of Cang Lizi, President Lin. President Lin is an old man in his 60s. He looks energetic. He is very happy to learn that Zhao Yuxi is a doctor from the traditional Chinese medicine hospital.

Zhao Yuxi was immediately welcomed into their hospital.

Then President Lin took them to meet the colleagues in the hospital. Because there were few people, there were only two departments.

While Zhao Yuxi was getting familiar with his colleagues, Xiao Chen took President Lin and talked about Zhao Yuxi.

After a general understanding, President Lin showed sympathy, and Xiao Chen was relieved after seeing his reaction, because it was a revelation of true feelings, which at least represented that the president still had a certain conscience.

Zhao Yuxi talked well with those colleagues in the hospital. Seeing this situation, Xiao Chen was relieved. Originally, she thought she might not adapt for a while.

“Does it feel OK here?” After coming out, Xiao Chen asked.

“Well, it’s OK.” Zhao Yuxi nodded.

Now Zhao Yuxi looks quiet, but Xiao Chen is a little distressed because she was originally a very lively girl.

The God Of Medicine Son-in-law Chapter 409

However, there will be a lot of helpless things in the world. Xiao Chen also knows that he can’t completely change something by himself, but now he will still find a way to help Zhao Yuxi.

“Thank you, Xiao Chen. I’m really grateful that you’ve been with me all this time. But I know you have more important things to do. I don’t have anything to do now. You don’t have to worry about my things. Let go and do what you want to do.”

Walking to the door of the hospital, Zhao Yuxi suddenly said such a paragraph to Xiao Chen.

But what she said made Xiao Chen a little worried. He thought Zhao Yuxi didn’t come out. But at least there is some hope.

Now it seems that everything is not as simple as he thought, but he still showed a smile and said, “these are voluntary things I do. As long as you get better, it’s the best thing for me.”

After listening to Xiao Chen’s words, Zhao Yuxi’s eyes slowly burst into a ray of light and looked at Xiao Chen. For a time, he didn’t know what to say, but his heart was full of emotion.

However, she still understood that she was no longer innocent. Originally, she was far away from Xiao Chen. Now even what she could rely on most did not exist.

This is her. There is no capital to stay with Xiao Chen.

Of course, Xiao Chen didn’t know that Zhao Yuxi had such complex feelings for herself. From the beginning, Xiao Chen just regarded her as a girl who met halfway, and came into contact with Cang chestnuts through her. In fact, Xiao Chen was more grateful to her.

That’s why he is willing to do so much for such a girl.

“Thank you.” All the moves finally turned into such a sentence. Zhao Yuxi didn’t want to say anything more. She was afraid of crying in front of Xiao Chen. At that time, let Xiao Chen worry about his own affairs.

In fact, Xiao Chen saw that Zhao Yuxi’s expression was a little unnatural, but he didn’t reveal it, just hoping that the wound in her heart could heal gradually.

The next day, Xiao Chen stayed with Zhao Yuxi, which was also a kind of comfort.

In the evening, Xiao Chen returned to Washington. After all, he didn't have much to do tonight. Hua xuwan also came back. Seeing Xiao Chen was there, she felt a little surprised, but she didn't say anything to Xiao Chen.

Xiao Chen spent one night in cultivation, and the next morning. Xiao Chen continued to come to Zhao Yuxi's downstairs and took her to the hospital. After seeing her normal chat with her colleagues, Xiao Chen left the hospital at ease.

After coming out of the hospital, Xiao Chen went directly to Cang's house. Today, Xiao Chen made an appointment with Cang chestnut to take Xiao Chen to meet the others of Cang's house. The main ones are his uncle and third uncle, as well as his two brothers.

It's no wonder that the Cang family recruit so many servants. After all, the whole Cang family doesn't seem to have many real people, and I don't know if it's the reason why the Cang family's blood is not strong enough.

Anyway, it's in the mouth of Cang chestnut. His father's generation is actually the time when the Cang family has the most. In previous generations, almost all of them were only children or two brothers.

As for why, she doesn't know.

After arriving at Cang's house, Xiao Chen stopped the car, and Cang chestnut had come to the door to meet him.

After a few days, he entered Cang's house again. Xiao Chen knew that there would be several tough battles to fight next.

After all, now other people in Cang family seem to want to harm Cang chestnut, and as soon as he enters the door, he is a supporter of Cang chestnut. It will be disliked and made difficult by others.

“Uncle and third uncle are busy during the day, so let my elder brother and third brother meet you first. I’ll tell you your identity according to your instructions, but there are many conditions for you to come in. Then you’ll understand.”

On the way, Canglizi was constantly introducing some situations and rules of the Cang family to Xiao Chen.

After a while, they came to the door of the largest villa in the whole park of Cangjia.

“Second lady, who is this?” Several men with sunglasses came up and stopped Cang chestnuts and asked.

“This is the Mr. Xiao Chen I’m talking about. He’s here to apply for my bodyguard.” The chestnut replied.

“Oh, please come here. We need to search.” A man with long hair said. It seems that he should take the lead.

Xiao Chen raised his hands and asked him to search according to his statement.

After the inspection, several bodyguards bowed to the two and said, “please come in.”

Of course, the people they respect are mainly the second young lady of their own family. They won’t take a more look at Xiao Chen, and even some of them despise Xiao Chen.

Although they were wearing sunglasses, Xiao Chen could still feel that their eyes were not particularly friendly.

Coming to the big villa, it can be said that this is the most luxurious villa Xiao Chen has ever seen, although it was quite shocking to enter the Chu family when he was in Wuling.

But after arriving here, Xiao Chen also knew what a real magnificent home is. The hall of the whole villa is decorated with quite luxurious modern top technology, and the floor is made of pure wood.

The surrounding walls are full of wall carvings like various master sculptures. The chandelier above looks more than ten meters, hanging in the air like crystal flowers. All kinds of furniture exudes the smell of money.

After seeing Cang Lizi and Xiao Chen come in, a young man in a white suit opened his mouth slightly and said, "second sister, the bodyguard you said is not this person?"

"Yes." Cang chestnut replied without hesitation

After hearing Cang Lizi's answer, the man couldn't help pulling the corners of his mouth: "second sister, I told you not to be cheated by people outside. Can such a thin boy be a bodyguard? I think now I can beat him down if I call anyone over."

"I just have a crush on Mr. Xiao Chen. No matter what you say, I must let him be my bodyguard this time." Cang Chestnut's tone is very tough.

"Well, I know you have your own character. Generally, we won't interfere with what you do. I just think of you." The man seemed impatient.

"Oh, there it is?" The voice of another man behind came. Xiao Chen felt familiar with it. As soon as he turned around, he saw the cangbei childe he had met in the East China Sea.

"You... You are..." cangbei was stunned when he saw Xiao Chen.

Seeing that the other party wanted to say his identity, Xiao Chen stopped his words with a direct look.

The God Of Medicine Son-in-law Chapter 410

"What's the matter, third brother? Your face doesn't seem very good." Said the man in a white suit sitting on the sofa.

Cangbei didn't speak. He snorted coldly and went to one side of the sofa and sat down.

"Your second sister wants to find this boy as a bodyguard. What do you think?" The man in white suit asked again.

"He? Bodyguard?" Cangbei was stunned immediately. Who can I invite? Please invite this ancestor to enter Cang's house, and he is still a bodyguard?

"No, no, how can he be a bodyguard?" Cangbei quickly shook his head. In fact, he was very afraid of Xiao Chen entering Cang's house. Besides, when Xiao Chen was on the other side of the East China Sea. Two men killed dozens of them, and they were still equipped with mechanical weapons.

If Xiao Chen entered the Cang family and found out all the things they had done before, everything would be over.

"Yes, with your physique, even my third brother doesn't feel qualified to be a bodyguard." The man in white suit doesn't know what Cangbei means. So he looked at Xiao Chen with disdain and said.

Hearing his eldest brother CANGCAN's words, Cangbei suddenly turned ugly.

"Brother, I didn't mean that." With that, he took a very careful look at Xiao Chen secretly and found that Xiao Chen's eyes didn't fall on him, so he was a little relieved.

"That's not what you mean? What do you mean?" CANGCAN seems a little impatient, and then looks at Xiao Chen and Canglizi: "in short, our Cang family has requirements for recruiting bodyguards. If you can't meet this requirement, you can't enter the Cang family."

"What are the requirements?" Xiao Chen asked calmly.

"Beat him." CANGCAN said, pointing to a strong man on one side.

The strong man looks at least 1.8 meters tall. Although he is wearing a suit, his muscles are quite developed. Obviously, he has trained his muscles to a certain extent.

“Boy, if you don’t want to die, leave the Cang family quickly!” The shape Han said and came forward.

“You’re not fair. Neither of them is of the same height. Why should you compare him with my bodyguard!” Cang chestnut cried at once.

“I said, second sister, the rules of our Cang family have always been like this. Even if you don’t agree, I can’t help it. If you don’t do so, my father will scold me, so I can only let your little bodyguard come up and try, but he can also choose to leave.”

CANGCAN pretends to be helpless.

“Mr. Xiao Chen...” Cang chestnut looked at Xiao Chen with some guilt.

The big man’s name is iron stone. As his name suggests, his muscles are not white. Although his ability is nothing in front of some experts in Kyoto, he is more or less a figure in the top row.

Although Xiao Chen has extraordinary medical skills, Cang Lizi doesn’t know his ability in fighting, and looking at his body, Cang Lizi is quite worried about his safety.

At that time, just to apply for a bodyguard, Xiao Chen’s life was lost. Cang chestnut didn’t know how to face the future.

“It doesn’t matter, Miss Cang. Just go aside and watch.” Xiao Chen was casual and couldn’t see any panic.

See Xiao Chen’s performance like this. CANGCAN couldn’t help laughing: “you’re very good, boy. If you don’t say anything else, I’ll rush at your spirit of not flinching in such a crisis. I’ve recognized you. As long as you can pass my test, you’ll be qualified!”

“Mr. Xiao Chen. Why don’t you forget it? I’m really worried. This guy is not so easy to deal with. In fact, it’s ok if you don’t join the Cang family.” Canglizi was still worried about Xiao Chen’s safety at this time.

Cangbei has been silent on the side, because he dare not speak. Now nothing he says can stop what is happening in front of him. Moreover, if he says anything casually, he will either offend his eldest brother or Xiao Chen.

So it’s really the best choice for him to shut up now.

“Boy, now listen to my sister. Get out of here and everything will be fine. If you have to insist, there’s no way. But don’t worry, we have an ambulance here. If you’re seriously injured, we’ll save you.”

CANGCAN said, and the smile on her face became more prosperous.

“Mr. Xiao Chen, forget it...” Cang chestnut looked at Xiao Chen with great anxiety.

Xiao Chen showed a brilliant smile and said, “it doesn’t matter. Don’t worry. I won’t lose.”

“Ha ha, people don’t look tall and have a big voice, but it’s windy here in Kyoto. Be careful and flash your tongue!” Then the iron stone twisted his neck and walked towards Xiao Chen.

“Right here?” Xiao Chen didn’t look at the iron stone, but looked back at CANGCAN.

“It doesn’t matter. Just fight. If you break something, it’s mine!” CANGCAN smiled coldly.

“Then you may need to spend money.” Xiao Chen smiled faintly.

“Hum, when death is coming, he is still rampant. Iron stone, just leave him one breath!” CANGCAN gets up from the sofa. He sat further on the sofa.

“Miss Cang, stay away from me.” Xiao Chen turned to Cang chestnut.

“Mr. Xiao Chen, do you really want to call?” Canglizi still didn’t want Xiao Chen to be in danger at this time.

“Miss Cang, you believe me. I’ll do what I say, okay?” Xiao Chen smiled again.

Cang chestnut knew he couldn’t stop, so he had to pinch his hand; “Then you must pay attention to your safety. If you have any problems, please tell me at any time!”

With that, Cang chestnut trotted a few steps to a far position.

“Go to hell, boy!” Seeing that all the people had gone away, Tieshi immediately swung his big fist and smashed it at Xiao Chen.

Xiao Chen didn’t even have a smile on his face.

All the people present, except Cangbei, thought that Xiao Chen would become disabled if he didn’t die. After all, this iron stone is a class B fighter in Kyoto.

In Kyoto, there is a ranking list of fighters specially developed for fighters. Ordinary fighters have no special abilities or strengths. They are just more powerful than ordinary people. They are called class C fighters.

This level is similar to Yuan Jia and Wu Zijiao who were in Wuling at the beginning. They are all at this level, but they are much better than ordinary people, but there is still a big gap between them and real experts.

The iron stone in front of him is a class B fighter. He has practiced the Kung Fu of the golden bell jar.
