The God Of Medicine Son-in-law Chapter 411

A copper head and iron bone, even if it is directly smashed by a steel rod, there will be no problem at all.

Now Xiao Chen seems to be just an ordinary person, even a thin person weaker than ordinary people. It is difficult to think of any problems under the fist of this iron stone.

Just when the smile on CANGCAN's face was getting stronger and stronger, and Tieshi also thought that Xiao Chen was a fool at this time.

Seeing that he punched, Xiao Chen didn't even respond at all. Even if normal people know they can't fight, they will at least hide. But Xiao Chen just stood there, motionless.

"Mr. Xiao Chen... Get away!" Cang chestnut was also very worried when he saw this scene.

Only cangbei was silent, because he had seen the end. If iron stone could hurt Xiao Chen. That's the ghost.

At the beginning, Xiao Chen's ability in the East China Sea was at least above the S-level fighter, and even likely reached the Dragon level or higher.

"Die, you son of a b*tch!" The fist of iron stone used nearly 80% of his strength. If the fist went on, at least an object equivalent to more than 100 kilograms hit Xiao Chen's head.

Even if the iron stone himself was hit by such a blow, he was not sure he could survive, not to mention Xiao Chen who didn't have any strength at all.

The fist immediately came into contact with Xiao Chen's head, but when the iron fist was about to hit Xiao Chen's head, a strange thing happened. He found that his fist stopped less than five centimeters from Xiao Chen's head.

There seems to be some great resistance. Can't go any further.

“Iron stone, why do you stop?” CANGCAN frowns when she sees this.

“1.....” iron stone wanted to explain, but the next second, Xiao Chen’s fist came, with a trace of vitality.

One punch directly hit the head, and the whole iron stone flew several meters high. Almost smashed the huge chandelier overhead.

Cang can is frightened to see. The chandelier on it was made by his father after nearly a year’s design after he took the position of home owner and spent an unknown price to invite a well-known world-class designer.

This value can hardly be measured by money. If it is broken today, his father will have to kill him.

Now he also regretted saying the previous sentence. He didn’t expect Xiao Chen to be so fierce. At least 300 kilograms of iron and stone went up. He could hit the iron stone so high with one punch.

In fact, what he doesn’t know is that now Xiao Chen uses less than 1% of his strength, which is calculated by him to hide his strength. He only needs so much strength to subdue the iron stone in front of him.

Iron stone flew away after being punched by Xiao Chen, and there was no panic. Because he could feel that Xiao Chen’s fist didn’t hurt him much.

After a turn, he fell to the ground.

“Go outside and fight!” CANGCAN immediately gives an order after seeing that the iron stone falls to the ground.

Just that was enough for him to pinch a cold sweat. If he continues to fight, he will be miserable if he really breaks any valuables in it.

And he didn't expect Xiao Chen to look so thin and small, and even have so much explosive power.

"Come on, boy. Let's fight it out again!" The iron stone said and walked outside.

Xiao Chen naturally showed no weakness and followed him outside. Seeing the scene just now, Cang chestnut was a little silly at this time. She only knew that Xiao Chen's medical skills were excellent. She didn't expect to have such high martial arts.

This iron stone is the second expert of the Cang family. Unexpectedly, it suffered a loss in Xiao Chen's hand.

At first, she thought it was too hasty for Xiao Chen to come and be a bodyguard for herself. After all, he was not particularly good at this aspect.

But now it seems that she is indeed wrong, and it is quite outrageous. Xiao Chen's ability is far beyond her imagination.

When he came outside, the iron stone flew into the sky because he had just been punched by Xiao Chen. His heart was very unconvinced, and he could feel that Xiao Chen's strength was not strong enough for him to deal with, so he took the lead in the moment he went out.

I want to make a surprise attack while Xiao Chen is unprepared.

See this scene. Cang chestnut quickly exclaimed, "Mr. Xiao Chen, be careful!"

However, Xiao Chen still had a light face. It seemed that everything in front of him had nothing to do with him.

"Ha ha! You die!" Iron stone couldn't help but be very happy when he saw this scene, because Xiao Chen didn't have any defense. This time, he didn't leave any spare strength at all, and directly punched out straightly.

This time he was absolutely sure to hurt Xiao Chen directly.

But the strange scene appeared again. When the fist of iron and stone came to the position less than five centimeters above Xiao Chen's head, he felt a strong resistance again. It seemed that the resistance that could not be broken blocked his attack.

Then he saw that the corners of Xiao Chen's mouth rose slightly and hit the iron stone on the chest again. This time, he flew several meters high and then fell again. Although he did not cause any fatal injury, it was almost a huge insult to the iron stone.

"Damn it!" The iron stone was completely angered. In an instant, his breath soared and his muscles expanded.

"No, Captain tie is really angry. He has learned a unique skill recently. Is that it?" A bodyguard on the side was very surprised when he saw this scene.

"I hear it's captain iron's move. When used, it can instantly produce several times the power of the previous one. It's quite terrible!" Another bodyguard also whispered.

"Boy, you're fine. You can force me out of this move, but you have to die here today!" Iron Stone said quickly, and the speed was much faster than just now.

This time he learned the lessons of the previous two times. Instead of starting, he directly kicked Xiao Chen's body.

"Cang can, didn't you say that you only need to pass the test? Mr. Xiao Chen's ability has obviously reached the standard. Why should this iron stone kill Mr. Xiao Chen now? You should stop him quickly!"

Cang chestnut saw that the iron stone broke out in an instant, and immediately shouted to CANGCAN on one side.

After hearing this, CANGCAN just spread out her hands and said, "I can't do it now. It's between them."

The God Of Medicine Son-in-law Chapter 412

“Shameless!” Cang chestnut spat with hatred, and then looked at Xiao Chen. She knew that she couldn’t stop iron stone and Xiao Chen now. She could only pray that Xiao Chen could escape the attack of iron stone now.

Looking at Xiao Chen’s side, the iron stone kicked directly at Xiao Chen’s waist, and Xiao Chen simply blocked his left hand in the position where the iron stone was about to kick.

At this time, everyone around felt that Xiao Chen was really stupid now.

“This time, the iron captain will go down. This man is estimated to be gone.”

“Does this fool still think this is the previous strength? It’s not blowing. The iron captain can kick down. Even a tree can be directly broken!”

“Just pull it! How can you only break a tree with the strength of the iron captain? At least it’s a steel bar!”

.....

The bodyguards on the side are talking about it one after another. They all think Xiao Chen is really dead this time. It’s possible to be kicked to death by this kick.

“Die!” Iron stone’s feet have come to Xiao Chen at this time, and the strong force has also driven the strong foot wind. Blew Xiao Chen’s clothes.

Canglizi was extremely nervous at this time. She covered her eyes and dared not look at the situation here.

CANGCAN smiled again. Although he said on the surface that the current thing had nothing to do with him, Xiao Chen just frightened him. Now he didn't want Xiao Chen to leave so simply. We must teach him some lessons.

Cangbei's eyes were full of helplessness, because he knew that even the current iron stone could not pose any threat to Xiao Chen.

Sure enough, when this foot kicked Xiao Chen again, Xiao Chen directly stopped his attack with his left hand. Iron stone didn't stop when he was shocked. He put forward his left foot again and went straight to Xiao Chen's head.

"I don't believe you have such a god! It depends on how you guard this time!" The iron stone roared and kicked the other foot in the direction of Xiao Chen.

All the people around were nervous and stared at the attack.

However, nothing has changed. Xiao Chen continues to reach out and catch this foot.

Then he kicked a kick with great speed. Directly kicked the iron stone out and flew to the fountain stone altar not far away.

"Brother! Don't let them stop!" Cang chestnut immediately asks CANGCAN severely.

At this time, CANGCAN and his bodyguards were shocked. They could not imagine that this thin looking man had such strength and directly defeated the iron stone again and again.

At this time, the iron stone climbed up again from the fountain stone altar and was about to continue to rush up to fight Xiao Chen.

But CANGCAN stopped drinking: "all right, stop!"

Iron stone heard what his young master said. Also know that can not continue, can only stop their own pace, ruthlessly staring at Xiao Chen, it seems that there is still infinite anger in my heart.

“Not bad. I really don’t see that you still have such strength. I recognize you. You can really be our second sister’s bodyguard. That’s all for today.” CANGCAN said and walked towards the villa with her hands on her back.

Cang Li Zi put down his hanging heart at this time, came to Xiao Chen and asked, “are you okay?”

“Nothing.” Xiao Chen patted her clothes gently. Is still a face of light clouds.

“That’s good.” Cang chestnut patted himself on the chest.

“Boy, you are really strong. I agree with that, but you should remember. This is the Cang family, and your behavior will be restrained. Therefore, you should pay attention to working on our side in the future, okay?”

CANGCAN looks at Xiao Chen without any damage and says.

Xiao Chen didn’t take it seriously. When he entered the Cang family, his task began. After that, if the Cang family can’t find out anything, he will also take the Cang family’s hand and go to other families to investigate until he finds out the ghost in the Empire.

“Let’s go back.” Said Cang chestnut. He took Xiao Chen’s hand and walked outside the big iron door of the villa.

Seeing that Xiao Chen had just come in, he was treated like canglizhi. In particular, they seemed to have a very close relationship. Many bodyguards around were more or less jealous.

“I heard that he is a bodyguard. Do you think he will sleep in the same room with the second lady at night? It’s really exciting to think about it.”

“Come on, don’t you know the rules of the Cang family? You don’t want to do it anymore? Dare you think about it!”

“It’s OK to think about it. The key is that the second young lady is really too big. She has a big figure.”

The bodyguard said a little saliva.

At this time, CANGCAN and cangbei have entered the villa, and they sit opposite each other.

“What are you doing here today? Has that been done?” CANGCAN asks after sitting down.

“There were some problems last time, so we need to extend the deadline a little.” Cangbei glanced away.

“Another extension? Don’t you know how important this batch of materials is to us? This extension will extend all our construction periods in the future. Do you know how much loss it will bring?” CANGCAN said with anger on her face.

Originally, his subordinates were not in a good mood after being educated by Xiao Chen. Now that he knows the news, his mood is even worse.

“I can’t help it. It’s their production problem. There are omissions in many links. I can’t come back with a batch of unqualified materials. Then our loss will be greater.” Cangbei said, and his face became a little ugly.

Perhaps thinking of something, CANGCAN put away the ugly expression on his face, and then said: “recently, Kyoto is not very stable, many people have been investigated, and the things you have done are not particularly glorious. I suggest you go out and hide first, and then come back.”

After hearing this, cangbei was a little disapproval, waved his hand and said, “who will check that little thing? Now the outside investigation is all about the country.”

“Whatever you want.” CANGCAN said and picked up the teacup in front of her.

“There’s something I have to tell you.” Cangbei suddenly showed a dignified expression.

“Say.” CANGCAN glanced at him and said.

“This Xiao Chen is not an ordinary person, very unusual,” Cangbei said, crossing his hands and fingers against his chin.

“What do you mean? He’s really unusual. Otherwise, how could he defeat the iron stone?” CANGCAN doesn’t seem to understand the meaning of Cangbei.

The God Of Medicine Son-in-law Chapter 413

“I don’t mean that.” Cangbei shook his head and said.

“What’s that?” CANGCAN asks curiously.

“I’ve seen this man in the East China Sea. His strength is estimated to be much stronger than the general S-level strong men, and may even be stronger than some dragon level strong men. Moreover, his identity is very mysterious. It is estimated that he may have other purposes to enter our family.”

“He doesn’t just want to be the bodyguard of the second sister.” Cangbei said solemnly, and then looked at CANGCAN.

I heard what Cangbei said. The pale face also became heavy.

“If it’s true as you said, isn’t this man quite dangerous? But I’ve let him into our Cang family. Now if you drive him out, it’s not in line with the rules of the Cang family. Moreover, the second sister has been aware of it for so many years. If she annoys her, she finally exposed it outside, which still has a great impact on our family .”

“Although it’s true to say so, we must find a way to get rid of this man from our family. After all, if he stays in the family, it will pose a great threat to us. We’d better discuss it with your father and my father when we go back today.”

Cangbei stood up after saying that.

“Well, it’s natural to make it clear to them, but it’s best not to scare the snake recently. He just came in and didn’t dare to make any big moves. As for the specific purpose, we’ll find a way to inquire at that time.” CANGCAN also nodded.

That’s it. Cangbei left the villa, while CANGCAN sat on the sofa and kept thinking about how to deal with Xiao Chen next.

Xiao Chen followed Cang Lizi back home. Cang Lizi took out some daily necessities and clothes to Xiao Chen and said, “as a bodyguard, you can live with me in the future. Anything is more convenient. You can sleep on the third floor or the first floor.”

Xiao Chen smiled and took the things in her hand and said, “I’ll just sleep below. Thank you for your trouble, Miss Cang.”

“Where? It’s my blessing that doctor Xiao Chen can come.” Cang chestnut also smiled shyly.

Over the years, Xiao Chen is the first man to live so close to her. Although the relationship between them is only employment, canglizi will feel something special, and she doesn’t know what Xiao Chen thinks.

After some previous things, she still has a lot of good feelings for Xiao Chen. However, because Xiao Chen is now Hua xuwan’s husband, canglizi also has some estrangement in her heart.

However, she is also smart. After seeing Hua xuwan and Xiao Chen at the beginning, including Xiao Chen’s performance later, she probably guessed that the relationship between the two people is somewhat special, which may not be the kind of husband and wife relationship that Hua xuwan said on the surface.

One of them is easy to see. That is, if it is really a husband and wife, nothing else. It wouldn't be like this when they met, and she overheard their conversation at that time. It took less than two days to know their wedding.

Unless the feelings are particularly inappropriate, or acting or the like, there will be a husband who just got married and ran outside for two days, and he ran all day, which means that Xiao Chen is not much different from being single now.

However, the person who can make Cang Lizi think through all this is actually Zhao Yuxi. She found many details. After all, she followed Xiao Chen home, although she only came to the door. But that day she saw all the actions of Xiao Chen and Hua xuwan.

Although they tried their best to act, they still couldn't escape a woman's intuition, so Zhao Yuxi told Canglizi about it while Canglizi was taking care of her.

However, Xiao Chen naturally didn't know all this. His first priority now is to help Cang chestnut lift her curse. The first step to lifting this curse is to find someone who targets Cang chestnuts.

The problem at the hospital has been solved. In a short time, the person who curses can't find a replacement so quickly, and painting such a picture on his body will actually damage his life, although many people don't know about it.

But you can see the signs of aging in your body. Just like the two people on that day, they look older. In fact, it's not because they are really old, but because of the painting.

Otherwise, there is no price. If such a curse is so simple, the world will be in chaos.

"Miss Cang, now I want to ask you, who do you contact with the Cang family every day?" After thinking clearly, Xiao Chen asked Canglizi.

"Up and down the Cang family?" Cang chestnut hesitated slightly, and then made a thoughtful appearance.

Now Xiao Chen doesn't worry about Cang chestnut. After thinking for a long time, she gives herself a very shocked answer, because the curse smell on her body has been lifted a lot, so she is a normal person now.

"I come into contact with many people every day, most of whom are servants, such as the two uncles at our door, Grandpa and many other uncles or aunts." Cang chestnut gave a general idea.

"Are they all here now? Can you take me to see their situation?" Xiao Chen said again.

"Yes, they are here every day." Cang chestnut stood up, and Xiao Chen followed behind her.

In this way, they went out of the room one by one, and then came to the gate. At this time, the two security guards at the gate just sat inside and chatted. When they saw Cang chestnuts coming, they quickly greeted her:

"Miss Cang, where are you going to play?"

"Uncle Li, Uncle Wang, I'm not going anywhere. I have a new bodyguard around me. I'll introduce him to you." Cang Lizi said and pulled Xiao Chen out:

"His name is Xiao Chen. He is my personal bodyguard."

"Hello, two." Xiao Chen greeted the two old people very politely.

"Oh, that's good. Then miss Cang can rest assured to go out and play in the future." Both old people smiled kindly.

Xiao Chen also happened to observe their expressions at this time, and found that their expressions were very natural, and there was no strange smell on them, so he could roughly feel that these two people were just ordinary people, and there was no malice to Cang chestnut.

After greeting the two old people, Xiao Chen said goodbye to them, and then followed Canglizi to the next place.

“Neither of the two gatekeepers is?” Cang chestnut asked nervously on the way.

Obviously, she still cherishes them. It is estimated that they have been gatekeepers here for a long time.

“Well, No.” Xiao Chen nodded.

Hearing Xiao Chen’s words, Cang Lizi breathed a sigh of relief, and her heart fell to the ground. If both of them were, she was really hard to accept.

But not long after they left. The faces of Uncle Li and Uncle Wang suddenly showed a very solemn expression.

“The boy won’t see anything, will he?” Li Shudao.

“No, we’ve been hiding so well for so many years. There are so many people here that no one can break our array. After all, it’s arranged by our master Yuandi. Wouldn’t it be a shame if it was broken by such a young man?” Uncle Wang smiled and said.

“Yes.” Uncle Li said, restoring his usual kind face.

next. Cang Lizi took Xiao Chen to several aunts she often met.

“This is aunt Wan, this is aunt Yang, and this is aunt mu. Their daily work is to clean the sanitation around my house. I can live in such a good environment by them.”

Cang chestnut smiled while introducing. His smile was very pure and brilliant, just like introducing his mother.

She lost her parents very early, and then her dearest grandfather died, leaving her alone. Over the years, she has to be calculated by other people in the Cang family, so she can only regard the people around her as her closest people.

Seeing that she was so happy to introduce the three old aunts, Xiao Chen suddenly felt an unbearable emotion. After all, if he really lifted the veil of these people, it would be a big blow to Cang chestnut.

But on second thought, if she doesn't uncover these things, she will inevitably let Cang chestnut continue to be cursed and controlled, which is very important for her life. Isn't it more painful.

And Xiao Chen hates those who use the pain of others to achieve their own happiness. It's not too much to be called scum. What they get is only false. They don't really know what to do as a person.

It can even be said that such a person does not deserve to be called a person.

"Hello, Xiao Chen!" Several aunts who were working greeted Xiao Chen, and Xiao Chen responded one by one. The faces of each of the three people are also very kind, and there is no clue.

For the time being, Xiao Chen can only feel that there is no problem with these people in front of him.

After that, Xiao Chen followed Cang Lizi to visit other people, but they were all servants of the Cang family. There was no high-level or blood related person of the Cang family.

Finally, Cang chestnut took Xiao Chen to the room outside his uncle.

"Uncle Li, are you there?" Cang chestnut inquired outside the room.

After a while, Xiao Chen heard some noise inside, and then came out of a man with white hair. It seems that he is at least 70 years old. Nevertheless, Xiao Chen can still feel his spirit and brilliance in his eyes.

“Here comes chestnuts? What’s the matter? Are you playing chess with me again?” Uncle Li showed a kind smile, even with some dotting.

This is the expression that the elders of the general family will show to the descendants of the family, but Xiao chenmingming feels that there is no blood relationship between Uncle Li and canglizi. But why does this smile have such meaning?

And why he was so old, Cang chestnut still called him uncle, which also made Xiao Chen a little strange, but he didn’t ask it on the spot, but just smiled and said hello to the old man.

“No, Uncle Li, I just came here to introduce my new bodyguard. This is Mr. Xiao Chen. He has just entered our house today. He is my bodyguard now.” Cang chestnut smiled and introduced Xiao Chen.

Uncle Li was a little unhappy when he saw Xiao Chen say hello to him. He looked at Xiao Chen with very meaningful eyes and replied faintly: “in that case, I know. If chestnuts are all right, go back.”

Seeing that Uncle Li is so cold to himself. And there was something wrong in his eyes. Xiao Chen had some doubts about him.

Cang Lizi didn’t understand that Uncle Li’s attitude towards Xiao Chen was so cold, but she didn’t dare to ask more, because the old man was famous for his stubborn temper. Unless he wanted to change, no one could make him make any change.

“Who is this uncle Li from your Cang family? I don’t think he’s a servant, but his life is not particularly good?” After leaving the old man’s room, Xiao Chen began to ask Cang chestnut questions.

“This is my grandfather’s best friend and one of the heroes of our family. He worked for our family all his life and didn’t get a wife and have children. He always treated me as his own granddaughter. He’s very kind to me.” Cang chestnut explained.

“Never get married?” Xiao Chen felt a little curious when she heard this.

In fact, to some extent, a man will have the idea of giving birth to his next generation. However, some people can restrain this idea, but most people will choose to give birth, as long as they have a certain ability.

If Uncle Li came out with Cang Lizi's grandfather, it shows that he must have considerable ability in those years. Such a man was very popular at that time. At least it shouldn't be difficult for him to find someone to get married and have children.

But he is very strange to choose not to marry all his life, and has been working for the Cang family. The reason is worth pondering.

"Uncle Li, how good is his relationship with your grandfather?" Xiao Chen asked again.

"It's hard to say, but I remember grandpa said that Uncle Li blocked bullets for him." Cang chestnut recalled.

"In addition to this, what else is particularly profound, or what happened in your father's generation." Xiao Chen continued to ask.

"I was too young to remember my father's generation." Cang chestnut is a little helpless.

The God Of Medicine Son-in-law Chapter 415

"You don't think there's anything wrong with him?" Cang chestnut suddenly widened her beautiful eyes and said.

"It's possible." Xiao Chen looked dignified.

"No, no matter who will hurt me, Uncle Li won't hurt me." Cang chestnut quickly denied Xiao Chen's view.

“I’m just saying it’s possible. I still need to observe and analyze the rest for a few days before I can draw a conclusion. Don’t be too nervous, Miss Cang. What we’re doing now is just a hypothesis.” Xiao Chen used comforting words.

“Well, no matter what conclusion you draw, I still don’t want to believe that Uncle Li will harm me before it becomes a reality.” A trace of firmness appeared on the pretty face of Cang chestnut.

Xiao Chen smiled helplessly. He just said a possibility, but he didn’t expect Cang Chestnut’s reaction to be so huge.

However, all her reactions must be inseparable from the way her uncle treated her since childhood. As for why, he has no way to investigate this matter. After all, he was not born in the Cang family.

But according to the current situation, the possibility of leaving uncle is really large.

For the next two days, Xiao Chen still revolved among these people. Of course, he still made some time to see Zhao Yuxi every day. Cang chestnuts will follow Xiao Chen when they are free.

In a room that Xiao Chen and Cang Lizi didn’t know about in the Cang family, the servants who Cang Lizi had seen with Xiao Chen were sitting in front of them. At this time, a man in a strange purple black robe stood in front of them.

“You haven’t shown any foot? This boy has been around you since he came in.” Asked the man in purple and black.

“Report back to Lord yuan di. We haven’t shown any horse feet. Now the boy’s spearhead has been aimed at the old man Lichun. If he takes action, he may be able to help us get rid of this big trouble. At that time, there will be no obstacles to our plan.”

Uncle Wang smiled.

“Don’t think too simply about everything. This boy is not so easy to deal with. As soon as he came in, he saw a lot of things that ordinary feng shui masters can’t see. Moreover, the evil source smell I planted on the Cang chestnut was cleared away by this boy.”

“In the next period of time, my Lord, they will start to drive away the bastard. You just need to pay more attention and don’t be found by the boy. Our ceremony will be completed in less than three months. At that time, even if the boy finds it, it won’t be of any use.”

Yuandi said and laughed.

“Yes, at that time, I can congratulate Lord Yuandi for his perfect merit and virtue, and then I can return to the Qingyuan lake.” Uncle Li also laughed.

“All right. You all step back and stay vigilant!” Yuandi disappeared as soon as he said it. It seems that he should also be a cultivator, but what he practiced must not be a legitimate Taoism.

On the other side, canggaoshan, canghaicheng, CANGCAN and cangbei gathered in an office of cangjia building for a meeting.

“Dad. Now this Xiao Chen has entered our Xiao family, I think. We should take more precautions. The wind outside is very tight recently. If some of our things are exposed, it may cause a lot of unnecessary trouble.” CANGCAN said solemnly at this time.

“Of course I know this. There’s no need for you to tell me. It’s just that the identity of this boy named Xiao Chen is a little complicated. Even if I pass the above power, I can’t find out. If he is really just an ordinary boy from the countryside.”

“He can’t have such strength, let alone the Dragon level. Even if a B-level warrior appears in Kyoto, he will soon be recruited by some big families and can’t stay until now. Moreover, his marriage with the Hua family is also strange. Some people say it’s a fake marriage.”

Cang Gaoshan also said with a serious face.

“Uncle. Dad, just look at this.” Cangbei took out two newspapers at this time, but it was not the newspaper in Kyoto, but the newspaper in Donghai. It was Donghai daily, which just wrote about some things Xiao Chen had done in the Donghai incident.

Xiao Chen’s name was also printed on it.

“The name is the same, but there are still some differences in appearance. It should not be a person.” Shen Haicheng frowned after reading it.

“I’m not sure. You know, if this person’s strength is really above the Dragon level, it’s still possible for him to change his appearance a little.” Canggao mountain road on one side.

But then he changed his subject:

“Didn’t this guy die in the battle with the desert God of war? I know the power of the desert God of war. His strength is infinitely close to the God level. No matter how strong he is, it’s really not easy to die with such an expert. He should not be able to survive.”

“This matter is not easy to judge.” Cang canzai is also studying with a newspaper.

“Anyway, we still need to drive this guy out of our Cang family as soon as possible, otherwise when he detects something, it may have some bad impact on our plan. And now he is helping Cang chestnut, so our plan in three months can’t be implemented.”

Cangbei made a conclusion.

“There’s nothing wrong with saying so, but our problem now is how to find the handle of this boy? We can’t touch the Hua family, whether he is a fake marriage or true. If we move him, it’s tantamount to offending the Hua family. You know, the old guy Hua Wenfeng is not so easy to mess with.”

Cang Haicheng is a little distressed.

“Yes, the biggest problem now is here. This boy is from the Chinese family now. The Chinese family is not a good thing to mess with. Although they are disliked by many people in the whole Kyoto, their hard power is there. It is also a very important position in the Empire. If we offend them, our plan will be more difficult to complete.”

Cang Gaoshan is also worried.

“What should we do? We can’t let this boy check on us. Some mistakes will happen one day. Even if we don’t have a needle around us every day, it’s really uncomfortable, isn’t it?” CANGCAN still seems to want to get Xiao Chen out of Cang’s house.

“We need to take our time.” The sea becomes the way.

The God Of Medicine Son-in-law Chapter 416

“Well, that’s all we can do now.” Gao Shan nodded.

So the meeting ended in nothing, but in the next period of time, the people of the Cang family still used some restrictive means to Xiao Chen.

However, all this was something Xiao Chen had expected for a long time. During his investigation during this period, he did not find any improper situation. It can even be said that Xiao Chen has no clue now.

Because after investigation for such a long time, except that there are still some doubts about the uncle, everyone else stays with Cang chestnut like an ordinary person. No matter how closely Xiao Chen looked at these people’s actions, he didn’t find anything strange.

“Mr. Xiao Chen, I think these uncles, grandparents and aunts around me should really have no malice towards me. Maybe they cursed me in other ways, which may not be enough.” Cang chestnut said some of her views at this time.

Xiao Chen shook her head and said:

“This is impossible, because if a person wants to curse you this kind of evil, he must find a way to contact you, or send someone to contact you. Otherwise, he can’t curse you for no reason, unless he is not a human. He has become an immortal.”

“If he is really an immortal, do you think it is necessary for him to work for your family? This only shows that the problem is still among the servants of your family, but the other party’s means are very clever, so I can’t identify the root of the problem for a time.”

“In this case, what should I do? Even Mr. Xiao Chen can’t see the key to this problem, so I’m hopeless.” There was a look of despair on Cang Chestnut’s pretty face.

Seeing this, Xiao Chen quickly comforted: “Miss Cang, you’re not too worried now. You’ve been here for so many years, and it’s not bad. Isn’t it now? And now the situation is only temporary. I believe there will be results soon.”

“Really? Thank you very much, Mr. Xiao Chen. I’ve always accepted Mr. Xiao Chen’s kindness. I really don’t know how to repay you.” Cang chestnut suddenly seemed to ignite hope.

“There’s no need to thank anything. There’s a saying that since meeting is fate, there’s this fate between you and me, there’s no need to say so many polite words.” Xiao Chen smiled faintly.

Hearing what Xiao Chen said, especially the word “fate”, Canglizi’s heart suddenly got a little excited and got along with each other for so many days. She found that Xiao Chen was really a pretty good man.

In addition to the daily investigation, Xiao Chen will help her take care of the flowers at home, clean up, and even prepare some meals for her, which can be packed and taken to the hospital.

Moreover, Xiao Chen’s craftsmanship can be said to be quite clever, and such a man can have strong medical skills and martial arts. He is simply the perfect man that all women want to pursue.

Although Xiao Chen may not have much money. However, as the young lady of Cang family, she will not lack anything in terms of money. If she can really become a couple with Xiao Chen, it will be the happiest thing in her life.

But now she is not sure what the relationship between Xiao Chen and the Hua family is, but she feels that if she can get Xiao Chen now, she will be happier than the curse on her body has been removed.

Xiao Chen naturally didn't know what Cang chestnut thought. His main thing now is to get rid of the curse on Cang chestnut. Because he vaguely felt that the matter was not just aimed at canglizi, and there seemed to be other conspiracies behind it that had not been uncovered.

"Mr. Xiao Chen, you've been in my house for so long, and I haven't washed the dust for you. Why don't we go out for a meal today?" Cang chestnut suddenly said.

"Eat?" Xiao Chen was slightly stunned. Now his focus was on how to detoxify Cang chestnuts. He wanted to stay in the Cang family courtyard 24 hours a day. Now Cang chestnut invited him to dinner, but he was still reluctant, so he thought:

"Miss Cang, don't eat anything. We've known each other for a long time. Now we should focus on our own affairs. Isn't that what you care about?"

"One yard to one yard. I still have to do what I should do. Otherwise, how can I be worthy of your paying for me like this? Otherwise, I'll call Zhao Yu. Speaking of it, none of the three of us had dinner together after we met. This can also take care of her mood."

Cang chestnut smiled.

Xiao Chen was a little helpless and said it for his own sake. If he refused again, he was indeed a little ruthless, so he nodded and said, "well, please Miss Cang."

"No trouble. And Mr. Xiao Chen doesn't have to call me miss Cang all the time in the future. It feels strange. Just call me chestnut directly. That's what everyone calls it, and I like to listen to it." Cang chestnut said and smiled, his eyes bent into crescent moon.

After hearing this, Xiao Chen nodded and said, "OK, I'll call you chestnuts from then on."

"Yes." Cang chestnut nodded quickly after listening, looking very happy.

After that, she went upstairs to make a restaurant reservation.

Seeing Cang chestnut like this, Xiao Chen couldn't help feeling that if so many unfortunate things didn't happen to her, maybe she should live better now. Bring more joy and warmth to more people?

However, when I think about it, I don't think it's the same thing. If she has lived with the wind and water since childhood, it's likely that everything will change. After all, some things the day after tomorrow will change a person a lot.

While Xiao Chen was thinking, suddenly the mobile phone rang and took it out for a look. It was Hua xuwan who called himself. When he answered the phone, the questioning voice came from the other end: "where have you been? I haven't seen your figure for several days. There will be another meeting at home. Come back quickly."

"I....." Xiao Chen just wanted to explain, saying he didn't have time to go, but he had hung up at the other end.

He couldn't help laughing helplessly, so he called Hua Wenfeng again.

"Hello, old Hua."

"Is it Xiao Chen?"

"Yes, it's me, Xiao Chen. I want to ask you what meeting is going to be held today?"

"Oh, it's just a simple meeting. I'll let Xu Wan go."

"Then I don't have to participate?"

The God Of Medicine Son-in-law Chapter 417

“You’d better go to one. Of course, two together is the best.” Hua Wenfeng’s voice was tinged with a smile.

“Oh, then please tell Hua xuwan that I can’t attend.” Xiao Chen said with a trace of guilt.

“OK, I know you’re busy outside. Just be busy.” Hua Wenfeng’s voice is still full of kindness.

“Thank you for understanding me.” Xiao Chen was still a little moved. Since Hua Wenfeng was cured by himself, everything was thinking of him.

When I was in Wuling. Any request he put forward is also responsive. From him, Xiao Chen experienced the care of his elders for his younger generation. It’s just like how his grandfather Xiao Qingyuan treated himself when he was a child.

After hanging up the phone, Xiao Chen sorted out her emotions a little.

He saw Cang chestnuts running down with a happy face and said, “Mr. Xiao Chen, we are so lucky. Today, we booked the only lucky position in Warner noble restaurant, which can’t be exchanged for anything with money.”

“Oh, really? That’s really lucky.” Xiao Chen smiled. Although he didn’t know what it meant, he usually met such a situation. He just needed to agree with each other a little. Anyway, he didn’t care about these. Compared with this, he wished he could know the identity information of these people around Cang chestnut immediately.

Thinking of this, Xiao Chen suddenly had a flash in his mind. By the way, to know their real identity information, you should ask the relevant figures who support his empire behind him.

So he made a plan, sent a message to a mysterious man, and sent the information of these servants of the Cang family.

Soon, the other party replied with information, which is almost the most comprehensive information. They even know where people were born and where they read in primary school, junior middle school and senior high school.

After reading it, Xiao Chen was very shocked. What shocked him was not that the identity of these people was very special. But shocked by the acting skills of these people, they really did a lot of hard work in order to curse Cang chestnuts.

Because Xiao Chen found that these people have one thing in common, that is, they have all been to a mountain called zuwu mountain and lived for a period of time. Although he has never heard of zuwu mountain, he knows from the name alone that this mountain is likely to be a mountain related to the curse.

Then it's easy to do next. As long as canglizi expels these people from the family, her curse will naturally stop.

But he was not in a hurry to tell Cang chestnut the news. First, she will definitely not accept it for the time being, and firing these people at one time will also attract the attention of others in the Cang family. Such behavior should not be too obvious. We must come up with a comprehensive plan.

Just when Xiao Chen was happy that he had received such meaningful news, canglizi suddenly appeared in front of him in a pink dress.

A pair of rabbit ears are still hanging on his head.

Seeing this scene, Xiao Chen was stunned. It was not because of anything else. It was just that this suit was tailor-made for canglizi. It was too suitable. With her naturally charming and lovely cheeks, she is completely the feeling of a pure Lin little sister.

Except for her outstanding peaks, everything else makes people feel pity. However, after seeing the pair of towering snow peaks, many men can't help thinking of something they shouldn't think of.

"Mr. Xiao Chen, do I look good?" See Xiao Chen staring at himself for so long. Cang chestnuts could not help but have a faint red glow on their pretty face.

“Good looking, of course. Chestnuts are naturally beautiful. With this set of clothes, it’s perfect, perfect in perfection.” Xiao Chen smiled.

“Really?” Cang chestnut immediately widened her beautiful eyes. Although she had been praised since childhood, she didn’t know why she was praised by Xiao Chen. She felt her heart as sweet as honey.

“Of course it’s true.” Xiao Chen slightly took a trace of serious language.

This is indeed his heartfelt words. It can be said that there is nothing to be picky about the appearance of Cang chestnuts. Although she is not the kind of person who can be particularly amazing at first sight, she is also in a good posture.

“Then let’s go!” Cang chestnut said and happily took Xiao Chen’s hand. Just pull him to the door.

After a while, they got on the bus. Because they didn’t know where the restaurant was, they still asked Canglizi to send Xiao Chen a location first, and then he drove off. It was not the restaurant that didn’t go, but Zhao Yuxi who went first.

When she came downstairs, Xiao Chen sent Zhao Yuxi a text message.

Soon, Zhao Yuxi came out in a very pure dress, which was completely in line with her own temperament.

After seeing Zhao Yuxi’s dress, Cang Lizi quickly praised him: “Zhao Yu, you are so beautiful! You are a fairy falling from the sky!”

Zhao Yuxi is not as lively as before. Instead, he smiled and replied, “thank you, you too. You are very beautiful today, so you got on the bus.”

Xiao Chen didn’t say anything when he saw her like this, although he felt that something was missing. But he also knows that Zhao Yuxi has not completely come out of the previous things, and she still needs some time to heal her wound.

“Let’s go! Let’s go to Warner noble restaurant!” Cang chestnut shouted in a very delicate voice, which was a bit like a child.

After hearing this, Xiao Chen couldn’t help laughing.

Seeing Xiao Chen smiling, Cang Lizi said, “Mr. Xiao Chen actually smiles very well. You don’t laugh much at ordinary times. Just smile more. Smile for ten years.”

Xiao Chen didn’t say anything. She saw Zhao Yuxi sitting in the back through the rearview mirror. She could clearly see the lost look on her face.

So he turned to Zhao Yuxi and said, “have you decided what to eat tonight? It’s a special treat for rich chestnut women tonight.”

“Yes, Zhao Yu, you don’t know. We are very lucky today. We have booked a lucky position and will have a mysterious gift!” Cang chestnut also smiled and looked back at Zhao Yuxi.

Zhao Yuxi reluctantly smiled and said, “that’s nice.”

Xiao Chen had to concentrate on driving first. After all, Zhao Yuxi’s recovery is not something that will happen for a while and a half.

The God Of Medicine Son-in-law Chapter 418

Cang Lizi also seemed to find that Zhao Yuxi’s mood was wrong and restrained a lot. Along the way, the car seemed a little silent.

“You don’t have to care about me. Just talk about yours.” Zhao Yuxi suddenly spoke behind his back.

“Zhao Yu, in fact, I really understand your feelings. Although I really can’t do anything about it now, I will help you once I have a chance!” Cang Lizi said to Zhao Yuxi very affectionately.

“No, your business is actually very troublesome. It’s not particularly serious for me. It’s over if I don’t care so much.” Zhao Yuxi gently waved his hand.

“It doesn’t matter. There is still a long way to go. We have plenty of time.” Xiao Chen said.

“Well, yes, we have plenty of time. We are still young!” Cang chestnut said and squeezed a fist.

“Yes.” Zhao Yuxi really smiled this time, and his expression was not so sad.

Because they chose the night time, the night scenery outside was still relatively beautiful, and there was no traffic on the way. The three almost showed the night scenery of the whole Kyoto, and Zhao Yuxi had a lot more smiles on his face.

Soon came to the hotel, which seems to be a combination of China and the west, so there are not only many people in China. There are also many foreigners. After entering, you can also see waiters from different countries.

“Hello, how many? Do you have a reservation?” As soon as I came in, a waitress with long legs and black silk stockings greeted me.

“Yes, this is our reservation number.” Cang Lizi said and gave the waiter a look at the number he had previously booked on his mobile phone.

After the waiter looked at it, there was no blessing or cheerful look on his face, but a slight frown.

“What’s the matter?” Xiao Chen noticed something wrong.

“Three. I’m really sorry. This position has been reserved by a very important guest tonight. We’re very sorry. What do you think we can arrange the best private room for you? You can order the things in the store.” The waiter said in a rather guilty tone, and his face was full of apologies.

“Well... Didn’t your hotel say that you can’t buy that location with money? How can you do this now. You’re not responsible for our consumers.” Cang chestnut also felt great loss at this time.

“I’m really sorry. We really can’t help it.” The waiter has nothing else to say now. She can only apologize to the three people.

Xiao Chen knew that there was no use in looking for a waiter, so she said to the waiter, “please let your boss come out.”

“Sir. If the boss is not here, we can only find the manager.” The waiter is polite.

“Well, then call your manager out.” Xiao Chen said faintly.

“OK, just a moment, please.” The waiter said and stepped back into the room.

After a while, a middle-aged man in a suit and glasses came out of the room with the waiter.

“Three. I’m really sorry. Tonight’s lucky seat has been booked by a very important guest. This is really our dereliction of duty. You want any compensation. We are willing to meet you. I hope you can forgive me.” The man also began to apologize to Xiao Chen as soon as he came out.

“Of course, I don’t want you to apologize or take advantage of your hotel. I also know that some things will change, but I just don’t understand how important this guest is to invalidate the lucky number we draw among hundreds of people?”

Xiao Chen didn’t seem to be questioning, but seemed to be condemning the whole hotel.

Hear Xiao Chen’s words. The man and the waiter on the side also looked ugly.

Just then, a bald man in a suit and tie with a big belly came in. When he saw the man in a suit standing in front of Xiao Chen, he immediately said hello:

“Hey. Isn’t this our senior manager? Why is it here? Has my position been reserved for me? I’m going to meet an important guest tonight.”

“Mr. Fan, the position has been ready for you. Everything is ready.” The Manager Gao quickly paid homage to the bald general manager fan.

After hearing this, the bald man smiled happily, and then prepared to leave. Suddenly, he saw the tall snow peak of Cang chestnuts. He immediately stopped and said to Manager Gao, “Manager Gao, what’s the situation with these people?”

“Oh, this is the wrong place for us.” Manager Gao hurried.

“The wrong place? This little beauty, where do you want to sit? Why don’t your uncle help you find it?” Fan Guiwei said he was about to start, but suddenly he felt a force pouring out of his side. He pushed him directly into the wall and almost hit it.

“What are you doing?” Fan Guiwei immediately became angry. As a famous entrepreneur in Kyoto, he is usually low-key, but he can’t be arrogant to him when he meets someone on the road, and now there are so many people watching him.

Hearing his voice, many people who were eating immediately turned their eyes.

“Your dirty hands don’t know what I’m doing? I just taught you a lesson. If you dare to move, I’ll let you taste what life is better than death!” Xiao Chen said, revealing the murderous opportunity in her eyes.

“You... Who are you? Manager Gao, how can your hotel let such a person in? Let the security guard drive him out! Such dangerous elements can still stay in the hotel? It’s a bad day?” Fan Guiwei immediately roared.

“Oh, no, Mr. Xiao Chen, don’t be angry. He hasn’t done anything to me.” Cang chestnut hurried forward to catch Xiao Chen.

“It was this man who occupied our lucky position. I thought he was an important guest. In such a restaurant, we don’t eat here!” Xiao Chen said and took Cang chestnut and Zhao Yuxi to the door.

“Sir! Sir...” the manager behind him was a little embarrassed, but he didn’t dare to chase Xiao Chen for fear of offending fan Guiwei.

“Why are such guests coming? It’s just affecting the mood of eating. Manager Gao, please bring me some medicine. In addition, I must keep the monitoring tonight. I’ll sue this smelly boy at that time!” Fan Guiwei said, holding his waist and slowly walking towards his seat.

“Come on, Mr. Fan, be careful!” Seeing this, the waitress hurried up to help him.

The God Of Medicine Son-in-law Chapter 419

“Mr. Xiao Chen, that’s not very good. The man you just hit seems to have a big background.” Cang chestnut was pulled to the back of the car by Xiao Chen all the way.

“Don’t worry about such people. He deserved it.” Xiao Chen still seems a little angry.

In fact, he didn’t care much about the lucky location at first, but when he came to the hotel, he saw such a situation that he said he could not be bought or occupied by other forms, but now he is still bought.

If this fan Guiwei is a real identity, it is extraordinary and has a certain status. Xiao Chen won’t feel anything about people who have made certain social contributions, but the problem is. After seeing Cang chestnuts, fan Guiwei showed the kind of eyes that only a s*x wolf can have.

Xiao Chen knew at a glance that such a person was not a really important person. On the contrary, seeing his attitude towards the hotel manager, he knew that this guy was estimated to be some rich people who might have a good relationship with the owner of the hotel, so this scene appeared today.

“Mr. Xiao Chen, the hotel is monitored. What should we do if that person complains about us or wants to retaliate against us?” Cang chestnut is still very worried at this time.

“Don’t worry, chestnut. I’m your bodyguard. If this man wants to fight us, I’ll let him know what real despair is!” When Xiao Chen said this, his eyes released a very angry light.

Even Cang chestnut felt a little scared after seeing it. It was the first time she had seen Xiao Chen like this since she met Xiao Chen. Nevertheless, she still didn’t say it. Of course, she didn’t dare to say it. After all, Xiao Chensheng was so angry because of her.

It was because the lucky table she had booked was taken away that he was so angry. When he thought about it, Cang chestnut felt a little happy.

After a while, Xiao Chen suddenly calmed down a lot. He realized that he seemed to have been a little too angry before. At the same time, he also felt very strange why he suddenly became like this.

Even in the original time, if I saw today’s situation, I wouldn’t say more, or even take the initiative, at least I wouldn’t give such a hard hand like today.

After thinking about it, it seems that he has been influenced by practicing the Jue of extreme Tao, but he is not sure whether there is a specific relationship between the two.

“Now let’s go to another restaurant for dinner. We can’t spoil our mood all night because of this one person.” Xiao Chen drove along the road.

“Well, let’s go to Baiyu hotel. Everything there is good. There shouldn’t be so many people now.” Cang chestnut thought and said.

Zhao Yuxi sat in the back and didn’t say anything. In fact, she was just frightened by Xiao Chen’s appearance.

Although she didn’t know Xiao Chen for a long time, from the beginning to now, Xiao Chen has always been a gentleman, and rarely speaks and gets angry. But now it doesn’t seem so.

Once he gets angry, his appearance is still quite terrible, which makes people feel a little extreme, but she doesn't dare to say anything. This kind of thing is the best only when Xiao Chen realizes it. Otherwise, if he says it from someone else's mouth, he always feels that something is missing.

This time. There was a special silence along the way. The reason was nothing else. It was caused by Xiao Chen's previous anger. Now the three people are thinking about that thing.

Xiao Chen is introspecting, while the other two women are constantly considering and recalling Xiao Chen's previous performance.

You know, if Xiao Chen is in such a situation, if one day she is out of control, it is actually a very dangerous existence to put her around them.

After a while, the three came to the Baiyu hotel. This is a typical Chinese restaurant. Compared with the one I just went to, there are a lot less people, but it's not particularly few. There are still some people inside.

After all, this is also a four-star hotel. Seeing the three people coming, a receptionist quickly greeted them: "Hello, three. Do you have an appointment? Or just came here?"

"Oh, we just came here. Please choose a position for us." Cang chestnut smiled.

"OK, three, this way, please. There are just two seats for four. I don't know which one you want to do?" The receptionist took the three to the left of the hotel.

All three of them followed her and soon came to a middle position.

"Shall we sit here? Or?" Cang Lizi turned and looked at Xiao Chen and Zhao Yuxi.

"Anything." Xiao Chen said faintly.

“Yes.” Zhao Yuxi also nodded and seemed to agree with Xiao Chen.

“Ah... Let’s sit here.” Cang chestnut turned back and said to the receptionist.

“OK, those three, please sit down. I’ll get the menu right away!” The receptionist said and walked quickly towards the front desk.

After sitting down. The three fell into silence again. Xiao Chen kept running the Jidao divine formula. He wanted to try whether this skill would affect his mood, but after running for a long time, he found that it didn’t have much influence.

However, he later found a very strange situation, that is, the flame smell of the Oriental God of war that had been destroyed after the last self explosion with the desert God of war. At this time, he suddenly jumped up.

And the feeling is not generally strong. It seems that as long as he wants, he can become the original Oriental God of war again in an instant, and this seems to be the most fundamental reason for his emotional change.

After testing for a long time, Xiao Chen determined that it was caused by the flame beating in his body, but now is not the time for direct test. He has to wait until he goes back in the evening to find a time to go out and try all his strength now.

“Mr. Xiao Chen, would you like to order? Mr. Xiao Chen?” The sound of Cang chestnuts came into Xiao Chen’s ears.

“What?” Xiao Chen woke up, then took the menu, ordered a few dishes casually, and then returned Cang chestnuts.

“Mr. Xiao Chen, are you sure you want to eat this?” Cang chestnut was a little confused when he saw Xiao Chen’s order.

“Ah? Whatever.” Xiao Chen’s mind at this time was not on eating, so he directly agreed to what Canglizi said.

The God Of Medicine Son-in-law Chapter 420

“All right.” Cang chestnut was helpless, so he handed the menu to the receptionist.

“Three, are you sure you want to eat this?” The receptionist was stunned when she saw the options on the menu.

Cang chestnut turned to look at Xiao Chen and found that he didn’t pay attention here, so he nodded with some hesitation and said, “that’s it.”

“Well... Well, please wait a moment.” The receptionist said and left with the menu.

Zhao Yuxi looked at Xiao Chen strangely and asked, “Xiao Chen, why do you order so many noodles this big night?”

“Face?” Xiao Chen was stunned. Didn’t he just order some homely dishes?

“That’s right. You ordered five bowls of noodles, such as shredded pork noodles with green peppers, noodles with mushroom ribs and so on.” Zhao Yuxi repeated Xiao Chen’s order again.

“Ah? I don’t want noodles. I want to order. Let the receptionist return quickly.” Xiao Chen hurriedly stood up.

“Well, don’t worry. I’ll return it.” Zhao Yuxi said and stood up. Now she is sitting in the outermost position, so it is most suitable for her to go.

When you get back. Zhao Yuxi said, “I changed those into vegetables.”

“Yes.” Xiao Chen nodded.

At this time, the Cang chestnuts sitting on one side suddenly burst into laughter.

Xiao Chen was still thinking about the flame of the God of war in her body. When she saw that she suddenly laughed, she couldn't help but turn her eyes to her.

Zhao Yuxi on one side was stunned when he saw this scene, and then laughed. The more they laughed, the louder they laughed, which immediately attracted the attention of others in the hotel.

Xiao Chen was a little helpless. She didn't know what the two girls were laughing at, but think about it. At least the atmosphere was much better, and there was no need to become very embarrassed as before.

So he laughed with them. At this time, several big men who looked careless came over, and the man in the lead was a green man.

“Two beauties, seeing that you are so happy, I don't know what happy things have happened to make you so happy?” The leading man said with a toothpick in his mouth.

Cang chestnut saw several big men who suddenly gathered up. Suddenly his face changed and looked at them in fear.

“What do you want?” Xiao Chen stood up at this time.

“Oh, you want to stand out? You don't look at your appearance. You're worse dressed than those who set up stalls. Just like you, you deserve to flirt with your younger sister?” The man took a step forward and prepared to push Xiao Chen away.

But just after his hand touched Xiao Chen's body, he immediately took his hand back like an electric shock.

“Lying in the trough, your boy has a fever to this extent. Don’t you hurry to see a doctor? Are you looking for death?” The man shook his hand and said.

“You want to die? I think you want to die?” Xiao Chen said, the flame breath in his body surged up in an instant, punched out, and directly beat all the big men in front of him out.

And there are some black parts on their bodies, as if they had just been burned.

“Mr. Xiao Chen, don’t beat people here... Ah!” Cang chestnut was going to come up and hold Xiao Chen, but when her hand sprayed on Xiao Chen’s hand, she shrank back directly as if she had encountered something very hot.

“What’s going on?” Zhao Yuxi picked up Cang Chestnut’s hand and was surprised. Because there was a big burn on Cang Chestnut’s hand, it was obviously caused by touching something very hot.

Is Xiao Chen really burning up now?

Zhao Yuxi just wanted to confirm, but Xiao Chen suddenly flashed out of the hotel and disappeared.

Now Xiao Chen has felt that the flame breath in his body is about to be suppressed. He must find a suitable place to release it, otherwise it may cause more trouble.

It is running at full speed. Xiao Chen moved very fast. He couldn’t see the shadow of his movement on the road at once. He could only see a track on the road.

Later, Xiao Chen found that everything he met seemed to be melting.

So he flew directly above the sky. After a long time, he didn’t know how high he was, but he felt that there seemed to be thunder around him.

Then he stopped, and then he was surprised to find out. With the beating of the flame breath in his body, the thunder robbery breath on his head is becoming more and more fierce.

At this moment, he seemed to understand something. This is what Nangong Lengshan said earlier. If you cultivate to a certain extent, it will cause the rejection of the surrounding heaven and earth. Which triggered a thunderstorm.

After so many days of cultivation, Xiao Chen's vitality has reached a limit. Although he doesn't know how to make a breakthrough, it's time to make a breakthrough first.

That's why he needs to find a place to make a breakthrough. As for the beating breath of fire in his body, Xiao Chen doesn't have a special understanding. Maybe it's just an act of self-protection.

After all, in the previous period of time, he was also in great danger, and the smell of fire would appear.

Thinking of this, Xiao Chen was a little relieved.

Suddenly, bursts of thunder began to appear above his head, and the flame breath in Xiao Chen's body quickly began to spread to his whole body. A powerful force made Xiao Chen feel incomparably comfortable.

"Boom!" The thick and thin thunder of the bucket fell. Straight split on Xiao Chen's head.

But all of a sudden, it offset each other with his flame breath, and there was nothing left on Xiao Chen's body paper.

Xiao Chen seemed to feel that it was not exciting enough, so he flew directly into the robbery cloud. As soon as he went in, he saw that all kinds of thunder robbers were not only generated, but seemed to be splitting on his head.

Thinking of this, Xiao Chen simply hit it directly. Instead of waiting for the other party to attack, it's better to fight first!

"Boom!" There was a loud noise in the whole robbery cloud, but then the robbery cloud was shrinking and finally swallowed up by Xiao Chen.

At this time, Xiao Chen could feel that there was the power of lightning beating in his body. Then he combined with the original flame breath and sank into the Dantian.

At this time, Xiao Chen found that he could control both forces at the same time, which was many times stronger than his previous self.
