The God Of Medicine Son-in-law Chapter 421

I don't know if it's a blessing in disguise, but Xiao Chen is quite happy at this time. After all, he can understand a new realm under such circumstances, but no one is guiding him now.

So he still doesn't fully understand everything.

After thinking for a while, Xiao Chen flew down and returned to Baiyu hotel according to the original path.

That's when he found out. My speed is more than twice or even three times faster than before.

This matter also made him feel a little happy, but then he also found out. At such a fast speed, the energy consumption is several times that of the original, but his energy has increased to more than three times that of the original. In fact, such consumption is nothing.

Fundamentally speaking. Or he got stronger himself.

After a while, Xiao Chen returned to the Baiyu hotel again, but at this time, many people in the hotel were gone, Canglizi and Zhao Yuxi were also gone, and the previous big men were also gone.

So Xiao Chen went to the front desk and was just about to ask what, but the front desk staff saw Xiao Chen as if they had seen a ghost and fled one after another.

Xiao Chen reacted. His previous ability was really shocking. Then he remembered that Canglizi and Zhao Yuxi might have gone to the hospital.

Because Cang chestnut seemed to have accidentally touched himself, which may have caused quite serious damage to her hand. After all, the temperature on him at that time was so high that he couldn't predict.

Thinking of this, Xiao Chen quickly set out and rushed to the nearest hospital nearby. As soon as he arrived, he saw that the hospital seemed too busy to win. It seemed that several injured people had just been delivered.

“Hello, did two girls just come to the hospital?” Xiao Chen asked a doctor casually.

“Yes, who are you?” After hearing Xiao Chen’s problem, the male doctor looked up at him.

“I’m their friend. Can you tell me where they are now?” Xiao Chen said.

“They are in the emergency room on the first floor. Go straight ahead and you can see it.” The male doctor said and pointed to a room not far away.

“Thank you.” Xiao Chen said and walked towards the room. Sure enough, I found that many people are inside now, and Zhao Yuxi is sitting in a chair on the side outside.

“Are Cang chestnuts in there now?” Xiao Chen asked directly.

After seeing Xiao Chen, Zhao Yuxi was stunned. Then a trace of fear flashed in his eyes and said, “she’s inside. Her hand is badly burned. The doctor is dealing with it.”

“I’ll go in and have a look.” Xiao Chen said she was going to go into the room.

“Hey, she’s taking medicine now. Aren’t you abnormal now? Didn’t you delay the doctors when you went in?” Zhao Yuxi said and took Xiao Chen’s hand.

Seeing Zhao Yuxi holding his hand directly, Xiao Chen also felt that the girl was really brave. But he smiled again and said, “you see, you’re holding me now. Can you feel anything wrong with me?”

Zhao Yuxi realized that he had held Xiao Chen’s hand and quickly let it go like an electric shock, but he was puzzled and said, “why does your hand seem to have no problem now?”

“Just had some small accidents, and now it’s all right. I’ll go in and treat them.” Xiao Chen said and walked towards the emergency room.

After opening the door, Xiao Chen found a female doctor applying medicine to Cang chestnuts.

So Xiao Chen went over directly. He said to the doctor, “please get out of the way and let me treat her.”

The doctor was stunned. Looked at Xiao Chen and said, “where did you come from? Now she has been badly burned. If she doesn’t deal with it, it’s estimated that this hand will leave a big scar.”

“Mr. Xiao Chen?” Cang chestnut looked up at Xiao Chen, and his eyes immediately showed the color of fear.

Xiao Chen was helpless, so she ran the Qi of yin and Yang and flew directly to Cang Chestnut’s hand. Then all the injuries on her hand disappeared.

The doctor was still preaching to Xiao Chen and turned his head. I found that Cang Chestnut’s hand was already good. I couldn’t help but directly took off my gloves, wiped my eyes, and then opened it to see that Cang chestnut was really good.

Cang chestnut also felt his hand at this time. So she took her hand back and looked at Xiao Chen. She knew that Xiao Chen did it.

At this time, Xiao Chen came to several other hospital beds. Here lie several big men who came to find trouble first. Now they are all dying by Xiao Chen’s fist, so Xiao Chen waved his big hand and injected some yin-yang Qi into their bodies.

For the time being, he cured their fatal injuries, but he did not treat some minor injuries, which was regarded as a punishment for them.

Soon, Cang chestnut was discharged from the hospital.

At this time, Zhao Yuxi and her two people were very curious about Xiao Chen. Although they were a little afraid, now curiosity accounted for the majority.

“Mr. Xiao Chen, what happened to your previous situation? How do I feel that you were unable to control yourself at that time.” Cang chestnut asked timidly.

“I’m sorry that you didn’t control me, but I can’t control myself. I’m really sorry that you didn’t control me.”

Xiao Chen said and bowed to Cang chestnut with great sincerity.

“Ah... Mr. Xiao Chen, in fact, you don’t have to do this. Didn’t you cure my hand? Although I don’t know what happened to you earlier, I still believe you are a good man.” Cang chestnut quickly waved his hand in embarrassment.

“Of course, I have to admit that I did something wrong. Otherwise, how can I deserve you two to trust me so much.” Xiao Chen still lowered his head: “I hope you two are willing to forgive me.”

“Well, I forgive you.” Cang chestnut said and put his hand on Xiao Chen’s head.

At this time, Xiao Chen suddenly heard a series of words from Cang chestnut, which seemed to be telling her various feelings about Xiao Chen, but at this moment, Xiao Chen seemed to have talked to Cang chestnut for a long time.

“Miss Cang, did you just speak?” Xiao Chen looked at her somewhat puzzled and said.

“Ah? I didn’t speak.” Cang chestnut said and took back his hand.

At the moment she took back her hand, Xiao Chen found that she couldn’t hear what the other party was saying in her heart.

“What’s going on?” Xiao Chen looked puzzled and stretched out his hand again to pull Cang Chestnut’s hand over.

The God Of Medicine Son-in-law Chapter 422

“Mr. Xiao Chen, what’s the matter?” Cang Chestnut’s pretty face is slightly red. I don’t know what Xiao Chen is doing.

After pulling Cang Chestnut’s hand, Xiao Chen heard Cang Chestnut’s inner voice again. This time it was a very shy voice, which made Xiao Chen feel that his face was suddenly hot.

He didn’t expect Cang Chestnut to say so much. But put it in your heart. Many times you didn’t pay attention to it before. Isn’t it that Cang Chestnuts are about to die of shame?

However, he did not consider these things now, but took Zhao Yuxi’s hand and put it on his head.

Zhao Yuxi was also slightly stunned. He didn’t know what Xiao Chen wanted to do.

Suddenly, some thoughts came into my heart.

“What is he doing? It can’t be that he awakened some attributes in his body after an accident? It can’t be that he became a dog? If it’s a dog. Do I still have a chance with him? It should be...”

After hearing these words, Xiao Chen suddenly looked at Zhao Yuxi strangely. Unexpectedly, the girl still wanted to be with herself. Didn’t she see the relationship between herself and Hua Xuwan last time?

Even without Hua Xuwan, Xiao Chen was originally a man with a wife, and now there are more than one, as many as three. Thinking of this, Xiao Chen felt sorry for Wu Yaqing and a Ling.

After all, although I saved them last time, I was called a hero and disappeared.

There are many rumors outside that he is dead, but in fact he is not dead. It's just that I went to Kyoto to perform some secret tasks. Now I can't go back to the East China Sea to see the situation of the two women.

After thinking for a while, Xiao Chen took back his thoughts. Now he found a very surprising thing, that is, if a person puts his hand on his head, he seems to be able to hear each other's voice.

But there are only two people doing the experiment. He had to find more people to try to determine whether it was true.

"Are you... Okay?" Zhao Yuxi looked at Xiao Chen strangely and asked.

"I'm fine. I just wanted to verify something." Xiao Chen smiled. At this time, he had stood straight in front of the two women and no longer heard their inner thoughts.

He still feels that this situation is not very good. Although sometimes he needs to know some of the other party's ideas, sometimes. Many things are better hidden in the heart, which can not only have a sense of mystery, but also ensure that the relationship between the two sides will not develop to an unimaginable level.

"Verify? What do you want to verify?" Cang chestnut asked curiously.

"It's just a small experiment, about... About some simple physical problems." Xiao Chen said while thinking about how to explain his just strange action. This matter is still not known to the two women.

And he is not sure whether this ability can be used on others. If it can only be used on people close to him, then this ability will not have much effect on Xiao Chen.

But if this ability can be used by anyone, it will be quite simple for Xiao Chen to find out a series of things about the Cang family.

"Are you still hungry? Why don't we... Have a snack instead?" Xiao Chen suddenly asked.

“Still going? Aren’t you afraid that you’re going back to the previous situation?” Zhao Yuxi was worried that something bad had happened to Xiao Chen as before.

“No, this time I guarantee with my life that what happened before will never happen!” Xiao Chen said and made an appearance of swearing.

“Hey. No, just go eat. Why do you swear? I’m really hungry.” Zhao Yuxi said and looked at Cang chestnuts.

“Well, I’m hungry too. I didn’t eat anything before. That’s it.” Cang chestnut touched his stomach.

“That’s just right. I’ll treat you this time as an apology for the two previous events. You can eat whatever you want and wherever you go.” Xiao Chen smiled generously.

After hearing this, Liang NV looked at each other. They couldn’t see that Xiao Chen was a rich man. Now some money is still earned by being a close bodyguard for Cang chestnuts. But not much.

So they all knew that they would not let Xiao Chen take them to places that were too expensive, so they chose a barbecue street with relatively ordinary consumption.

“Then we’ll go to Chaoyang barbecue street.” Xiao Chen nodded after listening.

In fact, he wants to go to places with many people now in order to verify his ability.

So, soon, the three came to Chaoyang barbecue street. At this time, it was just around 10 p.m. and there were not many people here. There were no people at many stalls.

This made Xiao Chen a little disappointed, but he could still see someone sitting in some stalls right away.

So Xiao Chen chose a booth with more people and sat down.

Canglizi also saw the booth here. This is a place she often comes to. She knew that the barbecue here was really good. Unexpectedly, Xiao Chen booked it first.

Cang chestnut immediately felt that Xiao Chen's eyes seemed good, but he sat down without saying anything.

Zhao Yuxi hardly came to these places, so she didn't say anything and followed Xiao Chen to her position.

"You order something to eat first. I'll just order mine. I'll eat whatever you eat. I'll have something to do." Xiao Chen just sat down and stood up before half a minute and walked towards the crowd over there.

When he came to the crowded position, Xiao Chen squatted down directly, and then said to a man on the side, "Hey, brother, please touch my head."

"Crazy?" The man immediately walked away with a look of disgust.

Xiao Chen was helpless, so he came to another couple and said, "Hey, guys, can you touch my head?"

They were still sweet talking here. When they saw Xiao Chen suddenly running over, they looked at him strangely, and then the man pushed Xiao Chen away and said, "what are you doing? Stay away from us!"

Seeing this, Xiao Chen was very helpless. He went to other people nearby and kept asking. As a result, all he got were rejected answers.

In this way, when Xiao Chen finally had some loss and wanted to stand up, he suddenly found a middle-aged woman standing in front of him, looked at him with a bad face and said, "Hey, what are you doing? You're affecting my business here?"

The God Of Medicine Son-in-law Chapter 423

This person is no one else. It's the landlady of the stall. As soon as Xiao Chen came over, she found something wrong with Xiao Chen. After observing for a long time, she found that Xiao Chen had nothing to do and wanted someone to touch his head.

It must be very strange to meet such a person at night. She managed to attract so many guests in this stall. Of course, she didn't want to be destroyed by Xiao Chen.

Say. The landlady is going to drive Xiao Chen away.

"Touch your head, right? Are you a dog? You like to be touched!" The landlady said and patted Xiao Chen on the head twice.

This shot made Xiao Chen feel something, so he quickly nodded and said, "come on, shoot me again!"

"What's wrong with shooting you again? I'm afraid of you!" The landlady said and patted Xiao Chen twice.

At this time, Xiao Chen finally heard the monologue in the owner's wife's heart. He immediately hugged the owner's wife excitedly: "thank you! Thank you so much! I'll charter the venue today. I'll buy everyone's orders!"

"You... You put me down!" The landlady looked disgusted.

"Oh, sorry." Xiao Chen apologized to the landlady.

Now that he has determined that his ability can be used by anyone, it will be simple to investigate some people in the Cang family. At that time, as long as he finds a chance to let the other party touch his head, he can know what the other party is thinking.

Then, follow their ideas to find some evidence, so that everything is seamless.

Thinking of this, Xiao Chen was in a much better mood and happily walked back to his position.

“Hey, hey, is it true that you just said to pay for us?” At this time, a man came over. Seems to be very concerned about what Xiao Chen just said.

“Of course!” Xiao Chen replied with a smile.

“Then I’m welcome!” The man said and went to the barbecue booth, constantly picking up all kinds of food.

The landlady was a little suspicious of Xiao Chen’s words and said to the man, “Hey, be careful. This guy looks a little talkative and abnormal. Don’t be cheated by him at that time.”

“Don’t worry, if he dares to cheat me, I’ll beat him up and give him to the law enforcement team.” The man didn’t care.

“Mr. Xiao Chen, what did you just say? Why should you pay for others? It’s not easy for you to make money, even if you have some money. But you can also buy something you want. Why spend it like this?”

Cang chestnut came up with a puzzled face and asked.

“It’s all small things. Soon your things will come to an end.” Xiao Chen said and hugged Cang chestnut with some excitement.

Zhao Yuxi had planned to go up and ask about what Xiao Chen just said. But seeing that Xiao Chen directly hugged Cang chestnut, he immediately stopped his steps and sat back in his position.

“I’m so happy today!” Xiao Chen said and came over again to hug Zhao Yuxi in his arms.

Zhao Yuxi was stunned, but he seemed to enjoy it.

Then the three finished the supper happily.

Xiao Chen also directly left 10000 yuan to the landlady of the barbecue shop according to her own statement.

The landlady didn't believe it was true. But it seems that Xiao Chen is not crazy, but really wants to give so much money to her. She had to accept it. After all, no one would be unhappy with money.

Seeing the local tyrant like Xiao Chen. Canglizi and Zhao Yuxi both felt angry and funny, but they didn't say anything. They just asked Xiao Chen why he was so happy on the way back.

Xiao Chen reacted. His ability could not be exposed. He just seemed too excited, so he thought for a long time before he found a reason to pass.

"I just suddenly thought of a way to find out who is really serving her around chestnut and who is not really helping her. It's hurting her."

"Oh, so it is." Cang Lizi was also a little happy after listening to it. She didn't expect Xiao Chen to be happy for her own business.

Hearing this explanation, Zhao Yuxi behind felt a little far fetched. But I also think it still has a certain credibility. After all, Xiao Chen doesn't need to lie to them.

Although the relationship between them is relatively close now, Xiao Chen can not say these things. Since he said it, it shows that what he thought at least is related to this. As for what is the specific thing, how important is it?

This is the first time that Zhao Yuxi felt she could think so after the last incident. Everything she experienced with Xiao Chen and Cang Lizi today made her feel the taste of living.

Or I feel that someone in the world still needs her existence.

In this way, the group talked and laughed all the way, which was completely different from when they came here earlier.

Because Xiao Chen didn't attend the meeting according to Hua xuwan's requirements today, Xiao Chen decided to go back to Hua's house first and at least express his apology.

Anyway, Hua xuwan has sacrificed a lot for herself. If she treats her like this, Xiao Chen will feel a little uneasy.

After returning to the Hua family, everything remained the same, but Xiao Chen felt extra quiet tonight. Looking at her watch, it was close to eleven o'clock now. Maybe most of the Hua family were asleep.

Xiao Chen thought so and walked towards the front, but just walked out without two steps, he smelled a strange smell.

"This is, enchanting fragrance!" Xiao Chen hurriedly ran his vitality and forced out the ecstasy incense just sucked in.

Then I saw several figures in front of me.

"Boss, we are only one step away from the plan to assassinate Hua Wenfeng. Now the old man is asleep in that room. We just need to enter it and cut off his head! Ha ha!" One of the men in black seemed very happy.

It seems that their task has been completed now.

"It's better to be careful. I heard that Hua Wenfeng is a martial artist. If he notices something and forces the poison out of his body with his internal power, it's difficult!" Another man in black whispered, as if warning his men.

"Yes!" The man nodded hurriedly.

"Hey, do I say you two are blind? Can't you see a living man my age?" Xiao Chen asked from behind.

The God Of Medicine Son-in-law Chapter 424

At the moment Xiao Chen spoke, two figures suddenly jumped down from the pavilion in Washington. It was Hua Wenfeng and Hua xuwan who knocked down the two sneakers with one punch.

“With such a small trick, I still want to calculate our Chinese family. It’s just a fool’s dream!” Hua xuwan sneered after he knocked down a man in black with one punch.

Then he looked at Xiao Chen who was standing in place: “what are you doing back?”

A trace of anger rose on her face. Xiao Chen didn’t go to the meeting without saying hello to her today. She was really dissatisfied, but she also knew that she couldn’t do anything to Xiao Chen after the last thing. So it didn’t show much.

But now she can still see that she is unhappy. At least Xiao Chen can obviously feel that she is a little unhappy.

But now it’s not time for Tao to say this. They have to tie up the two people first. Then they can interrogate who sent them.

Just when Xiao Chen was ready to go up to help Hua Wenfeng and Hua xuwan. Suddenly there was a breeze around, which also contained a strange smell.

“Shutter condensation!” Xiao Chen was surprised again: “there are experts! Be careful!”

Xiao Chen just finished saying that Hua xuwan and Hua Wenfeng fell down at the same time, and then someone seemed to take them away for a moment.

Without saying a word, Xiao Chen immediately ran up the extreme formula and caught up with it.

Because they escaped separately, Xiao Chen chose to save Hua xuwan first.

Just between the two people flying at high speed, Xiao Chen found that the man was very smart. He directly blocked Hua xuwan behind him. In this way, even if Xiao Chen wanted to hit him from the back, it was quite difficult.

So in this way, they pursued for a while.

“Don’t think I have nothing to do with you!” Xiao Chen suddenly remembered the power of fire and thunder in her body.

Immediately predicted a position, directly broke out and hit the person in an instant.

Then Hua xuwan fell directly from the air. Xiao Chen quickly came forward to catch her, but the person who was hit disappeared in an instant.

Xiao Chen could not even feel his breath at all. It seemed as if he had completely disappeared from the whole world.

After checking the condition of huaxuwan, he was just dazed, so he directly ran the Qi of yin and Yang into huaxuwan’s body, and huaxuwan woke up soon after.

Xiao Chen returned to Washington first. Tied up the two men in black.

After waking up, Hua xuwan immediately ran out of the room: “where’s my grandpa?”

She asked Xiao Chen very anxiously.

“Sorry, I couldn’t catch the man because they ran separately.” Xiao Chen was helpless.

“Then why don’t you save my grandpa first? What’s the use of saving me? Their goal must be my grandpa!” Hua xuwan shouted angrily.

Xiao Chen didn't know what to say at this time, or he didn't have to say anything, because it didn't make much sense.

It was just a choice at that moment. He didn't know why he chose Hua xuwan, perhaps because they were married. I slept in the same room.

But it seems that this is not the case. After thinking about it, Xiao Chen simply doesn't think about these problems.

The key now is to wait until the two men in black wake up and ask about the whereabouts of Huawen peak.

"Xu Wan. Where's your grandpa?" Hua Qiye also rushed back from the outside at this time.

Hua xuwan didn't speak, but his face was full of dignified expression. Seeing this scene, Hua Qiye also understood that it was estimated that Hua Wenfeng was captured, and he also wanted to be angry, but so many years of experience in external management told him not to let anger dominate his brain. So he calmed down.

Seeing Xiao Chen sitting inside, he came to Xiao Chen and asked, "how was the old man caught? Were you there?"

"It's likely that they were caught by someone who can use separation. At that time, they used a kind of overpowering drug called shutter coagulation, which can make people fall into a coma at the moment of exposure. But the damage to the human body is not particularly great." Xiao Chen replied.

"Can separate and use overpowering drugs? Then I know. It must be the old man of the Yang family!" Hua Qiye stood up and walked out.

"Yang family?" Xiao Chen murmured, and then recalled that the Yang family was the seventh family in Kyoto.

The whole family industry is not particularly strong, but there are quite in-depth studies in some special industries, and poisons and ecstasy are one of them.

And in the information Xiao Qingyuan gave himself. Some people in the Yang family are really proficient in the art of separation.

If the Yang family wants to start with the Chinese family, it is indeed not impossible, because many of the Yang family's Secret industries have been banned in recent years, and it is the Chinese family that implements all this.

Originally, many industries of the Yang family belong to gray industries. I've been playing the edge ball for so many years.

Only in recent years, Huajia began to manage this area, so the whole industry was almost subverted by Huajia. Not only the Yang family, but also many families were not satisfied with Huajia.

However, they have little power, so they can only swallow their anger. However, if the Yang family wants to do it, it may pose a certain threat to the Chinese family.

But the problem is that the Chinese family are all protected by the Empire. No matter who they want to move, they are too rational, because once any one of the three has a problem, they can't escape.

After thinking about it, Xiao Chen suddenly felt something wrong, so he rushed out and prepared to stop huaqiye.

But when he left, he had gone far in the direction of the Yang family. Helpless, Xiao Chen could only run the Jidao divine formula again and catch up with him.

Today, his use of energy has reached a limit, and it will be greatly reduced if he wants to use it later. But even so, he still has to find a way to stop huaqiye, because now it is likely that a killing game has been arranged in the Yang family.

At the same time, in the Yang family, the owner Yang Yun sat on his seat. In front of him were two people dressed very strangely. They covered their heads with a piece of cloth at night. I don't know whether it was for prevention or for other things.

"It's our honor for you to come to us from the distant Persian country." Yang Yun spoke slowly.

The God Of Medicine Son-in-law Chapter 425

"Lord Yang's words are serious. We also came here after receiving special orders. Now many people outside are looking here. As an ally who has cooperated with the Xia state for so many years, we Persia naturally need to come and have a look at the situation here."

Said one of the men wearing strange gauze.

"Yes, we're here for our own business, so it's not an honor. On the contrary, it's our honor to meet our leader Yang and be treated like this."

Another man also replied.

Although in Yang Yun's mouth, these two people are foreigners, they seem to have no obstacles in language. It can even be said that it has reached a fairly high level, and the communication between the two sides is quite smooth.

It can be said that there is no difficulty. Obviously, it can be seen that the two people called Persians should have lived here for a period of time, or become like this after some good exercise.

"There's no need for you to say more. I'm very clear about what you're doing here. I can also understand your needs, but the situation here is quite depressed recently, so if you're here for that matter, I can only tell you very sorry. Please go back."

Yang Yun suddenly changed the subject. It seems that he doesn't particularly like to see these two Persians.

After hearing Yang Yun's words, they were stunned. They didn't know what the problem was. Their products have always been the best sold in Yang Yun. Now the Yang family can be said to be the largest representative of their products in Xia country, but Yang Yun directly refused them this time.

They came here this time to increase the transportation volume of the kingdom of Korea, because they are experiencing a major economic crisis. In order to solve these problems, their whole empire began to mobilize all kinds of forces to promote the output of their own empire and sell it to the outside world.

"Master Yang, you should not think about it. I know that your empire may not be particularly ideal now, but our products are products with absolute advantages. If you don't use them now, we have to transfer them to other empires. It may be more difficult for you to want them again at that time."

The man of the Persian country who spoke first said.

"Yes, Lord Yang, I hope you should think carefully. There will be no such thing in the future." Another man was also a little anxious.

Both of them looked at Yang Yun with expectant eyes. Now as long as he said one word, the whole event will turn for the better, so they still hope Yang Yun can consider it carefully.

Although they said they could find someone else to do it. You can even find people from other empires to do this, but if Yang Yun doesn't agree, their position in their own empire and their own enterprises will not be guaranteed.

This is what neither of them wants to see.

Even seeing the two people say so, Yang Yun can understand their current mood, but he still waved his hand and said, "you two, I'm really sorry, that's all I can do, so there's nothing I can do about the rest. Please find another way."

Then he shouted to his men, "see off!"

So several servants came to the two Persian men and said, "two, please come back!"

They were helpless and regrettable, so they had to stand up and prepare to walk towards the door, but they just raised their feet and didn't take two steps. A man's cry came from outside.

"Yang Yun, come out!"

The cry was not from others, but from huaqiye who had just arrived.

Of course, Yang Yun recognized the cry. He hurriedly said, "come on, let these two hide first!"

So the servant hurriedly took two men from Persia and walked towards the side hall.

"Yang Yun! Come out quickly! I count to three. If you don't open the door again, I'll forcibly enter! One, two..." Hua Qiye just wanted to kick the door, but the door suddenly opened.

Inside stood two guards of the Yang family, who bowed to China for seven nights and said, "Young Marshal Hua, please come in. The master of the house is waiting for you in the lobby."

Hua Qiye immediately strode in. As he walked, he also observed the situation around the Yang family and found nothing different. He followed two guards of the Yang family to the lobby of the Yang family.

At this time, Yang Yun also sat in his own position. Seeing that Huaqi night came, he quickly stood up and greeted him. While walking, he said, "it's Young Marshal Hua. What brings you to my little house?"

Hua Qiye was not prepared to give him a good look. He sneered and said, "you are still a small family? I can see that your side is much bigger than our Washington. Now I won't beat around the bush with you. Tell yourself, did you do something you shouldn't do tonight?"

Hua Qiye casually came to a position on the side and sat down. Shortly after sitting down, he smelled a strange smell on the seat. In fact, this smell is often used by people in Persia, but it is rarely used in Xia.

Now huaqiye just didn't understand these things. He immediately became vigilant and quickly stood up from his seat. If Yang Yun is ready to assassinate his family tonight.

So it's quite dangerous for him to come to Yang's house now, and he just inhaled the strange fragrance. Now Hua Qiye hurriedly operated his internal power and forced the freshly inhaled fragrance out of his body.

Seeing Hua Qiye's strange behavior, Yang Yun also showed a puzzled look on his face and asked Hua Qiye, "Young Marshal Hua, is there poison on my chair in Yang mansion? You just sat down and stood up."

"Hum, it's hard to say. You'd better tell me honestly whether you did something you shouldn't do tonight. Don't let me say it directly, otherwise it will hurt the harmony between our family."

Hua Qiye is still testing Yang Yun.

Yang Yun thought that Hua Qiye meant that he secretly traded some gray products with the Persian country, so he smiled and said, "I think I did something. Young Marshal Hua should know better than myself. You don't need me to say. You should also have a number in mind?"

"Are you ready to resist my investigation? Do you know what will happen to your behavior?" Hua Qiye suddenly sank on his face.

The God Of Medicine Son-in-law Chapter 426

Yang Yun didn't panic at all. He couldn't be more clear about it. Whether he admitted or didn't admit it, he was finally found out and was punished the same, that is, those things would be confiscated.

He has been doing this for some years, and the most basic thing is quite clear. So he is not afraid of the threat of huaqiye, and he has done nothing tonight. The wind has been so tight recently that he won't do it even if someone asks him to do it.

That's why he refused the two Persians, so he was quite sure that Huaqiye would be investigated. I can't find a reason.

Seeing Yang Yun's expression, Hua Qiye was a little angry, so he said to his two followers, "search for me! If you find any people or items with problems, bring them back to me!"

"Help yourself." Yang Yun said calmly.

At this time, Xiao Chen also arrived outside the Yang family. When the guards of the Yang family saw Xiao Chen's dress, they thought he was just an ordinary person and didn't care about him.

But when they saw Xiao Chen coming up directly, the two guards immediately stretched out their hands to stop Xiao Chen and said, "what are you doing? Do you know where this is?"

"I'll go in and find someone." Xiao Chen said he would continue to go inside.

The two guards immediately pushed Xiao Chen back and said, "this is Yang's house. There's no one you're looking for. Get out of here quickly! Otherwise our fists won't have eyes!"

"Don't you see the passer-by who just went in? I'm looking for him! Go in quickly!" Xiao Chen said and wanted to enter it again.

But the two guards pushed Xiao Chen back. Then he looked at Xiao Chen and said, "do you know who just came here? Even if you want to find it, you're not looking for it here. Wait until he comes out!"

"When he comes out, what if he has been poisoned inside? I'll ask you again, will you get out of the way!" Xiao Chen said, and the whole man's breath suddenly cooled down.

The two guards felt a little scared, but still stopped in front of the door and said, "we all said. The person you're looking for will come out by himself later. How can you do so many things?"

Before he finished speaking, Xiao Chen slapped both of them directly and smashed the door behind them.

Yang Yun inside also heard the sound of the gate at this time.

“No way! No way! Master, a boy was stopped by us. He suddenly beat our gatekeepers away by himself, and then ran in by himself!” One of his men ran away and reported.

“Do you really think my Yang family is empty?” Yang Yun then stepped out and came to the courtyard.

At least he is also a class a martial artist. He is the one with the highest cultivation of the Yang family. Few people in the whole Kyoto dare to go wild with him, but today Xiao Chen broke this Convention and dared to go wild with him.

The reason why Wen Huayun didn't dare to deal with Yang Wuyun directly is that he doesn't know the reason why he didn't dare to deal with Yang Wuyun directly. If two people really want to do it, it is estimated that they will not be able to distinguish a victory or a defeat for a long time.

That's why he had to look for evidence first. If you find the evidence, Yang Yun will do it again. Then he has violated the laws of the Empire. At that time, he can ask more powerful people of the Empire to come and take him away for another reason.

Now huaqiye didn't find any evidence, but finally found two men from Persian country. After searching, the two men didn't have any ecstasy.

So huaqiye is also a little disappointed and ready to go back.

But as soon as he came out, he saw Yang Yun lying on the ground, and Xiao Chen came to Yang's house.

“What's going on?” Hua Qiye asked strangely when he saw the scene in front of him.

“So you're all right?” Xiao Chen put away his posture.

“You beat him like this?” Hua Qiye incredibly pointed to Yang yundao on the ground.

“Well, I asked him where you went, but he didn’t want to say. I had to do it, but it was all right. I just fainted.” Xiao Chen is very casual.

“How long have you been here?” Hua Qiye asked again.

“About two or three minutes.” Xiao Chen replied calmly.

“Two or three minutes? You solved this guy in two or three minutes?” Hua Qiye asked incredulously.

“No, I solved him with one move.” Xiao Chen said. A look of indifference appeared on his face, as if what he had just said had nothing to do with him.

“A move?” Hua Qiye opened his mouth, and the two attendants behind him also stared in disbelief.

“With your move, he... Did it?” Hua Qiye repeated the question like a robot.

“Yes.” Xiao Chen smiled and said.

“It’s too...” Hua Qiye didn’t know how to describe it.

Yang Yun is not an ordinary person, but a class a warrior. What does a class a warrior represent? That can be regarded as the top-notch combat power in the whole empire.

With the power of an A-level warrior, you can directly destroy a well-equipped 100 person team.

And Xiao Chen knocked such a warrior out with one move. What kind of concept is this? Has Xiao Chen reached the level of dragon level now? Or a higher divine level?

“Now you’re all right. I just wanted to say that the Yang family may have set a trap, but it doesn’t seem to be right now. We may need to look for something else. Is there any other family that may do it?” Xiao Chen looked calm and clear.

After saying that, he fell into a deep thought, as if he was thinking about someone who might do something to China.

Hua Qiye also woke up from the shock at this time. Yes, the most important thing to think about now is who kidnapped Hua Wenfeng. If they don’t find out now, no one can predict what kind of situation the Hua Wenfeng summit will encounter after that.

“Is it possible that it was made by the Jiang family?” Xiao Chen thought of the Jiang family, one of the top three in Kyoto.

The Jiang family has considerable power and involves many fields. If they want to deal with the Hua family, it is not impossible, because recently, the Hua family has investigated and dealt with more problematic things in their family, causing a lot of damage to their family.

“This should not be possible.” After hearing this, Hua Qiye shook his head.

The God Of Medicine Son-in-law Chapter 427

“Why do you say that?” Xiao Chen asked curiously.

“The industrial chain of the Jiang family is indeed very wide and covers a wide range, but they will not do such things. I know the character of old Jiang. Unless this thing is foolproof, he will never do it.”

“The star who kidnapped my father will be such a thing. He will certainly think that this thing will not succeed, even if it is successful. The final impact will be huge, and the Empire will be thoroughly investigated.”

“If this is the case, the interests of their family will be more affected, even if our work behavior has some impact on their income. But that is not fixed, and they can change their direction and develop in other ways in the future.”

“But if they kidnap Xingjiang, they will completely cut off their future. If they go on like this, they will inevitably perish. Old Jiang can’t want to see his family’s industry perish in his own hands.”

Hua Qiye analyzed it very definitely.

“If it’s impossible for the Jiang family, then we have to change the way we want to investigate. Now it may not be the hands of the enemies of the Hua family in the open, but the hands of the enemies in the dark, and I really don’t know the enemies in the dark.” Xiao Chen seemed to feel a little confused.

“I also thought of this. It’s really troublesome. Now I can only report it first and then make plans.” Huaqiye also calmed down at this time. Now this matter can’t be known by too many people, because after all, this matter is not a good thing.

If someone in the Empire knows that such a highly respected star will be kidnapped inexplicably, then more high-level officials of some empires will shake, and important figures of many families will begin to be in danger.

Then there will be more problems.

And these problems will naturally affect the later Xiao Chen to continue to investigate the problem of internal ghosts in the Empire. Then many things will get out of hand.

So now the news must be blocked.

“Xiao Chen, if you stay here, you can’t let the Yang family know our trend, and you can’t let anyone say anything. Wait for me to come back!” Hua Qiye said and ran out of the Yang family in a hurry.

Seeing that Hua Qiye left again, Xiao Chen was helpless. How does the Young Marshal feel that he is not stable at all? Think of it as one, which really makes Xiao Chen feel helpless.

But now what Hua Qiye said is not wrong. This matter can't be leaked now. Since they can't think of who will kidnap Hua Wenfeng for the time being. Then it is necessary to nip all the problems in the cradle first.

The most important thing is that if the purpose of the other party's kidnapping of Hua Wenfeng is to make the whole Kyoto and even the whole empire fall into fear, then this matter is very important.

While Xiao Chen was thinking, Yang Yun woke up. After seeing Xiao Chen, he seemed to see a ghost. As he stepped back, he said, "Why are you still here? Why don't you leave?"

When Xiao Chen saw that Yang Yun woke up again, she couldn't help laughing again: "master Yang. Now I have to wrong you."

With that, Xiao Chen came towards Yang Yun with his fist.

"You... What are you doing! Don't come here! I warn you!" Yang Yun snapped as he retreated. That's all he can do now.

Because he was frightened by Xiao Chen's strength, he just felt a burst of paralysis in his chest before he shot, and then fell to the ground.

Obviously, this is a means of Xiao Chen. He has reached the degree that he can attract the elements in nature. In his concept, only those who have reached the divine level will be able to do so.

Then it can only show that the seemingly young boy in front of him is the legendary level. Even in Kyoto, there are less than three people at this level, and now there is another Xiao Chen.

Xiao Chen's words once again aroused the power of lightning in his body, which was the residual power in his body last time when he crossed the robbery. He just used it here.

Another burst of lightning force flew to Yang Yun. Yang Yun felt a shiver all over again. He was black and fainted again.

Xiao Chen thought he couldn't wait here all the time, so he gave all the Yang family acupoints and left the Yang family.

At this time, on the other side, in a rather mysterious room, Hua Wenfeng, who had just been caught, was hung on a rope. At this time, there were eight people sitting in front of him. If these eight people were Xiao Chen or Hua Qiye, they would be very surprised to see them here.

Because these eight people are not others. They are eight of the top ten house owners in Kyoto, including the house owner of the Jiang family mentioned by Xiao Chen.

Now, in addition to the flower family and the Yang family, other owners are present.

"How's it going? Old Wu, can we start? Our first step has been completed." Yuan Ba, the master of the yuan family, asked.

Yuanjia can now be said to be the well deserved first family in Kyoto. They are in charge of the banks in Kyoto, and many banks in cities outside Kyoto also have a great relationship with their family.

Then, an old man in a yellow Taoist robe came out and looked at the people. He smiled and said, "everyone, now our first step has been completed. Next, we need you to spread the news. The more people know, the better. In this way, the greater our chance of success."

"My informant reported that Hua Qiye has now entered the Imperial Palace and reported the matter to the head of state. If we spread all the news so early, wouldn't it attract the attention of many senior leaders of the Empire. Although some are supporting us now, those important power people are still on their side. I'm afraid it's inappropriate!"

Now, old Jiang, who has always been cautious, spoke.

"Old Jiang's words do have a certain truth. We can't expose them so early. If they are exposed, the Empire won't give us any way to live." The owner of the Liang family nodded and said yes.

"I know everyone will guess this. Naturally, the Empire will think we dare not do it at this time, but what is the purpose of our action? Have you forgotten? What we want is the effect, the effect of everyone's shock." Wu Laodao above.

The God Of Medicine Son-in-law Chapter 428

After hearing the old Wu's statement, the following people seemed to realize something. Yuanba immediately stood up and said, "I think what old Wu said is very reasonable. Our action is to attract some people's attention and have a shocking effect."

"So I support the idea of spreading the news when I go back. As for the consequences and the pressure of the Empire, although there will be, after all, so many of our families work together. If he wants to catch one or two, isn't there an old saying?"

"The law is not responsible for the public. So many of us spread the news together. Even if he wants to catch it, we can't catch all of us. Let him catch it. Then we will help each other. There are senior soldiers and those high-level officials in the Empire. We don't need to be afraid."

"Yes, I also agree with the master of Yuanba family. I think we should do so this time!" Mu Tian, the third leader of Mu family, also expressed his attitude.

Seeing that the owners of these two big families have expressed their positions one after another, although some of the remaining owners have some scruples, after all, they are all the top ten families in Kyoto. They have got on the boat, so they have no way back, so they all agree.

Finally, even the old Jiang of the Jiang family reluctantly chose to follow their opinions and said he would cooperate with his later behavior.

Seeing that the opinions of the people present were unified, Wu Lao smiled and said, "that's good. Since everyone's opinions are so unified, then the next step is when we implement the plan. As long as there is no accident, I hope this news will spread all over Kyoto tomorrow."

"The day after tomorrow, all major cities in the Empire will know. It's much easier for me to make the next plan later."

“Good!” All the people present replied in unison.

“You... You’re going to rebel! Do you know how serious this is?” At this time, Hua Wenfeng, who had been hung aside, suddenly woke up and showed a severe reprimand for what he had just heard.

“Mr. Hua, you are awake. Yes, we really want to rebel. But no one knows we want to rebel, and we can’t blame us. The Empire forced us too hard, so we have no choice but to rebel.”

Seeing that Hua Wenfeng woke up, old Wu was not flustered and directly said his thoughts.

“You will regret it! The Empire will punish you!” When Hua Wenfeng said this, his eyes stared at the boss. It seemed that he wanted to take all these people on the spot.

Seeing the performance of Hua Wenfeng, the expression on the faces of the heads of several large families changed slightly. But Yuanba walked over with a smile on his face and looked at Hua Wenfeng and said, “Hua Lao, you are not young. You should also think about your future.”

“Look at what you look like now. You’ve become a prisoner. I don’t know what will happen in the future. People should be restrained when they get old. Over the years, there are some other people in your Chinese family who want to build a fair and just empire.”

“Do you know how miserable we are? The economy of the empire is declining every year. Many aspects have not been improved. You are too anxious. You are only suitable for war and management. You’d better not do it.”

After that, Yuanba laughed. He walked out of the room.

“You’ll regret it!” Hua Wenfeng kept repeating this sentence.

“Well, save your energy now. Next, you have to take a devil like challenge. Don’t eat or drink for a week. I’ll see if your old bone can hold on. If you can hold on, there will be more severe challenges waiting for you.”

Wu Lao also left the room, and the whole room was immediately quiet. Hua Wenfeng shouted for a while and then stopped.

He couldn't believe it, because many of the owners he saw were quite ambitious people he had known. But now he is in collusion with this old Wu and does something against the laws of the Empire.

This is a fatal blow to him, everything he insisted on in the past. Now these people give up when they say they give up. Originally, they thought that only one or two people were insiders. Now that so many families are standing here, aren't they all insiders?

If they make such a fuss, the whole empire will not be tranquil. After causing a greater storm, there will be external pressure. Originally, the external situation is difficult to say or even less ideal.

The Xia state has only developed a little over the years, but there are still many aspects to be improved within the Empire. What Hua Wenfeng did was mainly to make the Xia state really strong.

But now such a group of people not only don't understand some of his behaviors, but also continue to bring the Xia state into a miasma environment, which is already a big problem.

However, Hua Wenfeng can only hope that Hua Qiye and Xiao Chen can learn about these people's Conspiracy as soon as possible. Then he can prevent some things from happening. Now he doesn't care about whether he can save him.

Just as Hua Qiye rushed to the Imperial Palace, Wu Lao also returned to his family with the new owners. Soon, the news that the first star of the Empire would be caught began to spread throughout Kyoto.

Xiao Chen came out of the Yang family and returned to Washington for the first time. Just back, I was about to see Hua xuwan looking anxiously at his mobile phone. Seeing Xiao Chen coming back, Hua xuwan was very flustered and directly grabbed Xiao Chen's hand and said:

"What should we do? Now that things have developed to this point, we have no way back. Please think of a way!"

Xiao Chen was a little confused. They had just gone out for less than an hour. What had happened? But it was the first time he saw Hua xuwan. Except that something really serious happened, she should not be like this.

So Xiao Chen also faced up to the things in front of him and asked, “what happened? How do you need my help?”

Hua xuwan was a little calmer at this time, holding his mobile phone to let Xiao Chen have a look first.

Xiao Chen took the mobile phone and saw the news on the mobile phone. It was all about the disappearance of Hua Wenfeng. Almost all the hot search news was a detailed description of this matter.

The God Of Medicine Son-in-law Chapter 429

“What’s going on? How can so many news newspapers suddenly know about it?” Xiao Chen realized the seriousness of the problem at this time.

“How do I know? It doesn’t seem to be done by one person. It’s the news spread by many people. The most important thing is that someone took a picture of my grandfather being taken away.” Hua xuwan said and slid the screen. A figure of Hua Wenfeng fainting and being carried away by a man in black appeared on the mobile phone.

Seeing this photo, Xiao Chen was sure that it was true, because the figure of the man in black he saw at that time was like this, but the man in black was so fast. And in such a big night, who will wait at a place for no reason to take photos?

This is obviously premeditated, so it is difficult to draw a conclusion even if there are people from the law enforcement team to analyze the photos. Because the man in black left only one back, the figure of this man needs to be investigated. It will take at least three to five days until a more reliable result comes out.

In these three to five days, the whole thing has been fermented, which will certainly cause an uproar in the whole empire. The most important thing is that if many countries outside know that the stars of our own country will be kidnapped by people in their own country.

Then this matter is quite serious. Not to mention anything else, the gods of war in country m may be ready to start at this time, and it will be another bitter battle at that time.

But if only these things are good, the biggest problem now is that the ghosts in the country have not been found out. If the ghosts take the opportunity to launch a sneak attack at this time, it is likely to put the whole country into crisis.

At that time, the people will be miserable, and many cities may be occupied. What will happen after that is completely unimaginable.

Thinking of these, Xiao Chen also felt very big, but he didn't have any good way to prevent all this from happening for a while.

"Xiao Chen, do something! Xiao Chen..." now Hua xuwan is like a lost lamb. His eyes are full of begging. In addition, he seems to have no basic thinking ability.

Seeing this scene, Xiao Chen couldn't help sighing gently. This will happen. He did not expect that, after all, no one would guess that someone would suddenly attack China.

Although Xiao Chen now regretted that he saved Hua xuwan instead of Hua Wenfeng, it was also a temporary decision at that time. Once this decision was made, there was no way to change it.

Suddenly, Xiao Chen realized that if something had happened, there would be no way to change it. What to do now should be to try to avoid the continuous expansion of things. This is the best choice at present.

Thinking of this, Xiao Chen raised her fighting spirit again and said to Hua xuwan, "didn't you ask me why I wanted to save you, not your grandfather? Now I'll tell you, there's not so much why. Now we can only rely on ourselves. I'll try my best to block this news!"

After hearing Xiao Chen's words, Hua xuwan seemed to be aware of something, so he suddenly nodded and said, "I see. Now no one can help us, we can only rely on ourselves!"

"Yes, let's act now!" Xiao Chen also nodded.

Then they set off towards the place they wanted to go.

Soon, Xiao Chen came to Cang's house. He contacted Cang chestnut first to make sure that the other party didn't sleep before he came here.

See Xiao Chen coming. Cang chestnut drove out without saying a word.

"Now the situation outside can hardly be stopped, so what we need to think about is how to remedy it, such as telling a rumor refuting news." Cang chestnut immediately began to analyze the current situation.

"This method is good, but how can we publish this news on the Internet and attract the attention of many people?" Xiao Chen agrees with canglizi, but he doesn't know how to do it yet.

"I'll ask my friend first. He specializes in this piece." Cang chestnut road.

After hearing this, Xiao Chen immediately got into her car, and canglizi immediately drove away.

But when I passed a Third Ring Road intersection, suddenly a dark shadow appeared in front of canglizi's car. The man was tied with a bomb.

"Go!" Xiao Chen picked up Cang chestnut and flew out of the car.

"Boom!" A huge explosion sounded and canglizi's car was destroyed in an instant.

And Cang chestnut also tightly hugged Xiao Chen's neck at this time. Seems to be frightened by the scene just now.

Xiao Chen looked at the completely destroyed car, and a burst of anger rose in his heart. He didn't expect the other party to do so well. Send someone directly to carry out a suicide attack.

Now it seems that the other party is going to prevent Xiao Chen and them from interfering with this matter. This time may be just a warning, but next time there may not be so good luck. In case an explosive is put down in a place they don't know, it will be difficult.

So after thinking for a moment, Xiao Chen decided to take Cang chestnuts to a safe place first. Later, she was still not allowed to participate.

"Mr. Xiao Chen, if you can, you'd better take me to my friend. His side is relatively safe. We can also study some methods there." Cang chestnut insisted at this time.

Hearing Cang Lizi say so, Xiao Chen was also moved by her spirit. So he took her and flew directly to the friend she said.

Now Xiao Chen doesn't have to hide. After all, the situation is very urgent. If you have to worry about these things, there will be more trouble.

In this way, Xiao Chen came to her friend's house with Cang chestnuts. It turned out that his friend was also a member of the law enforcement team. And it's dedicated to the network.

Seeing them fall from the sky, the other party was somewhat surprised, but after knowing their intentions, he didn't hesitate and directly began to help them block all kinds of news.

Just when the three were concentrating on doing this, a voice suddenly came out of Xiao Chen's ear.

"Xiao Chen, come here, Xiao Chen..."

Hearing this familiar voice, Xiao Chen immediately realized who was calling herself.

“Grandpa!” Xiao Chen screamed and flew to the sky.

Not far away, Xiao Chen saw the figure he had not seen for a long time.

The God Of Medicine Son-in-law Chapter 430

“Grandpa!” Xiao Chen looked excitedly at the old man standing in the air in front of him.

It’s no one else. It’s Xiao Qingyuan, who has been looking for so long, and who has been helping Xiao Chen in the dark all the time.

“Well, my good grandson, you are quite good now. Your accomplishments have reached the foundation period. It seems that you caused the recent disaster.” Xiao Qingyuan smiled very kindly. Touched Xiao Chen’s head.

“Yes, Grandpa, I don’t know what’s going on recently. Suddenly, it triggered a thunder robbery, and then it became like this. I really feel a lot stronger.” Xiao Chen also grinned.

“Well, it’s good. Keep working hard.” Xiao Qingyuan still has a smile on his face.

“Grandpa, what are you looking for me for now?” Xiao Chen asked.

After hearing Xiao Chen’s problem, Xiao Qingyuan’s face became dignified and said, “don’t participate in this matter. Someone will come out to solve it later, and the people behind it are more dangerous.”

“Don’t let us participate? But this thing happened right in front of me. I watched grandpa Hua Wenfeng be taken away. How can I sit idly by?” Xiao Chen asked strangely.

“This time it involves not just one person, but a group of people. There is a very powerful person behind it who controls everything, so what we have to do this time is to avoid the danger as much as possible and make plans later. In short, you can’t participate now, okay?”

Xiao Qingyuan’s expression was very heavy when he spoke. It seemed that he was talking about a very important thing.

“This.....” Xiao Chen really couldn’t accept it.

“Well, it’s time for me to go. Remember. I must not participate in this time. Someone will deal with this matter later.” Xiao Qingyuan suddenly let out a sharp breath when he spoke.

With a big hand, four dark shadows appeared around the originally quiet night sky, all of which were hit by Xiao Qingyuan.

When Xiao Chen saw this scene, he couldn’t help getting a little chilly on his back. He hadn’t felt the smell of the four shadows at all, and Xiao Qingyuan killed all these people with one move.

What kind of accomplishments did Xiao Qingyuan achieve.

See Xiao Chen’s expression. Xiao Qingyuan seemed to know what Xiao Chen was thinking, so he smiled and said, “your cultivation is not enough now. When you have enough cultivation, you can understand the situation just now. That’s just the beginning.”

While talking, Xiao Qingyuan disappeared directly, as if he had never appeared.

Xiao Chen stared blankly at the four people in black on the ground and couldn’t help asking in his heart, what kind of existence was behind the things that even his grandfather wouldn’t let him touch?

But since this man is afraid of even Xiao Qingyuan. Xiao Chen really doesn’t need to fight with him. The gap between the two sides is too big. If you really want to start, you may be killed by the other party in an instant.

So after thinking about all this, Xiao Chen decided to pull out all the people around him. Let them stop participating in this matter.

After returning to Canglizi's friend's house, Xiao Chen directly unplugged the power supply in his house.

Suddenly, the whole room fell into darkness.

"Mr. Xiao Chen, what are you doing?" Cang chestnut asked suspiciously.

"Yes, what are you doing? We just got some eyebrows." Cang Chestnut's friend's voice even contained a trace of anger. It seemed that Xiao Chen's behavior just made him have a lot of dissatisfaction.

"I'm sorry to bring you into this event, but now you can't go on." Xiao Chen apologized and walked in the direction of the two.

"Why?" Both felt very confused.

But Xiao Chen didn't explain too much. He worked hard. They directly clicked their acupoints, and they fell asleep.

"Then you will understand why I did it." Xiao Chen said and picked up Cang chestnuts.

After a while, Xiao Chen took Cang chestnuts back to Cang's house, and then. He flew to some places where Hua xuwan might go. After a while, he found that Cang chestnut was at Hua's house.

As one of the only families that did not participate in this incident, the flower family naturally reacted greatly to this matter. After seeing Hua xuwan coming for help, they also took action. At this time, they are trying every means to stop the dissemination of this information.

Seeing Xiao Chen coming, Hua xuwan was slightly surprised, but then he figured out that Xiao Chen didn't know too many people here in Kyoto, so he might not find a few people who could help, so he came back now.

“Now that you’re here, let’s work together. Although our method is a little stupid, it’s the only way we can think of now.” Hua xuwan kept operating on the computer and said.

After seeing Xiao Chen coming, Hua Mantian was immediately full of hostility. After all, the relationship between the two people has not been eased.

Hearing Hua xuwan calling herself, Xiao Chen didn’t speak, but walked over and unplugged the power supply in the whole room.

Then the standby power was turned on instantly, but all the information they had previously entered had disappeared at this moment.

“Hey, is there a power failure?” Flowers all over the sky immediately shouted.

“Report to the third young master that there is no power failure. It seems that someone deliberately moved the power supply!” A servant reported immediately.

“Who doesn’t want to die? Dare to come to my flower house and unplug the power?” Flowers all over the sky shouted and looked at Xiao Chen.

Under the slightly lit light, Xiao Chen’s face looked particularly gloomy.

“Sorry, you can’t participate in this matter, so I’m here to stop you.” Xiao Chen said, directly destroying the general switch of the whole flower house.

As a result, the whole flower house was completely plunged into darkness.

“Xiao Chen, you’re crazy!” Hua xuwan doesn’t know why Xiao Chen wants to do this. It’s not easy for her to find her own direction. Now Xiao Chen comes out to stop her action.

“Sorry, I have to.” Xiao Chen once again expressed his apology.

“Catch him!” Hua Mantian immediately ordered to catch Xiao Chen.

But the strongest guard of the flower family is just a B-level warrior. In Xiao Chen’s eyes, he is like a child. All of them will be solved by dividing three into five and two.

“There are some things you will understand later.” Xiao Chen said this and left.
