The God Of Medicine Son-in-law Chapter 431

After all this, Xiao Chen returned to Cang's house. Because Xiao Chen ordered the acupoints of Cang chestnuts, she has fallen asleep now, and Xiao Chen also fell asleep as usual.

Early the next morning, a cry of surprise came from Cang Chestnut's room. Xiao Chen immediately went up to check.

Cang chestnut kept waving his mobile phone and said, "no! All the news is gone. And there is the rumor refutation news sent by the Empire."

Hearing this, Xiao Chen immediately came to her and took her mobile phone to check it. Sure enough. All the news about Hua Wenfeng disappeared, leaving only the rumor refuted by the Empire.

"Mr. Xiao Chen, you are really great. You must know something? Does it mean that someone behind you is at the top of the Empire?" Cang chestnut looked at Xiao Chen with joy.

Xiao Chen can only smile helplessly. Now what kind of position his grandfather is, in fact, he himself is not particularly clear, but it should be a higher position.

So he said, "it's hard for me to make it clear. Anyway, I did receive some reliable news last night. Besides, you have to tell your friends that this matter can't be mentioned to anyone."

"Of course I know. It's a secret. It belongs to Mr. Xiao Chen." Cang chestnut smiled.

Xiao Chen smiled helplessly again. In fact, this is not his secret. He just doesn't want anyone to be in danger of life because of this matter.

Suddenly, Xiao Chen's cell phone rang. When she picked it up, it was Hua xuwan, the eldest daughter of the Chinese family, who called herself. Xiao Chen probably guessed that the other party was supposed to ask himself about last night.

After answering the phone, there came a series of questions from Hua xuwan.

“Where are you now? Why did you stop us from doing things last night? Why did all the news suddenly disappear? Can you give me an answer?”

“Don’t worry, Miss Hua. It’s quite troublesome for me to explain this matter. In fact, you can ask your father. After all, he returned to the Imperial Palace last night. He should know more information than me.”

Xiao Chen replied with a slight smile.

After hearing Xiao Chen’s words, maybe Hua xuwan also felt that there was a certain reason, so she immediately hung up Xiao Chen’s phone. I guess I asked my father.

All the crises were relieved, and Xiao Chen also felt a lot easier all over. But he forgot a very important thing. He is still the son-in-law of the Hua family, and just now he called Hua xuwan Miss Hua.

Sure enough, Cang chestnut came to Xiao Chen suspiciously and asked, “Mr. Xiao Chen, aren’t you the son-in-law of the Chinese family? Why do you call Miss Hua xuwan Miss Hua? Are there any unspeakable secrets?”

Cang chestnut said with an expression that had seen through everything.

Xiao Chen was stunned and the matter was over. So he relaxed a little and forgot his original plan to come to Kyoto. While he was thinking about how to round up the lie, Cang chestnut smiled and said, “Mr. Xiao Chen, you don’t have to explain anything. I understand that this matter is now a secret between us.”

“Ah?” Xiao Chen scratched his head for some unknown reason, then nodded and said, “then I can only ask Miss Canglizi to help me keep it a secret. This is really an important secret of mine.”

“Of course, I knew very early that Mr. Xiao Chen didn’t come to Kyoto for ordinary things. In fact, Mr. Xiao Chen doesn’t have to worry about my things. If you need my help, I won’t hesitate to help you.”

Cang chestnut still smiled.

Xiao Chen felt a little strange when he saw her. Could it be that she ordered her acupoints last night. Now the Cang chestnut looks very different from the original. The biggest difference is that the gloomy expression on her face is gone.

But now the matter of Cang family has not been solved, and her curse has not been lifted. Why did this happen? Although Xiao Chen couldn't understand it, he didn't think it was time to think about it now. He just shook his head and said:

"I still want to help solve the problem of Miss Cang chestnut. I don't just want to help solve the problem, I also want to help Miss Cang chestnut bring back all the things you lost!"

Canglizhi was a little shocked when she heard this. She didn't expect that Xiao Chen made such a great determination to help her. Now even if she knew that Xiao Chen had another plan, she still felt a heat flow from her heart.

"Thank you, Mr. Xiao Chen. If it weren't for your appearance, I don't know what my life would be like." Cang chestnut took Xiao Chen's hand with gratitude.

"Don't worry, everything will get better." Xiao Chen smiled.

"Miss Cang chestnut, it's time to go to work!" An aunt's cry came from outside. This is the aunt Chang who comes every morning. Xiao Chen is also very familiar with it, but he has other plans today.

"Good!" Cang chestnut replied loudly.

"I'll go out first." Xiao Chen said and quickly went downstairs.

Cang chestnut didn't know what Xiao Chen wanted, so he went to the bathroom to wash himself.

Xiao Chen came downstairs and didn't say hello to Aunt Chang. She came up directly and lit her acupoints to fix him. Then she put her head on her hand and immediately heard aunt Chang's inner activities.

Sure enough, as he expected, she came here to call Cang chestnut every day, not because she loved Cang chestnut very much, but just to complete a part of the curse.

Knowing all this, Xiao Chen untied her acupoints.

"What's the matter with me? Why do I feel that some blood in my body is unusual?" After unlocking the acupoints, aunt Chang twisted her body. It seemed that she still had some feelings about Xiao Chen's acupoint pointing technique.

But she was already older, so she didn't see Xiao Chen's action. She just felt that something flashed in front of her eyes, so it was still strange, but it was strange. She didn't think much. When today's task was completed, she left Canglizi's house and walked outside.

The God Of Medicine Son-in-law Chapter 432

At the moment when Aunt Chang went out, Xiao Chen had completed the collection of the inner activities of several other people. After they were all connected together, Xiao Chen found that this was actually a curse chain.

No wonder he has never found that the curse chain is many times stronger than a simple curse, but the conditions to be formed are also quite harsh, so it is rarely used. And Xiao Chen saw this.

So previously, he simply thought that the other party would only use a relatively simple personal curse, but did not expect to use such a complex and harsh curse chain.

And the key thing is. Even the curse chain will reveal some flaws, and these people's curses together do not reveal any flaws, which is one of the reasons why Xiao Chen has not found it all the time.

After checking all the people, Xiao Chen finally came to the uncle Li's room. Whether he was awake or not, he went directly into the room for inspection.

The result of the test still shocked Xiao Chen a little, because the object he once doubted most was actually the one who really wanted to be good for Cang chestnut, and now there is a startling discovery.

That's why Uncle Li seems to know the secret of the curse chain, so he has stayed in Cang's house for so many years, just to restrain the curse chain. It is precisely because of his existence that Cang chestnut can live to this day, otherwise she may have died early.

Thinking of this, Xiao Chen couldn't help feeling a little guilty. He was full of doubt about the old man before. He didn't expect that the other party was a real good man.

During the inspection, Xiao Chen also found that the old man's body was actually quite old. It's really hard for him, an ordinary man, to help fight the curse for so many years. So he did sacrifice a lot.

However, fortunately, Xiao Chen found it, so he just put all his yin-yang Qi into Uncle Li's body. Now Uncle Li has recovered to a very healthy state.

Now that he knows the existence of the curse chain, he just needs to interrupt all the curse chains. Xiao Chen has a plan in mind at this time.

This time. Cang chestnuts have just sorted everything out and have to start from home.

Xiao Chen hurriedly followed her on the bus.

"Is Mr. Xiao Chen going to the hospital with me again today? Now there are no strange people coming to me in the hospital. They are all quite familiar people." Cang Lizi began to explain after seeing Xiao Chen get on the bus.

"It's okay. It's not for this. Just drive." Xiao Chen smiled and said.

“Oh, good.” When Cang chestnut saw this, he stopped asking.

When Cang chestnut was about to go out from the exit she had always been used to, Xiao Chen directly stopped her and said, “Miss Cang chestnut, go out this way today. Don’t go this way.”

“Ah? But I usually go out this way. If I don’t go this way, uncle and uncle may worry about them.” Cang chestnut was stunned.

“It doesn’t matter. You have to trust me.” Xiao Chen said and helped her turn the steering wheel. Then Cang chestnut was forced to go out from another exit.

Seeing all this happening, the aunts and uncles waiting for the curse over there were in a hurry. They quickly called the curse master and told the situation here.

There was some anxiety. They didn’t expect Xiao Chen to react so quickly. It took less than half a month to know about the curse chain, but now he is not particularly worried. In order to prevent this day, he had already prepared a backup plan.

Just as he was ready to use his next curse. He suddenly found that the curse planted on Cang chestnut had completely disappeared. Helpless, he had to tell canghaicheng and canggaoshan about it first.

The two men came back from the group immediately after they knew about it.

Canghui and cangbei were also summoned at this time.

“Now the problem is quite serious, and it goes beyond our resemblance. Xiao Chen found the root of the matter so quickly and got rid of the curse of the master. We must take action now.” As soon as canggaoshan came up, he came straight to the point.

“That’s what I said. We don’t know how the boy broke the curse chain. Now we can’t find any reason to fire him for a while. Now he’s with Cang chestnut. If we want to fire him, he can’t be fired unless he makes no mistakes with Cang Chestnut’s permission.”

Canghai carved aside and said.

“This matter is not simple. Can he have no problem if he is in our family? Can we just put a charge on him and drive him out?” Cang Gaoshan looked proud.

“I’m afraid it’s inappropriate to put a charge on him casually. After all, he is still the person we recruit in ourselves. If this matter is spread out, how will people outside treat us? How will our own people treat us?” Cang Haicheng is obviously opposing Cang Gaoshan’s argument.

“Uncle, Dad, in fact, you have forgotten an important thing. That is, Xiao Chen is now the son-in-law of the Hua family. You say he is already the husband of Miss Hua. What is it now that he is tired of being with Canglizi every day? As long as we tell this thing, he will leave even if he doesn’t want to leave.”

Cangbei put forward an opinion.

As soon as they heard this, they all nodded and said, “yes, why didn’t you say this earlier? Let’s do it now. I’ll see if it’s Xiao Chen’s thick skinned or Hua’s thick skinned.”

“Haven’t I just heard about it recently? I’m just ready to implement this plan. Today Xiao Chen went to Canglizi’s hospital. I’ll go there now. I want to see how Canglizi will face the leaders of her hospital at that time.”

Cangbei said and laughed.

“I’ll go with you. I want Xiao Chen to remember that he can’t afford some people!” Cang Hui also stood up at this time.

“OK, you should do this, but you must be clear. That is, don’t have any positive conflict with Xiao Chen. After all, we have investigated his ability in force. It is estimated that he is at least a god level.” Cang Gaoshan warned.

The God Of Medicine Son-in-law Chapter 433

“Of course we understand. He won’t dare to do it in the hospital. If he does, he should get out of the house. Even we dare to fight!” Canghui smiled coldly.

“Yes, that’s right. If he dares to hit us, we can fire him on the spot. Even Cang Chestnut’s request for affection is useless. He asked for it!” Cangbei also laughed at this time.

“OK, let’s go. We also need to find the curse master and see what other methods he has. Now many of our industries are in a critical period, so we can’t cut off our Feng Shui at this time.”

Cang Gaoshan also stood up from his seat.

Then all four set out towards their goals.

Cang chestnuts are about to arrive at the hospital at this time.

“How’s it going? Do you feel much more comfortable now than before?” Xiao Chen asked.

Hearing Xiao Chen’s words, Cang chestnut reacted. Her chest, which has always been a little stuffy, is really not stuffy now, and now she also feels that her mind is much clearer. She feels that she responds quite quickly when she speaks and does things. It seems that she has returned to her seventeen year old.

“Really! Mr. Xiao Chen, how did you do it? Can you do magic?” Cang chestnut asked in some surprise.

“Don’t ask me about this. Just ask your dear uncles, aunts, uncles and gentlemen when you go back today.” Xiao Chen smiled and said.

“What do you mean? Do you mean that those aunts and uncles have problems. They have stayed with me for so long to form a curse?” Cang chestnut was slightly shocked.

“Now you’re right. They don’t just curse you, but they connect together to form a curse chain, so the curse on you is so strong and lasts so long.” Xiao Chen replied.

“How is this possible? Then... What about Uncle Li? Did he live in Cang’s house for so long to curse me?” Cang chestnut asked again.

“No, he is not. On the contrary, his existence protects you. With him, you should have avoided a lot of deadly things for so many years.” Xiao Chen shook his head and said.

“Yes. What you said does exist. I found that every time I was almost killed. I didn’t expect Uncle Li to help me secretly, but he was so old.” Cang chestnut wanted to cry when he thought of it, and his eyes began to turn red.

“Don’t worry. I can guarantee that it won’t be a problem for you to live for another 20 or 30 years, and your uncle and third uncle may have some problems in the past two years.” Xiao Chen said with a light smile on her face.

“You said they would have problems? Can you find a way to help them?” Cang chestnut was a little nervous at once.

“Ah?” Xiao Chen was stunned. He suddenly felt that the chick in front of him was a little silly. These two people are estimated to be the culprit of her curse for so many years. Now they have to help them by themselves?

However, Xiao Chen didn’t say it, but waited for Cang Lizhi’s explanation. He knew that there should be her reason for her to say so. After all, he was also his close relatives. If he really knew that they were about to leave, it might be a more painful thing.

“In fact, uncle and third uncle, although they don’t treat me very well, they still care about the Cang family’s industry. Over the years, this industry will not be defeated by them at least, and the more they do, the better.”

“Although they don’t have much credit, they have at least completed what they should do, the previous things, the things of my parents. I don’t blame them. After all, we were born in such a family, and some things are inevitable.”

Canglizi said and looked at Xiao Chen with expectant eyes.

“This...” Xiao Chen didn’t know what to answer at this time, but said with a smile: “I don’t really understand these. I’ll see if you want me to change, but it’s a little difficult. Let’s talk about it at that time. After all, it’s not what will happen now. Maybe they two old guys have their own way.”

“OK. I’ll thank Mr. Xiao Chen first.” After hearing this, Cang chestnut showed a charming smile.

Xiao Chen was very helpless. When he came to Kyoto and contacted the two girls, he came to a conclusion that the girls in Kyoto seemed to like to take things out of context. Whether it’s Cang chestnuts, Zhao Yuxi, or Hua xuwan. up to now.

All the girls I met did not listen to others, so I came to a conclusion first.

Thinking of Hua xuwan, Hua xuwan just called himself again.

“Hey, what’s the matter?” Xiao Chen answered the phone and asked.

“Xiao Chen, now we seem to know the whereabouts of my grandfather, but now my father’s ability is not enough to save people. I need you to come and help.” The voice at the other end was a little anxious.

“Have you found the location of old man Hua? Where is he now?” Xiao Chen immediately sat up straight.

“We are not 100% sure yet, but it can be said that he should be in some places near a hotel called Jin Hongda, or inside the hotel.” The other end replied.

“I see. I’ll be there.” Xiao Chen said and hung up the phone.

Then he turned to Cang chestnut and said, “that...”

Before he spoke, Cang chestnut nodded and said, “go ahead. You’ve helped me a lot.”

So Cang Lizi stopped the car. Xiao Chen got off the car and said hello to her and flew towards Jinhong hotel.

When I came down. Xiao Chen suddenly had a strange feeling. He suddenly felt that a woman like Canglizi was very suitable as a wife. She never asked about her other half, had her own pursuit, and would cooperate with her other half’s career very much.

But he just thought that he already had a wife. If you want to, it’s a little immoral.

Thinking, Xiao Chen came to the golden grand hotel very soon. After coming here, he released his vitality to feel. Now there are many people here, so it’s not easy to find the breath of Hua Wenfeng among so many people.

“Found it!” Xiao Chen suddenly opened her eyes and flew quickly towards a room in the Golden Grand Hotel.

At this time, in a room of jinhongda Hotel, the former Wu Lao was standing in front of Hua Wenfeng.

The God Of Medicine Son-in-law Chapter 434

Xiao Chen directly broke through the window and came in. As soon as he came in, he saw Hua Wenfeng hanging in the air. At this time, he was dying, and the door of the hotel room was open at this time. It was obvious that someone had just walked out of the room.

Now Xiao Chen has no time to catch up with the people outside. The first goal is to save Hua Wenfeng. He came to Hua Wenfeng step by step, directly cut off the rope tied to him, and then. Hua Wenfeng fell from above.

After Xiao Chen caught him, he immediately began to check his situation. He didn’t know. As soon as he checked, Xiao Chen immediately frowned. It seems that someone has just given Hua Wenfeng some strange medicine. Now all the organs in his body are close to failure.

Who is so vicious that he wants to kill Hua Wenfeng? Xiao Chen had a doubt in her heart, but there was no pause in her hand. She poured all the yin-yang Qi into Hua Wenfeng's body.

In this way, all the failed organs of huawenfeng recovered. It seems that he has returned to the previous active state, but Xiao Chen feels that something strange is that although the poison in Hua Wenfeng's body has been relieved, he still has no sign of regaining consciousness.

Xiao Chen checks again and suddenly finds that Hua Wenfeng's brain has also been seriously damaged. It seems that a large part of the whole brain has necrosis. Even now, he can't save him with the power of yin and Yang.

Thinking of this, Xiao Chen took a deep breath.

Then there was a rush of footsteps outside the door. Hua Qiye and Hua xuwan hurried to the room and immediately surrounded all the Hua Wenfeng held in Xiao Chen's arms.

"Xiao Chen, how's my grandpa? Can you cure him? You must cure my grandpa! No matter what price you pay, no matter what you want, I can give it to you. You must cure him!" At this time, Huaxu's face looked as if he had fainted anxiously.

Although Xiao Chen wanted to say that he was powerless now, he still didn't say it when he saw Hua xuwan worried. Hua Qiye was quite calm at this time. He gently took Hua xuwan into his arms. After she calmed down, she slowly asked:

"Xiao Chen, my father, what's the situation now?"

"Hua Lao's condition is not very good now. Take him to the hospital first. I've tried my best to save his life." Xiao Chen didn't say it directly, but there was some despair in his words.

In this world, as a doctor, he can treat all diseases. It can also relieve all poisons, but there is only one thing he can't do, that is to bring the dead back to life.

Especially now that his medical skills have regressed, it is even more impossible to bring the dead back to life.

So now Hua Wenfeng's brain has been damaged. Even he can't be cured. He can only save each other's life temporarily, but it's impossible to cure him.

Now huawenfeng simply depends on the instinct of his internal organs to survive and breathe. But brain damage actually means that he is almost dead, but Xiao Chen can't say that now. He also knows that the hospital won't say it after seeing it.

They will certainly gently tell the people of the Hua family that Hua Wenfeng has only been seriously injured, similar to a vegetable, so there is little possibility of waking up.

It's just that it's very small. In fact, it's impossible to wake up.

"Then hurry. Let the hospital come!" Hua xuwan hurriedly urged the humanity behind him.

In fact, they had called an ambulance when they came, but Hua xuwan was too worried, so he forgot about it for a while.

After a while, Hua Qiye and Hua xuwan went to the hospital with the ambulance.

Xiao Chen stayed in the room alone and thought about it. Now he is thinking about whether huawenfeng is worth it. He has done so many things and made great achievements for the Empire. When he is old, he is still glowing in the country.

But it ended up like this. Is it worth it? Or. Is such an empire worth it? Are these people worth it?

Through the means of the mysterious man who abducted Hua Wenfeng that day, Xiao Chen can judge that this man must be from the state of Xia. Because the skill he used belongs to Xia state, not other countries, and he usually uses such means. Only Xia people.

So it was the native people who made a sneak attack on Hua Wenfeng and finally killed him. In such a cruel way, Hua Wenfeng's brain was directly shattered, so that he would never wake up.

In the face of such an imperial hero as Hua Wenfeng, it can even be said that the people of the current empire can live and work in peace and contentment. He has done a lot of credit. It is such a person. Although their name is big, their grandparents and grandchildren are fighting for the cause of the Empire for three generations.

Finally, they died because of some things in the Empire, but they didn't care about fame and wealth at all. No one knows how much they have paid. On the contrary, they live an ordinary life, but are ignored by so many large families in Kyoto.

Is it worth it?

Xiao Chen asked again in his heart.

Now he really doesn't know the answer. His grandfather taught himself when he was very young. If you are poor, you will be alone, and if you reach, you will help the world at the same time.

But now seeing the situation of the Hua family, Xiao Chen suddenly felt cold. Everything they did was for everyone's future, but now they are in danger. Even the Empire wants to block the news at the first time.

Even his idea at that time was to block the news, because if he didn't block the news, there would be more trouble. What's the bigger trouble?

It's just that those with status and status will be in danger, and then there will be more serious problems in the Empire. Therefore, in order to avoid these things, such an old man can only be sacrificed.

In the end, the old man did sacrifice, but there are still many outlaws rampant, and those who will worry about their future will not change. So what is his sacrifice for? Just for the temporary stability on the surface?

Hold on until the end, what should come, don't you still want to come?

Xiao Chen thought of this and suddenly felt that his inner answer was not worth it, very not worth it, very not worth it!

The God Of Medicine Son-in-law Chapter 435

Even Xiao Chen now has an impulse. He wants to kill all those criminals. He doesn't care about any law or any system, but simply produces these sins.

However, he still controlled himself, because he knew that this way could not solve any practical problems, but would only increase more contradictions.

Just as Xiao Chen was struggling about Hua Wenfeng, his phone rang again.

The caller is Cang chestnut. Xiao Chen adjusted her mood and answered the phone.

"Hello? Miss Cang chestnut, what's the matter?"

"You... Hello. Are you miss Cang's friend?" There was a woman's voice. It sounded a little older. Her voice trembled slightly. It was obvious that something serious had happened.

"Yes, I am. What happened?" Xiao Chen immediately asked.

"If you're free. Now hurry to the hospital. Miss Cang is really in trouble." The voice at the other end was still trembling.

"I see." Xiao Chen hung up the phone and flew to the Jiangdu hospital where canglizi was located again. Soon she came to the hospital.

At this time, he saw two other luxury cars parked right in front of the hospital.

There was a loud noise inside, as if someone were arguing.

“Cang Hui, Cang Bei, how can you two do this? You know, Mr. Xiao Chen is my bodyguard. You can’t remove him without my permission!” Cang Chestnut’s voice at this time was full of severity.

“Oh, my second sister, I didn’t expect you to challenge us after associating with Xiao Chen for a while. It’s not our meaning, but the meaning of the owner, but the meaning of the uncle. Xiao Chen is very problematic. Besides, he is a married man. You’re with him, which affects the reputation of our family too much, you know?”

The arrogant voice of Cangbei came.

“I thought something was wrong with this boy when he entered our house. Second sister, we’re not here to force you today. As long as you cooperate well, sign this contract and let Xiao Chen get out of the house from now on, we won’t be difficult for you.” Cang Hui’s voice is very indifferent.

It’s like saying something unimportant.

“You... You are deceiving people too much!” Cang chestnut drank. But her voice was a little soft, and even now trying to show her anger didn’t help.

Cangbei and Canghui don’t have any feelings about her cry. Today, their task is to let Canglizi sign the contract. They don’t want to take care of and care about other things.

“Second younger sister, I advise you to see the reality clearly. Xiao Chen has an unknown origin. His purpose is not clear. If he entered our Cang family with a very impure purpose, then we need to be more careful of him. Do you understand? Now the relationship between you two has caused a certain loss to our Cang family’s reputation. Sign it quickly and don’t force me Let’s do it! “

Cang Hui’s words at this time already contained the meaning of threat.

But Cang chestnut knows. This is definitely not a threat. They don't know how many times they have done things like today.

She even had some doubts about whether she was from this family or whether she had picked it up, so her relatives could do what they did to themselves in order to achieve their goals.

"I want to see who can force her to do what she doesn't want to do today!" Xiao Chen's voice came from behind.

Canghui and cangbei were stunned. They didn't expect Xiao Chen to appear here again.

"The information is wrong? Didn't he say to do another thing? Why did he come back so soon? Can he fly?" Cang Hui was a little nervous when he saw Xiao Chen.

But when he saw cangbei, he knew that it was nothing. Cangbei was already sweating all over his head and even trembling. It was obvious that he was afraid of Xiao Chen.

Xiao Chen came to Cang chestnut like this. Standing in front of cangbei and canghui.

"What do you want to force her to do? As a member of the Cang family, you have been absorbing her luck for so many years and looking for someone to curse her. It's shameless to kill her. Now you try every means to force her. Are you human or not?"

As soon as Xiao Chen came up, he was constantly tortured.

Cangbei and canghui are not afraid of Xiao Chen's torture, but Xiao Chen makes them afraid.

However, after a little hesitation, canghui still hardened his head and spoke:

"Xiao Chen, don't think you're great if you have some martial arts. It's not up to an outsider to intervene in the affairs of our Cang family. Also, as a married man, you're so close to the second lady of our Cang family. Your mind is not insidious. You must want to do something shady!"

“Hum, shameful things? Then you have come up with evidence to say what shameful things I have done?” Xiao Chen asked coldly.

“You... Didn’t I say that? It’s a strange thing that you’re so close to Cang Lizi now. You’d better understand that you’re the son-in-law of the Chinese family now. You just came out to pester the second young lady of our Cang family a few days after you got married. Tell me, what’s your bad intention?”

Cang Hui repeated again.

“I have a bad intention?” After hearing this, Xiao Chen sneered and said, “I have never had any immoral things around miss canglizi for so many days. On the contrary, you two, as Cang family, are going to force their relatives to do things she doesn’t want to do. I want to ask, who is more malicious?”

“Don’t be unreasonable here. I said that you can’t intervene in the affairs of the Cang family. Today we’re here to sweep you out of our Cang family. From now on, you’re not allowed to pester the people of our Cang family, you know?”

Cang Hui said more and more confident, because he found that Xiao Chen was reasoning with him now.

When it comes to reasoning, Cang Hui is never afraid, because they have never talked about any truth since they were young. Therefore, Xiao Chen’s more civilized statement will not work here. It will not only not work, but also increase their arrogance.

But even so, cangbei on one side dare not speak.

The God Of Medicine Son-in-law Chapter 436

You know, when he was in the East China Sea, he saw with his own eyes that he was close to a company. Everyone had high-end weapons in their hands, so he was directly solved by Xiao Chen alone. He didn’t even hurt a hair of him. In this case, anyone would be scared to pee if he saw it.

It's not easy for him to stand well in front of Xiao Chen now. It's impossible for him to have a conversation in his life.

At this time, Canghui also found that his third brother was particularly quiet, but they didn't say so at the meeting. Everyone agreed to take certain measures against Xiao Chen. Why did Cangbei dare not fart in front of him?

So Cang Hui deliberately led the conversation to Cangbei and looked at Cangbei and said, "third brother, what I just said is not wrong? Is Xiao Chen interfering with the internal affairs of our Cang family now?"

As soon as Cang Bei listened to Canghui's answer, he immediately felt tight in his heart. I almost swear at my mother. Don't you see my situation now? And let me talk? What can I say? What dare I say?

But now Cang Hui has thrown his words to Cangbei. It's not a way for him not to say it.

"Er....." just as he was about to speak, Xiao Chen spoke.

"I'll give you a chance now. Get back quickly, or you'll end badly!"

While talking, Xiao Chen's momentum changed, and suddenly a murderous spirit attacked their hearts.

Cangbei was almost scared to pee his pants and dared not say a word. Although Canghui was a little afraid, he also remembered what they said at the meeting. Now if Xiao Chen dared to do something to them, they also had a reason to drive Xiao Chen out.

Isn't it just being beaten twice? What are you afraid of?

Cang Hui thought like this and stood up straight and said, "we're here to do this today. If we can't do it, we won't go back, and you, Xiao Chen, can't have a chance to step into the door of our Cang family from now on!"

Cangbei heard Canghui's words. I couldn't help but cast an admiring look at him.

It turned out that he had always thought that Cang Hui said he was brave and that anyone dared to provoke was false. When I saw him today, I found that it was true. He was not afraid of such a ferocious spirit as Xiao Chen. He was really brave enough. Even if it was a bear heart and leopard courage, it was not too much.

“Oh?” Xiao Chen sneered again. He didn’t expect that Canghui really dared to contradict himself.

“Mr. Xiao Chen, forget it. Don’t do it. If you do it today, they will force you to quit the Cang family for this reason.” Canglizi is also persuading Xiao Chen behind at this time.

Xiao Chen smiled faintly and said, “it doesn’t matter. Don’t worry. I won’t leave any evidence for them.”

“Ah?” Cang chestnut was a little strange. She didn’t know what Xiao Chen was going to do, but she knew that once it was Xiao Chen’s decision. It’s really quite difficult to change. She already knows that. She doesn’t say anything anymore. She just looks at Xiao Chen’s preparation.

“Cang Hui, you have the courage to talk to me like this. I thought I would fight you?” Xiao Chen said and came to Canghui with a flash.

A huge pressure immediately pressed on Canghui’s head. He even felt that he was out of breath.

At this time, he knew that he had provoked a person who should not be provoked, and why Cangbei dared not say a word. Now he also regretted and his legs began to tremble.

But now it’s no use regretting, because Xiao Chen has shot. He just patted Canghui on his shoulder. Then Canghui felt a very unbearable burning feeling in his bones.

He immediately fell down. He kept twitching on the ground, as if he were twitching.

“Ah, Mr. Xiao Chen. Forget it! Come on!” Cang chestnut was afraid when he saw such a situation.

“It doesn’t matter. I’m just giving them a lesson. There won’t be any problem.” Xiao Chen smiled and said. With that, he went to Cangbei again.

“I’m sorry! I’m sorry! Brother Xiao Chen! I know I’m wrong. I’ll never force my second sister again. I’ll listen to my second sister in the future! Please! Don’t hurt me!” Cangbei immediately knelt down and looked greedy and afraid of death.

Seeing that Cangbei was like this, Xiao Chen couldn’t help showing a look of contempt, but he really didn’t give a hand to Cangbei. For such a person, he didn’t even have the idea of giving a lesson. Just let him reflect on himself.

Combined with a previous encounter in the East China Sea, Xiao Chen let Cangbei go.

Cang Hui on one side was still twitching, like an electric shock. In fact, Xiao Chen just sent the only remaining power of lightning into Canghui’s body. This power of lightning is not enough to electrocute the dead, but it can also make people uncomfortable for a long time.

“Mr. Xiao Chen, please stop. If it goes on like this, Cang Hui will.....” Cang chestnut saw that Cang Hui was still twitching. I was worried at first.

“Miss Cang chestnut, you have to believe me. I mean what I say. I can’t let him die. Even if he dies, I’ll let him live.” Xiao Chen said with a ready face.

“This...” although Cang Lizi believed in Xiao Chen, her instinct as a doctor made her worried about Cang Hui’s current state.

After a while, Canghui finally recovered his original appearance, and his body no longer twitched, but he could see that there was no previous look in his eyes.

“How’s it going? Canghui? Do you want to sign the contract? Do you want to kick me out?” Xiao Chen looked at Canghui with a smile and asked.

“No... no, I don't want to sign any more contracts! Brother Xiao Chen, please forgive me!” Cang Hui is almost kneeling now, but he has just been electrified for a long time. Now he doesn't even have the strength to stand up, so he can't kneel.

“That's good. The affairs of your Cang family will be taken over by Miss Cang Lizi sooner or later. If you don't have that ability, don't forcibly want to possess something. No one can take what belongs to you, but don't expect anything if it doesn't belong to you, okay?”

Xiao Chen smiled rather than smiled.

“Understand, understand brother Xiao Chen!” Cang Hui said he wanted to struggle to get up from the ground, but he still couldn't get up. Seeing this, Cang Bei hurriedly went up and helped him up.

“Brother Xiao Chen, let's go now.” Cangbei holds one side and walks the other.

The God Of Medicine Son-in-law Chapter 437

“Wait!” Xiao Chen shouted.

Cangbei quickly took back his hand holding canghui. At this time, canghui could not stand up by his own strength. Without cangbei's support, he fell to the ground and had another close contact with the ground.

“Oh, cangbei. What are you doing? Even if you want to let go, you can tell me first. It really hurts me!” Cang Hui fell to the ground and kept wailing.

“Big brother...” cangbei realized at this time that his behavior just did not take into account his big brother's situation. Now he also regretted, but he regretted it. What he is more afraid of now is Xiao Chen, which scared him just after Xiao Chen called him.

Now he is kneeling on the ground, waiting for the evil god to speak.

Seeing that Cangbei and Canghui didn't, Xiao Chen couldn't help laughing. If they weren't the two CHILDES of the Cang family, I'm afraid they wouldn't have the strength to go out and sweep the street now. They were so frightened by their casual words.

Although it is true that his current strength is a little scary, it is not to the extent that a word can make people kneel down. At first glance, these two people are used to bullying soft and afraid of hard, so they will appear like this. However, Xiao Chen doesn't care about the performance of these two people now.

Instead, he turned to Cang chestnut and said: "Miss Cang chestnut. It was originally your Cang family's own business. Now these two guys have realized their mistakes. Why don't you tell them something clearly, so that even if they want to bully you again in the future, they should first consider whether their behavior conforms to the current agreement."

"Ah?" Cang Lizi looked puzzled and nervous when she heard this. Usually, she has always been submissive in the family. I have never resisted anything to my uncle or third uncle.

For her eldest brother and third brother, she did things exactly according to their wishes. She just wanted to live well in Cang's family, but even such a small and simple wish was tortured and torn apart by these people.

Now Xiao Chen's appearance suddenly made her feel some anti guest oriented situation, but it made her very uncomfortable. So I was coy for a long time and couldn't say why. I just said a simple sentence: "you should remember to be a good man in the future and don't bully the weak outside."

Hearing this, Xiao Chen couldn't help patting his forehead with his hand. It's too light to say, and there is no agreement. Even if the two guys agree verbally, it's of no great use. When it's time to commit an offence, they will still commit an offence, which is certain. Xiao Chen knows without even thinking about it.

Cangbei and Canghui heard the soft words of Cang chestnut and agreed quickly. And I promise I won't bully Cang chestnuts or play tricks in the family in the future.

"Look, Mr. Xiao Chen. Is that all right?" Cang chestnut turned and asked.

“Of course not.” Xiao Chen immediately waved his hand.

It seems that he is going to help others to the end. He will be a villain himself.

Xiao Chen thought and went up to lift cangbei and canghui directly from the ground and walked towards an office of the hospital.

When they came to the side of the office, all the doctors inside saw that Xiao Chen came to the door with the two CHILDES of the Cang family, and all showed very surprised expressions one after another.

“Well... What are you doing?” One of the male doctors boldly asked.

“Borrow your printer.” Xiao Chen smiled.

“OK, you use it, you use it!” The man quickly got up from his seat, and the other doctors quickly slipped out of the office. It’s all gone.

Seeing this, Xiao Chen didn’t have too many ideas. He just threw cangbei and canghui to the ground, pointed to the computer and said, “write a contract about Miss canglizi. If it’s not well written, I won’t let you go back. Write it well.”

With that, Xiao Chen sat on a chair on one side and stared at them.

They slowly got up from the ground and began to write their own contract on the computer. Cangbei took the lead in writing it, so he looked at Xiao Chen. Xiao Chen came up and looked at it. Suddenly, his face was cold and said, “it’s not deep enough. There are still many points that haven’t been written out. It’s not good. If you want me to help you write it, don’t blame me for doing it first.”

Xiao Chen said, pinching his fingers, and there was a “creak” sound between his joints.

“Yes, yes! I’ll change it right away!” Cangbei hurriedly continued to input on the computer.

Seeing the situation of Cangbei here, Canghui immediately deleted all the things he had just written and started writing a new one.

Seeing that the two people honestly wrote many things they shouldn't do, Xiao Chen sat back in his chair with satisfaction.

Canglizi also followed in at this time. Looking at Cangbei and Canghui writing in front of the computer, she couldn't help feeling a little strange, so she asked Xiao Chen, "Mr. Xiao Chen, what do you want them to do?"

"I asked them to write a contract, so that even if they want to bully you again in the future, if I find out, they won't have a good life!" When Xiao Chen said this, his tone was deliberately heavy.

Cangbei and Canghui both felt a little flustered after hearing this. Now they really don't dare to have any other ideas about Cang chestnuts. They would rather worship the second lady of Cang family as a God.

After listening to Xiao Chen's words, Canglizi seemed to have some heart, so he said to Xiao Chen, "why don't you forget it? In fact, they are not too bad."

After hearing this, Xiao Chen shook his head and said, "such a person should be treated like this. You can rest assured that doing so will not have any bad impact on you."

Seeing that Xiao Chen was so determined, Cang chestnut had no choice but to say nothing more.

Cangbei and Canghui wrote for nearly an hour, and finally wrote a document that Xiao Chen could see in the past, so Xiao Chen waved his hand and said, "well, come and press a fingerprint again."

"According to the fingerprint?" Cangbei and Canghui were stunned when they heard this. They didn't expect Xiao Chen to do so well and even let them press their fingerprints?

After pressing the fingerprint, even if they want not to admit it in the future, they can't do it. Now the two brothers have 10000 regrets in their hearts.

The God Of Medicine Son-in-law Chapter 438

For no reason, why did they find themselves such a trouble? They knew they wouldn't come out. At least if they didn't find Xiao Chen, Xiao Chen wouldn't come to them.

Even if your father is tortured like this, at least you don't have to suffer like this.

But now it's too late. Now they are caught by Xiao Chen, and they have been taught a good lesson. Think about it. They also felt that there was no other choice, so they pressed their fingerprints honestly.

After reading it, Xiao Chen was very satisfied. He handed the contract in his hand to Cang Lizi and said, "take this away. If there is anything in the future, this will have the effect of law. If I'm not with you, you can treat them with this."

Cang chestnut looked at the two contracts, nodded and put them away, while cangbei and canghui looked as if they had been bitten by a dog. How ugly it is.

"Well, now you two can get out." Xiao Chen waved to cangbei and canghui again.

Hearing this sentence, the two people seemed to be liberated. They hurriedly ran out of the hospital. They estimated that they would never come to Jiangdu hospital again in their life. What should be ugly was that they made mistakes here and those who should be lost were also lost here.

So now the whole Jiangdu hospital knows that the two childe brothers of the Cang family are actually two soft eggs. They only know that they bully the soft and fear the hard, and have no other ability at all.

Xiao Chen's reputation is particularly high in Jiangdu hospital. All doctors, including the president, respect Xiao Chen very much and welcome Xiao Chen to play at any time.

Xiao Chen didn't say much, because he might or might not come here, and other things are even more difficult to say. Now at least he has solved some small problems for Cang chestnut. If there are any other things after that, we'll wait until later.

“Thank you. Mr. Xiao Chen, you helped me so much again. If it weren’t for you, I might still be bullied by them.” Canglizi is also very grateful to Xiao Chen at this time.

“Don’t be anxious to thank me first. When all the later things are completed, you can thank me again. If I guess well, these two guys will complain when they go back, and the two old guys may come to our trouble again.”

Xiao Chen was indifferent at this time.

“You mean my uncle and third uncle?” A little pale chestnut.

“Right.” Xiao Chen smiled.

“No way. As elders, they usually have a lot of things to do. How can they come to trouble us when they are free?” Cang chestnuts are a little hard to believe.

“If you don’t want to believe it, just watch it. I don’t think their people will come tonight.” Xiao Chen said with a ready look.

“Really?” Cang chestnut really doesn’t believe it.

“Time will tell you the answer.” Xiao Chen smiled mysteriously and said nothing more.

Originally, today he was going to expose the true purpose of those old guys in Cang family and drive out the whole curse chain, but now it seems that he doesn’t need it. After cangbei and canghui go back, they must bring people to trouble.

Sure enough, before the night Xiao Chen expected, people from the Cang family had come in the afternoon, but they didn’t seem to be looking for trouble. The visitor claimed to be the representative of the Cang family. I want to invite Xiao Chen and Cang Lizi back to Cang’s house for a party or something.

It seems to be true, but in fact, Xiao Chen already knew what the other party was playing, so he readily agreed. After all, tonight is the real fight and meeting.

Cang Lizi thought it was really a simple party, so he didn't worry too much. He was going to take Xiao Chen to buy a set of nice clothes.

But Xiao Chen must have refused. He let Cang chestnut watch. Then these people's faces.

Although some didn't believe it, Xiao Chen didn't miss what he said every time. His judgment on these people of the Cang family is also quite profound, so Cang chestnut didn't take him to buy any clothes or the like according to Xiao Chen's meaning.

The afternoon is short. Soon the sky outside was dark, and Cang chestnuts were off work.

"Why don't we ask Zhao Yu to join us. It seems that we haven't seen her for two days." Canglizi suddenly remembered Zhao Yuxi.

Xiao Chen is a little speechless. It's not really going to any fun party. It's obviously a Hongmen banquet. Isn't taking Zhao Yuxi equal to asking her to come and be calculated together?

So Xiao Chen resolutely rejected Cang Chestnut's statement.

Cang Lizi was a little helpless, but it was only good to listen to Xiao Chen. They soon returned to Cang's house, but they both felt that some strange things were that all the uncles and aunts along the way had disappeared, and all the personnel in Cang's house seemed to have disappeared.

All the way back to Cang Lizi's residence, Xiao Chen felt a very unusual smell, but he couldn't tell what it was. But now he is also an expert in art and brave. No matter what kind of Yin moves the other party wants, he is fearless.

In this way, I soon came to the family gathering of Cang family. On the whole table, in addition to cangbei and canghai, there are Cangshan Mountain and canghai. There is another person, a man. It seems that the man has some feminine breath, and his tone and intonation are also strange.

However, according to the introduction of others in Cang family, this is a very important person in Cang family. He is mainly to help Cang family watch Feng Shui. He has done well for so many years, so he was invited.

Hearing this, Xiao Chen realized that this man is probably the master behind him. In fact, he did the curse of Feng Shui for so many years. Now he dares to appear directly, which makes Xiao Chen a little strange.

But strangely, the atmosphere of the whole party still needs to be. At the beginning, it is a very common routine. We drink together, and then we drink to each other.

Xiao Chen didn't participate in it at all, but Cang Gaoshan and Cang Haicheng acted as if they were completely happy and kept talking to Xiao very much.

Cang chestnut seems to be confused by this appearance, or she has been looking forward to this day for so many years, so she is quite happy.

The God Of Medicine Son-in-law Chapter 439

All this was seen by Xiao Chen. Although he didn't want to expose the faces of these people on the table, he knew that in the end, these people would show their true colors. They would do whatever they should and want.

Because as soon as Xiao Chen entered the door, he felt that there seemed to be a lot of breath around him. It seemed that the people of the Cang family had ambushed many experts. Just wait for an order, and then they all do it.

But they didn't know that Xiao Chen had seen through everything and was still trying his best to act.

"Mr. Xiao Chen. I heard that you know a lot about feng shui. I can come here today. In fact, I want to communicate with Mr. Xiao Chen more. After so many years, I have encountered a bottleneck and have been stuck here. I don't know if Mr. Xiao Chen has any better views."

The feng shui master suddenly chatted with Xiao Chen.

The feng shui master called himself Wanli. As for his real name, Xiao Chen was unknown, but he didn't want to know. When he saw Wanli say hello to himself, Xiao Chen couldn't refuse directly. He just shook his head and said:

"I'm not a feng shui master. I'm just a jobless wanderer."

Hearing this, Wanli immediately smiled: "Mr. Xiao Chen is too modest. I know you have always been very powerful. Even if you just came to our Cang family, you also know some Feng Shui defects in our Cang family, and have done a lot to improve our Cang family Feng Shui."

"I really don't know what you're talking about. I haven't done anything since I entered Cang's house." Xiao Chen had a plain face.

"No, you did it. You did an earth shaking job. You did a great job." Wanli still insisted.

Xiao Chen saw here and said nothing more. He suddenly realized that Wanli actually meant to curse the locust, and there was an implication in what he said. It looked like he was praising himself, but in fact he was turning around and saying that he had broken his curse chain.

Seeing that Xiao Chen didn't respond to his words, Wanli calmed down at this time, and then asked, "I don't know what Mr. Xiao Chen is going to change the feng shui of our whole Cang family?"

"As I said, I'm not a master of Feng Shui. I'm just an unemployed wanderer." Xiao Chen emphasized again, with a slightly heavier tone.

Canggaoshan and Canghai over there heard their dialogue in Chengdu. He hurriedly gathered together and said, "both of you are experts of my Cang family now. Don't quarrel over something you shouldn't do. Come on, drink, drink!"

Then he raised his glass, because Xiao Chen didn't move a mouthful of wine and food on the table at the beginning. Now everyone is looking at him and waiting for him to start drinking and eating.

Now I see the Cang mountain and the Cang sea, and Chengdu comes together. Xiao Chen was embarrassed not to eat, so he also picked up his wine glass and drank to them.

Seeing that Xiao Chen finally drank, Cang Gaoshan was so happy that they drank a few more cups.

But what they didn't know was that when Xiao Chen drank the wine, he had melted the poison in the wine with the vitality in his body. Then he combined them with the Qi of yin and Yang.

So now the Cang family on the table think Xiao Chen is poisoned, but in fact, Xiao Chen is not poisoned. Instead of being poisoned, he is still very sober and knows exactly what he needs to do next.

Canglizi is very happy because she hasn't been drinking with her family for so many years. After two drinks, she is almost drunk now. Maybe it's going to fall.

Three rounds of wine and five flavors of dishes. Everyone ate almost and began to talk.

The first speaker is Cangbei.

"The last time I saw our Mr. Xiao Chen here in the East China Sea, I knew he was very unusual, not only in Feng Shui, but also in his martial arts. As well as his thoughts, he was beyond my reach."

Cangbei is constantly flattering Xiao Chen. It is obvious that the last thing in the East China Sea still makes him remember, and even may have left a psychological shadow, so he is very afraid to see Xiao Chen now.

Hearing this, Xiao Chen just sneered.

“Come on, Mr. Xiao Chen, I was really ignorant before, but now I know that you are really powerful, and you do a lot of things that are really good. Let me give you a toast...” cangbei said and suddenly fell asleep on the table.

I was really drunk.

“Hahaha, my little brother cangbei is like this. He fell down after drinking two glasses of wine casually. Now it seems that he won’t wake up for a while and a half. Come on, take him down.” Cang Hui patted cangbei’s back path.

After a while, several servants came and carried cangbei down.

Then, Cang chestnut suddenly fell on Xiao Chen’s shoulder. Apparently drunk.

After falling on Xiao Chen’s shoulder, Xiao Chen looked at her situation. She was just normally drunk and had not been poisoned, so Xiao Chen’s heart was still a little comforted. At least the people of the Cang family were not so crazy as to be hopeless.

They still haven’t started with their own family.

“She’s drunk, too. Let someone come and carry her down.” Cangshan suddenly shouted.

“That won’t work.” Xiao Chen immediately refused.

Seeing that Xiao Chen refused, Cang Gaoshan and Cang Haicheng quickly agreed: “well, let her lie on our Mr. Xiao Chen’s shoulder all the time.”

Although this is said according to Xiao Chen’s meaning, it is actually deliberately aimed at Xiao Chen. How can a family member let the young lady of his family lean on the shoulder of an outsider when eating?

Besides, Xiao Chen is still known as the son-in-law of the Hua family, and there are still many big families who know about the incident of the Hua family. Now Xiao Chen, as the son-in-law of the Hua family, Hua Wenfeng doesn't take care of the incident, but goes to other families to attend a family dinner.

Isn't this a deliberate display of disdain for the Chinese family? Now there is something unclear with Cang chestnut, isn't it more suspicious?

"I don't mean to let people carry it, but I'll send it." Xiao Chen said and made another move that surprised everyone present. He even picked up Cang chestnut directly and walked towards Cang Chestnut's residence.

"Mr. Xiao Chen, don't go yet. We still have a lot of dishes to eat." Cang Gaoshan chased out.

The God Of Medicine Son-in-law Chapter 440

"I said, I'll take her back first. I'll be back later." Xiao Chen said, holding Cang chestnuts, she left here and walked towards her own residence.

Cang Gaoshan and Cang Haicheng behind him seemed relieved to see Xiao Chen walking with Cang chestnuts to Cang chestnuts' residence.

Although they are not particularly familiar with Xiao Chen, they have laid a net around Cang's house tonight. Even if Xiao Chen wants to escape now, there is no chance.

So now they are not particularly worried that Xiao Chen will take the opportunity to run out.

Wait a minute. As he said, Xiao Chen returned to the villa here from Canglizi's residence and saw him come back. Cangshan and Canghai laughed again when they were finished.

"I knew Mr. Xiao Chen was a man of his word and would not just walk away." Cang Gaoshan's face was full of joy and wanted to go up and pull Xiao Chen back to his original seat, but Xiao Chen's face had changed at this time.

Previously, it was because Cang chestnut was here. He also wanted to let Cang chestnut experience this rare family affection. Now that Cang chestnut is drunk, he doesn't need to continue acting with the two old guys of the Cang family.

"You just do it. Stop acting." Xiao Chen carried his hands and looked coldly at the people in front of him.

Hearing this, Cangshan Mountain and Canghai Chengdu were stunned. Wan Li on one side didn't change much. He was still eating and drinking wine calmly, as if Xiao Chen hadn't spoken just now.

Xiao Chen didn't speak again at this time, but was waiting for the reaction of the Cang family.

"Mr. Xiao Chen, what are you talking about? We came here this time to get along well with you. What do you want to do?" After being stunned for a while, Cang Gaoshan is still pretending to be a fool.

Cang Haicheng on one side also agreed: "yes, Mr. Xiao Chen, we really sincerely want to get along with you. This meal is our sincerity and the contract you want. We have both written it. Housekeeper, take it up quickly!"

The Housekeeper on one side heard his old master's words and hurriedly went down and took out a box. After opening the box, there were not only a lot of banknotes, but also two documents, which looked like two contracts.

"Mr. Xiao Chen, you see, this is our sincerity. We are all ready." Cang Gaoshan said and took the box to Xiao Chen.

Xiao Chen didn't look at him, but still looked coldly at these people in front of him and said, "I said. Do it directly, or you won't have a chance when I do it."

As soon as the voice fell, Wanli's original expression over there was quite calm. Suddenly, a trace of killing intention appeared on his face. He patted the table directly, jumped up and jumped in front of Xiao Chen.

"Well, you all leave. We'll leave the rest to us." Wan Li looked at Xiao Chen coldly.

“Yes.” Cang Gaoshan and Cang Haicheng knew at this time that they didn’t have to deliberately install it, so they withdrew slowly.

Subsequently, countless Taoist figures constantly appeared in the whole Cang family’s villa. Soon, nearly 100 experts surrounded Xiao Chen in the middle.

“Xiao Chen, I appreciate your courage. I know we’re having a Hongmen banquet today. You have to come to the party. Although I don’t know why you want to help Cang chestnut so much, I’ll tell her after you die and ask her to send you more flowers and burn paper money.”

Wan Li said and smiled sadly.

“Do you think you can beat me with these bad guys? That’s ridiculous.” Xiao Chen said, showing a contemptuous expression.

“Of course, these people can’t defeat you, but they can consume your strength. Besides, you may not know what’s in the wine you drank before. That’s the poison of scattered skill I’ve developed for decades. Even if you’re a god level fighter, you’ll lose all your internal strength in three hours after drinking this poison. I want to see if you can be arrogant!”

Wan Li said with a very proud expression on his face. It seemed that everything was under his control. He felt that he had won.

“Really?” Xiao Chen suddenly raised his mouth slightly at this time: “then you can have a try.”

Seeing Xiao Chen’s expression, Wan Li immediately noticed something wrong. However, he was also a dragon level master. Naturally, he would not be afraid, and he was quite confident in his poison, so he waved his hand and shouted:

“Give it to me. Whoever can defeat him, I’ll give a reward of 10 million!”

These warriors around heard this sentence. Suddenly, they all rushed towards Xiao Chen as if they had beaten chicken blood.

Among them, there are B-level fighters and A-level fighters, so together, the threat can be quite large. Even dragon level and even heaven level fighters should be very careful when they see such a situation.

Because the combined strength of so many A-level and B-level fighters cannot be underestimated. If you are not careful, you are likely to be hit by them. Then there will be a lot of trouble.

But they don't know that Xiao Chen has already gone beyond the realm of martial arts. He is practicing now. The so-called cultivation is not what ordinary people can do.

No matter how strong the warrior is, it is just a mere mortal. It is impossible to exceed the limit that human beings can reach.

Xiao Chen's current situation has completely surpassed mankind. In the eyes of ordinary people, he should be an immortal and a divine existence.

As early as when he was the God of war, he had swept one side and no one could beat him. Now, after being inherited by Xiao Qingyuan, he integrated his Jidao divine formula with the power of the original Oriental God of war. His current situation has reached an unprecedented powerful situation.

Not to mention that there are only 100 martial arts masters now, even 1000 or 10000. As long as there is no improvement in quality, there will be no significance in front of Xiao Chen.

Seeing all the martial arts experts gathered around, Xiao Chen took no time to hurry and quickly ran the Jidao divine formula. Combined with a move of the original Oriental God of war, he was the center of a huge air wave.

“Boom!”

All the fighters who were just about to rush up were directly shocked and flew in an instant, while those who wanted to keep up behind were also affected by the aftershock. They were shocked and flew out for a long distance in an instant, and some directly hit the wall of the villa.

In an instant, all the experts were abandoned.
