

God Of Medicine 451

The God Of Medicine Son-in-law Chapter 451

“He’s just an outsider. Why can he have the right to manage things in your family?” Permanent year asked a little strangely.

“That’s the problem. He is indeed an outsider, but Cang chestnut believes in him very much, so he received him at home and became a personal bodyguard.” Cang Gaoshan said with a sad expression on his face.

Seeing the expression of Cang Gaoshan, permanent Nian seems to be able to realize what kind of Xiao Chen in their mouth has tortured them.

“That’s not enough. The key is that this boy is still the son-in-law of the Hua family. So we dare not touch him. We can only let him do whatever he wants in our family.” Cang Haicheng also frowned.

“Hey, don’t talk about him. It’s really unlucky. We were already quite perfect abacus. We were all broken when the boy came.” Cang Hui also waved his hand at this time, picked up a cup of coffee in front of him and drank it.

Just as his voice fell, a voice suddenly came out: “you are so happy to discuss here. Why don’t you say it when I come? I also want to hear more of your comments on me, so that I can go back and make some corrections.”

As soon as the sound came out, everyone present immediately counted down.

The Cang family took a cold breath.

But the permanent year doesn’t know who Xiao Chen is, and doesn’t know Xiao Chen’s voice. The reason why he counts down is simply because he didn’t expect that there is still a person in his room. Where did this person come from?

According to the truth, the hotel room is absolutely closed, so the sound insulation effect is also quite good. Moreover, they specially chose the room in the most remote corner. Even if there are experts, they may not be able to detect the existence of people in it.

Unless he can break through the door.

But obviously, now the door is good and the window is closed. Where did this man come from? Have you seen a ghost?

“Xiao... Mr. Xiao Chen, why are you here?” Cang Gaoshan asked, pressing the shock and fear in his heart.

“If I don’t come here, will your plot succeed soon? I seem to remember. You wrote in the contract that you can’t hurt Cang chestnuts again? Now, your behavior violates the regulations in the contract.”

Xiao Chen said, coming out of the shadow and coming to everyone.

It was only then that I could see clearly the face of the mysterious figure that the Cang family had been talking about.

Originally, Yongnian thought that Xiao Chen would look vicious, but when he met, he found that the other party was a young man with beautiful faces and a kind face. It doesn’t look like a murderous man.

However, permanent Nian has been wandering outside for so long, and naturally understands the truth that people can’t judge by appearance. So now after seeing Xiao Chen, he doesn’t dare to be presumptuous, just waiting for Xiao Chen to say his meaning.

“Mr. Xiao Chen, don’t get me wrong. We don’t want to do this ourselves. He told us to do it. He said that if we didn’t do it, we would send someone to assassinate us, so we did something to endanger Cang chestnuts in order to protect our lives.”

Canggaoshan immediately pointed to the permanent year road.

It’s obvious that Cang Gaoshan is right now. Four of the people present are from their own families. And only the permanent year is a person. Of course, we should use him as a shield, although the permanent year itself is to help them.

But Cang Gaoshan and the other three people in Cang family didn't know that Xiao Chen would suddenly appear in their secret conversation room. It was a dog jumping over the wall and got what was what.

Hearing what canggaoshan said, permanent Nian immediately wanted to refute, but he hasn't said it yet. Canghaicheng on this side and canghai cangbei on this side. They all stood up and pointed to him and said, "yes, that's right. Mr. Xiao Chen, it was he who ordered us to do so. In fact, we all refused, but he threatened us with our lives, so we were forced to do so."

After hearing these people's words, permanent Nian immediately knew that he might be in danger. Now he was a lonely man without any assistance. He said he could not speak better than them. Although he didn't fight with Xiao Chen.

But according to the description of the four people in the Cang family, he can't beat Xiao Chen. Run? In this situation, he ran away, although he lost face. But it is indeed a best policy.

Thinking of this, permanent Nian suddenly stood up and suddenly glared at Xiao Chen.

Then he spread his legs and ran towards the door.

Seeing this scene, the four people of the Cang family were all stupid. They didn't expect that the permanent year's decision was so decisive and knew that there would be problems if they stayed. Just ran out.

This is not a good move.

But just before he reached the door and touched the door handle, Xiao Chen's figure stopped in front of him like a ghost.

"Where are you going?" Xiao Chen still looked at Yongnian with a smile on her face.

Yongnian didn't stop the car and directly hit Xiao Chen, but with such a collision, he felt that Xiao Chen suddenly sent out a very strong force and directly knocked his whole person out.

He flew directly back to the position where he was just now, but hit the table directly.

The four members of the Cang family hurriedly fled, and the wooden table was directly smashed by Yongnian.

At this time, permanent Nian also felt a burst of pain in his back and fell to the ground and curled up together.

“Mr. Xiao Chen, good fight! Good fight!” Cangbei immediately praised him.

Hearing Cangbei applauding, several other people immediately echoed.

“Yes, Mr. Xiao Chen plays well!”

For a moment, the whole room was filled with sounds similar to cheering.

Now I know what it means to kill people and kill people. It's true that these Cang family guys betrayed their partners. It can be said that they completely betrayed him.

Now he has nothing to say, and he can't say now. He even feels that his internal organs have been seriously injured by the impact just now.

Now he has only one idea, that is, he wants to live. Other things don't seem to matter.

The God Of Medicine Son-in-law Chapter 452

It's just that he doesn't want to die this year, but the other four Cang family people present want him to die quickly. It's best to be patted to death by Xiao Chen. They can't die anymore. In this way, their things will be dead without proof.

After that, what they say is what they say, without any worries.

However, although the four of them think so, they dare not say it directly now. Can only be in the side constantly applaud, hope Xiao Chen can quickly kill this year.

In this way, the four people shouted for a while. Found that Xiao Chen didn't mean to rush, so he stopped crying and looked at Xiao Chen.

Xiao Chen slowly walked over from the door and sat in the position where permanent Nian had just sat, looking at permanent Nian who was seriously injured lying on the ground.

"You, honestly explain what happened. If there is a bit of falsehood, your life will not be guaranteed!"

Xiao Chen suddenly used a very strict language.

After listening to Xiao Chen's words, Yongnian also trembled, and the people of the four Cang families around him were full of shock.

After all, now Xiao Chen is the master of the game, and they can only wait to be dealt with by Xiao Chen.

Although Cang Gaoshan and Cang Haicheng said they had never seen Xiao Chen's great power with their own eyes, they at least knew it well. On that day, they prepared so many experts, and Wanli, a dragon level expert, was present. They were all solved by Xiao Chen in less than three minutes.

So now they don't have any intention of running away in their hearts, because they know that if Xiao Chen really wants to, they can beat them all in an instant, and they can't escape.

Moreover, this permanent year is also a fighter. Although it is class C, it is still much better than several ordinary people, so there is no chance for even a permanent year. What's more, they can only wait for Xiao Chen's rise and fall.

Hearing Xiao Chen's words, permanent Nian immediately felt that his things seemed to be turning for the better. He quickly climbed up slowly from the ground and gasped: "I... I didn't plan all this... It was... They planned it together."

He is seriously injured now, so it is very difficult to speak.

After hearing this, Xiao Chen frowned, and then injected a trace of yin and Yang into the body of this permanent year. After a while, permanent year felt that most of his injuries had been repaired. There are only a few minor injuries left, and there is no major problem.

The most important thing is that the whole person's breath is much smoother. He immediately stood up straight and said: "this adult, don't listen to their four nonsense. This thing was first came to me by canggao mountain, although I do have some greed for the industry of Cang family."

"But I didn't think of such a vicious plan at the beginning. They ordered me to do so. Please see clearly!"

He called Xiao Chen an adult, because in his eyes, people like Xiao Chen must be quite powerful and powerful figures in the Empire. You know, those experts above dragon level in Kyoto are honorary elders of some big families. Or some senior generals of the Empire or something.

Now Xiao Chen's ability is obviously the strength of some experts above dragon level. How can a person with such strength have little power behind him?

Besides, the whole family of Cang family is so afraid of Xiao Chen, which further shows that his judgment is not wrong.

In fact, there are really not many problems in the judgment of the permanent year, but Xiao Chen doesn't have much power now, or even has little power. He just broke into today by relying on his own ability.

As for Xiao Qingyuan behind him, he often appears and haunts. Now Xiao Chen doesn't know what his grandfather is doing, so even though Xiao Qingyuan's power is quite huge, it still doesn't appear now.

But Xiao Chen didn't care. Because he always relies on his own strength to do things, and he also relies on his own strength to get to this step today, so now even if he is alone. In fact, it is no worse than the prestige of thousands of troops.

So now when these people see Xiao Chen, they all feel that they are trembling all over, and their hearts are full of fear.

Especially after hearing what permanent Nian said, the Cang family knelt down on the ground directly.

Canggaoshan is still trying to slander Yongnian at this time: "Mr. Xiao Chen, Lord Xiao Chen, you can't believe his nonsense. He talks casually. If he didn't say he could help us, we wouldn't come here. After he came, he threatened our lives, so we had to obey his arrangement and put pressure on Cang chestnuts. Moreover, we didn't hire this lawyer. He hired everything."

"Mr. Xiao has nothing to do with us. Mr. Xiao is not the perpetrator of all these things." Cang Haicheng also followed Cang Gaoshan's words at this time.

after all is said and done. In fact, they just don't want to admit it, because they know that if they admit it, they will be finished. Xiao Chen's means don't need to be said. Moreover, Xiao Chen always says one thing and does what he says. Since he warned the four people of the Cang family last time, let them be honest.

But also signed a contract, agreed that in any case will not embarrass Cang chestnuts.

But now they have broken the contract and started on Cang chestnuts again. Xiao Chen can't forgive them for such a thing.

So the reason why they lie now is to save their lives. After all, it's better to live than to die. Who wants to die for no reason?

"Brother Xiao Chen, I still say that. If you want to investigate, you should investigate deeply. They now have four people and four mouths. I can't tell them. If you, Lord Xiao Chen, are just the one who will make a decision after being bewitched by them, I have nothing to say."

The permanent year suddenly had some backbone and said very hard words.

After hearing what Yongnian said, the people of the Cang family were stunned, because they didn't expect that Yongnian suddenly dared to talk to Xiao Chen like this. Isn't this trying to die?

The God Of Medicine Son-in-law Chapter 453

However, something unexpected happened to them.

After listening to the words of the permanent year, Xiao Chen slightly hooked the corner of his mouth and looked at the permanent year with great interest. He suddenly felt that the middle-aged man in front of him was really interesting. He knew the key point of the matter. He could feel that the permanent year had actually seen his idea clearly.

In fact, Xiao Chen has long been hiding to listen to their dialogue, so it's the problem of the Cang family. In fact, I already know the problem of his permanent year. The reason why he will fight against him is simply because he wants to escape.

He must act to frighten the owner of the Chang family. It is also to pave the way for his future affairs. Now his influence in Kyoto is really too small, so he needs to constantly expand his influence.

From now on, Xiao Chen is ready to collect some people who obey his command, and this permanent year and Chang family is his first goal.

Permanent year suddenly became a little stiff, but also let Xiao Chen look at him, at least to prove that he is not a soft persimmon. Anyone can handle it. Even when he meets a freak like Xiao Chen, he can still keep his heart.

"Very good." Xiao Chen stood up with a smile.

In front of the permanent year and the people of the Cang family, there was some emptiness in their hearts. They didn't know what Xiao Chen meant by "very good". Xiao Chen slowly walked down and came to the front of the permanent year.

Seeing Xiao Chen walking towards the permanent year, these people of the Cang family immediately felt a little happy, because they thought that Xiao Chen might be because the permanent year just dared to talk to him like this, so now we should teach the permanent year some lessons.

At this time, Yongnian also regretted. He suddenly felt that his previous way of speaking seemed to be too tough, but now regret is useless. What he said is like water thrown out, which is difficult to recover. It is the so-called saying that it is difficult to recover. Now he can only hope that Xiao Chen's mood is a little better and will not kill him, Leave him a way to live.

See Xiao Chen approaching step by step. There was still a trace of cold sweat on his forehead.

In front of the permanent year, Xiao Chen slowly raised his hand.

After the Cang family on the side saw Xiao Chen raise his hand, the eyes of the four people were full of satisfaction. This permanent year is finally going to be killed by Xiao Chen. Now Xiao Chen must be exercising his kung fu. If this palm goes on, there is no doubt that the permanent year will die.

The hearts of the four people are full of happiness. In this way, when the permanent year dies, their affairs will have an explanation. And Xiao Chen certainly won't kill them all, because once they die, they will certainly attract some attention from the outside world at that time.

Thinking so, the four people of the Cang family immediately felt that they had some confidence. They were ready to see the permanent year fall in a pool of blood.

At this time, his heart beat very fast. He also felt a strong heat coming from his shoulder. If he touched it, he was likely to be melted directly.

This is Xiao Chen's strength, enough to slap him to death.

But at the moment when Xiao Chen's hand fell on permanent Nian. Nothing happened. The four cangs on the side were a little silly. They rubbed their eyes and looked at Yongnian. After making sure he wasn't beaten to pieces, their faces showed an incredible expression.

But they dare not speak now. Everything is in Xiao Chen's hands.

"You are very good. Now I want to take you as my first force. What do you think?" Xiao Chen smiled and looked at Yongnian.

"The first forces?" Permanent Nian was stunned. Some couldn't believe it and looked at Xiao Chen: "Sir, what you said is true?"

"Of course it's true." Xiao Chen tunnel at will.

"It's really my great honor. As long as I can work for adults, I will be an ox and a horse for you all my life. I will never complain!" Permanent Nian immediately bowed down and expressed his loyalty to Xiao Chen.

As the owner of the Chang family, he certainly knows what this means. What level of character is Xiao Chen? It's at least a fighter above dragon level or even heaven level. There is such a fighter sitting in his family. Can't he walk across Kyoto in the future?

If you don't please Xiao Chen now, there may be no chance after that.

"You don't have to say these routine words. I let you follow me. Naturally, there are things you need to do. Of course, I won't give you benefits. As long as you perform well, there will be enough benefits for you." Xiao Chen said faintly.

"Yes!" Permanent Nian immediately bowed down again. Now he knew Xiao Chen's temper. He didn't like trouble, so he didn't say much immediately and answered Xiao Chen's words in one word.

In this way, Xiao Chen must feel more happy in her heart. The impression of him will be better. He didn't think wrong. Xiao Chen now thinks this permanent year is good.

He likes to do things as simple as possible. He doesn't like people who talk a lot but don't see people when doing things.

See such a scene. Seeing that Xiao Chen had taken the Chang family directly, the four cangs on one side were stunned. They never dreamed that such a situation would happen. Just now Xiao Chen's momentum was so strong that they were all murderous.

How can it become a situation that we have to take Chang's family for our own use in an instant?

But Xiao Chen is Xiao Chen, and they are them, so they can't guess Xiao Chen's mind. They can only honestly admit it.

Then Xiao Chen looked at the Cang family and found that Xiao Chen noticed his side. The four Cang family lowered their heads one after another.

"Mr. Xiao Chen, brother Xiao Chen, I'm wrong. I'm really wrong. You've heard everything. It's not what I want to do, it's them, it's what they want to do. I always disapprove!"

Cangbei, who had never spoken, suddenly knelt in front of Xiao Chen and said to Xiao Chen as if complaining. He wanted to exclude himself so as not to be directly erased by Xiao Chen.

"You!" Cang Haicheng didn't expect that Cangbei would be so faithless. He would push them into the fire pit on the spot.

Cangbei also knew that his behavior was treacherous at this time. Now all his elders and brothers are here.

The God Of Medicine Son-in-law Chapter 454

If he said such words now, it is equivalent to that he has rebelled against his family, his father and his brother. Everyone has been betrayed by him. After betraying, he has become an isolated person.

Xiao Chen looked at the youngest son of the Cang family with a smile and couldn't help but have a sense of banter in her heart.

“You said they did it, but you didn’t do it? Then why are you here?” Xiao Chen asked with a smile.

“It’s all them. They brought me here. In fact, I don’t want to come. I’ve always refused, but my status. And my status is the lowest, so I’m forced to bring it. In fact, I don’t want to come.” Cangbei hurriedly continued to explain.

The more he said, the more he felt innocent and even shed tears.

“You are such a wicked son!” Cang Haicheng was very angry at this time.

Just before his voice fell, Cang Hui knelt in front of Xiao Chen and said, “brother Xiao Chen, you know. I’m actually the most obedient one, and I wrote the most contract. I can’t do anything bad for Cang chestnut. You must believe me!”

Seeing Cang Hui kneel over, Cang Gaoshan and Cang Haicheng are completely desperate now. In other words, they also want to kneel down and beg Xiao Chen for mercy, but they can’t lose this face. They have been arrogant in the Cang family for half a life. Suddenly, they have to kneel down for a person who is younger than themselves and doesn’t know how old they are. For them, It’s better to kill them.

Although they know that their small life is also very important, if they want to do such a thing, they still can’t do it. Therefore, they can only stand aside and watch their two unfilial sons begging Xiao Chen for mercy.

The two men are even ready to die now, and slowly close their eyes.

Xiao Chen saw this scene, but she still had a trace of understanding of the Cang mountain and Cang Haicheng in her heart. At least these two people are not pure animals, but also have a trace of human dignity. As for the two people who kneel in front of themselves and beg for mercy, they are no longer human.

They have even lost their last dignity. Even if they continue to live, it is estimated that they will not live in the form of human beings, but in the name of animals, pigs and dogs.

“Don’t worry, I won’t do anything to you. Everything you say is miss canglizi’s only relative now. However, the death penalty is avoidable, and it’s hard to escape. This matter will be left to you for a permanent year. Also, I don’t want to see canglizi appear in the court in two days. Now, no matter what method you have, your appeal will be cancelled.”

Xiao Chen said, and directly Xiao Chen was in the room, as if he had never been here.

“Yes!” He paid homage to the void. Then he looked at the four people in the Cang family with very fierce eyes.

“Just now you are constantly framing me? Now I will punish you according to Mr. Xiao Chen’s order!” Permanent Nian said and came to cangbei step by step.

Then, there were all kinds of screams in the whole room. The four people in the Cang family knew how to enjoy happiness for so many years. It can be said that their bones are much weaker than ordinary people, although Yongnian is only a C-level fighter. But it’s enough to hold four people in their hands at will.

After Xiao Chen left the hotel, he went straight to Cang’s house. At this time, Cang Lizi was asleep. He directly found the paper and pen and told Cang Lizi some things today to reassure her.

After that, Xiao Chen left Cang’s house and walked alone on the night streets of Kyoto in the middle of the night.

He is now thinking about his own path and how to move forward. He can be said to be quite disappointed in this empire. Although there are still tasks given by his grandfather that have not been completed, he now knows that it is useless to worry.

We must first accumulate our own power. Now the fastest way to accumulate power is to subdue the owners of all big families, but this method also has great disadvantages. After all, it is the people who are subdued by themselves. I’m sure I won’t do my best.

Moreover, if you only take it in this simple and crude way, there will be many problems later. Maybe the Empire will send someone to investigate itself, but there are not many better ways for the time being.

After thinking about it, Xiao Chen couldn't think of a better way for the time being. He just came to a bar. Xiao Chen thought that he hadn't been in the bar for a long time. He thought that Yi mengruo took him to the bar a long time ago.

He suddenly missed his time in Wuling. Although there were all kinds of intrigues every day and wanted by the whole city for a period of time, he was able to solve the problem in the end, and then saved yimengruo.

Although Xiao Chen didn't think of all this from the beginning. However, Xiao Chen was quite happy to do everything well, but when he thought about it, he thought of the current situation of Hua Wenfeng.

The first old star of the Empire has now completely left the world, leaving only one body.

Xiao Chen suddenly wants to get drunk for a while tonight and want to forget all her troubles for the time being.

Think so. Xiao Chen walked directly into the bar.

Inside, all kinds of hot girls are dancing with the music, and many men are constantly communicating with all kinds of women. Dynamic music and all kinds of enchanting figures are enough to make many men completely burst out of hormones after entering.

But Xiao Chen didn't care. He came directly to the counter.

"Hello, please give me some glasses of high alcohol. I want to get drunk." When he came to the side, Xiao Chen said directly to the bartender.

Hearing Xiao Chen's voice, the bartender slowly turned around. This is a female bartender. She doesn't look particularly beautiful, but she has a lasting appeal. She doesn't wear very strong makeup. You can see that her skin is slightly yellow. She is a very common person in Xia country.

“Sir, so many of us come here to get drunk, but in fact, everyone gets drunk if he is not drunk. I don’t know if there are any sisters who intoxicate you on the field today?” The bartender used provocative language.

“I just want to drink. I have enough money.” Xiao Chen returned a few words very coldly.

After hearing this, the female bartender smiled more, but she didn’t say anything. She took out her glass and began to mix the wine.

The God Of Medicine Son-in-law Chapter 455

The female bartender knew at a glance that she was a quite skilled bartender. In the process of Bartending, she also deliberately teased Xiao Chen and threw a few eyes at him from time to time.

However, Xiao Chen just came to get drunk, so he didn’t care about all this. Soon, the bartender called out a glass of wine that looked quite strong.

She slowly pushed the wine in front of Xiao Chen and said, “the northern region is extremely cold, 78 degrees. You can sleep until dawn with one cup.”

Xiao Chen nodded. If you don’t take a sip of the wine, we’ll be in charge of it. If you don’t take a sip of it, we’ll be in charge of it

“Don’t worry. Keep giving me a drink.” Xiao Chen waved his hand.

“Still coming?” The bartender was stunned, which can be said to be the strongest wine in the whole bar. Not to mention Xiao Chen, even the man called “wine king” who is the strongest in their bar can only drink two cups at most, and he doesn’t drink it in one bite, at least he needs more than two.

And after drinking it, I have to slow down a little. There is no drink like Xiao Chen.

“I’ll give you the money.” Xiao Chen already felt a little dizzy at this time. Although this feeling was not particularly strong, a considerable part of the drunken feeling came into his brain.

However, his physique is now different from that of ordinary people. After the disaster, his whole body has been completely changed. Now if he wants to get drunk, he needs at least five glasses of just that kind of wine.

This is still under the condition that he doesn’t need any vitality, but if he wants to use vitality, it can almost be said that he can’t get drunk, because as long as he turns vitality a little, he can completely evaporate the alcohol in his body from his body.

But today he came to get drunk, so he didn’t use any strength to suppress the alcohol in his body.

But now a glass of wine only feels a little drunk, so he asked the bartender to continue to serve him a few glasses of such wine.

Although the bartender said that she knew the rules of the bar was to give guests whatever they wanted, as long as she didn’t do anything illegal or criminal. They don’t care.

But the problem now is that she seems to have a special feeling after seeing Xiao Chen. She can’t tell what kind of special feeling it is, but she doesn’t want Xiao Chen to drink like this. After all, such a cup, if she were a normal person, would have been poured out long ago.

But Xiao Chen didn’t seem to feel much, which still worried her.

“Sir. It’s not a matter of money. If you drink it again, it may hurt your body.” The bartender was still persuading.

“How do you open a bar? I’m here to drink. Don’t you sell wine? There’s something wrong with drinking?” Xiao Chen was a little unhappy at once.

Seeing Xiao Chen's appearance, the bartender didn't dare to say much more. Now Xiao Chen and she just met by chance. They don't have much feelings, so if the other party asks, she should treat him like a customer.

So she continued to mix wine. But this time she still kept an eye on it. She didn't mix up so much wine, only a glass of wine with more than 60 degrees.

Xiao Chen still drank it all in one gulp, then put down the cup and said, "come again!"

The bartender continued to mix wine according to Xiao Chen's instructions. Xiao Chen drank it all in one drink within the next half hour. Without any hesitation, the bartender was scared to death.

Just as Xiao Chen continued to drink, a tall and strong man suddenly appeared on the side. When he came to the female bartender, the man smiled and said, "lily, is there such a handsome boy with you today?"

The bartender, known as lily, changed her face slightly when she saw the man. She didn't seem to want to see him, but as a bartender, she still had to smile at the man. So she tried to squeeze out a smile and said:

"Yes, brother Tian, are you drinking again today?"

"I'll come every day. Give me a cup of surfing." That day, I put a hundred dollar bill on the table.

When Lily saw the 100 yuan bill, she immediately showed a hesitation on her face and said with a slight flattering smile: "brother God. You see, the wine in our bar starts at 200 yuan. You only give 100 yuan every day. Our bar really can't afford the loss."

In fact, the money lost in this wine is not the loss of the bar, but Lily will pay it by herself at that time. She has only a few hundred dollars for this night. Now she has deducted more than 100 for no reason. She is still very distressed.

“I’m out.” Xiao Chen on one side suddenly spoke. Now he is a little drunk, so the tone of the whole person’s speech also changes, which makes people sound not so comfortable.

On the other day, my brother was a little upset when he heard this, although he often came here to drink at the price of 100 yuan. But in fact, his main purpose is to rely on Lily, the bartender. He has been staring at Lily for a long time, although her appearance is not the best.

But she is a woman with great charm, and she has no body shape. The most important thing is that now he really doesn’t have any money. He wants to find a way to get some money out of the bar. And Lily happens to be the staff of the bar.

So he made all the calculations. When he got Lily, he forced her to surrender to himself by some means, and then he tried to get some money out of the bar.

In this way, he can take the money and go out to live a natural and unrestrained life again.

But now the sudden appearance of Xiao Chen made him feel a little uncomfortable. The tone of Xiao Chen just made him feel a little uncomfortable, and the child style of Xiao Chen made him uncomfortable.

So he immediately pushed Xiao Chen and said, “boy, what do you mean? Do you despise me?”

Although Xiao Chen is drunk now, his cultivation is still there, and he also saw from the beginning that he was not a good bird that day. Now he pushed him, he immediately felt a group of anger and punched him.

The God Of Medicine Son-in-law Chapter 456

That day, my brother was directly hit and flew out, smashed on the wall, and then fainted.

Because the lights in the bar were dim, although the situation that brother flew over just that day still frightened some people, it did not affect the atmosphere of the whole bar. Everyone was still dancing, and the music in the bar was still hitting everyone’s eardrum.

Seeing this scene, Lily was stunned for a few seconds and opened her mouth to look at Xiao Chen.

“Don’t worry about him. Such a man deserves to die.” Xiao Chen didn’t care about it at this time, and waved to Lily.

Lily hesitated slightly. But she didn’t dare to say anything. The power that Xiao Chen just showed made her feel very afraid, and even some doubt whether Xiao Chen belongs to the category of human beings. Otherwise, how could she blow such a strong brother out so far with such a small body.

Even if it’s for anyone to come and see, it’s estimated that it’s a little unscientific.

But now she didn’t dare to ask Xiao Chen, and she didn’t dare to provoke Xiao Chen. Everything was done according to what Xiao Chen said. Keep mixing him wine.

After a few more drinks. Xiao Chen was completely drunk and fell asleep on the bar counter.

I don’t know how long has passed. Xiao Chen woke up again, but found himself in a room. The room actually looks shabby, but it’s better to be clean and tidy. At a glance, he knew it should be a room where a girl lives alone.

Xiao Chen felt it a little. He had slept for nearly five hours, and it was about three o’clock in the middle of the night.

So he stood up and walked towards the door. Just a few steps out, he felt a strange smell coming to his face. Then he saw a very strange looking thing floating above the sofa in the house.

Previously, he met the bartender in the bar, just lying on the sofa. The strange thing didn’t know what he was doing to the bartender at this time, but Xiao Chen could feel that he was not doing anything good with his intuition.

So Xiao Chen directly turned his vitality and clapped it with one hand. In an instant, the strange thing gave a strange cry. Then it disappeared directly and completely.

There was no strange smell in the whole room. Xiao Chen just reacted that it was haunted in the room. The strange thing he saw just now should be a ghost. It seemed to be absorbing the smell of the female bartender.

After breaking up the ghost, Xiao Chen felt there was no need to stay here. After thinking about it, Xiao Chen decided to leave his card at the bartender's house. This is also the cost that she should pay for the inconvenience she brings.

After leaving the card, Xiao Chen was ready to leave, but just as he was about to leave the room, a stronger Yin gathered in the room. It was obvious that the ghost had just found a stronger ghost and came back for revenge.

Xiao Chen couldn't help sneering. Then he directly operated the vitality in his body and directly played the Jidao divine formula. The Jidao divine formula instantly turned into a vigorous human form. The appearance was similar to Xiao Chen. The human shape directly scattered all the ghosts who entered the room.

After seeing this situation, Xiao Chen left the house with satisfaction. After coming out, Xiao Chen found that the bartender actually lived in the basement.

Although there is some sigh in my heart. But Xiao Chen now has more important things to do, so he didn't think about anything more, just flew in the direction of Washington.

He hasn't been back to Washington for some time. After he helped the Hua family pay the medical expenses last time, normally huaqiye should not choose to sell Washington again. After all, this is their home all the time. If they want to sell it, it will be a little hard to bear.

Most importantly, this is where huawenfeng has always lived. If this Washington is sold now, Hua Wenfeng's soul may not have a destination for him. It's really a cruel thing.

When she came to Washington, Xiao Chen felt it a little and found that the breath of huaxuwan and huaqiye were in it. Suddenly, I felt relieved. At least two people, with their own help, finally left Washington, but the servants and the like disappeared.

These Xiao Chens are also understandable. After all, the original servants were used to serve Hua Wenfeng. Now there is so much going on in Hua Wenfeng that there is no need for these servants to stay.

Before arriving at the door of Hua xuwan's house, Xiao Chen could feel the faint breath of Hua xuwan through her vitality. At a glance, she knew that she had been haggard for so many days.

So Xiao Chen gently pushed the door open and entered it. Then she came to Hua xuwan's side. The Qi of yin and Yang in her body supplemented some nutrition in her body. Then her whole breath and complexion looked much better.

After all this. Xiao Chen was ready to leave again, but just as he was ready to get up, he felt Hua xuwan holding his hand.

"Grandpa, don't go, you have to accompany Xu Wan, you said." Hua xuwan seems to be talking in a dream. While talking, Xiao Chen could still see tears flickering in the corners of her eyes.

Xiao Chen sighed lightly and touched her hair gently. A burst of guilt suddenly appeared in her heart.

However, he suddenly felt that the reason why he chose to save Hua xuwan at that moment seemed to be because he had an intuition that if anyone was caught this time, there would be no good end.

So he chose to save Hua xuwan.

Now, if Xiao Chen regretted it, it wouldn't count, but at least, if it wasn't huaxuwan saved and huawenfeng, he might be more sorry about what happened to huaxuwan now.

While Xiao Chen was thinking about these things, suddenly, he felt a sense of killing from the outside again.

This feeling made him very unhappy and even angry, because it was not given to him by others, or brought to him by the previous killer who kidnapped Hua Wenfeng.

Now this guy appears again. Xiao Chen will never let him go this time.

The God Of Medicine Son-in-law Chapter 457

With a shock of his breath, Xiao Chen turned all the vitality in his body, and the Jue of Jidao God had been turned to the extreme. After he rushed out of the room in an instant, he came to the room of huaqiye with that breath.

The killer seemed to be a little surprised at Xiao Chen's appearance. In an instant, he ran away like a frightened rabbit.

"Want to escape?" Xiao Chen caught up in an instant. He also mobilized the power of the God of war in his body and grabbed it in the air. Just lock the shadow directly.

But the shadow, like a slippery loach, escaped his control again and flew to the horizon again.

Xiao Chen didn't hesitate at all, and the vitality in his body broke out again. Just caught up.

The speed of the shadow was obviously not as fast as Xiao Chen. After a while, Xiao Chen caught up with him. Xiao Chen used the power of the God of war again and flew directly towards the shadow.

The shadow dodged from left to right and kept avoiding Xiao Chen's attack. Xiao Chen was very angry. Although the shadow was not as good as him in strength and speed, it was unexpectedly dexterous. It seemed that it had learned some strange skills and was always able to avoid Xiao Chen's attack.

They chased each other in the middle of the night. Xiao Chen had a long breath. He knew that he might not be able to take the shadow directly for a while. But he can also consume each other directly.

Just after Xiao Chen chased the shadow and chased more than half of the sky over Kyoto, suddenly, he felt a huge force to clamp himself down. Then the shadow disappeared while Xiao Chen was clamped down.

After seeing the shadow disappear, Xiao Chen was angry again, and his breath soared. All the power of the God of war was aroused, but the power to restrain him had disappeared at this time.

Xiao Chen couldn't even feel where the power that had previously restrained him came from.

In desperation, Xiao Chen had to return to Washington first. He was afraid that if the other party killed a horse gun, all his efforts would be in vain.

Back in Washington, huaqiye and huaxuwan had woken up.

See Xiao Chen suddenly come back. I immediately understood everything.

"Did you catch it?" Asked Hua xuwan.

She was very concerned about the identity of the shadow. After all, it was his appearance that led to his grandfather becoming like this. If the shadow was caught, it was estimated that Hua xuwan would torture him recklessly.

"No." Xiao Chen said with some regret, "there are experts helping him."

"Master? Can't you even deal with it?" Hua Qiye's face was very dignified at this time.

In fact, Xiao Chen couldn't understand it at this time. He doesn't know what kind of existence the other party is, so he can't completely control himself without warning, and he can't feel the breath of the other party.

What kind of degree is this? Even Xiao Qingyuan has no such means.

The more Xiao Chen thought about it, the more he was afraid of how powerful it was in this world. Such an existence did not appear in the mouth of anyone he knew. The only thing you may know is your grandfather Xiao Qingyuan.

Xiao Qingyuan's goal now seems to be to constantly cultivate himself until his strength reaches a certain level. He may tell the truth of the matter. As for what the truth will be. Xiao Chen is also unknown now.

"What shall we do? What shall we do now?" Hua xuwan seemed a little desperate at this time.

Although her understanding of Xiao Chen is not particularly profound, during this period of time, through the introduction of huaqiye, she also knows that Xiao Chen is not an ordinary person. It can be said that few people in Kyoto are Xiao Chen's opponents.

But even an expert like Xiao Chen is difficult to deal with the existence of the other party. How strong is the other party? Aren't they all lambs to be slaughtered and have no room for resistance.

"Xu Wan. You don't have to worry so much. There's always a way to think about things. Let's think about it. Maybe there'll be a good way." Hua Qiye hurriedly comforted.

"Things are not as serious as you think. Now just find out who is targeting Huajia. Everything will turn for the better." Xiao Chen was also very calm at this time.

"Really?" Hua xuwan seemed to believe what they said.

"Of course it's true." Hua Qiye smiled and said, "besides, with Xiao Chen, the other party doesn't dare to do anything to us. If the big man behind us wants to do it, he must have done it long ago and won't wait until now."

"Yes, if that big man wants to kill you or even me, it should be easy for him, but if he doesn't do it, it means that there must be another person behind him, or for other reasons, he can't do it himself."

Xiao Chen also nodded.

"What should we do now?" Hua xuwan asked again.

“The problem now is that we need to find people who are behind the Chinese family, so it’s much easier to do.” Xiao Chen replied.

“Well, what Xiao Chen said is right. We need to find out the people who plan our Chinese family, so that there will be an answer.” Hua Qiye also nodded.

“OK, I know. I will try my best to find out the guy who calculated our Chinese family.” Hua xuwan also nodded.

It seems that the feeling of Hua xuwan to Xiao Chen has changed since something happened to Hua Wenfeng. She is no longer the old princess who looks sick and unruly.

But more like a mature woman, a strong woman, but also a weak woman.

This will make many men have a desire to protect after watching it.

Seeing Hua xuwan say so, Hua Qiye also laughed at this time. Then he suddenly came to Xiao Chen and whispered, “Xiao Chen, I actually have something to discuss with you about our family xuwan.”

Xiao Chen nodded and looked at Hua Qiye.

“Well, in fact, I know that our actions are being monitored, and we may be attacked at any time, so I’d like you to help protect xuwan, OK? Just these days.” Hua Qiye’s voice was as low as possible.

“What are you talking about? Are you talking about plans?” Seeing that they were so close together, Hua xuwan didn’t know what they were talking about, so he asked aside, and his expression was quite confused.

The God Of Medicine Son-in-law Chapter 458

“We are talking about the plan of how to find out the behind the scenes murderers against our Chinese family.” When Hua Qiye saw Hua xuwan coming here, he immediately changed his face into a serious look.

“Then why do you say such a small voice? Are you afraid I’ll eavesdrop on the past?” Hua xuwan is still a little curious.

“Xu Wan, you should know that someone can come to Washington at any time. Now I don’t know whether there are experts monitoring our dialogue, so I must be very careful. If our plan is known, there is likely to be a big problem, and then our safety will not be guaranteed, okay?” Hua Qiye’s face at this time is still quite serious.

“Oh.” Hua xuwan doesn’t seem to believe it. But he nodded and said, “I see.”

Unable to see that Hua xuwan was no longer suspicious, Hua Qiye continued to whisper with Xiao Chen in a pretentious manner. However, now that Hua xuwan was on the side, he could only say something about how to find those who calculated the Hua family behind him.

However, when talking, he still winked at Xiao Chen, obviously hoping that Xiao Chen could promise him to protect his daughter.

In fact, Xiao Chen wanted to say that he had other things to do, but he did owe a favor to the Hua family, so under the entanglement, Xiao Chen agreed.

So the two quietly reached a consensus. Hua xuwan thought it was Xiao Chen who was willing to join the team looking for the real murderer behind. He was also very happy, but now there is no final conclusion. So she didn’t show much.

It’s just that Xiao Chen’s eyes are slightly different.

“I’ll investigate with Miss Hua from today. Then as long as we can get any relevant information, I can attack quickly and maybe find something we haven’t found before.” Xiao Chen was also serious at this time.

“Well, actually, I’ve sent someone to investigate this matter for a long time. Come with me.” Hua Qiye said. He took them to his room.

When he came to Hua Qiye’s room, Hua Qiye took out a document directly from under his bed. It seemed that there were some secrets hidden in the document, so Hua Qiye looked very careful when opening the document.

After opening it, Xiao Chen and Hua xuwan came together and looked at the information written on the document. It’s all about some secret things in the current empire.

“What? Even the Lord Protector was secretly attacked? How many high-level officials in the Empire are left now?” Hua xuwan screamed after seeing some of the information.

“Shh!” Hua Qiye quickly made a silent gesture and said, “now we are likely to be monitored in Washington. Don’t be so loud!”

After hearing this, Hua xuwan covered his mouth and nodded.

The more Xiao Chen saw the above information, the more shocked he felt. Originally, he thought that he was quite stable in the Empire where he is now, but now it seems that he is not. All kinds of strange things have happened in many high-level families of the Empire.

Many senior leaders of the older generation have been eradicated by unknown means. If this situation is spread, it is likely to cause a strong reaction from many people, but it is precisely because the Empire has blocked all the news. So almost no one knows these things, which is equivalent to a lot of people. Including Xiao Chen before, they were all in the dark.

Now that he knows so many shocking news, even Xiao Chen can’t calm down.

He didn’t know why all this happened. Previously, Xiao Qingyuan only said to let him find out the spies of the Empire, but now after this series of things happened, it is not only that there are all kinds of spies in the Empire, but there are many internal disasters.

This is not a small thing, but such a big event has happened, and the whole empire is still so silent, which can only show that the ability of the people who do this thing has surpassed most people in the Empire.

Except for the head of the Empire. There are several other positions in the Empire who can do this.

But these people are not accessible to Xiao Chen or the Hua family, and they are not what they want to see. Even if they see one or two of these people now. But it doesn't make any sense, because they can't talk about what Xiao Chen knows now.

Therefore, there is no solution to the problem facing Xiao Chen and them.

After reading the whole document, Xiao Chen fell into silence, while Hua xuwan suddenly sighed, and then walked out of Hua Qiye's room alone. It seems that she should be extremely lost.

"Xiao Chen, what do you think?" At this time, Hua Qiye also asked Xiao Chen solemnly. Now in his opinion, only Xiao Chen can help them. If even Xiao Chen doesn't have a good way, they can only be desperate.

After hearing this, Xiao Chen was silent for a long time. Now he can only think of his grandfather Xiao Qingyuan, but Xiao Qingyuan is not what he wants to see. Now he hasn't even completed his task. Even if he sees Xiao Qingyuan, he may not have any good results.

So Xiao Chen now can be said to be quite a headache, but he also knows that he can't answer no, or there is no way to say something like that. In this way, Hua Qiye and Hua xuwan will only fall into deep despair.

If they despair, they may do some unimaginable things. Although their current ability is not enough to affect the operation of the whole empire, they can also publish some things and cause panic in the whole empire.

Once these things were exposed, Xiao Chen couldn't imagine what would happen to the whole empire.

"I'll try my best." After pondering for a long time, Xiao Chen slowly spit out a few words.

These words can be said to be quite heavy, but they are also quite meaningful. At least for huaqiye and huaxuwan, and for the whole Chinese family, this sentence has a considerable weight.

The God Of Medicine Son-in-law Chapter 459

However, this sentence also represents Xiao Chen's considerable responsibility. Now even if he wants to leave the Hua family, it is impossible. He must find out the whole Hua family and the documents taken out by Hua Qiye before he can leave. Otherwise, he will leave and his heart will be quite uneasy.

After hearing Xiao Chen's words, Hua Qiye seemed relieved. In fact, he was afraid that Xiao Chen dared not say such words. Even if it is a lie, it can at least give him some comfort. The most important thing is to give Hua xuwan some comfort.

Whether the comfort is good or bad. Can keep her confidence in life. Although everything has been quite desperate, it is necessary to find a glimmer of hope in such despair, so that she can have a clear conscience and have no regrets.

"OK, that's good." Hua Qiye nodded. Showed a gratifying smile.

Xiao Chen knows the meaning of this smile and how much courage and inner strength it takes to show such a smile.

It is estimated that the purpose of these two soldiers is that they have not known what they are doing in the opposite empire. So far, it is impossible for them to unite.

Now all the hopes are on Xiao Chen alone. If he can try his best to investigate, he may have some harvest.

"Let's have a rest first. You still can't do anything else at this time." Xiao Chen nodded and was ready to leave huaqiye's room.

Put those documents away. Huaqiye actually knew that it was impossible for him to fall asleep at this time, so he was going to continue to study, but suddenly, a breath came and he fell asleep.

This breath was not released by others. It was Xiao Chen. Xiao Chen knew that now the father and daughter must have no way to rest, but he did not support them to enter such a state.

Although the hope is really slim now, Xiao Chen also hopes that they can stick to the day when they see hope. At least physically.

This Hua xuwan has become so haggard after a few days. This is what Xiao Chen doesn't want to see.

So now he just went out and saw Hua xuwan standing in the pavilion that Hua Wenfeng liked best.

"What are you thinking?" Xiao Chen pretends to be relaxed.

"What else can you think?" Hua xuwan said, his eyes slightly dull, as if staring at the pool below in a daze.

"Don't you want to know the truth behind this?" Xiao Chen smiled and said.

"What can we do if we know? I thought it was just our Chinese family, but now it's even the family protecting the Duke. How powerful can the power behind that man be?" Hua xuwan seems to be asking Xiao Chen and himself.

After saying this, she said to herself: "even if I find the murderer, what can I do? Maybe in the process of finding him, I may encounter an accident."

"So, are you going to give up?" Xiao is still smiling. At this time, he can accept whatever words Hua xuwan says. Nothing else, because he knows the current situation. Even if someone with fighting spirit like Hua xuwan meets him, he is estimated to be depressed.

But he still believes that Hua xuwan will find her own direction and work hard for something. Even if she knew there would be no good result, she would be willing to do it.

Now Xiao Chen is testing some of her thoughts in this regard. If she really plans to give up completely, Xiao Chen is ready to find out all these things behind her alone.

It's not for anything else, because he already knows all this and has fallen into this vortex. He can't ignore it. All his actions over the years are good. Will not allow him to pretend to be stupid after knowing such a situation.

"No." Just as Xiao Chen was thinking, Hua xuwan suddenly shook his head and said, "I won't give up. Even if the other party is strong, I'll find out. What about his strength? No matter how strong he is, it's also human. I can do what people can do."

After saying this, her eyes were suddenly full of brilliance. It was the brilliance of hope and the brilliance of continuous efforts.

Hearing her words like this and seeing the brilliance in her eyes, Xiao Chen immediately felt a kind of comfort in his heart. Although he said that he had made all the psychological preparations, now he was quite happy to see that Hua xuwan could cheer up.

After listening to Hua xuwan's words, Xiao Chen's breath flowed into Hua xuwan's nostrils. Then, Hua xuwan fell down, and the whole person seemed to faint.

In fact, it's just that Xiao Chen is using her strength to make her fall asleep, so that she can get enough rest, which is equivalent to better things in the future.

Xiao Chen carried Hua xuwan back to the room and put her on the bed. Then he came to the corridor outside, found a more suitable position and began to meditate and practice.

In fact, the action of the big man he met earlier also gave Xiao Chen a great shock and power. Now he also wants to improve his cultivation and strength.

In the past, he didn't pursue his strength too much, nor did he have too many special ideas. He wanted to subdue some people with different ideas with violence, but now the situation has changed. He found that the laws of the world seem to be changing.

The Chinese family can encounter such things entirely because they don't have particularly powerful experts. Similarly, some other high-level families will encounter such things because they don't have powerful experts in their families.

Even if Xiao Chen was present when this happened, he could only keep one person and protect Hua xuwan, but Hua Wenfeng was badly hurt.

Those families without any expert protection can only watch their families suffer from such a vicious attack and can't leave anything in the end.

This is a very painful experience for any family. Xiao Chen doesn't want such an experience to appear all the time. The God Of Medicine Son-in-law Chapter 460

Soon, the sky began to shine. After several hours of cultivation, Xiao Chen felt that his strength was a little stronger, but it was not particularly obvious. Moreover, Xiao Chen felt that pure cultivation could not satisfy him now.

He must find some more suitable methods to practice, but now without anyone's guidance, Xiao Chen is feeling the stone to cross the river. He is not a cultivator. At the beginning, he just came into contact with the medical immortal gate.

Now he needs more to constantly change his cultivation situation, so that he can achieve a better effect of cultivation. But now there are too few cultivation paths in front of him. There is no other way except for Xiao Qingyuan to show him.

However, Xiao Chen also knew that this matter could not come in a hurry, so he temporarily closed his mind and waited until he needed to think carefully.

Hua Qiye and Hua xuwan woke up and saw Xiao Chen sitting in the pavilion. They both came over and said hello. Then Hua Qiye suddenly smiled and said, "let's go and have breakfast. It's in the nearby breakfast shop."

Hearing this, Xiao Chen and Hua xuwan were stunned and looked at Hua Qiye. Although they didn't know what his main purpose was, they all nodded.

In fact, whether Xiao Chen eats or not every day doesn't have a great impact on him, because he now feels that he can absorb some energy gas from the surrounding air into his body and integrate into the Dantian every day.

These energies are completely enough to supply the material energy needed for all actions of his body.

So even if he doesn't eat, he won't feel hungry, but he can also eat. Eating is to slightly supplement a small part of energy. Those foods will be completely digested by the vitality in Xiao Chen's body in less than five minutes.

Just like Xiao Chen's drinking, if he doesn't want to get drunk, these ordinary wines can't make him drunk, because he can constantly refine all the alcohol with his own strength.

But now Xiao Chen also has some feeling that she wants to feel full, so she relaxed her mind and followed them to a nearby breakfast shop.

"Three, right?" The boss saw three people coming. Immediately smiled and said, "Mr. Hua is here again."

"Yes, I haven't been here for a long time." Hua Qiye also smiled and said.

"I haven't seen old Hua recently. Has he returned to his hometown?" The boss asked again.

As soon as this question came out, the scene was a little awkward. Almost everyone was silent. The boss was also a smart man. When he saw that the faces of the three people were wrong, he immediately

turned to ask, "what do you want to eat? Flour, noodles, steamed buns, steamed buns, or dumplings and wonton?"

"I'll have a bowl of noodles with fried sauce, as usual." Huaqiye road.

"I want a dumpling." Hua xuwan road.

"OK." The boss nodded while making breakfast, then looked at Xiao Chen and said, "brother, what do you want?"

"I want one of these." Xiao Chen smiled.

"All of them?" The boss looked at Xiao Chen in surprise and found that the other party was just a skinny man. He immediately wondered and said, "brother, you can't eat so much. Now we can't waste our grain. Why don't you eat one dumpling and one steamed stuffed bun first and come back later?"

Xiao Chen is not reluctant to listen to it. In fact, it's less for him to have one with his current amount of food. However, if he insists too much, it's estimated that he will make the boss unhappy. So he followed the boss's arrangement.

The three of them were almost eating breakfast in silence, but Xiao Chen's speed was quite amazing. Before half of Hua Qiye's noodles were eaten, Xiao Chen had finished both of them. He continued to order the third one. The third one was finished, and Hua Qiye's noodles had just finished.

However, Hua Qiye doesn't feel a little strange. Hua xuwan is also relatively indifferent. It seems that he is indifferent to Xiao Chen's appetite. In fact, they also have a bottom in their hearts, so they didn't say anything.

Xiao Chen finally ate all the food as he said at the beginning. However, he just felt a little full, but in order not to cause a lot of panic, he didn't order any more.

Pay at seven nights. Xiao Chen suddenly felt a strange smell coming from outside the store, and then saw a masked man walking into the breakfast shop with vigilant eyes.

“Boss, a bowl of wonton.” The man then found a corner and sat down.

“The smell of this guy is very similar to that of the man in black last night. Go out first and I’ll stare at him later.” Xiao Chen suddenly whispered in Hua Qiye’s ear.

Hearing this, Hua Qiye’s eyes changed slightly, but his face was quite natural, so he patted Xiao Chen on the shoulder and said, “then you’ll have another one, and we’ll go first.”

Then he grabbed Hua xuwan and walked towards the door. Hua xuwan didn’t know what was going on. He was directly pulled out by Hua Qiye.

“Dad, Dad, what are you doing? Haven’t Xiao Chen already eaten?” Hua xuwan asked in the back as he was dragged along.

“Don’t ask, it’s between us men.” Huaqiye is very tough.

Hua xuwan was a little helpless. His father was like this from childhood to adulthood. Don’t tell her anything. Although she knows everything is for her good, sometimes she still doesn’t understand.

But on second thought, this is already the case with the Chinese family. I don’t have much to think about. Now the only goal is to find out the real murderer against the Chinese family.

At the same time, Xiao Chen, who was going to leave, whispered in the boss’s ear, “boss, give me two more. I’m not full yet.”

The boss was stunned. He looked at Xiao Chen in disbelief and asked, “haven’t you had enough?”

“Yes, boss, your weight is not enough.” Xiao Chen smiled and said.

“Well, I’ll give you an extra large order of fried noodles with sauce. You wait.” The boss seems to have made up his mind to let Xiao Chen eat.

“OK.” Xiao Chen nodded and returned to his original position and sat down.

Although the masked man in that corner noticed this side, he didn't take it seriously. He just ate his wonton quietly.
