

God Of Medicine 51

The God Of Medicine Son-in-law Chapter 51

At 2:00 p.m. in Ruihua hotel.

Xiao Chen still looked over and over with the ancient book and the prescriptions in her hand.

And the doorbell rang at the moment, and Xiao Chen opened the door.

It was Liu Nianxin who appeared to be followed by several bodyguards. He didn't let the bodyguards in and ordered them to wait outside the door. With a bag of things in his hand.

"Doctor Xiao, I heard that you are alone here. So I sent some delicious food. They are all specialties from all over the world. I hope you don't dislike it." Then he put the things in his hand on Xiao Chen's hand.

Xiao Chen took a look. It seemed that it was something he hadn't seen much. But he didn't care and put it directly on the tea table.

"Well, let's start directly. Your disease is easy to treat, mainly due to kidney yang deficiency. Others are a little overworked. Some toxic substances in your body have not been discharged. You must have gone out to indulge in debauchery when you were young!" Xiao Chenguang can almost see Liu Nianxin's illness from his appearance.

In China, many rich people are like this, mainly because they can't control their desires.

"Ha ha, doctor Xiao, you are so divine. You are all right!" Liu Nianxin looked at Xiao Chen uneasily.

Two people together. On the contrary, I think Xiao Chen is an elder and he is a junior.

In fact, people who have carefully studied Liu Nianxin's wealth history will be very strange, because he doesn't know medicine at all, but he has made many famous prescriptions in China.

In fact, it has always been the reason behind the support of the Xiao family.

“Lie down and I’ll give you some treatment.” Xiao Chen motioned him to lie down on the sofa.

“Oh, OK. Do you want me to take off my clothes?” Liu Nianxin asked.

“No, just lie down.” Xiao Chen said, pinching out a sick Qi in his hand and directly entering Liu Nianxin’s body.

Pretending to be massage, he pressed his back and forth several times.

Liu Nianxin also felt the strength of Xiao Chen, but he didn’t dare to shout out.

Then Xiao Chen accepted his sick airway: “well, you can try it yourself tonight.”

“So fast?” Liu Nianxin is unbelievable.

“Since you don’t believe me, why are you looking for me?” Xiao Chen seemed impatient.

“No, no, no, of course I believe what doctor Xiao said, but...” Liu Nianxin still has some doubts in his heart.

“Don’t worry. If it doesn’t work, you can call the police and catch me.” Xiao Chen doesn’t seem to want to entangle with him on this issue anymore.

“No, how? Even if it’s not cured, it’s my personal problem.” Liu Nianxin dare not offend Xiao Chen.

He made his fortune all by the one behind him, and now this one and that one are all surnamed Xiao. Even if he ate bear heart and leopard courage, he didn’t dare to offend Xiao Chen.

“By the way. Let me ask you something.” Xiao Chen seemed to suddenly think of something.

In fact, he has guessed that behind Liu Nianxin is his grandfather Xiao Qingyuan, at least Ning Wangshu is in control.

“Doctor Xiao Chen, please tell me. I must know everything and say everything.” Liu Nianxin ha’s waist.

“There’s no one here. Don’t do this. Just sit down.” Xiao Chen motioned him to sit down.

“No, I’m used to standing. It’s more comfortable to stand and talk.” Liu Nianxin smiled.

“Did you get the support of my grandfather Xiao Qingyuan before you came to this step?” Xiao Chen also asked directly.

Hearing Xiao Qingyuan’s name, Liu Nianxin trembled for a moment, but immediately recovered his composure. Replied:

“I really haven’t heard of the one you said, but I can help you investigate if you need it.”

Although he tried his best to hide it, Xiao Chen was sure that he did get the support of his grandfather.

“All right. It’s all right. Let’s go!” Xiao Chen said.

“OK, doctor Xiao Chen, what. Why don’t we leave a contact information? If you have any questions, you can come to me and call me Xiao Liu.” Liu Nianxin took out his mobile phone.

“All right, come on, I’ll sweep you.” With that, Xiao Chen also took out his mobile phone, and the two left their contact information with each other.

“Doctor Xiao, if you have anything, you must come to me! When an ox is a horse, you will die!” Liu Nianxin went out and complimented Xiao Chen.

“Well, you must contact me if you have anything.” Of course, Xiao Chen knows it well. Since Liu Nianxin’s back is his grandfather, it’s not impossible to find his grandfather through him at that time.

Liu Nianxin stooped back from Xiao Chen’s room. As soon as the door was closed, he straightened his waist. He was the business giant sought after by thousands of people again.

The bodyguard behind him saw all this, but he could only pretend not to see it.

But the last time I saw my boss like this was when a mysterious old man came a few years ago.

After returning to the villa bought in Donghai, Liu Nianxin couldn’t wait to test whether he was better with Yuan Zhilan.

Unexpectedly, Yuan Zhilan begged him for mercy for the first time, and his legs were softened by him.

He felt that he was eighteen again.

Hurriedly called to thank Xiao Chen again.

For a moment, he was so happy that he directly transferred half of the shares of Donghai pharmaceutical company to Xiao Chen’s name.

Xiao Chen didn’t want it at first, but he thought that his black card couldn’t be used outside, so he agreed temporarily.

So he received hundreds of millions of dollars on his mobile phone in an instant, and there will be dividends to him every month.

Xiao Chen’s name suddenly appeared in the rich list of the whole Donghai city.

But he doesn't care about all this. Now the most important thing is to find out what medicine is missing in the remaining prescriptions.

After a day of enlightenment, Xiao Chen also felt a little tired, but he seemed to have a deeper understanding of medical skills. Without reading the ancient book once, many prescriptions were slowly printed in his mind.

Now if he goes out and doesn't use the disease pulse, he can also prescribe prescriptions to treat most of the diseases by simply using his own medical skills.

This seems to be a big improvement for him. Previously, he couldn't cure Chen Wen and the man from Yadong with his disease pulse, so he has been vigilant.

It's definitely not possible to rely too much on the disease pulse. In the end, we should turn our attention to medical skills.

In the evening, I suddenly received a call from Liu Xue. The voice was very anxious. It seemed that old Liu had some acute disease again. Now the situation is more critical.

Xiao Chen rushed to the hospital. The Liu family were waiting anxiously outside the operating room.

Seeing Xiao Chen coming, he hurriedly asked the doctor inside to let Xiao Chen in.

Xiao Chen found the bigger defect of the diseased pulse after seeing Liu Lao.

The God Of Medicine Son-in-law Chapter 52

Although the diseased pulse can cure the diseased part, it can not prevent it from happening again. In fact, there is no radical cure.

Xiao Chen came to the operating room and saw old Liu lying on the bed dying.

He saw at a glance that Liu's organs were aging a lot because he was old.

Now it seems that acute gastroenteritis has caused lesions in other parts of the body. So he was critically ill again.

"Please get out of the way and let me do it!" Xiao Chen was wearing a white coat that Liu Xue had just given him.

"Who is this?" The doctors inside don't know Xiao Chen.

"There's not much time to explain. Now the patient's situation is very dangerous. We can't delay it for a moment. Please believe me!" Xiao Chen can't prove his identity for a moment now.

Several doctors surrounded old Liu and kept trying to keep him breathing. His head was sweating.

"At present, the patient's condition cannot be operated directly. We must find a way to stabilize his condition. Moreover, the patient is older, so it is difficult to use drugs for such an acute attack!" A doctor was worried.

Xiao Chen took his place directly, and then took out several silver needles in his hand, which he asked the Liu family to prepare before he came.

"Which doctor is this? Why do you still use acupuncture? Acupuncture doesn't work for such diseases... Oh, Xiao Zhou, who let this consciousness come in!" The doctor seems to be in charge here.

Ask a doctor standing in the back.

"This... The family outside must let him in!" Dr. Zhou in the back also looked innocent.

In fact, he didn't know what the situation was. He just heard that the family outside must let a doctor in.

He was so busy inside that at last he had to let the doctor in to avoid noise.

But Xiao Chen was not stopped by him, but now he went directly to the hospital bed.

Seeing Xiao Chen inserting a silver needle into old Liu, the other doctors couldn't help dying.

But when they were still complaining, Liu Lao opened his eyes slowly.

It is precisely because Xiao Chen still used a pulse to absorb the sick Qi from old Liu.

"Xiao... Doctor Xiao!" Old Liu recognized Xiao Chen at a glance. Seems to want to sit up and talk to Xiao Chen.

Xiao Chen hurriedly went up to hold him down and said, "old Liu, you have just recovered from a serious illness. Don't move first and have a good rest for a few days!"

After hearing his words, old Liu calmed down and lay down.

"Is this... Cured?" The doctor who was just complaining about Xiao Chen's making trouble was instantly stupid.

"Director he, the patient's signs are all normal now!" The doctor who was watching the monitoring instrument exclaimed.

"How?" Director he leaned over to have a look, and it turned out to be completely normal.

When I just wanted to go back and ask Xiao Chen, he was gone.

"How's my grandpa?" Liu Xue sees Xiao Chen coming out. The first one came up and asked.

“Well, there’s no danger for the time being, but we must pay attention to it in the future. Old Liu is now old and needs professional arrangements in all aspects. He can’t be like this anymore. Did he drink again before?” Xiao Chen probably guessed how acute gastroenteritis was caused.

Everyone in the Liu family immediately breathed out.

“Thank you, thank you! Doctor Xiao, I really don’t know what to say.” Liu Xue took Xiao Chen’s hand.

“You’re welcome. We’re all old friends. I should help, but old Liu still needs to take medicine to completely eradicate this disease. I’ll send you the prescription at that time. Remember to let him take the medicine on time. When he’s old, he should avoid eating as much as possible.” Xiao Chen smiled and said.

“Doctor Xiao, you are a great benefactor of our family. We don’t know how to repay you!” Another middle-aged beautiful woman dressed solemnly came out to thank Xiao Chen.

Xiao Chen knows her. She is Liu Xue’s second aunt. Her name is Xue Meie. At present, he is the deputy section chief of Donghai Hydropower Bureau.

“No. I really don’t. as I said, these should be done.” Xiao Chen waved his hand.

After a while, the Liu family let Xiao Chen leave.

They also went in to observe the situation of old Liu.

As soon as I came out, I saw that my car was covered with tickets.

Xiao Che couldn’t help laughing bitterly. He has to be punished for coming to save people these days.

Just getting ready to get on the bus, a familiar face appeared in front of Xiao Chen.

“Brother Xiao Chen!” Zhang Xian ran to the door of the emergency building with a nervous face and found that Xiao Chen had just come out. He quickly said hello to him.

“Hey, brother Zhang Xian, what’s the matter? What’s the matter?” Xiao Chen saw the expression on his face so anxious.

“Well, doesn’t it mean that our old leader seems to have an accident? I have to come and have a look. Brother, why don’t you go in and have a look when you’re here?” Zhang Xian doesn’t seem to know why Xiao Chen came.

“Oh, Liu Laogang just got out of danger. Go in and have a look. I have other things to go first.” Xiao Chen waved goodbye to him.

“Ah? Then...” what else does Zhang Xian want to say, but Xiao Chen has got on the bus and left.

So he hurried inside to see the situation of old Liu.

But on the way back, when driving to a more remote road, Xiao Chen found something wrong. Four black BMWs followed him all the time.

I looked through the mirror. Everyone inside was wearing sunglasses, and he didn’t know any of them. It seemed that someone should have been sent to trouble him.

As the young master of the medical immortal sect, of course, he has another name abroad that people at home don’t know, that is the Oriental God of war.

It was easy for him to get rid of these little minions.

We’re going to a busy area with a large number of people.

Xiao Chen directly stepped on the accelerator and rushed over.

Next, a silver Rolls Royce phantom and four BMWs had a speed and passion in Qingshui District in the west of Donghai city.

The racing cells in Xiao Chen's body became active in an instant, controlled every turn accurately, and didn't rub against any vehicle walking on the road.

The four BMW cars behind him drove to the end, leaving only one BMW car to keep up with Xiao Chen.

Of course, it's just that he deliberately wants the other party to keep up.

At the foot of an overpass, Xiao Chen opened the door. Later, four big men came down directly from the BMW. They all looked strong.

They all looked at Xiao Chen angrily.

"Boy, if you know what to do, give that thing out. We can let you go, otherwise, hum!" The bald man who took the lead arrogantly said to Xiao Chen.

The God Of Medicine Son-in-law Chapter 53

"What is it? What are you talking about?" Xiao Chen pretended to be ignorant.

"It seems that you don't want to tell the truth without suffering. Give it to me!" The bald man with the head waved his hand, and the three men behind him approached Xiao Chen step by step.

It seems that they should have been trained and put on a good posture. It seems that he is going to beat Xiao Chen.

"Ah!"

A kick flew over.

Xiao Chen flashed by on one side.

“You... What are you doing? If you do this again, I’ll call the police!” Xiao Chen pretended to be very afraid.

“Alarm?”

The other two did it without saying a word.

A big man came up directly and hugged Xiao Chen, and then the other one gave a heavy fist directly.

In their opinion. At best, Xiao Chen is an amateur martial artist, which is far from their profession.

But Xiao Chen made a sudden effort at his waist and directly threw the man who hugged him on the man who punched.

The two were directly pressed together. Passed out.

The rest of the big man kicked at Xiao Chen again.

Xiao Chen grabbed his foot and fell over his shoulder.

The big man was instantly thrown four or five meters away, lying on the ground and wailing constantly.

The remaining bald man slowly took off his eyes. He didn’t expect Xiao Chen’s combat effectiveness to be so strong.

So he moved back and forth, but he didn’t dare to attack.

Xiao Chen saw that the bald head was just a superficial appearance. He had never practiced martial arts and walked over without any defense.

Seeing that Xiao Chen despised him so much, the bald head immediately punched and wanted to knock Xiao Chen down with one blow.

But before his fist reached Xiao Chen's face, Xiao Chen reached out and grabbed it directly, then twisted his whole hand directly, and the bones clattered.

The pain made him scream like killing a pig: "Dad! Grandpa! Give me a break!"

"Say, who sent you?" Xiao Chen's voice was very cold.

"Yes... It's Mr. Liu. Mr. Liu sent me!" The expression on the bald man's face was quite painful. He felt that his hand bones seemed to be crushed by Xiao Chen.

"Mr. Liu?" Xiao Chen is a little strange. When did he get into trouble with Mr. Liu?

Liu Nianxin should not be possible. The three brothers of the Liu family are grateful to themselves, and they won't be.

"Full name!" Xiao Chen continued to work hard in her hand.

"Ah! Ah! It hurts! Mr. Liu LingHong, it's Mr. Liu LingHong!" The bald man was pinched into a cold sweat on his head.

Liu LingHong? Who?

Xiao Chen thought for a long time and didn't remember.

I once provoked such a.

During this time, in addition to teaching Di Hu a lesson again. The rest is Wu Yaqing's so-called childhood sweetheart.

Is it him?

Xiao Chen thought for a while.

He kicked the bald man away and left with his Rolls Royce phantom.

On the way back, he happened to pass by the Spring Festival Hall. Xiao Chen didn't intend to pay attention to it.

But he happened to pass by and found that there were people around him. He immediately felt that something was wrong.

So he stopped the car and walked over.

He specially changed his clothes today. It's a sportswear and a hat. It seems a little mysterious.

When I came to the hospital, I found a woman crying over there, scolding Wu Yaqing, and everyone on the side was pointing.

He pulled a man to the theatre and asked, "brother, what happened here?"

"You don't even know that. Now Dr. Wu of the Spring Festival Hall doesn't know what's wrong. These days, she always prescribes the wrong medicine. Two days ago, the woman took her child for examination. It was just a simple cold. She didn't get well after coming here again and again. As a result, Dr. Wu made a mistake! Now the children have gone to the municipal hospital. They have no money at home, so they come to her for money."

“I thought it was like this. But who knows, the child seems to be in poor health since childhood. This time, she took the wrong medicine for so long and directly lost an asthma. No, the woman has to be cured by Dr. Wu. It’s no use how much money she gives. Now she’s making trouble here every day.”

After hearing what he said, Xiao Chen probably knew what he was like.

It turned out that Wu Yaqing had never prescribed the wrong medicine, and such a low-level mistake. She’s been practicing medicine for so many years. She shouldn’t make mistakes.

So he covered his face with the brim of his hat and came to the woman.

Women’s dress is very ordinary. They should be rural or working-class women.

“Lady, I have a way to cure your son!” Xiao Chen came to the woman’s side.

“Who are you?” Guan Cuilan looked at the strange young man in front of her. A trace of doubt flashed on the painful face.

“It doesn’t matter who I am. The key is that I can save your child. Believe it or not.” Xiao Chen seemed unwilling to explain too much.

Wu Yaqing, who had been accused of being very guilty, saw Xiao Chen and wanted to see his face.

But Xiao Chen deliberately didn’t let her see it. He didn’t want her to know that he was still helping.

It’s just for the sake of rejuvenation. After all, Wu Yaqing’s grandfather and his grandfather were close friends in those days. This kind of relationship can’t be changed by anyone or anything.

The more Xiao Chen covers up, the more Wu Yaqing wants to see Xiao Chen clearly.

“You... Are you telling the truth?” Seeing that Xiao Chen dared to say such words, Guan Cuilan seemed a little moved.

On one side, someone was talking again.

“Who is this man?”

“No.”

“Isn’t it some kind of magic stick liar?”

“Liar, what did he cheat? The family has nothing and his son is ill.”

“That’s what I said. Let’s have a look!”

“Of course.” Xiao Chen’s answer was very simple, mainly because he didn’t want to say too much and was recognized.

Wu Yaqing over there has always wanted to see Xiao Chen’s face.

“Since you don’t believe it, it’s OK. There’s only one chance, so I’ll go.” Xiao Chen is a little uncomfortable being stared at by Wu Yaqing.

So he pushed away the crowd and prepared to leave.

Guan Cuilan knows that holding Wu Yaqing here has no practical effect.

Hurriedly got up from the ground, grabbed Xiao Chen’s leg and said, “miracle doctor! Miracle doctor! I believe you, as long as I can cure my son, I am willing to do anything!”

“Well, needless to say, take me to the hospital first!” Xiao Chen hurriedly pulled her up.

“Thank you! Good people! Good people have a safe life!” Guan Cuilan seems to have grasped the last straw.

“Xiao... Chen?” Wu Yaqing called him behind him.

Xiao Chen was slightly stunned, but it was not obvious. Then he took Guan Cuilan to the Rolls Royce phantom and left.

The crowd gathered around the Spring Festival Hall to watch the excitement also dispersed.

The God Of Medicine Son-in-law Chapter 54

Wu Yaqing still looked at the direction of the phantom of Rolls Royce from a distance. She seemed to be very familiar with the figure of the man just now, but when she called, the other party didn't respond at all, which made her hesitate.

When Wang Miaomiao saw that everyone was almost gone, he crept to Wu Yaqing for fear that someone would surround him for trouble.

“Sister Yaqing, the man who just fell in love with you may be another child. Look at his Rolls Royce phantom. It's so handsome!” Wang Miaomiao said.

“I think he's Xiao Chen. He's just deliberately avoiding me.” Wu Yaqing road.

“The former waste? Impossible? He even rented a small electric donkey. How can he get the money to buy such a luxury car? It's worth millions!” Wang Miaomiao totally disagrees with Wu Yaqing's speculation.

But she didn't know how much money Xiao Chen left for Wu Yaqing.

He also gave the luxury car worth more than 14 million.

Xiao Chen and Guan Cuilan went to the hospital. At this time, many parents in the hospital came to see a doctor with their children.

The whole pediatrics is very noisy. Xiao Chen can only come to a room where his son lives under the leadership of Guan Cuilan.

The little guy was quite obedient and fell asleep quietly in bed.

Sitting on the bed is a man who looks to be in his thirties, with an inch of head and dark complexion. He should be Guan Cuilan's husband.

Seeing Guan Cuilan coming back, the man pulled her to his side and told her some hometown dialect.

"I told you what kind you're doing. It's not entirely Dr. Wu's fault. You've lost your money. What are you doing up there?"

It seems to be teaching Guan Cuilan a lesson.

"You know a fart. Our child was fine, but she cured it. I won't find her who to find! If the disease falls, it won't be cured. I won't let my son cry all his life!"

Guan Cuilan's tone seems particularly tough.

Xiao Chen didn't want to interrupt. She just patted her on the shoulder and motioned them to get out of the way. Let him check on the child.

But her husband was reluctant: "who are you? Why should I see my son? The doctor hasn't spoken yet!"

“You don’t care who he is! He can cure our son, but the doctors here can’t!” Guan Cuilan pulled him away directly.

“You...” what else did the man want to say, but Guan Cuilan stopped him.

“You’re just fooling around!” The man seems to be very dissatisfied with Guan Cuilan’s behavior of casually pulling someone outside to believe.

However, according to the thinking of normal people, we really can’t trust people outside.

But Guan Cuilan can’t help it. Now it has been determined that it is asthma. Doctors in regular hospitals only say that it can be relieved but can’t be treated.

Think of his son who was weak and ill since childhood, and now he has to endure such torture. It’s a sin. As a mother, such a thing is definitely not allowed to happen.

But men are still quite rational. They have to stop Xiao Chen.

However, the ill Qi on Xiao Chen’s hand has been collected, and the child’s breathing is much smoother than before.

“Hey. I say you, don’t mess with my children!” The man was so strong that he pulled Xiao Chen aside.

“Your child is all right. You can take him to check. I’ll go first. Please don’t bother with the spring hall in the future.” Xiao Chen ignored the expressions of the two couples.

Every family has a difficult Sutra. He is also too lazy to get involved in these things. He should go after what he should do.

“Well... Is there something wrong with this man’s brain? There’s no medicine or injection for treatment!” The man didn’t understand what Xiao Chen said at all. He thinks such a thing is impossible.

Cured the child in just a few minutes?

Guan Cuilan also looked at Xiao Chen's back with some doubts.

But she still took a chance.

"Let's go. Let's take the children to check first!"

"Check the ball! It's obvious that it's not good!" The man pushed Guan Cuilan away.

"You!" Guan Cuilan was instantly angered and was about to start.

Suddenly a doctor came out of the door and said to them, "sunshine forest children, have a daily examination!"

They stopped and hurriedly took the child for examination.

"Eh? Why are you not ill?" The pediatrician was very confused when he examined sunshine forest.

"Really... Really good?" Men can't believe it.

"Miracle doctor, what a miracle doctor!" Guan Cuilan instantly remembered Xiao Chen's figure.

At this time, Xiao Chen has returned to the hotel.

According to his previous statement, he sent Liu Xue a prescription specially for the treatment of coronary heart disease.

This is also a prescription in the baijue Pharmacopoeia. Specially used to treat coronary heart disease.

This prescription is complete. So Xiao Chen dared to send it to Liu Xue at ease.

After receiving the news from Xiao Chen, Liu Xue wanted to continue to chat with him, understand his current situation and ask him if he has any development plans.

It seems that she is preparing to start a traditional Chinese medicine company recently. He wanted to invite Xiao Chen technology to take a stake, but Xiao Chen refused. After all, he has more important things to do now.

If these five prescriptions are not solved in one day, he can't relax in one day.

Since it was arranged by grandpa, you have to find a way to handle whatever you say.

Just thinking, the doorbell rang.

Xiao Chen immediately became vigilant. He knew that there were not many people here. If he suddenly visited, there might be a problem.

Looking through the cat's eye, I found that it was none other than Chen Huimin, the daughter of a real estate tycoon.

Xiao Chen was relieved and opened the door.

Chen Huimin saw Xiao Chen and deliberately turned around in front of him before greeting him.

"Brother Xiao Chen, how are you? What are you busy with recently?"

Today, she is dressed in a black Lolita, and her beautiful white legs are wrapped in white silk stockings.

The shoes on the feet are also matching Lo shoes. They look pure and lovely, but also a little tempting.

Xiao Chen was not blind either. She was stunned to see her dress, and then her expression returned to a natural state.

“Well, brother Xiao Chen, don’t you evaluate whether I look good today!” Chen Huimin took his hand and said coquettishly.

“Good looking, of course good-looking, it’s just a national beauty!” Xiao Chen said.

“Then... Does brother Xiao Chen like it?” Chen Huimin asked softly with a red face.

“Ah?” Xiao Chen scratched his head in embarrassment: “this... How to say it.”

Although he has divorced now, he hasn’t completely put down the previous relationship in his heart, so he doesn’t intend to quickly accept the arrival of the next relationship.

Facing Chen Huimin’s pressing step by step, Xiao Chen does have a big head.

The God Of Medicine Son-in-law Chapter 55

“If brother Xiao Chen doesn’t want to answer, don’t answer. I don’t have to know.” Chen Huimin saw that Xiao Chen was a little embarrassed, so she directly explained to him.

“Well, what’s the matter with you coming to me today?” Xiao Chen thought that she had to find a way to crack the five prescriptions. In an instant, she was in no mood to continue talking with Chen Huimin.

“Nothing. Today I went to Disney in this suit. Then a lot of handsome little brothers came to take pictures of me, so I want to show you.” Chen Huimin’s voice is very sweet. It’s like drinking honey.

But hearing that there were many men taking pictures with her outside, Xiao Chen was still a little unhappy, but on the surface, he didn't care.

"Oh, then you can continue to play there. I'm bored here. I've been studying prescriptions every day. In contrast, I'd better have a lot of fun with those handsome guys." Xiao Chen closes her eyes and continues to recall the prescription.

Hearing what Xiao Chen said, Chen Huimin shook her head: "no, I feel very happy with brother Xiao Chen. I'm willing to do anything."

"Well, go back if you're okay. I have something to do." Seeing that Chen Huimin had nothing to do, Xiao Chen gave her an order to leave.

"Ah? You're going to drive me away? People have just come!" Chen Huimin continues to be coquettish.

Xiao Chen is a little helpless. How can I concentrate on studying prescriptions here?

But Chen Huimin seemed to want to stay. She sat opposite him and stared at him.

"Brother Xiao Chen, just do your business. I won't make any noise. I'll be very quiet." Chen Huimin is clever.

You have already affected me here. Although Xiao Chen wanted to say so, he still held it in his heart and didn't say it.

But soon Xiao Chen entered the state, and then unexpectedly forgot Chen Huimin's things here.

It was evening when I remembered again that there was a woman in my room.

Chen Huimin fell asleep on the sofa.

The slender and beautiful legs in white silk are right at Xiao Chen's side. Seeing this, Xiao Chen couldn't help swallowing a mouthful of saliva. I remembered the last time I came back from the bar.

Took a blanket and covered it for her.

Then the doorbell rang again.

Xiao Chen felt very strange for a moment. Was his whereabouts exposed?

Went to the door and looked through the cat's eye. I was stunned for an instant.

No one else came. It was Wu Yaqing.

"Brother Xiao Chen, who rang the doorbell?" Chen Huimin over there seems to be awake, with a hoarse voice.

"Ah? That....." Xiao Chen was a little flustered in an instant.

Although he has nothing to do with Wu Yaqing now, he previously confirmed that Wu Yaqing made a mistake instead of cheating.

But now if they are found in the same room. Then some words are really hard to say.

"Ding Dong!" The doorbell rang again.

Xiao Chen is thinking about how to deal with it.

Chen Huimin had walked behind him and asked, "brother Xiao Chen, why don't you open the door?"

"Well, why don't you go to the study and have a rest first." Xiao Chen showed a very stiff smile.

“Why?” Chen Huimin looked blankly.

But Xiao Chen didn't explain too much to her. Pushed her directly into the study and closed the door.

“Just a minute, just a minute!” Xiao Chen told me.

“Hey...” Chen Huimin wanted to say something, but Xiao Chen had closed the door.

When I opened the door, I saw Wu Yaqing standing dignified in front of the door in a white lace suspender skirt, with light makeup on her face. The white neck is dotted with a sapphire necklace.

Obviously dressed up.

“Xiao Chen, you are here.” Wu Yaqing's voice is very gentle. Full of the charm of mature women.

Thinking of her cold and gorgeous appearance, Xiao Chen couldn't imagine that she would be dressed up one day.

And I came to see myself.

“What's up?” Asked Xiao Chen.

“Well, thank you for helping the hospital that day. Also, I want to tell you that recently, you'd better be careful and try not to go out as much as possible, because the man last time threatened to find someone to beat you.” Wu Yaqing lowered her head and wondered how she looked now.

“The medical school? What happened to the medical school?” Xiao Chen pretended not to know.

Wu Yaqing heard him say so. Raised his head and looked at Xiao Chen.

Then he looked away: "well, maybe I made a mistake. I don't mean anything else if you pay more attention recently. I'm just afraid you will have other accidents because of my business. That man really doesn't mean it. I thank you very much."

Then she bowed to Xiao Chen. When she was about to leave, Chen Huimin's voice came from inside.

"Brother Xiao Chen, can I come out?"

... they were silent immediately.

Wu Yaqing was stunned, and then seemed to understand something in an instant: "I'm sorry to disturb you!"

Then she ran away. It was clear that there were several glittering and translucent stars in the place where she ran.

"Wu... Yaqing, listen to me first!" Xiao Chen was afraid of her misunderstanding. Unexpectedly, Chen Huimin didn't listen to her words and came out first.

Looking at Wu Yaqing with tears on his face, Xiao Chen instantly felt that his heart was soft.

"Well... Miss Wu... It's not what you think. She and I are innocent. Believe me, we haven't done anything." Xiao Chen wants to explain, but she doesn't know how to explain.

"Now, these things are your freedom, and you don't have to tell me any more." Wu Yaqing said that the makeup on her face was a little spent because of tears across her cheeks.

Suddenly, Xiao Chen hugged Wu Yaqing and murmured in her ear, "in fact, I still didn't put you down. When I saw you dating other men that day, I felt very angry and didn't control my hand."

After hesitating for a moment, Wu Yaqing slowly hugged Xiao Chen's back with her hands. This was the first time she felt how happy it was to have such a man around her.

"Brother Xiao Chen..." Chen Huimin came out of the room and just saw the two hugging together. Suddenly, the whole person felt like falling into an ice cellar, and the action stopped there.

But then she reacted and trotted all the way to them.

After pulling Xiao Chen's right hand, he put it on her waist, then hugged him and said, "didn't we agree that there were only two of us tonight?"

"Ah?" Xiao Chen was immediately confused. He didn't know which one Chen Huimin was playing.

Hearing this sentence, Wu Yaqing's anger soared in an instant. He directly shook off Xiao Chen's hand and said, "you've learned to lie. I'm glad I still believe you, you scum man!"

The God Of Medicine Son-in-law Chapter 56

"Hey! Yaqing, come back to me and listen to my explanation!" Xiao Chen wants to explain clearly.

But Chen Huimin just pulled him away.

"No, Miss Chen, what do you want?" Xiao Chen shook off her hand.

"You've divorced that woman. Have you forgotten what he did to you before?" Chen Huimin was full of grievances.

He had treated Xiao Chen so deliberately that he couldn't feel it at all.

"Oh, Miss Chen, I think you misunderstood something. In fact... I said at the beginning, the most important thing is that I can't let her go, so I haven't accepted you. You are so excellent and lovely, and

many young and handsome men want to marry you. Why do you have to hold on to a rotten man like me?" Xiao Chen is really speechless. Although his attitude is not obvious, he has always expressed his meaning.

He really doesn't want to be so cruel. It's not good to hurt the little girl's heart at that time.

"I don't care. I want brother Xiao Chen. I don't want anyone!" Chen Huimin hugged Xiao Chen with a wayward look.

After pestering for a long time, Xiao Chen finally sent Chen Huimin back to her own home.

Chen Wen thought it was uncooked rice and cooked rice. Unexpectedly, they didn't look very good.

"Well, doctor Xiao, my daughter, she..." Chen Wen seems to be afraid of offending Xiao Chen.

"Oh, it's all right. It's just that I made it clear to Miss Chen that I sent her back today." Xiao Chen forced out a smiling face.

Chen Huimin got out of the car without saying a word.

"Daughter, what's the matter with doctor Xiao?" Chen Wen's voice is very light. From small to large, he regards his daughter as the apple of his eye.

I'm afraid of bumping and knocking. I think the most thoughtful everywhere, but I can't arrange this feeling alone.

It's not easy to meet Xiao Chen now. Chen Wen actually hopes something will happen to them.

"Brother Xiao Chen, he....." Chen Huimin rushed directly to Chen Wen's arms and cried.

“What’s the matter? Did he bully you? If so, no matter what kind of miracle doctor he is, I’ll teach him a lesson!” Chen Wen couldn’t see his daughter wronged.

“No... no, it’s my own problem. I don’t blame him.” Although Chen Huimin really likes Xiao Chen, she also knows that the harder she uses, the more she will disgust Xiao Chen.

“Well, don’t cry, isn’t there still a father? There are men everywhere in the world, and the son of a friend of mine is good. He has a doctor of medicine in the United States, or his father will introduce you...” Chen Wen comforted Chen Huimin.

Xiao Chen drove to find a place to park. It’s more than 8 p.m. and nightlife has just begun. The whole East China Sea city seems to have begun to move hazy and restless.

Took out his mobile phone and dialed Wu Yaqing, but the other party never connected.

At first, he thought Wu Yaqing was still angry, so he didn’t want to answer his phone.

But considering that it was so late, a woman was not safe outside, and she was angry at that time. I don’t know where I went.

So he dialed the phone he didn’t want to call: Zhao Sulan, Wu Yaqing’s mother, once his mother-in-law.

“Hello, who?” Zhao Sulan’s voice remained as before.

“I, Xiao Chen, don’t mean anything else. Yaqing came to me tonight. I don’t know if she’s going back now?” Xiao Chen’s tone was very flat.

“Xiao Chen?” There was some surprise at the other end: “didn’t Yaqing say she had an appointment with Liu LingHong in the evening?”

“She hasn’t come home yet?” Xiao Chen immediately felt that something was wrong.

“No, it seems that I haven’t returned yet. Why don’t you call?” Zhao Sulan didn’t think there was any problem.

“Then call her. I haven’t been able to get through.” Xiao Chen frowned slightly.

“Then... All right.” Zhao Sulan’s attitude towards Xiao Chen is much better now. If she knew he was so rich, she wouldn’t treat him like that.

After a while, Zhao Sulan called, his tone seemed a little anxious.

“I don’t know how to answer the phone. I don’t know what’s going on.”

“OK, I see!” Xiao Chen hung up her phone.

Then I dialed a mysterious phone directly.

“Hello, master. What’s up?”

“Ah Ling, let the team check for me. This afternoon. The whereabouts of Miss Wu Yaqing who appeared in the Ruihua hotel in the East China Sea!” Xiao Chen’s tone was very serious.

“Yes, please give us three minutes!” The voice at the other end was very serious, as if he had received an order from his superior.

This phone is the phone of the extermination organization. Now they have the most advanced monitoring network in the world and can investigate the whereabouts of any designated person, whether at home or abroad.

“Miss Wu Yaqing appeared on the seventh floor of Ruihua hotel at 6:06 p.m. in Donghai city. She ran out of Ruihua hotel at 6:12 p.m. and then took a taxi with license plate number g5-782 to leave. She met a man at Lufeng South Road. It seemed that she was stunned by the man’s attack. The man took Miss Wu Yaqing to the beautiful Nianhua hotel nearby.” It’s over the phone.

Hung up the phone, Xiao Chen looked at the time, 6:45.

I hope we can make it in time. Step on the accelerator directly to the bottom.

He is also sweating on his forehead now. If Wu Yaqing has any accident, he can't believe how she will face it in the next days.

Originally, there was an aunt walking on the road. Suddenly, she saw Xiao Chen's Rolls Royce phantom flying by and quickly hid aside. Then he yelled:

"Money is great! You'll die if you hit someone!"

A traffic policeman who was still on duty felt that a car flew by him in an instant.

Hurriedly called the traffic police headquarters: "Hey, hey, here is 9527. There is a Rolls Royce phantom speeding on the road, which has exceeded 300% by visual inspection."

After hearing the news, the captain of the traffic police headquarters scolded: "now there are more and more rich people who don't want to die."

Three minutes later, Xiao Chen pulled the car directly into the parking area.

Just down one side, a middle-aged woman was stunned when she saw this situation.

The plot that only appears in the film actually exists in reality.

However, this is not what Xiao Chen deliberately wants to do, but the current situation is very urgent.

When I came to Jinxiu Nianhua Hotel, I happened to meet a couple opening a room. Xiao Chen pushed them away directly, and then said to the front desk: "a man just came to open a room with a woman in his arms. How many rooms is it?"

The God Of Medicine Son-in-law Chapter 57

"Oh, no, who are you? Are you polite? We're still booking a room!" The man among the lovers was unhappy on the spot and wanted to push Xiao Chen away.

But Xiao Chen's next move made his outstretched hand freeze.

"This car is for you. I'm in a hurry, really!" Directly handed over the car key of Rolls Royce phantom.

"Shit, you're bluffing with a fake key, aren't you?" The man became more angry. He just graduated and bought an SUV with the support of his family.

I haven't seen such a luxury car. But he still saw it on the Internet. When he saw Xiao Chen's casual attitude, he thought it was false.

Instead, his girlfriend grabbed him. Not believe Xiao Chen, but don't want to cause trouble.

"It's parked outside. You can see it yourself!" Xiao Chen threw the key to him.

The receptionist was also frightened by Xiao Chen's momentum, but she soon came back and said, "that was... To room 552 on the fifth floor."

Xiao Chen immediately rushed to the stairs.

"Hey, sir..." what else does the receptionist want to say, but Xiao Chen has disappeared.

In an instant, we came to the fifth floor. Directly kicked the door of 552.

At this time, Wu Yaqing's clothes had been stripped almost, and his white body was exposed, but the whole person seemed to have fainted.

There was a man lying on the ground, ready to "enjoy" her.

This man is no other than Liu LingHong. He deliberately called Wu Yaqing to negotiate, saying it was about Xiao Chen.

Unexpectedly, Wu Ya halal agreed, so he began his next plan.

Originally, it seemed seamless. Afterwards, he thought it over. At that time, he said that Wu Yaqing wanted to be good with him.

After all, they were really familiar from childhood. They were childhood sweethearts and married again. At that time, the Wu family would not think about anything else and agreed to his request. In this way, after he played Wu Yaqing, other things would depend on his own mood.

But I didn't expect Xiao Chen to come so soon.

Originally, he could finish it quickly, but in order to threaten Wu Yaqing, he specially took a camera to record it.

That's why I've been doing it for a long time. I haven't got down to business yet.

Xiao Chen kicked the door open. I didn't have any extra time to stop. I punched directly and used my Twelve layer skill.

"You son of a b*tch, die for me!" Xiao Chen is completely angry now.

"You... Don't come here!" Liu LingHong spread out on the ground in an instant.

But it was because he fell to the ground that he escaped Xiao Chen's fatal blow.

One punch smashed the glass of the hotel at the other end.

Seeing the broken glass, Liu LingHong kowtowed on his head and admitted his mistake: "I'm sorry, brother, I'm wrong! I dare not do it again!"

At this time, Xiao Chen regained some reason. First, he kicked the camera to pieces, and then kicked it under Liu LingHong.

He suddenly fainted with pain.

"Hey, Zhang Ju, there's a boy here who tried to rape with overpowering drugs. Let him go to jail for several years!" Xiao Chen hung up the phone.

Then quickly wrapped Wu Yaqi's clothes around her.

He took her downstairs and left here under the strange eyes of everyone in the hotel.

Back at Ruihua Hotel, Xiao Chen forced out the overpowering drug she inhaled with her pulse.

But I didn't expect that part of it had been absorbed by her.

So her body began to heat. Originally, Xiao Chen wrapped her in clothes to avoid the leakage of spring. But now she began to pull up her clothes, and there was a soft whisper in her mouth:

"So hot... So uncomfortable..."

Said, unexpectedly directly hugged Xiao Chen, just pressed on her soft place.

Caught off guard, Xiao Chen felt that his face seemed to encounter something soft.

After understanding, I felt my blood rush towards that part in an instant.

Hurriedly opened her hand. Gently said: "you first endure!"

Put a full jar of cold water in the bathtub, then picked up Wu Yaqing and prepared to put her in the bathtub.

But Wu Yaqing's hand seemed to be unconscious and had been touching him carelessly.

So that Xiao Chen instantly felt a red face, helpless, and still pointed several of her acupoints. She instantly quieted down.

After settling down, Xiao Chen continued to study the pharmacopoeia in the living room.

The next morning. A loud scream came and interrupted Xiao Chen's meditation.

Wu Yaqing came out wrapped in his pajamas in the hotel.

"Xiao Chen. You... You treat me like this. Are you going to revenge me?"

Hearing this, Xiao Chen couldn't help being speechless, according to Wu Yaqing's meaning. His life-saving benefactor turned into a bad man in an instant.

"Where do I seem to be taking revenge on you?" Xiao Chen was covered with black lines.

"You weren't yesterday. To me, did you...?" Wu Yaqing lowered her head and dared not look at Xiao Chen.

In fact, if Xiao Chen put it forward directly. She is not unwilling, but she really can't accept this way.

"I said, dear Miss Wu, you have a good memory. What happened last night?" Xiao Chen is not angry.

"Last night?" Wu Yaqing rubbed his temples.

First I came to find Xiao Chen, then I ran away because of Chen Huimin's appearance, then I saw Liu LingHong, and then I can't remember clearly. There are only some fragments.

Liu LingHong's obscene smile, followed by Xiao Chen. Then go to the bathtub here.

Her face flushed with shame.

"Well, Xiao Chen, I'm sorry, I..."

"It's all right. If you're all right, go back early. In case your parents are worried, I've dealt with that disgusting boy and won't come to you in the future." Xiao Chen corrected her color.

"You didn't talk to Chen Huimin yesterday..." Wu Yaqing looked at Xiao Chen with some embarrassment.

Xiao Chen sighed, and now he still doesn't want to believe in himself?

"I don't want to explain too much about what happened between me and her."

At this time, Wu Yaqing's phone rang. It was obviously Zhao Sulan.

"Xiao Chen, I'll go back first. Do you want to continue to work in the hospital?" After hesitating for a while, Wu Yaqing still asked the words from the bottom of his heart.

“Why? Is the medical school still short of a handyman?” Xiao Chen smiled.

“No, I asked you to be the attending doctor. Your medical skill is really great. It’s the best I’ve seen since I was young!” When Wu Yaqing finished, he seemed to feel that his words were inappropriate, and his face turned red again.

Xiao Chen smiled and deliberately teased: “is there only medical skill? Other aspects are not the best?”

The God Of Medicine Son-in-law Chapter 58

“You, what are you talking about? What else, I don’t know.” Wu Yaqing gently bit her red lips and her ears were red.

Men are really the same. They are so shameless when they mention these things.

“Miss Wu, I mean, I’m not the best at housework? Aren’t I the best at cooking? Besides, I’m good at everything else?” Xiao Chen continued to tease.

I suddenly found that I was wrong. Wu Yaqing immediately felt his face burning.

“Anyway, you can come if you want. You are always welcome.” Wu Yaqing then returned to the room and changed his clothes.

“Thank you, Xiao Chen. I’ll go home first. If there’s anything... Feel free to contact me.” Wu Yaqing doesn’t know what to say now, but an excellent man like Xiao Chen doesn’t necessarily eat back.

What’s more, his family treated him like that before. Now it’s not easy for people to save themselves.

Xiao Chen has been worrying about the five prescriptions, so his main mind is still not here. Of course, he still hopes to make peace with Wu Yaqing, but if the other party has been suspicious of himself, he feels that such feelings are really difficult to maintain.

“OK, pay attention to safety on the way back.” Xiao Chen gave an order and continued to study the prescription.

Seeing that Xiao Chen didn't seem so interested in himself, Wu Yaqing's face showed a trace of loss. But she has no reason to stay. So he said hello and left.

Shortly after Wu Yaqing left, Dong Wu called Xiao Chen again and said that recently several major hospitals in the city jointly held a large-scale Seminar on traditional Chinese medicine and Western medicine in China. Now he thinks Xiao Chen is the most representative figure of traditional Chinese medicine, so he still hopes he can attend it.

Originally, Xiao Chen didn't want to go, but when he saw the baijue pharmacopoeia in his hand, he remembered that Grandpa's ambition was to save the traditional Chinese medicine of China. Reinvigorate the influence of traditional Chinese medicine in the world.

So I promised him.

The conference will be held this afternoon in the conference hall of Xingchen building, the most prosperous Oriental international area in the city center.

Some famous medical experts and scholars from the whole East China Sea will be present, and even some experts from other regions will also be present.

In the afternoon, Xiao Chen went to the scene in the car sent by Dong Wu.

Because he doesn't have many titles, he doesn't have much say, but he sees the agenda of the whole conference come down. Most doctors are supporting the development of Western medicine in China.

He feels very angry, but he knows that anger can't solve any problems, and he can't change these people's ideas on the court.

According to the above statement of the meeting, it seems that the recent scientific research achievements of western countries have developed cancer treatment methods. In the future, cancer may no longer be called a terminal disease.

Xiao Chen suddenly thought of the five prescriptions he got. He knew that it was urgent to crack the prescriptions by himself now.

He immediately understood what Dong Wu meant by letting himself attend the conference. Dong Wu and a small number of doctors supported traditional Chinese medicine.

However, the study of traditional Chinese medicine takes too long, and the treatment cycle is too long, which does not meet the needs of modern people for fast-paced development.

Now Xiao Chen's appearance just proves that learning traditional Chinese medicine can also quickly treat patients. They all place their hopes on Xiao Chen. I hope he can find some ways to promote the development of traditional Chinese medicine.

Returning to the hotel, Xiao Chen felt the pressure of traditional Chinese medicine at home and abroad.

Then I received a call from Liu Nianxin.

"Xiao Chen, little miracle doctor. There are some things I want to talk to you about recently." The voice at the other end hesitated and seemed to have something to hide.

"It's all right. You say it!" Xiao Chen said.

"Well, because you obtained the secret document last time, most of our companies rely on traditional Chinese medicine to maintain their operations. Now the traditional Chinese medicine market has been suppressed again and again, and the momentum of Western medicine is very strong, so... I hope doctor Xiao can give you some ways." Liu Nianxin's voice seemed to be praying for Xiao Chen.

Xiao Chen understood each other's meaning in an instant. It turned out that she was looking for her own prescription.

He happens to have the same idea.

So he said to Liu Nianxin, “well, I have three prescriptions here. They are all prescriptions of traditional Chinese medicine. I’ll send a letter to you at that time, and you can put them into the market.”

“Oh, OK. Thank you, the miracle doctor. The miracle doctor is definitely the light of hope of our country’s traditional Chinese medicine!” When Liu Nianxin heard Xiao Chen say the prescription, he began to lick it in an instant.

It seems that his grandfather didn’t give him less prescriptions.

“Well, is there anything else?”

“No, you’re busy. I’m always waiting for your prescription!” Liu Nianxin said.

Hang up the phone, Xiao Chen sent him three pairs of traditional Chinese medicine prescriptions.

They are for the treatment of coronary heart disease, asthma and sepsis.

The medicinal materials in the prescription are not particularly valuable. They are basically available in the market, so they are also very good for ordinary people.

Liu Nianxin is very grateful for receiving Xiao Chen’s prescription.

Shortly after that, Xiao Chen received the news from Dong Wu, saying that several traditional Chinese medicine prescriptions had appeared in the market recently, which were very effective in treating some stubborn diseases such as asthma, coronary heart disease and sepsis. He asked whether Xiao Chen wrote it.

Xiao Chen denied it. After all, he didn’t write it himself. He just used it for reference.

I haven't contacted Wu Yaqing for several days. I also want to know about her.

As soon as I picked up the phone, I found another strange number calling me.

Then, a man's dull voice came from inside: "is Xiao Chen?"

"Who are you?" Asked Xiao Chen.

"You don't have to know who I am. I don't think you want to see a beautiful young lady dead on the spot in front of the Spring Festival Hall tomorrow morning? Then come to me at No. 33 Lishui road tonight!" The man's voice seemed to have a trace of threat.

Spring Festival Hall? Xiao Chen thought of Wu Yaqing's beautiful cheeks again, and dared to threaten herself with her. She was impatient!

"OK! I'll come in a minute. If you dare to do anything wrong to anyone in the rejuvenation hall without permission, I won't let you go!" Xiao Chen took a stern warning in his tone.

"Don't worry, as long as you come here, I won't do anything to the Spring Festival Hall? But if you don't come, it's hard to say." The man's voice was a little arrogant.

After hanging up the phone, Xiao Chen hurried to the downstairs of the hotel, took a car and rushed to Lishui South Road. He had a hunch that the other party was prepared this time.

The God Of Medicine Son-in-law Chapter 59

On the strange man's side, he had just hung up the phone. Next to him was a man with a cigar in his mouth and a valuable suit. He patted his hands and said, "it's really worthy of being called the fire cloud evil god of the ultimate murderer! It's really powerful. In a few words, he excited the smelly boy!"

This man is no one else, it's Dillon.

Earlier, Xiao Chen broke his brother Di Hu's right arm. Originally, the debts between everyone were written off. He didn't understand why Xiao Chen still wanted to do this to di Hu.

In fact, only Di Hu himself knows. Why does Xiao Chen want to find himself? Previously, the Spring Festival Hall was smashed. He did it.

But he didn't tell Dillon, so Dillon thought it was morally. It was Xiao Chen who went too far, so he invited this to retaliate against Xiao Chen.

"We have agreed that I will help you. You will send my wife and children to settle in Germany, and everything will be arranged!" The "fire cloud evil god" looked at Dilong and said.

"Of course, we won't break our promise if we can invite you." Dillon smiled.

"Evil god, I'll trouble you to abolish this boy directly later. Then I'll come out of this evil spirit in my heart." On one side, di Hu, with a bandage wrapped around his hand, said fiercely.

"Take money for others!" The fire cloud evil god said faintly.

After a while, Xiao Chen had taken a taxi to the designated place, but he didn't see anyone for a long time.

So he tried to dial the phone. I just put my mobile phone in my ear. I felt a strong wind blowing in my direction.

A strong bald man who was half a head shorter than himself came up.

"You called me here? What's the matter?" Xiao Chen narrowed his eyes slightly and looked at him.

"You should know what you are doing. You have to pay what price if you get into trouble with someone!" The fire cloud evil god didn't say much, so he kicked directly.

Xiao Chen was not in a hurry. He blocked his chest with his hands and blocked his attack directly.

“Qigong? Martial artist?” Xiao Chen suddenly found that the other party was not simple.

But the corners of his mouth rose slightly. Originally, I didn’t want to expose my strength so soon. It seems that I have to do it today.

The other party put on a Mantis Fist posture, while Xiao Chen straightened his body and stretched out one hand to directly provoke the other party.

Being provoked by Xiao Chen like this, the evil god of huoyun immediately became angry and rushed to Xiao Chen. Qigong was also used in his hand. He hit hundreds of punches in a row, but they were blocked by Xiao Chen effortlessly.

“What? Is that all you can do?” Xiao Chen looked at him coldly.

Seeing Xiao Chen’s ridicule, the fire cloud evil god seemed to be crazy and rushed towards Xiao Chen.

“Ah!”

Xiao Chen still took his every move with ease.

Then the diseased pulse is transported in. Clap it with one hand.

“Bang -“

The fire cloud evil god was photographed several meters away and directly hit the garbage can on one side.

Dillon, who was watching the war on the side, was sweating cold on his forehead.

That's a human killer who claims that he can't even kill with a pistol. Why is Xiao Chen like a child without any threat.

The evil god of huoyun slowly stood up and looked at Xiao Chen in front of him. His eyes were full of unwilling.

"Aren't you reconciled? Then I'll make you reconciled!" Xiao Chen walked step by step.

The fire cloud evil god had a feeling he had never had: fear.

you 're right. The young man in front of him looks only in his early twenties. There are no strong muscles, and even look a little thin. But the strength is so strong!

Xiao Chen hit several punches, each with a trace of ill Qi.

Every time the fire cloud evil god blocked it, he felt that his bones seemed to be broken. Finally, he lay directly on the ground and was dying.

Seeing that the fire cloud evil god was afraid of himself, Xiao Chen was not ready to kill him, so he saved his life.

Then he looked in the direction of Dillon.

Dilong and Dihu were so frightened that they drove away.

"You... Kill me!" The evil god of huoyun lay on the ground and seemed to have exhausted his last strength to say this sentence.

But Xiao Chen looked down on him because of his words, and his illness wandered on him. All his injuries were cured again.

The fire cloud evil god looked at his hands and body in disbelief.

“This...”

“Well, you can go. In the future, you can do more good with your Kung Fu and be helped by these evil people.” Xiao Chen waved to him.

“Master! Please accept me as an apprentice!” Unexpectedly, the fire cloud evil god knelt down directly in front of him.

Xiao Chen patted him on the shoulder: “your strength is far from good. It’s no use following me. You’d better go home and wash and sleep!”

Say it and leave smartly.

Since then, huoyun evil god has a goal in his heart that can never be reached: Xiao Chen.

On the way back, Xiao Chen met an old man walking the dog. The dog suddenly went crazy and rushed around. Fortunately, Xiao Chen took the big dog under control.

The old man was soaked up and down in order to hold the dog.

Xiao Chen saw that the old man was very old, but his bones were very strong. Then he said, “Sir, when you were young, would you be a soldier?”

The old man was very surprised. Unexpectedly, Xiao Chen’s eyesight was so good that Xiao Chen just helped him again, so he patted him on the shoulder and said, “young man, I haven’t met a loving young man like you for many years.”

Xiao Chen smiled modestly: “where, where, I just see things and do things. I believe that even if someone else sees it, they will do it.”

“Hey, how can you say that? I think you’re very special. What’s the matter? Do you have any plans for the evening? Why don’t you have a drink with the old man!” The old man appreciated Xiao Chen more and more.

“This.....” Xiao Chen also remembered that his prescription had not been finished. He wanted to refuse.

But before the old man could wait for his answer, he took him with one hand and walked to the night snack stand on the side.

This area belongs to the “three no care” area of Donghai City, so it can be seen everywhere to set up stalls on the street.

Moreover, stalls are more grounded, so they are also sought after by many locals.

So almost every night this area is bustling.

“Come on, the food in this house is the best!” The old man took Xiao Chen to a night snack stall and sat down.

The boss is a woman who looks not too old. Although she is wearing an apron, she can see that her figure is quite hot.

Although there is no make-up on the face, it is the type that looks more and more beautiful.

The waiter is also a young girl. She looks less than 20 years old.

The God Of Medicine Son-in-law Chapter 60

“I haven’t seen such a capable and modest young man like you for a long time. Where do you work?” The old man said with a strong donghaikou voice.

Xiao Chen touched the back of his head and said, “I don’t have any work yet. I wander around every day.”

As soon as the old man heard this, he became interested: “yo! You haven’t worked yet. Do you want to go to work in my nephew’s company, a good young man like you? Start small, be a director first, and then you can improve when you perform well!”

“Well, uncle, I don’t have that ability! Now I’m thinking about what to do every day. I’m still interested in traditional Chinese medicine.” Xiao Chen declined the old man’s kindness.

The girl of about 20 came to Xiao Chen and the old man. It’s still early now. Most of the people who came to the night market haven’t come yet, so the boss saw them as soon as they sat down.

“Grandpa and... Uncle, what do you want?” The girl seems to be a little afraid of strangers and speaks softly.

Xiao Chen, who had taken a sip of tea to drink, suddenly heard a girl similar to her age call her uncle and choked in an instant.

Coughing hard on one side.

“Hahaha! The young man doesn’t look old. Why do you call him uncle?” The old man couldn’t help laughing when he saw Xiao Chen’s face.

“Yes... Sorry, it’s... Brother, brother!” The girl reacted instantly, her face flushed.

One side, the boss saw the girl trying to apologize and hurried over. The mature and magnetic voice suddenly attracted Xiao Chen.

"I'm sorry, uncle Lin, my sister has just come, so she's a little afraid of strangers. Let me come! Jiajia, you go there and look at our stall first!"

"It's all right, it's all right. It's a good thing for young girls to come out early for exercise. I think at that time, when we were eight or nine years old, we had to learn to farm, cut firewood and cook. Today's young people are too delicate. I still like these young people who can bear hardships and appreciate them very much!" Lin Laotou said.

"Wherever you go, that is to help you a little. If you really want to introduce your work to Lin Bo, that's lucky!" The landlady seems to be trying to please the old man Lin.

"Ha ha, there's a chance! Hasn't she graduated from college yet?" Old man Lin looked at the girl named Jiajia.

"I have to study for two years, in Donghai Medical University." The landlady seems to be showing off her honor when she talks about it.

"Oh, you're from Donghai Medical University? That's quite excellent! I happen to have a comrade in arms who is familiar with the municipal hospital. I'll introduce him at that time!" Old man Lin couldn't help looking up at the girl.

"That's great. Well, I'll treat you and this handsome man tonight. How about it?" When the landlady saw that Xiao Chen was brought to drink by the old man, she thought he was a relative of the old man. Just please me by the way.

"No, no, no, one yard to one yard. I introduce jobs. It also requires your sister to have this ability. I'm sure the meal money is not bad. It's not easy for you to be a girl outside." The old man waved his hand, and then found that Xiao Chen seemed to be a little neglected. He quickly turned back and said to Xiao Chen:

"Young man, I forgot you were so silent. Come on, help yourself. How about some wine?"

Seeing that old man Lin was a young man named Xiao Chen, the landlady couldn't help looking at Xiao Chen with a strange look. Did you just know him? Just met and pulled over for a drink?

“No, uncle, I think we have a special fate today, and I know you are a soldier. I admire these soldiers who have worked for the country most. I’ll treat you to this meal! Just help yourself!” Xiao Chen pushed the menu to old man Lin again.

“Hahaha! Well, since you said so, I’m not polite to the old man. Give us four big kidneys, roast two big chicken wings, ten strings of beef, twenty strings of mutton, ten strings of pork, some peanuts, some leeks and two bottles of Erguotou!” Old man Lin doesn’t refuse Xiao Chen anymore.

After ordering, I didn’t forget to ask Xiao Chen, “how’s it going? Is that enough? If you’re young, just order more. I’m old and eat so much!”

Xiao Chen quickly shook his head: “no, no, that’s enough!”

But he was speechless in his heart. The old man was indeed a soldier and had such a good appetite when he was so old. The body is not generally strong!

“OK! Let’s order so much first, and then we’ll serve if it’s not enough!” Old man Lin returned the menu to the landlady.

Then he chatted with Xiao Chen: “did you just say you studied medicine?”

“Ah, I know a little about traditional Chinese medicine.” Xiao Chen said modestly.

“I just saw you tame my dog and thought you were not easy! It turned out to be a doctor. No wonder I saw something wrong with my dog at a glance!” Old man Lin looked at Xiao Chen with more respect than before.

“In fact, it’s nothing. Your dog may have just eaten something unclean on the road. It’s good to digest it. I just fed it two salivas.” Then he showed old man Lin the water in his hand.

“Young man, you have such good eyesight at a young age. You must have a solid foundation in studying medicine!” Lin Laotou said.

In fact, Xiao Chen is not a serious doctor. After all, his time in the medical immortal gate is too short.

“No, no, just learn some fur.” Xiao Chen found that old man Lin seemed to have been praising himself since just now. It seems that he should have another idea.

“Sir, is there anything you need help with? Maybe I can try?”

Unexpectedly, Xiao Chen could even see this. Uncle Lin looked at Xiao Chen with new eyes.

“Boy, it’s not easy, it’s not easy!” Uncle Lin said.

“It’s all right. Just say something. I’ll help you if I can!” Xiao Chen said.

“When I saw you, I felt a light on your head. My first feeling was that I met a noble man. I didn’t expect you to help me solve the dog’s problem.” Old man Lin said and got closer to Xiao Chen.

“In fact, my wife has been in poor health in recent years. I also know that she suffered a lot when she was young, and now she is old, but I can’t live in my heart. After all, I don’t want her to go like this after living all my life.” With that, old man Lin’s eyes were red.

Xiao Chen understood for a moment, but was also very surprised that the old man could see that he had some medical skills at a glance.

“Don’t worry, uncle. Let’s go and see your wife then. Maybe I can find a way!” Xiao Chen said.
