

## The God Of Medicine Son-in-law Chapter 7 -

Wu Zhongchao's face was ugly when he heard this. He was angry in his heart. Seeing this woman defending Xiao Chen so much, he pointed to each other's nose and yelled.

"What kind of thing are you? You dare to meddle in your own business. If you are sensible, get out quickly, or you will be beaten together later!"

"You are so brave!"

When the woman saw Wu Zhongchao's fierce appearance, she was not afraid, but took a step forward,

"I'll see how you want to do it. You're still the first person to dare to talk to me like that."

"I also want to see how someone wants to teach my wife."

At this time, a middle-aged man came out of the crowd. Wu Zhongchao always felt that he looked familiar, as if he had seen him somewhere.

"This crazy woman is your wife. If she is ill, she will be locked up at home. Don't come out and meddle in her own business."

Hearing this, the man turned his head and looked at the old lady next to him.

"Old lady, do you mind such a thing?"

The old lady could not help frowning when she saw each other like a smiling tiger.

"She's just my son-in-law of the Wu family. She exists like a dog. My grandson scolds whenever he wants and beats whenever he wants!"

Wu Zhongchao was also beside Yinghe.

"Yes, he is not even as good as our dog. He is the lowest existence."

Hearing this, Zhang Xian's face became gloomy for a moment. He likes to smile at anyone on weekdays, but he can't disguise today.

"Enough!"

He gave a cold reprimand, and the dignity of the superior came out of him, which made people tremble unconsciously.

“Madam, I’ve heard your two sons’ comments on you before, saying that you know great justice and only your mother is kind. Now it seems that they are lying to me.”

When the old lady heard this, she felt something was wrong and quickly grabbed Wu Zhongchao.

“What do you mean by that? Do you know my two sons?”

“My name is Zhang Xian. The old lady can go back and ask your son.”

The old lady frowned slightly after listening. Although she was old, her two sons were still in officialdom and paid attention to this aspect on weekdays.

Now I always feel that the name Zhang Xian is very familiar. When the old lady lived to this age, she knew that some people can’t offend and don’t talk nonsense.

After thinking about it, I plan to go back and ask my two sons before making a decision.

Wu Zhongchao didn’t care at all. After hearing Zhang Xian’s name, he shouted loudly.

“Your name is Zhang Xian. What’s the matter? Is it difficult to be a wonderful person?”

Zhang Xian’s face remained unchanged and then spoke slowly.

“It’s not a great person. I’m just a little director and happens to be the leader of your uncle.”

As soon as he said this, the eyes of others looked at him changed instantly. Xiao Chen was also a little surprised. He didn’t expect that the other party was not small.

Although the old lady didn’t like Xiao Chen, she cared about her son’s future very much, and her tone softened a lot for a moment.

“This is all a misunderstanding! It’s not that I’m a grandmother who is unkind. Some people really don’t know how to be grateful!”

The old lady poured a basin of dirty water directly on Xiao Chen, and made an expression of domestic ugliness on her face.

“You don’t know. My grandson managed to find a job. He blamed the white eyed Wolf for bad mouthing him behind his back and getting fired by his boss.”

Xiao Chen frowned when he heard this. He didn’t care about many things, but he didn’t carry the pot.

“Grandma, for the last time, it has nothing to do with me!”

When the old lady heard this, she turned her head and pointed to his nose and said, "fart, don't argue here. I'm not old enough to be dazzled!"

Hearing the speech, Xiao Chen was too lazy to explain. Anyway, he didn't do it. Do they believe it or not.

"Old lady, I came here today mainly to thank my son's life-saving benefactor. If you have any family affairs, you can go home."

Wu Zhongchao heard that the other party was deliberately helping Xiao Chen, and for a moment he shouted regardless.

"I think you're with this loser! If you don't give me an explanation today, it's not over!"

Zhang Xian's face was completely gloomy.

"You make a lot of noise in the hospital. If you affect the doctor's treatment of patients, can you afford it? If you mess around again, I'll call the law enforcement officer to teach you a lesson."

Wu Zhongchao trembled subconsciously when he heard the words of the law enforcement officers. The old lady was also a little guilty at this time and hurriedly opened her mouth.

"It's all a misunderstanding. It's all my own people. I'm also confused for a moment. Come and say something."

The old lady avoided the important and said a few words. Seeing that Zhang Xian had no response, she had to leave with Wu Zhongchao and Chen Meiqin.

After the old lady left, they all dispersed when they saw that there was no play.

At this time, Zhang Xian and his wife Liu Jing thanked Xiao Chen.

"Thanks to Dr. Xiao for the last thing. We have only one child for so many years. Dr. Xiao saved our family."

Xiao Chen politely shook his head: "save the dying and heal the wounded, this is what I should do."

Wang Miaomiao nearby couldn't help whispering.

"What kind of doctor is he? When a blind cat meets a dead mouse, he's just a busboy."

Liu Jing glanced at Wang Miaomiao and said faintly, "I don't care about this. In short, Dr. Xiao is the benefactor of our family. If anyone dares to bully him, he will be unable to live with our family."

Hearing this, Wang Miaomiao quickly shut his mouth, but secretly scolded Xiao Chen for his bad luck.

"Dr. Xiao, I don't know if I'm free tomorrow. I'd like to give you a banquet at the Haitian feast."

Liu Jing touched the child's head and spoke softly.

Everyone thought Xiao Chen could not wait to promise. After all, it was impossible to meet and ask for the opportunity to climb up the relationship.

After hearing this, Xiao Chen thought and shook his head to refuse.

"Sorry, I have something else to do tomorrow."

Hearing Xiao Chen's refusal, the people around him immediately widened their eyes.

Wu Yaqing frowned and said, "what can you do? Do chores in the medical school every day!"

Zhang xianliujing and his wife are noble, either rich or expensive. Xiao Chen refuses them in front of everyone, which is not giving them face.

Xiao Chen smiled and didn't speak.

"It doesn't matter!"

Liu Jing was also surprised at the beginning. Seeing Xiao Chen's serious eyes, she realized that Xiao Chen didn't lie.

"We can do it at any time. We mainly see when it is convenient for Dr. Xiao."

"Then the day after tomorrow!"

Xiao Chen said faintly.
