

The God Of Medicine Son-in-law Chapter 8 -

After Liu Jing and his wife left, Wang Miaomiao couldn't help sarcasm: "you're a waste. You're really lucky. You saved a person when the blind cat met a dead mouse, and you even got a thigh."

Wu Yaqing heard what she said and didn't stop it. He turned and asked, "what happened to Wu Zhongchao really has nothing to do with you?"

"It has nothing to do with me."

Xiao Tian said.

Wu Yaqing nodded. Although Xiao Chen was full of shortcomings, one thing was that he would never lie to her!

"You go and clean the warehouse!"

When Xiao Chen picked up the broom and turned to go, Wu Yaqing suddenly said, "by the way, I'll wipe my back with safflower oil."

With that, she left in a hurry.

Although the tone was as cold as ever, Xiao Chen couldn't help a burst of joy in his heart.

From the beginning of marriage to now, Wu Yaqing has always been cold words to him. This is the first time to take the initiative to care about him. Xiao Chen has been wearing a faint smile around her mouth. After watching it, Wang Miaomiao couldn't help humming.

"I advise you not to have any thoughts you shouldn't have. You helped sister Yaqing today. Sister Yaqing just pity you. It's impossible between you and her."

Xiao Chen didn't speak, and didn't even listen to her at all.

Seeing that Xiao Chen didn't answer, Wang Miaomiao felt despised in his heart. He immediately said, "did you hear me talking to you? People like you don't deserve sister Yaqing at all. If it weren't for you, sister Yaqing wouldn't be laughed at by everyone."

Hearing her words, Xiao Tian ignored and walked away with a broom.

"You will sweep your land all your life. When sister Yaqing divorces you and marries someone else, you will cry."

Wang Miaomiao was angry and shouted at Xiao Chen's back.

.....

After work, Wu Ya drove away early in the morning. When Wang Miaomiao went out, he met Xiao Chen and couldn't help mocking.

"See, sister Yaqing doesn't care about you at all. You're a waste. You only deserve to be a bus."

Just then, a white extended Bentley came slowly and stopped at the door of the hospital.

When the door opened, Jiang Haotian stepped down from the car. Wang Miaomiao was excited and couldn't help sorting out his clothes. The other party looked at a successful man and didn't know what he was doing in the hospital.

Jiang Haotian's eyes wandered among the crowd, and then walked quickly to the front. Wang Miaomiao was excited and took the initiative to meet up and speak.

"Sir, are you here to see a doctor? Our hospital has..."

Before Wang Miaomiao finished, Jiang Haotian walked directly past her without looking at her.

"Doctor Xiao!"

Jiang Haotian walked quickly to Xiao Chen and stretched out his hands.

Shaking hands, Jiang Haotian said, "let's have dinner first, and then please help me..."

Xiao Chen waved his hand: "I won't eat the meal. I have something to do later."

"Doctor Xiao, please get in the car!" Jiang Haotian went to Bentley, opened the door and said respectfully.

Xiao Tian nodded and walked over. As soon as he got on the bus, Wang Miaomiao came over: "Xiao Chen, where are you going?"

Xiao Chen didn't want to talk to Wang Miaomiao too much. He perfunctorily said a few words, and then got into the car. Jiang Haotian drove Xiao Chen home all the way.

"Doctor Xiao, if you are unhappy in this hospital and want to change your job, I can recommend you to be the president of my friend's private hospital."

With Xiao Chen's medical skills, a dean is more than enough.

“No, I’m very satisfied with my work now. You don’t have to call me doctor Xiao. Just call me my name.”

“I’m a few years older than you. I’ll ask you to shout, brother Xiao.”

Soon, the car drove into a big villa,

Sleeping in bed, Xiao Chen felt the pulse for each other. After a while, Xiao Chen slowly opened his mouth.

“Has Mr. Jiang ever offended anyone?”

“Brother Xiao, if you have anything to say, you can say it directly. You are my life-saving benefactor. I believe you.”

“Don’t worry, I’ll cure you first.”

Xiao Chen asked him to take off his coat and lie down on the bed. Then he took out several silver needles as thin as ox hair and inserted them into the acupoints on him with a very fast technique. If there were a knowledgeable doctor here, he would be shocked.

Because Xiao Chen used the eighteen needles of the immortal gate, which had been lost for a long time.

“Well, I’ll write you another prescription. You take it according to the medicine on the prescription. I’ll come back to see you in seven days. Recently, I’ve been avoiding s*x, smoking and alcohol.” Xiao Chen received the needle. In fact, the needle was just to hide people’s eyes and ears. When the needle was just inserted, he had inhaled all the sick Qi in the other party’s body.

Drugs can expel the toxins deposited in his body.

After collecting the silver needle, Xiao Chen spoke directly to Jiang Haotian.

“Brother Jiang, your infertility is not congenital, but acquired. It is artificially caused by poisoning. This kind of poison does not harm people’s lives, because it is aimed at it.”

Xiao Tian glanced at Jiang Haotian.

Hearing this, Jiang Haotian’s face changed greatly and his expression looked extremely ugly.

“No wonder, no wonder!”

Jiang Haotian said two words alone. No wonder he was surprised and angry. Xiao Chen didn't ask after each other's expression.

"Brother Jiang, the person who poisoned you should be in frequent contact with, because this poison needs to accumulate over time."

Jiang Hao's sky color is complex and further determined. He can't guess for a moment. Many people are suspected of who wants to harm him.

"Thank you, brother Xiao. Tell me this today, or I'll still be kept in the dark."

Jiang Haotian chatted with Xiao Chen again. Then he took out a gift and handed it to Xiao Chen.

"This is my little thought. I hope brother Xiao won't refuse."

Xiao Chen nodded and accepted the gift.

After that, Jiang Haotian personally drove Xiao Chen back. When he got to the place, Xiao Chen was opening his eyes and getting off the bus. As soon as he stood firm, he heard someone call his name in surprise.

"Xiao Chen!?"
