

GOD! THERE ARE NO WOMEN HERE! - CHAPTER 6 AN ZHEN THE BOY'S SKIN IS WHITER THAN THE SCHOOL FLOWER

After talking to her dad about studying, An Zhen went to school a little earlier than usual. When she arrived at the school, there was not much at the school, the trees were lush and silently erected in various parts of the campus. On the path leading to the school building, there was only a sparse vegetation, silently staying in a corner of this campus.

An Zhen followed the path up and suddenly heard the faint sound of people. The rate of An Zhen's steps remained unchanged, and he continued to walk up, seeing several tall boys surrounding a student at the intersection of the school's main road and the side road. The student was wearing a white down jacket and didn't know what to say, causing people around him to laugh unkindly.

An Zhen paused and went up to the front.

This white down jacket was too much like the one that Hou Hou had worn in their class. She had said hello to Hou Hou yesterday, so An Zhen still remembered it.

An Zhen walked up to the group of people and tapped the shoulder of the person on the outside.

"Make way." An Zhen said.

The person who was tapped froze, looked back and froze again.

Nothing else, it was just that this little boy was a little too good looking.

The group all turned around and saw An Zhen, who was a cut short of them. An Zhen in the class is not really short, but this group of people are too tall, either senior, or the school's physical training team.

One of the leaders saw An Zhen and smiled at her wistfully, asking, "What's up, little brother?"

The first time Meng saw An Zhen, there was joy in his eyes, but then this spark of hope soon fell. An Zhen looked too skinny to compete with these people; Meng would have preferred that he run and call the others rather than ask An Zhen to come and fight him off.

An Zhen pointed to Meng Hou, who was surrounded by them, and said, "This is my classmate. Yesterday the teacher asked us to come early today to correct our papers, but she never came, so she asked me to come out to find her."

The teacher told me to come out and look for her." He pointed to the office on the school building, which happened to be open at this time.

The group glanced in the direction An Zhen pointed, and their anger suddenly dropped, not as emboldened as before. The eyes flicker and look like they have the intention to retreat.

The leader of the group lifted An Zhen's collar and came close to her face, blowing a breath into her eyes: "When I'm stupid, the teacher told you to come out to find someone, and you're still carrying a school bag?"

An Zhen face unchanged, heart a shock.

"You kid" how it smells a little fragrant?

The leader of the man came closer, ready to smell a little more, An Zhen met his face with a "thud" with the head of the past.

The other person was knocked backward, An Zhen is also a dizzy. She couldn't wait for her own reaction, so she grabbed Hou Hou's hand and ran out.

An Zhen only felt the wind blowing past her cheeks, the person she was holding, and the shouting of the group of people behind her.

An Zhen pulled a person, really can not run fast, An Zhen really doubt Meng Hou is not hard to run it, the results of a turn, you can see Meng Hou white face, a pair of eyes full of nervousness and panic, An Zhen instantly soft heart, thinking that can not run fast can not run fast it.

The shouting behind her was getting closer and closer, An Zhen was stomping on her two little legs, looking like she was about to be caught up by the people behind her, when An Zhen suddenly saw the person around the corner, she shouted: "Little caper help me!"

Jiang Li heard this familiar voice, the body shivered, a turn around, and saw two people rushing towards him. Followed by a group of people who are not to be messed with.

Jiang Li's body shivered, turned and ran, while running shouted: "Brother Gang! Brother Kong help me!"

In the past, Kong and the others had gone with Jiang Li. But in the past two days, because An Zhen's sowing discord was so effective, Kong and the others banished Jiang Li and did not follow him. Jiang Li originally thought to come early to give Kong

and them to do their filial duty, buy some breakfast to beg forgiveness, but unexpectedly just bumped into An Zhen and them.

Now the three ran together, Jiang Li rushed in the direction of Kong they came, and in a short while saw several students skulking over.

When King Kong heard the shout, he subconsciously looked up and saw An Zhen rushing over to them.

Of course, King Kong also saw the senior students chasing after An Zhen, but King Kong is worthy of being called "Brother Kong", not a bit of panic, looking at the people, asked, "What's going on?"

Jiang Li ran behind Kong, breathing heavily, "They, they chased us."

"Silly skin, of course I saw them chasing you, I was asking what was going on."

By this time, both An Zhen and Meng Hou stopped running, and Meng Hou saw a few people from her class and instantly felt safe, she even smiled at Kong and the others. It was just that her hair was a bit messy, completely different from her usual neatness, and she looked like she had been bullied.

"Heh, you guys," the group of tall seniors also stopped chasing, stopping and walking around them, with undisguised mockery on their faces, "Dare to call you brother without having met your brother Hua? Are you their leader?"

The senior saw Vajra's provocative look, his fire bubbled, and was about to speak when he suddenly saw a man coming from afar and resting his eyes on himself.

The senior's fire shivered and his shoulders flinched.

King Kong they also saw the visitor, a joy in the eyes, but did not open his mouth to call. Just keep watching him step by step over.

Sun Haofeng walked past the group of people in front of him as usual, and when he was about to walk away, he suddenly looked back at King Kong and the others and said, "Why don't you go?"

An Zhen was the first one to react, pulling Meng Chang and following behind Sun Haofeng. Jin Gang wanted to say something to Sun Hao Feng, but moved his lips and looked at the group of seniors, did not say anything and followed.

The group of seniors kept watching these people walk away and stood still.

Jiang Li let out a long breath, finally relaxed, he asked An Zhen with an annoyed face: "What's going on? Why are those people chasing you?"

King Kong's eyes also glanced at An Zhen's face, but his gaze suddenly stopped at An Zhen's face and did not move, then moved away with a whoosh, then moved back quietly and glanced several times.

An Zhen: "How do I know that."

Jiang Li: "Don't you know they're still chasing you?"

Meng Hou then weakly chimed in, "They weren't chasing An Zhen, they were chasing me, and An Zhen happened to be passing by and helped me."

Everyone stopped talking, the "chasing me" seemed a bit ambiguous.

Although these people usually gag each other to make a great deal of noise, but never and girls talk, not to mention this girl is the school flower level beauty.

Thinking about it, many of them shifted their gaze to the school beauty. It was the first time they were alone with the school beauty, who had such a nice voice, spoke so gently, and felt like a hero all of a sudden when they looked at people.

When they quietly looked at Meng Chang, the afterimage saw An Zhen next to the school girl.

That said, An Zhen the kid's skin is whiter than the school girl

I'm not sure if An Zhen's eyes are bigger than the school girl's eyes.

The first time I saw An Zhen cut his hair short, he did not look a little girly ah?

Everyone has a different idea in mind.

Everyone did not open their mouths, just swept around with their eyes, the atmosphere gradually became a little strange.

On the contrary, An Zhen, not noticing everyone's gaze, she looked at Sun Haofeng and asked, "Classmate, those people are afraid of you?"

An Zhen didn't know Sun Haofeng's name yet, but he knew this classmate, who was very tall, didn't speak often, and often changed the water for the drinking fountain.

Sun Haofeng looked into the distance and put his eyes on An Zhen. His expression was very calm, full of a "nothing to say" meaning.

An Zhen suddenly understood why few people talk to him. Even if he was with his friends, he seemed out of place. This person's gaze is too calm, with an aura of arrogance and nobility, everything that others care about is as if it is insignificant to him.

An Zhen felt that this boy was very special and couldn't help but look at him a few more times.

I didn't expect Sun Haofeng to suddenly open his mouth at this time and ask, "Do you have a boyfriend?"
