

GOF 1691

### **Chapter 1691 - Recovery of Strength?**

In addition to the division of forces in the Thirty-Six Mystic Worlds, Han Fei also obtained some other information.

For example, the vortex he was in, which was where the Predators' pirate ship was, was called the Wild Abyss. It was said that this place was connected to the Ancient Wilderness.

In the middle-aged man's memory, he didn't know that the Yin-Yang World and Water-Wood World were in this Wild Abyss.

To Han Fei's surprise, in the middle-aged man's memory, more than one person had entered the Wild Abyss. Yes, someone had entered from here, and even a king had entered and come out. However, no one had mentioned the existence of Yin-Yang World and Water-Wood World...

And if a king had once descended, where had they gone? Or had someone once visited the Yin-Yang World and the Water-Wood World? But... ordinary people were too weak to know.

Han Fei's heart sank. Since someone had entered and came out... it meant that the secret of the Yin-Yang World and the Water-Wood World was likely exposed. However, for some reason, no one revealed it. Indeed, Han Fei also felt that there seemed to be a problem with Yin-Yang World!

When Xia Xiaochan was awakened, Chun Huangdian went to the Yin-Yang World. Later, other people also visited the Yin-Yang World to find Xia Xiaochan...

Then, if the Wall of Death was really unbreakable, and even kings couldn't enter it... then how did Chun Huangdian's projection enter it? At that time, his projection was not only in the Explorer realm, right?

Why did he enter the Yin-Yang World and take Xia Xiaochan away?

Han Fei fell into deep thought. If the Yin-Yang World and Water-Wood World had always been exposed, why did no one mention it? Why didn't the other Thirty-Six Heavenly Palaces help? Why didn't the enemies of Yin-Yang World come to rob it?

Han Fei felt that there might be some unknown secret behind this.

An advanced Venerables knew a lot of secrets.

From this person's memories, Han Fei found part of the route of the Predators, knew the location of the Martial Emperor City, and knew how to enter the inner sea from the outer sea...

However, this way of entry required either the Predators' route or someone else's.

With his current strength, it was certainly impossible for him to forcefully use the route of the Predators. What if he really encountered the Mad Fourth King? He wasn't strong enough yet.

The top priority now was to restore his strength.

Then, Han Fei saw some of his past experiences from the middle-aged man's memories.

These people robbed humans and would attack the Hundred Demons and the undersea human race sometimes, or even the mermen.

Anyway, the Predators would simply rob anyone they could rob.

However, the style of this pirate team... Han Fei discovered that although they were known as Predators, they were not bloodthirsty. In the words of the Mad Fourth King, the people they robbed were their patrons... If they let them go this time, they could rob them again!

Of course, this didn't mean that the Predators were gentle. Every time they attacked, at least some people would die in their hands. This was completely based on their preferences.

Among the ten pirate teams, there were two that were much more brutal than the Predators.

Among them, the Peace Pirate Group ranked third was a strange pirate group. They were pirates who robbed pirates and occasionally robbed others.

This Peace Pirate Group's target was to end pirates... Therefore, robbing pirates was their specialty. And every time they robbed the pirates, they would kill them.

The other pirate team was the Asura Pirates.

In the middle-aged man's heart, the captain of this pirate team was obviously an evil cultivator, temperamental, cold, and brutal.

It was said that none of the Venerables caught by the Asura pirates survived.

Han Fei slowly opened his eyes and glanced at the dozen or so people on this ship. There were five Venerables on this ship alone, which showed how powerful the Predators were.

As far as Han Fei knew, although the outsiders were generally stronger, the Venerable realm wasn't that terrifying.

At least, from the middle-aged man, Han Fei knew that each of the Thirteen Mystic Worlds in the outer domain only had about four or five hundred Venerables.

In the thirteen worlds in the inner domain, each world had about seven or eight hundred Venerables.

There were indeed a lot of them.

If this number of Venerables was put in the Yin-Yang World, the Yin-Yang World would probably be gone.

And this was just the number that the middle-aged man knew. It was probably the number of Venerables that the worlds had revealed. It was hard to tell how many Venerables there were exactly.

However, to Han Fei's horror, there were so many strong masters in merely 26 Heavenly Palaces. Just the ten pirate teams alone had ten kings...

Since the Martial Emperor City seemed to be the strongest force in the Raging Sea, they might have an emperor! In this case, how many Venerables and kings were there on the mermen's side? At the same

time, Han Fei couldn't help but wonder if the Yin-Yang World and Water-Wood World were both so powerful at the end of the Age of Gods and the Age of Doom.

Why were they reduced to hiding in the Wild Abyss?

Han Fei estimated that this matter probably had nothing to do with the Vast Ocean Navigator. Otherwise, why were the Nine Palace World and the Golden Crow World still in the Raging Sea?

After organizing his thoughts, Han Fei glanced at these people and said, "Leave the boat, the resources, the weapons, and the battle suit. Then get lost!"

These people were attracted here because of the anomaly in the Wild Abyss, which might be related to him. Han Fei didn't want to expose too much. Just now, the middle-aged man guessed that he was a merman, and he didn't deny it. Just let these people guess!

The pirates were stunned. Did this guy just rob us?... Wait, why didn't he release our leader?

Han Fei glanced at the middle-aged man controlled by him and said casually, "This man must die."

On the Predator, the group of ferocious pirates were horrified. Their leader must die, but they could survive? Why was this person so strange? Seeing that everybody was still hesitating, Han Fei said unhappily, "Those who don't leave in three seconds will die..." Swish! Swish! Swish!

Those people ran very fast.

As the saying went, he who understood the times was a wise man. Since Han Fei let them go, why not go?

After all, since he dared to kill their leader, it would be as easy as a breeze to kill them.

Sure enough, after those people escaped, Han Fei threw this man to the ground and said, "Old Yuan, you just broke through to the advanced Venerable realm and your realm is unstable, so this person is yours."

The old turtle put on a smile, but he wasn't in a hurry. Instead, he asked, "Why did you let those people go? Isn't it like releasing fish into the sea? Sooner or later, they will come again." Han Fei smiled casually. "I'm new here. I don't have to offend a king. I'm here to find someone, not to fight a king. Of course, it shouldn't be a problem to kill one or two of them. This person's soul is controlled by me. I don't want to expose this ability."

Han Fei reached out and grabbed the Sun-Moon Shells and weapons that were left in the air. After a quick glance, he found more than 80 Dark Moon Wolf Fish in the Sun-Moon Shells that had just died.

Their Dark Moon Beads had been used yet...

Han Fei swallowed the Dark Moon Pearls without hesitation.

A moment later, when Han Fei's soul power increased by more than 3,000 points, he couldn't help but grin and sigh. "So many Venerables, but they only caught so little fish? How do they have the cheek to call themselves pirates? What a disgrace!"

The old turtle: "..."

As for the other resources accumulated by these people, they were basically useless to Han Fei.

In addition to some escape pearls, there were also refining materials, spiritual fruits and nearly a hundred thousand ultra-quality spiritual stones.

The moment he saw some ultra-quality spiritual stones, Han Fei thought, There seems to be a lot of spiritual stones here!

Putting away these things, Han Fei turned around and said, "Alright... you've made a breakthrough. Help me guard outside for a while. I'm about to return to the peak of the Venerable level, but you interrupted me."

The old turtle said leisurely, "Go ahead! I'll swallow this person."

Han Fei didn't even need to change places.

During this period of time, he deliberately didn't leave the vortex.

At least, he should show up in his peak state! After all, he didn't bring Little Fatty with him. If he was killed, he wouldn't be able to revive.

Two months passed.

Buzz!

When Han Fei came out of Forge the Universe, his strength had returned to the level of a Half-King. As soon as his strength reached its peak, he immediately came out of seclusion. The old turtle was surprised. "So fast?"

Han Fei said casually, "You're right. The increase in the disassembling degree of spiritual energy can indeed accelerate my recovery. By the way, do you want to release the power you're suppressing?"

The old turtle said, "I'm afraid not yet, but I can give you some first."

Han Fei thought to himself, Who are you looking down upon? My current endurance is beyond your imagination, okay? In the next moment, Han Fei's body suddenly trembled. with a buzz, a tremendous amount of essence energy instantly spread throughout his body.

"One breath, two breaths, three breaths..."

When Han Fei found that he was getting fat, he quickly shouted, "Stop, stop, that's enough. This is affecting my performance..."

Hearing Han Fei shout "stop", the old turtle hurriedly suppressed the power again.

Han Fei couldn't help being horrified. "Old Yuan! How much power did you release?"

The old turtle said leisurely, "Uh... two or three percent!" Han Fei: "..."

## **Chapter 1692 Devil Girl Pirates**

Han Fei was lost for words. How much energy did he have to bear to leave the cage? He couldn't even bear it with his current Half-King strength! This energy was not just energy

This kind of power was like the fat in a person's body. You couldn't use it in regular fights. You could only absorb it slowly and exercise it away from time to time.

As the old turtle said, unless he practiced the Supreme Mystic Body Art now... it would be extremely difficult to digest and absorb this thing!

Han Fei didn't think too much about it. Since he couldn't digest it quickly, he might as well take his time! After all, he hadn't reached the peak of the Half-King realm yet.

No one had come for more than two months. It seemed that the death of a Venerable wasn't a big deal for the pirates.

Therefore, Han Fei released the Predator pirate ship.

There were many things to learn about this ship. The Avenger he created back then was far worse than this ship.

The Avenger was a complicated boat array built from countless arrays.

However, this ship was different. What this ship triggered was a defensive barrier, without any complicated arrays... Obviously, it wasn't that this ship didn't need arrays, but that the other party had placed arrays somewhere else. Besides, this ship had an energy cannon that could launch a Half-King realm attack. What was that thing filled with?

If you wanted to travel in the Raging Sea, you either had to take someone else's boat or own one.

If he took someone else's boat, he could only go to the thirteen worlds in the outer domain to take a boat and then went to the inner domain.

This was too troublesome. After all, boats usually had fixed routes and he couldn't just go wherever he wanted.

As for getting a boat on his own, there was a problem, which was that he didn't have a route.

Although Han Fei knew the route of the Predators' pirate ship, wouldn't it be suicidal to go to their route?

After all, every safe sea route was opened with manpower and recognized by the major races. Otherwise, as a human, wouldn't it be asking for trouble if you ran into the territory of the Mermen?

However, Han Fei had the Vast Ocean Navigator! With it, he could open a route himself. Although the Vast Ocean Navigator could only be used three times a day, he just needed a direction.

In general, it was better to have a boat than not.

Now, although Han Fei had snatched the Predators' ship, he hadn't made a decision yet, because it seemed safe to take a normal route.

Those normal sea routes were also the normal trading routes in the 13 worlds. Resource transactions between the inner and outer sea areas made the Thirty-Six Mystic Worlds prosperous.

It was exactly because of the prosperity of trade that pirates robbed others from time to time. In the Raging Sea, those who dared to sail on these normal routes were basically not afraid of pirates. It could even be said that there were often people who specifically targeted pirates on the routes.

After all, it was impossible for a pirate king to participate in ordinary robberies. Their actions were watched by pairs of eyes. Once a pirate king took action, he would often become the enemy of the world. Because of this reason, the strength of the ten pirate teams had undergone many rounds of changes. In the middle-aged man's memory, the Asura Pirates were the only pirate gang that hadn't been wiped out yet although their king often came out to rob.

However, the Asura Pirates were hated by everyone, so they were ranked only eighth among the top ten now.

When Han Fei took out this ship, he couldn't help but put on a smile. It felt so good to be a captain again.

Buzz!

The illusion of mountains and rivers appeared, and Xiao Se and Nian'er appeared in it. In Nian'er's arms, there was a big white bunny.

Nian'er said in surprise, "Ah! Brother, are we finally out?"

Han Fei smiled. "Yes, we'll have our own territory in the future. Look, this is my trophy, a big ship."

"A big ship?"

Holding the bunny, Nian'er ran to the edge of the boat and looked at the surging waves, seeming a little excited. She was quite curious about such a world.

Although she knew about the ghost ship in the past, she had never gone out. Therefore, this was the first time Nian'er had seen a real ship.

She ran from south to north, curious about everything Nian'er kept asking, "Brother, what is this? It's so high!" "This is the mast!"

"What about this?"

Han Fei said, "That's a pole. It's used to secure the side and the back cables."

Nian'er asked, "What are cables?"

Han Fei said, "It's a rope or chain that fixes the mast."

"What about this?"

Han Fei said, "This is the anchor. When the boat stops, drop the anchor into the sea. The huge anchor hooks the boulders on the sea mountain and stops the boat..."

one asked and the other answered. After all, Han Fei was an old captain. He didn't even need to think to ask such simple questions.

Then, Han Fei took out a big pot, which attracted Nian'er's attention.

At this moment, Han Fei really didn't want to be a pirate. In fact, he was here to find his sister, so he didn't want to be a pirate.

Han Fei changed the sail to white, changed the shark-head bow into a steel triangle, which was used to brave the wind and break the waves. Of course, at the center of the triangle was still that energy cannon that could unleash a Half-King strike. While cooking the hot pot, Han Fei split his attention to refine tools and objects in the void and replaced the anchor, the mast, and the axles on the deck...

Of course, Han Fei hadn't studied arrays yet.

A moment later, while brushing oil on the barbecue, Han Fei said to Nian'er, "Nian'er, what is Time Armor? Can you tell me?"

Hearing this, Nian'er squatted next to Han Fei, her mouth almost watering, and she said without thinking, "Well, there are many ways to use it. For example, you can put the displaced time in front of you... When others attack you, their attack will drop in another timeline. Also, you can slow or accelerate the time around... In this way, the power of others will be beyond their control... Brother, what are we going to eat?"

Han Fei said, "This is called charcoal roasted garlic prawns, iron squid, lobster hot pot... Don't be hasty. Let's wait for a while... Hey, Nian'er, how do you use the Time Bind?"

Nian'er blinked and said, "It's easy! Capture a section of time and bind people with it. Then make time overlap, forming an infinite time barrier. In this way, people will be trapped. However, strong masters can easily escape from it."

Han Fei was excited. It sounded interesting! However, it was too difficult to intercept a section of time.

Han Fei asked, "What about time conversion?"

Watching from the side, Xiao Se was speechless. You're already a Half-King, yet you're fooling a child? Aren't you ashamed?

A moment later, the hot pot was ready, and Han Fei, Nian'er, Old Yuan, and Xiao Se sat around it.

Nian'er had already started eating. Her garlic prawns had been roasted. At this moment, her mouth was full of grease.

Han Fei used the Divine Deceit Technique to turn his strength into that of a junior Venerable.

Han Fei said, "Remember our purpose of this trip. Don't cause trouble. Don't fight for no good reason. You can hunt sea creatures, but don't make enemies with the strong, especially pirates... Well, that's it. From today on, I'll pretend to be a Heavenly Talent from a big family. Old Yuan, Xiao Se, you two are my lackeys now. When we stop at a place in the thirteen worlds and get an identity... this trip will be half completed. Got it?"

The old turtle couldn't help but say, "As long as you don't cause trouble." Xiao Se: "Okay! However, it's best to let Little Master stay in human society for a while to get used to the human world. After all, Little Master's real realm is actually not weak. She'll break through to the peak of the Law Enforcer realm soon. We can't wait for Little Master's strength to reach its peak before teaching her some life."

Han Fei said indifferently, "What's important is the communication between people. It's obvious that you don't know how to take care of the child. Find a school for your child and let her stay in school for half a year, which is more effective than ten thousand truths you teach her."

Xiao Se glanced at Han Fei grumpily, thinking, It's you who should take care of the child, OK?

Han Fei said, "By the way, in order to avoid trouble, we'll leave here today and go to other places in the Thirty-Six Mystic Worlds."

Less than half an hour after Han Fei said that...

Suddenly, Han Fei and the old turtle both turned their heads.

Immediately, Han Fei got up and said, "Son of a b \* tch, it's only my first day out, and someone is already targeting me? Is this ship installed with a GPS device?"

Buzz!

The void trembled, and three large ships broke out of the void in a row. These three large ships had very clean silver shiny armor.

However, these didn't seem to belong to the Predators?

These ships were clearly different from the one he had snatched. They seemed cleaner and shinier.

With a large piece of lobster meat in her mouth, Little Time looked at the big ship curiously. "Brother, new ships are coming."

Han Fei narrowed his eyes and said casually, "Nian'er, remember, don't reveal your strength easily!"

In the next moment, with swishes, seven or eight women appeared in a row. The person in the lead was clearly a Half-King!

One of the women said, "Sister Wu, look, this is the person I told you about last time. He's only a junior Venerable, but he's extremely strong."

The woman named Sister Wu looked at the cannon on Han Fei's hull and asked in confusion, "Is he a subordinate of Mad Fourth King? Why is the ship changed into this?"

The woman stepped forward and stopped in front of Han Fei's boat. "Who are you? Tell me!"

Han Fei saw that there seemed to be light surging on the other party's three ships, which seemed to be something similar to an energy cannon.

So, the other party was going to attack him?

Besides, this time, they had a Half-King!

Han Fei looked at one of the ships in the distance. There seemed to be a woman standing at the bow of the ship. She couldn't be simple. "Huff -"

Han Fei was lost for words. Was he so unlucky after leaving the Yin-Yang World? He obviously ran into the Devil Girl Pirates!

## Chapter 1693 I, Han Fei, the King of Cookery

Han Fei was lost for words. So, the three women he met last time were from the Devil Girl Pirates?

Han Fei felt that ten thousand Iron-Head Fish were galloping in his heart.

What a day! Why am I so unlucky? My strength was suppressed, and I had to spend seven or eight months restoring it...

As soon as I came to the outside world, I encountered two pirate groups that had a bunch of strong masters.

Why? Do you think there are treasures in the Wild Abyss? So you all want to hunt treasures here?

At this moment, Han Fei was sure that there should be two strong masters on these three big ships. Judging from the size of the hull, the three big ships of the Devil Girl Pirates were more than three times larger than his.

For pirates, the hull should not be too big. For example, the dragon boat was huge, but it was also cumbersome.

Compared to his ship, their ships were bigger, which was a symbol of high status. At this moment, the woman called Sister Wu was asking Han Fei.

From the memory of the middle-aged man, Han Fei had read the basic information about the Devil Girl Pirates.

The Devil Girl Pirates was a pirate team that only accepted female pirates. The king of the Devil Girl Pirates was known as the Black Phoenix Demoness. She had four generals under her command, respectively leading the four strongest warships.

These warships were named after their captains: Pearl, Dragon Dance, Cloud Rising, and Cold Moon.

If Han Fei guessed right, this person should be one of the four generals of the Devil Girl Pirates, the captain of the Dragon Dance, Long Wu.

But Han Fei found that the woman standing on the big boat behind seemed as intimidating as Long Wu.

Han Fei took a closer look. F\*ck, the glowing thing on the boat didn't seem to be an energy cannon! If it wasn't a pearl, what was it?

"Heh!"

If Han Fei guessed right, that ship should be the Pearl.

Han Fei didn't know if it was because he had forcibly used the Nine Palace Luck Ruler, but he was still plagued by bad luck now...

Two of the four generals of the Devil Girl Pirates had appeared! Was it because he made too much noise when he came out? But why didn't he feel anything?

"Hey! I'm asking you a question."

Someone laughed. "He must be scared silly."

Women! Especially female pirates, they were both impatient and fierce. Han Fei was stunned for a moment and then began to nag.

Han Fei thought that if he escaped now, he could definitely make it in time. However, there were still Nian'er, Xiao Se, and Old Yuan here... They might attack them the moment he took them into the Sea Quelling Painting.

Even if they could escape, the boat would definitely be gone.

This was a boat that he had just snatched and hadn't had the time to study it yet...

Han Fei was lost for words. How did these people discover him? How could they directly appear here with their ships?

Unfortunately, he had no time to think about these questions. It was impossible for him to escape now. Two Half-Kings shouldn't be a match for him. But the problem was that once he killed the two generals of the Devil Girl Pirates, the Black Phoenix Demoness would definitely be furious and chase him to the end of the sea. "Crunch!"

Standing next to Han Fei, Nian'er looked at the Venerables and Han Fei while eating the garlic prawns. "Brother, are these the legendary bad people?"

Han Fei was amused. Poor kid. Even bad guys only existed in legends.

Long Wu and the others were puzzled.

Why did this person come out with a child? Furthermore... this child looked several years old, but her strength had reached the peak of the Venerable realm?

Someone couldn't help narrowing his eyes. "Sister Wu, did this jerk snatch a Heavenly Talent from a certain world?"

Someone nodded. "This child is so cute and beautiful. It's obvious that she was not born by this guy."

Someone agreed. "Yes! Sister Wu, this child is so cute. He must have abducted her."

Han Fei frowned and glanced at Nian'er. Suddenly, he snorted. "Hey, shut up! Abducted her? What are you talking about! I didn't know the Devil Girl Pirates are gossips!" A woman sneered. "Humph! Brat, how dare you speak to us like this? Are you ready to be fed to the fish?"

A woman wasn't worried about the danger at all. She even taunted, "What? The strongest of you is only an advanced Venerable. What do you have to be proud of?"

The old turtle was pissed and was about to throw a tantrum.

"I am an em..."

Seeing the old turtle blurt out, Han Fei immediately said, "Old Huang, that's enough. Don't take their words to heart."

Han Fei rubbed Nian'er's head and said, "Nian'er, be good. Whether they are bad people depends on what they do. Just keep eating. It's just a small problem..."

The woman who had been chased by Han Fei said, "A small problem? I'm afraid you don't know your current situation? By the way, didn't you say that you were an old monster more than 4,000 years old? Also, when I saw you last time, I didn't see this old sea demon turtle and this child beside you..."

Han Fei rolled his eyes at her. "What do you know? I don't even know you. How could I tell you the truth?"

Han Fei sneered and released all his spiritual energy. Han Fei said, "Okay! Since you want to know who I am... I can tell you that I'm just a legend that travels in the Raging Sea and chases delicious food... An explorer of delicacies, a master of smell and taste, so talented and intelligent..."

Clang!

A big spear appeared in Long Wu's hand, and she looked at Han Fei coldly. "Cut the crap, or die."

Han Fei paused and then waved his hand. "You're boring... Fine, since you want to know, I have to reveal my secret identity..."

Ding!

With a flash of silver light, Han Fei felt that the woman was about to stab him.

Han Fei immediately roared, "I, Han Fei, the King of Cookery." "Uh-"

The group of female Venerables looked at each other in bewilderment and giggled.

Someone sneered. "Are you stupid? You call yourself a king? Who gave you the courage?"

Someone curled his lips. "I hate braggers the most. Sister Wu, kill him!"

"Hey, hey, hey..."

Han Fei waved his hand and immediately shouted, "I said that you are a bunch of fools. I said that I am a King of Cookery, not a Sea Establishment King. In terms of cooking, no one is comparable to me. Even the Martial Emperor of the Martial Emperor City have to admit defeat."

Long Wu: "..."

The female Venerables: "..."

Seeing the speechless faces of these women, Han Fei clasped his hand, and the garlic prawns that were still roasting on the grill flew towards Long Wu and the others.

Han Fei sneered. "How dare you laugh at me when you haven't eaten my food?" Han Fei stroked his hair and put on a disdainful smile.

Because Han Fei was already a Half-King, he was really not afraid.

Even if these people attacked him, he would simply kill them all. As for the Black Phoenix Demoness, where could she find him?

**w**

Long Wu pinched a garlic prawn with her fingers. When the garlic fragrance wafted into her nostrils, the corners of her mouth twitched. How many years had it been since she ate seriously? Today, she was tempted by such a low-level shrimp?

Long Wu reached out and was about to take a bite when someone said, "Sister Wu, be careful..."

Long Wu said casually, "Do you think I'm afraid of poison?"

After that, Long Wu took a bite.

Instantly, she felt that her mouth was filled with fragrance. She was refreshed. How could shrimp be so delicious?

The girls watched Long Wu's reaction, and Long Wu saw that Han Fei and Nian'er were looking at her eagerly.

Nian'er even took a bite of the shrimp and said, "Brother, why did you give all the foods to Sisters?"

Han Fei said solemnly, "Nian'er, be good. You have to understand these sisters. They haven't eaten anything good in their entire lives. How pitiful are they?"

Nian'er remembered that she could only eat energy back in the Abyssal Chasm... Those days were really bitter. She immediately nodded frantically.

She even waved at Long Wu. "Sister, you are really pitiful. Why don't you follow Brother in the future? Brother will make delicious food for you... Look, there are chips."

After that, Nian'er took out a bag of "chips". They were all made with sea cucumber.

With that said, Nian'er took a bite. "Sister, it's delicious."

Long Wu subconsciously took another bite of the garlic prawn, only to discover that she had taken another bite.

Immediately, Long Wu snorted. "Humph, just a cook..."

However, what she said next stunned all the female Venerables. She said, "The Devil Girl Pirates will confiscate your ship. All of you, board the Dragon Dance. You know how to cook? Fine, you will have plenty of chances to cook."

nt

Han Fei's face changed greatly. "Hey! What do you mean? I, Han Fei, the King of Cookery... You want me to cook for you every day? You..."

Seeing that Long Wu was glaring at him fiercely, Han Fei snorted. "Fine! I can go to your ship temporarily and let you have a taste of ultimate delicacies. However, it's impossible for me to stay on your ship forever..."

**Chapter 1694 Thanks to Little Time**

The old turtle was speechless.

If it were possible, he really didn't want to know Han Fei! This guy had been acting from the beginning to the end. His acting skills were so exaggerated, but people were still tricked by him!

After all, he could really make delicious food.

Xiao Se, on the other hand, was speechless. This didn't feel right!

Although Han Fei was very naughty the first time he saw him, he felt that Han Fei now... Would he really not lead Little Time astray?

Nian'er looked at Han Fei, the hot pot, and the ships. "Brother, were we caught?"

The girls raised their brows. No, we just invite you to cook... You guys, including three men, can cook in the Devil Girl Pirates' ships... This honor is unique.

Han Fei looked at Nian'er solemnly and said, "Nian'er, we're not caught. It's just that these sisters are attracted by the delicious food I made. They really want us to stay on their ships, cook for them now and then, and let them taste the true flavor of food. However, women are women. They always say things they don't mean. But I'm a helpful brother..."

Long Wu turned around. "Shut up or I'll stitch your mouth."

The Dragon Dance and the Pearl had arrived, and Han Fei's boat was confiscated.

Under the fierce stare of the female Venerables, Han Fei had no choice but to take Nian'er and the others to the Dragon Dance.

Nian'er said to him secretly, "Brother, poor sisters snatched our hot pot." Immediately, the female Venerables who were guarding Han Fei and the others blushed. We didn't snatch your hot pot, OK? We just confiscated it...

In Han Fei's heart, the old turtle said, "Are you going to stay on their ships forever?"

Han Fei said, "I think they must be up to something about the Wild Abyss. Otherwise, why would two generals appear here?"

"It's up to you."

The Dragon Dance was of a higher level than the one Han Fei seized.

Although the ship wasn't big, the materials used to build the hull were advanced. For example, the Dragon Dance was made of Venerable Bones and some other unknown materials!

It seemed that any big ship with a name could be made of good materials.

Of course, the hull wouldn't be too big. After all, the materials consumed were astronomical.

Among the Venerables who were guarding Han Fei and the others, someone said, "Han Fei, right? We made a cabin for you. Besides, you don't need a place to cook, right? Just cook on the deck. Let others go to the cabin. Take the little girl to meet our two captains."

Han Fei didn't panic. He said to Old Yuan, "Go to the cabin! I'll be back soon."

Holding Nian'er's hand, Han Fei wanted to see what the two captains were up to.

A moment later, Han Fei crossed the Dragon Dance and came to the deck of the Pearl.

At this moment, there were only two people on the deck who were Long Wu and a brawny woman who was wearing a gray and pale yellow battle suit. They looked sassy and valiant. Their oval faces didn't look fierce, but Han Fei could see brutality in their eyes!

Seeing the two of them, Nian'er said in a low voice, "Brother, the two sisters look so fierce."

What Nian'er said made Zhenzhu and Long Wu look at each other. Do we look fierce? We're smiling, OK?

As the saying went, a child's words carried no harm. The two Half-Kings certainly wouldn't argue with a little girl. Han Fei said, "Nian'er, I have something to talk to the sisters. I'll give you a toy. You can play with it."

Then, Han Fei threw a third-order Cube to Nian'er.

The Cube might not be able to fool others, but it was enough to fool Nian'er.

After all, Nian'er had lived in the time gap of the Abyssal Chasm alone for tens of thousands of years.

Although not everyone liked the Cube, it was better than nothing, right? Pa! Pa! Pa!

As Nian'er spun the Cube, Han Fei looked at the two of them and asked, "May I help you? Why did you ask me to bring the child over?"

Zhenzhu said, "Your name is Han Fei, right? This is Pearl. Now that you know that it's a ship of the Devil Girl Pirates, don't act like you're in your own home... I can keep you, and I can kill you too."

"Huh?"

Nian'er suddenly raised her head and frowned. "Brother..."

Han Fei smiled. "Nian'er, don't worry. The sister is just kidding."

Han Fei stomped and created a soundproof array between them and Nian'er, which surprised Zhenzhu and Long Wu.

Long Wu asked, "Are you a spirit gatherer?"

Han Fei said casually, "Sure, I need arrays to cook, OK? How can I cook if I don't know any arrays?"

Zhenzhu and Long Wu looked at each other. A cook needs to know arrays? Did I hear him right?

Han Fei said, "Just say away! I don't think the Devil Girl Pirates are that unreasonable. You can take my ship, but I don't have anything else. If you want my Sun-moon Shell, I can give it to you too."

Zhenzhu didn't care about the Sun-Moon Shell at all. She said coldly, "Speaking of your ship, it's clearly a Predators' ship. Although its appearance has been changed, the core of the ship is still there. What do you have to say?"

Han Fei shrugged. "Believe it or not, I made them a meal and they gave it to me."

Zhenzhu and Long Wu certainly wouldn't believe his crap. A meal for such a good ship? How could it be possible? Zhenzhu said again, "Do you really think you can survive by cooking?"

Han Fei immediately waved his hand and said, "Okay! You won... I snatched the ship. Otherwise, why would I appear on it?"

Long Wu shouted, "How could you snatch it? How could the three of you break the ship array?"

Han Fei thought to himself, So that's what you wanted to ask?

However, Han Fei chuckled. "That's not difficult at all. I let them catch me and then take away the ship. Don't you understand such a simple trick?"

Hearing Han Fei's words, Long Wu and Zhenzhu immediately confirmed the feasibility of this method.

After all, there was also an advanced Venerable on Han Fei's side. If they purposely let people catch them, it was indeed possible to snatch the ship without touching the ship array. So, Zhenzhu continued, "Okay, you're quite honest. But how do you explain the turtle demon? You're a spirit gatherer and a real human being. Why are you with a turtle demon? And why does the turtle demon take orders from you?"

Han Fei said with a smile, "I thought you wanted to ask... why people and sea demons are together. Let me put it this way, Old Yuan is my servant, and Old Yuan's original body is not a sea demon. To be precise, Old Yuan is a giant beast."

"Is he from the giant beast race?"

Long Wu frowned but didn't say anything. She was a little surprised. This was the first time she had heard of a giant beast turning into a human.

Long Wu asked, "Then why are you here?"

Han Fei grinned and said, "That's even simpler. We're here for Dao Querying Fish. Dao Querying Fish is one of the most delicious foods in the world. Nian'er wants to eat a Dao Querying Fish to nourish her body and transcend a tribulation... Isn't it simple?"

Hearing that, Long Wu thought that his words seemed to make sense. Everything seemed fine, but Han Fei seemed a bit unreal to her. She had never met anyone who could cook so well before!

Zhenzhu said, "OK, but this girl is quite talented. How about letting her stay in the Devil Girl Pirates? If you agree, you can take the other two away now."

**C**

Han Fei grinned, looked back at Nian'er, and Nian'er looked back at Han Fei curiously.

Han Fei looked back at Zhenzhu and smiled. "No."

Long Wu's face turned cold and she shouted, "Say that again?" Han Fei still smiled. "No."

A suppressing pressure from Long Wu descended on Han Fei immediately. The smile on Han Fei's face turned cold, and a terrifying murderous look appeared in his eyes.

Han Fei had even slaughtered a king and countless Venerables... He could easily kill a Half-King!

He got on the ships of the Devil Girl Pirates just to get some information. Otherwise, he would have killed these people long ago.

Sure enough, when Han Fei raised his head, Zhenzhu was slightly moved.

She said, "OK, stop it, Long Wu. The Devil Girl Pirates are the most reasonable of the ten pirate groups. It's your luck to meet us. Take this girl back!"

Han Fei immediately restored his smile. "By the way, may I ask, why are the two great generals of the Devil Girl Pirates appearing outside the Raging Sea?"

Zhenzhu glanced at Han Fei casually. "This has nothing to do with you. You'd better not pry into things you shouldn't. I'm only keeping you for the sake of this girl. Otherwise, humph..."

### **Chapter 1695 Conquer Women With Delicious Food**

Han Fei couldn't help but secretly smile. So he could get on this boat because of Nian'er?

However, it didn't matter.

After all, he was new here. It wasn't enough for him to understand this world through a person's memories. For example, the Devil Girl Pirates weren't as terrifying as he imagined...

When Han Fei returned to the Dragon Dance with Nian'er, Nian'er couldn't help but ask, "Brother, are we still eating?"

Han Fei smiled. "Yes! Let's go cook."

Han Fei didn't panic at all. It seemed that the Dragon Dance and the Pearl didn't intend to leave this area for the time being. They must have a purpose to stay here.

Although it might be a waste of time to stay here, it couldn't be a small matter since they took this matter so seriously.

Han Fei knew very well that this might involve some secrets of the Wild Abyss. Since it involved the Wild Abyss, it might be related to Yin-Yang World and Water-Wood World.

Therefore, Han Fei certainly wouldn't leave

now.

There weren't many people in the Dragon Dance, a total of 48. Among them, 32 were Half-Venerables, but none were below the Half-Venerable realm. It could be seen that the people on the Dragon Dance and Pearl were all elites.

Also, according to the situation when Han Fei first met them, these people were exploring the Wild Abyss while training soldiers.

The Dark Moon Wolf Fish was very beneficial to these people, especially the Half-Venerables. If they had dozens or even hundreds of Dark Moon Wolf Fish, they might be able to directly make a breakthrough and become Venerables.

At this moment, Han Fei was sitting on the deck with Nian'er and casually took out a big pot.

A Dark Moon Wolf Fish was pulled out by Han Fei.

The big fish was thrown into the air, and as Han Fei snapped his fingers, knife Qi swept across.

The Infinity Water cut through the Dark Moon Wolf Fish in an instant. In an instant, tens of thousands of thin slices of fish floated in the air, glittering and translucent.

The remaining fish heads, fish bones, fish skin, and internal organs were wrapped in a mass of water. At this moment, Han Fei flicked his finger and threw all of them into the sea.

“Hiss ~”

A woman said, “Hey! The bones of the Dark Moon Wolf Fish are great refining materials. Why did you throw them away?”

The one who spoke was a woman in the Half-Venerable realm, frowning.

She meant that since Han Fei was caught by them, he should know that he and the things on him were all theirs.

However, Han Fei raised his head and smiled. “What’s the use of the useless things? How can a member of the Dragon Dance be interested in such garbage?”

“You...”

Long Wu and Zhenzhu had seen it.

Long Wu said, “Zhenzhu, this person is too infuriating. He was captured by us, but he didn’t seem to be worried at all. Is he really not afraid that we will kill him?”

Zhenzhu said indifferently, “People are not afraid because they have confidence. Although this person said that he only knows how to cook, did you see his knife technique just now? In an instant, thousands of knives swept across and cut every piece of fish into the exact same size, and he acted as if he only did something trivial. It can be seen how exquisite his control of the knives is.”

Long Wu frowned. “I don’t think it’s a big deal... After all, he’s a Venerable. Besides, Xiaofan said that this person can jump levels to fight.” Zhenzhu shook her head slightly. “No, a person’s temperament doesn’t lie. This person controlled the knives so casually as if it was nothing more than a trivial matter. Also, when he talked to you and me, his tone and attitude showed that he was not afraid at all. Just now, when I said I wanted the girl, his momentum frightened me. This kind of momentum is not something a small family can nurture.”

Long Wu asked in surprise, “You mean... he’s a peerless Heavenly Talent of a powerful family in the Thirty-Six Mystic Worlds?”

Zhenzhu nodded slightly. "Yes! This person is either a hidden peerless genius of a certain family in the thirteen worlds of the outer domain, or a peerless heavenly talent of a certain family in the thirteen worlds of the inner domain. Do you really think it's so easy to snatch the Predators' ship?"

Long Wu's face changed slightly. "Then why did you ask me via voice transmission to keep them here just now?"

Zhenzhu smiled. "I don't believe they're here just to hunt the Dao Querying Fish. What if they're here for the same purpose as us? Or even... Forget it..."

Zhenzhu hesitated and didn't continue, because it was just her own guess.

Long Wu didn't notice the changes in Zhenzhu, but her face turned cold. "Are they also coveting the Wild Abyss?"

"It's hard to say! However, which world can use the knife best among the thirty-six worlds?"

Long Wu said, "It's hard to say. There are knife cultivators in every world. The people of the Sword God World are good with swords, but so are with knives."

Zhenzhu nodded slightly. "That's true. Let's observe him for a few more days. This person likes to cook, right? Let him cook. Let's see what he's capable of."

On the deck, Han Fei moved and ignited the spiritual fire, making the pot hot.

At this moment, Han Fei grabbed a large mass of water from the void. As the water entered the pot, it sizzled and emitted smoke.

A spoonful of fish oil was poured into the pot, covering the surface of the water. Han Fei pinched his fingers, and an array seal appeared. Fish slices that seemed to have wings flew in the sky, lined up, entered the pot from the left side, and then left the pot from the right.

When the fish slices were out of the pot, they glittered with golden light. This was the shiny effect of the fish oil, but everyone on the boat was dumbfounded. Many people on the Dragon Dance looked over. So, can fish be cooked like this?

Even on Pearl, a group of people were observing with their perception.

Nian'er, who was closest to Han Fei, swallowed and clapped her hands. "Brother, it looks so beautiful. Can I eat it now?"

Han Fei smiled. "Eat? Nian'er, good things come out last. Don't rush, OK?"

"OK!"

However, Nian'er's eyes were all on the fish slices.

Han Fei knew that this girl didn't remember anything

Han Fei didn't care. He sprinkled the water in the pot into the sea and then steamed it dry.

The fish oil was poured into the pot, and the fragrance of garlic, peppers, and ginger filled the Dragon Dance.

“Hiss!”

Gulp!

“Oh my god, what is that?”

In the Dragon Dance, people were talking to each other in amazement.

Someone sighed. “Making a meal is like practicing an unparalleled technique. How can it be so smooth? Is this person really the king of cookery?”

“Bah! He called himself the king of cookery... Gulp...”

At this moment, Han Fei put the fish slices into the pot again.

“Chi la “

The sound rang again, and Han Fei said, “Nian’er, the fish meat is fresh and tender. With a layer of oil, it will be more resilient. It won’t break easily in the fire.”

Buzz!

After Han Fei said that, he tossed the pot, and a pillar of fire rose to the sky.

In the flames, golden light flickered.

Han Fei’s lips curled, and a spirit gathering array appeared in the void. When tremendous spiritual energy quickly gathered into the fish slices, this dish was finished.

The onlookers all looked at each other in bewilderment. Does cooking require Spirit Concentration Art now? This is simply a visual feast.

Even Long Wu and Zhenzhu couldn’t help but look at each other. Was their guess wrong? Was this guy really the king of cookery?

Han Fei grabbed at the void and used clear water as plates. In an instant, hundreds of water plates floated in the air. 88 pieces of fish fell from each plate.

With the plates as the center line, the fish meat was like a half-rolled lotus petal, directly landing in front of the people who were watching

Of course, he and Nian’er both had one serving, and the old turtle and Xiao Se had come to the deck too. They certainly couldn’t miss the delicious meal!

At this moment, Han Fei said leisurely, “Since I’ve been on your boat and seen that you haven’t eaten a single decent dish in your life... I really can’t bear it. This Million Fish Slices was made casually. Although its taste is average, it’s a thousand times or ten thousand times more delicious than your daily diet... Heh, no need to thank me. By the way, finish it in a hundred seconds. Otherwise, the taste will be greatly reduced when it’s cold. Then it won’t be because I’m not good at cooking, but because you don’t know how to enjoy it.”

Han Fei spoke arrogantly, despising these people’s daily diet.

Long Wu really wanted to teach this guy a lesson. However, she was the one who got him in the ship, so she said with a black face, "Eat it! It's not poisonous ~"

Women were always reserved.

Although she really wanted to eat it, she just picked up a piece of fish and put it in her mouth.

"Hiss ~"

"No."

"Is... Is this still a fish?"

"I didn't know that the Dark Moon Wolf Fish could be so delicious!"

Someone exclaimed, "How much Dark Moon Wolf Fish did we waste?"

Someone was shocked. "Is this the so-called Great Dao of cooking?"

These women were eating faster and faster. No one stopped eating the fish meat. They didn't come back to themselves until the plate in front of them was empty and the water vapor evaporated. At this moment, the women on the Dragon Dance and Pearl looked at Han Fei in a different way.

Earlier, they hated this man, but now they didn't seem to hate him so much...

Someone asked, "Hey! Are you going to cook some more?" Han Fei smiled. "First of all, my name is not 'Hey'. I, Han Fei, am the king of cookery. You can call me Han Fei or the king of cookery. Besides, delicious food needs taste. Eating a lot of things in a row is called gluttony. If you still want to eat the food I make, wait till tomorrow!"

With that, Han Fei took out two bags of crisps and shared them with Nian'er.

Someone said, "Didn't you say that people can't eat continuously?"

Han Fei's lips curled. "It's very simple. What you eat is not delicious for me."

The girls: "..."

### **Chapter 1696 Dao Querying Fish**

Even if he was a captive, he should be a high-level one. Otherwise, if he was as timid and scared as most captives... no one would take him seriously.

One morning seven days later.

Han Fei was fishing lazily on the deck with a fishing pole.

Old Yuan and Xiao Se stood behind him like two guards.

Nian'er sat next to Han Fei, eating crisps and playing with the Cube.

"You won't be able to catch any fish this way. This is the Wild Abyss. Few creatures can survive here, and the Dark Moon Wolf Fish are few in number. They would've run away by the time you detected them. The success rate of fishing is almost zero..."

It was the first woman who Han Fei met here. At that time, two Half-Venerables called her Sister Fan.

Without looking back, Han Fei said casually, "In this world, there is no fish that can't be fished, but only people who don't know how to fish. Hey, girl, what's your name?"

Jiang Fan was almost a peak-level Half-Venerable.

But Han Fei spoke to her as if he were talking to a subordinate.

However, the old turtle and Xiao Se were both stronger than Han Fei.

However, the two of them were protecting Han Fei like his guards.

Jiang Fan thought to herself, This person must be a Heavenly Talent from a powerful family... Otherwise, why would he have two Venerables guarding him?

The Raging Sea was definitely not small.

Although there were many Venerables in each of the Thirty-Six Mystic Worlds, there weren't many who could reach Han Fei's level.

Jiang Fan was thinking, Should I tell Sister Wu... to take him down and exchange him for money?

Clatter ~

Han Fei didn't care about Jiang Fan's response. He simply raised his hand and retracted his fishing rod.

In the next moment, the void vibrated, and a big black fish broke out of the void. It was a Dark Moon Wolf Fish.

"Pfft!"

With a flick of Han Fei's finger, the Dark Moon Wolf Fish had no time to attack Han Fei before Han Fei cut its head apart.

Slap!

When the Dark Moon Wolf Fish landed on the deck, Little Time rushed up excitedly, pressed her little hand on the huge fish, and tried to take out the Dark Moon Pearl on the fish's head.

Han Fei smiled and said, "Nian'er, use your strength to oscillate."

"OK..."

Nian'er grabbed the fish head and began to shake her hands.

The power of the Time Dragon Carp couldn't be underestimated. However, Nian'er wasn't good at using it yet. In order to use the time technique as little as possible, Han Fei had been teaching her some simple techniques. Han Fei asked, "Nian'er, do you want to eat something delicious?"

Thinking of the taste of hot pot, Nian'er immediately nodded. "Yes!"

Han Fei said, "Then hammer the Dark Moon Wolf Fish for half an hour except for its head."

"Okay!"

Bang! Although Nian'er was only a few years old, the power of a peak-level law enforcer couldn't be underestimated. Han Fei drew an array on the side, covering the power that permeated the hull.

The others all looked at Han Fei in surprise. How did Han Fei find the Dark Moon Wolf Fish in the Wild Abyss where perception didn't work well?

Long Wu's heart stirred. To fish in the Wild Abyss, what mattered was to control the spiritual threads with the power of the soul. After all, the suction force from the Wild Abyss was very powerful. The slightest carelessness would result in failure.

However, judging from the situation just now, Han Fei's fishing range was more than 3,000 kilometers.

In other words, Han Fei's soul power on the fishing line was extremely precise, allowing him to use the fishing hook to explore the surroundings. In the wild abyss, even she and Zhenzhu might not be able to fish three thousand kilometers away. It was fine for them to perceive such a distance... but fishing in such a large area was impossible.

It could be seen that Han Fei's strength was definitely not as simple as the junior Venerable realm.

However, in the next moment, something shocking happened. Han Fei waved his hand and hung the hook with the Chaotic Qi as bait.

At that moment, Long Wu felt terrible. Use Chaotic Qi as bait? Is this guy crazy? How many wisps of Chaotic Qi can a junior Venerable have? If you use Chaotic Qi for fishing, what will you use to save your life?

Buzz!

Long Wu was about to ask when Zhenzhu stepped to her side.

Zhenzhu shook her head slightly. "As long as you control the power of the soul well, it's entirely possible to take back the Chaotic Qi. As the saying goes, the skilled are bold. He is not a fool!"

In fact, neither Zhenzhu nor Long Wu knew that Han Fei's fishing range had reached more than 6,000 kilometers.

Some creatures would only appear far away from the ships.

Originally, Han Fei was only fishing for the Dark Moon Wolf Fish to acquire the soul power, because his soul power was only less than 5,000 points away from the 200,000 threshold.

Logically speaking, Han Fei hadn't reached the limit of the Half-King realm yet.

At this time, it should be difficult for his soul power to break through the 200,000-point limit, but Han Fei wanted to give it a try.

An hour later.

Han Fei accidentally found a white shadow in the sea that quietly came.

"Hiss!"

All of a sudden, Han Fei's heart skipped a beat. He didn't use the Nine Palace Luck Ruler when he was fishing today. Did his luck change? He knew what the white shadow was. It was a Dao Querying Fish.

When he was on the Ten Thousand Beast Island, Han Fei had eaten a Dao Querying Fish. Although he only ate a little bit, he knew that this fish was extremely difficult to catch. Besides, he didn't have any epiphany last time. It didn't make sense that pure Chaos Qi appeared in this sea. No creatures who could cultivate to this level were fools.

Therefore, 6,000 kilometers away, Han Fei had been pretending to be a big clam with Chaotic Qi as bait.

This clam was a Half-Venerable, but its breath was unstable, and it was crawling out against the turbulence.

With Han Fei's current abilities and the usage of the Water Vein Technique, he had planned to lure Dark Moon Wolf Fish, but he didn't expect to attract a Dao Querying Fish.

The Dao Querying Fish was carefully probing and observing from a distance. Its half-hidden body looked a bit like when Han Fei learned the concealment technique.

It was obviously... hunting.

Controlling the big clam, Han Fei suddenly became vigilant. As if sensing something wrong, the big clam quickly turned into a stone and stayed at the bottom of the sea.

Seeing that the clam was so smart, the Dao Querying Fish waited patiently.

After about fifteen minutes, Han Fei controlled the big clam to move tentatively.

The Dao Querying Fish seemed to be a little suspicious. How could a creature at this level so stupid? Why did it move so quickly since it had sensed the danger?

Therefore, the Dao Querying Fish hesitated.

Han Fei seemed to expect something. He controlled the big clam to hum and instantly broke through the void, appearing 500 kilometers away. The Dao Querying Fish was stunned. What a fast escape speed! It turned out that this big clam was vigilant and deliberately revealed a flaw so that it could escape quickly.

However, what kind of a creature was the Dao Querying Fish? It was born with a great power of Great Dao... It could perceive wherever the power of the Great Dao exceeded the limit. Just now, when the big clam ran, its Dao runes were revealed.

Therefore, a moment later, when the fish approached the big clam again, it became more careful.

This time, when the fish was less than ten kilometers away from the clam, the clam was about to escape, but the fish suddenly attacked at a terrifying speed.

A white light flashed and the fish caught the big clam.

However, the moment the white light flashed, the big clam instantly turned into a net.

Han Fei grabbed the Dao Querying Fish with the power of his soul and pulled the hook back.

In an instant, the void trembled, and a white light appeared in the sky.

Buzz!

The moment the Dao Querying Fish appeared, Han Fei suddenly threw the Void Lines at its body and activated the Sky Stealing Technique.

Everybody on the Dragon Dance exclaimed.

Someone was shocked. "It's a Dao Querying Fish... That guy caught a Dao Querying Fish?" Someone gasped. "Since when can a Dao Querying Fish be fished?"

Long Wu was also shocked. "Zhenzhu, how did he catch it?"

Zhenzhu smiled bitterly. "We can't perceive his fishing range at all. This person is very strange. He caught a Dao Querying Fish on the Dragon Dance without being afraid of us snatching it." Long Wu frowned. "Should we snatch it?"

Zhenzhu shook her head. "This person is strange and his identity is unknown yet. Have you ever seen someone take a child traveling out? He has two Venerables as his guards, from which you can tell that he is not an ordinary person. It's not worth falling out with him over a Dao Querying Fish. Let's wait and see."

"Then why did you keep him?"

"Maybe he knows something that we don't?"

At this moment, information popped up in Han Fei's eyes.

< Name > Dao Querying Fish

< Introduction > A legendary creature that often travels in dangerous places. This fish is born with the power of Great Dao. It devours spiritual energy and energy and can disassemble the power of the Great Dao in them. Therefore, the Chaotic Qi contained in its body is more than several times that of ordinary people. This fish is good at hiding and is extremely difficult to catch. It likes places with rich Great Dao power.

< Level > 81

< Quality > Legend

< Great Dao > Sky Fusing

< Chaotic Qi Contained > 12 wisps

< Edible Effect > It can increase perception and strengthen the Dao heart. Eating it, you'll have a certain chance of having an epiphany.

< Collectible > Dao Querying Heart

< Absorbable >

< Note > If Dao Querying Heart is eaten too frequently, it will lose its effect.

"Dao Querying Heart?" "Chi la ~"

Han Fei drew his knife.

A thin hole appeared on the body of the Dao Querying Fish, and a fish heart appeared in Han Fei's hand.

Han Fei secretly activated the Dao Querying Heart. "Calabash, absorb it..."

### **Chapter 1697 The Predators Came**

The most useful thing about the Dao Querying Heart was its Dao Querying Heart.

Han Fei didn't care about the remaining parts of the fish.

While stealing the soul power and vitality of the Dao Querying Fish with the Sky Stealing Technique, Han Fei absorbed the Chaotic Qi in the fish with the Demon Purification Pot.

The Dao Querying Fish was disassembled into a few parts and wholly absorbed by Han Fei.

Han Fei planned to leave the fish meat to make fresh mushrooms and fish.

Of course, no one present could see what Han Fei was doing. In their eyes, Han Fei only caught the Dao Querying Fish and took back the Dao Querying Heart.

At that moment, many people turned their eyes to Long Wu and Zhenzhu, as if asking should we snatch the Dao Querying Heart.

But Han Fei didn't care.

If they really dared to rob him, he would beat them to death. There was no such thing that he didn't beat women. In the world of cultivators, there was no difference between men and women, but only difference between the strong and the weak.

However, Long Wu and Zhenzhu didn't say anything, and Han Fei had already put away the Dao Querying Heart.

Clang ~

Seeing that no one was looking for trouble with him, Han Fei took out his big pot and said, "I'll only cook one dish a day, and you can only have a taste. You want to eat your fill? That's impossible."

"Humph ~"

Someone was lost for words and mumbled, "Why are you so cocky? You're just a cook."

Someone shook his head. "But he is a special cook! He took the Dao Querying Heart, but the two captains didn't say anything."

But secretly...

Long Wu was so angry that she couldn't help but ask, "Zhenzhu, what do you like about them?"

Zhenzhu said casually, "Long Wu, as you know, we must take everything that concerns the Wild Abyss seriously. I don't believe that someone came to the Wild Abyss just for food and drink... This person is suspicious."

SU

Long Wu couldn't help but say, "There are many suspicious people. They even snatched the Predators' ship. They must be trying to steal our exploration result of the Wild Abyss."

After a moment of silence, Zhenzhu said leisurely, "At least, there's something wrong with their combination. Among the three humans, one is a child who is only a few years old but has reached the peak of the Law Enforcer realm, and the other is a turtle demon. Have you ever heard of a giant beast transforming into a human?"

Long Wu shook her head. "Never! But someone has guessed that, right?"

Zhenzhu looked at Long Wu. "Do you remember our purpose of coming to the Wild Abyss?" "Hiss"

Long Wu took a deep breath and looked at Zhenzhu in surprise. "Do you think... they came out from inside?"

In the place where they were talking, a pure black shadow moved slightly. If this wasn't Han Fei's black fog body, what was it?

A strange light flickered in the eyes of Han Fei who was dissecting the Dao Querying Fish. He thought to himself: How did they know that someone would come out of the Wild Abyss?

Zhenzhu and Long Wu believed themselves to be Half-King experts, and not ordinary ones.

Therefore, they didn't take Han Fei and the others seriously, nor did they think that Han Fei could hear them. Therefore, the two of them chatted casually.

Zhenzhu said, "At least, in the past ten thousand years, the wild abyss has had the greatest uproar this time. Not just us, many people have come from the thirteen worlds in the outer domain, including the Predators. But we met these people... Perhaps they were Heavenly Talents from a certain world... But no matter what their purpose is, they are not simple. Therefore, we can just keep them here and let them make food if they want to. Let the Guardian go back and investigate them. If they are from the outer domain, do you think someone will come to rescue them?"

Long Wu's eyes lit up. "So, if we can't find any information about them, and no one comes to save them, it means that they are very likely... related to the Wild Abyss?"

Zhenzhu nodded. "We can't be sure. Let Miss Black Phoenix do it!"

"Huh?"

Long Wu was dumbfounded. "Do we have to trouble Lord Demoness for this trivial matter?"

Zhenzhu couldn't help but look at Long Wu. "You think this is a trivial matter?"

Long Wu smiled awkwardly. "Okay! I'll do it now!"

Han Fei was a little confused. From their conversation, Zhenzhu suspected that he came from the Wild Abyss?

Why?

How could they associate them with the Wild Abyss?

Besides, just for this little bit of suspicion, Zhenzhu was going to investigate him in the thirteen worlds in the outer domain? And she would even call the Black Phoenix Demoness over? Was she out of her mind?

However, from their conversation, Han Fei discovered, to his surprise, that the Devil Girl Pirates were very concerned about the Wild Abyss.

It was obvious that the purpose of the Devil Girl Pirates that Zhenzhu and Long Wu talked about was related to whether or not someone came out of the Wild Abyss...

From this point, Han Fei could be sure. First of all, the Devil Girl Pirates were very sure that there were people in the Wild Abyss.

Secondly, the Devil Girl Pirates kept an eye on everything that happened in the wild abyss.

Just now, they mentioned that the wild abyss was in quite a stir.

Now, Han Fei suspected that the so-called noise was probably the energy that Old Yuan helped him suppress. With his current physique, he was almost blown up by the energy.

When he found this slightly safer exit from the dangerous junction, there was indeed a terrifying force that instantly pulled him out.

Logically speaking, with his current strength, it was almost impossible for a Half-King like him to withstand that energy. He just withstood it by accident.

Long Wu asked one of the three ships to turn around and go back.

Han Fei thought to himself, I've just come here, and you're already investigating me? Then how can I show up in the thirteen worlds in the outer domain!

At that time, if there was really a problem with him, the D wouldn't be able to catch him... But what if the other pirate teams and the people from the thirteen worlds in the outer domain knew that he came out of the Wild Abyss?

At that time, he would definitely become the target of everyone.

Especially when he had a kid with him. With such obvious features, he would definitely be in trouble.

Therefore, the Guardian couldn't leave!

Han Fei couldn't wait anymore.

No matter what the Devil Girl Pirates' purpose was, they had been paying attention to the Wild Abyss... He had to keep his identity a secret.

The locations of Yin-Yang World and Water-Wood World couldn't be revealed.

Otherwise, with the current strength of Yin-Yang World and Water-Wood World, it was impossible for them to resist any force here. Even if only one pirate team went over, they would be in big trouble.

The ten major pirate groups here all had kings. Even the 10th place, the Devil Girl Pirates, had four strong Half-Kings and countless Venerables... let alone other forces.

Buzz!

Han Fei suddenly got up, glanced at Old Yuan and Xiao Se, and said, "Get ready. I'm going to send you into the Sea Quelling Painting. We don't need to stay in the Devil Girl Pirates anymore. These women are doomed."

However, just as the Guardian was about to leave, and Han Fei was about to attack.

Suddenly, Han Fei looked at the distant void, only to see a large area of void shattering.

Swish! Swish! Swish!

Five black shark boats broke out of the void in a row.

They were like making a space jump. Those who didn't know it would think they were spaceships!

What stunned Han Fei was, how did these people locate him? Why did they suddenly appear without any warning?

It must be noted that even Half-Kings' perception couldn't go very far away here... How did these ships know that the Pearl and the Dragon Dance were here?

"Hahaha!"

"Long Wu, Wang Zhenzhu... I didn't expect to meet you here. Phew, Black Phoenix is not here. What a coincidence..."

The moment the black ships appeared, Zhenzhu and Long Wu shouted, "Activate the ship array and prepare to defend the enemy."

As they talked, Zhenzhu's figure appeared on the top of the mast, and her battle suit instantly crystallized into a dazzling pearl battle suit.

In her hand, she grabbed dozens of threads. The three big ships were led by the threads and the ship arrays were fully opened.

Long Wu drew her saber and shouted, "Phoenix King Cannons, get ready..."

As a bystander, Han Fei saw that the pirates were all tense, but no one panicked. From Jiang Fan's eyes, Han Fei could tell that she was determined to fight to the end. It was as if their combat power had instantly soared to 120%.

On the other side of the hull, a middle-aged man with a fierce look on his face and his coat unbuttoned held two black spikes in his hand and let out a cold laugh.

Han Fei immediately recognized this guy. This guy is Mad Fourth King!

Han Fei and the old turtle looked at each other. What kind of f\*cking luck did he have? As soon as they came out of the Wild Abyss, all they met were boss-level monsters... It was said that the pirate kings

wouldn't come out easily. Why was Mad Fourth King here? It seemed that the matter about the wild abyss this time might be beyond Han Fei's imagination!

According to what Zhenzhu said just now, there were also some people from the thirteen worlds in the outer domain here.

The old turtle said, "You should be able to run away, right?"

Han Fei shrugged. "It shouldn't be a big problem."

### **Chapter 1698 Grand Yin Academy**

The result of the Devil Girl Pirates would definitely not be good.

After all, the other party had a king, while you only had two Half-Kings. No matter how powerful the two Half-Kings were, they couldn't be compared to a king.

Now they could only rely on the array of ships to withstand the attacks of the Predators.

Long Wu roared, "Prepare to teleport!" "Hahaha!"

On the five ships of the Mad Fourth King's side, waves of laughter rang.

Mad Fourth King laughed. "Long Wu, I'm here in person. Do you think you can run away? Just try to teleport. I won't stop you..."

At this moment, Zhenzhu shouted, "Don't bother with this lunatic's nonsense... It can't be so quiet if a king comes out. Prepare for Void Teleportation... Besides, if we can persist until Lord Demoness arrives, we'll be saved."

Mad Fourth King rushed out and stood in the void. "Wang Zhenzhu, maybe the Pearl and the Dragon Dance can hold on for a while. However, the Guardian is not a general-level main ship. It can't withstand my hammer strikes. Even if I don't attack, the Predators' Fish King Cannon is not something they can withstand."

Zhenzhu and Long Wu were shocked.

Mad Fourth King was right. Their two ships could indeed resist the king for a while. However, the Guardian wouldn't be able to hold on for more than ten minutes.

Mad Fourth King said, "Wang Zhenzhu, I don't have a deep grudge with the Black Phoenix. As long as you tell me what your team is looking for... maybe I'll let you go."

Zhenzhu said coldly, "What if I don't?"

Mad Fourth King laughed. "You choose not to tell me. But do you think you can wait for the Black Phoenix to come? Well, since I've taken action, how can I give the Black Phoenix a chance? Even if the Black Phoenix is here, do you think she dares to challenge me? I'll give you ten seconds. If you don't agree, I'll destroy the Guardian first. As for the Pearl and the Dragon Dance, they will be mine... Hahaha..." Mad Fourth King laughed hard, seeming to be happy to meet the Dragon Dance and Pearl. Han Fei was lost for words. Were the kings of the Thirty-Six Mystic Worlds so cheap? He remembered

seeing Mad Fourth King appear around the Martial Emperor City from the memories of the advanced Venerable he controlled. The Martial Emperor City seemed quite far away from here.

Just as Mad Fourth King was laughing hard, someone seemed to say something to him.

He glanced at Han Fei.

The Mad Fourth King said, "Oh! Brat, you're bold enough to snatch the Predators' ship and kill my people? Who gave you the courage?"

Hearing that, the people in the Dragon Dance and Pearl all looked at Han Fei.

Han Fei didn't know what to say. He didn't expect to meet Mad Fourth King so soon. He just wanted to find a person. Why did such a simple trip become so complicated?

Han Fei shrugged and said, "Your subordinates attacked us first. If I had known it, I would've killed all the people on that ship! A big mistake."

What Han Fei said was true.

Han Fei didn't think that the death of an advanced Venerable would attract the Mad Fourth King over. Besides, it had been months since he snatched the ship... If he hadn't accidentally boarded the Dragon Dance, this wouldn't have happened.

It could only be said that something unexpected might happen any time..

Anything was possible in this world.

In the future, he had to be more ruthless. Otherwise, others would think he was a saint...

The corners of Mad Fourth King's mouth twitched. "Brat, you're truly bold. But today will be the day you die."

Han Fei, on the other hand, looked at Long Wu and Zhenzhu, and then at Mad Fourth King. "But you'll have to take down the Dragon Dance first!"

Long Wu roared, "Han Fei, shut up."

Han Fei shrugged. Will they spare me if I shut up? What a joke.

The flesh on Mad Fourth King's face shivered and he said solemnly, "Wang Zhenzhu, if you tell me the purpose of the Devil Girl Pirates and hand this person over, I can let you go. It's up to you... Well, you have three seconds."

Zhenzhu was silent.

She didn't really care whether or not to hand Han Fei over. The problem was that whether she handed him over or not, Mad Fourth King wouldn't let them go.

Let them go? That was just Mad Fourth King' lie. Pearl wasn't stupid.

After three seconds, Mad Fourth King suddenly attacked. The two cones in their hands stabbed out like a rainbow, splitting the seawater vortex.

Clank –

Clank –

With two consecutive stabs, a shield was lit up outside the Guardian and flickered...

Han Fei could tell at a glance that in the face of this terrifying blow of a king, especially one like Mad Fourth King, the Guardian couldn't even last for 50 seconds... or might be broken sooner.

Han Fei had already said to the others via voice transmission, "Nian'er, stay on my side. Let's go to play hide-and-seek with Earth Nine."

Nian'er grabbed Han Fei's sleeve and said, "Brother! Are they bad people?"

Han Fei smiled. "Obviously."

"Brother, are we going to beat the bad guys?" Han Fei smiled and said, "Nian'er, it depends on their strength. If the bad guys are stronger than you, you'll have to wait till you become stronger than them. This is the right way to beat the bad guys."

Nian'er asked, "But won't bad guys do bad things during this time?" Han Fei said, "In every second we experience, someone is doing bad things. However, no one can pay attention to all bad things. Nian'er, remember, wherever there are people, there will be trouble. There are good and bad things. This is the law of nature. It can't be stopped."

"OK!"

Xiao Se was already very nervous. Seeing that Han Fei was still lecturing Nian'er... he couldn't have felt worse.

At this moment, everyone heard Han Fei's sermon.

However, no one paid attention to him.

Mad Fourth King thought to himself, When I capture this person, I'll torture him hard. Zhenzhu and Long Wu, on the other hand, found it strange. How could this man have the time to lecture a kid at such a critical moment? Is he stupid

Bang! Bang! Bang! At the moment when Mad Fourth King attacked the Guardian, the five big ships on the opposite side opened their big fish mouths and fired their Fish King Cannons.

However, they were bombarding the Guardian.

Obviously, Mad Fourth King wanted to take down the Guardian as soon as possible. Then, he could threaten Zhenzhu with the people on the Guardian, which would become a unilateral psychological suppression. Unless Zhenzhu had no feelings for her subordinates, otherwise, she could only surrender to him.

However, Zhenzhu gave an order. "Phoenix King Cannons, intercept them."

Boom Boom Boom ~

Powers that were much more powerful than Half-King strikes collided in the void. The aftermath of the explosion shocked the entire sea area, causing waves to rise to the sky.

“Huh?”

At the moment when the Pearl and the Dragon Dance bombarded each other, Han Fei was surprised. The power of the Phoenix King Cannon was actually a combination of the Pearl and the Dragon Dance.

Among them, the Pearl launched the power of the scorching sun, and the Dragon Dance launched the power of ice and cold. The two powers combined and intertwined in the void, forming ice and fire. Han Fei frowned. “Is it a coincidence, or...”

Mad Fourth King laughed. “Wang Zhenzhu, how many attacks can you launch with the energy reserve of the Pearl and the Dragon Dance? It won’t last more than ten seconds.”

Pearl, on the other hand, said without hesitation, “Sisters, Mad Fourth King are not credible. Either die or concentrate all your strength. Before Master Black Phoenix comes, there is no third way. Now, everyone, take out all your resources and help me.”

The old turtle asked, “Is the power they used similar to the Yin-Yang Wheel of your Yin-Yang World?”

Han Fei secretly said, “Yes, but not exactly the same.”

At this moment, in the ship array, Long Wu asked anxiously, “Zhenzhu, what should we do? Our array won’t be able to hold out for more than two hundred seconds.”

However, Zhenzhu said indifferently, “No! If we can’t hold on, just teleport to the depths of the Wild Abyss!”

Long Wu couldn’t help being shocked. “Are you crazy? The Wild Abyss is so terrifying... It’s said that even kings will die there. Wouldn’t it be suicidal if we teleport there?”

Zhenzhu smiled. “Xiao Wu, how long have you been a member of the Devil Girl Pirates?”

After a brief stun, Long Wu replied quickly, “1206 years.”

Zhenzhu said leisurely, “It’s been more than a thousand years. I should tell you some things. At least, before I die, I’ll let you know why we’ve been exploring the Wild Abyss.”

Long Wu was refreshed and looked at Zhenzhu in shock.

On the deck, Han Fei put on a smile. It seemed that there was indeed a secret!

Zhenzhu said, “Xiao Wu, our Devil Girl Pirates used to be called Grand Yin Academy. We were one of the two strongest academies in the Yin-Yang World, which ranks ninth among the Thirty-Six Mystic Worlds. The Wild Abyss is very likely to be the place where our Yin-Yang World hides.”

Pa!

Before Long Wu could say anything, Han Fei slapped his thigh and muttered, “Damn, awesome...”

## Chapter 1699 The Avenger Reappeared

Han Fei really didn't expect that he would meet people from the Grand Yin Academy the moment he left the Yin-Yang World! Besides, the Grand Yin Academy had now become the Devil Girl Pirates?

Old Ren said that the Grand Yin Academy had disappeared in the war, so there was only the Thug Academy, which was the Pure Sun Dao Palace in the Yin-Yang World, but no Grand Yin Academy.

Now, when Han Fei heard that the Devil Girl Pirates was actually the former Grand Yin Academy... then, everything explained. Why had the Devil Girl Pirates been paying attention to the Wild Abyss? Why had the Devil Girl Pirates sent two generals over when the Wild Abyss was in turmoil?

It turned out that although these people were Devil Girl Pirates, they were originally from the Grand Yin Academy. The Devil Girl Pirates was a pirate team composed entirely of women, and the Grand Yin Academy was an academy composed entirely of women...

"Heh "

Han Fei couldn't have felt worse. He had planned to kill the two women, but they turned out to be his teammates!

However, after cursing, Han Fei didn't intend to reunite with them.

After all, the time was not right.

Outside, the Mad Fourth King was attacking.

If the Black Phoenix Demoness didn't come within a hundred seconds, the three boats would be doomed.

But on second thought, even if he had the time, there was no need for him to tell them who he was.

No matter how low the ranking of the Devil Girl Pirates was, they had a king.

The Black Phoenix Demoness was a king, but what about him? The master of the Yin-Yang World hadn't reached the Sea Establishment realm yet.

Even if the Black Phoenix was willing to hand over the Devil Girl Pirates to him, what could he do with them? Could he control them?

Therefore, Han Fei thought that instead of submitting to him, the Grand Yin Academy might as well exist independently as the Devil Girl Pirates. Although they were eager to find Yin-Yang World, he didn't know why they wanted to find it.

Besides, the existence of the Grand Yin Academy might be a last resort for him.

With this in mind, Han Fei immediately straightened out his thoughts. It wouldn't be nice to reunite with them now.

However, in this situation, Han Fei couldn't run anymore.

They were his people after all.

How could he just let the Predators destroy the Grand Yin Academy?

At this moment, Han Fei couldn't help but shout at Long Wu and Zhenzhu, "Hey! Run! What are you waiting for?"

"Shut up!"

Long Wu glared at him, and Jiang Fan, who was next to Han Fei, scolded, "Don't disturb the captain. If we run now, our route will be destroyed."

Han Fei cursed, "Are you out of your mind? It's just a route. What's the big deal of losing it?"

Long Wu was about to scold him, but Zhenzhu's eyes glittered and she stopped her.

However, Zhenzhu didn't do anything more. Instead, she continued to bombard with the Phoenix King Cannons.

Jiang Fan glared at Han Fei and said via voice transmission, "What do you know? This is our main route. Once our route is exposed, we may be chased by the other party, which will be a crisis for the Devil Girl Pirates.

The corners of Han Fei's mouth twitched. "You're all the f\*ck going to die, and you're still talking about the route?! If you lose the route, you can create one again... but if the two generals and more than 60 Venerables die, it will be a big loss for you!"

However, the others despised what Han Fei said. Someone even shouted, "Men are truly unreliable. They're all cowards."

"That's right. Why don't you escape if you want?"

"F\*ck..."

Han Fei was stunned. What a bunch of blockheads. How do you have the cheek to say that you're from the Grand Yin Academy? The Thug Academy has such an excellent school culture! But look at you guys! Are you stupid? "Hahaha!"

Mad Fourth King laughed. "This kid is right. Wang Zhenzhu, Long Wu, why don't you try escaping? What if you can really make it? Hahaha..."

On the Predators' side, everyone laughed. Someone sneered. "Women are just not decisive enough. If they had run away from the beginning, they might have escaped."

Someone laughed. "That's right. It's just a route. It's not as worthwhile as the Pearl or the Dragon Dance." Someone laughed. "Actually, we won't let you die. As long as you girls obediently return to the Predators' camp with us... hahaha..."

Hearing the laughter, Han Fei couldn't help but exclaim. Sure enough, no matter in what realm, human nature was like this.

On the Devil Girl Pirates' side, at this critical moment, everyone looked awful. How could they be in the mood to refute them?

At this moment, Han Fei took out two bags of crisps, one for Nian'er, and one for himself.

Crunch...

"Nian'er, are you afraid?"

Nian'er shook her head. "No, Brother, are these bad guys?"

Han Fei nodded. "Yes, under normal circumstances, those who speak too much are not very strong. Nian'er, let's keep our mouths shut when we're in combat."

Nian'er nodded. "We just need to beat them."

Han Fei said with a smile, "We can't just beat them. Let's just eradicate them. I spared some people, which led to the consequences."

Xiao Se immediately felt terrible. Little Master is still a baby! Why are you teaching her this?

Nian'er looked at Han Fei curiously. "Should we kill them?"

Han Fei nodded. "This is a world where the strong prey on the weak. If you don't kill, someone will kill you. The reason is so simple! For example, if someone wants to take your Great Dao, you'll have to kill them."

Speaking of this, Han Fei seemed to remember that back then, Ximen Linglan's spiritual heritage was snatched by someone.

Glancing at Long Wu and Zhenzhu, Han Fei continued to educate them, "However, if the enemy is much stronger than you, it's obviously not worthwhile to fight them head-on. At this time, no matter what the price is, we have to run. Don't be afraid of losing face. Those who are afraid of losing face are already dead. A real strong master should have self-knowledge..."

Long Wu immediately shouted, "Han Fei, shut up. Believe it or not, I'll kill you right now!"

Many people of the Devil Girl Pirates were infuriated by Han Fei's mockery.

The Mad Fourth King looked at Han Fei with interest. "Boy, you are interesting. Although you are weak, you can join us after I break the ship array of the Dragon Dance."

Hearing that, many people on the Dragon Dance looked at Han Fei coldly, waiting to see what Han Fei would say.

Crunch ~

However, Han Fei chewed a mouthful of crisps and said, "Nian'er, there is another kind of person in this world. This kind of person is very scheming. He always wants to scheme against you and use you... There is a saying that you must remember. The best way to destroy a group of people, a force, and an organization is to destroy them from the inside..."

Nian'er blinked her big eyes and scratched her hair, seeming not to understand.

Han Fei didn't mind.

At this time, he turned to look at Mad Fourth King with a faint smile on his face, saying disdainfully, "F\*ck, who do you think you are? Join you? Do you deserve it? Son of a b \* tch, if it weren't for the fact that I couldn't beat you yet, I would have gone out and rubbed your head against the seabed..."

Buzz!

At that moment, everyone was dumbfounded.

On the Dragon Dance, the women looked at Han Fei in shock. The ship array might be broken soon! And you're provoking their king? Do you want to be tortured to death?

Long Wu was dumbfounded. "Did he... just scold a king?"

Hollyshit!

Even she, Long Wu, had never dared to scold a king, but Han Fei did it.

Zhenzhu still didn't speak, but her eyes became deeper. Nian'er looked at Han Fei in surprise. "Brother, you just said that we should keep our mouth shut in combat..."

Han Fei smiled and said, "Nian'er, what I teach you doesn't include me. That only works... on others. Remember that."

"OK!"

On the Predators' side, countless people were shocked. Did they hear it right? How dare he insult the Mad Fourth King? Is he crazy?

Immediately, someone cursed, "That b \* stard, I'm gonna cut your tongue!"

Someone shouted, "Brat, how dare you insult the Fourth King? I'll make you regret being born in this world."

Someone laughed creepily. "Little b \* stard, your life is over. I'm going to turn your skull into a wine cup."

Even Mad Fourth King was stunned, and the flesh on his face was shivering.

He laughed coldly. "Good, good, what a sharp-tongued brat. Since you want to die early, I'll satisfy you."

Buzz!

Clank, Clank, Clank –

Mad Fourth King attacked the Dragon Dance in person and roared, "Bombard through the Guardian. Let's see what you can do!"

"Alas..."

Han Fei heaved a long sigh and turned to Nian'er. "Nian'er, let's go play with the rabbits. What do you think?"

Nian'er's eyes lit up, but then she said, "Brother, are you going to fight the bad guys?"

Han Fei smiled. "Of course."

Nian'er immediately clenched her fists and said, "Good luck, Brother."

Buzz!

The illusion of mountains and rivers appeared.

Nian'er, Old Yuan, and Xiao Se were all taken in.

This scene attracted everyone's attention.

Han Fei had a small world that could accommodate living people, which immediately made many people interested.

Mad Fourth King laughed out loud. "I didn't expect I would get a small world on this trip! It seems that my luck this time is extraordinary!"

Han Fei got up and said leisurely, "Mad Fourth King, right? Okay, with a king and two generals of the Devil Girl Pirates as the witness, it's not bad."

At that moment, Han Fei's expression suddenly changed, and his momentum became stronger and stronger.

In the blink of an eye, he had reached the Half-King realm.

Han Fei shouted, "My name is Han Fei. From today on, I solemnly announce that the Avenger Pirates are officially established."

## **Chapter 1700 Byebye**

When Han Fei proudly declared the establishment of the Avenger Pirates, many people really thought he was a fool.

However, Han Fei's momentum couldn't be underestimated.

The murderous aura made both Zhenzhu and Long Wu gasp.

Although they were also in the Half-King realm, Zhenzhu and Long Wu felt their hearts palpitate.

Han Fei turned to look at Zhenzhu.

He smiled and appeared outside the ship array with a swish.

Han Fei's momentum was still soaring, but his voice was casual. He said with a smile, "The purpose of the Avenger is that I will kill whoever dares to mess with me."

The Mad Fourth King narrowed his eyes and looked at Han Fei in shock. Is this guy crazy? How dare he, a mere Half-King, challenge me?

However, seeing that Han Fei's strength was still soaring, Mad Fourth King instantly broke through the void and his two cones penetrated the sky.

Han Fei grabbed at the void with both hands, and two void blades collided with the cones.

Boom!

Rumble! Rumble!

Within hundreds of kilometers, the sea collapsed and the void shattered.

A chaotic storm swept across the sea area.

The people on the Pearl, the Dragon Dance, and the Predators' ships all exclaimed.

On the Pearl, in particular, Long Wu exclaimed, "How is it possible? He, he... even if he hid his strength, how could a Half-King defeat a king?" As for the remaining Venerables who had eaten Han Fei's food, they were all stunned. They thought that he was just a cook, but he turned out to be so powerful?

Jiang Fan and the others were even more shocked. They had scolded Han Fei before!

As for those who just said that Han Fei was a coward, they were even more shocked. A Half-King attacking a king? That was unprecedented.

Han Fei was the first! This was the first time they had seen such a person.

Mad Fourth King's faces changed drastically. What a powerful force! The other party was only in the Half-King realm, but the power he exerted was really in the Sea Establishment Realm, and not the ordinary Sea Establishment Realm.

In an instant, the Great Dao powers of the two sides collided.

The power of Mad Fourth King's second blow suddenly soared. On the surface of his body, there was a pale yellow armor, and he seemed to be going crazy.

Seeing this, Han Fei let a wisp of Chaotic Qi break and be fused into his body, and a Sacrificing Punch blasted out.

"Hahaha! Today, I'll enjoy the pleasure of slaughtering a Heavenly Talent." Boom!

Han Fei punched out with the Sacrificing Punch, knocking Mad Fourth King away more than 200 kilometers. However, Mad Fourth King just crossed his arms and blocked it, still yelling crazily.

Now Han Fei understood why Mad Fourth King was called Mad Fourth King. It was because this person's strength was increased by nearly 50% when he activated his Great Dao. This was even more powerful than the White Armor Emperor! The White Armor Emperor was powerful in defense, but the Mad Fourth King was very powerful in both strength and defense.

However, how rich was Han Fei's combat experience?

The moment the Sacrificing Punch touched Mad Fourth King, Han Fei knew that he couldn't beat him. Since he couldn't beat him, he might as well not fight him head-on.

Therefore, the next moment, the Embroidery Needle appeared in Han Fei's hand.

The moment Mad Fourth King retreated, Han Fei activated the "Knock on the Heavenly Gate" and left a finger-thick crack on the ship array of the Predators. With this gap, Han Fei performed the Star Teleportation and appeared directly on a ship of the Predators.

The Mad Fourth King was a king after all. Although he didn't expect Han Fei to break the ship array in an instant... at this moment, he returned in an instant.

But it was too late. When Han Fei landed on the ship, he grabbed at the void with a hand, and a strange blue light circulated in front of him.

With a slash, the hull of the boat was cut apart. A Half-King activated the power of his Great Dao, trying to block it when Han Fei took him to his front with Near at Hand Technique.

"Pfft!"

Han Fei pierced through the Half-King's heart with one hand and tore this guy into two pieces. As for Mad Fourth King, he had almost touched Han Fei.

But Han Fei smiled and said, "Explode..."

Rumble! Rumble!

The terrifying explosion directly blew up the pirate ship. On this ship, nearly 50 people were killed.

The explosion burst out of the Half-King's body. Caught by Han Fei with the Void Lines, the Half-King died without any chance of resistance.

"Damn it! You must die!"

The Mad Fourth King roared and punched Han Fei away.

At this moment, the members of the Devil Girl Pirates were all dumbstruck.

It was not that they hadn't experienced the battle of kings... However, what was terrifying was that Han Fei could destroy one of the ships and kill a Half-King under the Mad Fourth King's nose.

Long Wu asked in shock, "Is he a king?" Surprised, Zhenzhu shouted, "Void Teleportation, let's go!" The battle happened in a flash. In an instant, Zhenzhu realized that Han Fei's strength was beyond her imagination.

Judging from the way Han Fei slaughtered the Half-King, it was impossible for her and Long Wu to be Han Fei's opponents.

But why did he pretend to be a chef and stay on her ship for seven or eight days?

If the other party was really so strong, wouldn't he have overheard the conversation between her and Long Wu?

She should've been scared. If Han Fei wasn't a good person, the secret of the Devil Girl Pirates would've been exposed.

But why did Han Fei attack at this moment?

Han Fei could've waited until Mad Fourth King broke through their ship array and fought them. With his strength, it shouldn't be a problem for him to escape.

However, not only did Han Fei not escape, but he also declared that he established the Avenger Pirates... He even fought a pitched battle with the Mad Fourth King himself...

He was clearly creating a chance for them to escape. Therefore, Zhenzhu's first reaction was to run.

Mad Fourth King was bogged down, and the Predators had lost a ship. Even if the other four ships dared to break into their route, she wouldn't be afraid.

As soon as Zhenzhu issued this order, the surrounding space trembled, and streams of light appeared on the surface of the three ships.

Mad Fourth King certainly wouldn't let the three ships of the Devil Girl Pirates run away. Taking down Dragon Dance and Pearl meant a lot to him.

He roared, "Chase them!" Han Fei charged back with his rod, launching a God Scaring Stab and "Knock on the Heavenly Gate" at Mad Fourth King.

Han Fei grinned and said, "F\*ck, how dare you ruin my plan? The Devil Girl Pirates are mine... Who do you think you are?"

**ar**

Mad Fourth King was furious.

At this time, he was in a dilemma. If he was bogged down by Han Fei, even if his ships caught up with the Pearl and the Dragon Dance, it would be impossible for them to win.

Now he needed to make a decision. Should he stay to intercept Han Fei, or give his four ships to Han Fei?

He had to make a choice.

Han Fei was not weak, and the Mad Fourth King had never fought Han Fei before. Not knowing that Han Fei could only be strong for ten seconds, he was hesitating.

He wanted to take down the Devil Girl Pirates.

However, he didn't want his ships to be destroyed. After all, he had brought nearly a hundred Venerables with him. If he chased them out, half of them might be killed. This price was something he couldn't afford.

And Han Fei was also thinking, I can't beat Mad Fourth King. My real strength will be exposed in less than ten seconds.

Therefore, he had to do what he wanted to do in the next few seconds and then run away...

Mad Fourth King thrust his cones into the sky, blocking Han Fei's attack. A terrifying power rolled up the surrounding space.

Han Fei sneered darkly. "You won't get what I can't get."

Buzz!

Han Fei waved his hand, and the Infinity Water rolled up the waves and turned into infinite water blades, crazily attacking the four ships of Mad Fourth King.

Seeing this, Mad Fourth King roared and launched tens of thousands of cone shadows at Han Fei, which almost enveloped him.

Around Han Fei, there were arrays and he held a big shell shield in his hand. This was not an ordinary shell but the shell of the White Armored Emperor. Han Fei broke a piece of it and refined it into a big shield... However, due to his limited strength, this shell was still a little bit away from a Sea Quelling Bizarre Treasure. However, its defense power was comparable to a Sea Quelling Bizarre Treasure.

Clang! Clang! Clang!

Buzz!

At this moment, the three ships of the Devil Girl Pirates had already teleported away.

As for the Mad Fourth King, he was held back by Han Fei alone.

The Infinity Water had just been blasted through by the King Fish Cannons. Unfortunately, the Pearl and the Dragon Dance had escaped.

Seeing this, Han Fei summoned the Infinity Water.

Bang! Bang! Bang!

Clang! Clang! Clang! Han Fei retreated while fighting and cursing, "Mad Fourth King, be careful. The Avengers have targeted you, and you will never have a day of peace." "Go to hell!" Bang! With a thrust of the cones, Han Fei's fist mark was pierced through, so was Han Fei.

However, as blue light circulated, Han Fei appeared hundreds of kilometers away, unscathed.

Astonishment flashed in the eyes of the Mad Fourth King. "The Great Dao of Time?"

Han Fei sneered. "Old lunatic, byebye..."
