

GOF 901

Chapter 901: Ambush

When he returned, he had Little Gold attach to him. Although the Phantom Glass Wings could still be used, it would consume too much energy.

For the same reason, he didn't use Agility of Wind or the Overlord's Technique either.

After a moment.

Cao Tian and the others had rushed to the place where the Ancient Sounding Snake died. Looking at the huge potholes on the ground and the rich bloody smell permeating the sea, they were shocked.

Cao Tian's eyes flickered. "This guy has the power of a Law Enforcer but is not even a junior Law Enforcer."

Cao Qiu shuddered. "Look at the marks drawn on the ground. How big a creature would it have to be to make such horrible scratches?"

Ye Baiyu flew out and searched around. "There is nothing left. The person has already run away... So fast..."

Jiaren Cao suddenly took out the flute at her waist and played it gently. With the sound of the flute, an illusion appeared in the water. After a while, Jiaren Cao stopped playing and said lightly, "Han Fei."

"What? Han Fei?"

Cao Qiu's eyes widened. "Impossible. Han Fei just became a Hidden Fisher a few days ago! But this power..."

Jiaren Cao said gently, "Don't forget that Han Fei has killed a Law Enforcer alone."

Cao Tian frowned and after a long time, he said, "Let's go! Don't chase after him. Since it's Han Fei, we'll meet him sooner or later."

At this time, Ye Baiyu flew back. "The sea demons have come. Shall we fight them together?"

Cao Tian gave an honest smile. "No, we'll go our own way."

After a while, fighting sounds resounded again here.

The figure of the Cao Qiu trio gradually disappeared. On the ground, 9 sea demon bodies were left.

...

Luo Xiaobai and the others came after Han Fei. However, Han Fei's speed was too fast. At this moment, they had only travelled one-third of the distance.

When Han Fei came back, the two sides ran into each other halfway.

Le Renkuang immediately shouted, "Feifei, huh... Where is the Sounding Snake?"

Zhang Xuanyu looked miserable. Obviously, he was exhausted with the chase. “Feifei! Are you okay? Why are you back?”

As he said this, he stared behind Han Fei.

Luo Xiaobai said, “Have you resolved it?”

Han Fei was speechless. “Why are you following me?”

Zhang Xuanyu said, “Of course, so we could help you!”

Han Fei said impatiently, “Shouldn’t you go explore the valley? I took so much effort to allure the big snake away. Didn’t you take this opportunity to explore the valley?”

Le Renkuang rolled his eyes. “We’ve been busy chasing you. How do we have the time to explore the snake cave?”

Han Fei immediately said, “Let’s go. Go to the snake cave.”

Luo Xiaobai asked, “Where is the big snake?”

“Dead...”

“Puff!”

“Cough!”

“What? How did you kill it?”

Han Fei swam forward. “Let’s talk while we move...”

After swimming for a while, Han Fei suddenly said, “Forget it, Xiaobai, can you find the place of the spiritual plants you mentioned?”

Luo Xiaobai frowned. “Why do you ask me this? Yes.”

Han Fei said, “Let’s go separately. I am faster, so I’ll go back to the snake cave. Overlord and Snowmourne are still there. I have to go take them back. You guys go to the next place. I’ll come find you later.”

Luo Xiaobai said in surprise, “Did you just leave a Sea Quelling Bizarre Treasure there?”

Le Renkuang was shocked. “Won’t it be snatched away by others?”

Zhang Xuanyu added, “No, we have to go back with you. A Sea Quelling Bizarre Treasure is better than the Semi-Divine weapons picked up here. What if someone snatches it?”

Han Fei said, “Don’t worry. I’ve killed even the big snake. Who else can beat me here? Go quickly. Cao Tian and the others are coming this way. Keep a distance from them. Remember, don’t act rashly if there is any danger!”

Luo Xiaobai nodded slightly. “We always take caution when you’re not around.”

Han Fei smiled awkwardly. “Okay, let’s talk later. I’ll go find Overlord first.”

At this moment, Han Fei faintly felt that Overlord seemed to be on the run, and was no longer in the snake cave. If the four people returned together, it would only slow him down.

He patted Little Gold and said, "Go, go find Overlord."

...

Along the way, Han Fei was watching the Infinity Water in his palm. Since the explosion of Infinity Water, it had been absorbing a kind of water vapor. Was it the essence of water?

Han Fei guessed that the Infinity Water couldn't self-detonate endlessly. Just as the Phantom Glass Wings needed to absorb the power of wind, Infinity Water also needed to absorb the essence of water after it exploded.

Now, Han Fei wanted to see how long it would take before Infinity Water absorbed enough essence of water to return to its original state.

Han Fei was sitting on Little Gold, and Soul Eaters appeared occasionally, but Han Fei just ignored them.

Little Gold's speed was fast, so these soul-eating beasts couldn't catch up with them.

Han Fei didn't plan to absorb the Ancient Sounding Bead immediately in case someone suddenly attacked him while he was absorbing it... Then he might be in danger.

Little Black and Little White were circling in a puddle in Forge the Universe. Fortunately, he could still perceive the Overlord's location, so he headed in that direction.

After more than two hours, Han Fei's brain suddenly had a stabbing pain. Was Overlord destroyed?

*F*ck! Which b*stard is so bold? How dare he destroy my clone!*

Swish!

He had Little Gold attach to him and hurried out. He put another energy fruit into his mouth to make sure when he found Overlord, he would still have enough combat power.

...

Half an hour later...

A sea demon team of more than 20 members was gathering together for a rest.

Among them, there was an acquaintance of Han Fei, Yu Ji.

It was Yu Ji who discovered Overlord. She had just entered the Sea Demon Realm, so she was able to enter this ancient battlefield.

Someone scolded, "We've been chasing this iron knot for such a long time. It turns out that he is just a Semi-Divine weapon."

Someone shouted, "Recover as soon as possible. If this is a Semi-Divine weapon, where is its master?"

A Heavenly Talent said, "Probably in the valley just now. Remember how many people died there? Those snakes could bewitch people, causing 13 of us to die."

Yu Ji frowned and said, “No, Yu Fei is not dead. If Yu Fei is dead, how could this puppet escape?”

A captain-level powerhouse said, “Yu Ji, are you really sure that this puppet is Yu Fei’s?”

Yu Ji nodded. “I’m pretty sure. This puppet took orders from Yu Fei in the Demonic Forest Channel. This puppet must be his.”

Someone said with a frown, “Yu Fei? Isn’t he an Azure Sea Blue Demon? There is no Azure Sea Blue Demon among the sea demons who came this time, let alone on the human side.”

Yu Ji shook her head. “I don’t know. But I think we should leave here quickly.”

A Heavenly Talent said disdainfully, “Why? Yu Fei is not that strong. No matter how fast he cultivates, he is at most in the Sea Demon Realm... There are so many of us. Are we afraid of him? I think we can lure him over with this puppet. If we can kill him, we’ll be rewarded.”

A powerhouse at the peak-level of the Sea Demon Realm nodded. “Yes, even if he is already at the peak-level of the Sea Demon Realm, he can’t beat us all. Even when he reaches the Sea Spirit Realm, facing so many of us, he still has no chance to win.”

As he said this, he held Snowmourn. “This sword is extraordinary. It is definitely a high-quality Divine weapon. Even in our Ten Thousand Demon Valley, it is difficult to find a weapon of this level.”

Yu Ji wanted to say something, but she had no chance.

She wanted to say that if Yu Fei was so easy to deal with, there wouldn’t have been so many people killed and we might not have even lost the battle in the Demonic Forest Channel.

80 kilometers away.

Han Fei’s perception passed by. Because Han Fei’s soul power was stronger than these people, no one noticed it.

Yu Ji? Humph... On the battlefield, I won’t be merciful.

Han Fei didn’t hurry when he saw that they were resting. They couldn’t use Snowmourn and he had enough time to kill them.

At this moment, Han Fei took out a few fish-skin charts and began to draw arrays.

Humph! As long as I trap you here, you’ll be buried with my Overlord!

A trapping array was not enough. Han Fei also drew two killing arrays and a dazzling white light array.

After half an hour, 20 kilometers away, Han Fei cautiously moved towards them bit by bit.

If it weren’t for the fact that Little Black and Little White were in a special state, hiding in Little Black’s mouth would be the best way to remain hidden.

At this moment, in order to prevent these people from escaping, Han Fei had to approach them carefully.

After all, since Yu Ji saw Overlord, she must have guessed that Yu Fei was here. Even if a single sea demon escaped, his identity would be very likely to be exposed.

When Han Fei was about 15 kilometers away from these sea demons, someone suddenly looked in his direction.

Han Fei immediately stood still.

But that sea demon still narrowed his eyes and said, "Something is wrong. Everyone, be on alert."

Han Fei bared his teeth. This b*stard's perception was quite strong.

Han Fei immediately threw out the Void Lines, which emerged out of the ground seven or eight kilometers away, pulling up much sand and mud.

These sea demons immediately looked there. Han Fei activated the Overlord's Technique, had Little Gold attach to him, and transformed his own face into Sun Mu's. At the moment when these sea demons looked away, he rushed out.

At the moment when Han Fei's figure appeared, all the sea demons were shocked, shouting, "Gold-red wings? How can a human Hidden Fisher have gold-red wings?"

Han Fei roared, "It's every human being's duty to kill sea demons. I'm Sun Mu, from the Thousand Star City, an unparalleled Heavenly Talent. It's your honor to be killed by me."

These sea demons were taken aback. "Isn't this guy only an intermediate Hidden Fisher? Is he out of his mind?"

Someone shouted, "Attention, see if there is an ambush!"

Han Fei yelled, "Do I need to ambush you to kill you? Do you know who I am? You little ants, die!"

Chapter 902: You Can Call Me, Yu Fei

Hearing Han Fei's words, no normal person would run away.

At least not before Han Fei showed great strength.

They were here to kill. How could they possibly run away when they met a human?

A Heavenly Talent shouted angrily, "How dare a mere intermediate Hidden Fisher speak to us like this? I'm gonna kill you."

The man jumped out of the water, activated the Sea God Descends, and launched the Sea God Strike. Its golden harpoon was shining on the seabed.

"Hooooo!"

"Nine Mansions Dragon Seal."

Han Fei punched across. A big seal appeared, and the dragon's roar resounded across the sea.

With a boom, the Heavenly Talent was sent flying, and the golden harpoon in his hand was bent by the blow.

Seeing this scene, the sea demons all became serious and their eyes glowed. A powerhouse at the peak-level of the Sea Demon Realm activated the Whale Riding Skill, setting off huge waves.

However, at this moment, Han Fei was within 5 kilometers of them.

“Overlord’s Technique.”

With a bang, a golden fist mark fell and crushed the big whale. When the powerhouse was about to strike again, Han Fei had already approached him.

Han Fei smiled. “Don’t you think it’s too late?”

“Gravity~”

Han Fei fell to the ground and turned his palms. A gravity of more than 40 million kilograms pressed down and almost everyone fell to the ground in an instant. Some sea demons vomited blood and couldn’t even stand up.

Then Han Fei waved his hand, and a fish-skin map appeared. Within 300 meters, arrays rose up, and a defensive array was formed.

“Hoop!”

The gold-red wings were folded, and the Phantom Glazed Wings spread out.

Han Fei disappeared with a swish. Several shadows congealed in the air, and one of them suddenly appeared in front of a powerhouse at the peak-level of the Sea Demon Realm.

“I’ve told you it’s too late.”

Boom!

Fist marks pushed out and the Void Lines clasped the powerhouse’s soul. Han Fei was casually walking on the bottom of the sea, holding a kitchen knife in his hand, and his figure kept flashing with a ‘swish’.

Under the gravity, the sea demons under the advanced Sea Demon Realm were all crushed. In an instant, of the over 20 sea demons, only 8 survived.

All the sea demons that were still alive were horrified and shocked.

They regretted not listening to Yu Ji and leaving earlier.

Yu Ji was not dead yet. She watched this scene in shock. “Han Fei, you are Han Fei...”

Han Fei grinned and glanced at Yu Ji lazily. “Phew, you finally found this out? Too late.”

When they looked at each other, Yu Ji suddenly spewed out a mouthful of blood. “You... Who are you?”

Han Fei smiled. “Have you guessed? Tsk... You can also call me, Yu Fei.”

Hum!

Upon hearing it, everyone was horrified, and their eyes all popped out.

“How... How is that possible?”

Yu Ji's eyes were filled with disbelief. "How... How can that be possible?"

Han Fei grabbed an energy fruit and took a bite. "Why not? Can't you sea demons also transform into humans? By the way, thank you for taking me back to the Ten Thousand Demon Valley... You are a good person!"

Yu Ji was stunned. *I found 'Yu Fei' more than 1.5 million kilometers away from the Scattered Stars Island! How did Han Fei appear there?*

However, it was meaningless to think about it now. Han Fei had already admitted he was Yu Fei.

"Roar! Shameless human beings! Go to hell..."

A powerhouse at the peak-level of the Sea Demon Realm activated Sea God Descends and launched a powerful strike, trying to resist the law of gravity.

The moment he just stood up, however, a harpoon stabbed him through, crushing his innards.

The sea demon turned his head incredulously, only to see his teammate who had just been attacked by Han Fei was stabbing him expressionlessly. The former's face was full of puzzlement.

"Why... Why?"

The sea demon bared his steel teeth. "Because I am also Yu Fei!"

Hum!

At that moment, all the sea demons who were still alive felt panic from the depths of their souls! What the hell is going on here!?

Someone screamed, burning his blood and fleeing.

However, with a flash of light, Han Fei was already in front of him, punching at his forehead.

Han Fei sneered. "You killed my puppet and grabbed my resources. You're the first to dare to do this. Did you have any idea what price you would have to pay?"

Swish, Swish, Swish!

Han Fei's figure flashed and his hand kept chopping. In the blink of an eye, these sea demons were all killed.

With only Yu Ji left, Han Fei squatted on the ground and slowly said under Yu Ji's scared and resentful gaze, "To tell the truth, you are really a good person."

Pooh!

Yu Ji spat at Han Fei, but the water rippled and her saliva disappeared in an instant.

Yu Ji roared, "Shameless!"

Han Fei smacked his mouth. "Tsk, I never said I was a good person! Believe it or not, I don't want to kill you. But you just ran into the muzzle of my gun. What a pity... For the sake of the human race, I can only ask you to die."

Yu Ji roared, "Yu Fei, Master Feather won't let you go! My master won't let you go."

Han Fei curled his lips and said, "Blue Feather? Humph... Maybe he himself doesn't know what he is doing... How dare he meddle in this kind of affair? Do you really think this is something an Explorer can handle?"

Yu Ji was shocked. "What do you mean?"

Han Fei shrugged. "You won't understand even if I tell you. Remember to be a human in your next life! Maybe we can be friends."

Buzz!

As he raised the knife and slashed down, Yu Ji died.

Even if she had an Immortal Seal, it would just cost him one more slash.

After a while, Han Fei put away everyone's Sea Swallowing Seashells. Finally, he found Snowmourne and the 500,000 kilograms of Spirit Awakening Fluid that the Overlord had snatched.

He had to admit that these people were pretty strong. There were a lot of good things in the Sea Swallowing Seashells and he had made another small fortune.

Recovering the gravity domain, Han Fei followed his soul power and found the remnant of Overlord more than 800 kilometers away.

Looking at Overlord who was almost destroyed, only a small trace of soul fire returned to Han Fei's mind.

Han Fei couldn't help shaking his head. *What a pity. I lost a trace of soul fire for nothing... Overlord, I'll have to find a way to remake it.*

With a thought, Han Fei entered Forge the Universe.

At this moment, he first took out the spiritual fruit that Overlord had picked. Since no sea demon knew what kind of spiritual fruit it was, no one ate it.

In Han Fei's eyes, information emerged.

<Name> Soul Fruit

<Introduction> The soul fruit produced from the saliva of Sounding Snakes. It contains a lot of ownerless souls, can resist soul attacks, and reduce soul temptation. Taking it can strengthen one's soul.

<Level> Sky level

<Quality> Ultra-Quality

<Edible effect> Strengthens the soul, resists soul attacks and temptations, but has no effect on creatures above the Explorer level. After taking it, one cannot strengthen their soul by taking other spiritual fruits of the same kind within three years, repeated consumption is invalid.

"Wow!"

“This is good stuff!”

Han Fei’s eyes lit up. Fortunately, those b*stards didn’t eat it. Otherwise, it would be a big loss for him. After all, this was a treasure indeed.

Can I use it to cultivate the God Scaring Painting?

Thinking of this, Han Fei swallowed the Soul Fruit without hesitation.

The next moment, his mind was unprecedentedly clear and the God Scaring Painting appeared in his mind.

Then he felt the God Scaring Painting was disintegrating piece by piece.

1... 5... 10... 18 pieces!!

Suddenly, Han Fei saw a wisp of silver appear on the God Scaring Painting, and the Soul Fruit became ineffective.

The God Scaring Painting, after all, was just a painting, so there was supposed to be a pattern on it! Although the lines on it could still greatly increase his soul and spiritual power, it was strange there was no pattern on it.

At this moment, the pattern appeared, which was a spear point-like sting, covered with a murderous, dazzling light curtain.

Wow! It’s just a tip of the pattern, but it’s already so terrifying! What if the whole pattern emerges?

Han Fei quickly checked his information.

<Owner> Han Fei

Level: 56 (intermediate Hidden Fisher)

Spiritual energy: 4,325,681 (36,999)

Spiritual power: 4,668/4,668

Perception: 59,999 meters

Spiritual heritage: Level-7, Low-Quality

<Spiritual Beast> Twin Yin-Yang Spirit Swallowing Fish (level-49)

<Main Art> Level-five of Void Fishing, Divine Manipulation Technique (Heaven-Level, Divine-Quality)

...

Huh! I know I’ve memorized 18 pieces, but why is my range of perception still stuck at 59,999 meters? A damn bottleneck again?

However, the breakthrough in spiritual power made Han Fei quite gratified. This time, his perception range suddenly increased to 120 kilometers!

Of course, this was a breakthrough in soul power.

Han Fei grabbed the Ancient Sounding Bead and put it in his mouth. He wanted to see whether he would really get the ability of clairaudience or not!

After a moment.

Han Fei appeared on the bottom of the sea because he heard the sound of fighting there.

Han Fei felt the water ripples, and there was only a slight tremor. The battlefield was beyond his perception. According to this range, it should be 500 kilometers away.

“Tsk! Let me have a look!”

Chapter 903: The Tough Guy, Yue Shier

Han Fei had planned to go to the Snake Sounding cave first because there were still a lot of things there. He somehow had a feeling that there couldn't be just a big snake.

However, compared to the snake cave where the treasure had been taken, Han Fei was most attracted to places with battles because it meant that he had people to rob.

500 kilometers away, among the reefs, Han Fei perceived an acquaintance.

“Yue Shier?”

Han Fei was speechless. *This idiot is fighting sea demons!*

One person against 68 sea demons?

Besides, Han Fei saw nearly 40 sea demon remains on the ground.

Han Fei was dumbfounded. It turns out that besides him, there were other people who could fight against hundreds of enemies alone!

But why were there so many sea demons here?

This didn't make sense. Didn't the sea demons need opportunities? Did sea demons have to appear in groups? If this was the case, how could they find humans on this ancient battlefield so easily?

However, at this moment, Yue Shier was seriously injured. He was stained with blood, his abdomen was pierced, and his shoulder had a broken golden harpoon stuck in it.

Even so, Yue Shier was still very brave at the moment. At this moment, three sea demons were madly bombarding him with Sea God Descends.

And Yue Shier, while holding a stick in one hand, a large shadow of a blue dragon roared and neighed behind him. Every time he brandished the stick, a dragon shadow erupted.

At this moment, he was thrusting the long stick at the opponent, setting off surging waves.

The next second, the stick shattered and the sea demon died.

During this period, Yue Shier was stabbed in the waist and flew out, breaking the huge reef to pieces.

However, even in midair, Yue Shier could still grab his armor box, so he hacked out and shattered a whale shadow.

Han Fei was dumbfounded at the scene. Yue Shier looked so silly, squatting at the door of his house with a bowl in his hand all day long. He didn't expect him to be so good at fighting. Every time he was injured, a sea demon died.

Besides, Yue Shier didn't seem to be affected by his wounds at all. He kept taking weapons from his armor box and fighting the sea demons, looking so confident and powerful.

"Wow, this fool!"

Han Fei swam over quickly to help.

Although he didn't know why he had to fight so many enemies alone, Han Fei appreciated his courage.

At this moment, the sea demons fighting Yue Shier were all advanced Sea Demon Realm experts or even peak-level ones in addition to many Heavenly Talents

The sea demons were obviously horrified by Yue Shier.

A sea demon said in horror, "Does this human want to die? How can he still fight?"

Another sea demon answered in shock, "Master Feather is right. Human Heavenly Talents are terrifying. He is the most fearless person I've ever seen."

Someone shouted, "Although we are not his match, we can't just escape. Flying Harpoon Array!"

Dozens of harpoons flew across in the air, but Yue Shishi didn't even frown. He seemed to activate an unknown secret method. Under the stunned gazes of Han Fei and the sea demons, four more hands grew out of him, making him look like a demon god.

Han Fei's eyes widened suddenly. *F*ck, are you deity? Where are your other two heads?*

Yue Shier clapped the armor box and six long knives flew out, and he held them in his hands.

Being stabbed by a sea demon, Yue Shier just let blood flow from his body and said calmly, "Scattered Stars Island, Empyrean Waterfall, Yue Shier, here today to break the array. Anyone who stands in my way shall die."

Han Fei rolled his eyes. *Is this guy crazy? Your blood is almost all drained from your body, OK?*

The next moment, Yue Shier had already launched a charge against these sea demons.

Han Fei could even hear someone exclaiming on the other end, "Mad, this human being is mad!"

"Let's gang up on him. Kill!"

Clang! Clang! Clang!

The sky was full of harpoons and dazzling white light. In the harpoon array, every time Yue Shier cut a harpoon, a new long knife would fly out of the armor box.

Boom...

By the time Han Fei arrived, Yue Shier had already smashed more than 20 harpoons including two golden harpoons.

A Half-Mermaid Heavenly Talent suddenly shouted, "Sea God Descends, Raging God Collides."

Then a big whale rammed out, trying to ram Yue Shier to death.

Yue Shier didn't fight back, but rather looked back and grinned stupidly.

Han Fei rolled his eyes. "What are you looking at? Retreat!"

Yue Shier threw out all the six knives, and the sharp blades crushed the big whale that rushed over.

Han Fei flew up and threw a Divine Healing Technique on Yue Shier. And the Void Lines, controlling a powerhouse at the peak-level of the Sea Demon Realm, went around behind these sea demons.

BAM!

Han Fei stood in front of Yue Shier. "Does fighting so many sea demons alone make you feel good?"

A Half-Merman Heavenly Talent grinned in anger. "There are so many human lunatics indeed. Here comes another one."

Ignoring him, Han Fei looked back and found that Yue Shier was already sitting on the ground. He quickly stuffed a spiritual fruit into his mouth.

Yue Shier gave him an innocent smile. "Are you OK? If not, I can still fight."

Han Fei rolled his eyes. "Come on! Your legs are shaking."

Yue Shier grinned and scratched his head. "I'm a bit tired."

Swish, Swish, Swish!

As they were talking, harpoons darted at them.

Han Fei snorted and punched out.

Crack, Crack, Crack!

The harpoons were bursting.

"Hoop!"

The Phantom Glass Wings spread out, and Han Fei hurried out in a straight line.

In that straight line, there seemed to be a row of Han Feis.

Someone exclaimed, "It's Han Fei. Brothers, this time we are destined to be famous. Kill Han Fei and open the way to the Royal City!"

"Roar, Roar, Roar!"

Han Fei looked dumbfounded. *What does killing me have to do with going to the Royal City?*

As far as I know, no one has ever been to The Royal City. What does this have to do with me?

Han Fei discovered that these sea demon's eyes glowed when they saw him as if they saw a hot pot of delicacies. All the sea demons activated their secret methods and at least five of them pounced on him.

Swoosh!

Han Fei flashed, rushed into the crowd and killed a sea demon with the Blood-Drinking Knife, yelling, "Are you crazy? You idiots."

Among the sea demons, he threw out the golden seal and activated the Nine Mansions Dragon Seal. A shadow of a hill appeared and knocked down many sea demons' heads.

Of course, this was an illusion. What Han Fei really used was the law of gravity.

Boom!

Almost at the same time, more than 40 sea demons were crushed on the ground.

Swish, Swish, Swish!

Puff!

Buzz!

...

Han Fei, like a phantom, flickered across in the crowd. Every time he raised his knife, a sea demon would die.

Standing not far away, Yue Shier was stunned by the scene. He scratched his head from time to time and said, "Very strong! It seems that I can't beat him."

The sea demons were also dumbfounded. *Is this a single person, not an army?*

Someone tried to enter the field of gravity to help. However, as soon as he came in, he fell to the ground. Before he could run out, Han Fei had already beheaded him.

And the powerhouse controlled by the Void Lines was also rushing over.

Someone smiled and said, "It's Master Yu Fen. He must have brought reinforcements over."

However, the smile on that sea demon's face hadn't yet disappeared before he was stabbed to death by Yu Fen, controlled by Han Fei.

Someone yelled, "Yu Fen, what are you doing?"

However, Yu Fen didn't seem to hear anything but kept killing. Three of the sea demons had been able to resist the law of gravity, but they hadn't adapted yet.

Han Fei grabbed the gold seal and smashed it at one of them, and he was beaten down.

The Infinity Water that turned into countless sharp knives, together with the law of gravity, swept across the sea demons like a flying dragon.

The situation of the battle was immediately reversed by Han Fei alone.

After three minutes, Han Fei discovered that Yu Fen, who he controlled, had been stabbed to death. Because he was still under Han Fei's control, he didn't even use the Immortal Seal.

Only 13 escaped from the law of gravity and all the rest had almost been killed.

Boom, Boom, Boom...

The Nine Mansions Dragon Seal was activated again and again. In the law of gravity, two Heavenly Talents and a sea demon at the peak-level of the Sea Demon Realm were crushed.

Puff~

In such a short time, the sea demons that greatly outnumbered them had all escaped. 30 of them escaped and the rest were all killed.

...

Han Fei checked the sea demon's Sea Swallowing Seashell and asked Yue Shier, "Is there a seal here?"

Yue Shier nodded. "Yes! I found it. It's that red reef just 20 kilometers ahead."

Han Fei took a look and found there was a big red strange stone indeed, which was protected by a spiritual barrier

No wonder there were so many sea demons here. They didn't want humans to come here to destroy the seal.

In fact, Han Fei was also hesitant at this moment. He might as well not break the seal. After all, on this ancient battlefield, there were still many people waiting for him to rob.

However, he had seen it. What should he do with the seal?

Yue Shier slowly got up. "I owe you my life. I'll remember this."

Han Fei looked at him with a strange look and asked, "Is your soul beast a dragon?"

Yue Shier gave an honest smile. "No, it's an Immortal Golden Serpent, not a dragon."

Han Fei's eyelids twitched. *It sounds so powerful! Immortal? No wonder he dares to be so reckless.*

Chapter 904: Variety Devil Kid

Before the spiritual barrier of the sealing object, Han Fei threw a few more Divine Healing Techniques to Yue Shier and said solemnly, "Just because we found the spiritual barrier doesn't mean we can break it..."

Before he finished speaking, Han Fei saw Yue Shier pull out a long stick at the Semi-Divine level and jabbed the barrier with a terrifying force.

Boom!

Both Han Fei and Yue Shier were sent flying by the terrifying force. Under Han Fei's stunned daze, the Semi-Divine weapon exploded, and the barrier... Was broken.

"Damn..."

Han Fei said with a stunned look, "It's over? Hey, hey! Shier, couldn't you have warned me first? We were so close to the barrier..."

Yue Shier smirked. "OK, let me smash the sealing object."

This time, Yue Shier took out a big seal. Han Fei was wondering what the hell was in Yue Shier's armor box.

How much money would it cost each battle this guy fought? Every time he took something out of his armor box, he detonated it.

Sure enough, there was another boom. Yue Shier, this fool, exploded two Semi-Divine weapons in a row, exploding the sealing stone.

Then he turned his head and glanced at Han Fei. "There are many weapons here. I picked up these weapons along the way."

Han Fei: "..."

Han Fei forced a smile. *It's still too wasteful. Aren't they Semi-Divine weapons?*

Han Fei wondered if this guy picked up a Divine weapon, would he still detonate it?

Han Fei was speechless. When this strange stone burst into pieces, within a thousand kilometers, the sea was buzzing and rumbling.

Han Fei and Yue Shier looked up for a long time, and the buzzing sound gradually subsided.

Yue Shier scratched his head. "Maybe... It's not enough to break one seal. We'll have to break another one."

Han Fei curled his lips. "But you have to find it first!"

Yue Shier looked at Han Fei. "Let's find it together?"

Han Fei shook his head. "No, I want..."

Suddenly, Han Fei's heart did a flip and he quickly pinched his fingers and calculated secretly.

After a while, Han Fei's expression kept changing. "Is Luo Xiaobai in danger?"

This was his premonition. Han Fei glanced at Yue Shier. "Do you know where there are a lot of spiritual plants?"

Yue Shier pointed to the left of Han Fei. "I have met Youye. She went in that direction and said that there was a forest of spiritual plants there."

Han Fei immediately spread his wings. "Shier, I have something to do. I'm leaving."

Han Fei paused, pointed to the right side, and said, "About 3000 kilometers over there, there is a snake cave mountain range. The big snake inside has been killed by me. You can go and see if there is another sealing object in it."

Yue Shier grinned. "Okay! Thank you!"

Swish!

Without hesitation, Han Fei had already rushed out. *Luo Xiaobai should be invincible in forests. Why was she in danger? Was there a powerful creature like the big snake?*

No, I must move quickly.

...

"La la la~"

A little girl with fancy clothes whose hair was dyed sky blue, crimson, and pure black slipped along in the water.

Anyone from the Emyrean Waterfall would recognize who this girl was.

Except for Li Luoluo, no one would be dressed in such a fancy and weird manner.

Suddenly, a shadow appeared underground, and a big fish with two big pincers pounced on Li Luoluo.

Li Luoluo snorted. "Why does this fish have pincers? Are you a crab fish? No, a lobster fish. Ew, you're really ugly."

Li Luoluo wasn't panicked at all, but just when the big fish was 10 meters away from her, she disappeared with a flash.

Then, within a second, the big fish was tied up by colorful vines and grasses.

"Walk, walk, walk the big fish... Huh! There is a battle."

A strange blade of grass on Li Luoluo's shoulder vibrated slightly, and she made a sweet smile. "Let's go rob people."

...

In this area of water, red lights were everywhere and shadows of swords were rampaging.

A large lobster with no shell was wagging its tail crazily. Its two pincers were two big snakes, and its tail was a scorpion tail.

At this moment, this weird big soul-eating lobster, which was already riddled with holes, finally crashed to the ground.

Sun Mu fell on the ground pale-faced. With a thought, he withdrew his Deity Slaying Array, looking like a sword warrior.

There were eight people walking by his side.

Among them, someone was flattering him, “Young Master, your Deity Slaying Array is getting stronger and stronger. I believe that you will be able to kill these soul-eating beasts without secret methods soon.”

Sun Mu snorted lightly. “Okay, but the soul-eating beasts are a lot weaker than Sea Spirit experts... And Han Fei can already kill Sea Spirit experts.”

The man flattered him, “How can Han Fei compare to you, Young Master? He is just a lucky country boy! How can he know what you’re capable of, Young Master?”

Sun Mu raised his head high and said, “Let’s go! If there is a forest of spiritual plants, then... Huh, who is it?”

The sword light swept across, cutting a red demon vine in half.

“Wow, you’re really grumpy. I’m just listening... But what your subordinate said is not right. Han Fei is from the Thug Academy. He is terrific.”

At the moment, Li Luoluo was sitting on a wisteria a hundred meters away, her hands propped on the plant, her feet swinging.

Sun Mu’s eyes suddenly narrowed. “Empyrean Waterfall, Li Luoluo?”

Li Luoluo was surprised. “Huh! Do you know me?”

Sun Mu snorted. “Although I haven’t been there, I know everyone in the Empyrean Waterfall. Do you want to stop me?”

Li Luoluo quickly patted her chest with her small hand. “Oh, I’m so scared... Are you Han Fei’s enemy?”

Sun Mu looked calm. “So what?”

Li Luoluo smiled. “It just so happens that I want Han Fei to do me a favor, to cook me a meal. Then, I can become a Law Enforcer, no problem... So, how about I slaughter you and give your head to him as a present?”

“Shut up, b*tch! How dare you insult our Young Master? Let me kill...”

Hum!

In an instant, flowers and vines bloomed everywhere, the phantoms of colorful soul-eating beasts were popping out, and white knife blades flickered in the air.

For almost an instant, the person who was scolding Li Luoluo was wrapped in a riot of color.

Sun Mu and others hurriedly retreated and brandished their swords, trying to cut off the colorful brilliance.

“Sword Protects My Body and Dragons and Snakes Retreat.”

Amidst the misty colors, someone shouted and surging sword energy burst out.

However, within a minute, a shrill scream rang amid the colors.

Li Luoluo curled her lips unhappily. "Humph, I just want to borrow something from you. Why did you scold me? Eat him..."

When the colors dissipated, everyone felt a chill down their spines. The guy scolding Li Luoluo was standing there like a statue, posing as if he was about to jump. His body was covered with colorful leaves of grass, and there was an ugly crayfish on his head.

However, the man has already died. A peak-level Hidden Fisher was turned into a humanoid statue. How horrifying was she!?

Sun Mu's eyes were cold. "Li Luoluo, are you sure you want to fight against our Sun Family?"

Li Luoluo said shyly, "Isn't it interesting? I couldn't find any sea demons, but you just happened to be here!"

Sun Mu shouted in a low voice, "Sky Sword Array."

Boom...

Seven swords crossed in the sky, and the seven people behind Sun Mu put on a different posture respectively, looking oppressive and powerful.

Hum!

The big sword dozens of meters long fell, hacking at Li Luoluo.

"Oh! That's really mean of you. You guys are even bullying a little girl. That's too much."

Everyone was speechless. A little girl? Not a demon?

At that moment, the big sword shadows were all over the sky, seeming to be able to kill an ordinary Hidden Fisher in one blow.

With Sun Mu as the center, the swords flew all over the sky.

Puff, Puff, Puff!

On the ground, colorful densely-packed demonic vines burst out. Some vines were not vines but centipedes and spider silks, and some grass blades were not grass blades, but all kinds of weird leaf insects.

There were vines, insects, silk, and knives, and Li Luoluo's figure ran and flickered among the sword shadows. Her eyes suddenly glowed red, and then a person was killed.

Someone exclaimed, "No, a bug got in my eyes... Ah... Bugs, bugs..."

Sun Mu's eyes turned pale and he shouted angrily, "Everyone, concentrate. Don't be bewitched by this woman's illusion."

"Giggle... Are they delicious? Do you want to eat them? The bugs crawl into your mouth... Hey, don't give me that look... Look at your clothes. No, look at my clothes. Aren't they beautiful?"

Someone looked at Li Luoluo and then was stunned. It was not a person, but a big bug piled up by countless bugs.

This person took a half step back in fright. However, it was this half-step that pushed him into the abyss.

A bug fell on him when he panicked. Immediately afterwards, the worm began to bite and gnaw... And then this man went crazy.

Sun Mu was furious. The battle hadn't even started yet, and three of his eight men who were all peak-level Hidden Fishers had already died.

"You evil b*tch, try my sword."

"Wow! A high-quality... No, an ultra-quality Divine weapon? You're rich! I can't afford to offend you. Bye-bye..."

Sun Mu roared, "Do you think you can still leave?"

...

Hundreds of kilometers away.

A big golden bird was flying in the air, and Han Fei looked at the Infinity Water that was still absorbing the essence of water and curled his lips. "The time it takes to recharge is a bit long!"

Suddenly, Han Fei raised his head. *Huh, why are there so many fancy colors up ahead? There seems to be swords sounding.*

Chapter 905: Heaven Sealing Sword Tide • Sword Drawing Technique

"Ah! Murderer, help..."

Li Luoluo ran while throwing bugs behind, which were colorful, just like grass and vines. If others saw this scene, they would think Li Luoluo was a manipulator.

"Go to hell!"

In front of Sun Mu, a scarlet sword shot out into the sky and chased Li Luoluo.

Puff!

Li Luoluo's head seemed to be chopped off. But then she popped up from the other side. And the thing that was chopped was actually a blade of grass.

Li Luoluo jumped into the distance, with one hand on her hips and the other hand pointing at Sun Mu, and said, "Hey, why are you chasing me? Do you want to molest me? If you don't stop, I will eat you."

Sun Mu coldly snorted. "Shut up."

The ultra-quality Divine weapon flashed again, and Li Luoluo disappeared again. Anyway, she had so many bugs, and killing bugs couldn't kill her.

However, Li Luoluo was still a little distressed when she saw her bugs being hacked to death. After escaping five or six times, Li Luoluo suddenly stood still, her face cold. "B*stard, let me teach you a good lesson!"

Then, one after another, soul-eating beast phantoms appeared, rushing towards Sun Mu.

"Young Master, be careful. This demon girl is rather deceitful."

Besieged by the soul-eating beasts, Sun Mu suddenly shouted, "Red Lights Everywhere!"

Swish, Swish, Swish!

Long swords flew out one after another, and Sun Mu's swords had all become Semi-Divine weapons.

For a time, there seemed to be millions of rays of sun, and those soul-eating beast phantoms were all shredded. Every time a soul-eating beast died, a bug would fall. Li Luoluo's face became colder and colder.

Swish!

Li Luoluo's speed suddenly soared by seven or eight times, and two daggers appeared in her hands. She seemed to slash once, but in fact, she had slashed dozens of times.

Sun Mu sneered. "This is my Deity Slaying Array. Do you think you can injure me here?"

Li Luoluo didn't say a word. Her figure flickered and she rushed towards Sun Mu's subordinates.

Sun Mu was furious. "How dare you?"

The man targeted by Li Luoluo frowned and guarded himself with his sword.

However, a scarlet eye suddenly appeared in the air, and the person immediately felt a bug in his eyes. Not only his eyes, but also his body, mouth, ears...

"No, it's an illusion!"

"Too late!"

Buzz!

Li Luoluo killed this guy and hurriedly retreated. With a bang, her figure disappeared and Sun Mu's long sword failed to touch her.

"Ten Thousand Swords in One!"

Sun Mudan controlled the swords with one hand in an attempt to kill Li Luoluo.

At this moment, a voice came from the sea.

"Phew! Isn't this Sun Mu? What a coincidence... Who are you fighting?"

In mid-air, a cloud of colored mist flashed, and Li Luoluo's eyes were cold. "Han Fei, come here and help me kill him."

"Li Luoluo?"

Han Fei was taken aback for a moment, then increased his speed sharply, and hurried over from more than 100 kilometers away.

Sun Mu sneered. "Great! Another enemy of mine has come. Let me send you two to hell today."

The crimson long sword was spinning in front of Sun Mu's palm. He was actually waiting for Han Fei to come over and seemed to intend to kill him here indeed.

After a moment.

Han Fei approached, floated in the air, glanced at Li Luo, and said, "Why are you fighting?"

Li Luoluo glanced at Han Fei coldly, which sent a chill down Han Fei's spine. *I came to help. Why are you staring at me?*

Li Luoluo gritted her teeth. "He killed my bugs! I must kill him!"

Han Fei bared his teeth. *You want to kill him just because he killed your bugs?*

However, Han Fei liked it, so he immediately smiled. "Nice, I want to kill him too. Let's take half of his life each."

Sun Mu turned his head, his face cold, and 108 swords were hanging in the air.

Han Fei grinned. "Why? Are you going to use Red Light Everywhere or Ten Thousand Swords in One? Or something new?"

Li Luoluo warned, "He is holding an ultra-quality Divine weapon in his hand."

"Huh?"

Han Fei raised his brows. He could tell the long sword was extraordinary, but he thought it was a low-quality magic weapon. So was it even comparable to the Cosmic Sword?

Sun Mu's voice was indifferent, "Now I no longer need the Sea Token, but I don't mind having one more... Heaven Sealing Sword Tide."

As Sun Mu set up an array, waves of a radius of one thousand meters surged up. Sun Mu's momentum was soaring, giving Han Fei a sense of crisis.

"Damn it, this guy has become stronger!"

Han Fei took out a mint leaf and stuffed it into his mouth. As Han Fei issued an order in his heart, the Void Lines rippled in the sea. At this moment, the Void Lines would definitely not be able to catch Sun Mu. However, during the battle, it might be possible.

As long as he approached Sun Mu, he would have a chance.

Han Fei grinned. "Okay! Do you think I'm afraid of you?"

Swish!

He put on the Feather Suit of Wind, activated the Overlord's Technique, and punched out with a boom.

At the moment when Han Fei attacked, Li Luoluo also launched a strike. The ground and water instantly turned colorful.

Buzz!

Sun Mu shattered the golden fist mark with a cut and sneered. "How can evil prevail over good?"

Han Fei frowned slightly. *The Art of Invincibility isn't normally easy to deal with. Besides, I activated the Overlord's Technique, but how did Sun Mu break the Art of Invincibility so easily?*

It must be because of the ultra-quality Divine weapon.

However, wouldn't the use of the ultra-quality Divine weapon consume spiritual energy? With Sun Mu's level and ability, how could he use such a sword move at the same time when he launched a killer move?

Han Fei guessed that Sun Mu didn't consume his own spiritual energy at all when he used this sword. Rather, just like him, he had a certain means of storing spiritual energy.

If this was the case, he would have to use Snowmourne.

Han Fei wanted to explode it with Infinity Water, but the cooling time of Infinity Water was a bit long and its power had not been restored.

Seeing that within a kilometer, the billowing waves all turned into swords, Han Fei shouted, "Li Luoluo, solve his men, Sun Mu is mine."

Without a word, Li Luoluo swept towards Sun Mu's men and Han Fei stretched out one hand, and Snowmourne appeared in his hand.

Han Fei chuckled. "I also have a sword, which is bigger than yours, but I don't know if it will be stronger than yours."

Although Han Fei had learned the Cosmic Sword Technique, he was definitely a lot weaker than Sun Mu who had been practicing the Deity Slaying Array for many years.

Therefore, he drew his sword without a word.

"Sword Drawing Technique."

Hum!

The seawater collapsed, Han Fei's spiritual energy was absorbed in an instant, but the reserve spiritual energy was also gushing out. As he brandished the sword, it turned dark and colorless all around, and half of the Heaven Sealing Sword Tide was shaking.

Han Fei fell to the bottom of the sea. Although it consumed a lot of energy and he was starving like hell, he still stared at Sun Mu. "Try taking this sword move of mine."

Sun Mu was a little stunned. Heaven Sealing Sword Tide was a continuous mass destruction attack method. He had planned to use this sword to slowly consume Han Fei and Li Luoluo to death.

However, when Han Fei made this sword move, he didn't know how to resist it!

“Ten Thousand Swords In One.”

At this time, Sun Mu’s only way was to withdraw 108 swords, and then use the Ten Thousand Swords in One again!

However, when Han Fei’s sword was about to reach him, Sun Mu burst out in a cold sweat. There was only one thought in his mind, *Don’t try to parry this sword.*

Immediately, three amulets floated in front of him. Sun Mu used the Ten Thousand Swords in One and retreated in a hurry.

Two of his men turned pale. “No! Protect Young Master.”

“Body Protecting Sword.”

“Sword Shield!”

Buzz!

The Ten Thousand Swords in One was torn open by the Sword Drawing Technique that flew past and shattered two amulets of the two peak-level Hidden Fishers...

Puff...

There was a very small sound, and the two were swept by the long sword.

At this moment, the Void Lines attached to the two of them, not giving them the chance to use their Immortal Seals.

As for Sun Mu, the three amulets shone with a strange light. With triple light shields protecting him, Han Fei wasn’t sure whether he could shatter them.

Crack! Crack! Crack!

Three amulets were broken one after another. Sun Mu was horrified. Seeing that he was about to be chopped, a long sword burst into pieces.

The Semi-Divine weapon was detonated and sent him flying. He actually used this to protect himself from being hacked to death.

Seeing this, Han Fei looked disappointed. He failed to kill Sun Mu. Sure enough, a Heavenly Talent from a big clan was different, as two people sacrificed themselves to protect him.

“Young Master, go!”

There were still two peak-level Hidden Fishers left, who guarded Sun Mu to escape.

As for why there were only two? Because Li Luoluo killed one just now.

Seeing this, Han Fei immediately shouted, “Li Luoluo, come here.”

Swish, Swish!

Li Luoluo’s figure flashed and landed in front of Han Fei.

At this moment, the billowing sword tide had already struck over. Although Sun Mu had stopped in the middle, half of the sword tide had already been formed.

Han Fei drew three fish-skin charts in a row!

Zip!

In the bottom of the sea, a big turtle was lying on its stomach as a violent sword tide poured down like rain, and soundwaves were surging.

Crack!

The first Coiled Turtle Array lasted for three minutes before it collapsed.

Immediately afterwards, the second Coiled Turtle Array glowed.

This time, it lasted for five minutes.

The third one began to take effect. This time, it lasted a full 10 minutes.

At this point, Han Fei had no Coiled Turtle Array in his hands. As he issued an order in his mind, Infinity Water wrapped him and Li Luoluo.

Clank, Clank, Clank...

When the sword tide disappeared, Han Fei and Li Luoluo were in a mess, both vomiting blood.

Han Fei exclaimed, "I have to admit that the Sun Family people are really good at using swords. Even three Coiled Turtle Arrays failed to resist that sword tide."

Chapter 906: Deformed Forest

As if changing into another person, Li Luoluo suddenly patted her chest and said, "Oh, I'm so scared. Han Fei, your enemy is too powerful. That guy even has an ultra-quality Divine weapon... Hey! What sword did you just take? Let me take a look at it."

Han Fei had put away Snowmourne long ago. He said as if not hearing her, "Did I use a sword just now? You must have seen it wrong. I was using a high-quality Divine knife."

"Do you think I'm stupid?"

It was impossible for Han Fei to take Snowmourne out anyway. Sun Mu wouldn't guess that he was using a Sea Quelling Bizarre Treasure and would think at most that it was an ultra-quality Divine weapon.

Li Luoluo pouted. "Humph, you're so stingy. Forget it, I don't feel liking looking at it now... But, you owe me a breakthrough meal, remember?"

"Huh? What? Breakthrough meal?"

Li Luoluo skipped along. "Just now, the man said that he was here to kill you. I remembered that I promised to kill 100 people for you in exchange for a breakthrough meal, right? So I attacked him, but that man was too strong and I couldn't beat him..."

Han Fei was speechless. “Why don’t I remember this deal? Xiao Jiu became a Law Enforcer purely because of the technique she practiced and her own strength. In fact, it had little to do with my meal. Otherwise, I’d be as powerful as a god!”

Li Luoluo curled her lips and said, “Alas! I don’t care! You have to make me a meal anyway. You have to help me make the breakthrough... Yes, you have experience in this. You helped Old Du with this too...”

Han Fei rolled his eyes. *Old Du made the breakthrough because of the earthquake, OK? I didn’t even f*cking know it happened!*

Li Luoluo said, “Okay! I mean you must be a lucky person. If I stay with you, maybe I’ll become lucky too and make a breakthrough soon. By the way, do you like bugs?”

Han Fei said in surprise, “What would I like bugs for? I don’t like them.”

Li Luoluo’s voice suddenly raised, “How can you not like bugs?”

Han Fei chuckled awkwardly. Perceiving many bug corpses, he smiled. “So, you are not a manipulator, but an insect manipulator?”

Li Luoluo rolled her eyes at Han Fei. “No, I am a manipulator. It’s just that I manipulate insect grass. Forget it, you wouldn’t understand...”

Han Fei thought to himself, *I don’t want to hear it is more like it, OK?*

Suddenly, Han Fei patted his thigh. “Come on, I have to go to the spiritual plant forest. Bye...”

“Hey! Wait, I’m coming too.”

On Little Gold’s back, Li Luoluo curiously looked down, holding Little Gold’s head. Little Gold rolled his eyes up from time to time to look at this weird girl.

Han Fei patted Little Gold impatiently. “Hey, hey! You are flying in the wrong direction!”

Little Gold quickly looked forward and adjusted his direction.

Li Luoluo asked curiously, “What kind of contractual spiritual beast is this? It’s strange. Is it a bird? But there is no such bird on the Scattered Stars Island!”

Han Fei said, “I got him by accident. Anyway, I just need him to be able to fly.”

Li Luoluo didn’t ask anymore. Birds were not rare to see anyway!

Li Luoluo continued to ask curiously, “What are you doing in the spiritual plant forest? How do you know there are creatures on this battlefield? I knew it through bugs. How did you learn of this?”

Han Fei was a little helpless. *How come these people all have so many questions?*

Han Fei shrugged. “Luo Xiaobai, do you know her? She had once come to find me. She is also from the Thug Academy.”

Li Luoluo nodded. “I’ve seen her! She’s pretty, exactly my type.”

Han Fei was stunned. “Come on! Luo Xiaobai likes men.”

Li Luoluo was angry. "I like men too. I mean she is pretty but cold, exactly the type of girl I like."

Han Fei breathed a sigh of relief. "Whatever! She can summon spiritual plants from this battlefield, so she knows that there are plants there! With plants, I guess there will also be spiritual plant forests!"

"Huh?"

Li Luoluo said in astonishment, "Isn't it the same for my bugs?"

...

In a barren land, a bloody land, a land where demons thrived, a submarine forest appeared. This forest was definitely not a "good" forest.

At this moment, there were more than 300 people trapped in this forest, including the Luo Xiaobai trio.

Many people and sea demons had already died!

Of course, the Luo Xiaobai trio didn't know this was the case in the forest because they were also trapped.

Zhang Xuanyu smacked his lips and said, "Xiaobai! Do you think this forest is alive? We've already met the third wave of sea demons, but we haven't met a single person."

Le Renkuang nodded. "Yes, the corpses of the sea demons were all eaten by this forest. We shouldn't have come in in the first place. There are too many bugs here! I don't know if Feifei got lost or what..."

Luo Xiaobai said calmly, "It's okay. Although perception is not working here, we can still use our five senses. Besides, although the plants here are weird, there are a lot of wisterias and white vanilla leaves here, so there shouldn't be a big problem. At least, we can be sure of one thing, there is a sealing object here."

"Hiss..."

Suddenly, the grass and the trees moved, and a passage appeared.

Luo Xiaobai said, "Prepare to fight."

...

One day later.

Han Fei and Li Luoluo stood outside a vast spiritual plant forest. From the outside, it could be seen that the forest was full of flowers, vines, and grasses. However, the most prominent things were the gray vines that Luo Xiaobai once summoned.

The trees here were unusually tall and dark green. On the trunks, there weren't many leaves but it was mostly covered in vines and twisted branches.

Through these vines, Han Fei and Li Luoluo saw that the forest was moving like it were breathing, and they felt as if something was tempting them.

Han Fei took out a few mint leaves, stuffed one into his mouth, and passed one to Li Luoluo.

“What is it?”

“It can keep you sober and prevent you from falling into any illusions.”

Li Luoluo immediately grabbed a piece and put it in her mouth. “Give me more then.”

Han Fei grabbed a few handfuls and handed them to her, saying leisurely, “Do you feel that this forest is luring us in?”

Li Luoluo snorted. “Of course it is! Such a low-level temptation...”

Han Fei smacked his lips and said, “But we still have to go in! I feel that there is something in it...”

Li Luoluo said in astonishment, “You feel it too? I thought I felt wrong! The sealing object should be inside, right?”

Han Fei nodded. “Probably.”

He had just calculated it but couldn’t figure out its exact position!

Han Fei grinned and said, “Let’s go!”

Even if they knew there was danger, they couldn’t just walk away from it. There were always some dangers that you had to face. Just like this weird submarine forest, they knew it had a problem. But the thing they wanted was in it, so they still had to enter.

This was the way of cultivation. The winner was the one who would make it to the end...

Li Luoluo hopped into the forest. “As long as there is a forest, there will be bugs. And as long as there are bugs, I am afraid of nothing!”

Han Fei glanced at the Infinity Water that was no longer absorbing the essence of water. It had been restored to its best condition.

Han Fei grinned. “Let’s go! Let’s flatten this forest.”

The two entered side by side. When they entered the forest, they saw mostly vines. But as they walked deeper, Han Fei discovered that the forest wasn’t as monotonous as he imagined.

Here, there were also all kinds of weird luminous aquatic plants, as well as large blue-red flowers with teeth, deformed hermit crabs, and various little hermit creatures such as hermit snakes, hermit centipedes, etc.

They didn’t even want to hide as if they welcomed them. The forest was its own ecosystem.

Besides, Han Fei discovered that perception didn’t work here, so did Li Luoluo.

However, all this was different in Li Luoluo’s eyes.

This girl had already sprayed a colorful haze around. After a while, a large number of deformed parasites ran to Li Luoluo.

Han Fei felt a chill down his spine when he saw it. A woman who plays with bugs is not someone you can mess around with!

This girl was as “poisonous” as the Old Poison, Ye Qingfeng. No wonder that three or four of Sun Mu’s subordinates were killed by her despite the ultra-quality Divine weapon Sun Mu had.

Li Luoluo hummed a song. “There are no large creatures here! It means that these spiritual plants are very dangerous.”

Han Fei nodded. “For now, these spiritual plants haven’t attacked us. Let’s go deeper and check it out.”

Half an hour later...

As they walked along, Han Fei saw the trees here moving and the vines pulling away. They actually took the initiative to make way for them.

At this moment, a long road appeared. Seeing this, both Han Fei and Li Luoluo frowned.

“Danger comes.”

Chapter 907: Soul-Eating Botanical Garden

Han Fei guessed right. This spiritual plant forest was definitely alive. Even if it wasn’t alive, there was at least a boss like the Leafless Tree that could control the entire forest.

What Han Fei worried about was that if there really existed something like the Leafless Tree here, it would be dangerous. In the demonic plant channel, there was strength suppression, so the Leafless Tree could only exert the strength of a Hanging Fisher.

But it was different here, where there was no strength suppression, which meant that the opponent could be very, very strong.

In this case, when necessary, Han Fei felt that he could try to destroy the ground veins and forcibly pull away the strength of that strong master.

However, he didn’t have the seeds of the Demon Shattering Vine. If he wanted to destroy the ground veins, he would have to go underground and do it himself.

Han Fei walked forward with Li Luoluo, while transmitting, *Can you... Destroy the veins and roots of this forest?*

Li Luoluo tilted her head innocently. *Destroy the ground veins?*

Han Fei nodded. *If necessary. It may be of great use.*

Li Luoluo smiled. *OK, I can make my insects bite the ground veins. However, I don’t know exactly what the ground veins here are.*

Han Fei said, *If there are some places that are different from others, it may be more dangerous. Then, just gnaw off everything underground.*

Li Luoluo giggled. *No problem.*

Hum!

The water rippled slightly. Han Fei said, “Let’s go! Let’s see what’s up front.”

After walking less than 10 kilometers, four sea demons suddenly appeared in front of Han Fei and Li Luoluo, including one Heavenly Talent, one intermediate Sea Demon Realm, and one in the advanced Sea Demon Realm.

“Bah! You call this danger?”

Li Luoluo said unhappily, “I don’t think they can pose any threat!”

Han Fei looked at the four sea demons thoughtfully and said leisurely, “The forest wanted us to take this path. It must be its plan to have us meet these sea demons. Interesting! Then let’s kill these sea demons as the forest wants.”

Li Luoluo immediately said, “Half and half!”

Han Fei grinned. “No, let’s see who’ll kill the most sea demons first.”

Li Luoluo was annoyed. “Come on, half and half! I’m a girl, and I helped you kill 4 Sun Family people.”

Han Fei was speechless. “Fine! Half and half.”

The four sea demons were excited when they saw Han Fei and Li Luoluo.

The Half-Merman Heavenly Talent’s eyes flowed when he saw Han Fei. “It’s Han Fei, leave him to me. And the woman is yours.”

Hum!

White light flashed, and a golden figure emerged. The Heavenly Talent used the secret method of Sea God Descends.

On the other side, a waterman, a big fish, and a big mantis shrimp appeared.

“Hoop!”

As soon as the Phantom Glass Wings spread out, Han Fei flew out with a swish. In an instant, dozens of golden fist marks burst out.

On the other end, Li Luoluo giggled, and colorful insect grass erupted.

The Heavenly Talent shouted angrily, “Han Fei... You are destined to be my... Agh!”

Dum! Dum! Dum!

Han Fei punched the harpoon, which bent in the hands of the Half-Merman with a single blow, and then crushed his secret method in a flash.

As Han Fei’s figure flashed, he repeatedly bombarded the Heavenly Talent on the ground, muttering, “Bullsh*t, you idiot!”

The Void Lines attached to this person. The next second, a seal hit down. It only took Han Fei 2 minutes to knock out the guy.

Then Han Fei turned this sea demon into his puppet.

That sea demon of the peak-level Sea Demon Realm that was controlled by him had been killed, so this guy would be his new puppet.

After reading the information in his mind, Han Fei saw images of the Ten Thousand Demon Valley but nothing about this ancient battlefield. It seemed that the Void Lines were not omnipotent!

At this moment, Han Fei could only see the chaotic battle scenes in the Sea Demon Colosseum.

“Ahhhhh!”

Awakened by the screams, Han Fei quickly looked back and found a sea demon had turned into a colorful statue. The two others were scratching themselves frantically but were soon killed by Li Luoluo.

Li Luoluo looked at the Half-Merman who stood up again curiously and asked, “What’s wrong with him?”

Han Fei grinned. “He’s controlled by my Soul Technique.”

“Soul Technique?”

Li Luoluo’s eyes widened. *Han Fei is so scary! He has mastered such a creepy technique! Fortunately, I’m his neighbor. Otherwise, I might be in danger.*

Han Fei didn’t know what Li Luoluo thought. In Han Fei’s view, Li Luoluo was the one who was scary. This woman was so perverted that she turned people into works of art, which was creepy.

After a while, the two grabbed four Sea Swallowing Seashells.

Li Luoluo said, “One piece for you, one piece for me, one piece for you, one piece for me...”

Han Fei said impatiently, “I didn’t expect you to be quite greedy for money. I’ll take this one, and the other three are yours.”

Li Luoluo snorted. “Do you think I’m stupid? The good things are all in this one.”

Han Fei scoffed. “Fine. You can take half of the Semi-Divine weapons in this one. Do you want the other things in it?”

Li Luoluo giggled. “No. I’ve already had too many ultra-quality spiritual weapons.”

The two talked and suddenly looked back, only to find that the sea demons that Li Luoluo had killed were suddenly entangled by countless vines, and then a large piece of vegetation got into their mouths.

“Huh~”

Li Luoluo and Han Fei both shuddered. *The forest ate them?*

Suddenly, Han Fei found that vines were trying to entangle the Half-Merman Heavenly Talent controlled by Han Fei.

“Humph!”

The Infinity Water swept over and large swathes of vines fell apart.

Han Fei said coldly, "If it's for you, you can take it. But if it's not for you, you need to leave it alone!"

Sure enough, those vines began to shrink, and everything returned to silence.

Li Luoluo said in surprise, "It's amazing. This forest is really alive."

After Han Fei looked at the people swallowed by the vines and found that their flesh and blood were withering. He sent out a Void Line, only to find that the souls of these people were gone.

"Huh?"

"What's the matter?"

Han Fei frowned. "I can't feel their souls."

Li Luoluo said casually, "They're dead, so their souls dissipated!"

Han Fei shook his head. "How can it be so fast? Hmm... Let's keep going and see what'll happen."

...

Half a day later.

Han Fei and Li Luoluo had already encountered five waves of sea demons, with more in number each time. However, fortunately, the two were strong enough.

For Han Fei, even if all these five waves of sea demons were put together, they were not his match.

At this moment.

The weird trees and vines were giving way. Han Fei and Li Luoluo walked deeper.

Suddenly, Li Luoluo stopped. "It's not right this time. There are a lot of vines and insects gathering around."

Han Fei's face turned cold. "Are insects a problem for you? Can't you control them?"

Li Luoluo exclaimed and said, "But there are so many of them that I doubt the forest wants to eat us!"

Han Fei was speechless. "Then try to control them! Control the insects to eat this forest."

Li Luoluo rolled her eyes. "How can it be so easy? I can control hundreds, thousands, or even tens of thousands, hundreds of thousands, but how can I control millions of insects?"

As soon as she said so, countless hermit insects and gray vines came from all directions.

However, these insects were divided into two batches and were fighting and biting each other, which must have been because of Li Luoluo.

Han Fei sneered. "The forest can't kill us with sea demons, so it wants to use insects and vines? What an evil forest!"

Hum!

The Infinity Water dispersed, and a hundred meters around Han Fei turned into a sea of knives. The knives were flying across, and no vines could gather up.

Li Luoluo became serious. "Han Fei, I'm afraid I can't block this!"

Then a strange, colorful plant that resembled vines, insects, and grass appeared in front of her, and a colored haze was scattered.

"Puff!"

Li Luoluo spouted a mouthful of blood. "Humph! When I become a Law Enforcer, I'll flatten this damn forest alone!"

Tens of thousands of colorful insects could hardly resist the insect tide army!

Only ten minutes later, these colorful insects had been gnawed away.

Han Fei stomped and a Spirit Gathering Array appeared. Silks of spiritual energy shot out of his fingertips and entered Li Luoluo's body. The latter immediately perked up, ready to continue to control the insects.

Han Fei said, "Take a rest to recover. Let me try."

Li Luoluo still had some insects left, but they were her last resort.

As Han Fei concentrated, the knife that the Infinity Water turned into became smaller and smaller. At first, it was a long knife, then became the size of a kitchen knife, and finally became the size of a flying dagger.

Boom... Boom... Boom...

The Infinity Water, like a meat grinder, was stirring frantically, and within a hundred meters, anything approaching it was crushed.

Even so, there were still many insects escaping.

However, the insects controlled by Li Luoluo were still here, so these escaping insects all became Li Luoluo's property.

This process lasted for more than two hours. In the end, Li Luoluo managed to control forty to fifty thousand new insects.

Hmm!

Han Fei felt dizzy. "Your turn."

Han Fei went to take a rest and Li Luoluo took his place. She said, "We can't go on like this. In the ocean, there are almost endless insects! This forest is so vast and there are so many insects. We can't just keep killing the insects."

Han Fei drank several sips of Spirit Awakening Fluid, stuffed mint leaves in his mouth, and slashed to death the puppet Half-Merman that had been following him. He needed to absorb some soul power.

After half an hour, the insects controlled by Luluoluo were almost all dead, and the corpses of the insects were piled up like a mountain. Luluoluo's face was pale. "Can you still fight?"

Han Fei bared his teeth. "Sure!"

Chapter 908: The One Behind The Scenes

At this time, there were only a few methods that would work, and the most effective of them was the law of gravity.

Although Han Fei was reluctant to expose this power in front of Li Luoluo, he had no other choice! Li Luoluo was only a peak-level Hidden Fisher, and she certainly couldn't fight this weird forest alone!

As Han Fei issued an order in his heart, the Infinity Water was taken back.

Seeing this scene, Li Luoluo was surprised. "Are you sure you have a way? Here they come..."

With a smile, Han Fei turned his palm over and pressed down. The terrifying gravity crushed all the hermit insects that were gathering up within a hundred meters.

Han Fei didn't even need to use the Overlord's Technique. His strength had gradually increased to around 7 million kilograms.

If even this power couldn't kill these little insects, this forest would be too horrible!

"Wow! A law?"

Li Luoluo was stunned and said in surprise, "Han Fei, you mastered the power of a law?"

Han Fei shook his head. "No, This is not a law, but a combat skill."

Li Luoluo snorted. "Liar! What combat skills could be so powerful? This is obviously the power of law, the law of gravity... God! You have mastered the power of law before you became a Law Enforcer!?"

Li Luoluo's eyes were glowing, and Han Fei felt a chill down his spine.

Han Fei said to the uninhabited forest, "Good, very good! We never wanted to offend you, but you wanted to kill us. Then let's see who will win then!"

Han Fei looked at Li Luoluo who was still looking at him with glowing eyes and said, "Come on, let's fight our way in."

Li Luoluo said happily, "Okay! Let's destroy this forest."

However, at this moment, the road in the forest had disappeared. The trees and vines blocked the road.

"Ha!"

Han Fei sneered. "Do you think you can stop us?"

Han Fei stepped over the insect corpses and headed straight into the forest.

Wherever Han Fei went, except for the tall trees, all the remaining spiritual plants were pressed to the ground.

Although spiritual plants could exert infinite power with the help of the earth, they were still unable to withstand this force.

Under this pressure exerted by Han Fei, in addition to trees, many plants and grey vines were crushed.

Han Fei saw some weird flowers and plants trying to stick out their barbed thorns at him. However, under gravity, not even one plant succeeded.

Han Fei glanced in Forge the Universe. At this moment, Little Black and Little White were still swimming in the water and hadn't completed their evolution. He could only look at Li Luoluo. "Can you find this b*stard's position?"

Li Luoluo said, "I only know that most insects come from here."

Li Luoluo pointed to the front left, and Han Fei said, "Let's go! No matter what, go there first!"

The two rushed forward. Along the way, whenever there was an obstacle, it was destroyed by the law of gravity in an instant.

...

Somewhere in the forest.

Endless flowers and plants were blooming. Outside, a large number of corpses piled up. And in this field of flowers, a woman who looked extremely gentle suddenly said in surprise, "Huh! They retreated?"

Another place.

A big black hole erupted, and countless insects were swallowed by the black hole. Le Renkuang roared, "Swallow, swallow, swallow. Let me swallow you all!"

Luo Xiaobai's eyes turned white. All kinds of poisonous vines were densely covered, and within a radius of more than 500 meters, there were insect corpses everywhere.

Zhang Xuanyu kept using the Nine-Layered Waves in the Furious Sea, and the waves were endless.

Zhang Xuanyu was speechless. "This damn demonic forest! If I catch the guy behind this, I will stab him to death."

Suddenly, Luo Xiaobai's eyes returned to normal, and she pointed in a direction and said, "The insects have retreated, in that direction."

Le Renkuang stopped the Sky Swallowing Technique, holding Luo Xiaobai's vines and panting hard. "I hate insects, but I ate so many insects this time. So gross..."

Zhang Xuanyu patted him on the shoulder. "It's okay. It's said that insects are actually quite nutritious."

Le Renkuang wailed, "Then why don't you eat them?"

Zhang Xuanyu said leisurely, "I don't have your appetite!"

Le Renkuang: "..."

Luo Xiaobai said, "Let's catch up with them. If my guess is right, the one behind this just wants us and the sea demons to fight each other. After we killed the sea demons, he sent the insects over. So he just wants us to die. I think we are not the only ones looking for him."

...

Indeed, it wasn't just them who were looking for the one behind this forest.

But Luo Xiaobai's guess was not entirely correct, and not all the sea demons were dead.

Rather, under the arrangement of the mysterious existence in this forest, the sea demons in some areas were dead.

However, the sea demons also thought that the humans were all dead.

Therefore...

When Han Fei and Li Luoluo ran for less than 1,000 kilometers, they discovered that several passages had appeared in the forest that led to a large clearing.

In this clearing, there were 17 sea demons, including 9 captain-level powerhouses at the peak-level of the Sea Demon Realm, and 8 Half-Mermen Heavenly Talents.

All the 17 sea demons were wearing golden battle suits and holding golden harpoons.

Li Luoluo stamped her feet. "This damn forest is really bad! We're in trouble this time!"

Han Fei couldn't recognize the sea demon's faces well and felt that some of them seemed to look familiar. They had to be the ones who survived the demonic forest passage.

However, Han Fei didn't know their names at all.

On the opposite side, these sea demons were stunned too. Seeing the insect tide receding, they thought the guy behind the scene couldn't hold on any longer. Who would have expected that the guy brought so many people together?

Seeing Han Fei and Li Luoluo, they got excited.

Someone's eyes flickered. "It's Han Fei, haha... No wonder, no wonder so many powerhouses have gathered. It's because of him."

Everyone looked at Han Fei, but didn't take Li Luoluo seriously.

A Heavenly Talent shouted, "It's Han Fei, ha..."

Another sea demon grinned. "He is mine."

Someone snorted, "He is yours? Qiannian Chen, just because Lord Qiannian Ying is your adoptive father doesn't mean you can do whatever you want! Have you asked us if we agree?"

Someone sneered. "Qiannian Chen, we all have a chance to take Han Fei's head. Do you think you have special privilege?"

Another expert shouted, "Anyway, let's get him!"

Someone sneered, "If we kill him, whose credit will it be?"

Han Fei listened and was speechless. *Are you so sure you can kill me?*

Although 17 enemies is quite a few, none of them are at the Sea Spirit level!

Even if you ganged up on me, so what? Wanna try the Overlord's Technique and the law of gravity?

Han Fei said to Li Luoluo, "Let's kill a few of them first."

"They're all at the peak level! I think I can kill five."

Han Fei glanced at Li Luoluo in surprise. *Five? This girl is tough!*

Han Fei scratched his head and said to the sea demons, "Are you going to challenge me one by one? I have no objection."

Someone immediately sneered. "Challenge? Han Fei, do you think you can leave alive today?"

Han Fei shrugged. "So, you want to fight me together?"

A Heavenly Talent bared his teeth. "Of course, do you think we would underestimate your combat power? Humph..."

Swish!

While this person was speaking, Han Fei flashed five times and rushed into the crowd.

The Overlord's Technique was suddenly activated. This time, he didn't even bother to use the Nine Mansions Dragon Seal as a cover and flew over as quickly as possible. In a flash, a terrifying power fell.

Li Luoluo was dumbfounded. *Wow, he is so quick!*

Even Li Luoluo didn't have the time to react, let alone the sea demons. Almost in an instant, everyone fell to the ground.

"No, use..."

The sea demon hadn't finished speaking, and Han Fei had already appeared next to him. As he threw the Void Lines on the sea demon and activated the Draw Technique, the latter died.

Someone was shocked. "A law, it's the power of a law."

Han Fei flashed again and appeared next to the speaker who hurriedly guarded himself with a golden harpoon.

However...

Puff!

Han Fei stabbed him in the neck with a knife. "Surprised? I can not only cut with a knife, but also stab with a knife."

Then he threw the Void Lines on this sea demon's body, preventing him from using the Immortal Seal.

When Han Fei was about to attack the third sea demon, almost all the sea demons had been on alert. In the face of a person who had mastered the power of law, they had to activate Sea God Descends to save their lives.

However, at this moment, Li Luoluo had already rushed over. Her eyes were red, and she quickly skimmed past a few sea demons.

The eyes of those who were targeted by Li Luoluo were full of insects. At the same time, colorful flowers bloomed everywhere and vines and grasses were rampant.

Someone shouted coldly, "It's an illusion. Don't be fooled..."

Li Luoluo giggled. "Illusion? Are you sure?"

Han Fei saw that there were really insects all over those people. Li Luoluo knew the power of the law of gravity, so at the moment when the other party wasn't prepared, she launched the attack, making people mistakenly think that this was an illusion.

Even Han Fei felt sorry for these sea demons. It was really hard to imagine the feeling of having a lot of insects getting in one's own body!

Of course, Han Fei didn't stop either. He raised the knife and chopped down, killing another sea demon. This was his fastest reaction.

Due to time issues, Li Luoluo could only control 3 sea demons, and he had killed 3. The remaining 11 had activated Sea God Descends, and golden shadows appeared one after another.

Han Fei suddenly grinned. *Do you really think this is just pure gravity?*

He clenched his fist. "Shake."

Within the entire gravity coverage area, gravity fluctuated. The sea demons had just got up but soon fell down again.

Chapter 909: The Real Variety Devil Girl

This time, the Void Lines caught three sea demons at once. Han Fei was not prepared to give them a chance to escape at all.

Although this would be very laborious, he did not need to control these sea demons, he just needed to prevent them from using their Immortal Seals.

With the law of gravity alone, Han Fei was able to become a Law Enforcer. But after all, he wasn't a Law Enforcer yet, so he'd better solve them once and for all.

"Draw!"

Puff, Puff, Puff!

With three consecutive slashes, Han Fei used all his spiritual energy without even bothering to use the spiritual energy reserve.

"Ah! Secret method, blood burning..."

Han Fei's eyes narrowed. The five sea demons performed another secret method at the same time! Feeling that the law of gravity was unstable, Han Fei immediately shouted, "Kill them. We can't wait anymore."

And Li Luoluo had already taken action. The three guys controlled by the insects would immediately become works of art without Li Luoluo doing anything.

Li Luoluo launched an attack on another sea demon. In addition to being a special manipulator, she was also a hunter, a powerful hunter.

Han Fei waved his hand and two fish-skin maps flew out, one a maze array, the other a flashing array.

At this moment, his figure appeared next to a sea demon with a swish, activating the Nine Mansions Dragon Seal with his left hand, and brandishing the Blood-Drinking Knife with the right. At the same time, a Void Line caught this sea demon.

"Explode!"

Someone felt that they were going to die because Han Fei had already appeared, so they chose to explode their Semi-Divine battle suits and harpoons.

With this explosion, Han Fei and Li Luoluo flew out at the same time and were shaken back.

"Damn it, you don't even want your life? Why the hell did you learn from Yue Shier?"

When the two Semi-Divine weapons were detonated, the sea demon was also shaken off. Han Fei attached the Void Lines to him and then slashed.

When he activated the Air Breaking Strike, that sea demon used the Flying Flower Demon Flash and dodged it.

Li Luoluo took the opportunity to kill one sea demon. Seeing Han Fei had seriously injured this sea demon, she flashed to the front of the sea demon and stabbed at him with two daggers.

Taking this as an opportunity, the Heavenly Talent named Qiannian Chen immediately shouted, "Go to hell!"

When Han Fei saw the guy pull out a ball full of demonic energy, he frowned and shouted, "Liu Luoluo, come back soon."

The ball had opened in the blink of an eye, and inside was a weird scorpion tail. Suddenly, the scorpion's tail grew larger and larger. What could be seen was that there were three layers of extremely sharp blades on the scorpion's tail. In a moment, the scorpion grew hundreds of meters long and swept across.

"Haha! Go to hell? I'll definitely stop in on my way to the Royal City..."

Li Luoluo screamed, "This guy is crazy. It's a one-time use, high-quality Divine weapon."

While speaking, Li Luoluo appeared next to Han Fei and then stood behind him.

There were originally only 6 sea demons left. Two of them blocked the way of the scorpion's tail and were cut into three sections as it swept past.

Han Fei scolded, "B*stard, you even attacked your companions?"

In an instant, the Infinity Water condensed on Han Fei's palm and was thrown out by him.

"Blast!"

Boom...

The Infinity Water that had just recovered exploded again, which made Han Fei very unhappy. The guy behind all of this hadn't been found yet! But he had thrown out his trump card, which really pissed him off.

The violent force set off turbulence in the forest. Han Fei and Li Luoluo were sent tens of meters away, knocking more than one tree down.

He kept spurting blood, and a Coiled Turtle Array was shattered in an instant. Fortunately, he protected Li Luoluo. Otherwise, the latter would have been injured even more seriously than him.

The fighting sounds resounded across hundreds of kilometers. And on the plot of land, within a kilometer, everything was crushed.

Puff!

Han Fei vomited another mouthful of blood and cast a Divine Healing Technique respectively on himself and Li Luoluo. Then he glanced at Li Luoluo who was also spurting blood and said, "Let's go and see... Huh... Your face..."

Li Luoluo's hair was scattered, and her face was stained with all kinds of colors.

When the fierce wave rolled past, Han Fei was surprised to find that Li Luoluo had been wearing a mask. She actually looked like a pure porcelain doll, which was in sheer contrast to her usual odd style with green lipstick and black eyeshadow.

Hum!

Li Luoluo bared her teeth. The colors recombined, and her original face was restored.

"I'm gonna kill them... Puff..."

"Huh?"

Han Fei raised his eyes to look at the sky as if he hadn't seen anything, because Li Luoluo was infuriated and her momentum soared sharply. In Han Fei's eyes, she suddenly became blurred, and there seemed to be eight or nine Li Luoluos.

At that moment, Han Fei seemed to understand something.

Whoosh!

Li Luoluo rushed out. When Han Fei hurriedly followed her up, he found that Li Luoluo had turned from a hunter to a violent woman, brandishing the stick in her hand frantically, a bit like when Xia Xiaochan got mad.

But that was not right!

At this time, Li Luoluo suddenly put away the stick, and a pair of scissors emerged from her body.

With a click, she cut the tail.

For a time, on the colorful vines, weird insects crawled out to cover the sea demon.

Now there were only 2 sea demons left, as the others were blown away by the detonation of the Infinity Water.

Among them, one was killed by Li Luoluo, and the other was still lying in the pit, groaning.

Without saying anything, Han Fei threw out the Void Lines and then chopped that sea demon to death.

“Giggle, giggle!”

Just as Han Fei was about to find other sea demons, he suddenly heard a burst of laughter.

Li Luoluo was speaking to an insect with joy, “Little cutie, you finally came out. Let’s eat fish!”

Han Fei shuddered. *Is she schizophrenic?*

The furious girl was laughing so happily now? And she ran into the woods with thousands of insects...

Han Fei didn’t even want to follow her. Now, he didn’t want to have any contact with Li Luoluo.

Now he knew why she was called Variety Devil Girl!

Han Fei flew away. Now, there should be four more sea demons, and Li Luoluo should be able to solve two of them.

He wanted to find the sea demon that used the one-time use, high-quality Divine weapon. That guy was quite tough and his status was definitely not low, so he had to find a way to kill him.

He split the Void Lines into 30, with which he soon discovered Qiannian Chen who was on the run.

He was blocked by a lot of insects on the road, unable to escape.

Han Fei grinned. *It seems that the one behind the scenes doesn’t want this guy to run away!*

Swish!

It was only dozens of kilometers, and Han Fei had arrived after only flapping his wings twice.

When Han Fei arrived, the insects had run away before Han Fei did anything.

Qian Chen turned his head, his face all dark. “Han Fei...”

Han Fei bared his teeth. "Phew, you can't run away! Look, the guy behind the scenes doesn't want you to go. After all, you are quite strong. Anyway, as long as you die, you will be his nourishment. Instead of killing you, he might as well let me kill you for him."

With that, Han Fei said to the big tree next to him, "Am I right? Smart move."

Qiannian Chen frowned. "Han Fei, do you really think you can kill me?"

Swish...

In the blink of an eye, Han Fei flashed to Qiannian Chen, and the latter immediately divided into several clones in a swoosh.

Han Fei sneered. "Clones? That's already outdated... Huh? Not clones... They have power."

Han Fei grinned and also divided into a few clones. At this moment, one Han Fei was holding the golden seal in his hand, one was holding the Demon Slaying Spike, and the other was holding the Silver Stick.

"I forgot to tell you my clones can fight too."

Han Fei had discovered that all his clones had combat power. If he didn't deliberately let them disappear, they could last for an hour or so.

As for their power, they were certainly inferior to his original body, and they could only make one strike.

However, that strike would be able to kill an intermediate Hidden Fisher.

If the clone used a Semi-Divine weapon, it might even beat an advanced Hidden Fisher.

Qiannian Chen didn't speak, but flashed to stay a hundred meters away from Han Fei, staring at Han Fei viciously.

Han Fei smiled and said, "I know you are stalling for time. Probably for some special move. But, how do you know that I am not stalling for time too?"

Clatter!

As Han Fei snapped his fingers, something seemed to be shrinking in the water.

In order to let Qiannian Chen's guard down, Han Fei threw the Void Lines into the air, which would look like a spider web. As long as he pulled in the net, the other party had no chance to escape.

"Go to hell!"

Qiannian Chen knew that he couldn't wait any longer. His hair turned white in an instant, and a strange force enveloped Han Fei.

"Screw you!"

Han Fei hurriedly retreated. He knew this sea demon was different. He actually had a way to control time.

As far as he knew, the Leafless Tree had this ability, but he didn't expect that this sea demon would have the ability too.

Qiannian Chen laughed out loud. “Han Fei, do you think you can escape? My foster father ranks No. 1 among the Eight Wings of Blue Feather, so how can I be weak? Although you made me lose 200 years of longevity, it’s worth it... After killing you, I’ll be able to go to the Royal City... Wait, why are you still standing?”

Han Fei was also dumbfounded. Although he reacted very quickly, time shouldn’t have anything to do with distance.

Around him, the vines withered, big trees shrank and lost their vitality, but he was unscathed.

Han Fei couldn’t help but look at the flickering ring on his hand. *Can the ring given by the Time Dragon Carp resist the power of time?*

Han Fei scratched his head. “Although this matter is difficult to explain, I don’t think you need to listen to my explanation anymore. Die!”

Buzz!

The Void Line net shrank and tied Qiannian Chen up.

Han Fei’s clones rushed out at the same time, attacking Qiannian Chen’s clones.

Puff!

Han Fei beheaded Qiannian Chen with a single slash. As for his clones, most of them were gone at the moment. Well, there was only one left, and it ran into the woods but was overtaken and killed by Han Fei.

“Humph! Qiannian Ying ranks No. 1 among the Eight Wings of Blue Feather, but you don’t. Who do you think you are!?”

Chapter 910: Bro, Please Behave Yourself

Han Fei looked down at the ring in his hand. Wow! He had thought that this ring was useless, but it turned out that it had such an amazing effect. With it, he could ignore the law of time.

“Huh? Where is Li Luoluo?”

Han Fei quickly put away his weapons, stuffed an energy fruit in his mouth, and immediately went to search for Li Luoluo.

Regardless of whether Li Luoluo was schizophrenic or not, this girl was very strong and could be a good helper.

In fact, except for Ning Jingyao, Nameless, and Du Jiangliu who he was familiar with, he didn’t know the people in the Empyrean Waterfall well.

He had witnessed how brave Yue Shier was.

Now, he had experienced the strength of the Variety Devil Girl.

It was said that Youye was also here. He wondered how strong she was.

As for the Luo Xiaobai trio, Han Fei wasn't quite worried about them. Le Renkuang's Sky Swallowing Technique was very powerful and had a peculiar effect. These insects shouldn't be able to stop him.

He was just worried that they might encounter many sea demon Heavenly Talents, but it wasn't very likely. There were a total of about 5,000 sea demons here, and the ancient battlefield was huge.

What he and Li Luoluo met should be the strongest group! They were also by far the strongest group of sea demons Han Fei had ever fought against.

...

After a while, Han Fei had collected the Sea Swallowing Seashells and found an artwork sculpture and some hanging bodies whose blood and flesh had been swallowed by vines.

When Han Fei found Li Luoluo, she was squatting on the ground. In front of her, there were rows of insects, which were in colorful formations like soldiers.

Han Fei looked around and didn't see any sea demons. Were they swallowed by the forest?

Han Fei couldn't help but walk two steps forward. "Li Luoluo, what are you... Doing?"

Seeing that Li Luoluo suddenly turned her face to him, Han Fei took a step back in shock. She had become an innocent little girl again.

Seeing the strange makeup on Li Luoluo's face disappear, Han Fei was a little nervous. This was not a good thing. It showed that Li Luoluo's schizophrenia was very serious.

Li Luoluo grinned. "Brother, I'm watching the insect soldiers killing each other."

Han Fei raised his eyebrows. "Uh... Well, little girl, what shall I call you?"

Li Luoluo smiled and said, "My name is Li Keke."

Han Fei was speechless. *I haven't seen this kind of thing happen before. What should I do?*

"Ahem... Keke! How old are you?"

"Eight years old!"

Han Fei felt a chill down his spine. *Sh*t... Does Li Luoluo have an eight-year-old identity?*

Han Fei said in fright, "Keke, watch it after we leave this forest, OK? Right now, are you going to fight bad guys with Brother?"

Li Keke immediately jumped up. "Keke is going to beat the bad guys. Brother, don't be afraid. Keke is very powerful!"

Han Fei lowered his head and said, "Hmm, let's go! Protect me... Yes, you protect me..."

Han Fei was speechless. *Protect me? Aren't I the babysitter?*

However, Han Fei smiled secretly. Since Li Luoluo had become Li Keke, he could take all the spoils this time.

Nice, at least no one would snatch things from him now.

“Brother, hold my hands.”

Han Fei: “???”

But Li Keke had already pulled Han Fei to run out with her.

Han Fei was speechless. *Why do I feel a bit guilty?*

Han Fei shrugged, stretched out his hand, and the Infinity Water returned to his palm. After a while, Infinity Water began to absorb the essence of water again.

Han Fei had discovered last time that Infinity Water continuously absorbed the essence of water, and it would take one to two days for it to make a perfect self-detonation tool. As his strength increased, the power of its self-detonation would be greater.

Although it could explode for the second time, the power was definitely reduced a lot, so Han Fei didn't plan to use it now.

...

About an hour after Han Fei left, the Luo Xiaobai trio came over.

However, at this moment, the corpses of the sea demons had all disappeared, being dragged away by the vines and sucked dry.

Le Renkuang looked at the huge pit in the ground and was surprised. “What a violent battle...”

Zhang Xuanyu said in astonishment, “Many people must have died here. Were they killed by a human or a sea demon?”

Luo Xiaobai suddenly said, “Han Fei did it.”

“Huh?”

“What?”

Glancing at Le Renkuang and Zhang Xuanyu's stunned faces, Luo Xiaobai asked, “Can't you even feel the aura of Han Fei?”

Le Renkuang immediately laughed. “Haha! I knew he was okay. But what is he now?”

Zhang Xuanyu pointed to the side road and said, “Here! He must have left from here.”

It was because the ground where Han Fei walked was unusually solid. The vines were crushed flat on the ground.

Luo Xiaobai frowned. “I'm just wondering, why didn't the person in the forest smooth out the path here?”

Zhang Xuanyu smiled. “It shows that he is not omnipotent. He just controls everything from a distance. And the huge destructive power makes him no longer able to control the environment here.”

Luo Xiaobai nodded slightly. "It's possible. Let's go! Catch up with Han Fei and check it out..."

Han Fei was telling stories while walking.

"Once upon a time! There was a huge castle in which lived a vicious queen and a girl named Snow White... Snow White and the seven dwarfs lived a happy life ever after..."

Li Keke cried, "Bad woman! She used the poisonous apple... Brother, what is an apple?"

"Uh... It's a spiritual fruit?"

With that said, Han Fei took out a spiritual fruit and took a bite. "Apple is a kind of spiritual fruit."

Grunt!

"Brother, I want to eat too."

Taking up so many things from the little girl, Han Fei graciously took out a spiritual fruit and handed it over. "Keke, do you know where the bad guys in the forest are?"

Li Keke said, "Ask the insects!"

As she said this, a small centipede appeared in her palm.

Li Keke asked innocently, "Little insect, do you know where the bad guys are?"

Then she raised her head. "Brother, it doesn't know."

Han Fei rolled his eyes helplessly. *Forget it, I'll figure it out myself!*

Han Fei pinched his fingers and tried to calculate the location of the most dangerous place and he quickly found the right direction.

Before Han Fei walked far, he heard someone shouting in the water, "Feifei, Feifei, are you here?"

Han Fei was stunned. "Zhang Xuanyu?"

Han Fei smiled immediately. "Yuyu! Here, here..."

However, there was no response.

Then he remembered that he had clairaudience. Zhang Xuanyu and the others could still be some distance away from him.

On the other side, the Zhang Xuanyu trio was fighting.

Luo Xiaobai was controlling the poisonous weeds and vines to kill the insects. At the same time, she said to Zhang Xuanyu, "It's too far. Han Fei is unlikely to hear."

Le Renkuang had activated the Sky Swallowing Technique and was devouring. Only Zhang Xuanyu was idle.

Zhang Xuanyu said in frustration, "The b*stard in the forest just doesn't want us to meet each other! Otherwise, he wouldn't have sent the insects over again."

Luo Xiaobai said flatly, "This is a good thing! It means that the one inside is not strong. He is afraid that we will get together."

Zhang Xuanyu muttered, "But it'll take a long time! By the way, are there endless insects here?"

Luo Xiaobai hummed. "And there are also vines. However, within ten kilometers of me, I can compete with him for control of the spiritual plants, and I'll win."

About half an hour later.

Zhang Xuanyu exclaimed, "Why are there more and more insects? Gosh, the number has doubled."

Le Renkuang was busy swallowing, his eyes already green. Now he just wanted to pass out.

Luo Xiaobai said, "It seems that the guy is anxious. Why is he anxious?"

Boom! Boom...

The three of them looked to one side, where the ground was shaking and it was exactly where the insects came from.

Le Renkuang said, "No! I can swallow small insects, but if they're too big, I'm afraid I will have indigestion."

However, at this time, they saw colorful rays of light erupting in the depths of the forest.

Zhang Xuanyu was stunned. "Oh, no! It must be poisonous insects this time."

As soon as he finished speaking, he saw a large swath of colorful insects popping up from the ground.

Luo Xiaobai and Le Renkuang both glared at Zhang Xuanyu.

However, what was beyond their expectation was that these poisonous insects began to fight against the insects gathering up, and in a moment, most of them were killed or injured.

Seeing the insect tide receding, everyone was puzzled, and then they saw Han Fei holding a girl's hand and running over.

Le Renkuang was overjoyed. "Oh... Feifei, you are finally here."

Zhang Xuanyu's eyes lit up, and he stared at Li Keke. "My God, she's cute..."

Luo Xiaobai asked coldly, "Who is she?"

Before Han Fei answered, Li Keke bowed respectfully and said politely, "Hello, handsome brother, beautiful sister, and chubby brother, my name is Li Keke. I am eight years old this year..."

Everyone: "???"

The three of them all looked at Han Fei wondering what the hell was going on!

With a grimace, Han Fei said to them in a voice transmission, *She is Li Luoluo from the Emyrean Waterfall. She has multiple personalities. This is one of her personalities, only eight years old.*

The Luo Xiaobai trio looked at each other. *What? Did I hear that wrong?*

Zhang Xuanyu was the first to react. "Alas, what a pretty little girl. Let me hug you..."

Before Han Fei could stop him, Zhang Xuanyu had already embraced her.

Next second.

BAM!

Zhang Xuanyu flew out and sat on the ground with a dazed expression.

Li Keke seemed to change into another person. She stared at Zhang Xuanyu with a serious face. "I'm Li Kuang. What did you want to do to me?"

Han Fei: "???"

Everyone: "???"

Then Li Luoluo, who was now Li Kuang, turned to look at Han Fei and looked down at their holding hands. Then both of them shivered and looked disgusted.

"Huh~"

"Huh~"

Li Kuang rubbed 'his' hands in disgust. "Bro, please behave yourself."

Han Fei: "..."
