

SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 101 - TROUBLE

At night, when Mama Shi spent the night at the company and did not return, Shi Qi turned off her cell phone and took out the exercise book in her bag.

She clutched the pen, wanting to numb herself with study, but when she saw the physics exercise books, she again indisputably red-eyed.

She turned her hand and slammed the physics exercise books to the corner and took out her English exercises.

Fie! Even if I study, I don't want to use the exercise books the bastard bought!

But she just took out the same pen as Si Eucalyptus from her pen bag, and her heart sank again.

When Qi was so angry that she threw the pen into the drawer and took out another cartoon ballpoint pen, but just as she opened the English exercises, a face with a calm expression appeared on the top of the page...

"Ah!!! I'm so annoyed!"

When Qi "snapped" closed the book, the contents of the school bag a brain dumped on the table, and from the closet took out a white shoulder canvas bag, put the things into it.

In the pen bag...those same pens, erasers, rulers, etc., were all thrown into the closet with the same bag!

She didn't want to see anything that was related to or reminded her of Si Eucalyptus now.

When Qi turned off the light, her whole body buried in the blanket.

The first thing you need to do is to get a good idea of what you're doing.

In the end, he did not knock on the door, sighed slightly, and turned around and entered another door.

...

The next day

The next day, when Dicky was wearing two "panda eyes", breakfast did not have the appetite to eat, carrying a school bag and went out.

The elevator door had just closed when she saw the figure of Si Eucalyptus with his school bag appearing and walking towards the elevator.

When she saw the number jumping, she was relieved, but then suddenly lost.

The first thing you need to do is to get a good idea of what you are afraid of.

The first thing you need to do is to get a good idea of what you're doing.

This knowledge makes his heart ache, the world he lives in also seems to have shaken a little, everything around him is slowly collapsing...

It's almost December, but I feel like I'm in a bitter snowy wind.

Cold.

...

Because he hadn't eaten breakfast, Timothy passed the first two classes in a daze.

When her stomach began to growl, she finally got up and wanted to go to the commissary.

When she got out of the classroom, he got up to follow her, looking for a chance to talk to her, but just outside the classroom door, he caught a glimpse of...

The image of her and another person walking down the stairs side by side.

The expression, with a smile on her face.

The company's main goal is to provide a good solution to the problem.

The two of them are in the pockets of the school uniform jacket, walking towards the stairs.

Xu Qingzhi took the booklet, turned to one of the pages, tore it off and handed it to her, "You are good at math, you can try to solve this problem."

When Qi took it over, glanced twice, but not seen the type of problem, a little interesting.

The company's main business is to provide a wide range of products and services to its customers.

Xu Qingzhi thought about it and took out a ball point pen from his pocket, "How much do you weibo, turn around and add you, you directly send weibo on."

Meet to give, is always a waste of some time to find someone and wait.

When Dicky took the pen and paper, wrote down his own micro signal on the paper.

When he arrived downstairs, Shi Qi asked him, "Are you also going to the kiosk?"

Could it be that Xu Qingzhi is also hungry?

Xu Qingzhi smiled, "No, I'm going to Mr. Yu's office."

When Qi waved his hand, "Then see you later."

"Okay."

The two of them went their separate ways.

The kiosk wasn't too crowded, so Shi Qi took a bottle of yogurt and bread and was about to check out.

The rest of my eyes caught a glimpse of the bunches of Alpine lollipops...

In case he suffers from hypoglycemia afterwards...

When Qi's face was wrinkled, she finally went up and pulled off a few lollipops...

She said to herself in her heart, "It's the candy that's good, it has nothing to do with someone..."

SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 102: COMPANION IN DISTRESS

In English class, the English teacher announced the news that Qi Qi would participate in the city English recitation competition as the representative of the senior class in half a month.

Xu Mirai was slightly surprised, "Qi Qi, you're going to participate in the recitation competition?"

Shi Qi nodded, "Yes."

Xu Mirai looked even more excited than Qi Qi, "Then I'll be there to cheer you on!"

The hand that was holding the pen of Time Qi paused.

In her previous life, she was well prepared, but on the eve of the competition, the script disappeared, and eventually had to go off the stage, so nervous that she forgot the words, and lost the competition.

The staff at the back of the field checked and could not find the lost manuscript, although everyone suspected that it was lost when the school left for the field, but it was all classmates...

Her bag has been Xu Mirai hold, Xu Mirai said that at that time someone shouted himself away, in between that time anyone may have moved.

But there is no substantial evidence, and no monitoring, and not good mutual suspicion.

This matter finally ended hastily.

"When seven, come to the teacher's office after school." The English teacher said, looking at Shi Qi's gaze, full of appreciation.

The company's main business is to provide a wide range of products and services to its customers.

Time Qi: "Got it, teacher."

After school, when Qi went to the office, in addition to the teacher, there were two students.

One was a senior who had met before, and the other was unknown.

The English teacher smiled and introduced the three, "This is Shi Qi, a senior."

"Shi Qi, this is your senior sister, Natalie Ye from the sophomore arts class, and senior brother Lin and Xi, both of whom are participating in the city English recitation competition this time."

Shi Qi froze, in her last life... the ones who participated in the English recitation competition, didn't seem to be these two?

It seems that sometimes there is indeed some butterfly effect.

"Brother and sister, how are you?"

This senior brother, Timothy had an impression, during the military training, he was the one who openly ate ice-cream in front of the sisters and brothers, and ended up being chased by Director Zhang...

And Nicco, although she didn't know her, she had an impression of her name in her previous life.

Xu Mirai often chanted in her ears that

Nicco was Director Zhang's niece.

What's more...

She and the super popular second year teacher, Mr. Song, developed into a teacher-student relationship, and Mr. Song resigned because of it, but it seems that they got married later?

It is said that Director Zhang carried a broomstick and chased Mr. Song for a few blocks...

Lin and the West is a little off-key nature, this time yawned, "good sister... teacher, can go?"

His little Qiaoqiao is still waiting for him to go home together.

The English teacher was used to not being able to control him, so she waved her hand and let him slip away.

Natalie was a bit withdrawn, and this time when Qi greeted her, she also nodded, "Hello."

"After that, you three should take care of each other in the competition, okay?"

"Got it teacher."

The English teacher dragged the two of them to chat for a long time, and when they came out of the office, the sky was getting dim and the clouds were dense.

Natalie frowned slightly and ran back to the classroom with small steps.

Timothy thought to himself, "Is it about something important?"

When she returned to the classroom, it was already empty.

When she returned to the classroom, it was empty.

The thunder rumbled, the sky began to rain, although not too much, but it seems that it will not stop for a while.

When she was sitting in the lobby of the school building with her backpack, she waited for the rain to stop.

After a while, she caught a glimpse of a figure standing in the corridor at the entrance of the school building.

She also looked like she didn't have an umbrella with her.

When she saw her "companion" in trouble, she was just thinking whether to go over and say a few words to her, when a silver gray car stopped at the entrance of the school building...

SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 103: LIKE YOURSELF, THAT'S THE RIGHT WAY

A man got out of the car, his body was tall and handsome, he walked quickly to Nicco's front.

After a while, Qi saw that Nicco followed the man to the car, and the car quickly drove away.

Qi was still a little shocked at what he saw.

So...at this time, Miss Ye and Mr. Song were already so "close"?

Sigh, Shi Qi, other sister Ye at least have someone to send.

Look at you, you can only wait here for the rain to stop.

Never mind, they say that children without umbrellas should learn to run, just run to the bus stop.

She propped her school bag on her head and was about to run with her legs, when she felt a shadow on her head...

When Qi's heart was happy, was it Si Eucalyptus?

She twisted her head to look, and what caught her eyes was Xu Qingzhi's face.

"It's you."

Xu Qingzhi was holding an umbrella, "Why haven't you left at this late hour?"

"No umbrella."

"I'll walk you." Xu Qingzhi didn't hesitate half a bit.

The actual fact is that you can find a lot of people who have been in the business for a long time.

When Qi wanted to refuse, but looking at the continuous rain, still nodded, "Just send it to the bus stop."

"Xu students, thank you."

"A show of hands, no need to be polite."

The two people just left the front foot, the back, Si Eucalyptus carrying a school bag, holding an umbrella in his hand, silently looking at the distant figure.

In my last life, Shi Qi never had so much involvement with Xu Qingzhi in high school, so why has it changed now.

Where exactly is the problem...

Xu Qingzhi sent Shi Qi to the bus stop and then left.

She sat at the bus stop booth, looking at the gray night sky and listening to the sound of rustling rain.

Usually, she went home with Si Eucalyptus, but today she was alone...

She felt uncomfortable and her heart was empty.

She felt that she was too impulsive yesterday, but it was just a kiss on the chin, he just felt sorry.

She said that kind of thing herself, and now, Si Eucalyptus also ignored her.

When Qi sat there dumbly, she didn't even notice that the bus had passed two.

The company's main business is to provide a wide range of products and services to its customers.

He did not want to regret like in his previous life, so he has been trying to take the initiative to get closer to her.

Every day, he waited at the elevator in a pinch and waited until she came out.

Every week I go to the supermarket to buy milk, although I know it is difficult for her to grow much taller, but I still like to see her drinking the milk I bought.

Taking the initiative to teach her physics, wanting to watch her come up one step at a time and post her name along with his on the grade list where everyone could see it.

He wanted people to think of the other one unconsciously when they mentioned one of them.

Because he knew she would choose badminton, he chose badminton, but to his surprise, she went to basketball, unlike in her previous life.

He was trying and inadvertently approaching her, careful, afraid of disturbing the little squirrel.

But... why would there be a different change from the previous life? Why would two people who didn't cross paths in high school in the previous life, in this life, become more and more acquainted.

These changes, so he had to worry, time seven she, in this life ... will still like himself?

He couldn't confirm it anymore.

But...even if the little squirrel likes Xu Qingzhi, he will still break her back from the bend.

Like yourself, is the right way.

When Qi propped up her school bag and got on the bus, raindrops fell on her shoulders, her feet hurried and stepped out a few splashes of water.

The company's main business is to provide a wide range of products and services to its customers.

On the bus, Shi Qi sat in the back row by the window, holding her cheek with one hand, her gaze falling outside the window.

The company's main goal is to provide a solution to the problem.

She really...hates riding the bus.

As soon as you get on the bus, you feel dizzy and uncomfortable.

The company's main business is to provide a wide range of products and services to its customers.

The melodious music rang in her ears, she froze, turned her head sideways and met the pair of deep and profound eyes...

SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 104 - SI EUCALYPTUS, YOU SON OF A BITCH!

"Si Eucalyptus?"

Shi Qi froze, didn't he leave a long time ago...how come he was here?

Si Eucalyptus pursed his lips and raised his hand to plug the other half of the headset into his right ear.

"Take a nap, I'll call you when you arrive."

His tone was calm and light, gently scratching at the tip of Shi Qi's heart.

When Qi momentarily do not know whether to be grateful or annoyed.

He now this as if nothing happened, is pretending that nothing has happened.

The actual fact is that you can't be a person who has lived for more than twenty years, and you can't be a high school student, which makes you look childish and petty.

So think, her heart is much more comfortable.

The company's main business is to provide a wide range of products and services to its customers.

The company's main business is to provide a wide range of products and services to its customers.

It's good that she didn't resist herself after all.

The headphones are slowly playing melodious music, when Qi is dazed, only to feel that the heart is light and fluffy...

It's the wedding in the dream.

I remember, a long, long time ago, the university had a live party, the equipment had an accident, she was a staff member at the time, temporarily on stage to save the day, playing, is this one....

It is also because of this one song, on the hot search, there is a well-known, began to shoot the drama and thus burst into popularity.

It seems like a long, long time ago, so long that she felt unreal, like in a dream...

When Si Eucalyptus saw that she was sleeping, he slightly stretched out his hand to block her head.

The rain gradually stopped, the city washed by the rain, looks extraordinarily beautiful, the car window outside a flash of the night scene, neon lights slightly bright.

I don't know how long it took, but when Timothy opened his eyes again, he had already arrived at the station.

Two people got off the car one after the other and walked back to the neighborhood.

In the end, no one spoke.

After coming out of the elevator, Shi Qi took out the key to open the door when Si Eucalyptus suddenly pulled her back.

The company's main business is to provide a wide range of products and services.

Is it to apologize for that incident again?

Si Eucalyptus pulled open his school bag, "I prepared an apology gift for you, don't be angry."

His tone was serious, and his expression was sincere.

The first thing you need to do is to get a good idea of what you're doing.

The company's main business is to provide a wide range of products and services to its customers.

The first time in two lifetimes, he gave himself a gift...

This newspaper packaging, I think it is also his own packaging.

"Okay, let's pretend that didn't happen."

The corners of Si Eucalyptus' mouth turned up slightly, so it was true, the method Zhou Yi said was useful.

To a girl carefully pick a gift to make amends, there is an eighty percent probability that she will forgive.

This is still the one he ran to pick as soon as school was over, "Do not open it to see, see if you like it."

When Dickie held the box with one hand, twisted his head and waved his hand, "Go back and look, thanks."

She entered the house in a happy mood.

The gods are still very attentive, and also give themselves a gift of reparation.

This means that he actually has a certain amount of weight in his heart?

...

Night

The first thing you need to do is to take a shower and wrap your hair in a towel and return to your room.

She glanced at the box on the table, which had not been opened.

She guessed in her heart what could be inside.

Such a flat box, eye shadow?

No, he didn't know anything about cosmetics.

Or is it a chessboard? But so light, it should not be.

Snacks? Cookies?

The more I think about it, the more I look forward to it, and take the small scissors, carefully cut the edge of the newspaper, afraid to cut bad.

The actual fact is that it is also hand-wrapped by the gods themselves and should be treasured.

Her heart was pounding...what would be the gift of reparation from the gods?

Half a minute later...

A doll on the bed was grabbed by Shi Qi and slammed against the wall, accompanied by an angry cursing sound...

"Si Eucalyptus, you son of a bitch! I want to cut you off for life!!!"

SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 105: FINDING SUGAR IN GLASS CRUMBS

The next day

As usual, Si Eucalyptus went out early and waited at the elevator door.

After a while, when he heard the sound of the door opening and closing, he pressed the elevator button, looked at the elevator door, and pricked up his ears to listen to the sound of footsteps.

When Qi walked over with his school bag on his back and his phone in his hand, his head bowed.

The corners of Si Eucalyptus' mouth lifted slightly and raised his hand and waved, "Good morning..."

When Qi glanced up at Si Eucalyptus, and did not speak, his gaze returned to the phone screen.

Oh, go embarrass yourself.

The company's main business is to provide a wide range of products and services to its customers.

...

Lunchtime, canteen.

The company's main business is to provide a wide range of products and services to its customers.

Xu Future put down his plate and sat opposite Yang Xiaoling.

In other words, now, Shi Qi can sit either opposite Si Eucalyptus, or next to Huizhi (opposite Xia Zhi Zhi).

It's also a habit. In the past, Shi Qi and Si Eucalyptus sat face to face, so everyone unconsciously left the seat opposite Si Eucalyptus empty.

But this time...

When Qi was holding a dinner plate, she walked past Si Eucalyptus to the innermost seat and sat next to Huizhi.

This action, however, will be late to scare a positive.

He subconsciously turned his head sideways to look at Si Eucalyptus, and as expected, Si Eucalyptus looked at himself with a look full of...killing energy.

This time, several other people also found out that Shi Qi and Si Eucalyptus are only quarrelsome.

The two people who usually stick together every day are suddenly not together these two days.

A strange atmosphere permeated the table, no one spoke up, all buried their heads and ate.

But the other students around, have taken out their cell phones click click click click click a secret photo.

"Hey, look, the god of learning and time seven today actually do not sit together, the god of learning alone figure is so lonely, so poor oh..."

"I guess it's a quarrel, break up?"

"I saw it yesterday, when Qi alone in the school building and wait for the rain to stop, the gods left early."

"Yes, yes, the back of the schoolmaster borrowed the umbrella."

A girl took a sip of soup and stopped to ask, "How do you know so much?"

"The posting bar are ah, you go to pay attention to a cp posting ... school god x time little fairy, SS cp, super sweet!"

"There are people updating it every day, there are photos, I tell you, you go to see the video of the math exchange, the two people can have a couple!"

"Yes, when the god of learning to look at the eyes of the time seven, all love ah, oh my God, too sweet."

A girl full of care said, "What is the use of sweet again, now two people sitting seven old eight far away, eight into the post to sink."

Several people fell into silence.

"Wait...the two of them are like this now, does that mean, we have a chance?" That girl was ecstatic.

This one sentence lit up the eyes of several girls.

The boy next to him was happy, "Then I can go after Shi Qi too?"

A few girls glanced at him, "Just you? You can't do that."

That night, the posting bar set off a conversation, all around the god of learning Si eucalyptus and when the little fairy cold war, quarrel ... the former sweet cp, now parting ways.

The cp powder cry more than tears, glass crumbs in the search for sugar to eat, "God look at when the little fairy eyes with a sorrowful, sadistic love ah sisters!"

Many alumni, however, said, "Finally divided, sisters and brothers, our chance to come!"

"Sisters rush!!! The time has come to take down the god of learning!"

"Brothers, let's go!!!"
