

**SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 106 - BORN FOR EACH OTHER**

Hui Chi was looking at the computer while making a WeChat call.

Only to see on the table, on the phone that was placed, the name of Si Eucalyptus was displayed.

Huai Chi: "So, you two really quarreled?"

Si Eucalyptus was silent for a while, rather than saying that it was a one-sided quarrel, he didn't want to quarrel at all.

"Well."

The company's main business is to provide a wide range of products and services to its customers.

He knows his own handsomeness very well, in case Shi Qi is also attracted by his own handsomeness, he and Si Eucalyptus... won't they be brothers against each other?

Wouldn't Yang Xiaoling and Shi Qi turn sisters against each other?

Si Eucalyptus hesitated for a moment, "Zhou Yi said, buy gifts for girls to make amends, it will be fine, I also bought and sent, but she seems to be more angry."

It is clear that last night also said well, and in the bus, there is no obvious resistance to their own meaning.

As a result, today, she refused to say a word to herself, dinner also prefer to sit next to will be late.

Hui Chi rather agreed, "Indeed sending a gift is a solution, ah, how come she's more angry?"

But...Si Eucalyptus would also buy gifts for girls? It's a bit unbelievable.

"Si Eucalyptus, what did you give her?" Hui Chi's curiosity rose.

Si Eucalyptus answered frankly, "I gave her a set of national comprehensive physics exam papers."

He chose this set of papers after a long time in the bookstore.

The problem is popular and not difficult, so it's just right for the little squirrel to practice.

Will be late silent: "... " deserved.

And at this time, when seven in the room.

"I tell you, he sent me this as a reparation gift!"

"Reparation gift reparation gift, I see the meaning of this test paper is for me to give him reparation!"

When Qi puffed up, he grabbed the bear next to him and punched it.

The other side of the screen, Xu Future laughed up and down, "I go, the god of learning is really a god."

"Even the gift is so ... not vulgar."

This reminds Xu Mirai of the classic line in the novel of the domineering president, "woman", you have successfully attracted my attention.

"Dicky, I think the gods are sincere in picking a gift for you, just that people have never given a girl a gift..."

"Maybe it was someone who encouraged him to send the volume!"

The future Xu said so, the most important thing is that the two quickly and well.

The cp fans on her postings are waiting to be "fed".

The actual fact is that the actual person who is playing the game sneezed, and he rubbed his nose, "It must be that woman XuFuture who is scolding me again."]

The actual fact is that you can find a lot of people who have been given gifts for a long time.

Xu future does not think, waved his hand, "I tell you, someone on the posting bar broke the news, senior Shiqiao sister's birthday, senior brother Lin is to give her a set of five three."

"Do you think it's the rolls that are miserable, or the five-three?"

Time Qi pondered for a moment, "the paper."

A set of physics paper and five three compared to certainly the physics paper is worse.

Xu Future: "... This is also a god man.

The gods vs. the gods, a natural pair.

When the seven one hand propped up chin, leaning on the table, "alas, forget it, anyway, I am a little poor..."

This is the first time that a person can ask a question, "Q Q Q, so what exactly did the gods do that required making amends to you?"

"... "She would rather the gods did not make amends, just say that he was what his heart wanted, then she would not be angry.

What kind of person apologizes after kissing, like, like a scum.

Of course, this thing she is absolutely impossible to say out.

After thinking about it, Timothy said in a serious way, "He scolded me...and grabbed my lollipop!"

"... "Come on, you two better argue, childish.

Xu Future immediately hung up the video, why in the world is she kowtowing to two childish ghosts cp?

## **SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 107: HE IS MY GREAT NEPHEW**

The next day, Zhou Yi and Hui Chi finished fetching water and chatted while walking.

Huai Chi was surprised, "So, Si Eucalyptus sent Shi Qi a set of physics test papers, was it your idea?"

Zhou Yi smiled and lowered his voice, "How about it, I'm great, right?"

Think of the expression that would appear when Qi received the paper, and then think of Si Eucalyptus' sad face, he was so happy that he had to laugh hahaha.

The company's main goal is to provide a good solution to the problem.

The actual fact is that you can't be a little bit too good, right?"

Zhou Yi waved his hand, "It's okay, brothers, is used to insert the knife."

The two, day and night show love, think they do not see it?

He is, the light of the right way ah.

Will late thought, also yes, anyway, not a few days, two people will probably make up again.

However... a week has passed, between the time seven and Si Eucalyptus, froze a word not said, let alone reconciled.

The discussion on the posting bar is booming.

The fact that the god of learning and the little fairy of time are in a cold war has been set as a fact.

The most important thing is that you can't get a good idea of what you're doing.

Some people say, don't yell, men are nothing, our little fairy wants to focus on learning!

In fact, because the English speech contest is coming up, she has been staying with her sophomore sister and her senior brother.

Nicco's sister was helping to read the script and give advice on revisions.

"Follow this revision and you should be fine." Natalie handed the manuscript back to the two.

"Thank you, senior sister."

When someone could help read the manuscript and give comments, Naturally, Qi was happy.

The reason why Lin He Xi asked Nicco to help him read the manuscript was because... he was lazy.

At this moment, he was eating his meal, clutching Qi's book with math problems in his hand and reading it.

Suddenly, someone tapped him on the back and a girl sat down with a dinner plate, "Lin He Xi, you're not eating properly again."

Every time you eat, you are so distracted that you don't even know when the food is cold.

Lin He Xi shook the book in his hand, "This sister is going to participate in the math competition, I'll help her look at it."

The girl heard the words math competition, scanned up and down Lin and Xi, "To see, should also be by me, the first prize to see, right?"

The first prize of the last math competition, let her help you look at it?"

The female version of the god of learning ah!

She starry-eyed to look at the city bridge, the first look, this sister is a bit good-looking.

The second look, but also a bit familiar.

The third look, but not the same sister who grabbed this brother's ear that day?

The fourth look...the city bridge...this seems to be the one Song Yi has been in contact with.

However, looking at the two brothers and sisters action and behavior is a little "intimate" ...

Why does she feel a little fishy?

The heart can not help but to Song Yi lit a candle.

Ichibashi took the book and glanced at the top to see, "Senior (2) class?"

The first thing you need to do is nod your head like a chicken eating rice, "Yes."

Ichibashi smiled, remembering the day she and Lin and Xi helped to transfer Director Zhang, "Know will be late?"

When Qi froze, sister is sister, even their class knows, "is our class, sister know?"

The first thing you need to do is to get a good idea of what you want to do.

The actual fact is that this sister, also knows the god?

The actual fact is that the actual person who is in the marketplace is not the same as the actual person who is in the marketplace.

The city bridge felt that this little girl in front of the dumb and some cute, but it is and will be late that dumb quite match.

She pursed her lips and smiled, "He is my great nephew."

"..."

## **SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 108 - JEALOUS?**

Shi Qi almost spilled the soup in his hand, big...big nephew?!

The people at the table looked at the two.

Lin and Xi blinked, big nephew?

"Isn't he even called your sister?"

Ichibashi smiled and turned over the book in his hand, "Little boys love to save face."

The only time he would call out to his aunt was when he was in front of his elders, or when he asked for help.

She index finger gently against the lips, "Little sister, to keep it a secret oh."

She is very clear, that day, the eldest nephew in the monitoring room, and the video popped up behind the posting, but all for this girl.

Ichibashi thought, she gave the two children to create a little secret, but also in close to their relationship, so for the sake of the future of the great nephew's life event, they are really a dutiful aunt.

The time seven gulped, will be late actually have such a learning god aunt, envy.

If only she also had...

"Do you know Song Yi?" When Qi felt that this sister looks beautiful, seems to have a good personality, thieves like ah.

She felt that Song Yi must like this one.

City Bridge froze, "Song Yi?"

Once this name came out, Lin and Xi's eating action paused and jerked his head up to look at Shi Qi.

This is a good, mention what Song Yi?

He didn't forget that this guy privately used the name of mathematics to find Qiaoqiao twice.

When Qi nodded, "sister know well?"

The city bridge smiled, "know, you also know?"

The company is a member of a circle.

When Qi grinned, "Song Yi is my brother, the pro."

"You guys do look a bit alike."

The actual fact is that you will be able to get a good deal on your own.

Song Yi has always been praised growing up, because he looks good, is the kind of stand in the crowd, is the most attention of the one.

The first thing you need to do is to get a good idea of what you are looking for.

The other table, not far away, will be late picking up the rice, was pushed by Si Eucalyptus elbow, "that is your sister?"

The next pill, forced to look up, "snap," the pill fell off.

What the hell?

How could his little aunt sit with Shi Qi for dinner and chat so happily?!

Weird, scary, too scary.

"Who is that boy?" Si Eucalyptus asked carelessly.

Hui Chi pulled the corner of his mouth, picked up the pills on the table and put them in the empty bowl on the side.

"Lin and Xi, from my sister's class."

Xu Future carefully observed Si Eucalyptus, jealous? In the intention?

"I heard from Qichen that senior brother Lin is also participating in the English speech contest and has been with him for the past few days."

She automatically omitted Nicco from the list.

Si Eucalyptus' eyebrows knitted slightly, but for a moment.

Lin and Xi?

I remember a bit.

Missed the national competition because of an accident, and would be the provincial top student of this senior year, a big name.

What's more, in his last life, the video of him getting the diploma for his aunt was very hot on the internet.

The fact is that the company's prospective aunt, when you think about it, is nothing.

The company's main business is to provide a wide range of products and services.

The first thing you need to do is to get a good idea of what you're doing.

This is the god of learning?

It's really not a realm that she, Xu Mirai, can reach.

If Zhou Yi and which female stay together every day, she carried a 39-meter knife to ... wait.

The first thing you need to do is to get a good idea of what you're getting into.

Looking at Zhou Yi sitting opposite, is holding four chopsticks in that try to clip pills ...

Xu Future shook his head to clear it.

This silly guy and which woman close to her, she would like to Zhou Yi to cling to other women, so quiet and quiet.

That's right, just must be too much soup, the brain into the water to think nonsense.

## **SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 109 - DOG MAN!**

December 11, the weather was sunny and cloudless.

During the lunch break, there were only two or three people in the classroom, and there were still two hours before the city's English speech contest.

When Qi Qi looked at the manuscript in his hand, this manuscript, will be lost before leaving the school to get on the car.

The next XuFuture came over, "QiQi, have you packed?"

When Qi Qi nodded, "packed."

The first thing you need to do is to get up and carry your bag and put the manuscript on the table. Since the manuscript will be lost, there is no need to carry it with you.

When Qi carried the bag and walked out, at this time, Xu Future took a glance at the manuscript on the table, went over and took the bag in her hand, unzipped it and put it in, "Look at you, almost left the manuscript behind."

It's really a critical moment to lose three or four ah.

"It's better for me to carry your school bag for you, so that you don't leave anything behind again."

The company's main goal is to provide the best possible service to its customers.

In addition to the English speech contest today, there are other municipal competitions, because, there are quite a few students waiting and cheering in the auditorium.

When Qi sat in the back, from time to time lowered his head to press the light in his hand, the wallpaper is a photo, the message column is blank.

Xu Future noticed her movements for a long time, she teased, "waiting for news from whom?"

When Qi jerked his head up, "No, who would wait for his message ah!"

Xu Mirai snickered, "I didn't say you were waiting for news from anyone, why are you so excited?"

When Qi face a hot, clutching the phone to get up, "I go to the bathroom."

Xu Future smiled, really waiting for news from the god of learning.

The back door of the auditorium, Shi Qi back against the wall, suddenly, the phone vibrated twice, she hastily pressed the phone...

There was another moment of loss.

The first thing you need to do is to get a good idea of what you want to do.

The first thing you need to do is to get a good idea of what you want to do.

The last time you chatted was two weeks ago.

The last time I talked to you was two weeks ago. This Si Eucalyptus, the friendship is cut off, cold war is cold war... Now she is going to the game, but not to give himself a boost...

The dog man!

In the auditorium, the cell phone in Xu Mirai's jacket vibrated twice, and she took it out to see that it was a message from her teacher.

She asked her to go to the cafeteria to get instant bread, for Shi Qi to prepare to eat, so that hunger does not affect the play.

Xu Mirai looked at the time and was about to leave, so she took her phone and rushed out.

The chair with the name of the time seven, a gray and white school bag, quietly lying there.

At this time, a figure sneakily groped and came, cautiously surveyed around.

The man squatted, unzipped, and drew something away from it...

At this moment, the foreign language office.

The English teacher tapped the printer, but the printer still didn't respond, "No, the printer doesn't work."

Si Eucalyptus frowned lightly, "Teacher, do you have paper and pen?"

The English teacher responded and took out an A4 paper and black writing pen from the folder and handed it to Si Eucalyptus.

He saw Si Eucalyptus sitting down in an empty seat with his laptop, writing rapidly in his hands, the pen tip rustling on the paper.

A few minutes later, he left the office with a piece of A4 paper filled with English and went to the student section to get it stamped, then ran to the auditorium.

The English teacher also wondered, didn't Shi Qi say she had memorized it?

Moreover, she also took the printed manuscript yesterday, how come she wants the manuscript now?

When Si Eucalyptus ran to the auditorium, only a few staff members were left in the auditorium, and the school bus carrying the students had already left the school entrance.

Si Eucalyptus hurriedly took out his cell phone to call Shi Qi, but the cold mechanical voice indicated that the user's phone was turned off.

At that moment, he caught a glimpse of a silver-gray car that was leaving the school...

## **SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 110 HANDWRITTEN AH, YOUTH AH**

The school's main entrance was filled with students from the Fourth High School Student Council, all in their school uniforms and ceremonial uniforms.

With her school bag in her hand, Nicco and Lin entered the backstage of the competition under the guidance of the students of the fourth high school.

The contestants were not allowed to wear their school uniforms because of the rules of the competition, and the uniform was issued by the fourth high school.

The girls were a set of light blue polo shirts and skirts, while the boys were blue polo shirts and black pants.

Because today's game is a full live broadcast, students in school, there are teachers to help them sort through the grooming instrument da, painted light makeup.

When Dicky sat down in his place and opened his book bag, as expected, the script had disappeared.

The teacher who led the competition came over, "You three all read the script silently a few times and get familiar with it again."

The other two took out their scripts and were looking at them, but they saw Shi Qi leaning back against the chair with her eyes closed.

"Qi Shi, where is your manuscript?"

When Qi's tone was flat, "It's gone."

The teacher's face changed slightly, "I'm going to look for it, if I can't find it, can you take off the script and go on stage?"

Every year there is always a little accident, and it can not be ruled out that someone is making small moves.

When Qi nodded, "Teacher, I can do it."

The first thing you need to do is to learn from your previous life, and this time, she directly memorized the script.

Any backup was not as reliable as one's own brain.

Nicco frowned slightly, when she was in the auditorium, she seemed to have seen someone sneaking around in the back row where Qi was sitting...

But she didn't think too much of it at the time.

Lin and Xi lazily leaned back in his chair, the script covered his face, his posture comfortable.

After ten minutes, the speech contest kicked off.

The luck of the draw was not good, but not bad either, the second.

The first to go on stage is a student of the first middle school, the bottom of the judges sitting, Shi Qi to the backstage ready.

At the entrance of the auditorium, Song Qihua showed his staff card and took Shi Qi into the arena.

At this time, the host was doing the opening.

"Teacher Song?" Natalie froze, why was Mr. Song here?

Song Qihua explained, "I'm here to cheer you on for the school leaders."

Si Eucalyptus looked around and didn't see anyone, "Excuse me, where is Shi Qi?"

Lin and Xi lazily pointed in the direction of the backstage.

Nicco: "She went backstage to get ready."

Si Eucalyptus smiled and raised his step to go over there, but was pulled by Song Qihua, "No one else can enter the backstage except the contestants."

Nicco looked up and down at the boy in front of her, "What's wrong?"

Nicco handed over the script in his hand, "Can you please help me send the script to the backstage?"

Natalie was surprised, hadn't Shi Qi's manuscript been stolen?

She took Si Eucalyptus' manuscript and froze.

At this moment, she seemed to understand something and pushed Lin He Xi's chair, "Senior Brother Lin, please help deliver the manuscript."

Natalie's number was the second half and could not enter the backstage for the time being, while Lin He Xi was the first half and could enter.

Lin He Xi raised his hand and took the script off his face, "Didn't she lose her script, and found it again?"

But he saw Natalie hand over a piece of A4 paper, and when he looked at the content on it clearly, he froze.

It wasn't a manuscript.

He looked meaningfully at Si Eucalyptus, who had an anxious look between his eyebrows, the seventh middle school had explicitly forbidden early love, but his junior brother was a bit blatant.

"Okay, I'll send her in."

Lin and Xi carried their number plates and two scripts and walked towards the backstage.

At this time, the competition officially started, Lin and Xi put the scripts on the makeup table, "Nuo, your scripts."

The manuscript was lost, wasn't it?

She picked up the manuscript on the table, but saw that it was a hand-copied manuscript, as if to prevent it from not being brought into the competition, the handwriting was still standard English style...

Lin and West crossed his arms behind his head, from behind the time seven around, "handwritten ah, youth ah..."
