

SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 21 - XU QINGZHI

The day proceeded in an orderly manner, and soon, the first monthly examination was held for the senior class.

According to the ranking of the results, Shi Qi was in the second examination room, that is, this class.

When they left the classroom one by one with pens in their pockets to go to the first class, Shi Qi secretly resolved to make sure that she would be in the top 50 in this monthly exam.

One subject after another, Shi Qi's hands never stopped, even the physics exam, she also scribbled until the end.

The first time I passed by in the corridor, I glanced at the classroom.

The way the book is written, with a bit of confidence and momentum, progress is inevitable.

The side of Yixiu face with a bit of relief.

At this time, the bell rang, in a class of students are back.

Xu future one hand holding Xia Zhi Zhi, one hand holding Yang Xiao Ling, spitting, "This time the test paper is also too difficult, I did not even finish the math."

Yang Xiaoling felt which time the test paper are similar, "also okay."

"You're tenth in your grade..."

"Hello, Mr. side." Three people saw the classroom door side a repair.

Xia Zhi Zhi clutching her pencil, hanging her little head, her voice a little low, "Good day, teacher Bian."

Side Yixiu nodded and left.

Xu future big grin, "Zhi Zhi, how do I feel you are very afraid of Mr. side ah?"

Yang Xiao Ling agrees with this statement.

Xia Zhi Zhi shook her head, "No, your illusion."

When several people returned to the class, Shi Qi was packing her school bag.

Xu Future shared with excitement, "Qi Qi, I'm telling you, just now the exam, three classes of Xu Qingzhi sat behind Si Eucalyptus, two handsome men ... really too eye catching!"

When Qi Qi hand pause, Xu Qingzhi ah ...

Xu Future took out his hand from his school bag and opened the posting to her, "Xu Qingzhi is more popular than Si Eucalyptus."

Several people have gathered around to see, only to see the top, is a school uniform wearing elegant teenager, clean temperament, warm smile.

The first thing you need to do is to look at the situation...

Xu Qingzhi, she is very familiar with.

In her previous life, when Qi was hospitalized for a while, the attending doctor was Xu Qingzhi, before that, Qi's impression of Xu Qingzhi stopped at second in her grade.

But... in the last life, Xu Qingzhi died.

It was retaliated by the patient's family, was hit by dozens of stab wounds, and finally died of blood loss.

He died in the hospital he respected the most.

Now see him again, is a teenager he, when the qi mood, a moment difficult to describe.

In this life, he...will he still be like in his life?

"Hey...the campus beauty, is actually a plastic surgery...Shi Qi?"

"What's wrong?" Time seven puzzled, how suddenly all look at themselves.

Xia Zhi Zhi handed her a finger, with a difficult expression, "Someone is posting black you...look for yourself."

The first thing you need to do is to take a look at the photos of her in middle school and compare them with the current ones, and the comments at the bottom are either scolding plastic surgery or asking which hospital they were in...

The first thing you need to do is to get a new one.

In her last life, when she was popular, someone on the Internet exploded her junior high school photos, resulting in her being blacked out for a full six months, and then only after the testimony of college alumni, the online abuse stopped.

So, in this life, she is half-heartedly do not want to enter the show business again.

Xia Zhi Zhi: "Although the difference is a bit bigger, but still can be seen the same person, right?"

The first thing you need to do is to get a good idea of what you're doing.

"QiQi, did you really have a facelift?"

Time Qi: "..."

Wen Congliang reached out to snatch away that hand, "Xu future students, you again private phone, the second time ah."

Xu Future hurriedly begged for mercy, tiptoeing to grab the phone, Wen Congliang raised the phone high, and had the advantage of crushing her in height.

SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 22: THE GOD OF LEARNING IS ACTUALLY VERY CHILDISH

At this time, a hand snatched the phone from Wen Congliang's hand, and several people looked at it, and it was the smiling Zhou Yi.

Zhou Yi shook the phone and smiled smugly, with provocation in his eyes, mother tiger, you have your day too.

"Hmm? Isn't this a picture of Shi Qi?" Wen Congliang's eyes were sharp, glancing at the comparison photo on the phone.

The company's main business is to provide a wide range of products and services to its customers.

Then Si Eucalyptus was taken by the shoulders and changed direction and walked over.

Yang Xiaoling caught a glimpse of this scene, as if she saw him whispering with a light smile next to Si Eucalyptus's ear, and the two of them were surrounded by many pink bubbles...

She couldn't help but blush.

Zhou Yi looked at Shi Qi in surprise, "You really have a facelift, huh?"

Then, he was mercilessly beaten by Xu Mirai, "You are the one who has plastic surgery!"

Wen Congliang interjected at the right time, "The day of the report I also saw Shi Qi is the photo curly hair look, or I sent to the infirmary, how is it possible that overnight plastic surgery?"

"The posting bar is nonsense."

When Qi lazily yawned, now is not last life, and she is not red, these gossip will disappear in a few days.

"Don't look, exams are so tired, go, let's go eat a big meal to treat ourselves."

Zhou Yi raised his hand high, "I'll go too I'll go too!"

Xu Mirai glanced at him unhappily, "How can there be you everywhere."

"How about we go eat hot pot?" Xia Zhi Zhi suggested.

"Yes, Si Eucalyptus, A Chi, together?" Zhou Yi turned his head to look at Si Eucalyptus and A Chi.

A Chi nodded, "But Si Eucalyptus won't be going, he..."

"Go." Si Eucalyptus answered plainly.

The company has a serious cleanliness problem and never participates in hot pot and barbecue parties.

The time seven is also slightly surprised.

In the end, several people went to the off-campus snack street and chose a hot pot restaurant that had a good flow of customers.

The first thing you need to do is to get a good idea of what you're getting into.

Xu Mirai poured the dishes into the soup separately, and in a short while, the hot air with the aroma, steaming upwards. The first thing you need to do is to get a good idea of what you're looking for.

Zhou Yi was hungry, immediately grabbed the chopsticks to the head to clip, when Q Q was quick to pick up the chopsticks blocked him.

Seeing several people looking at themselves, Zhou Yi was confused, when Qi explained, "Recently the flu is serious, why don't we use public chopsticks and public spoons?"

Hui Chi was slightly surprised to look at Shi Qi, coincidence?

Si Eucalyptus also glanced at Shi Qi, and then withdrew his gaze.

Yang Xiao Ling and Xia Zhi Zhi nodded their heads, "Yes, the news said the flu is quite serious."

Xu Future: "Then I'll go and get a few more pairs of chopsticks over."

"Hmm."

Zhou Yi looked disheveled, he was starving.

When Qi took a spoon and spooned up two meatballs, slightly rose and poured them into Zhou Yi's bowl, smiling, "Eat quickly."

Zhou Yi looked at Shi Qi gratefully, really beautiful and kind-hearted little fairy, he will go back to the posting bar and the group of blind people to fight a 300 rounds!

The actual fact is that you can find a lot of people who are not able to get a good deal on a lot of things.

The company's main goal is to provide the best possible service to its customers.

Si Eucalyptus looked at the three bowls, only his own was green vegetables.

At this time, Xu Mirai came with chopsticks and gave everyone a pair. After wiping them with sterilized paper towels, Si Eucalyptus took two pills from the pot, didn't rush to eat them, and slowly and methodically took a piece of meat.

The people next to him all ate with open bellies, only sometimes Qi noticed a scene.

Time seven: "... God of learning is actually very childish.

SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 23: BARGAINING AND BUY ONE GET ONE FREE

As expected, after the examination, are inseparable from the sacred link of the answer.

When Qi ate seriously, with good food, one should never be distracted from the exam that has already passed, which is a desecration of the food.

The same quiet eating, there is also Si Eucalyptus.

He, simply, did not want to talk.

"Qiqi, how do you feel about this exam?" Xu Future asked.

When Qi Qi drank a mouthful of water, "Not bad, should be a little better than last time."

"What about physics, Mr. Bian taught it so well, it will definitely improve." Yang Xiaoling interjected.

Time Qi seriously thought, "I have been filling in the questions, and only stopped the pen until the end of the test, I should be able to progress, right?"

The people thought, "Yes, last time 17 points, this time it can not be lower, right?"

However, when the results were announced a week later, the crowd was dumbfounded.

Huai Chi couldn't hold back and snorted with laughter, "Shi Qi is so awesome!"

Si Eucalyptus glanced at him with cool eyes, "You're still eleven."

The company's main business is to provide a wide range of products and services.

When Qi stood in front of the bulletin board, her heart was sweet, finally in the top fifty.

She took 145 in math this time and managed to squeeze in forty-one, congratulations hahaha.

This national holiday, she wants to buy a few more sets of questions back to brush, this sense of accomplishment watching the results rise, really great!

How did she not find it so interesting to brush up on her exams in her last life?

Si Eucalyptus pondered whether to comfort a couple of sentences, and took a sideways glance at the little dwarf who was less than his shoulder, his face full of excitement.

Si Eucalyptus: "... Progressing sixteen places, it is indeed worth the shorty's happiness.

However, this excitement didn't last long, because Si Q, was called to the office during the lunch break.

She became the first lucky person in senior class (2) to be called to the office alone, needless to say, it must be because of physics.

The expression on his face was indescribable as he looked at the large 16 written on the physics paper.

He then looked at Shi Qi, only to see her standing properly, eyes openly looking at himself, side Yixiu's mood, more complex.

This girl, the class, it is also considered serious, this treatment of the examination, is also serious attitude, look at this filled up the test paper, neat handwriting, how to say can also give a paper score.

But... none of the questions here are solved correctly.

The scores are all multiple choice questions.

The sixteen points are likely to be the result of her multiple choice questions.

The latter was confused, what for?

The first time I saw you, I was a little bit of a jerk.

The first thing you need to do is to get a good idea of what you're doing. Physics test papers, but also a day a?

"The actual fact is that you can't be a good person. The company's face was wrinkled like a small woman's, with a sad face.

"No." The total score improved by more than ten, but physics is still backward one point, how to see this is their own responsibility now.

"Then...five?" When Qi saw his hard attitude, he tried to bargain a bit.

The side of a repair can not help, "you think it is to buy food?"

Time Qi nodded like a chicken eating rice, "You can think of it as buying vegetables."

The side of a repair drawer, took out another stack of physics papers, slightly raised eyebrows at this girl, "then buy one get one free?"

"Goodbye teacher." Time Qi bowed slightly and turned to leave, not taking away a cloud.

Bian Yixiu looked at the fleeing figure, shook his head and put the test papers back into the drawer.

It's all for you, escaping for a moment only.

SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 24: THE SKY AND THE EARTH COLLAPSE

In the office, another teacher wearing a black shirt and pants came in, he took off the gold-rimmed glasses on the bridge of his nose and put down the two lunch boxes.

Bian Yi Xiu pressed his eyebrows and opened it to take a look, "Why is it fried meat with green pepper again?"

The man pulled a chair over and sat down, "It's good that you can eat, still picking?"

At this time, he saw two physics test papers on his friend's desk, one with 17 points and one with 16 points.

He looked at him rather sympathetically, "The way of heaven is good, the sky is around who."

The side of Yixiu was silent for a while, his eyes dark, "Natalie's language this time, I think I saw it was 12 points, right?" The implication is that the 16 points of this 16 points in his class, or quite outstanding.

The man put down the test paper, opened the lunch box, only to see the inside, is two meat and a dish, compared to the side of a repair lunch box of a meat, rich not just a star and a half.

The side of the Yixiu eyes are straight, chopsticks directly to the lunch box, "Hey, its Hua, you are not giving the wrong lunch box, come, come, change."

Song Qihua's gaze was light, and he moved his lunchbox to avoid Bian Yixiu's chopsticks, "I didn't give the wrong one."

...

Watching Shi Qi return from the office, the three people gathered around, "How is it, did Mr. Bian scold you?"

Xia Zhi Zhi nudged Xu Future, "How could Mr. Bian scold someone."

Yang Xiaoling also asked curiously, "What did the teacher find you to say?"

When Qi sighed, shook the ten papers, "scolded is not, is the national holiday days bitter."

Xu Future took the stack of test papers, "Wow, the side teacher personally to your private tutoring, time seven, you earned ah!"

"But I just feel like thunderstorms, the sky is falling."

"Shi Qi, you do not know the blessing in the blessing ha, this does not know how many people lined up to wait for the side teacher tutoring it."

Xu Mirai pushed Xia Zhi Zhi and Yang Xiao Ling, "Right?"

Both of them nodded their heads.

Time Qi spit out her tongue, "Then you guys will have a chance next time to get a lower score?"

She did not want to anyway, as soon as she saw the side teacher, she was sleepy.

The first thing you need to do is to take a look at the paper and put it in your bag.

"A few test papers only." When Qi turned over the math test, ready to pick up again.

Xu Future shook his head in deploration, "Amitabha Buddha, please send a thunderbolt to kill my deskmate!"

"My Buddha is merciful and will not send down lightning to help you do wrong." The lazy voice of Timothy Q rang out.

The first thing you need to do is to get a good idea of what you're doing.

The company's main business is to provide a wide range of products and services.
No way, never in this life."

She shook her head, took out the Walkman from the school bag, plugged in the headphones, Xu Future curious, went over to listen, vaguely heard the English sentences ...

"..." English full marks in the horse without stopping to learn English, physics 16 points but do not care...

This table but where the physics improve a dozen points, that grade ranking naturally rubbed up ah, alas.

The same day after school, a few people said goodbye, the National Day holiday, also kicked off.

When Qi pushed the bike with one hand, while watching English phrases.

The first head of Zhou Yi saw the content in the book of Qi Qi, "Qi Qi, you are walking and studying at the same time?"

It is also too diligent, right?

When Qi slightly raised his head, glanced at them a few, casually said, "No way, people stupid can only learn more."

Zhou Yi and will be late chest ache, English full score of people, how this sounds so unpleasant.

SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 25 - BROTHER GOU DAN IS COMING

When Qi twice in English test full marks, now everyone knows, the English teacher treats her like a treasure.

She felt that she was stupid and needed to study more... She didn't even stop learning...

They are not even stupid if they have more than 100 points?

The most impressive impression is that, when they were young, they attended various interest classes together, and then Si Eucalyptus suddenly stopped going, so they asked him why he didn't go, and he said that only stupid people needed it.

And now, when Qi is clearly talking about her own, modest and serious attitude, but will be late to listen, but feel the same hurt.

At this moment, his heart, broken into pieces.

The company's main business is to provide a wide range of products and services to its customers.

The company's main business is to provide a wide range of products and services to its customers.

She patted the school bag she was carrying, indicating that the papers were inside.

Si Eucalyptus hesitated for a moment and said, "If you do the questions with..."

"Si Eucalyptus! Look!" Zhou Yi clutched him and pointed to the pedestrian treadmill car on the road.

Like a treadmill, you can walk on it, but the car is driving fast.

Several people looked at the excited Zhou Yi, feeling like a fool, for a moment do not know how to react.

After the intersection, and Zhou Yi will be late to separate.

When Qi asked, "By the way, what did you just say?"

Si Eucalyptus paused, "I mean, if you do the questions have any..."

"I want to live in your heart, you have a greater attraction than the earth..." the phone rang at the right time.

Timothy smiled apologetically, "Sorry, I'll take a call."

Take out the phone, take a look, is an unfamiliar number.

When Qi picked up, "Hello?"

The other side was silent for a short while, and just when Qi felt that it must be a wrong number and was ready to hang up, the other side spoke.

"It's me, come pick me up at the station." The voice was soft with a faint magnetism.

The familiar voice came into her ears through the headset... After a moment of silence, she finally remembered who it was.

The dog egg Song Yi? And wanted her to pick him up from the station?

"I don't know." Yuck! When Qi immediately hung up the phone.

In her last life, because of her own firm disapproval, Song Yi did not come to M City in the end, so why did she change in this life?

Looking at Shi Qi's puffy face, like a little squirrel with puffed up cheeks, Si Eucalyptus was puzzled, what was wrong with this?

The two of them did not speak again on the way until they entered the house.

When the mother left the plane at noon, when seven connected to the wifi, open a look, when the mother paypal to her transferred six thousand, and also instructed her afternoon after school to pick up brother at the station.

The company's main business is to provide a wide range of products and services to its customers. The actual fact is that you will be able to get a lot more than just a few of these.

She rummaged through the cupboard a big bag, opened another room, the interior furnishings are simple, bed, closet, table, and bookshelves.

The bed is piled with stuffed toys, the table is also her computer, even the closet is her little dress, bookshelves, but not her books.

The room is not inhabited, the windows are not often opened, the air does not circulate, it is very stuffy.

She has always had something that is not commonly used, it is all stuffed into this room.

When Qi coldly grunted, grabbed those stuffed toys on the bed and threw them into the sack, and moved the laptop away.

If it wasn't for the money transferred by Ms. Shi, she wouldn't have cleaned up.

Just finished cleaning up, I heard the doorbell ringing, when Qi waited for the doorbell to ring three times, then reluctantly went to open the door, the whole small body blocking the door.

I saw a boy standing outside the door pulling luggage, looks more than twenty years old, wearing a simple black T pants, handsome, especially the pair of eyebrows, completely inherited the good genes of Ms. Shi Qi, and in height, the boy was a whole lot taller than Shi Qi more than a head.

The only thing that doesn't match his temperament is the bear that he is holding in his arms.

"Qiqi." He handed the teddy bear to Qi Qi.
