

### SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 31: THE OLIVE BRANCH OF PEACE

It was late at night, Si Eucalyptus closed his book, took his phone and opened WeChat to take a look, and the time was fixed at 22:48 minutes.

[Si Eucalyptus]: Still awake?

The other party did not reply, sleeping?

When Si Eucalyptus clicked in to see, Shi Qi's avatar was a cartoon squirrel, he let out a low laugh.

Suddenly he remembered that he usually saw the dynamics of Zhou Yi and the others, and his curiosity prompted him to click into Qi's circle of friends to see.

However, he froze, how there is no friends circle entrance?

After a moment of silence, he put away his phone and turned off the lights to sleep.

The next day, when Qi got up and washed up, she found that there was already breakfast on the table, and Song Yi, the dog egg, was cleaning the dishes in the kitchen, she stood on her tiptoes at the door, her little head peeked out and peeked twice.

Song Yi seemed to have a feeling, looked back, when Q Q immediately retracted his head, picking up the short legs and ran to the table and sat down.

Song Yi put a cup of warm milk in front of her, "Drink it."

When Qi looked up at him, he squirmed and said, "I can't drink milk, I'm lactose intolerant."

Song Yi: "I know, lactose-free."

Shi Qi: "..."

The first thing you need to do is to get a good idea of what you're getting into.

Song Yi pulled a tissue slightly leaned over and reached out to wipe away the milk bubbles around Shi Qi's lips, Shi Qi looked at him dumbfounded, feeling that the dog egg is not the same as before, how did it become so attentive?

No, as the saying goes, there is no such thing as a treasure trove, not to mention that he is also offering to be attentive, definitely not treacherous or fraudulent!

She can't let her guard down and must always be on guard.

Both quietly eating their breakfast, Song Yi suddenly asked, "What do you plan to do today?"

Time Qi: "Study at home."

"Hmm." QiQi is really different from before, she used to go out to play as soon as she was on vacation and didn't even know to come back until dark, but now she knows how to study.

"I'm going to attend a math exchange meeting in seventh middle school this afternoon, there will be your senior brothers and sisters attending, do you want to go together?" Song Yi thought to himself, time qi is now high school, go to see more good.

When Qi froze, dog egg this is throwing himself an olive branch of peace?

At least he also ate his breakfast, it's not good to refuse, "Well, yes."

Song Yi nodded, "Go out at 1 pm."

"Okay."

This matter of the seventh middle school math exchange, the school only notified the senior students, there will be teachers and professors from various universities and university graduate students to attend, the school students can also go to the sidelines.

When it came time to go out, when Qi hurriedly changed into a T-shirt jeans, Song Yi had already changed his clothes and sat quietly on the sofa waiting.

The first thing you need to do is to get your hands dirty, Song Yi has a light smile on his lips, this scene makes him feel like he's back in the old school days, when Qi was always slow in bed, and every time he waited for her, it was like this.

When Qi saw the way he raised the corners of his lips, he skimmed his lips, "What are you giggling about?"

Song Yi got up and said, "Let's go."

The bus, when Qi fully feel, handsome boys, is good people, look at that raised the phone snapping, at least turn the sound to mute ah?

Then again, I don't think I've seen any girls with Si Eucalyptus...no, there is, Xiao Xue.

At this time, a girl in a dress got on the bus, swept a glance, then skipped a bunch of empty seats and went towards Song Yi.

"Song Yi, coincidentally."

"Senior sister." Song Yi nodded slightly.

Time Qi was surprised, so he knew each other.

### **SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 32: TIME DISLIKE DISLIKE**

The first thing you need to do is to take a look at the two of them and find that they are talking about something.

However, others do not think so, next to a girl secretly raised the phone, said to the boy next to him, "a look is a couple ah, so well matched ah."

The boys nodded in agreement.

When Qi frowned slightly, remembering the two years popular shake, she raised her hand to block the next girl's phone lens, "that is not a couple, and without the permission of others secretly shooting, is not good?"

The girl snapped, but because of the boy next to him in, do not want to lose face, dislike back, "What do you care, people do not mind themselves, really really nosy!"

"Do you live at home by the sea, so wide!"

Time seven: "Then you go over and ask them, willing to be photographed on the shake?"

The girl was dumbfounded, she did want to shoot and put on the shake, the man looks so handsome, must be very hot, "he can fire, will certainly be willing."

The girl's voice just fell, a male voice sounded, "Sorry, I do not want."

When Qi turned back and looked up, it turned out to be Song Yi, glanced at this end when Qi and people argued, they came over.

The girl smiled, and quickly apologized, "Sorry."

When the car stopped, when Qi and Song Yi got out of the car, that and Song Yi knew the girl also followed down the car, has been looking at the two.

"Hello, my name is Yu Miao, I'm Song Yi's classmate, and you are?" She smiled gently, as if she was harmless.

But her eyes have been lingering on Shi Qi since she was in the car, guessing who Shi Qi is.

This time, see Song Yi did not have the idea to introduce with her, only to take the initiative to open the mouth.

The first thing you need to do is to get a good idea of what you're doing.

The first time, in the eyes of the time Qi, deducted the impression of points, but not like not like, she curved lips smile sweet, "Hello, my name is time Qi, Song Yi his father."

When the words came out, Yu Miao froze and laughed awkwardly, "Little sister, how can you make such a joke about Song Yi."

When Qi tilted his head and looked at Song Yi, "Am I your father?"

Song Yi was helpless, but her sudden willingness to get close to himself surprised him, he could not help but raise his hand and rub Shi Qi's little head, "Yes."

When Qi was happy, dog egg son.

Yu Miao would not have thought that Song Yi, who is usually strict in nature, would let others joke around like this.

Song Yi explained, "My sister usually loves to joke."

So it is sister, for a time, Yu Miao relieved, also put down the hostility towards time Qi, "so you are Song Yi's sister, never heard him mention it."

When Qi slightly raised his eyebrows, never mentioned?

Then I heard Yu Miao say, "We all thought Song Yi had no siblings."

When Qi heart laughter, is not no, dog egg on a father.

However, this sister who appeared from nowhere, is not a little too much talk?

She was just about to say when she heard Song Yi next to her say.

"Unfamiliar people, naturally there is no need to inform."

Yu Miao smile slightly stiff, Song Yi today how to speak not quite right.

The corners of Time Qi's lips could not be restrained from rising, "It seems that sister and my brother are not very familiar, huh?"

Ch.

Yu Miao smile completely frozen, looking at the two people walking in front, secretly self-relieved, but only sister, turn around and say a few good words, naturally be coaxed.

You can't affect Song Yi's impression of yourself.

She pulled, and resumed her smiling appearance, following the two.

When Qi was in a good mood, to Song Yi, but also more good face.

The first thing you need to do is to take out your cell phone and send a text message.

The city bridge? The future of the military training, is not the same sister?

She looked at Song Yi suspiciously, did the dog egg to that senior sister interesting...

### **SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 33 - MATH EXCHANGE MEETING**

There were also students from other high schools who participated in this exchange meeting.

On the surface it was an exchange meeting, but in fact it was also secretly mixed with the idea of a competition.

At this moment, director Zhang was in a hurry, "Where is the city bridge?"

"Went to A City..." a girl shook the positioning shown on her phone's circle of friends.

"Where's Lin and Xi?"

Another boy leaned in next to him, "Out of the country."

"The teacher is already contacting Natalie from sophomore year..."

Director Zhang slapped the table, "What's the use of contacting her, she's not around, go on, get senior Xu Yuzhi."

The senior students had already been informed that they would be attending, and the senior class teacher had specifically instructed Lin and Xi and Shiqiao to make sure they came.

This who would have thought, one did not listen, this holiday, a day went to A city, one also went abroad.

Now, the first and fourth middle school is raging, if this fight lost, the back enrollment will not fall a level?

He Zhaoyin of the first middle school yawned lazily, the girl next to him sat there nervously, "Brother... can we win..."

"Don't worry, two of the top seven seniors are not in M City yet." He Zhaoyin shook his phone screen, only to see that on the top, there were two circles of friends.

One was positioned in A city, the other one was positioned abroad...

The girl then put down her heart.

The fourth middle name today, also came a sophomore, not enough to fear.

The other end of the spectrum, will be late a few people quietly from the back door into the auditorium, sitting in the back row.

The first thing that I did was to go to the house of the late Mr. Si Eucalyptus to get something, but I was dragged along with me.

This time, he opened the drawing software in his cell phone to calculate a complex problem.

The first time I heard that many professors and students from Tsinghua and Peking University would be here today, the ones in the front row should be right?"

Zhou Yi shot a few glances and glanced at a slightly familiar figure, "Hey, isn't that Shi Qi? Aren't there only seniors participating?"

Si Eucalyptus's hand paused, and heard Hui Chi echoing, "Yes, why is she here too?"

Si Eucalyptus resumed his calculations and said carelessly, "Then how come you guys are here too?"

Both of them were speechless and selectively ignored Si Eucalyptus.

If not for the fact that Si Eucalyptus never looked at girls, they would have suspected that Si Eucalyptus was protecting Shi Qi from talking.

The so-called exchange is to have a professor come on stage to share his experience, and then come up with some questions that students will voluntarily answer on stage.

At this moment, dozens of questions on the stage, a middle school He Zhaoyin lazily writing on the electronic screen, the process of answering the questions step by step appeared on the big screen.

Zhou Yi tsked twice, "really worthy of the first prize in last year's math competition, bully."

At this moment on the stage, there are also four middle schools are also answering questions.

On the contrary, Xu Yuzhi arrived a long time later and only now came on stage.

But he was in the second year of the arts class and had already fallen behind in the science subjects. At this moment, He Zhaoyin was far ahead and he was also under great pressure.

When Si Eucalyptus finished calculating the questions, he looked up slightly and his gaze fell on the last question, which was a bit interesting.

He changed to a new canvas and rechecked his calculations.

When Qi also looked nervously at the stage, at such times, especially united, all hope that their school can win the other schools.

Especially, this is still the field of the seventh middle school.

If they really lose, won't people laugh at them?

When Qi took out his cell phone, pulled out his custom notebook, on those questions, one by one calculation up.

The next Song Yi was slightly surprised, and then understood, she is also a student of the seventh grade.

The first thing you need to do is to get a good idea of what you want to do.

### **SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 34 - TIME QI COMES ON STAGE TO RELIEVE THE SIEGE**

The time passed by, the fourth middle school has already left the stage, he can only solve, so far.

He Zhaoyin and Xu Yuzhi were still solving the problem on the stage, but apparently, He Zhaoyin was comfortable with it, and Xu Yuzhi was stuck on the problem and under a lot of pressure.

Hui Chi frowned slightly, "Why didn't the senior brothers and sisters come?"

A boy next to him is also worried, "I heard that both City Sister and Brother Lin are not in M City, Brother Gu can not be contacted, Director Zhang will be furious!"

"Fortunately there is Xu Yuzhi in ah."

"Xu Yuzhi has long chosen the liberal arts, not at all brush science problems, and is not a competition student, this will not last long."

The students of the seventh grade vaguely see some problems, but at this moment, no one dares to go up to replace.

When Qi has brushed the difficult problems in two lifetimes is obviously more than the people present, now see Xu Yuzhi can not, plucked up the courage to get up on the stage.

The crowd's eyes brushed off and stopped on her.

"Lord...director! Someone is on the stage!"

Director Zhang froze and turned his head to look at the stage, only to see a girl wearing a white T and jeans walking up to the stage and towards Xu Yuzhi.

"Who's that?" He didn't have an impression of this girl.

"Seems to be a freshman in the senior class, called...called Toki!"

"Yes, yes, yes, there are pictures of her on the postings."

"But...will she be okay?"

There were many questions, "Yes, just let Xu Yuzhi fill in, she is a freshman up there to add to the mess."

Director Zhang raised his hand, "Quiet."

This is a time when the courage to go up on stage, must be sure, he believes in this girl.

Zhou Yi's mouth opened wide in shock, and quickly pushed Si Eucalyptus, "Shi... Shi Qi! Si Eucalyptus, Shi Qi is on the stage!"

Although, he also did not understand why he said this to Si Eucalyptus, just subconsciously...

Si Eucalyptus fingertips pause, raised his eyes to look at the stage, the small figure, a firm pace towards the stage, head held high, the momentum is full.

He Zhaoyin has participated in math competitions and is experienced in brushing up on the stage, but Xu Yuzhi is preparing for the judicial university, so how will he spend too much energy on math.

The company's main goal is to provide the best possible service to its customers.

When Qi took the touch screen pen from his hand, "Brother, I'll do it."

Just these four words, Xu Yuzhi but inexplicably believed the girl, which backed up and walked off the stage.

He Zhaoyin saw up a girl he didn't know, looked and felt like a freshman, after all the seniors who came, were wearing school uniforms then.

When Qi took a deep breath and scanned the stage, Song Yi nodded slightly, giving his sister a boost, and Director Zhang also clenched his fist to give her a boost.

At this moment, Shi Qi felt full of confidence and courage, the kind that she had not had in her previous life.

She held the pen and began to work on the next problem.

On the big screen, one by one, the process of calculation and formula printed into the eyes of the crowd, she solved the problem very fast, before others have reacted, already into the next question.

Gradually, she began to catch up with He Zhaoyin.

He Zhaoyin also continued to solve the questions, and the person in control of the computer refreshed the questions, but only the last big question remained there, unchanged.

Director Zhang was particularly excited, "This girl, which class?"

"It's the second class, right? Liang Xin's class." A teacher replied.

Side Yi Xiu sighed slightly, it is said that physics and mathematics are not separate, this girl, how can not learn physics?

Zhou Yi was stunned, "Niu... Niu Biao ah!"

The answer speed can be compared with that of Si Eucalyptus.

He turned his head sideways to speak with Si Eucalyptus, but saw that he had been engrossed in his cell phone, and did not feel the passionate atmosphere at the moment...

### **SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 35 SI EUCALYPTUS IN, HOW GOOD IT SHOULD BE**

In the auditorium, many students secretly took out their hands and opened the camera to record the scene.

The girl on the stage, a long smooth hair, a simple white T jeans, but at the moment it seems to be glowing, attracting people can not move their eyes.

He Zhaoyin suddenly came to interest, but also a lot of serious, did not expect, in addition to the city bridge, this seven middle school there are so powerful girls.

The test questions kept refreshing, one by one formula and complicated calculation process, let people look at the eyes, but the two on the stage but happy.

This is a simple exchange, but the students on the stage felt the atmosphere when watching the national competition.

Song Yi has always known that his sister is smart, but she is not serious about learning because of her childish nature, and at this moment, looking at her on stage, a sense of pride was born.

The teacher of the seventh middle school with math competition class eyes straight shine, this new student, but the existing good seedlings ah!

Look at that critical nature, the speed of solving problems, she seems to see the next city bridge.

She must be brought into the competition class, can not be wasted!

The time has passed for a long time, but the crowd is still tense a string, a boy at the corner of the stage looked at the stage with interest, "This girl, a little interesting."

"Boss, you fancy?"

The corners of the boy's mouth curved up slightly, took out his phone and took two pictures, "Yes, I like it."

It looks quiet, looks like a little fairy, and so smart.

He Ye Si Nian, most like this kind of sweet and soft girl.

At this time, Si Eucalyptus has already solved that last question in its entirety, and the two people on the stage, also came to the last question.

After examining the question, Shi Qi frowned slightly, He Zhaoyin also froze, this question ... is not over the outline?

He glanced sideways at Shi Qi, can she solve it?

Song Yi's gaze stayed on Shi Qi, this question, which was given by Professor Hao, was beyond the scope of high school knowledge.

When Qi is still just a senior student, brush more questions, but also for the difficult.

Just see He Zhaoyin has moved the pen, when Qi is still demolishing the conditions, this question, indeed beyond her knowledge.

Zhou Yi watched nervously, "Shi Qi seems to not work, what should we do?"

"Si Eucalyptus, can you solve it?"

He patted Zhou Yi's shoulder, "Even if he can solve it, he won't go up."

Si Eucalyptus had never liked to attract attention, so how could he possibly go on stage now?

The atmosphere in the auditorium once fell into tension, at this time, regardless of whether the seventh middle school can be solved, as a senior student of the time seven, are great credit.

However, Director Zhang was still expecting her to solve it.

He Zhaoyin wrote and stopped, it also seems to be difficult, when Qi slowly pen, but did not write much and then erased by her.

Still not working.

Her palms were so tense that a layer of cold sweat broke out, and her brain was running fast, but in her last life, she studied at the film school, and she didn't know much about advanced mathematics.

At this moment, where to come up with any ideas.

Half a day, Si Eucalyptus looked at the stage when the seven, obviously not, straight up.

The company's main goal is to provide a solution to the problem.

Is it to... help?

The first thing you need to do is to go to the stage, where all eyes are on the stage.

Shi Qi was clutching the touch screen pen, staring at the question, if it was Si Eucalyptus, he could definitely solve it.

If this time, Si Eucalyptus was there, how good it would be...

The crowd sucked in a breath of cold air, only to see Si Eucalyptus slowly walking towards Shi Qi, and finally stopped beside her.

When Qi noticed someone approaching, she raised her head slightly and looked at the person in dismay, Si Eucalyptus?
