

SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 41: HEH, WOMEN

Si Eucalyptus took back his phone, "It's okay, keep filling it out."

When Qi doubted, but also still put his eyes back on the physics paper.

The first time I saw a post, I thought about the posts on the bar, my brows were slightly knitted, if she saw these posts, she would be sad, right?

When Qi saw Si Eucalyptus open his laptop, he found that the god of learning's computer, it seems to be the same as his own.

Only, his was black and his own was white.

The company's main business is to provide a wide range of products and services to its customers.

This is a question that she filled in one by one, looking for examples of notes.

Si Eucalyptus took a few glances and saw that the multiple-choice questions and subtopics were correct, but the big questions were a mess, the process of solving them was unknown and the answers were wrong.

He took the pencil and moved it to Shi Qi, "Here, this formula should not be applied."

When Qi's eyes stared straight at the hand holding the pencil, oooh... good look!

"Timothy?"

"Huh?" Shi Qi snapped back to her senses, but saw Si Eucalyptus looking at herself.

The company's main business is to provide a wide range of products and services to its customers.

When she was in a weak state of mind, she didn't get distracted this time and listened intently to Si Eucalyptus's questions.

When the half of the test paper was finished, it was already ten o'clock at night, when Qi packed his things, "It's very late, I'll go back first."

The company's main business is to provide a wide range of products and services.

When Qi tentatively asked, "Then the rest of the papers..."

"I'll be free tomorrow."

"Thank you, classmate Si Eucalyptus!"

Time Qi was happy, hugging her things and picking up her short legs and leaving happily.

Although she really doesn't like physics, but it's not unacceptable to be one step closer to the god of learning!

The first thing that I did was to call Xu Mirai back.

Xu Mirai is now much more calm and full of gossip factor, "Tell me, what's going on? How come the god of learning is in your house?"

"We are neighbors, just now in his house, asking Si Eucalyptus students physics questions." Time Qi explained.

Xu Future was silent for a while, "Didn't you say before that it was impossible to tutor physics in this life?"

Time Qi: "Did I say that? You remember wrong."

"..." Xu Future was speechless, huh, woman.

"By the way, just now I saw many posts are black you, said you plastic surgery poor grades or something..." Xu Future suddenly remembered the serious matter.

When Qi frowned, "What post?"

Xu Future: "I sent you to see... Hey? How can this be..."

"Just now there were obviously a lot of ah."

Time Qi wondered, "What's wrong?"

Xu Future put down the mouse, "The posts are gone, either deleted by the management, or hacked by others."

This operation inexplicably reminds Qi of his previous life, the fans also treated those who hacked their own posts.

"Well, it's okay, this will dissipate after a while." When the posting bar appears another discussion point, naturally no one will pay attention to themselves anymore.

Xu Future saw that she could think so, also put down his heart, but, Q Q Q is not Buddhist too much?

If you see a post that is black, she can go down and scold those people for three days and three nights with her real name.

On the other hand, Si Eucalyptus closed his laptop, took a cup and poured a glass of water to drink, his eyes swept across the table and found an eraser left here by its owner.

The pink bunny pattern looked like it had just been used not long ago.

The corners of his lips lifted slightly, which is very much in line with the taste of the little squirrel.

SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 42 - KNOCK CP

The next morning, when Song Yi came back from buying breakfast, he saw Shi Qi come out of the washroom with her hair washed and dripping wet.

"You're going out?" Song Yi asked.

When Qi nodded, "Well, some questions will not, and study with classmates."

Song Yi where to think about it, ate breakfast, carefully packed a sister, out the door, turned his head and knocked on the door of the next door neighbor.

Si Eucalyptus changed into a white T black pants, head also wore a top hat, when Q Qi puzzled, "you want to go out?"

Did she come at a bad time?

The company's main business is to provide a wide range of products and services to its customers.

When the time seven immediately nodded, "Yes, right, can bring others?"

Last night, Xu Future kept saying that he wanted to come to their house as a guest, so he could take a look at what the home god looked like.

The company's main business is to provide a wide range of products and services to its customers.

"Okay." When the time seven out of the phone, send Xu future WeChat.

The library study, there is the god of learning, come or not?

In less than two seconds, there was a reply.

[Xu Future]: Come!

When several people met at the entrance of the library, Zhou Yi was surprised at how Shi Qi and the others could come.

Xu Mirai was also surprised at how Zhou Yi and the others came.

When Qi asked, "Is Zhi Zhi not coming?"

Xu Mirai played with his camera, "Zhi Zhi said something came up, not to come."

Yang Xiaoling glanced at the standing next to Si Eucalyptus will be late, eyes full of pink bubbles, even on vacation to put together ... is also too sweet.

Zhou Yi walked to the back, tsk two, "come to the library to study, you bring a camera to do what?"

Xu Mirai rolled her eyes, "What do you care?"

She brought a camera, naturally, for the convenience of knocking cp.

The six people in a row occupied a small corner, in order to facilitate, Shi Qi sat next to Si Eucalyptus, Xu Mirai very consciously picked the opposite position.

The first thing you need to do is to take a look at the hand of Si Eucalyptus from time to time, and Si Eucalyptus noticed and thought she was stuck on which question.

When he saw the two of them leaning together, Si Eucalyptus was whispering the question to Shi Qi, Xu Mirai immediately raised his camera and pressed the shutter.

Because there was no flash and click, neither of them noticed, but Zhou Yi, who was sitting opposite Xu Mirai, did.

He brought his camera to take pictures, did he... Xu Mirai, like Si Eucalyptus?

It was the first time he saw Si Eucalyptus giving a lecture, and the other party was a girl, it was incredible, so he couldn't help but look at the two more.

This scene, which fell in the eyes of Yang Xiao Ling, became the two people who will be late eyes sorrowfully looking at that head stick together...

The image in her mind also automatically on the standard dubbing of the temptation to go home.

She vainly wiped a handful of tears, oooh ... too poor, when seven this bad woman!

A row of six people, only Si Eucalyptus is really distraction-free study, seriously in to give Shi Qi lecture questions.

It was almost three o'clock in the afternoon when several people packed up and prepared to go to dinner together.

Yang Xiaoling closed the book, holding the book and rushed to follow, a photo fell down from between the book and the book.

The photo fell down from between the book and the book. The footsteps of Huai Chi paused slightly, bent down and picked it up, just playing to shout at Yang Xiaoling, but froze when he glanced at the photo.

This...this is?

His eyes are complicated, not moving to tuck the photo into his book, followed.

Xu Future wanted to eat Korean food, and finally a few people picked a net-commercial restaurant with high online reviews.

Just into the store, when Qi glanced at the end there are two familiar figures, also saw, and Xu future.

Xu future signs froze for a long time, when Qi hastily pulled her, shaking his head, and then followed the others into the room.

Xu Mirai whispered, "Qi Qi, you also saw Zhi Zhi and..."

"Well...don't tell the others."

SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 43: COINCIDENTALLY MEETING BIAN YI XIU

Just after serving the meal, Shi Qi's sleeve was accidentally stained with the sauce.

Si Eucalyptus drew a wet wipe and gave it to her, and when Qi wiped it, there were still traces.

"I'll go to the bathroom to clean up." She got up and walked out of the private room.

This dress is still a while ago when her mother just bought her, she still like it, if the real cuffs of the sauce can not be washed off, it would be a real pity.

The left is the women's restroom, the right is the men's restroom, and the hand washing station, set up in the middle.

When Qi squeezed a little hand sanitizer dip the sleeve rub, not a moment, the sauce traces are gone.

She was relieved, washed and put her hands in the dryer to blow dry the cuffs.

"Time Seven?" A gentle, low male voice rang out.

When Qi looked sideways, the corner of her lips tugged lightly. "Good day, teacher."

Bian Yixiu smiled, "What a coincidence, you are eating here alone?"

When Qi shook his head, "There are also a few students in the class."

"How's the paper filling out?" The first time I asked, I met a student here, it is natural to greet the study.

When Qi: "has filled out 4 sheets." When she said this, Qi's heart was full of pride.

It was all filled out by her going through her notes, one by one.

The side Yi Xiu listened very satisfied, this student in the study is still very conscious.

When Qi thought about it, but still reminded, "Teacher, just now I and the future saw you eating there."

Bian Yixiu froze, then thought, at this age, they already have their own knowledge and understanding of everything they see.

He smiled and explained, "Don't misunderstand, we are neighbors."

Time Qi smiled, "Teacher, I just said I saw you and Zhi Zhi eating, I didn't misunderstand anything."

The side of a repair, a moment later, he pulled a tissue to dry his hands, "When the National Day holiday is over, I have a few test papers there."

The hand of Timothy fiddling with his sleeve paused: "..."

The petty ghost.

The company's main goal is to provide a comprehensive range of products and services to the market.

The side of Yixiu nodded and raised his step to leave.

The first time I saw her, I saw her fidgeting with her sleeve and asked, "Haven't you blown dry yet?"

Time Qi touched it, "It should be dry."

The side Yi Xiu looked back at the two figures, one tall and one short, the corners of his lips slightly hooked, young can be really good.

He returned to his seat and saw that the little girl had already put down her chopsticks.

"Finished eating?" Bian Yixiu asked.

Xia Zhi Zhi nodded and didn't look up at him, "Hmm."

Bian Yixiu had already gotten used to the little girl's hanging head look, probably because he was a teacher and she was a little afraid of that status.

He picked up the bag hanging on the chair, "Let's go, send you back."

Xia Zhizhi hurriedly got up and picked up the bag, trotted to follow.

The first one is a neighbor, and then a teacher, the Xia family was originally in B city, and then also for the college entrance examination, only to move to M city.

After meeting a few times, the school year started with classes, only to find out that the original is a physics teacher.

The mother of Xia came once and invited the neighbors to eat together, and later, they also got acquainted with some.

What a coincidence, Xia Zhi Zhi thought.

In the car, feeling too quiet, Bian Yi Xiu took the initiative to pick up the topic, "This time you scored 97 in physics, just keep on keeping it up."

"Got it, teacher." Xia Zhi Zhi still hangs a small head, fingers around the fingers, some do not know what to do.

"Thanks for today." Bian Yi Xiu pointed out, Xia Zhi Zhi picked out the gift for him.

"Well...thank you teacher." Xia Zhi Zhi refers to, side Yi Xiu's treat for dinner.

Finally, the car returned to silence.

SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 44: THE REAL SI EUCALYPTUS?

In the evening, several people went home separately, Si Eucalyptus walking in front, Shi Qi eating a lollipop in the back.

The afterglow of the sunset spilled on them, elongating the shadows on the ground, and Shi Qi hung her head, following the shadows step by step, chasing after them.

Gradually, the shadows became shorter and shorter, and she bumped into Si Eucalyptus in front of her at once.

The company's main business is to provide a wide range of products and services to its customers.

When Qi awkwardly touched his nose, biting the lollipop mouth slurred, "No... pay attention to the road."

Si Eucalyptus took two steps back parallel to Shi Qi and said in a low voice, "Let's go."

The first thing you need to do is to look at the actual situation.

The company is also teaching itself physics, and also go to the library with everyone, and also eat together.

The last life of that indifferent and detached, always solitary god, completely different...

Or was it that she had never really known Si Eucalyptus?

For a moment, it was hard to describe Shi Qi's mood.

When she arrived downstairs, Song Yi just came back from buying groceries, "QiQi, you're back?"

Shi Qi nodded and entered the elevator and pressed the button.

Song Yi looked at Si Eucalyptus next to him, first he sent an umbrella, then he solved a problem on the stage, and now they are going out to study together, it seems that Qi Qi and this neighboring classmate are getting close.

The two of them went out to study together.

Only then did Song Yi withdraw his eyes.

Back home, he carried the dishes into the kitchen, "QiQi, can you come over and help wash the dishes?"

The first thing you need to do is to cook together, a good way to improve your relationship, Song Yi thought.

The two days were good, so Qi Qi put down her phone and went to the kitchen to help him with the dishes.

The two of them, one washing and one frying, worked well together, and soon, a dinner table was ready.

The fragrant pig's feet tempted Shi Qi, she could not resist and reached out to grab a piece of meat to eat, but was intercepted.

When Qi raised her head slightly, she bumped into Song Yi's serious face, "Oh...I washed all the dishes, the dog egg didn't even give me a piece of meat to eat..."

Song Yi looked at the "teary-eyed" eyes, his hand loosened, picked up the chopsticks and stuffed them into her hand, "How old are you, you still use your hands to grab."

When Qi skimmed his mouth, muttered in a low voice, "...the pig's feet are only delicious if you grab them with your hands."

"Hmm?" Song Yi's tail tone was slightly raised and his gaze swept over Shi Qi.

The latter hurriedly grabbed the chopsticks and sat down, fearing that if Dog Egg was unhappy, he wouldn't let himself eat.

Song Yi curled his lips and smiled low, what a child.

The two people of this dinner, but the atmosphere is good, Song Yi thought of the next door neighbor, asked, "You and that Si Eucalyptus, quite familiar?"

Asking some, he slightly raised his eyes to look at his sister across the table.

When Qi clip food action paused, then as usual, "Well, the same classmates, or neighbors."

Although I do not know why the dog egg suddenly asked about the god of learning, but absolutely can not be seen the end.

She when seven, can must be a good student good boy, especially dog egg, can never lose to him.

Song Yi did not miss every expression on her face, however, when Qi acted for many years, muffled his emotions to death, half did not let Song Yi see the difference.

The first thing you need to do is to get a good idea of what you want to do.

The first thing you need to do is to get a good idea of what you want to do.

Song Yi curled his lips and smiled, and put a piece of meat in her bowl, "Eat more."

"Mm-hmm."

SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 45: IT DOES LOOK GOOD

When the National Day holiday passed eight days ago, Shi Qi finally brushed up all the questions she bought before.

This day, she had a rare stay in bed, when she got up, it was already 12:00 noon, she drank milk and passed by, glancing at the room, Song Yi was packing his luggage.

By the way, the dog egg's National Day holiday is probably not that long, "You're going back to A City?"

"Well, the flight is at 4 pm." Song Yi closed the luggage and looked up at her.

These days and she also get along well, although there is still some disconnect, but also considered rewarding.

When Qi thought about it, dog egg so soon to leave, really a bit sad.

Song Yi saw that she did not speak, laughed, "Why, can not miss me?"

When Qi skimmed his mouth, full of care, "Which has, you have been annoying me these days, hurry up and go!"

With that, she went back into the room.

Song Yi helplessly shook his head and laughed, this sister, since childhood, is used to saying what is right and wrong.

When Qi bored lying on the bed, the problem is also finished, why not go back to buy some more questions.

But...

She got up and opened the drawer and took out a small box from inside.

The small box is a bit rough, it looks like it has been in place for a long time.

When Qi looked at it, she couldn't help but think of the first year.

At that time, near Song Yi's birthday, she learned some handicrafts from her classmates, and every day, she did not listen carefully in class, so she secretly hid behind her textbook to do handicrafts.

At that time, she thought she could give Song Yi as a birthday present, she also took all the secretly saved pocket money to buy a birthday cake, secretly placed in the refrigerator at the very inside.

But that night, she waited for the news that her mom and dad were divorcing, and Song Yi had followed her dad away.

The cake was finally thrown into the trash.

When I was a kid, I liked him, but when I was left behind, I resented it.

But now that I think about it, it seems like a long, long time has passed, so long that I can't remember how I felt at the time.

When Dicky put down the box, he fell on the bed and stared at the ceiling.

At this time, the message alert sounded, it was a message from Si Eucalyptus.

The actual fact is that the actual person is not only the actual person, but also the actual person who is the actual person.

The actual fact is that you'll be able to get a lot more than just a couple of days.

The actual fact is that you'll be able to get a lot more than just a couple of days.

The actual fact is that you will be able to get a lot more than just a couple of days.

After replying to the message, Shi Qi hurriedly opened his closet to pick out clothes, and for a while, left Song Yi behind.

When Song Yi came out of the living room to pour water, he caught a glimpse of Shi Qi wearing a floral dress and carrying a bag, and froze, "You're going out?"

When Qi nodded, "Well, to buy books."

The company's main goal is to provide the best possible service to its customers.

Song Yi held his cup, his eyebrows slightly frowned.

He was about to leave, and she still went out...

The elevator at the door, Si Eucalyptus waiting there with one hand in his bag, saw Shi Qi, there was a moment of dazed.

I saw her wearing a light yellow flowery dress, which made her fair complexion, her hair was slightly scattered and pinned with a star hairpin, her style was different from the usual casual, like a little fairy.

This is the time when Si Eucalyptus finally understood why people on the bar said she looked good.

It is indeed very good-looking.

The two of them did not ride their bicycles because Shi Qi was wearing a skirt. Fortunately, the bookstore in the city center was not far away, so they walked for ten minutes.

When she looked at Si Eucalyptus carefully, she found that he did not react as usual, so she was a little discouraged by her careful dressing.

The first time I saw her, she was still happy, but at this moment she was suddenly discouraged, so I felt puzzled.

The girl's mood is so changeable?
