

SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 46 FIT?

As it was the National Day holiday, most people would choose to go to the library, and very few people came to the bookstore at this time.

The owner of the bookstore was holding his chin and watching the hit web series, when he heard the sound of pushing the door, he looked up and two people who looked like students walked in.

The two look again, a little familiar ah.

When Qi went through the last math exchange, she felt deeply about her own shortcomings, so once she entered the store, she went straight to the math section.

The first thing you need to do is to get a few books on physics and a colder science book.

She was currently holding seven or eight exercise books and was continuing to search for them.

When she reached out to take the exercise books in her arms, Shi Qi's arms suddenly became empty, and when she turned her head to see that it was Si Eucalyptus, her heart warmed up, "Thank you."

The company's main goal is to provide the best possible solution to the problem.

He looked meaningfully at the little squirrel in front of him, "I don't think these books are suitable for you."

"Huh?" When seven confused to look back at him, "Then you help me pick a few books?"

The book that the god of learning picked must be useful to him.

The first thing you need to do is to get a good idea of what you want to do.

The first thing you need to do is to get a good idea of what you want to do.

The first thing you need to do is to get a good idea of what you want to do.

She stumbled and hurriedly held onto the bookshelf, raising her hand to meet the sincere gaze of Eucalyptus, when Qi choked.

She sarcastically took the few math problems that Si Eucalyptus took for her back, and shoved the physics problems back into his arms.

"Oh, I think, what I picked is quite suitable for me."

After saying that, she hugged her books of problems and went to check out.

Si Eucalyptus slightly raised his eyebrows and bent down to pick up the stack of papers that had fallen to the ground and been neglected, "M City Previous High School Exam Practice Papers".

This is not a coincidence?

This time, the bookstore owner saw the stack of books, finally remembered, "Little student, today again buy so many books ah?"

The bookstore owner saw the stack of books and finally remembered, "Little student, you bought so many books today?" Time Qi nodded, like a good student.

The bookstore owner smiled, "How come you're not buying the same ones as her today?"

This sentence caught Shi Qi's attention, buy the same?

She looked up at Si Eucalyptus confusedly, "What buy the same?"

"Nothing." The pile of books and the stack of test papers were pushed over to the checkout.

The bookstore owner seemed to have seen what was going on and was all smiles, but didn't say anything more.

The company's main business is to provide a wide range of products and services to its customers.

The first thing you need to do is open your bag and glance at the box you threw in at some point, and freeze.

The company's main business is to provide a wide range of products and services to its customers.

The first thing you need to do is to take out your phone and look at it, it's already three o'clock, the dog egg would not have gone out at this time, right?

The first thing you need to do is to take the book into your bag, "Hurry back."

The company's main business is to provide a wide range of products and services to its customers.

Time Qi quickened her pace all the way, but when she opened the door and glanced at the empty home, she opened Song Yi's room and took a look, it was also empty, as if no one had ever come.

Really gone ah...

For a while, her heart was empty.

Si Eucalyptus put the bag on the sofa in the living room and saw her lost in thought, "What's wrong?"

"My brother's flight is at 4 pm, I forgot."

Si Eucalyptus looked at the watch on his hand, "It's only 3:15, it's still too late to go to the airport at this time."

When Qi heard this, she hurriedly ran out the door and remembered something, ran back, rummaged through her bag and took out the small box.

When Si Eucalyptus saw her in such a hurry, she looked like a squirrel who had discovered that her food had been stolen...he couldn't help but pull his lips into a low smile.

So cute.

SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 47: FAMILIAR...VOICE?

The car drove all the way to the airport, the sky was getting dark, dark clouds, "boom", a downpour of rain.

When Dicky sat in the back seat clutching the box, from time to time, he pressed the screen to see the time.

Next to Si Eucalyptus whispered comfortingly, "Do not rush, will catch up."

Fortunately, at this point in time, the traffic flow is not too heavy, but also not much traffic jam.

When Qi got out of the car, she rushed into the airport with the box in her arms, followed by Si Eucalyptus, who paid the fare.

Suddenly, a luggage trolley rushed straight towards Shi Qi from the side, Si Eucalyptus' pupils shrank slightly, and countless images flashed through his head like electricity...

"Shi Qi!"

Shi Qi was stopped and felt that the shout was too familiar, she froze and turned her head back...

Shi Eucalyptus rushed forward with a single step, and reached out to pull Shi Qi back when the cart hit her.

Shi Qi's ankle was hit and she fell into Si Eucalyptus's arms, the pain swept over her head and she grunted in pain.

Si Eucalyptus' eyebrows were knitted, his eyes were tinged with worry, his gaze swept up and down at Shi Qi, his voice was tinged with panic, "What's wrong, did you hit something?"

At this moment, Si Eucalyptus, half of the usual calm self-control is not there.

When Qi froze and looked at him...

Is it an illusion, why at this moment, she feels that the Si Eucalyptus in front of her is not Si Eucalyptus?

The company's main business is to provide a wide range of products and services to its customers.

When Qi froze, she said, "My foot..."

At this time, the airport announcement sounded, the flight from M City to A City at four o'clock was delayed due to heavy rain.

When Qi snapped back to her senses, she couldn't think of anything else, "Go there first."

The two of them took one step at a time, and their eyes were sweeping around the airport.

After a long time, the two could not find the figure of Song Yi, Si Eucalyptus reminded, "Make a phone call?"

Time seven speech, "I do not have his phone..."

Although the last time the dog egg called himself, but the phone every time they will regularly clean up ... call records have long been gone.

"Send a weibo?"

"...deleted by me."

When Qi was silent, Si Eucalyptus was also silent, this pair of siblings how much hatred how much hatred, but even contact information is not...

When Qi's heart is empty, oooh... dog egg really gone, feet hurt oooh...

"Time seven?"

A cold shout, with an uncertain tone, sounded from the rear.

When Qi froze, turned around and looked, a black shirt and pants Song Yi was standing not far behind himself.

When Qi was happy to come from the heart, regardless of the ankle injury jogged over and jumped into his arms.

Song Yi was not sure, was hugged by her.

"What's wrong?" He pulled away when Qi, glanced at her eyes slightly red, the corners of her eyes flooded with tears, suddenly some do not know what to do.

He raised his hand to wipe away the wetness at the corners of those eyes, quite distressed, "Don't cry."

When Qi nuzzled, huffed, "You ran away again without saying a word!"

Song Yi helpless, "I already told you at noon."

It is obvious that she, did not take it to heart, but also ran out the door.

He looked up and glanced at the cold figure not far from there, his heart was slightly sour, it was this Si Eucalyptus again.

"I don't care, it's you who didn't make sense!" When Qi huffed and puffed, began to pout and cheat.

At this moment, Song Yi felt that the former sister, back, joy surged to the heart.

He raised his hand and pinched the white cheeks, his eyes filled with doting, "Okay, I didn't make myself clear, my fault."

When Qi coldly snorted, shoved the box in his hands into his arms, full of care, "No, here you go, have a good trip."

Song Yi looked at the box that was suddenly stuffed into his arms, froze, and also prepared a gift for himself?

SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 48: YOU'RE NOT GOING HOME?

Song Yi was just about to open the box when the radio rang, he looked at Shi Qi rather apologetically, in fact, this time also did not accompany her for a longer time.

When Qi smiled, "Well, you quickly go over to the security check to prepare for boarding, so as not to miss it."

Song Yi nodded slightly, looked at Si Eucalyptus, beckoned, Si Eucalyptus felt he was a bit of a puppy, quite disgusted, but glanced at Si Qi, or walked over.

Song Yi: "Please help me send her back safely."

Si Eucalyptus paused, "Good."

In fact, there is no need for him to say, he will also.

Time Qi pushed Song Yi, "Well, you hurry up and go."

If you stay any longer, you may have to be more pretentious.

Song Yi had no choice but to admonish two sentences, "Take good care of physics."

"Got it."

Looking at the figure pulling the suitcase not far away, Shi Qi felt the boulder pressing on her heart suddenly dissipated.

She limped outside, and Si Eucalyptus silently followed her and supported her.

The first thing that happened to me was that I had a feeling that I had just felt.

The company's main business is to provide a wide range of products and services to its customers.

The company's main business is to provide a wide range of products and services to its customers.

Time Qi smiled, "Nothing, thank you for today."

"You don't have to be so polite with me."

"Huh?" The first thing you need to do is to look at him, what do you mean?

Is it because you like yourself that you don't have to be polite?

Only then did Si Eucalyptus realize what he had said, "...we are classmates and neighbors."

"...Hmm." Time Qi was inexplicably lost.

She couldn't help but wonder, did Si Eucalyptus really have a crush on herself in her last life?

But since she had been reborn, every time she spent time with him, she gave herself the idea of being self-involved.

After all, in her last life, she was ugly and silly, and if she were herself, she would not have been able to look at her.

But the god of learning clearly treats himself differently.

The actual fact is that you've been reborn early, and the gods haven't started to have crushes on you yet?

With this speculation, Shi Qi was carefully observing Si Eucalyptus all the way, so much so that when the car entered the entrance of the neighborhood and stopped downstairs, Shi Qi still didn't react.

When Si Qiu looked at the dazed Shi Qi, he wondered if she had hit her foot and her head was dumb.

When he got back to his home, Qi was about to close the door when he saw that Si Eucalyptus also followed him in.

Shi Qi's face was confused, "Aren't you going home?"

Si Eucalyptus slightly lowered his head and scanned her, "Is there any ointment or medicinal wine or something like that?"

"No." When Qi honestly shook her head, she suspiciously and secretly observed Si Eucalyptus' expression, could it be that the god of learning was worried about his own foot injury?

When Qi didn't even think about it, she handed Si Eucalyptus the key to the house in her hand.

Only after Si Eucalyptus left with the door closed did she realize that she had to give him the key to her house.

No, what does he need my house key for?

Almost ten minutes later, Shi Qi was sitting on the sofa, swiping her phone, when she heard the sound of the key opening the door, she turned her head to look, and Si Eucalyptus walked in with two bags of things.

Immediately, Shi Qi smelled the aroma of food...

Her stomach grumbled twice in response.

"Si Eucalyptus, who are you buying this for?"

When Qi's big, watery eyes blinked, using all his life's acting skills, so that he looked as pitiful as possible...

SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 49 - I AM WILLING...

When Si Eucalyptus met that gaze, he looked blank for a short while, then returned to his normal self.

He put down the bag containing the food, turned his head and handed another bag to Shi Qi, "This is yours."

When Qi took it and opened it, it was a small bottle of medicinal wine, and bruise cream.

She was moved to look at Si Eucalyptus, so the god of learning went to buy medicine for himself, ooh... how the god of learning is so thoughtful, so touched!

The company's main business is to provide a wide range of products and services to its customers.

The company's main goal is to provide the best possible service to its customers.

"Ah...hiss..." A low cry of pain came from the bathroom.

"What's wrong?"

"...Nothing, didn't stand still."

Si Eucalyptus frowned, got up and walked over at a quicker pace, found the bathroom door unlocked, and Shi Qi was sitting on the floor, the shower head wetting half of her body and hair, so messy.

He turned off the shower switch, slightly half squatted to pick up the shower head and put it away.

When Q Q stood up, half holding the wall, hanging a head did not dare to look at Si Eucalyptus.

She cried out in her heart, "Oh! How can you be so unlucky every time you get involved with the god of learning, and not give yourself a good image?"

The first time I saw the woman in front of me, she was holding the wall, ignoring herself, and limping out of the room.

The first thing you need to do is to ask for help, is that difficult?

He took two steps forward, and when he thought he was going to help himself, he hurriedly said, "No, no, I'll help myself... ah!"

She subconsciously wrapped her arms around him and looked at the face close at hand, and her heart was beating loudly and forcefully...

At this time, Si Eucalyptus, his face is slightly serious, with imperceptible worry between his expression, he held Shi Qi, but did not use much strength.

It's a lot lighter than when....

When she was placed on the sofa by Si Eucalyptus, she still didn't react.

The company's main business is to provide a wide range of products and services to its customers.

"Ha? I'm not good at physics and I'm stupid...no! Where am I stupid?" Time Qi retorted, at this moment, her previous shyness and thumping heart were half gone.

She glared angrily at Si Eucalyptus, calling her short, alluding to her singing, and calling her stupid again!

So, she, Shi Qi, still has a grudge against him?

And a crush on herself? Bullshit!

Si Eucalyptus reached out and rolled up Shi Qi's trouser leg and drew some tissues to wipe away the water drops on her ankle.

When Qi huffed and puffed her leg, she just didn't cooperate, "No need for you, I'll do it myself."

She said, she leaned forward to carry the bag of medicine, Si Eucalyptus frowned slightly, the tone of voice with a faint warning, "Do not move."

She was a bit overwhelmed by the fact that it was the first time she had seen the god of learning talk like that...

The first time I saw the gods talking like this, I couldn't react.

When Qi wears pants all year round, her legs are white and thin, and her ankle, which should be crystal small, is slightly swollen at the moment.

The first thing you need to do is to get up and go to the kitchen, find the emergency ice bag in the refrigerator, and break it to get a disposable bag to hold it, "Walking can become like this, not stupid is what?"

The sudden cold touch made Shi Qi suck in a breath of cold air, she originally wanted to retort a few words, but looked at the half-crouched in front of her Si Eucalyptus, look serious, gentle movements.

The two of them were facing each other with different emotions, just as Si Eucalyptus was about to lower his head slightly to miss the gaze, when Qi was like being in a scene that is often found in TV dramas, where the male lead kneels down on one knee with flowers in his hand...

When Qi was obsessed, he blurted out...

"I do."

SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 50: COWARD

Si Eucalyptus movement abruptly stopped, his body slightly stiffened, and his questioning gaze fell on Shi Qi.

Looking at the god of learning calmly looking at himself, the pair of eyes that made his heart ape with doubts.

The first thing you need to do is to get a good idea of what you're doing.

However, with many years of acting experience, she has the professionalism of a professional actor in a crisis... she panicked and pointed to the food on the table, "I'm willing to help you fix it!"

Si Eucheng froze and turned his head to look over, he pursed the corners of his mouth tightly and took out the ointment, "Put the ointment on after ten minutes."

Time Qi hurriedly nodded his head.

Only then did Si Eucalyptus take the keys out of his pocket and put them on the table, "Call me if there's anything."

"Well, thanks."

When Qi looked at Si Eucalyptus' eyes, they were full of gratitude and pink.

The god of learning is so nice, how can it be dog shit.

When Si Eucalyptus got up to leave and closed the door behind him, he heard a faint whimpering sound coming from inside, and the corners of his good-looking lips could not be restrained from rising.

It's still the same as before, no change at all.

When Qi looked at the ice bag on his ankle, he couldn't help but think of Si Eucalyptus grasping the ice bag with his long, white, bony hand...

The first thing you need to do is to take a look at the actual product.

The time seven heart slightly sweet, so is it, is considered to hold hands?

...

The company's main business is to provide a wide range of products and services to the market.

When Qi Qi put away her phone, she lifted her school bag and breakfast bag, "Mom, no, I can do it myself."

"Hey!" When Mom came out, Qi had already left.

Downstairs, when Shi Qi came out, Si Eucalyptus was waiting there on his bicycle.

When Qi picked up her pace and trotted over, she looked at Si Eucalyptus with a frown, "Don't run around when your feet are not yet healed."

When Qi smiled, he hung the breakfast bag on his bike, "It's okay, it's almost healed."

The first thing you need to do is to take out a bottle of milk from your school bag and hand it to her, and after seeing her put it away, he pulled his lips and smiled lightly, "Let's go."

When Qi nodded, she sat on the back seat of Si Eucalyptus' bike in a disciplined manner, although it wasn't the first time she sat on his bike, she couldn't help but feel happy.

Last night, he suddenly asked himself if he needed to drive himself to school.

As a new age woman who has always solved everything by herself...time seven decisively agreed.

The bicycle of the god of learning, not who, when all the time, rubbed, the opportunity is rare, can not miss.

The breeze in the morning gently caressed the face, bringing a good mood.

When Qi looked at Si Eucalyptus' waist, he hesitated to scratch it, his heart itching...to scratch.

A little scratch, it's not a problem, right?

Si Eucalyptus noticed the eyes that had been staring at him from behind, the corners of his lips rose slightly with a hint of imperceptible pleasure, "What's wrong?"

"...the wind is a bit strong." Time Qi's face is not red and his heart is not false.

"Then you hold on to something."

When Qi smiled, incredulous, what, he means ... is to let himself grasp up?

The actual fact that the god of learning has said so, then she, Shi Qi, will not be polite!

The two claws were stretched out, with an indescribable smile on her face, and little by little she moved closer...

The last gently grabbed a corner of Si Eucalyptus' school uniform, her face slightly pink, her heartbeat could not control jumping fast.

When Dicky thought, everything should be done slowly... today first grab the clothes, tomorrow you can shake hands!

The school uniform is gently clutched by a small hand on the back, and the heart is soft, like being surrounded by cotton candy.

He smiled shallowly, what a coward.
