

SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 71: STUDYING WITH HE ZHAOYIN?

Xu Qingzhi felt that the way Shi Qi looked at himself was not quite the same, very pure and a bit... warm.

He couldn't help but curl his lips and smile politely at Shi Qi.

The first time in his life, Xu Qingzhi had eye contact with himself.

The first time in her life, Xu Qingzhi helped her...Shi Qi slightly raised her lips and smiled.

It is also a gift in return.

The morning test was in science, and when Qi was faced with the physics paper, she finally stopped feeling sleepy.

These questions are roughly similar to the questions on the notes Si Eucalyptus gave himself last time, she was just about to fill in the pen, when it suddenly occurred to her that if her physics score was no longer poor, would the god of learning still give her tuition and give her notes?

Thinking about this, she silently apologized sincerely in her heart to Bian Yixiu, and then covered her conscience and crossed out the answer that was originally right.

She was afraid that she was too obvious, so she answered a few multiple-choice questions in a wrong way, and filled in all the big questions.

In the past, when Qi was racking her brain to get the questions right, now she is racking her brain to get the questions inadvertently down the wrong path.

But this is also a brainstorming, when Qi suddenly heart a lot of frank, as long as the other subjects to put more effort, or can improve a few more.

This is not a shame to the teacher and himself!

The hand of Xia Zhi Zhi holding the pen slightly paused, raised his eyes to look at the podium at the side of Yixiu, the emotion in his eyes is unknown.

The next person who is next to Wen Congliang just stopped to drink water and inadvertently glanced at Xia Zhi Zhi's look at the podium.

He thought of the photo that is still stored in his computer, his heart was slightly shocked.

The podium on the side of a vague feeling that someone is watching themselves, but look up to the students under the podium, everyone is seriously doing questions.

An illusion?

Xia Zhi Zhi's hand holding the pen trembled slightly, her heart could not restrain in accelerating, she breathed deeply and exhaled, her breath only gradually smoothed out some

The company's main business is to provide a wide range of products and services to its customers.

The company's main business is to provide a wide range of products and services to its customers.

Wen Congliang nodded slightly, then also counted her thanks.

Xia Zhi Zhi then took the mineral water

This scene, coincidentally fell in the eyes of the side of a repair, he thought, although the little girl is a bit soft nature, but the relationship with classmates seems to be good.

The day's exams came and went, and most people were tired. Shi Qi was shaken awake by the students collecting the papers at the back, she rubbed her eyes dazedly and saw that most people had left with their pen bags, and only then did she walk out of the classroom with her pen bag.

The company's main business is to provide a wide range of products and services to its customers.

When he saw that he was still awake, he asked, "Shi Qi, when did you sleep last night?"

When Qi lazily yawned, "It seems to be more than one o'clock."

"So late, are you brushing up on your studies?"

The company's main business is to provide a wide range of products and services to its customers.

This is the first time I've ever seen a woman in the world.

When you're almost home, Shi Qi simply got off the bike and pushed it slowly, while Si Eucalyptus was not slow to follow her.

When she got home, she got off her bike and pushed it slowly, while Si Eucalyptus followed her.

The company's main business is to provide a wide range of products and services to its customers.

The only friend who delivered the papers was He Zhaoyin.

The first thing you need to do is to get a good idea of what you're doing.

The actual fact is that you can find a lot of people who are not able to understand the actual facts of the matter, but you can also ask He Zhaoyin, which is a proper answer analysis tool.

The hand of Si Eucalyptus pushing the bicycle tightened, then loosened again, tone light, "I study a little low efficiency these days, just want to find someone to study with."

When Qi was slightly stunned, after hearing what he said, he was happy, "Then at night I open study room to pull you?"

"Good."

Time Qi was much more energetic, pushing his bicycle with a brisk gait, like he had won a lottery.

The corners of Si Eucalyptus' mouth rose slightly, hanging with a seemingly absent smile.

SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 72 SYSTEM WARNING...

At night, Shi Qi quickly returned to her room after dinner, organized the things on the table, and regularized those rag dolls.

When the whole room looked clean and tidy, she tidied her hair in the mirror again, and only then turned on the computer and clicked into the high school student net study room.

This software, which is currently very popular among high school students in China, allows you to video study with your friends online, and also to match students in the same city, etc.

The last time she was matched with He Zhaoyin in the same city was unintentionally.

The first time I saw this, I was able to get a good look at it.

lv1?

The god of learning is not opening a small number, right?

No, it's impossible, this is a real name authentication, a person can only have one number.

Could it be that...

The company's main business is to provide a wide range of products and services.

When Qi opened the dark piece, he asked, "Si Eucalyptus, you did not just download the registration, right?"

A faint sound came from the computer, "Well."

When Qi's head flashed with a light, she suddenly had a bold guess!

Could it be that Si Eucalyptus was jealous because he heard that she and He Zhaoyin were studying together, so he had registered on purpose?

But she couldn't see the god's current expression, "Hey, why don't you turn on the camera?"

The hand of Si Eucalyptus flipping through the book paused, there is a camera?

He rarely uses cell phone software, and he doesn't touch much of these software for computers.

Only then did he notice that the window next to Shi Qi's avatar was openable.

He held the mouse and clicked on the window to open it, and a fair and tender little face appeared on the screen with a puzzled and confused gaze.

Like a little squirrel who is at a loss...

Si Eucalyptus lightly covered the corner of his mouth, "It's not very convenient."

While he studied the functions of this study room, he couldn't let her know that he couldn't use it...too humiliating.

This phrase, a casual excuse he said, gave Shi Qi endless reverie...

What?

The actual fact is that it's not very convenient?

The actual fact is that the god just showered and didn't put on any clothes?

The first time I saw him, I wondered what he looked like with no clothes on, and whether he had abs.

I wish I could take a look...

She was always a good kid who followed her heart, "Why is it inconvenient, are you not wearing any clothes?"

The company's main business is to provide a wide range of products and services to its customers.

He looked down at his pajamas, which he was wearing properly, but looking at the little squirrel's slightly red face, his gaze looked like he was expecting something...

The corners of Si Eucalyptus' pursed mouth rose slightly, in a happy mood, "Yes, no clothes."

While speaking, while looking at the expression of the video when Qi's reaction.

The time seven gaze more hot, "all right all right, you can open the video, the video is just to the shoulder there, can not see the bottom."

The actual fact is that you can't be a lot more than a little bitter and a lot more than a little bitter.

"I can't see under my shoulder."

The "drop" two sound, the chat window popped up a yellow conspicuous message.

The system detects sensitive words and warns once that the teenage mental health network reminds you not to discuss underage sensitive topics!

Timothy: "..."

Si Eucalyptus: "..."

For a moment, time stood still on both sides, and both were speechless...

When Qi's expression froze on his face, Si Eucalyptus also had a slight change in expression.

So, are they chatting too much, or is the system thinking too much...

SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 73: THE SO-CALLED TOPIC

When Qi "cough" two times, trying to ease the embarrassment, "today's homework is quite a lot, I first do the questions."

The first thing you need to do is to get a good idea of what you want to do.

However, when Qi slightly lowered his head, holding the pen, was seriously examining the problem, and did not notice that Si Eucalyptus opened the camera.

The first thing you need to do is to get a good idea of what you are doing.

The chatting content of her and the god of learning was actually warned?

Is it possible that the system also thinks that they have reached a relationship where they can talk about sensitive topics?

The system also thinks that they have reached the point where they can talk about sensitive topics?

Time Qi's face was slightly hot.

The company's main goal is to provide a solution to the problem.

However, the stack of papers, all filled up.

He only had to change the exercise book.

The time passed by minute by minute, at 9:30, He Zhaoyin came online, he saw Shi Qi online, without thinking, directly into the study room where his friend was.

When he glanced at the number of people (2), he was slightly stunned, opened the window and saw two faces, his expression changed a little.

When he looked over at the message bar again, there was a system warning there, causing him to freeze completely...

Although at first it was clear that there was a little spark between these two, but is this little spark burning a little too fast?

The system alert is also available.

When Qi saw that it was He Zhaoyin who was online, he said hello, "Good evening."

The actual fact is that you can find a lot of people who are not able to get a good deal on this.

He Zhao stiffened his face and pulled the corners of his mouth, "What did you just... talk about?"

Time Qi's smile froze on his face, forgetting that the study room messages are kept in the window for thirty days...

"Nothing to talk about." The first thing you need to do is to get a good idea of what you are talking about.

The system is too much and misunderstood the pure chat between her and the god of learning.

The first time I saw He Zhaoyin's face, I quickly got up and said, "I...I'm going to take a shower, you guys get busy first."

After saying that, she took the clothes from the closet and left the bedroom.

Only then did He Zhaoyin put his gaze on Si Eucalyptus, the fake decent who seemed breezy on the surface.

"What did you just, talk to her about?"

Time Qi was a simple little girl, with only study in her heart, this boy was different.

He saw right away, this Si Eucalyptus, plotting against Shi Qi.

See, now the fox's tail is showing?

The company's main business is to provide a wide range of products and services to its customers.

He did not change his face, but his eyes carried a hint of imperceptible provocation.

"Talk about what you can't talk about together."

He Zhaoyin skimmed his mouth, I pooh, "What can't I chat together!"

Si Eucalyptus: "You, not suitable."

He Zhaoyin: "I think I'm quite suitable, I'll talk to Shi Qi about this topic later."

Si Eucalyptus: "What topic do you know?"

He Zhaoyin smugly, "Anyone with a brain can think of a topic that minors can't watch..."

"Drop", the chat window at the pop-up again a yellow conspicuous message.

The system alert: Hello, the system again detected sensitive words, another warning, youth mental health network to remind you please do not discuss underage sensitive topics!

He Zhaoyin: "...did I just, say anything?"

The first thing you need to do is to get your hands on the mouse and pay no attention to He Zhaoyin.

He Zhaoyin understood that just now, Si Eucalyptus and Shi Qi were not talking about that...

Seeing that Si Eucalyptus had been staring at the screen and not talking, he was puzzled and asked, "What are you doing?"

Si Eucalyptus expression indifferent, "Delete chat box records."

He Zhaoyin, who seemed to have realized something: "...this can't be deleted."

Moreover, it is said that the study room will be banned if the warning is on three times a day.

"...Shut up." Si Eucalyptus' expression couldn't be maintained any longer.

SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 74: HIGH SCHOOL STUDENTS STUDY IMPORTANT

The study room was eerily quiet, and the two men locked eyes, the yellow warning still there, too conspicuous.

Almost at the same time, Si Eucalyptus and He Zhaoyin both clicked out.

He Zhaoyin patted his chest, crap...it was horrible.

The company's main goal is to provide the best possible service to its customers.

Twenty minutes later, Shi Qi wiped his hair and returned to the room, just sat down and glanced at the warning alert on that chat window as well as the member exit reminder...

"Snapped", the towel fell on the floor.

The two men, Si Eucalyptus and He Zhaoyin, were chatting about something that caused them to be warned by the system...

The two of them quit at the same time, they were about to go private chat?

Could it be that... the god of learning is really bent?

"Blah blah blah!" Timothy shook his head to eliminate this terrible thought from his head.

It is impossible, the god of learning is straight, 100% pure straight!

With this thought in mind, Timothy fell asleep peacefully.

However, at night...

She dreamed of He Zhaoyin and Si Eucalyptus lying in a bed in fear of each other.

The next day, when Shi Qi went out with her square bag, Si Eucalyptus was waiting for the elevator with his school bag, "Good morning~"

The next day, when Shi Qi went out, Shi Eucalyptus was waiting for the elevator, "Good morning." Shi Eucalyptus nodded, and saw her holding the square bag, while carrying the school bag, so busy, reached out to lift the school bag in her hand.

As soon as she saw Si Eucalyptus, Shi Qi remembered what happened last night.

With "simple curiosity", she took off the square bag she was biting in her mouth and blinked her big innocent eyes, asking, "Last night, the study room was warned again, you and He Zhaoyin What did you talk about?"

Si Eucalyptus paused, face unchanged, "Nothing."

When Qi did not believe, did not talk about what can still be warned?

"You two would not be Bend" Timothy said apprehensively.

This mouth just popped out a word, Si Eucalyptus dangerous gaze will stare closely at the time Qi, as if to say, you say one more word, I will sew your mouth shut.

The two men were warned that they were talking about something untoward, and they were not allowed to talk about it..."

"I'm straight." Si Eucalyptus helpless, this little squirrel head can always be loaded with some strange ideas.

"Who knows" In the last life, there were so many beautiful women around to chase, or the mother of all single to come.

The elevator door opened, when Qi took the lead out of the elevator door, towards the place where the bicycle was parked, but suddenly was pulled by Si Eucalyptus.

The company's main business is to provide a wide range of products and services to its customers.

The next time you say that, it's not a square bag."

He got on his bike with his school bag and went away.

The first time I saw a woman, I was in the middle of a conversation.

No, no.

She stuffed the square bag into her mouth and rode her bike to catch up with her, but her heartbeat couldn't be stopped.

If you don't turn back the clock a little bit, and she says a few more words...will the god of learning be like the drama...

The first thing you need to do is to get rid of it.

The actual fact is that you can't be sure that you're going to be able to get a good deal on your own. No, I can't think about it anymore, I'm so shy...

She looked at Si Eucalyptus, her face flushed red, and said angrily, "High school students' studies are important, how can you be so immodest..."

Si Eucalyptus was confused: "?"

SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 75: DREAMS?

Just after the morning recess, Shi Qi and Si Eucalyptus were called to the office again.

Before the two of them entered the office, they already guessed it was for the math competition.

When Qi asked, "Are you going to participate?"

If Si Eucalyptus participates, then she can also participate, and if she goes to winter camp afterwards, she can also cultivate her feelings!

Si Eucalyptus asked her in return, "Do you want to participate?"

He was not interested in this, but if the little squirrel participated, he could follow along.

After looking at each other without words, Shi Qi simply asked him, "Do you think it's better for me to participate or not?"

Si Eucalyptus seriously thought about it and gave a suggestion, "You can try, there are many roads to the college entrance exam."

Then, he saw Shi Qi nodding and smiling to himself, "Then I'll participate."

Si Eucalyptus really did not expect her to listen to his own advice, after thinking about it, he added, "I think you can brush some more physics..."

The words did not finish, when Qi shook his head to speed up his steps, from the inner to the physical resistance.

Although she no longer rejects physics, but this does not mean that she wants to actively seek abuse ah.

Si Eucalyptus looked at the figure of the little squirrel, helpless, he murmured a sentence, "So it used to be because of the poor physics so I like boys who are good at physics ah..."

When Qi stood at the office door, he turned his head to see Si Eucalyptus standing there like he was lost in thought...

Is it because he resisted too much and hit the physics-loving god?

However, in the next second, Si Eucalyptus walked over as if nothing had happened.

The math teacher Yu Qing was overjoyed to hear that these two people were willing to enter the competition class.

The two of them were immediately asked for their WeChat, saying that they would go back in the evening and pull them into the group.

The news that the god of learning was participating in the competition class spread through the school, and for a while, many people ran to sign up.

Yu Qing looked at the list of classes registered, could not help but sigh, "This year's children, the motivation to learn are quite strong ah."

Night

Si Eucalyptus poured a glass of water, drank it and then turned off the light and went to bed.

Darkness enveloped him, and in a trance, he felt light and floating, and his whole body was in the clouds...

Suddenly, a blinding light, he suddenly opened his eyes, but found himself in a spacious laboratory.

There were all kinds of forms and instruments on the table, and the forms were filled with data.

At this moment, he was holding a cell phone in his hand, and the screen looked like it was live, with pop-ups from time to time.

When Si Eucalyptus looked at it, he was in a dream...was he dreaming?

Or is it that now is reality and what happened that day after the accident back in high school... is it a dream?

A voice coming from his cell phone interrupted his thoughts.

On the screen, it was a column of a live variety show, and at this time, the popular artist being interviewed on it, was clearly Shi Qi.

The woman was wearing a white shirt and skirt, and her face was painted with delicate makeup, making Si Eucalyptus familiar and strange at the same time.

In the screen, the host looked at the question card, while smiling and asked, "Shi Qi, in fact, there are many netizens are very curious about your love life, your fans ask, what kind of boyfriend will you find?"

Shi Qi froze, and only for a moment.

The first thing you need to do is to take a look at the website.

The actual fact is that you can't be sure that you're going to be able to get a good deal on your own.

The tension that was pressing on the chest dissipated.

On the screen, the host asked again, "Just maybe?"

These words managed to lift up Si Eucalyptus' newly sinking heart again.

Although he knew what the next answer would be, he still couldn't contain his nervousness...
