

**SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 81: GIRL'S...BEDROOM**

From time to time, Zi Qi would clip meat and vegetables onto the plate in front of Si Eucalyptus.

She knew that Si Eucalyptus had always lived alone, even on New Year's Eve, so she wanted to make the god of learning feel the warmth of "home".

The first thing you need to do is to get a good idea of what you're doing.

This is so much so that she didn't even think about whether her daughter was too attentive and had a tendency to fall in love early.

This is the time when Si Eucalyptus, in front of another piece of roast meat, looking at the little squirrel full of smiles, he is also in a happy mood.

Shi Qi was also very careful and took an extra pair of chopsticks as public chopsticks to hold the food, Shi's mother found this out and didn't say anything, she also used the public chopsticks to hold the food.

It was hard to describe this feeling for a while, but he felt very comfortable.

After dinner, he wanted to help clean up, but was urged by his mother to study.

When Dickie was cleaning up the coffee table, he thought that the two of them would study in the living room, but he couldn't find a shorter chair.

She hesitated for a moment, "That, you sit first." I'll go and clean up the room.

The company's main business is to provide a wide range of products and services to the public.

When Qi entered the room, neatly cleaned up the books on the table, and folded up the quilt, before going out and dragging the chair from Song Yi's room into her bedroom.

The two of them are studying together and it is not crowded.

The two of them were studying together and it was not too crowded.

The company's main business is to provide a wide range of products and services to its customers.

But when Dicky led him to push open the door, and saw the pink bedroom, soft bed, full of cloth dolls, he froze.

This is...

He looked at the little squirrel in front of him with complicated eyes, does she not know that men and women are different?

This just casually bring boys into their own bedroom?

This time, he was shocked, distressed and happy.

When Qi's eyes curved with a smile, she reached out and pulled out a chair and looked at Si Eucalyptus who was hesitant to come in at the door, "You sit here."

The company's main business is to provide a wide range of products and services to its customers.

Shi Qi spat out her tongue, "You're not someone else."

Si Eucalyptus didn't expect her to say that, the corners of his mouth turned up slightly, his mood was happy, he raised his step and stepped into the room.

It was indeed not someone else.

In fact, her room, usually when the study room video, have seen.

However, there is a difference between the screen and reality in the end.

When Si Eucalyptus just sat down, Shi Qi also pulled out a chair and sat down. The two of them shared a table, which was not too crowded.

Only then did Si Eucalyptus realize that the rag dolls in her room, is really more.

"You like dolls a lot?"

Time Qi nodded, "okay, mainly because my brother will only send these."

Most of the dolls in the house, are Song Yi seven or eight holiday gifts.

When you think about it, it is a child especially like, but he is a tendon, so far send cloth dolls.

When Qi took out the physics paper and put it on the table to flatten it, and took out a few exercise books and put them in front of Si Eucalyptus.

The company's main business is to provide a wide range of products and services to its customers.

He took the side of the calculating paper, took out the pen from his bag, and his white fingers were well defined.

The most important thing is that he likes his hands, they are better looking than his own.

The first thing you need to do is to take a look at the mistakes.

The company's main business is to provide a wide range of products and services to the market.

## **SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 82: I'VE BEEN BITTEN (RED BEANS ADDED)**

At this time, Mama Shi knocked on the door with a fruit plate and was happy to see the two studying seriously.

"Come, eat fruit while studying."

When she was thirsty, she was about to grab the fruit and put it in her mouth.

The company's main goal is to provide the best possible service to its customers.

Shi Qi froze, then remembered that she hadn't washed her hands...

The slightly cool touch went straight to the heart through the skin.

The slight cool touch reached the heart through the skin. Shi Qi stared blankly at Si Eucalyptus, this... was the first time someone wiped his hands so gently...

"Okay." Si Eucalyptus reminded.

Only then did Shi Qi come back to her senses, her fingertips gently grabbed a piece of kiwi and sent it into her mouth, sweet and sour, very tasty.

She saw Si Eucalyptus throw the wet wipes into the trash, and then picked up the pen to continue writing, and asked, "Aren't you eating?"

Si Eucalyptus moved slightly, "I only brought one."

So that's it...Shi Qi was just about to say go wash your hands when a thought came to her mind, her fingertips gently whisked up a small piece of kiwi and sent it to Si Eucalyptus' mouth, "Here, it's quite delicious."

Seeing that the god of learning seemed to be a bit surprised, a wry glint flashed in her eyes.

The day he ate a square bun, he had to molest himself so much, so he had to find a way back.

The company's main business is to provide a wide range of products and services to its customers.

The actual fact is that you can't be sure that you're going to be able to get a good deal on your own.

The next thing you know, you'll be able to see the vague smugness on your face...

The first thing you need to do is to get a good idea of what you want to do.

When Qi heart a shock, blushing heartbeat, hastily drew back the finger, hanging a head, almost buried in the book.

Oh my God, I've been bitten, I'm not clean anymore.

Si Eucalyptus gently chewed the piece of kiwi, sweet and sour, soft, his eyes crossed, the corner of his lips hooked down.

"Sorry, I didn't pay attention just now."

Time seven small face red, dead duck mouth hard, "apology useful need police what..."

The squirrel hung its head like it was shy, Si Eucalyptus heart tickled, he reached out and gently chucked a crystal full of grapes, came to her mouth.

"Then let you bite back?"

A bony hand and a crystal clear grape appeared in Toki's vision...

She was stunned to look up at Si Eucalyptus, but saw that Si Eucalyptus was now smiling with his eyebrows, and Si Qi was dumbfounded.

The god of learning... is it possible that she has been swapped?

The first time I saw her staring at herself, she did not move, and her fingertips went up slightly.

But the god of learning is rarely so active... When Qi gulped, she opened her mouth and gently bit down on the grape, carefully avoiding Si Eucalyptus' hand.

The grape was bitten and the crystal juice slid down the side of the mouth to the chin...

The hand of Si Eucalyptus is also stained with juice, seeing that the juice is going to drip down on the clothes, he is quick to wipe away the juice marks, fingertips in the corner of her mouth and chin slowly rubbed.

When the seven widened his eyes, looking at the person in front of him, who should be cold and self-possessed, but at the moment is wiping his mouth...

I feel that the two people's actions and atmosphere are somewhat ambiguous for a while.

The two of them are the same as the other two.

The two people stare at each other, the surrounding time seems to have stood still.

When Dickie gulped, did not dare to move, did not know what to do in response.

The next thing that should happen is... kissing?

She was so nervous that her heart beat faster and she pursed her lips slightly, feeling her heart was about to beat out.

The light of Si Eucalyptus glanced at the gently pursed lips, slightly open and closed, a light fruit fragrance lingered around the tip of the nose, his heart slightly moved, unconsciously closer to some...

### **SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 83: THE MOON ELDER'S WIRE IS REALLY TIGHTLY TIED**

Shi Qi felt that Si Eucalyptus' gaze had changed somewhat, could it be... that he was really going to kiss himself?

Nervousness and a sense of shyness forced her to close her eyes tightly under.

Come on! Kiss it! I'm going to fight!

The good-looking eyes were closed, and the childish face made Si Eucalyptus sober up abruptly, and he secretly adjusted his mind.

The first thing you need to do is to take care of yourself.

The first thing you need to do is to take a look at the silly look of Shi Qi with her eyes tightly closed, Si Eucalyptus seemed to sigh tersely and reached out a hand and covered her eyes.

When Qi's eyes were covered, other senses were extra keen, the tension was more obvious, and the whole person was tense.

The company's main business is to provide a wide range of products and services to its customers.

His eyes are gentle like water, with a hidden fondness.

But all this, was blindfolded Shi Qi did not know.

She was seized with emotions, nervous and expectant, kissing ah! How come you are not kissing yet?

"The hair is stuck to something." Si Eucalyptus collected his emotions and returned to that cool look, put down his hand and said indifferently.

When Qi lifted the curtain, eyes wide, incredulously looking at this all cold and indifferent person, just... just this?

Twice!

She was so angry that she angrily grabbed Si Eucalyptus' hand and opened her mouth to bite it.

The other hand's thumb and forefinger clamped Shi Qi's little cheek, forcing her to open her mouth.

The first thing you need to do is to look at the shallow teeth marks on your hand, which will make you feel weak and immediately bury your head in the book.

I love learning, I love physics, I love learning physics.

The company's main business is to provide a wide range of products and services to its customers.

He laughed silently and looked at the squirrel with his chin lazily propped up.

When Qi glanced at Si Eucalyptus, she saw him staring at her, so she withdrew her eyes in fear and mumbled timidly, "I'm sorry..."

Si Eucalyptus admired the little squirrel's cowardly appearance and said in a warm voice, "It's okay."

He took the pen and pulled Shi Qi back, "There are still a few questions, listen well."

When Qi two small hands on the table, chin pad on the hands, a small voice hmm.

The tip of the pen gently slides on the paper, and Shi Qi's eyes move and move with his movements.

This time, she realized that the god of learning's pen, seems to be the same as his own?

She looked at the special automatic pencil lying quietly in her pen bag.

As far as I can remember, this is the pencil she went to customize before school started, giving herself a gift for the beginning of the school year, with her signature on the pen cap.

It cost more than five hundred dollars.

"Your pencil, is it custom made?" Time Qi opened his mouth and asked his doubts.

Si Eucalyptus' hand holding the pencil gave a slight beat, "Hmm."

He slightly turned the pen, lowercase font, the two words Si Eucalyptus engraved there, eye-catching and good-looking.

The same laundry detergent, the same custom pencil, the same school bag, the same bicycle... she and Si Eucalyptus are simply a natural pair!

Look at how tightly this wire is bolted by the moon god.

When Qi smiled, she took out a pencil from her pencil bag and shook it, "What a coincidence, I also have one."

Si Eucalyptus eyebrows soft, "Well."

I know.

When Qi pointed to the school bag hanging on the door, he smiled, "Our school bags are also the same type."

Si Eucalyptus lowered his eyes, "Mm."

I also know.

"What a coincidence." Time Qi propped her chin up with two hands, her heart sweetened.

She and the god of learning really have a destiny, things are the same, or neighbors, every day can meet by chance.

She was immersed in her own emotions, Si Eucalyptus eyes faintly rested on her tender side face, the corners of her lips slightly upturned.

It's silly, where there are really so many coincidences...

#### **SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 84: MOON ELDER'S "ASSISTANT"**

At 10:00 p.m., Si Eucalyptus packed his things and left.

When Mom heard the movement, she moved her eyes away from the computer and looked over, only to see that Shi Qi had sent Si Eucalyptus out.

She got up and said, "It's very late, it's not safe on the road, auntie should send you back."

Both of them were in a state of shock, and Si Eucalyptus slightly pulled the corner of his mouth, "No, thank you, auntie."

Mom smiled, "It's okay, auntie drove you, it's quick, don't be polite."

Qi held her smile and forgot to tell her mother that Si Eucalyptus lived next door.

She ran over to the door with small steps, "Mom, let's send him home together."

Si Eucalyptus: "..."

Mom laughed, "You kid, it's so late, what's the hustle and bustle?"

Although she said so, she still walked over, and Si Eucalyptus didn't know what to say for a while.

Just after stepping out of the doorway of the house, Shi Qi smiled and said, "Well, it's safe to send Si Eucalyptus home."

When his mother was wondering about this, she saw Si Eucalyptus pull out the key from his jacket pocket and open the door of his next-door neighbor.

She looked on in dismay as Si Eucalyptus nodded slightly and smiled politely, "Auntie, I'm home now, thank you for dropping me off."

Mom: "... "Neighbor?

How come I haven't seen it before?

It was also the time when the two of them didn't meet, Si Eucalyptus moved in shortly before the start of high school, and Si Eucalyptus went out early, while Shi's mother went out late.

He came back early after school, and his mother came back late, sometimes busy with work and living in the company.

Therefore, it's been a few months, and she's never seen her next door neighbor.

When Qi snorted a laugh and went back to his house.

When Si Eucalyptus closed the door, you can still hear the pleasant sound of laughter, the laughter broke the dull space, making this quiet and unoccupied house, are extra lively some.

He was in a happy mood and his steps were lighter.

The next morning, when Qi pinched the point, tied his hair into a ponytail, carrying a school bag with a lunchbox bag to go out.

At this point, she realized that it seems different from the usual?

She pulled open the breakfast bag and realized that there were two servings?

The first thing you need to do is to look at your mother.

The company's main business is to provide a wide range of products and services to its customers.

The company's main business is to provide a good service to its customers.

The company's main business is to provide a wide range of products and services to the public.

At this time, when the mother in the eyes of the time Qi, emitting a kind of light called "moon elder", is simply the best helper on their own love.

She went out with her breakfast bag and school bag, and Si Eucalyptus was waiting at the elevator door, and they always ran into each other by coincidence every day.

When Qi pulled open the breakfast bag, she took a box and handed it to Si Eucalyptus, "Here, it's yours."

Si Eucalyptus did not refuse, took the breakfast box and slipped the milk he was holding into her breakfast bag.

The first thing you need to do is to get a good idea of what you are getting into.

At noon, several people ate lunch in the cafeteria and walked in the corridor back to the classroom.

Xu Mirai couldn't help but be curious and asked, "Q Q Q, last night, the god of learning really went to your house to dine?"

When he saw Qi Qi nodding, Xu Mirai lost his head for a while, he should have known that she also went and brought his precious camera.

However, one size does not fit all, she always feels that the god of learning is obviously different to Shi Qi, Xu Mirai mysteriously, "Qi Qi, I think the god of learning is definitely secretly in love with you."

The confusion that Shi Qi has always had is whether the god of learning is secretly in love with himself or not, yet something that has not been determined, she shook her head, "I don't know."

At this time, passing by the water pouring table, suddenly stretched out a foot, tripping over the time Qi ...

Xu Mirai exclaimed, "Shi Qi!"

Immediately after, "pop", a glass of water fell to the ground, water droplets splashed everywhere, wetting the hair and clothes of Shi Qi, who was sitting on the ground...

#### **SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 85: I LIKE YOU...**

In that instant, many images from her past life flew through her mind, and she was unable to react for a long time, her face pale...

Xiao Xue covered her mouth and exclaimed, "Ah... how could this happen, I'm really sorry."

Xu Future glared angrily at the culprit in front of him, "Xiao Xue! You fucking did it on purpose!"

She wanted to help Shi Qi up, but at this moment, Shi Qi seemed to have lost his soul, sitting on the ground...

At this time, the sound of footsteps coming from the stairs, Si Eucalyptus and Zhou Yi and will be late to run up.

The first thing that caught his eye was a wretched Shi Qi, pale and sitting on the floor, drenched in water.

Xu Future was so angry that his face was red, and he wanted to go up and tear Xiao Xue's hypocritical face.

The first thing you need to do is to take off your jacket and put it on your body.

This is the time of the lunch break, most people are still outside the snack street or cafeteria, the teaching building is not much.

The memories of being bullied in school in my last life came flooding back to my mind bit by bit and surfaced in front of my eyes.

The company's main business is to provide a wide range of products and services to its customers.

The company's main business is to provide a wide range of products and services to its customers.

Xu Future finally couldn't hold back any longer and went up and grabbed Xiao Xue's collar and slapped her hard.

The "pop" sound shocked everyone present.

Xiao Xue stared incredulously at Xu Future, "Are you crazy?"

Raising his hand to hit back, but Zhou Yi raised his hand to stop, blocked in front of Xu Mirai.

"Are you sure you want to fight on?"

At this time, Zhou Yi looked serious but not the usual dangling and immodest.

Xu future is also frozen looking at the figure blocking his own front, a certain place in the heart like being filled, warm...

The company's main business is to provide a wide range of products and services to its customers.

Several people glanced coldly at the people of the third class, turned around and left.

Xiao Xue is not afraid of half, transfer monitoring?

The company's main business is to provide a wide range of products and services to the market.

...

The actual fact is that you can find a lot of people who are not able to get a good deal on this.

But at this time, it was break time, and the school nurse was not in at all.

He rummaged around and found a disinfectant towel, which he put over Shi Qi's head to wipe it.

The towel covered Qi's eyes and eyebrows, but the girl in front of her still looked lost in thought, her body trembling slightly, her lips pale.

It's like being afraid to hold back something.

Like the way he saved her from the mud pit back then.

The first thing you need to do is to get a good idea of what you're doing.

It was his negligence, he should have been by her side every moment.

When she saw Si Eucalyptus, her memories overlapped with those of her previous life, and she couldn't stop her tears from falling.

The first thing you need to do is to look around and finally take out the phone and headphones from the jacket draped over Shi Qi.

He put the headphones on Shi Qi's ears and turned on the music.

The first thing you need to do is to look up and see the music, and then send yourself to the hospital in the car, he also listened to the song...

When the music slowly smoothed her mood down, she choked up, "You secretly brought your phone..."

Seeing her finally stop crying, Si Eucalyptus was finally relieved, raising his hand on the towel and rubbing her wet hair.

"Then the phone is for you." He said.

"What did you say?" The music was a little loud.

"I like you."
